

Evolution of the GS under external field, Time step : 0

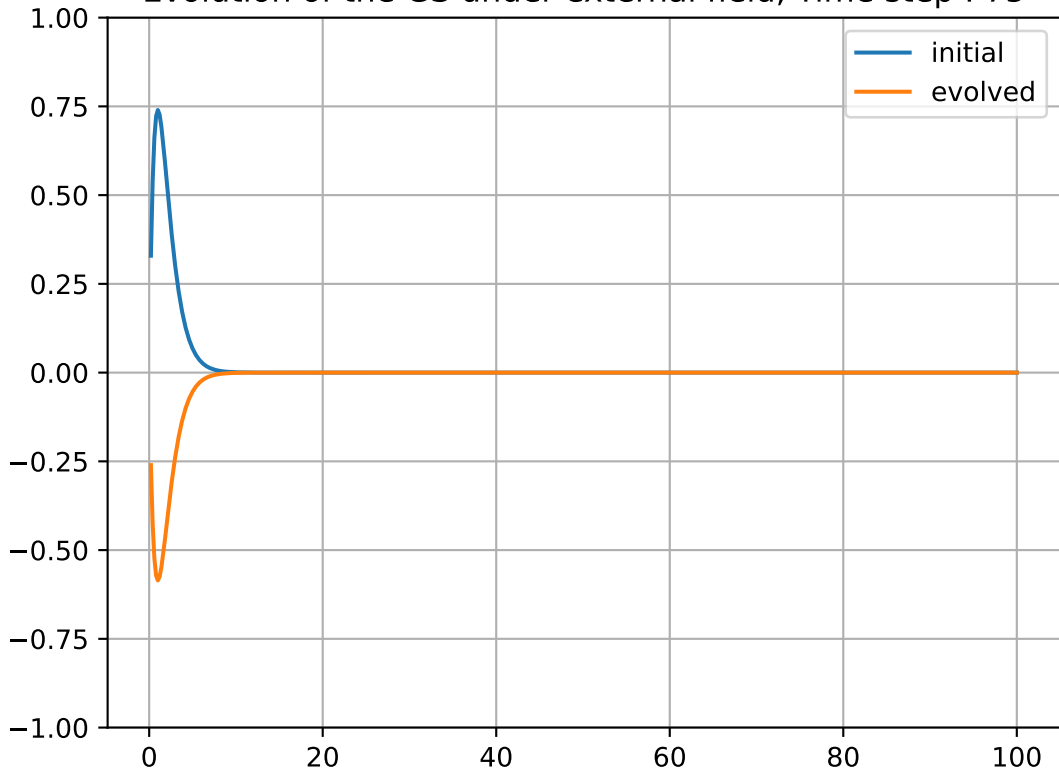

Evolution of the GS under external field, Time step : 25

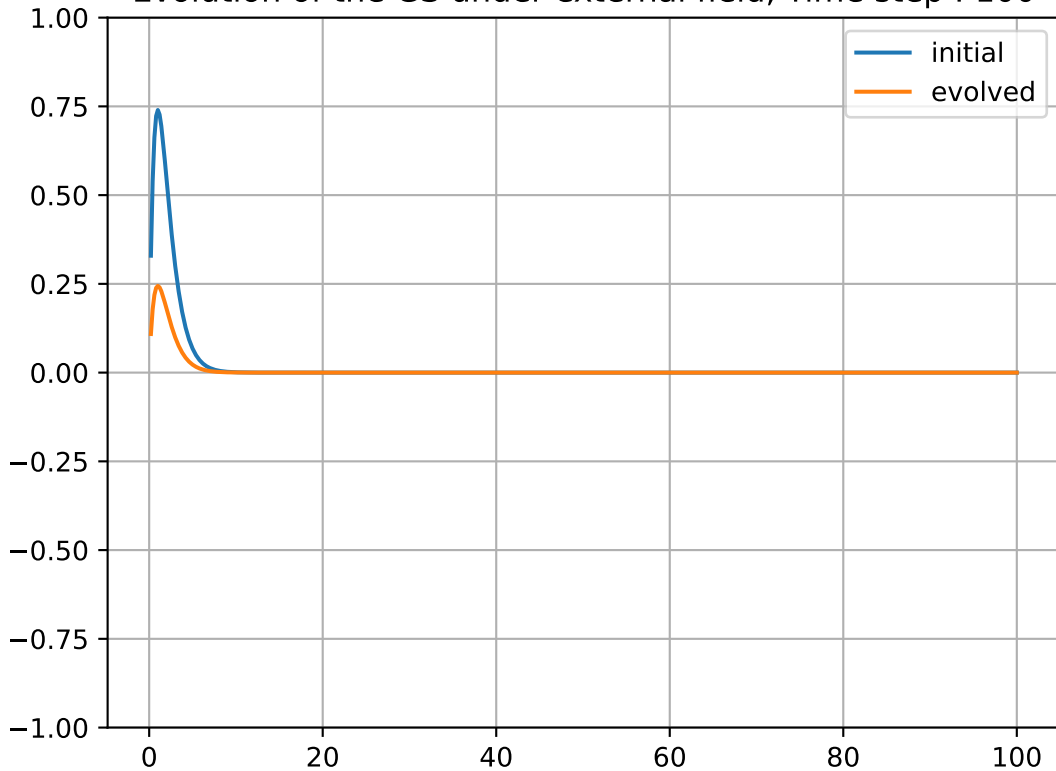

Evolution of the GS under external field, Time step : 50

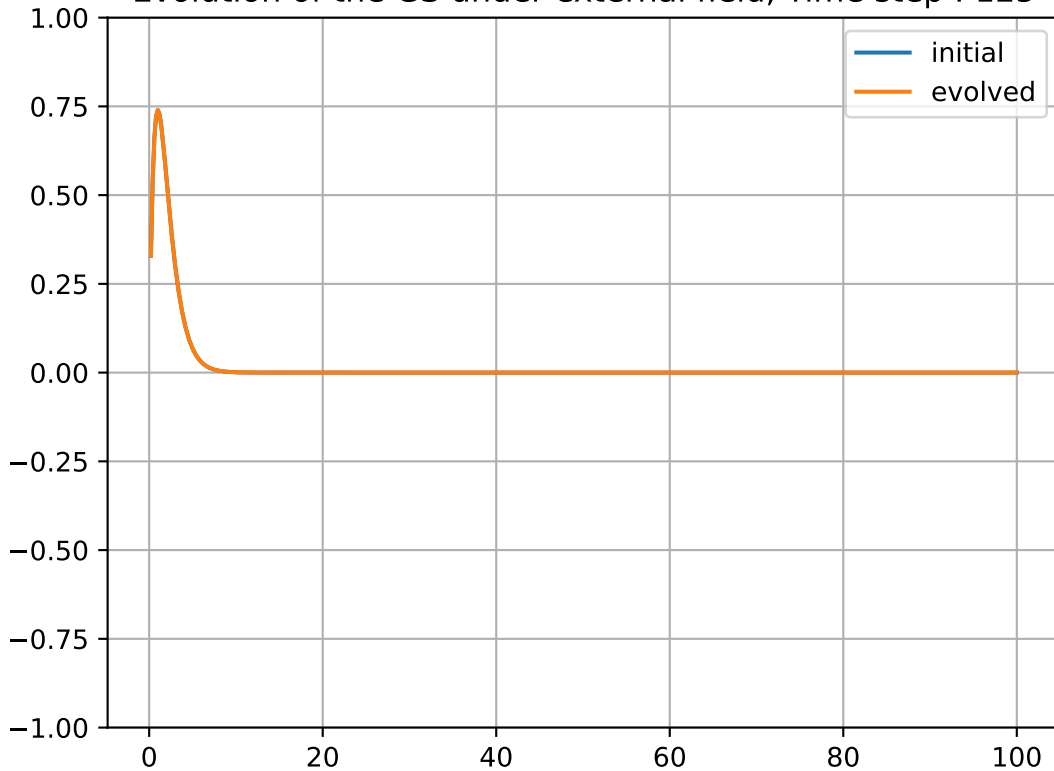

Evolution of the GS under external field, Time step : 75

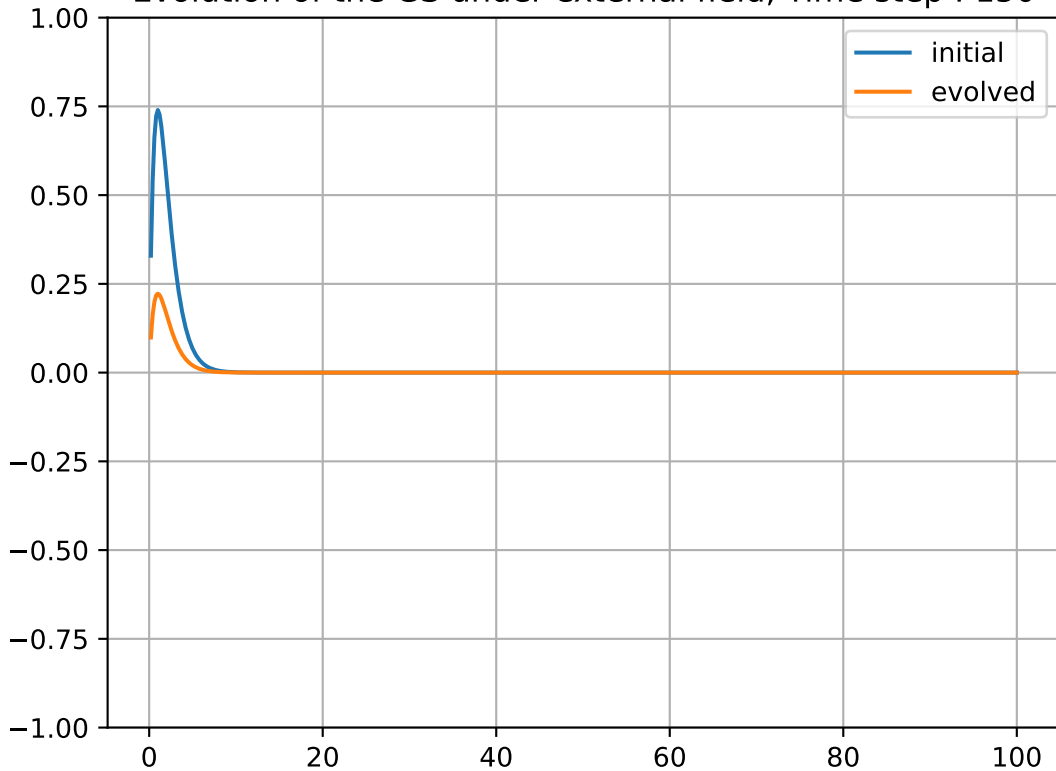

Evolution of the GS under external field, Time step : 100

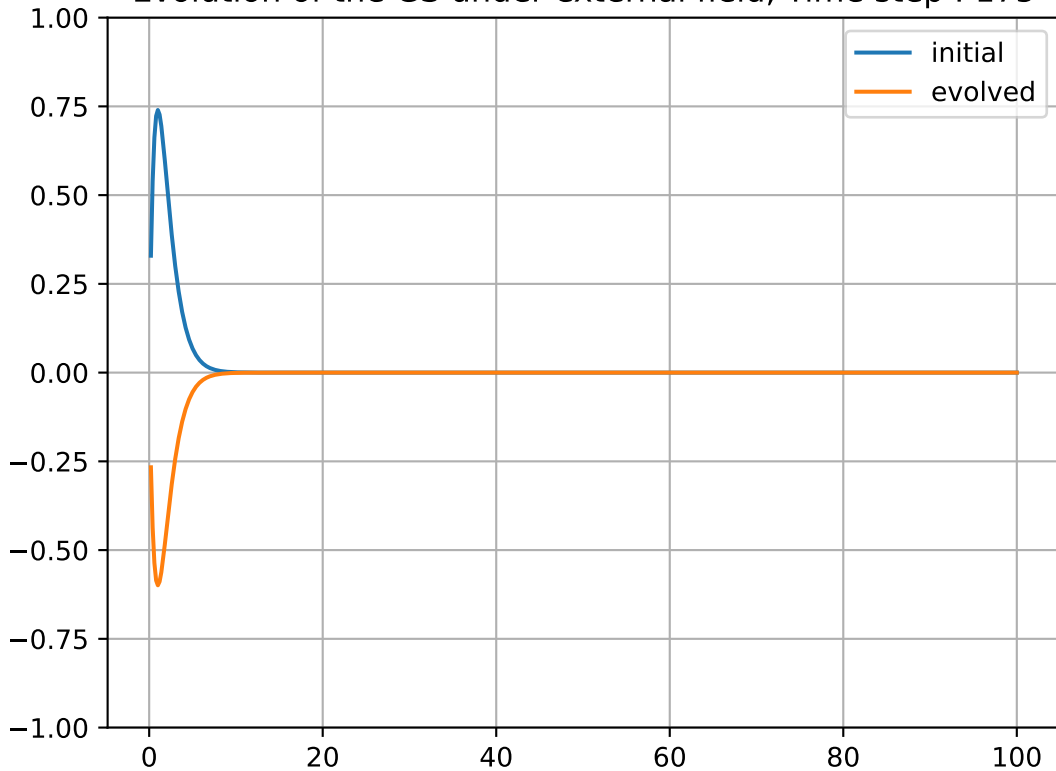

Evolution of the GS under external field, Time step : 125

Evolution of the GS under external field, Time step : 150

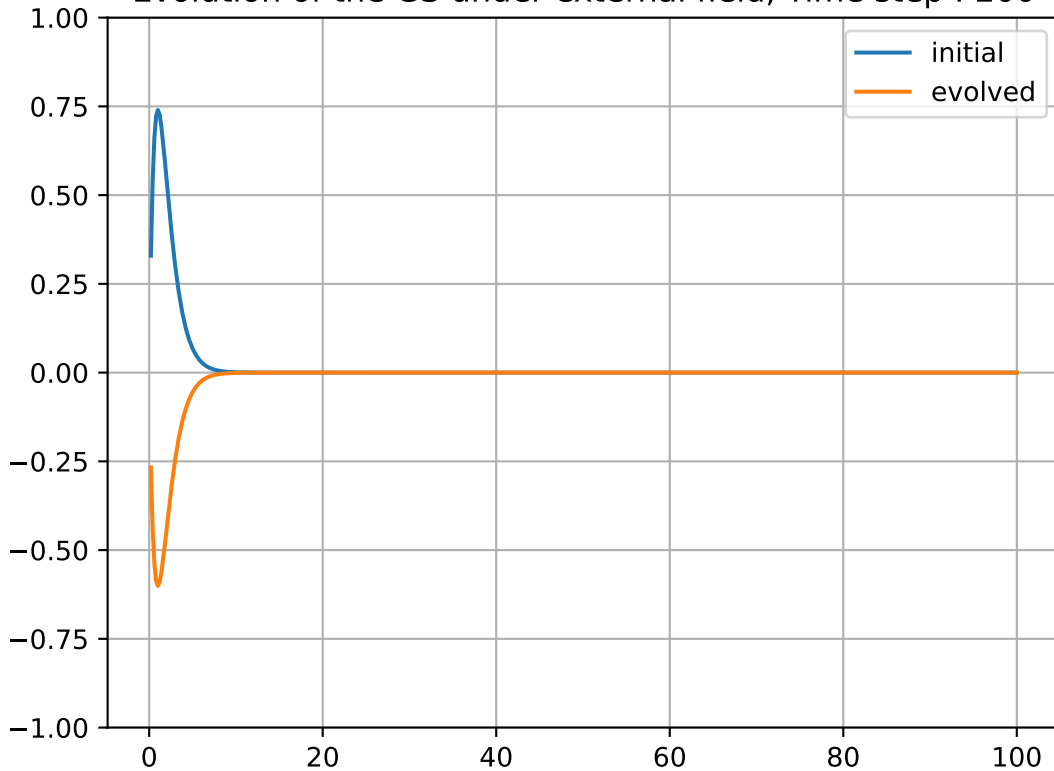

Evolution of the GS under external field, Time step : 175

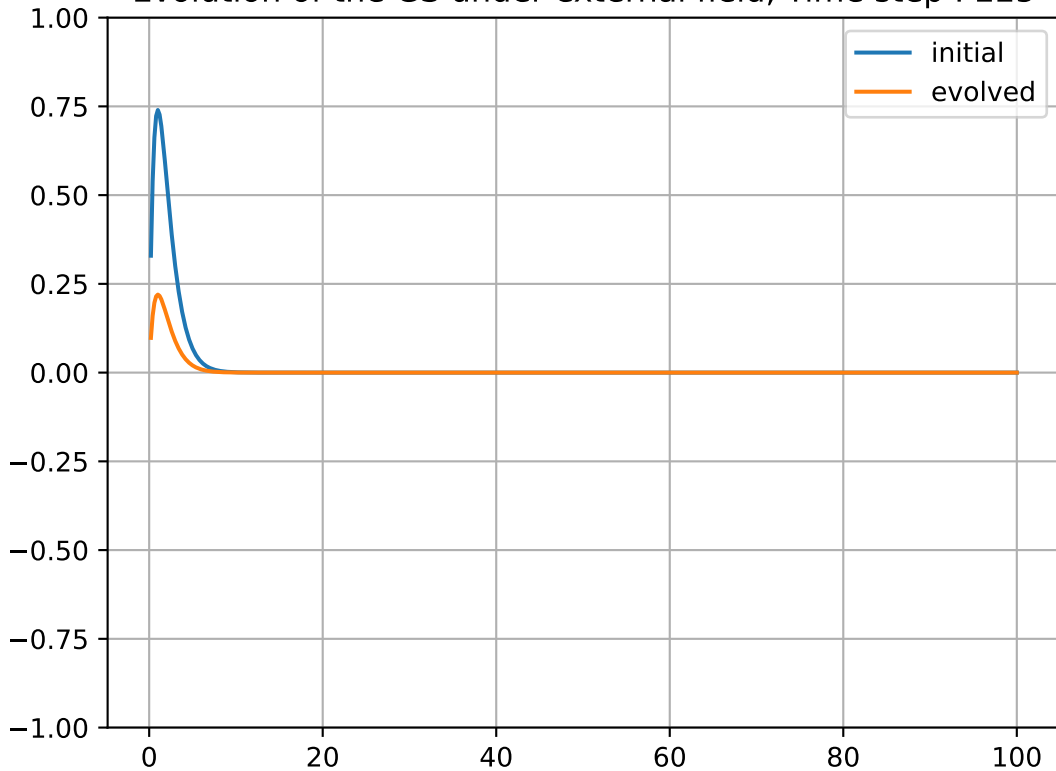

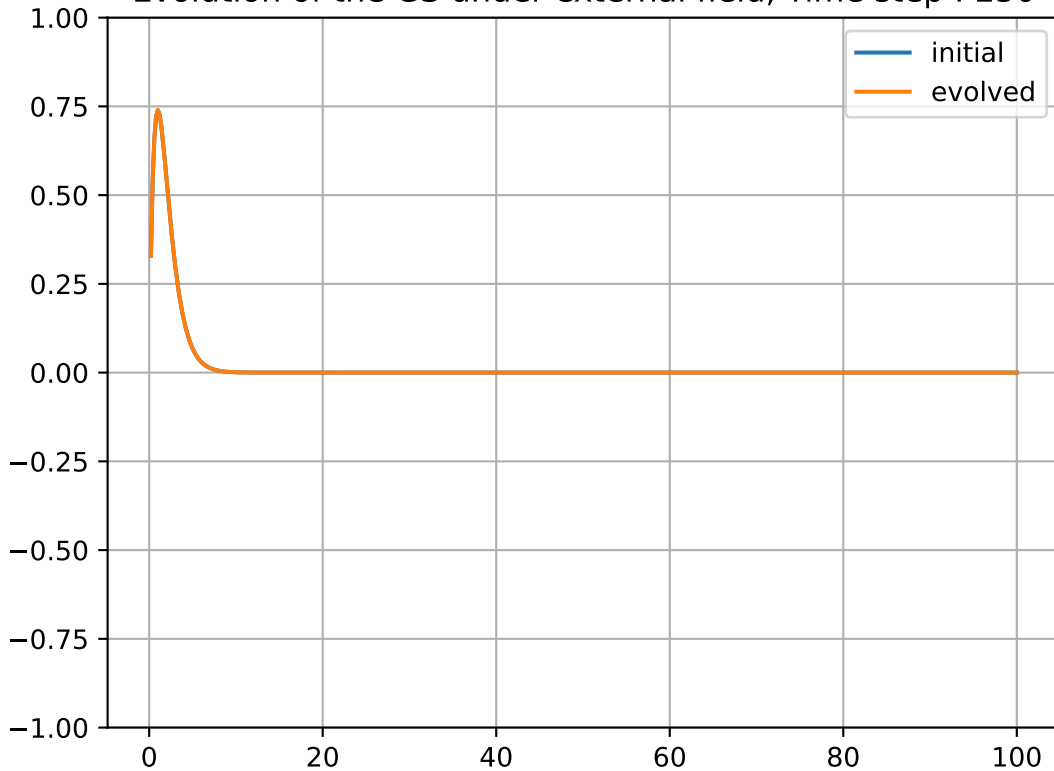

Evolution of the GS under external field, Time step : 200

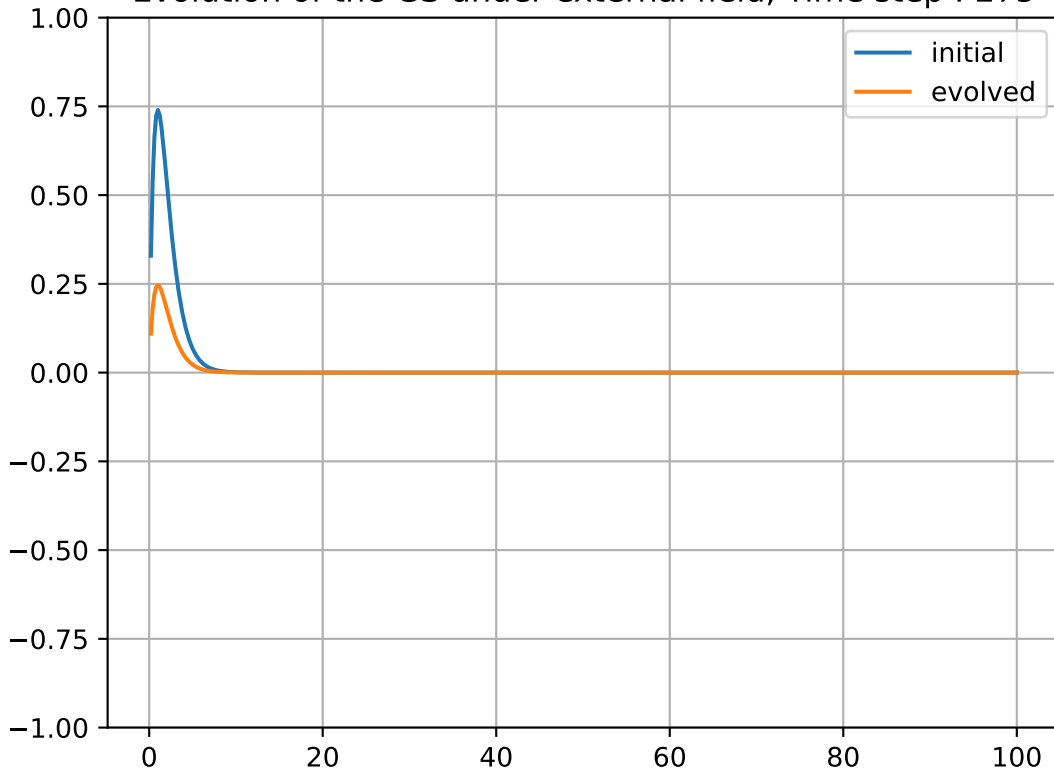

Evolution of the GS under external field, Time step : 225

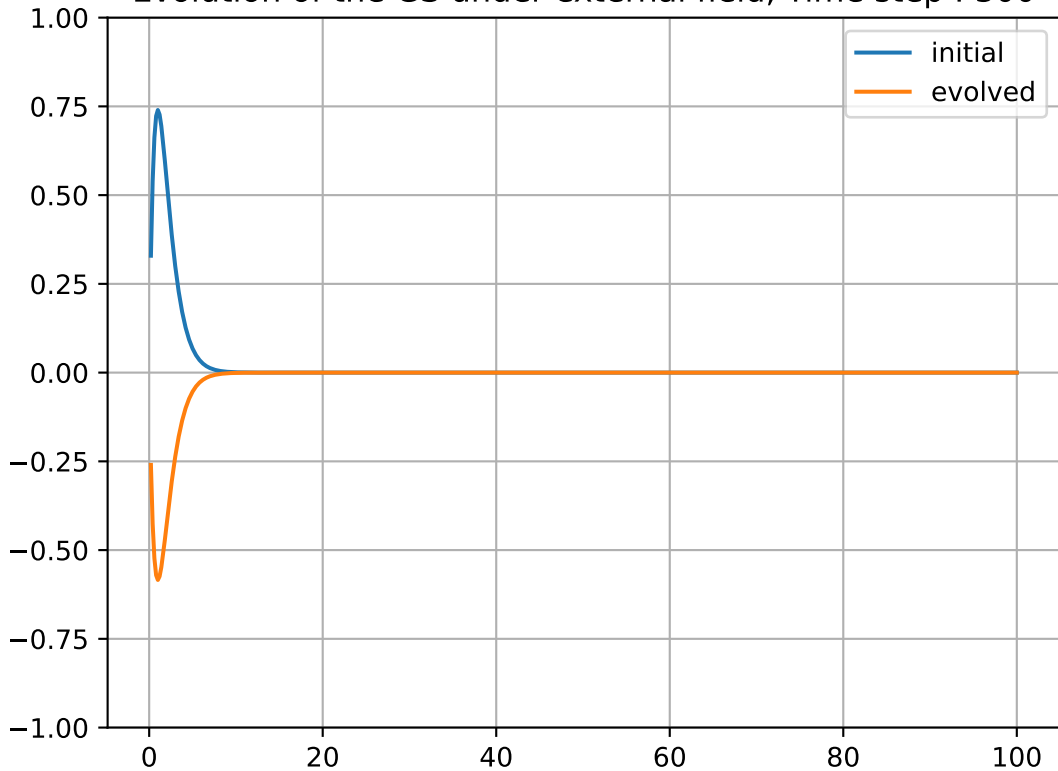

Evolution of the GS under external field, Time step : 250

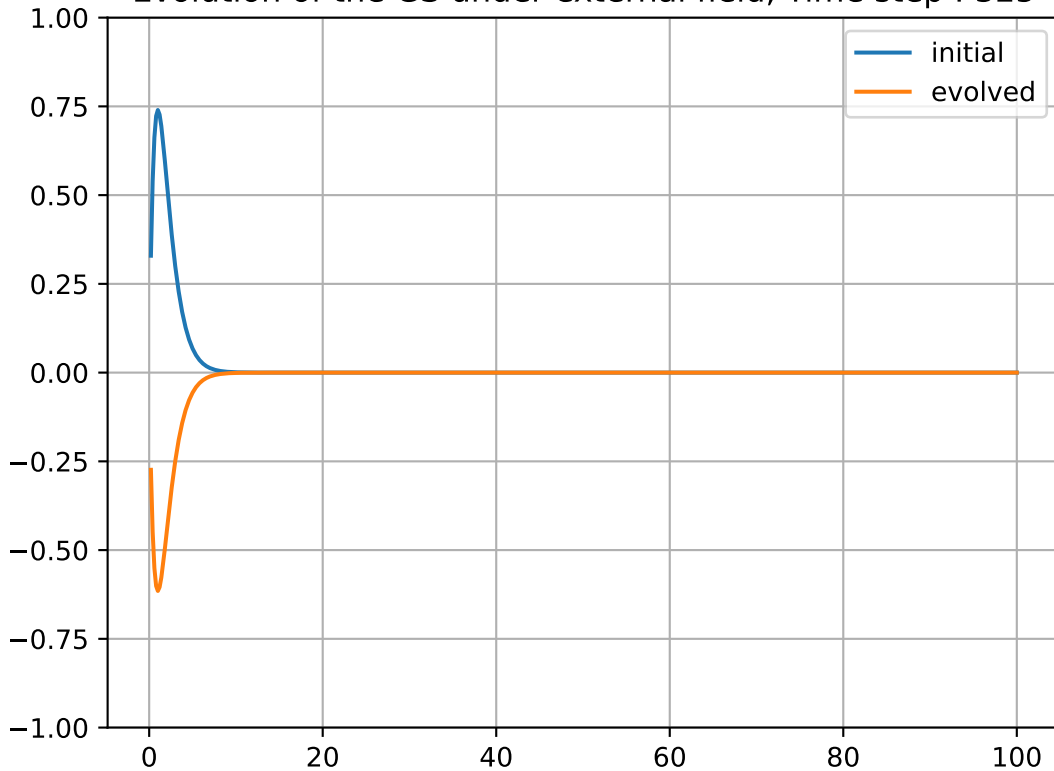

Evolution of the GS under external field, Time step : 275

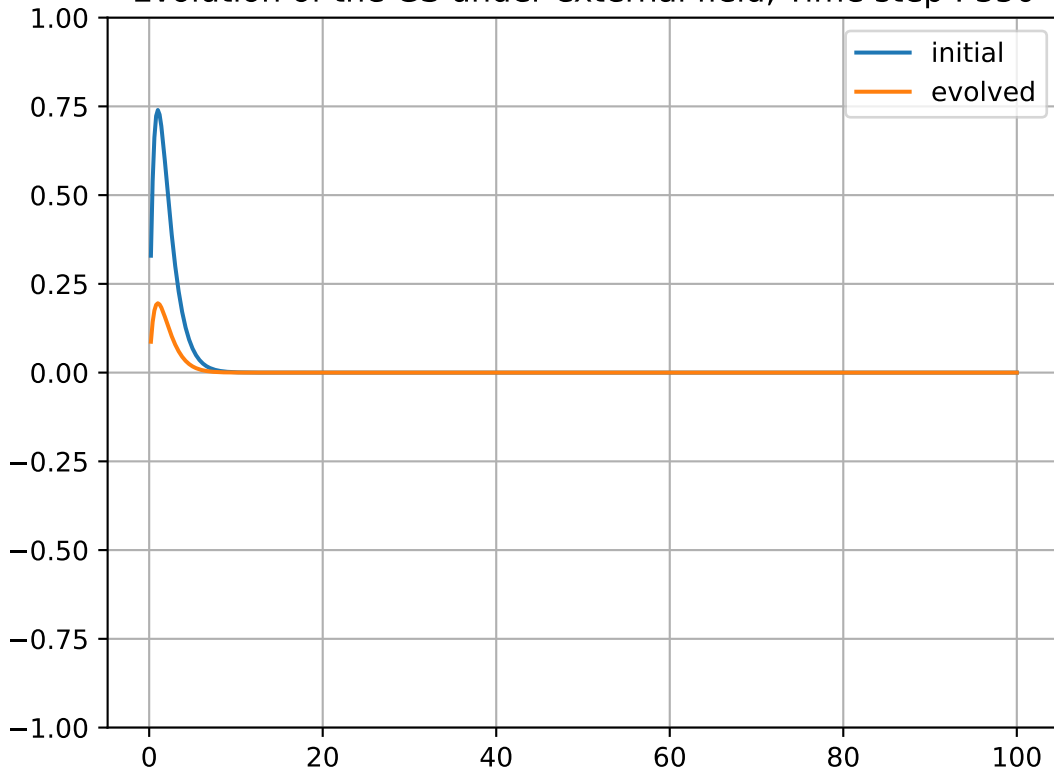

Evolution of the GS under external field, Time step : 300

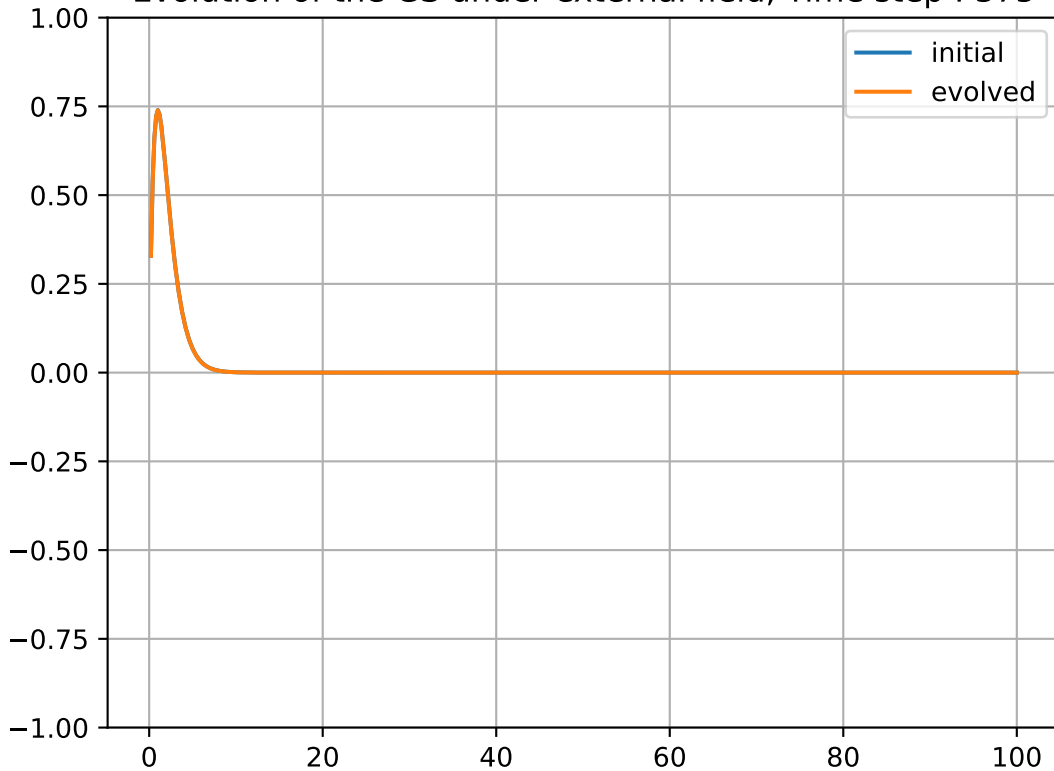

Evolution of the GS under external field, Time step : 325

Evolution of the GS under external field, Time step : 350

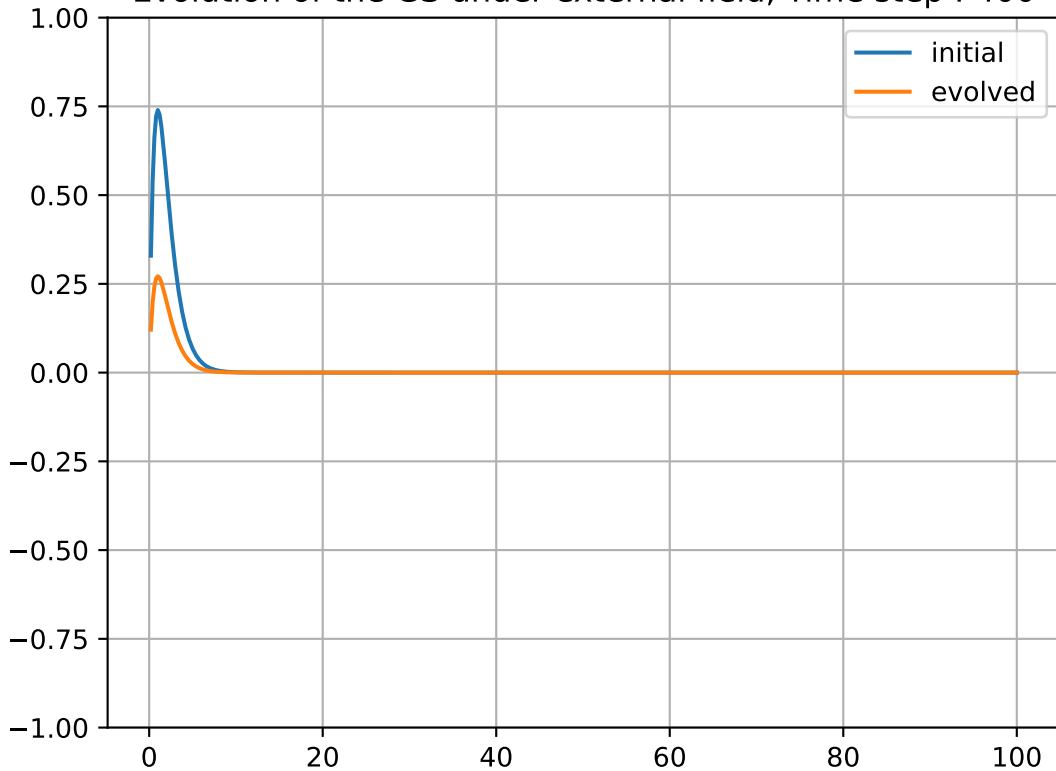

Evolution of the GS under external field, Time step : 375

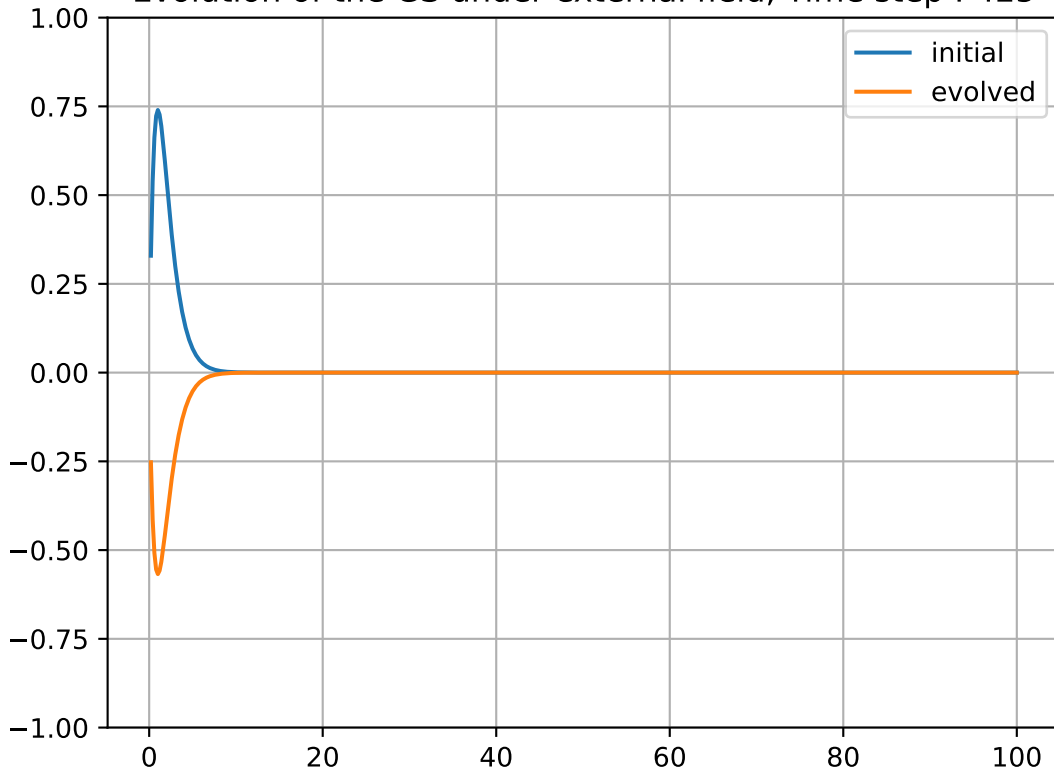

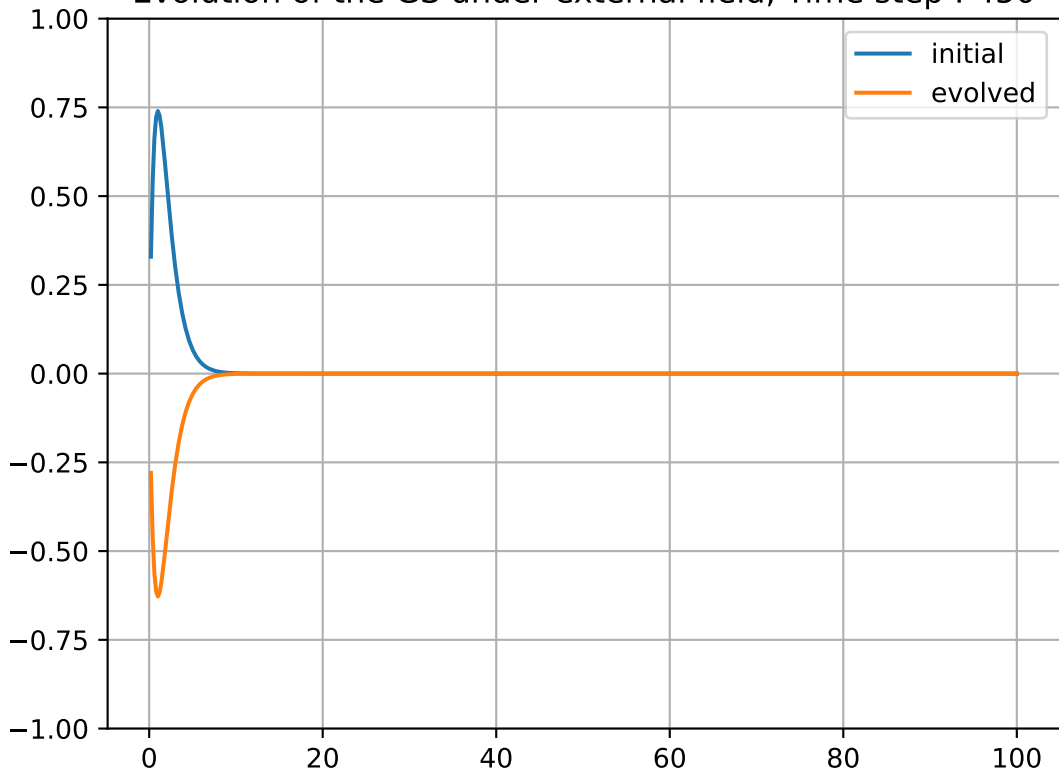

Evolution of the GS under external field, Time step : 400

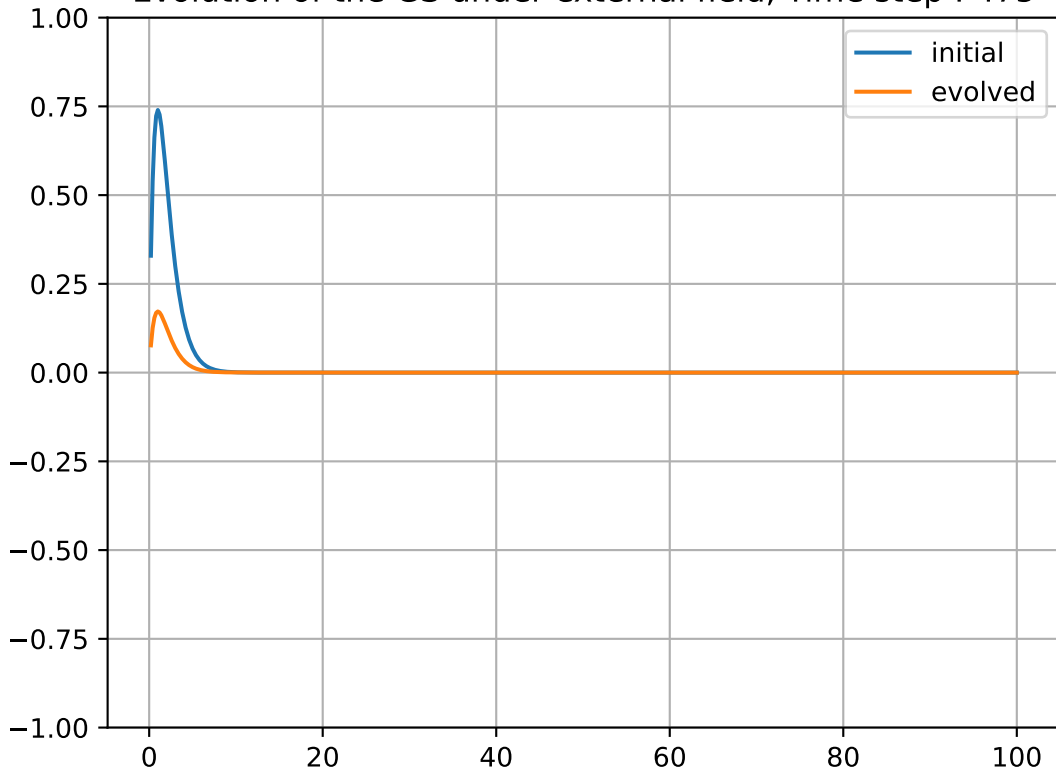

Evolution of the GS under external field, Time step : 425

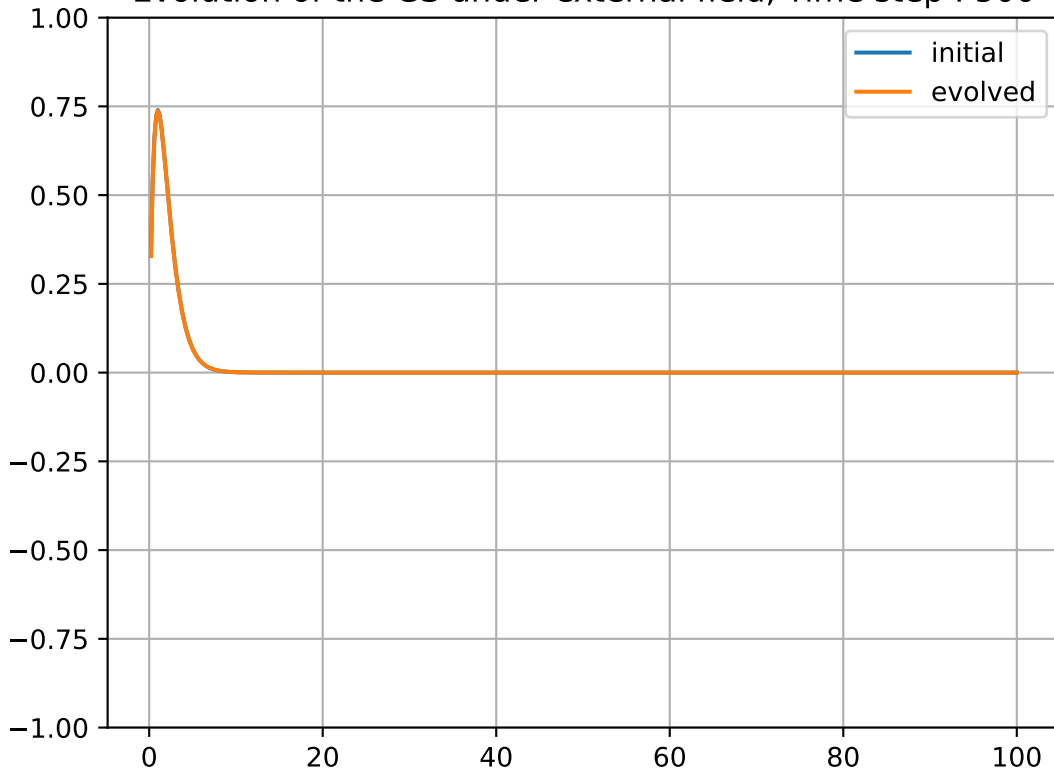

Evolution of the GS under external field, Time step : 450

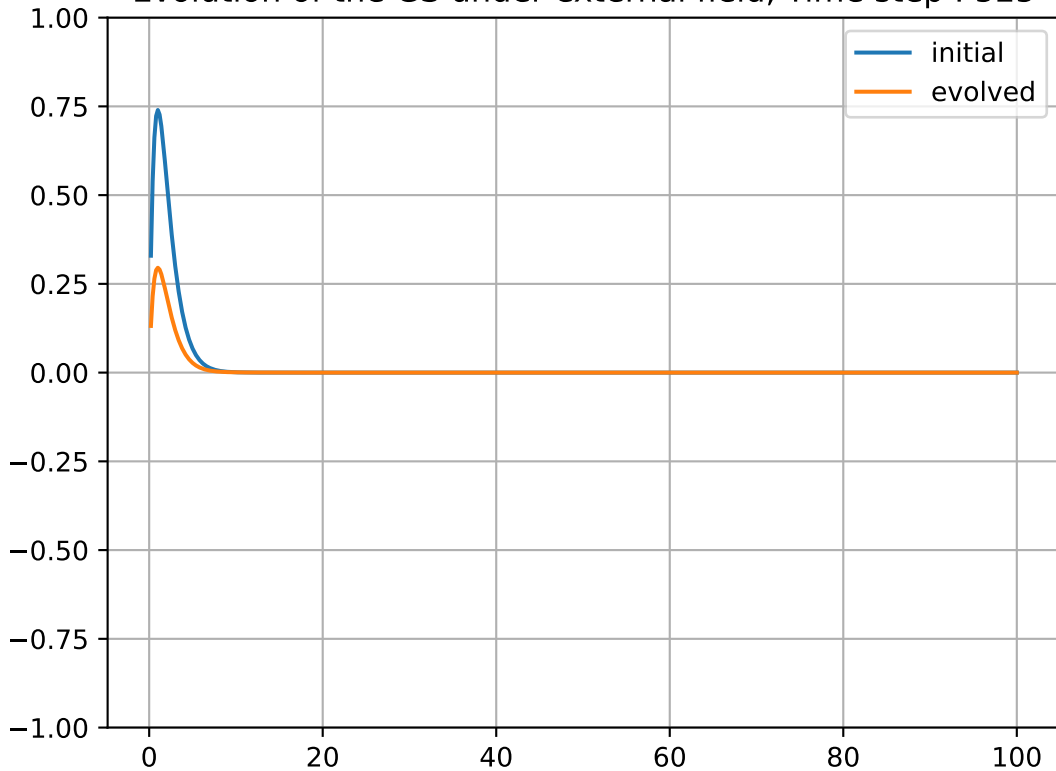

Evolution of the GS under external field, Time step : 475

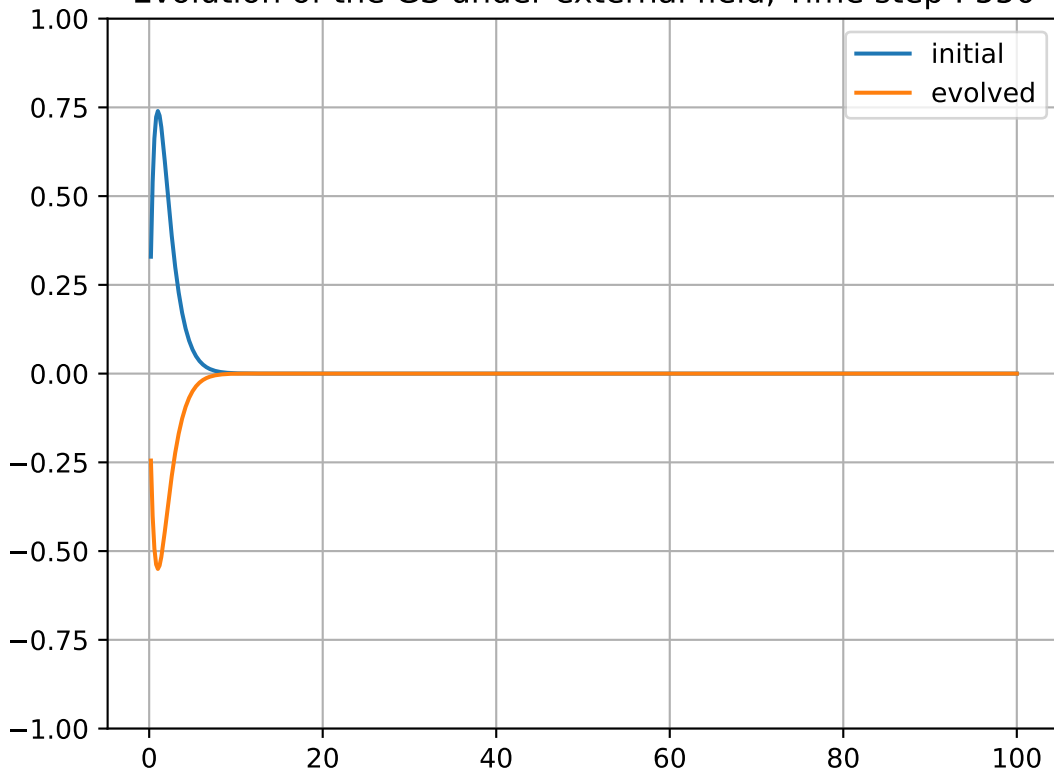

Evolution of the GS under external field, Time step : 500

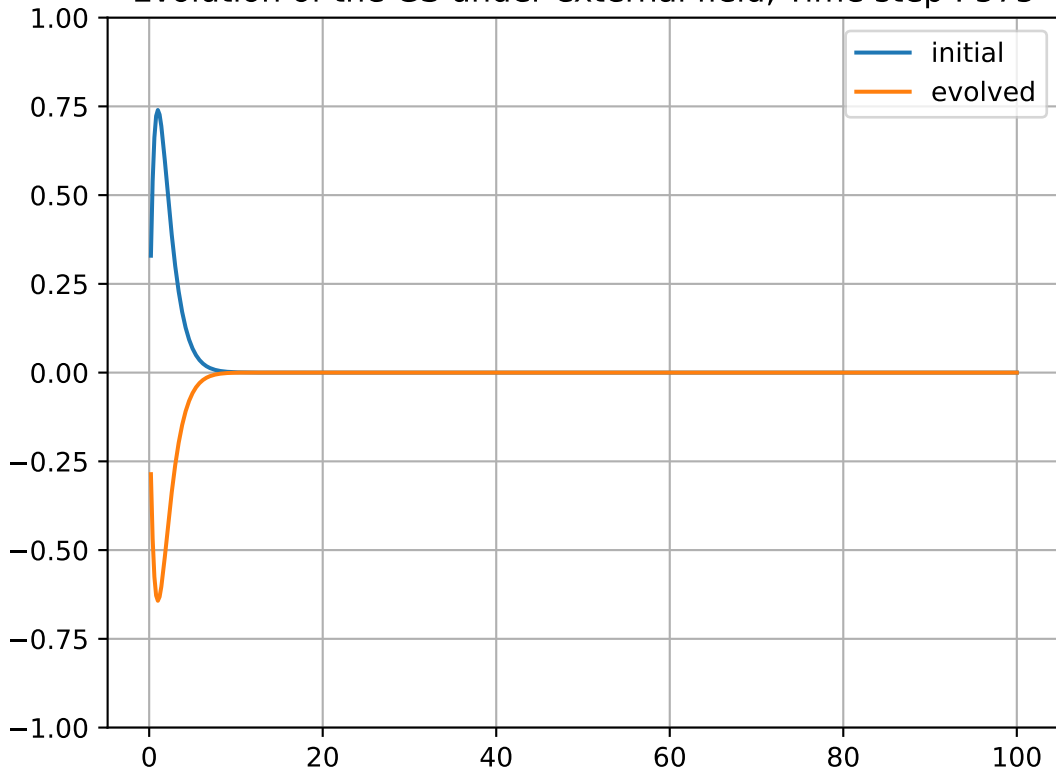

Evolution of the GS under external field, Time step : 525

Evolution of the GS under external field, Time step : 550

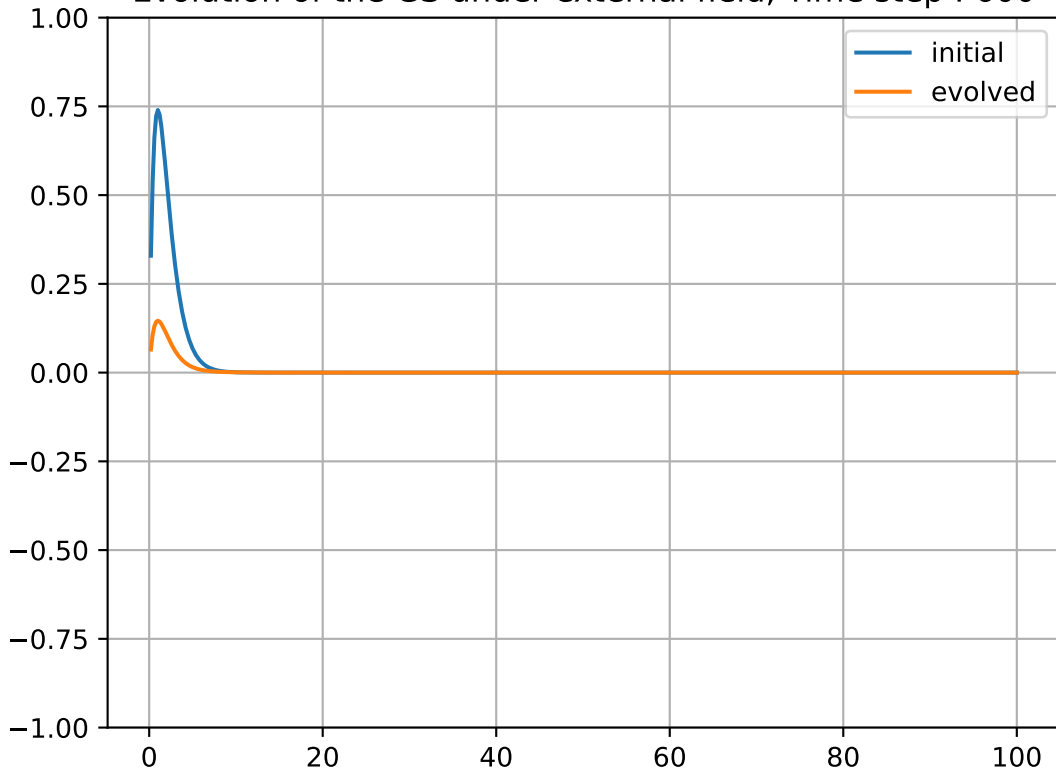

Evolution of the GS under external field, Time step : 575

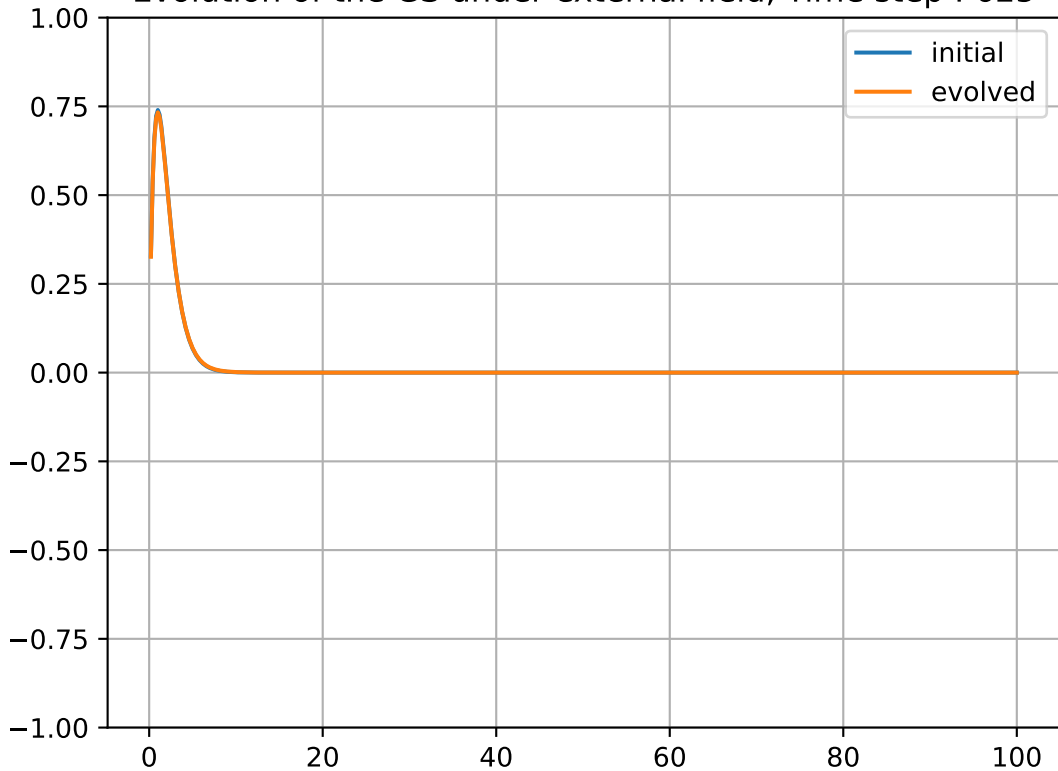

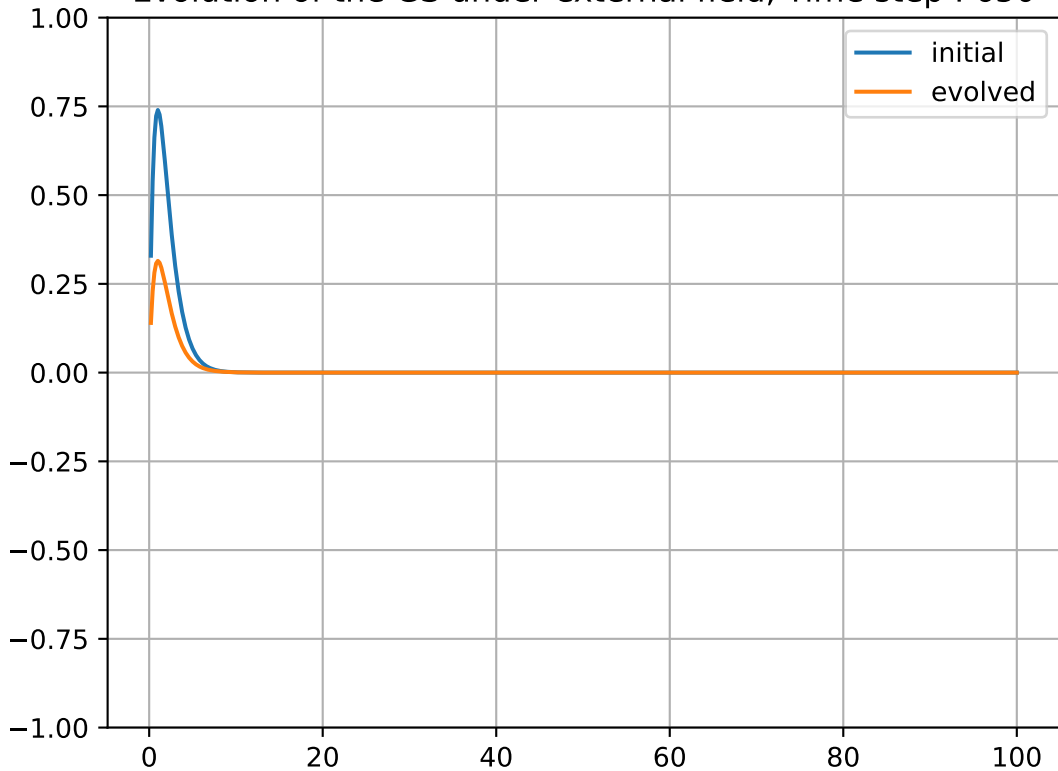

Evolution of the GS under external field, Time step : 600

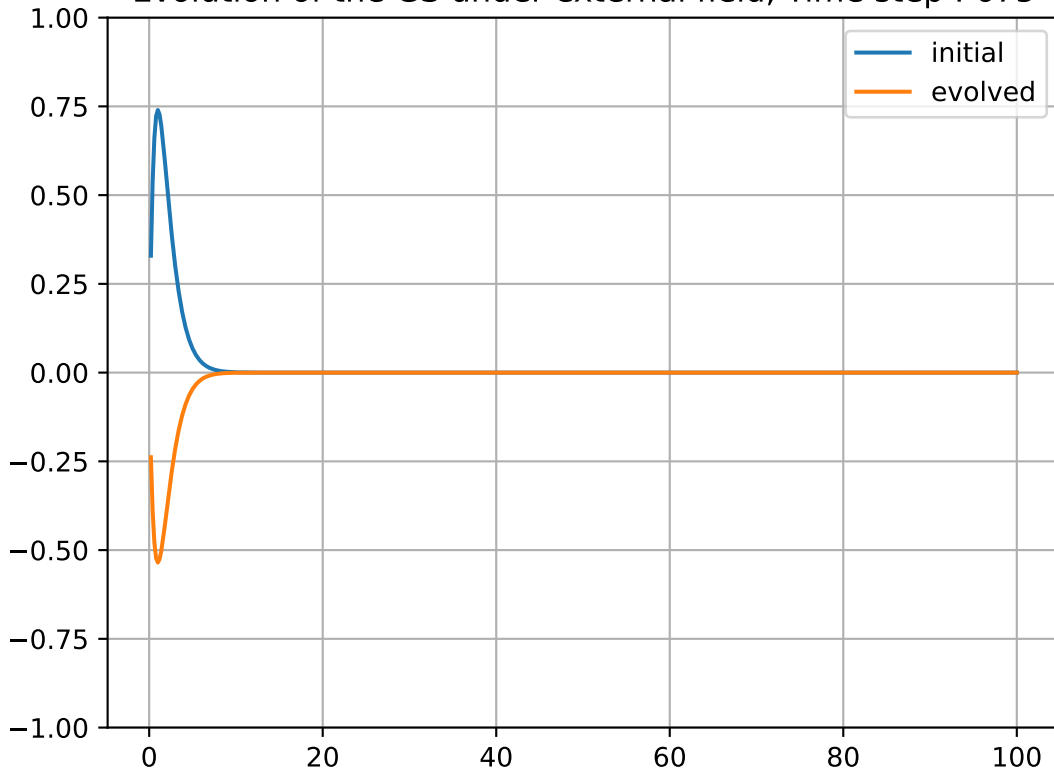

Evolution of the GS under external field, Time step : 625

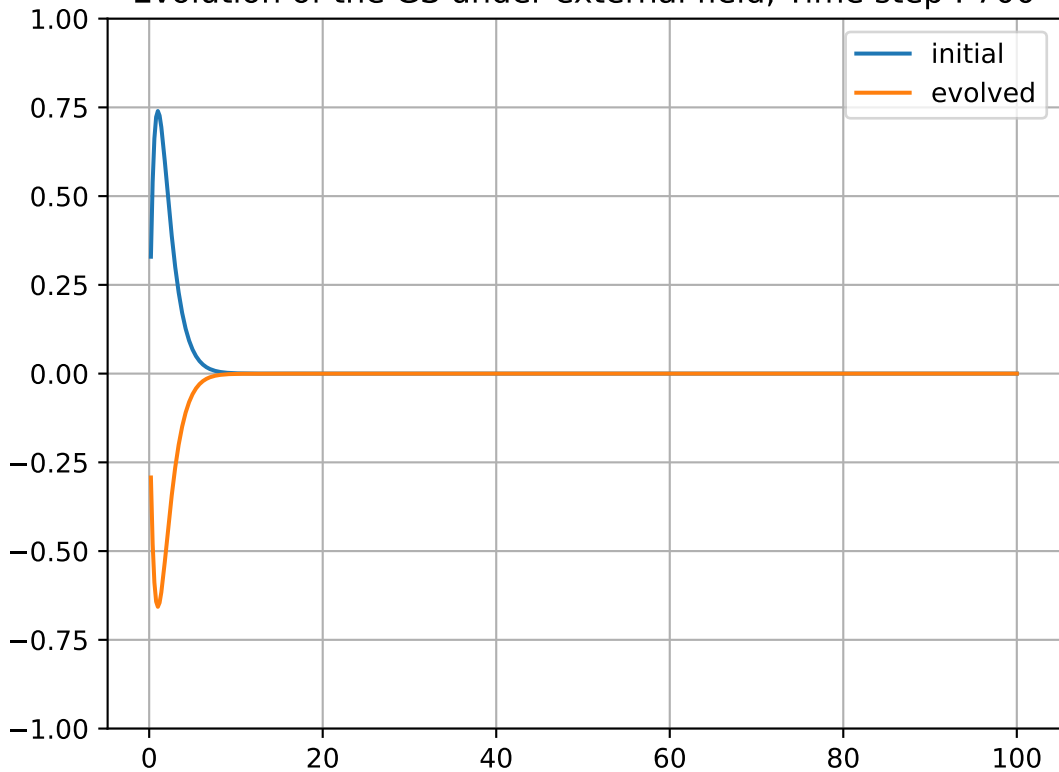

Evolution of the GS under external field, Time step : 650

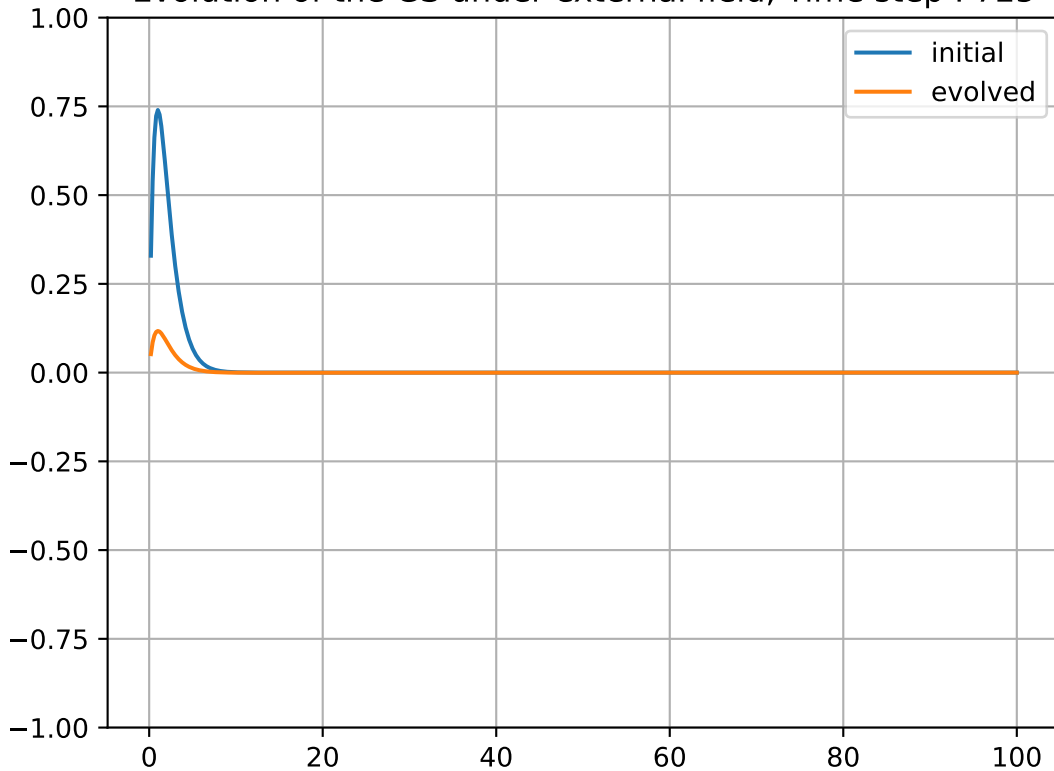

Evolution of the GS under external field, Time step : 675

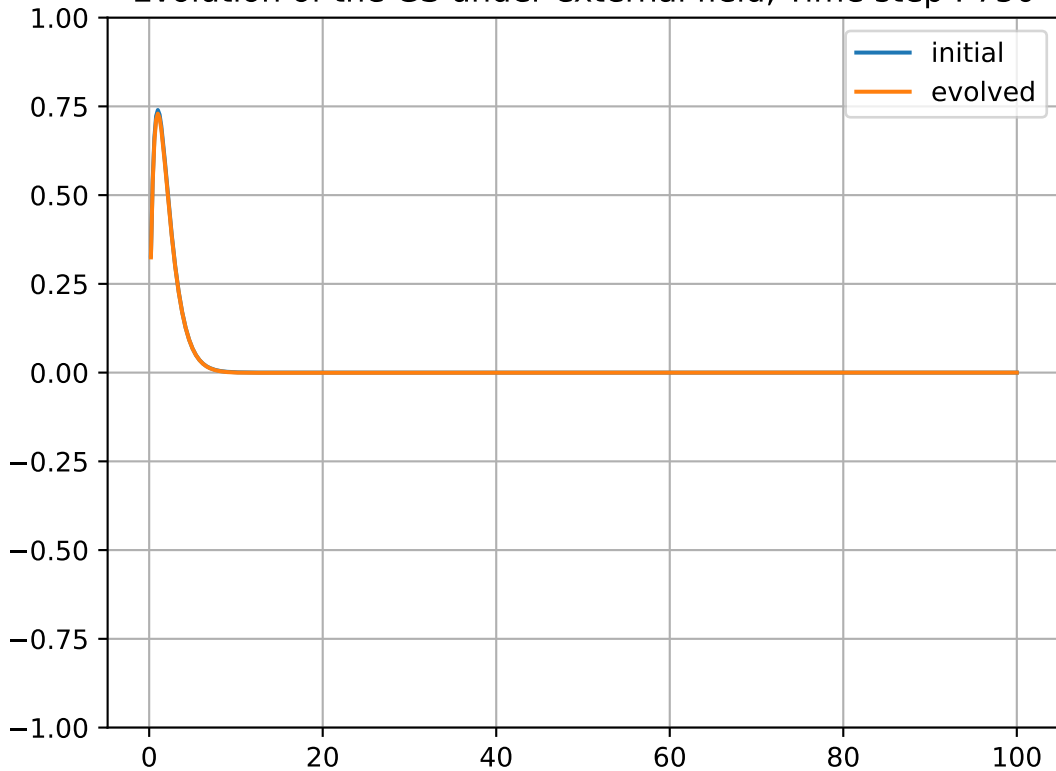

Evolution of the GS under external field, Time step : 700

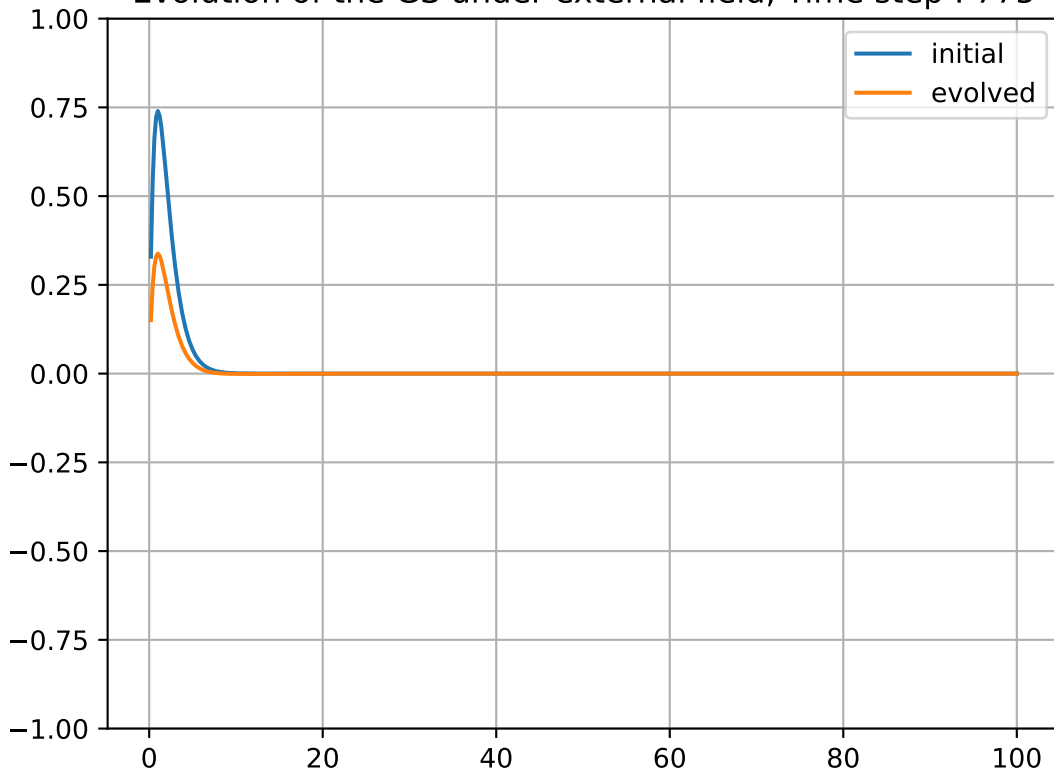

Evolution of the GS under external field, Time step : 725

Evolution of the GS under external field, Time step : 750

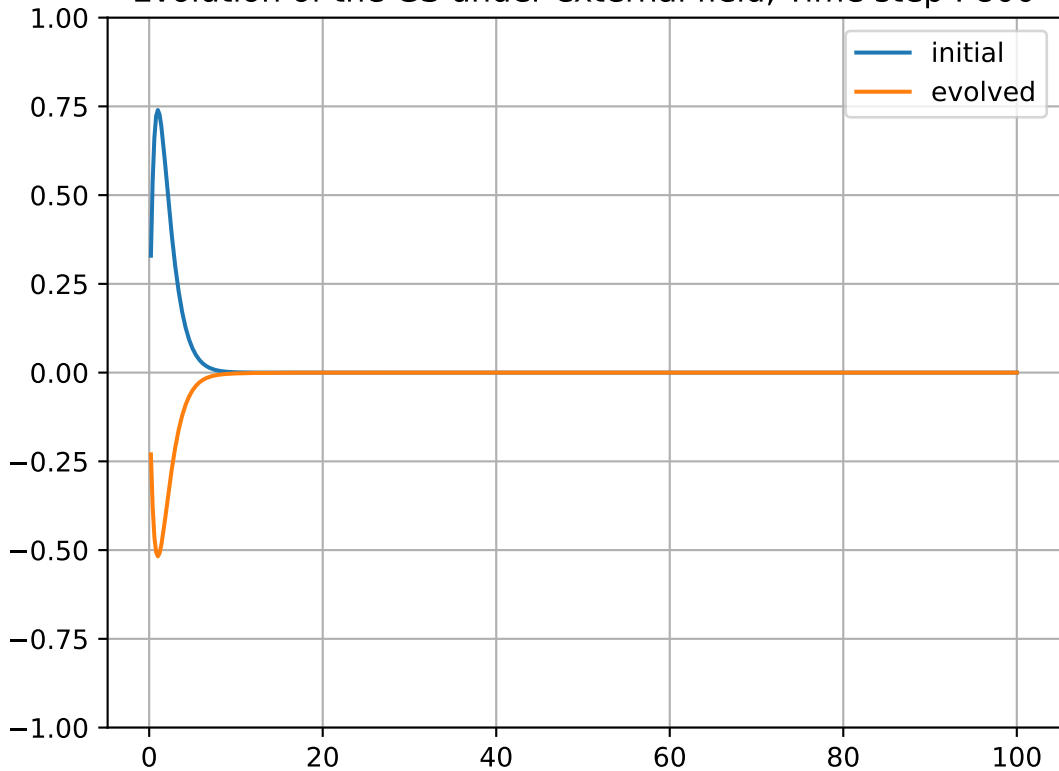

Evolution of the GS under external field, Time step : 775

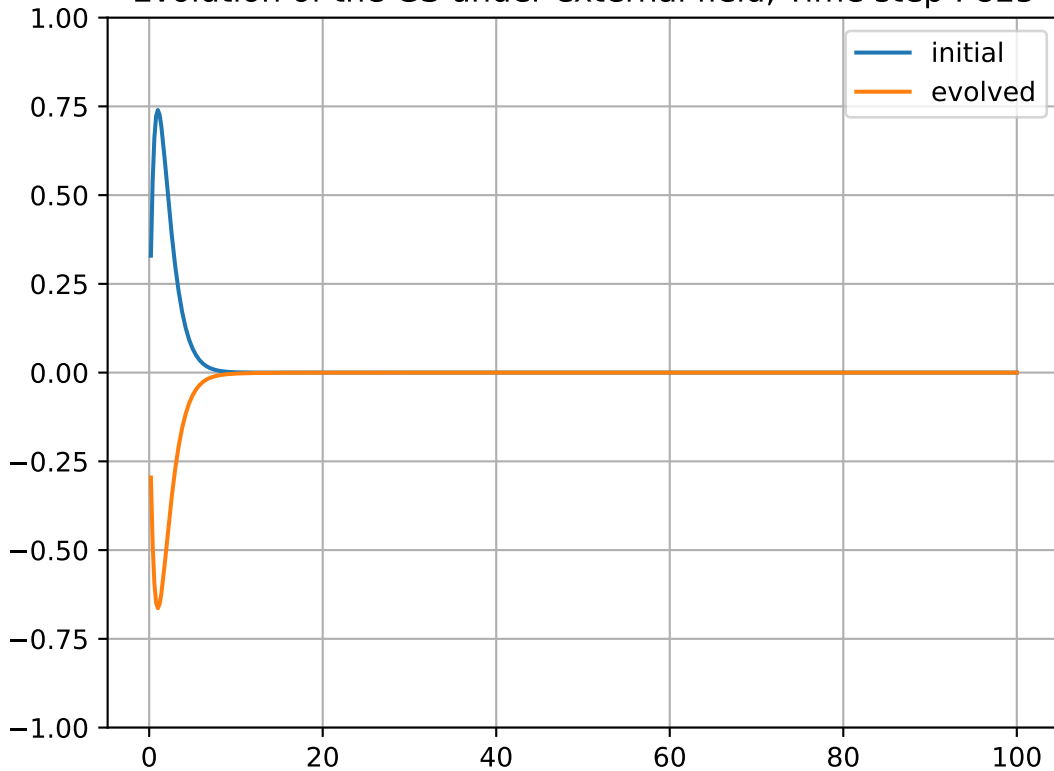

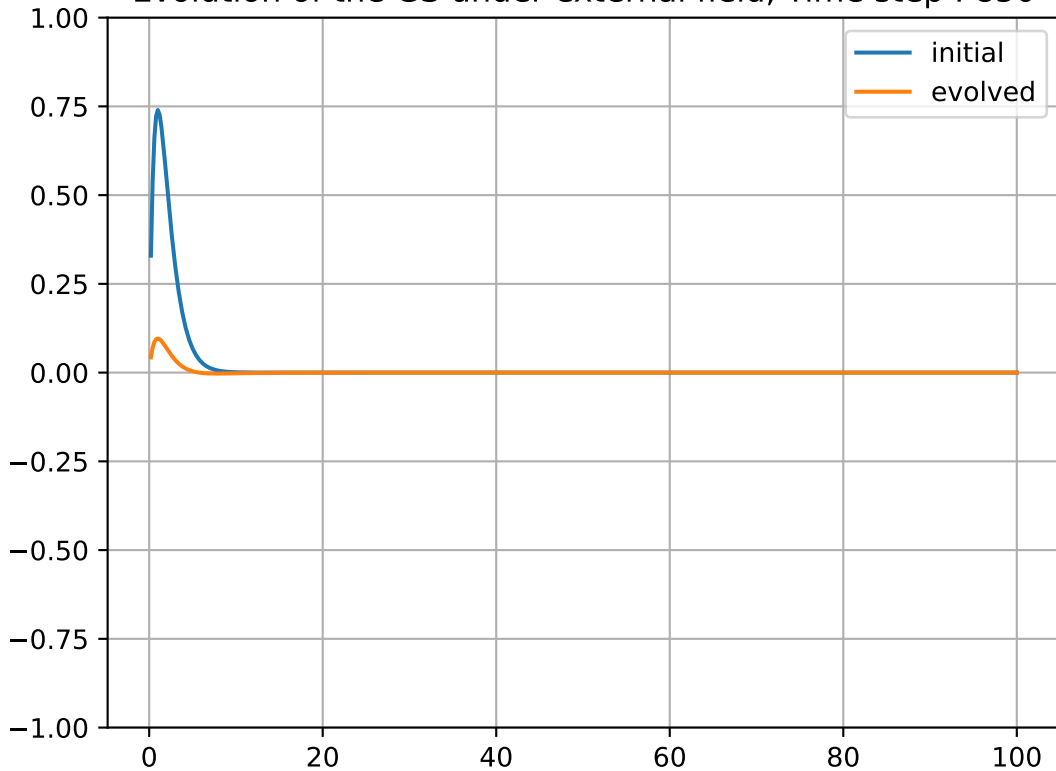

Evolution of the GS under external field, Time step : 800

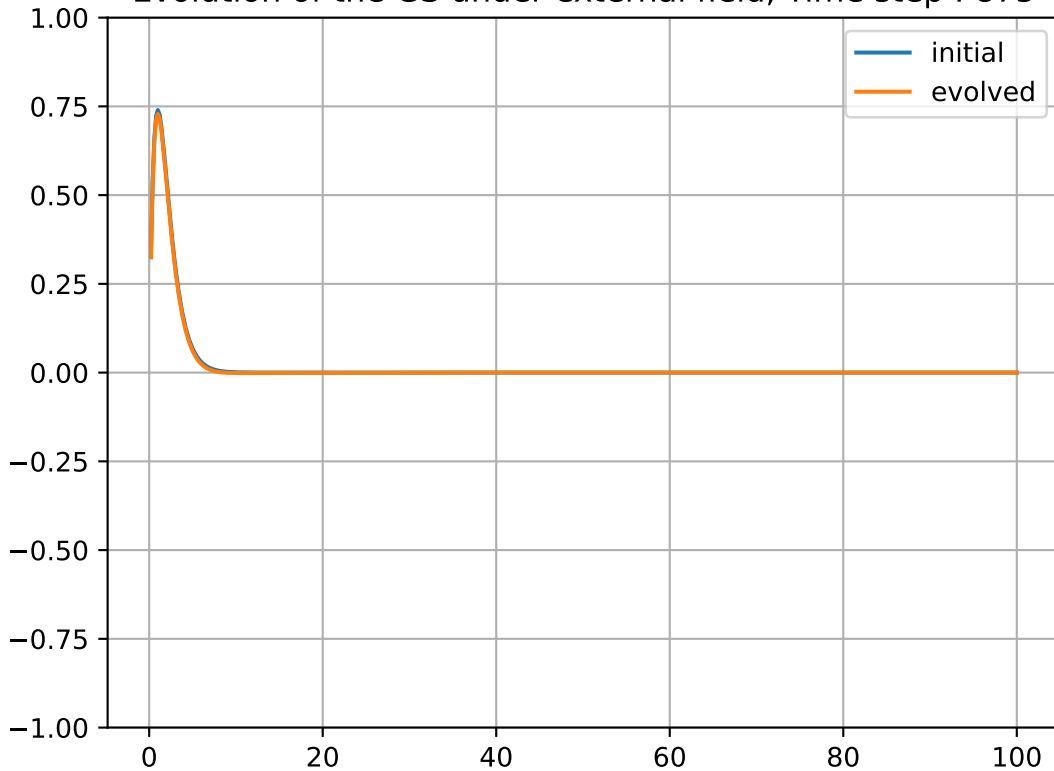

Evolution of the GS under external field, Time step : 825

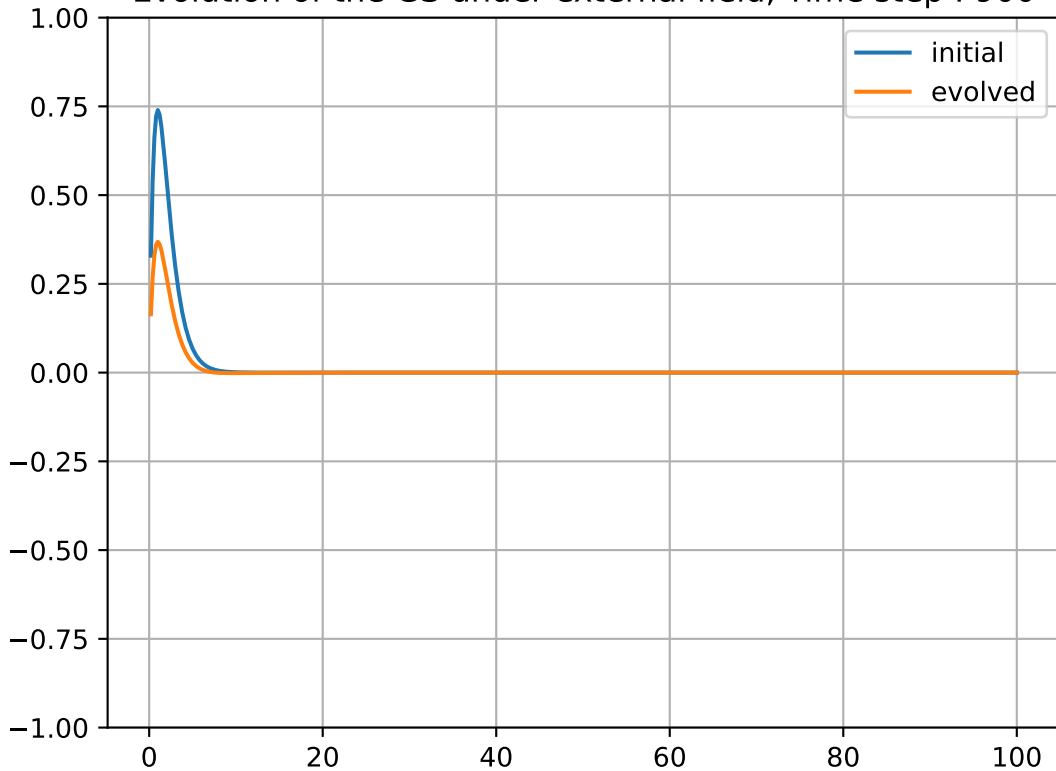

Evolution of the GS under external field, Time step : 850

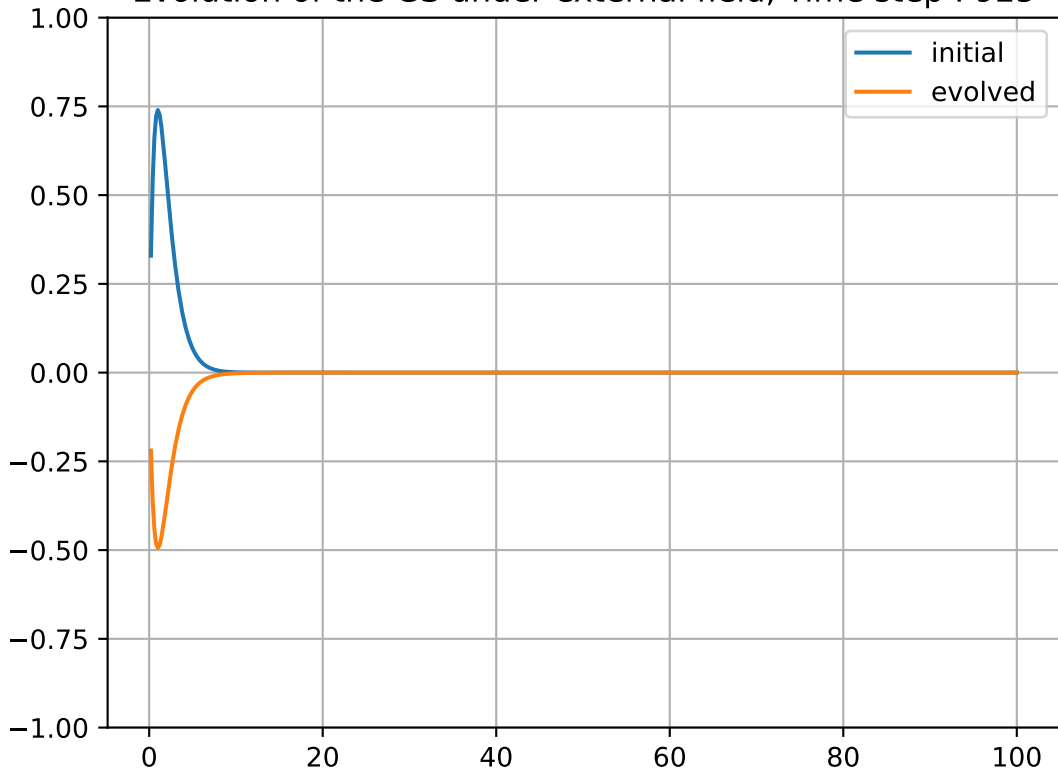

Evolution of the GS under external field, Time step : 875

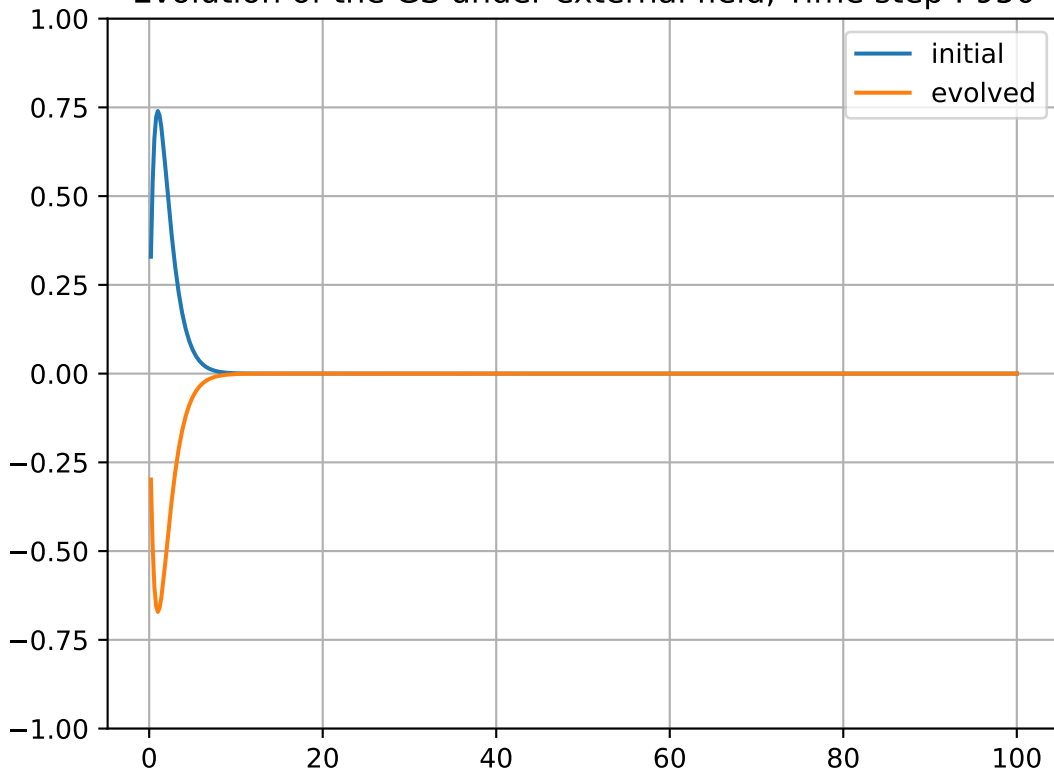

Evolution of the GS under external field, Time step : 900

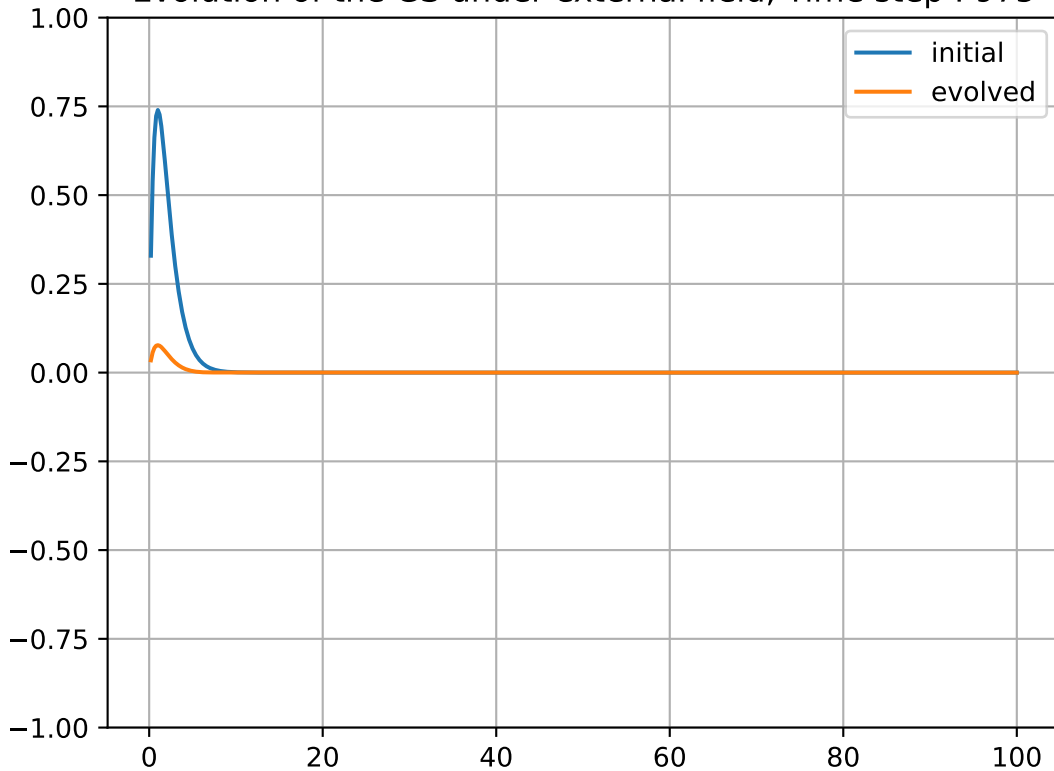

Evolution of the GS under external field, Time step : 925

Evolution of the GS under external field, Time step : 950

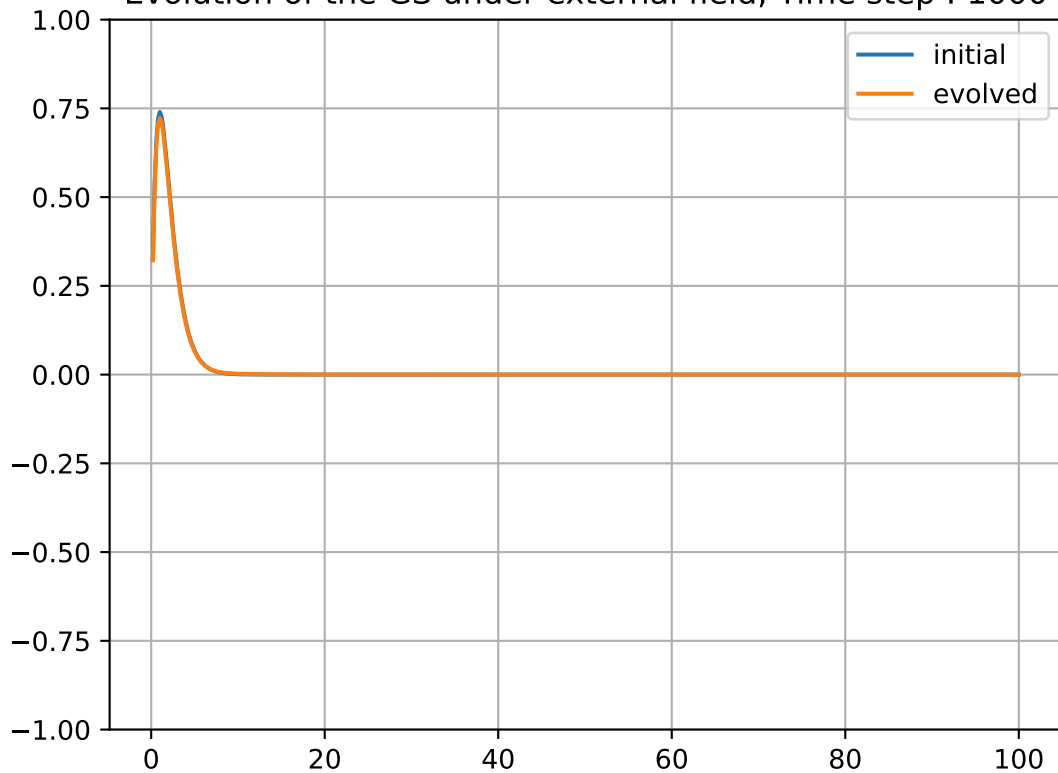

Evolution of the GS under external field, Time step : 975

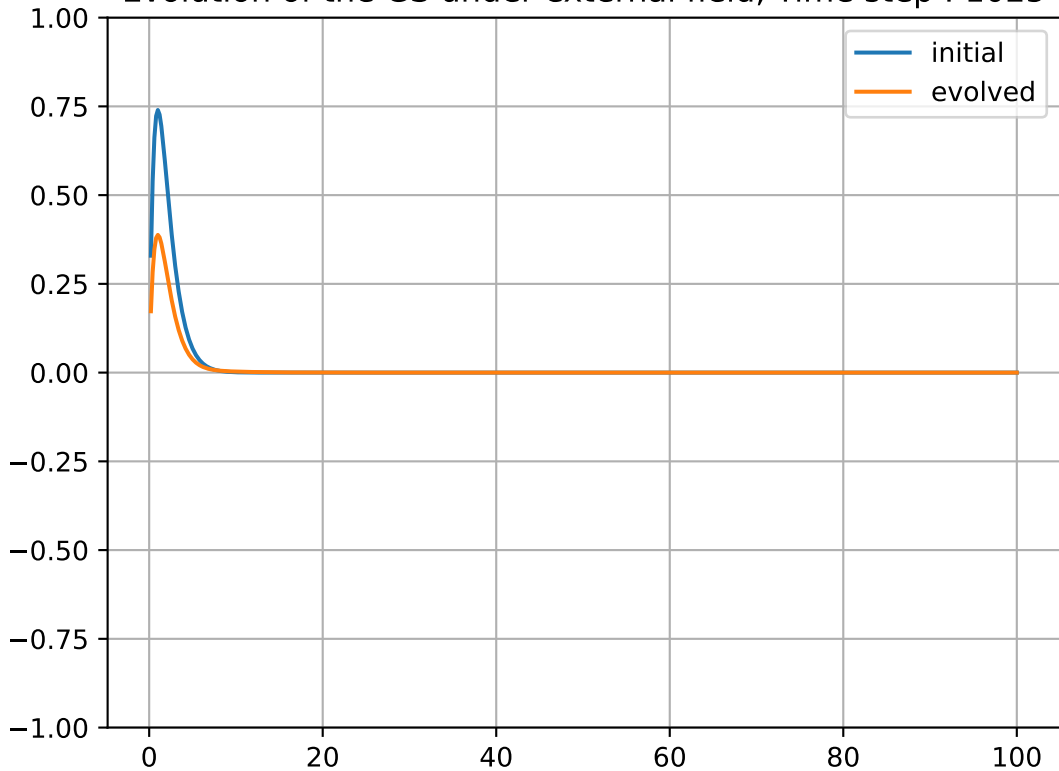

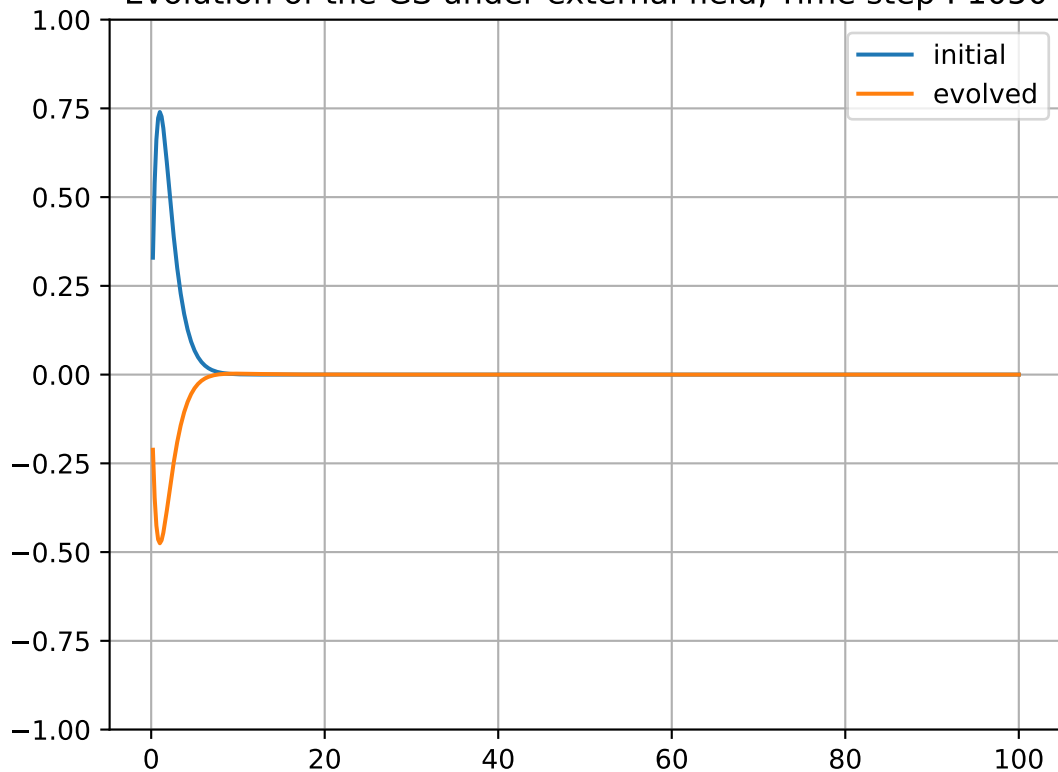

Evolution of the GS under external field, Time step : 1000

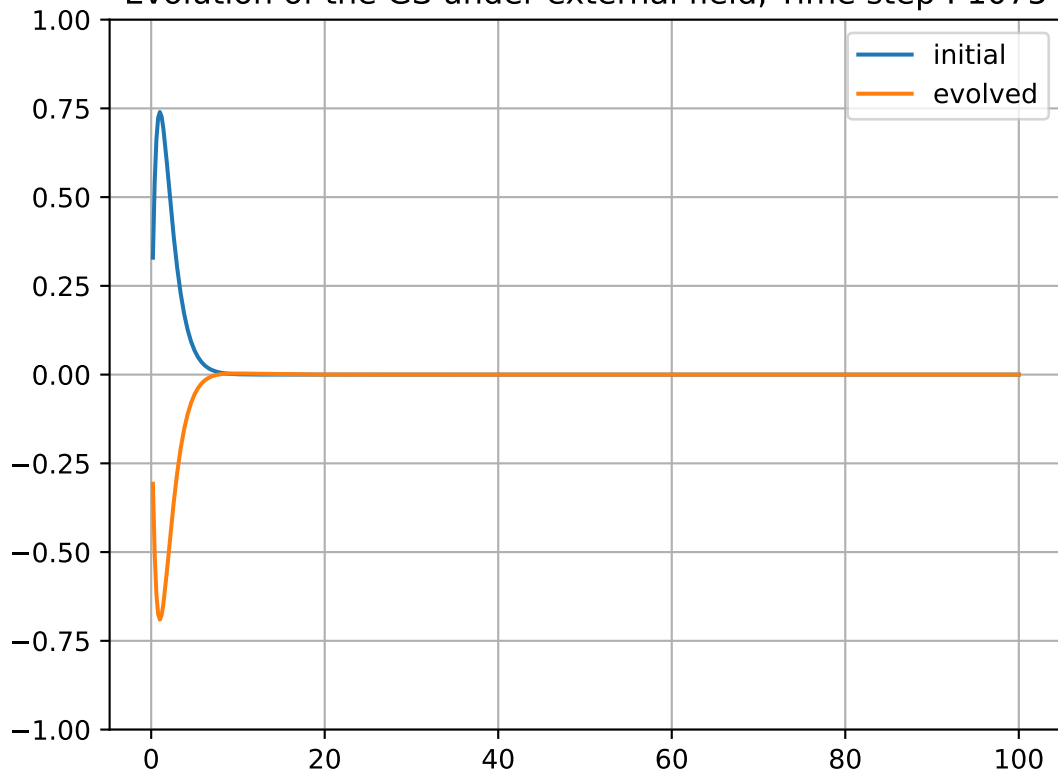

Evolution of the GS under external field, Time step : 1025

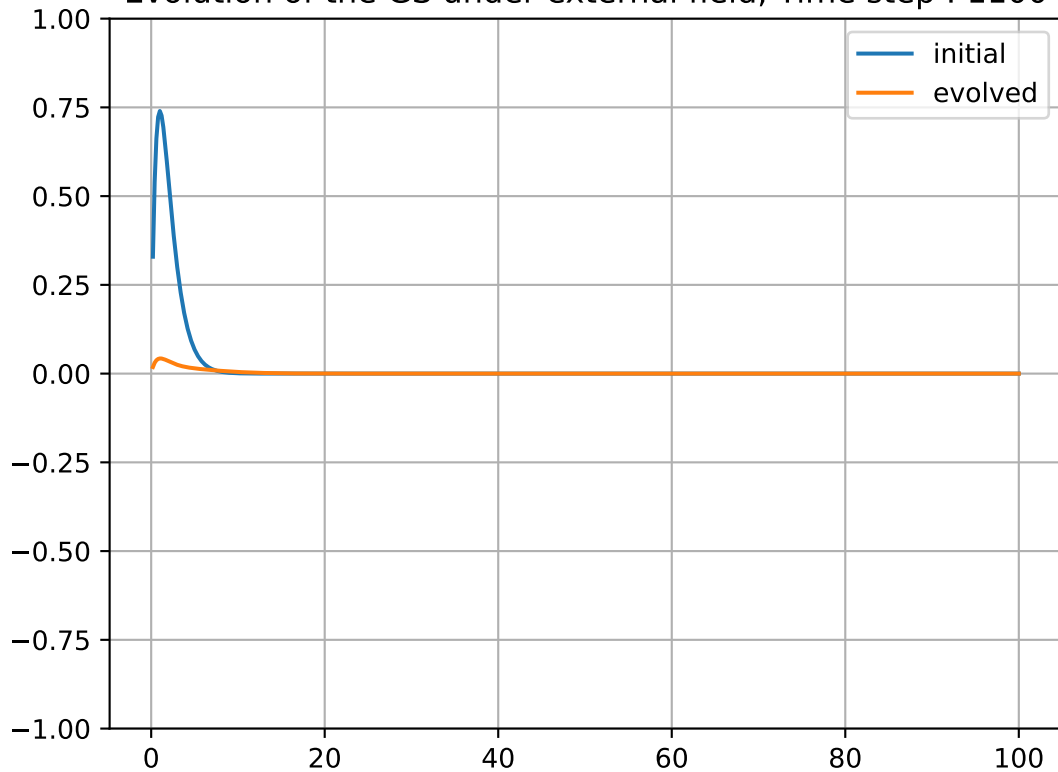

Evolution of the GS under external field, Time step : 1050

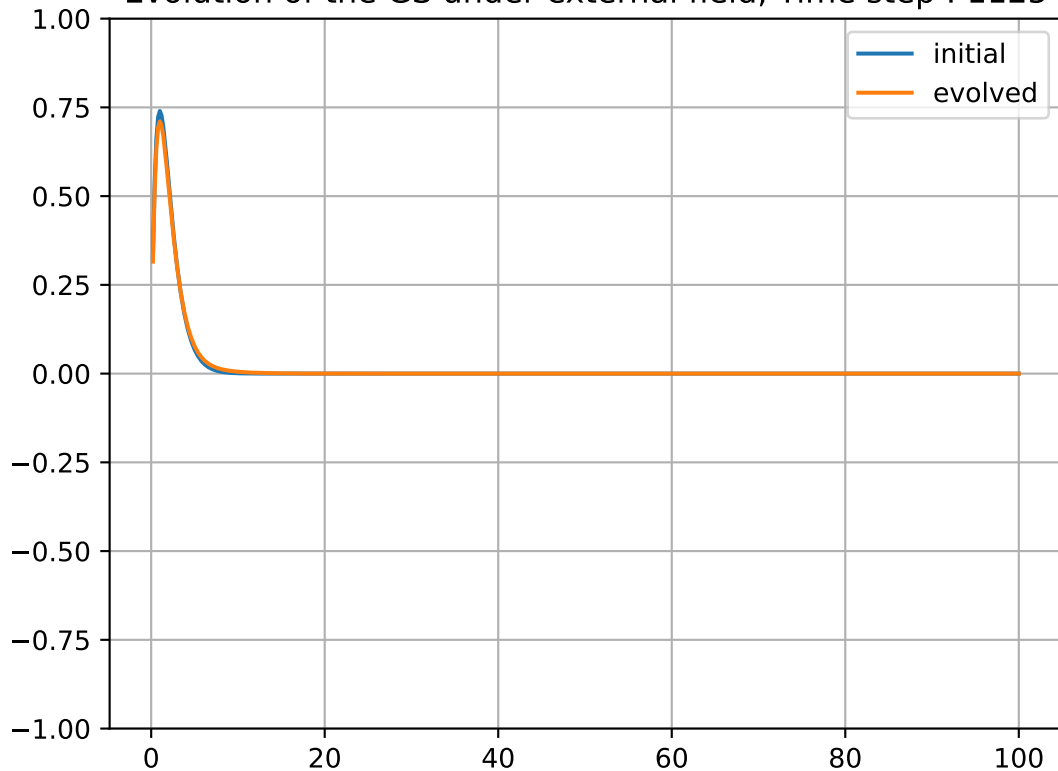

Evolution of the GS under external field, Time step : 1075

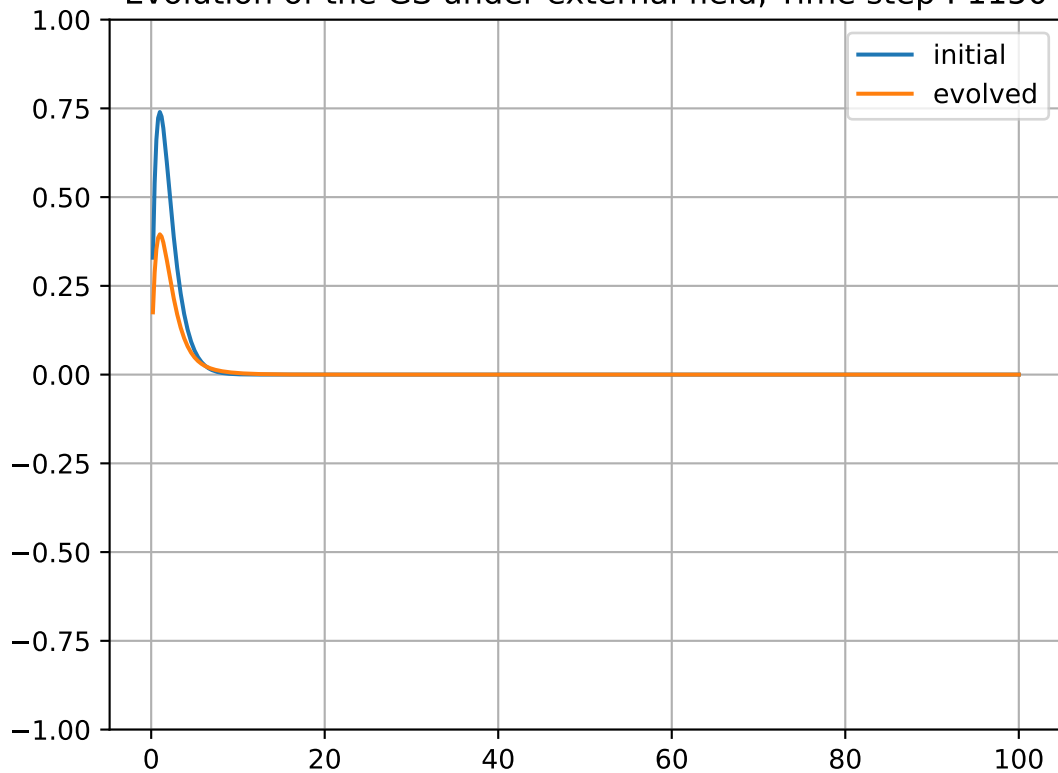

Evolution of the GS under external field, Time step : 1100

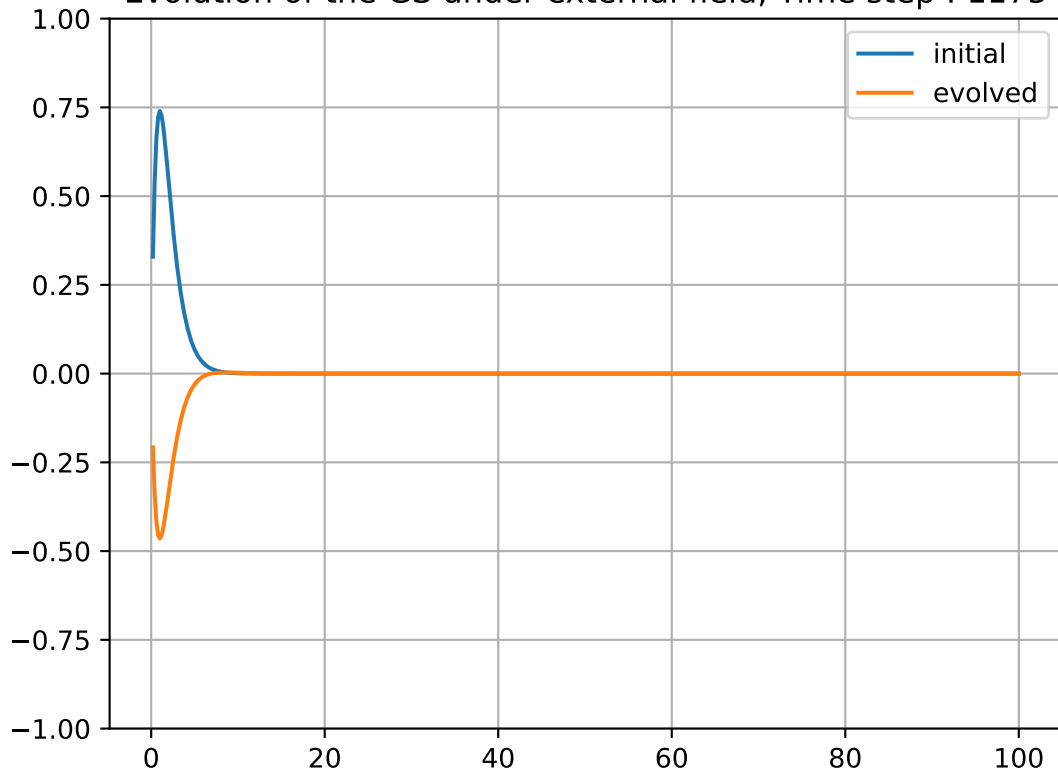

Evolution of the GS under external field, Time step : 1125

Evolution of the GS under external field, Time step : 1150

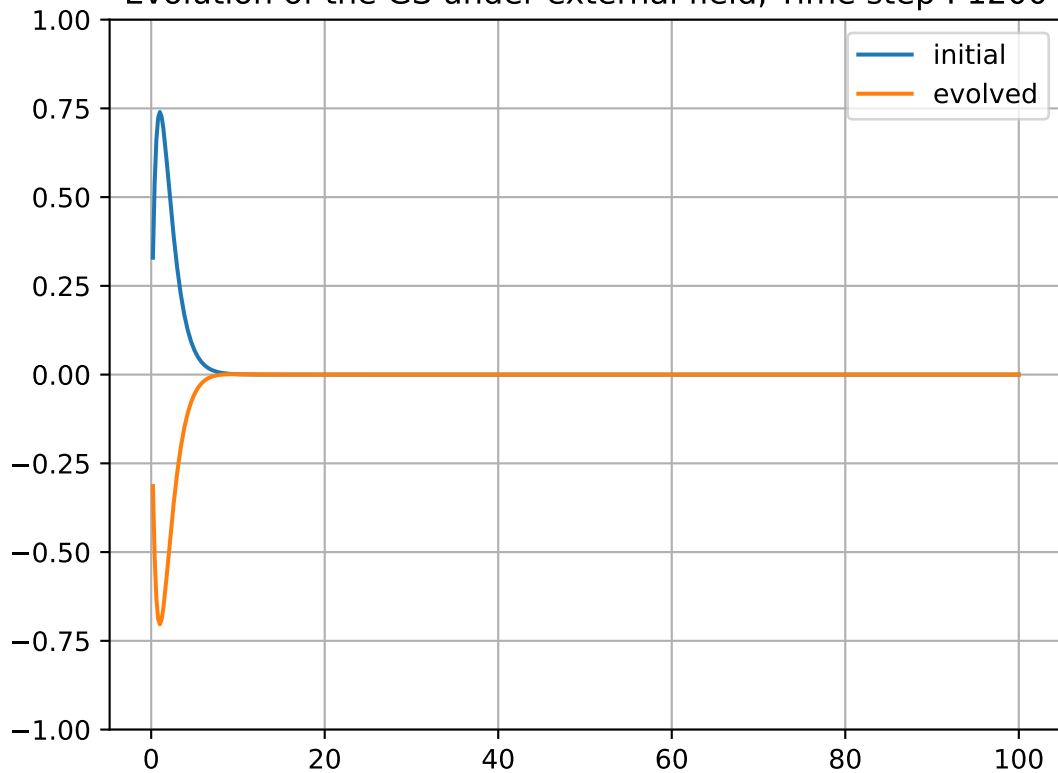

Evolution of the GS under external field, Time step : 1175

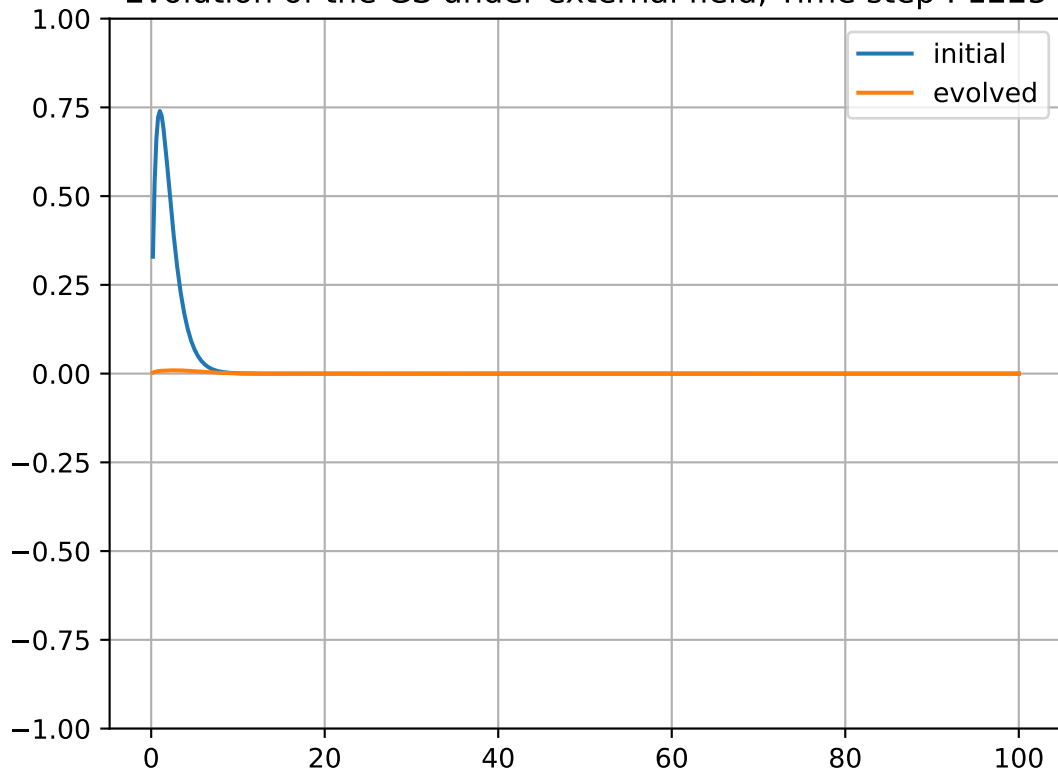

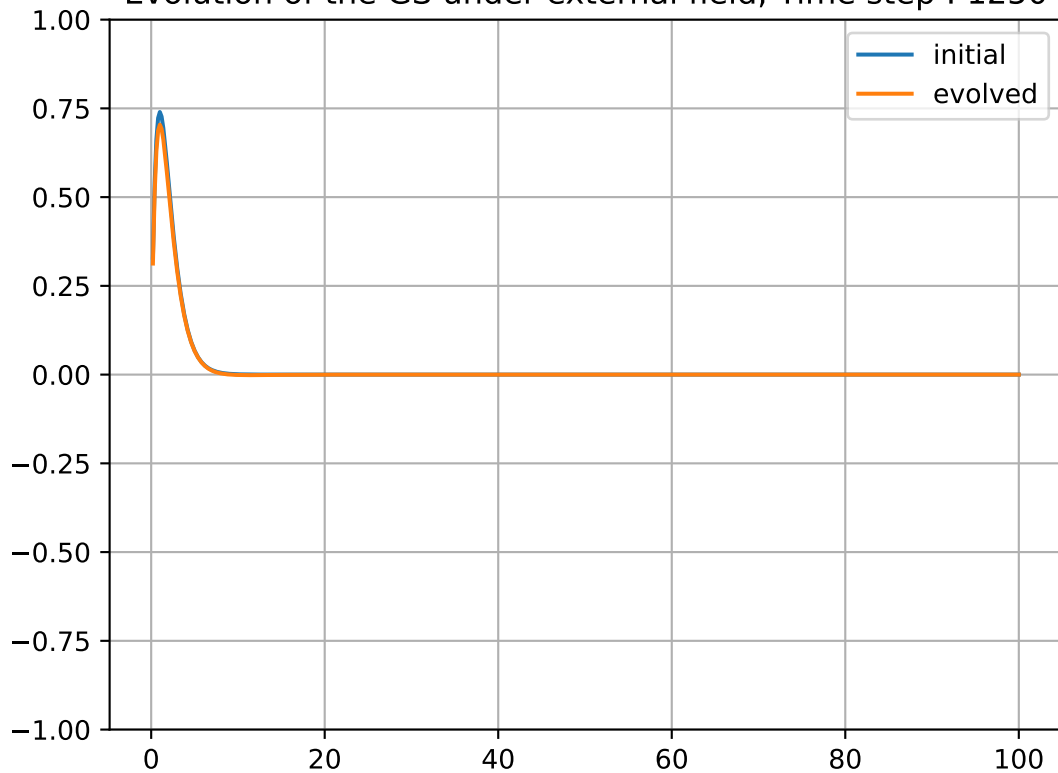

Evolution of the GS under external field, Time step : 1200

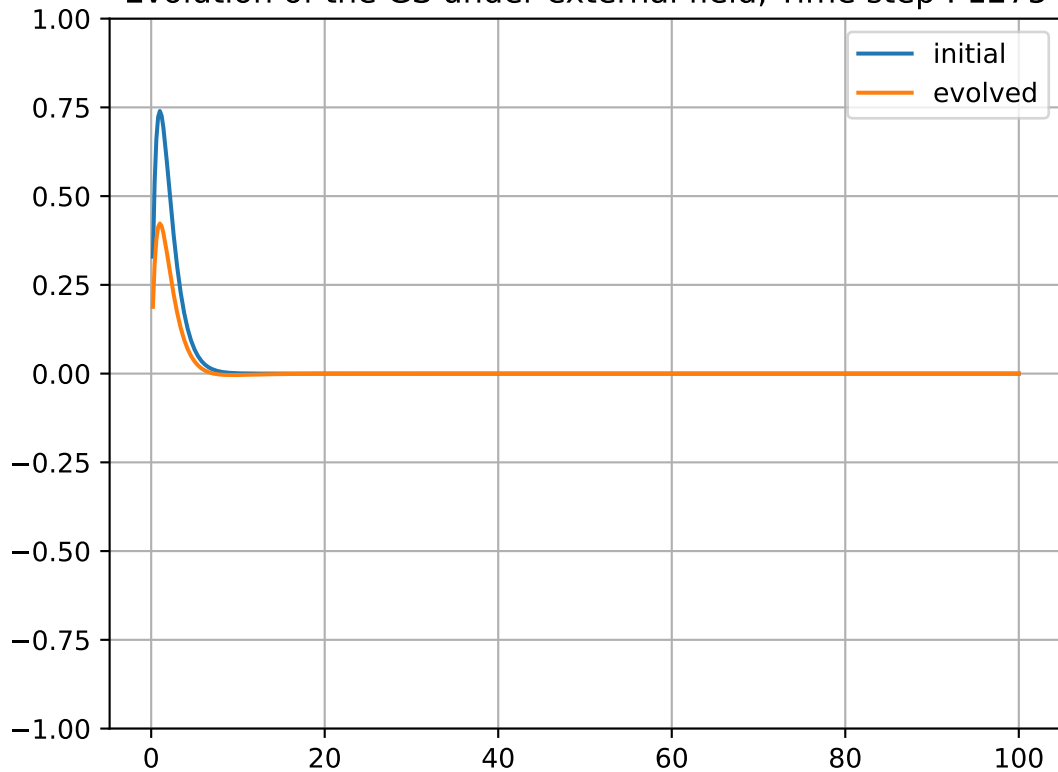

Evolution of the GS under external field, Time step : 1225

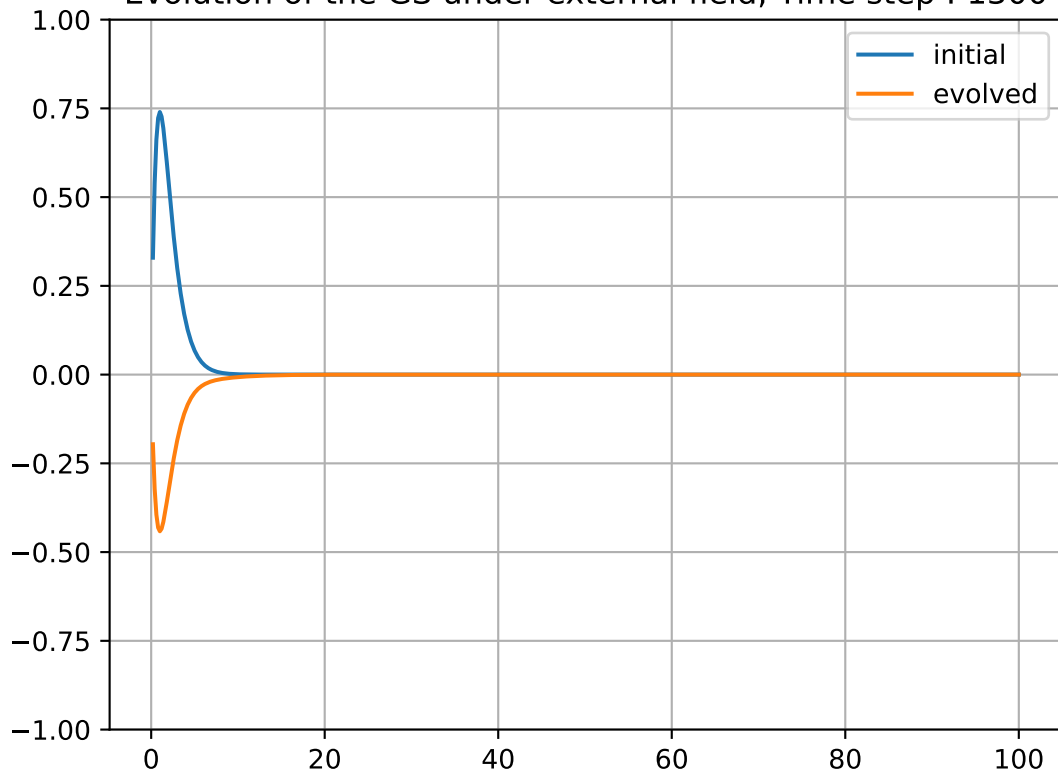

Evolution of the GS under external field, Time step : 1250

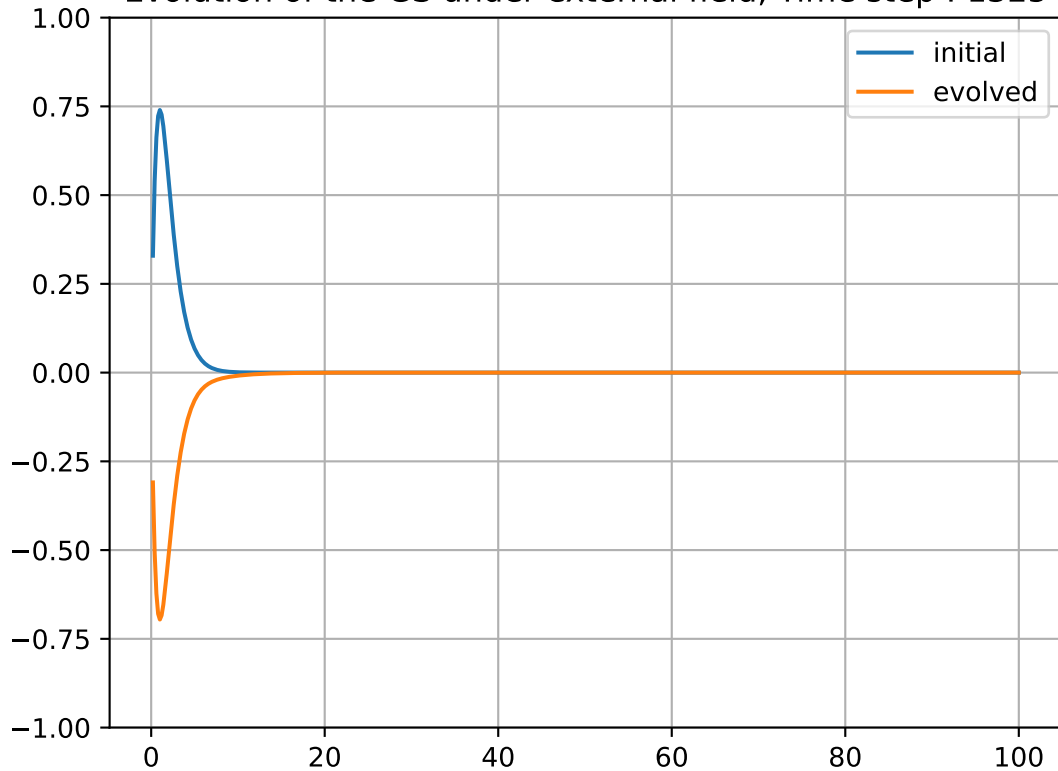

Evolution of the GS under external field, Time step : 1275

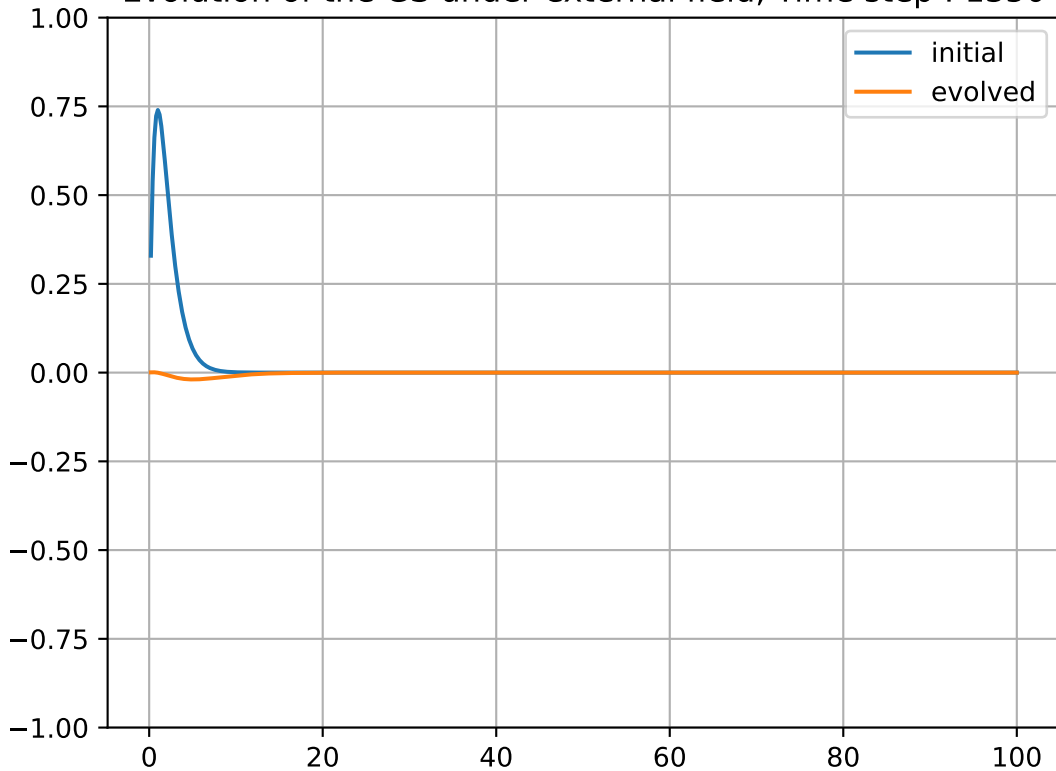

Evolution of the GS under external field, Time step : 1300

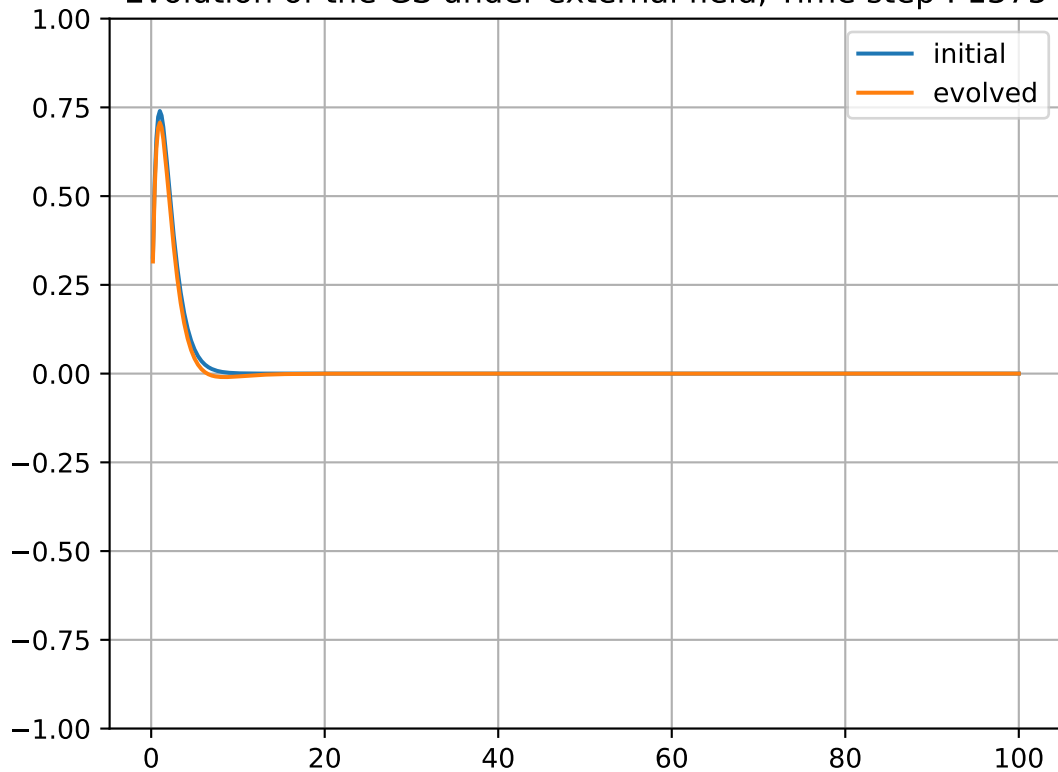

Evolution of the GS under external field, Time step : 1325

Evolution of the GS under external field, Time step : 1350

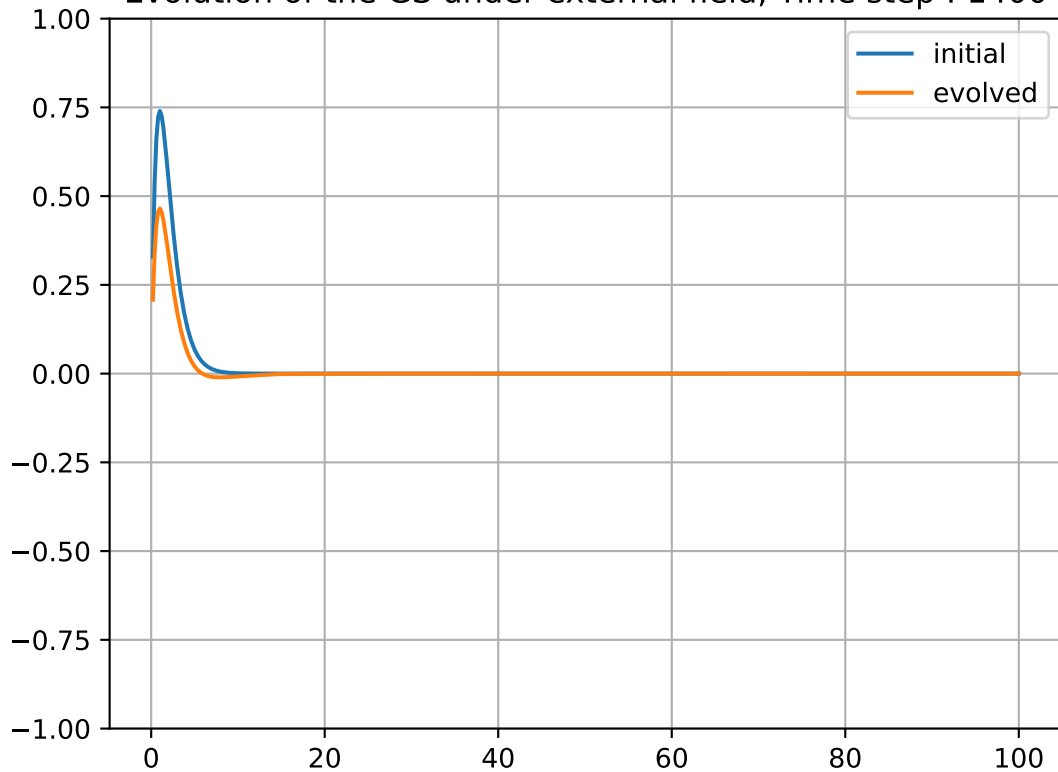

Evolution of the GS under external field, Time step : 1375

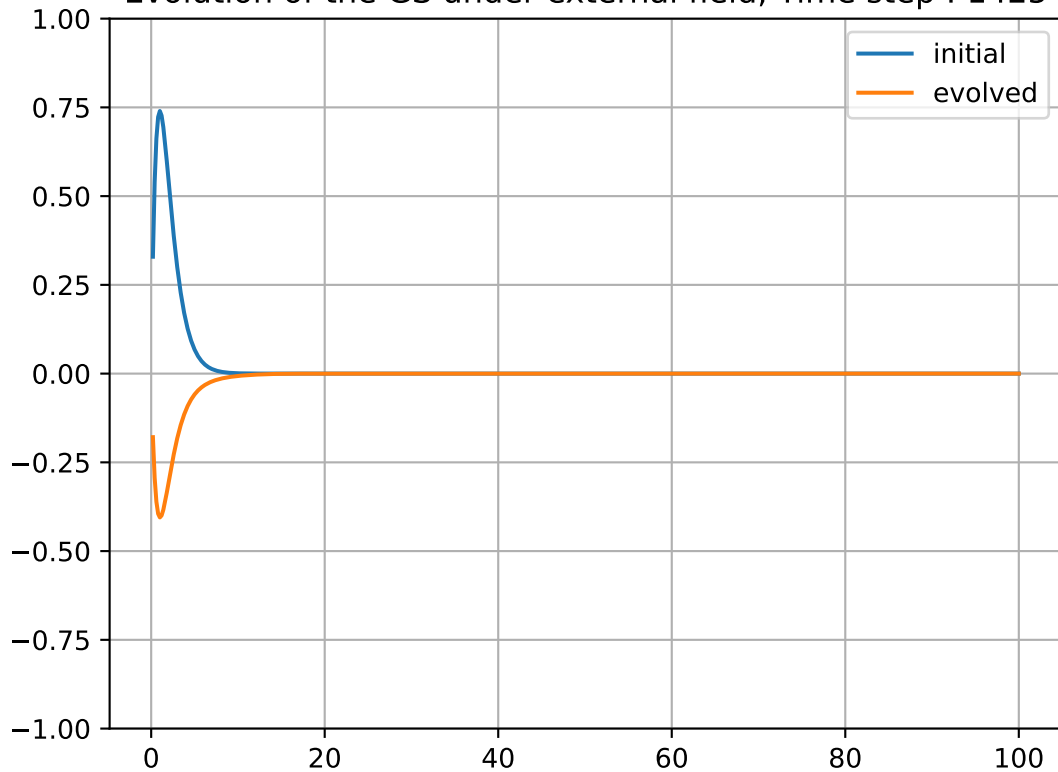

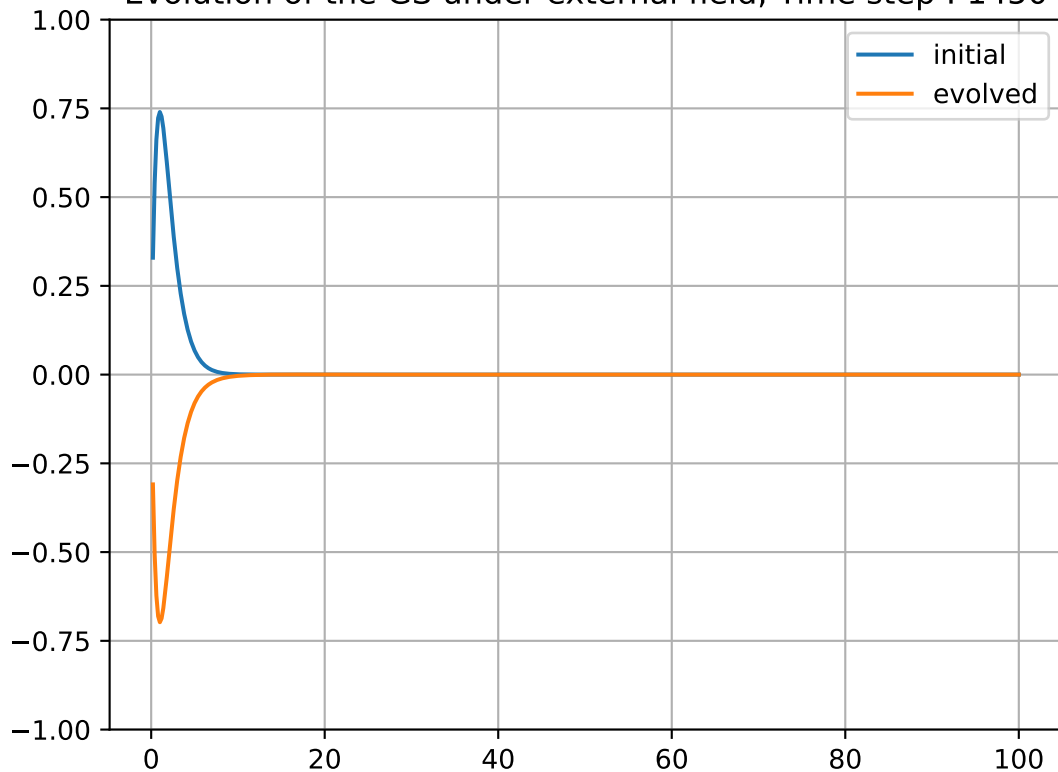

Evolution of the GS under external field, Time step : 1400

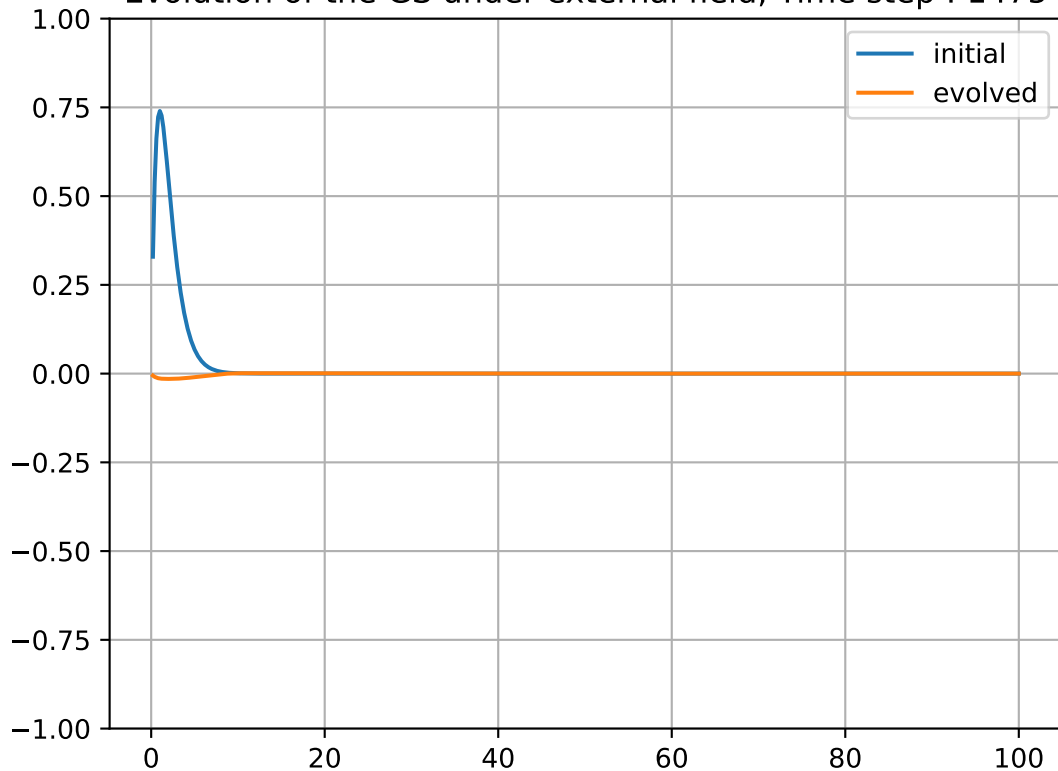

Evolution of the GS under external field, Time step : 1425

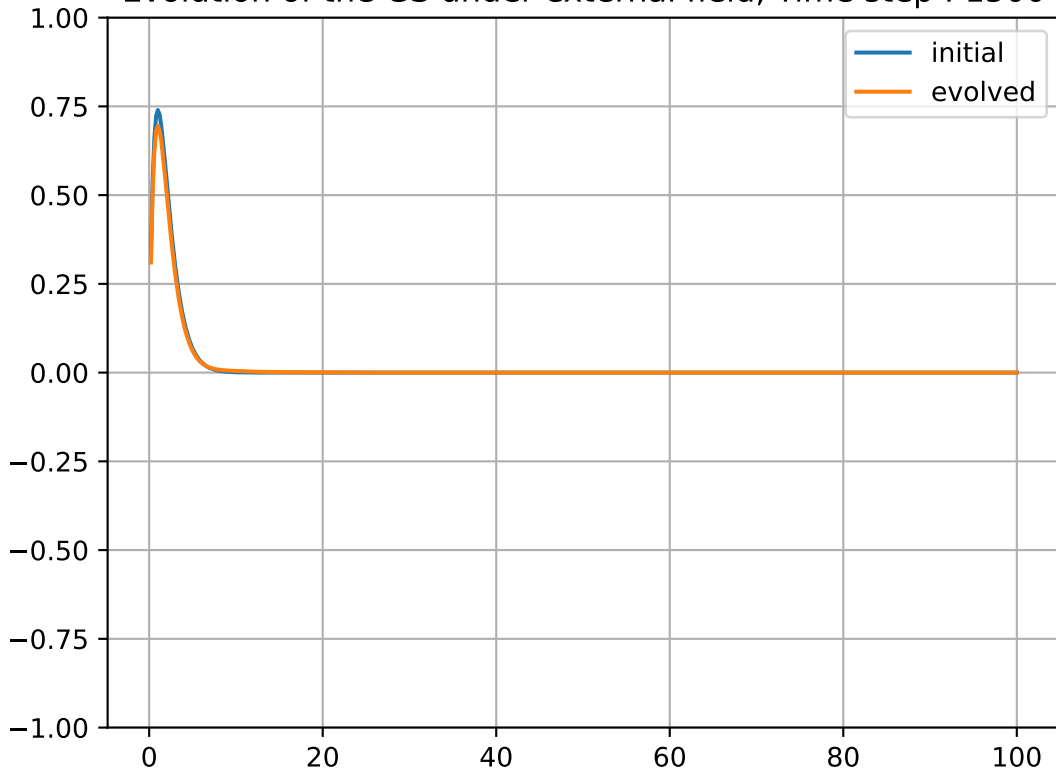

Evolution of the GS under external field, Time step : 1450

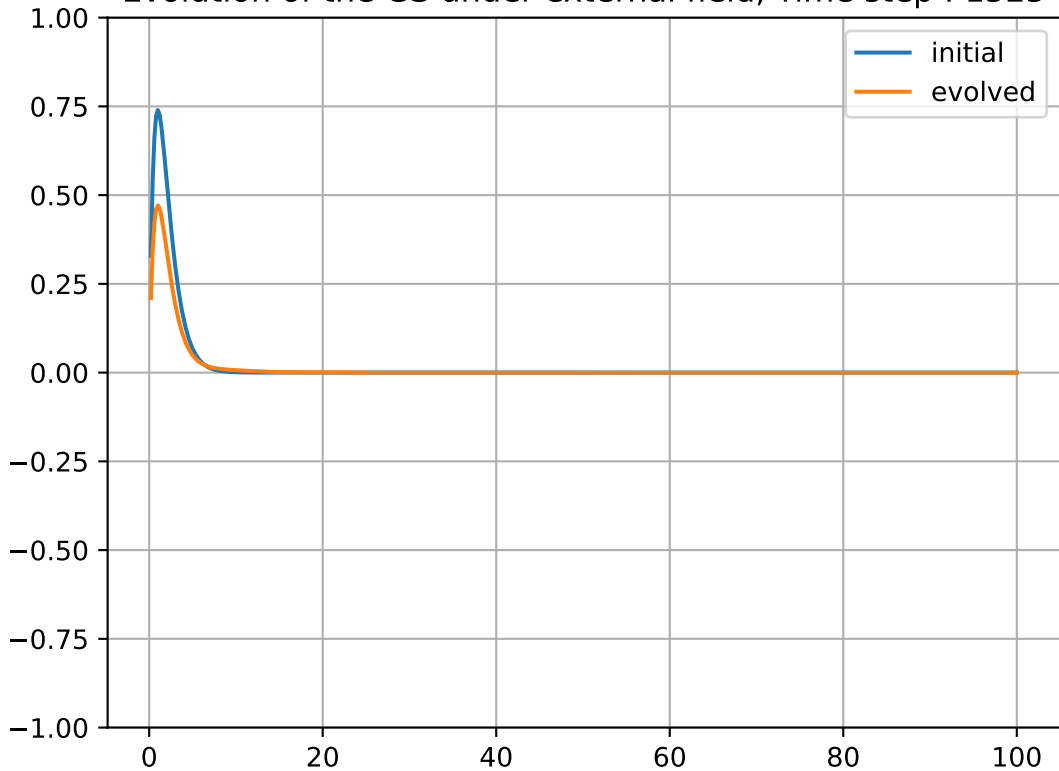

Evolution of the GS under external field, Time step : 1475

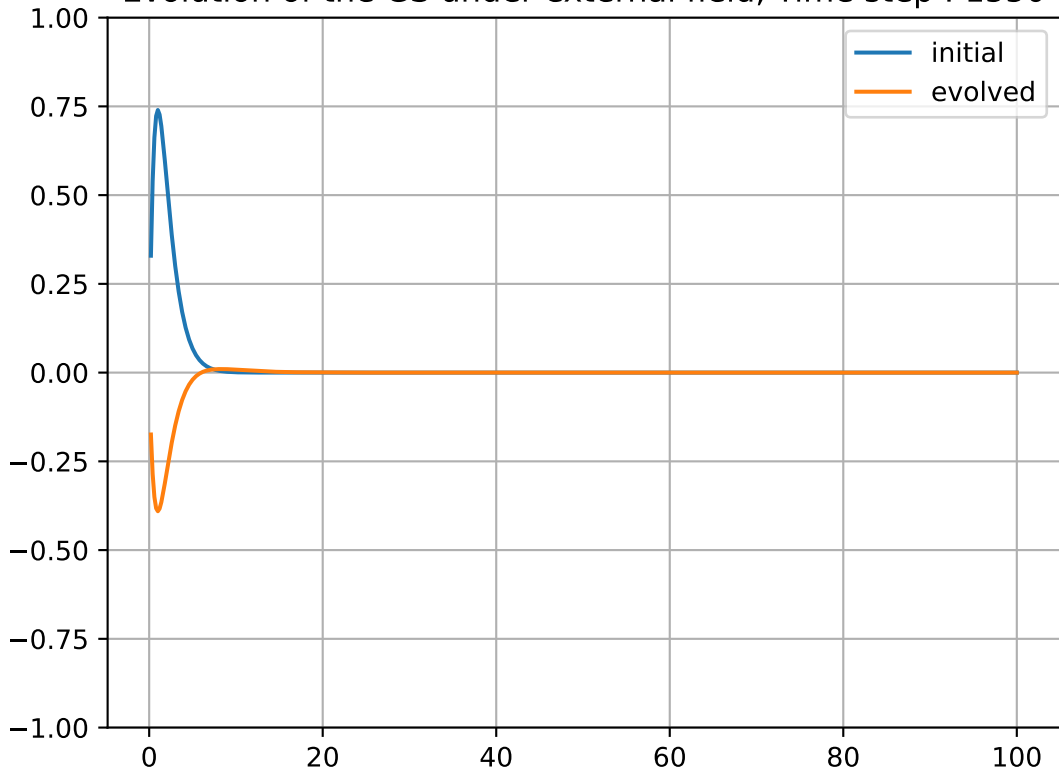

Evolution of the GS under external field, Time step : 1500

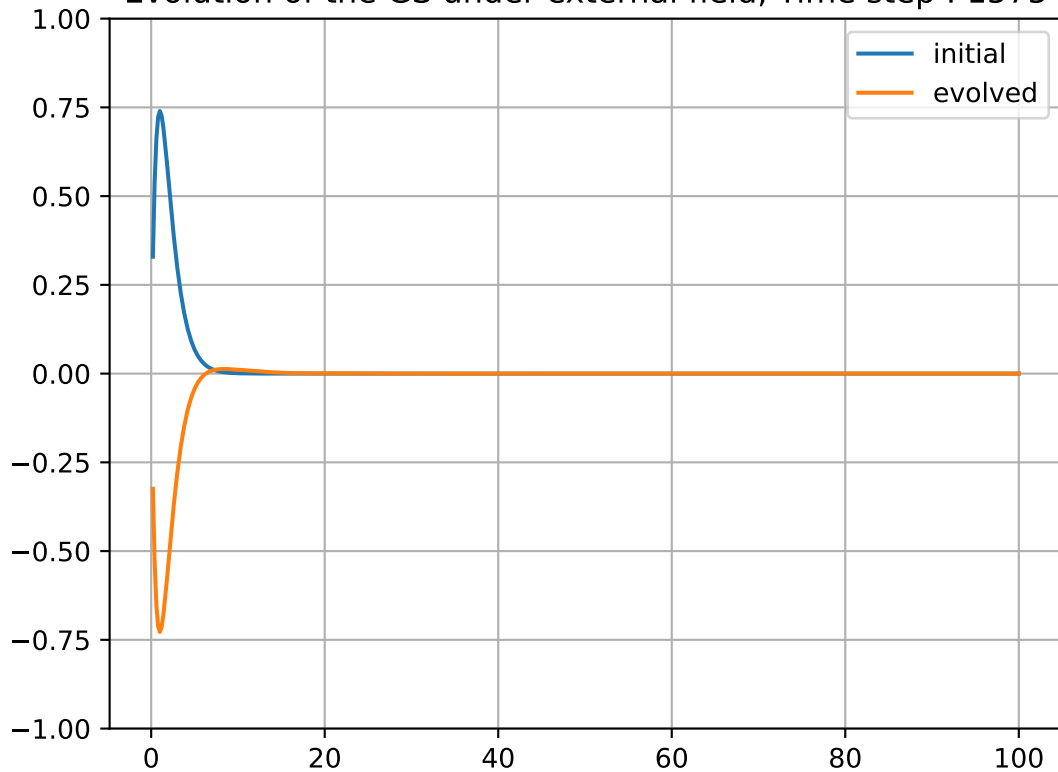

Evolution of the GS under external field, Time step : 1525

Evolution of the GS under external field, Time step : 1550

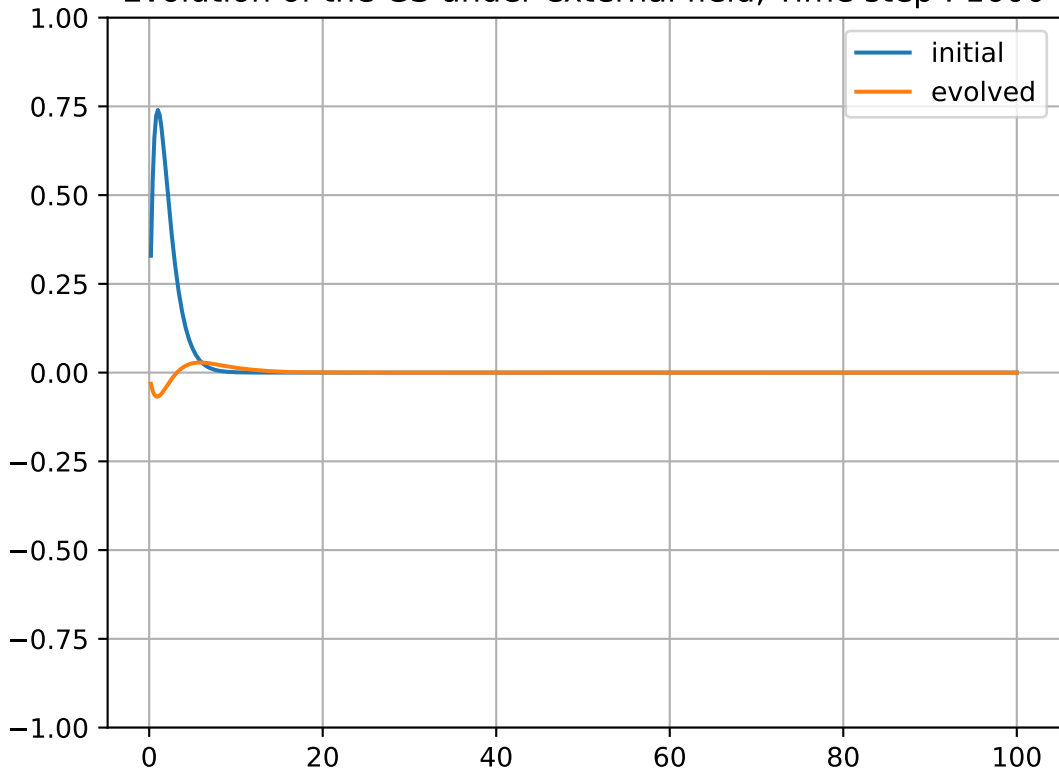

Evolution of the GS under external field, Time step : 1575

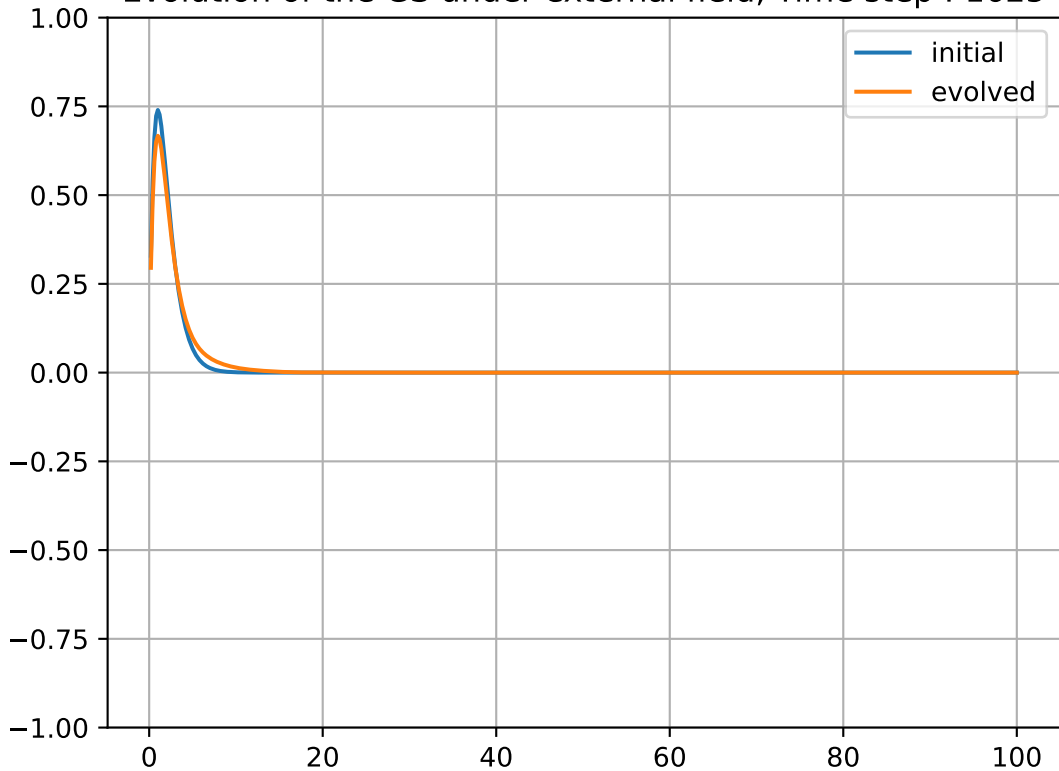

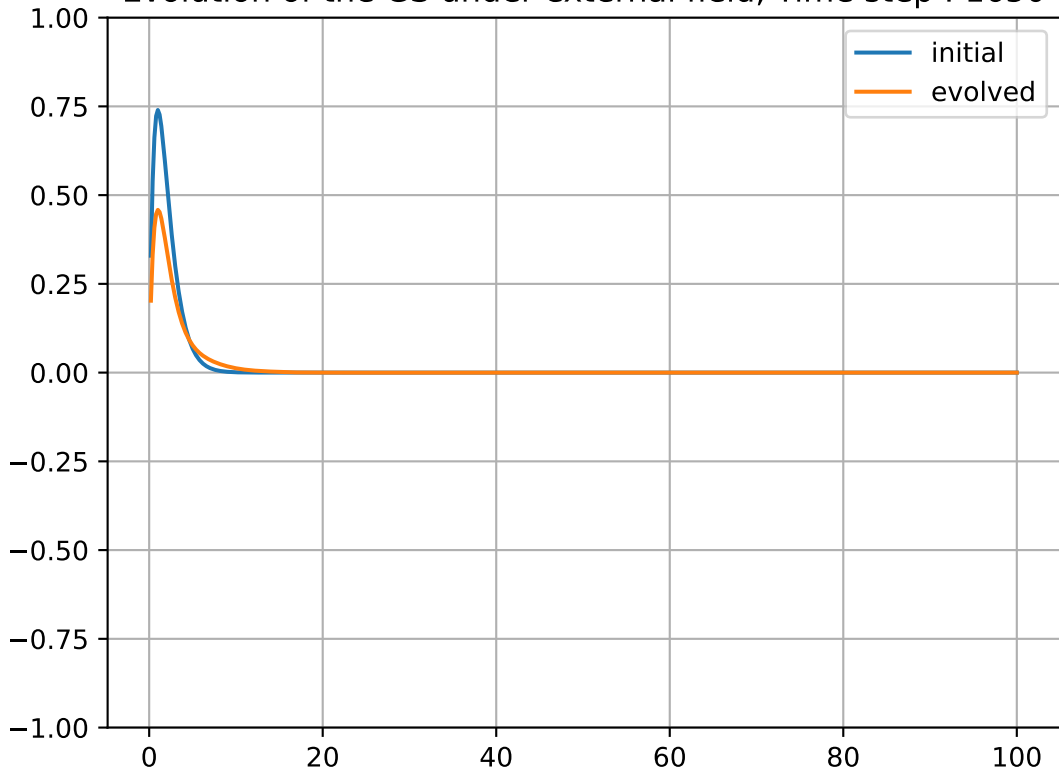

Evolution of the GS under external field, Time step : 1600

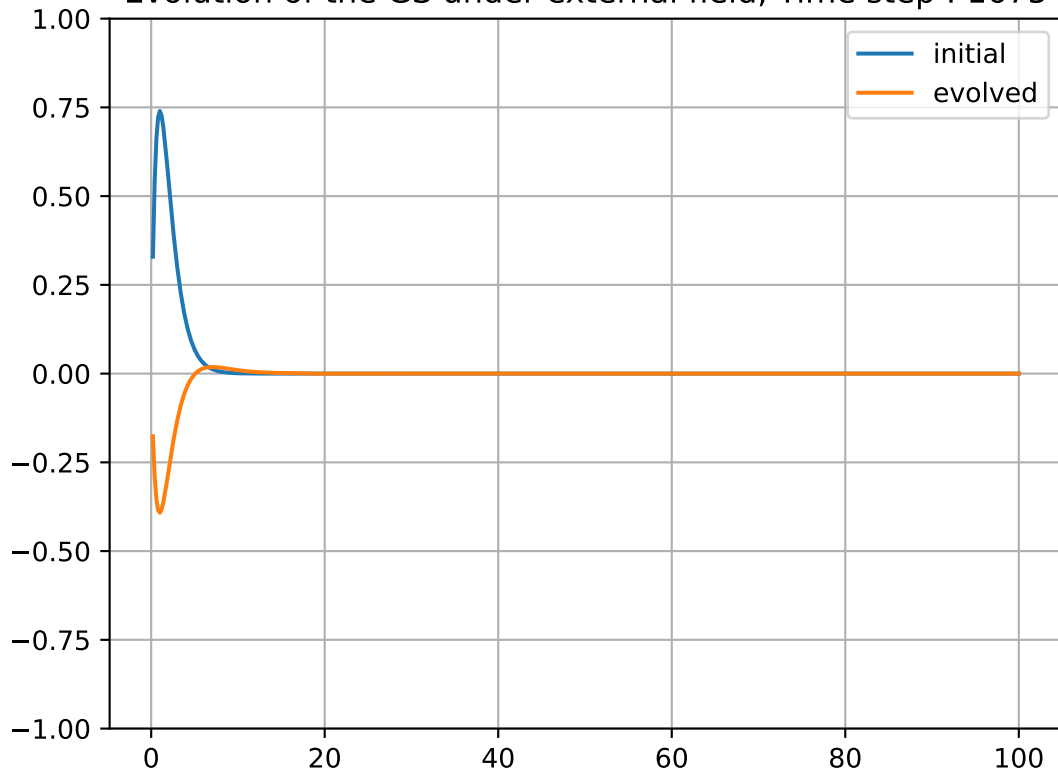

Evolution of the GS under external field, Time step : 1625

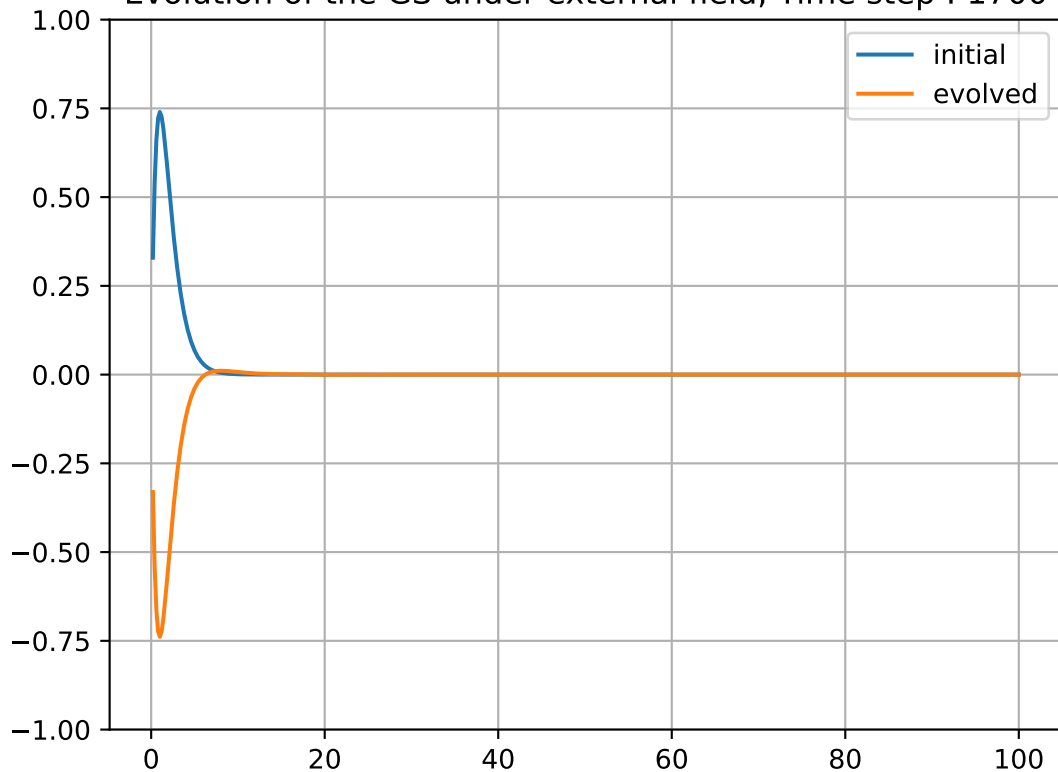

Evolution of the GS under external field, Time step : 1650

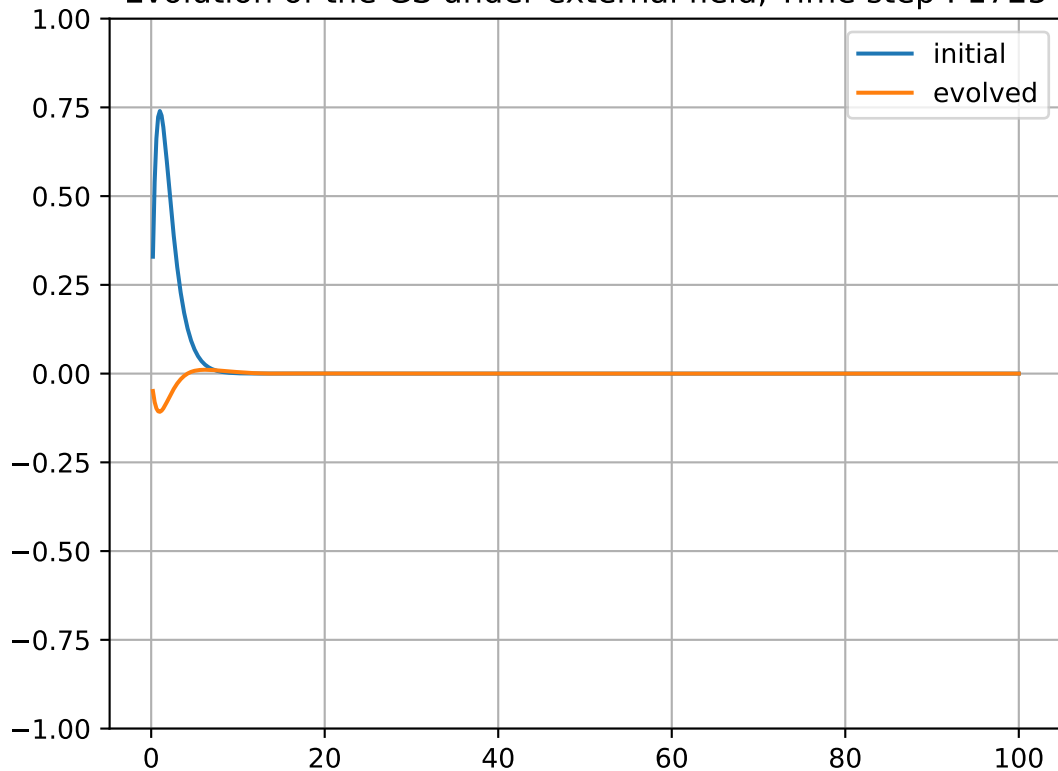

Evolution of the GS under external field, Time step : 1675

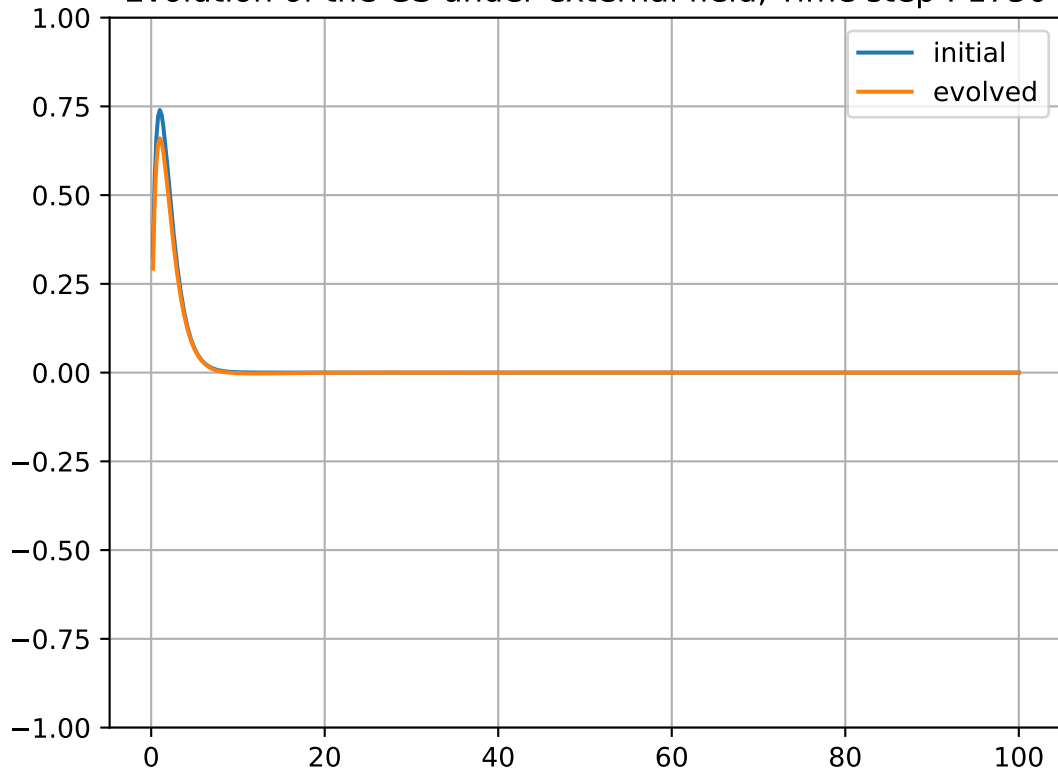

Evolution of the GS under external field, Time step : 1700

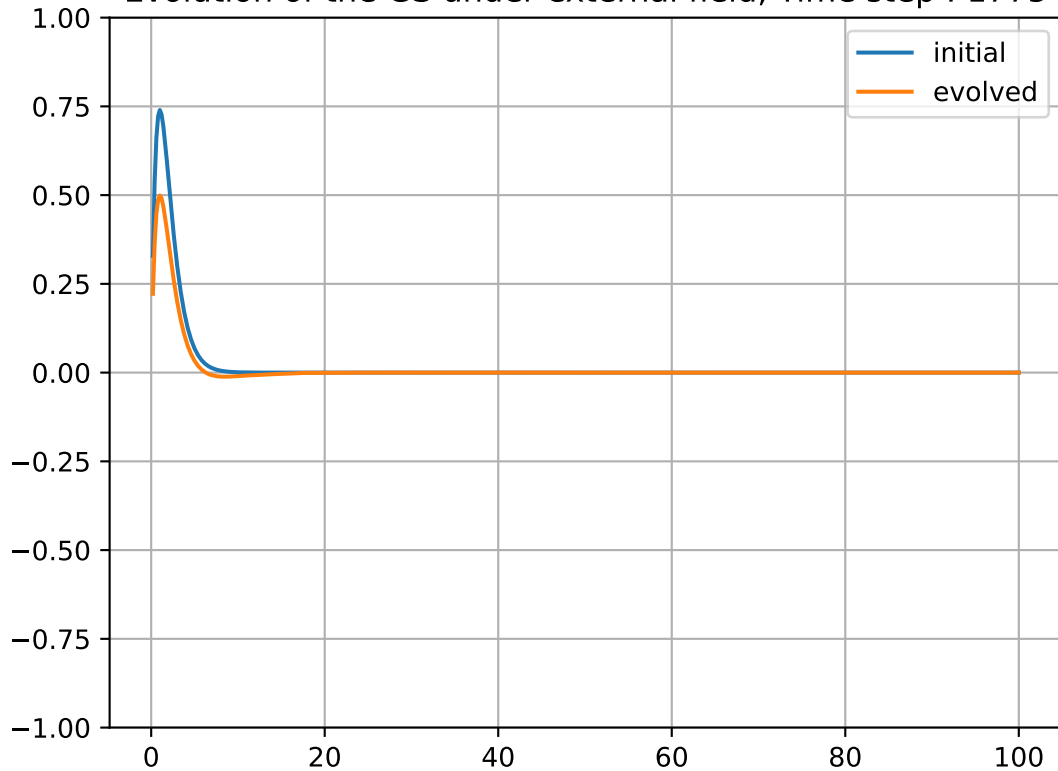

Evolution of the GS under external field, Time step : 1725

Evolution of the GS under external field, Time step : 1750

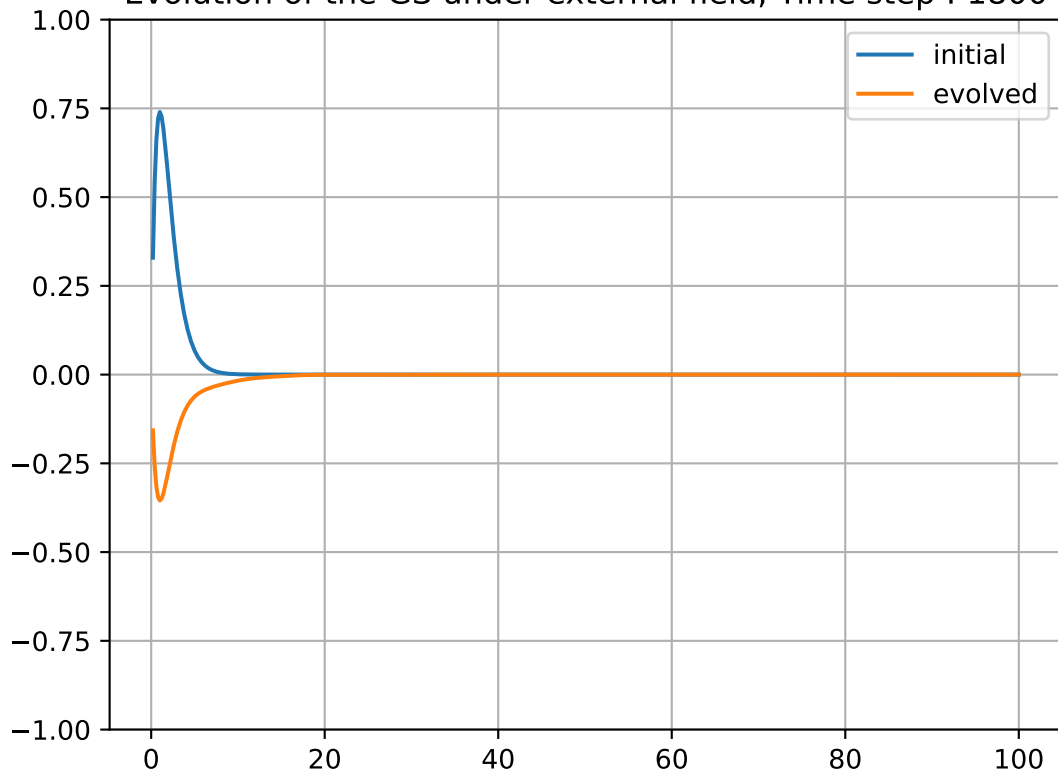

Evolution of the GS under external field, Time step : 1775

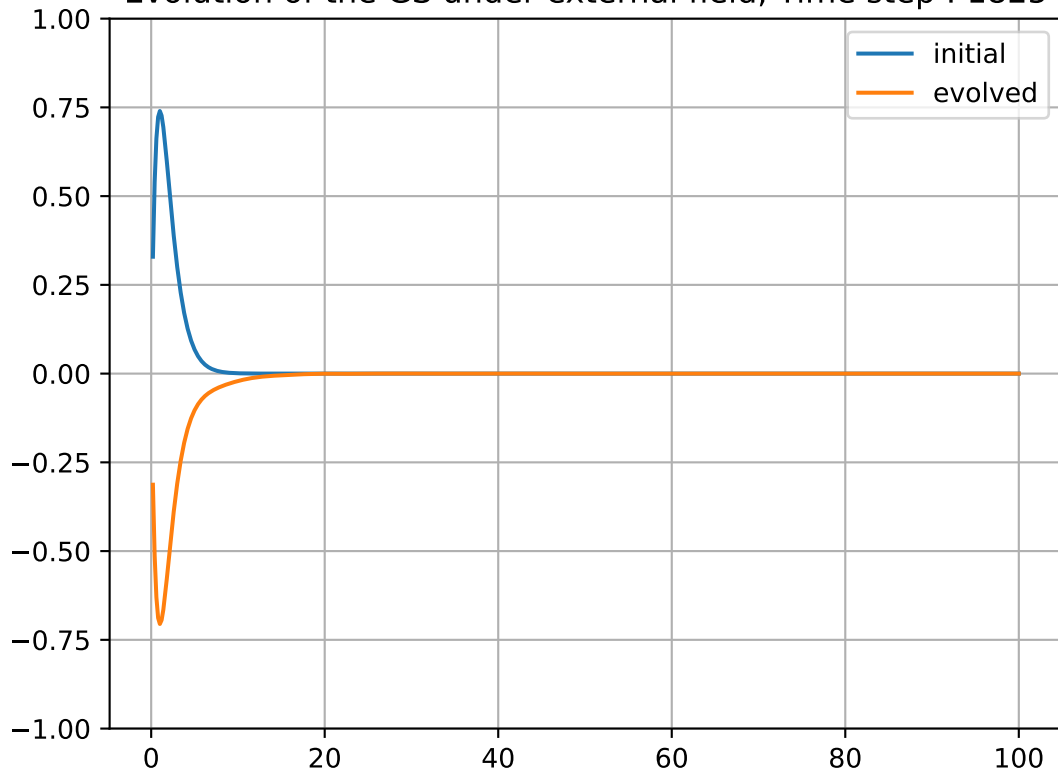

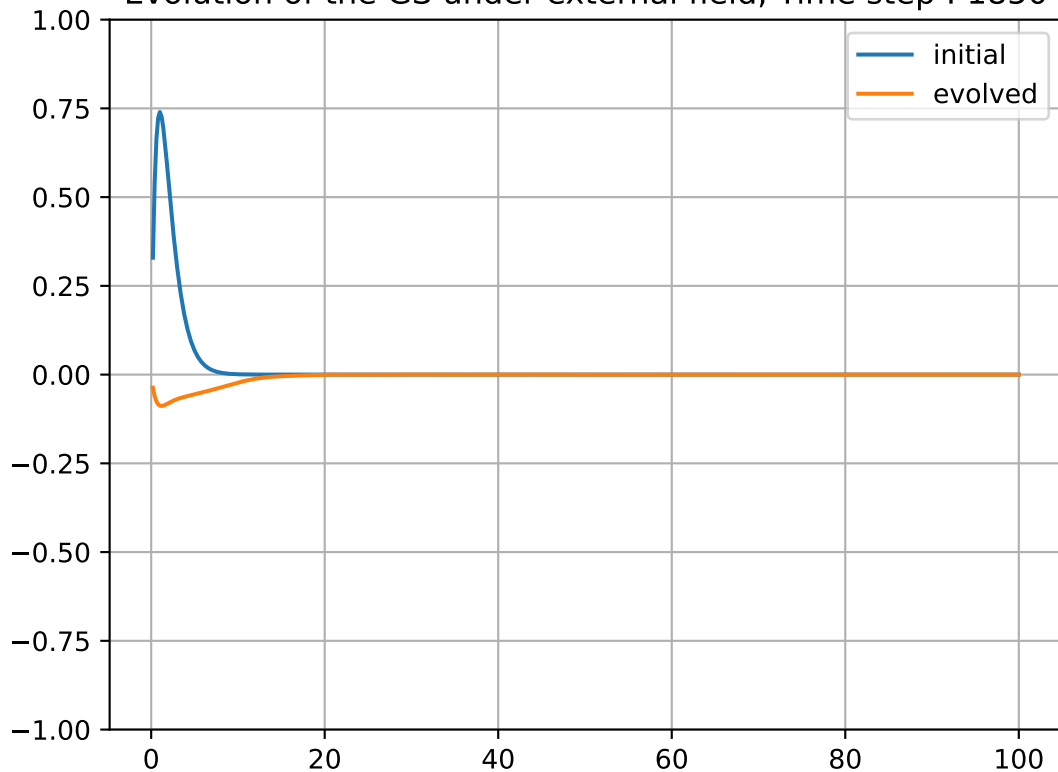

Evolution of the GS under external field, Time step : 1800

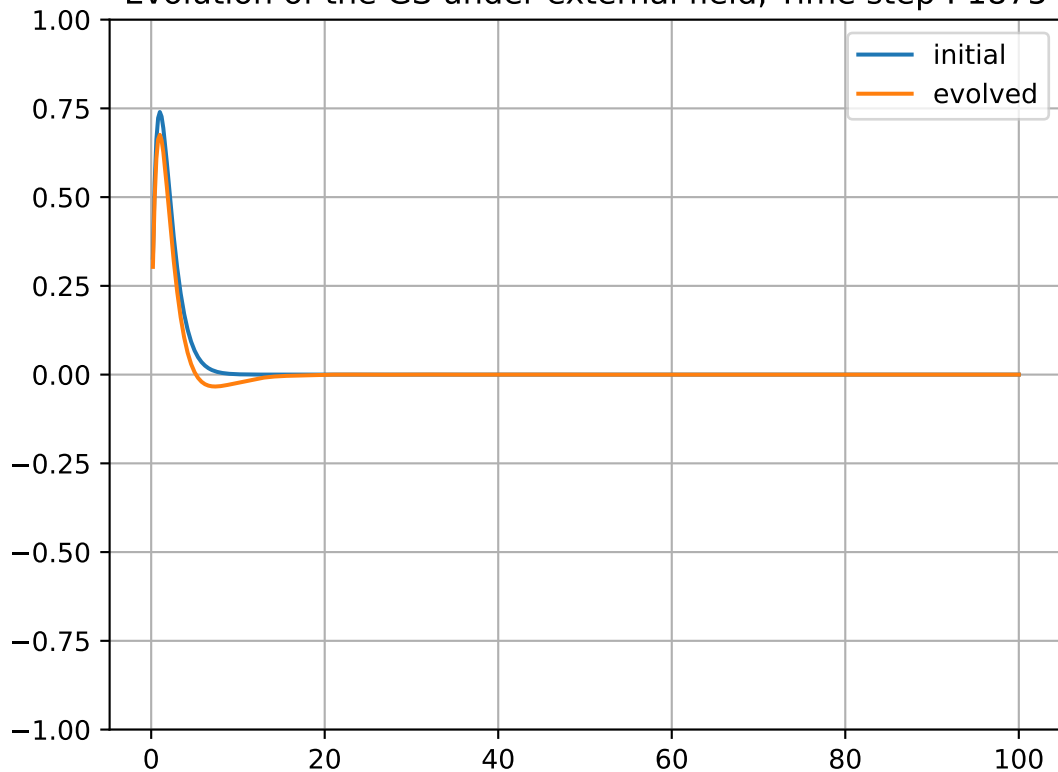

Evolution of the GS under external field, Time step : 1825

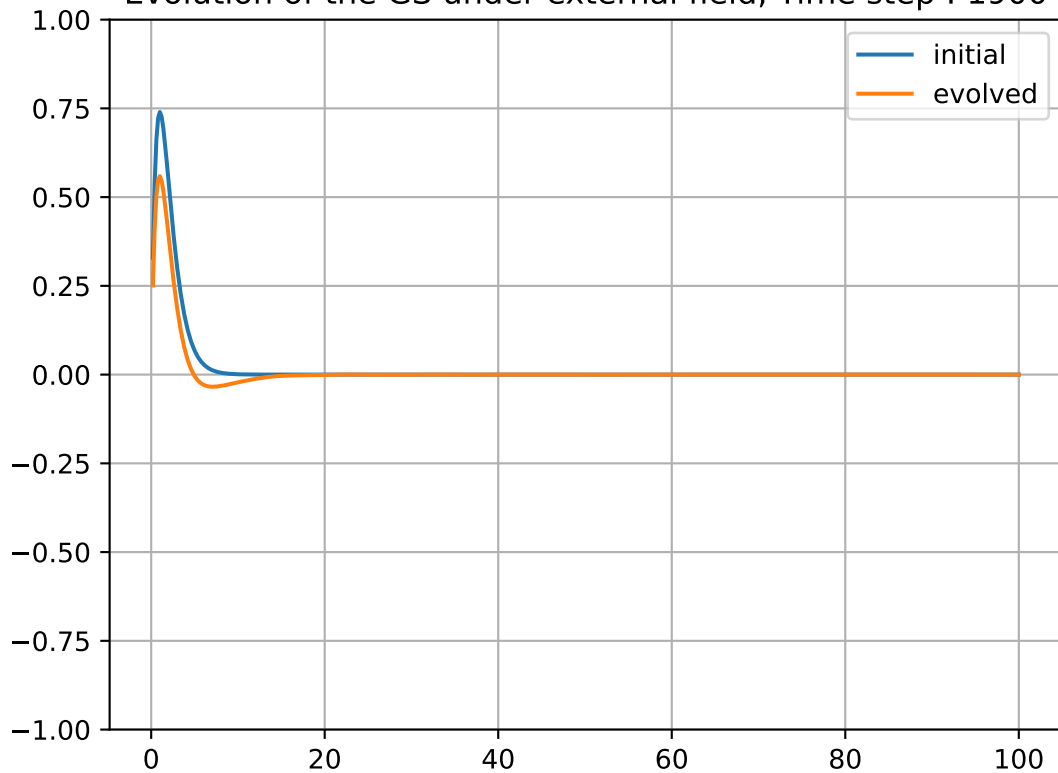

Evolution of the GS under external field, Time step : 1850

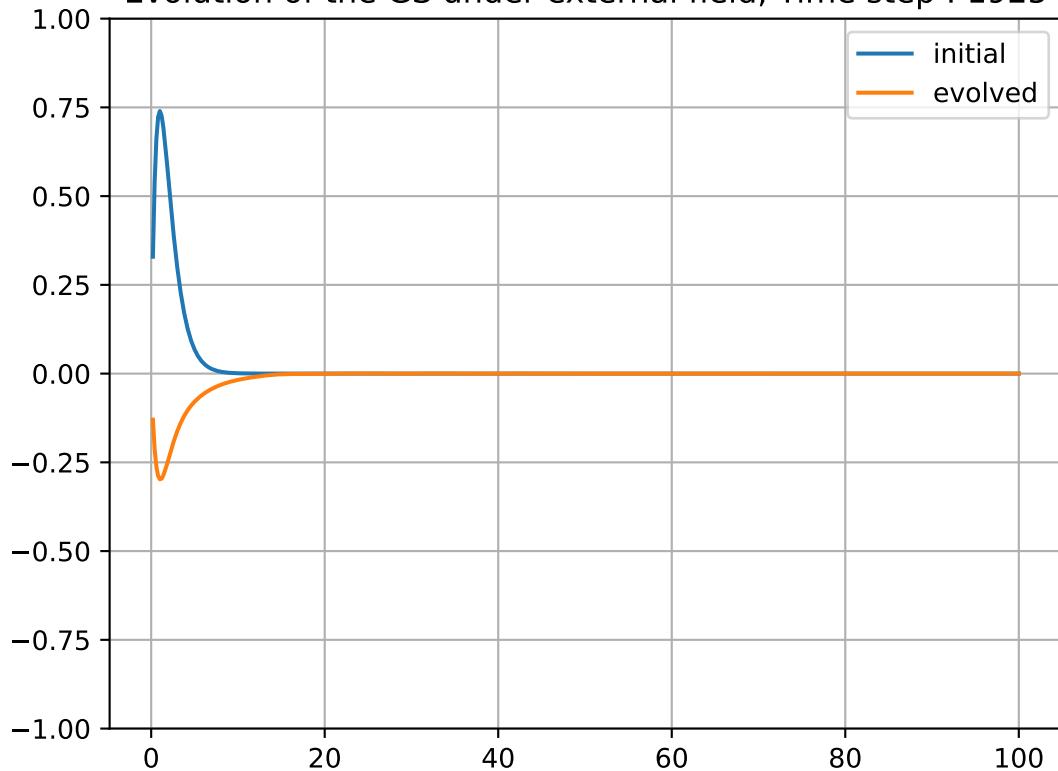

Evolution of the GS under external field, Time step : 1875

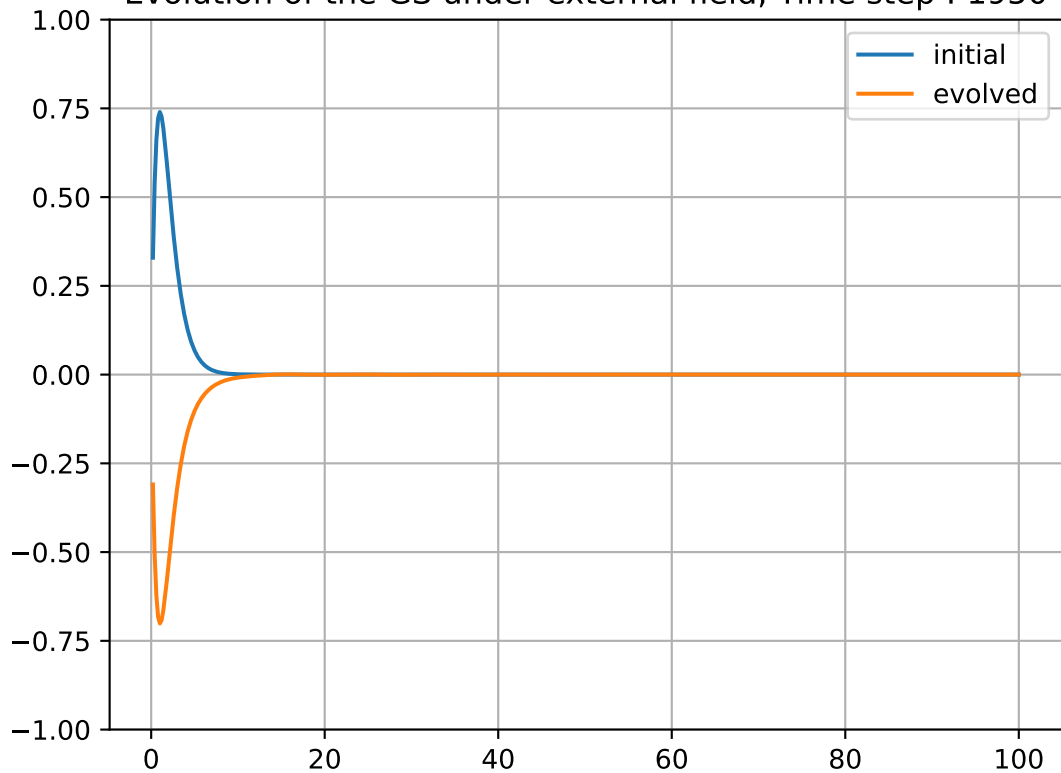

Evolution of the GS under external field, Time step : 1900

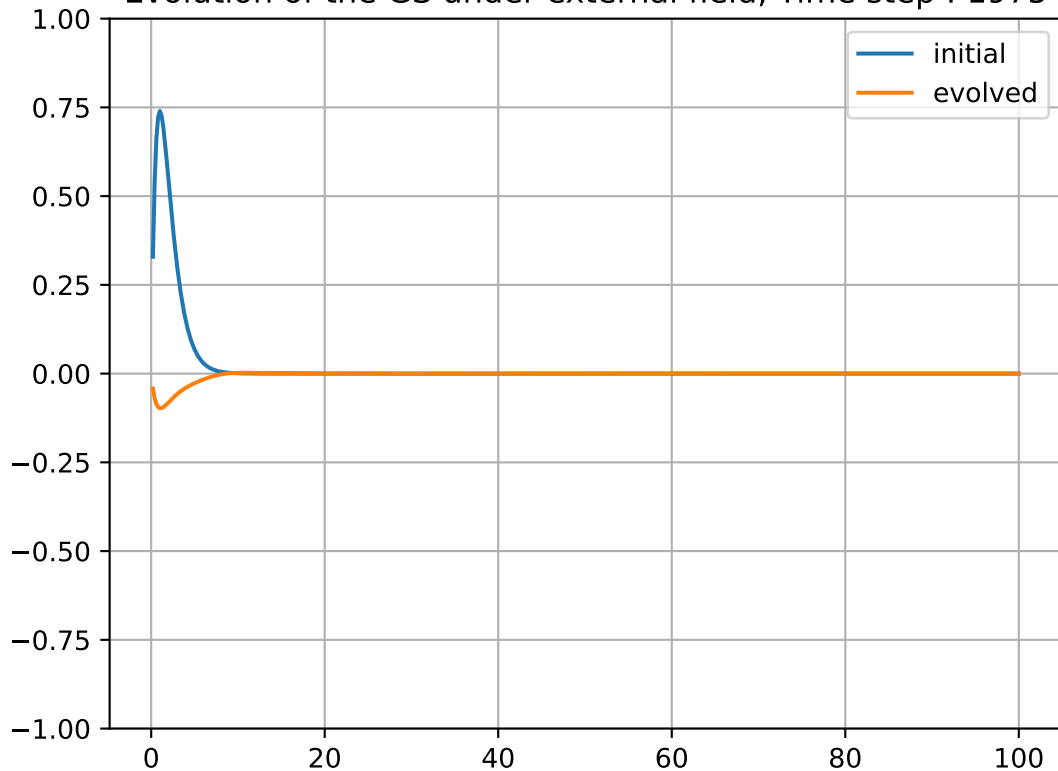

Evolution of the GS under external field, Time step : 1925

Evolution of the GS under external field, Time step : 1950

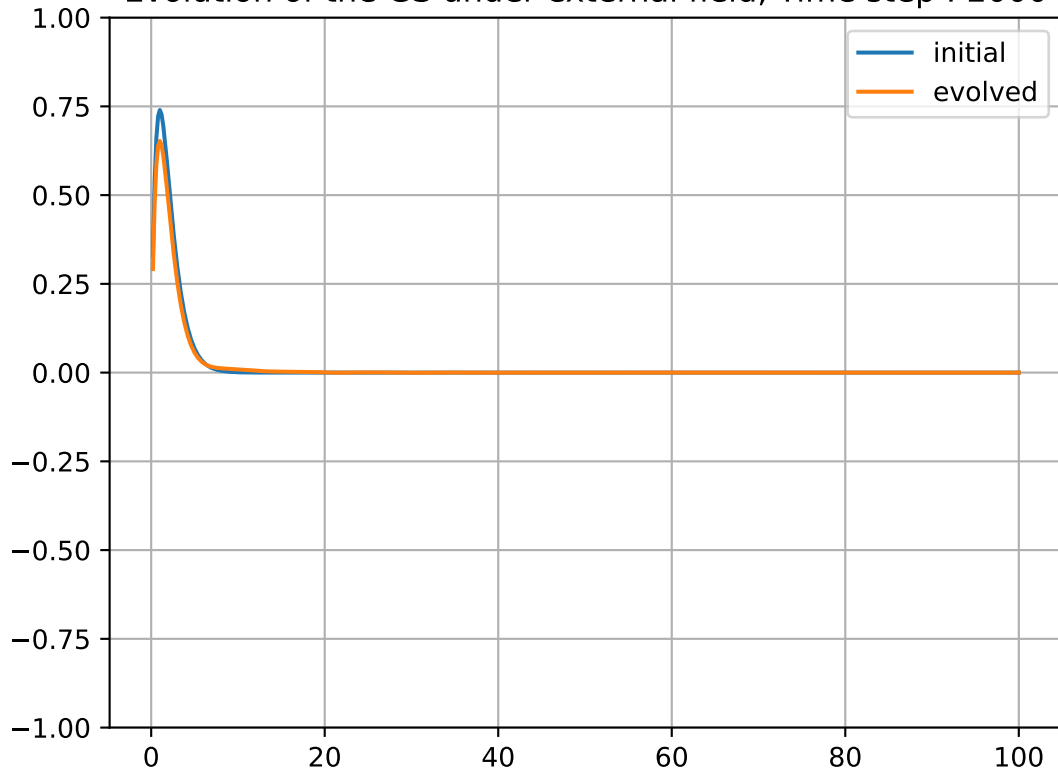

Evolution of the GS under external field, Time step : 1975

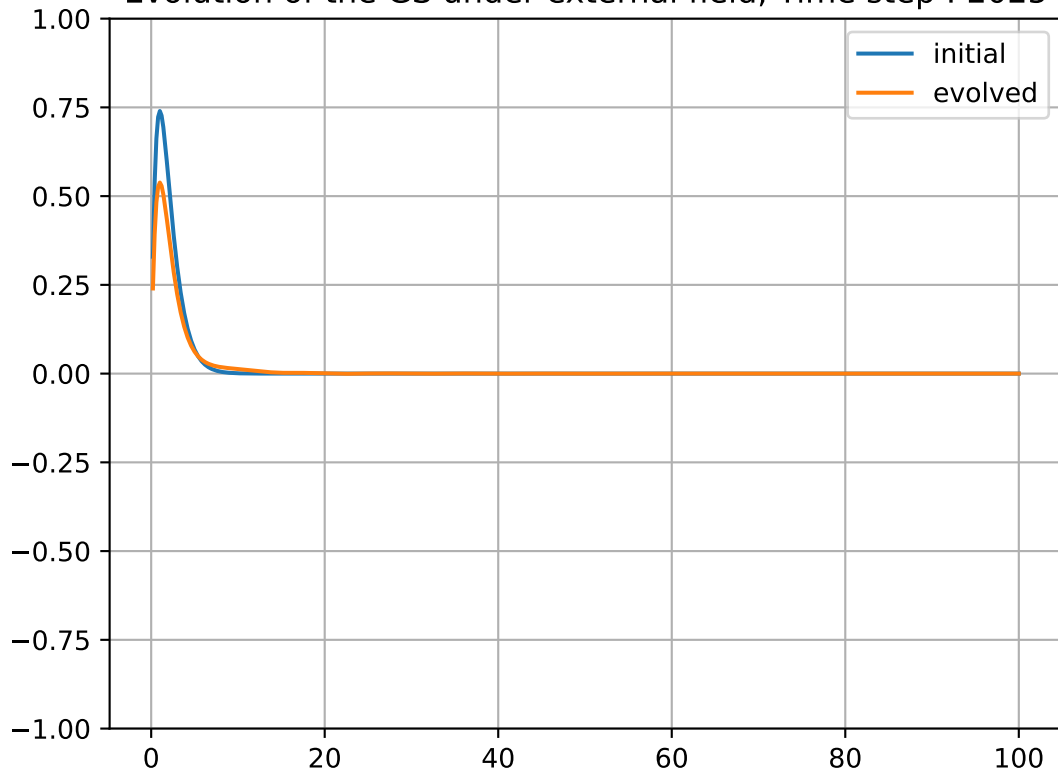

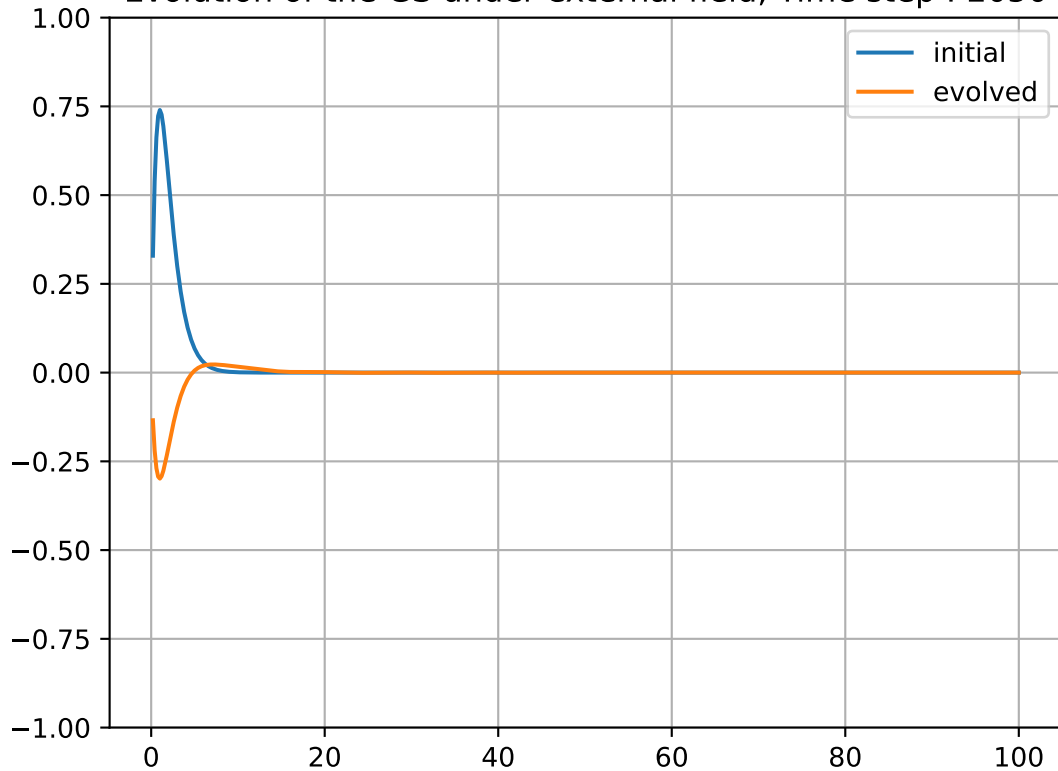

Evolution of the GS under external field, Time step : 2000

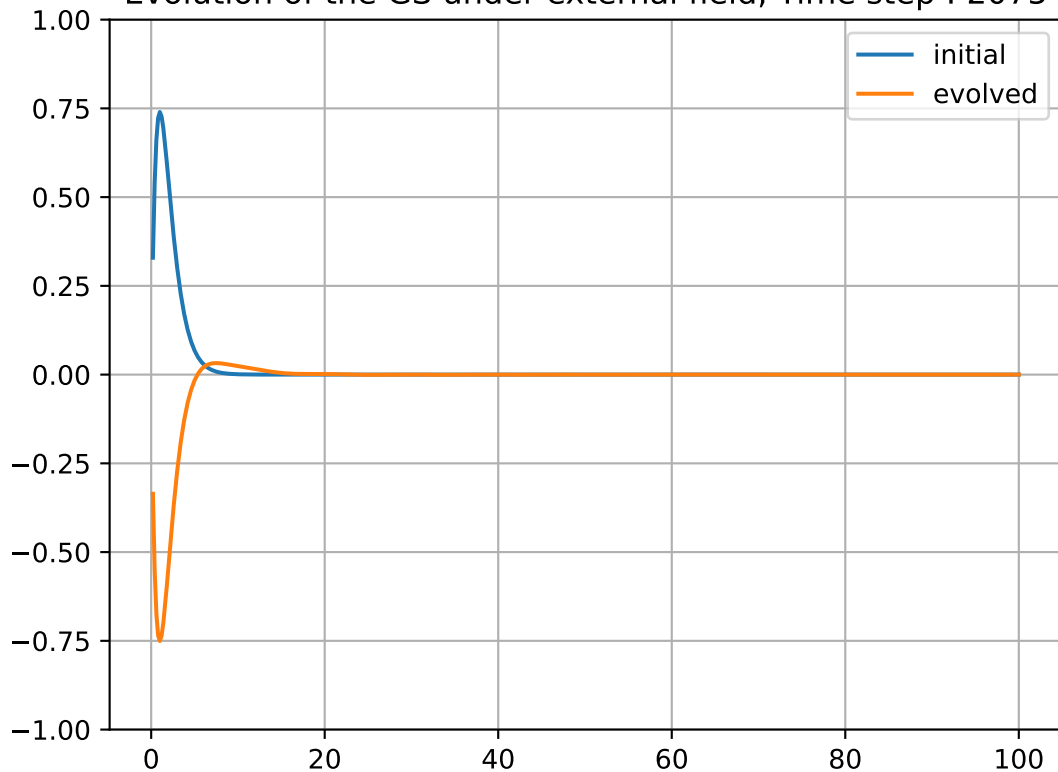

Evolution of the GS under external field, Time step : 2025

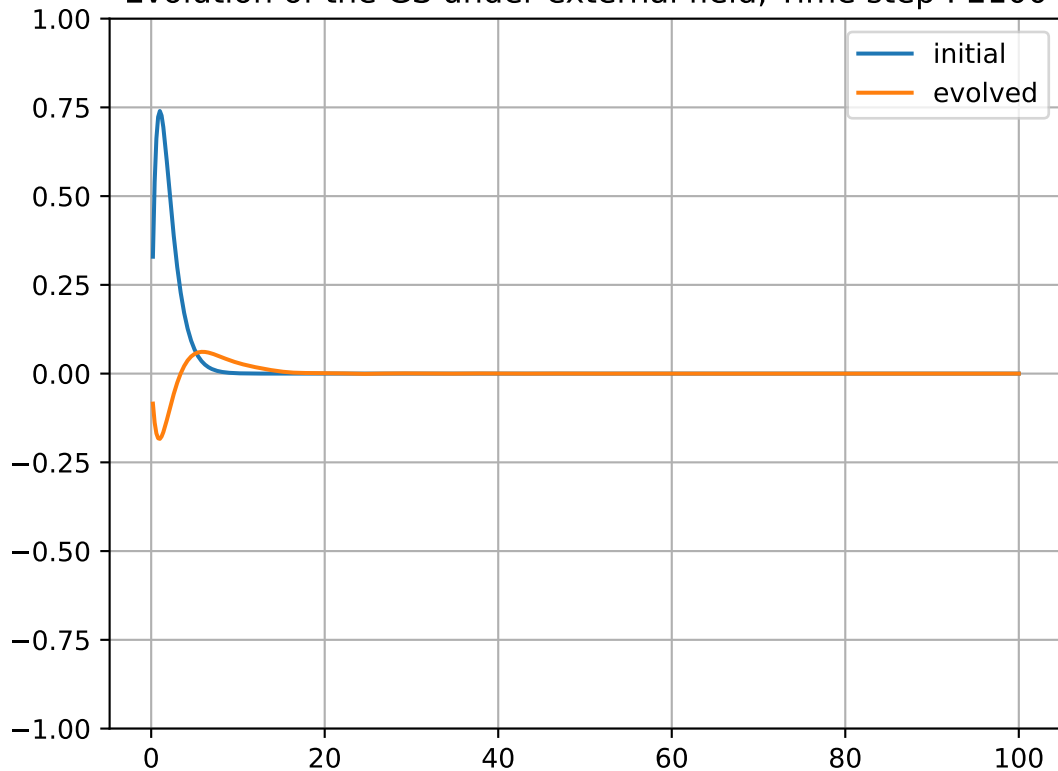

Evolution of the GS under external field, Time step : 2050

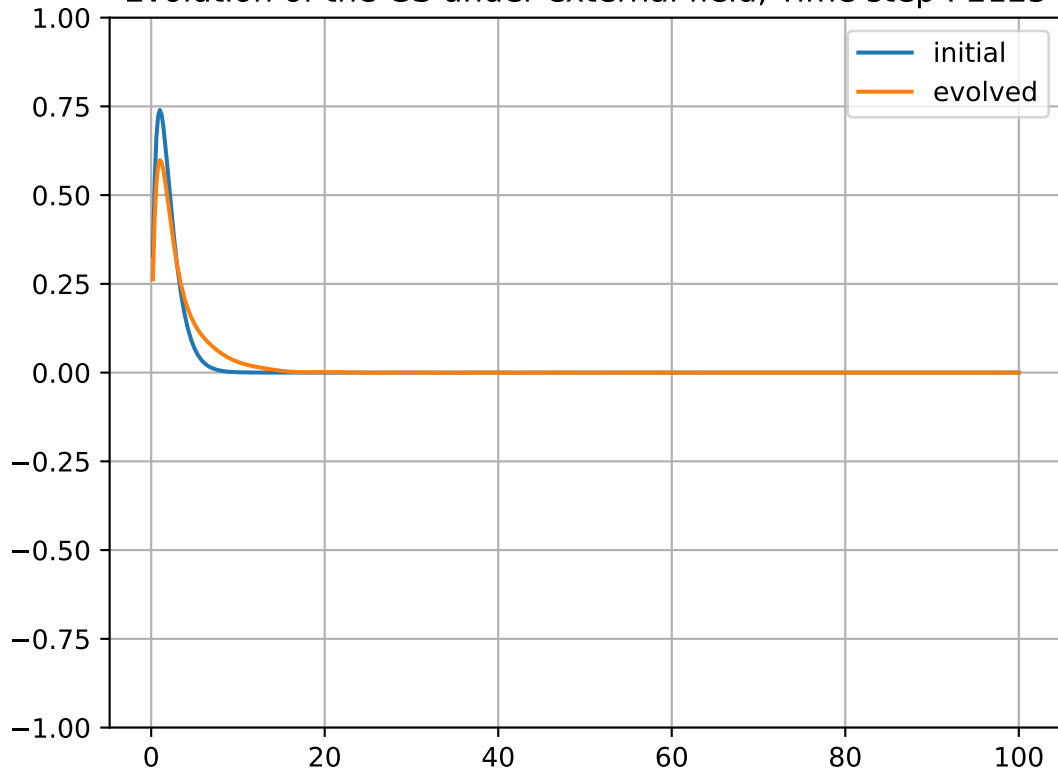

Evolution of the GS under external field, Time step : 2075

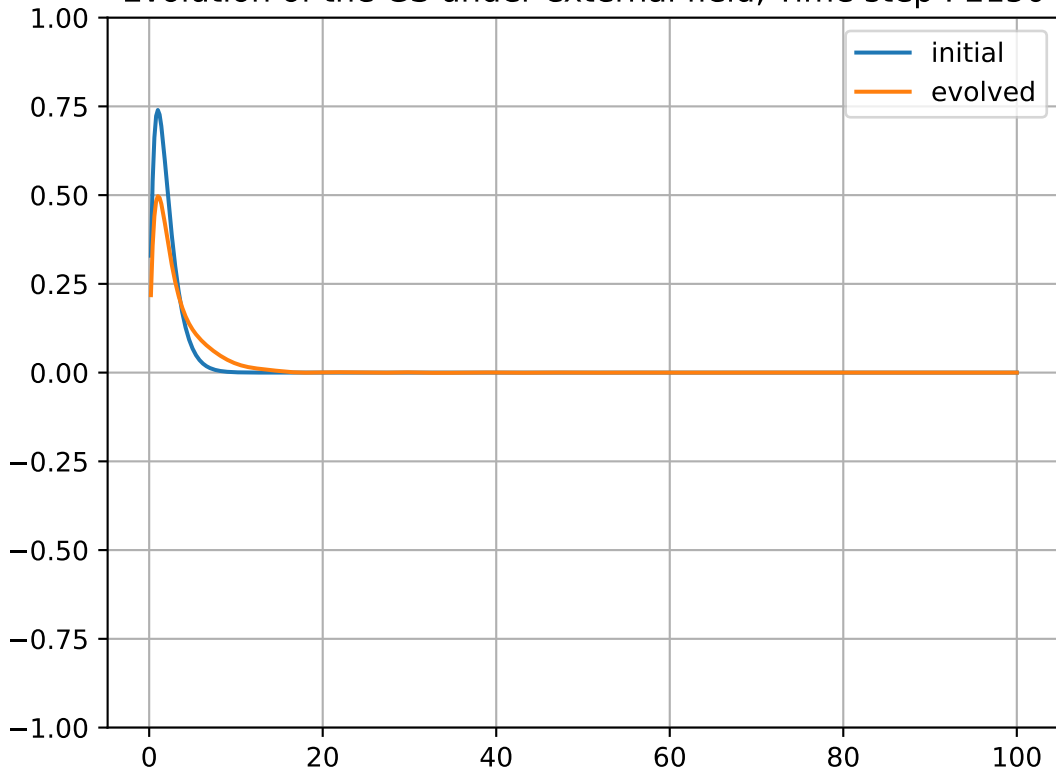

Evolution of the GS under external field, Time step : 2100

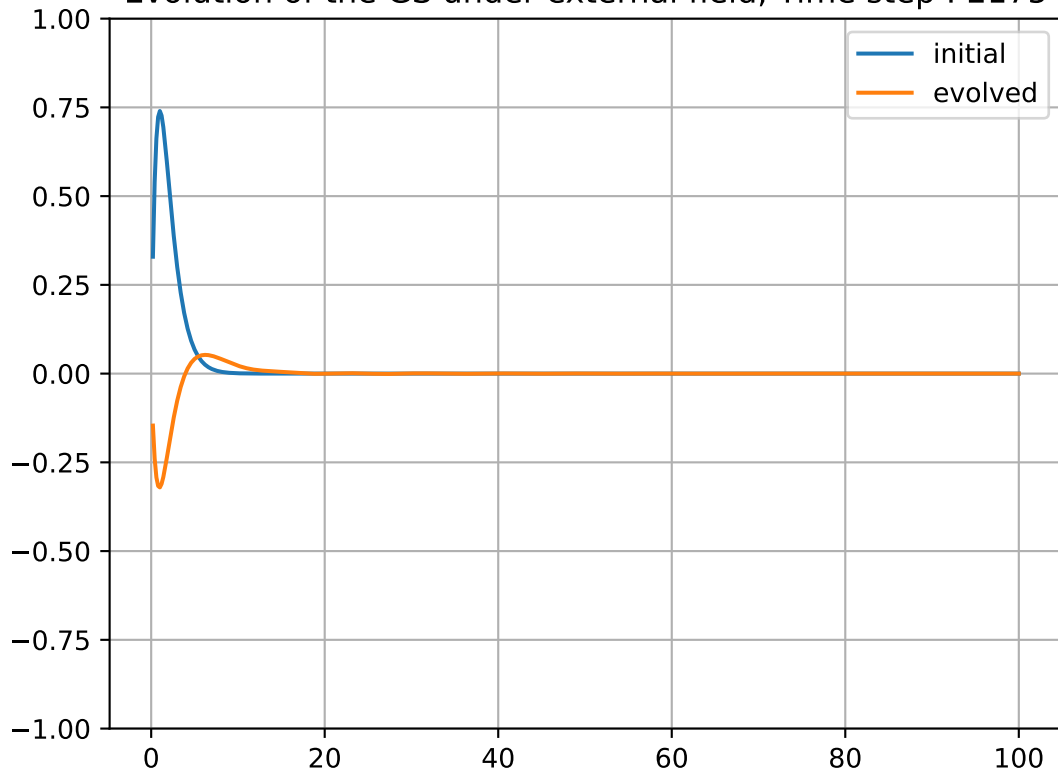

Evolution of the GS under external field, Time step : 2125

Evolution of the GS under external field, Time step : 2150

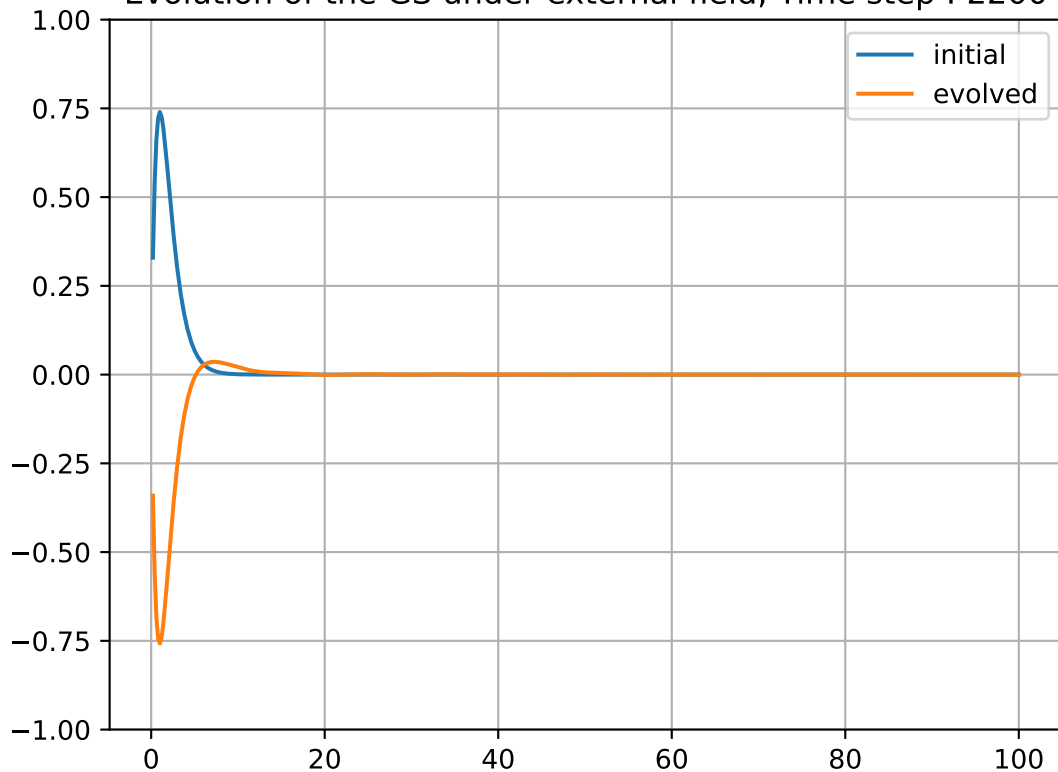

Evolution of the GS under external field, Time step : 2175

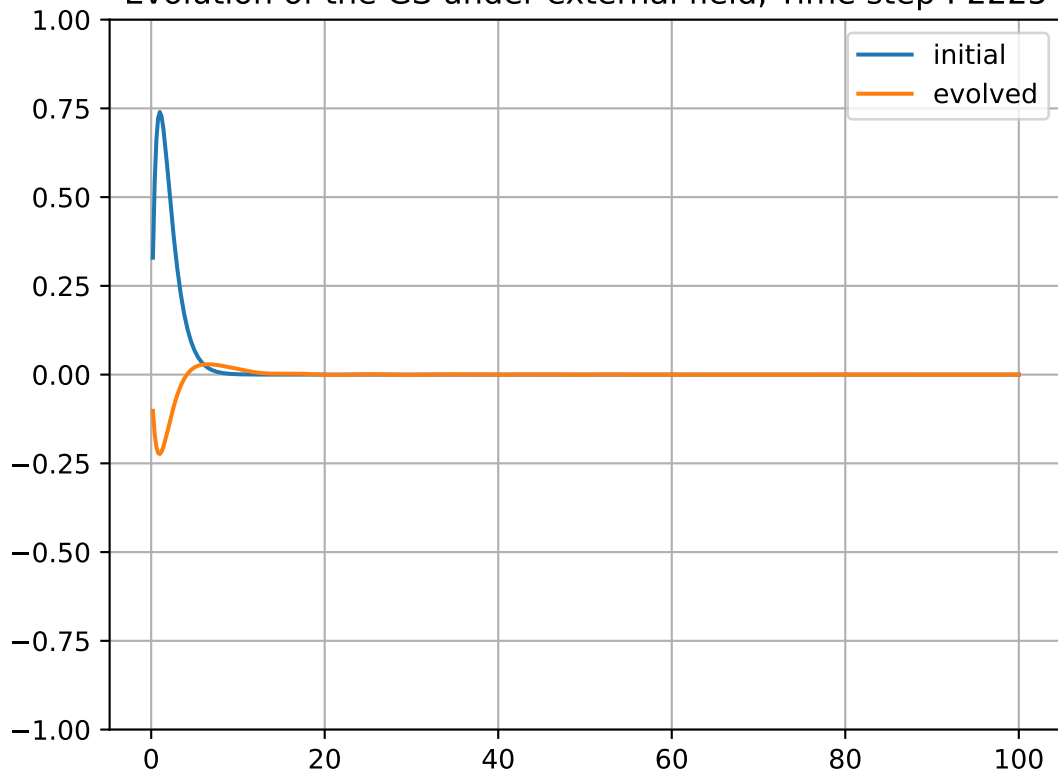

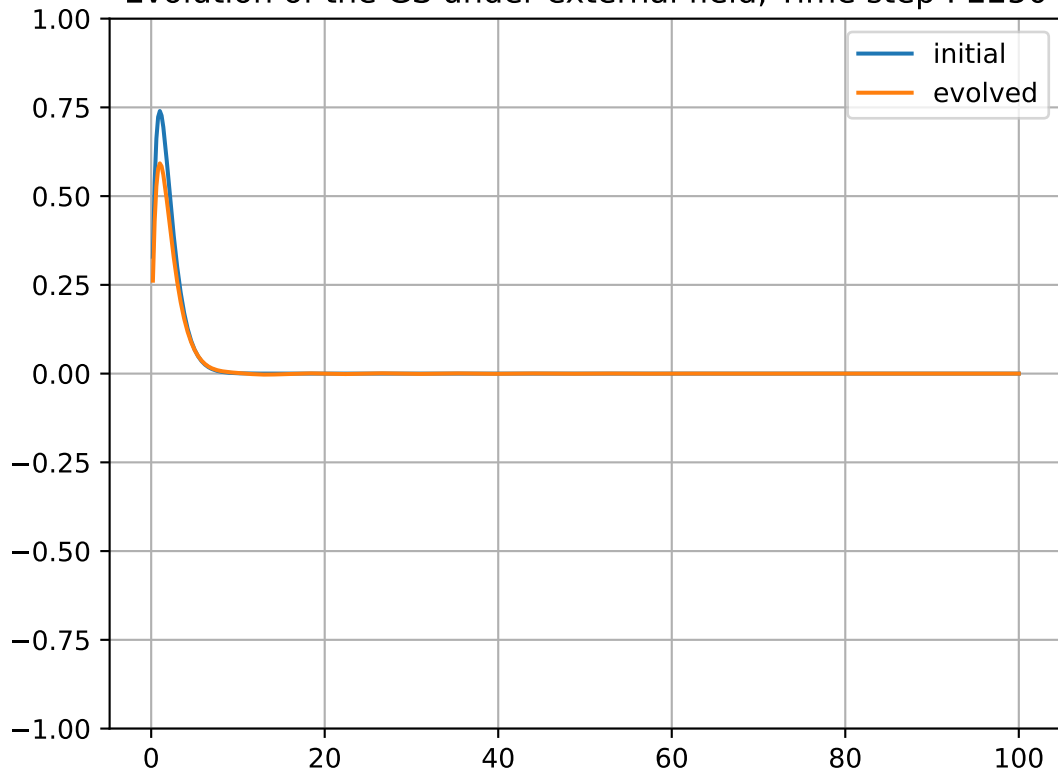

Evolution of the GS under external field, Time step : 2200

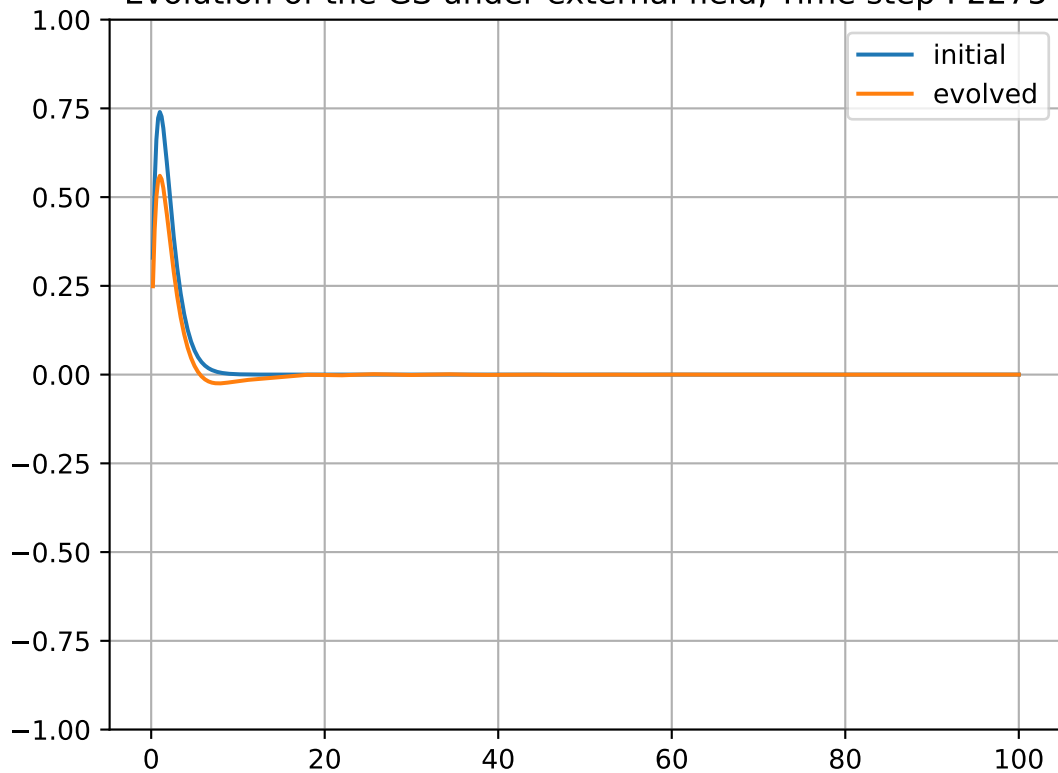

Evolution of the GS under external field, Time step : 2225

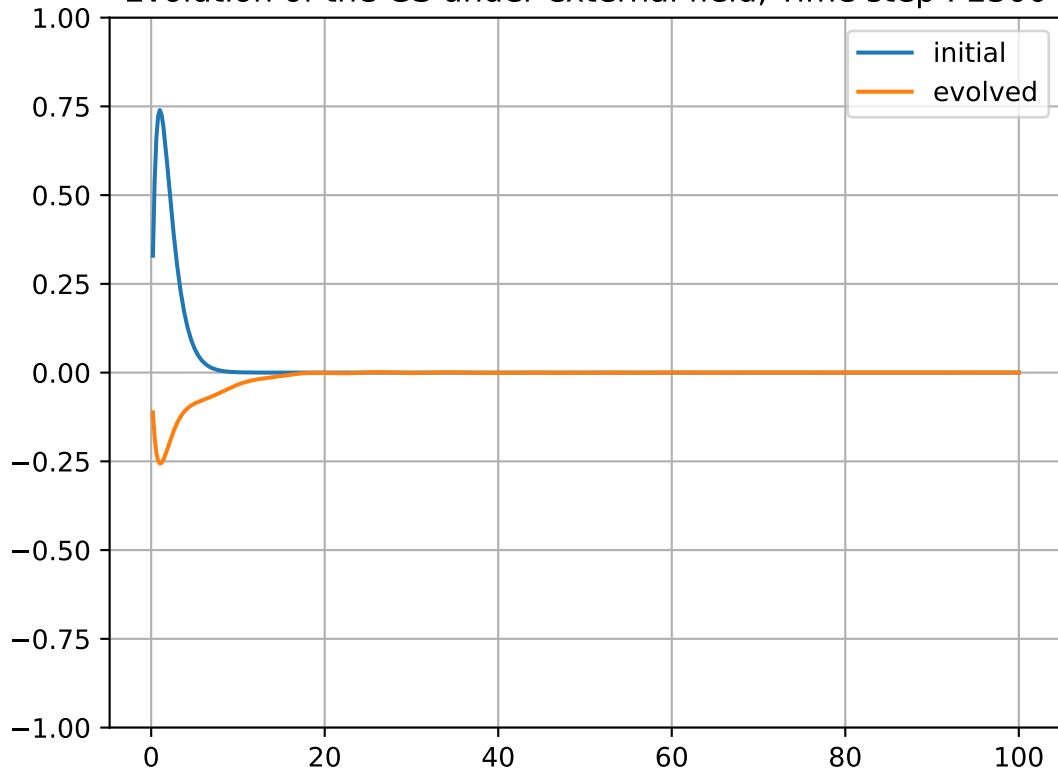

Evolution of the GS under external field, Time step : 2250

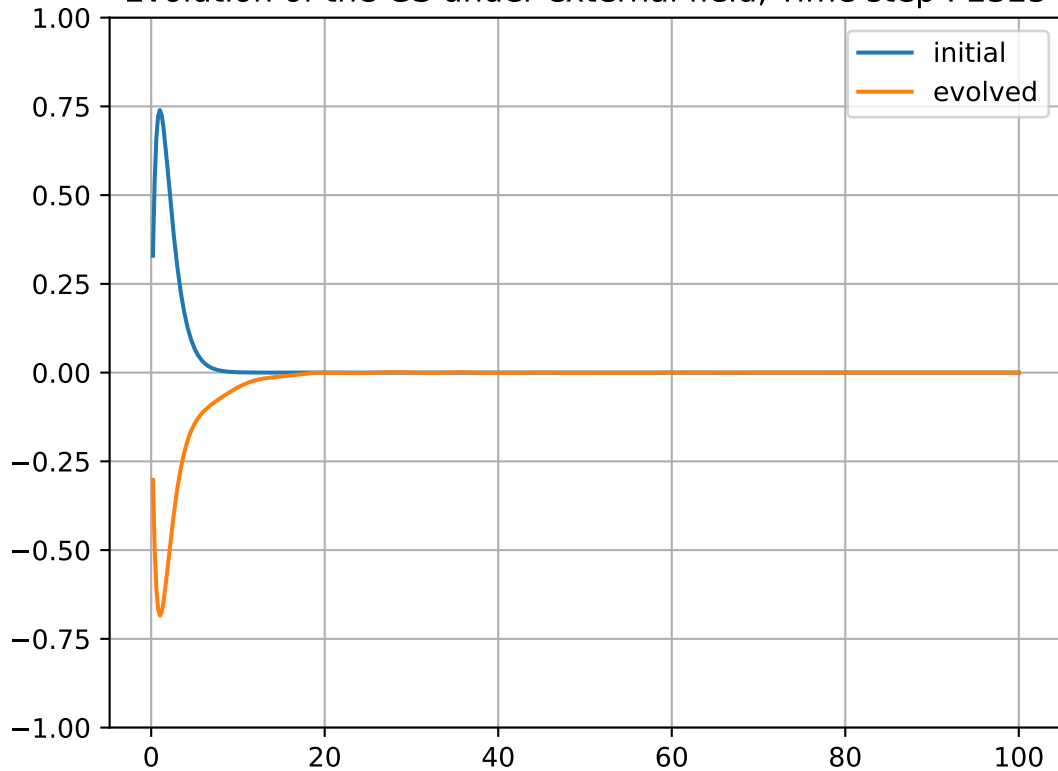

Evolution of the GS under external field, Time step : 2275

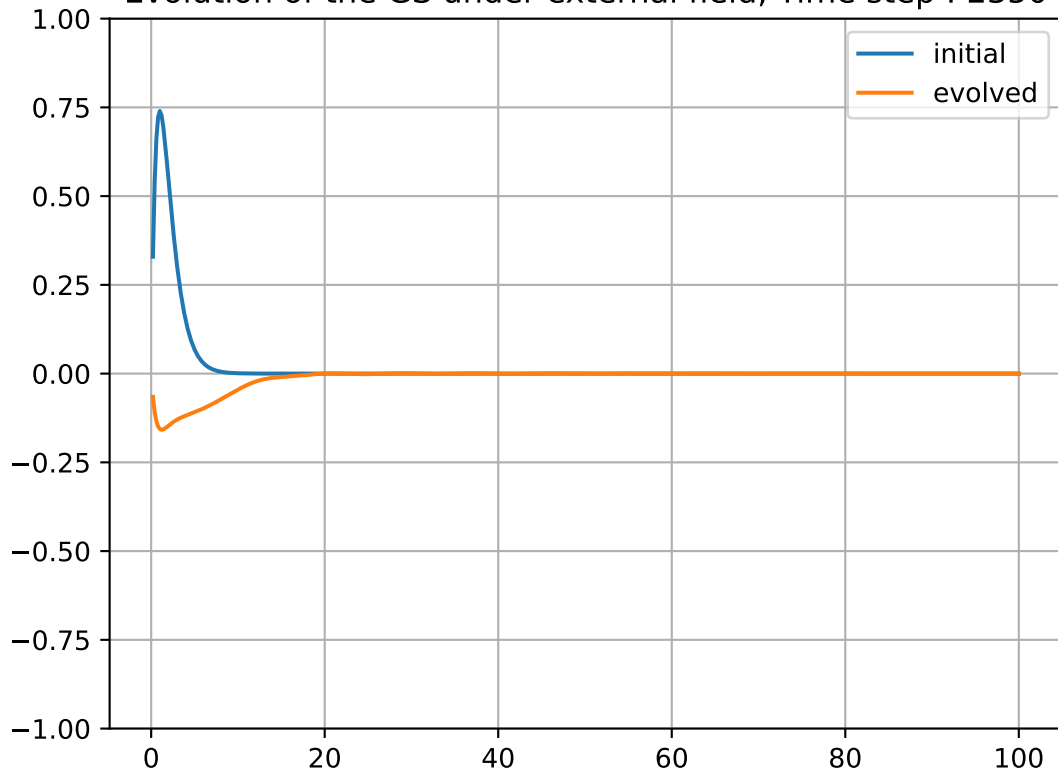

Evolution of the GS under external field, Time step : 2300

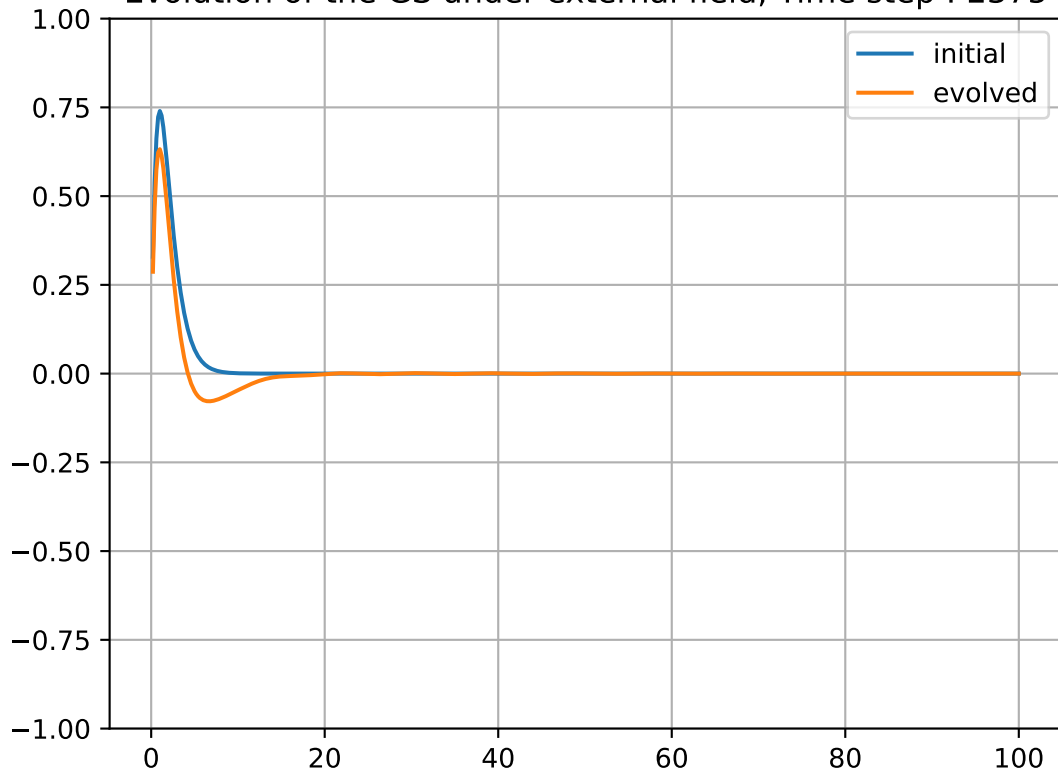

Evolution of the GS under external field, Time step : 2325

Evolution of the GS under external field, Time step : 2350

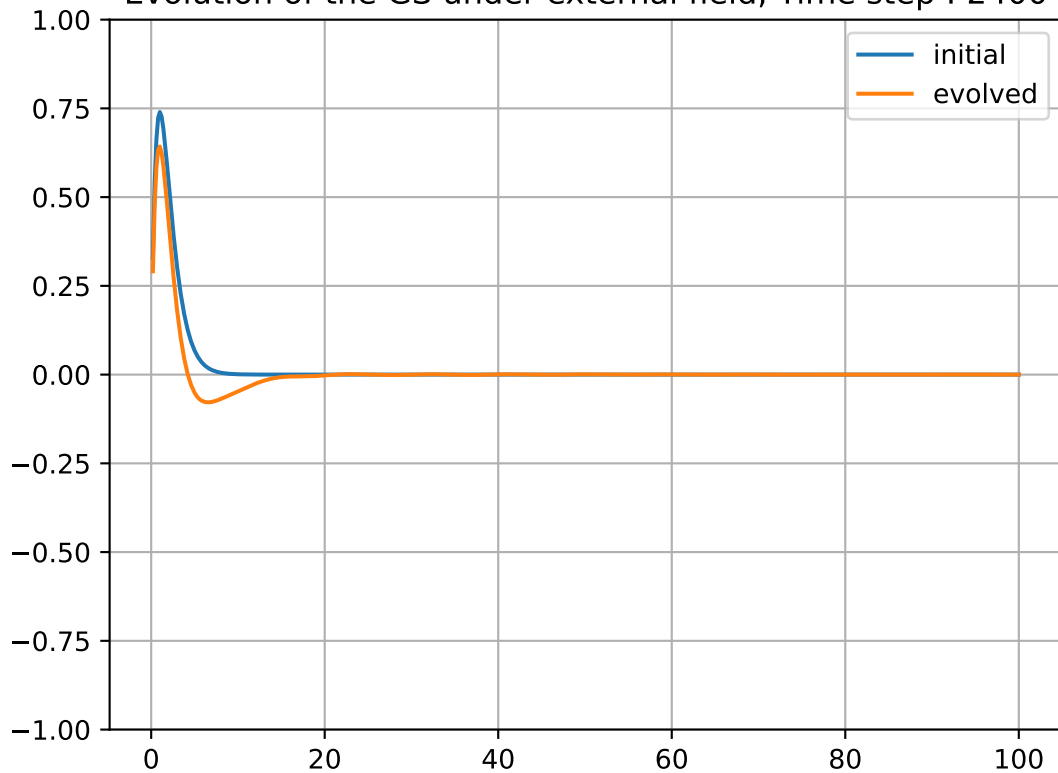

Evolution of the GS under external field, Time step : 2375

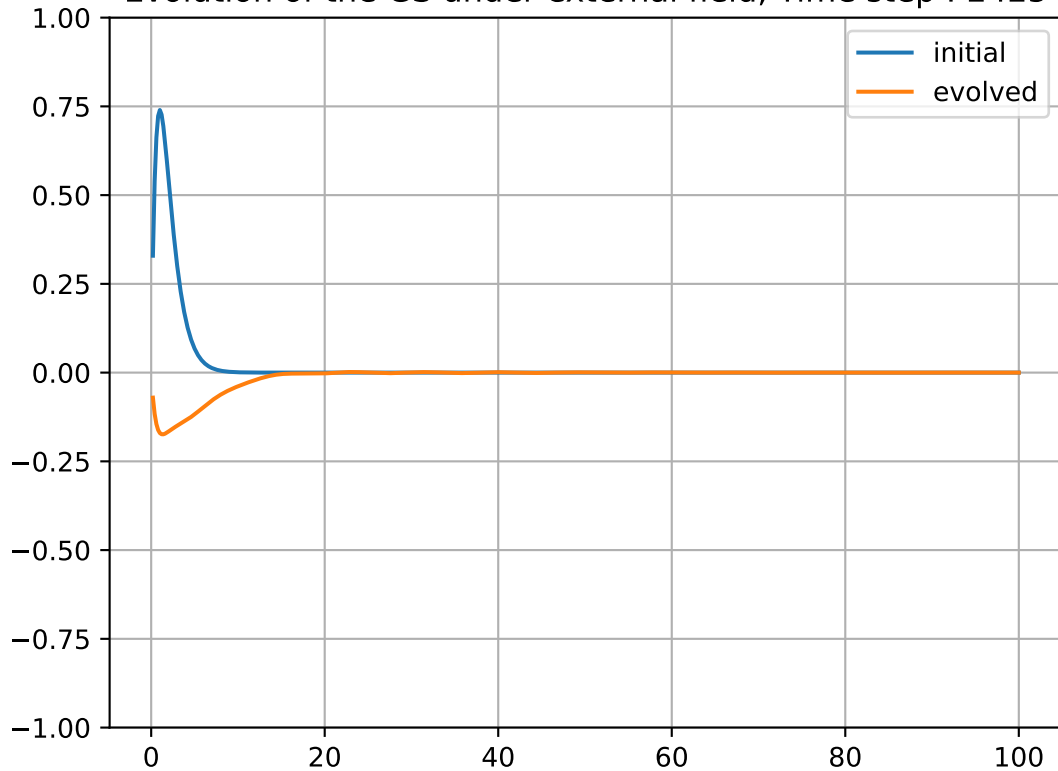

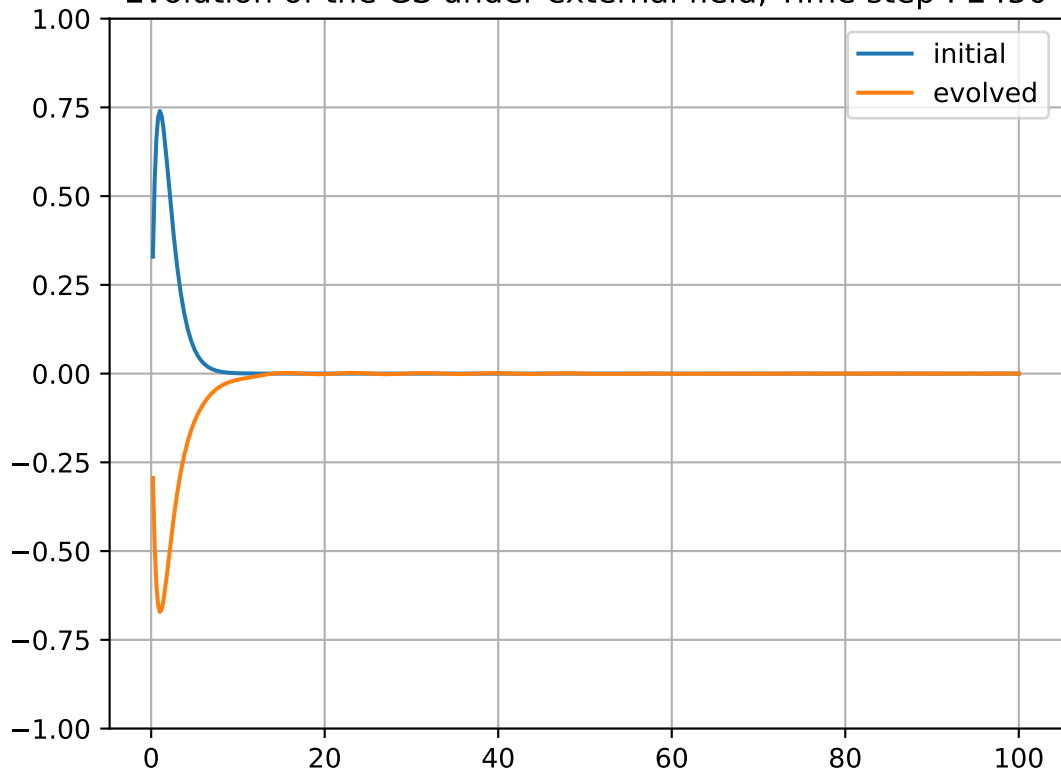

Evolution of the GS under external field, Time step : 2400

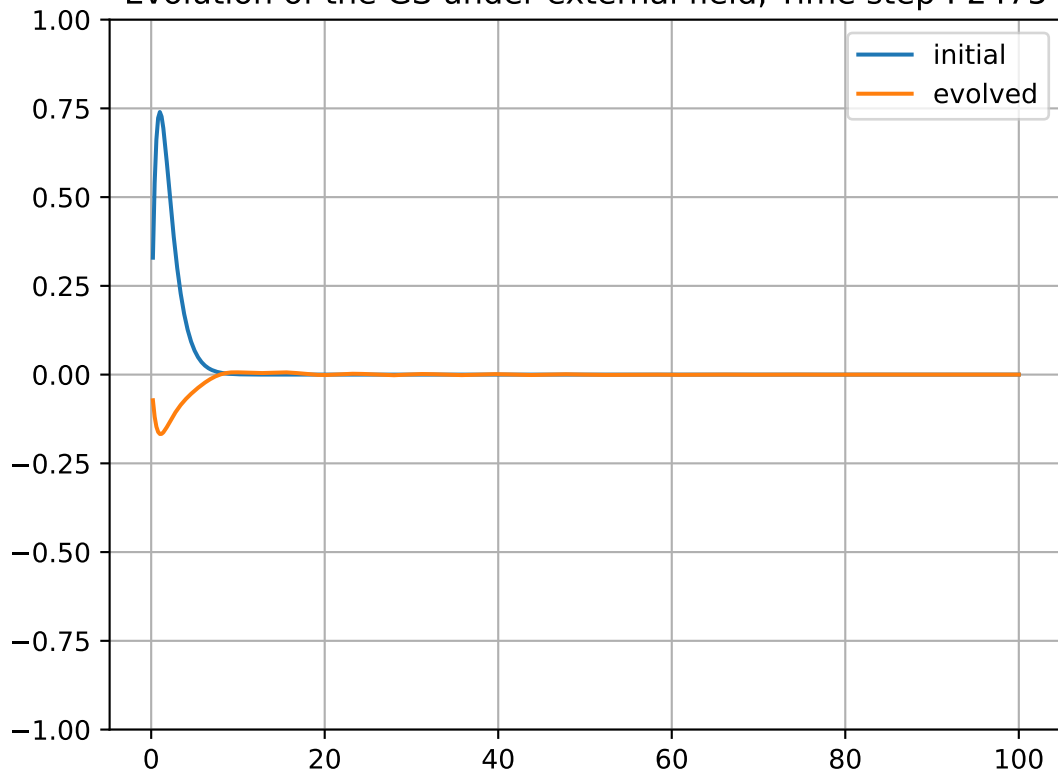

Evolution of the GS under external field, Time step : 2425

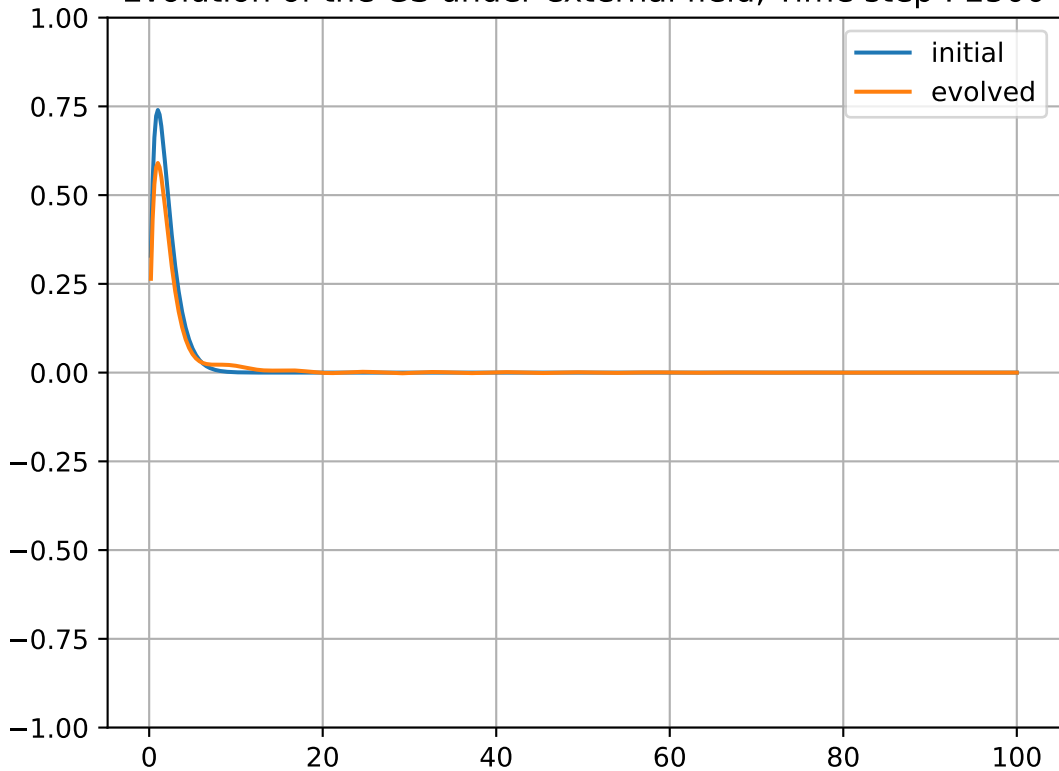

Evolution of the GS under external field, Time step : 2450

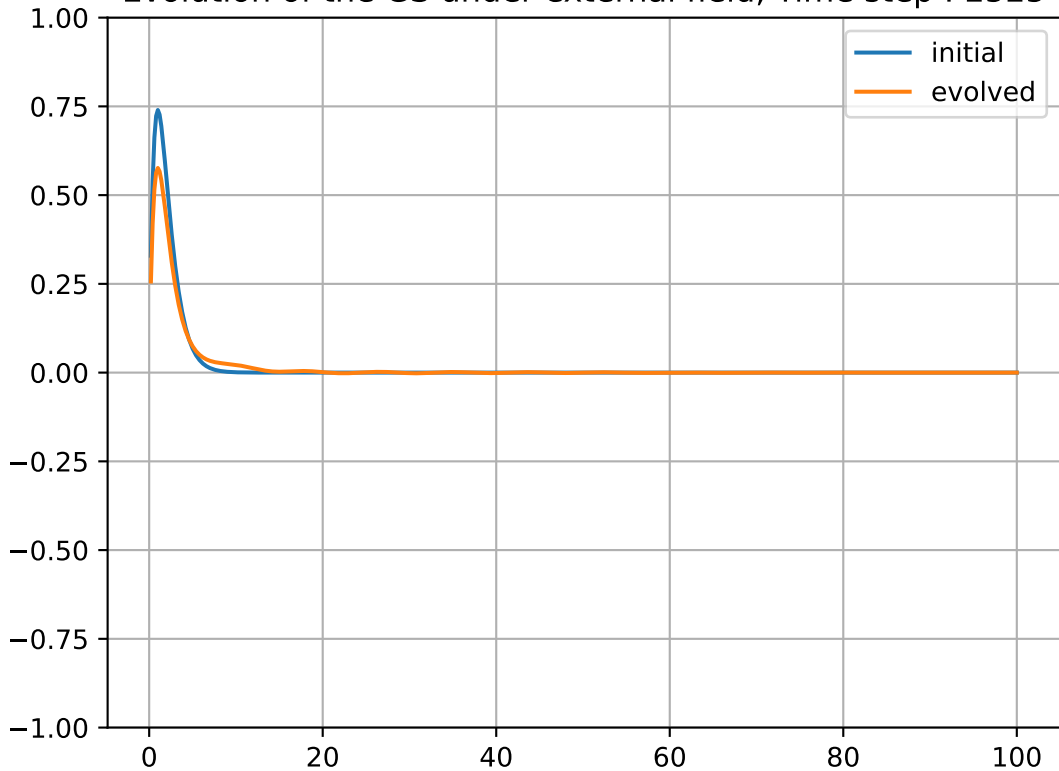

Evolution of the GS under external field, Time step : 2475

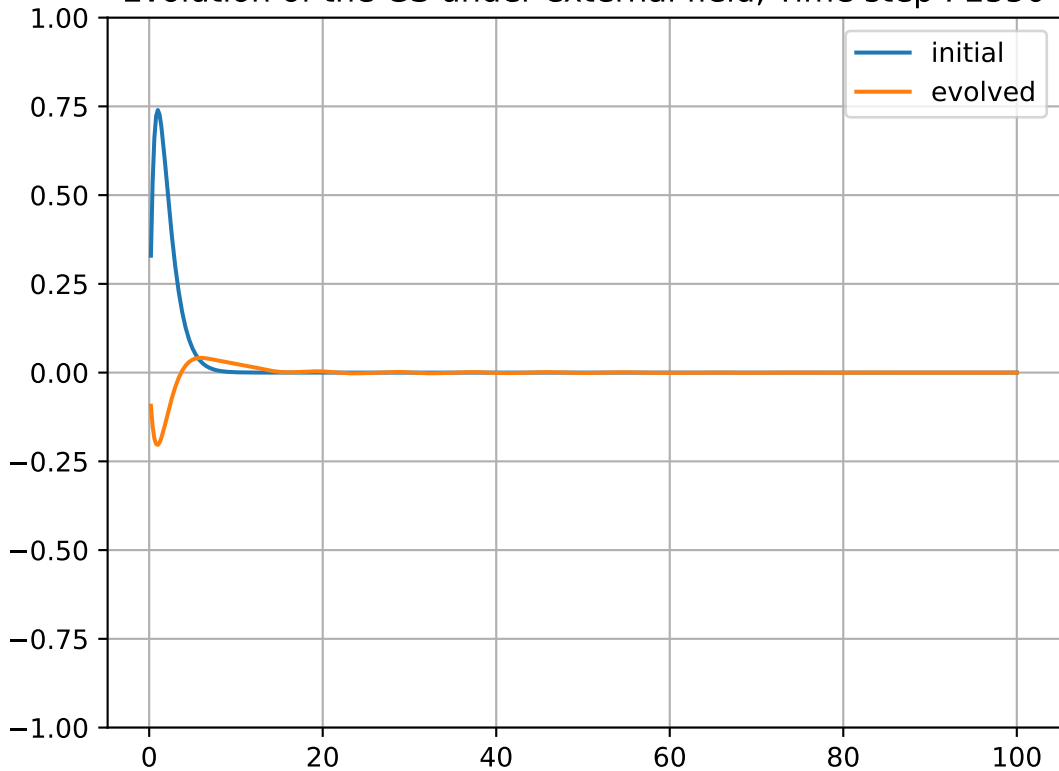

Evolution of the GS under external field, Time step : 2500

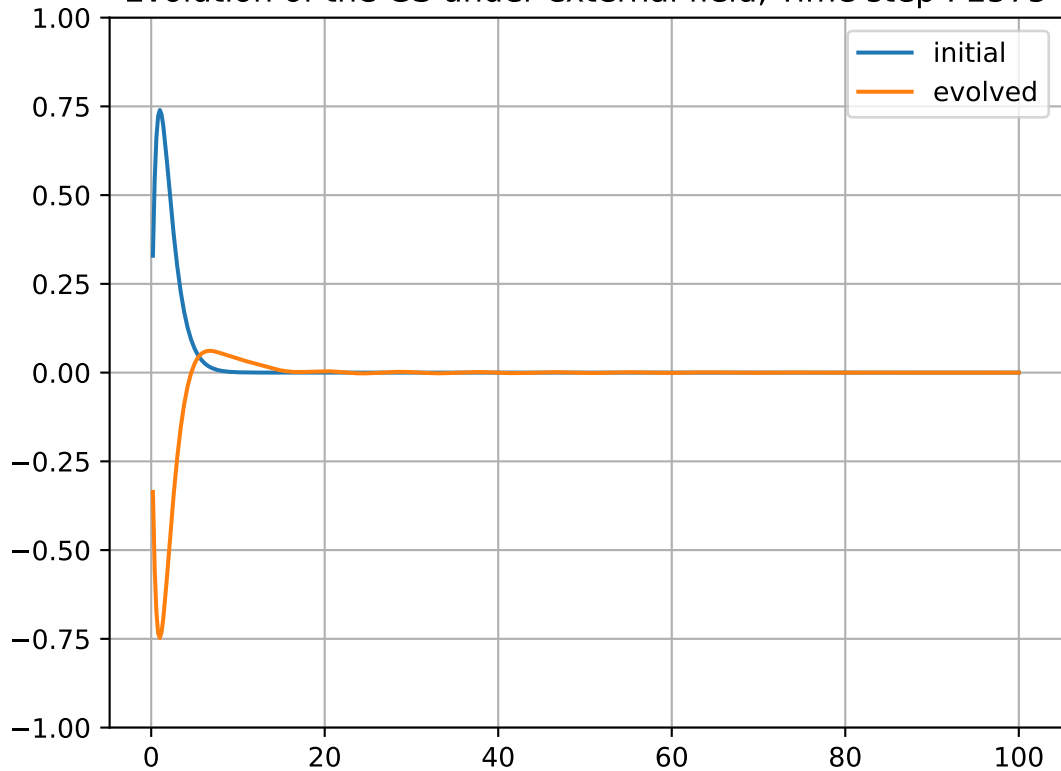

Evolution of the GS under external field, Time step : 2525

Evolution of the GS under external field, Time step : 2550

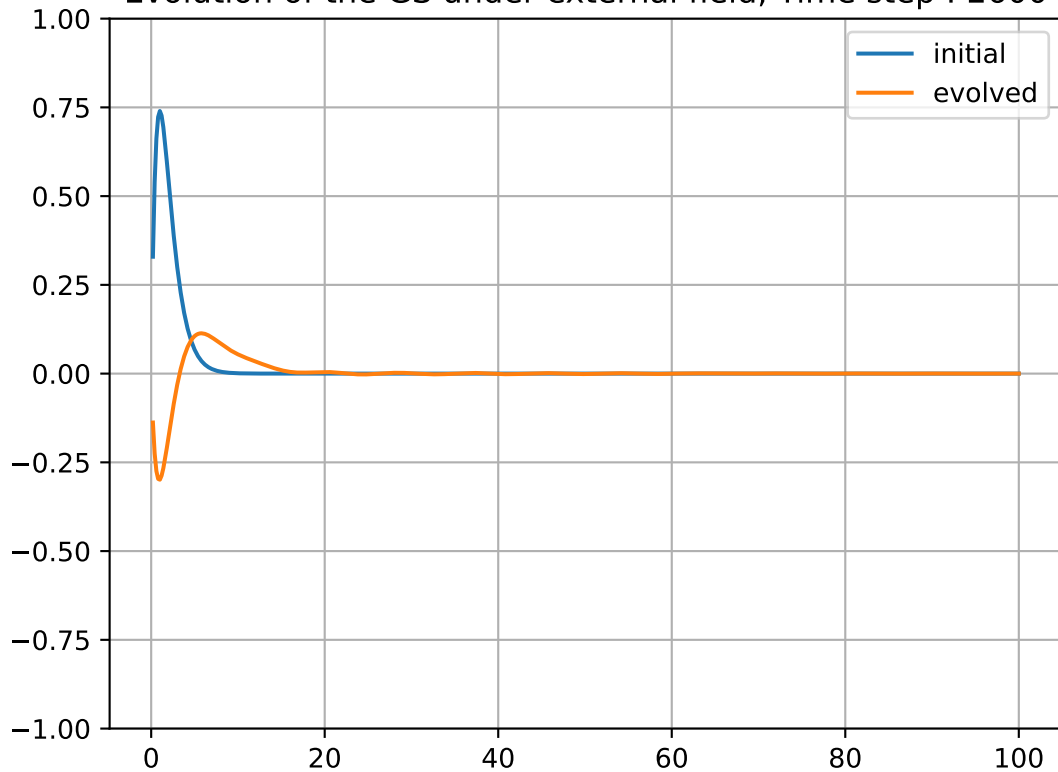

Evolution of the GS under external field, Time step : 2575

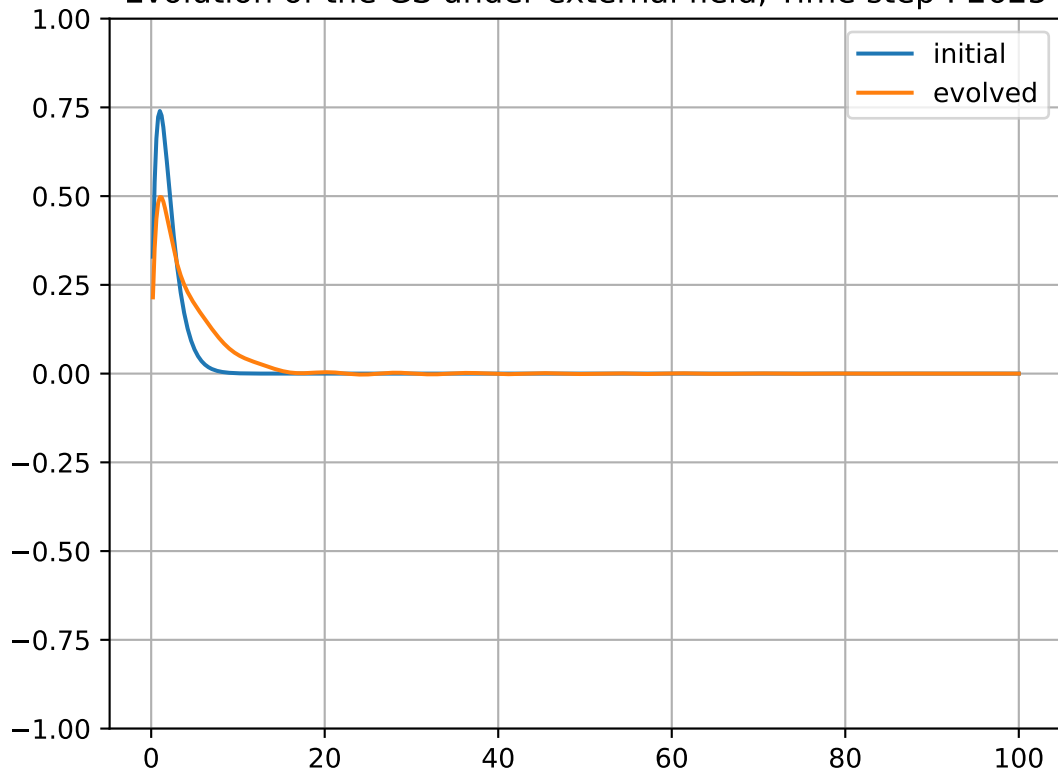

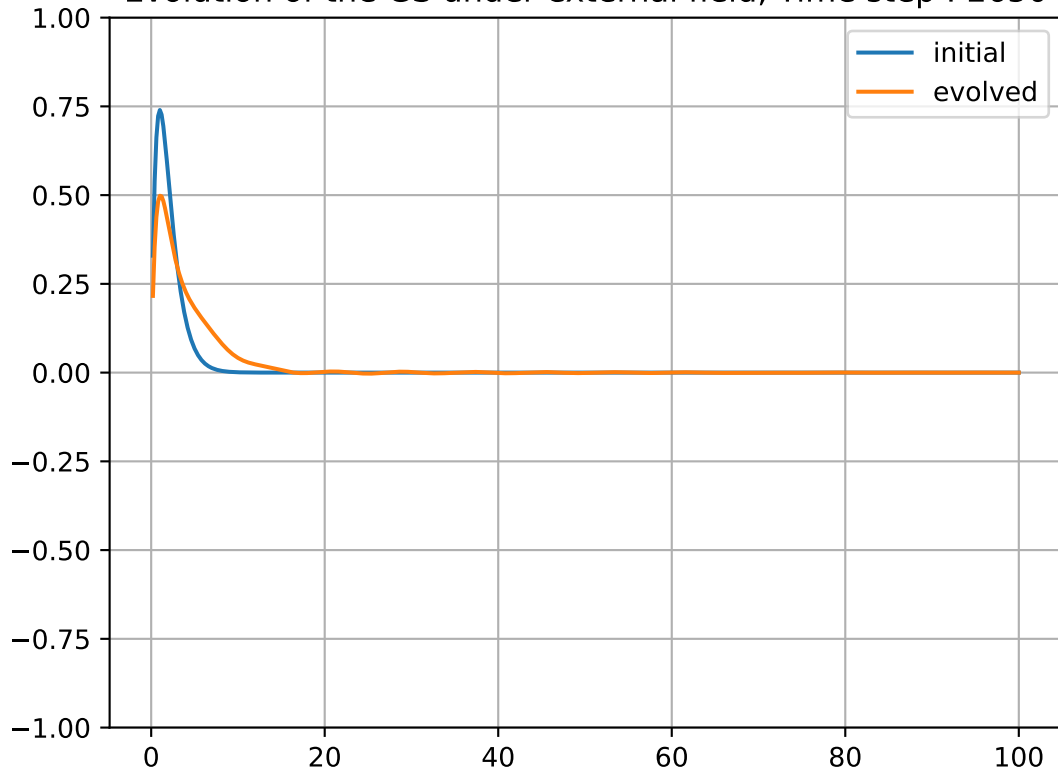

Evolution of the GS under external field, Time step : 2600

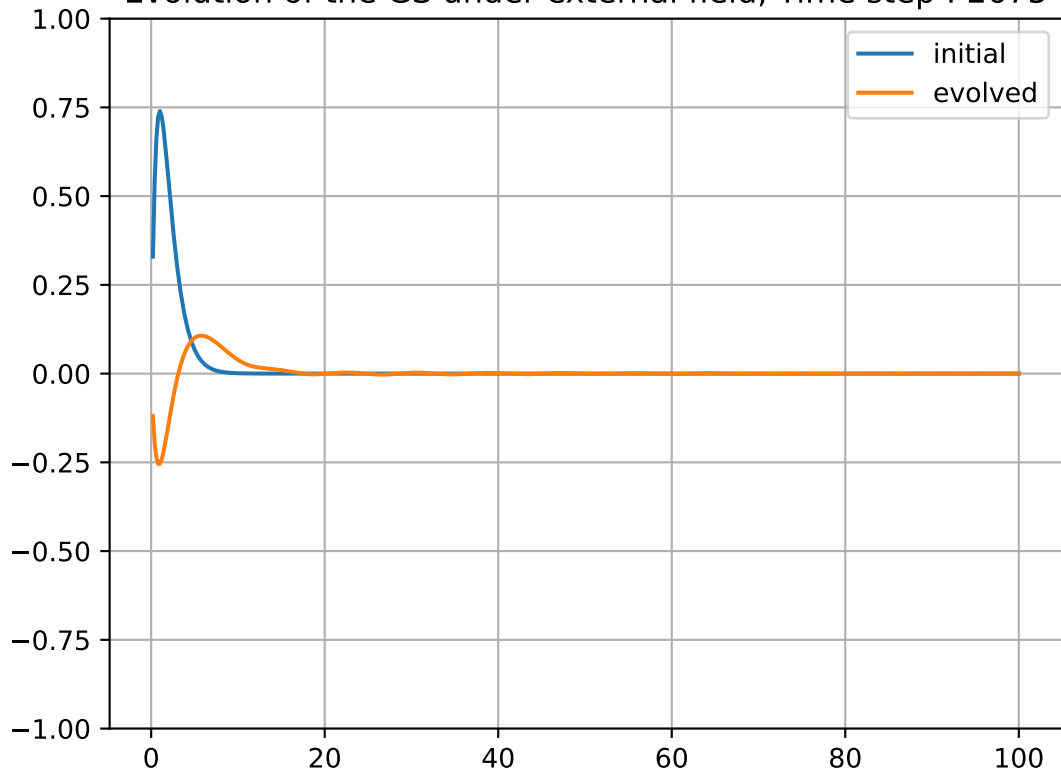

Evolution of the GS under external field, Time step : 2625

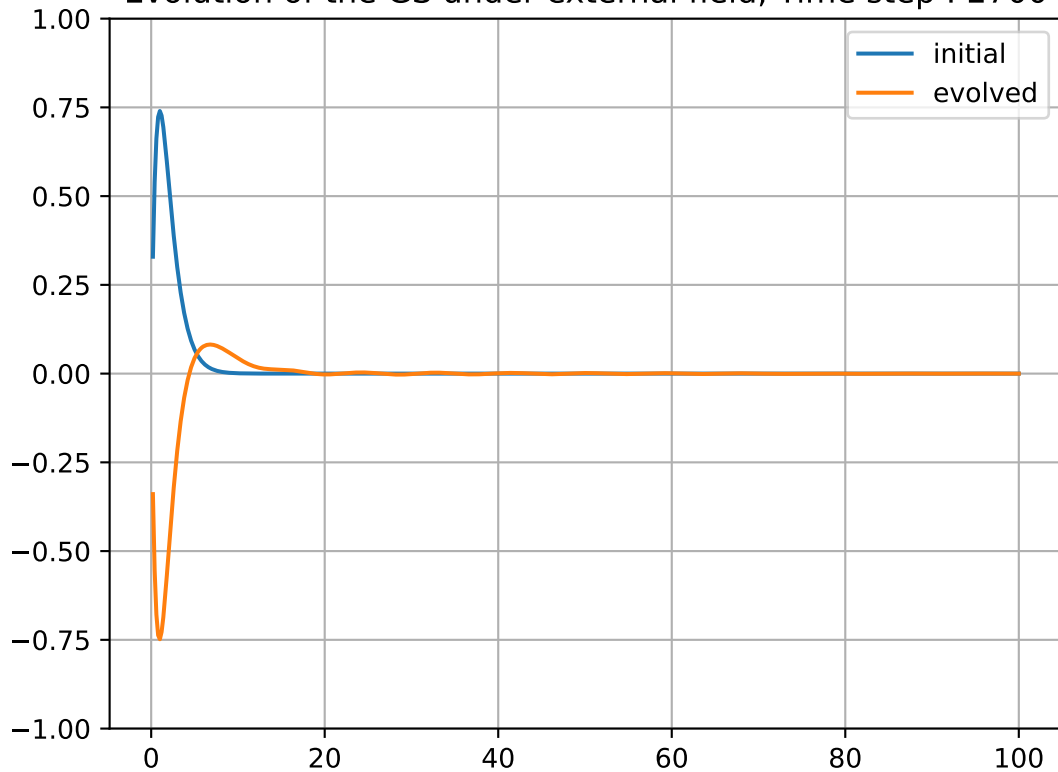

Evolution of the GS under external field, Time step : 2650

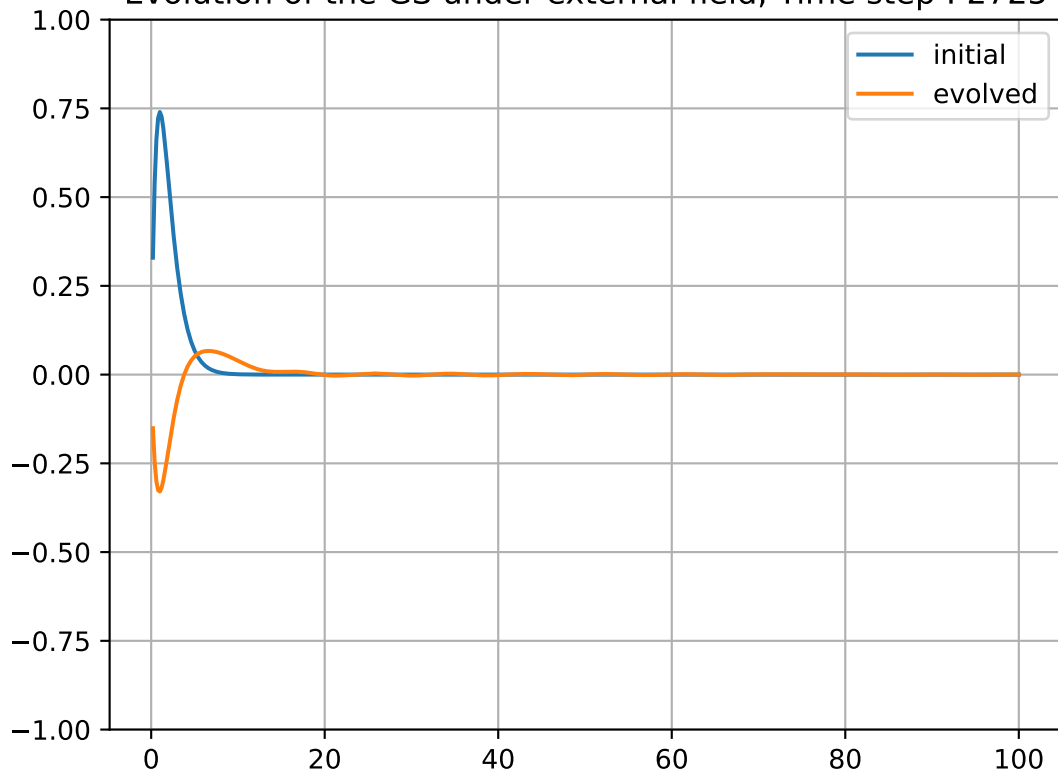

Evolution of the GS under external field, Time step : 2675

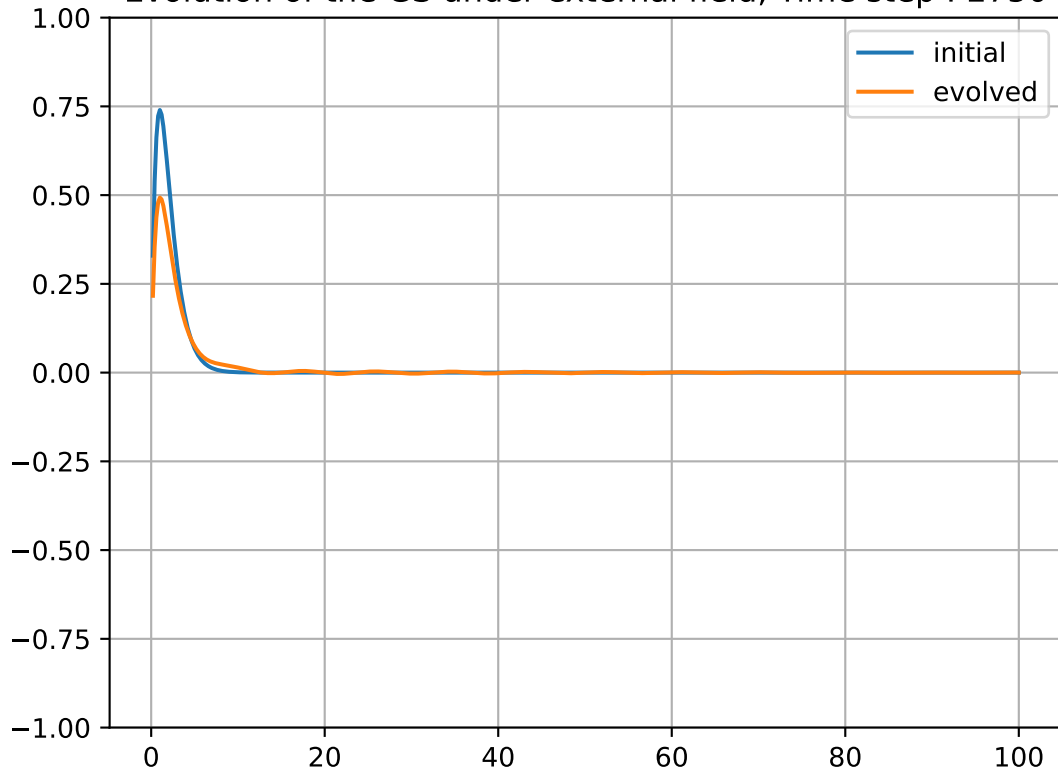

Evolution of the GS under external field, Time step : 2700

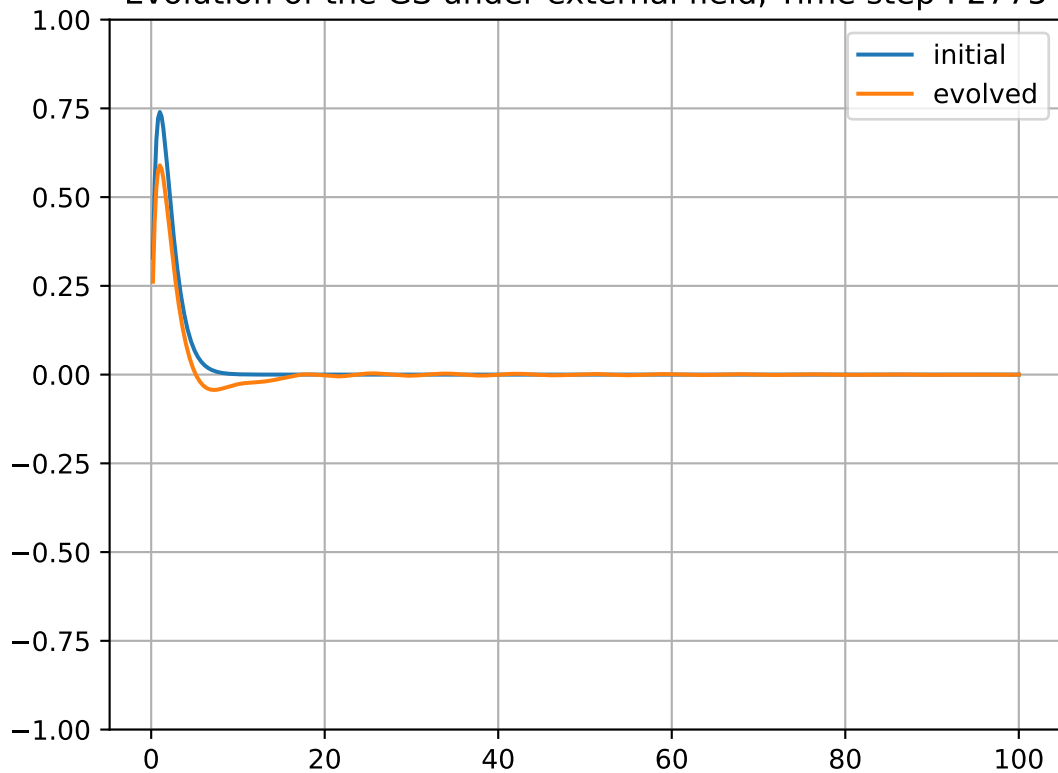

Evolution of the GS under external field, Time step : 2725

Evolution of the GS under external field, Time step : 2750

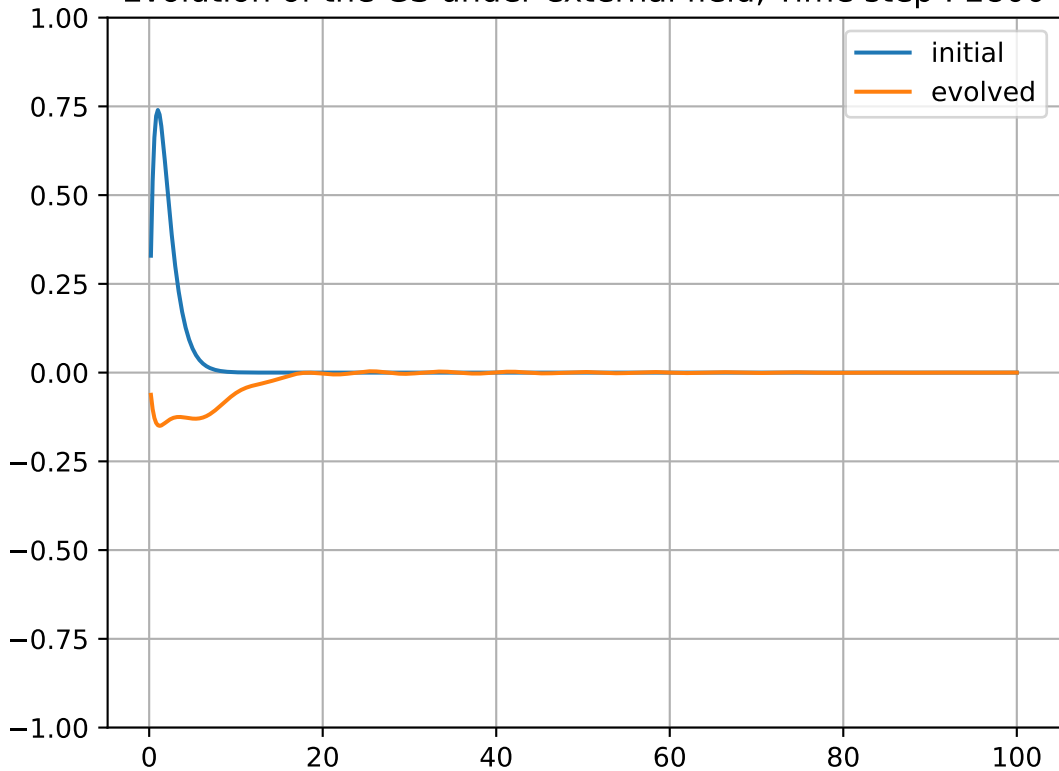

Evolution of the GS under external field, Time step : 2775

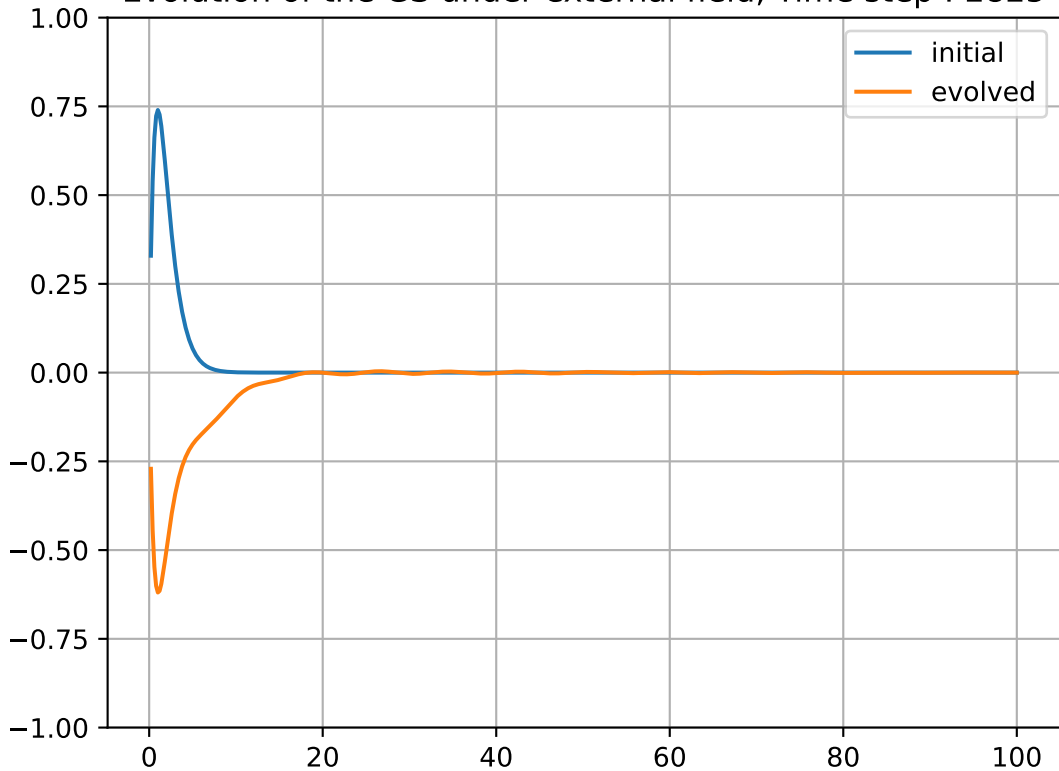

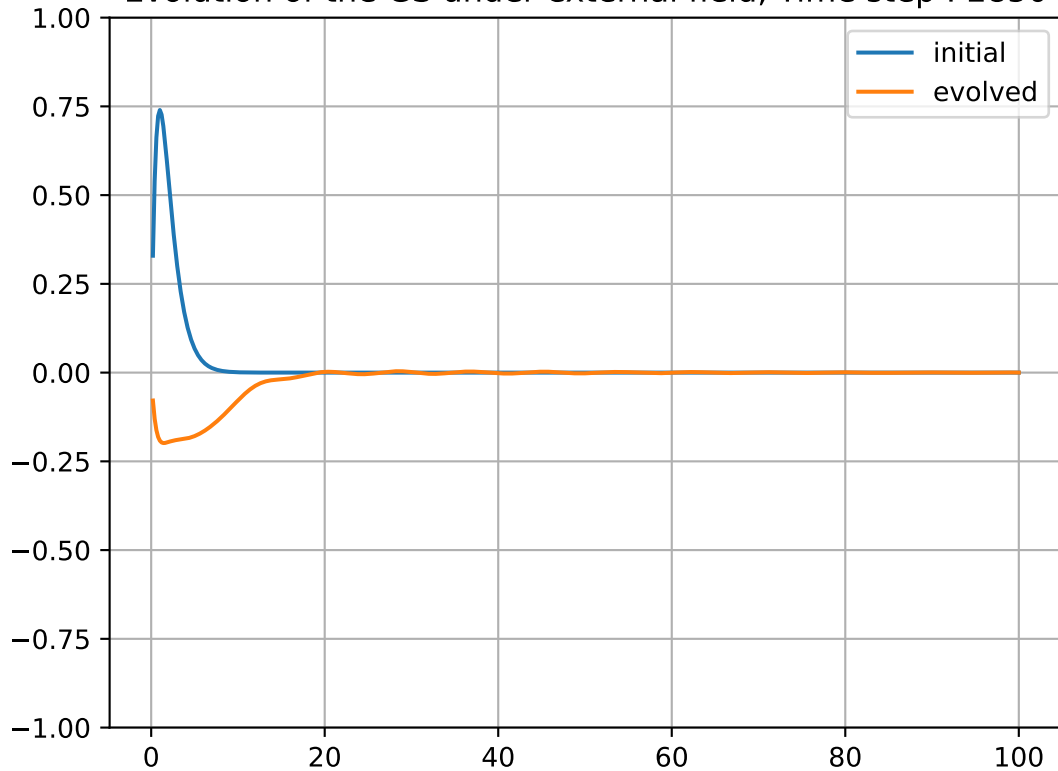

Evolution of the GS under external field, Time step : 2800

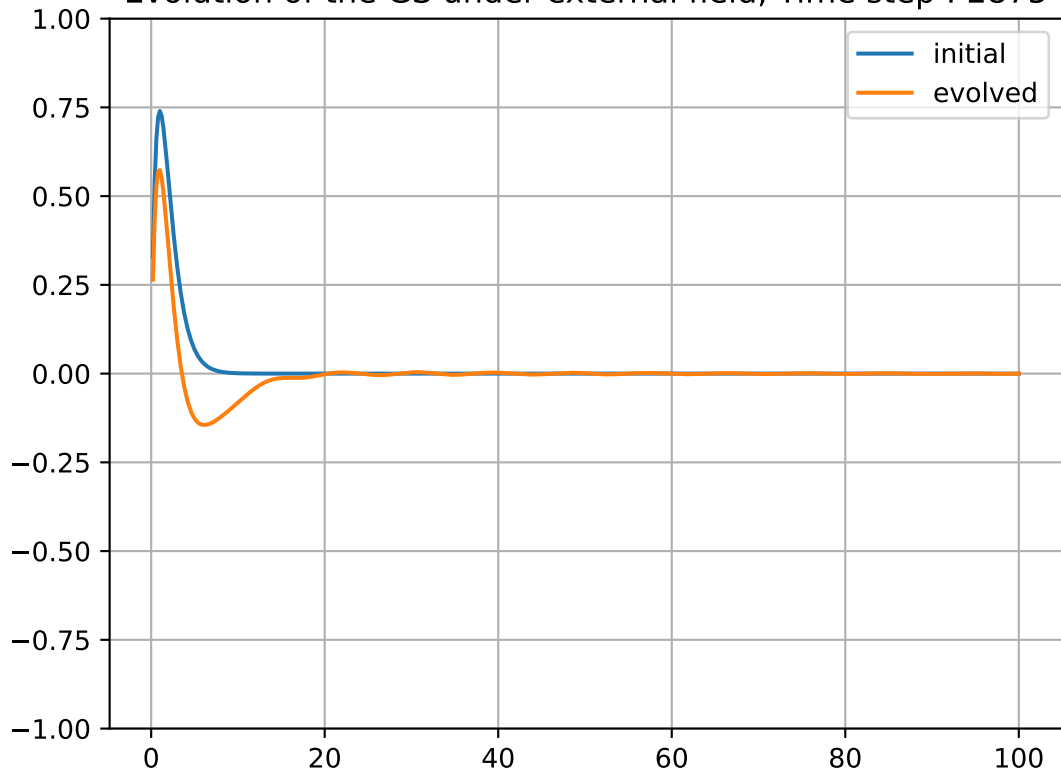

Evolution of the GS under external field, Time step : 2825

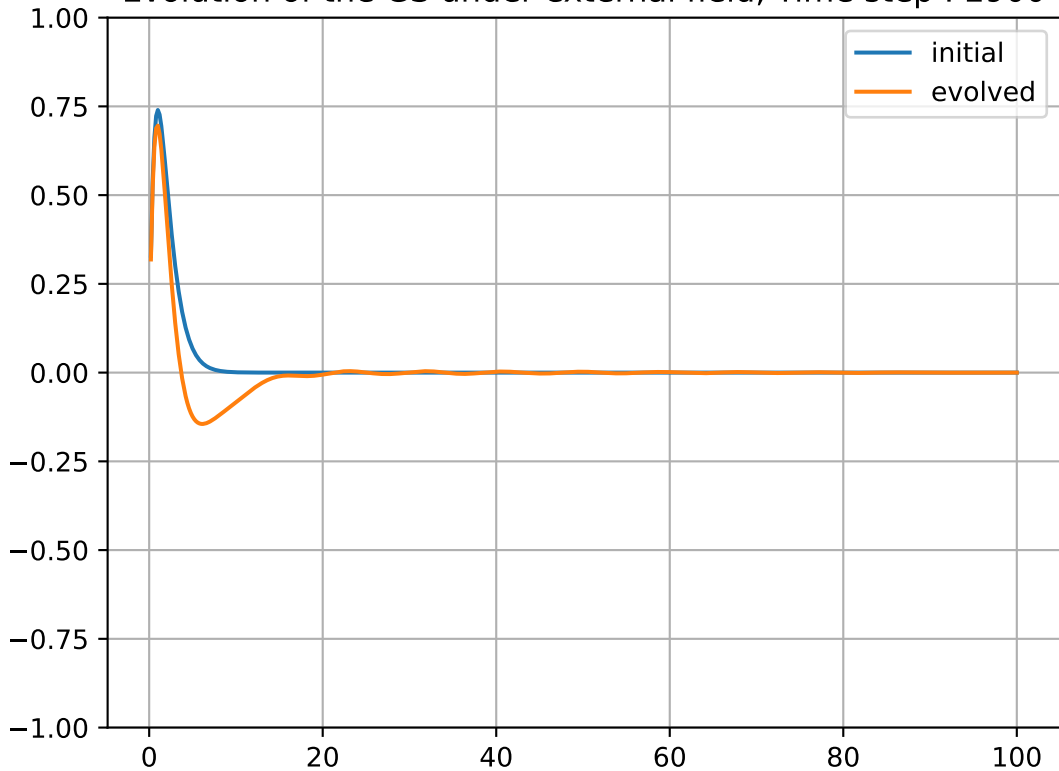

Evolution of the GS under external field, Time step : 2850

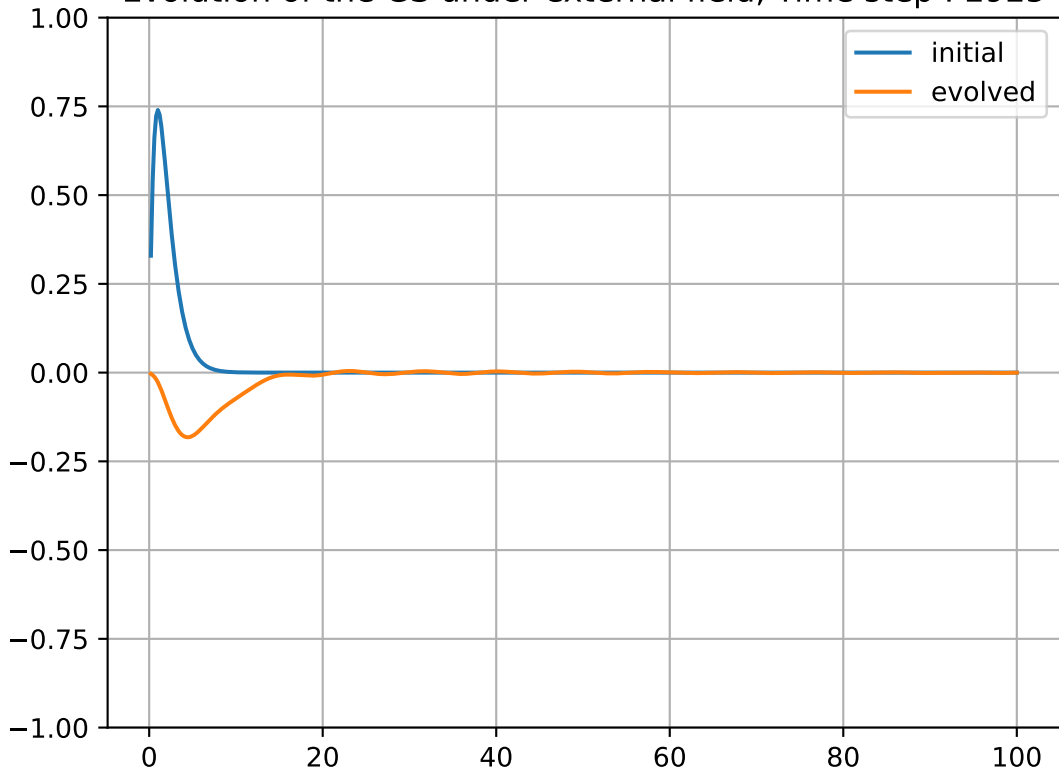

Evolution of the GS under external field, Time step : 2875

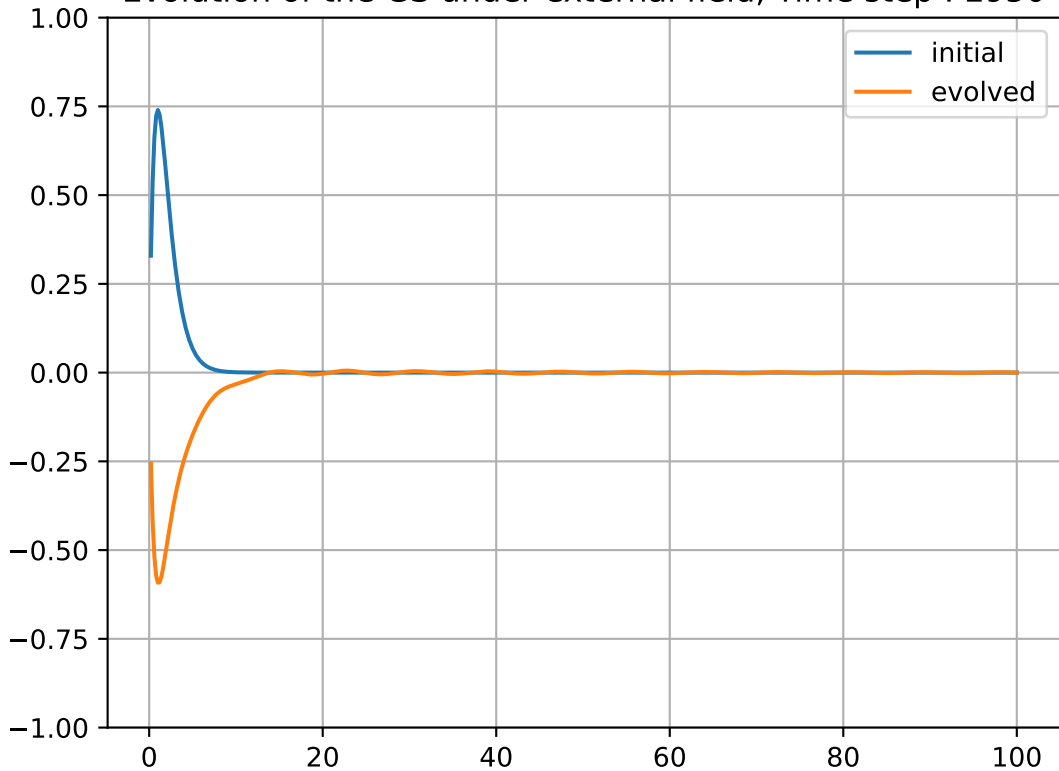

Evolution of the GS under external field, Time step : 2900

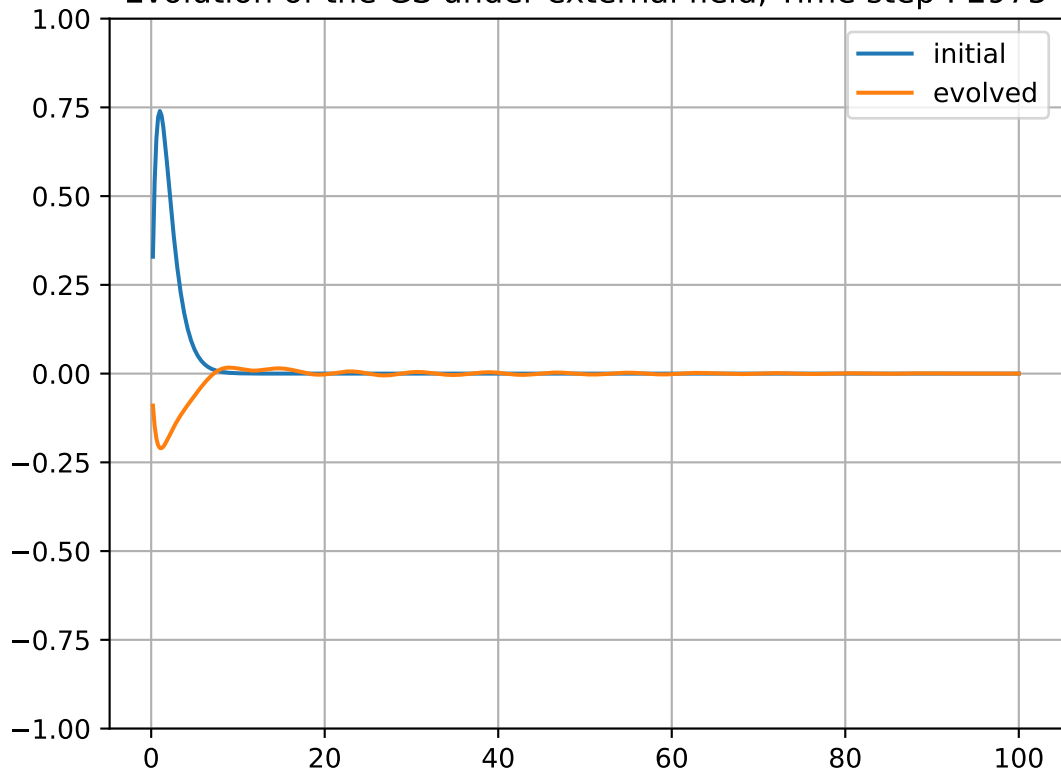

Evolution of the GS under external field, Time step : 2925

Evolution of the GS under external field, Time step : 2950

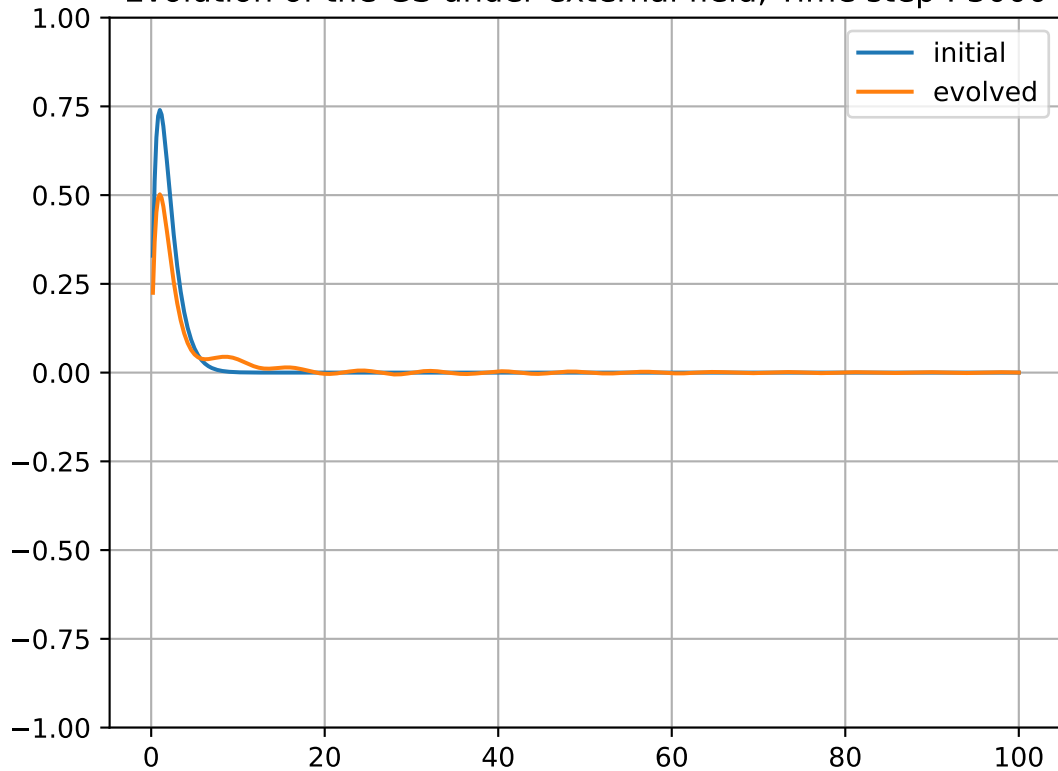

Evolution of the GS under external field, Time step : 2975

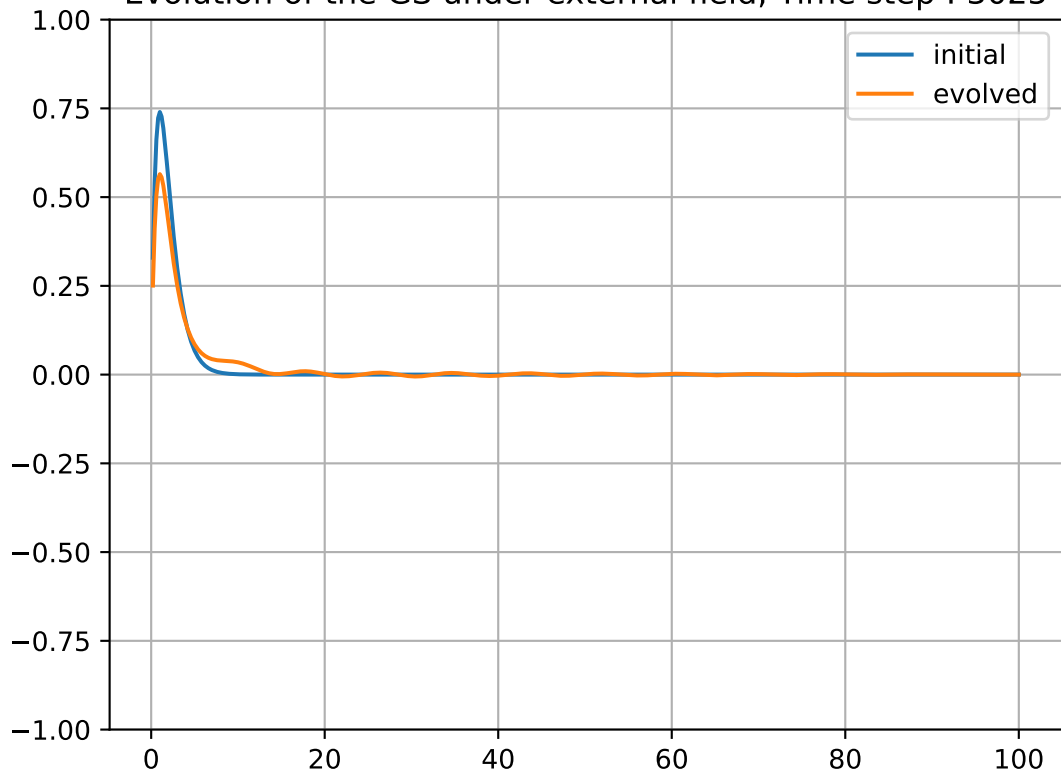

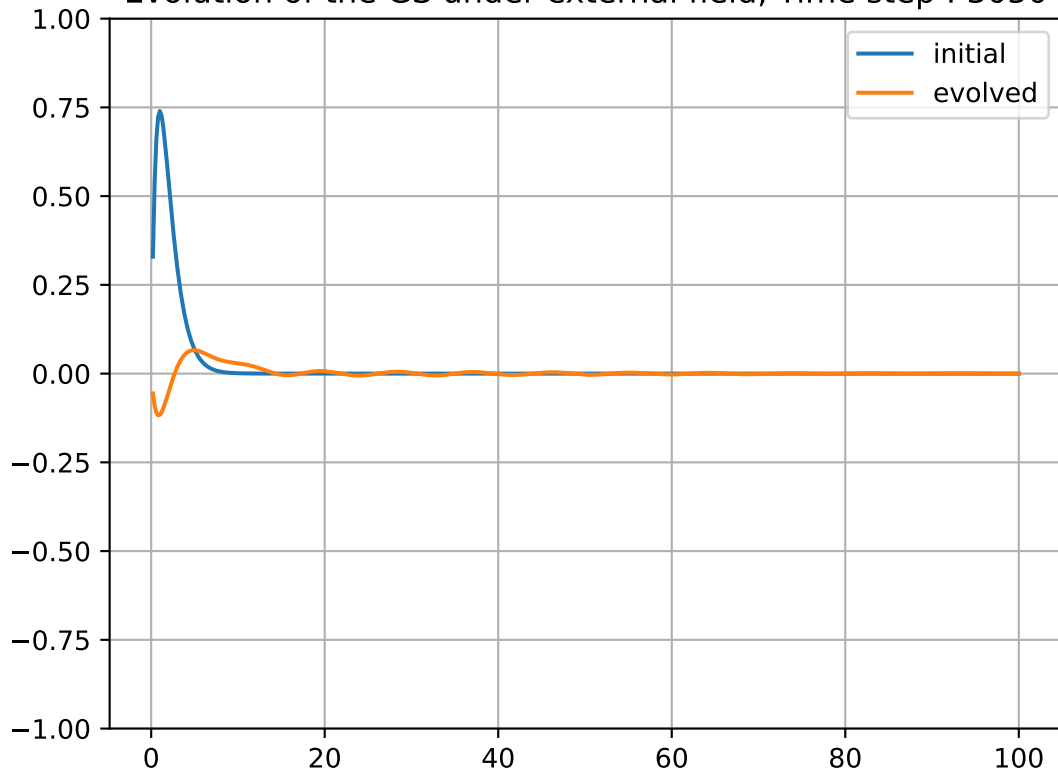

Evolution of the GS under external field, Time step : 3000

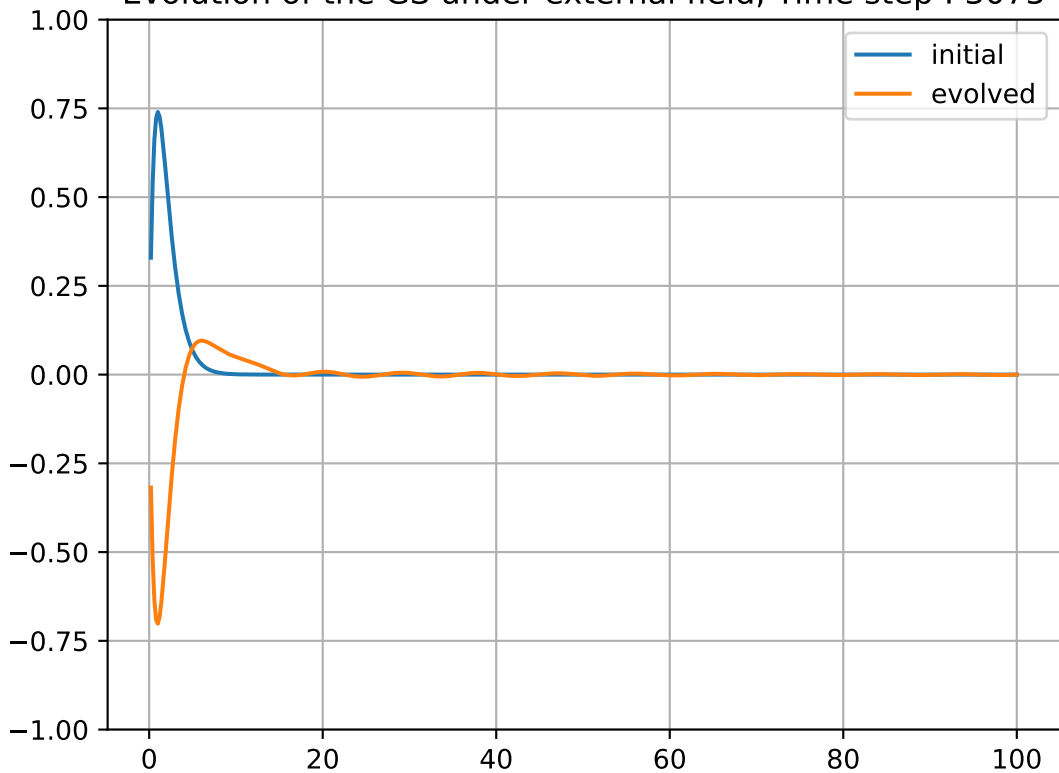

Evolution of the GS under external field, Time step : 3025

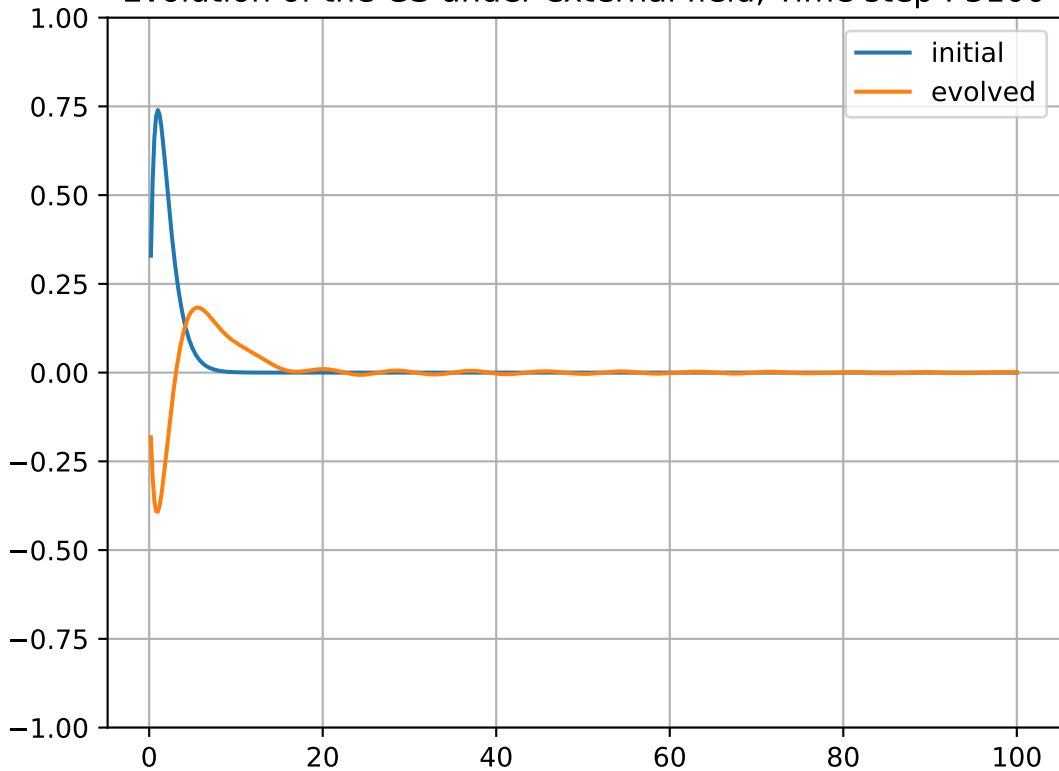

Evolution of the GS under external field, Time step : 3050

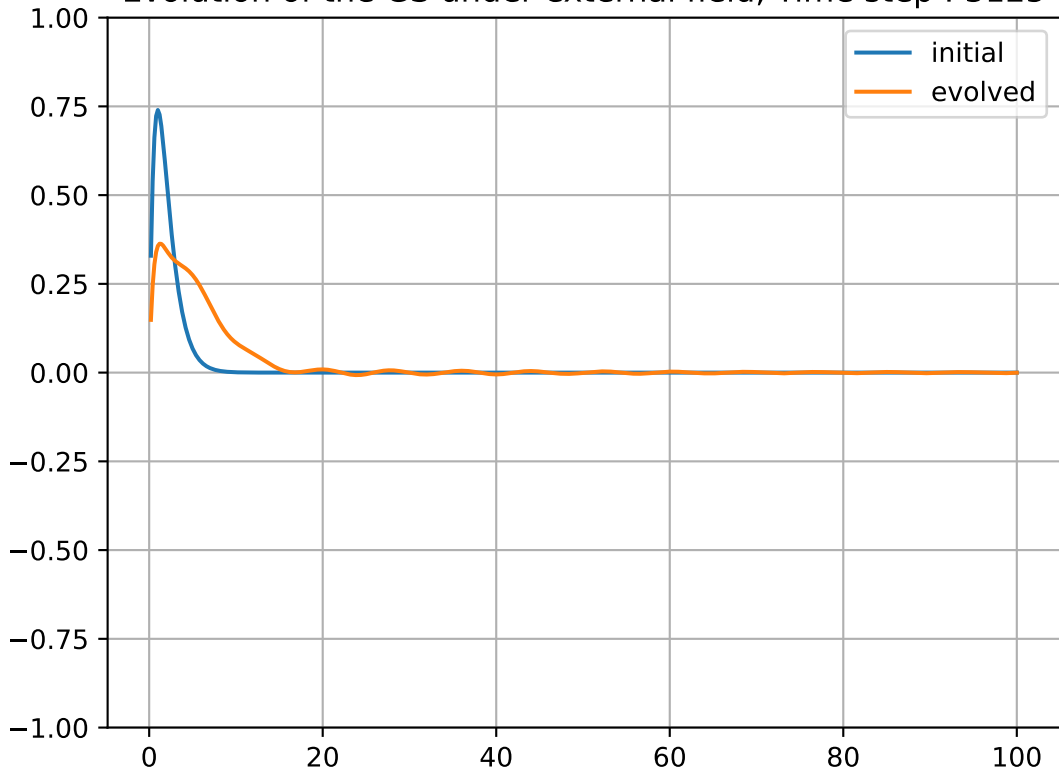

Evolution of the GS under external field, Time step : 3075

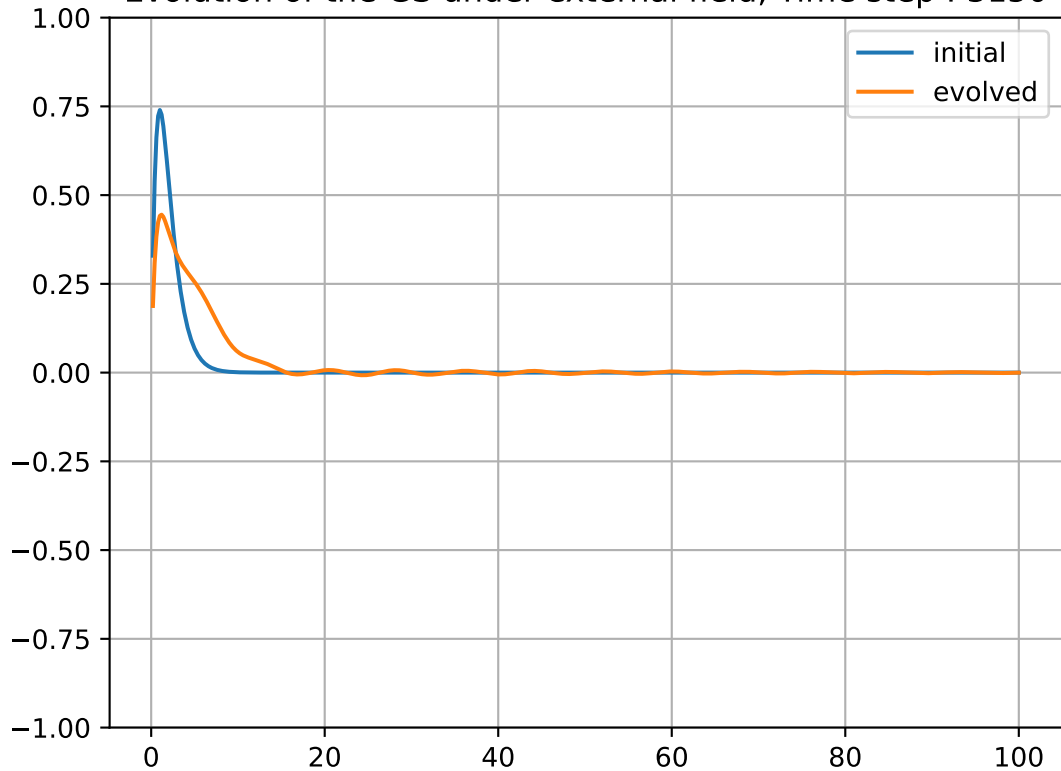

Evolution of the GS under external field, Time step : 3100

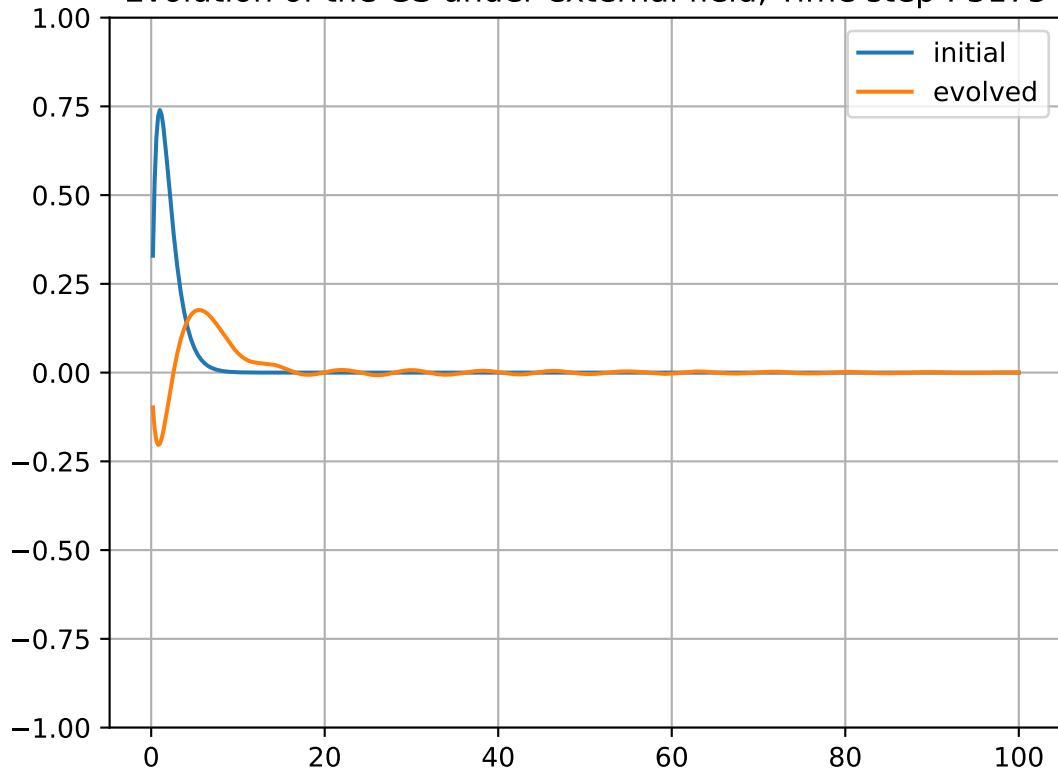

Evolution of the GS under external field, Time step : 3125

Evolution of the GS under external field, Time step : 3150

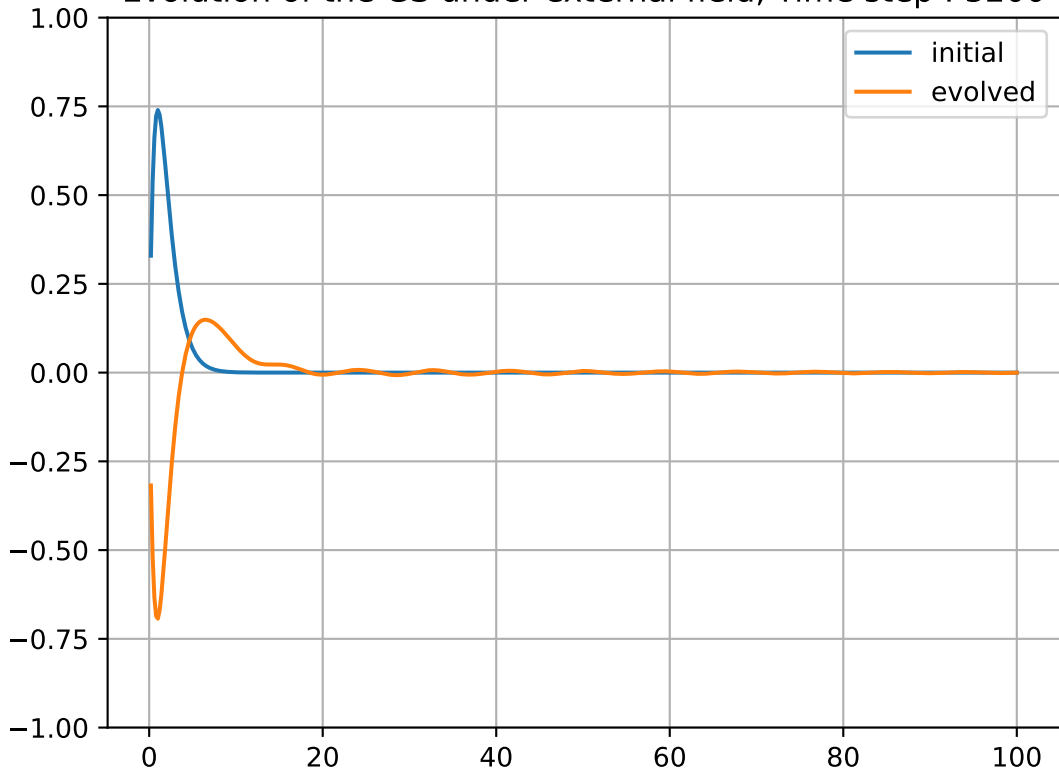

Evolution of the GS under external field, Time step : 3175

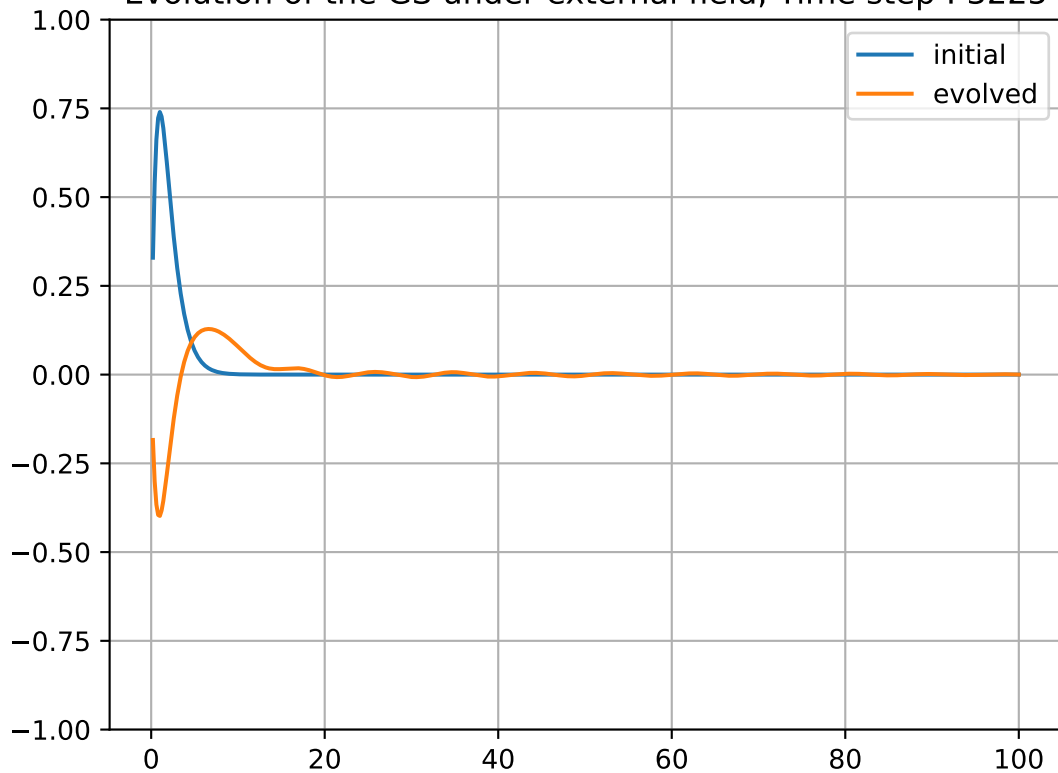

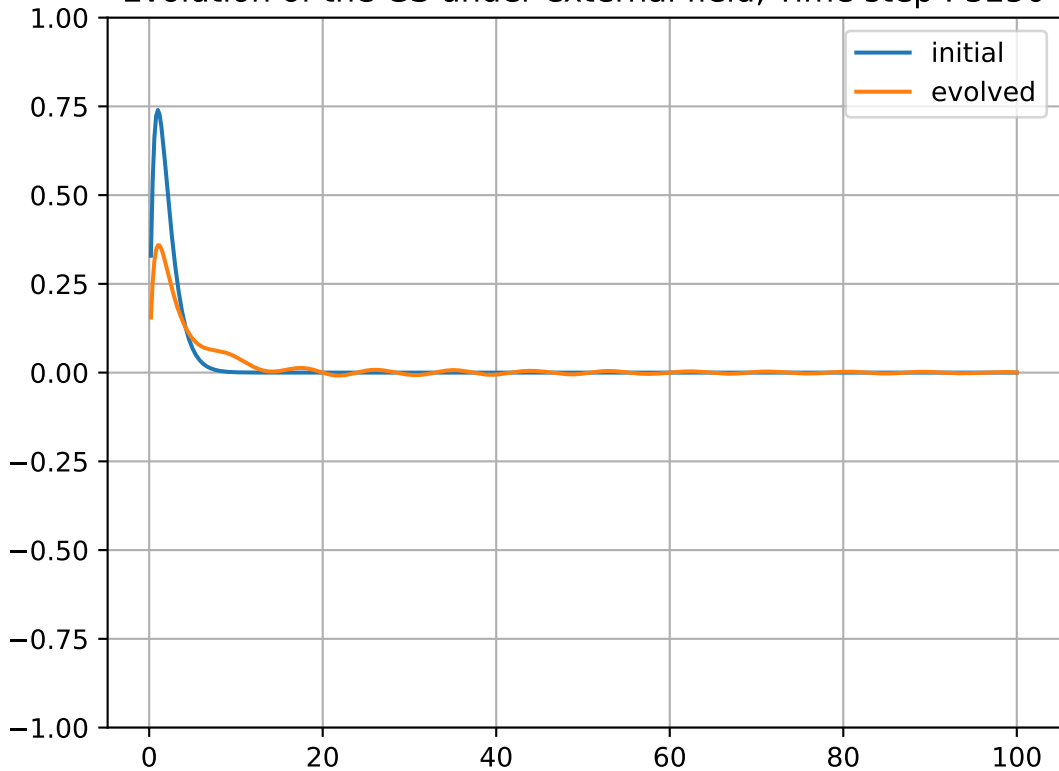

Evolution of the GS under external field, Time step : 3200

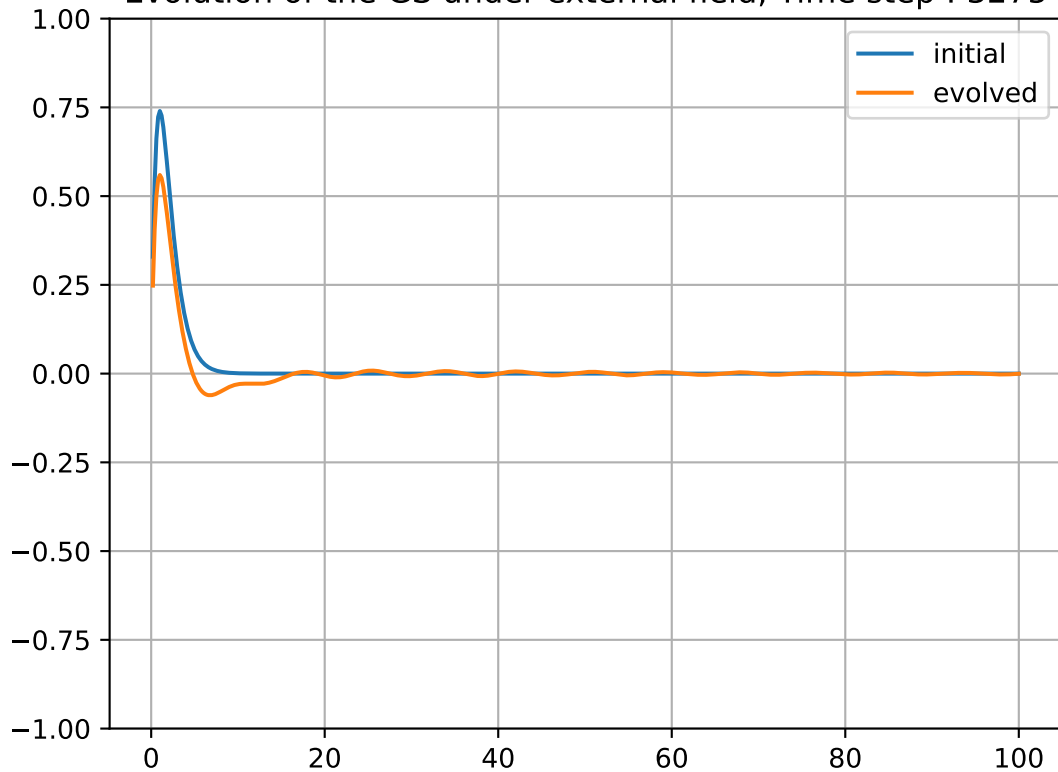

Evolution of the GS under external field, Time step : 3225

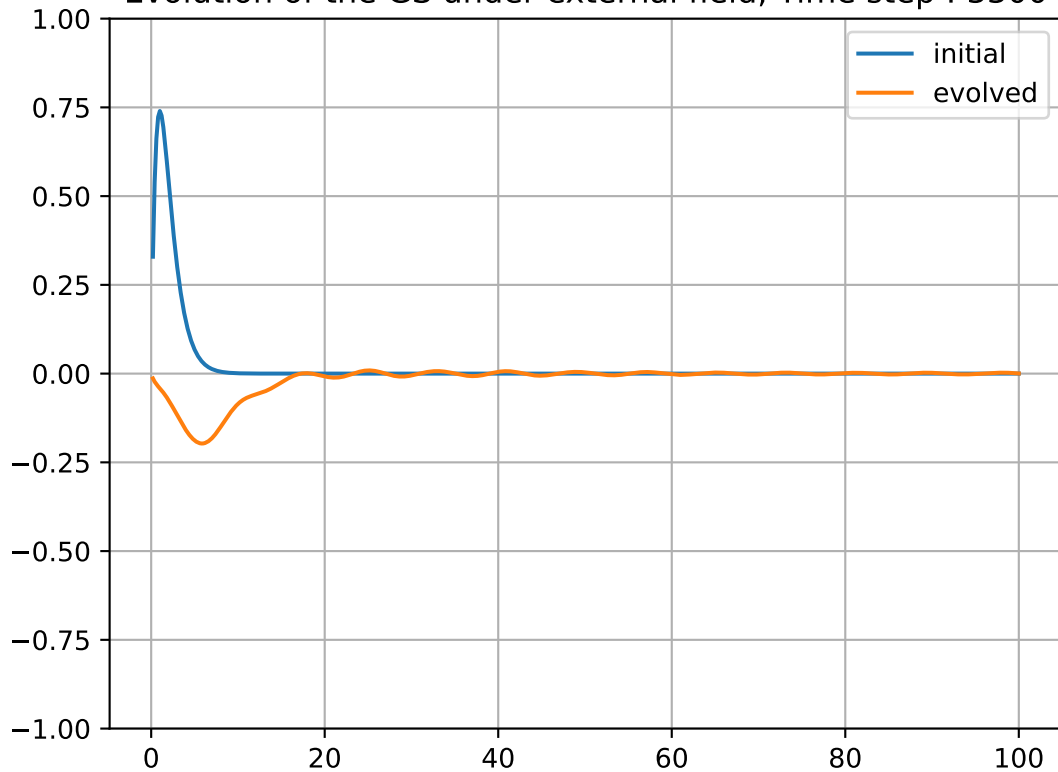

Evolution of the GS under external field, Time step : 3250

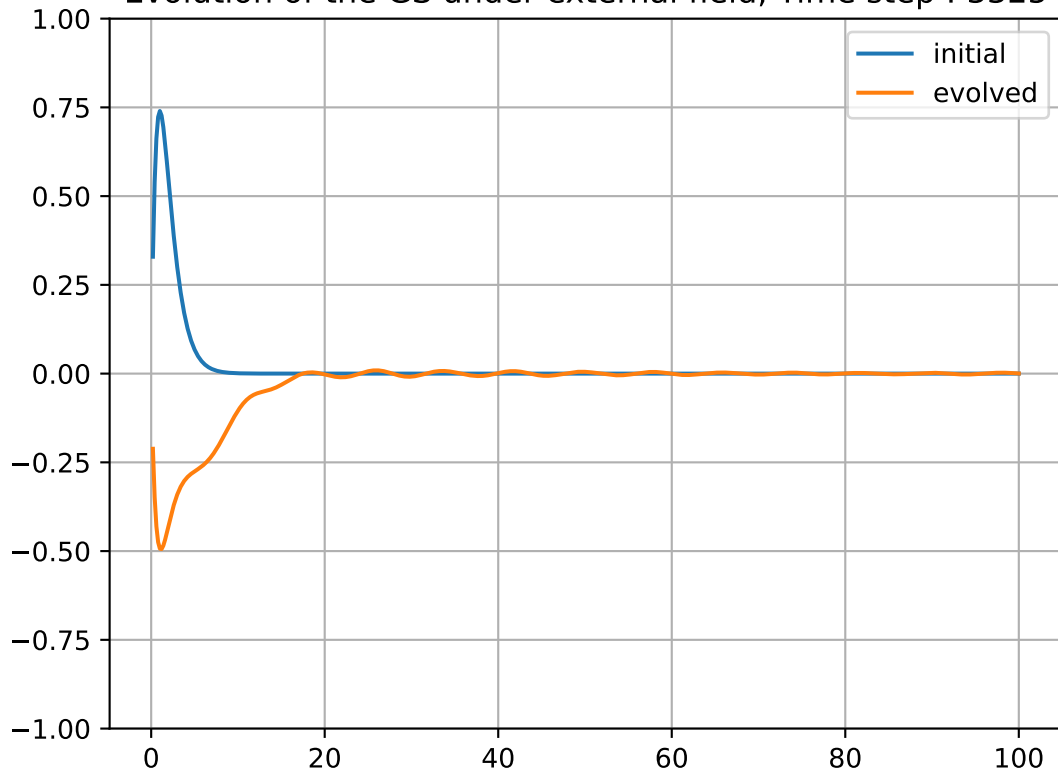

Evolution of the GS under external field, Time step : 3275

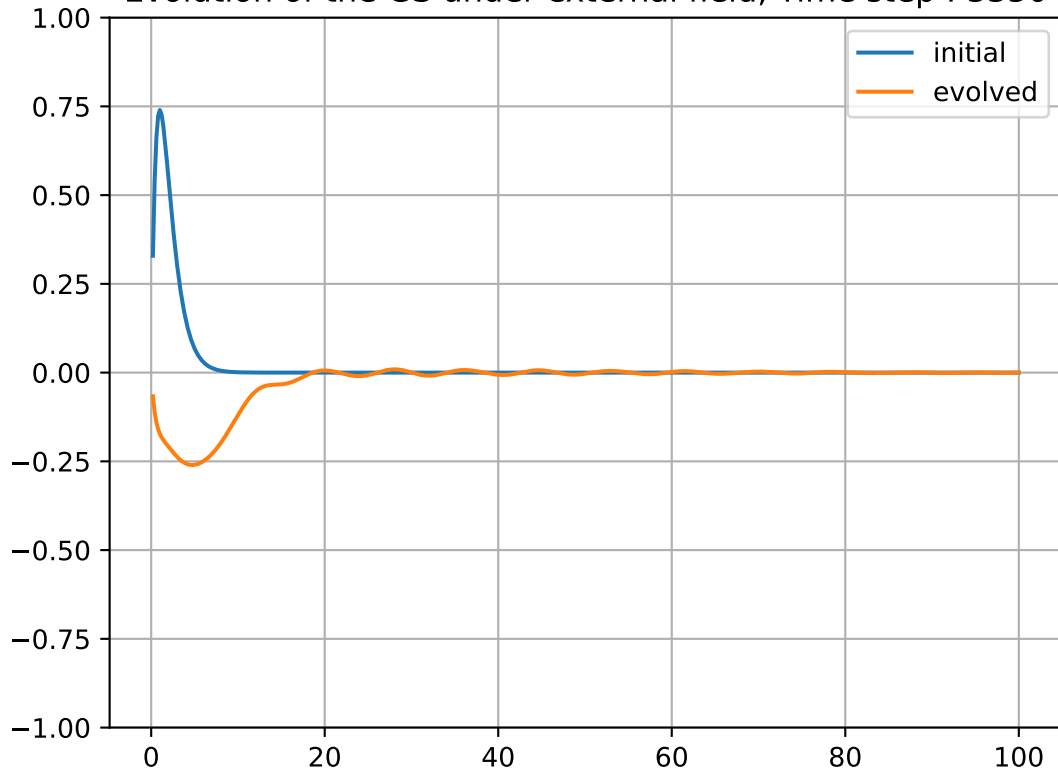

Evolution of the GS under external field, Time step : 3300

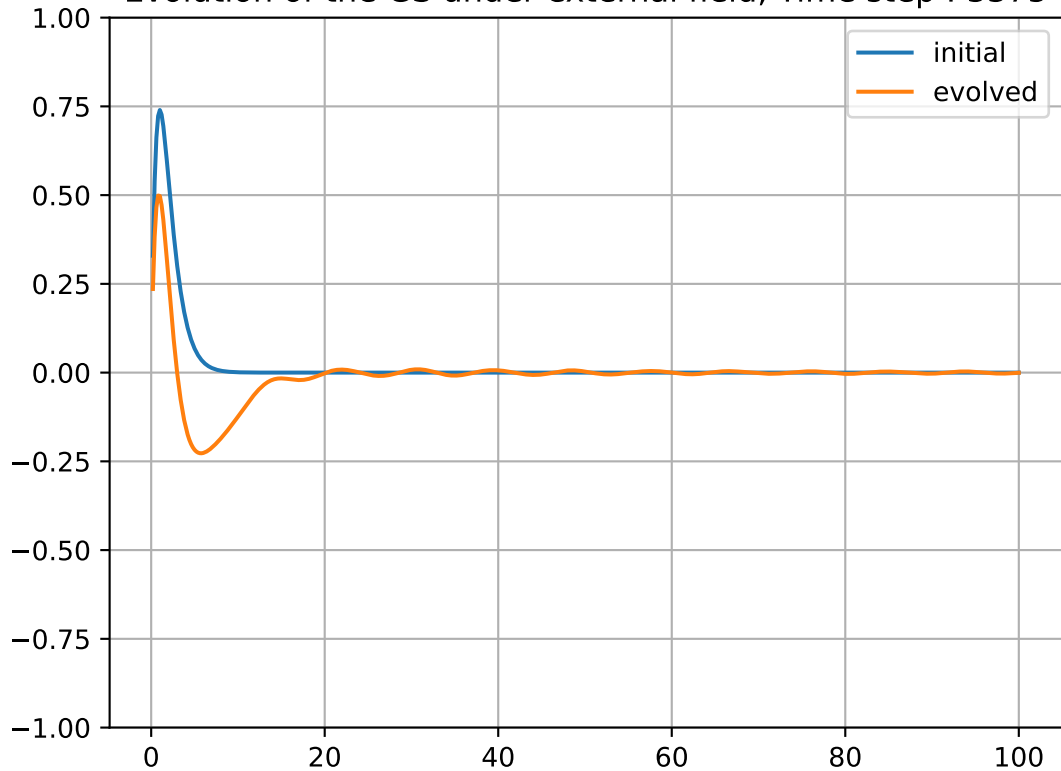

Evolution of the GS under external field, Time step : 3325

Evolution of the GS under external field, Time step : 3350

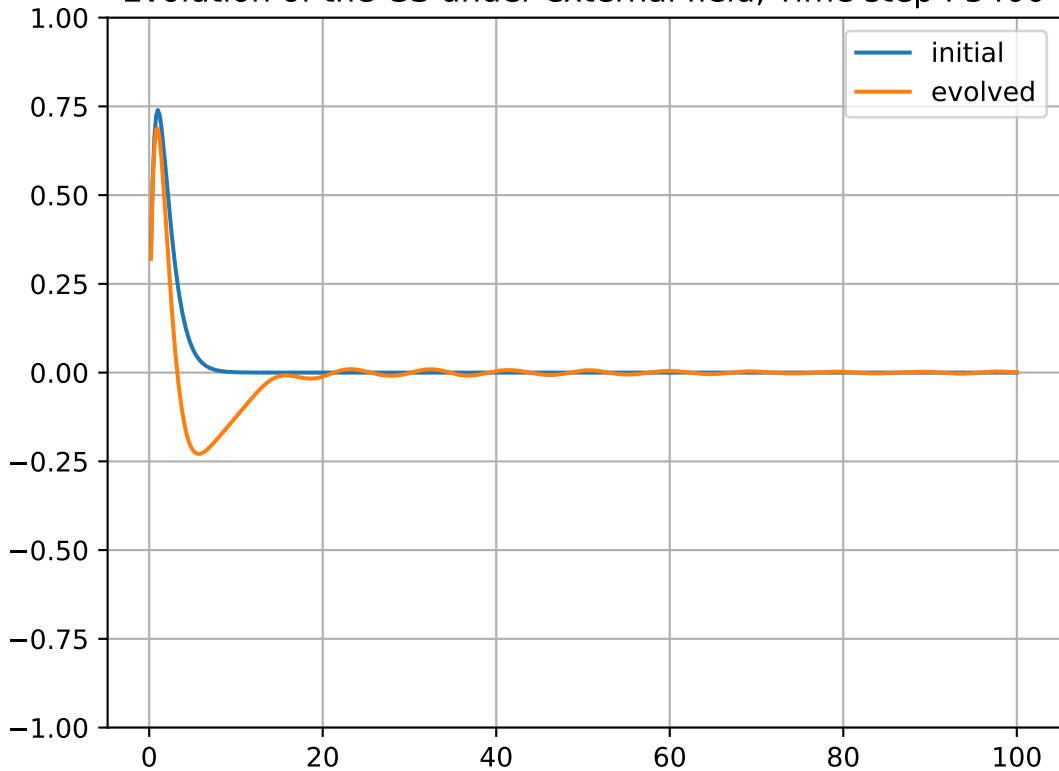

Evolution of the GS under external field, Time step : 3375

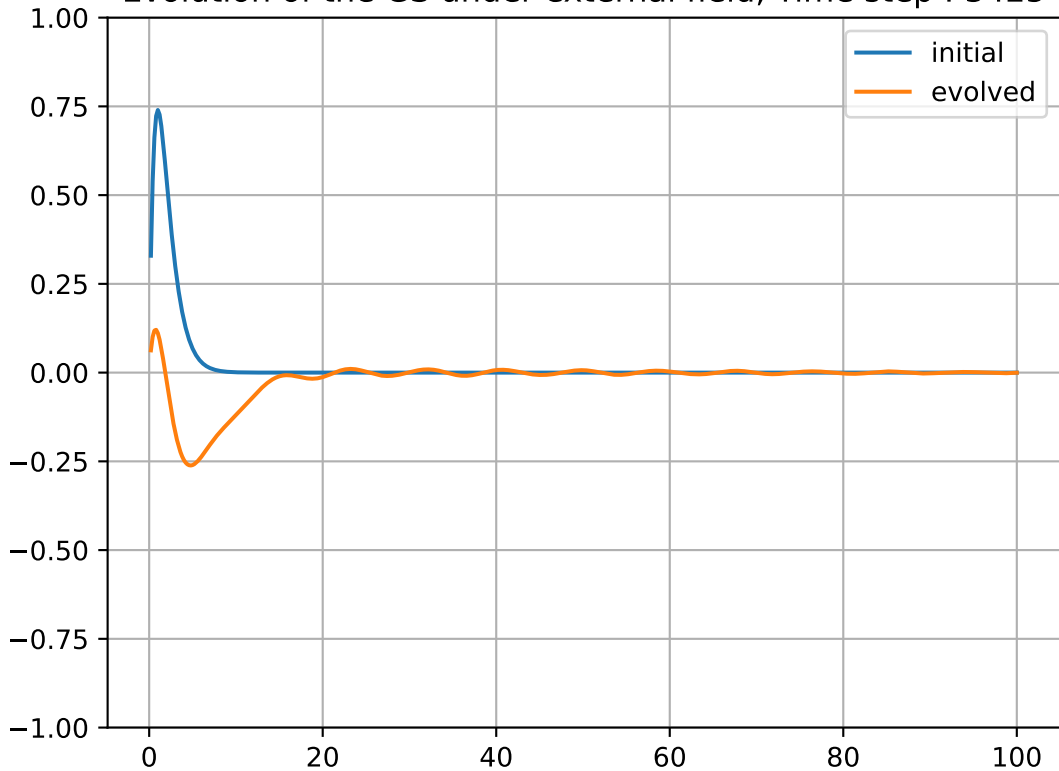

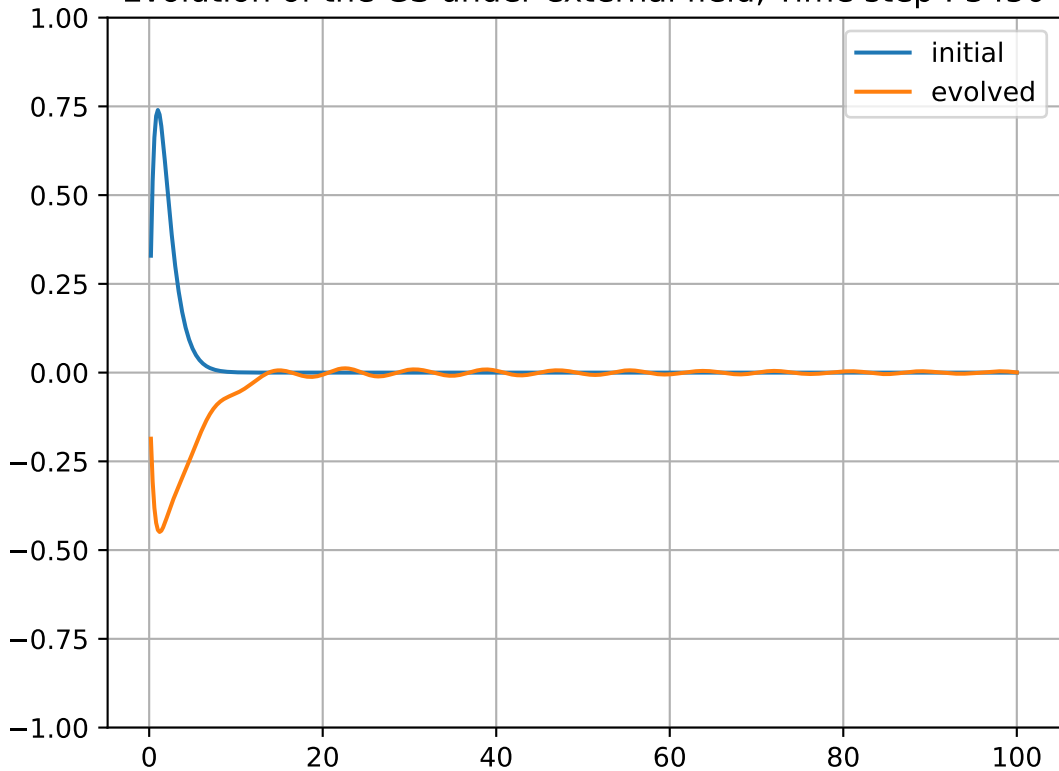

Evolution of the GS under external field, Time step : 3400

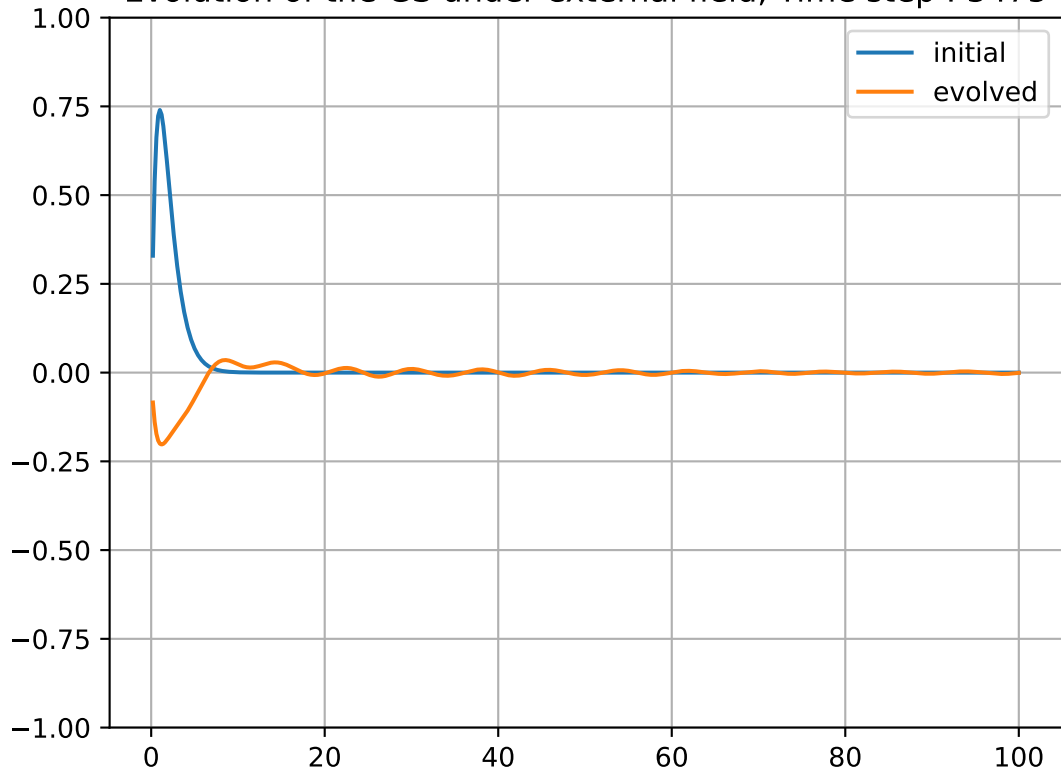

Evolution of the GS under external field, Time step : 3425

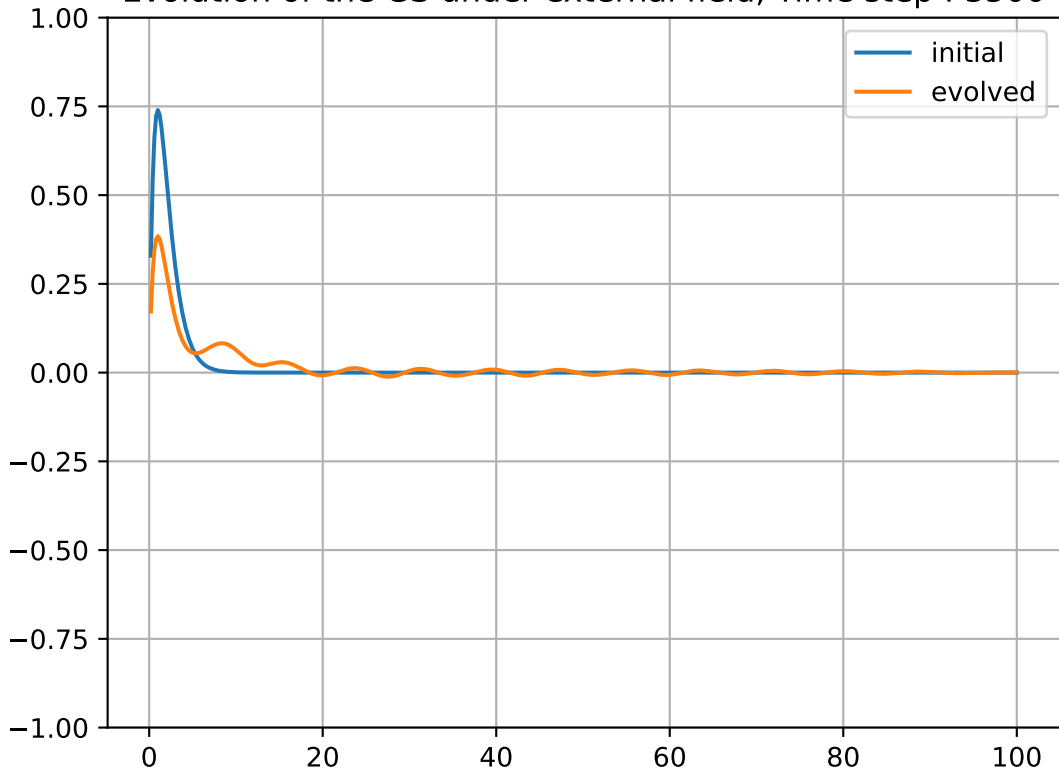

Evolution of the GS under external field, Time step : 3450

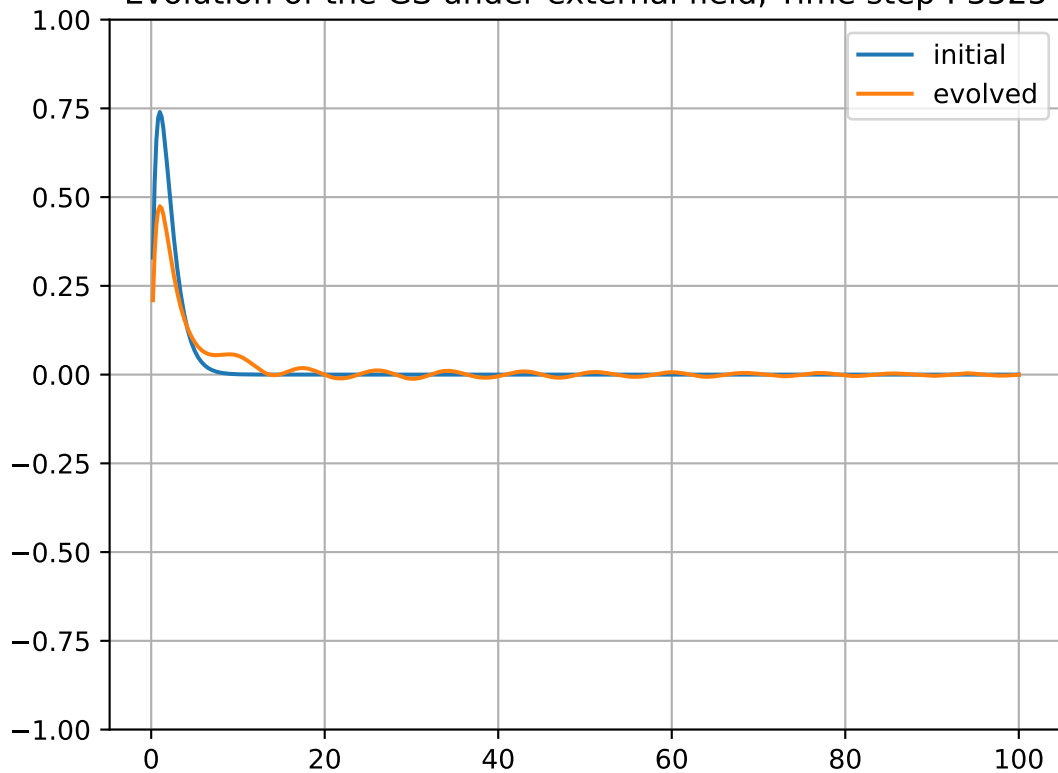

Evolution of the GS under external field, Time step : 3475

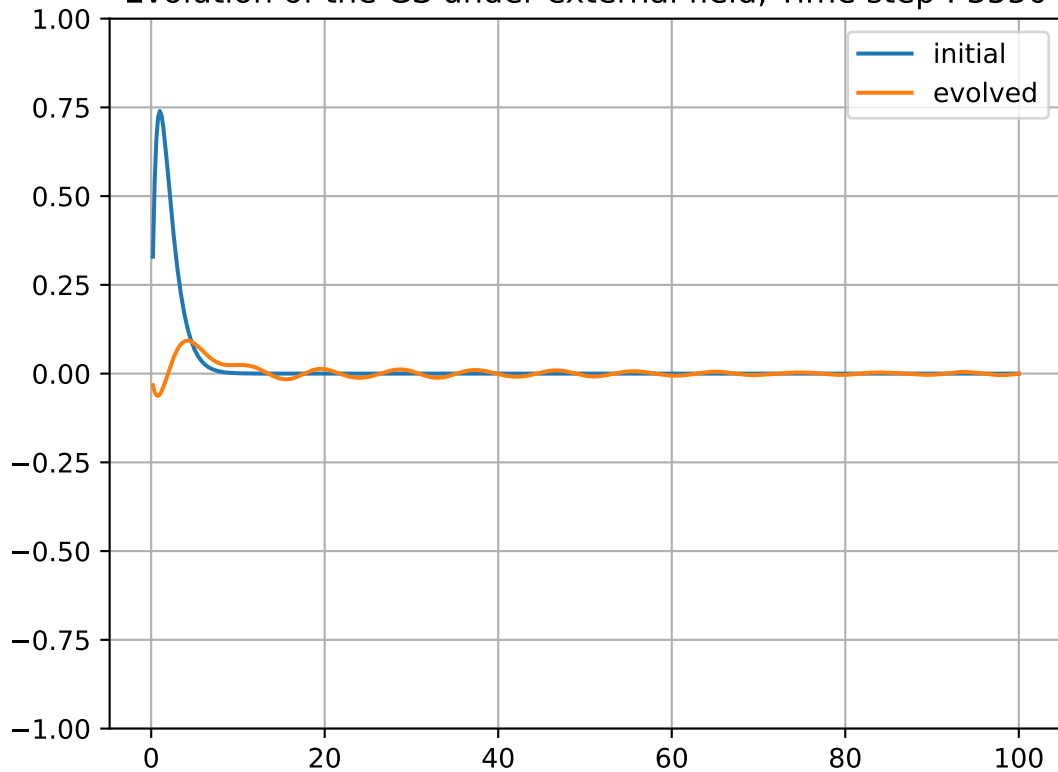

Evolution of the GS under external field, Time step : 3500

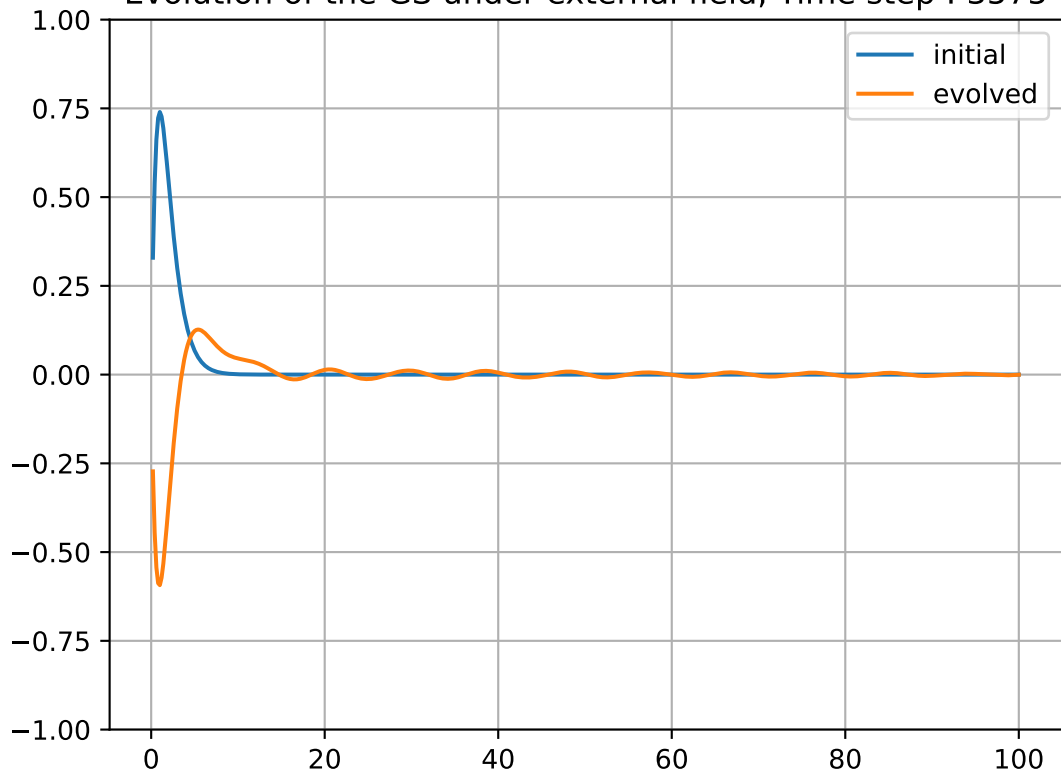

Evolution of the GS under external field, Time step : 3525

Evolution of the GS under external field, Time step : 3550

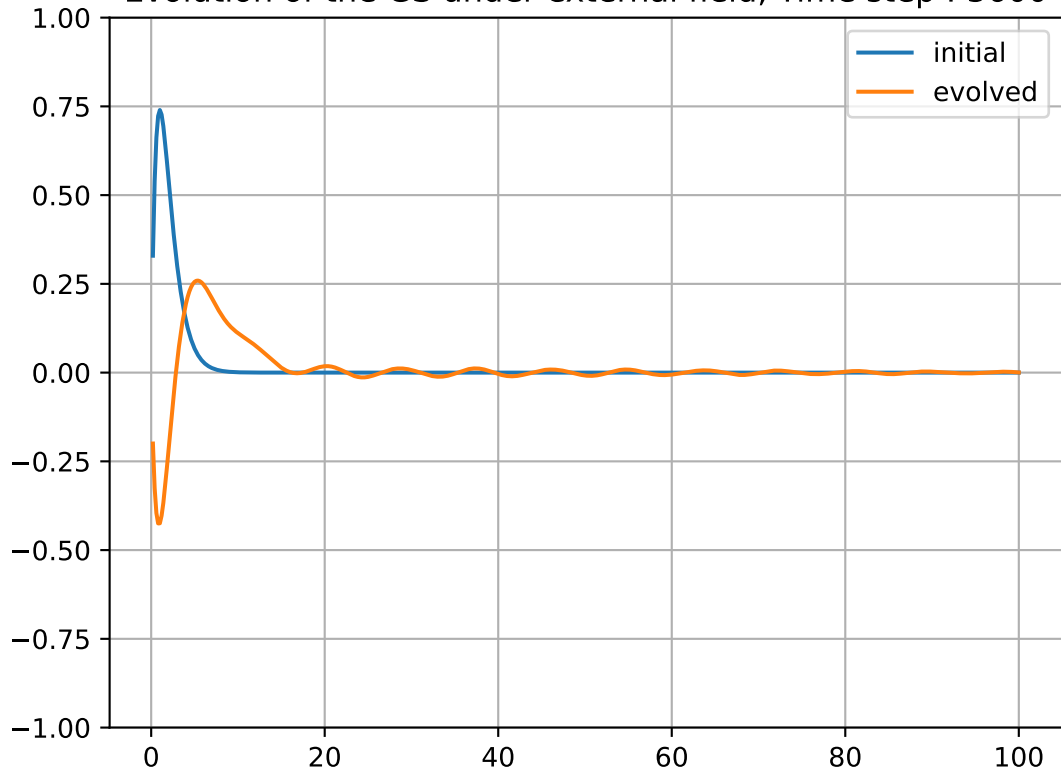

Evolution of the GS under external field, Time step : 3575

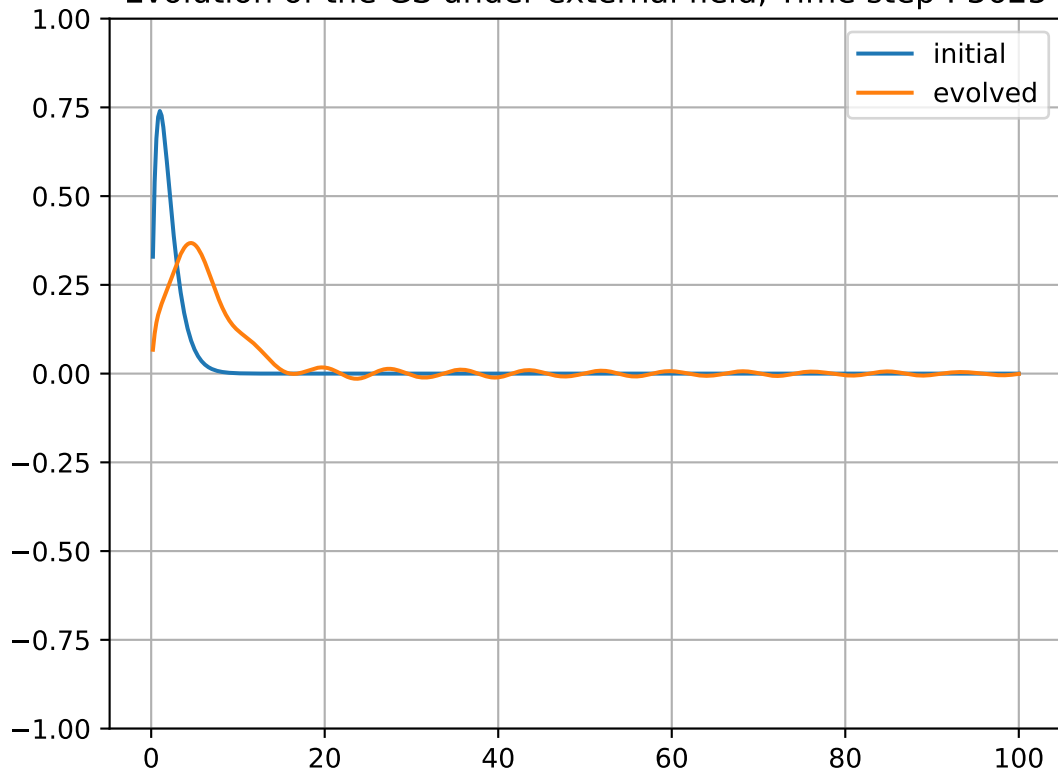

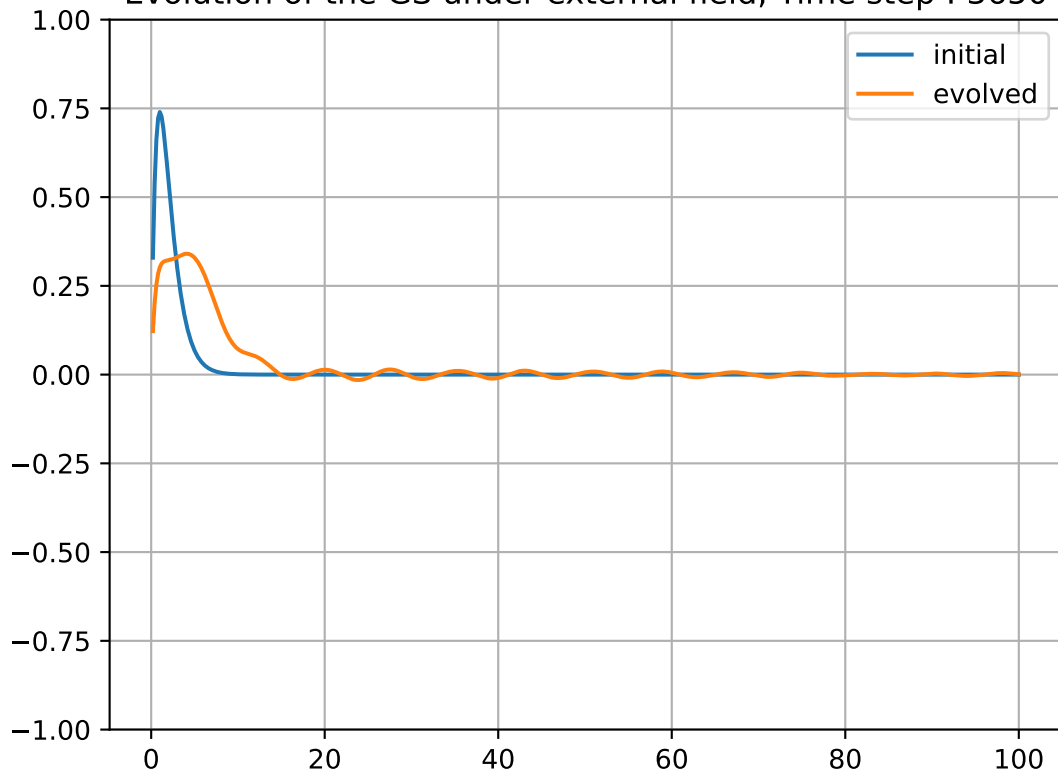

Evolution of the GS under external field, Time step : 3600

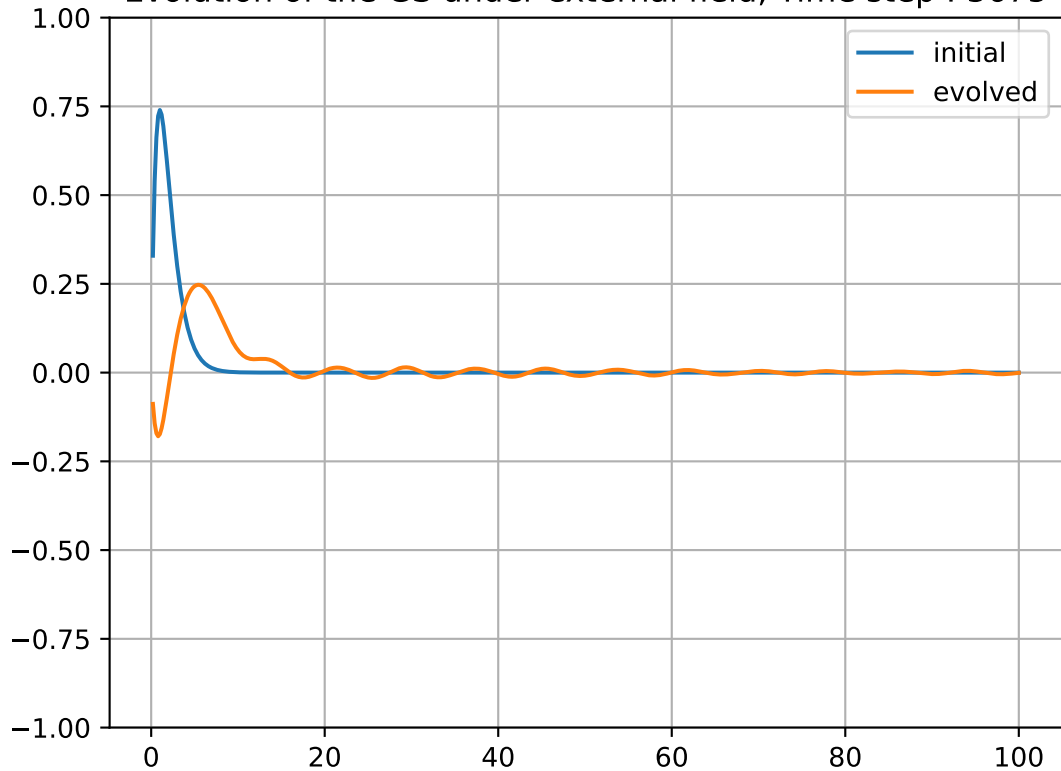

Evolution of the GS under external field, Time step : 3625

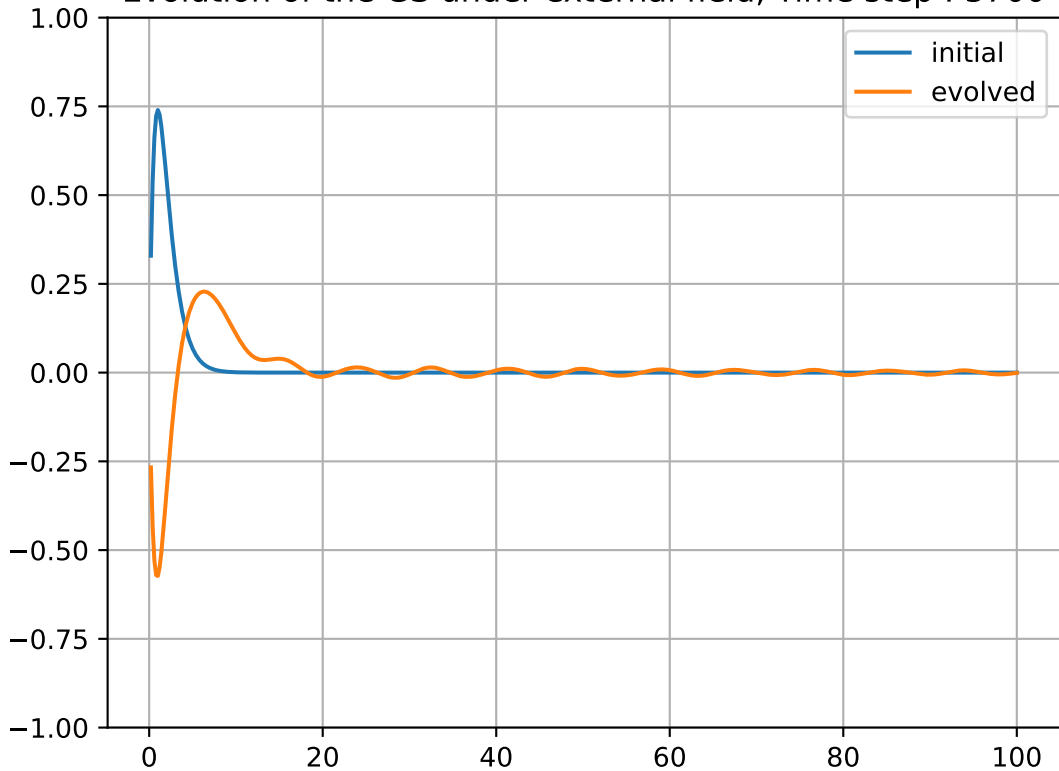

Evolution of the GS under external field, Time step : 3650

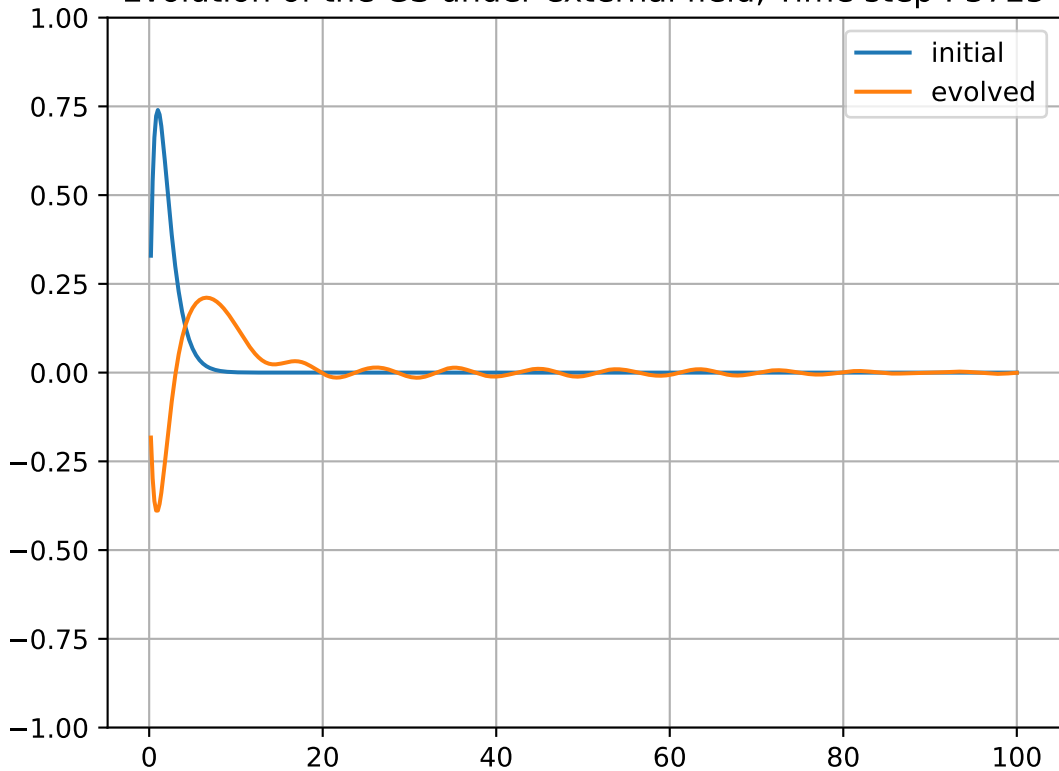

Evolution of the GS under external field, Time step : 3675

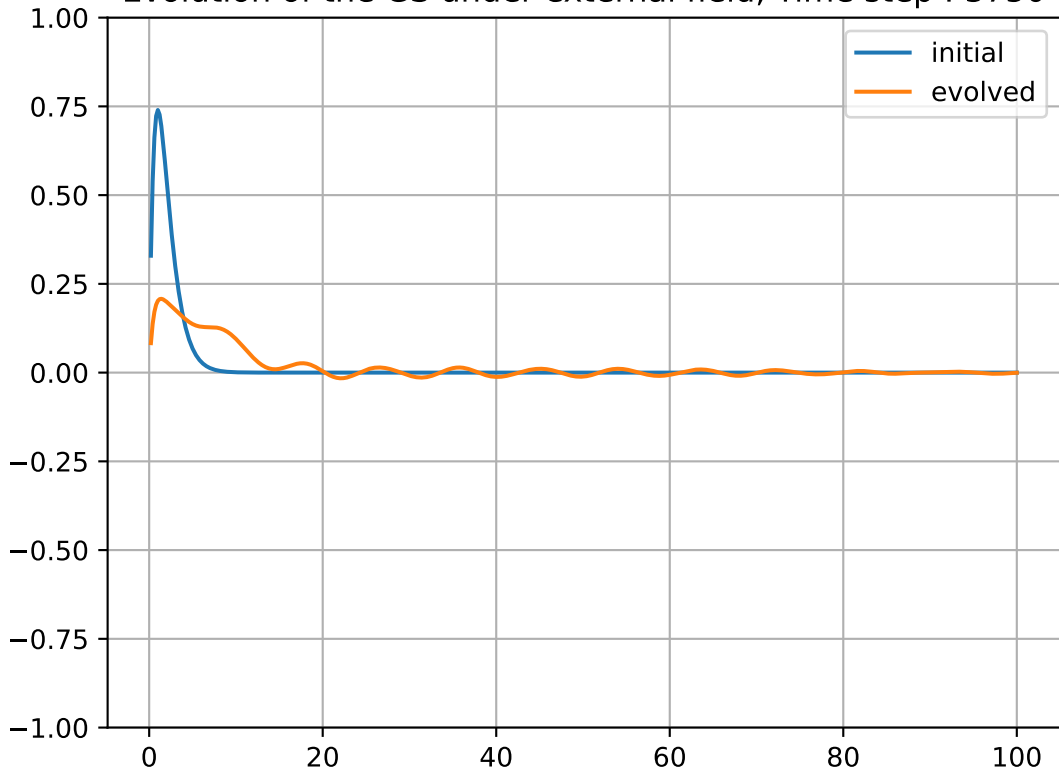

Evolution of the GS under external field, Time step : 3700

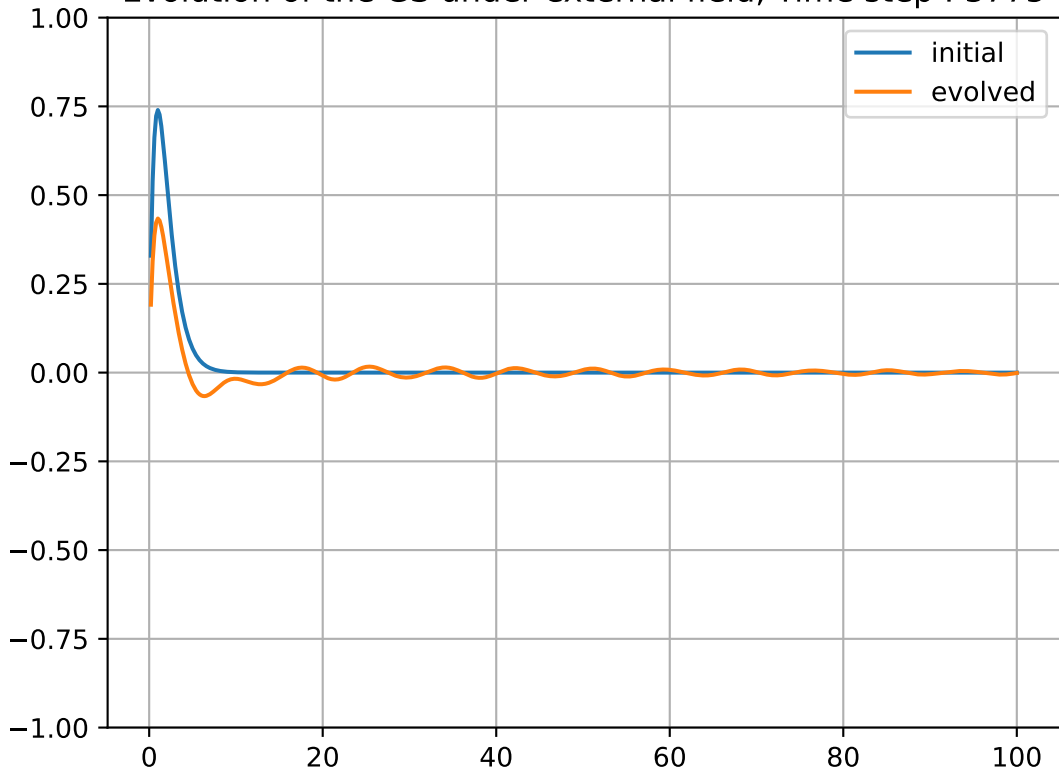

Evolution of the GS under external field, Time step : 3725

Evolution of the GS under external field, Time step : 3750

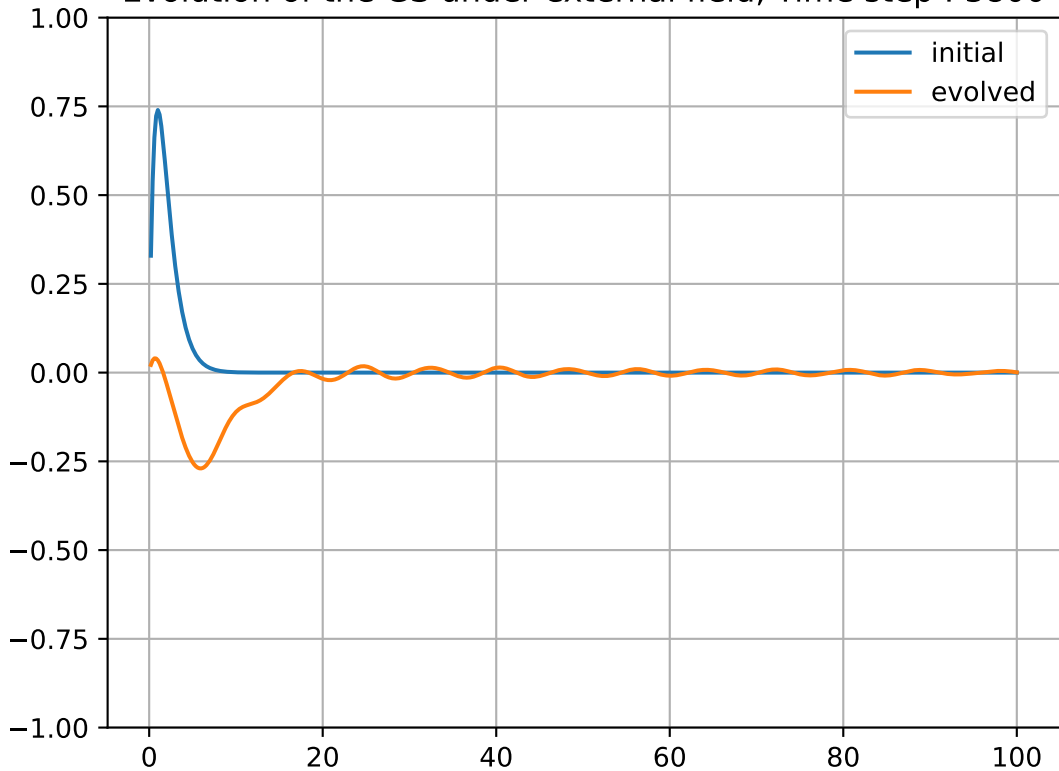

Evolution of the GS under external field, Time step : 3775

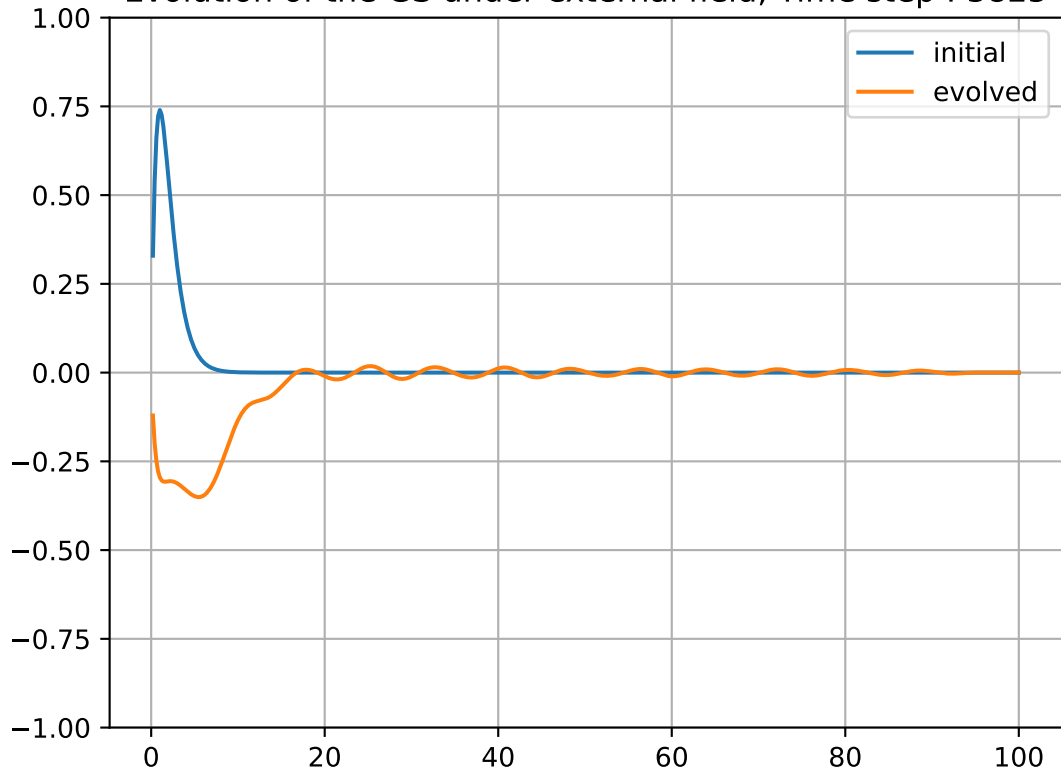

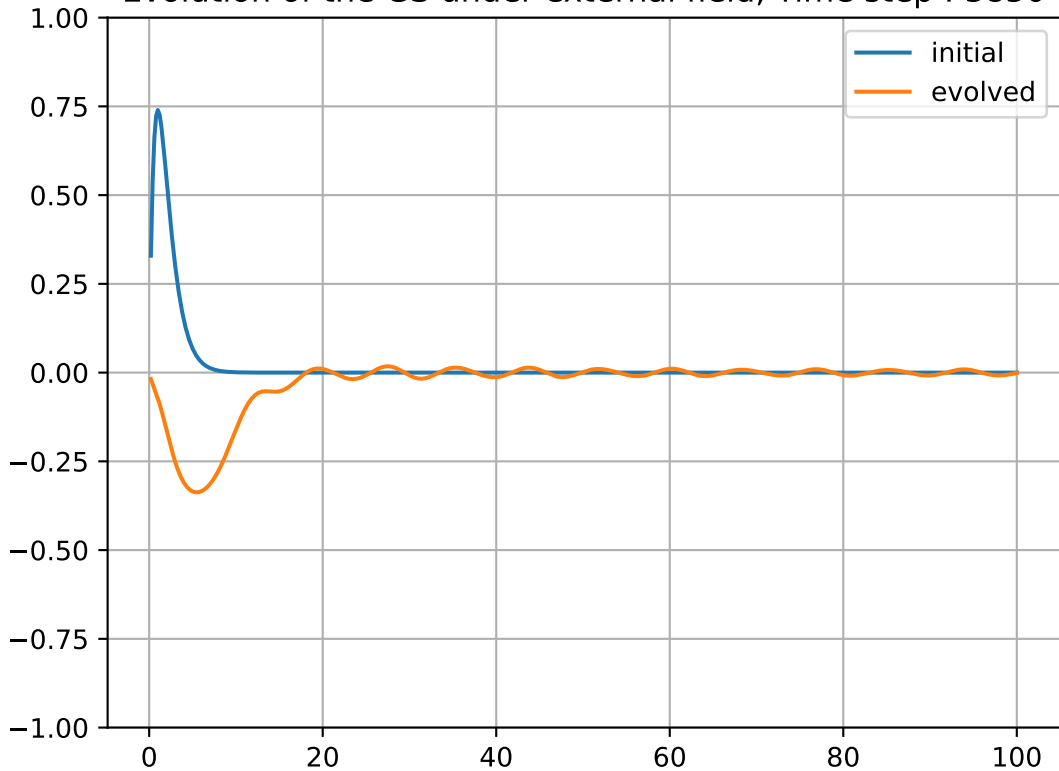

Evolution of the GS under external field, Time step : 3800

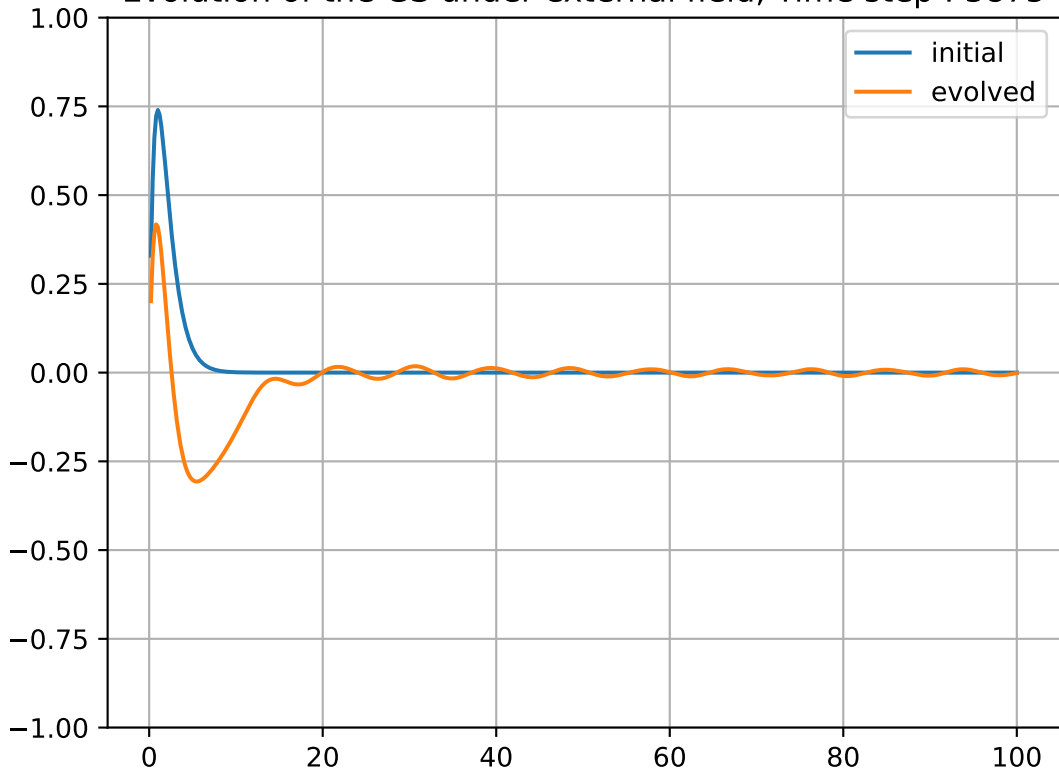

Evolution of the GS under external field, Time step : 3825

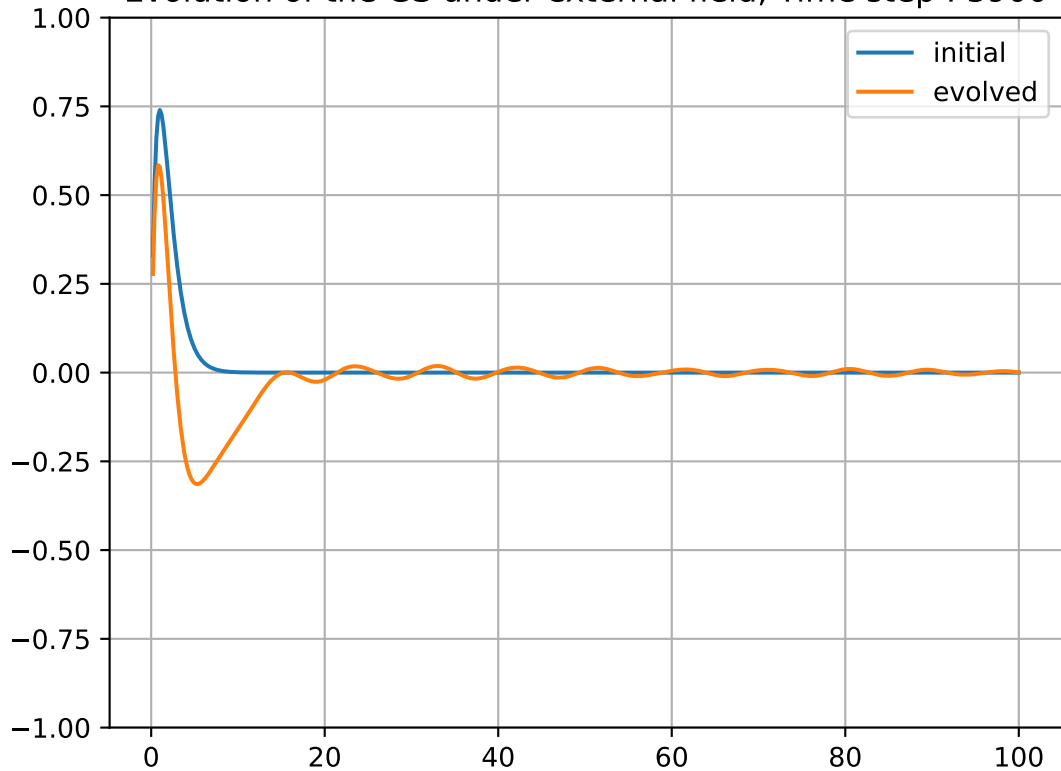

Evolution of the GS under external field, Time step : 3850

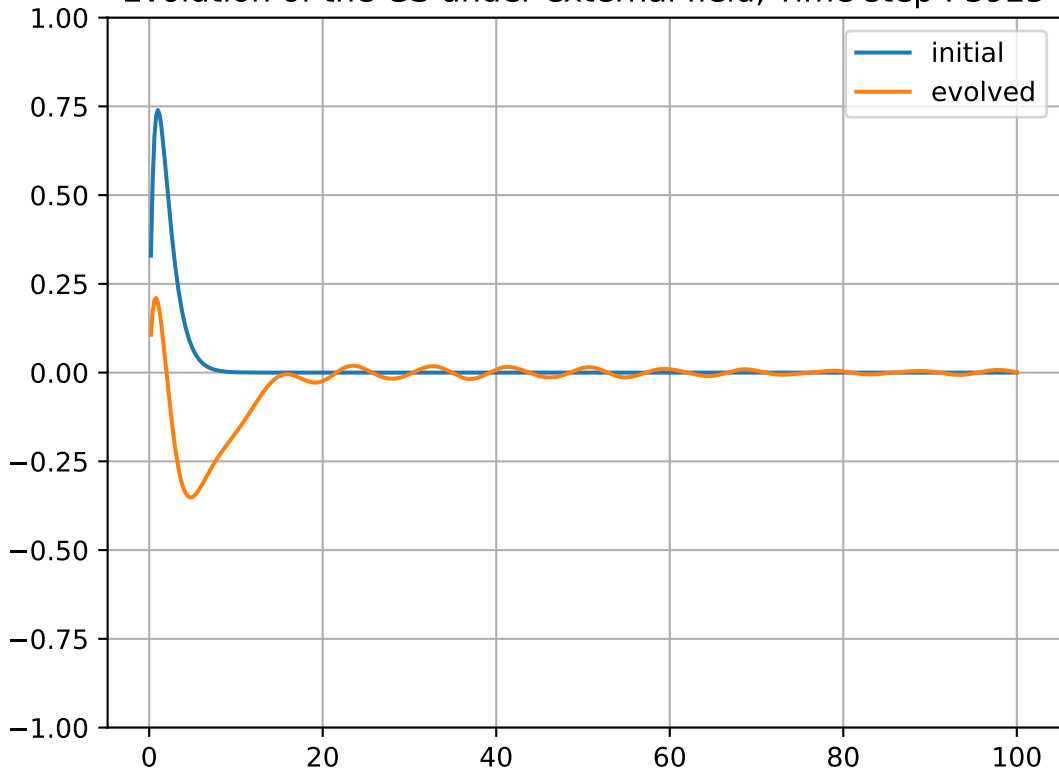

Evolution of the GS under external field, Time step : 3875

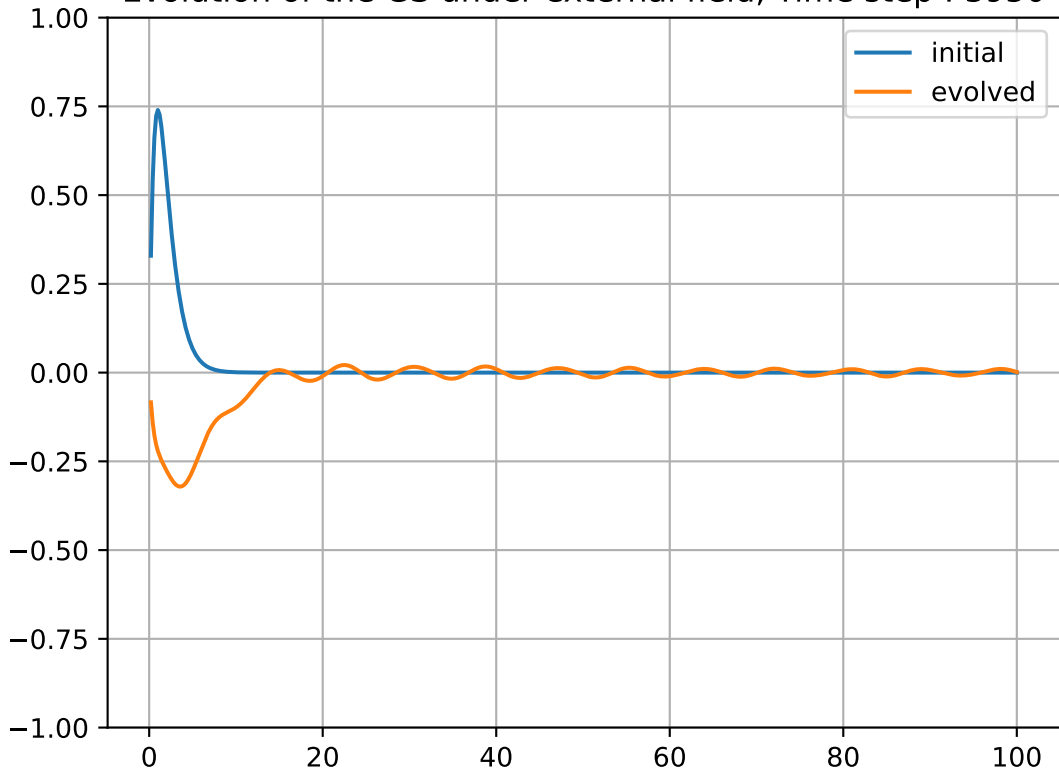

Evolution of the GS under external field, Time step : 3900

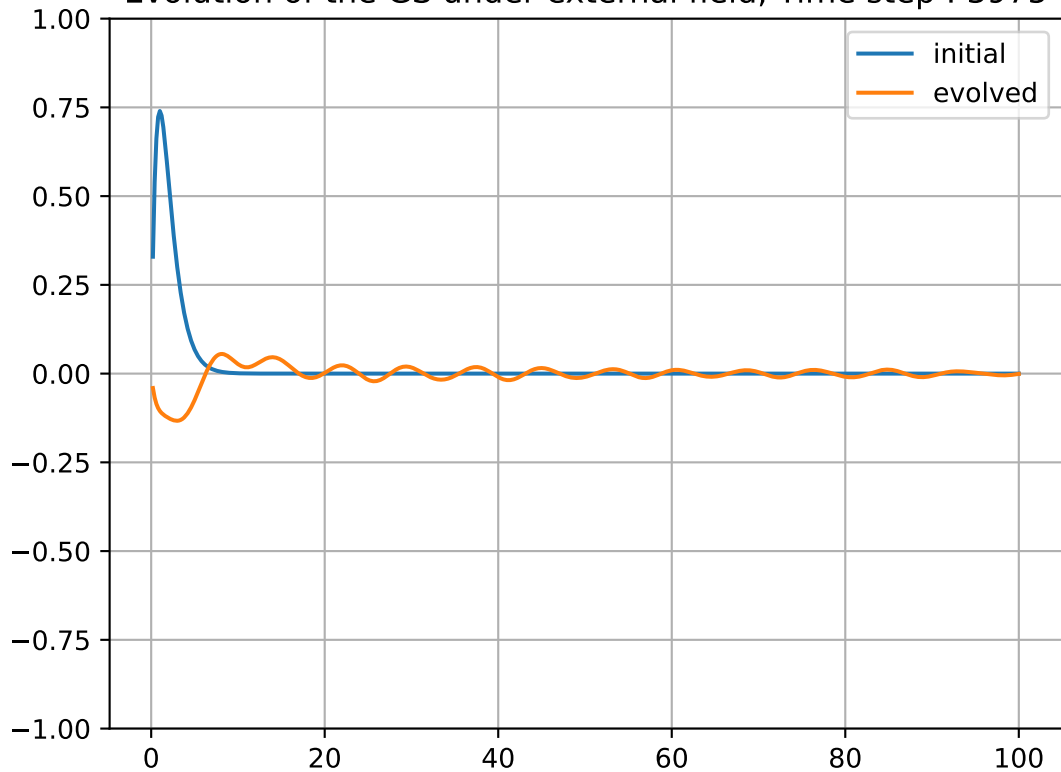

Evolution of the GS under external field, Time step : 3925

Evolution of the GS under external field, Time step : 3950

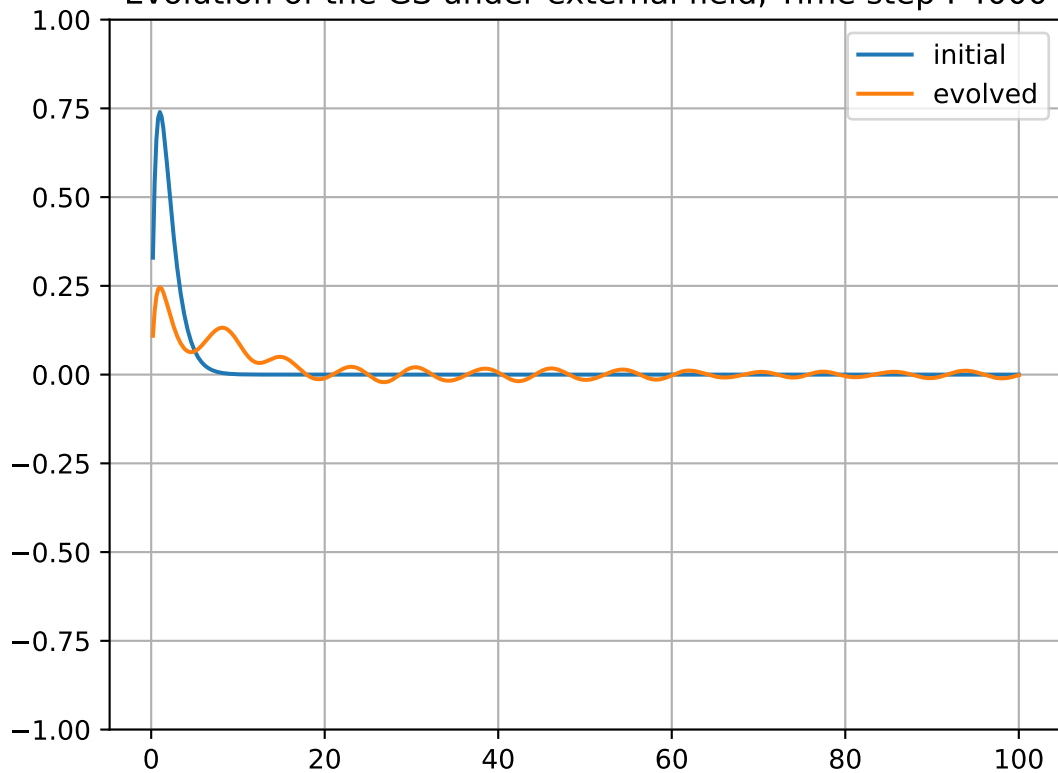

Evolution of the GS under external field, Time step : 3975

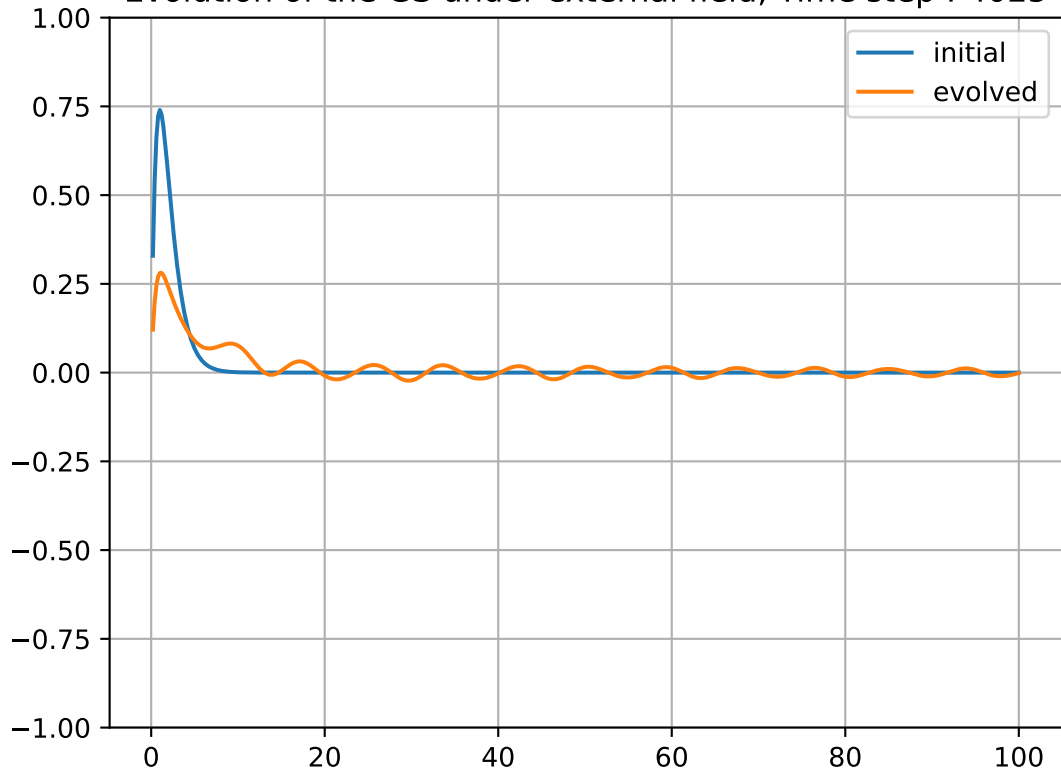

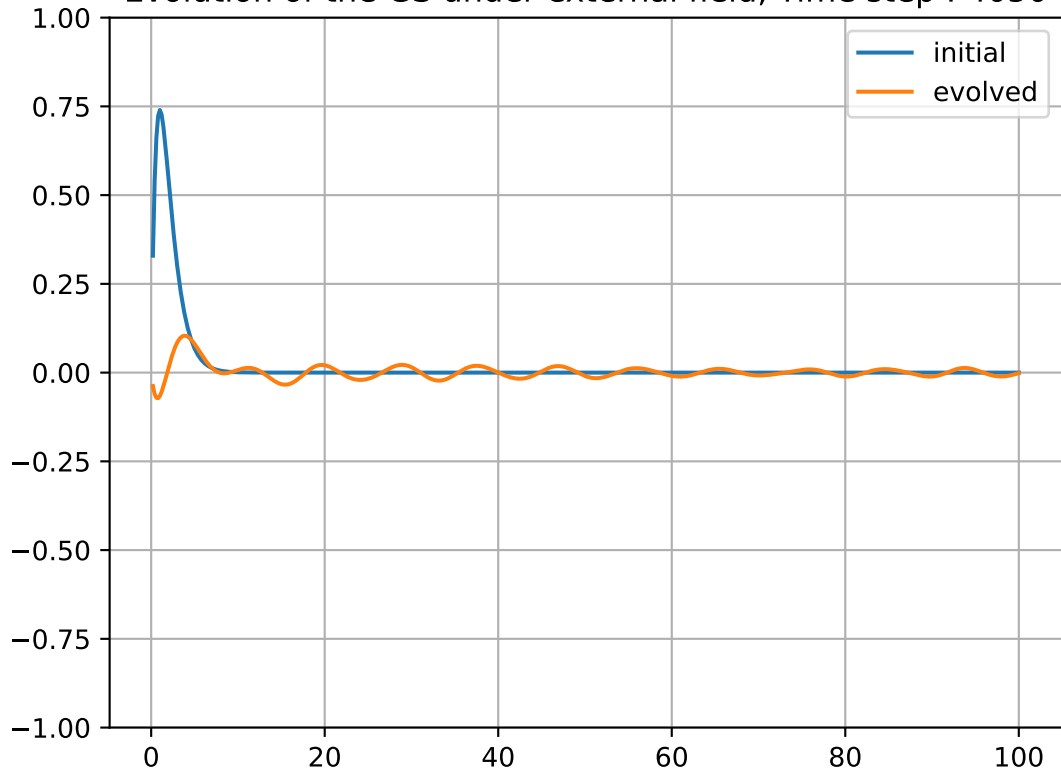

Evolution of the GS under external field, Time step : 4000

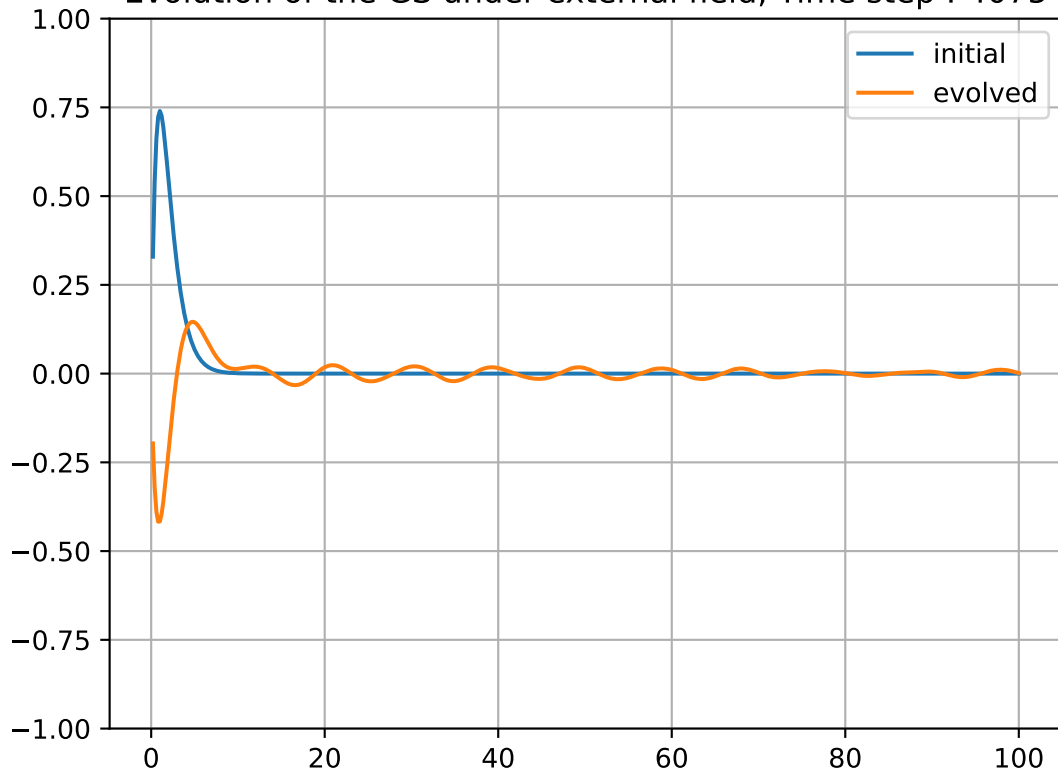

Evolution of the GS under external field, Time step : 4025

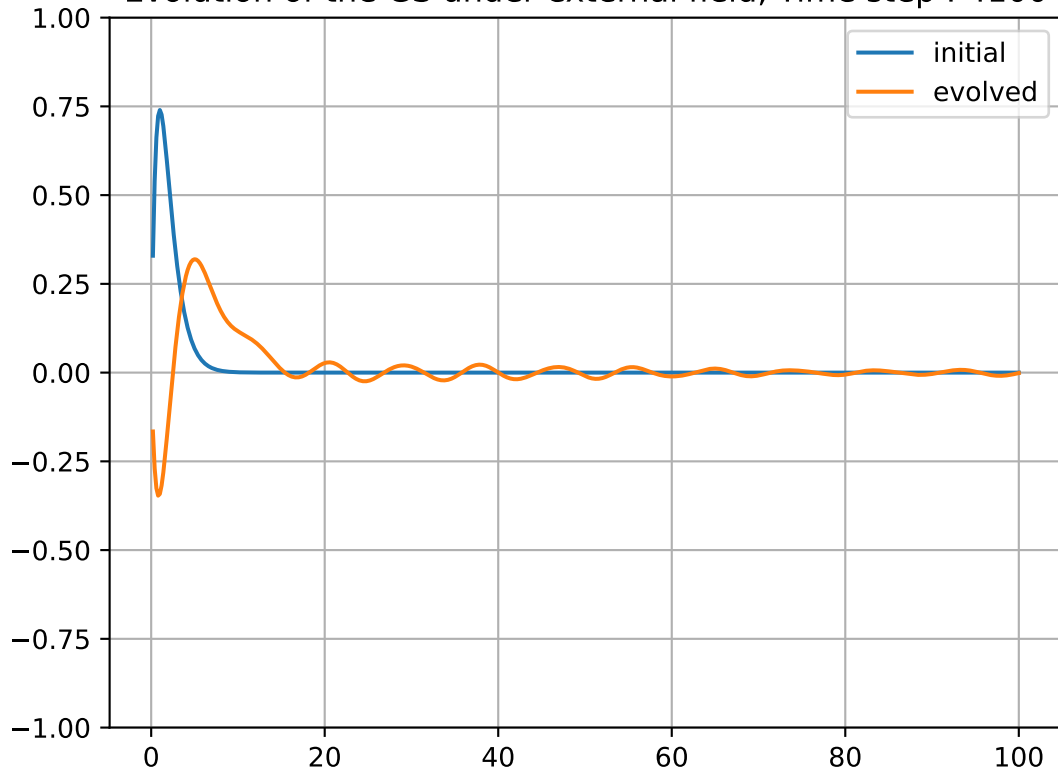

Evolution of the GS under external field, Time step : 4050

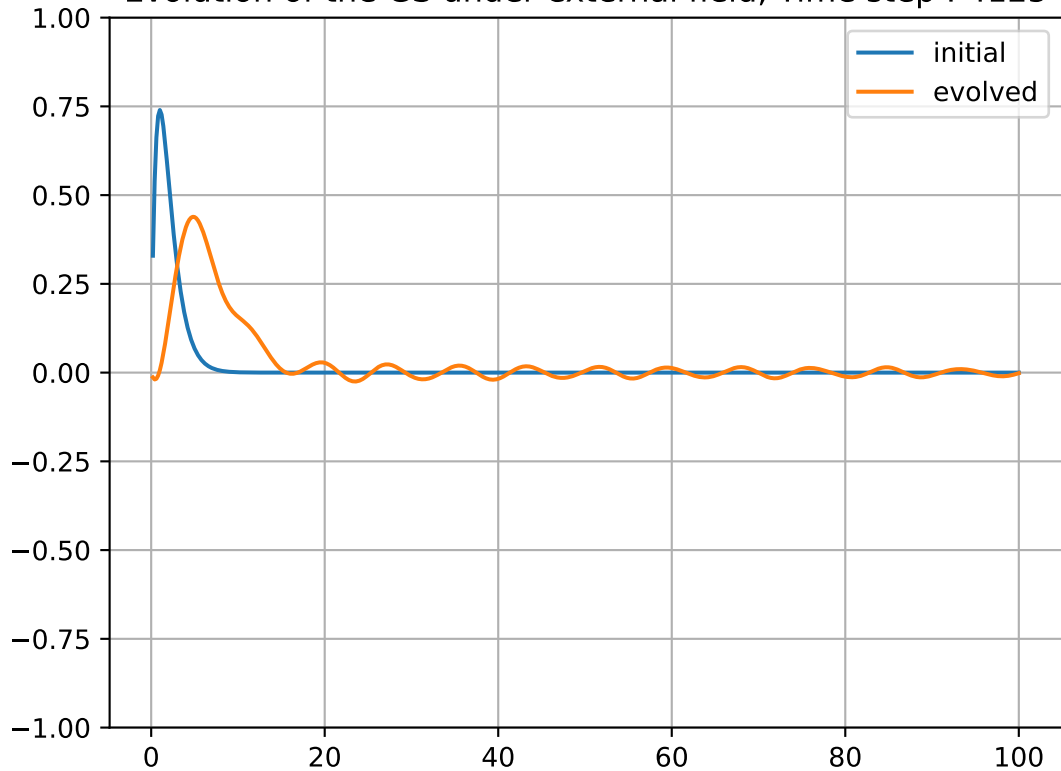

Evolution of the GS under external field, Time step : 4075

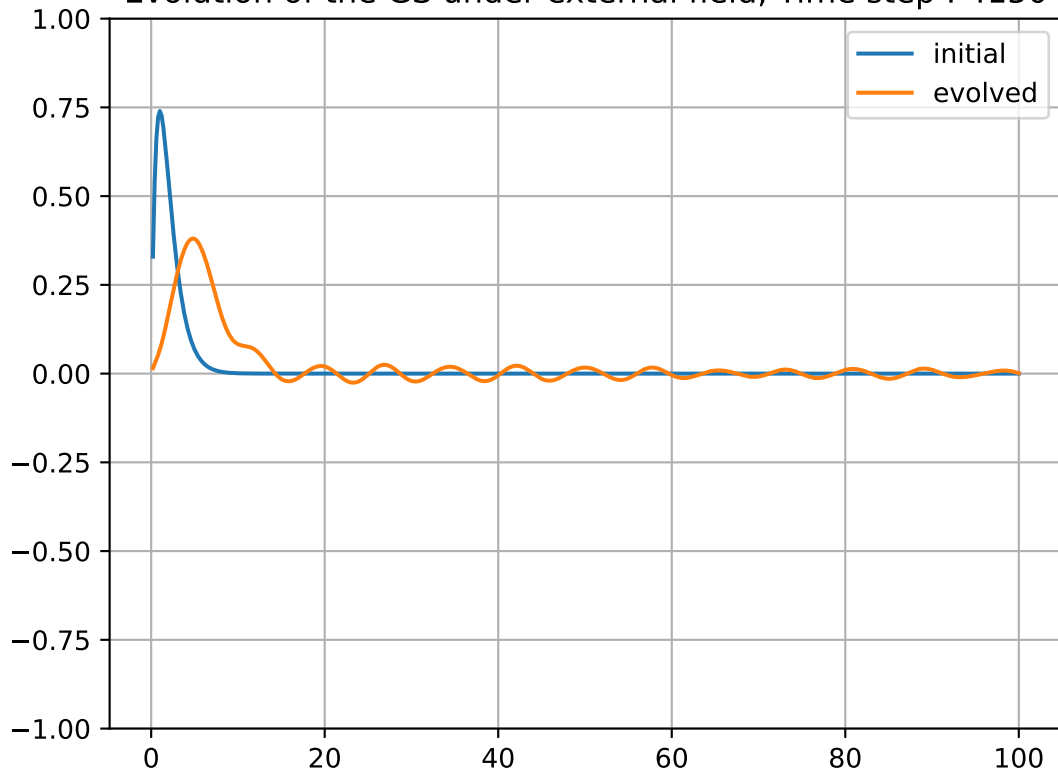

Evolution of the GS under external field, Time step : 4100

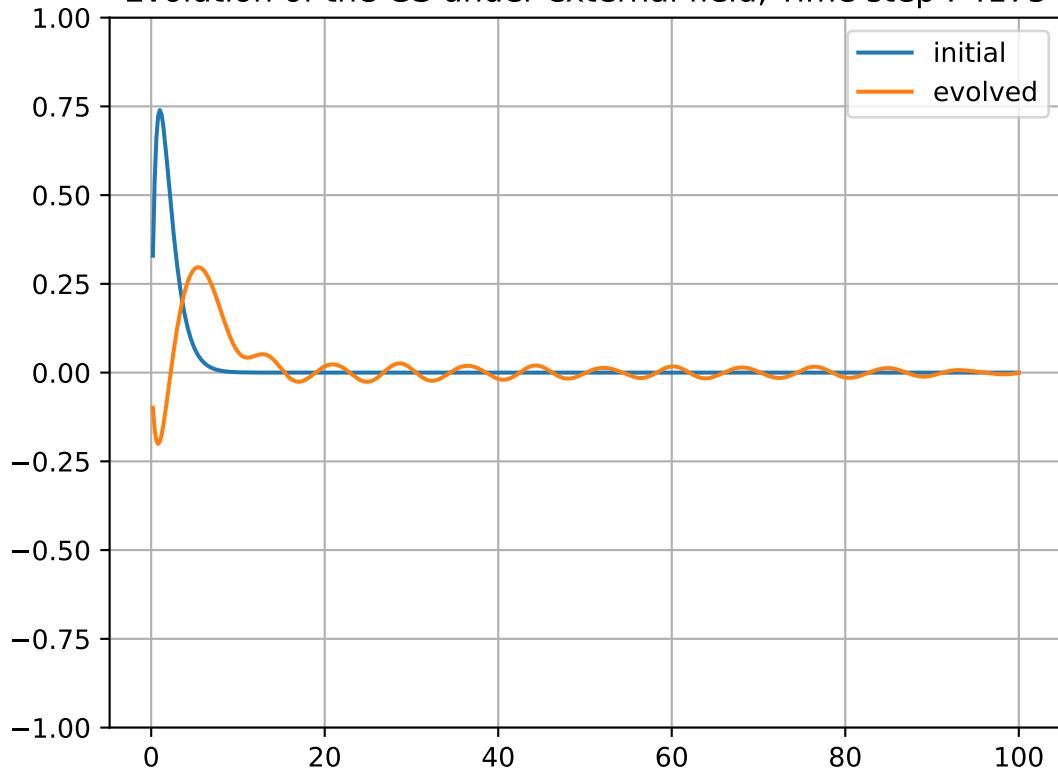

Evolution of the GS under external field, Time step : 4125

Evolution of the GS under external field, Time step : 4150

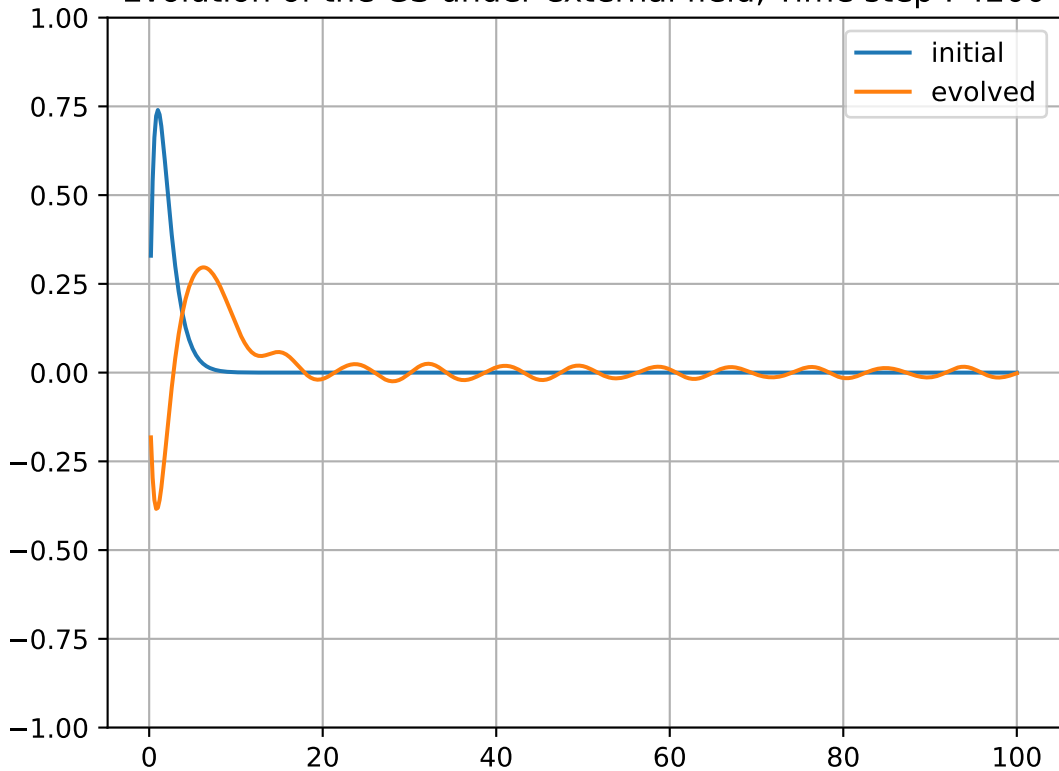

Evolution of the GS under external field, Time step : 4175

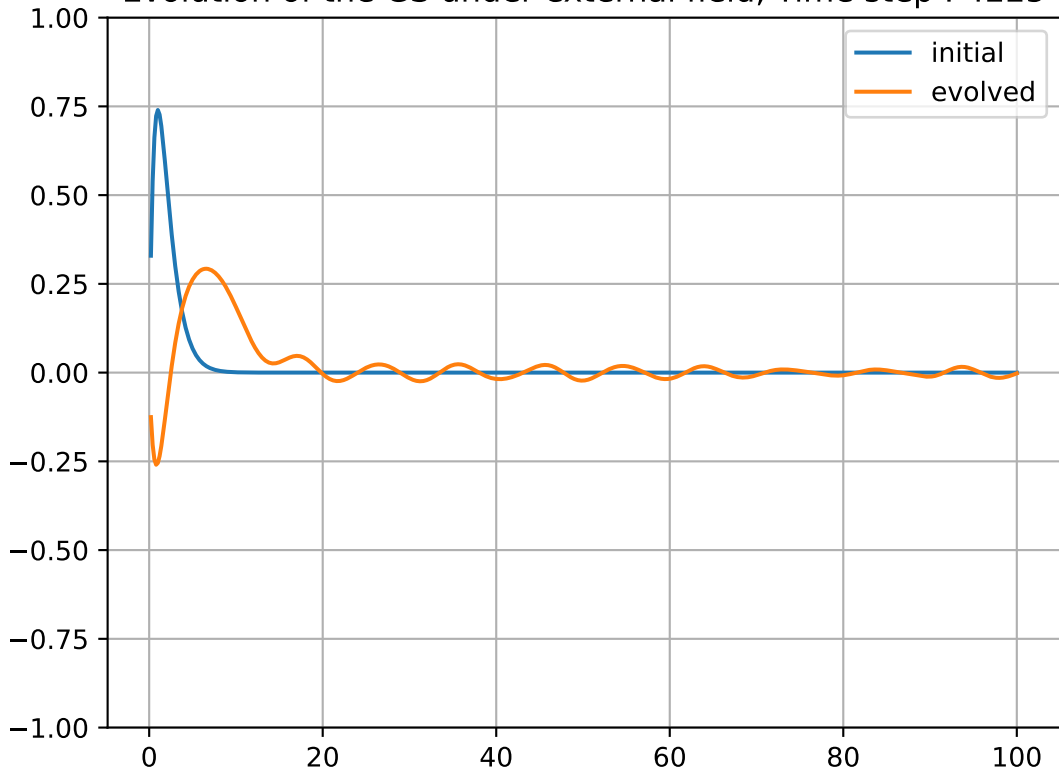

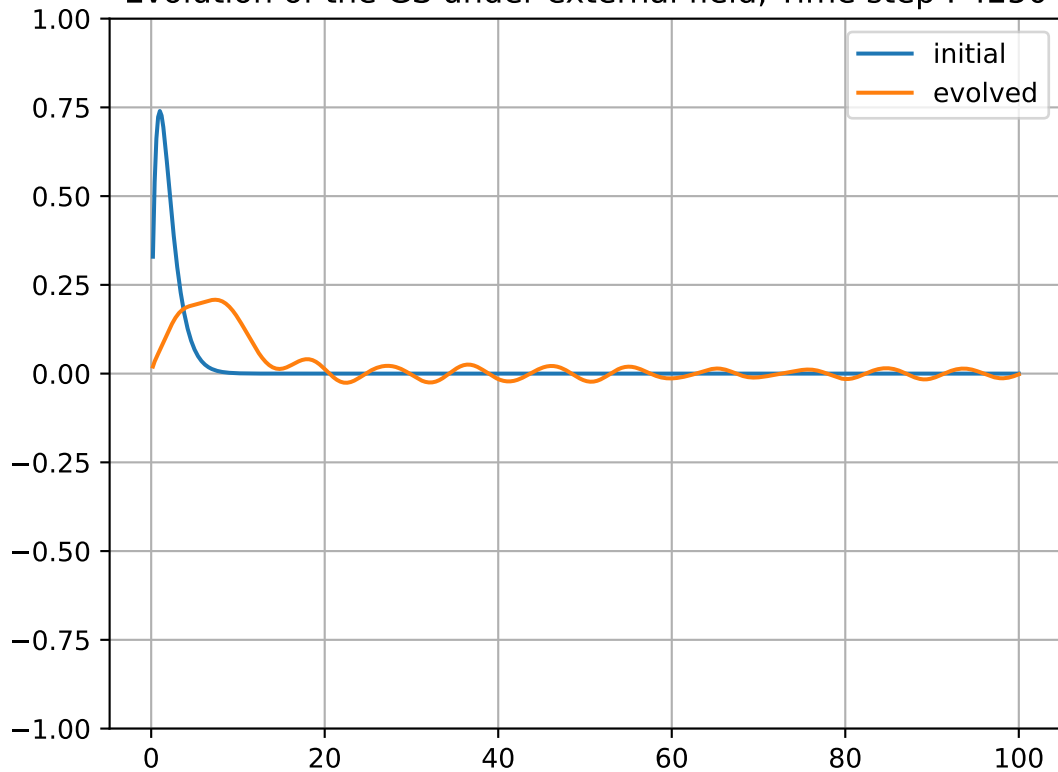

Evolution of the GS under external field, Time step : 4200

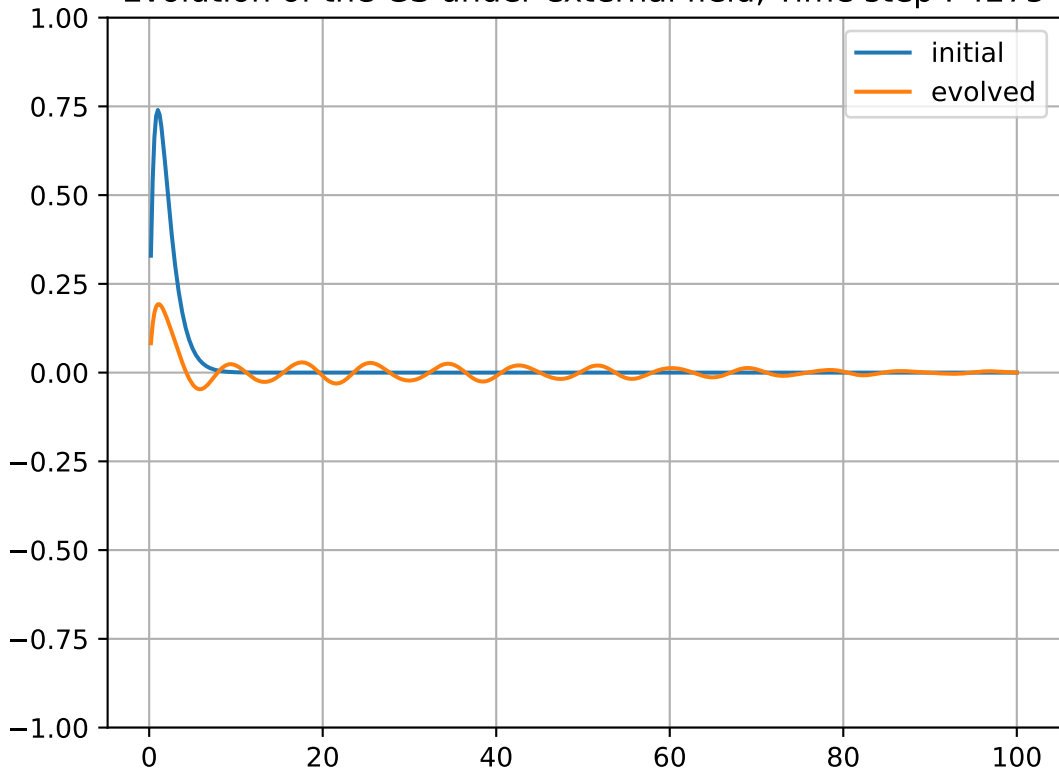

Evolution of the GS under external field, Time step : 4225

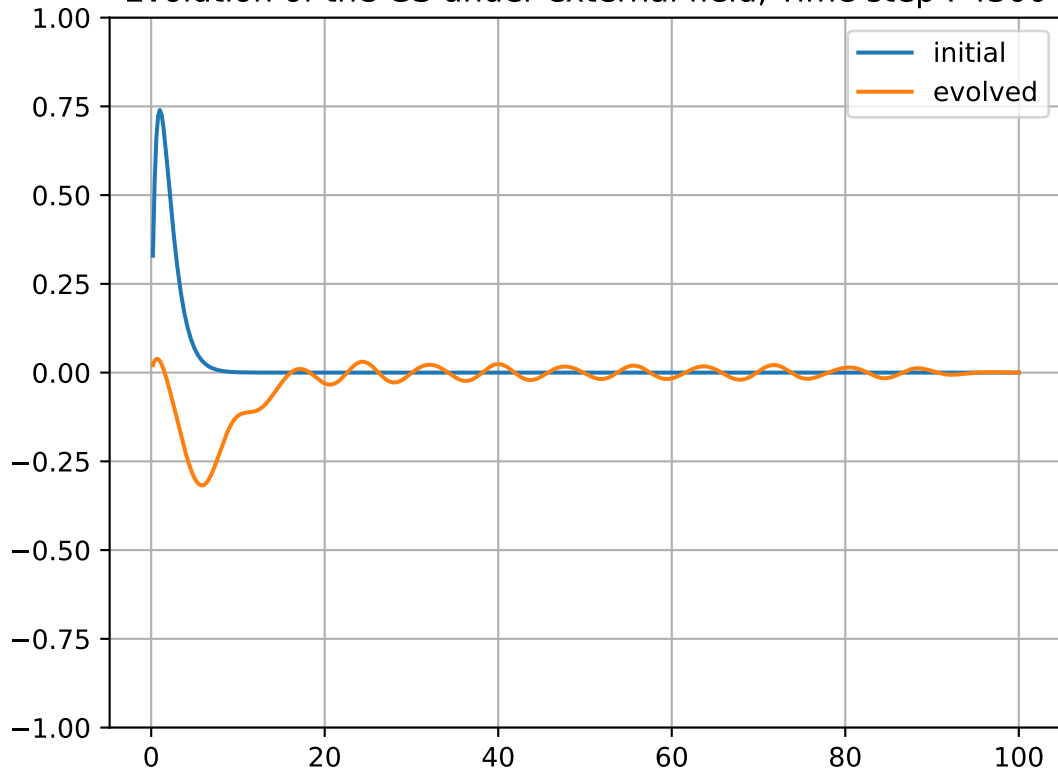

Evolution of the GS under external field, Time step : 4250

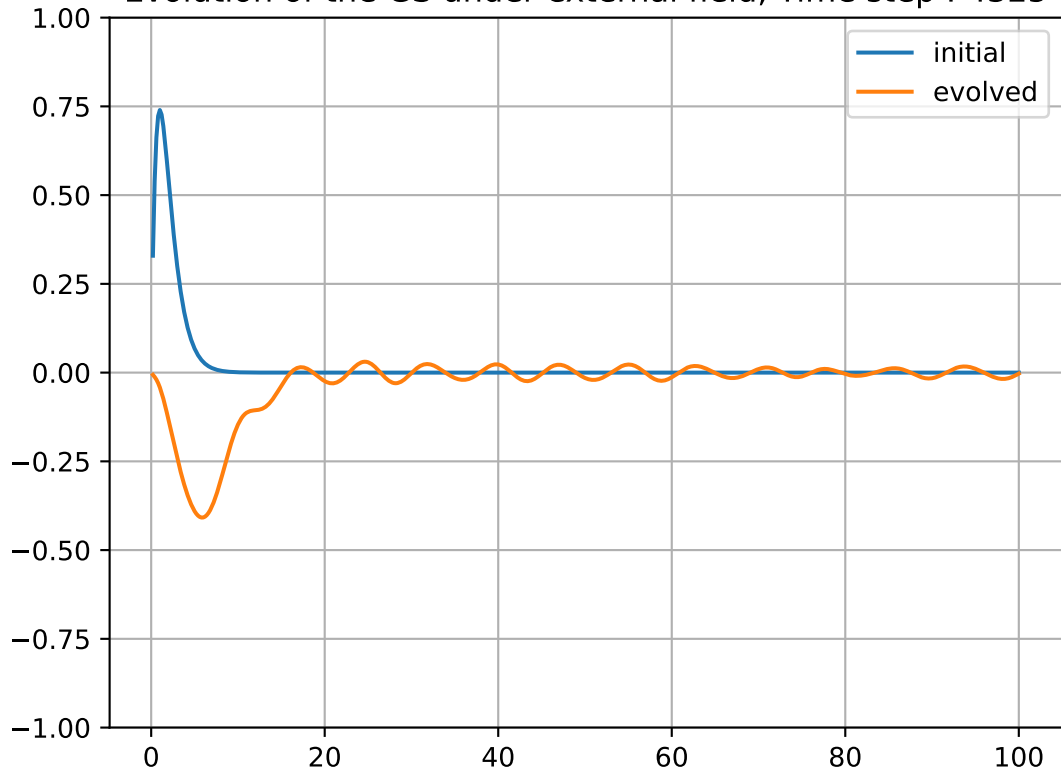

Evolution of the GS under external field, Time step : 4275

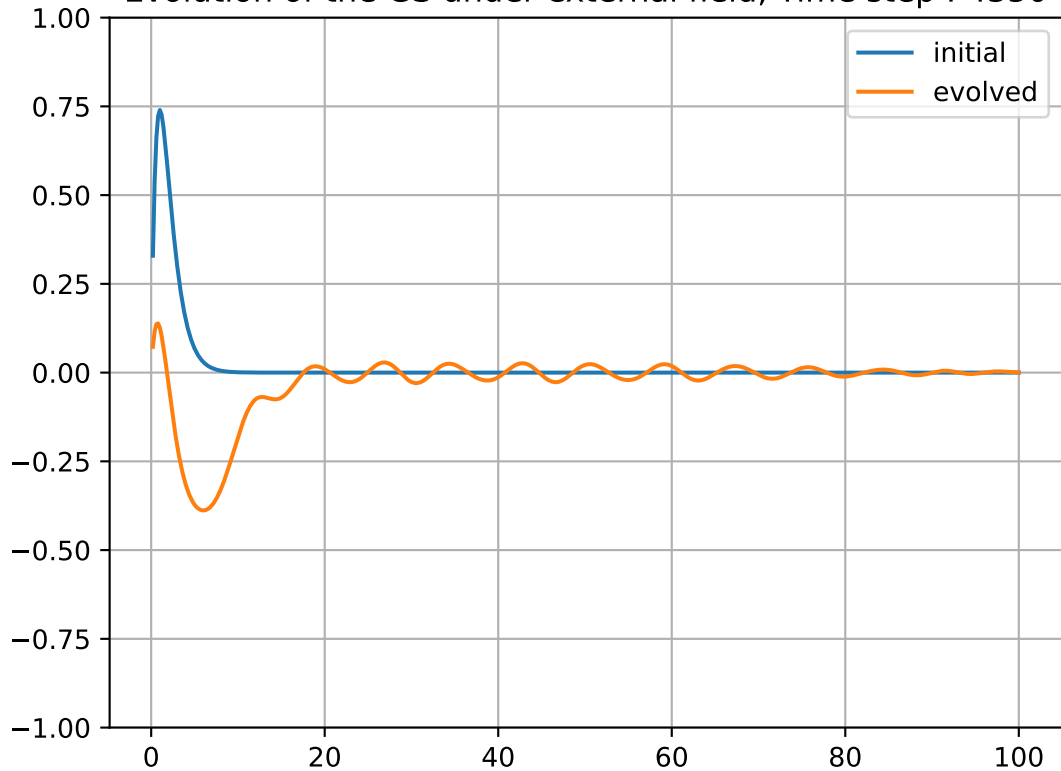

Evolution of the GS under external field, Time step : 4300

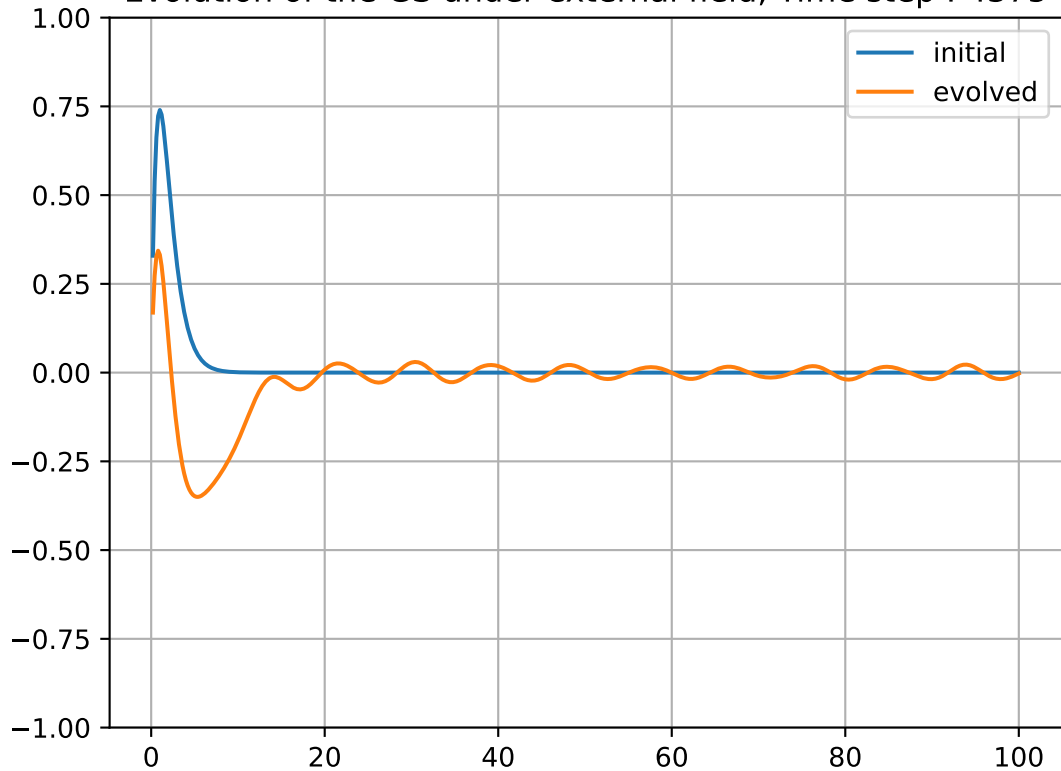

Evolution of the GS under external field, Time step : 4325

Evolution of the GS under external field, Time step : 4350

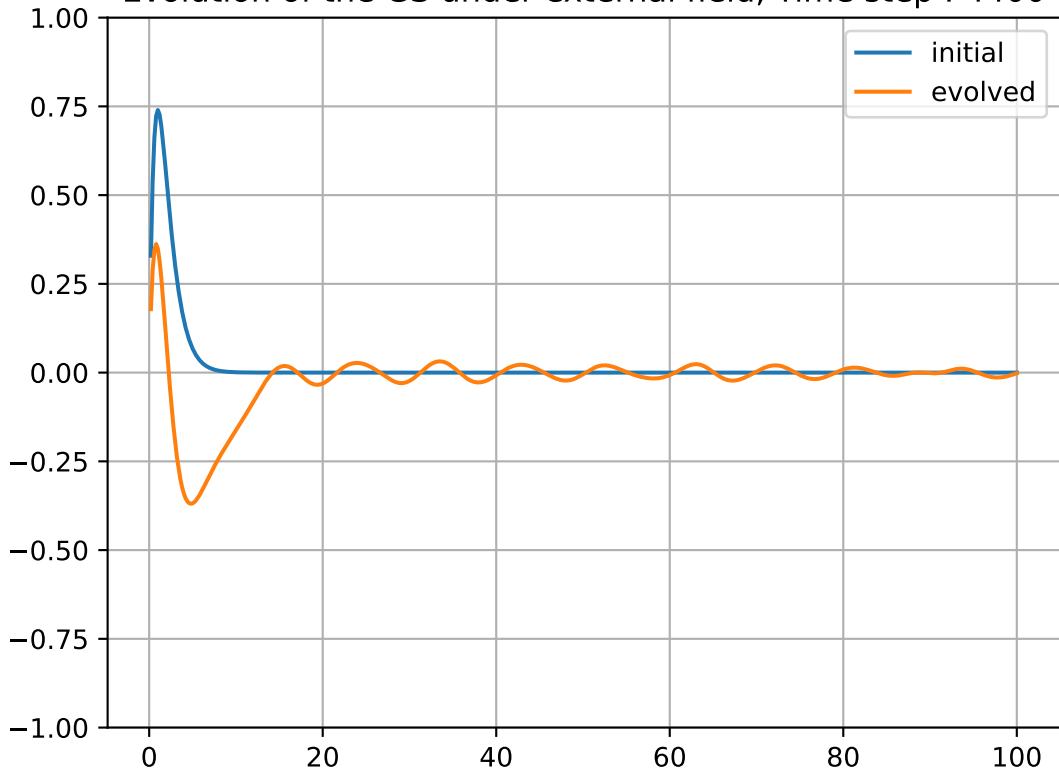

Evolution of the GS under external field, Time step : 4375

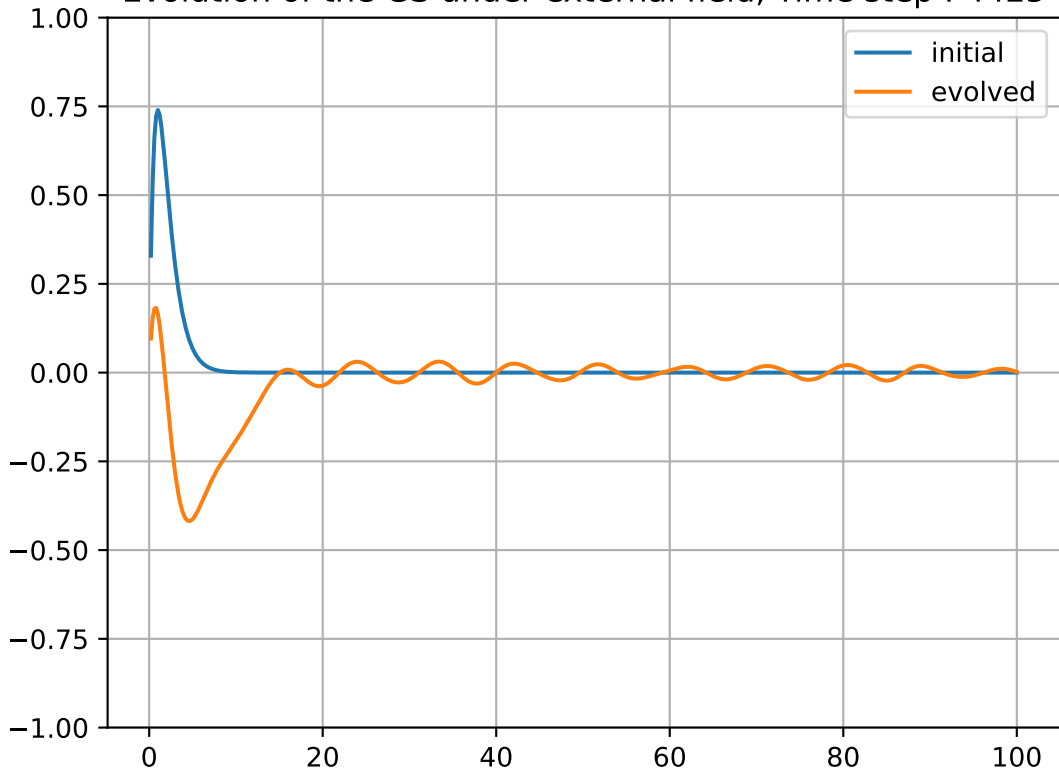

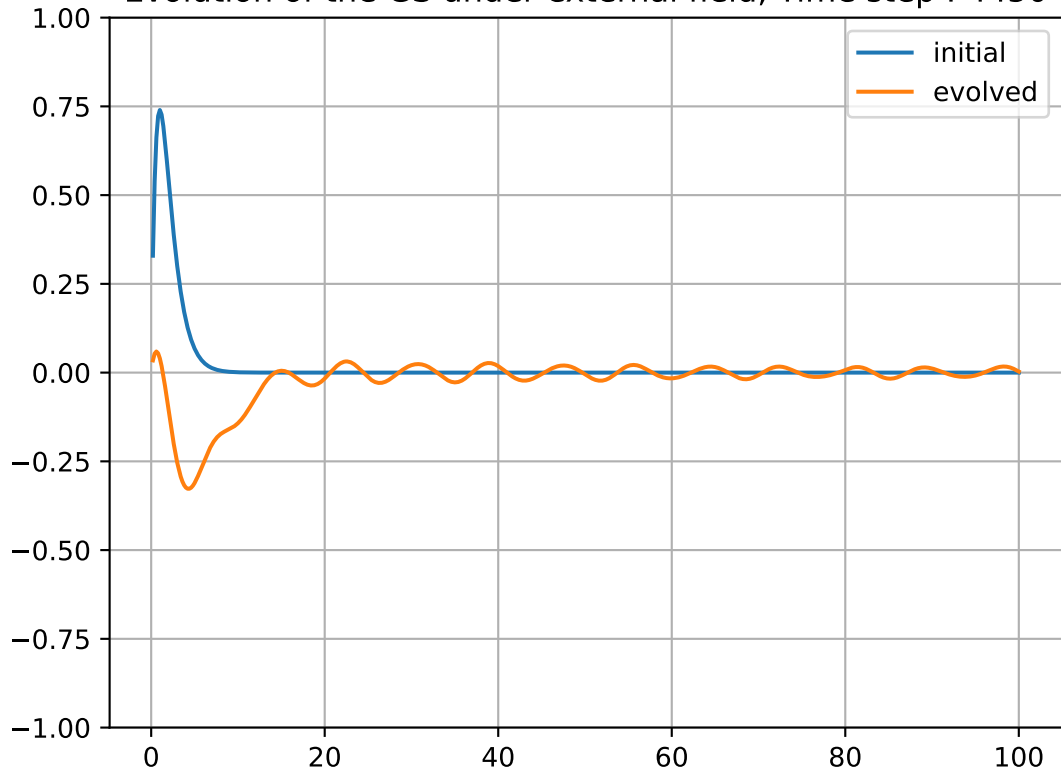

Evolution of the GS under external field, Time step : 4400

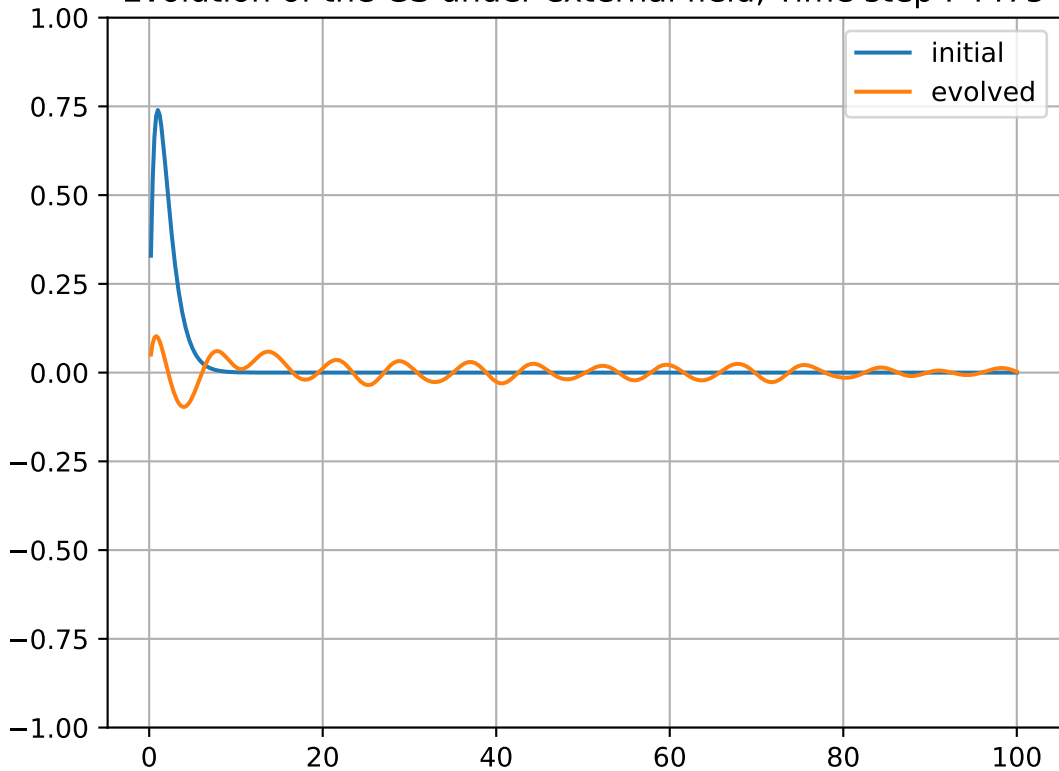

Evolution of the GS under external field, Time step : 4425

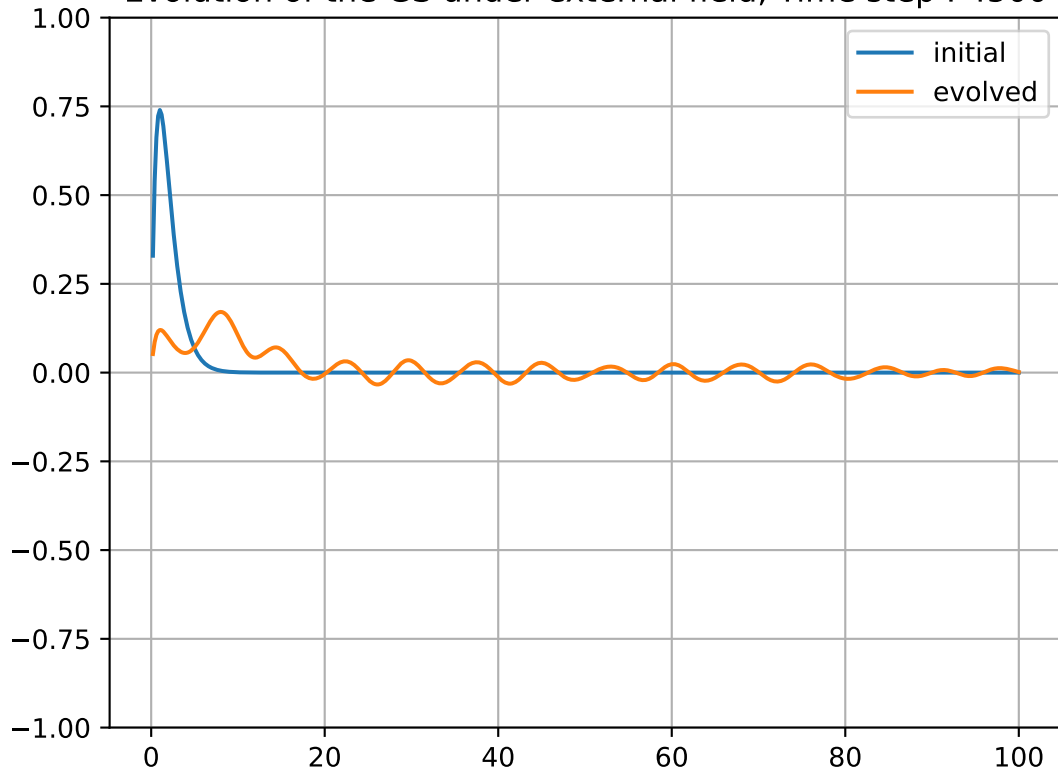

Evolution of the GS under external field, Time step : 4450

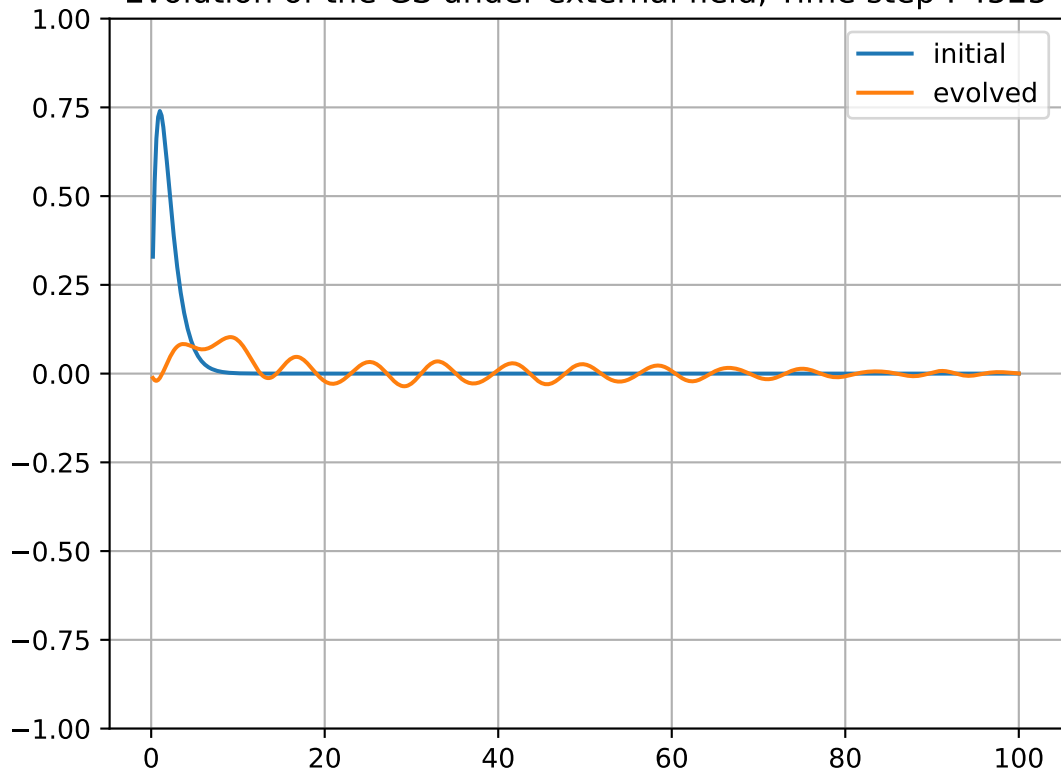

Evolution of the GS under external field, Time step : 4475

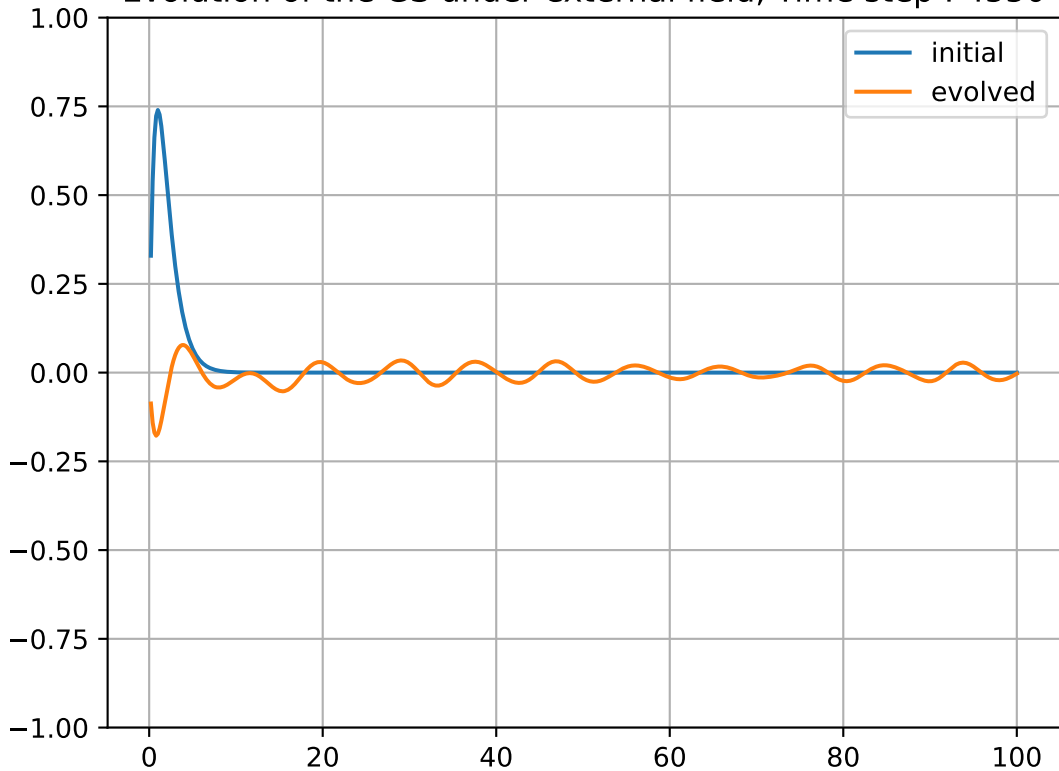

Evolution of the GS under external field, Time step : 4500

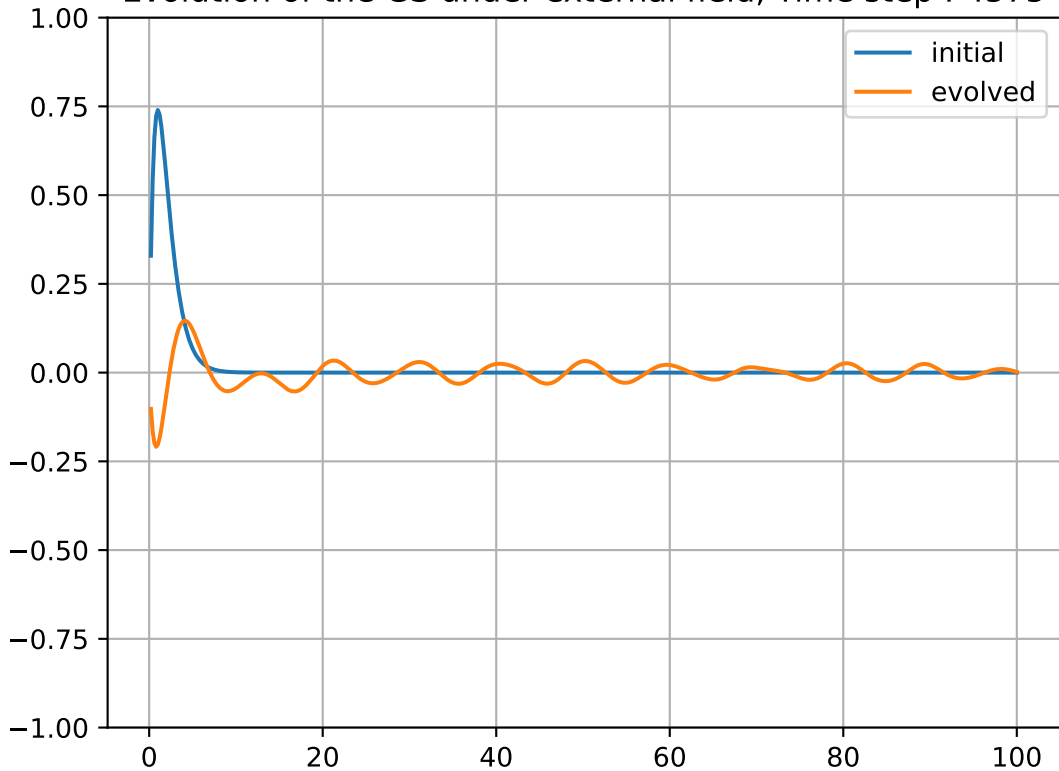

Evolution of the GS under external field, Time step : 4525

Evolution of the GS under external field, Time step : 4550

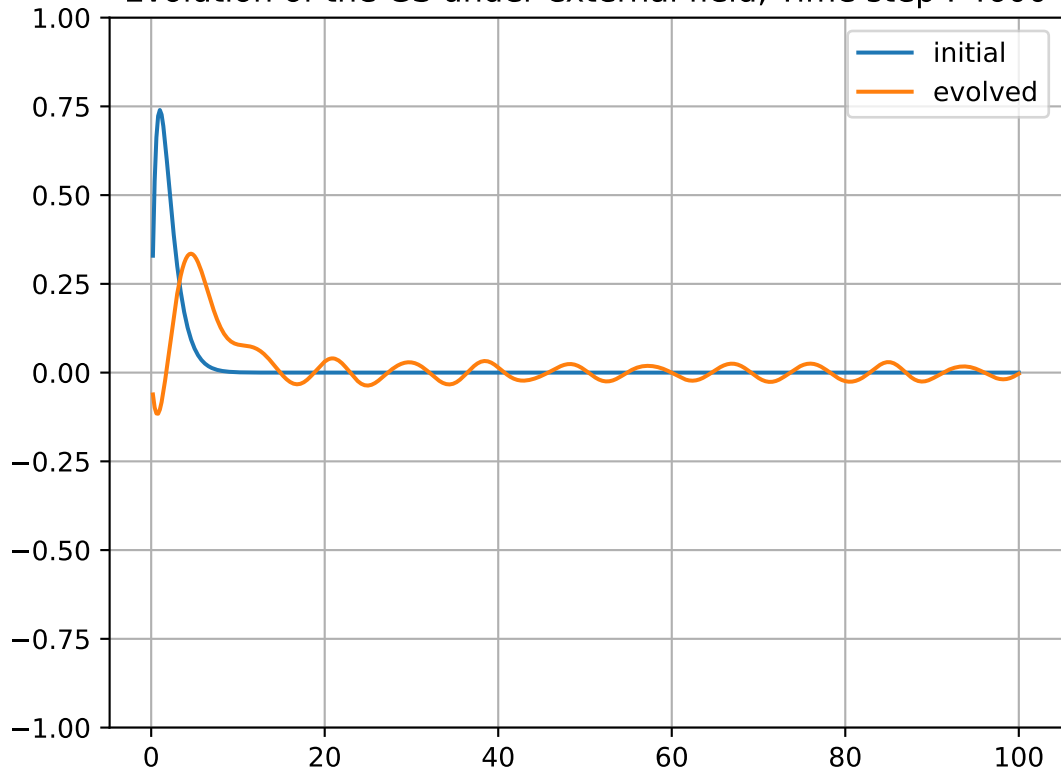

Evolution of the GS under external field, Time step : 4575

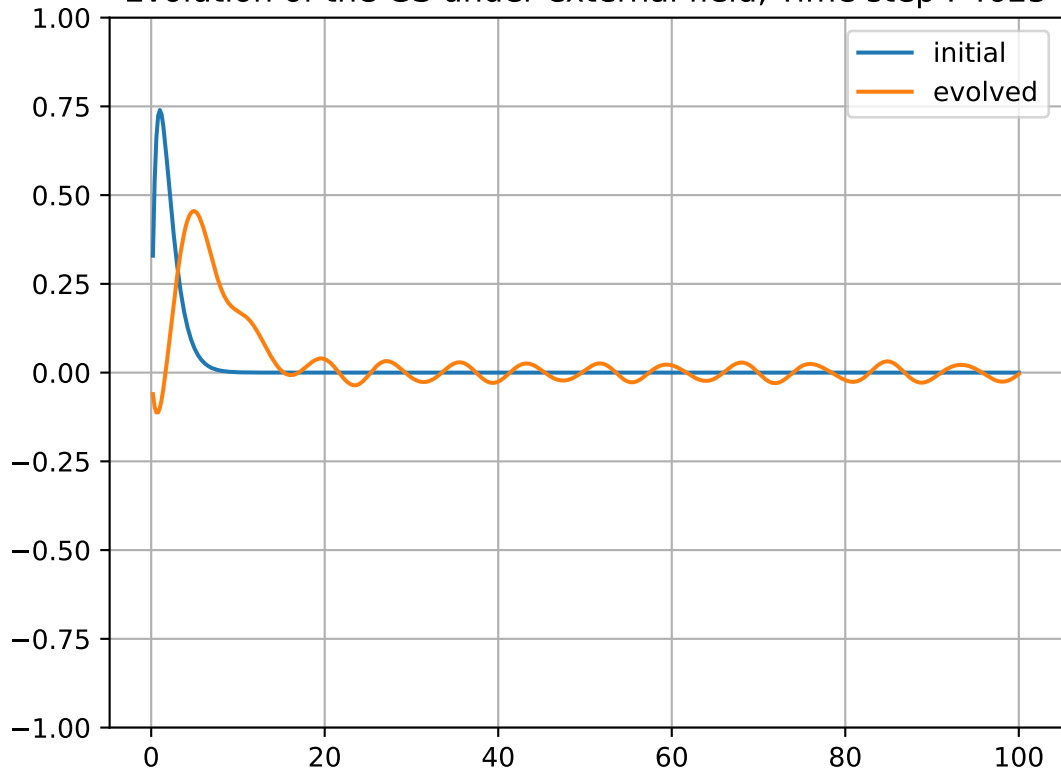

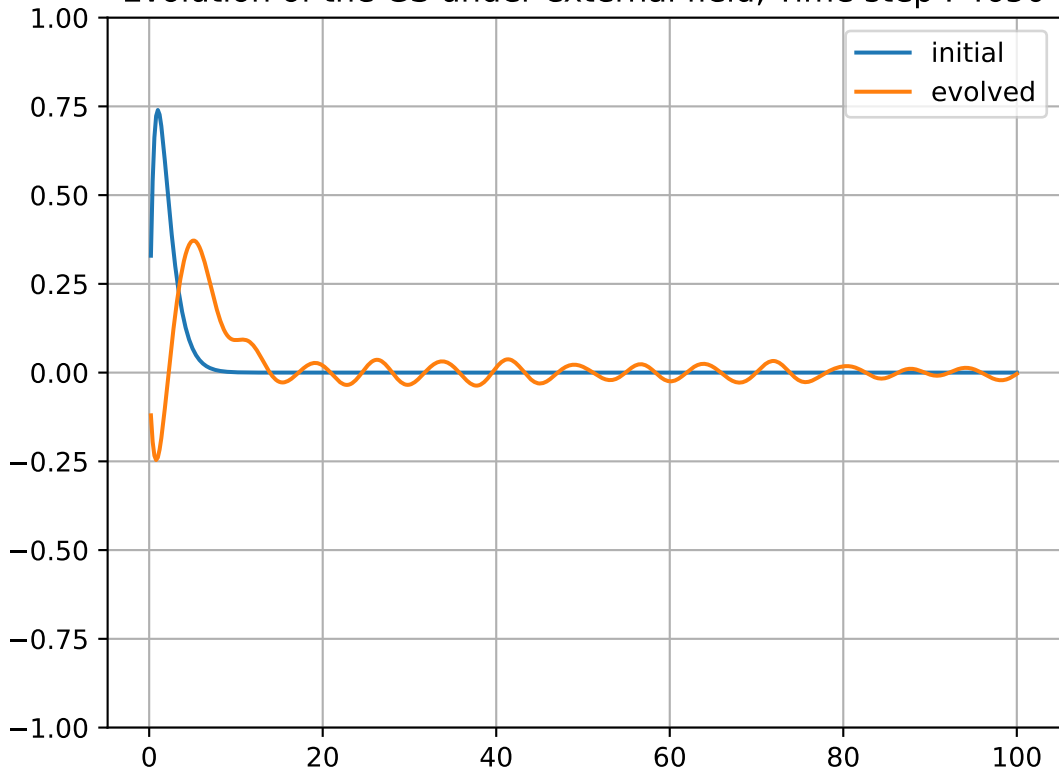

Evolution of the GS under external field, Time step : 4600

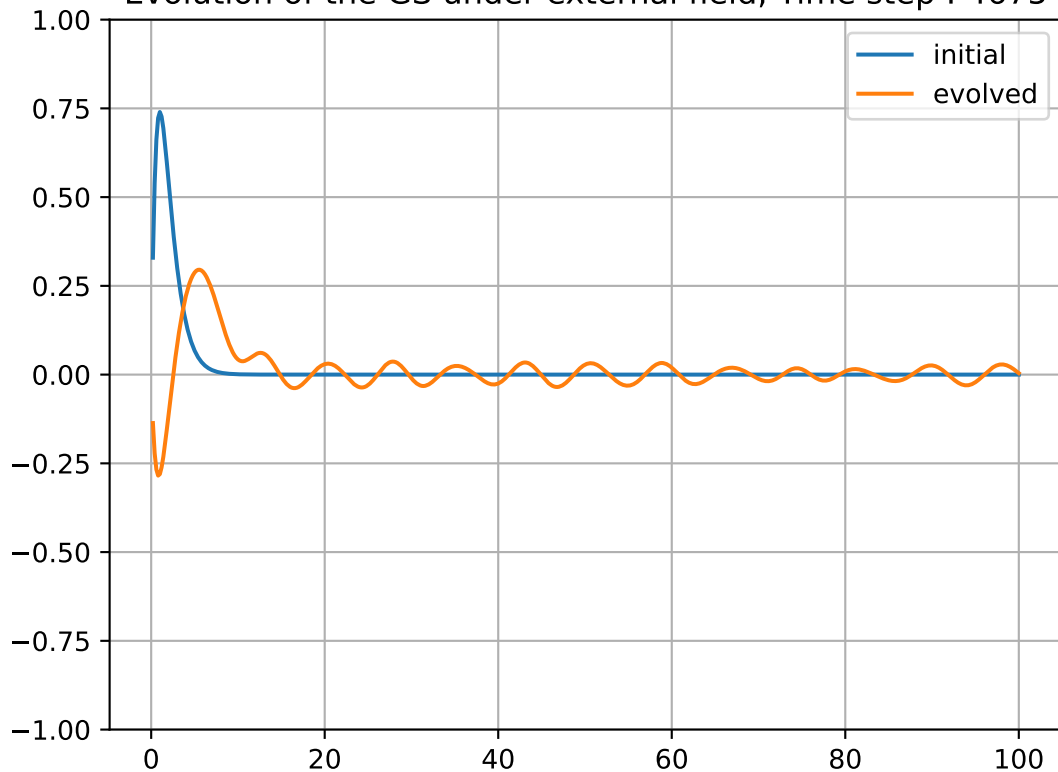

Evolution of the GS under external field, Time step : 4625

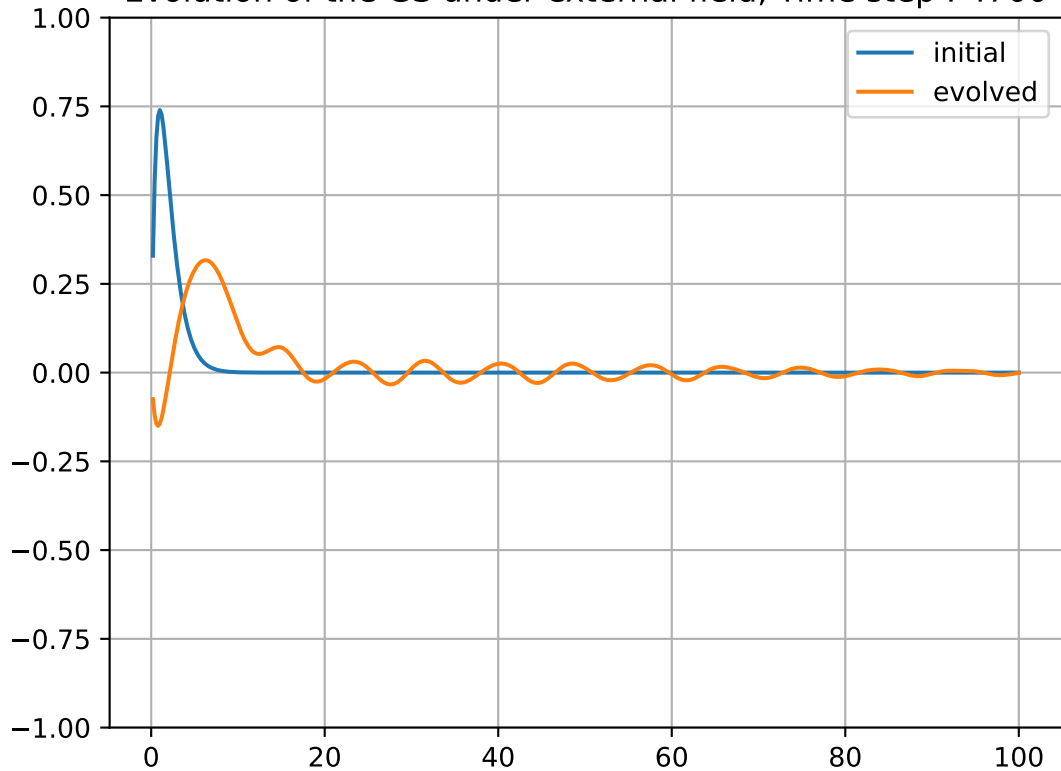

Evolution of the GS under external field, Time step : 4650

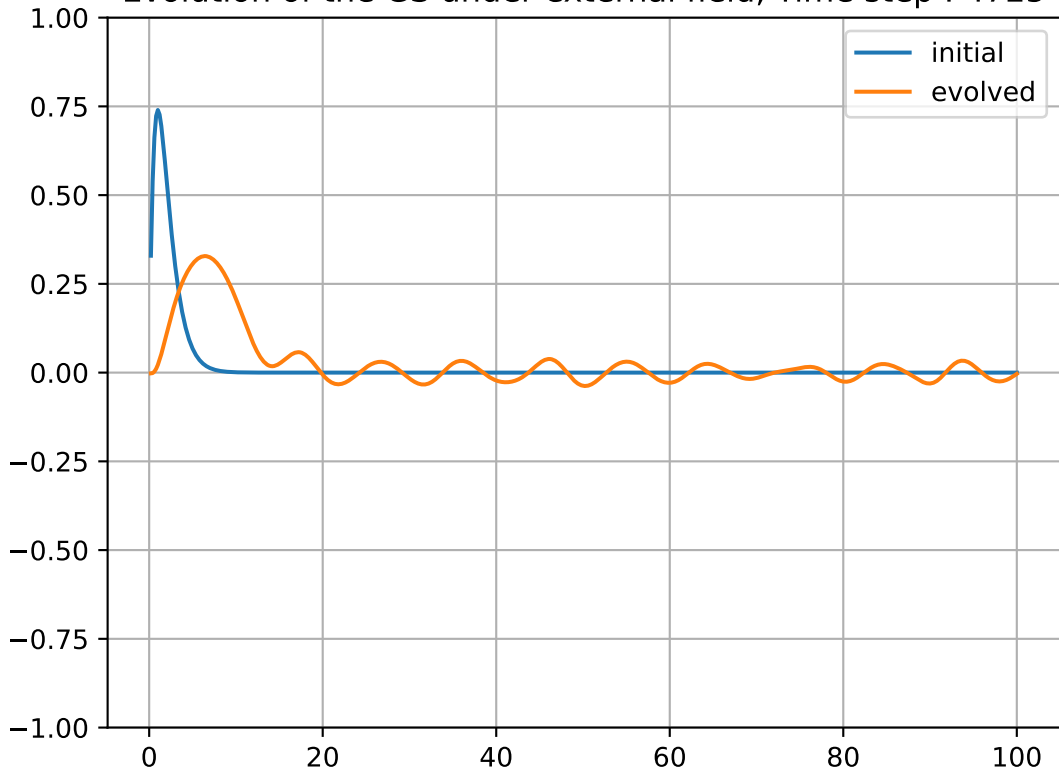

Evolution of the GS under external field, Time step : 4675

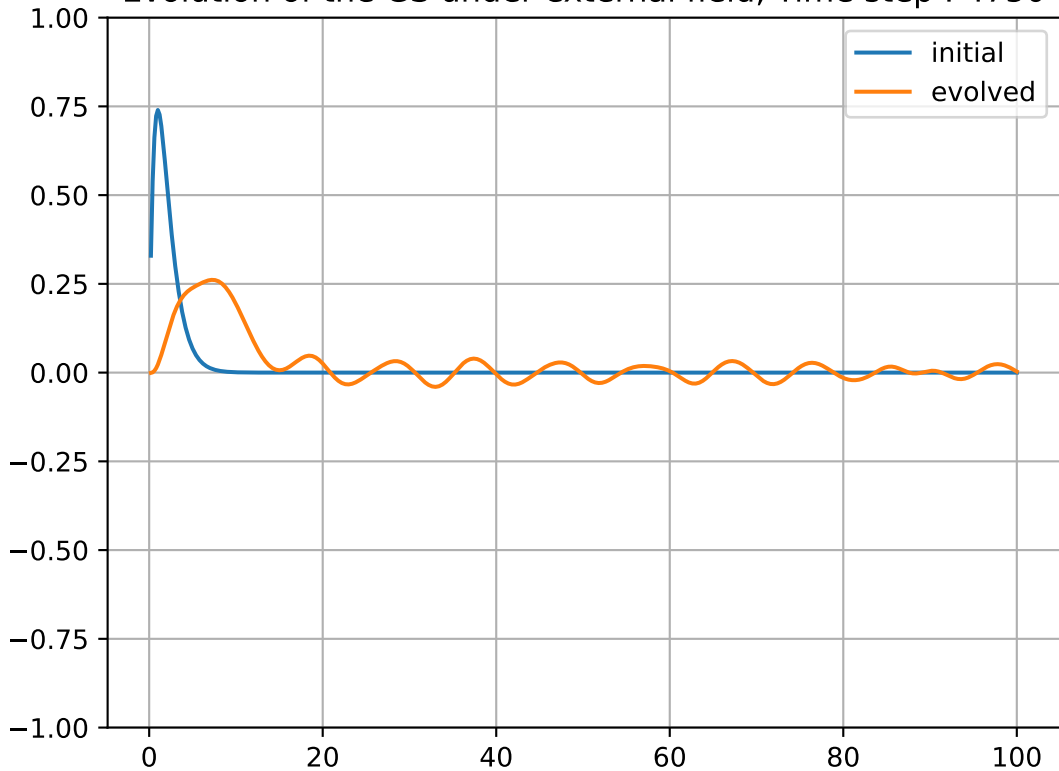

Evolution of the GS under external field, Time step : 4700

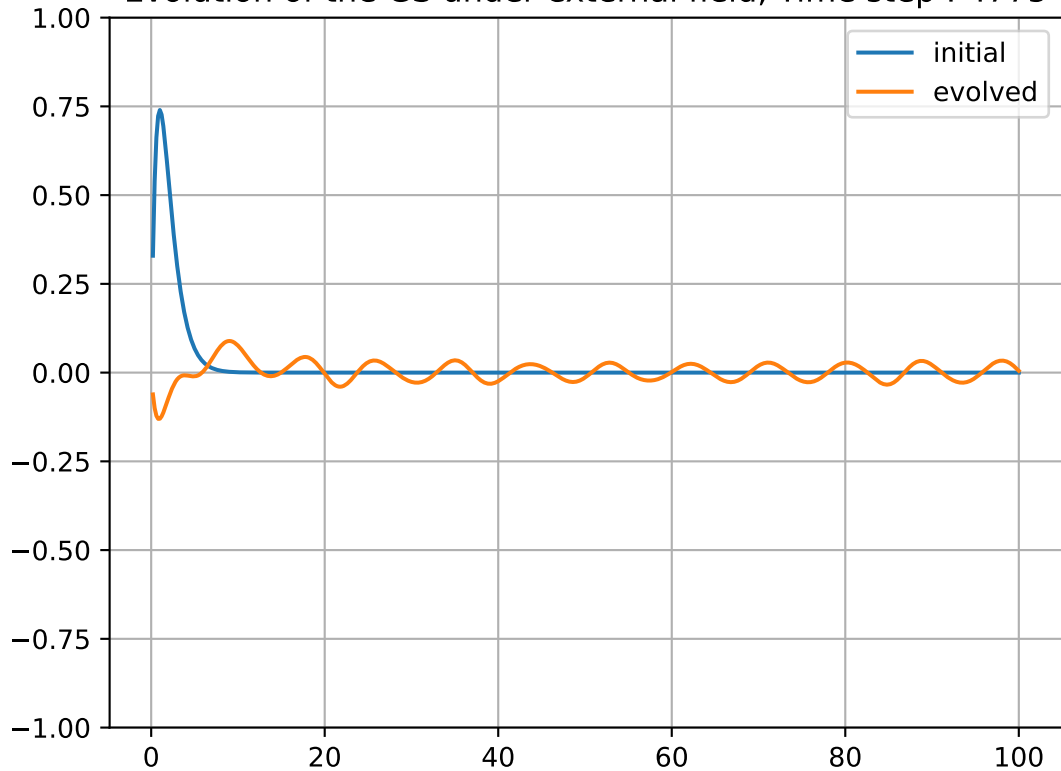

Evolution of the GS under external field, Time step : 4725

Evolution of the GS under external field, Time step : 4750

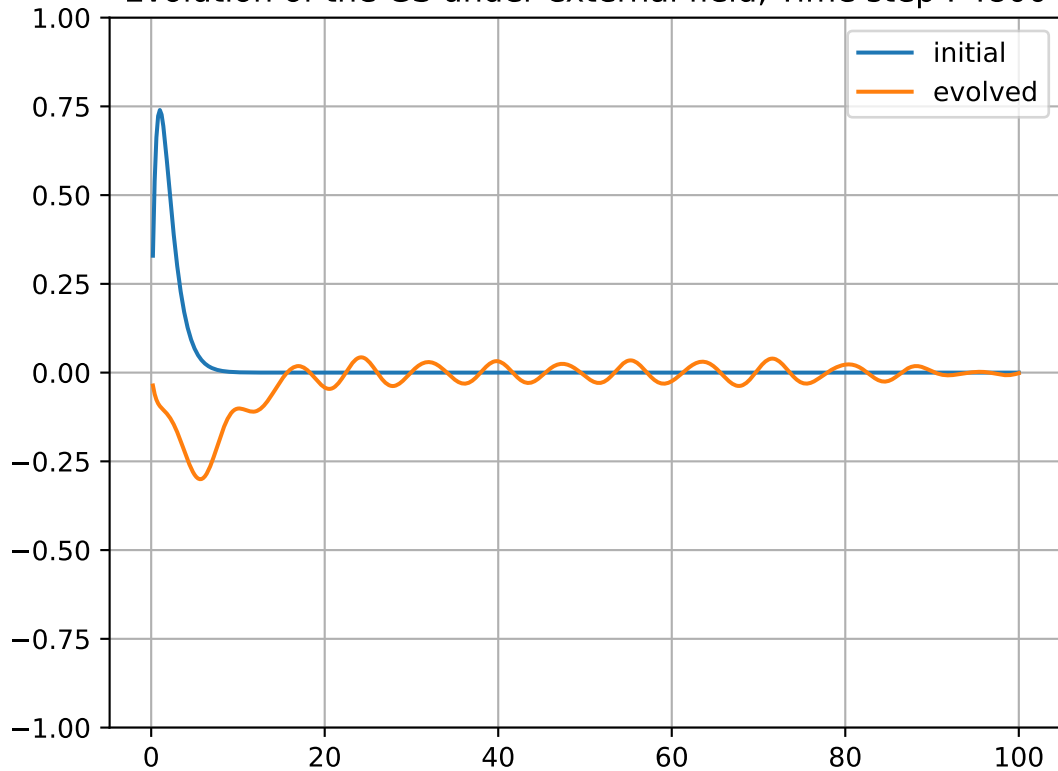

Evolution of the GS under external field, Time step : 4775

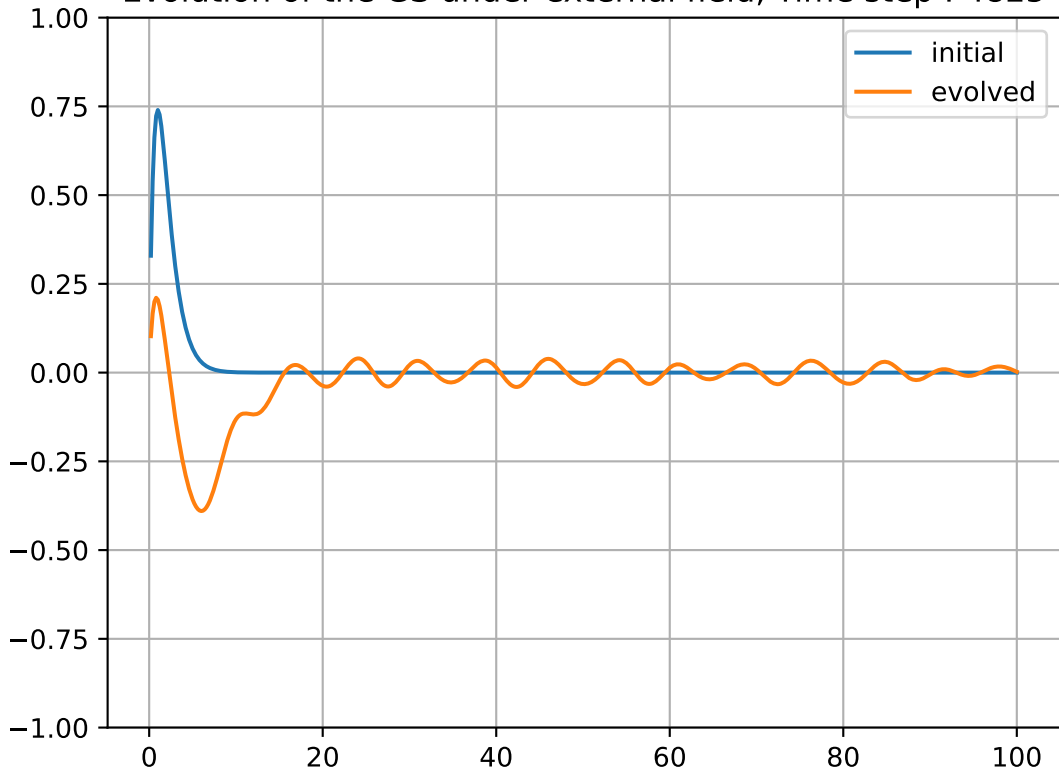

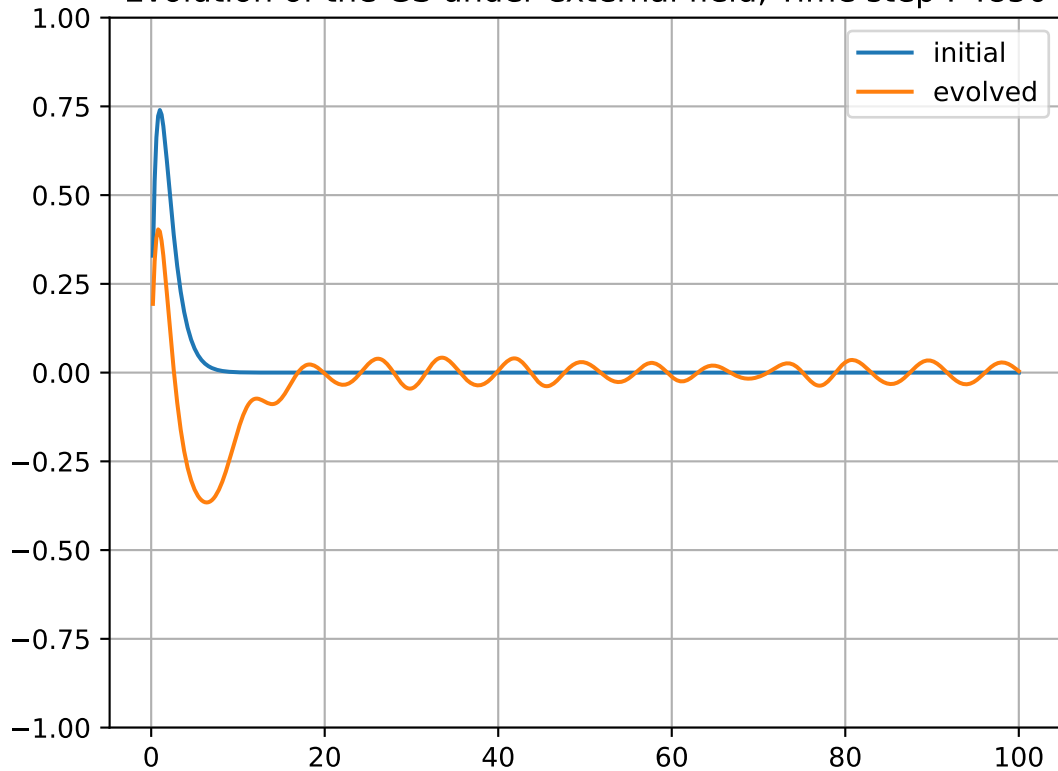

Evolution of the GS under external field, Time step : 4800

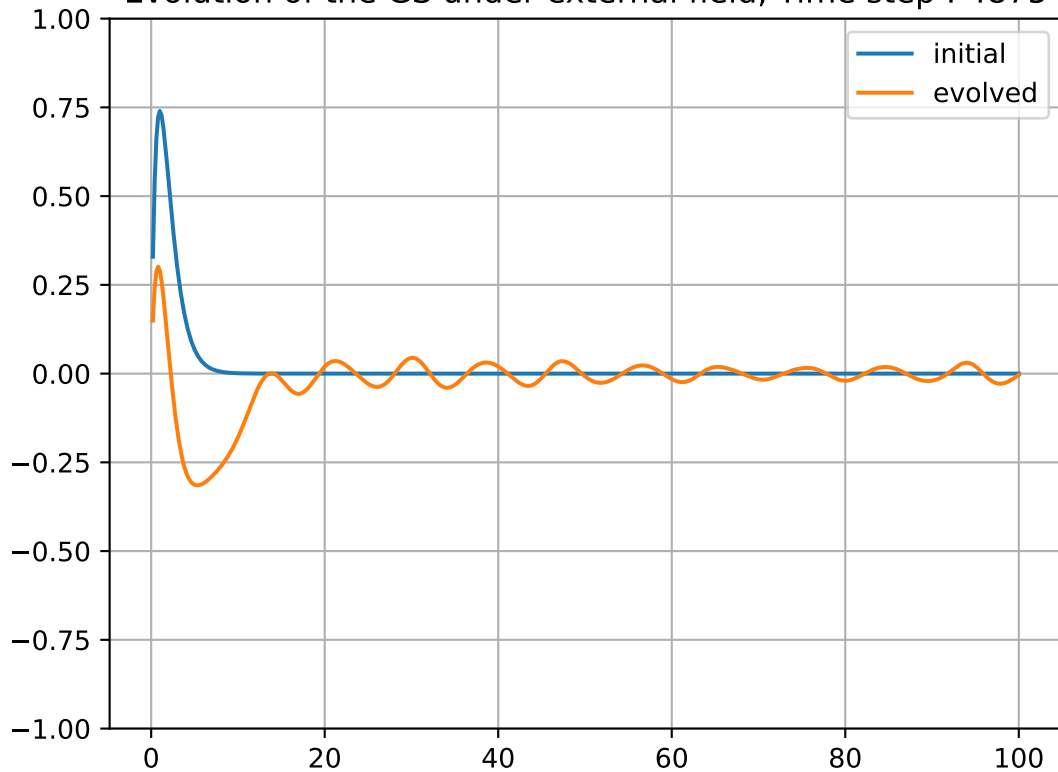

Evolution of the GS under external field, Time step : 4825

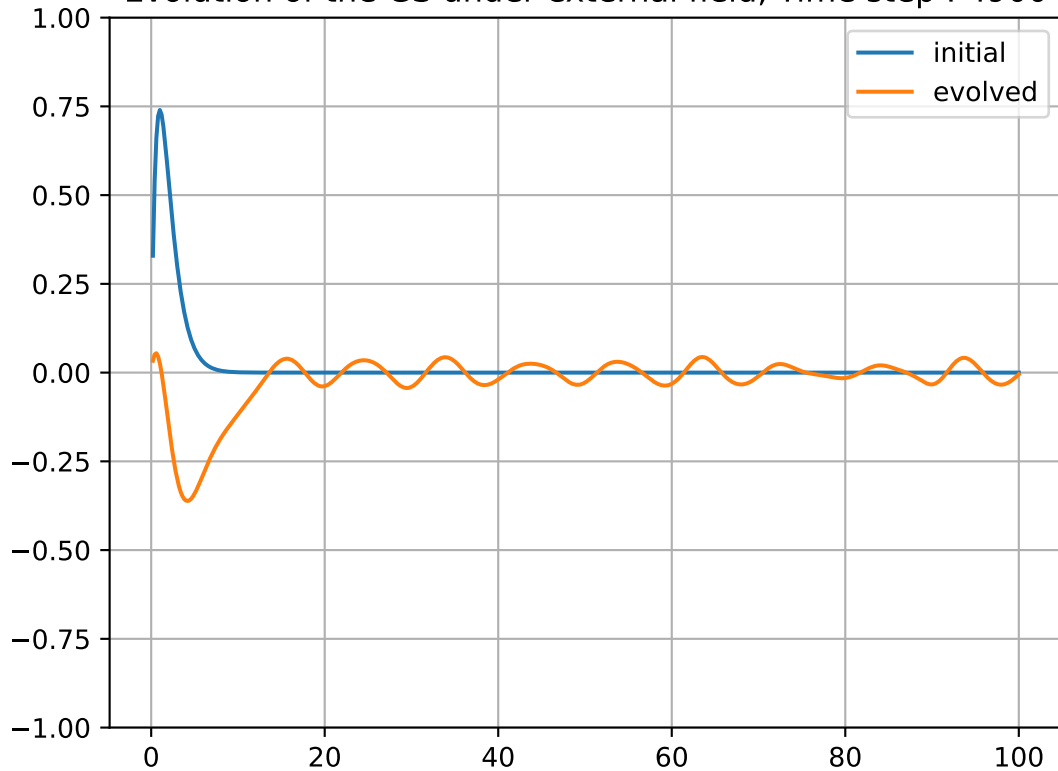

Evolution of the GS under external field, Time step : 4850

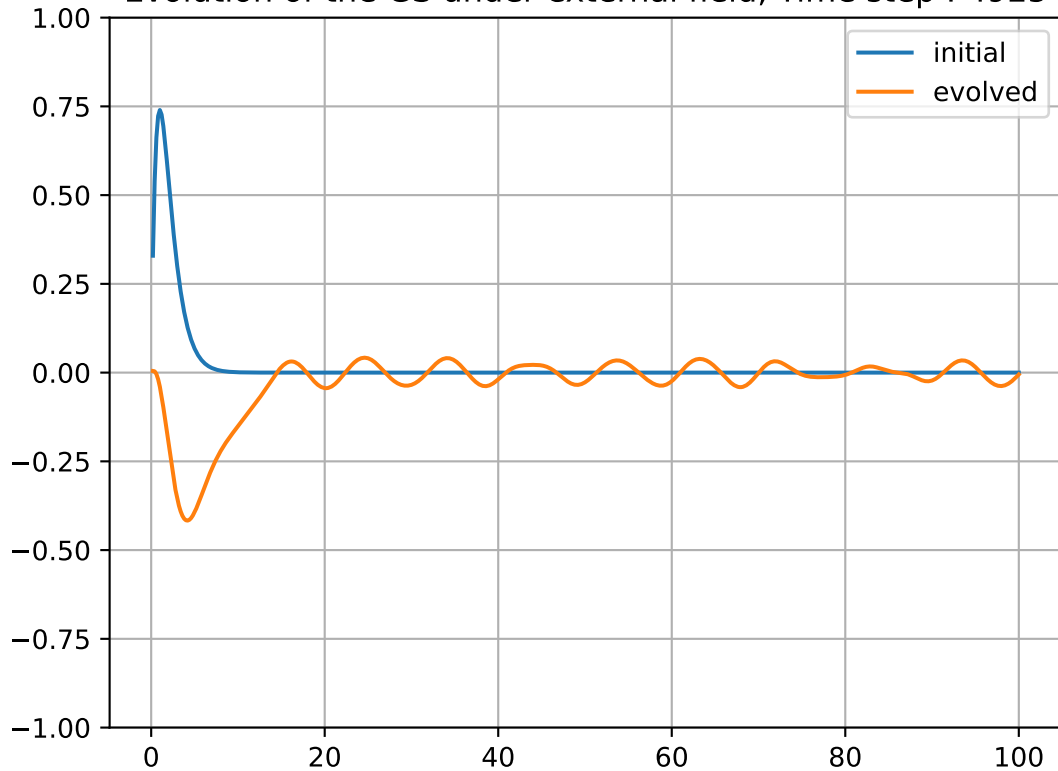

Evolution of the GS under external field, Time step : 4875

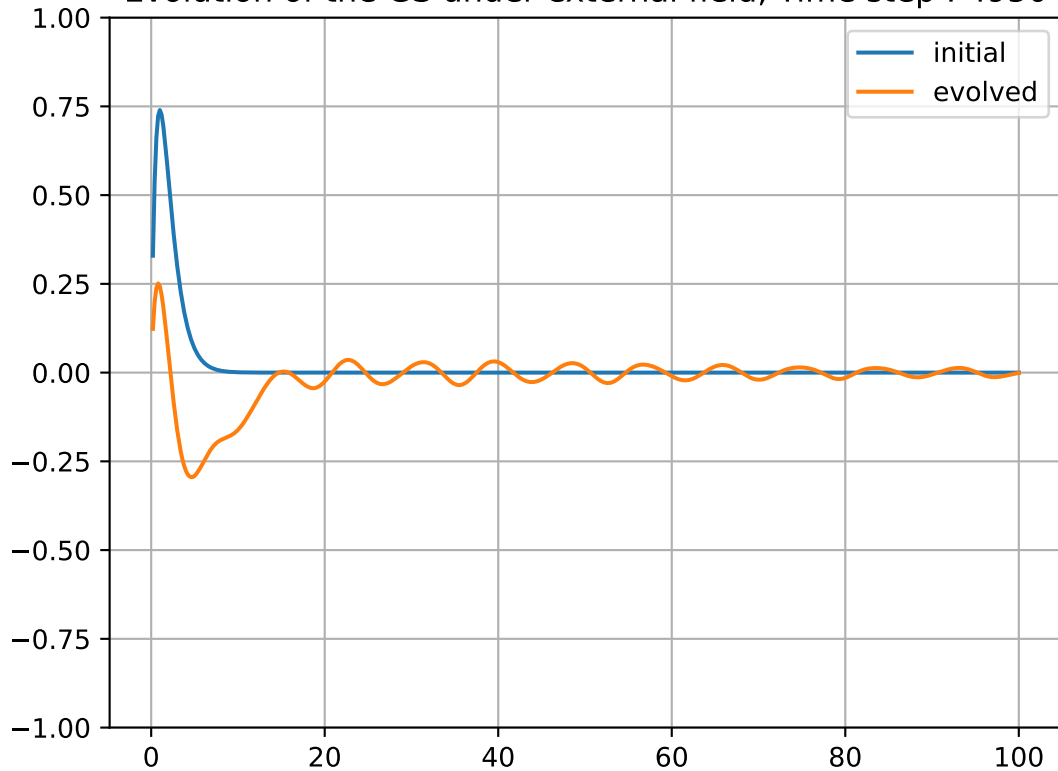

Evolution of the GS under external field, Time step : 4900

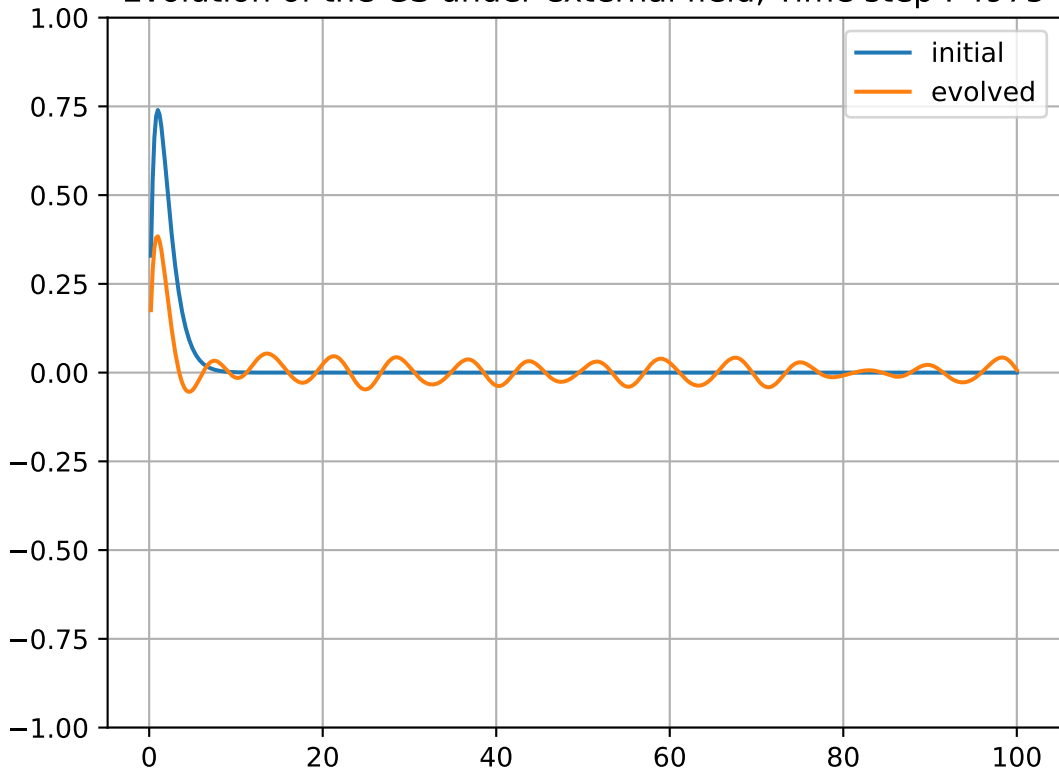

Evolution of the GS under external field, Time step : 4925

Evolution of the GS under external field, Time step : 4950

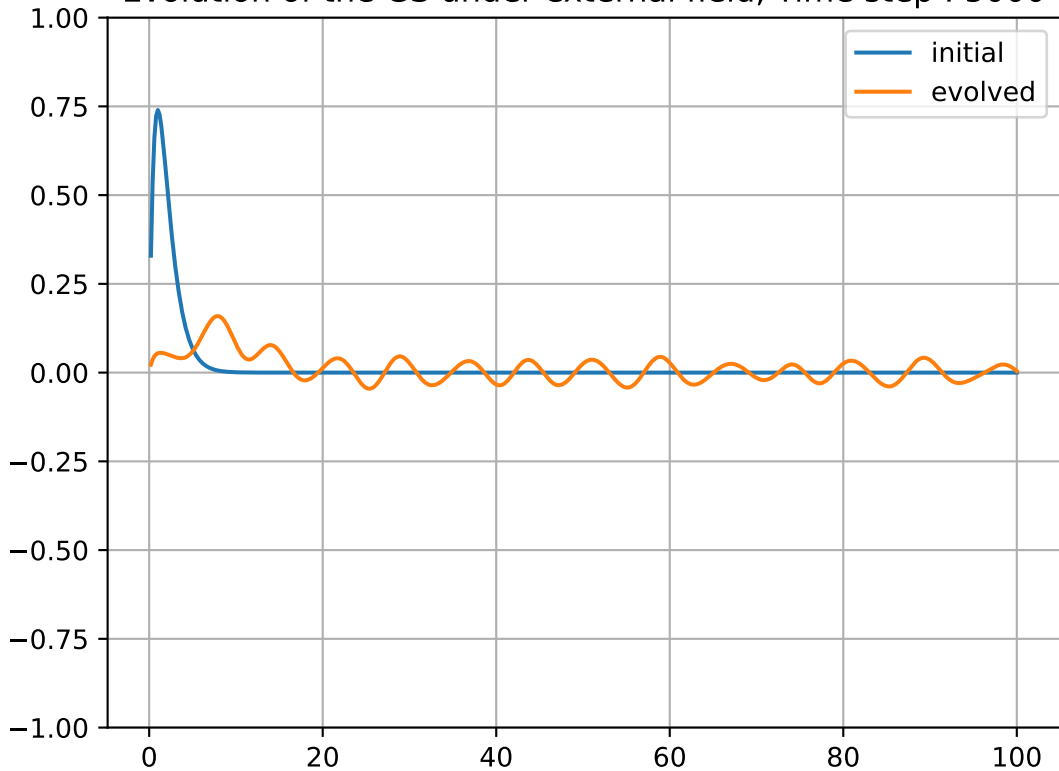

Evolution of the GS under external field, Time step : 4975

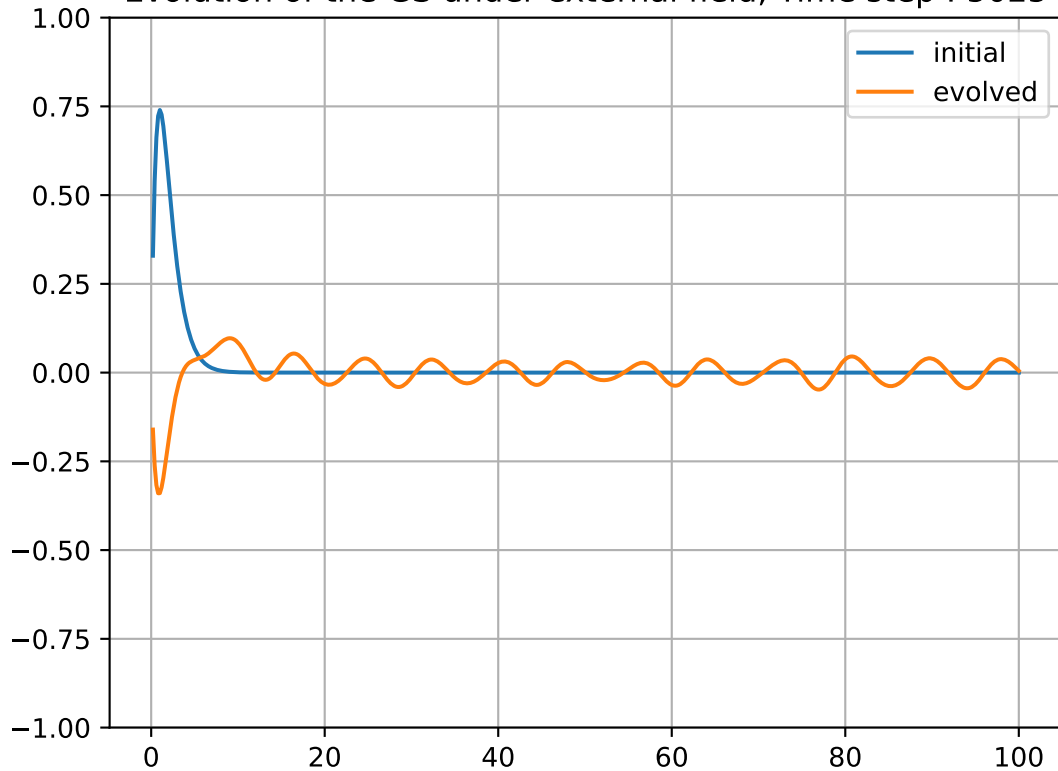

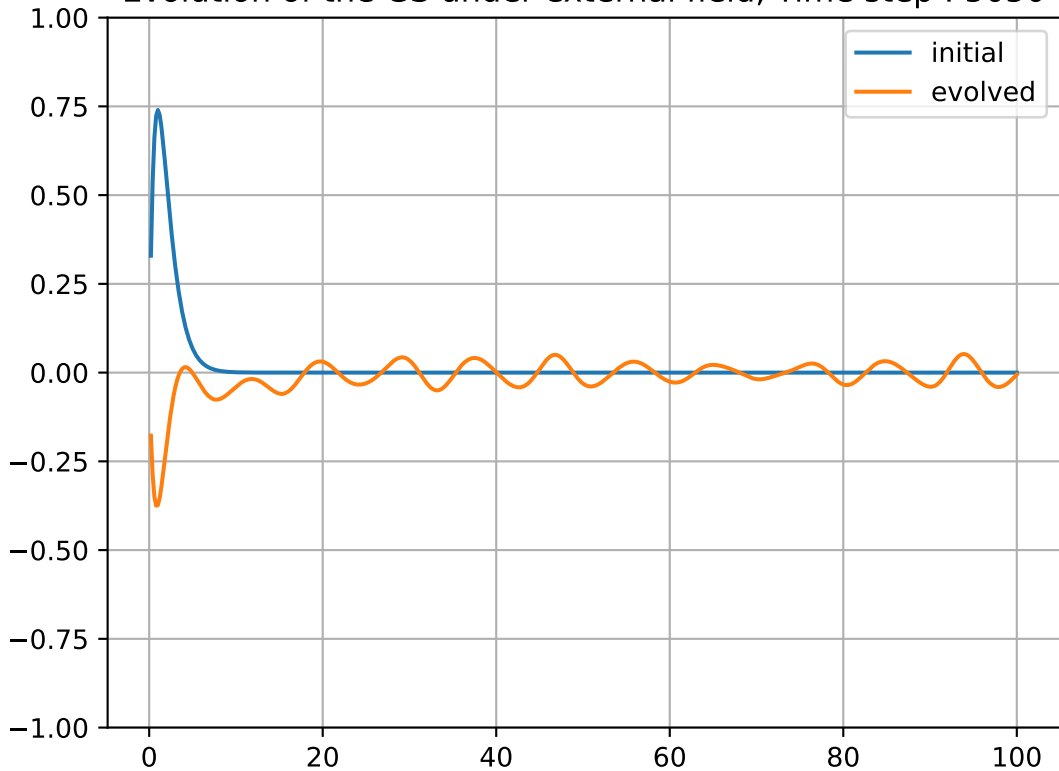

Evolution of the GS under external field, Time step : 5000

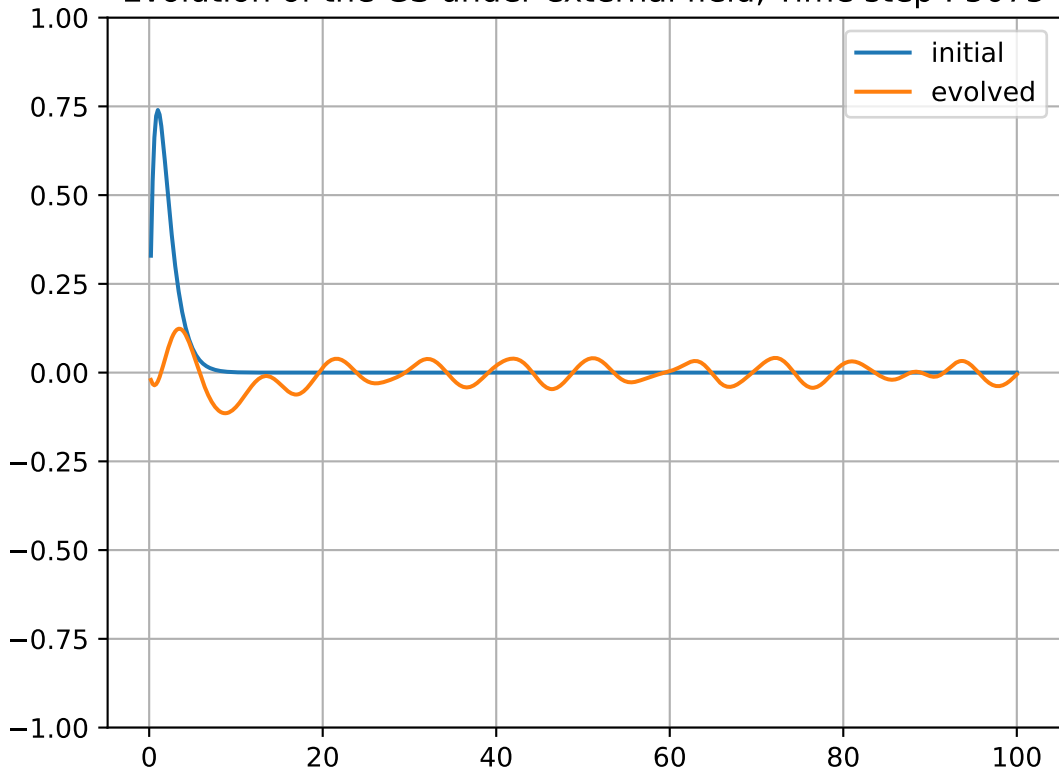

Evolution of the GS under external field, Time step : 5025

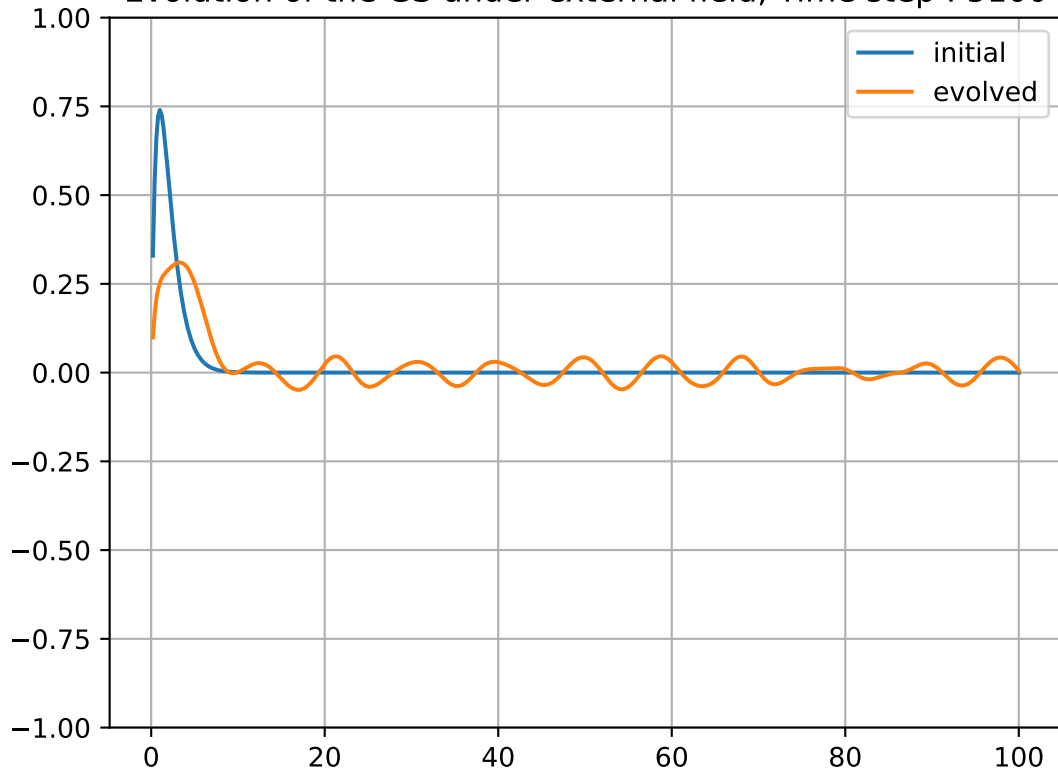

Evolution of the GS under external field, Time step : 5050

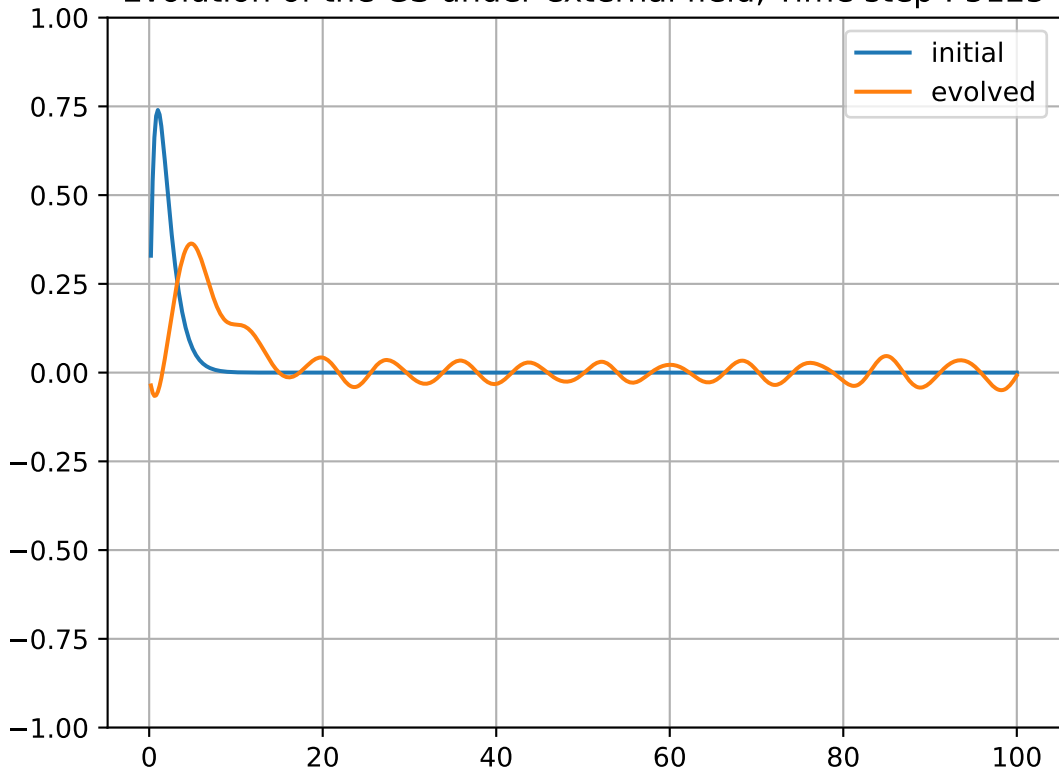

Evolution of the GS under external field, Time step : 5075

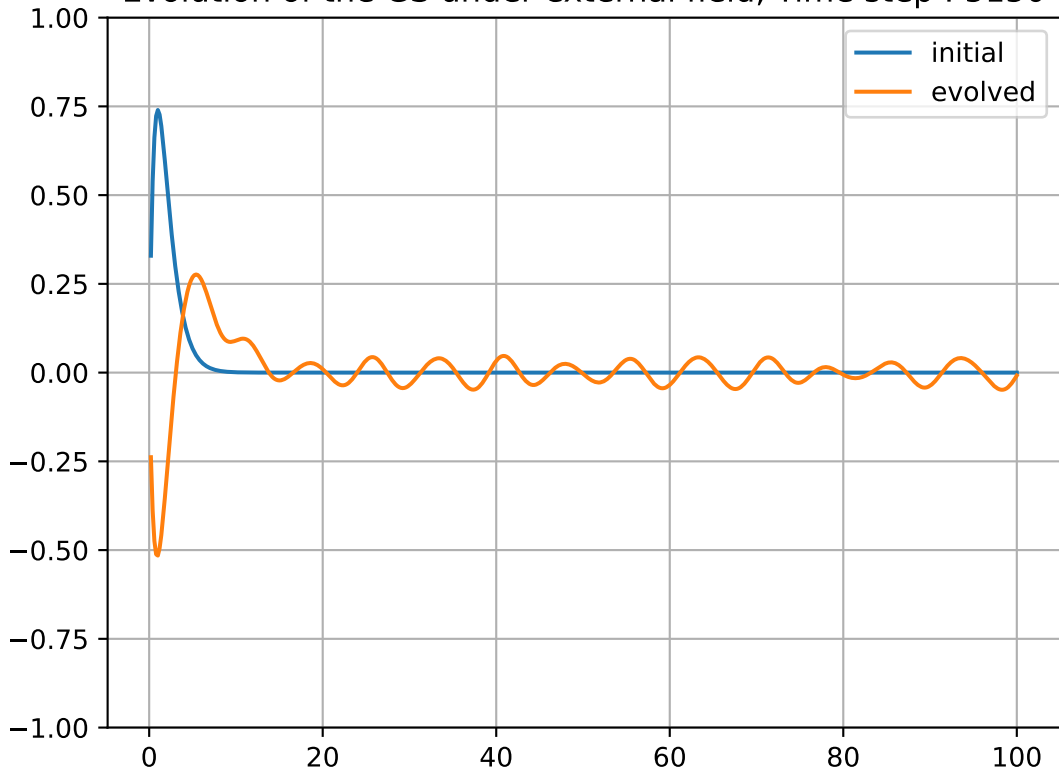

Evolution of the GS under external field, Time step : 5100

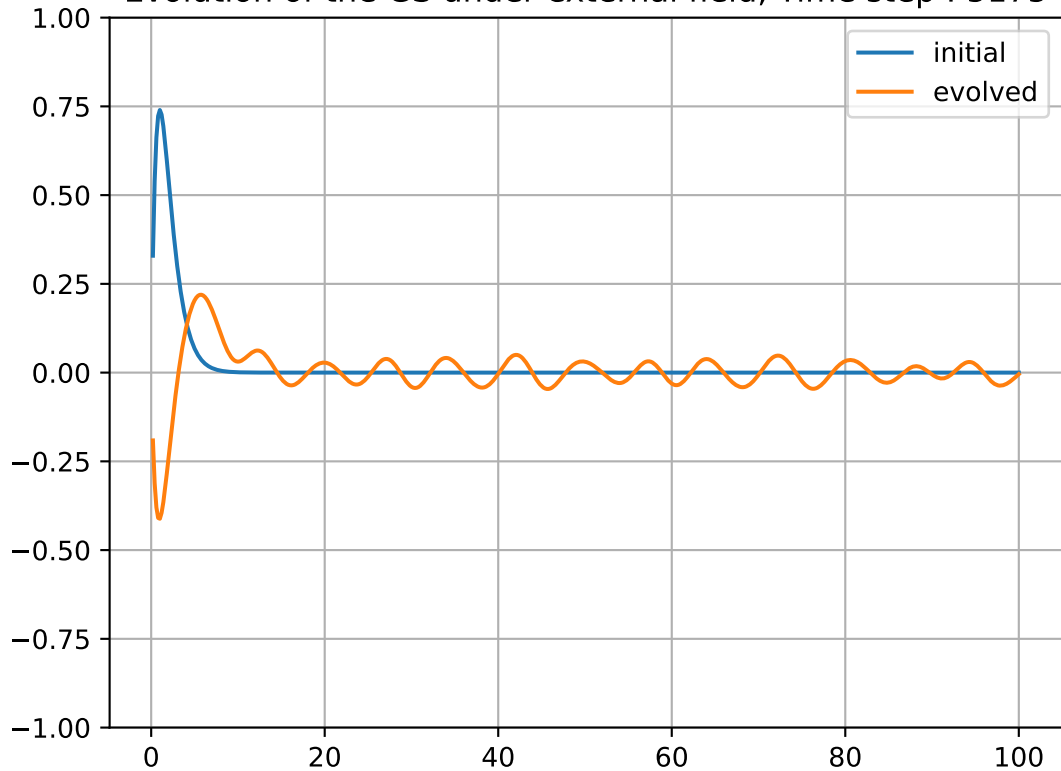

Evolution of the GS under external field, Time step : 5125

Evolution of the GS under external field, Time step : 5150

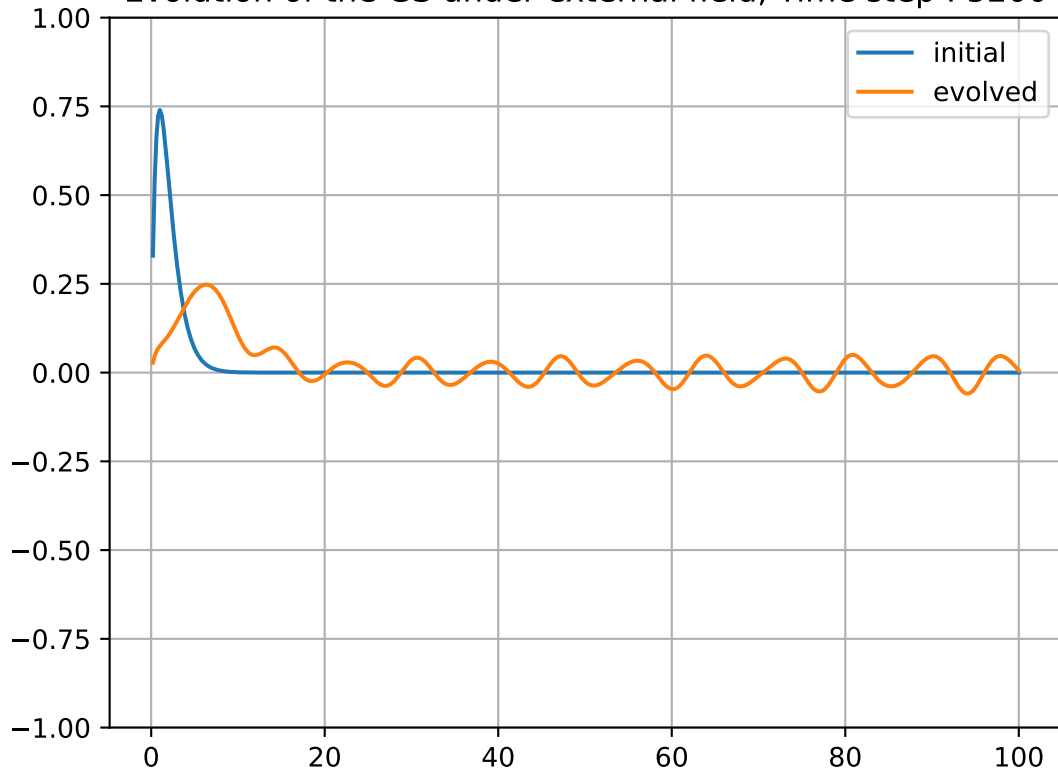

Evolution of the GS under external field, Time step : 5175

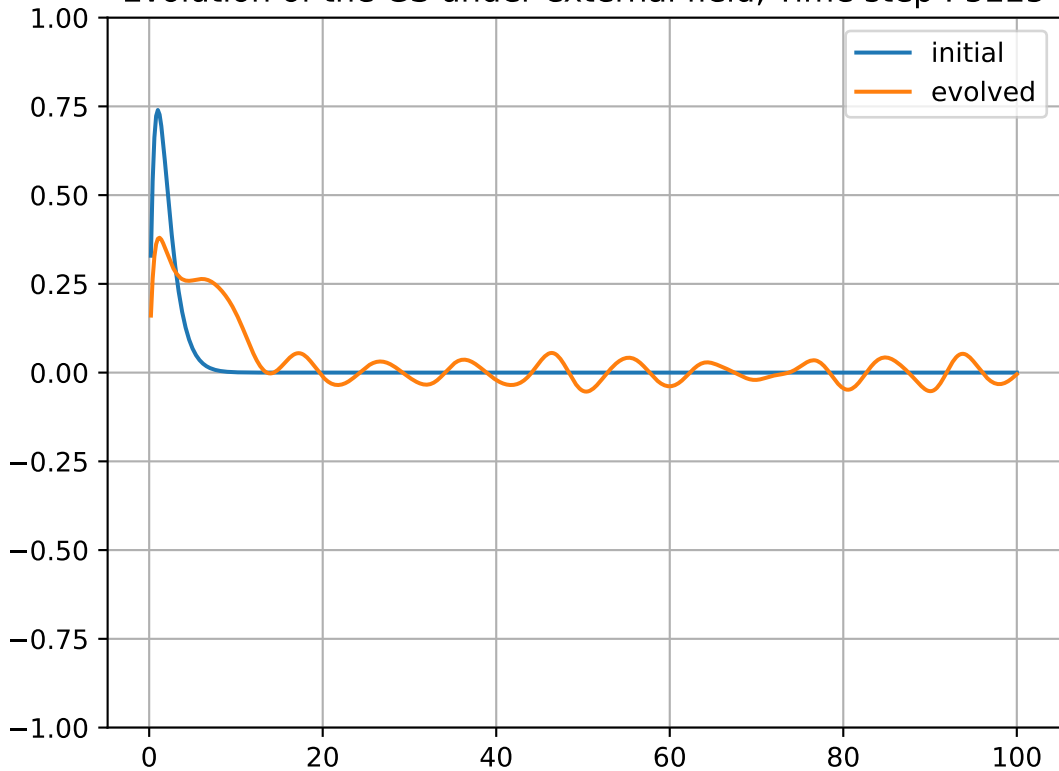

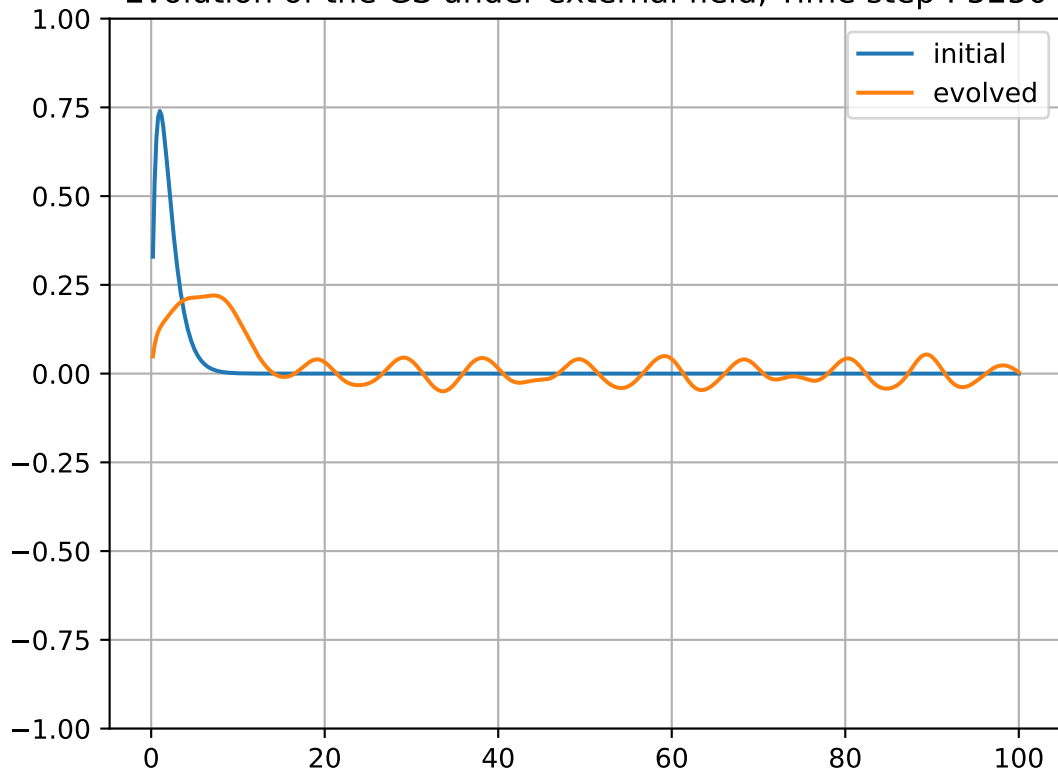

Evolution of the GS under external field, Time step : 5200

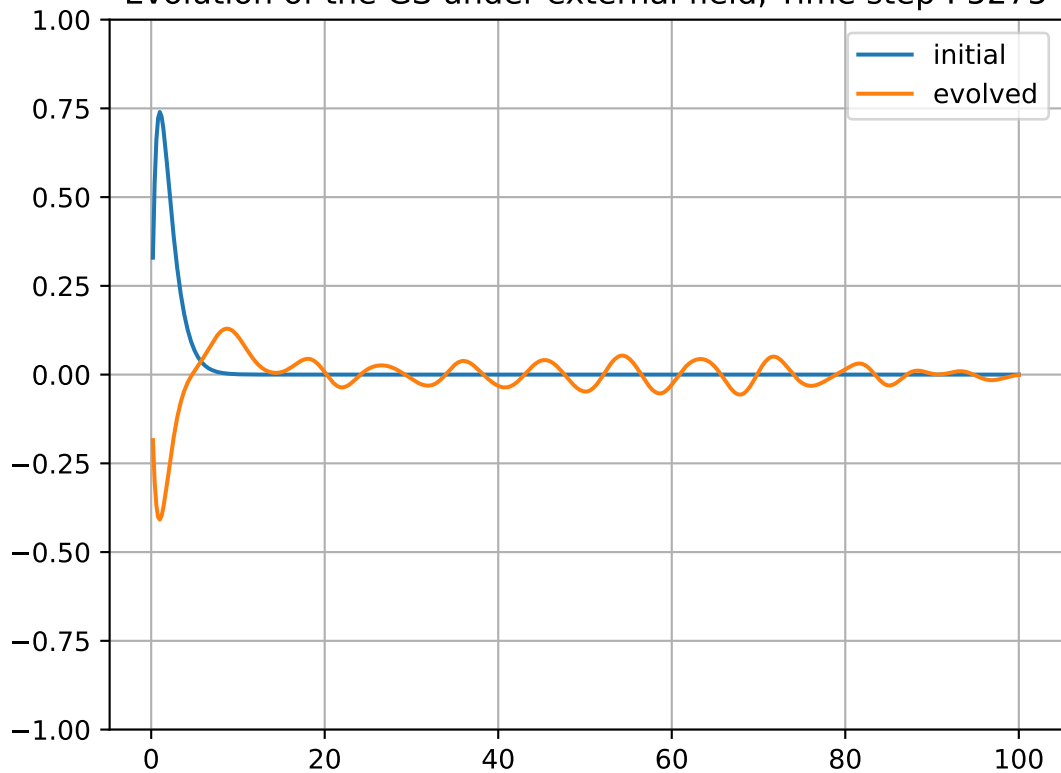

Evolution of the GS under external field, Time step : 5225

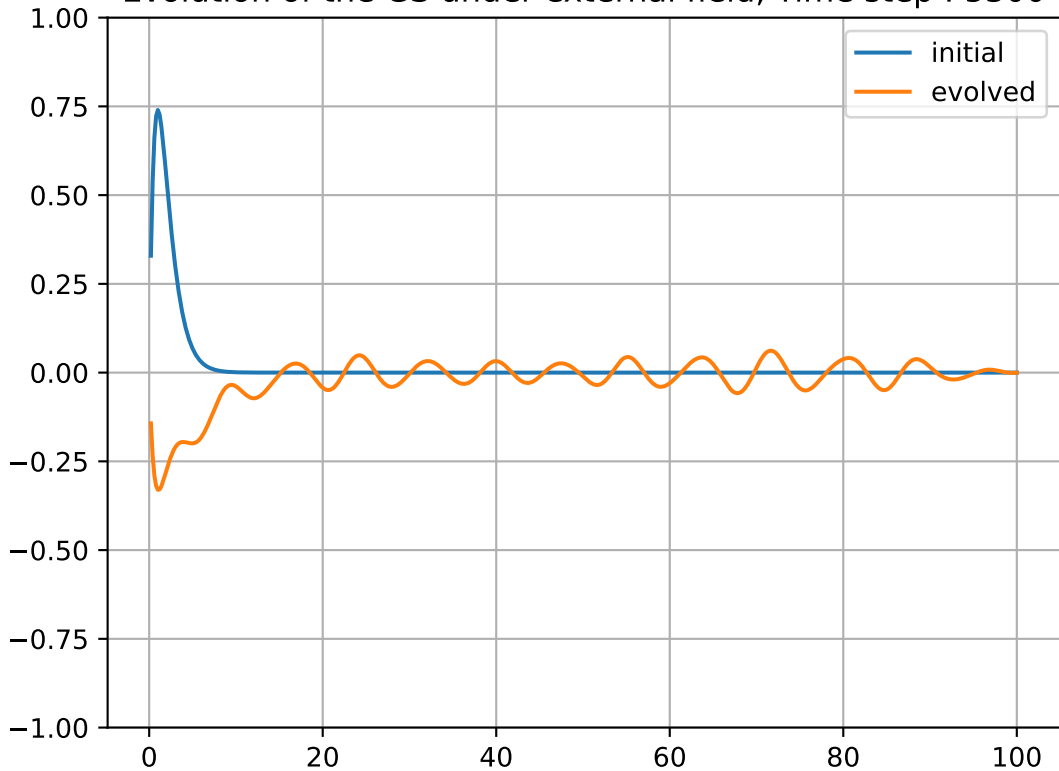

Evolution of the GS under external field, Time step : 5250

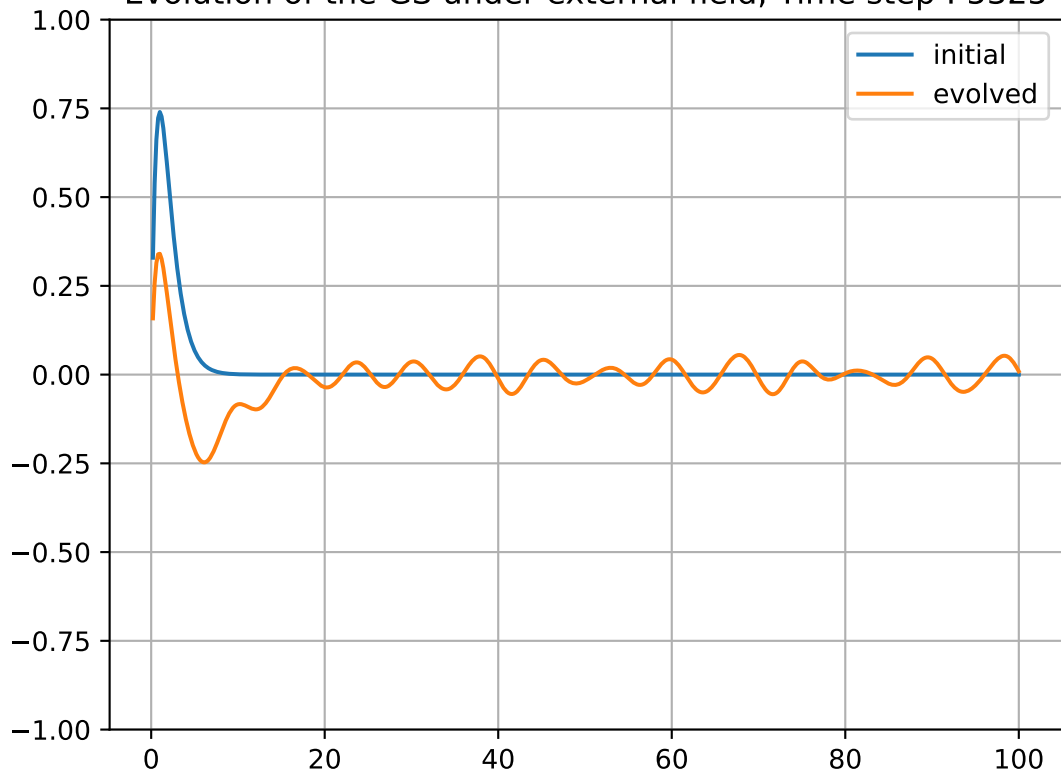

Evolution of the GS under external field, Time step : 5275

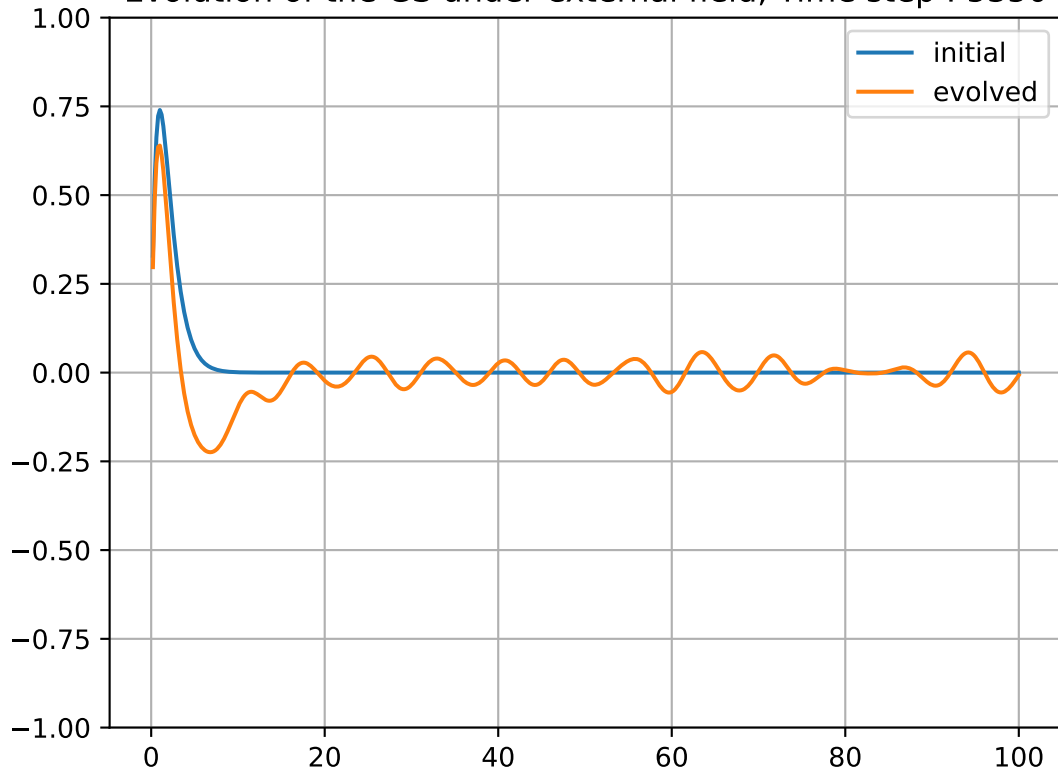

Evolution of the GS under external field, Time step : 5300

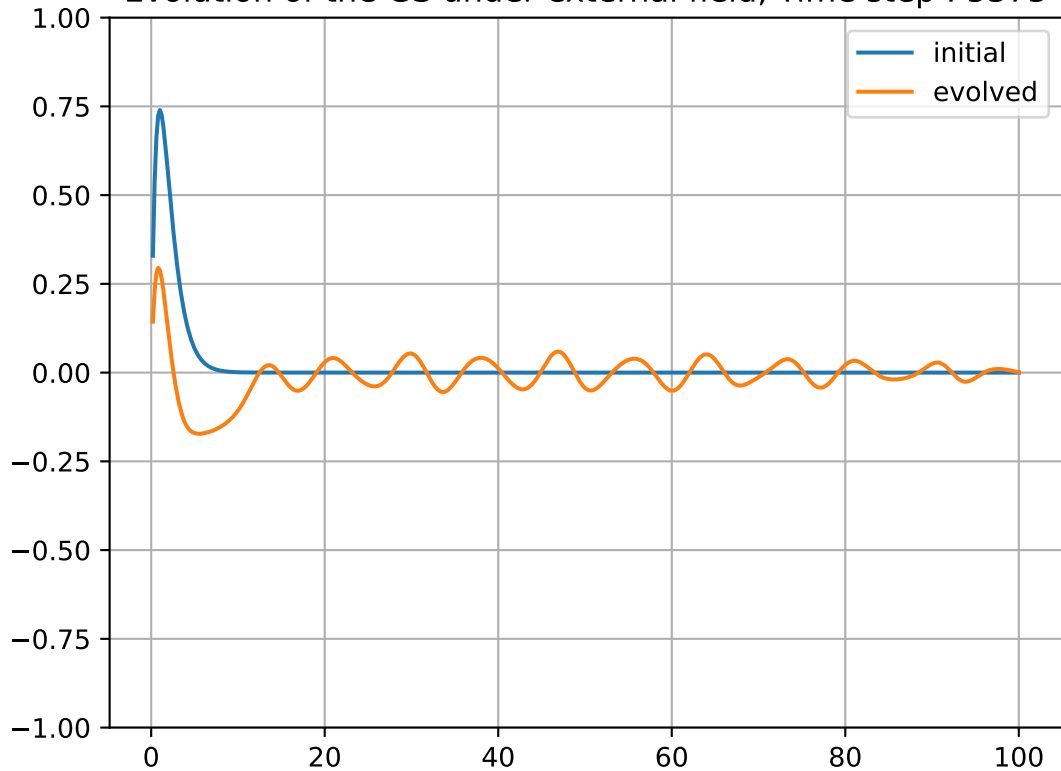

Evolution of the GS under external field, Time step : 5325

Evolution of the GS under external field, Time step : 5350

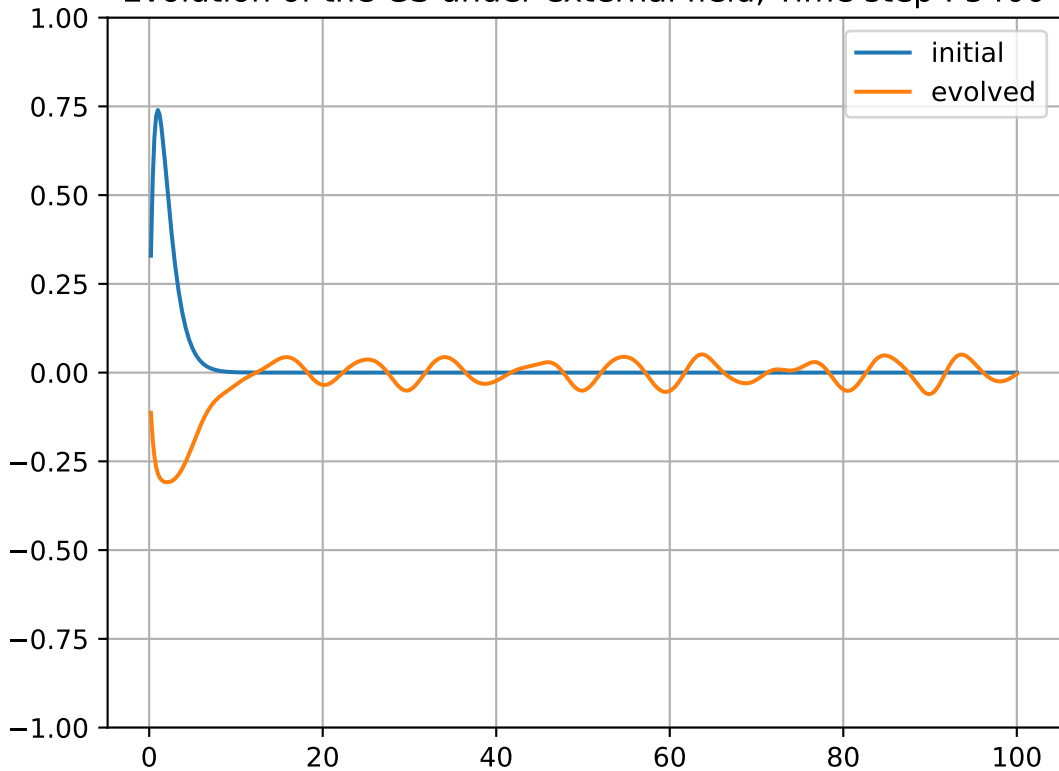

Evolution of the GS under external field, Time step : 5375

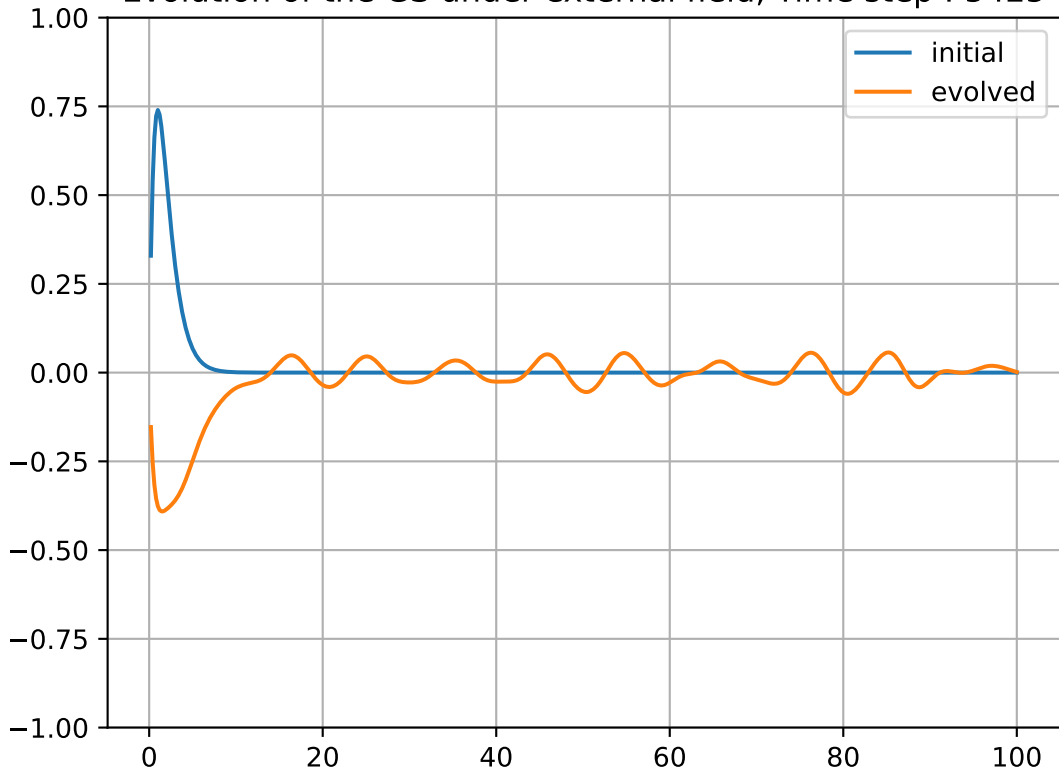

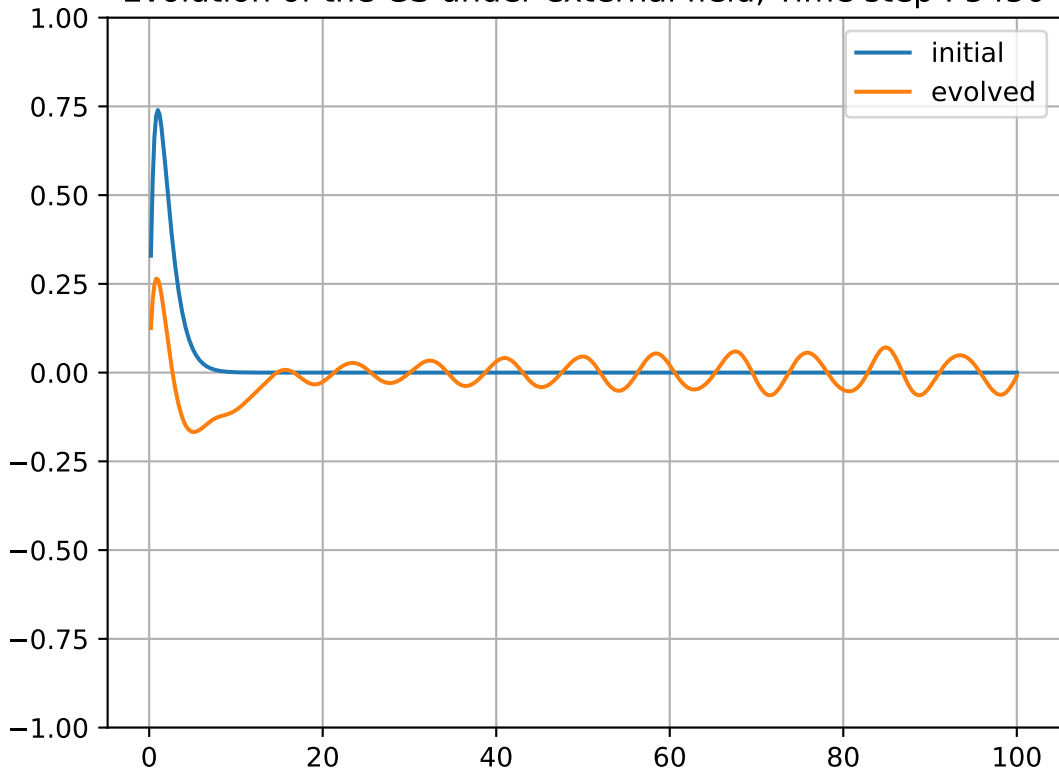

Evolution of the GS under external field, Time step : 5400

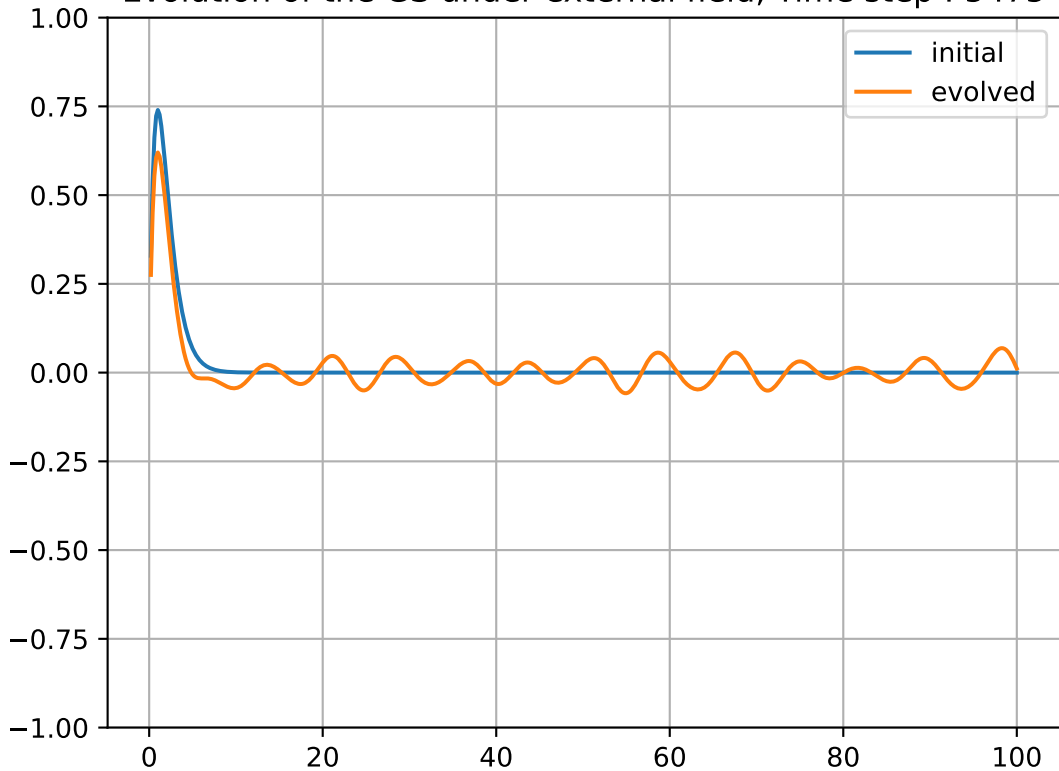

Evolution of the GS under external field, Time step : 5425

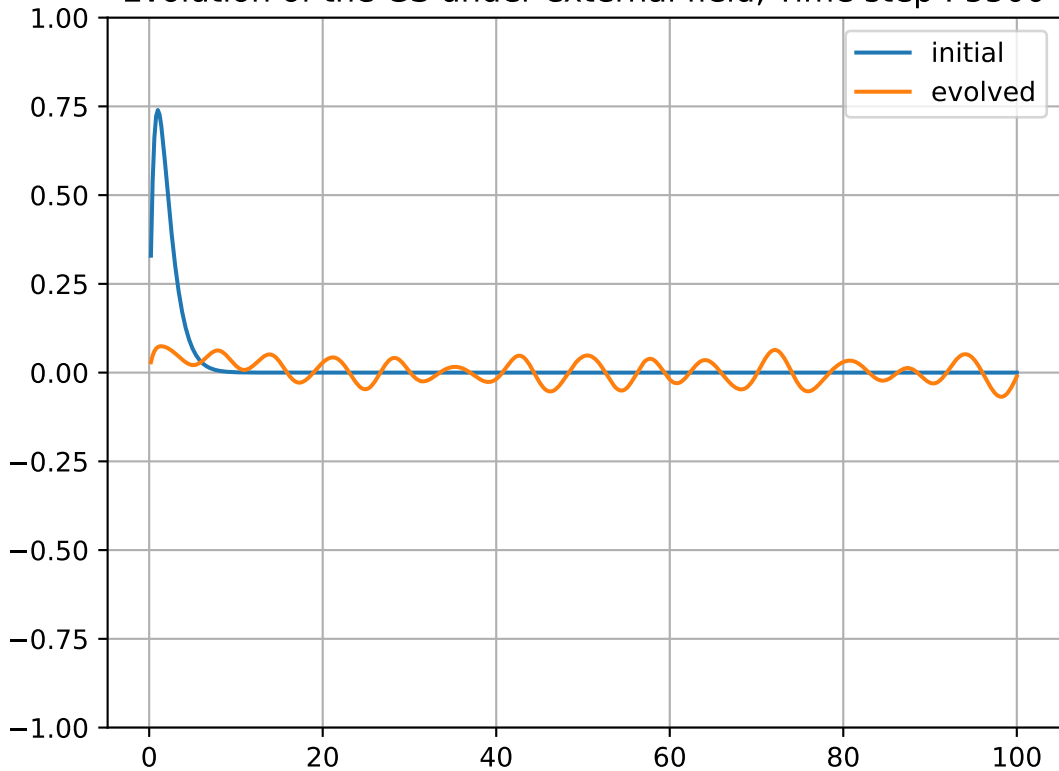

Evolution of the GS under external field, Time step : 5450

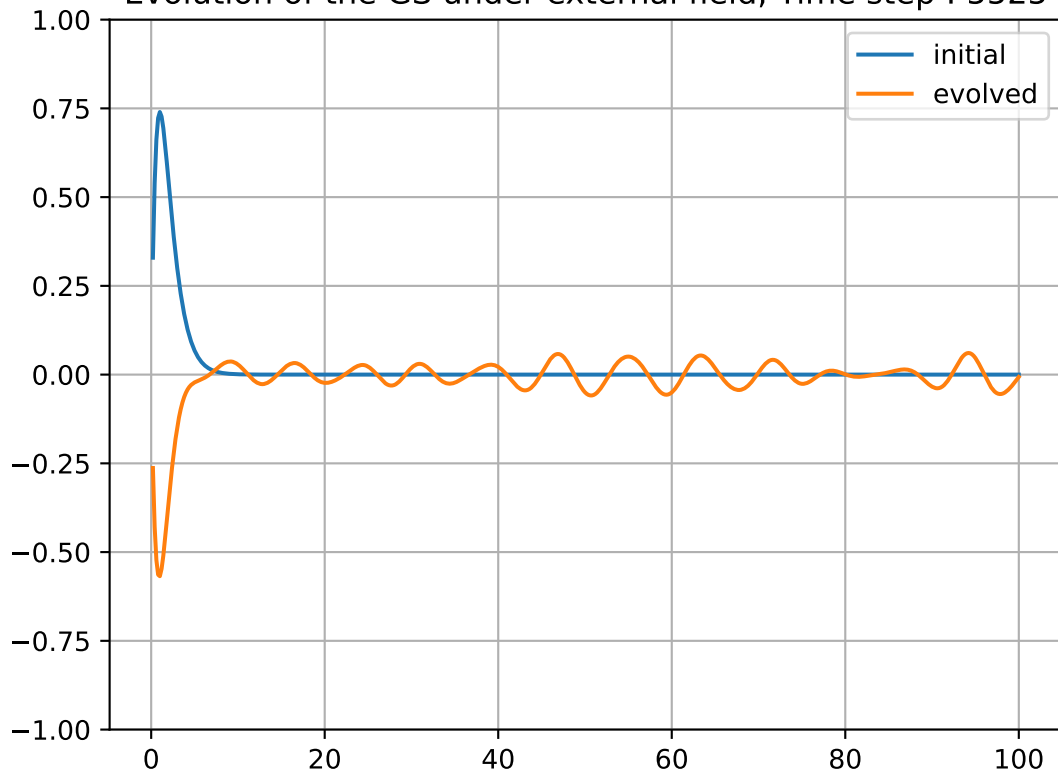

Evolution of the GS under external field, Time step : 5475

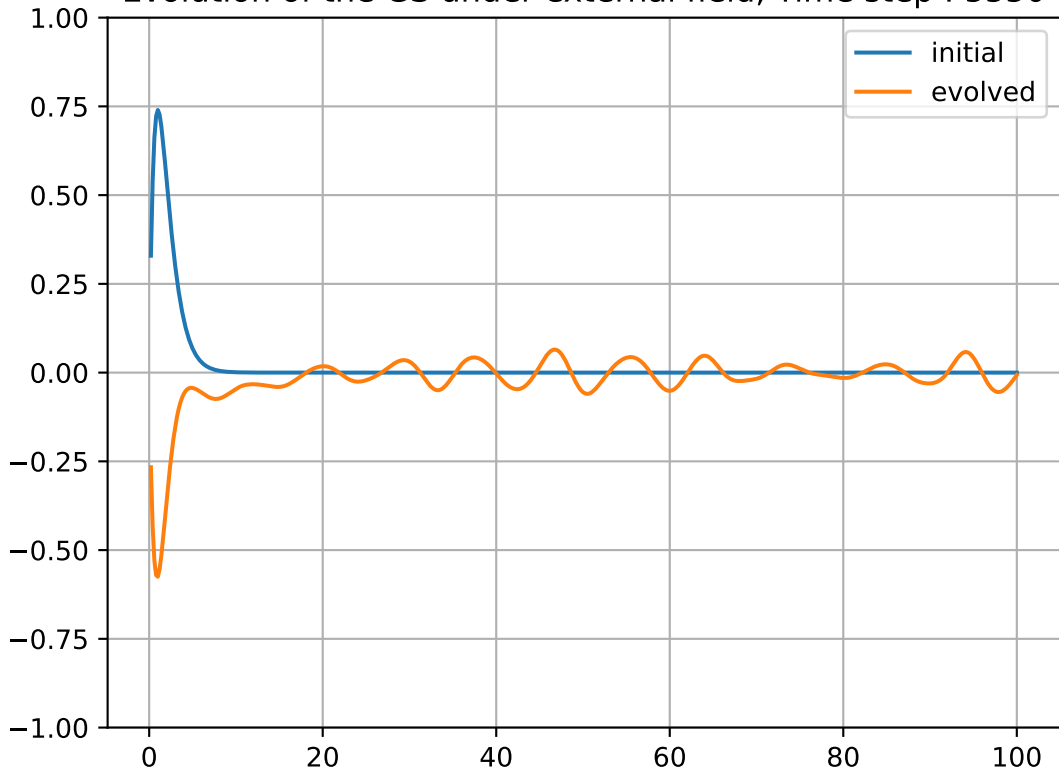

Evolution of the GS under external field, Time step : 5500

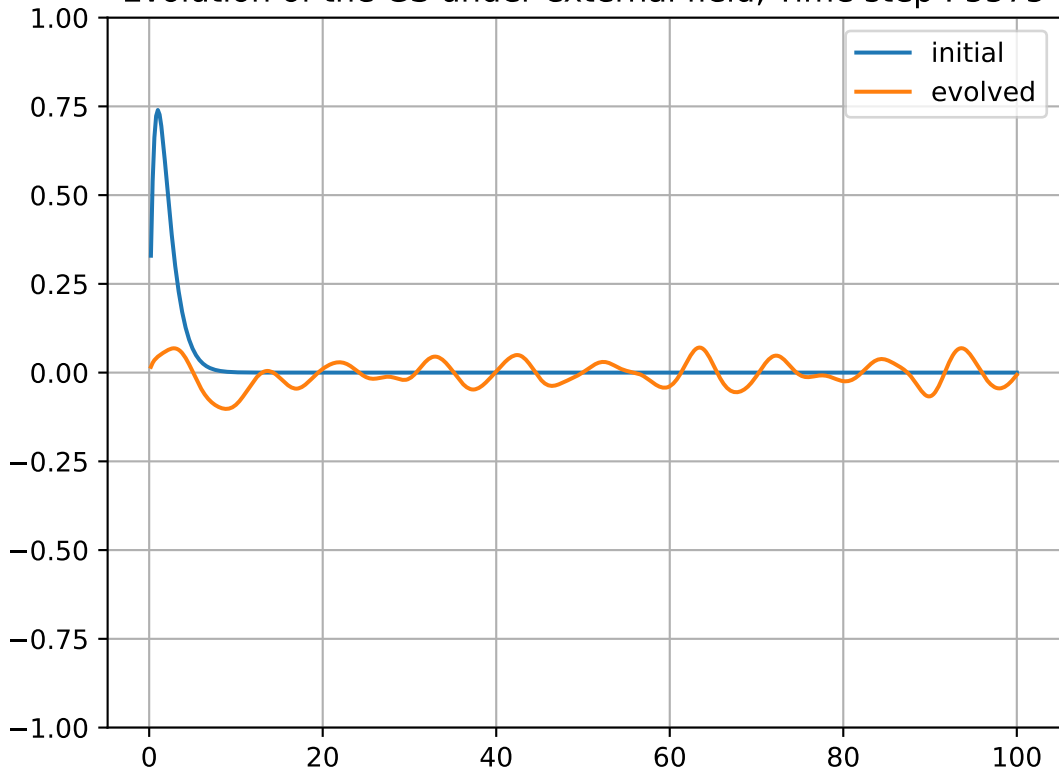

Evolution of the GS under external field, Time step : 5525

Evolution of the GS under external field, Time step : 5550

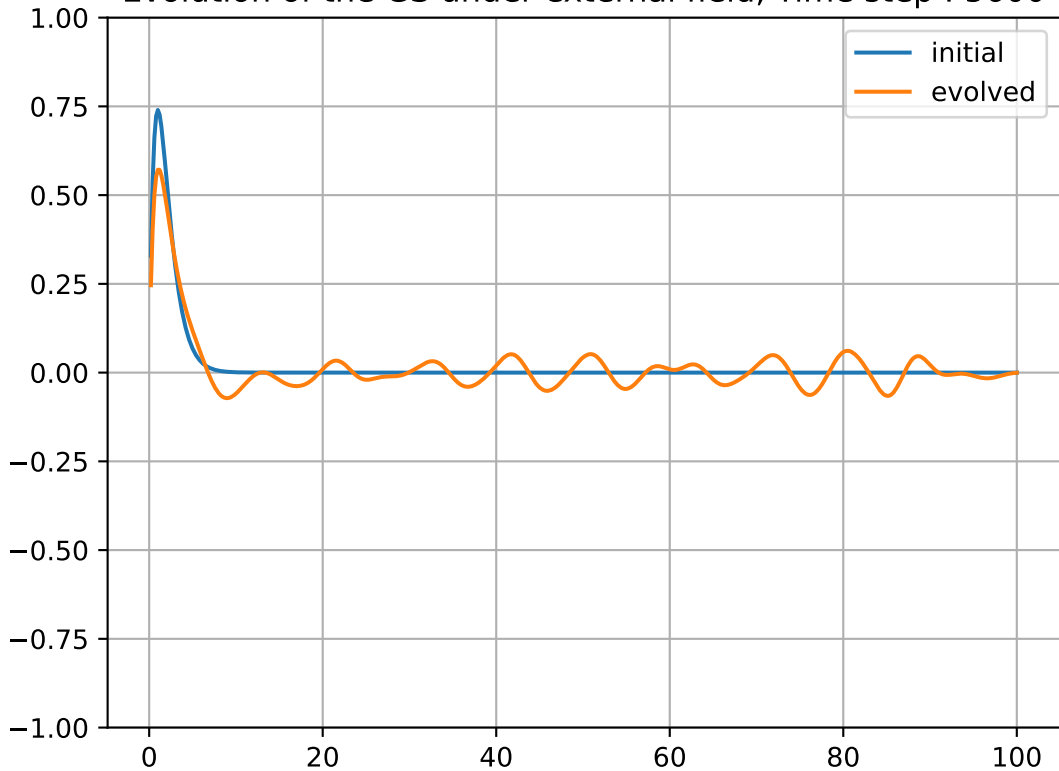

Evolution of the GS under external field, Time step : 5575

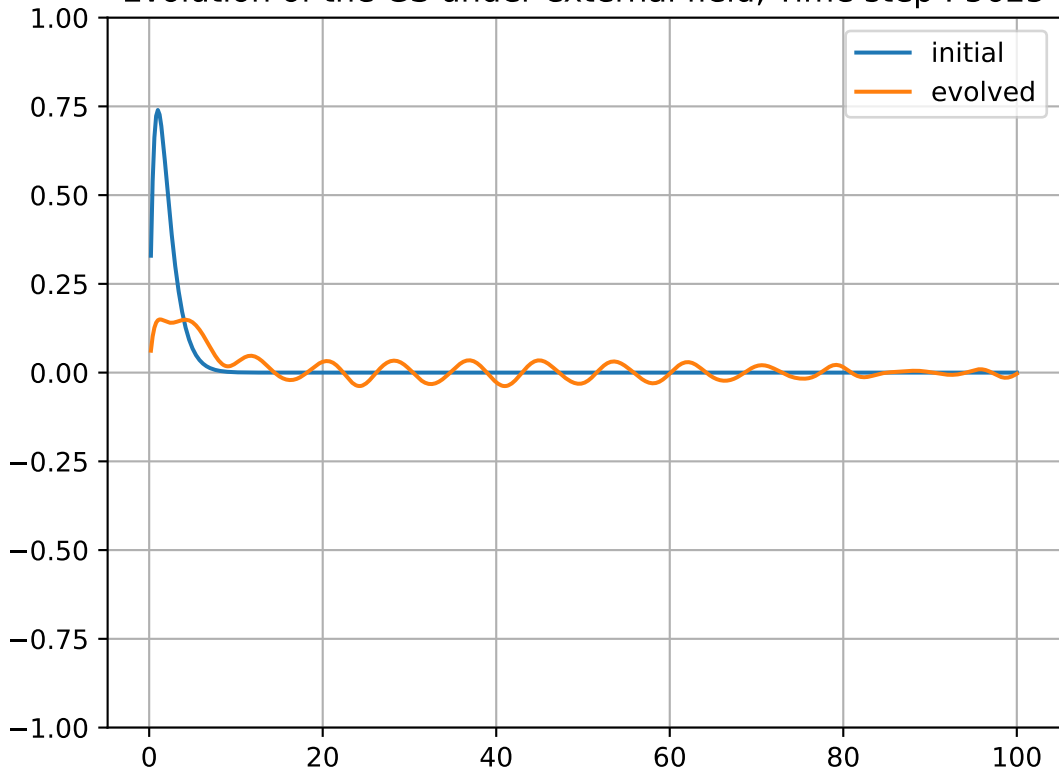

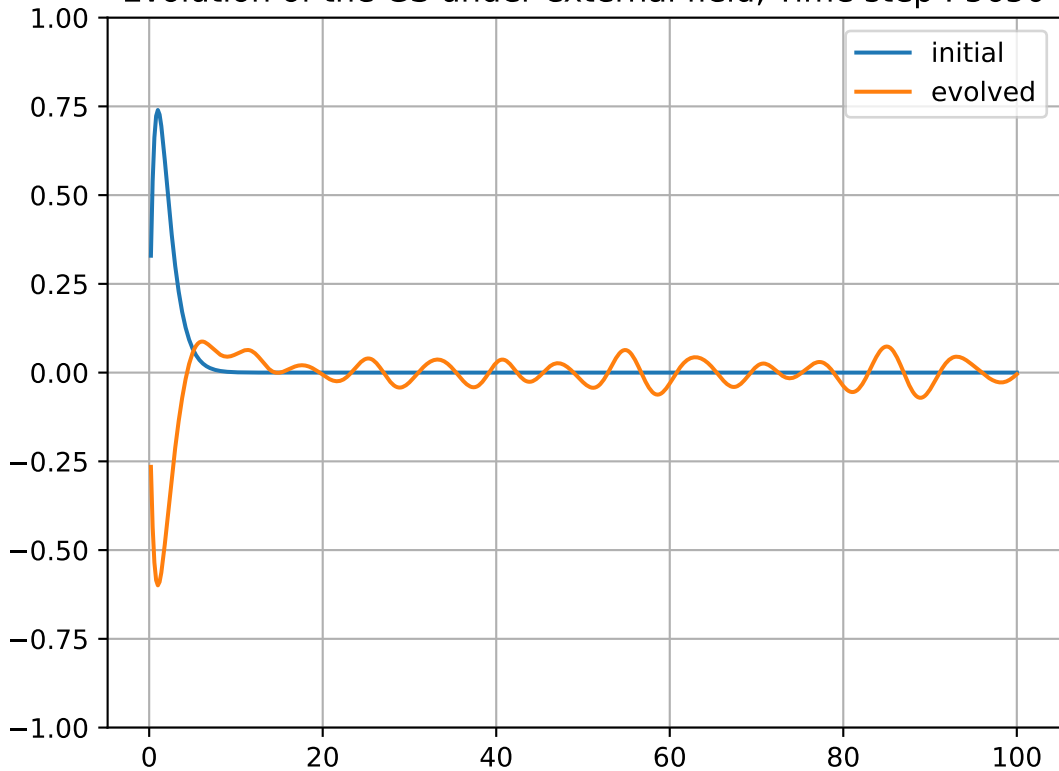

Evolution of the GS under external field, Time step : 5600

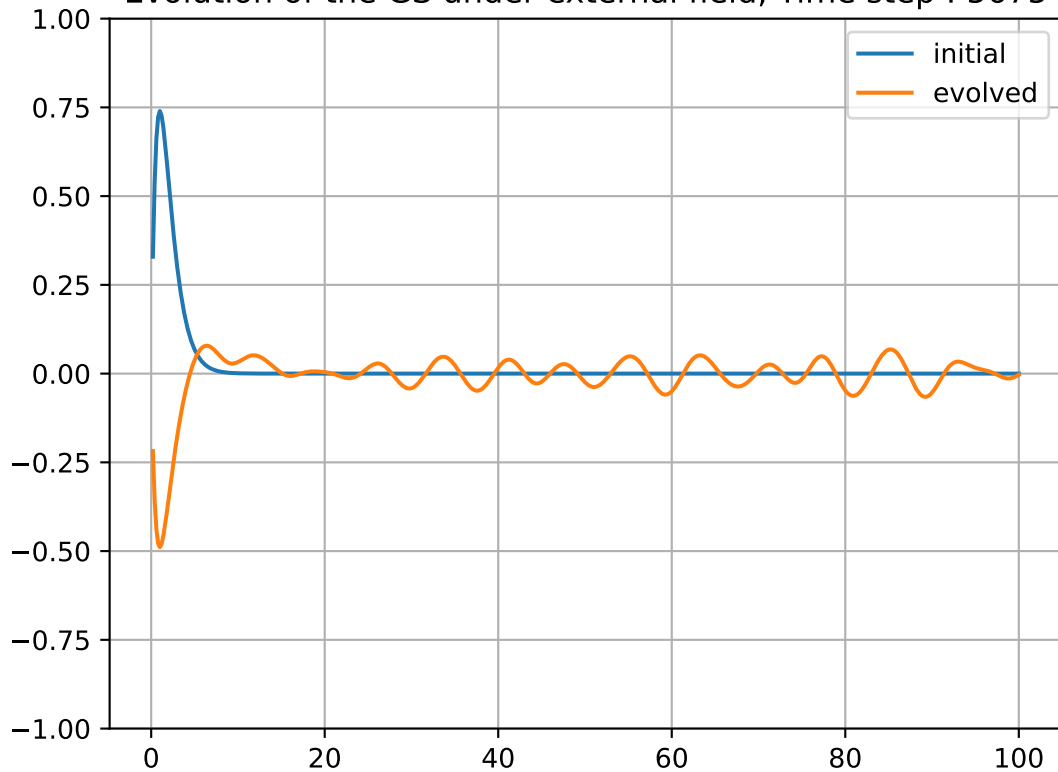

Evolution of the GS under external field, Time step : 5625

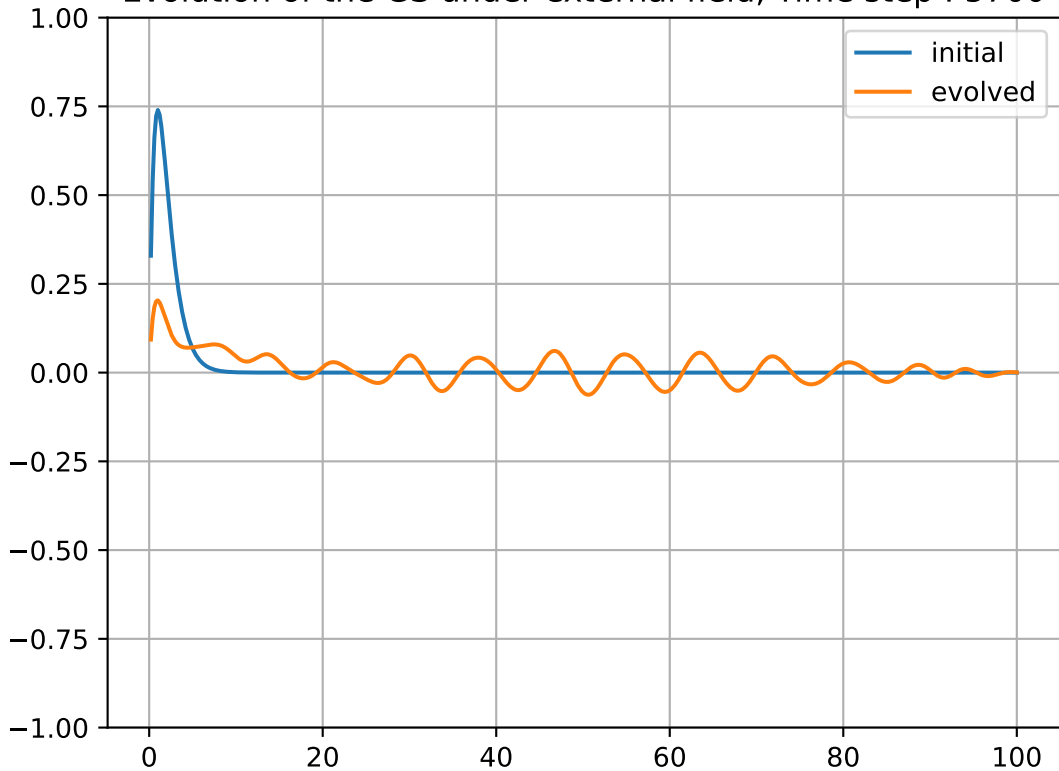

Evolution of the GS under external field, Time step : 5650

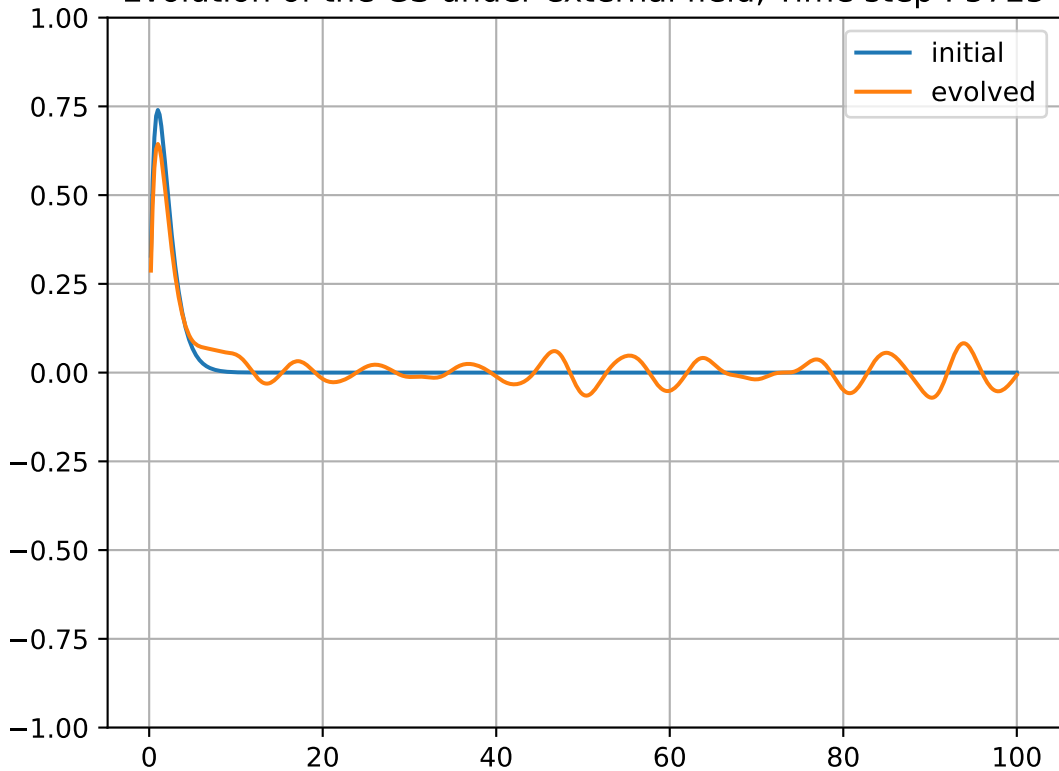

Evolution of the GS under external field, Time step : 5675

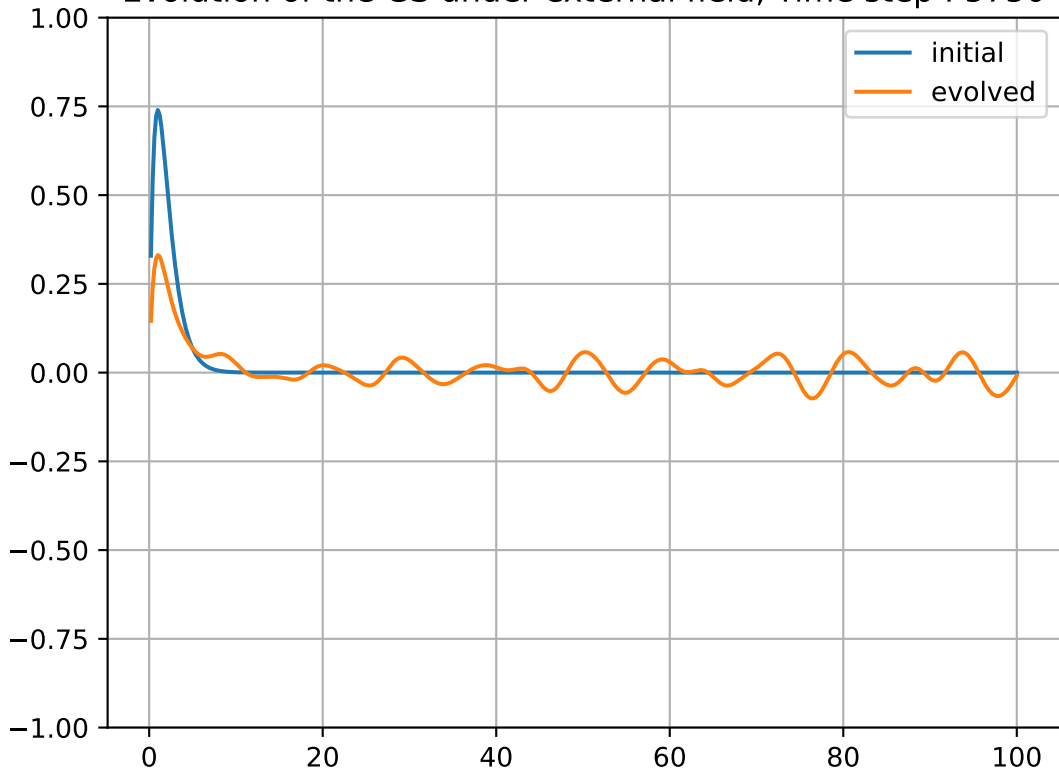

Evolution of the GS under external field, Time step : 5700

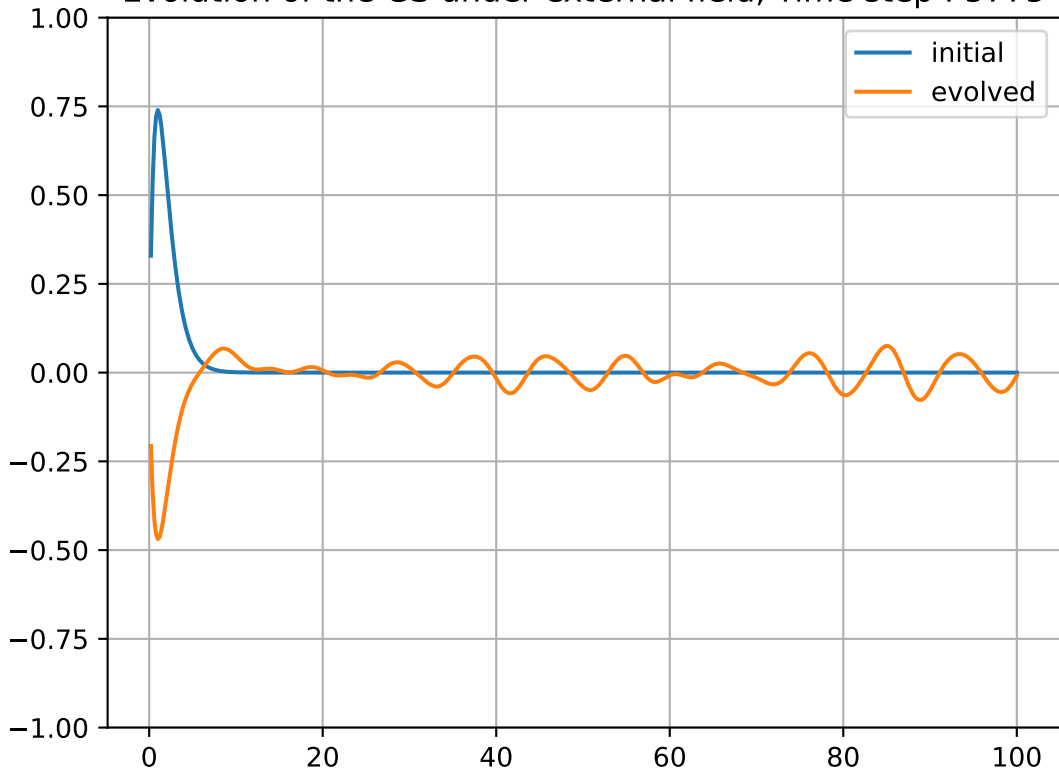

Evolution of the GS under external field, Time step : 5725

Evolution of the GS under external field, Time step : 5750

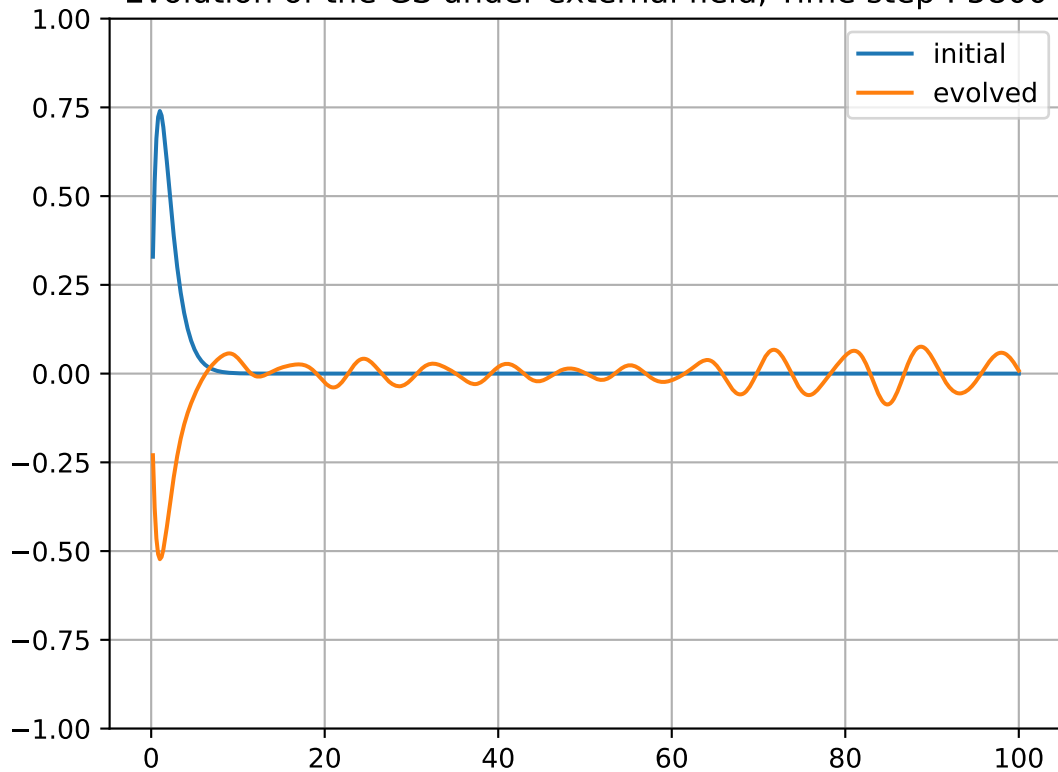

Evolution of the GS under external field, Time step : 5775

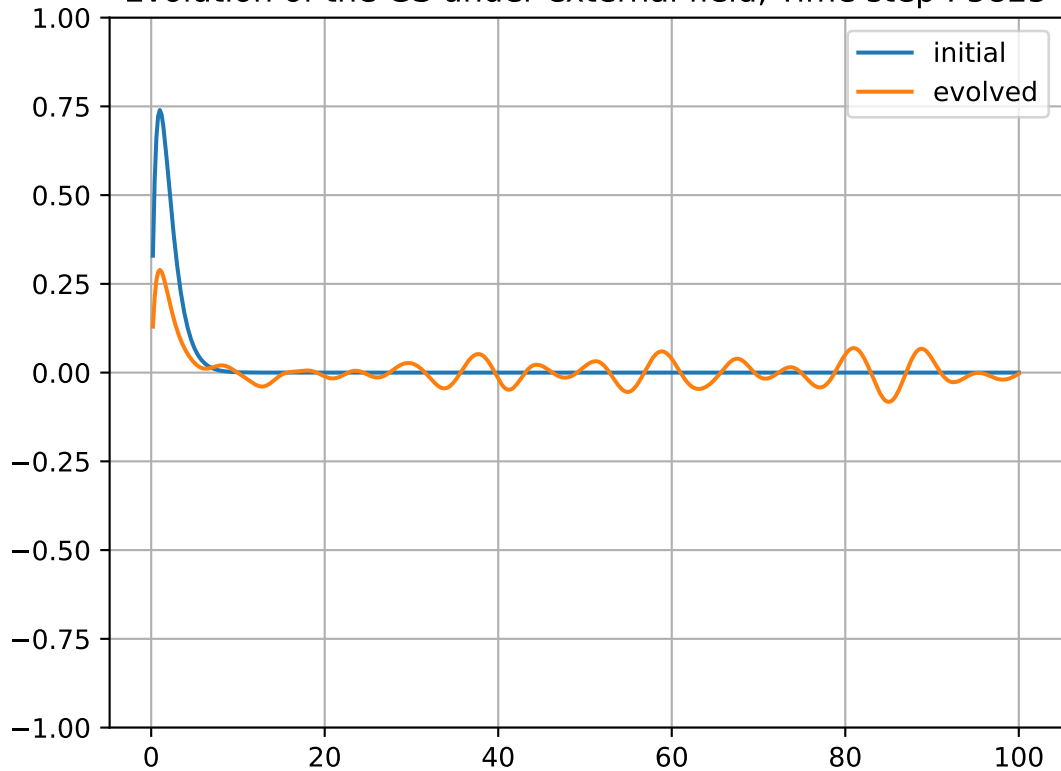

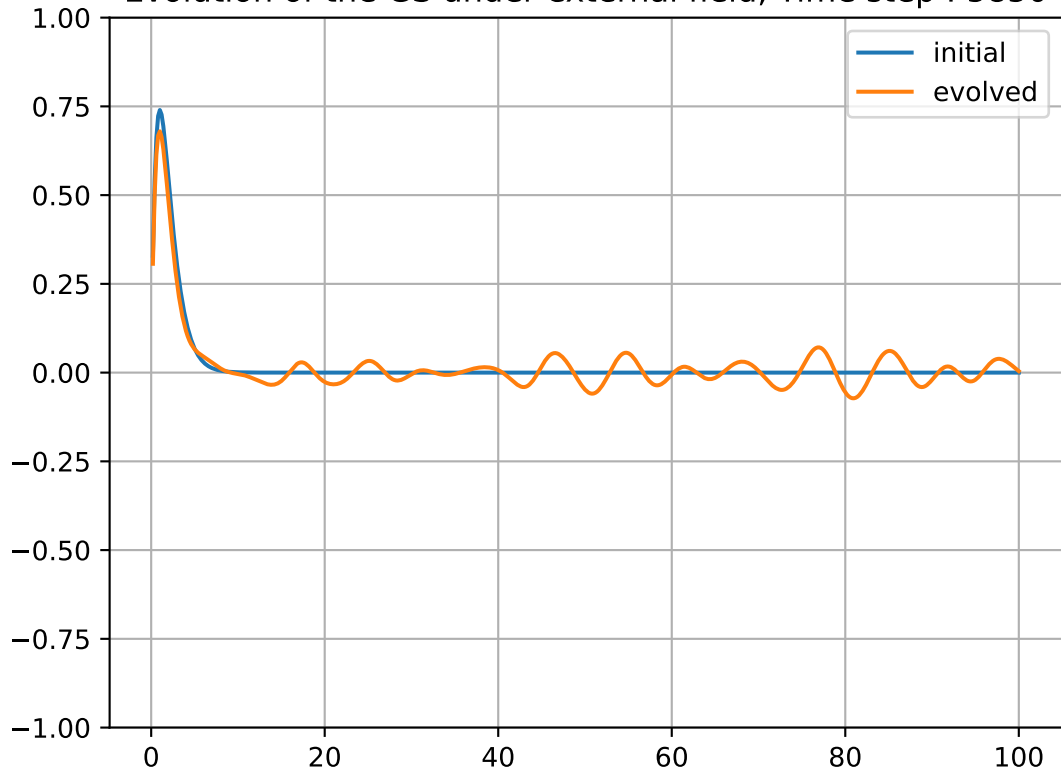

Evolution of the GS under external field, Time step : 5800

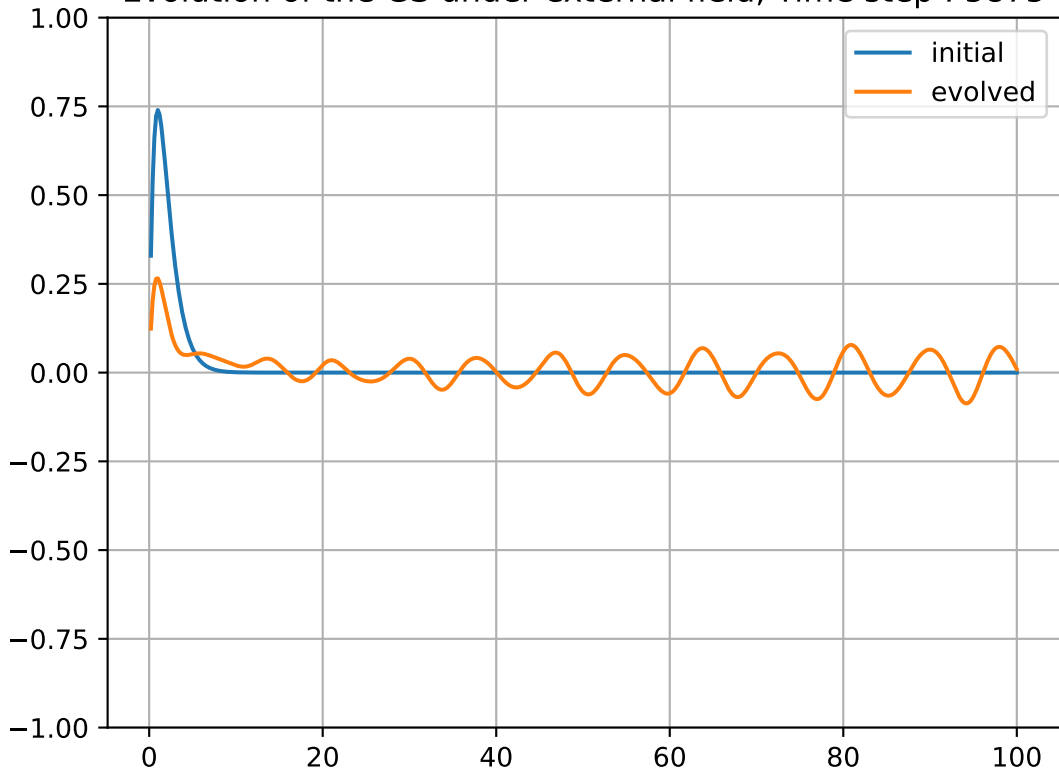

Evolution of the GS under external field, Time step : 5825

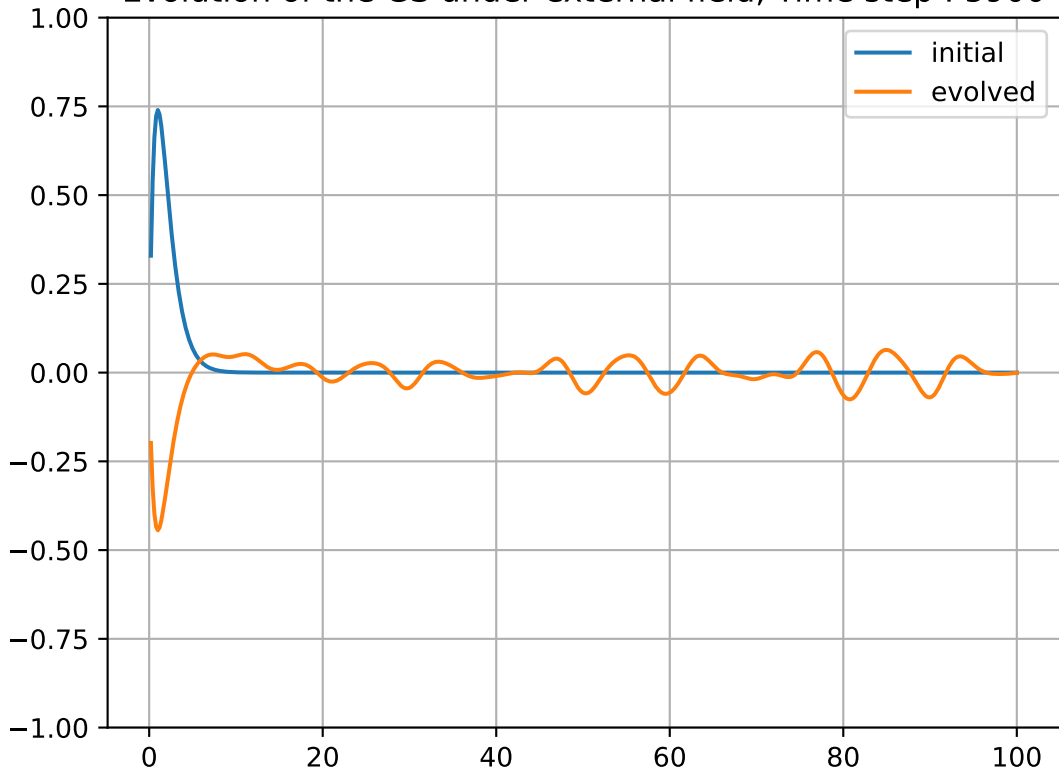

Evolution of the GS under external field, Time step : 5850

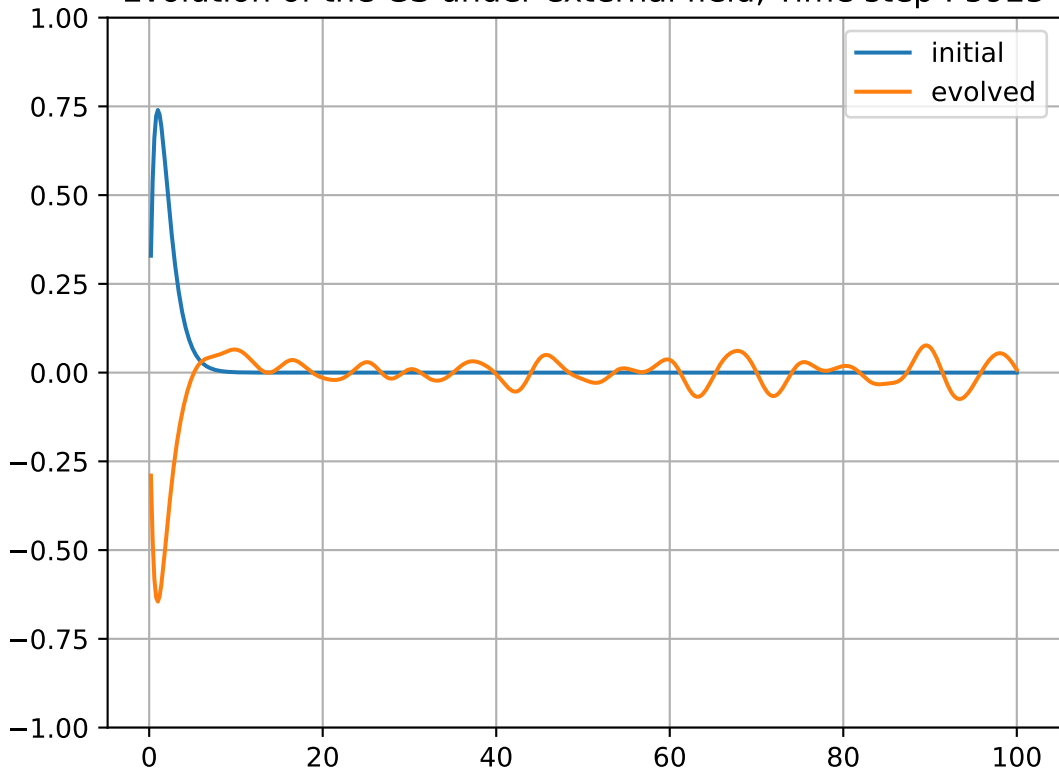

Evolution of the GS under external field, Time step : 5875

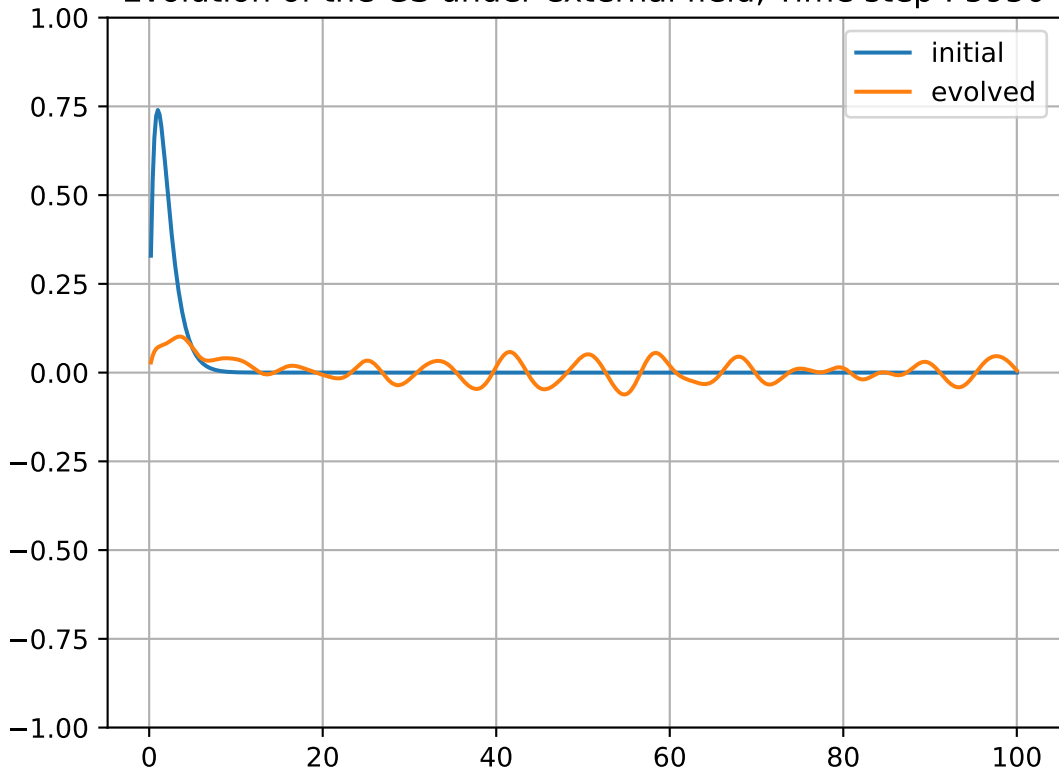

Evolution of the GS under external field, Time step : 5900

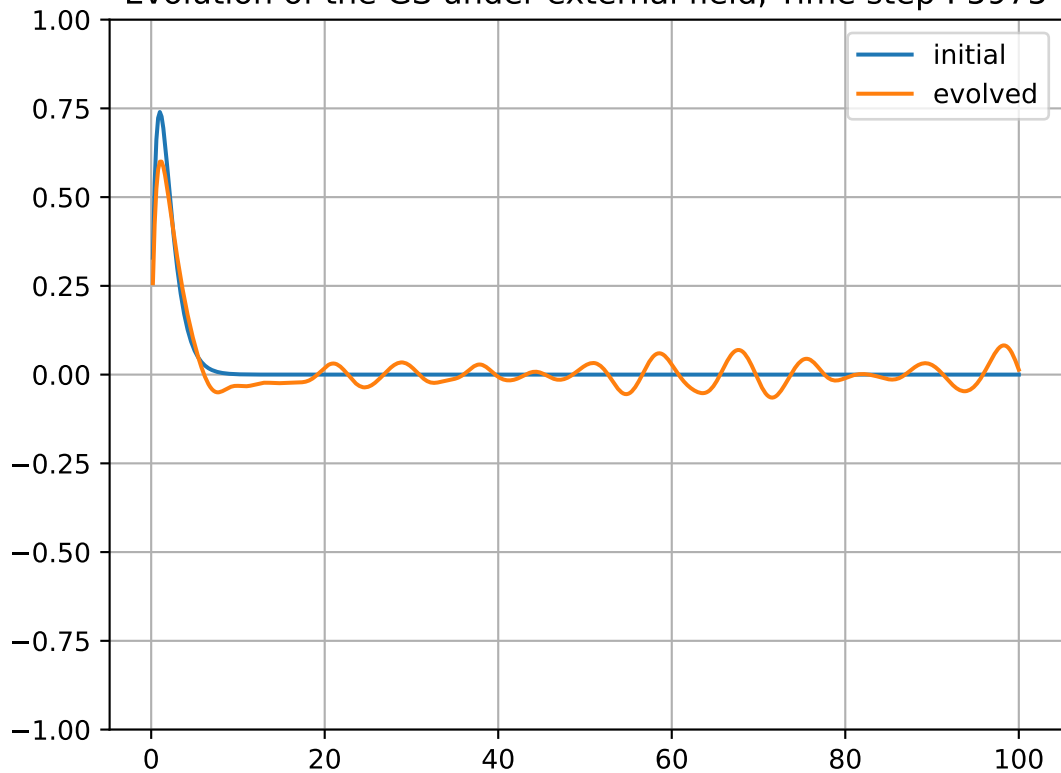

Evolution of the GS under external field, Time step : 5925

Evolution of the GS under external field, Time step : 5950

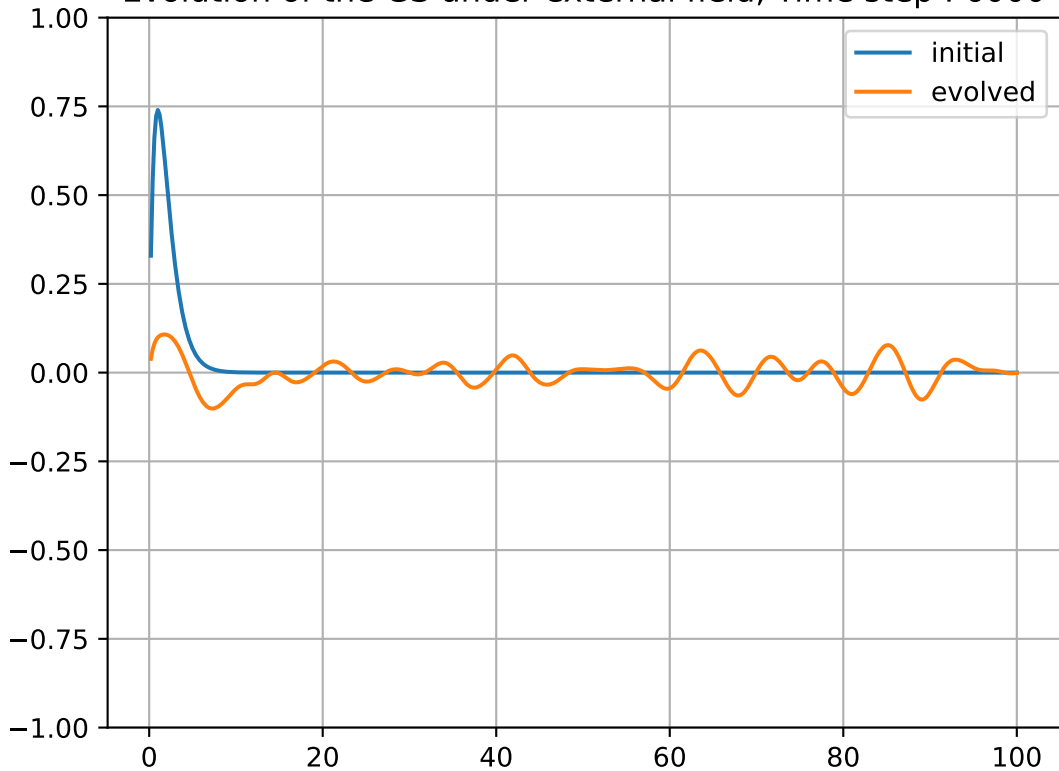

Evolution of the GS under external field, Time step : 5975

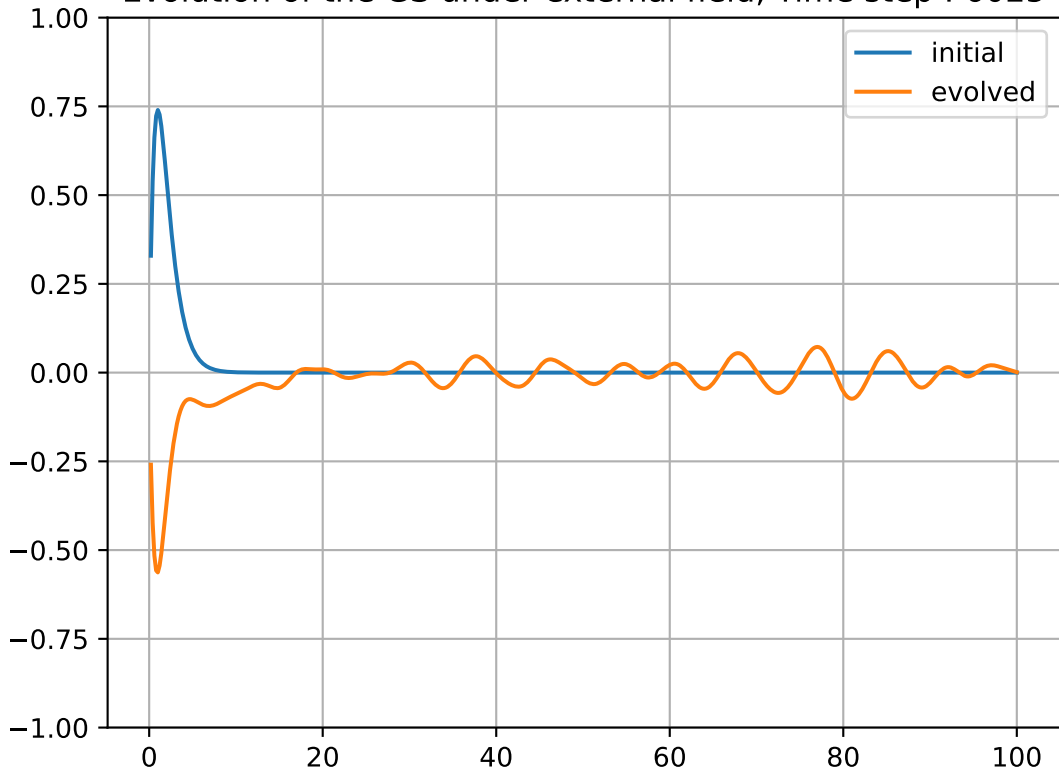

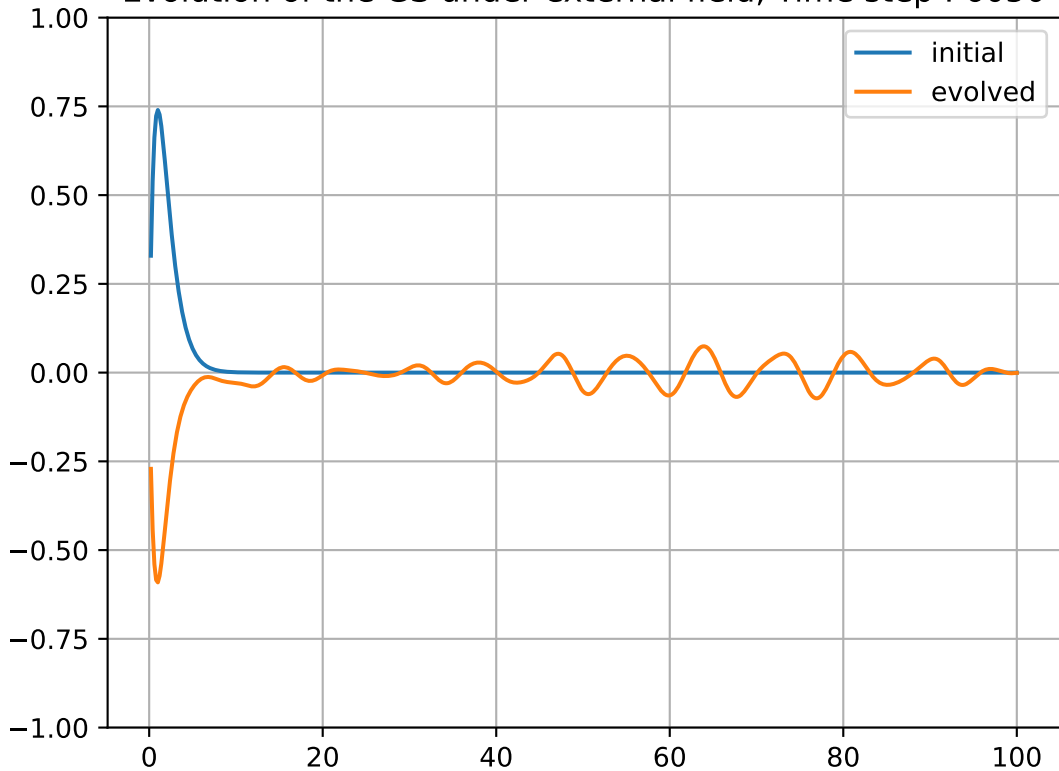

Evolution of the GS under external field, Time step : 6000

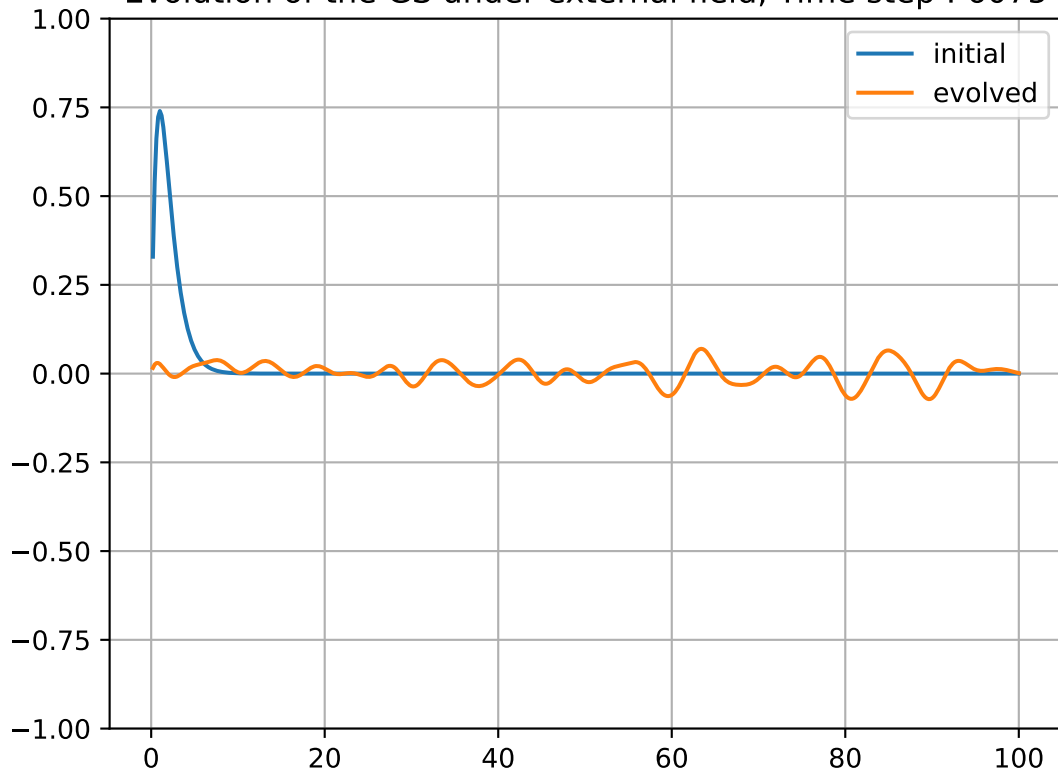

Evolution of the GS under external field, Time step : 6025

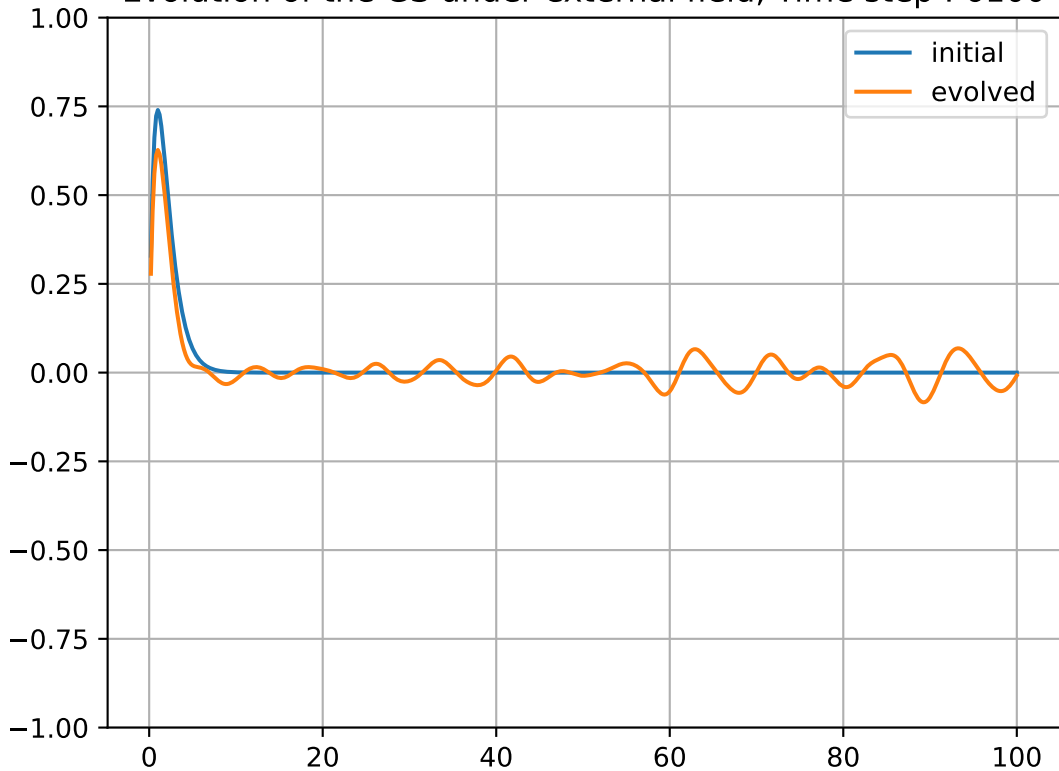

Evolution of the GS under external field, Time step : 6050

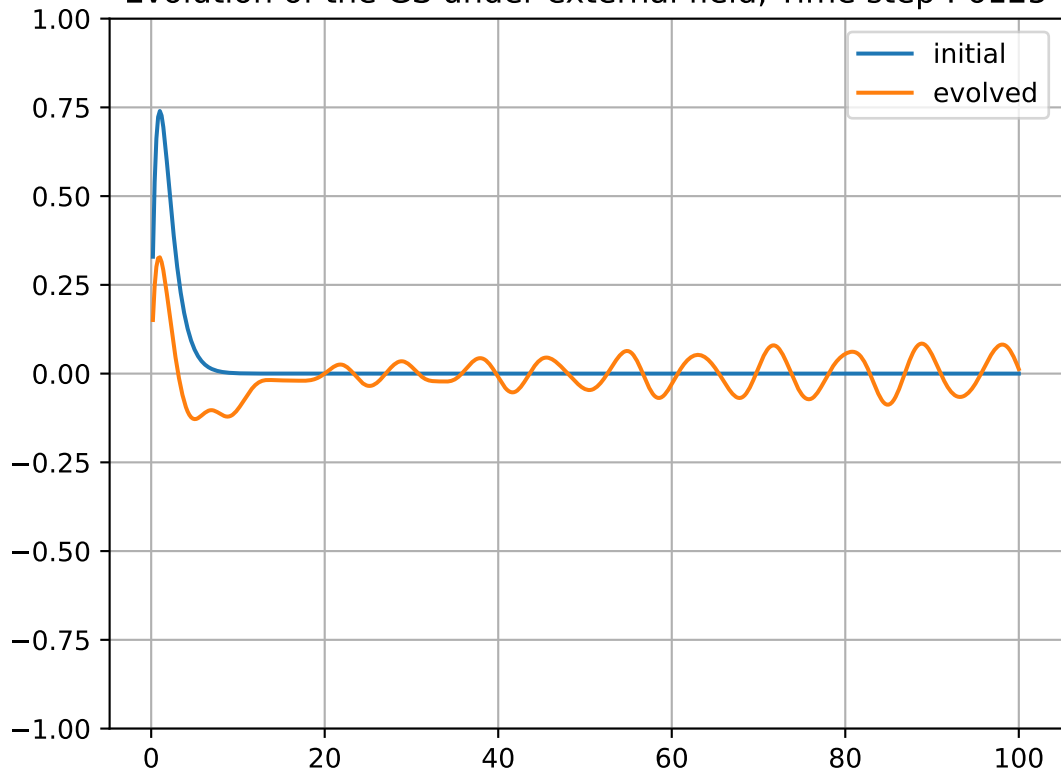

Evolution of the GS under external field, Time step : 6075

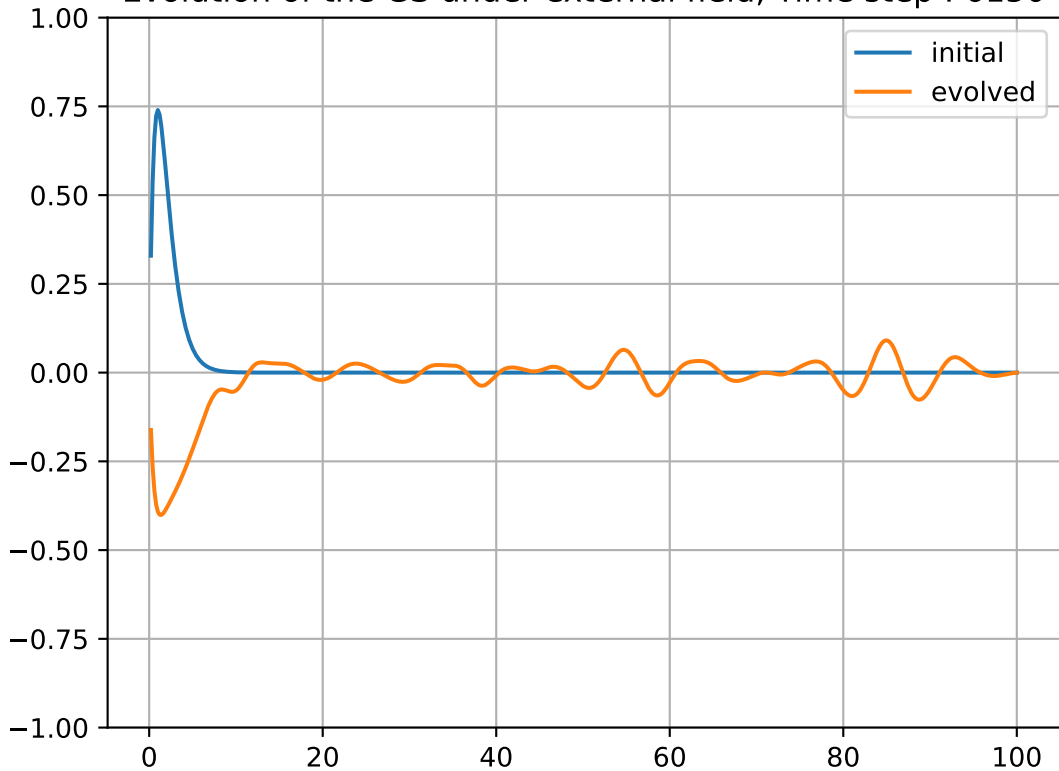

Evolution of the GS under external field, Time step : 6100

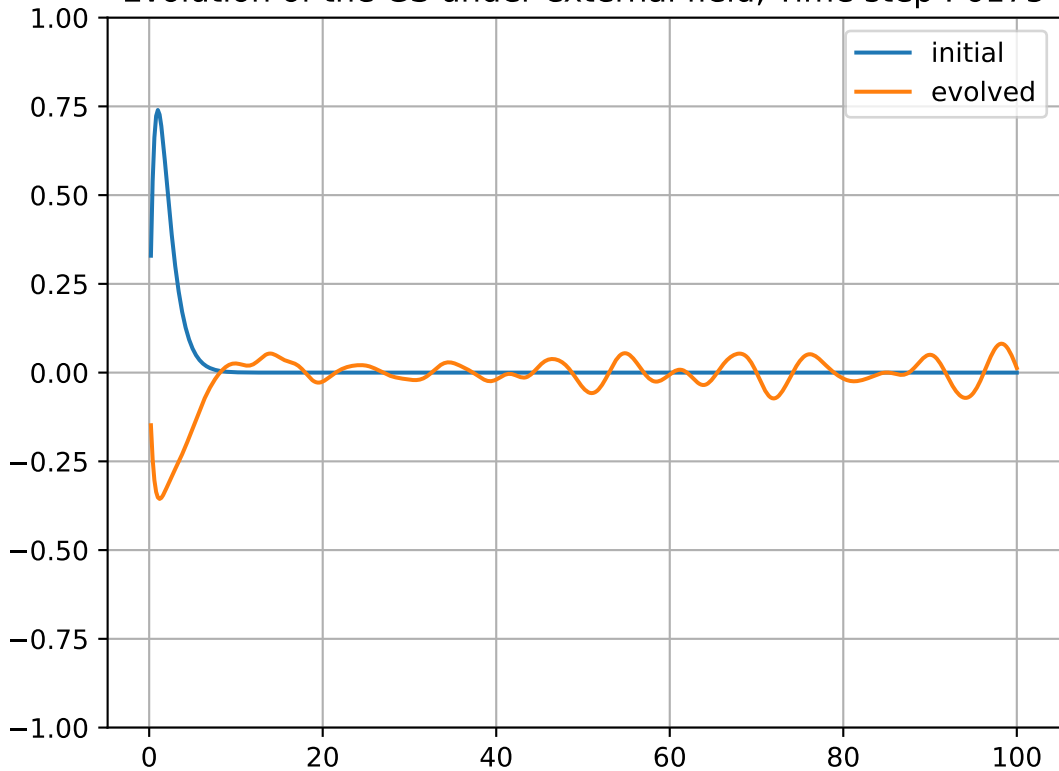

Evolution of the GS under external field, Time step : 6125

Evolution of the GS under external field, Time step : 6150

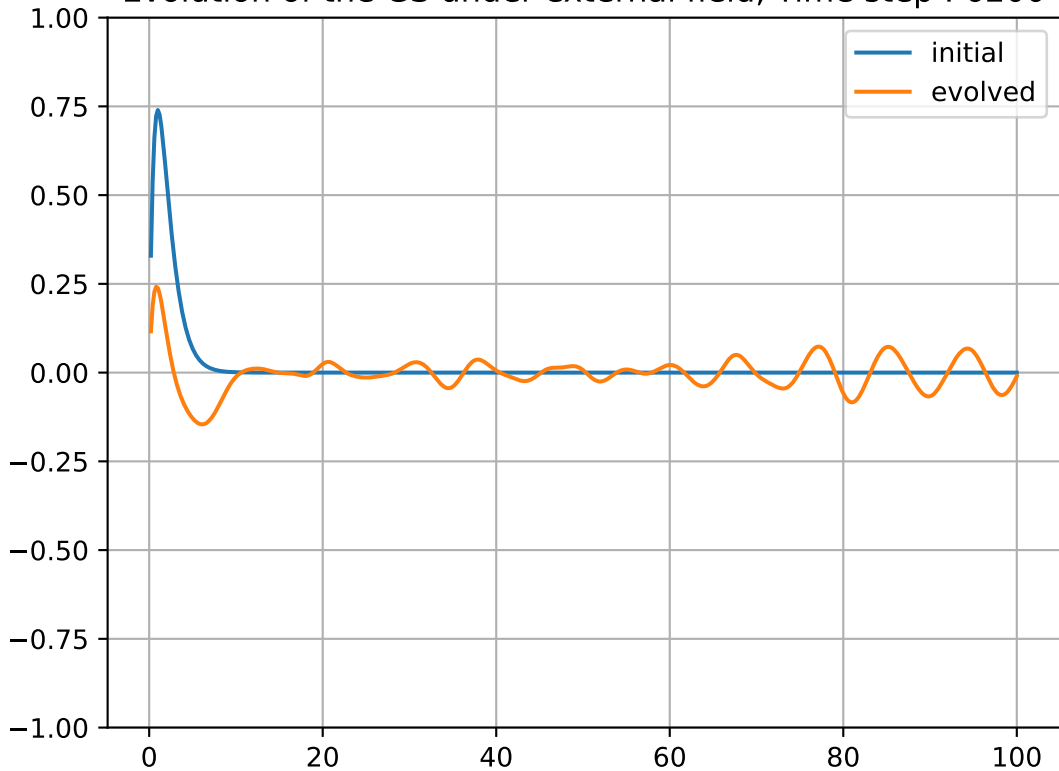

Evolution of the GS under external field, Time step : 6175

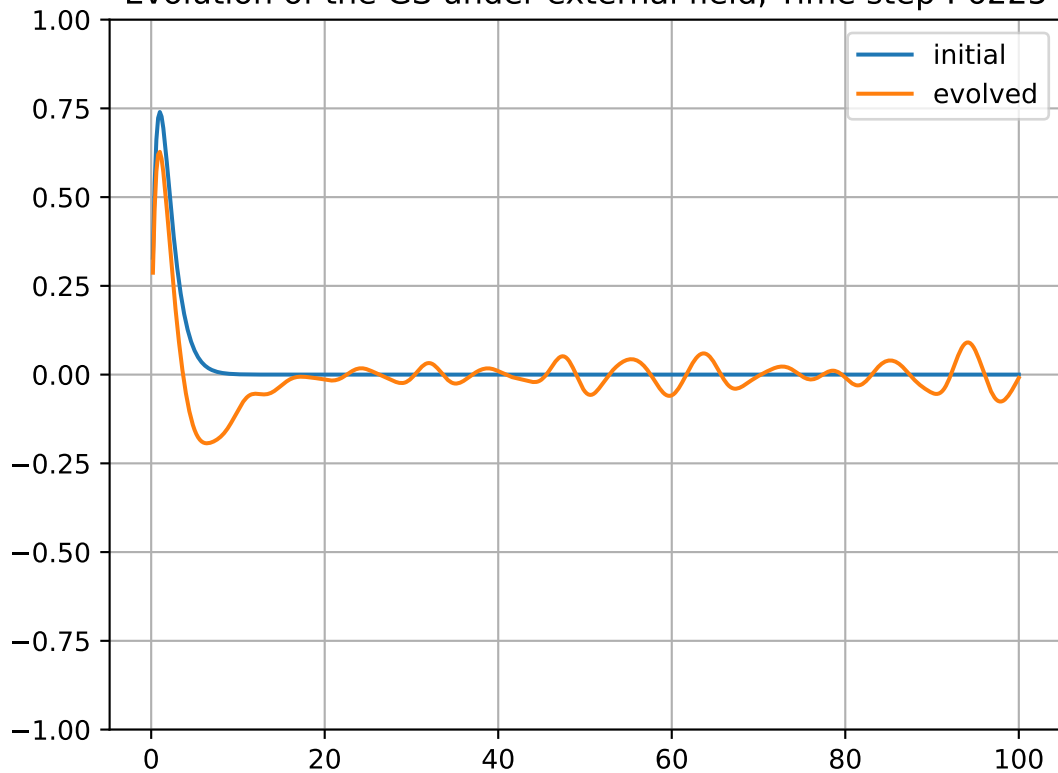

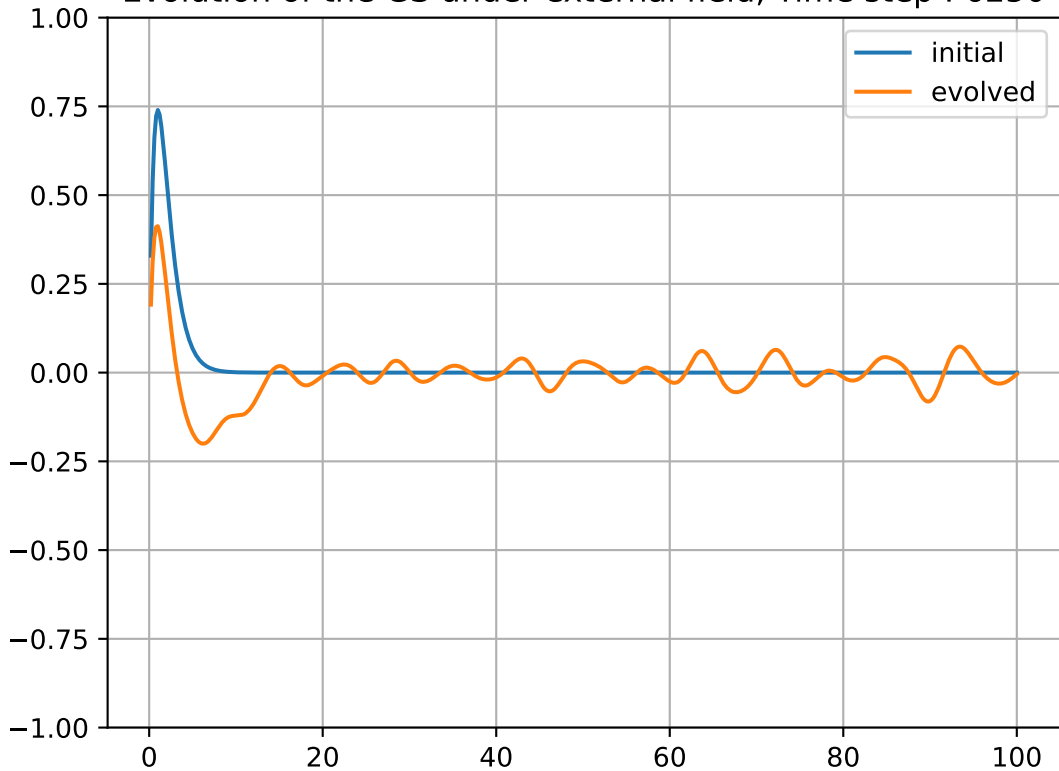

Evolution of the GS under external field, Time step : 6200

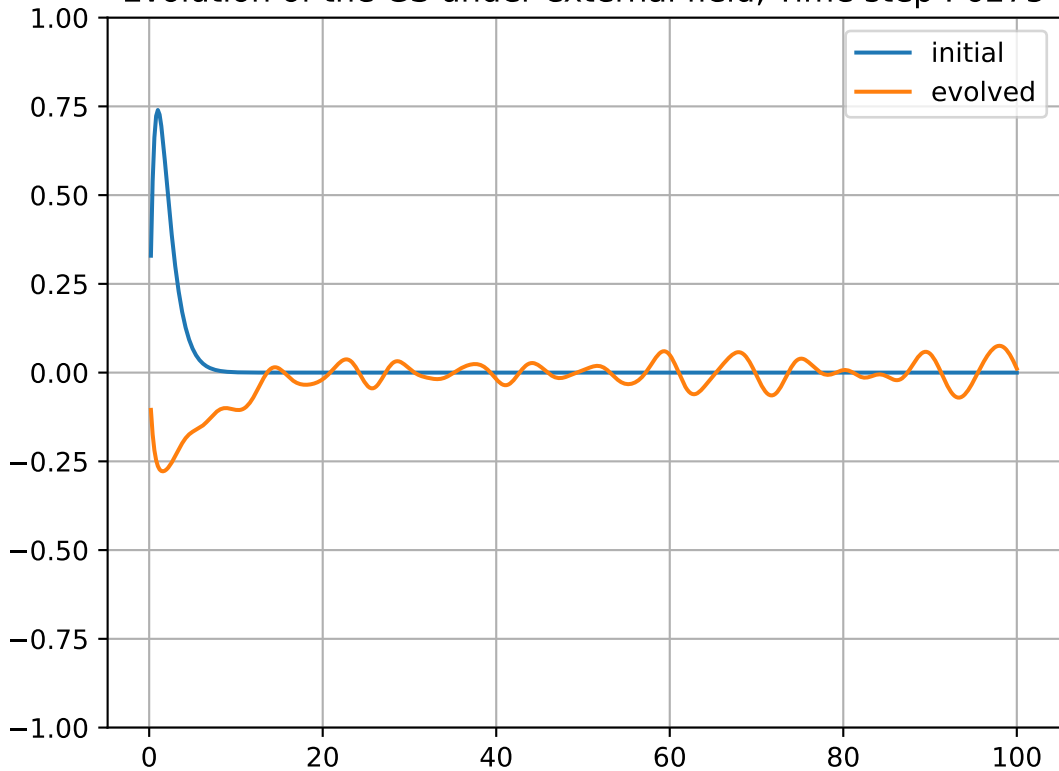

Evolution of the GS under external field, Time step : 6225

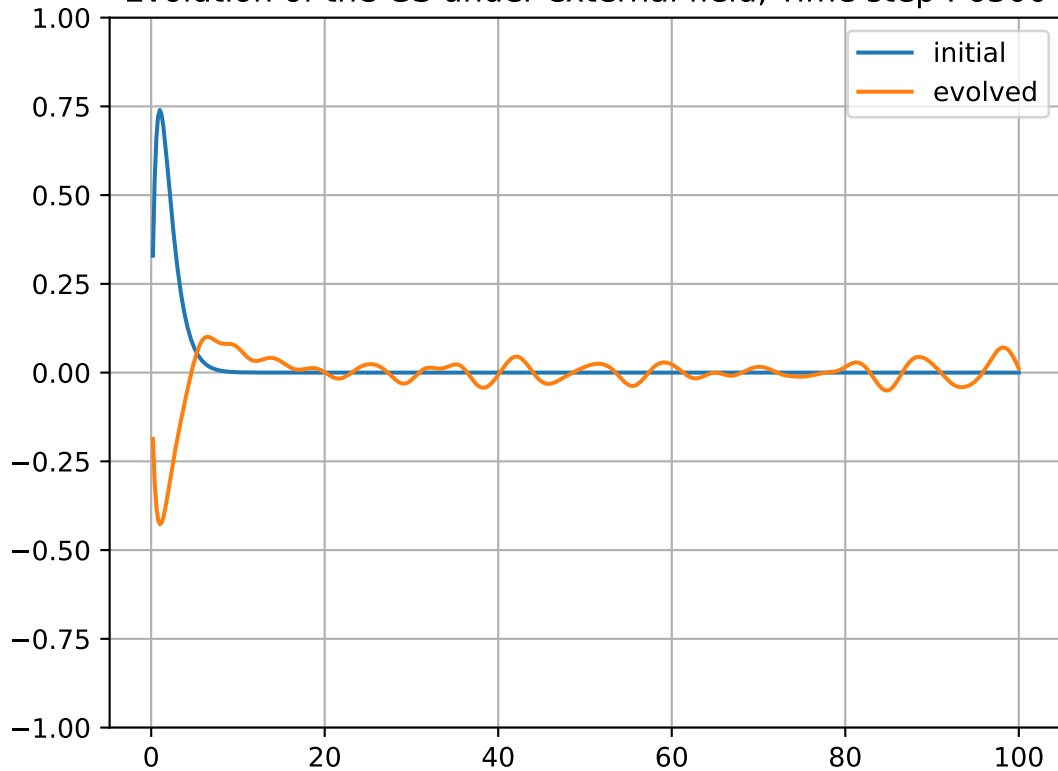

Evolution of the GS under external field, Time step : 6250

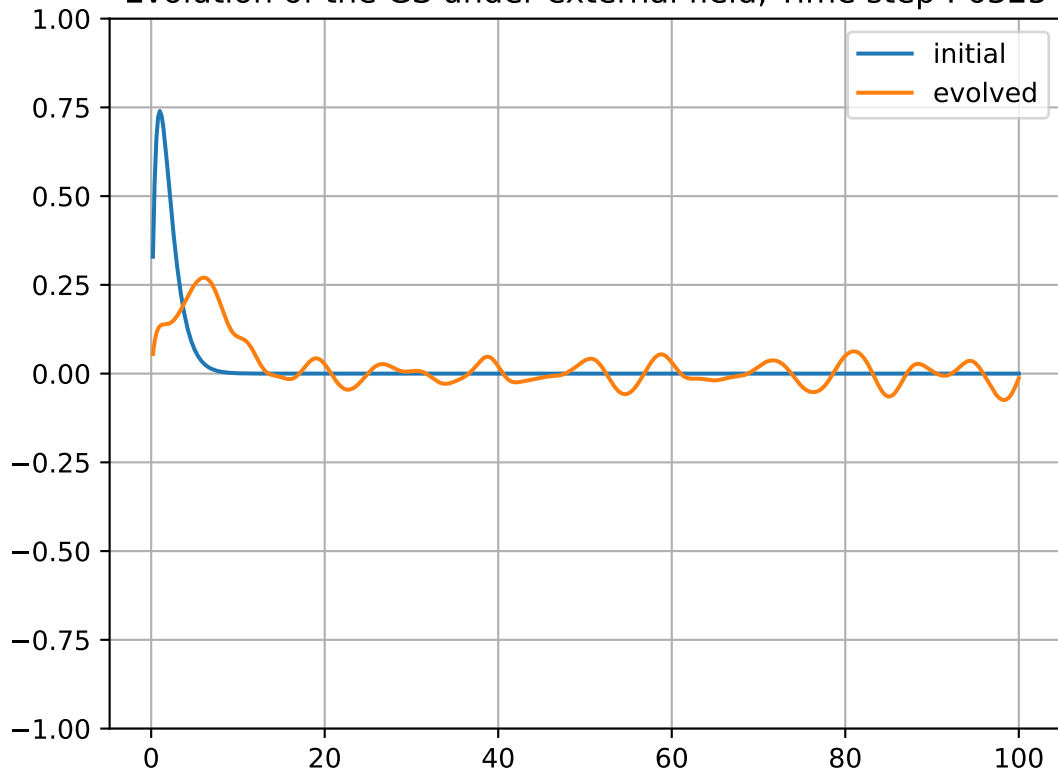

Evolution of the GS under external field, Time step : 6275

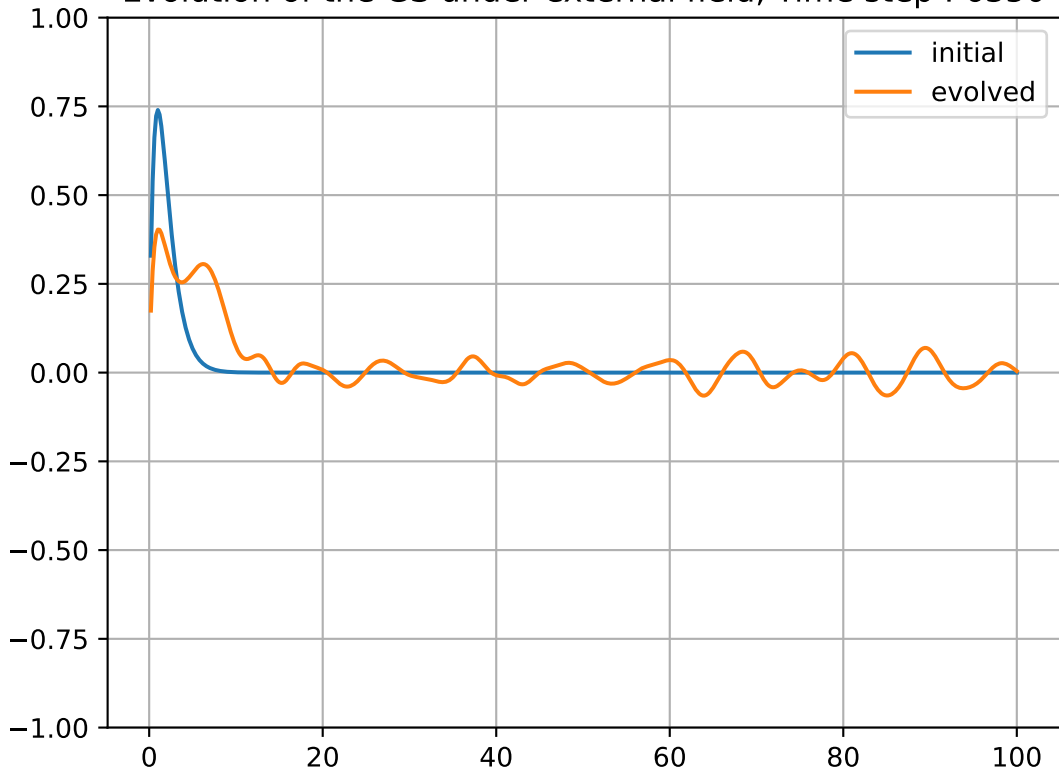

Evolution of the GS under external field, Time step : 6300

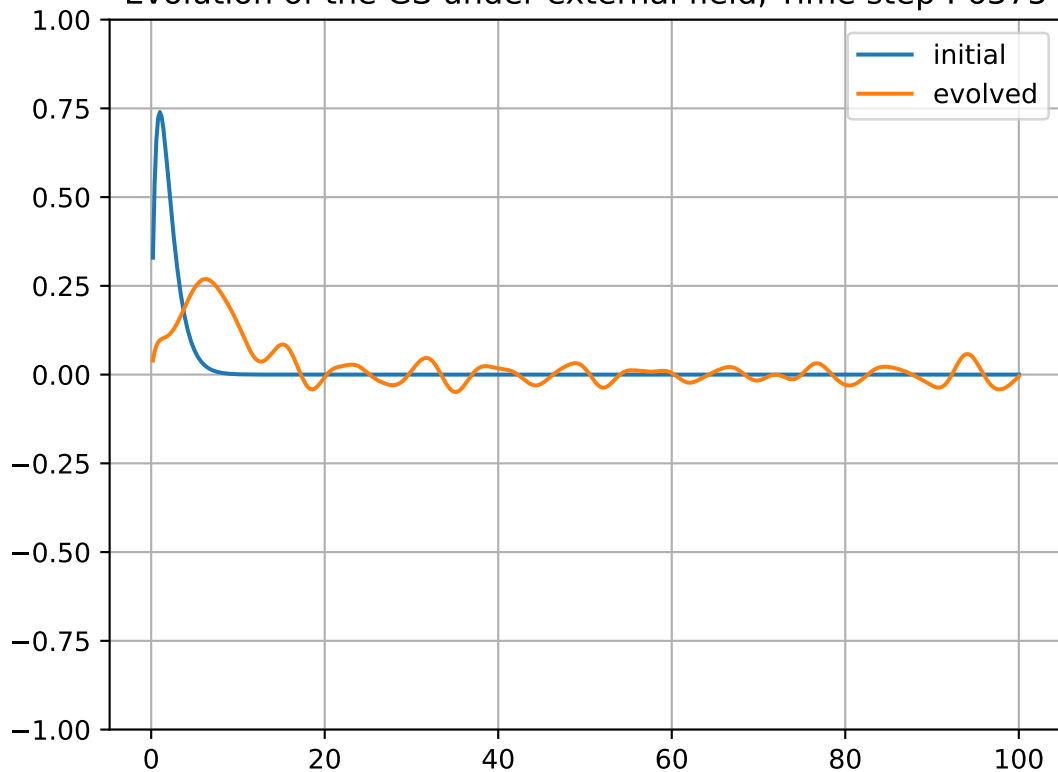

Evolution of the GS under external field, Time step : 6325

Evolution of the GS under external field, Time step : 6350

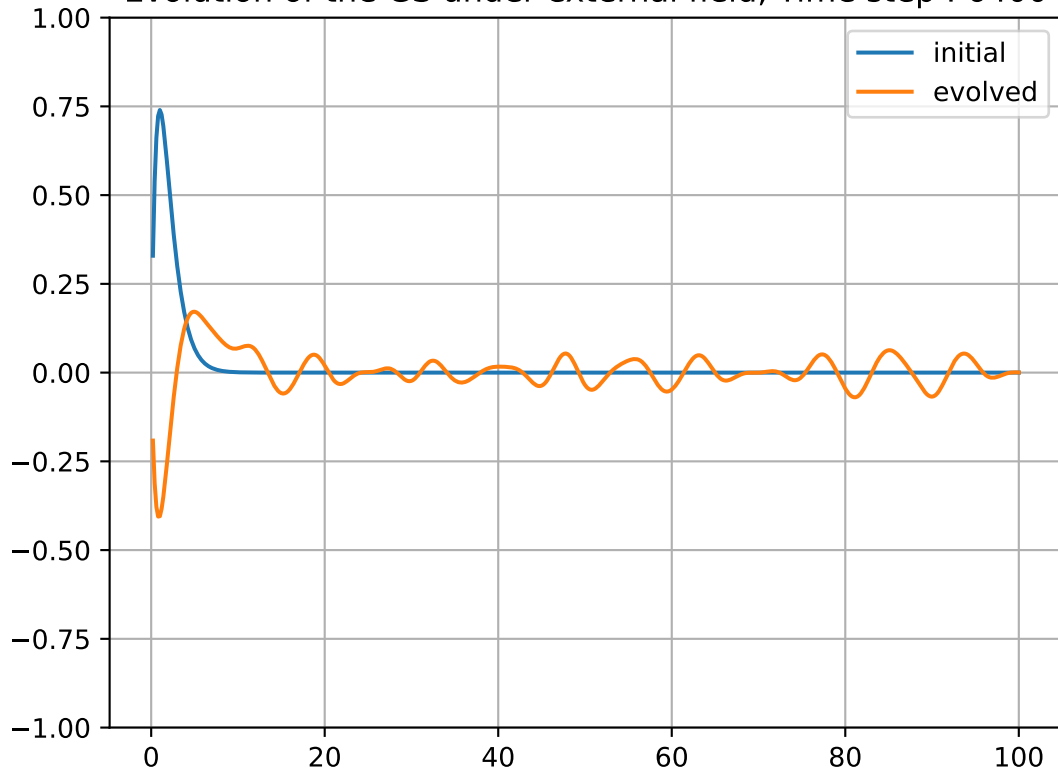

Evolution of the GS under external field, Time step : 6375

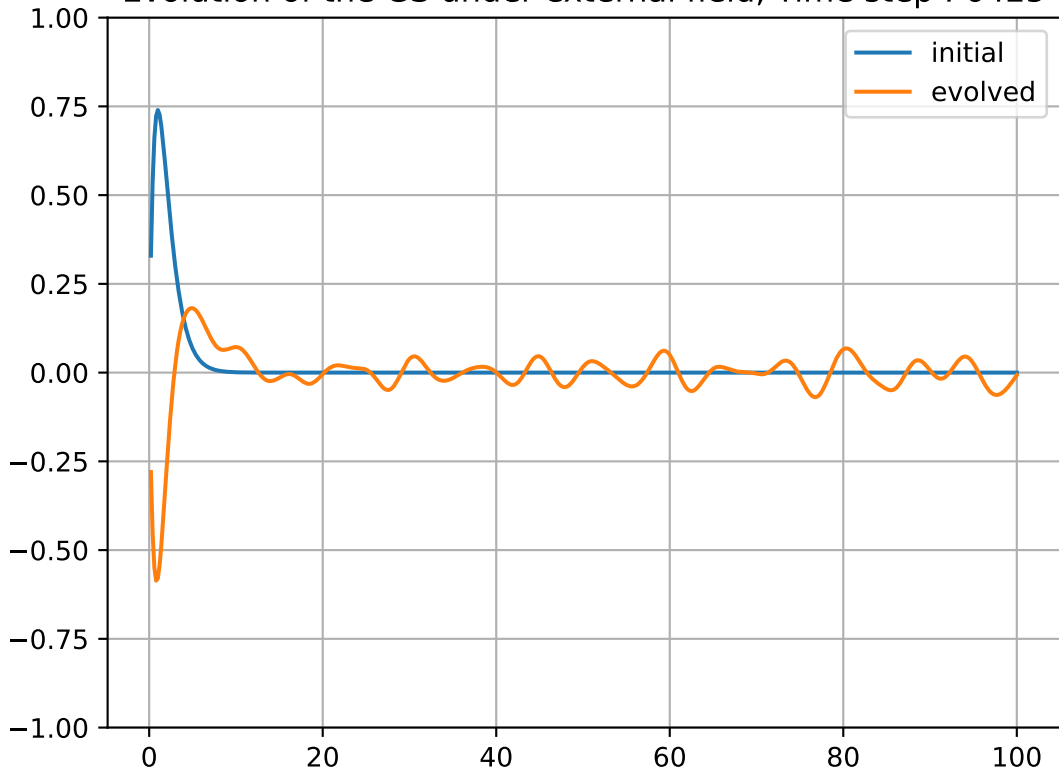

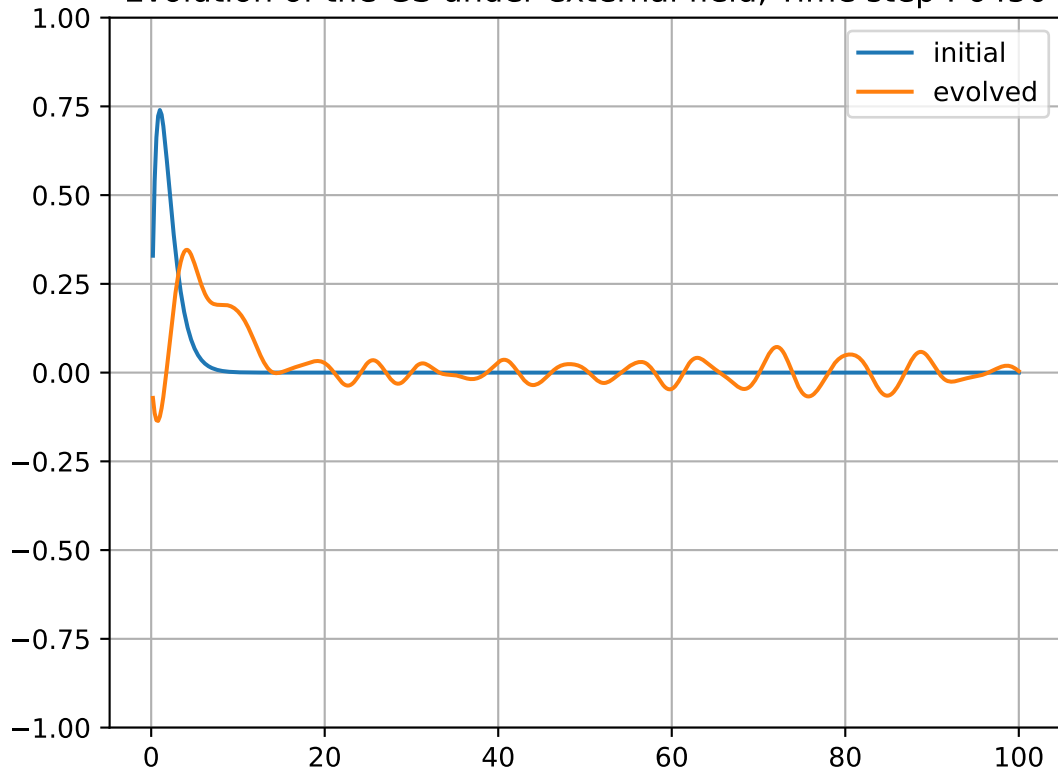

Evolution of the GS under external field, Time step : 6400

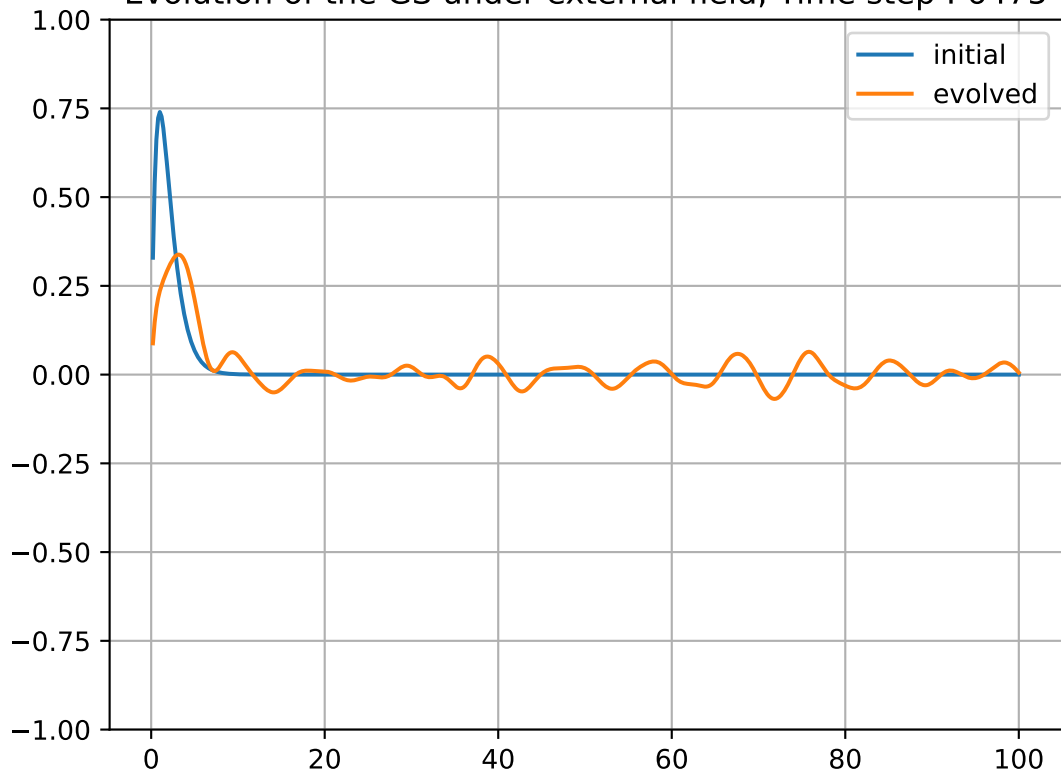

Evolution of the GS under external field, Time step : 6425

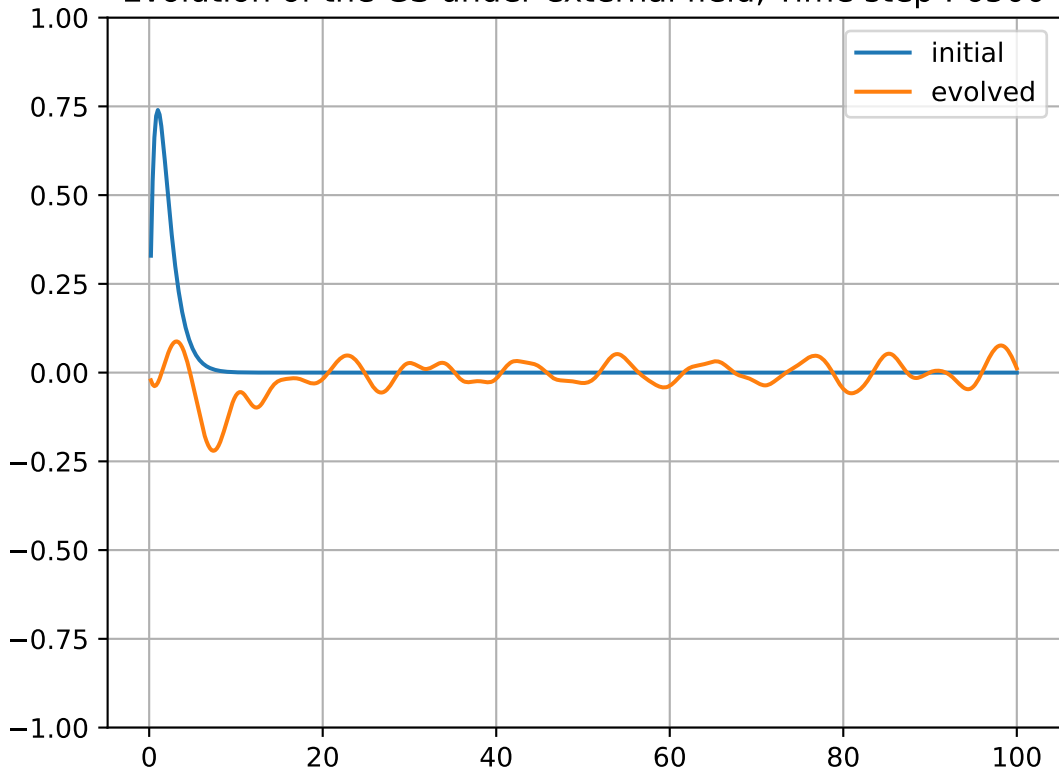

Evolution of the GS under external field, Time step : 6450

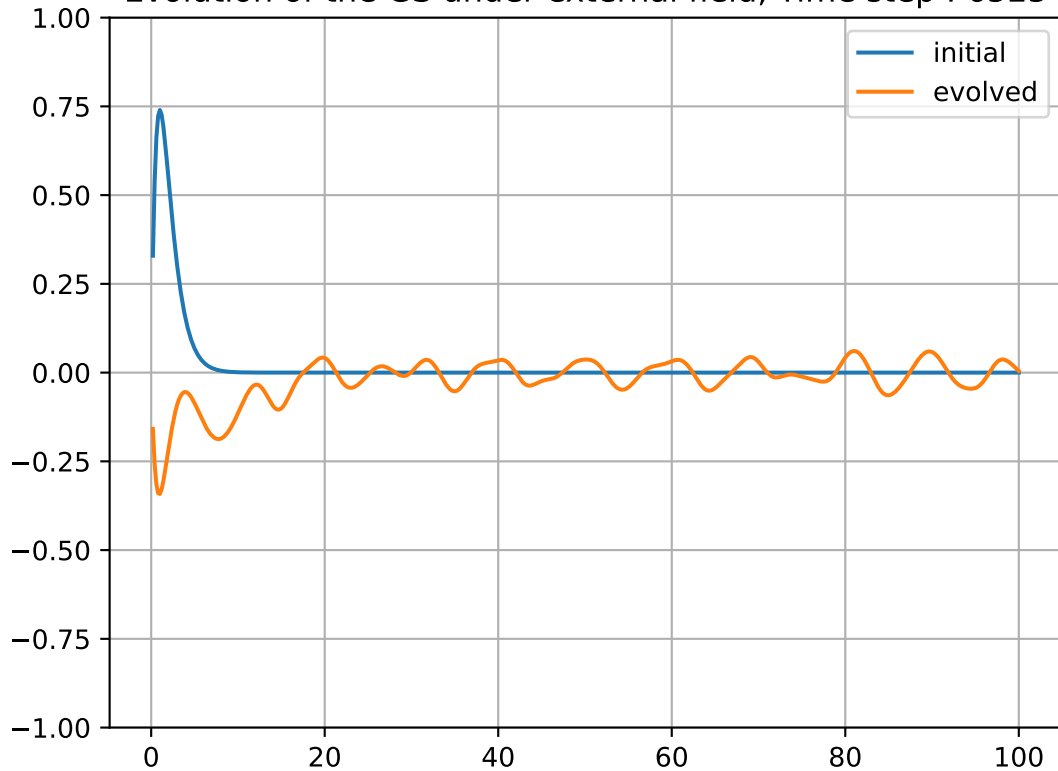

Evolution of the GS under external field, Time step : 6475

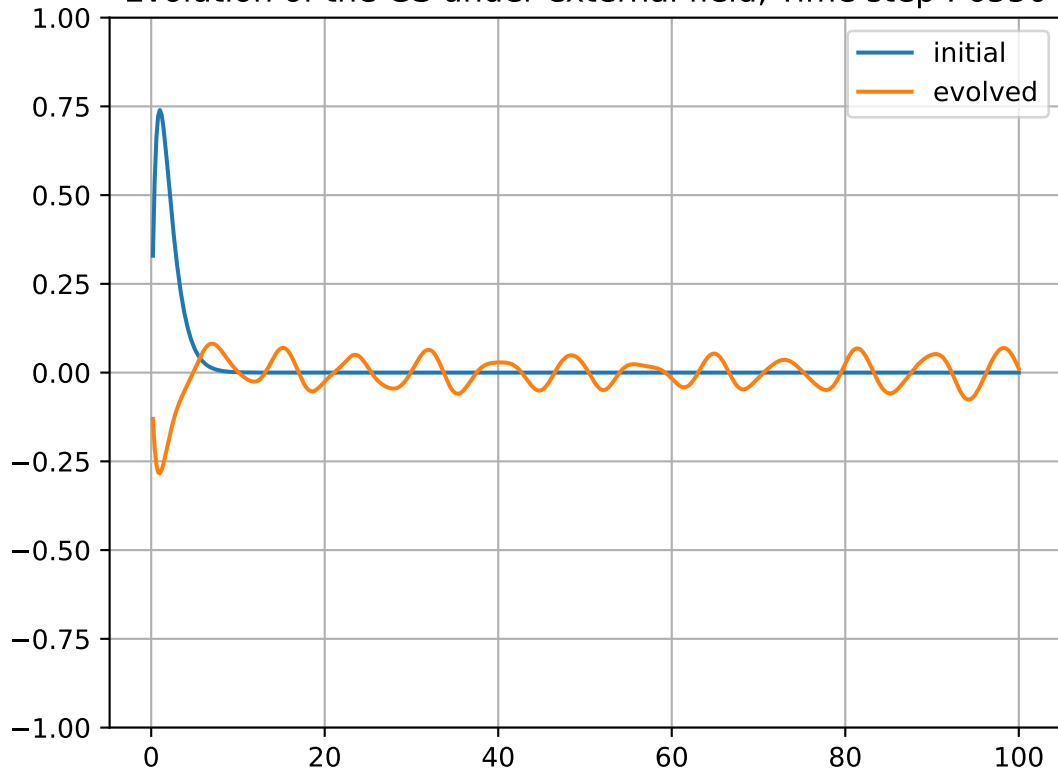

Evolution of the GS under external field, Time step : 6500

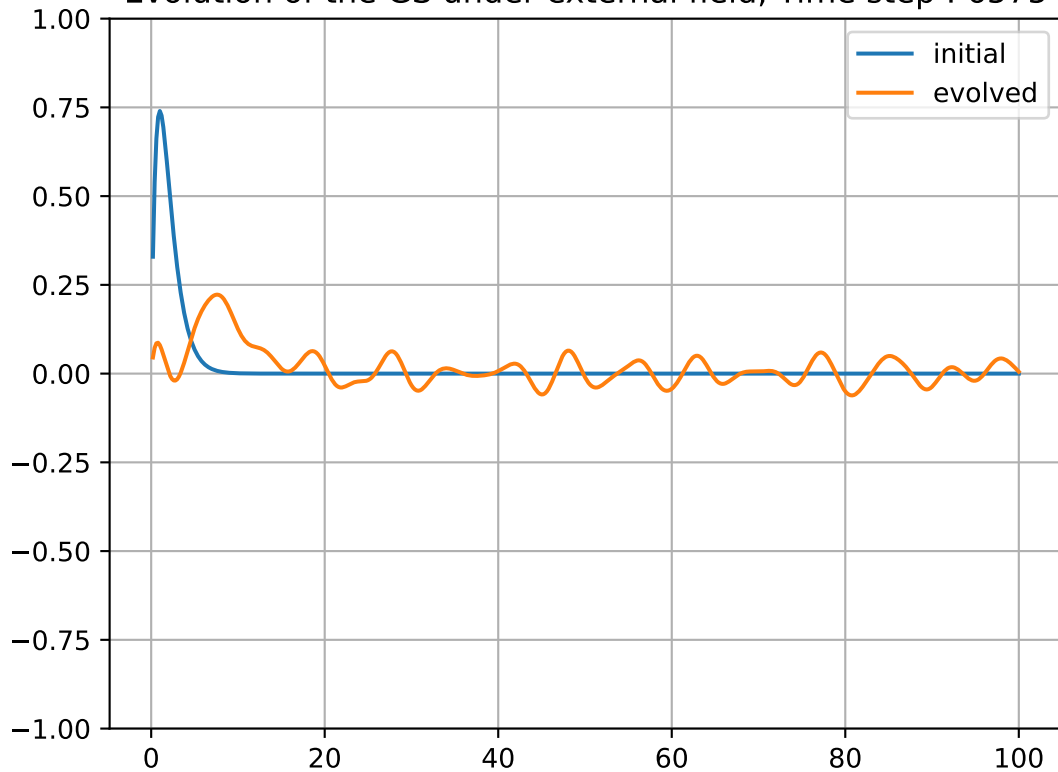

Evolution of the GS under external field, Time step : 6525

Evolution of the GS under external field, Time step : 6550

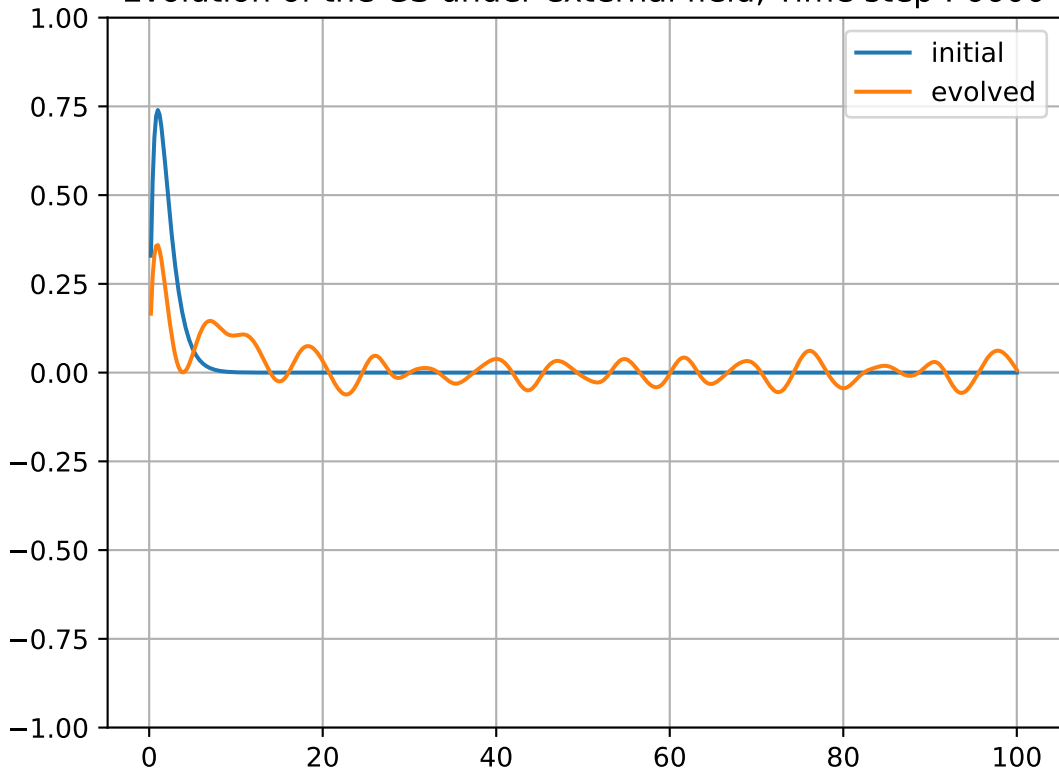

Evolution of the GS under external field, Time step : 6575

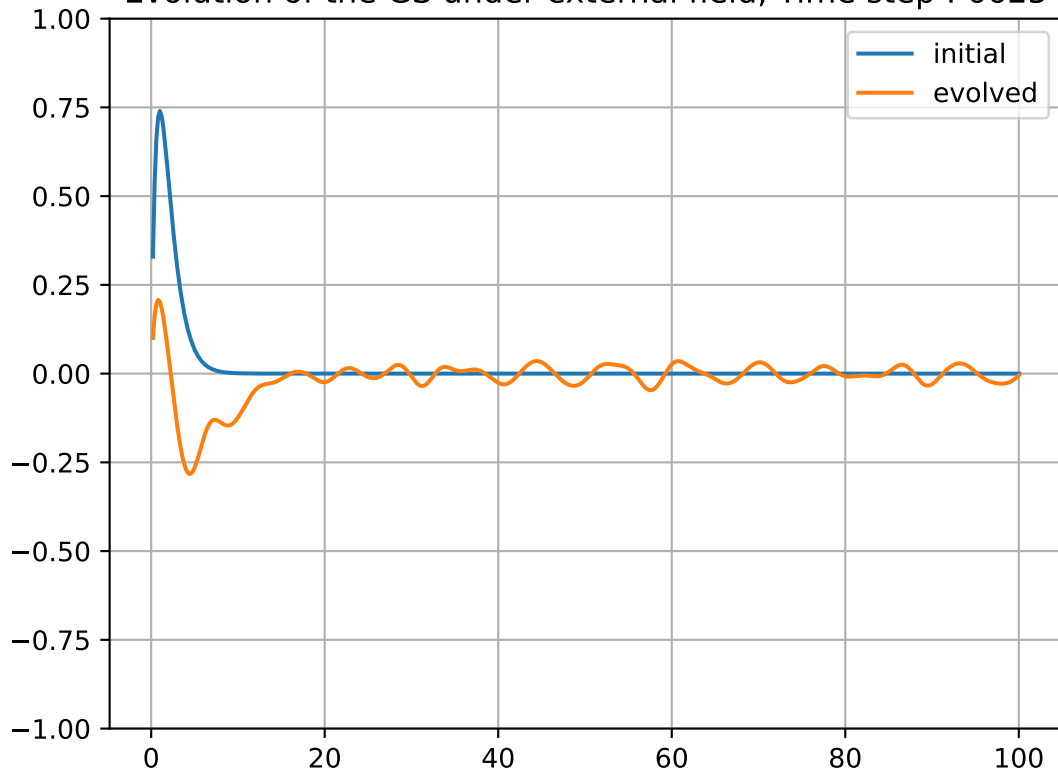

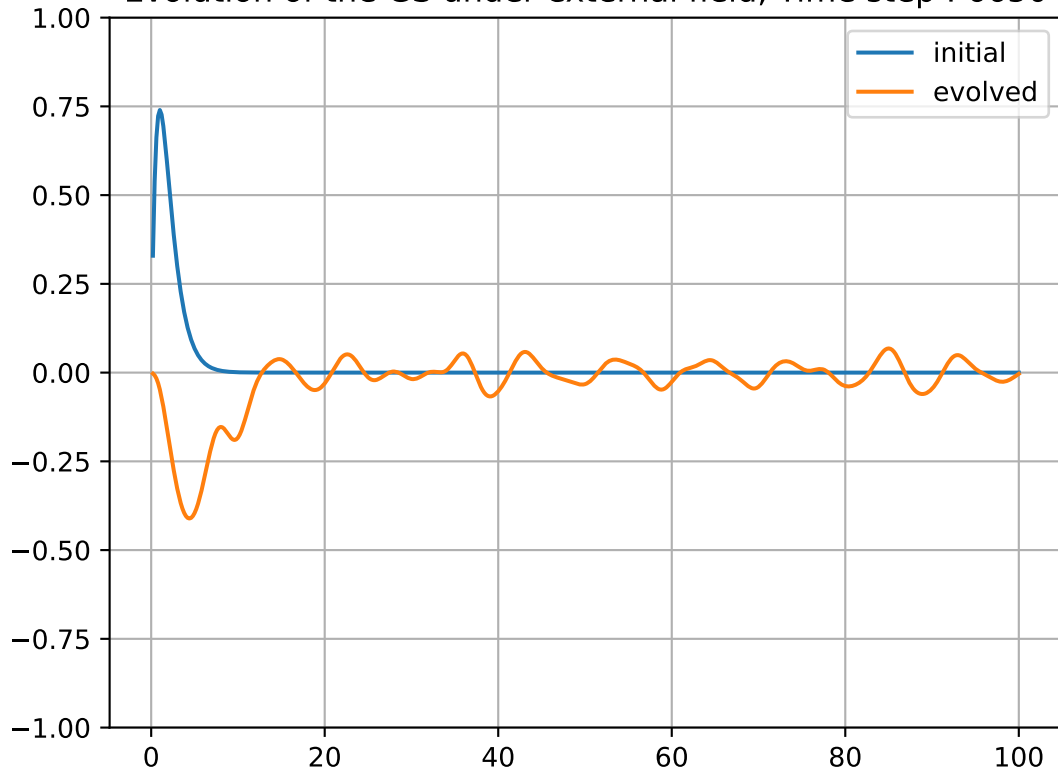

Evolution of the GS under external field, Time step : 6600

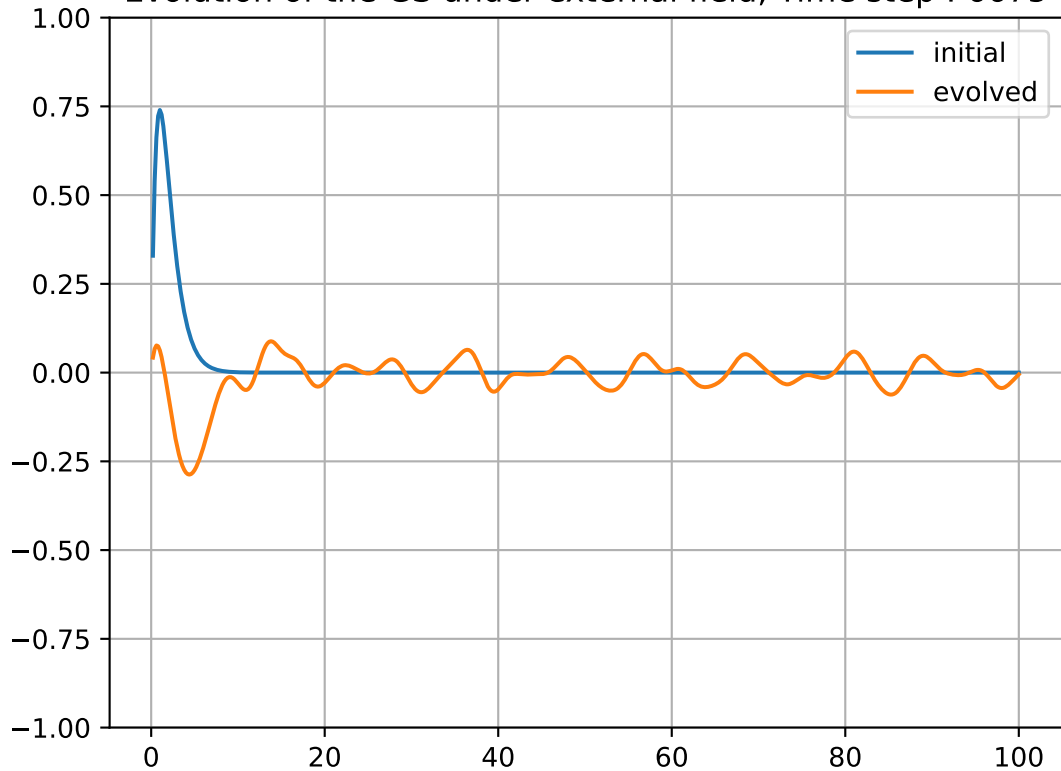

Evolution of the GS under external field, Time step : 6625

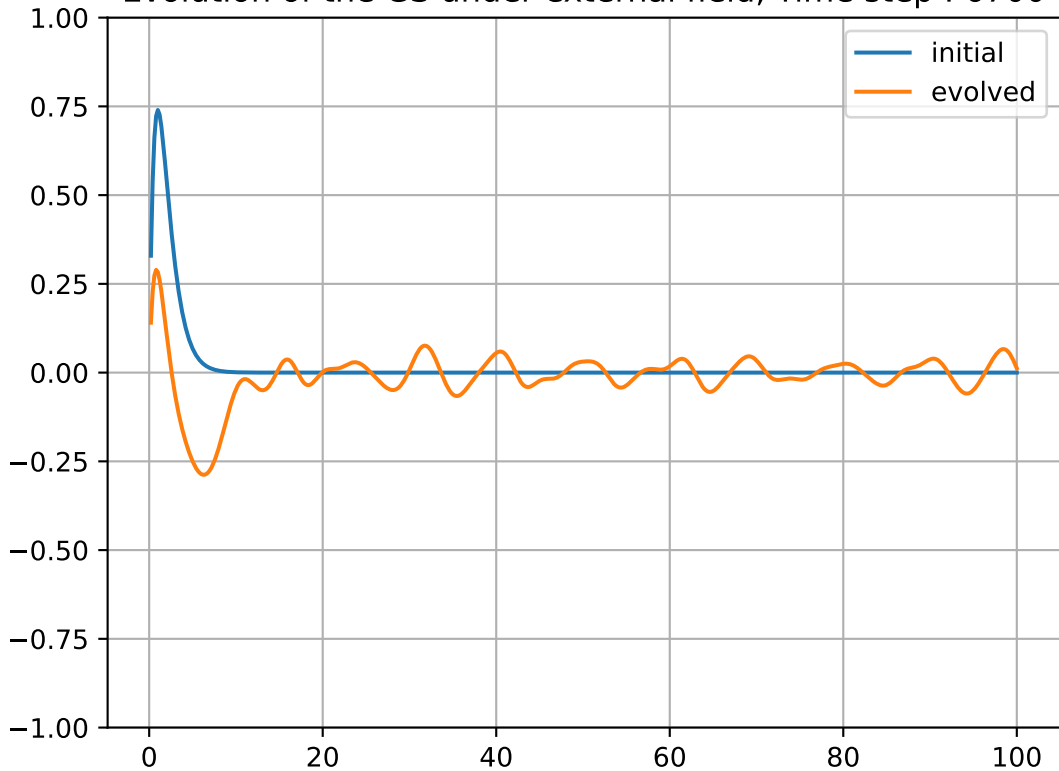

Evolution of the GS under external field, Time step : 6650

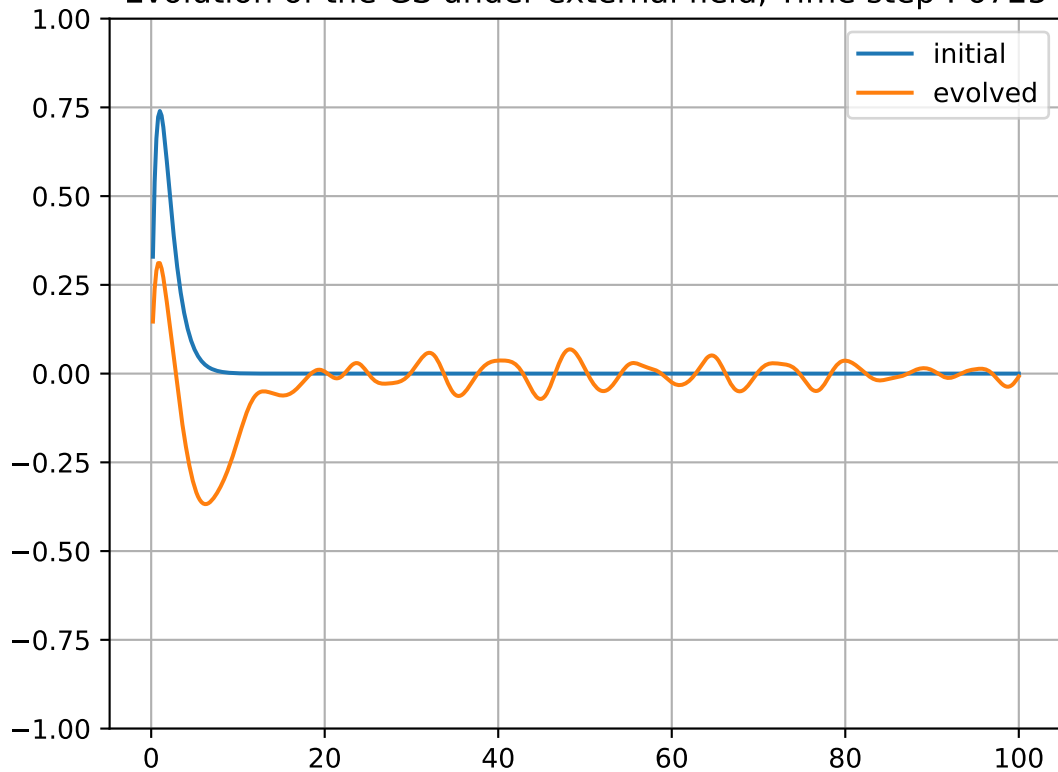

Evolution of the GS under external field, Time step : 6675

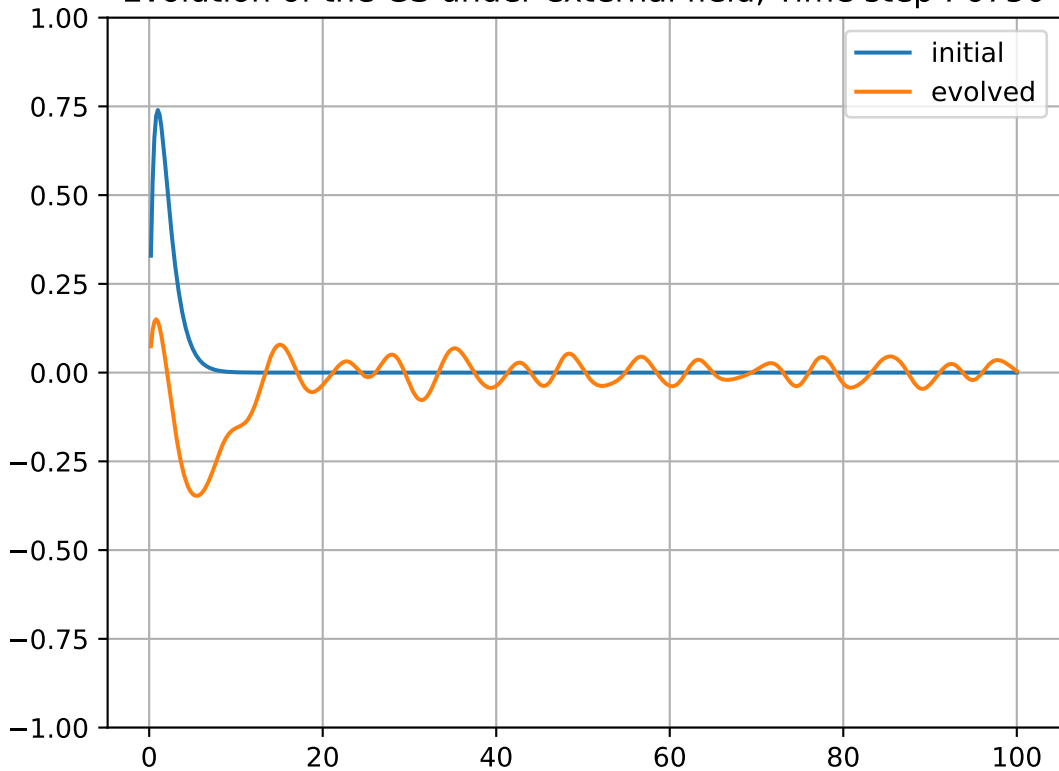

Evolution of the GS under external field, Time step : 6700

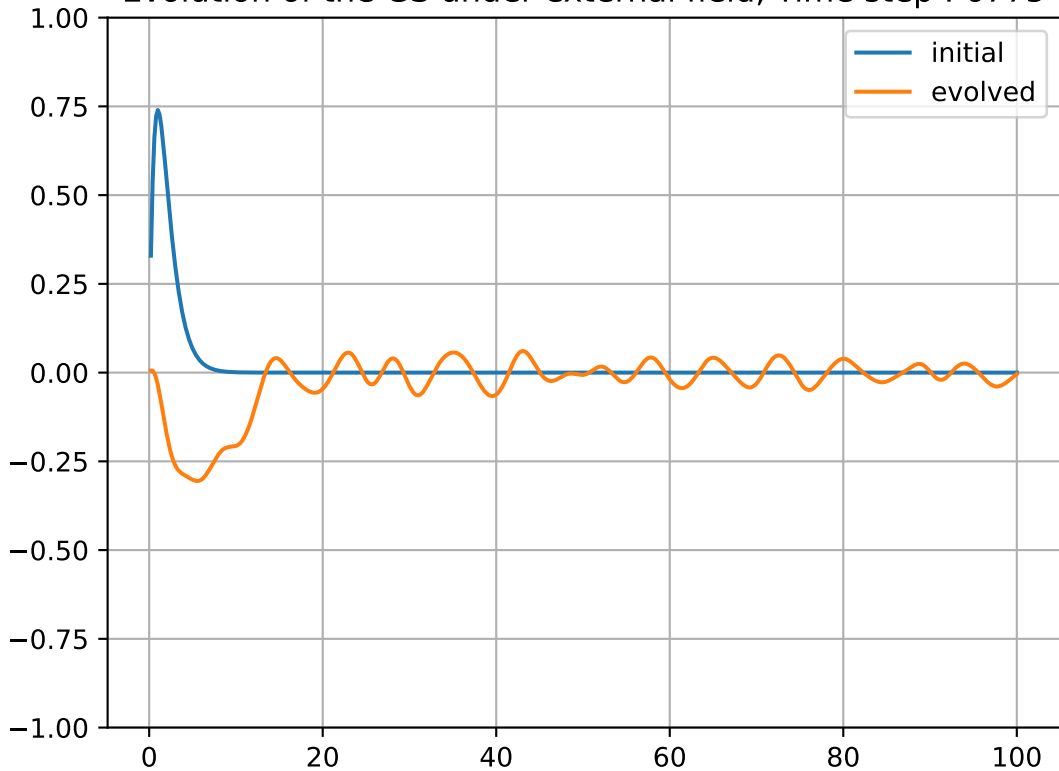

Evolution of the GS under external field, Time step : 6725

Evolution of the GS under external field, Time step : 6750

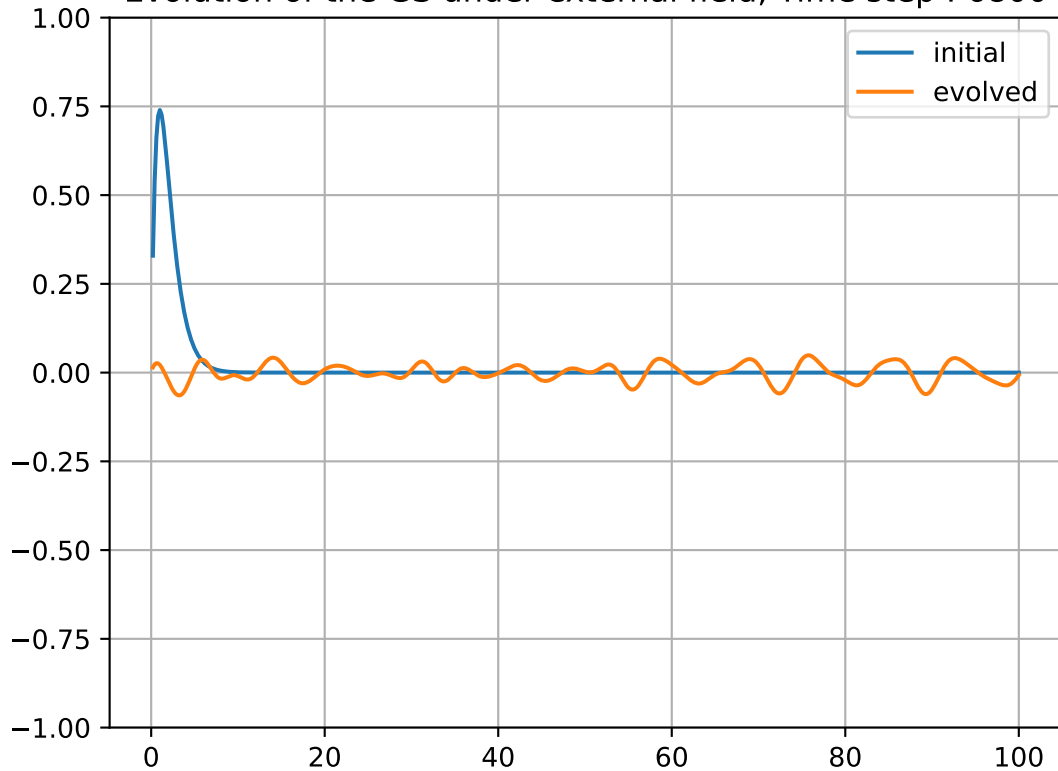

Evolution of the GS under external field, Time step : 6775

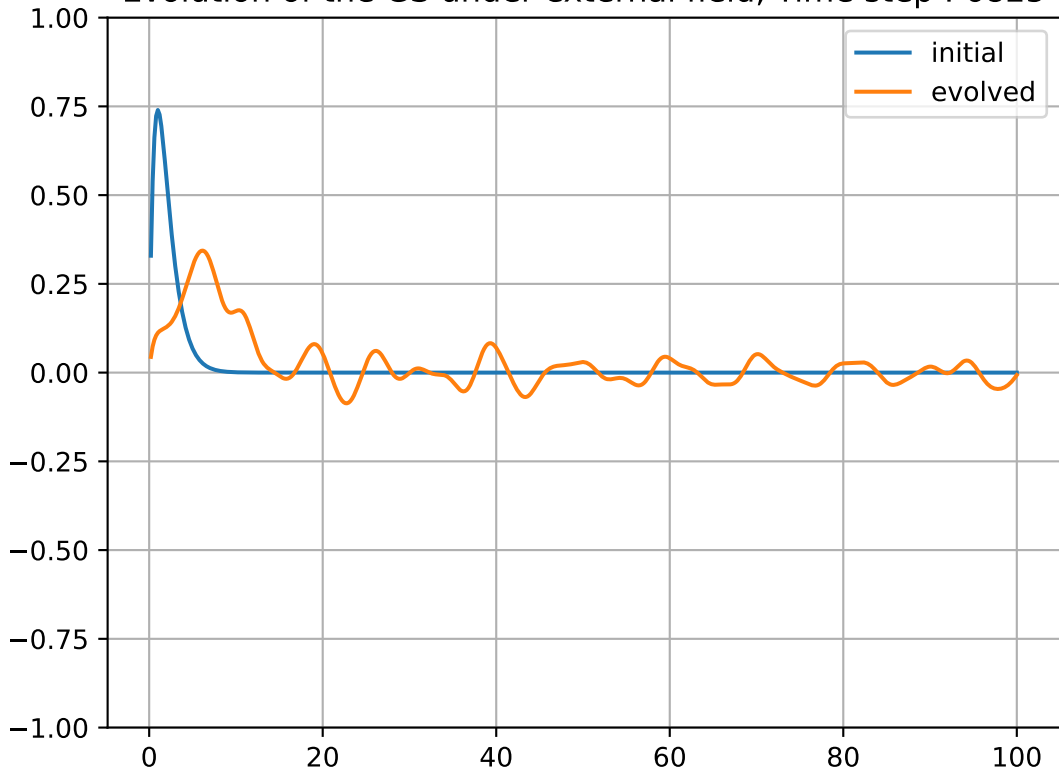

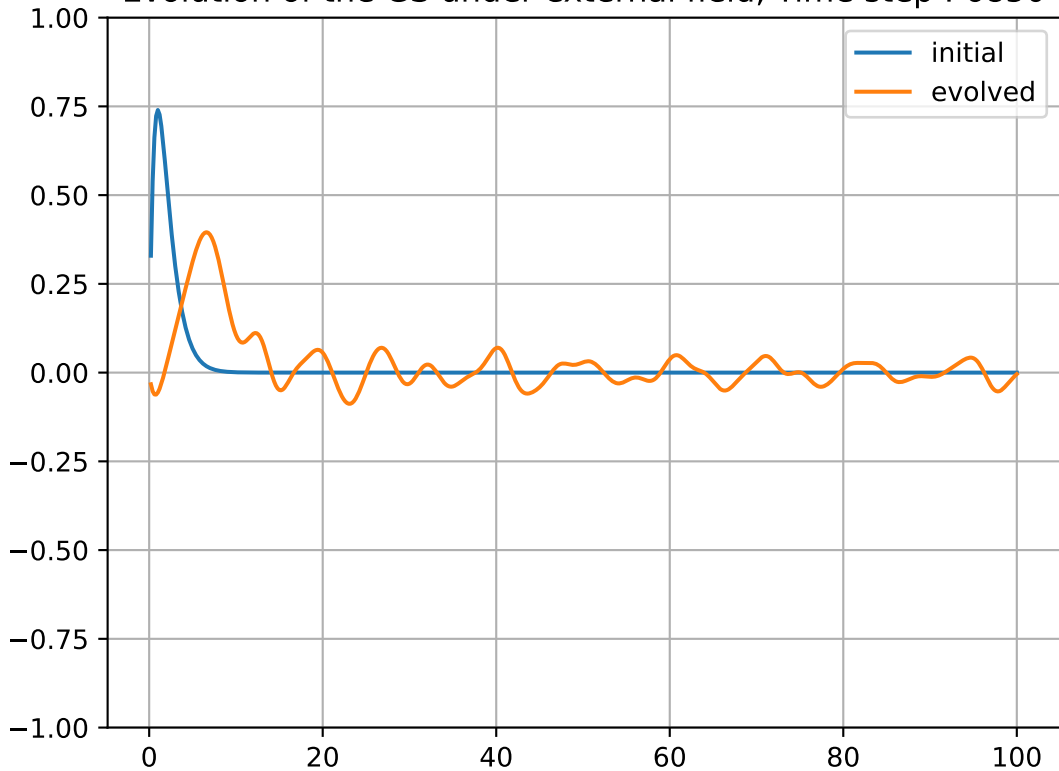

Evolution of the GS under external field, Time step : 6800

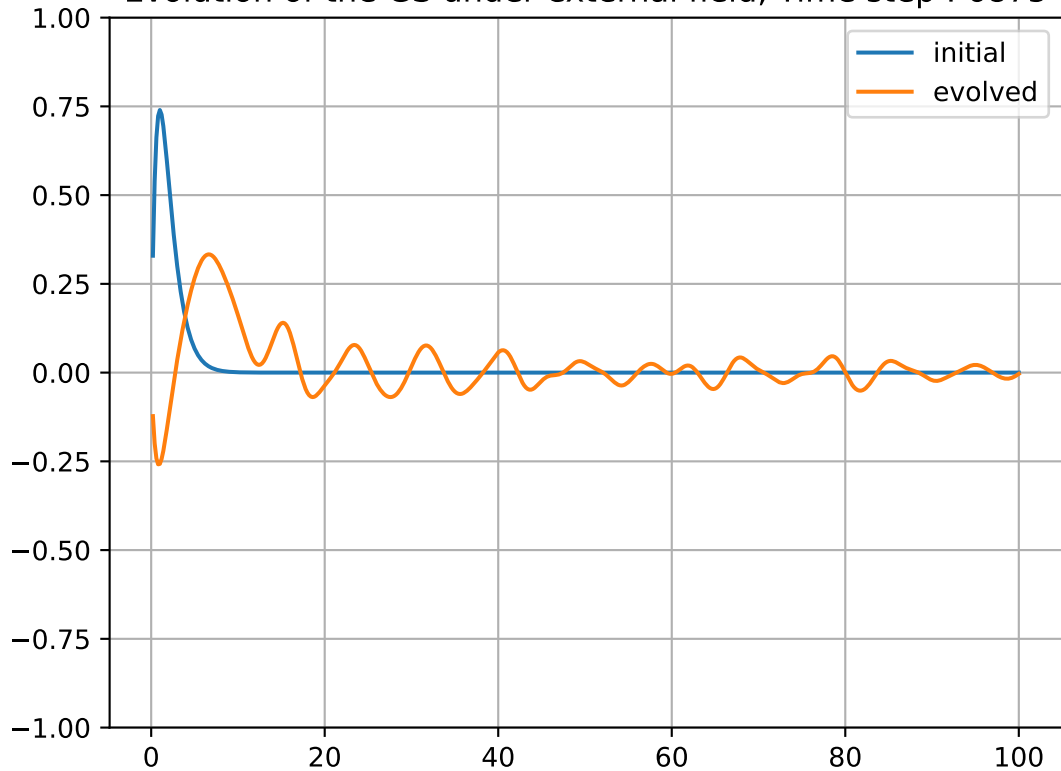

Evolution of the GS under external field, Time step : 6825

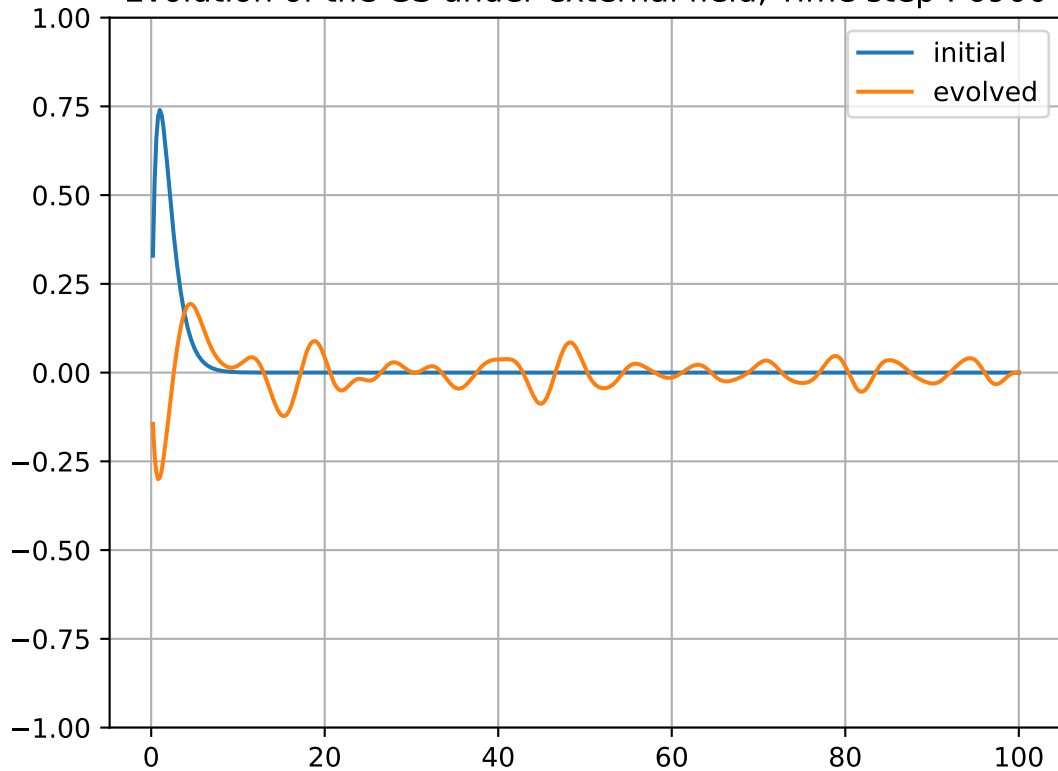

Evolution of the GS under external field, Time step : 6850

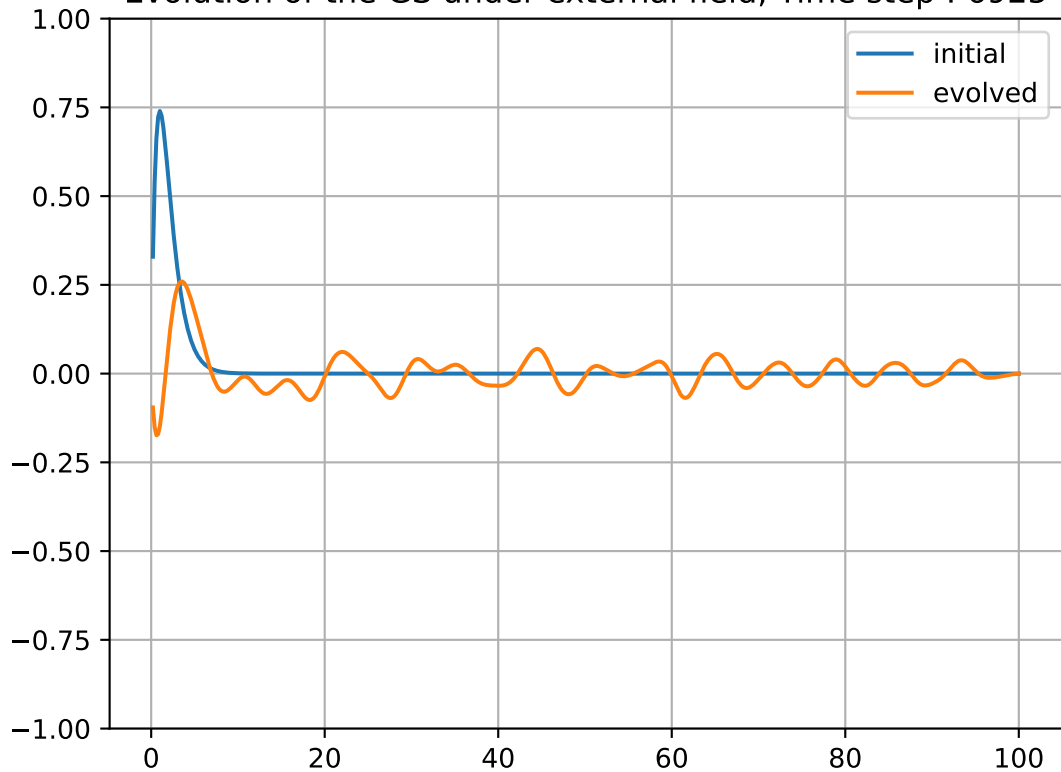

Evolution of the GS under external field, Time step : 6875

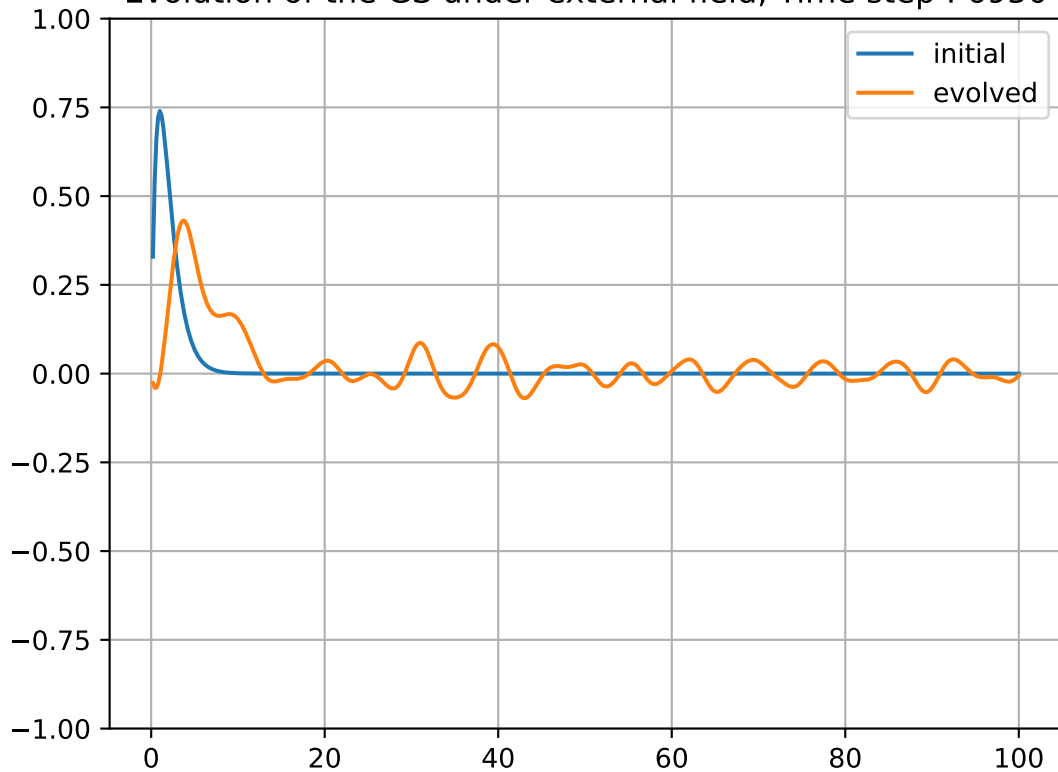

Evolution of the GS under external field, Time step : 6900

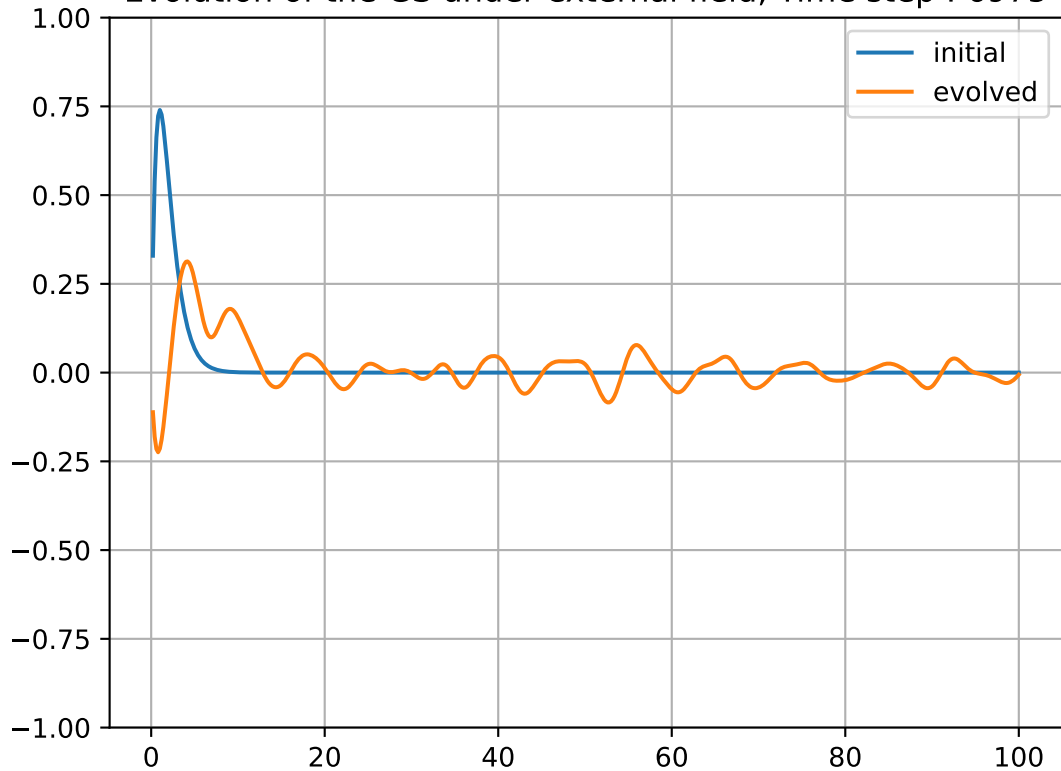

Evolution of the GS under external field, Time step : 6925

Evolution of the GS under external field, Time step : 6950

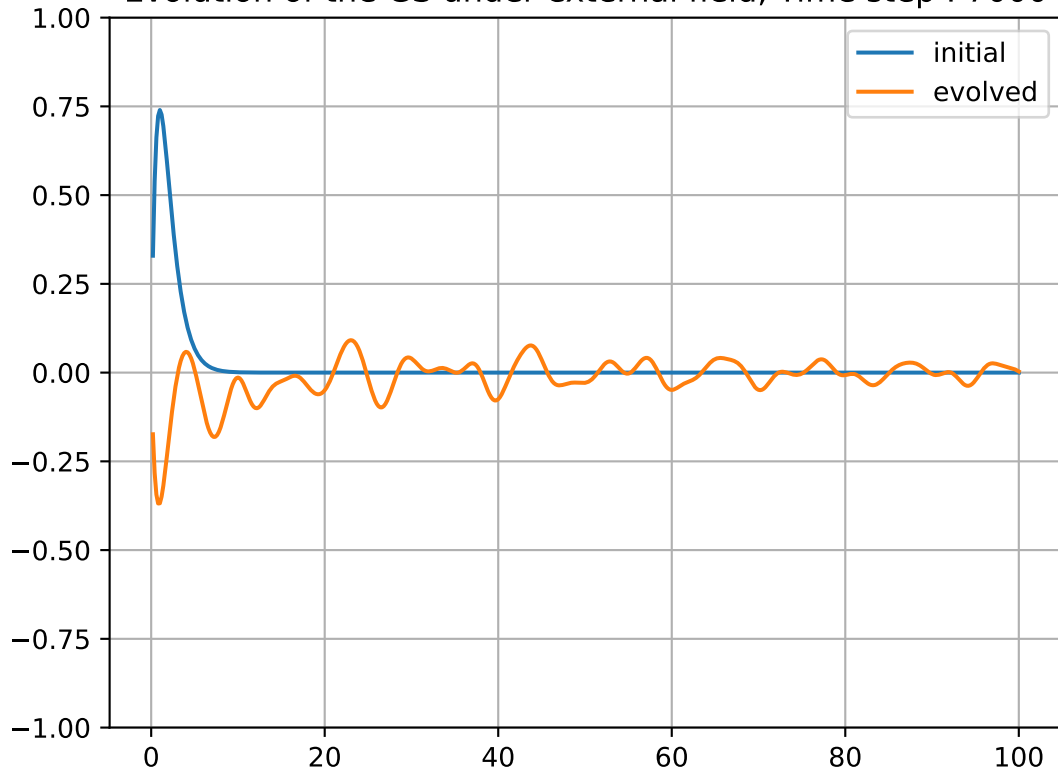

Evolution of the GS under external field, Time step : 6975

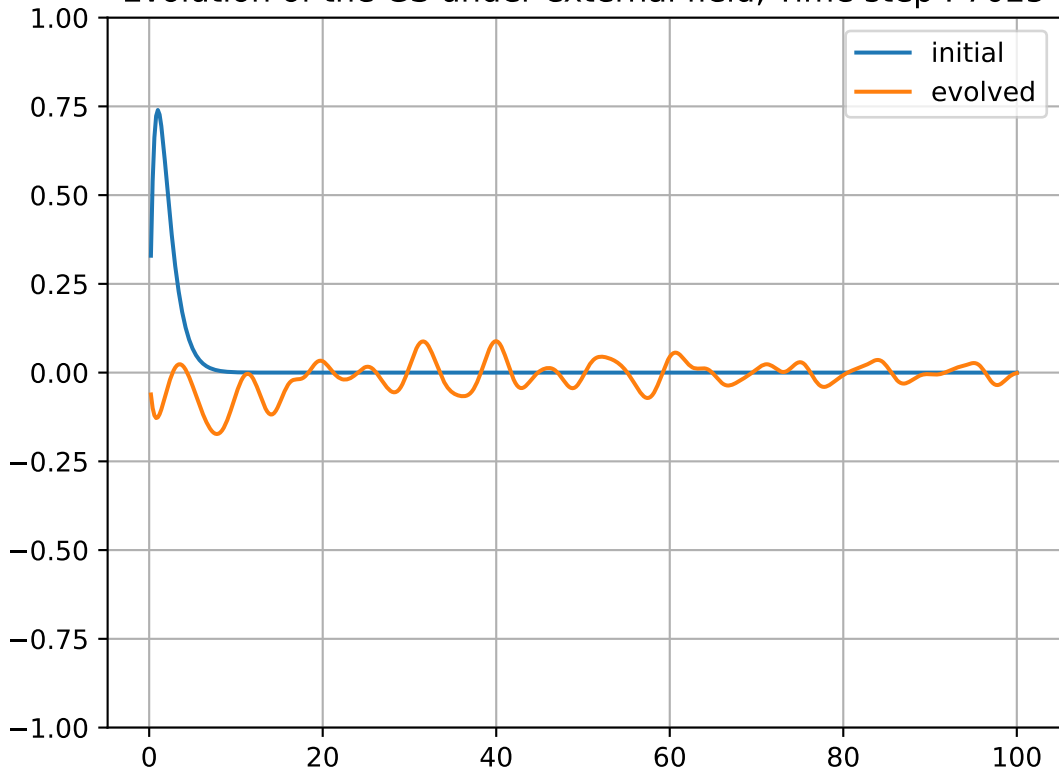

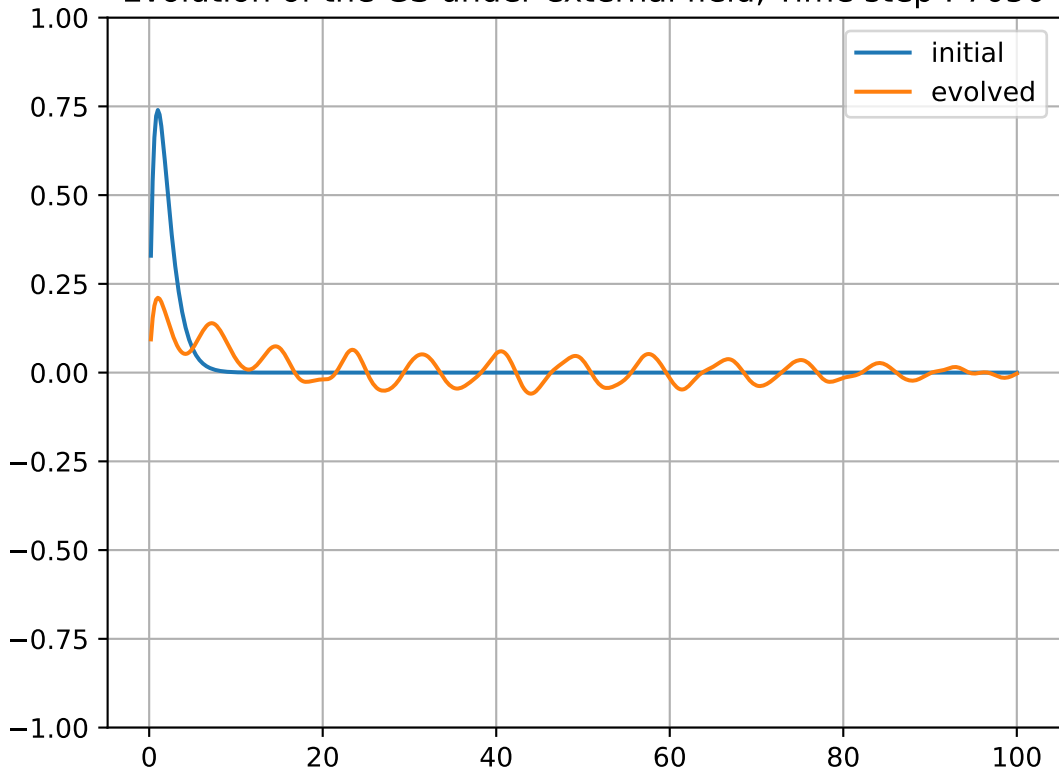

Evolution of the GS under external field, Time step : 7000

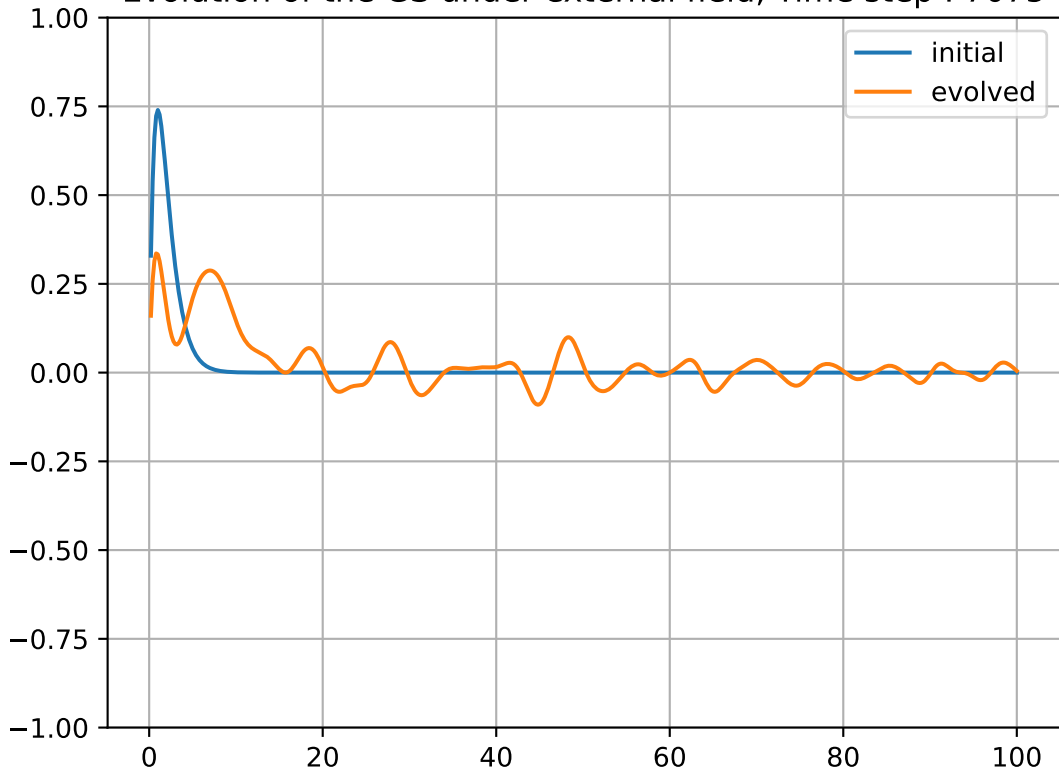

Evolution of the GS under external field, Time step : 7025

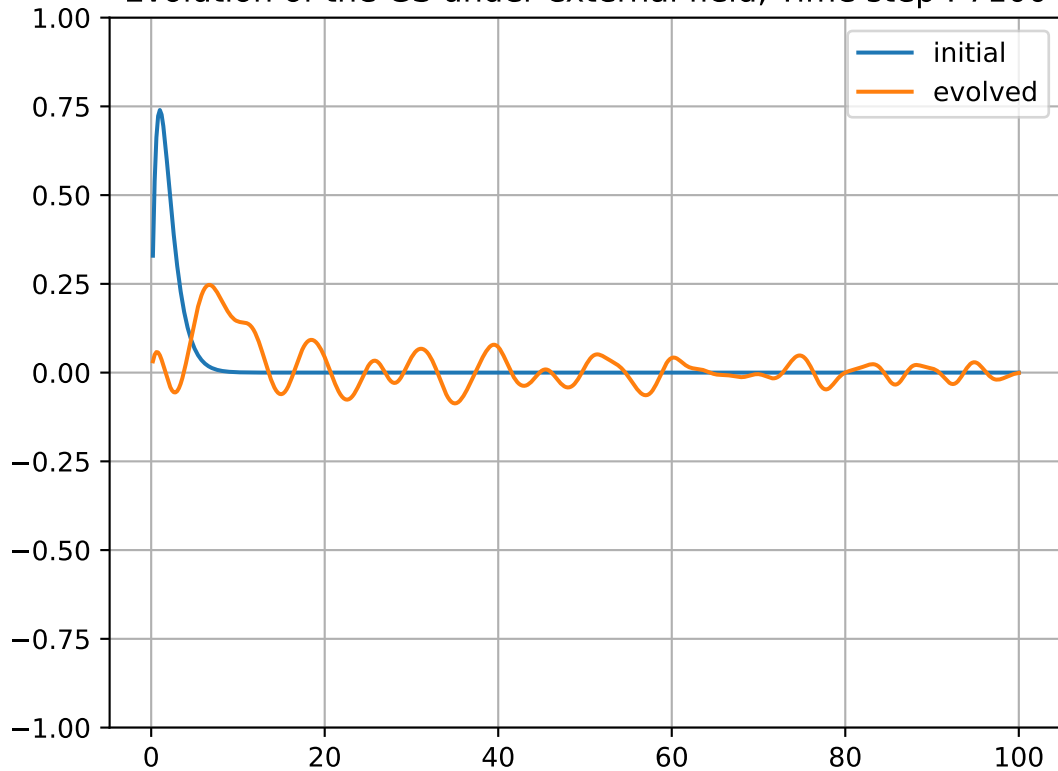

Evolution of the GS under external field, Time step : 7050

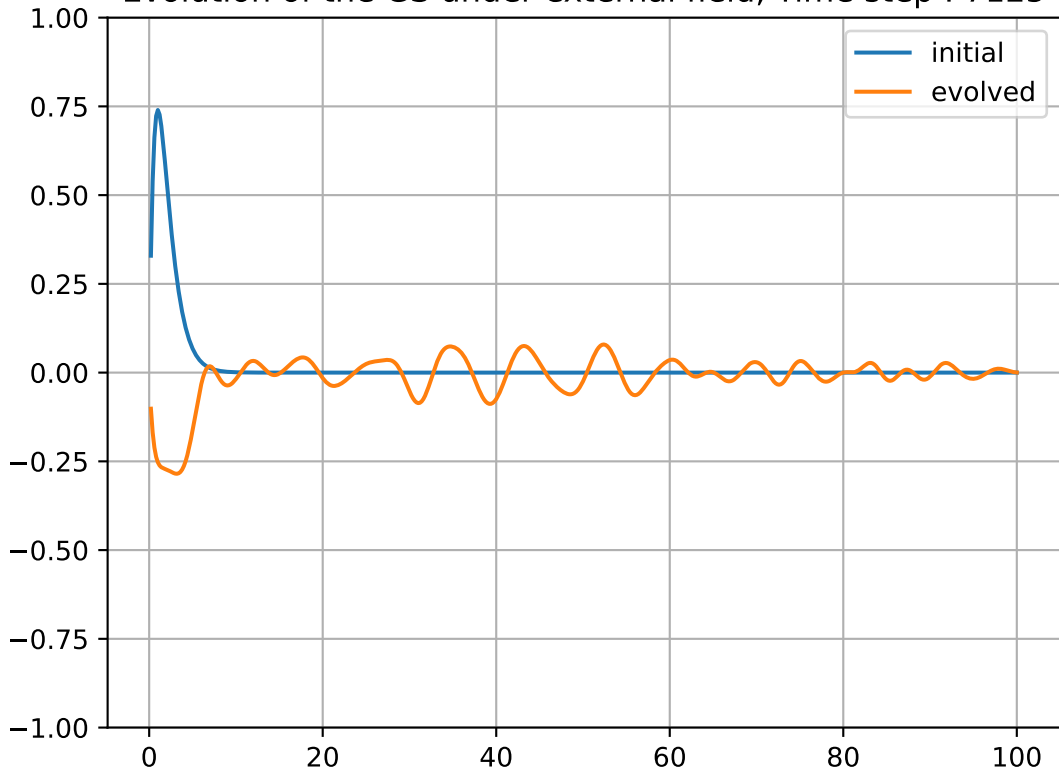

Evolution of the GS under external field, Time step : 7075

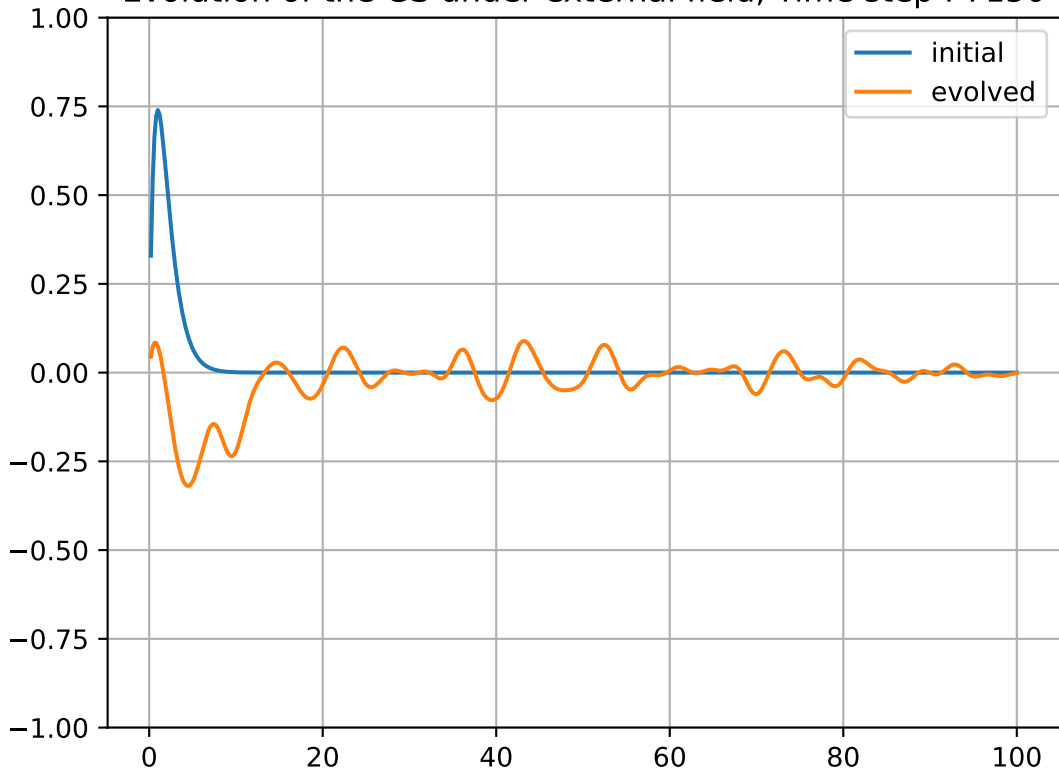

Evolution of the GS under external field, Time step : 7100

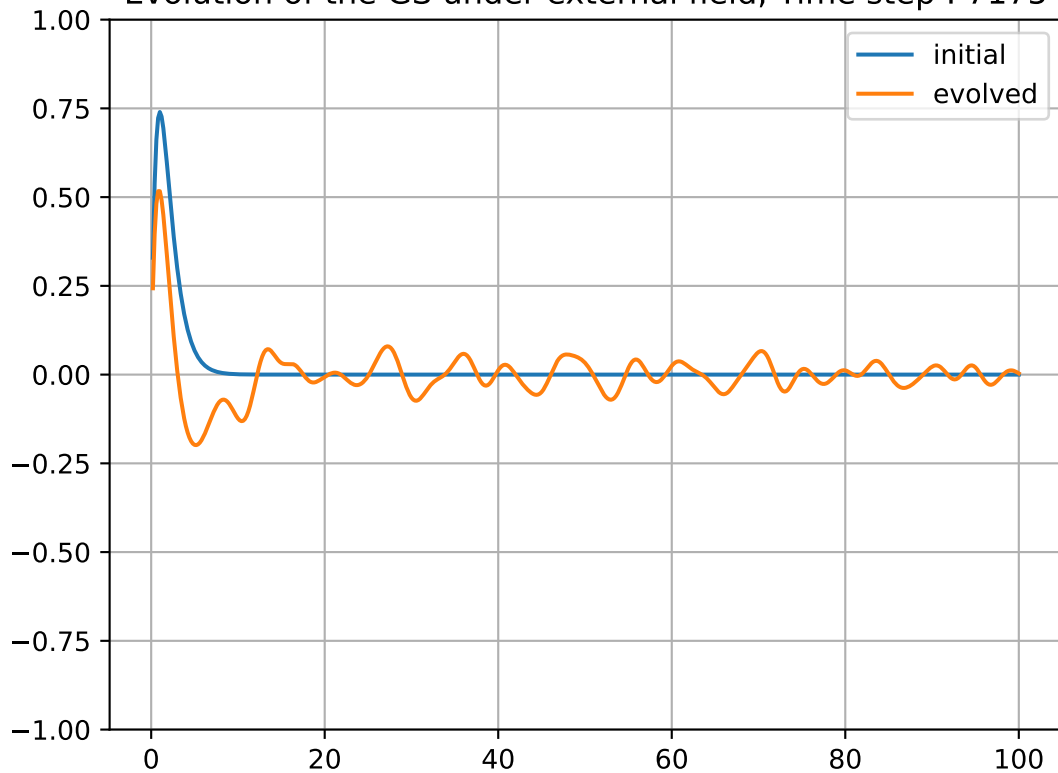

Evolution of the GS under external field, Time step : 7125

Evolution of the GS under external field, Time step : 7150

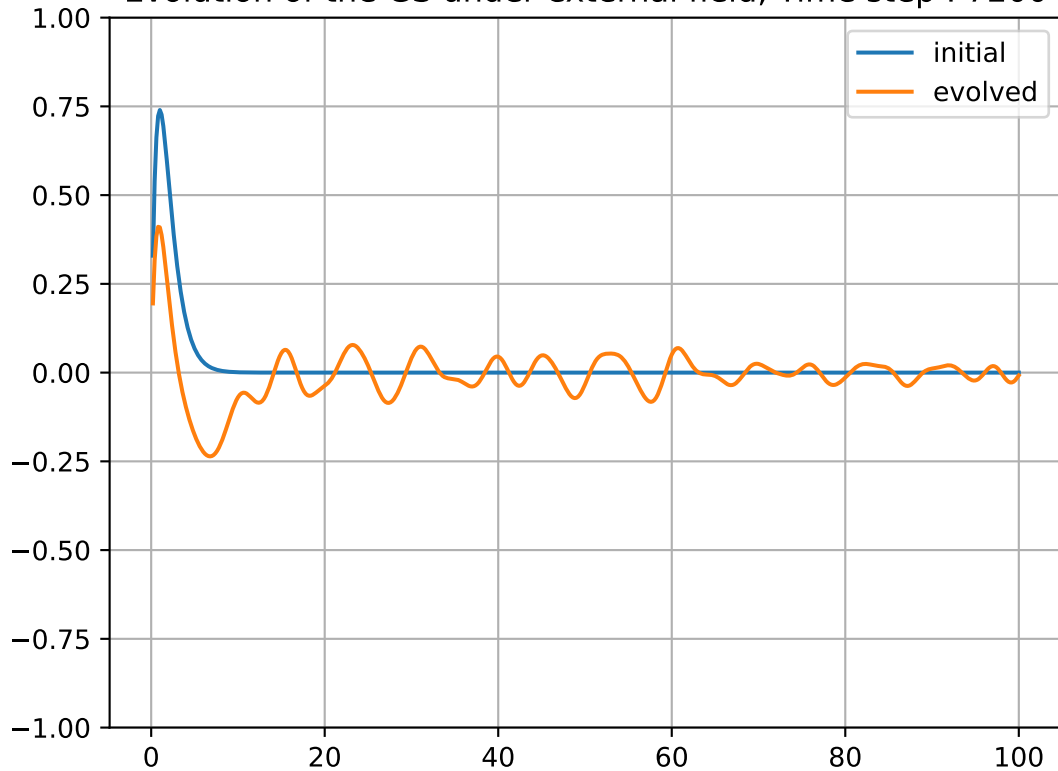

Evolution of the GS under external field, Time step : 7175

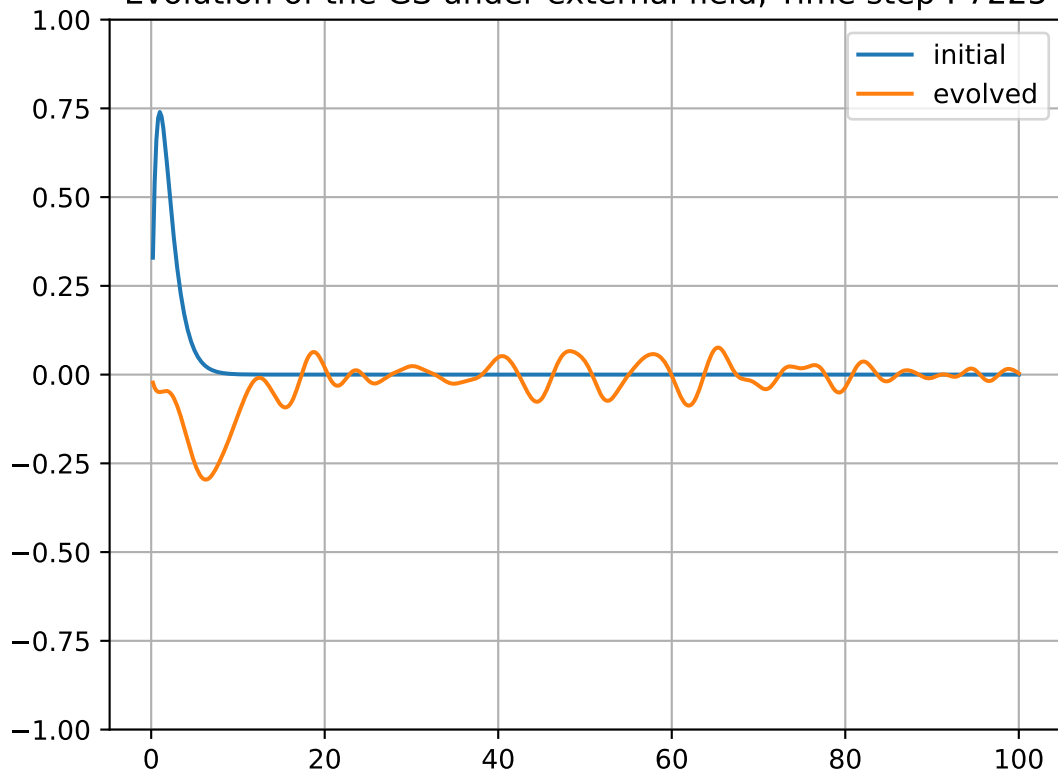

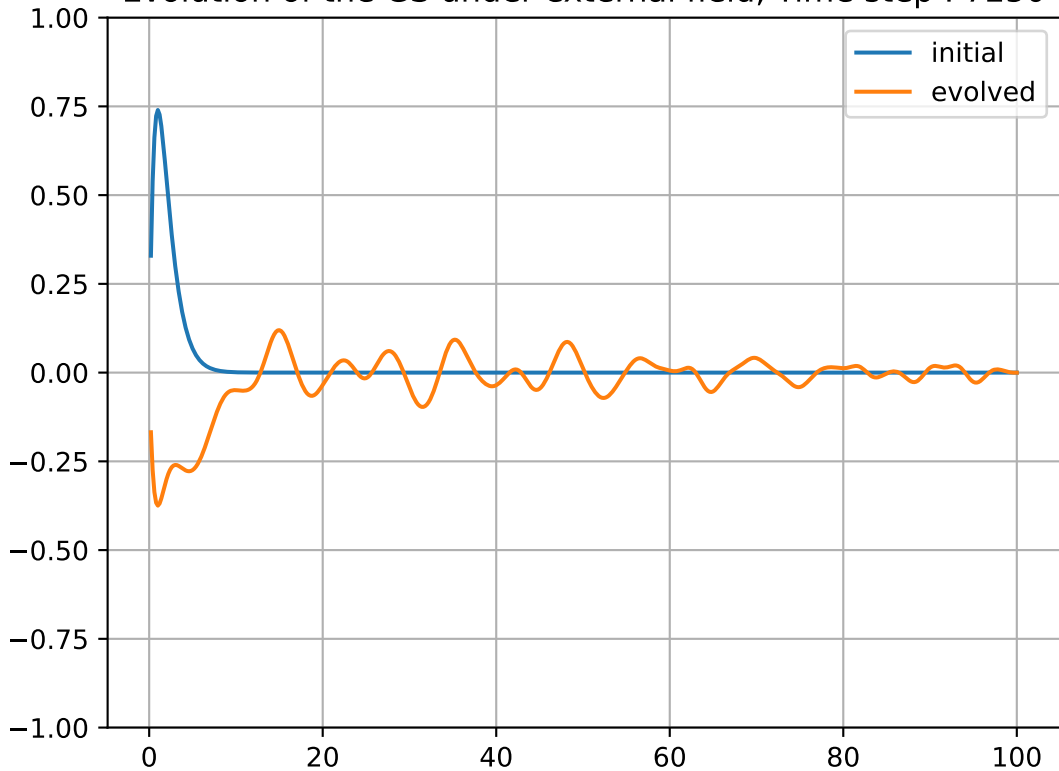

Evolution of the GS under external field, Time step : 7200

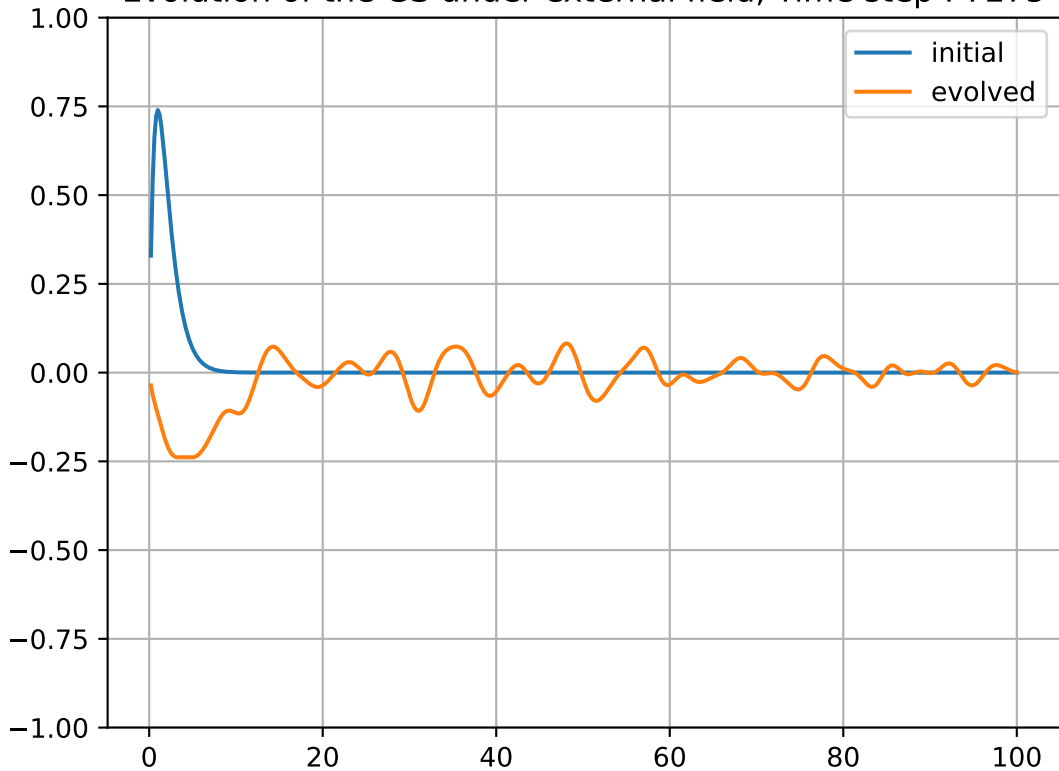

Evolution of the GS under external field, Time step : 7225

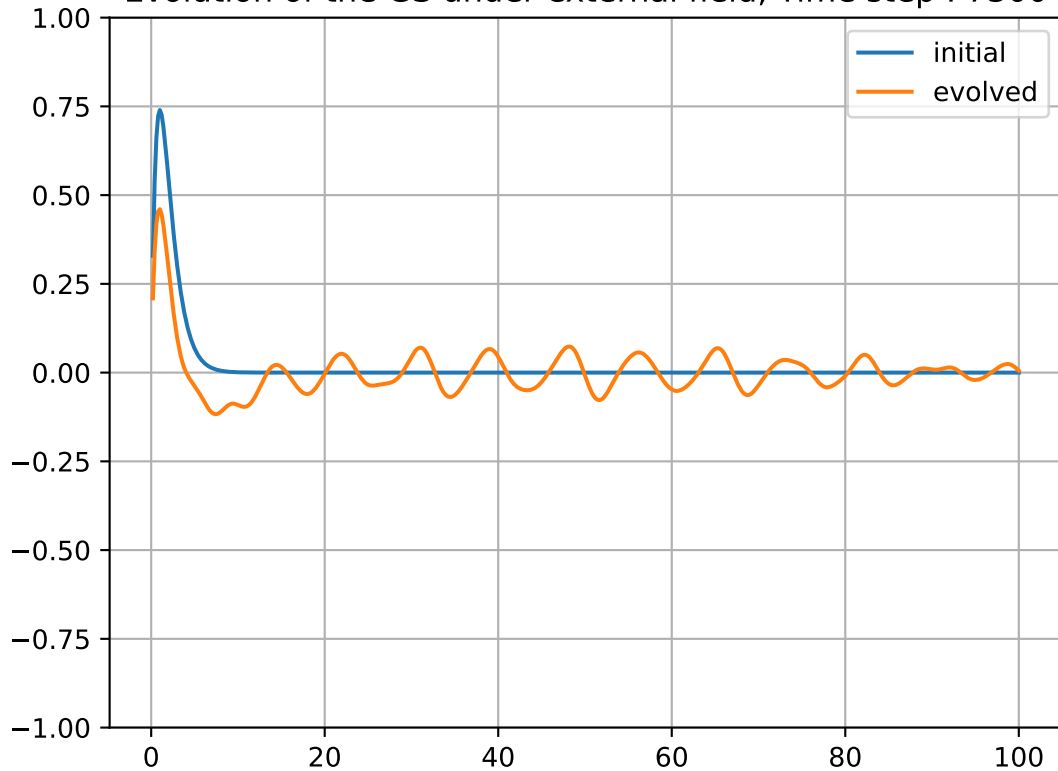

Evolution of the GS under external field, Time step : 7250

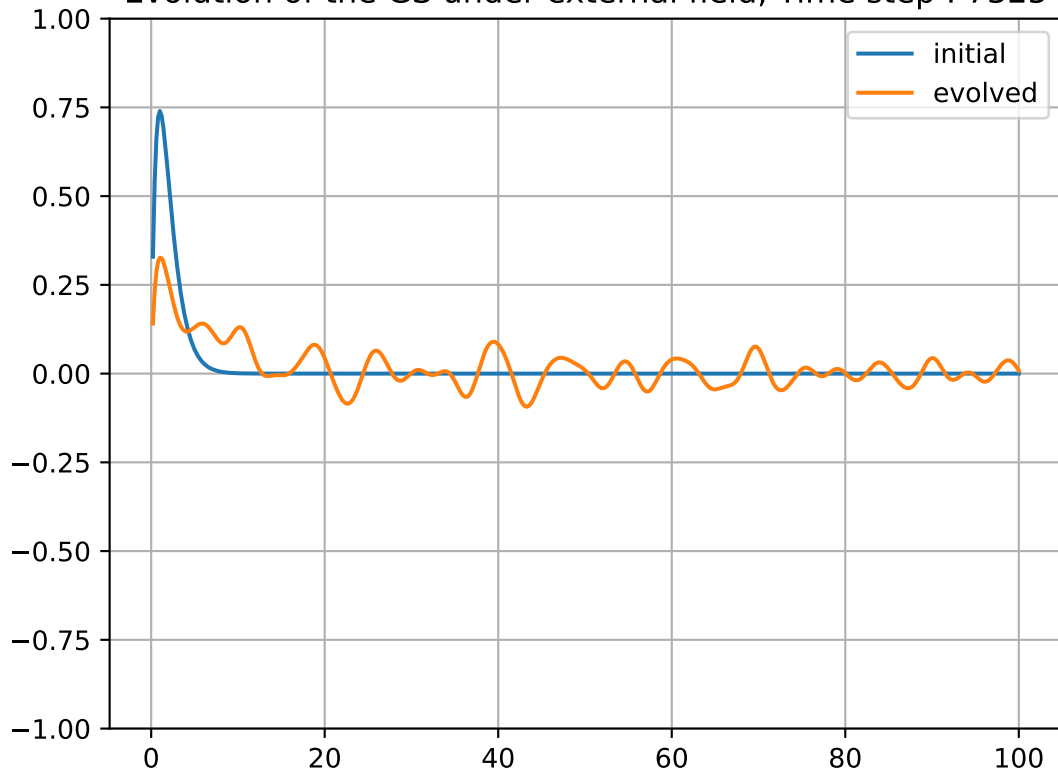

Evolution of the GS under external field, Time step : 7275

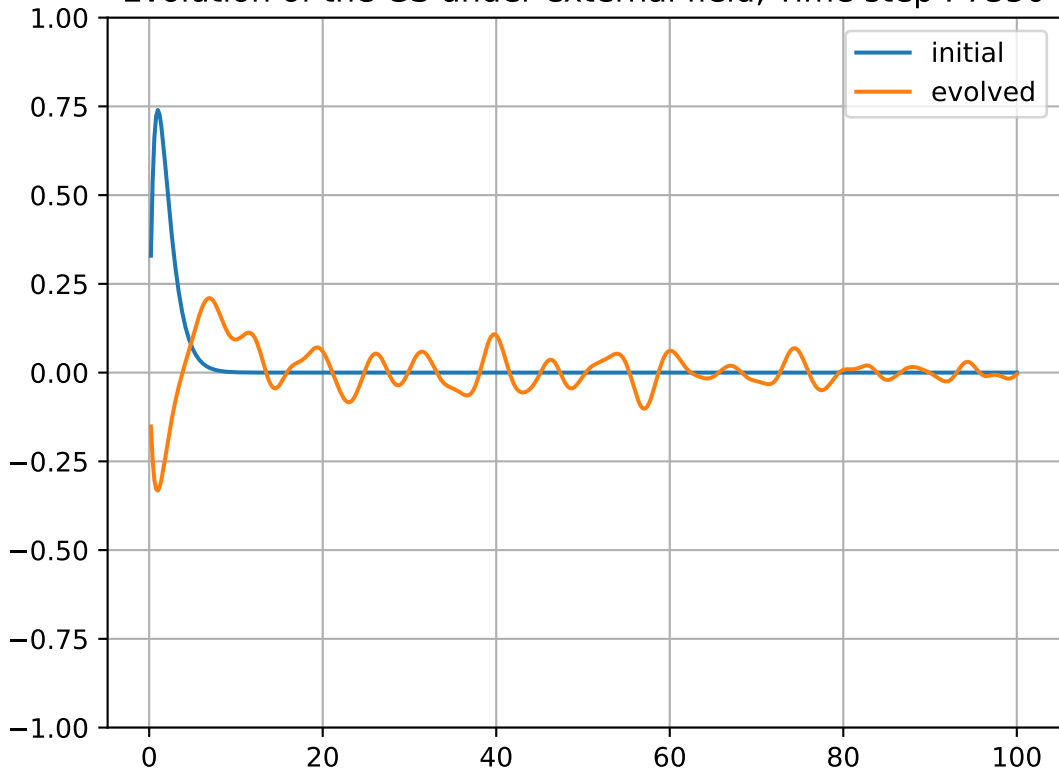

Evolution of the GS under external field, Time step : 7300

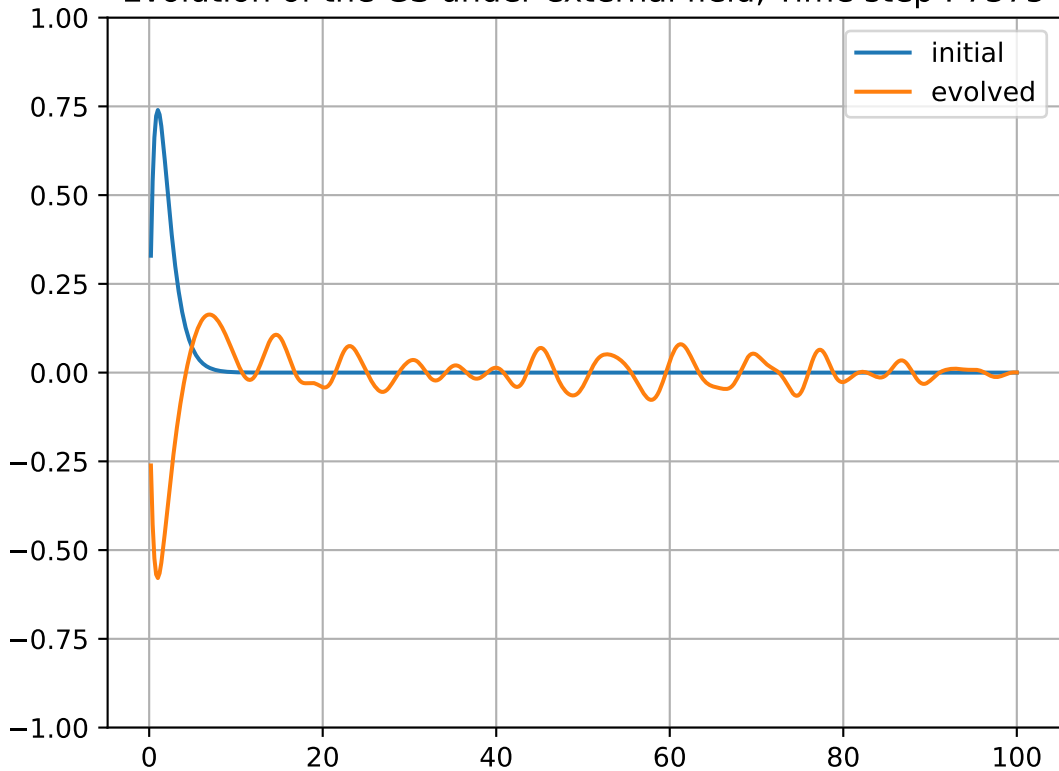

Evolution of the GS under external field, Time step : 7325

Evolution of the GS under external field, Time step : 7350

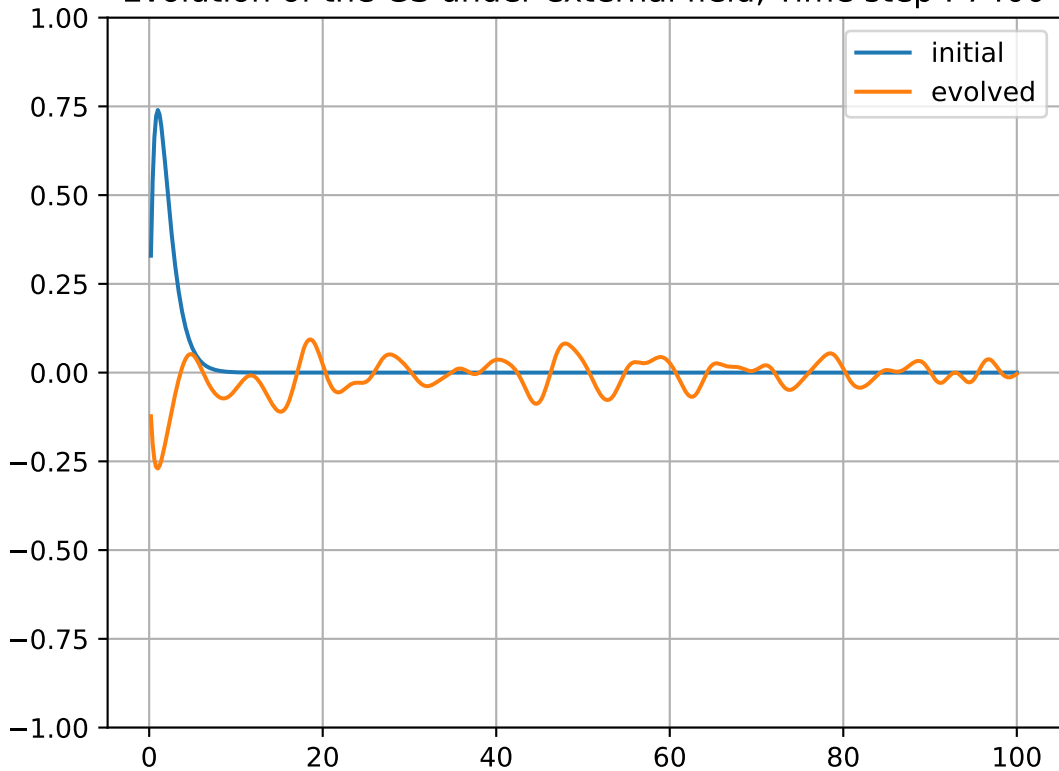

Evolution of the GS under external field, Time step : 7375

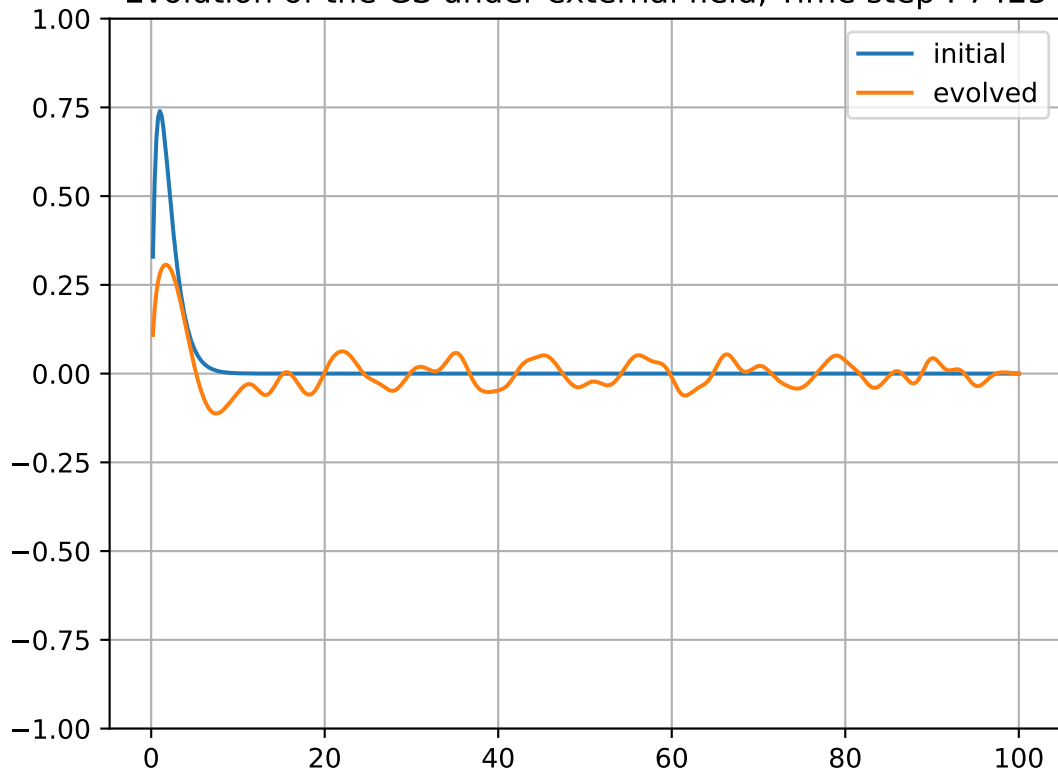

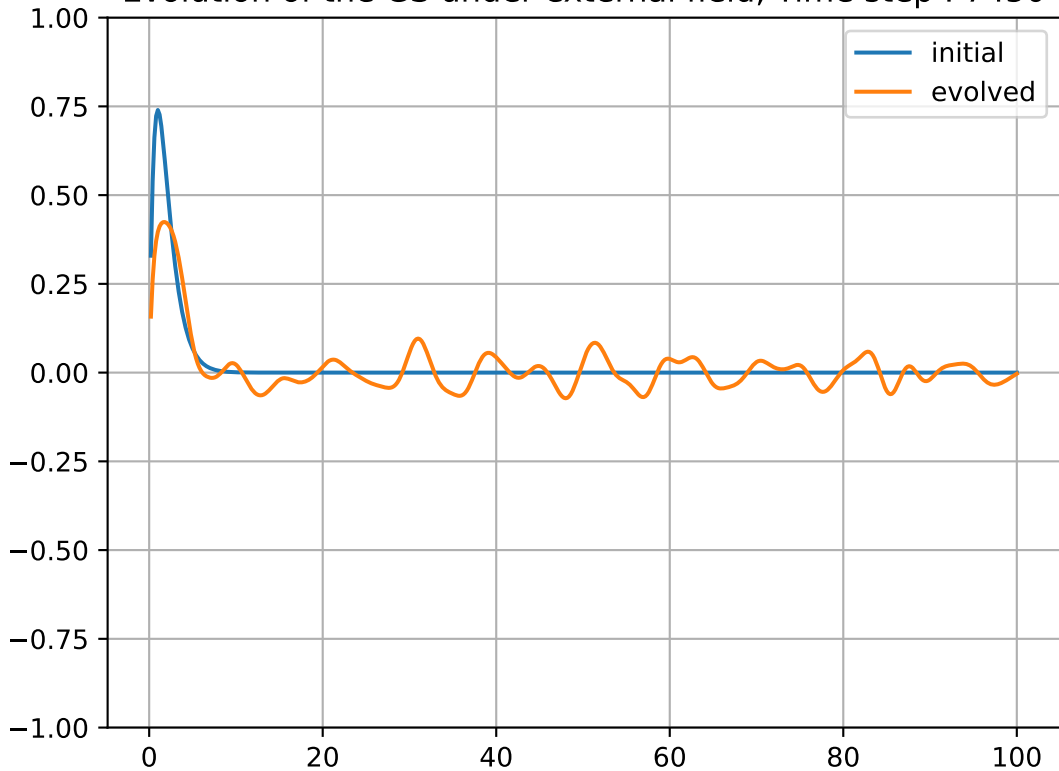

Evolution of the GS under external field, Time step : 7400

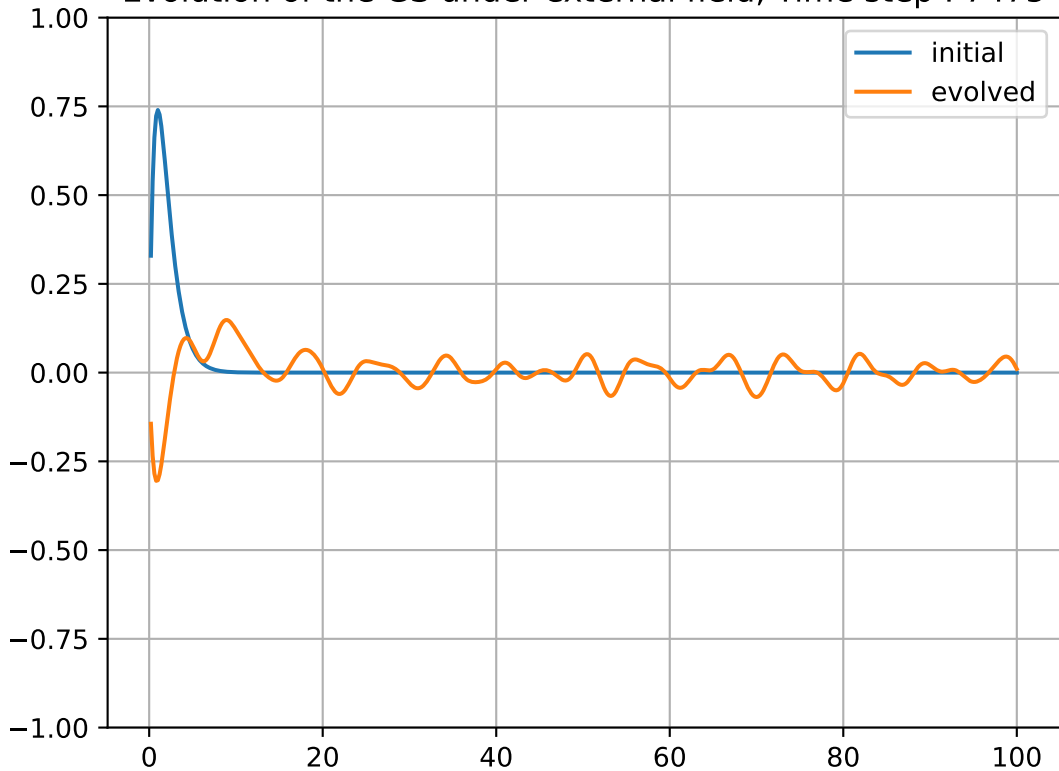

Evolution of the GS under external field, Time step : 7425

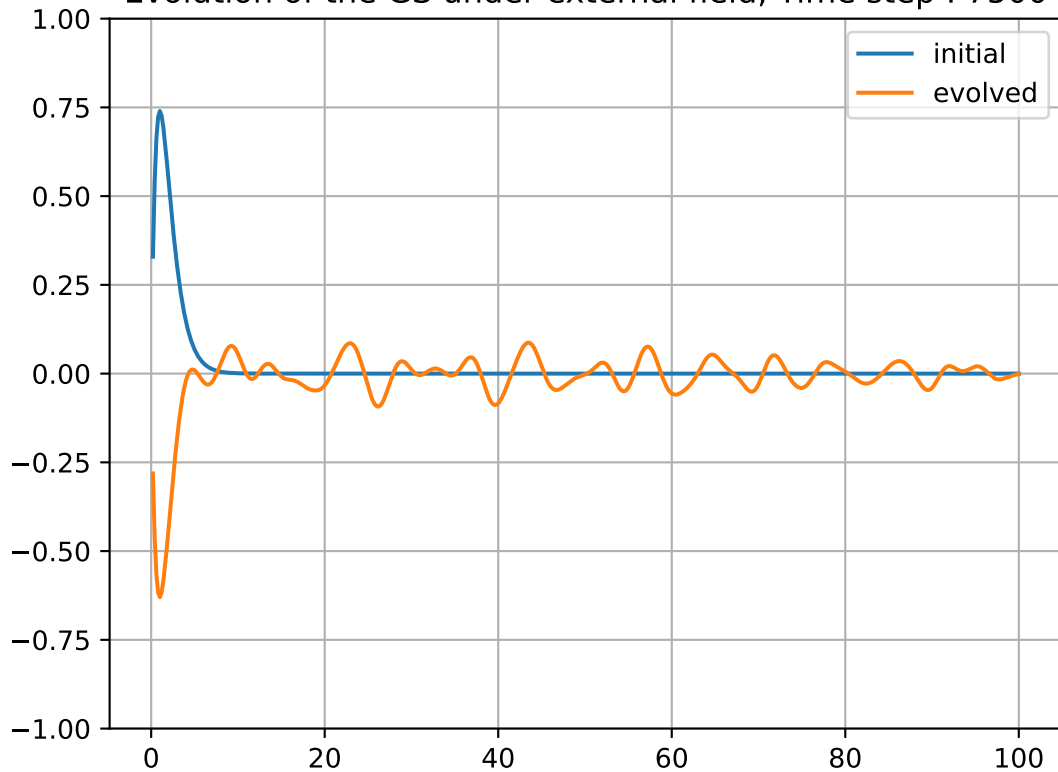

Evolution of the GS under external field, Time step : 7450

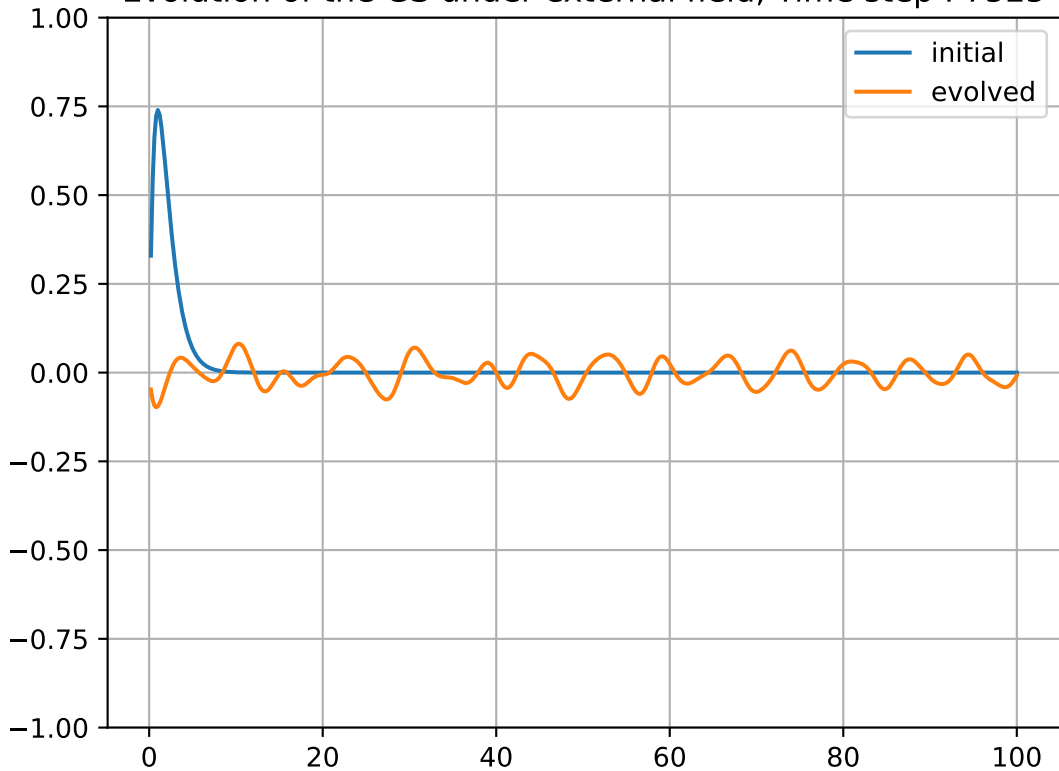

Evolution of the GS under external field, Time step : 7475

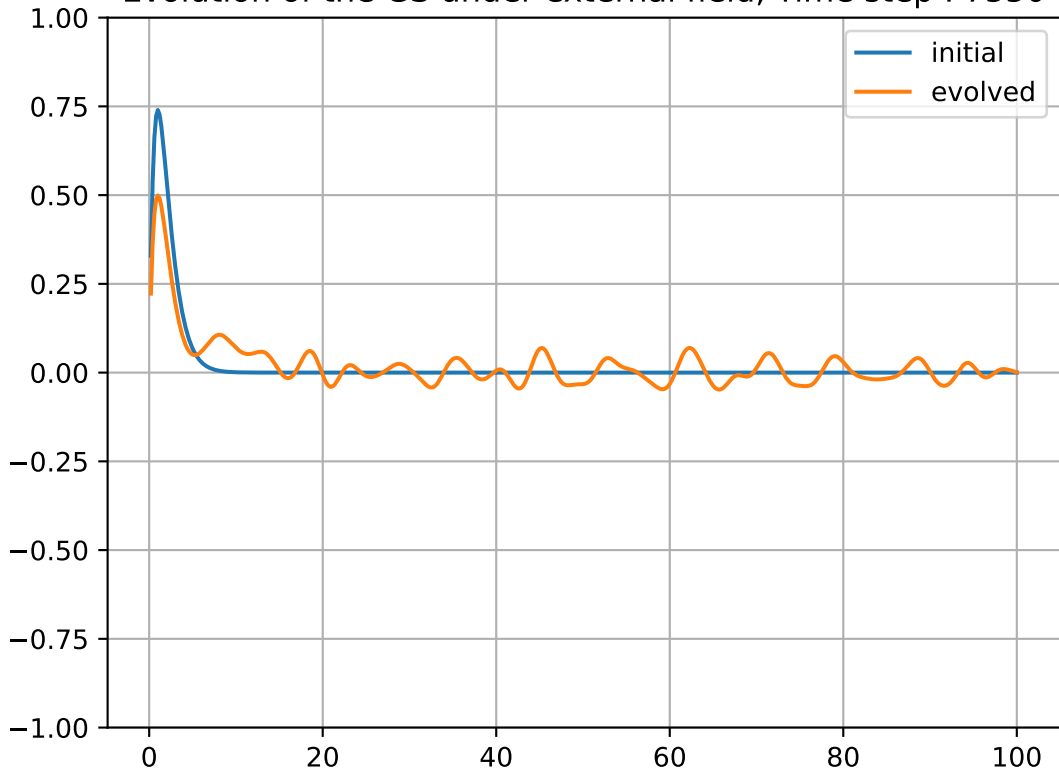

Evolution of the GS under external field, Time step : 7500

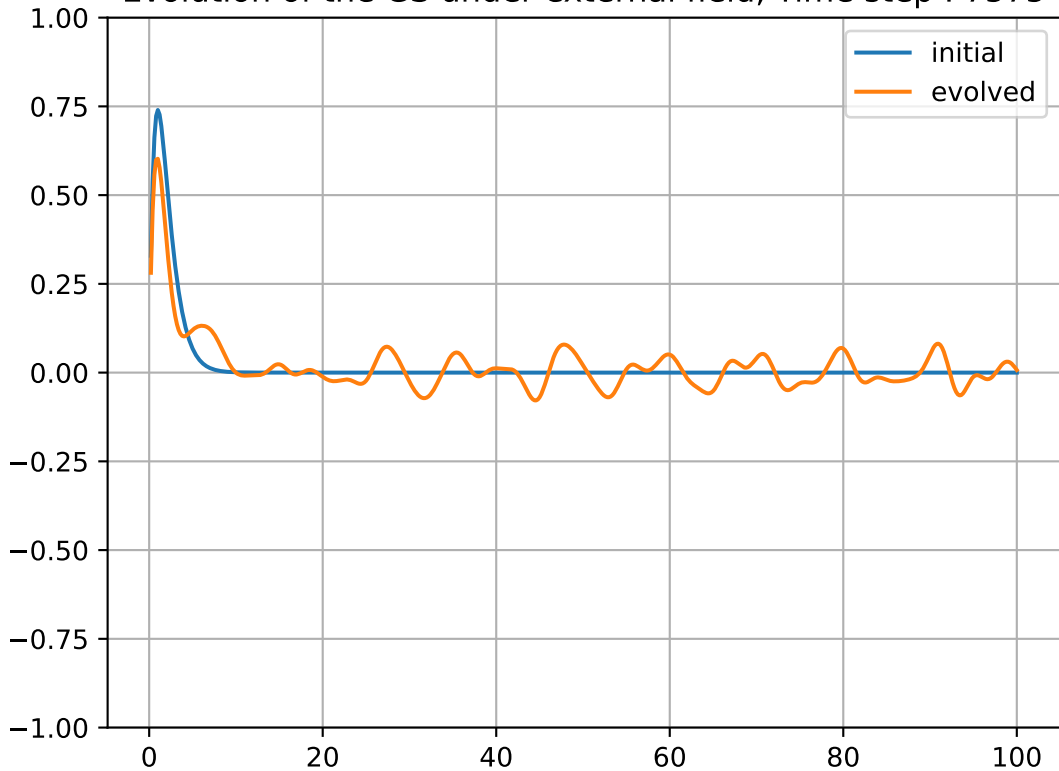

Evolution of the GS under external field, Time step : 7525

Evolution of the GS under external field, Time step : 7550

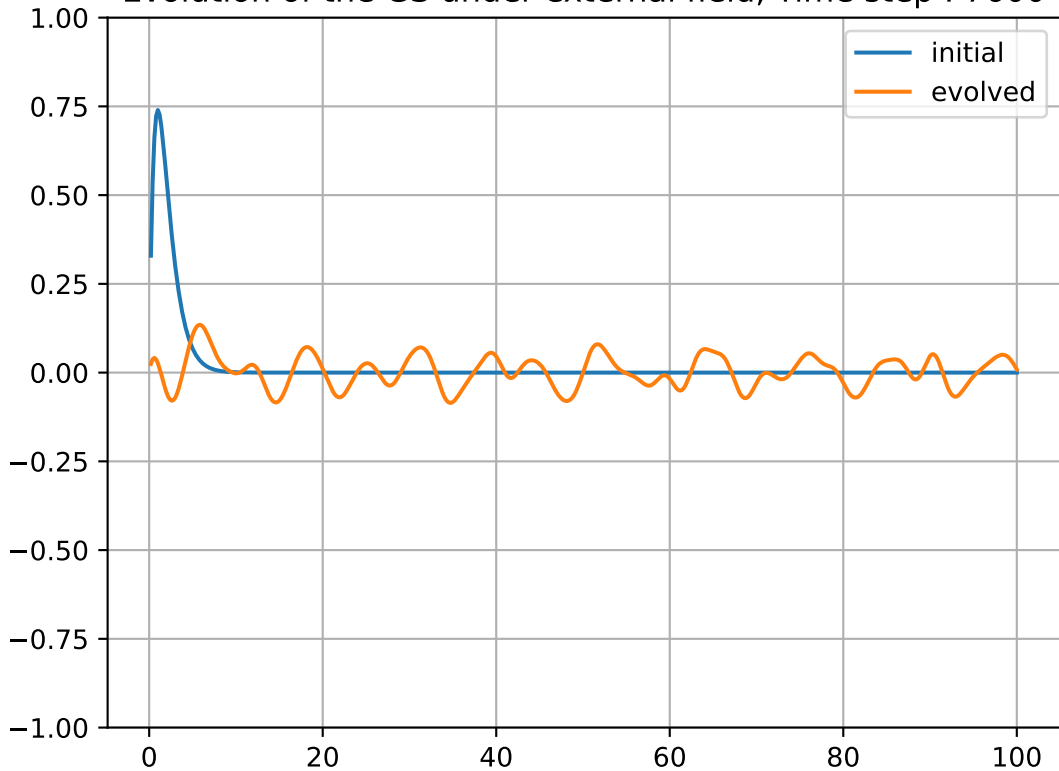

Evolution of the GS under external field, Time step : 7575

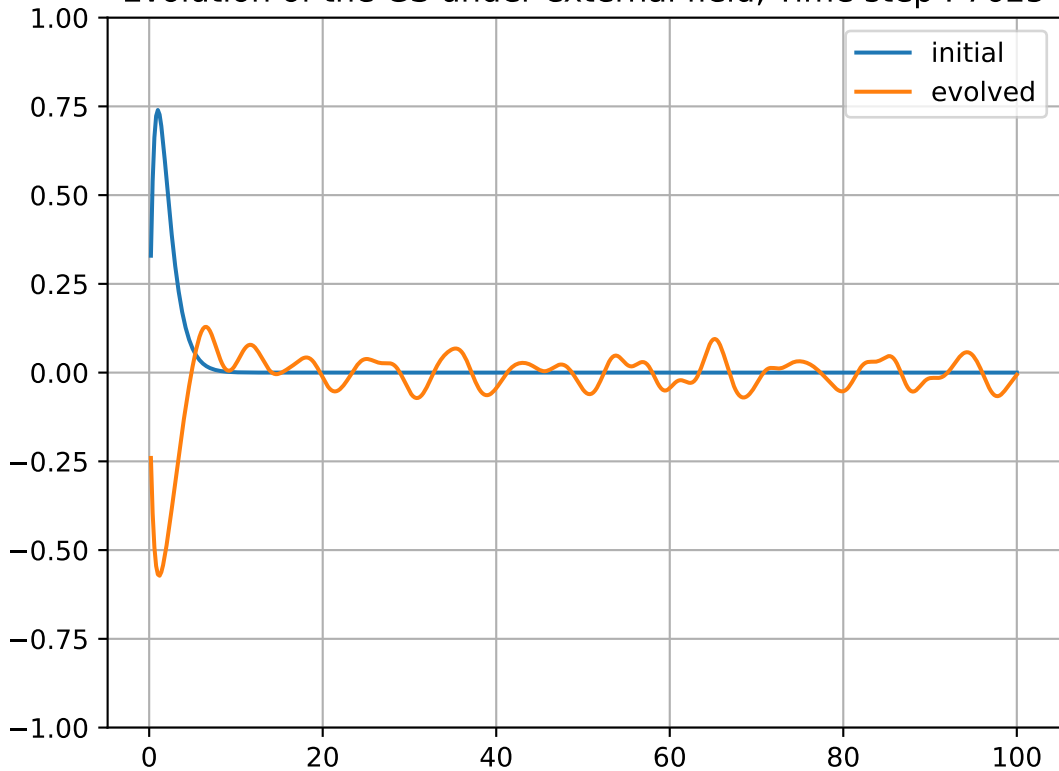

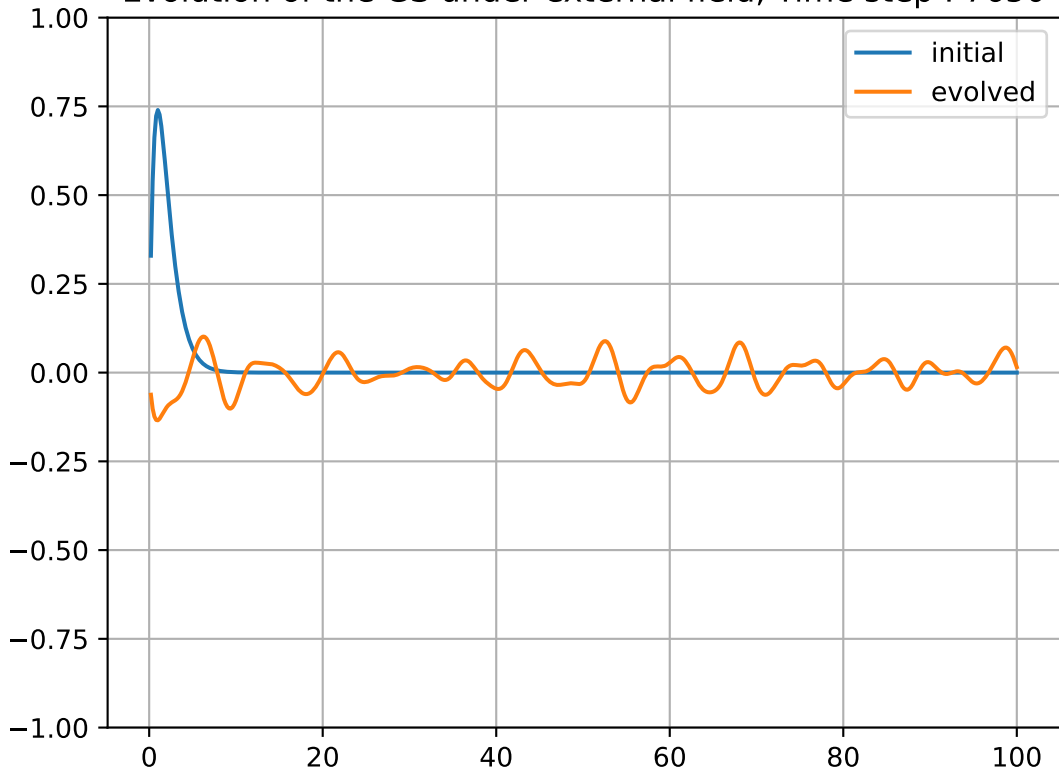

Evolution of the GS under external field, Time step : 7600

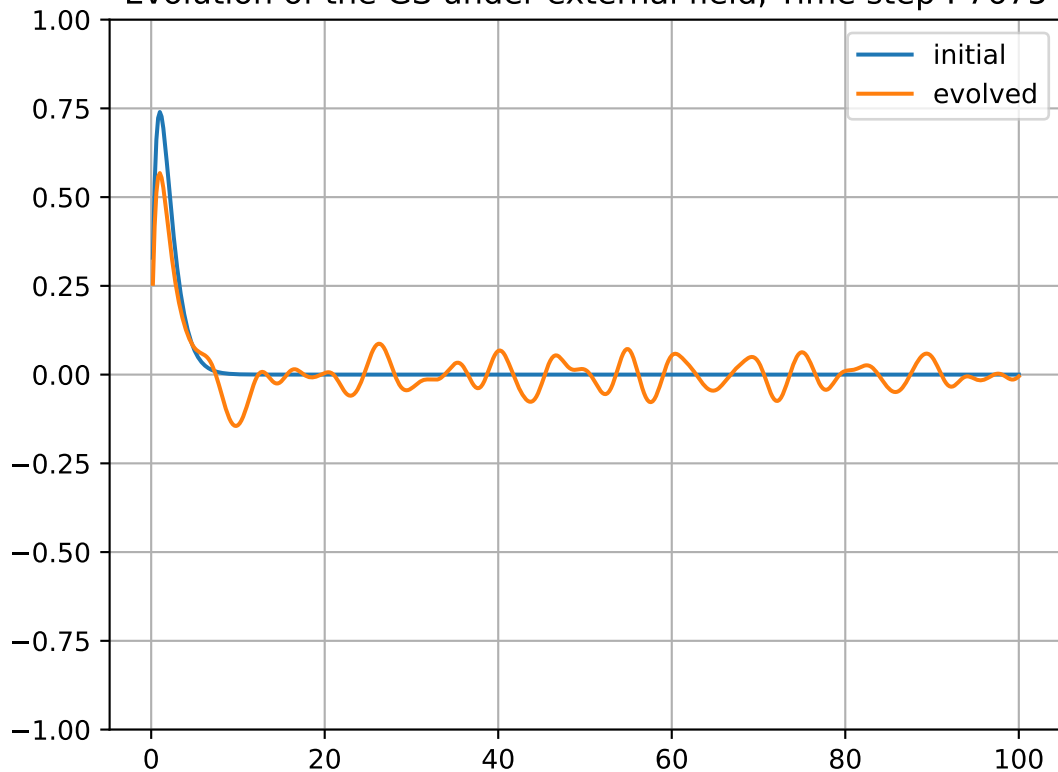

Evolution of the GS under external field, Time step : 7625

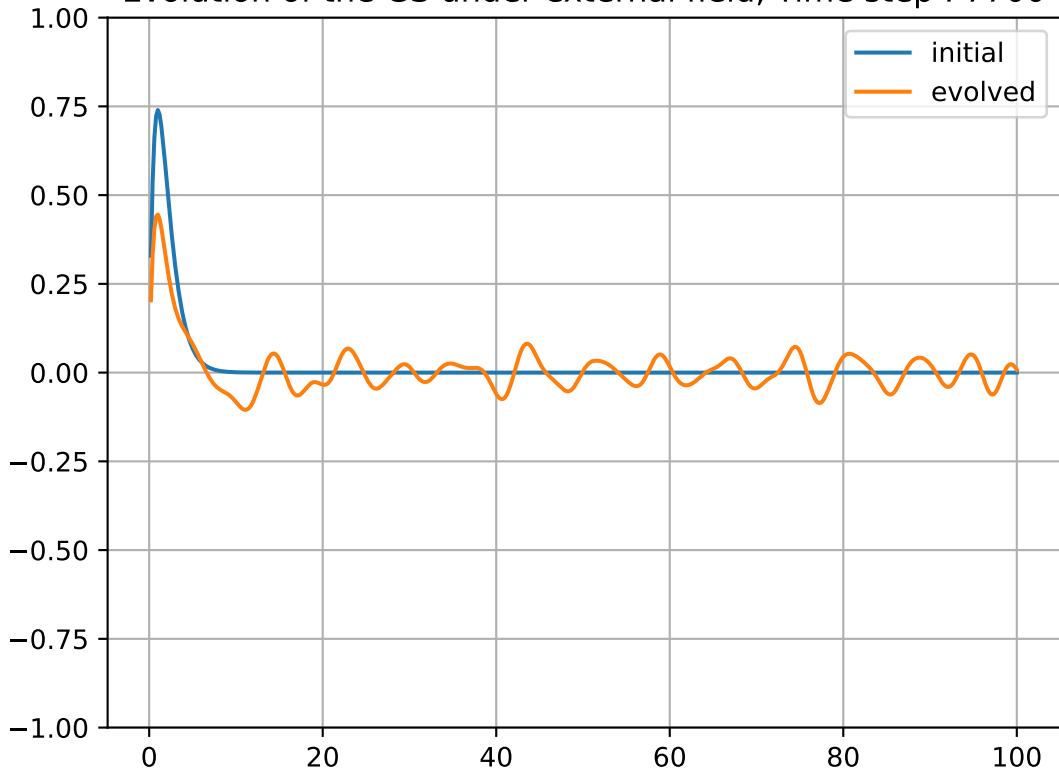

Evolution of the GS under external field, Time step : 7650

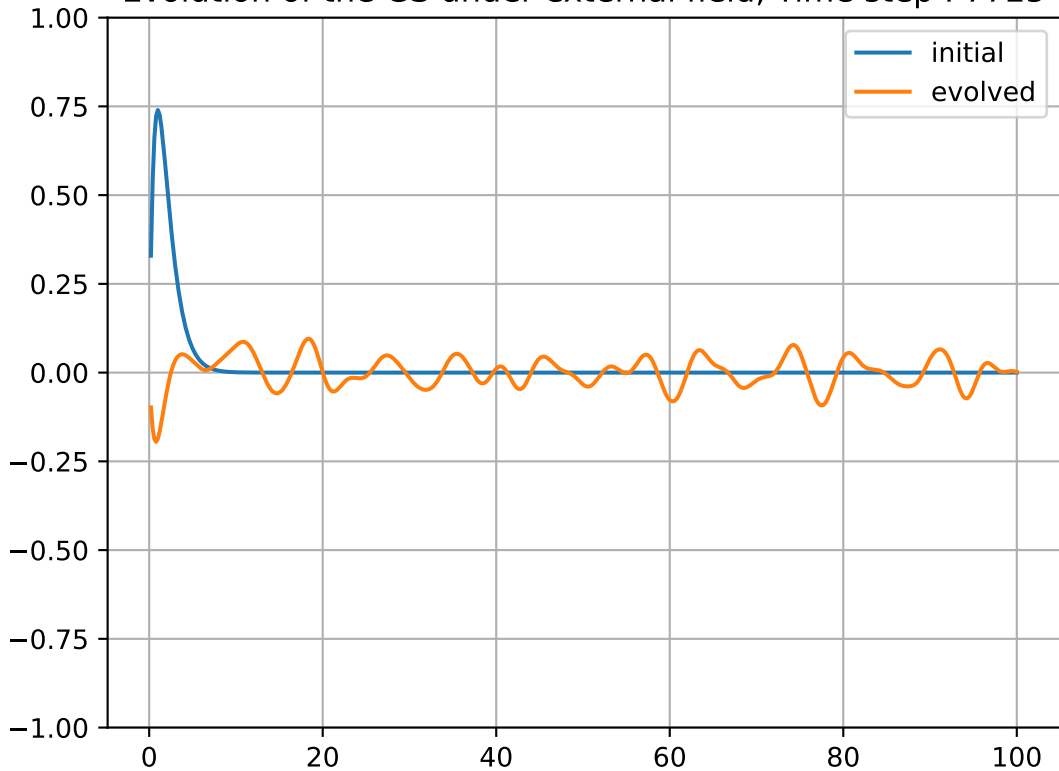

Evolution of the GS under external field, Time step : 7675

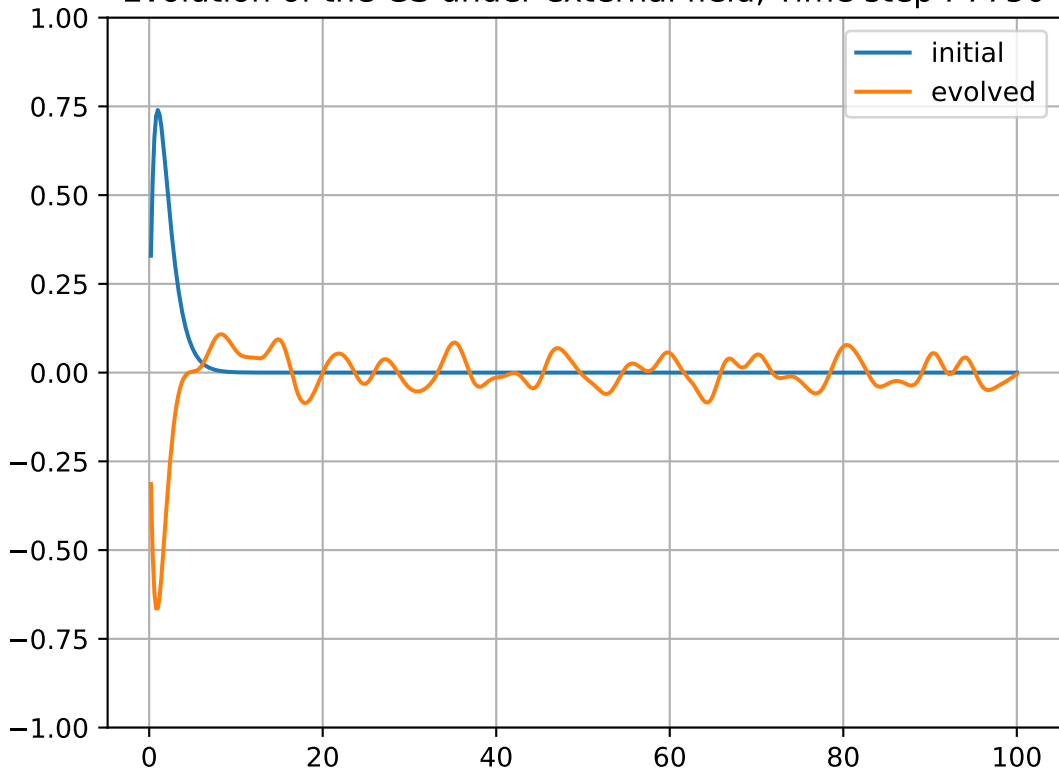

Evolution of the GS under external field, Time step : 7700

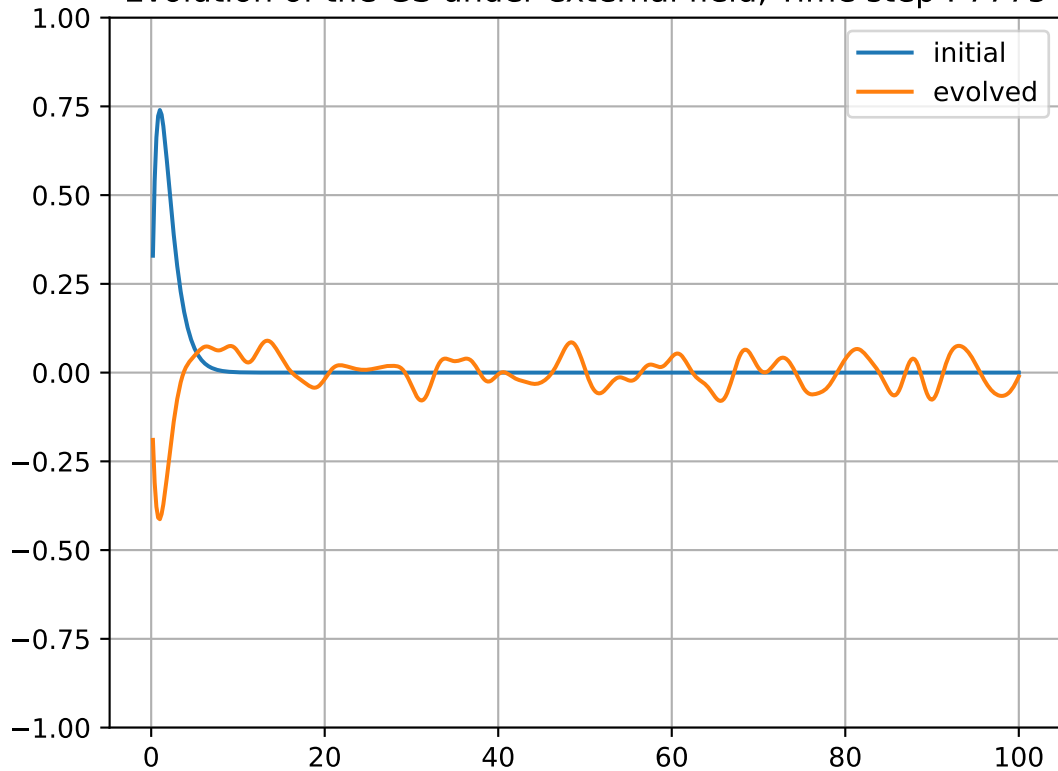

Evolution of the GS under external field, Time step : 7725

Evolution of the GS under external field, Time step : 7750

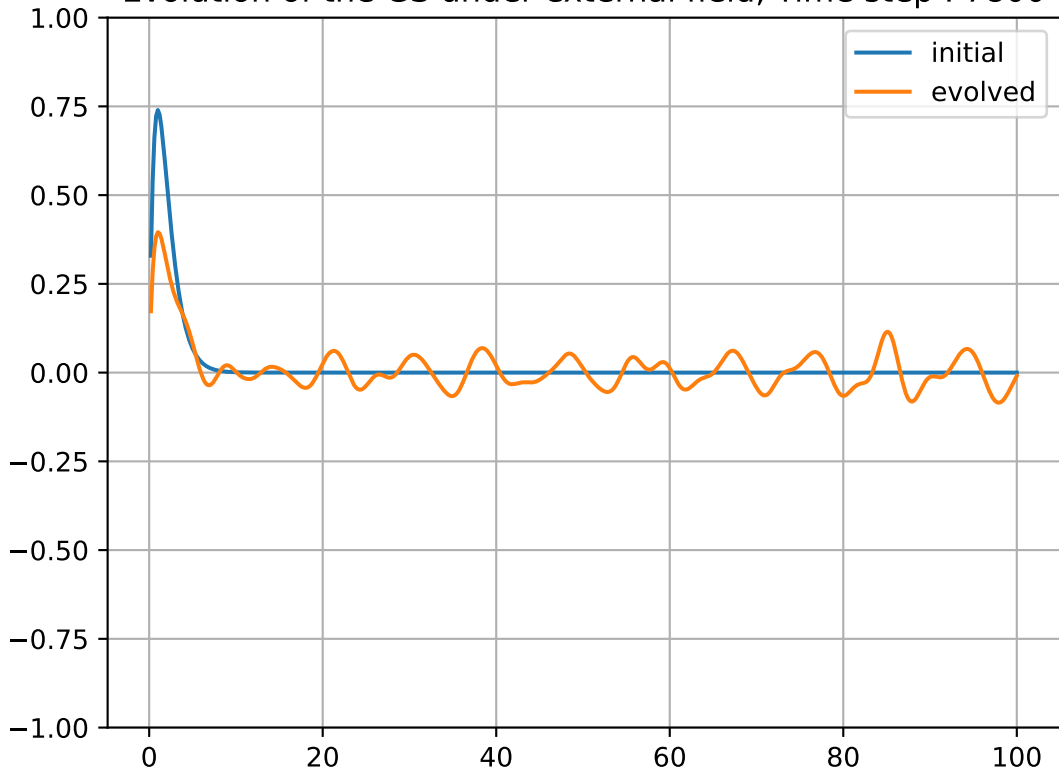

Evolution of the GS under external field, Time step : 7775

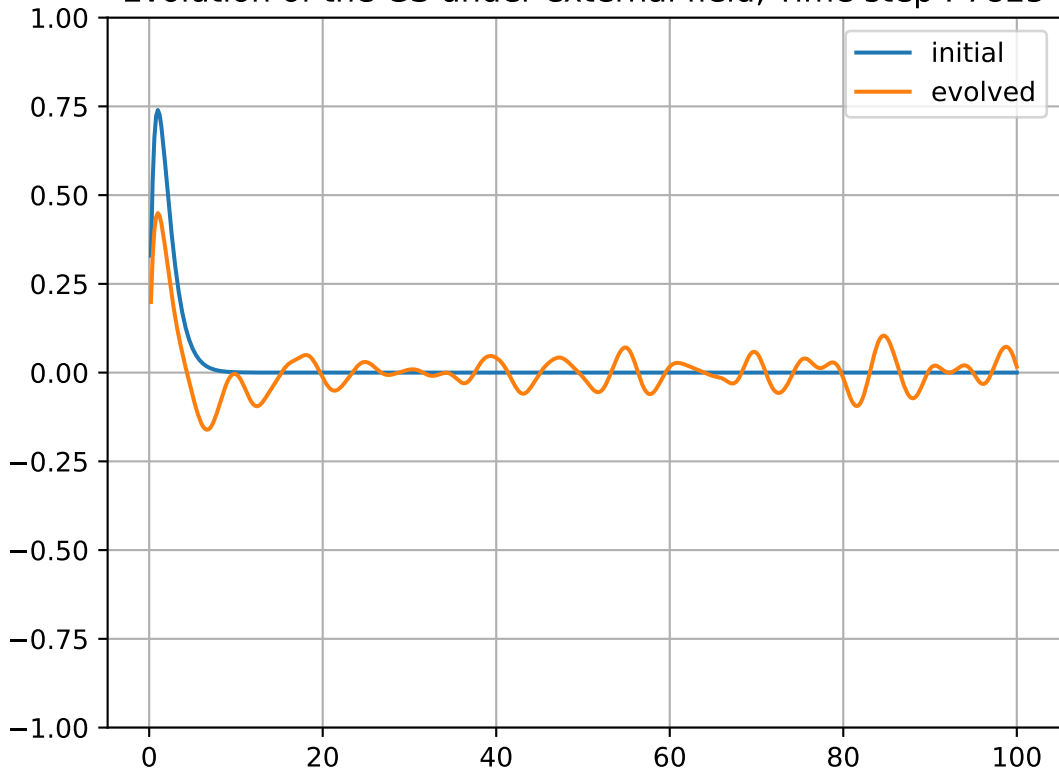

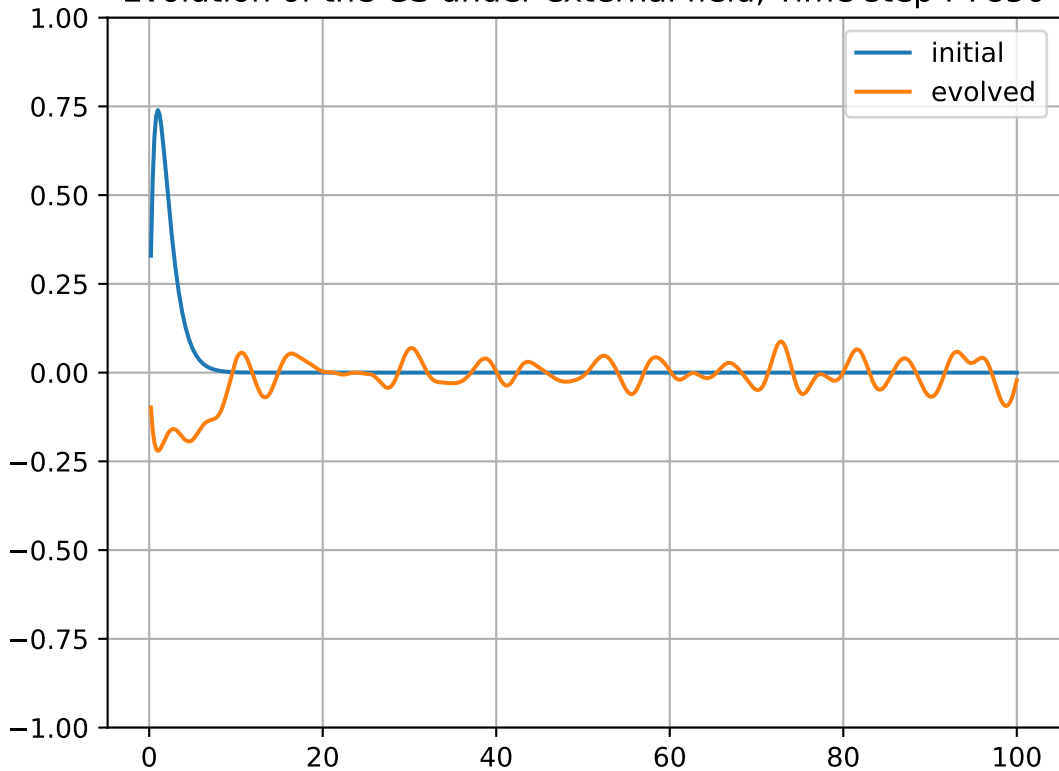

Evolution of the GS under external field, Time step : 7800

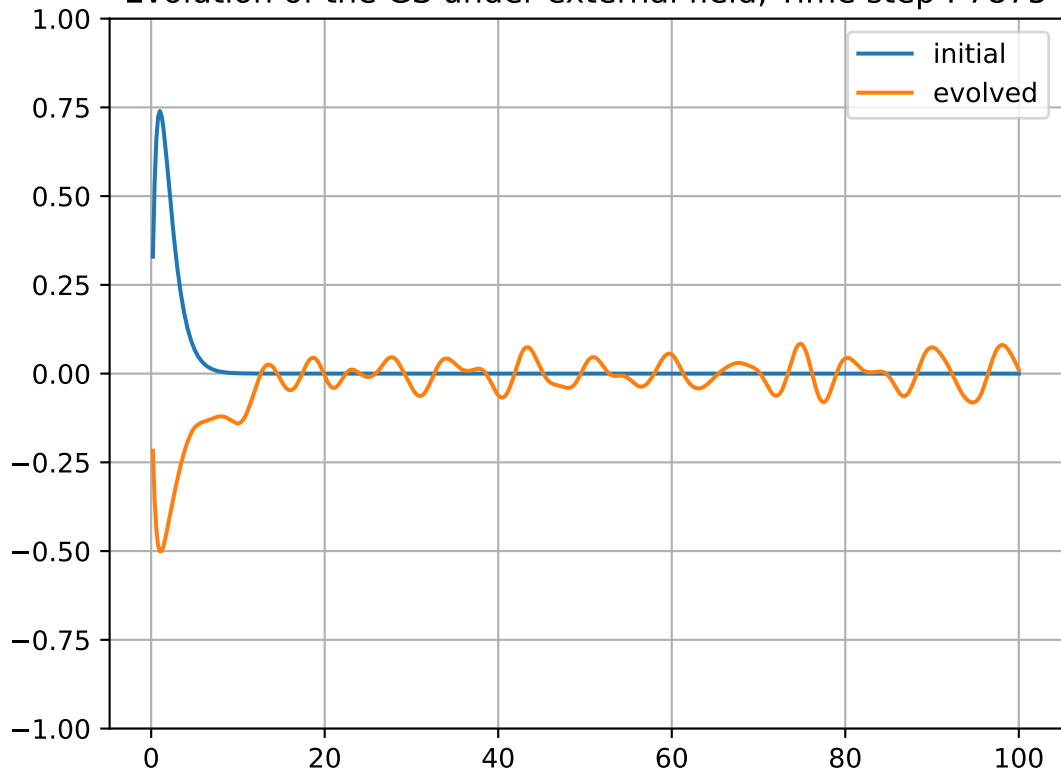

Evolution of the GS under external field, Time step : 7825

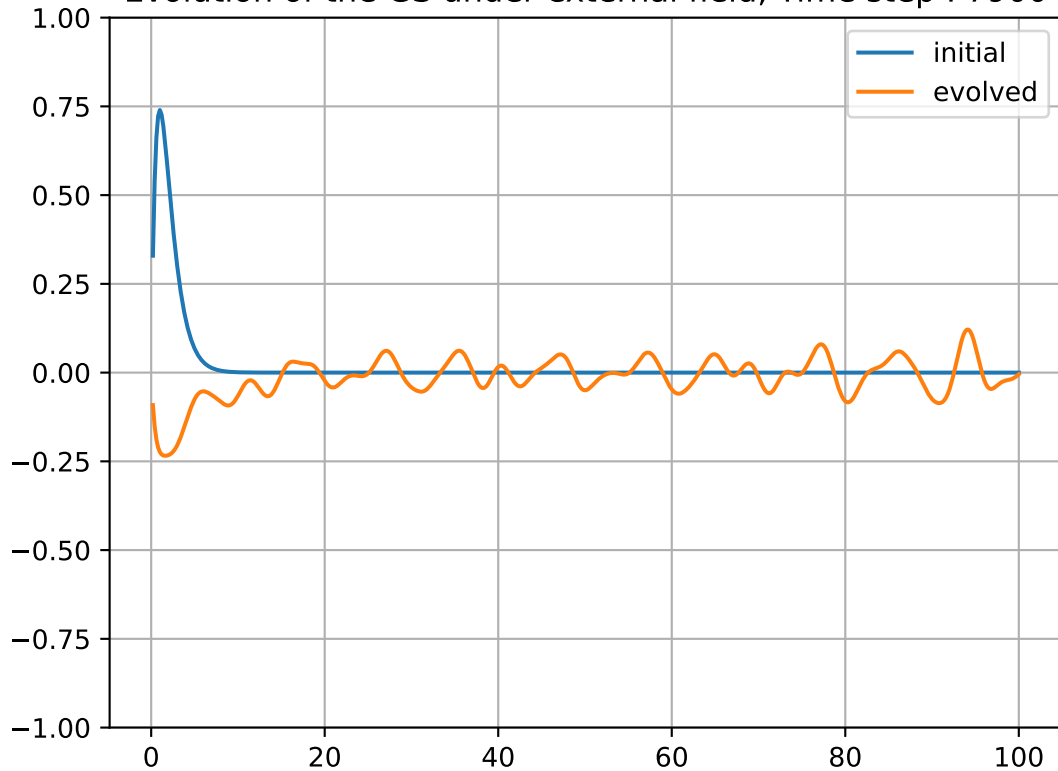

Evolution of the GS under external field, Time step : 7850

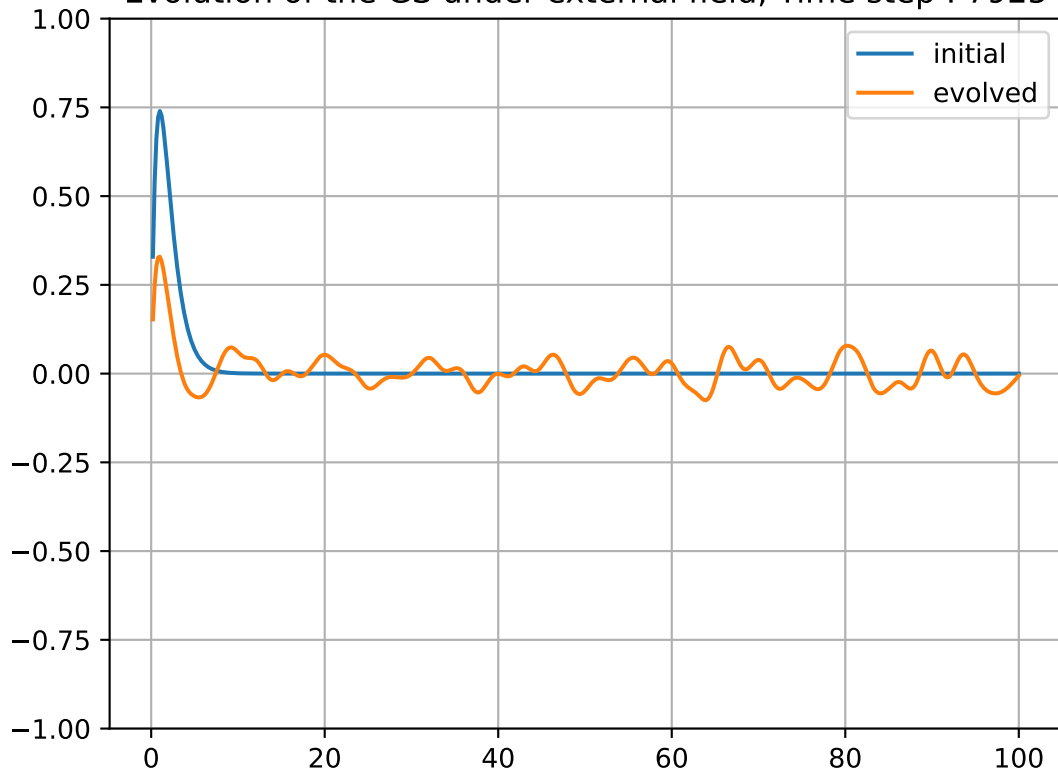

Evolution of the GS under external field, Time step : 7875

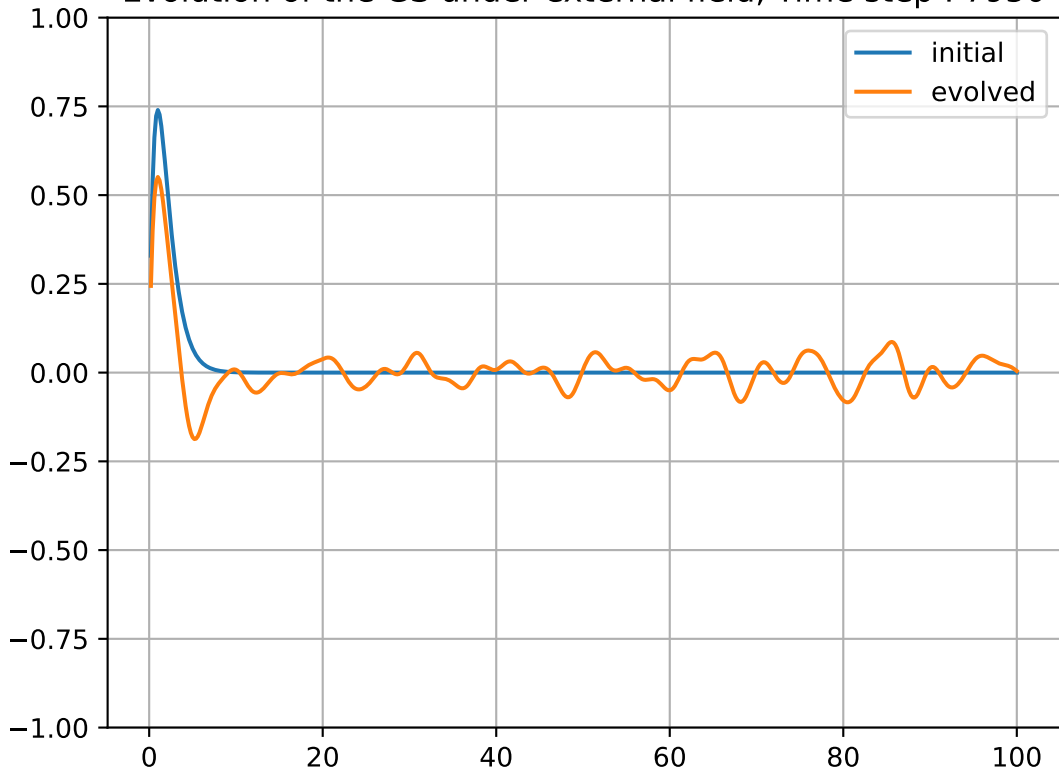

Evolution of the GS under external field, Time step : 7900

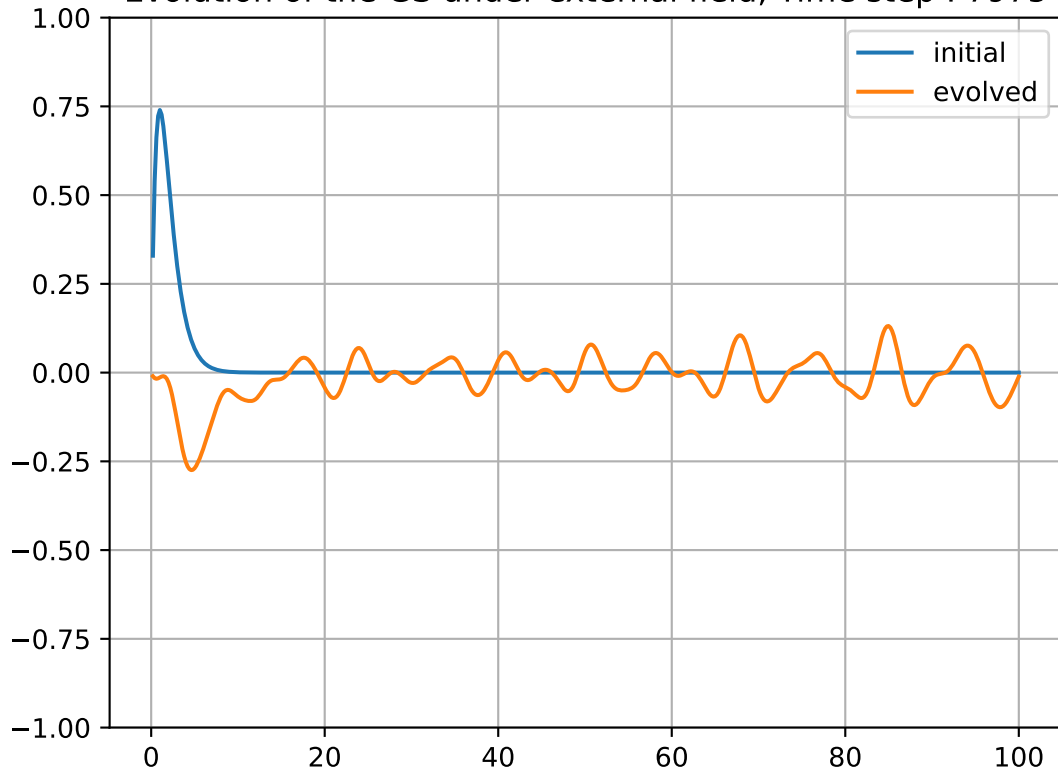

Evolution of the GS under external field, Time step : 7925

Evolution of the GS under external field, Time step : 7950

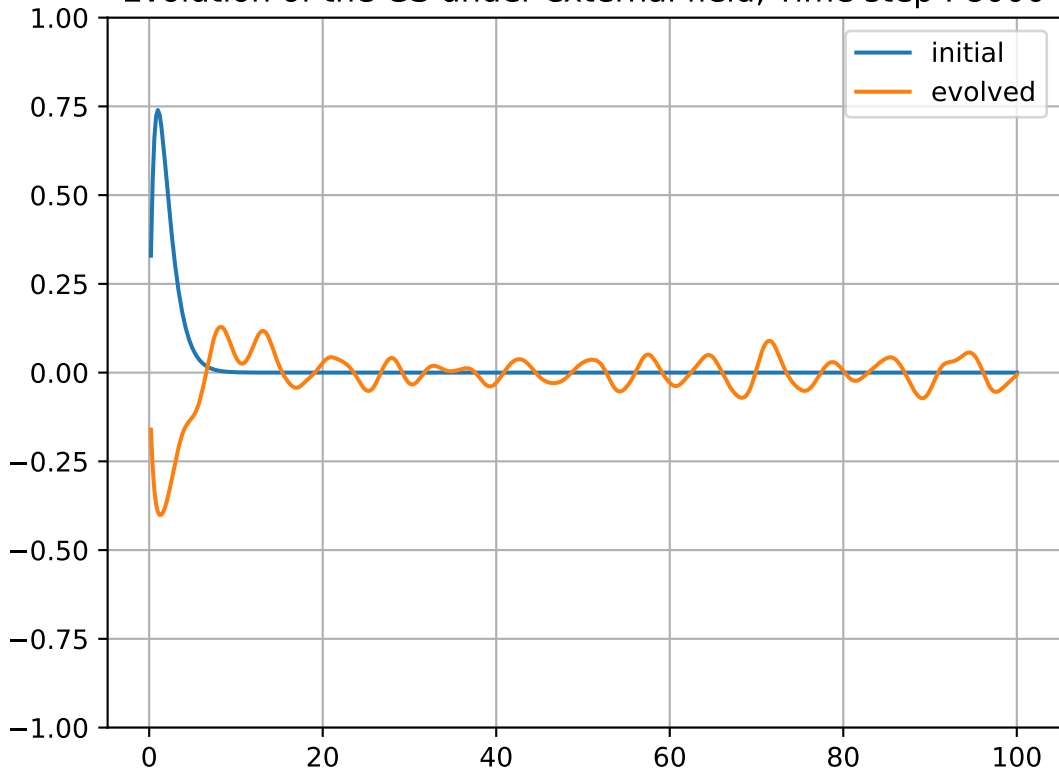

Evolution of the GS under external field, Time step : 7975

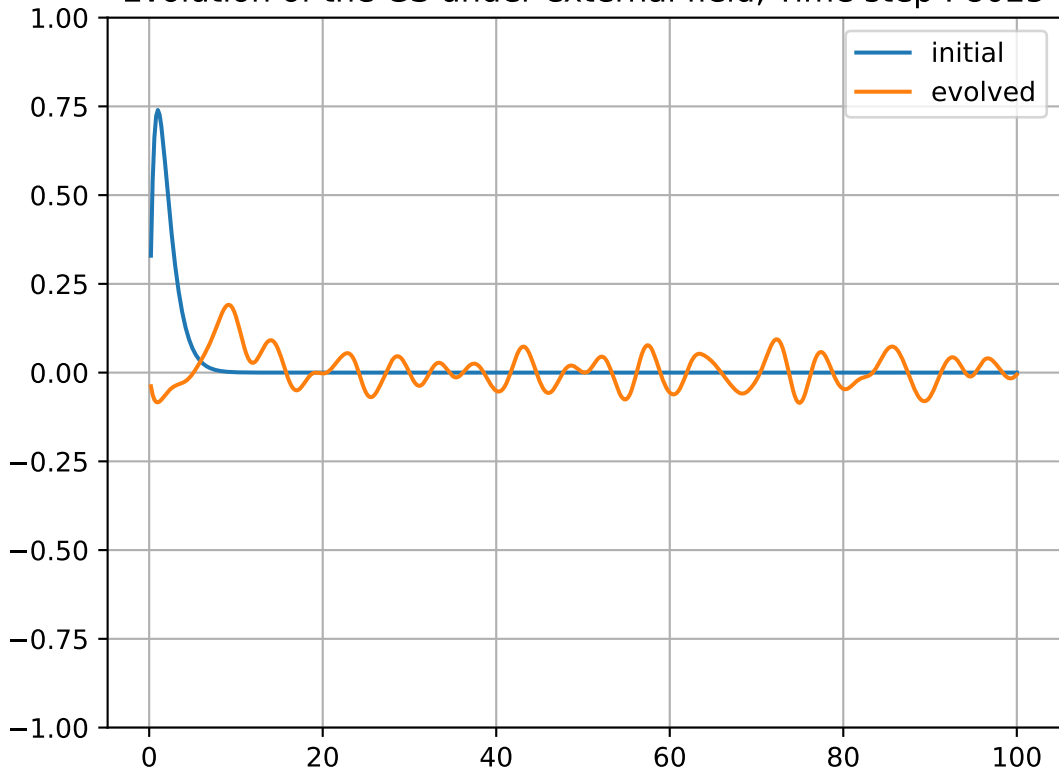

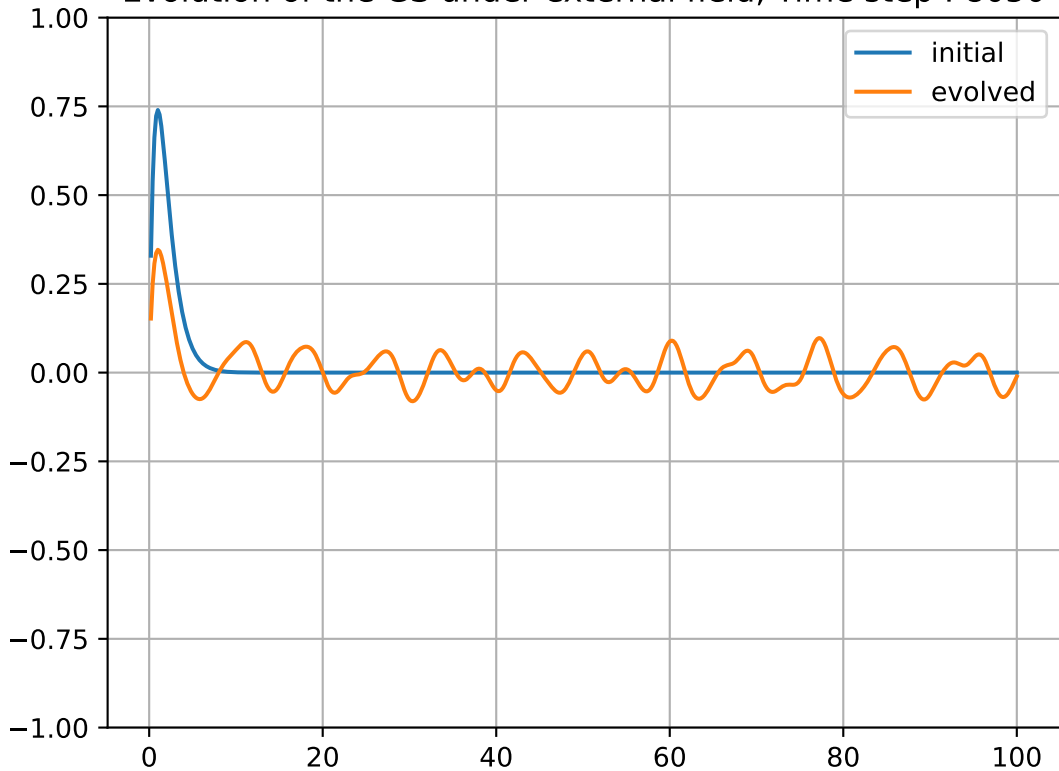

Evolution of the GS under external field, Time step : 8000

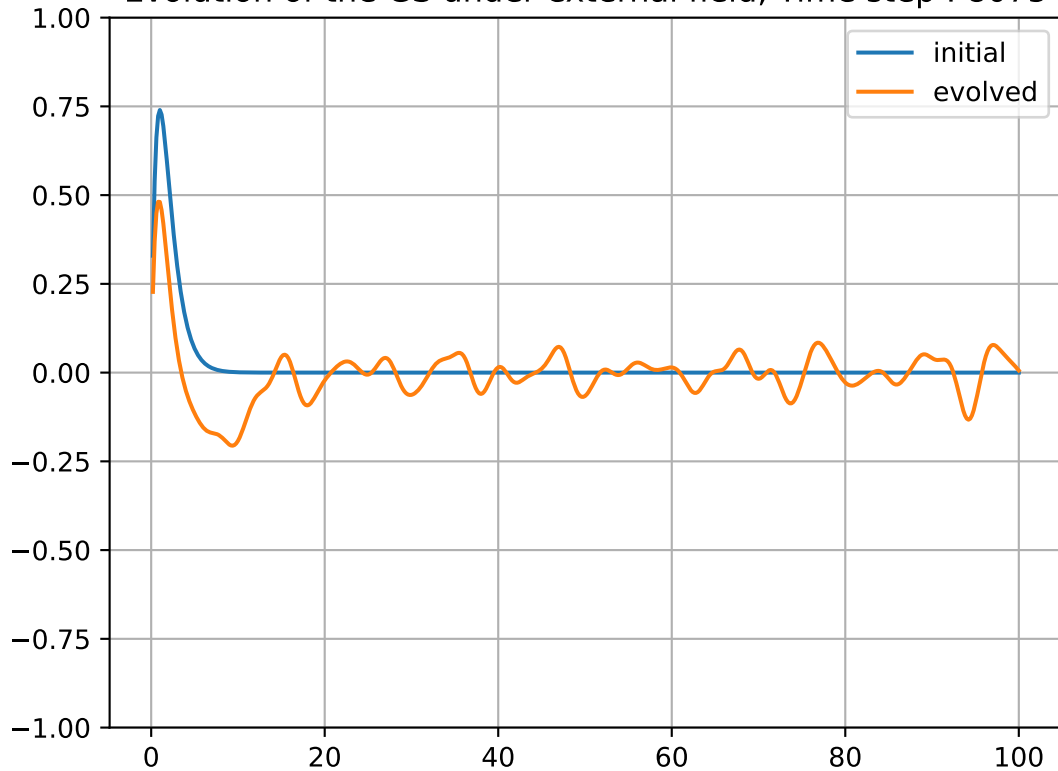

Evolution of the GS under external field, Time step : 8025

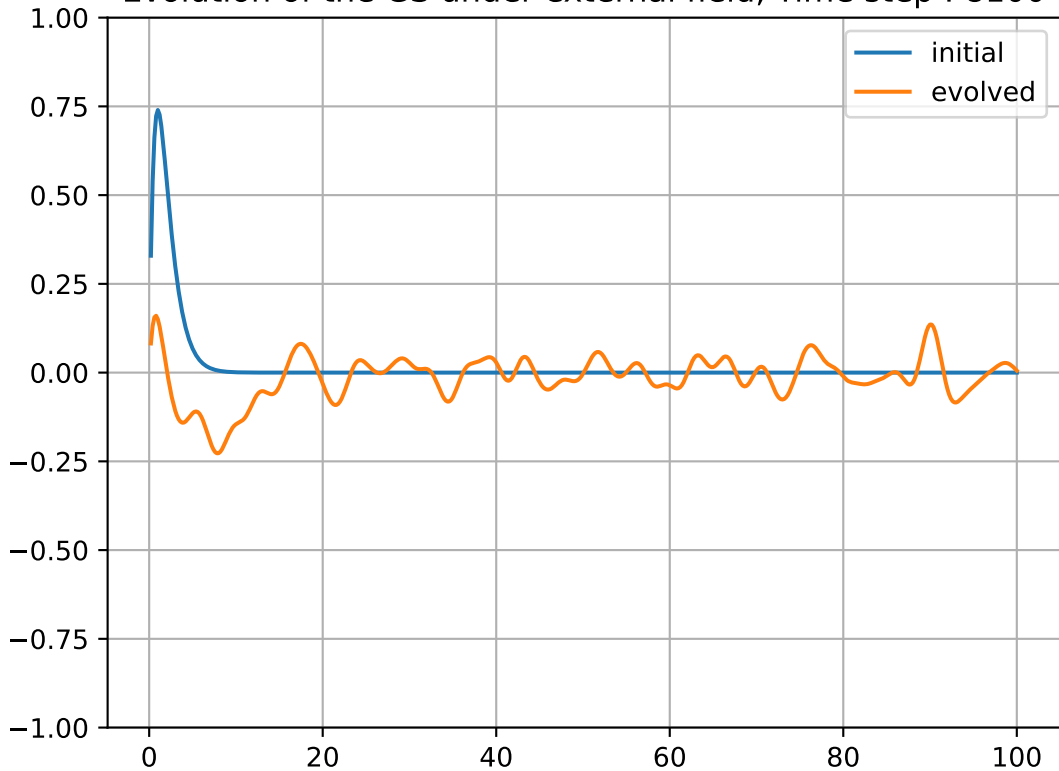

Evolution of the GS under external field, Time step : 8050

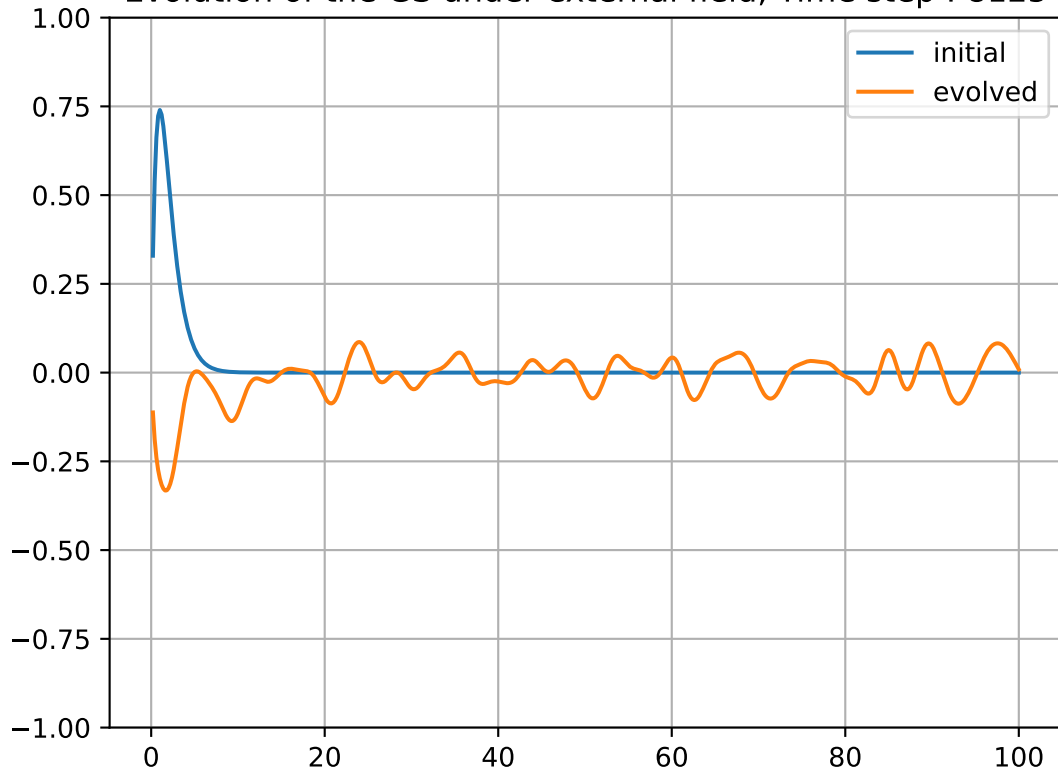

Evolution of the GS under external field, Time step : 8075

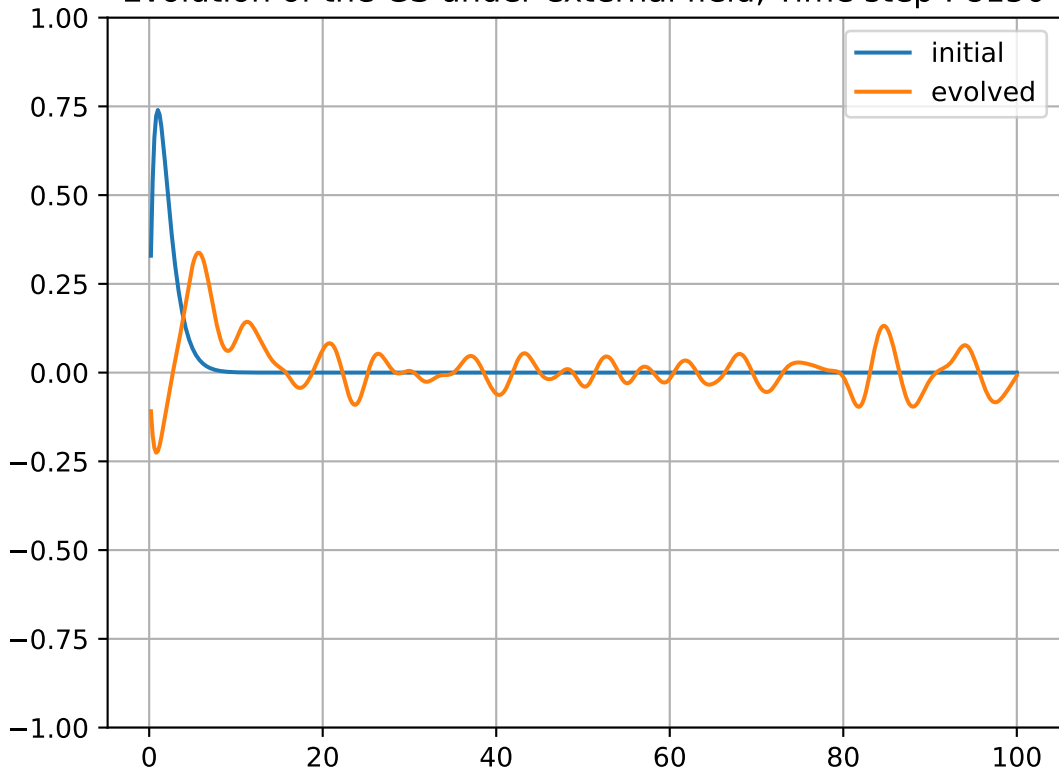

Evolution of the GS under external field, Time step : 8100

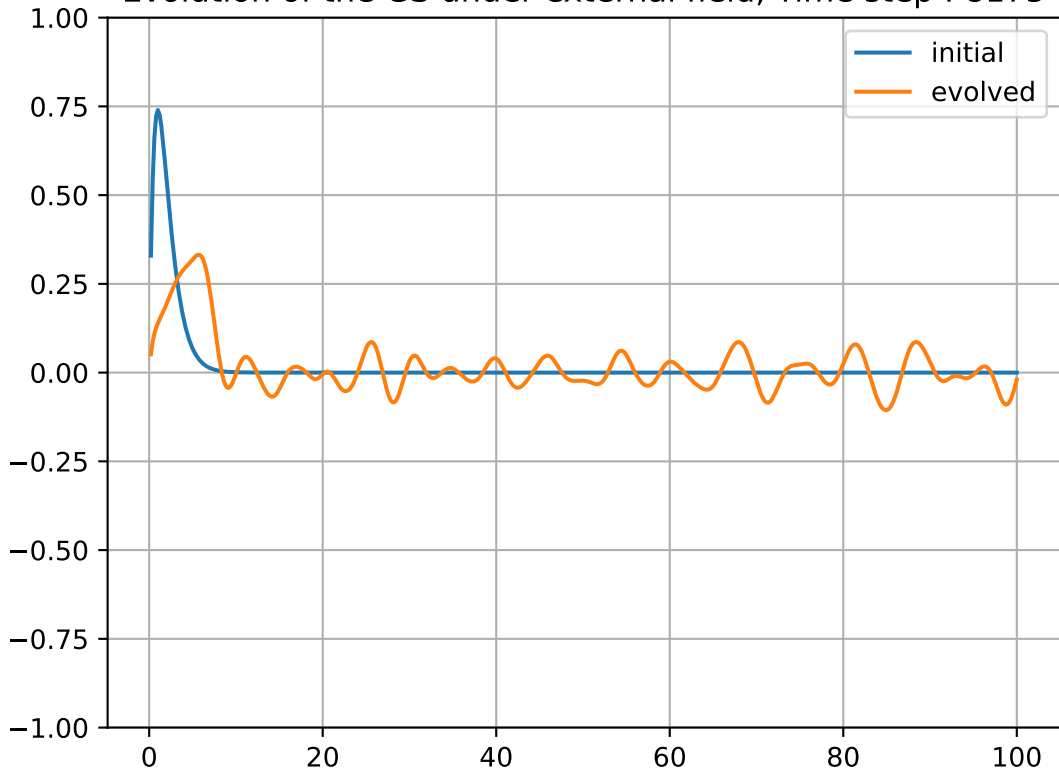

Evolution of the GS under external field, Time step : 8125

Evolution of the GS under external field, Time step : 8150

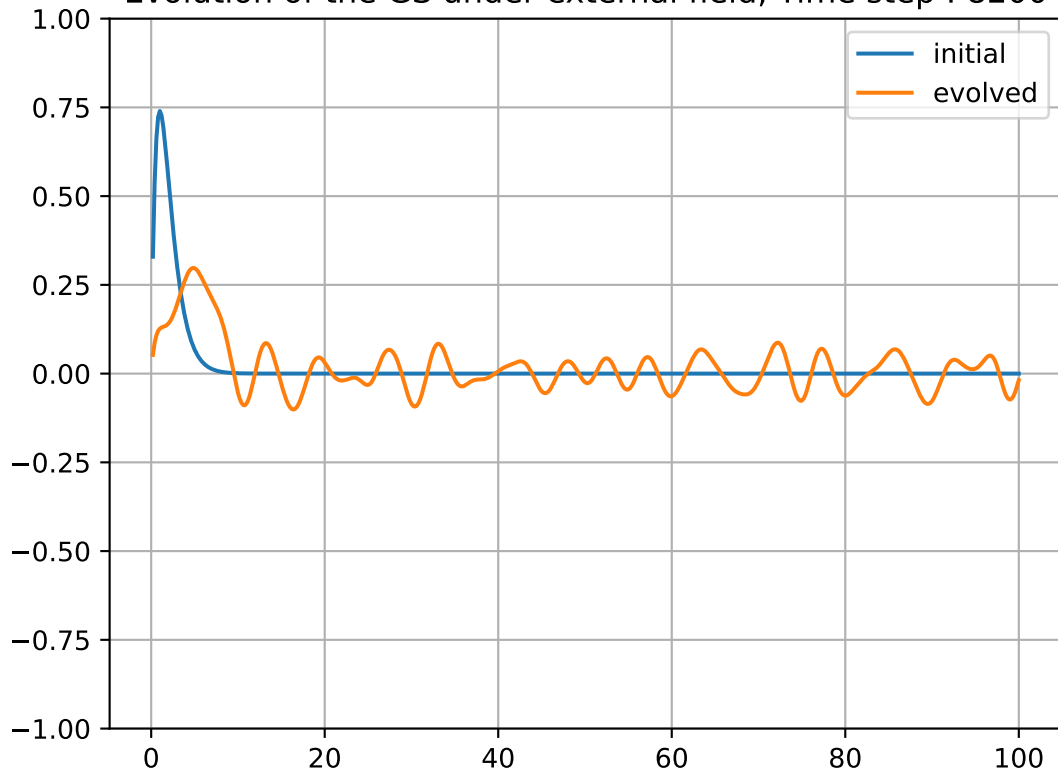

Evolution of the GS under external field, Time step : 8175

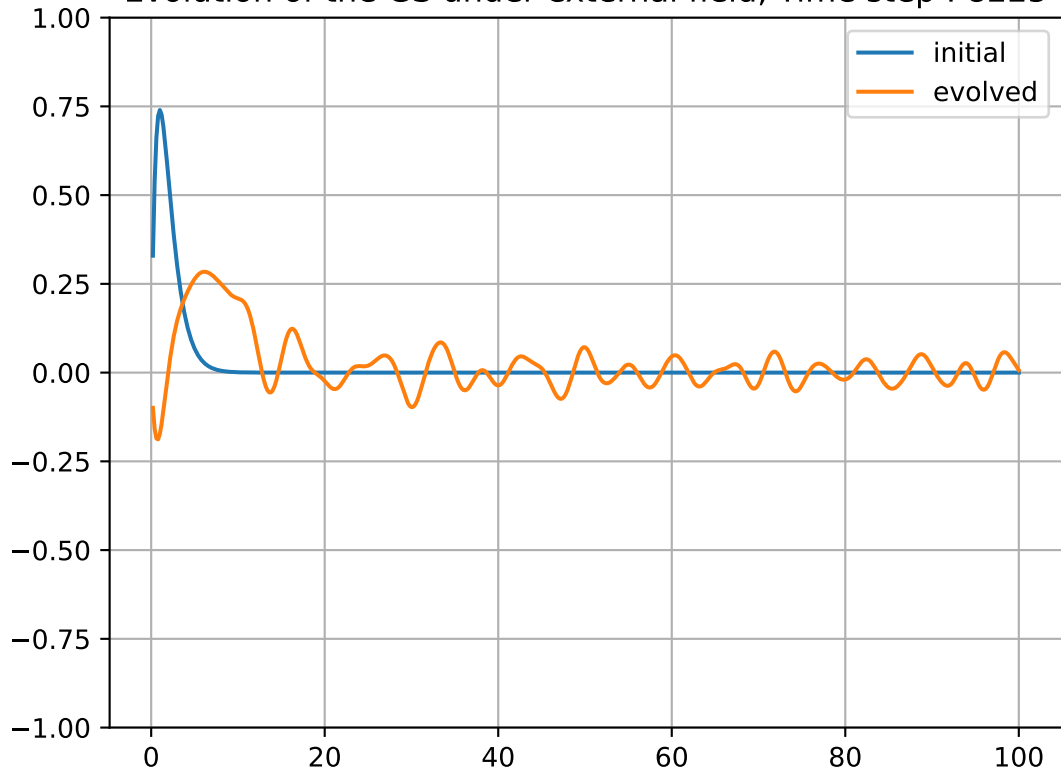

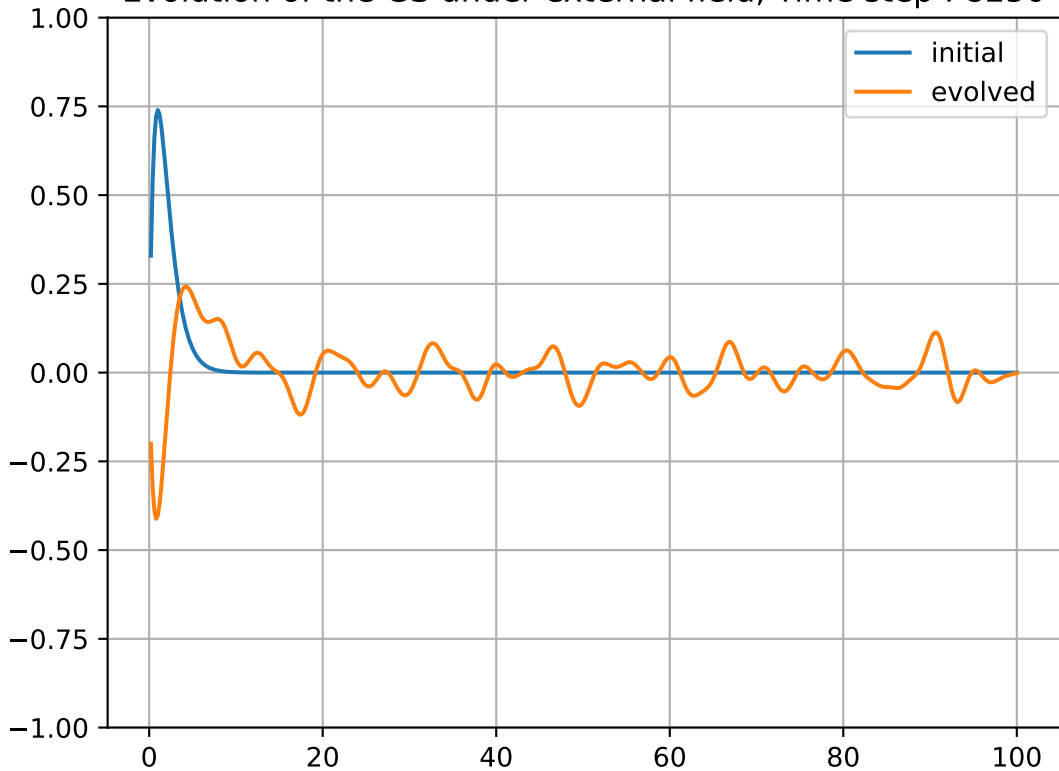

Evolution of the GS under external field, Time step : 8200

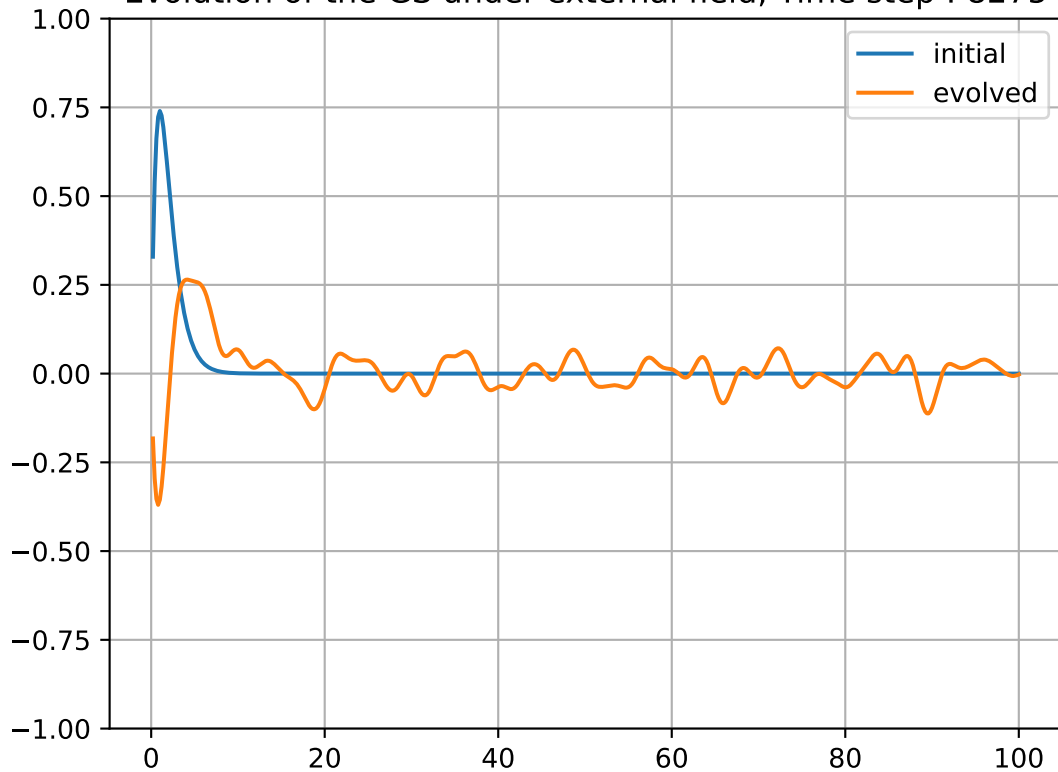

Evolution of the GS under external field, Time step : 8225

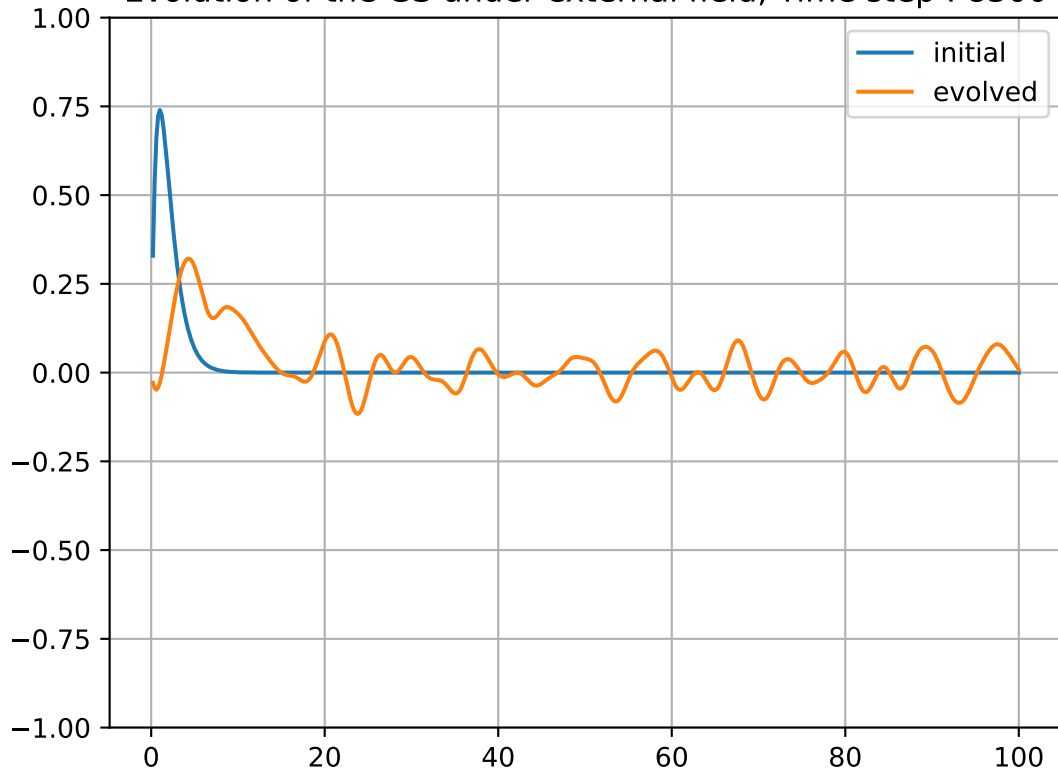

Evolution of the GS under external field, Time step : 8250

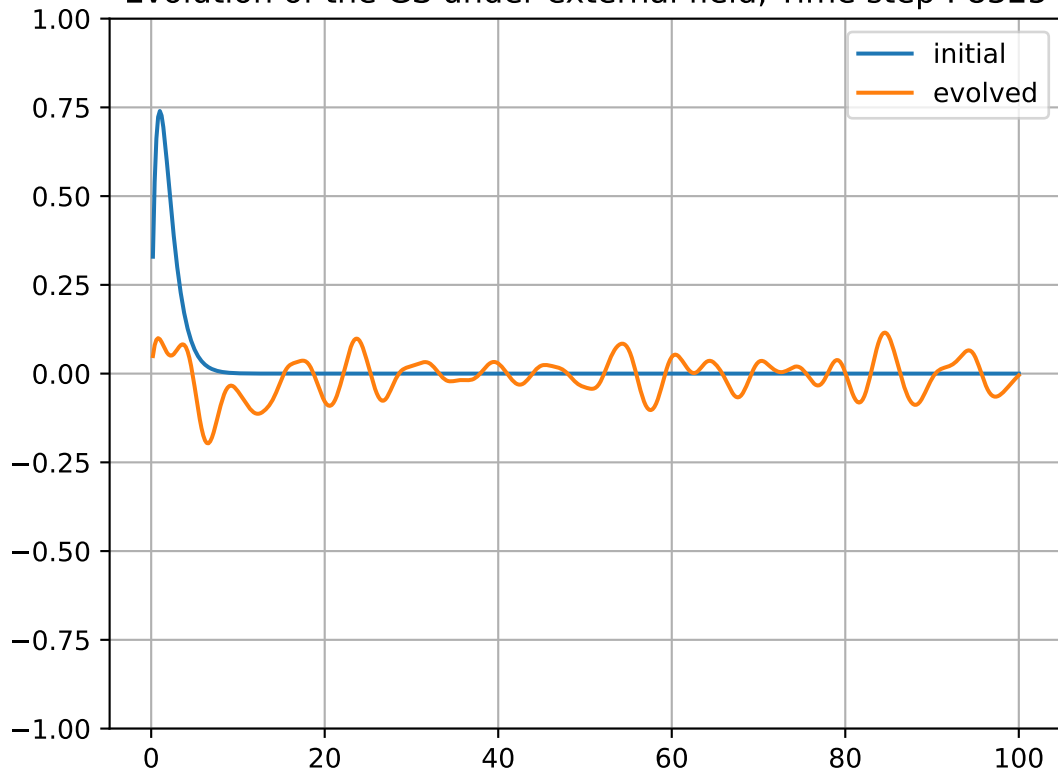

Evolution of the GS under external field, Time step : 8275

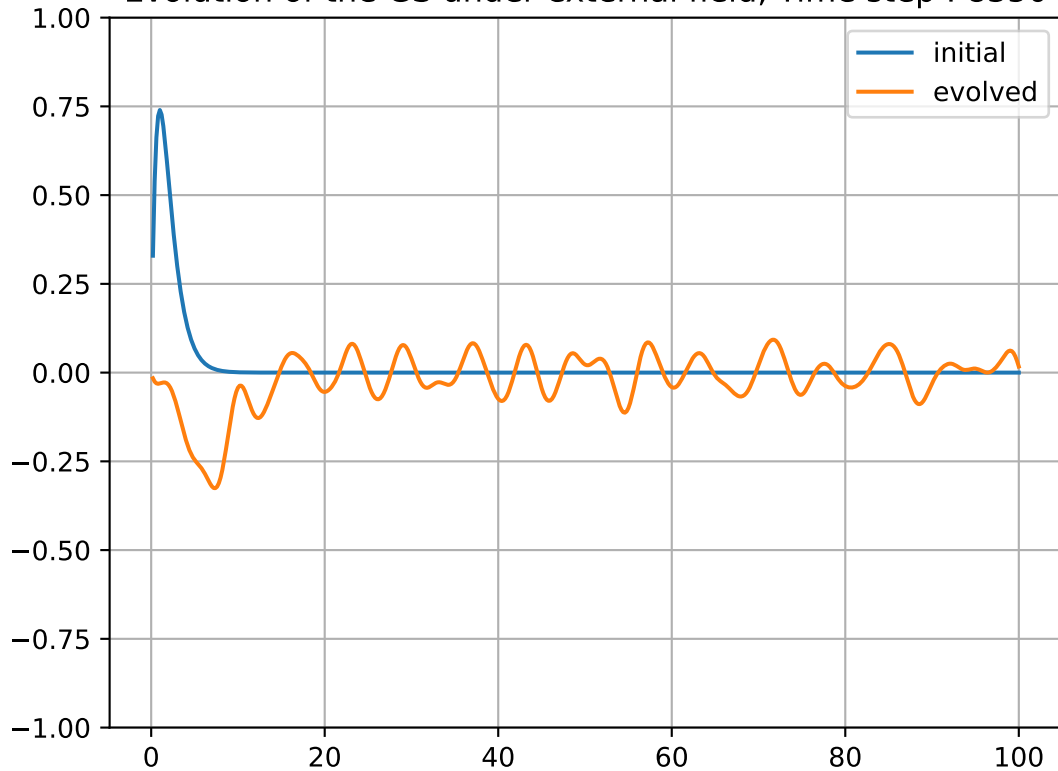

Evolution of the GS under external field, Time step : 8300

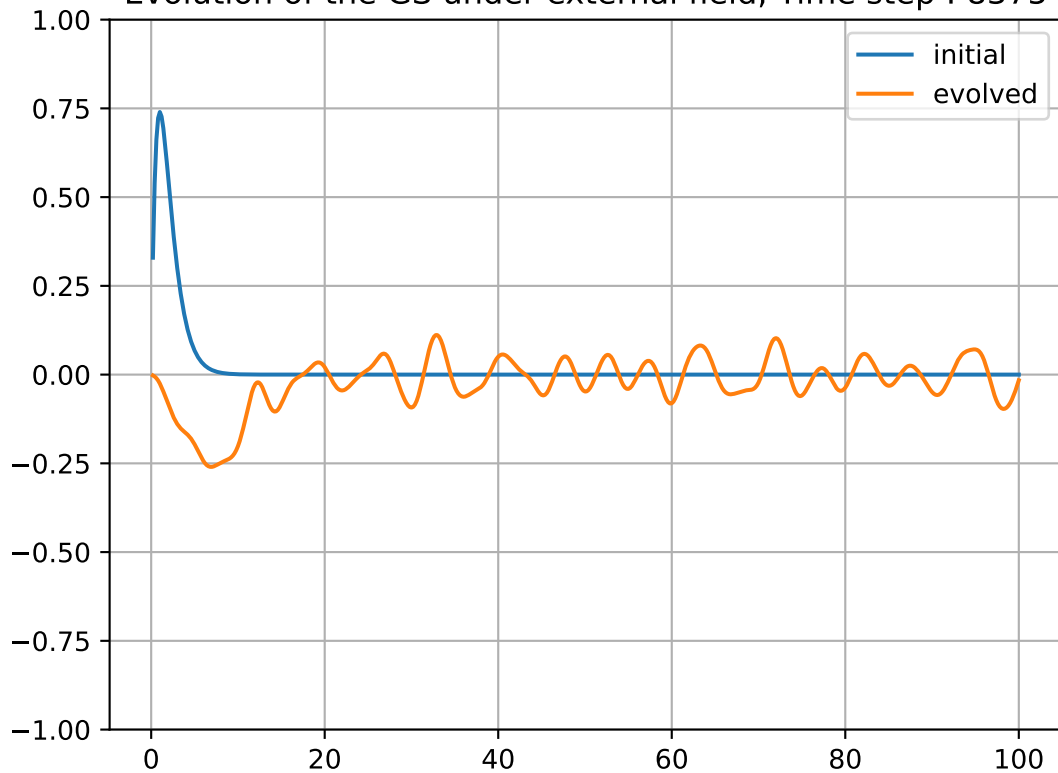

Evolution of the GS under external field, Time step : 8325

Evolution of the GS under external field, Time step : 8350

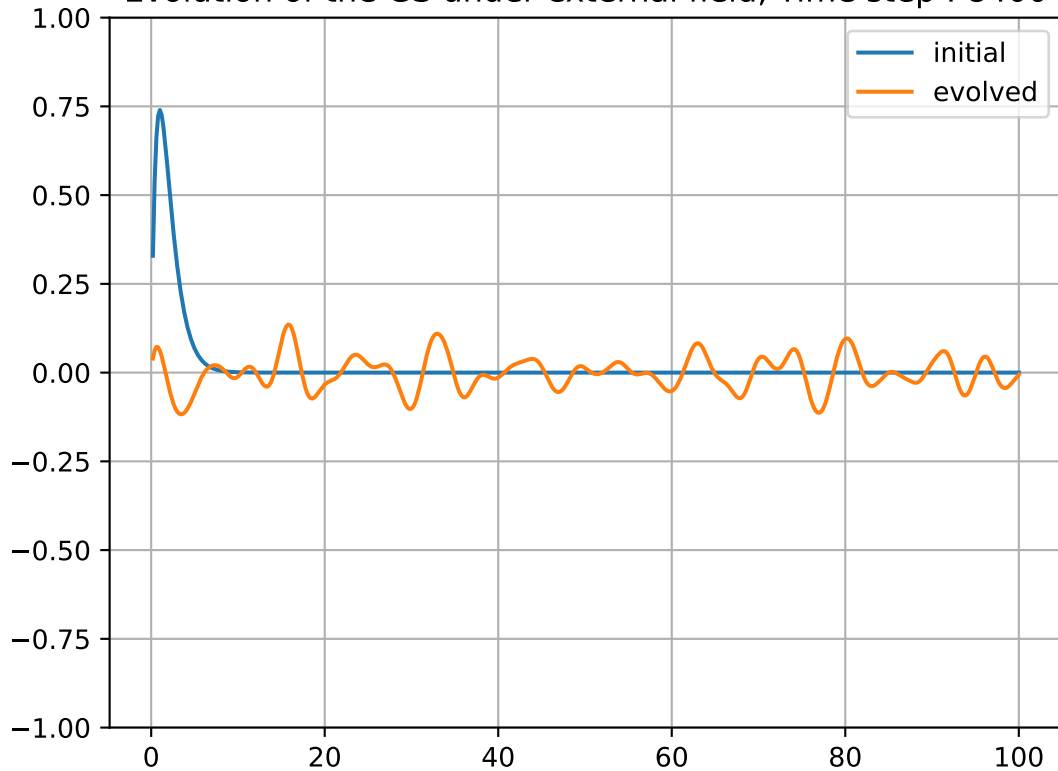

Evolution of the GS under external field, Time step : 8375

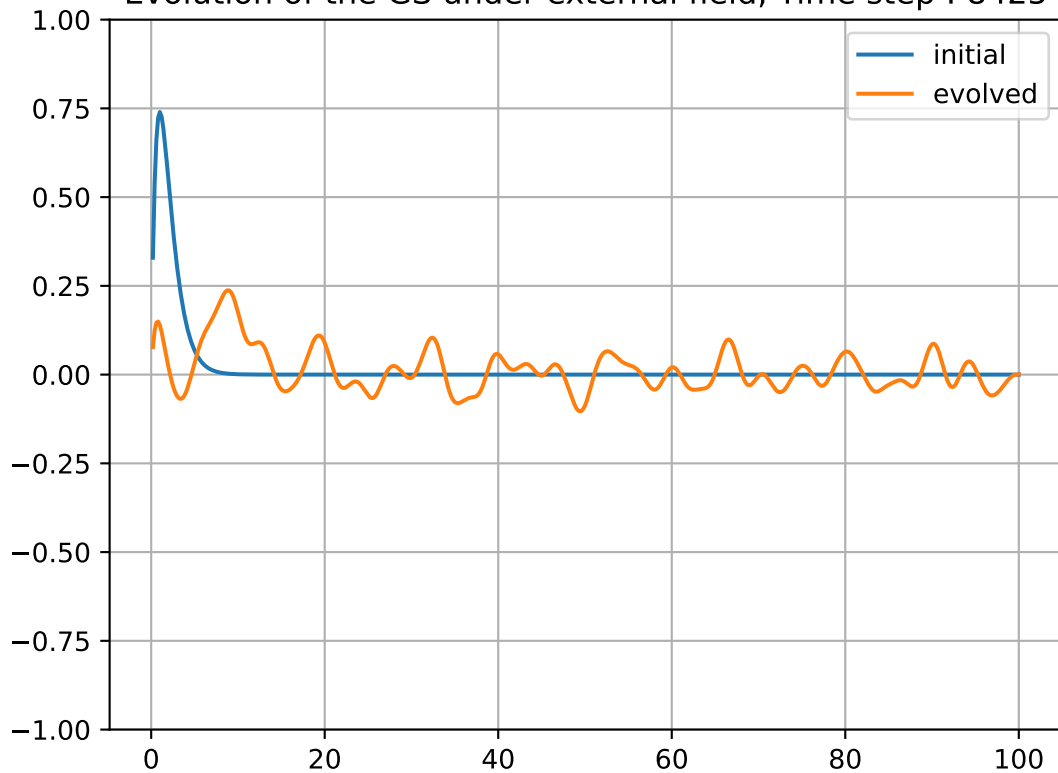

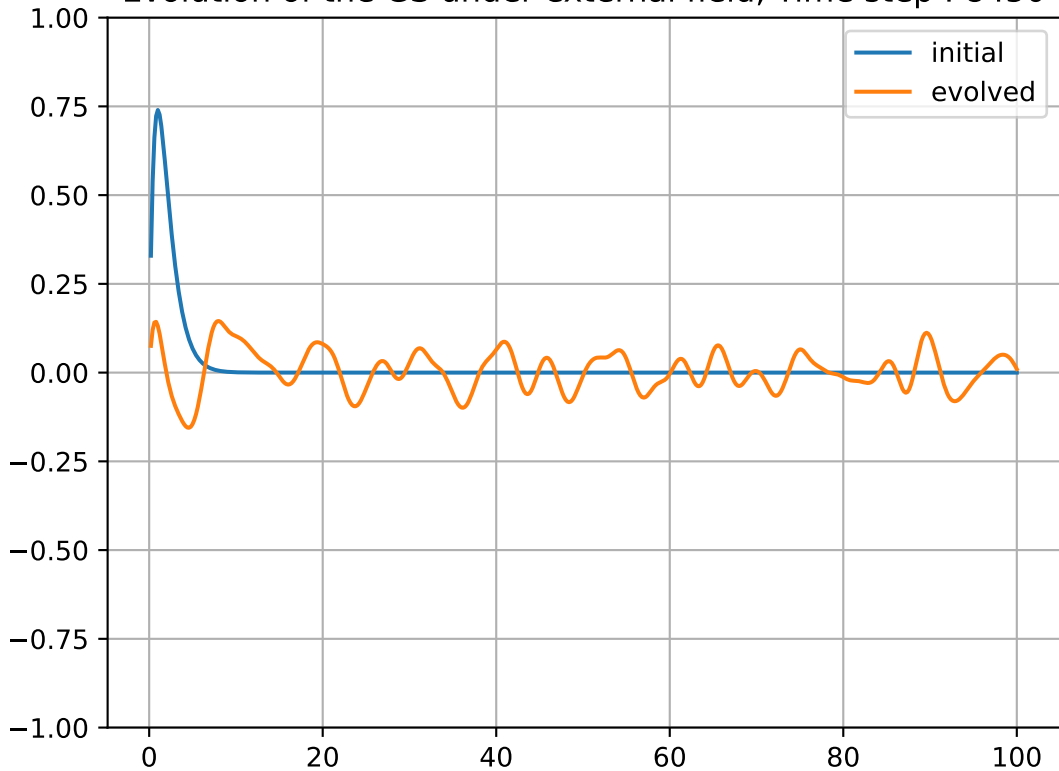

Evolution of the GS under external field, Time step : 8400

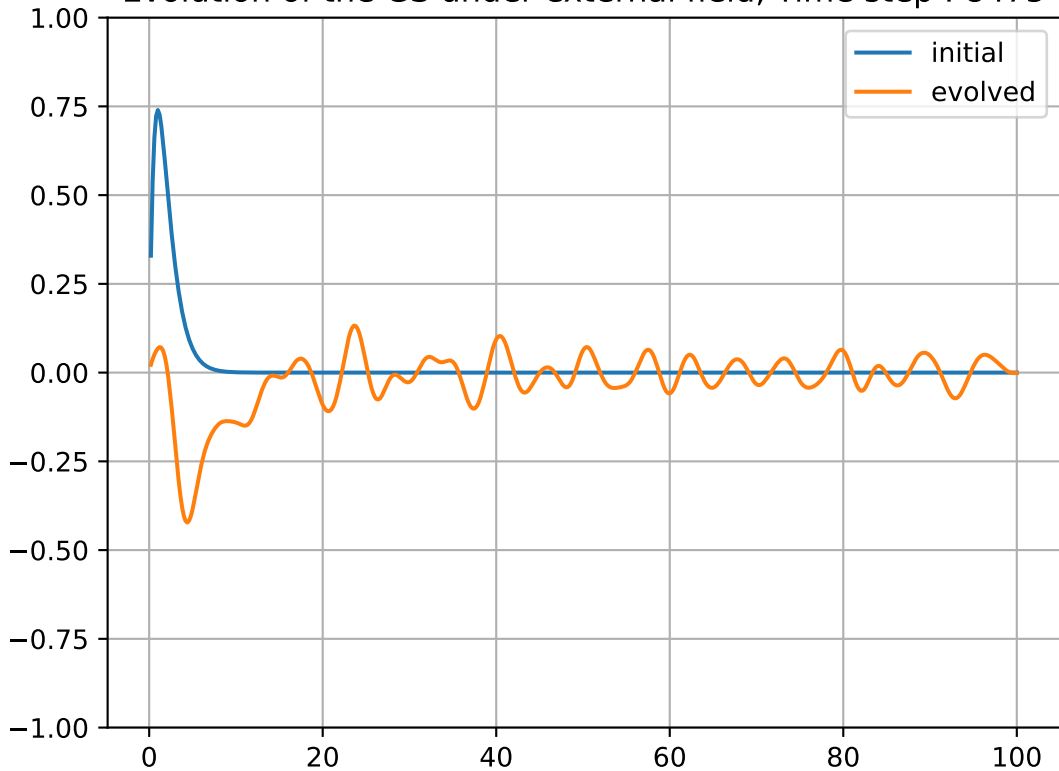

Evolution of the GS under external field, Time step : 8425

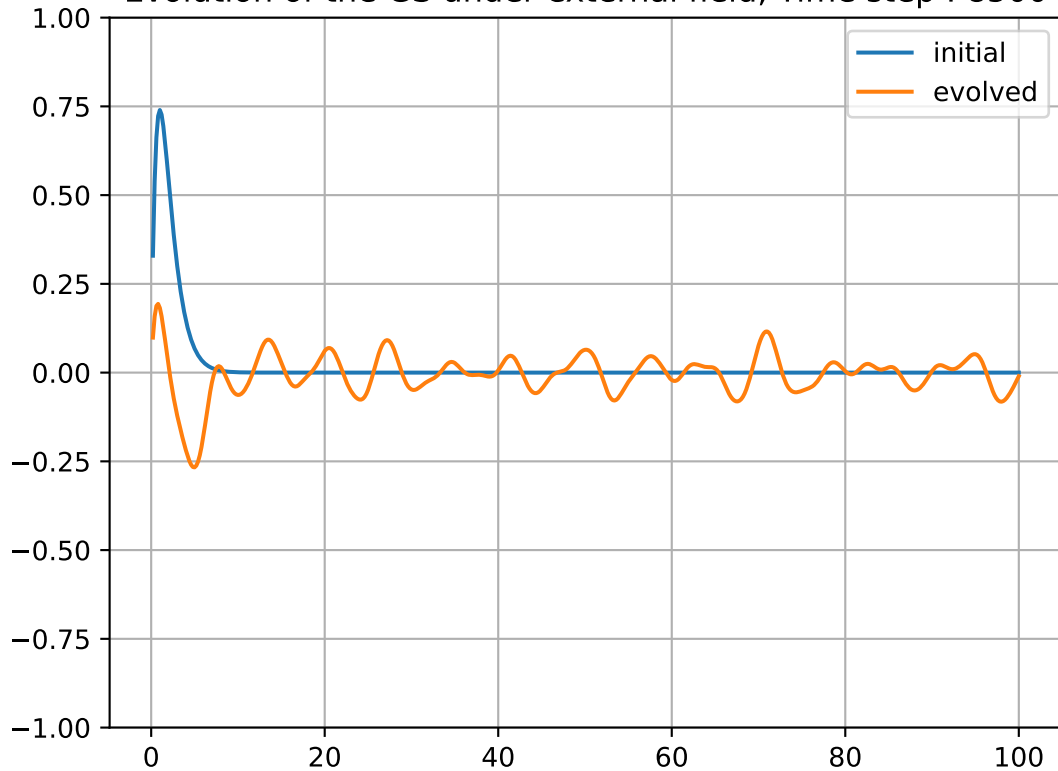

Evolution of the GS under external field, Time step : 8450

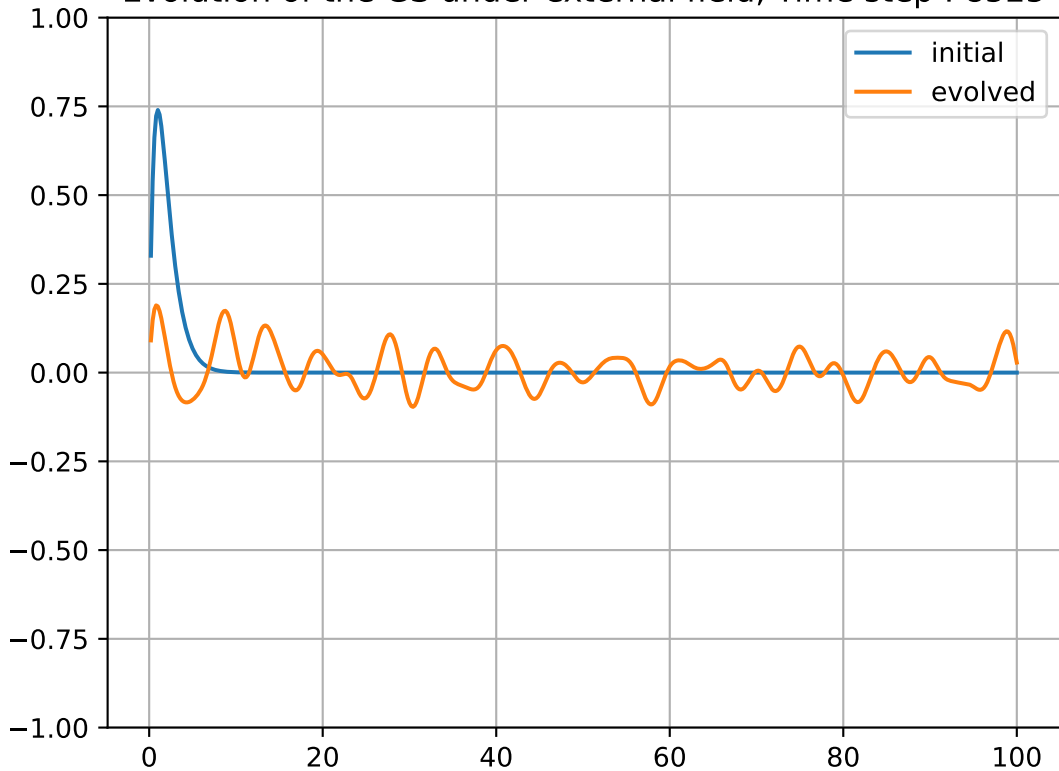

Evolution of the GS under external field, Time step : 8475

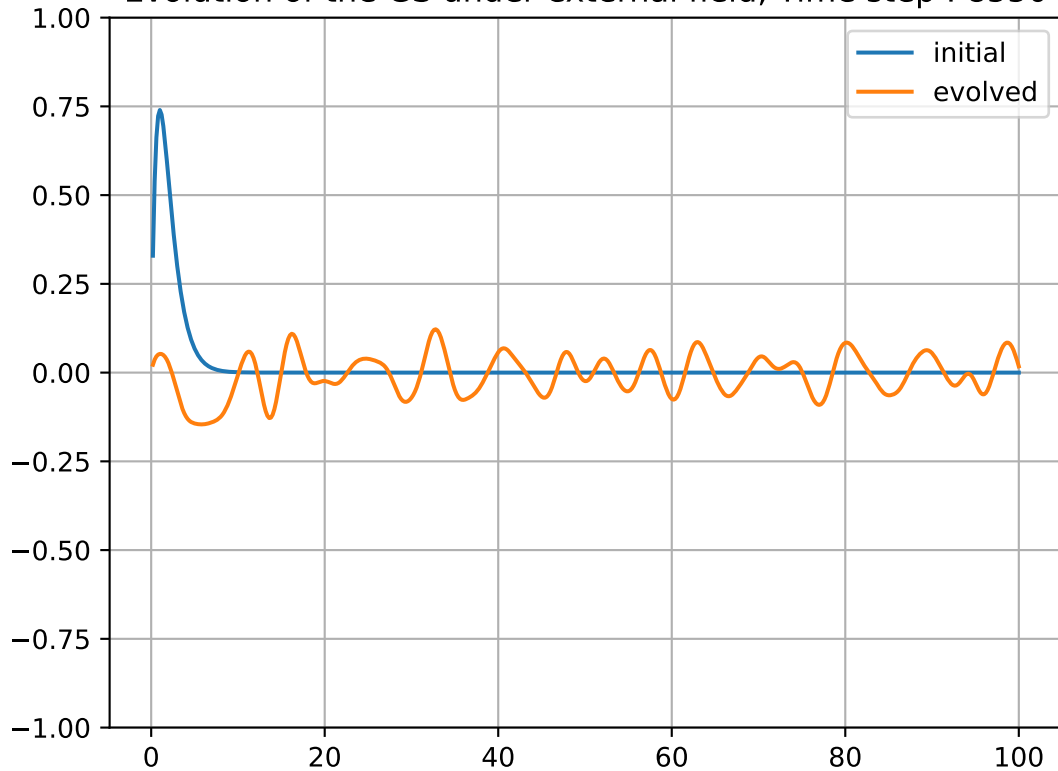

Evolution of the GS under external field, Time step : 8500

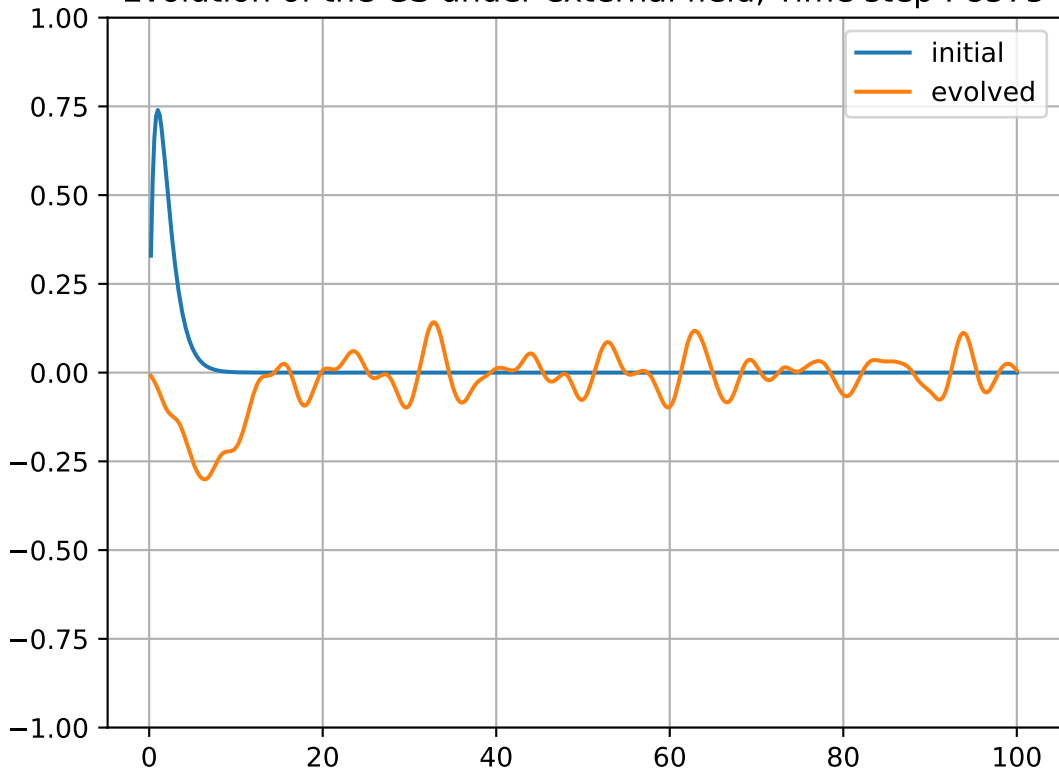

Evolution of the GS under external field, Time step : 8525

Evolution of the GS under external field, Time step : 8550

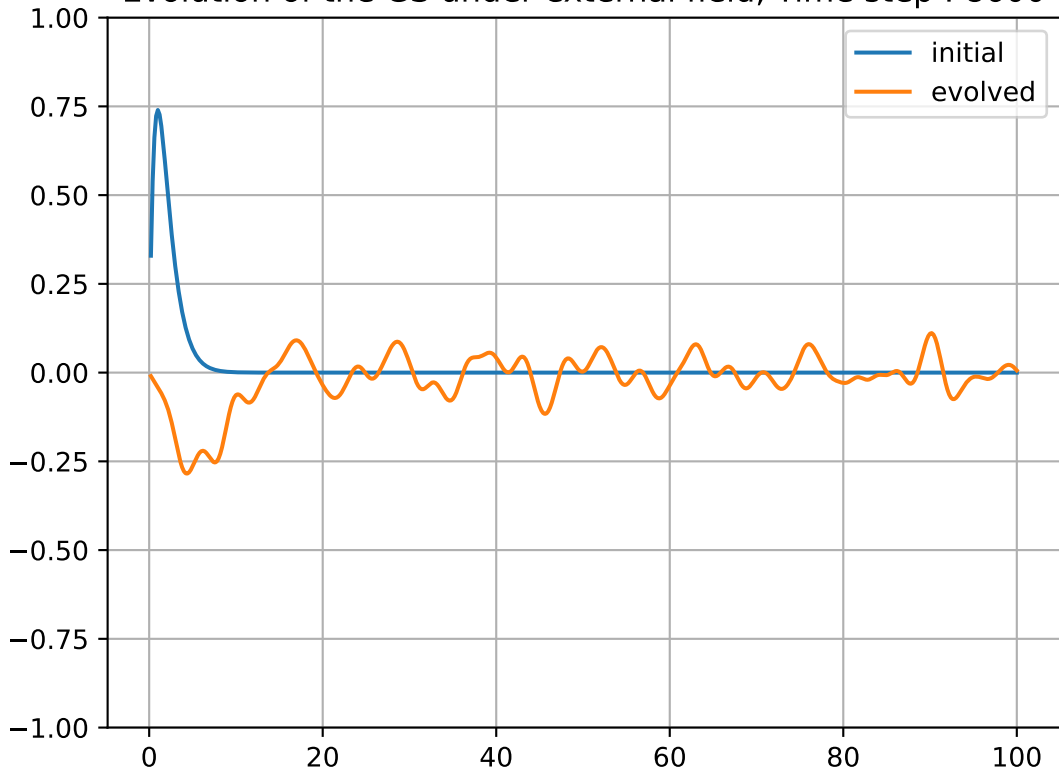

Evolution of the GS under external field, Time step : 8575

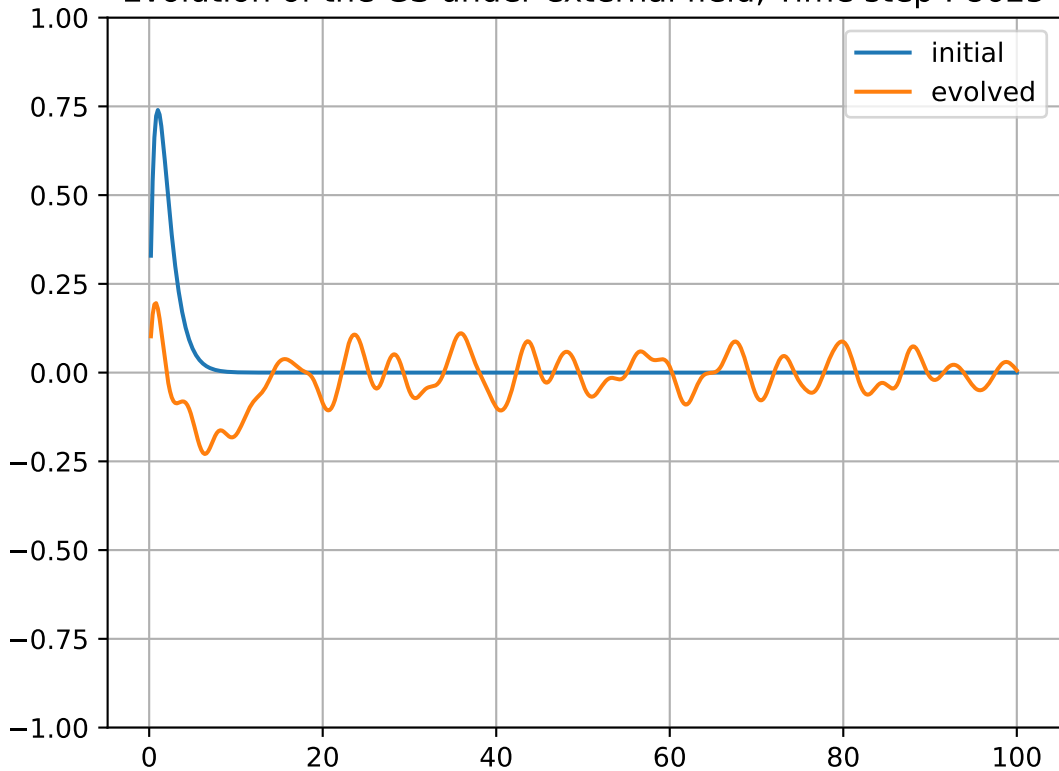

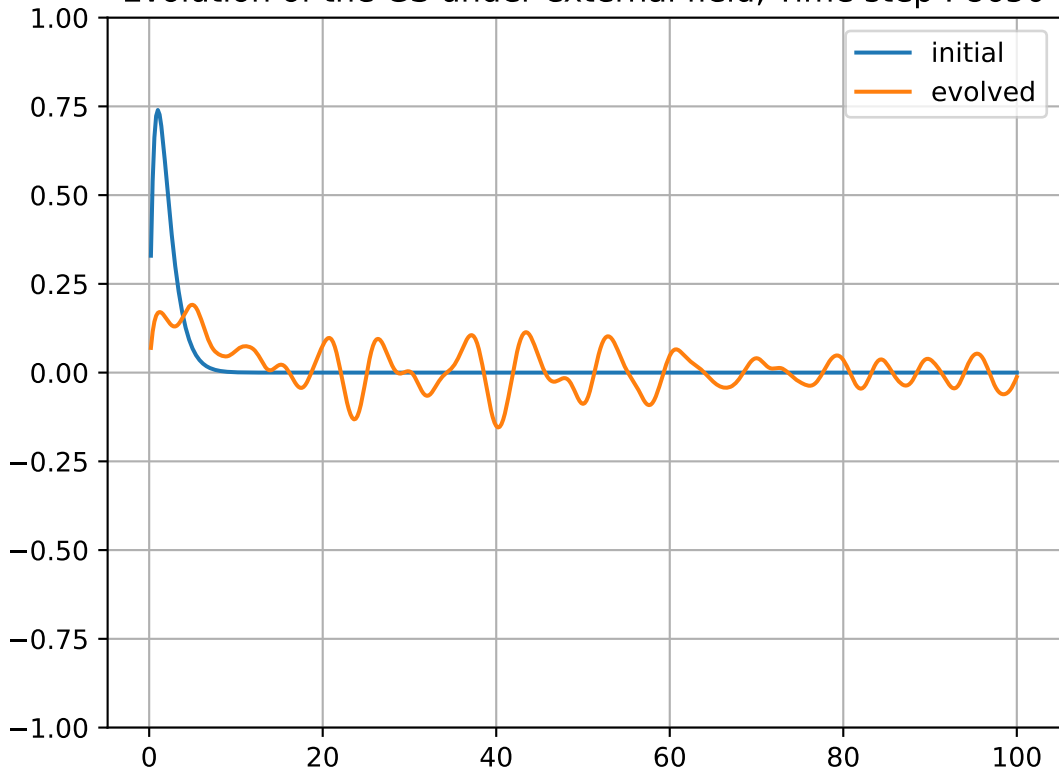

Evolution of the GS under external field, Time step : 8600

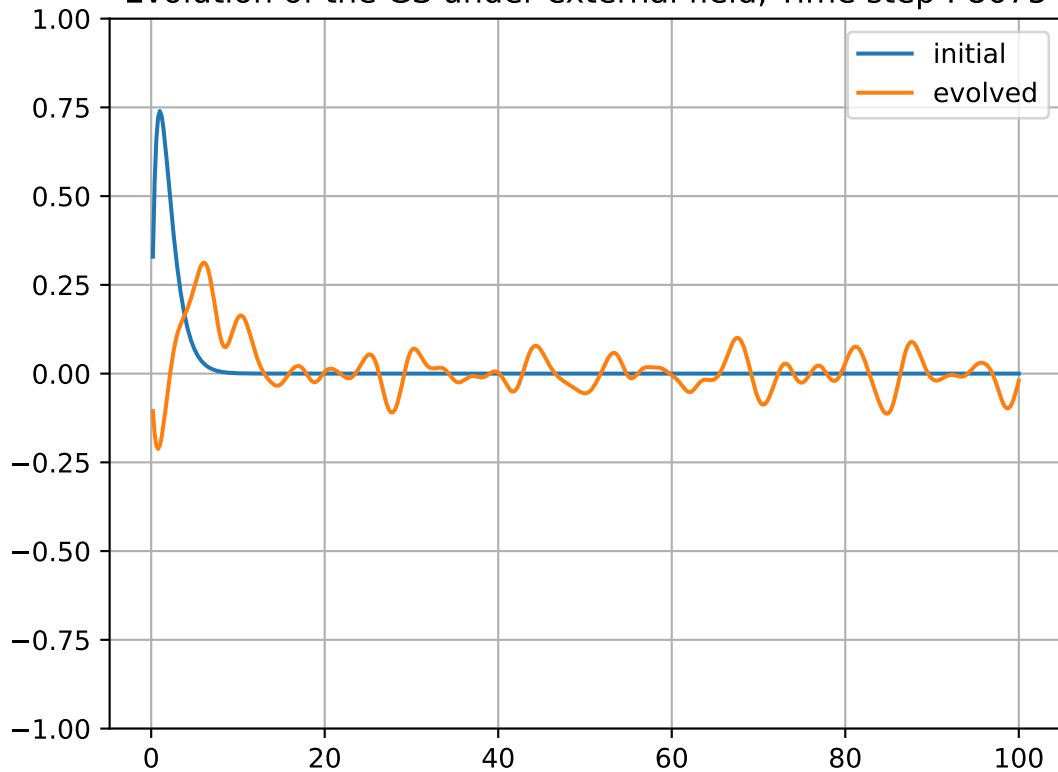

Evolution of the GS under external field, Time step : 8625

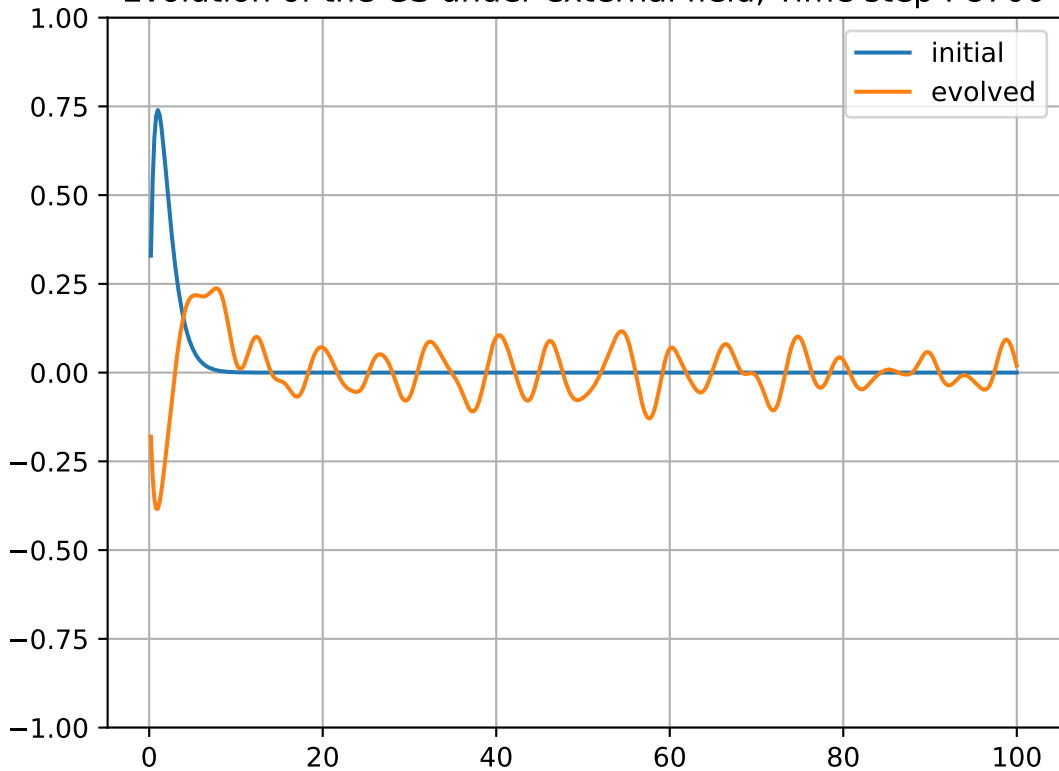

Evolution of the GS under external field, Time step : 8650

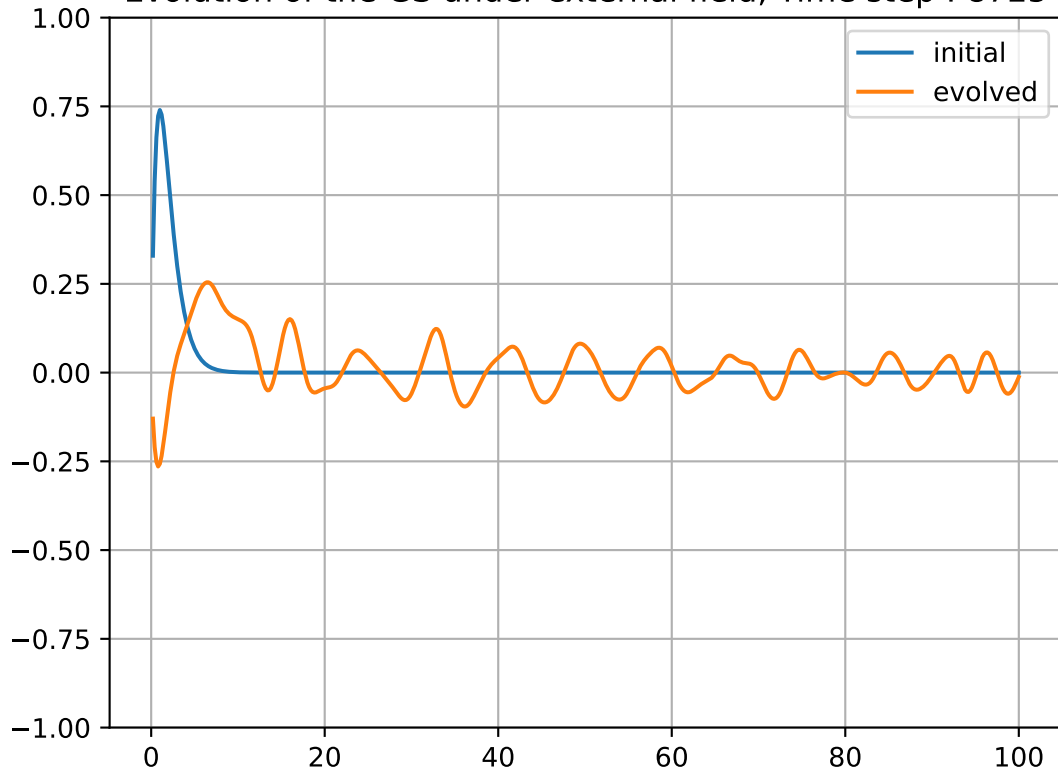

Evolution of the GS under external field, Time step : 8675

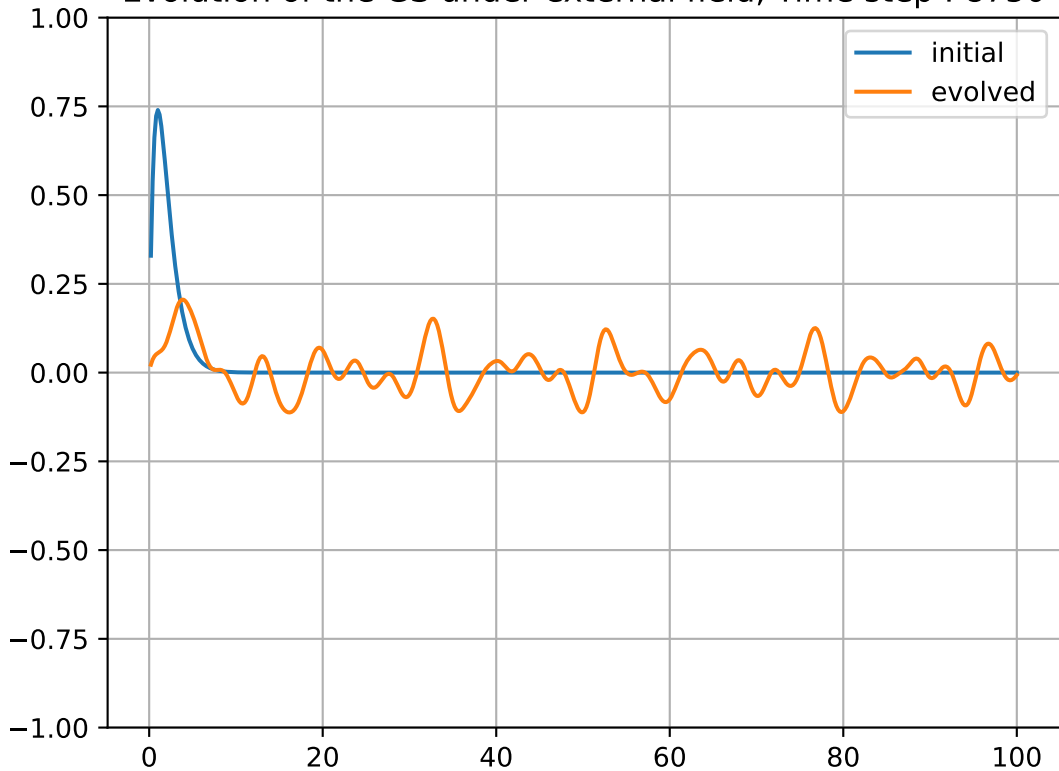

Evolution of the GS under external field, Time step : 8700

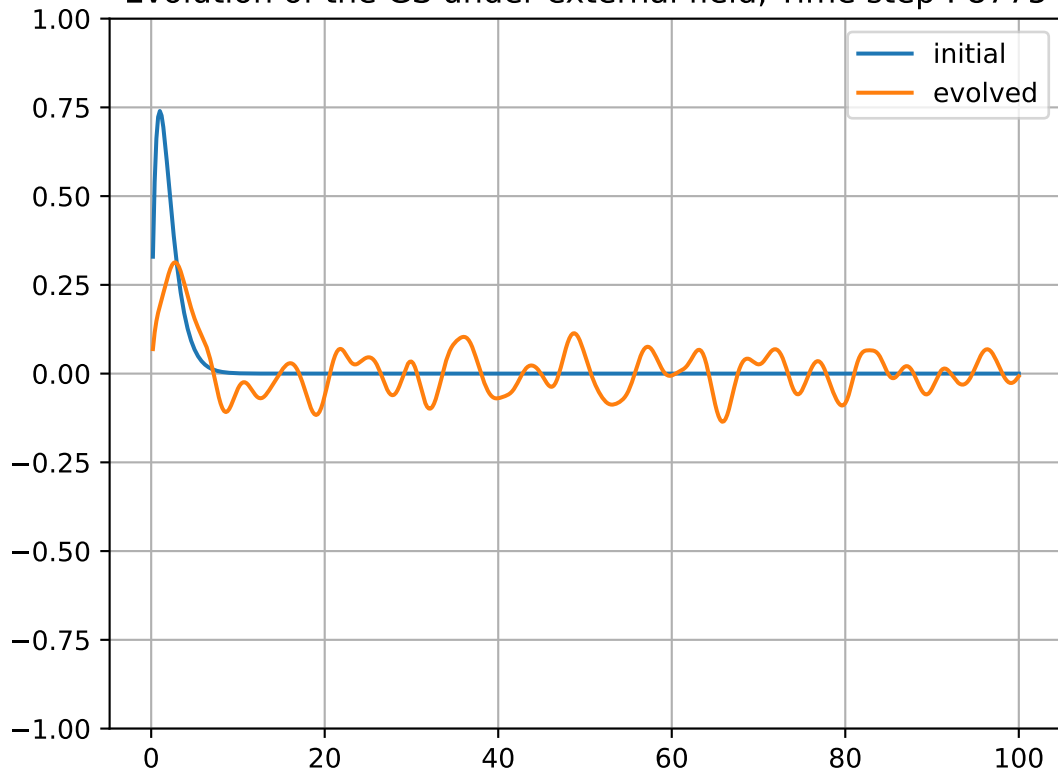

Evolution of the GS under external field, Time step : 8725

Evolution of the GS under external field, Time step : 8750

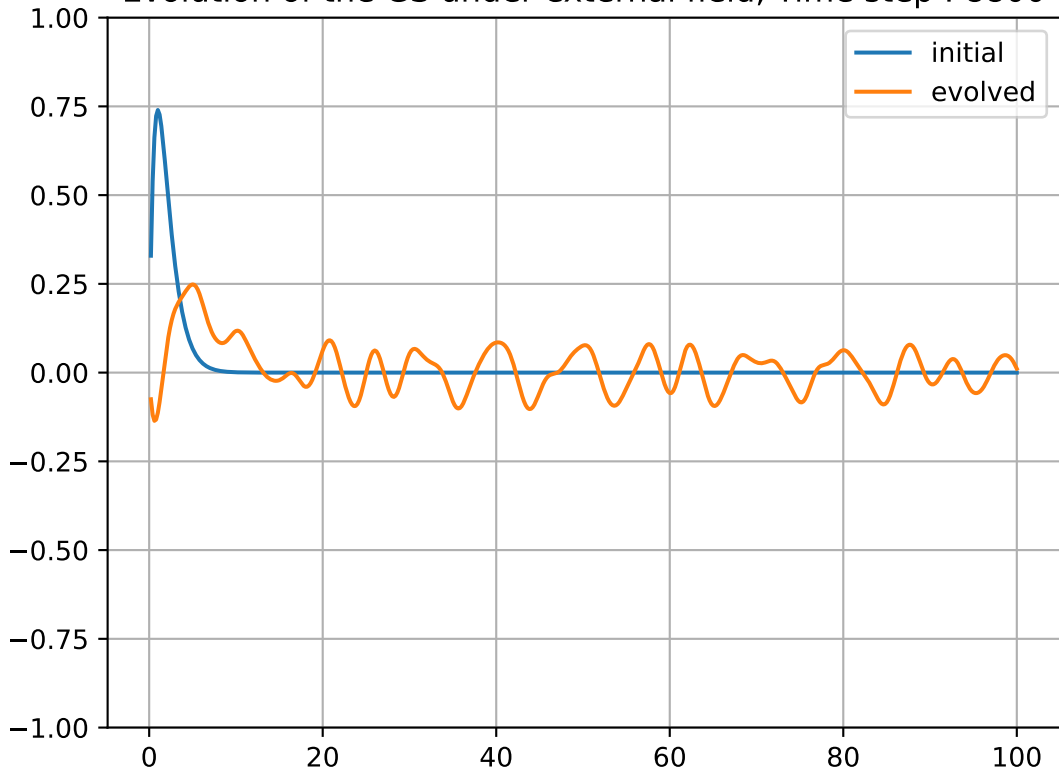

Evolution of the GS under external field, Time step : 8775

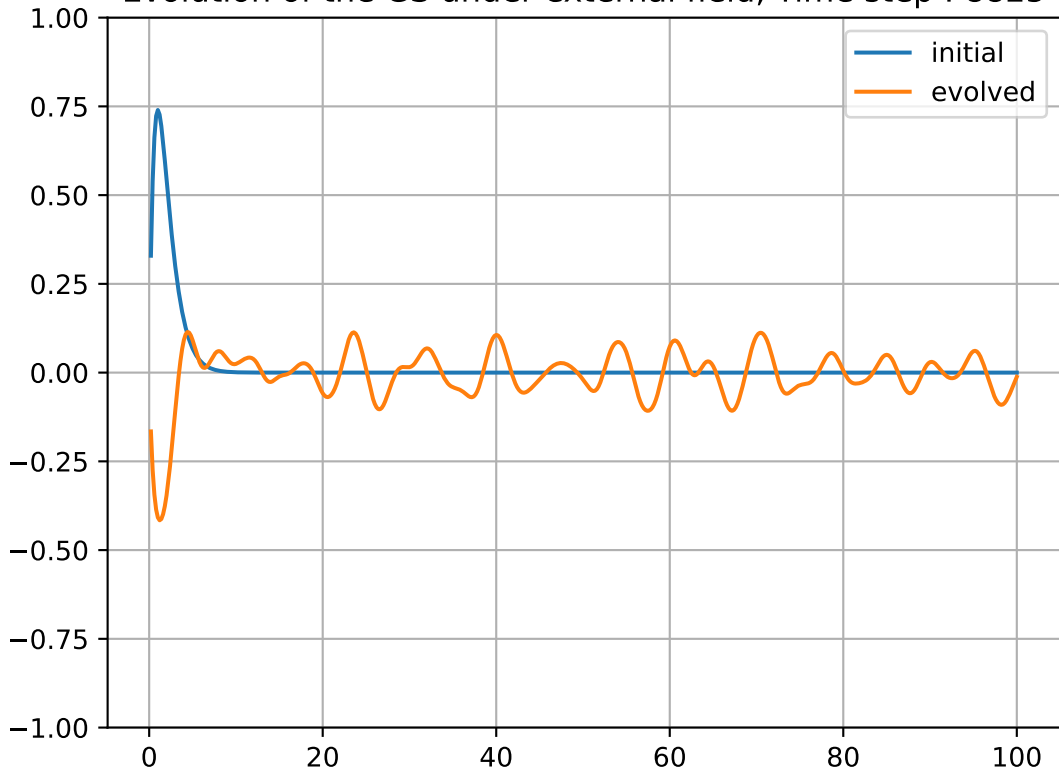

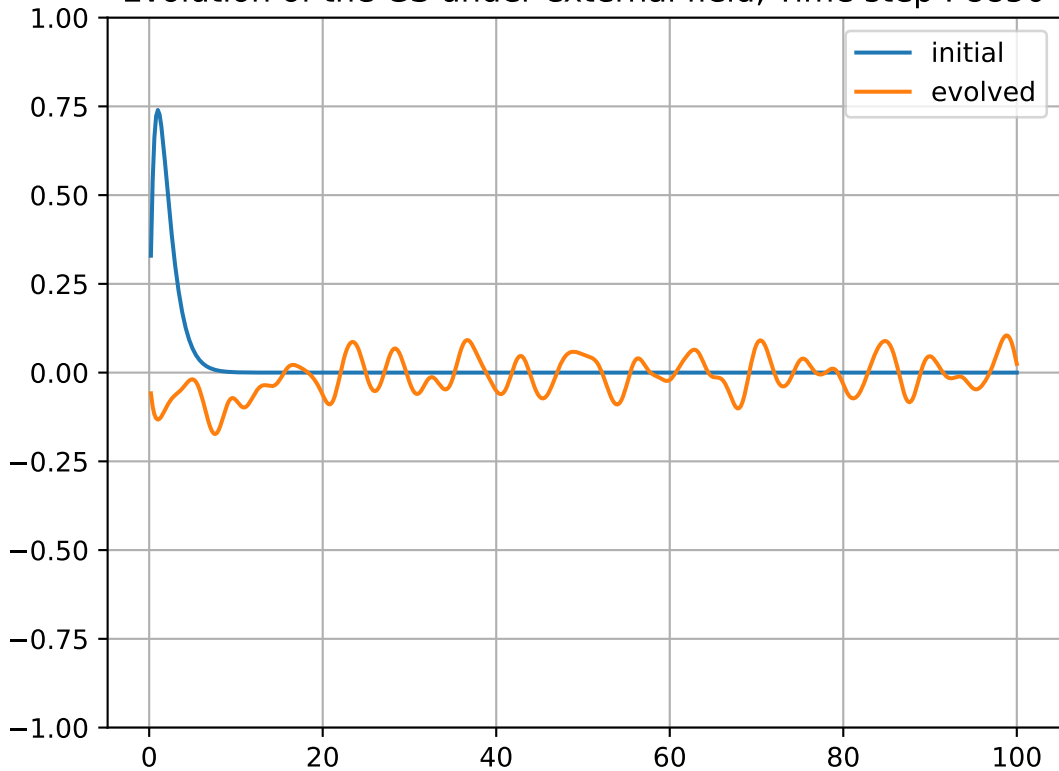

Evolution of the GS under external field, Time step : 8800

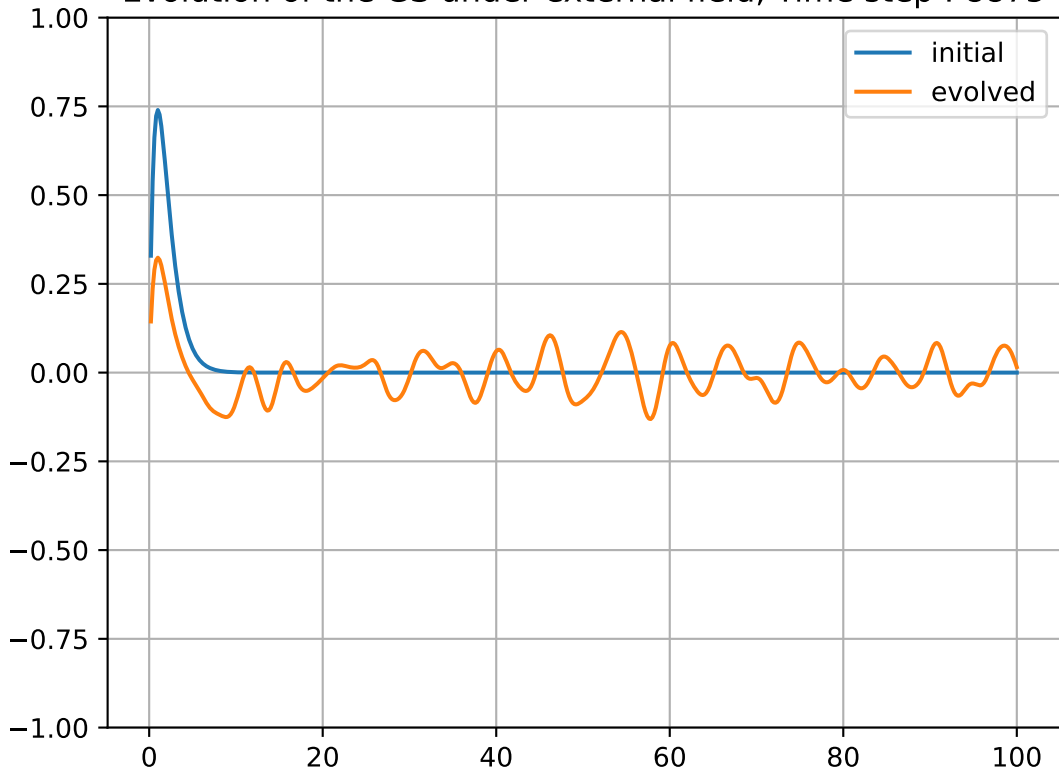

Evolution of the GS under external field, Time step : 8825

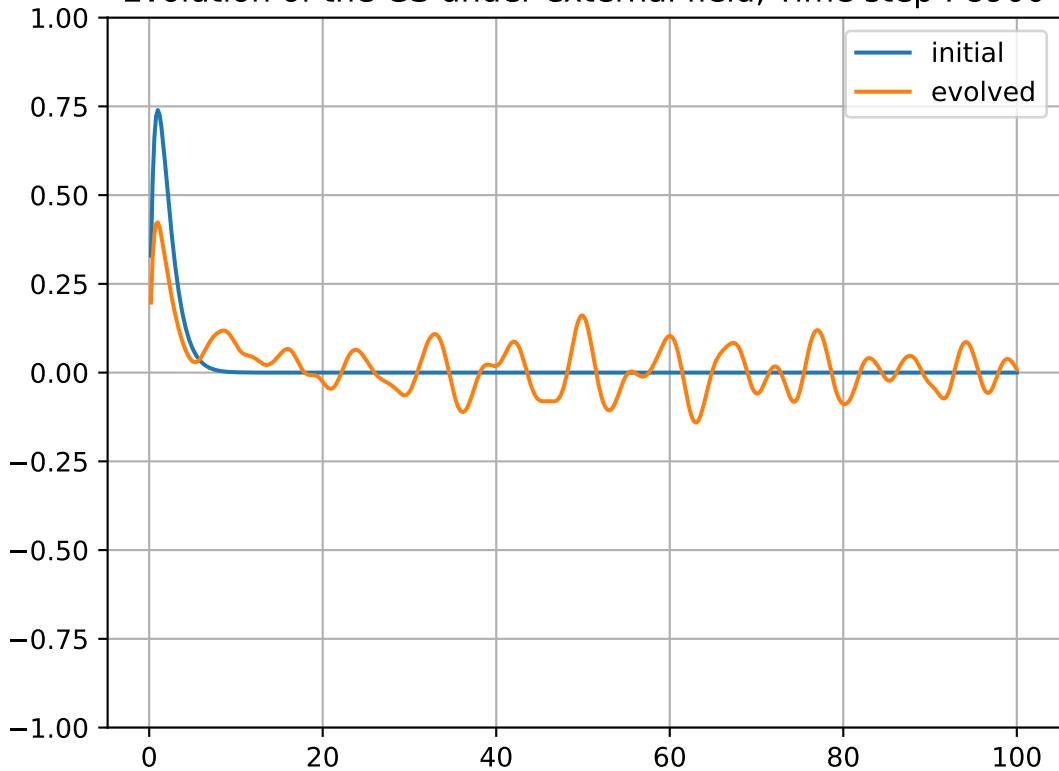

Evolution of the GS under external field, Time step : 8850

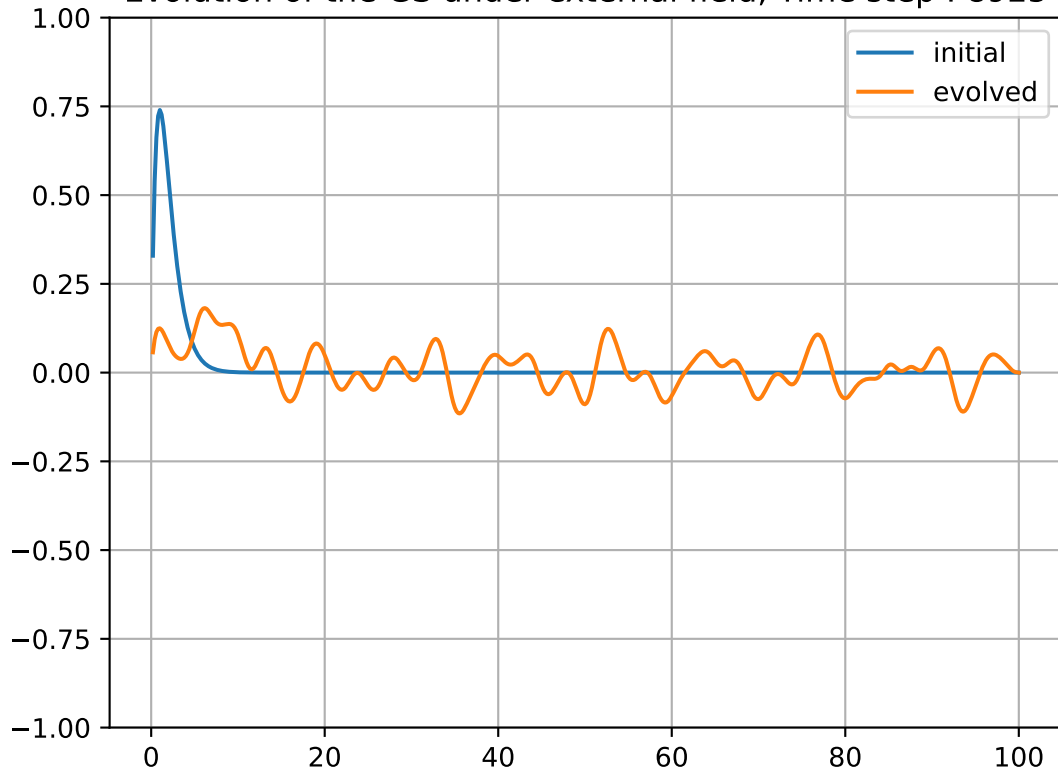

Evolution of the GS under external field, Time step : 8875

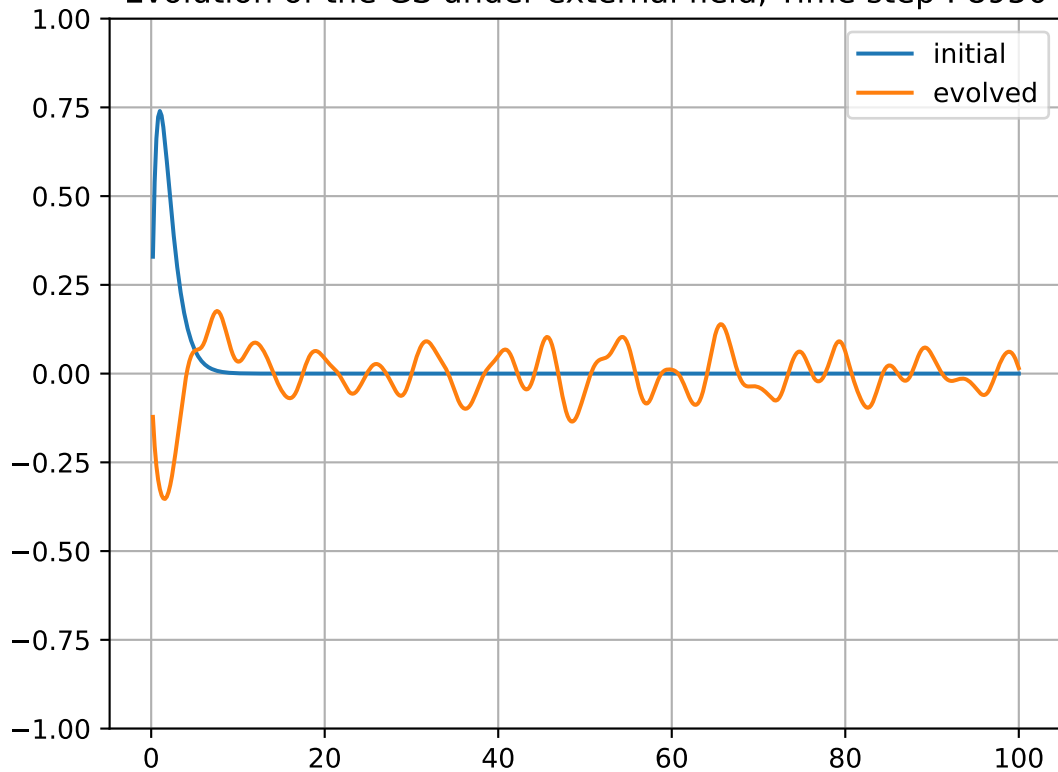

Evolution of the GS under external field, Time step : 8900

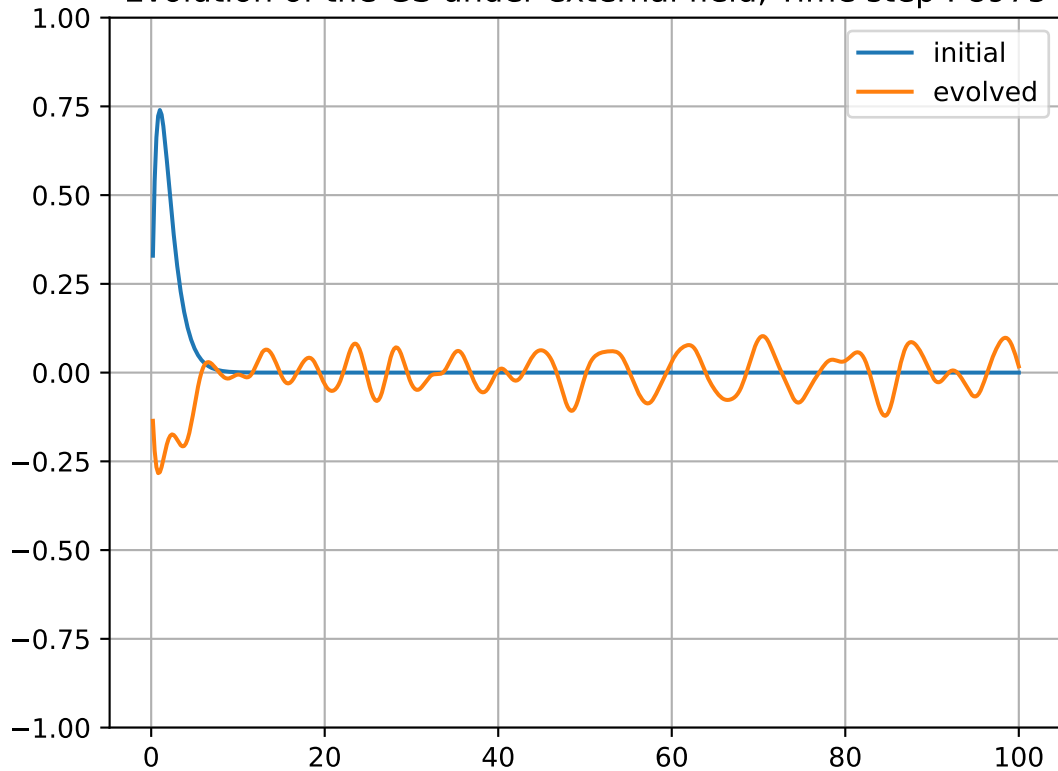

Evolution of the GS under external field, Time step : 8925

Evolution of the GS under external field, Time step : 8950

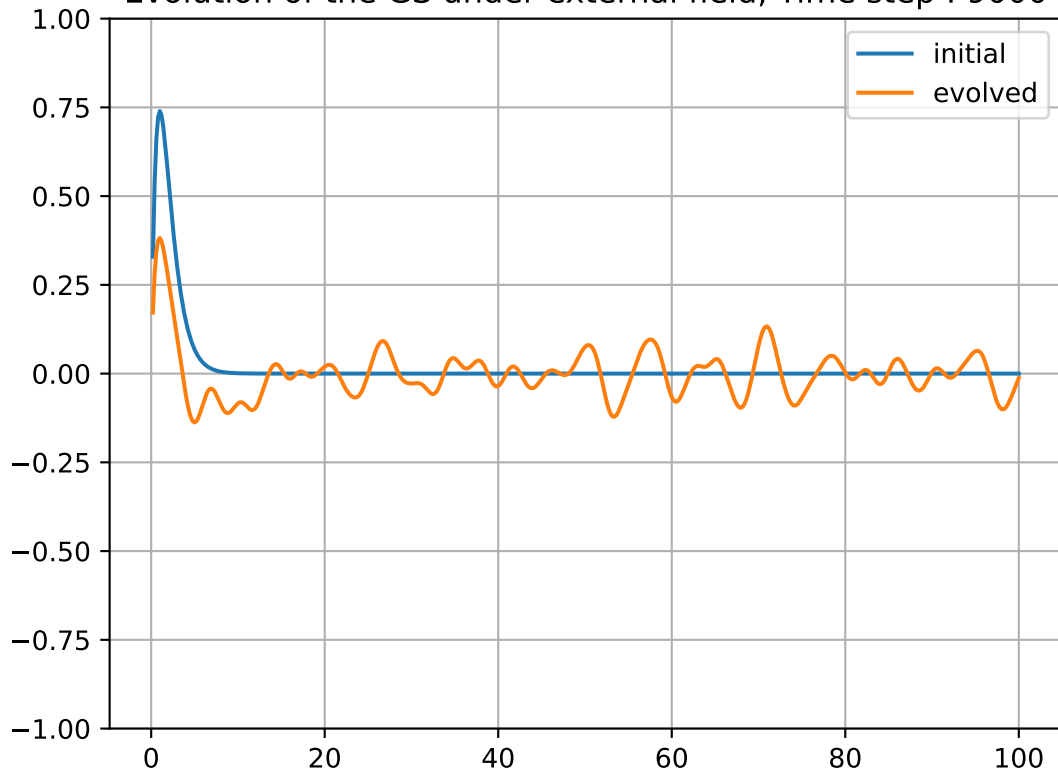

Evolution of the GS under external field, Time step : 8975

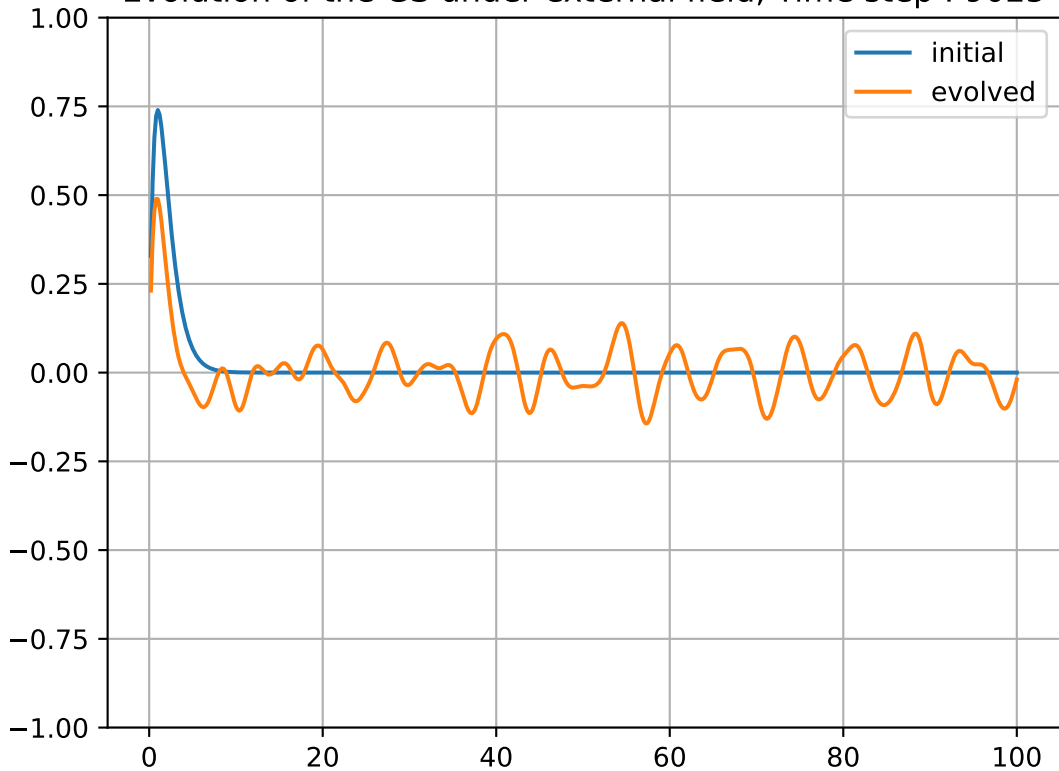

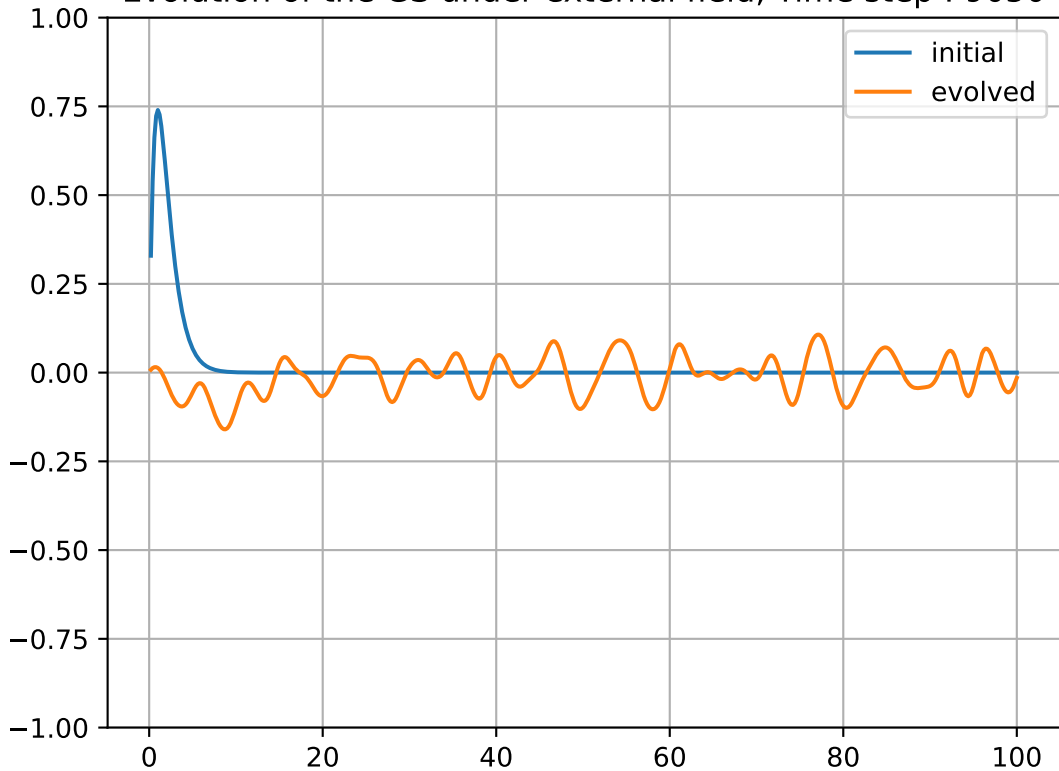

Evolution of the GS under external field, Time step : 9000

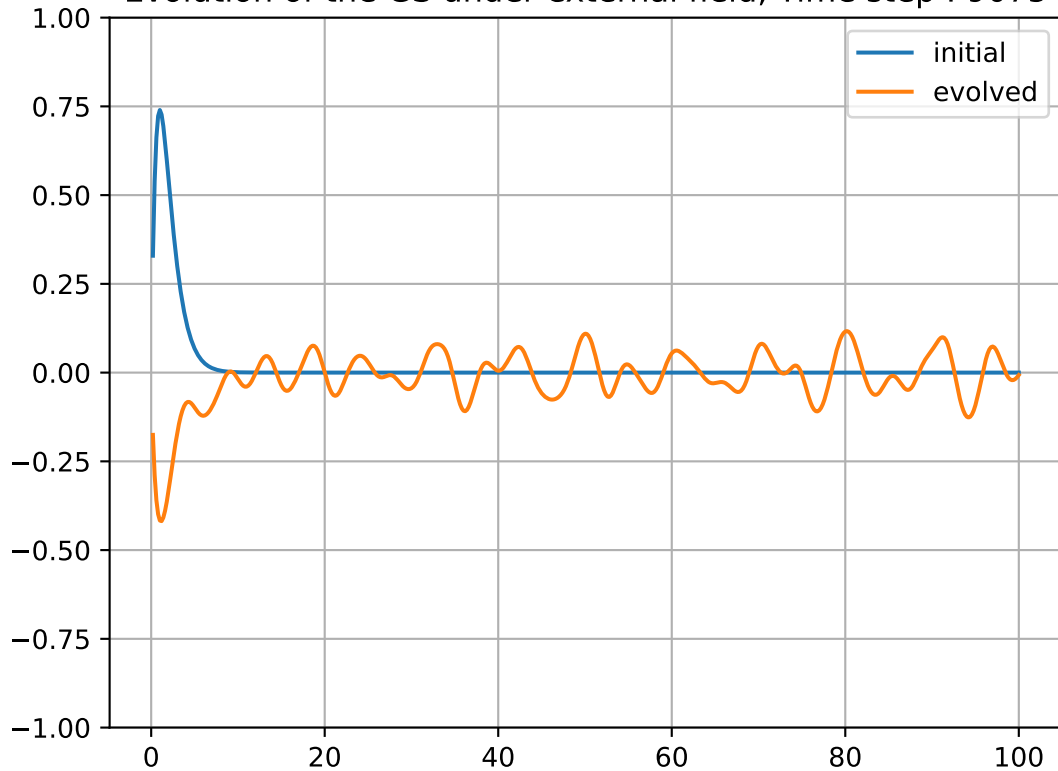

Evolution of the GS under external field, Time step : 9025

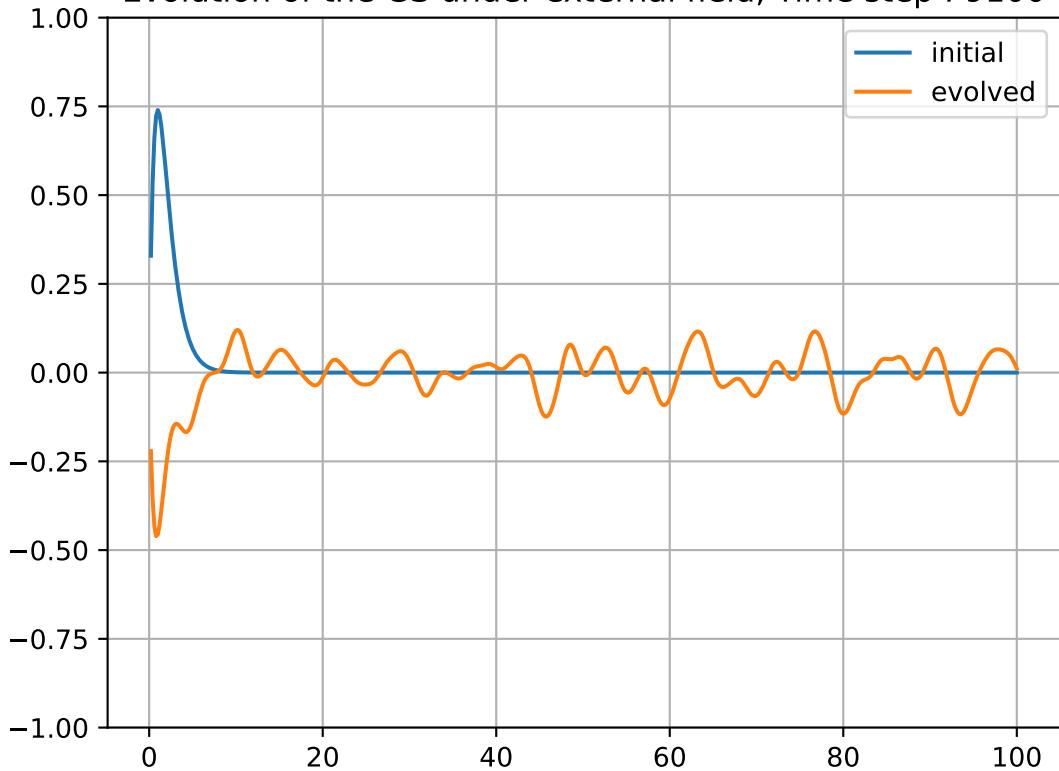

Evolution of the GS under external field, Time step : 9050

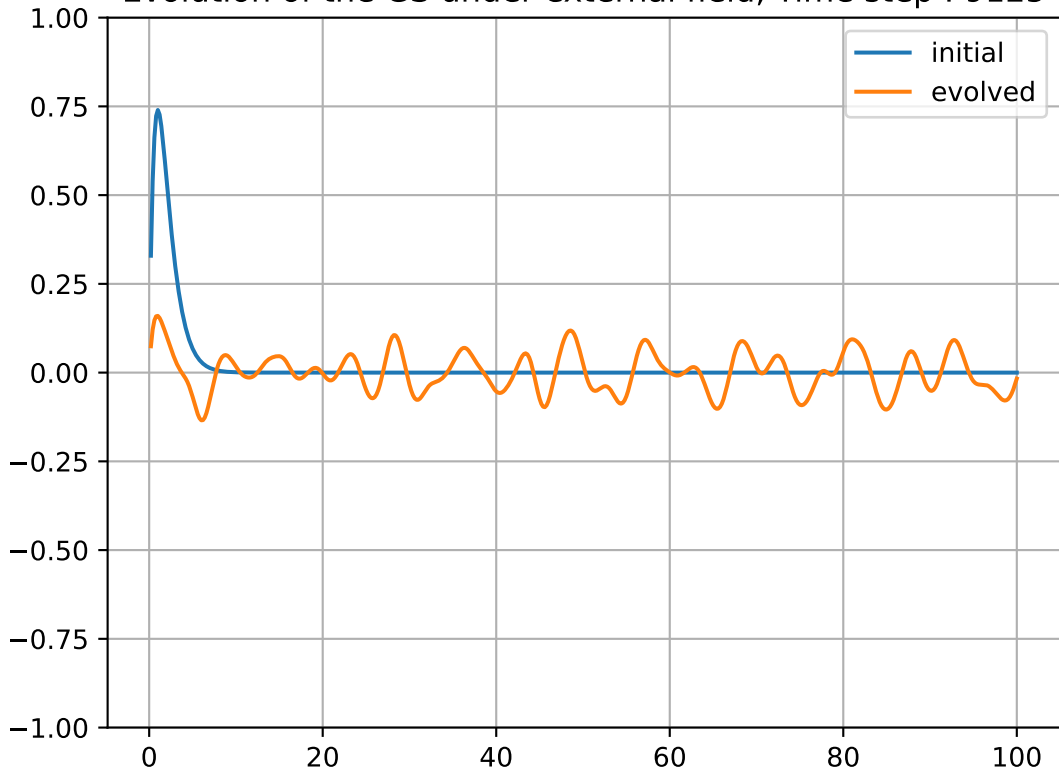

Evolution of the GS under external field, Time step : 9075

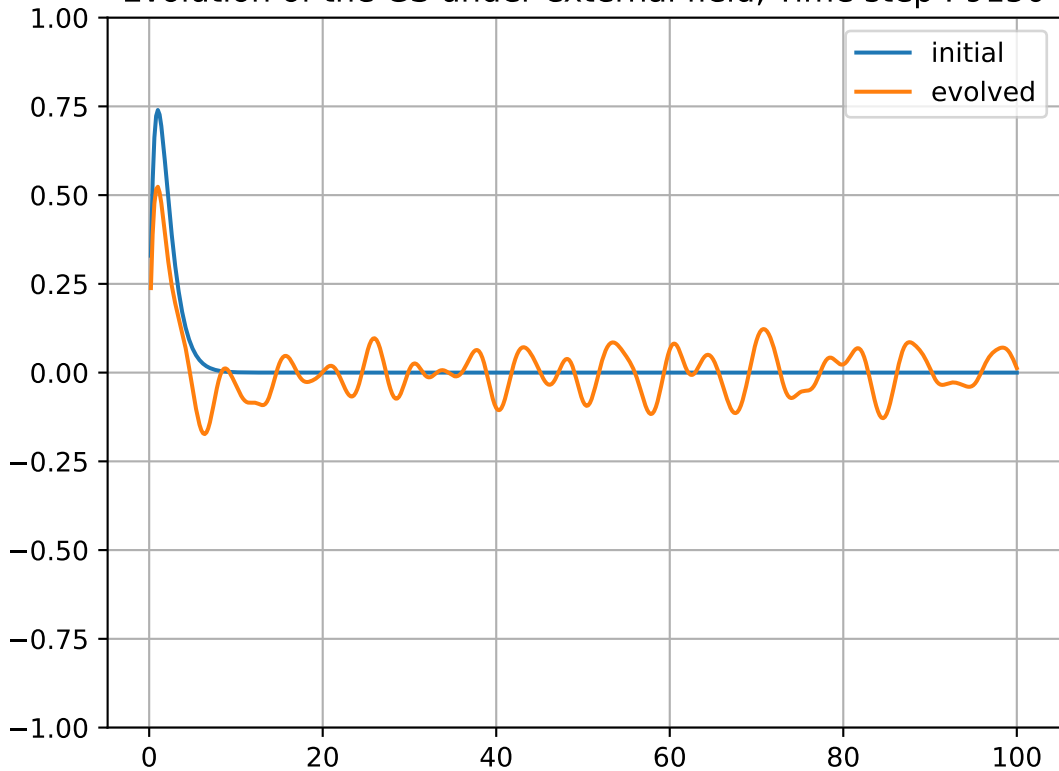

Evolution of the GS under external field, Time step : 9100

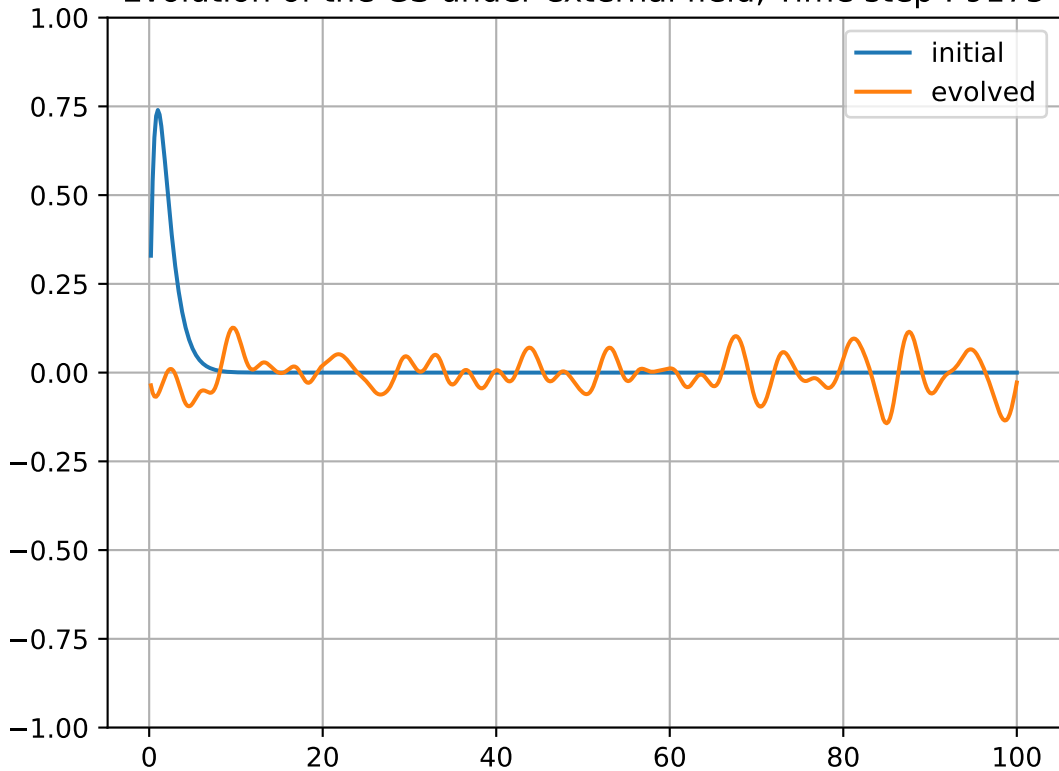

Evolution of the GS under external field, Time step : 9125

Evolution of the GS under external field, Time step : 9150

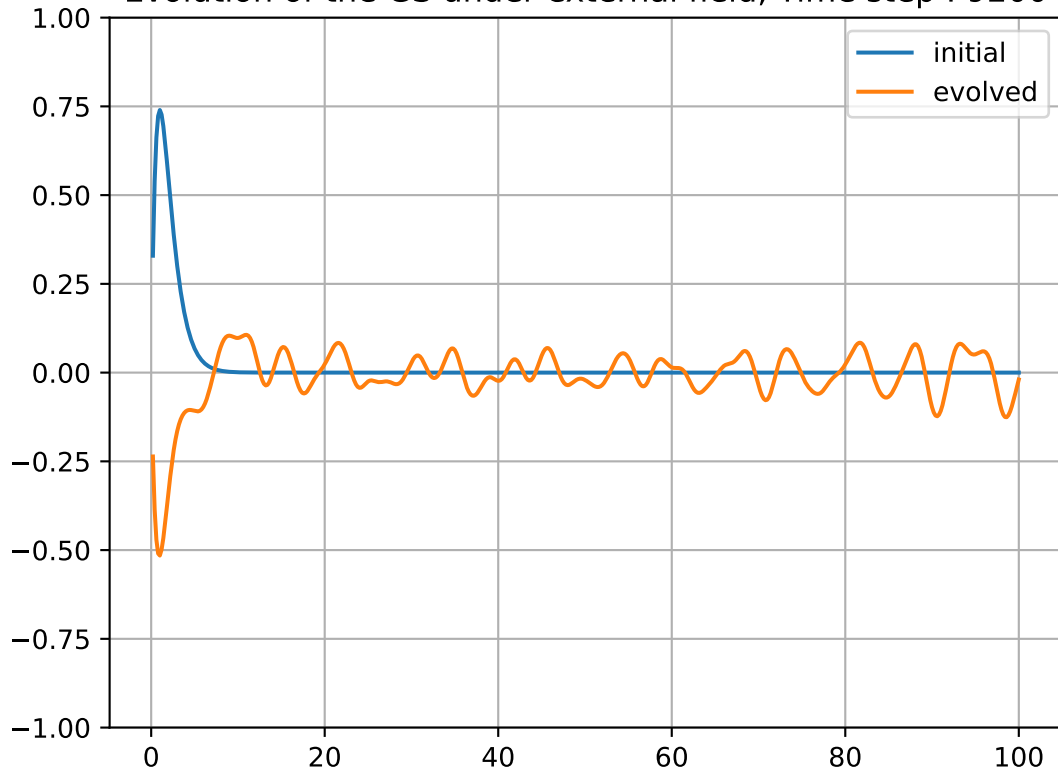

Evolution of the GS under external field, Time step : 9175

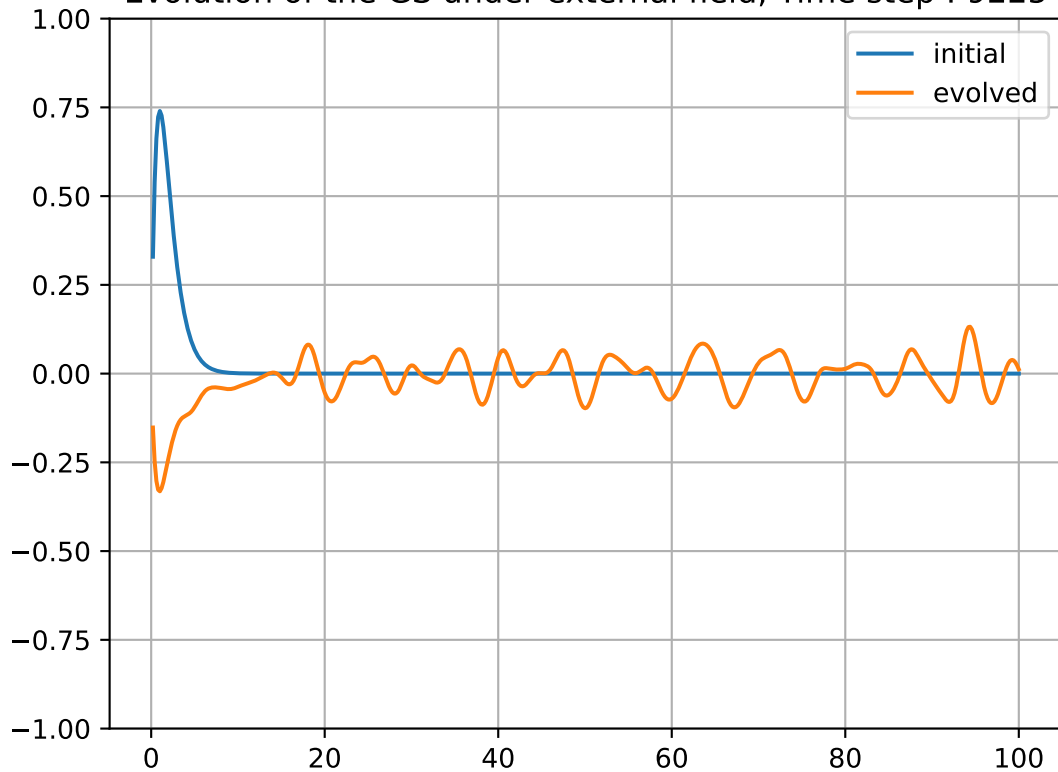

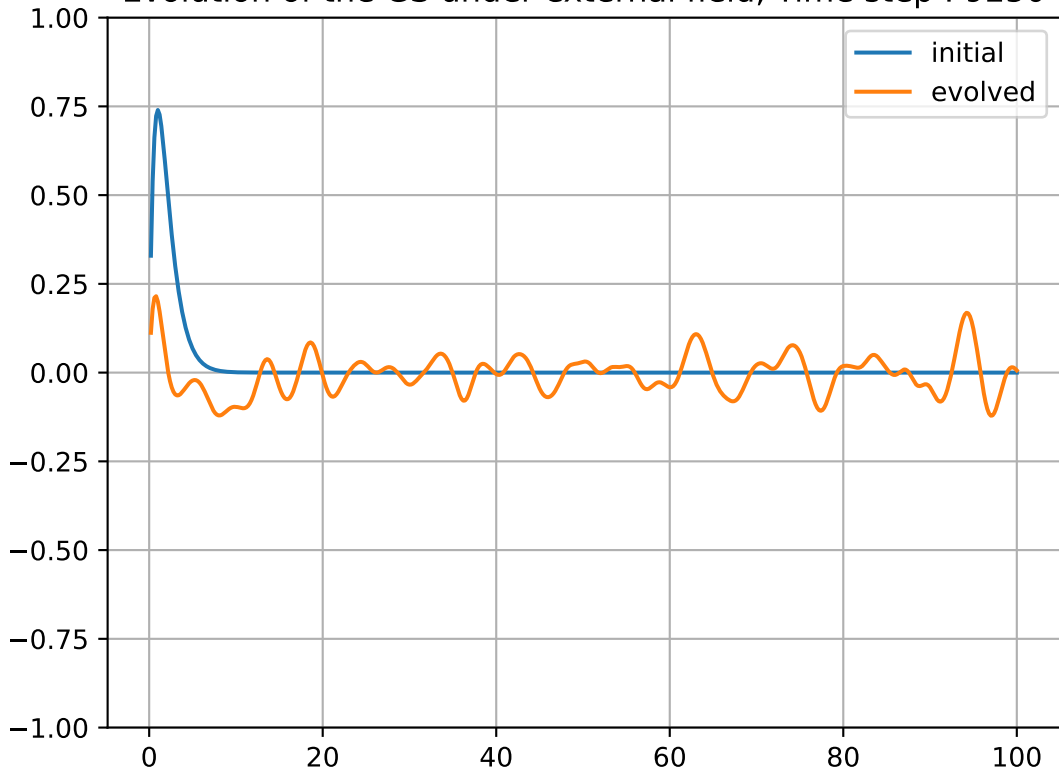

Evolution of the GS under external field, Time step : 9200

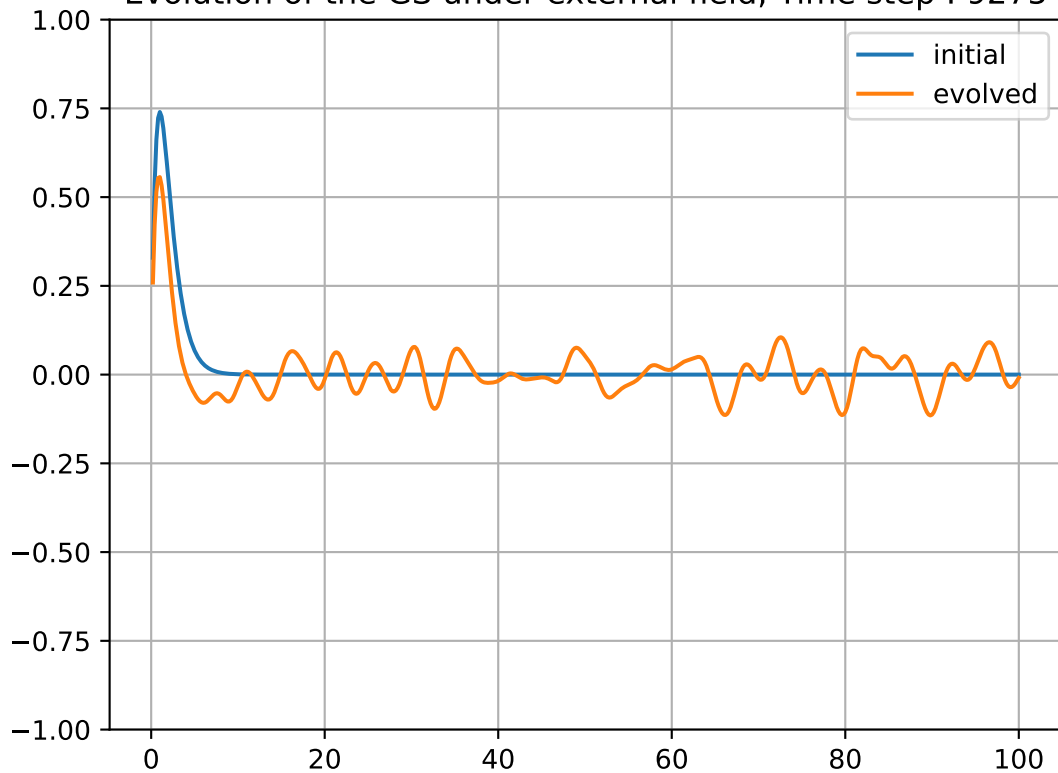

Evolution of the GS under external field, Time step : 9225

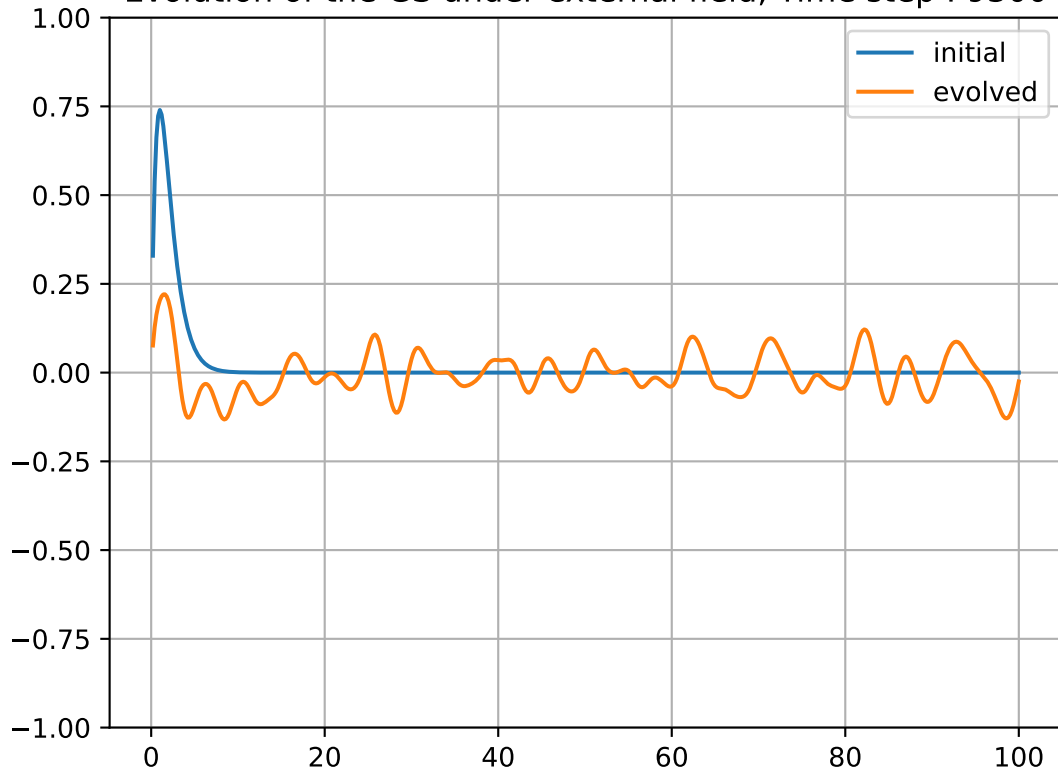

Evolution of the GS under external field, Time step : 9250

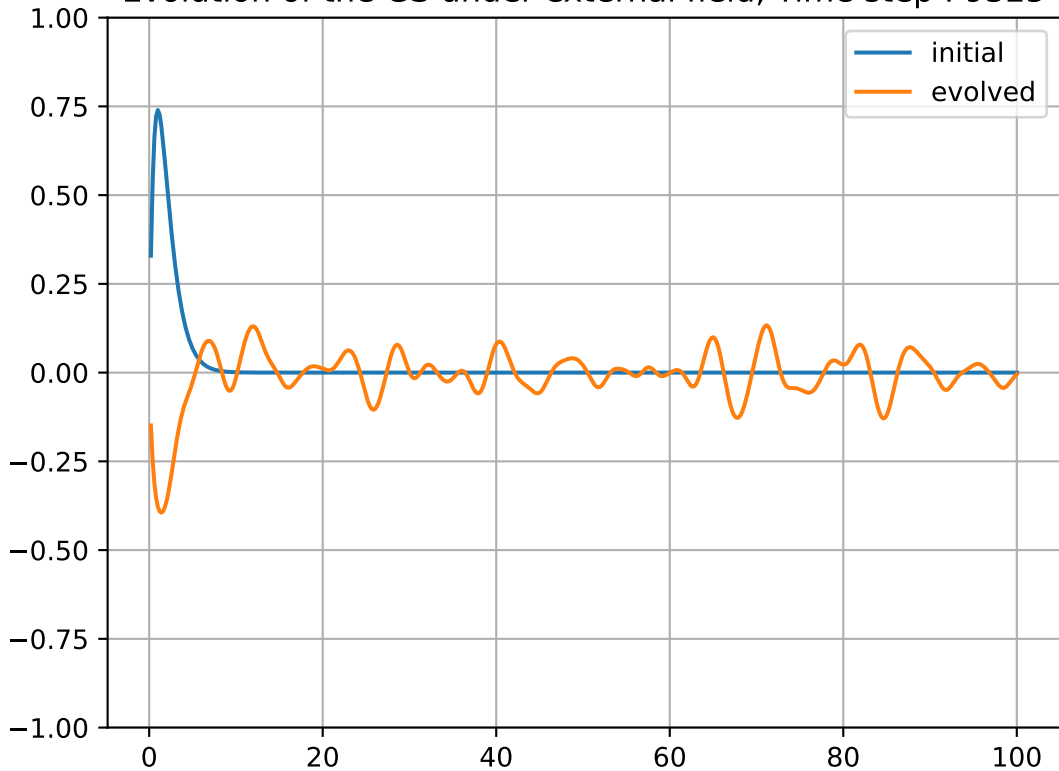

Evolution of the GS under external field, Time step : 9275

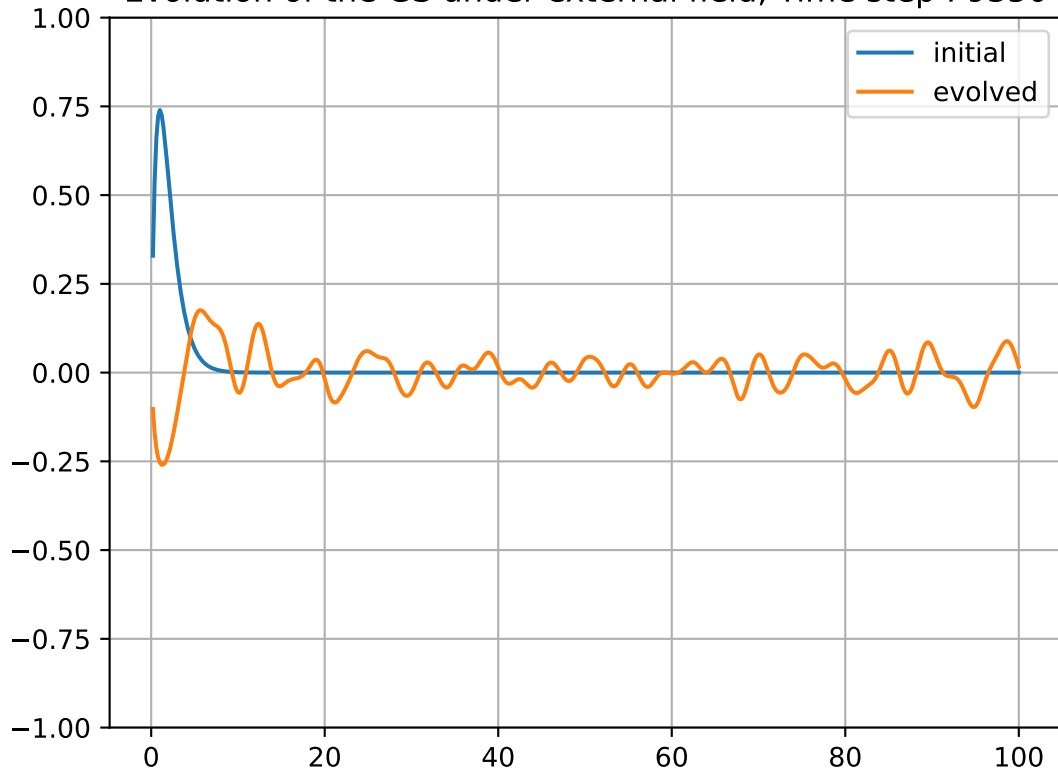

Evolution of the GS under external field, Time step : 9300

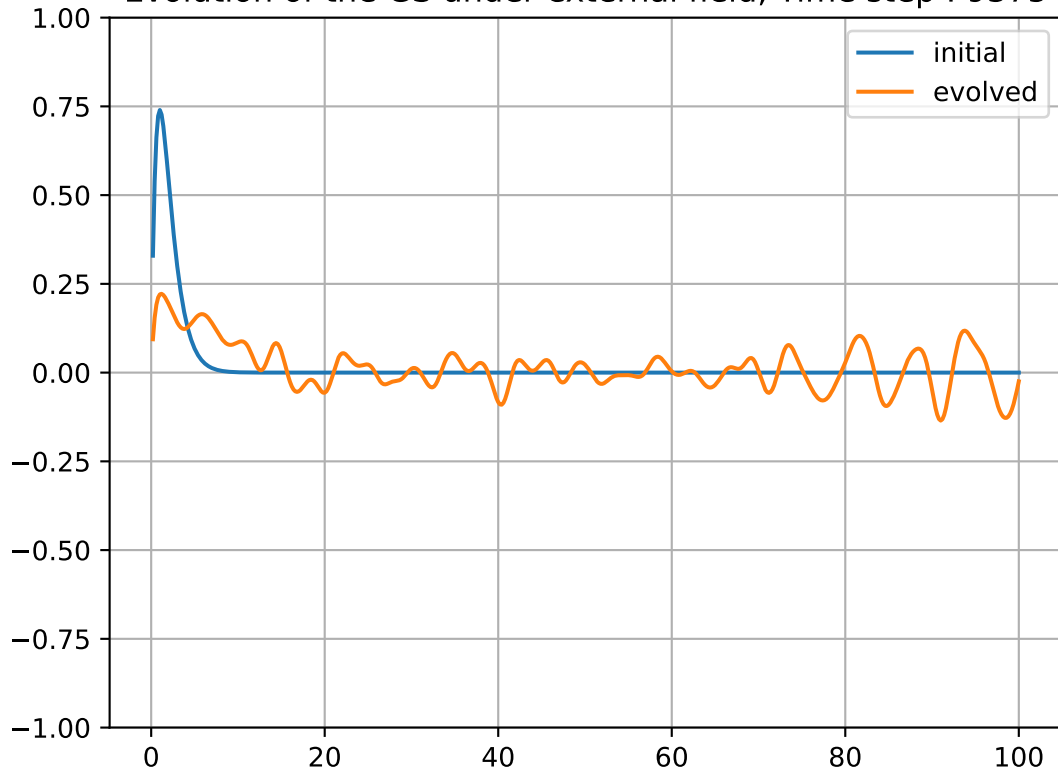

Evolution of the GS under external field, Time step : 9325

Evolution of the GS under external field, Time step : 9350

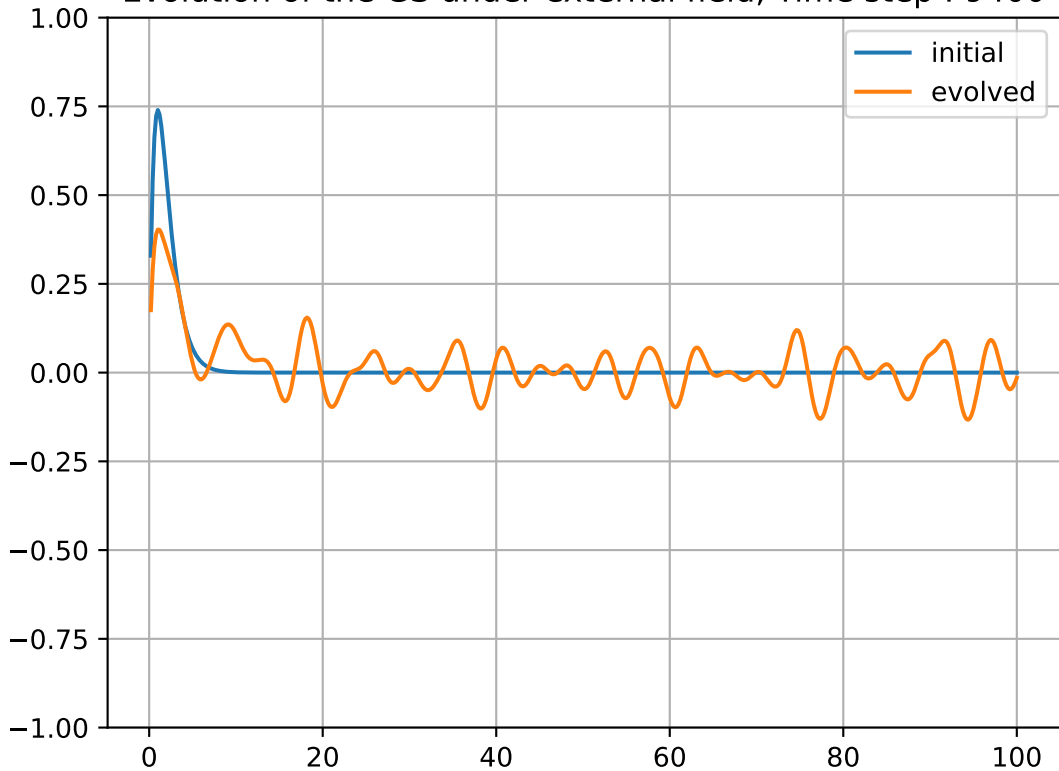

Evolution of the GS under external field, Time step : 9375

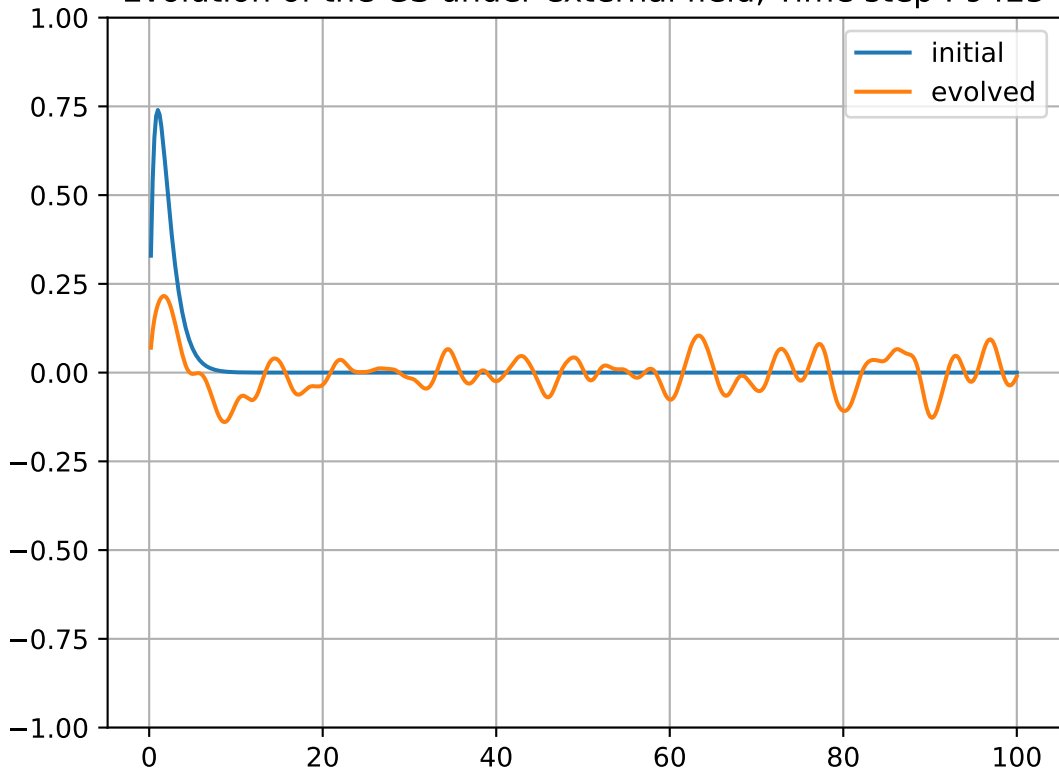

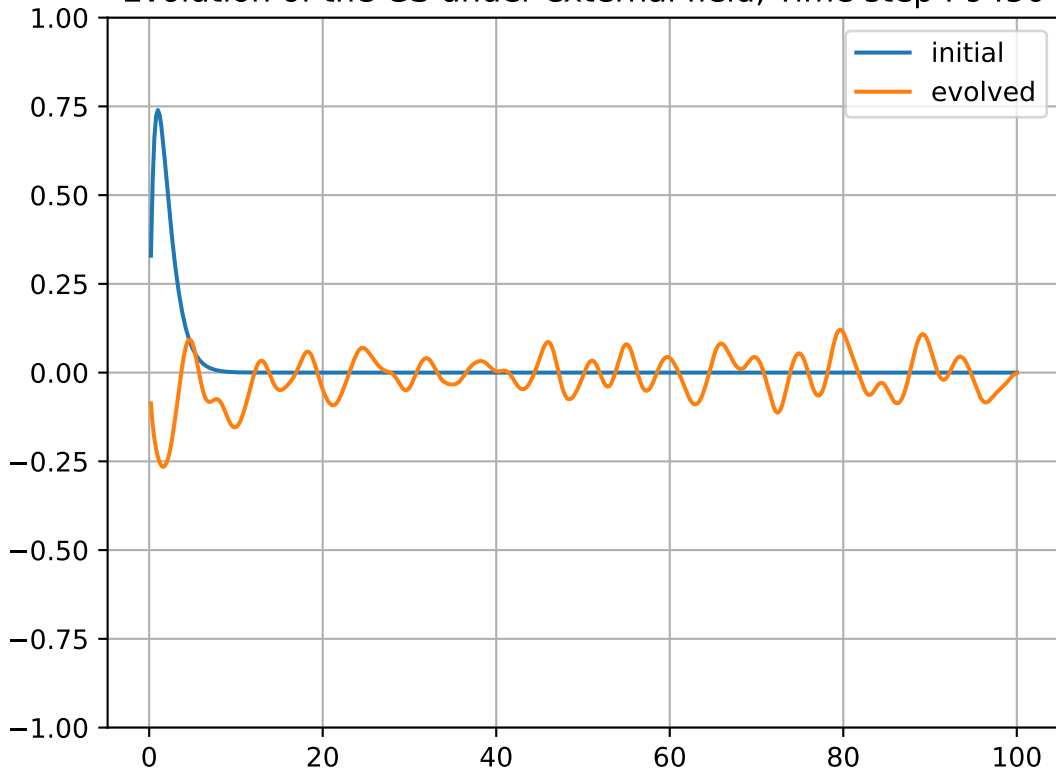

Evolution of the GS under external field, Time step : 9400

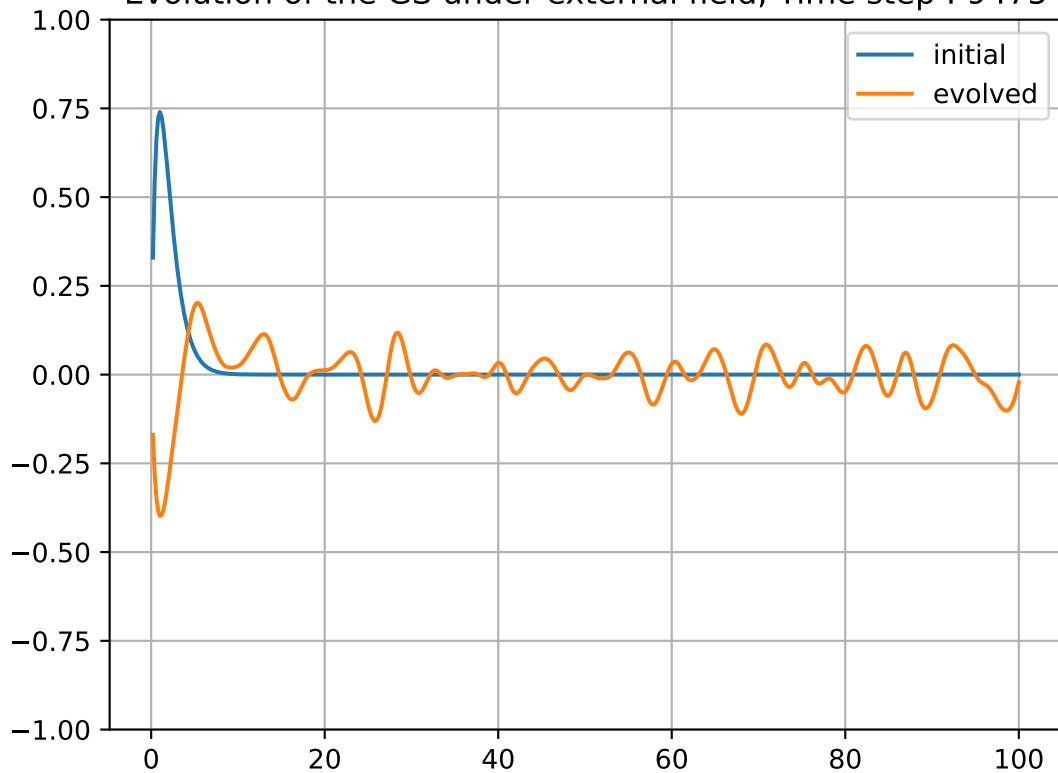

Evolution of the GS under external field, Time step : 9425

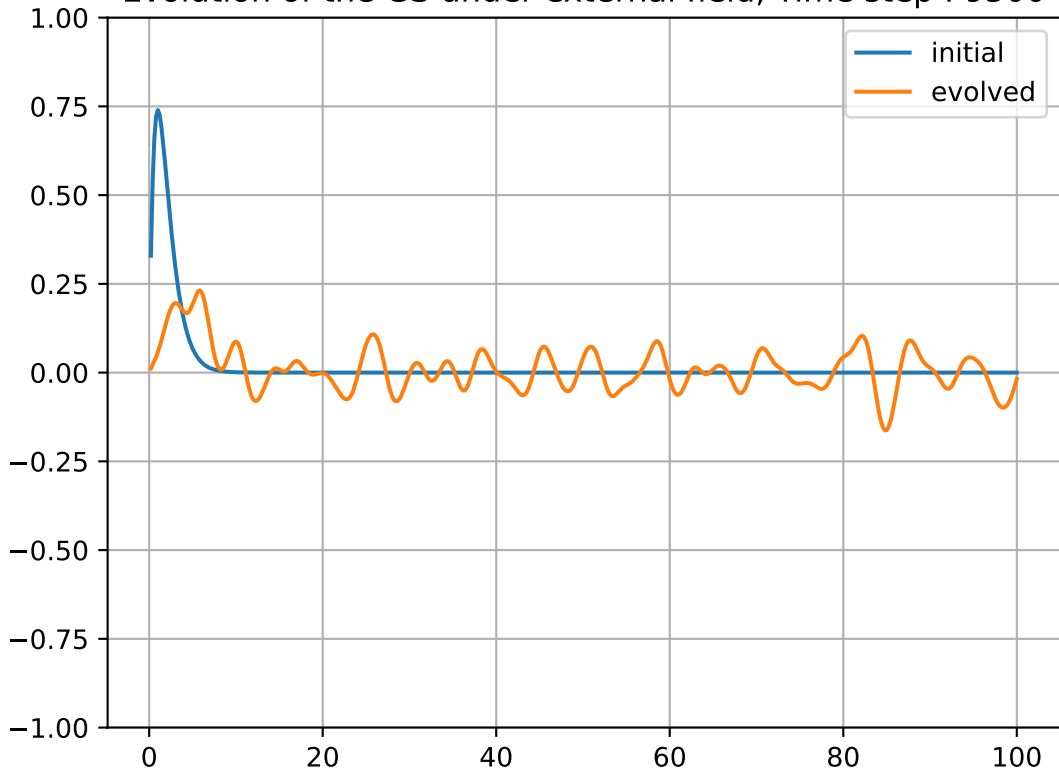

Evolution of the GS under external field, Time step : 9450

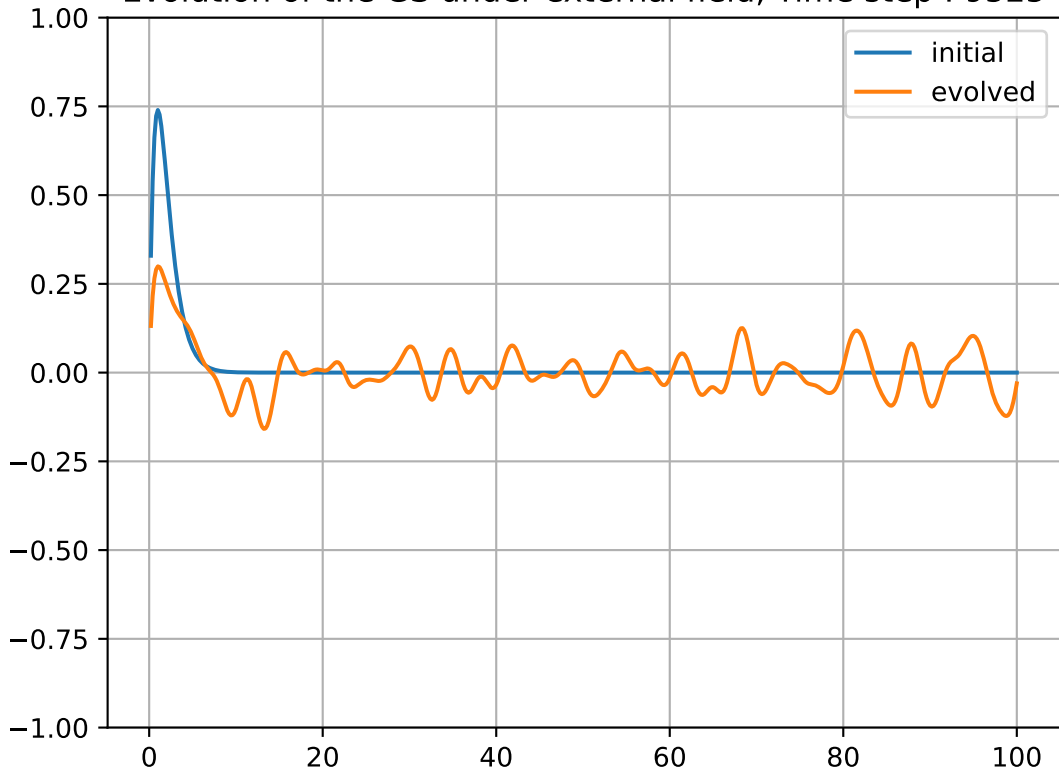

Evolution of the GS under external field, Time step : 9475

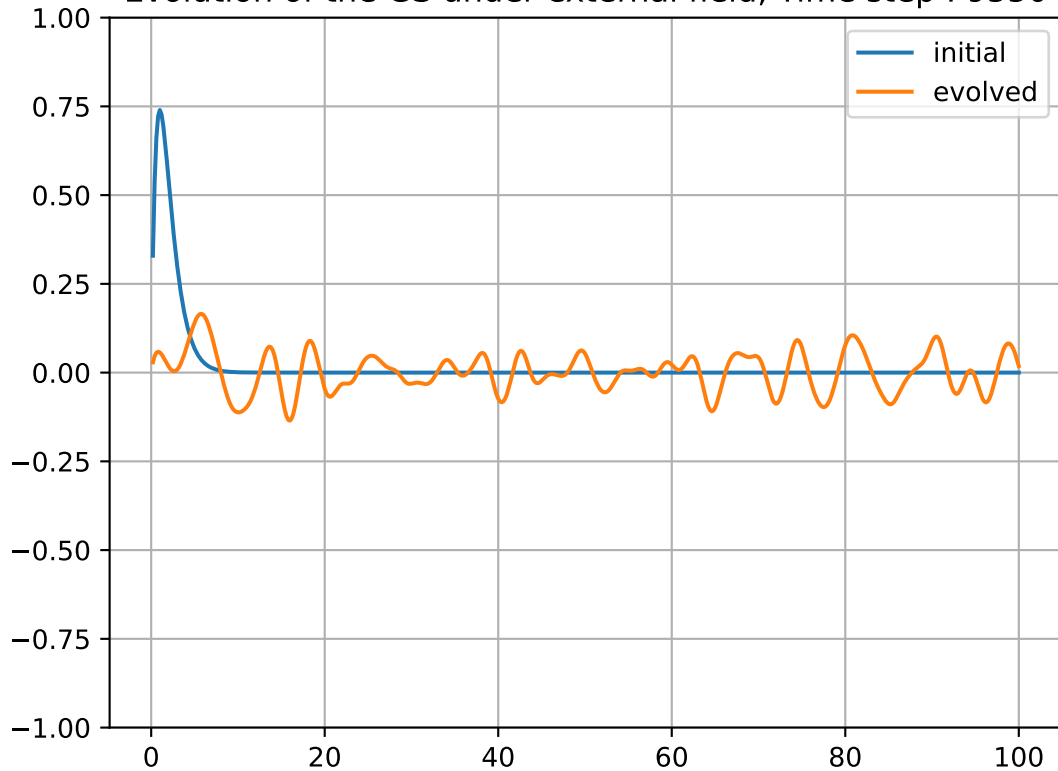

Evolution of the GS under external field, Time step : 9500

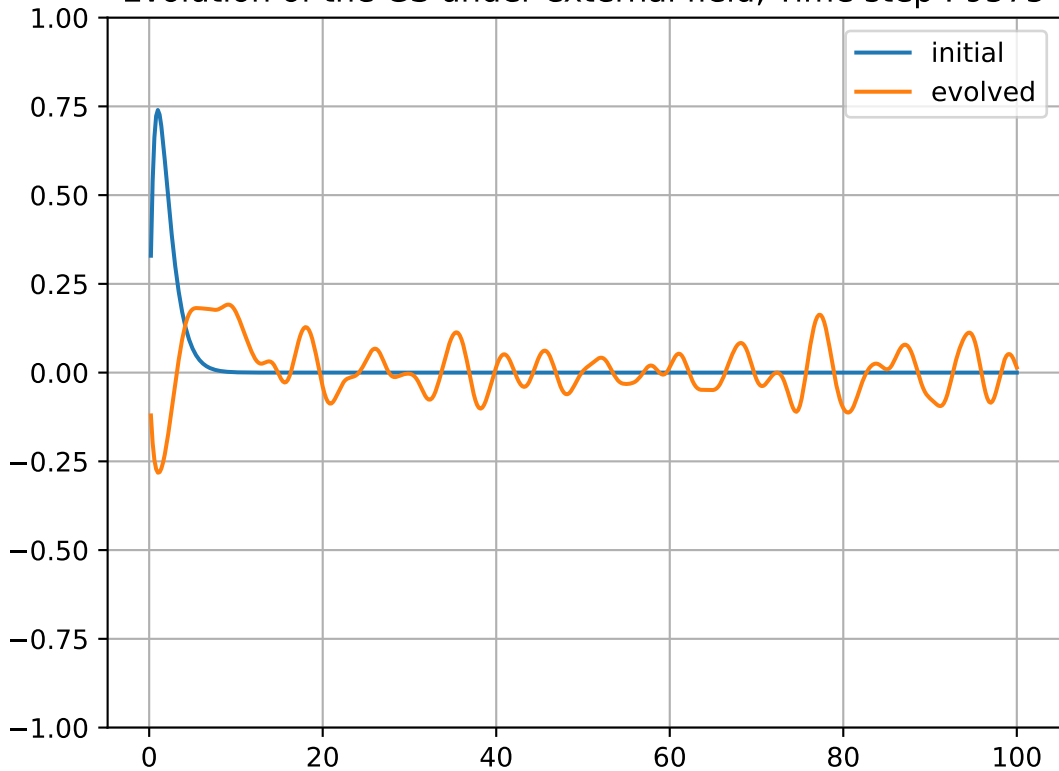

Evolution of the GS under external field, Time step : 9525

Evolution of the GS under external field, Time step : 9550

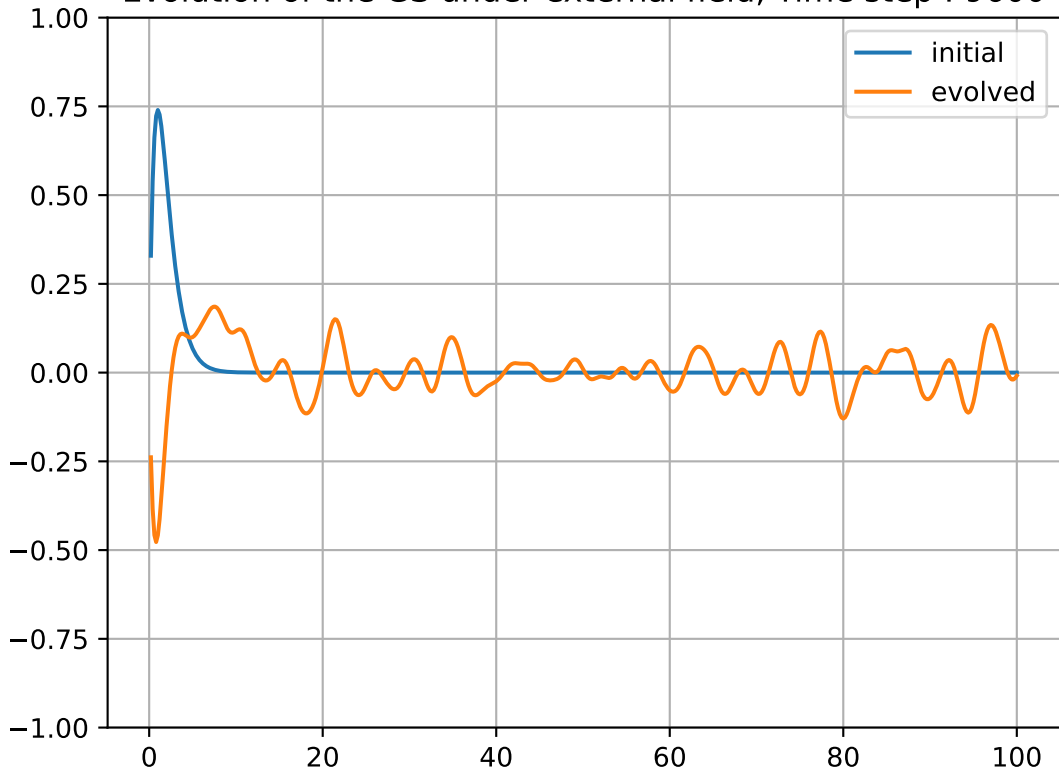

Evolution of the GS under external field, Time step : 9575

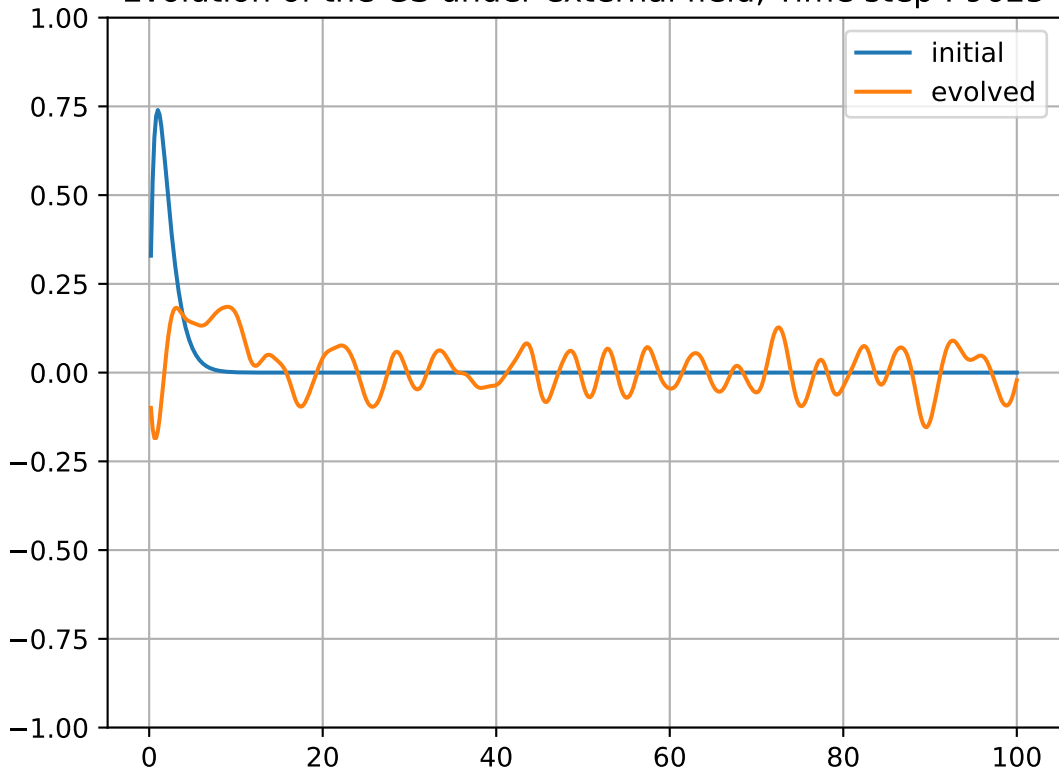

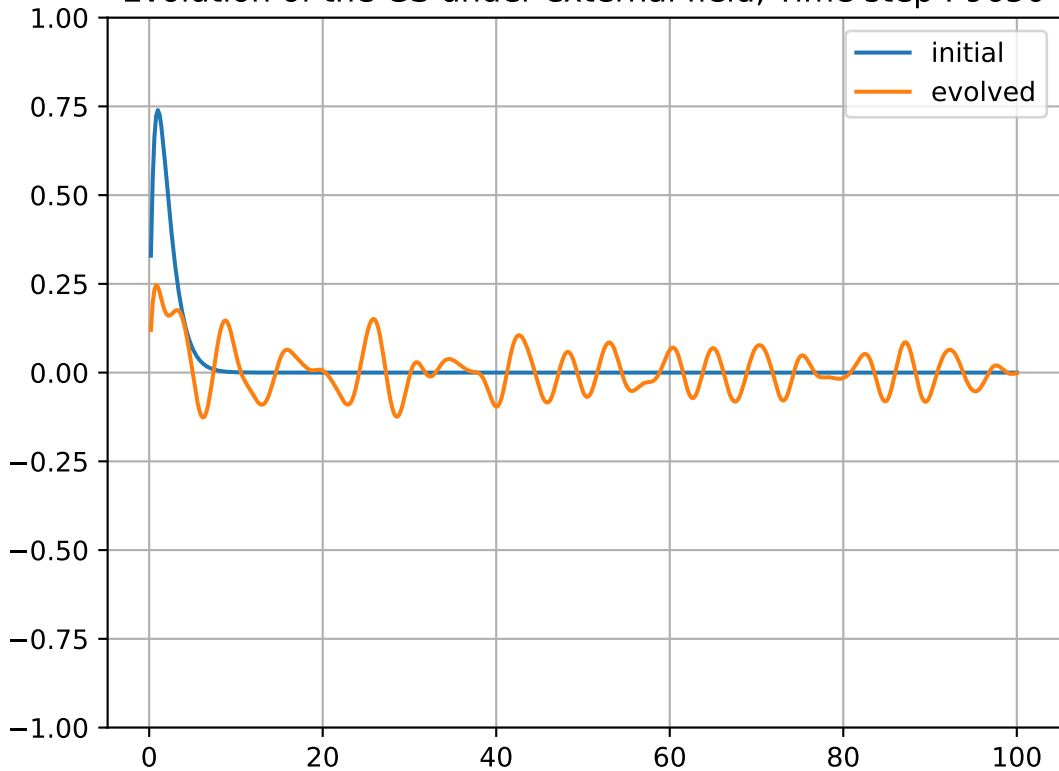

Evolution of the GS under external field, Time step : 9600

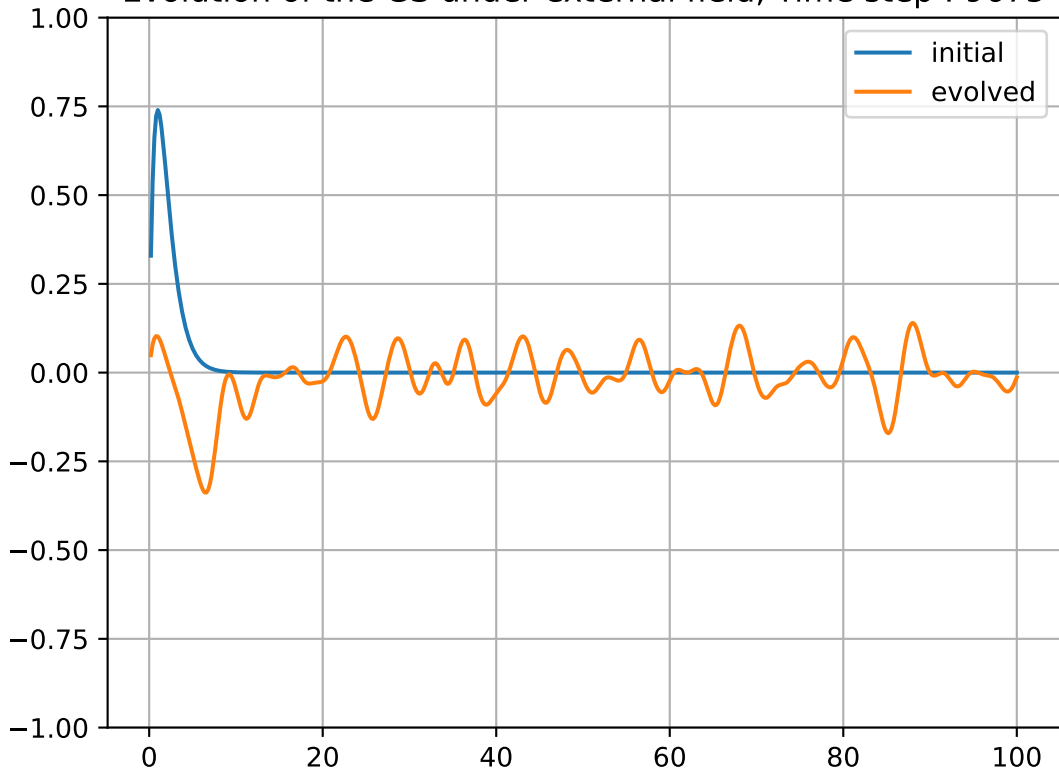

Evolution of the GS under external field, Time step : 9625

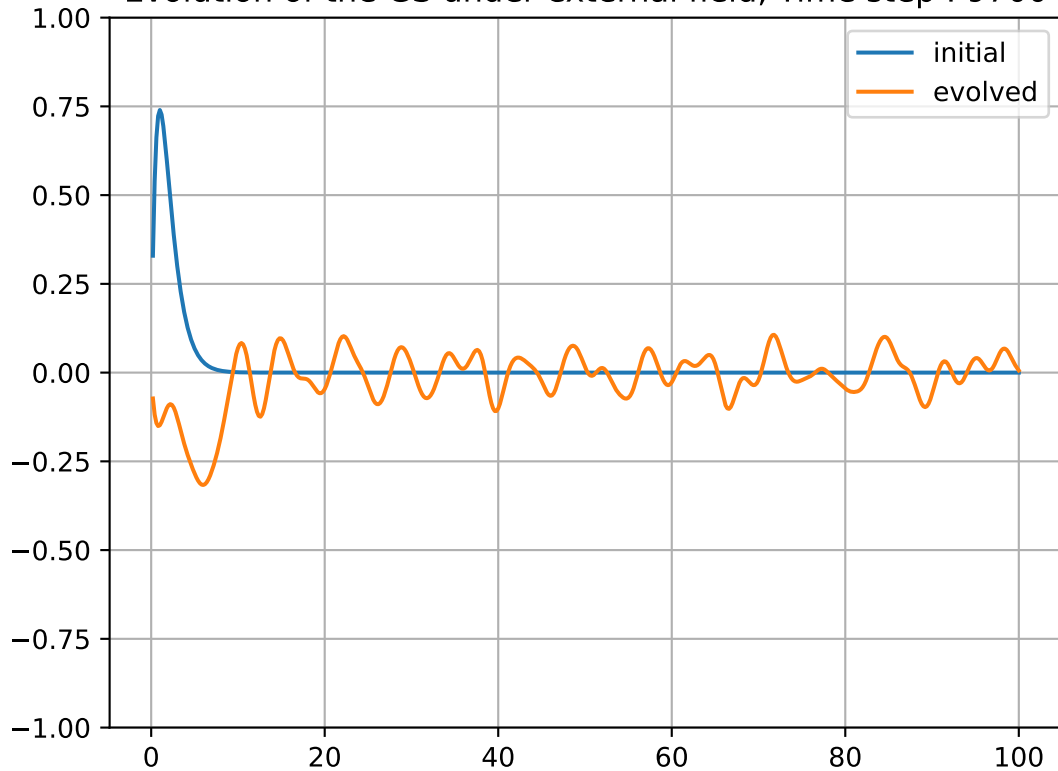

Evolution of the GS under external field, Time step : 9650

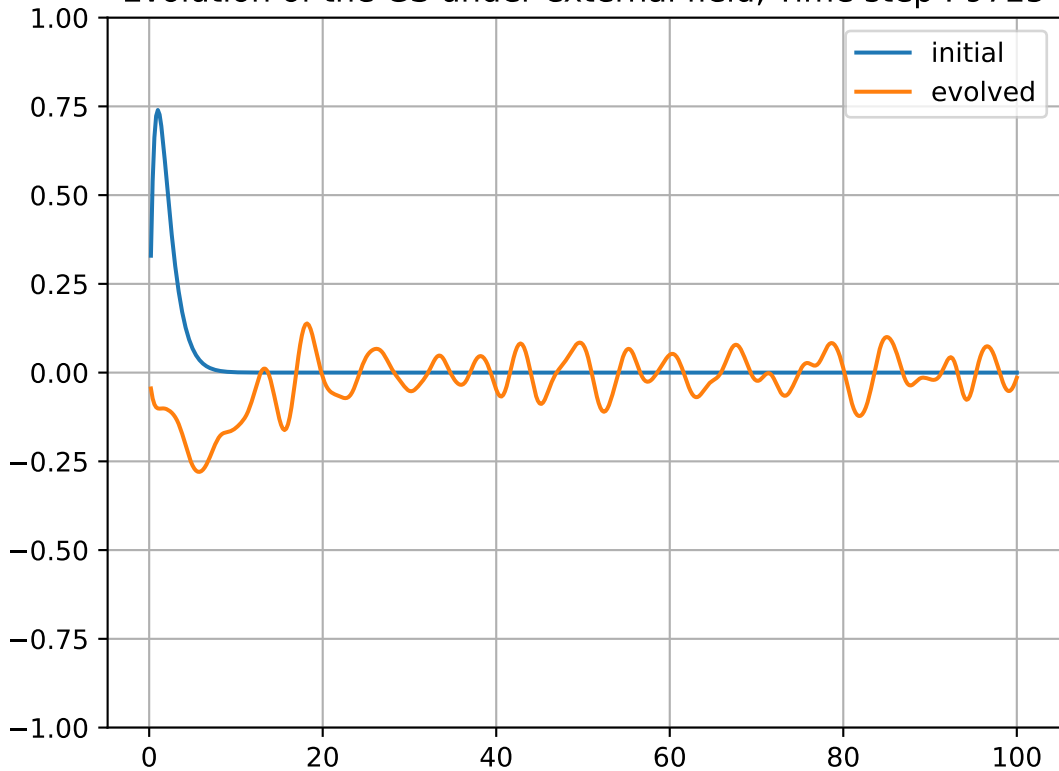

Evolution of the GS under external field, Time step : 9675

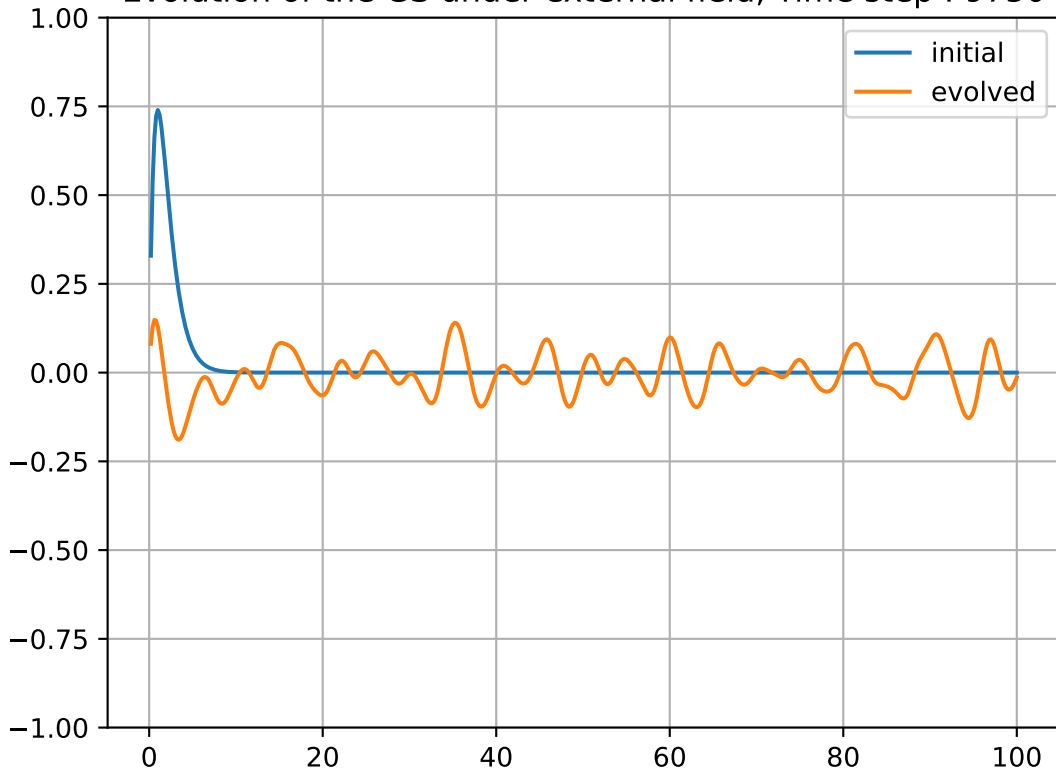

Evolution of the GS under external field, Time step : 9700

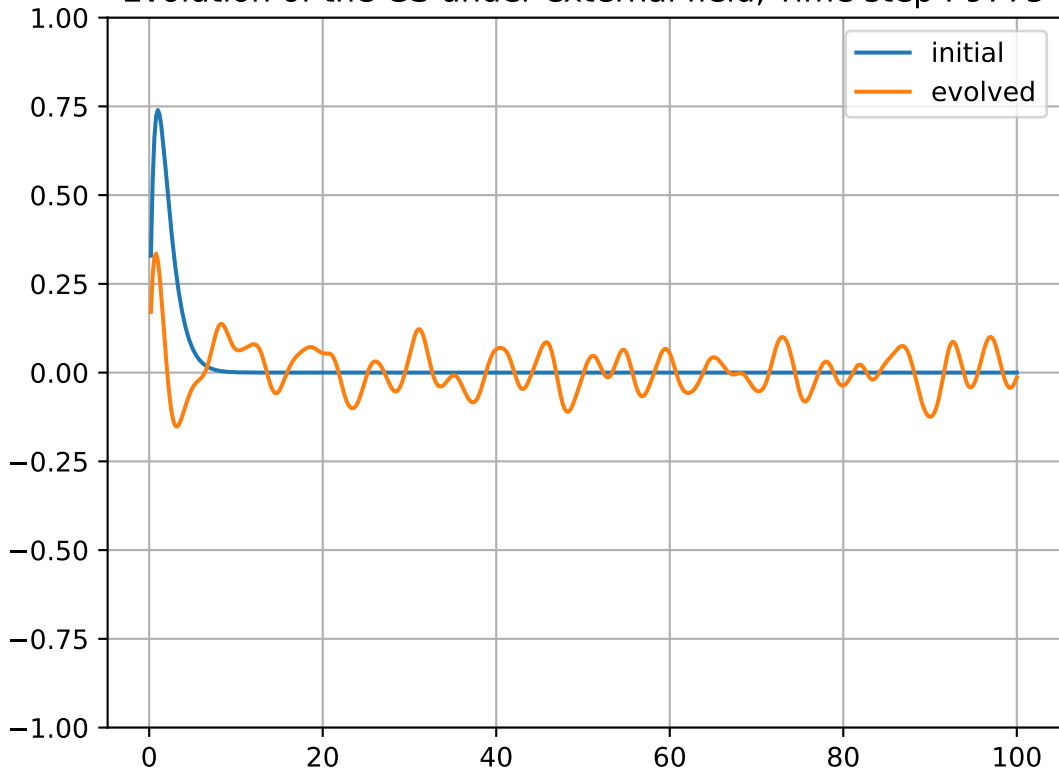

Evolution of the GS under external field, Time step : 9725

Evolution of the GS under external field, Time step : 9750

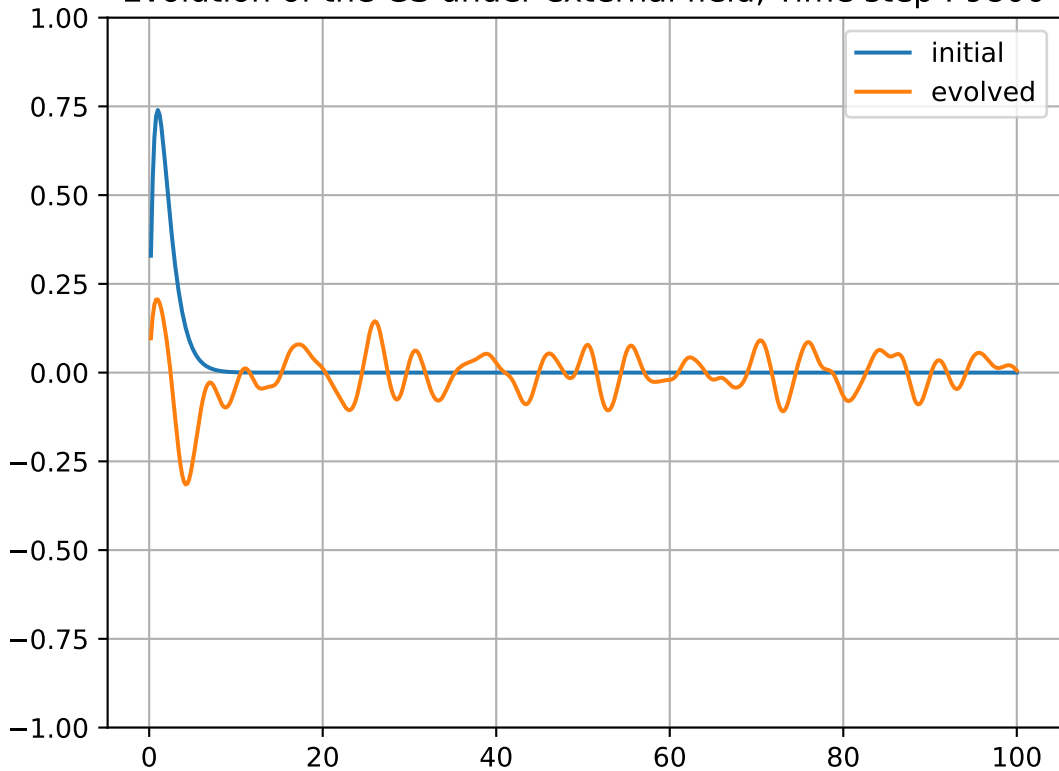

Evolution of the GS under external field, Time step : 9775

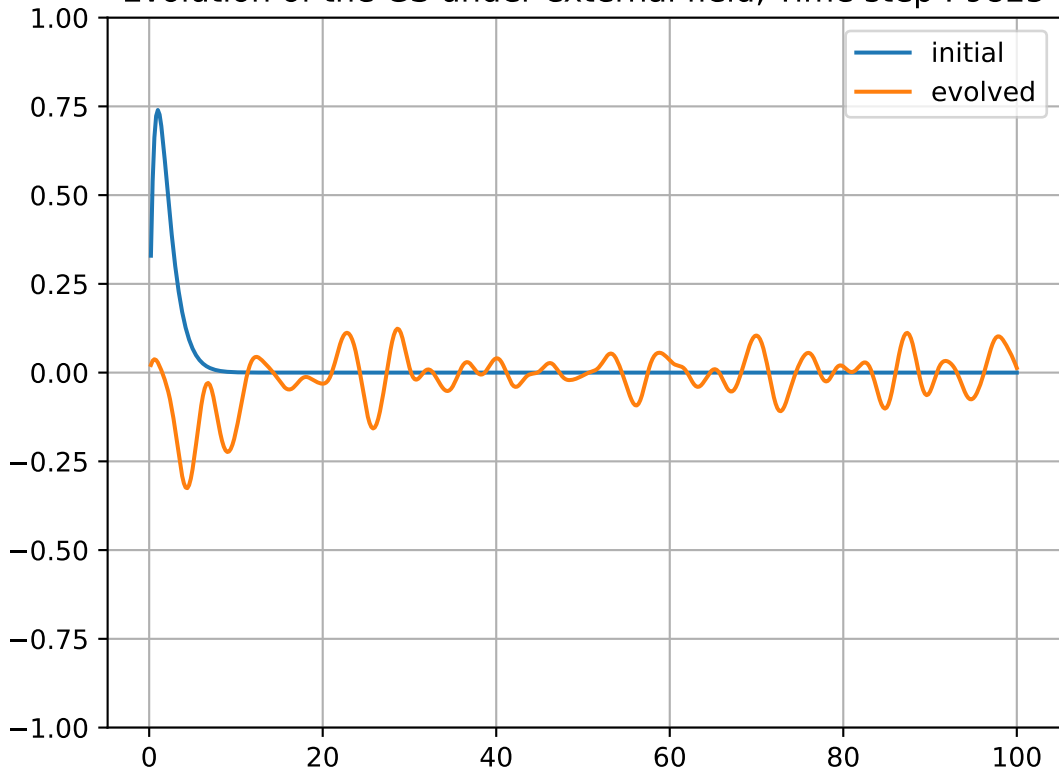

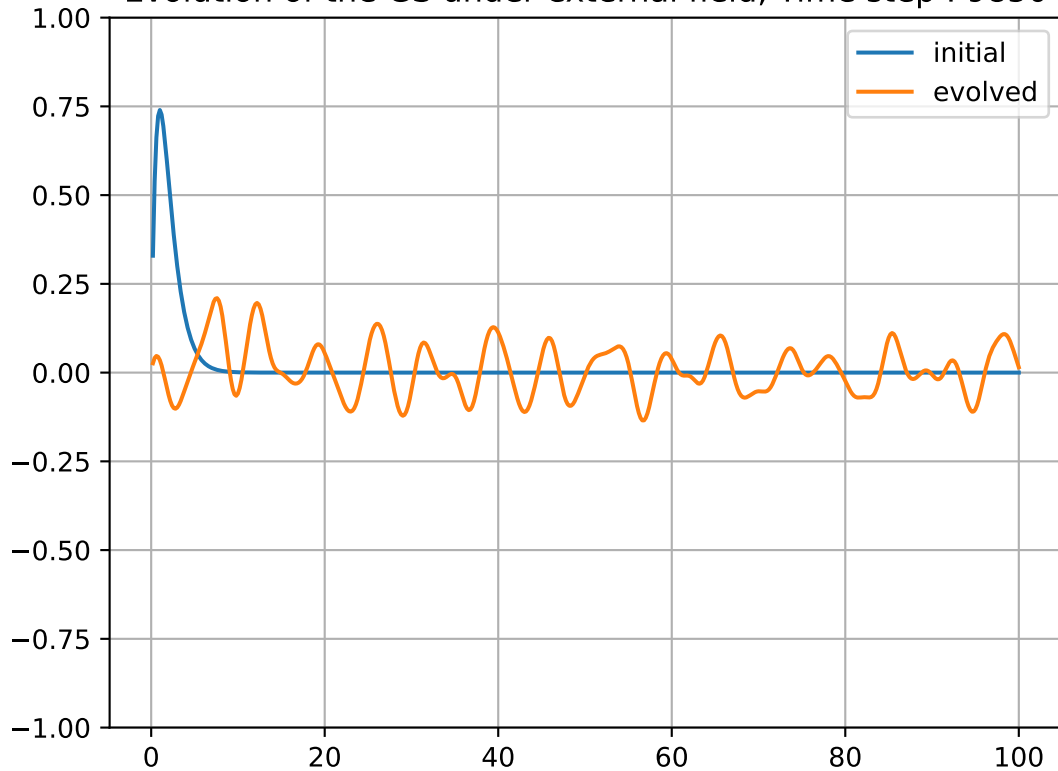

Evolution of the GS under external field, Time step : 9800

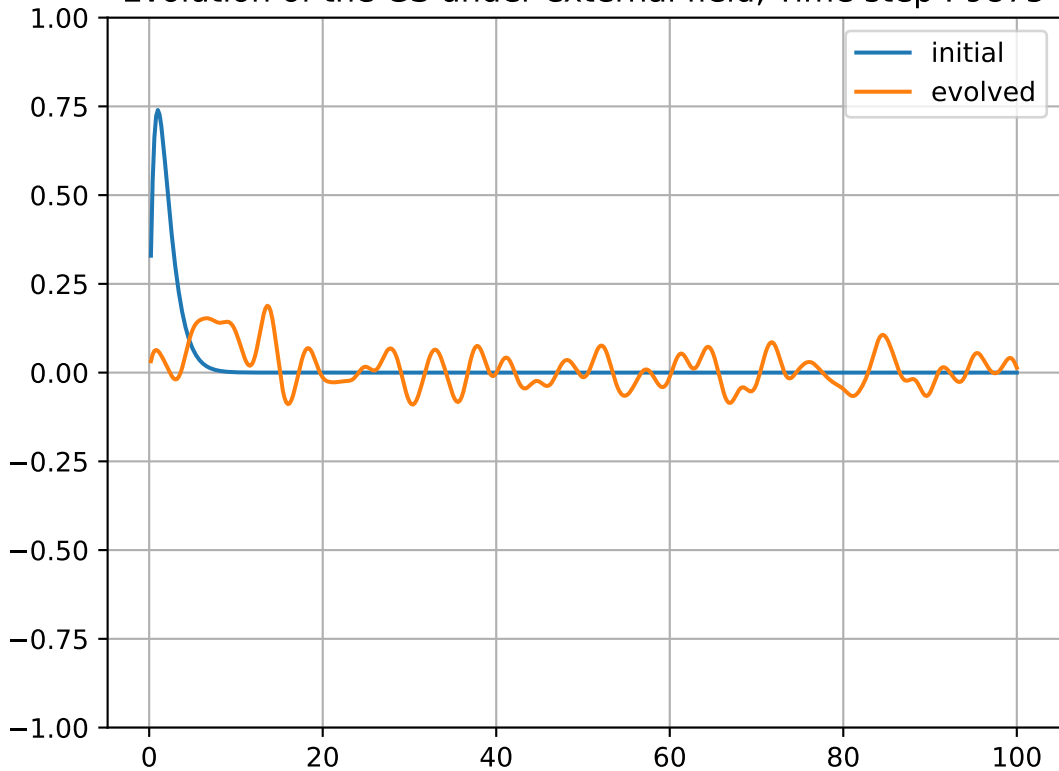

Evolution of the GS under external field, Time step : 9825

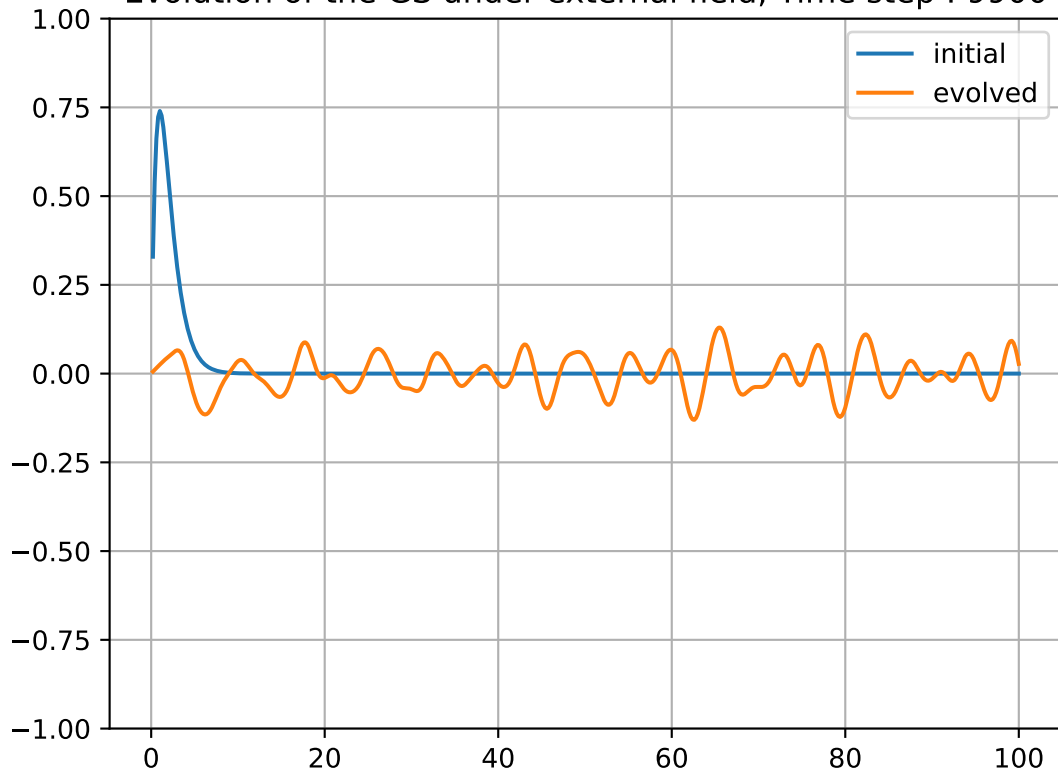

Evolution of the GS under external field, Time step : 9850

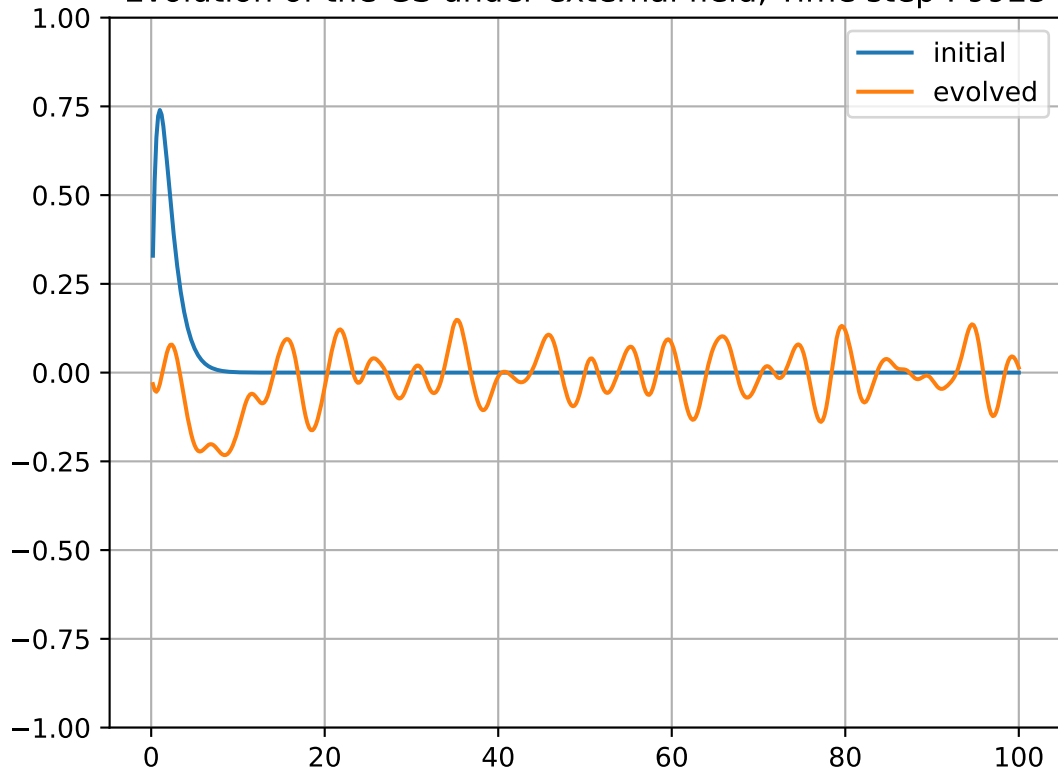

Evolution of the GS under external field, Time step : 9875

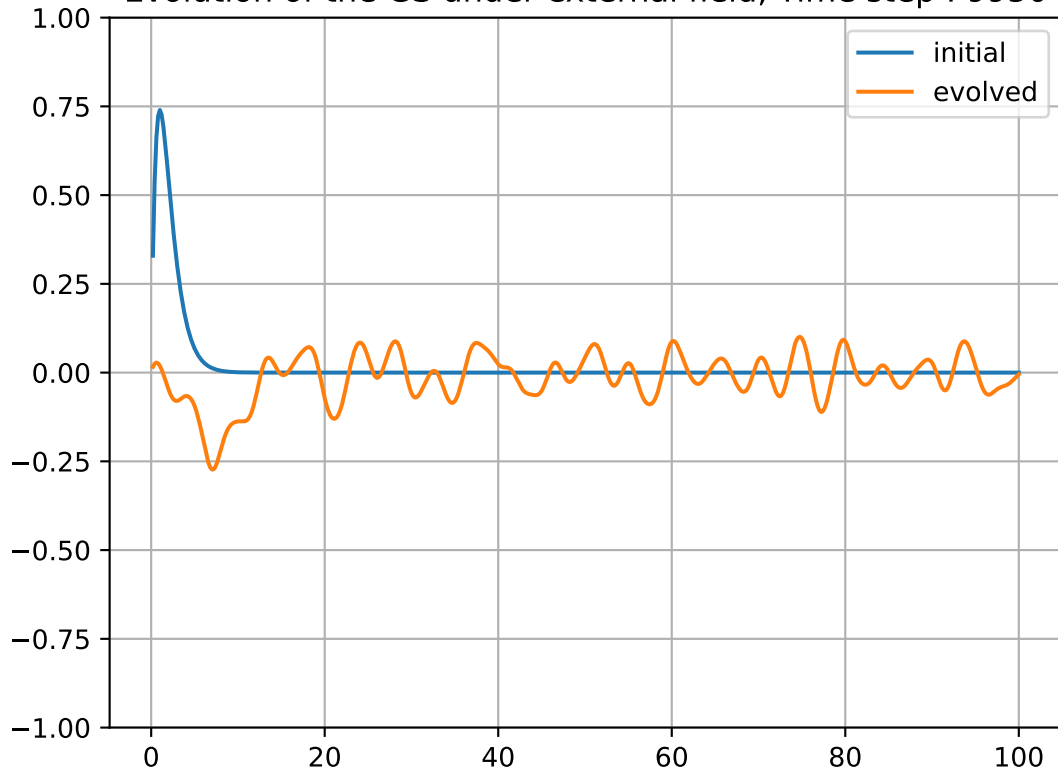

Evolution of the GS under external field, Time step : 9900

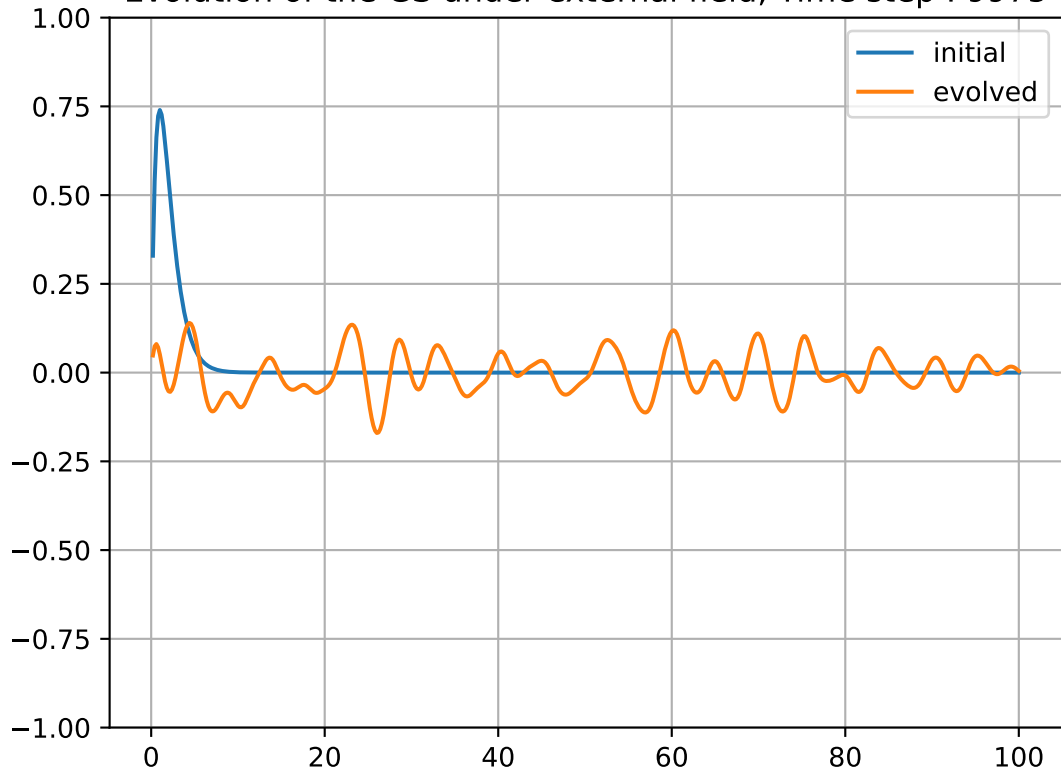

Evolution of the GS under external field, Time step : 9925

Evolution of the GS under external field, Time step : 9950

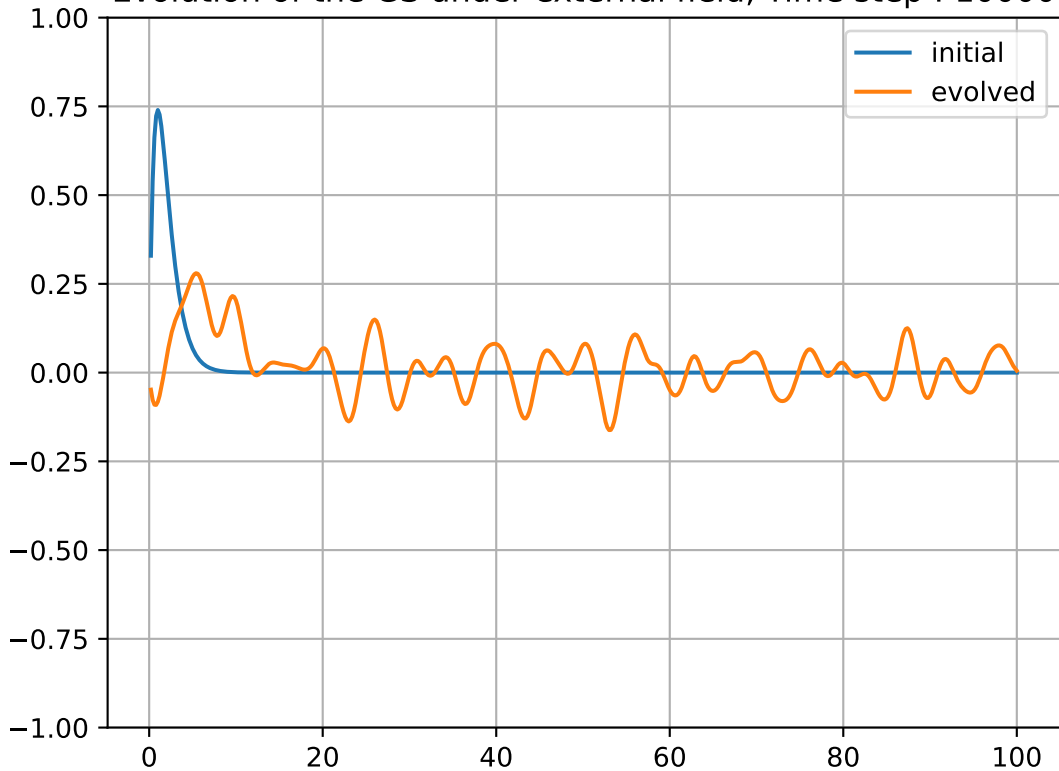

Evolution of the GS under external field, Time step : 9975

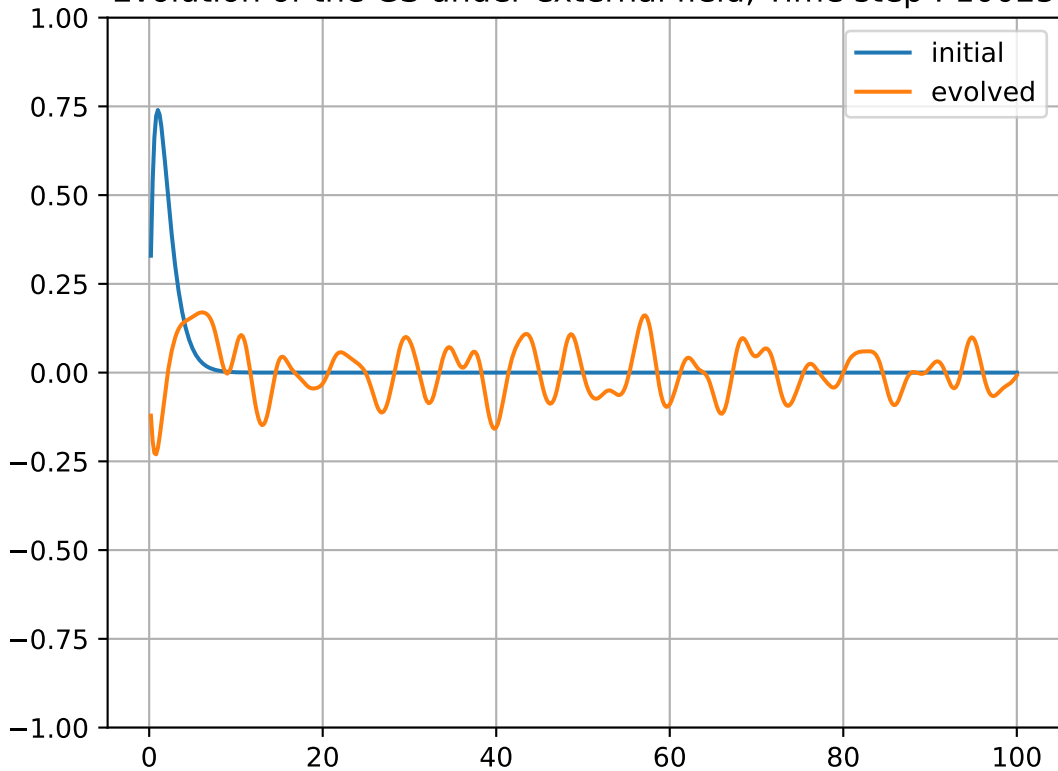

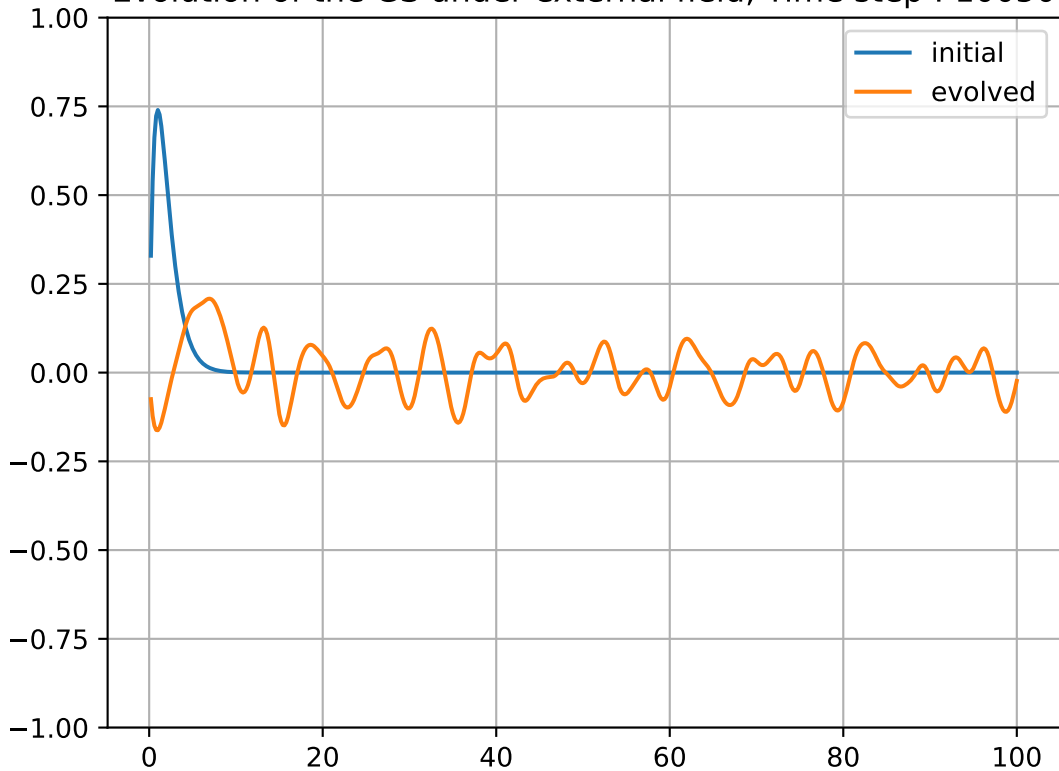

Evolution of the GS under external field, Time step : 10000

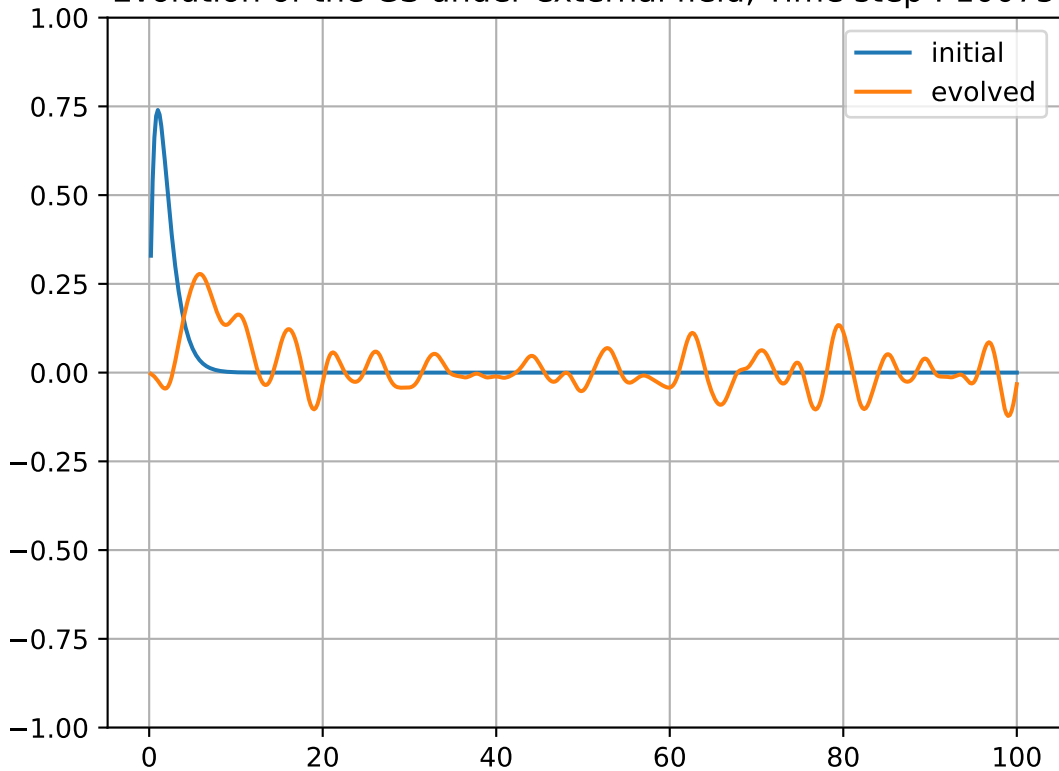

Evolution of the GS under external field, Time step : 10025

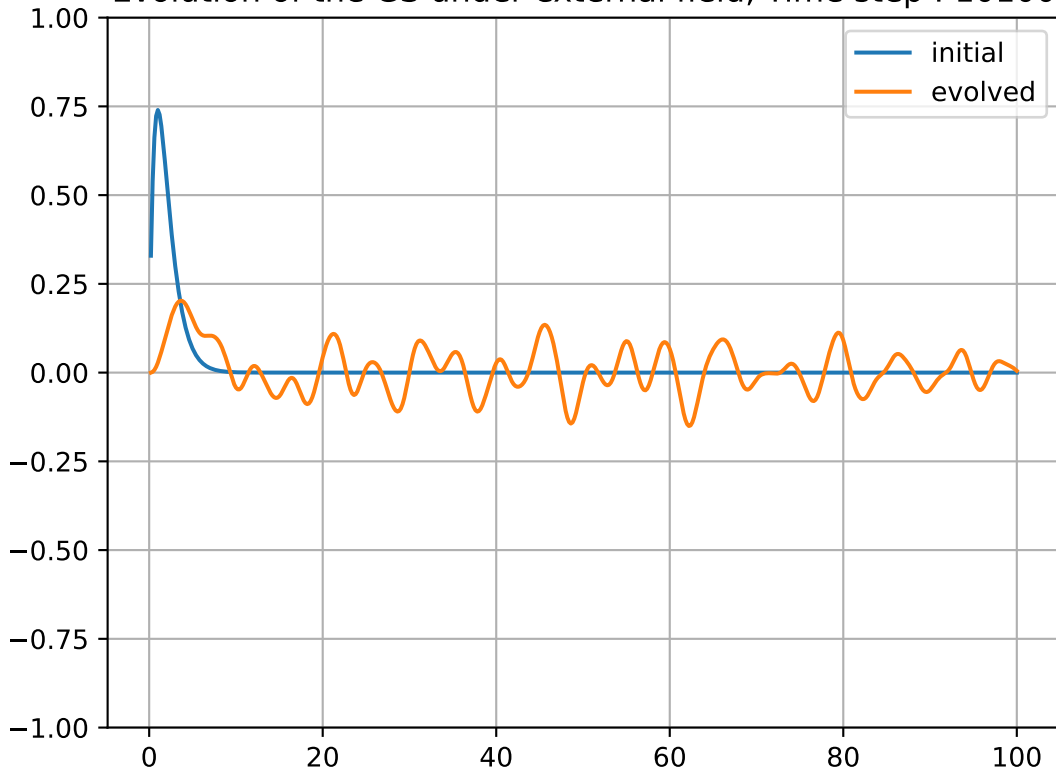

Evolution of the GS under external field, Time step : 10050

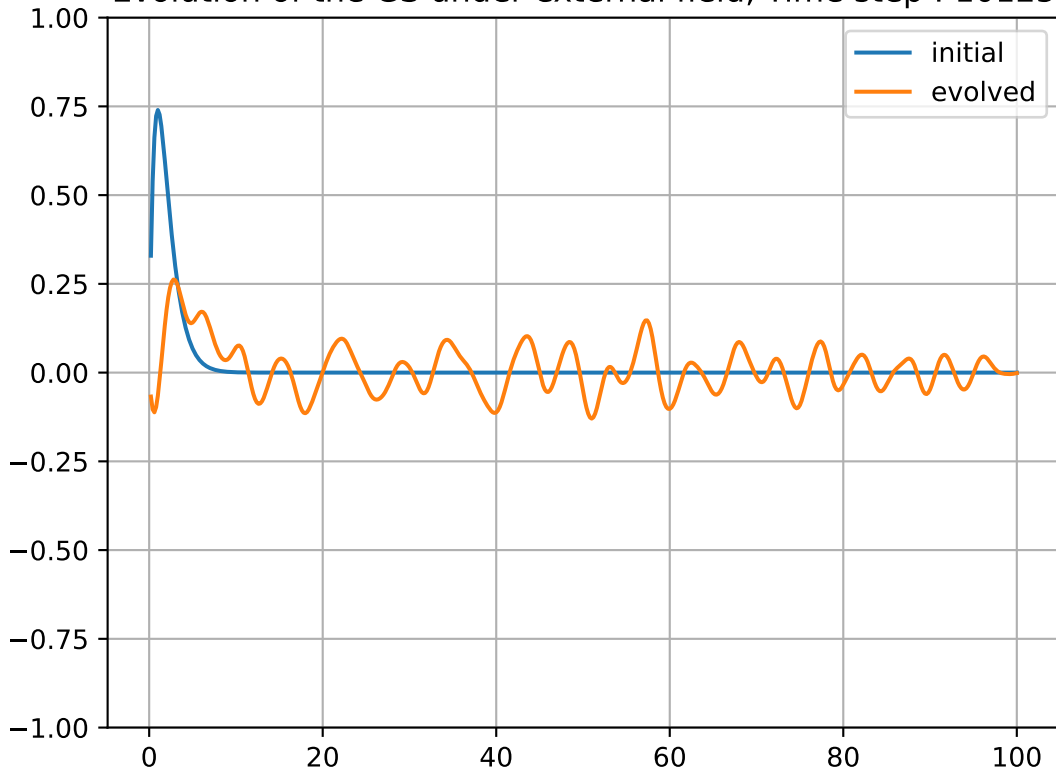

Evolution of the GS under external field, Time step : 10075

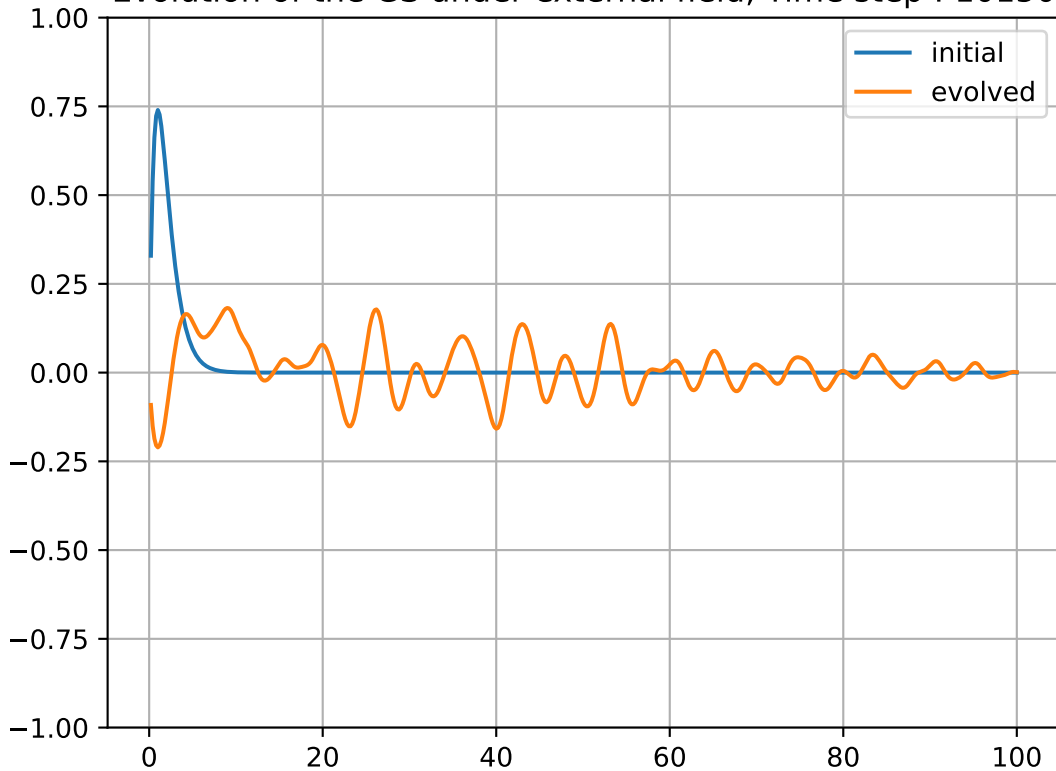

Evolution of the GS under external field, Time step : 10100

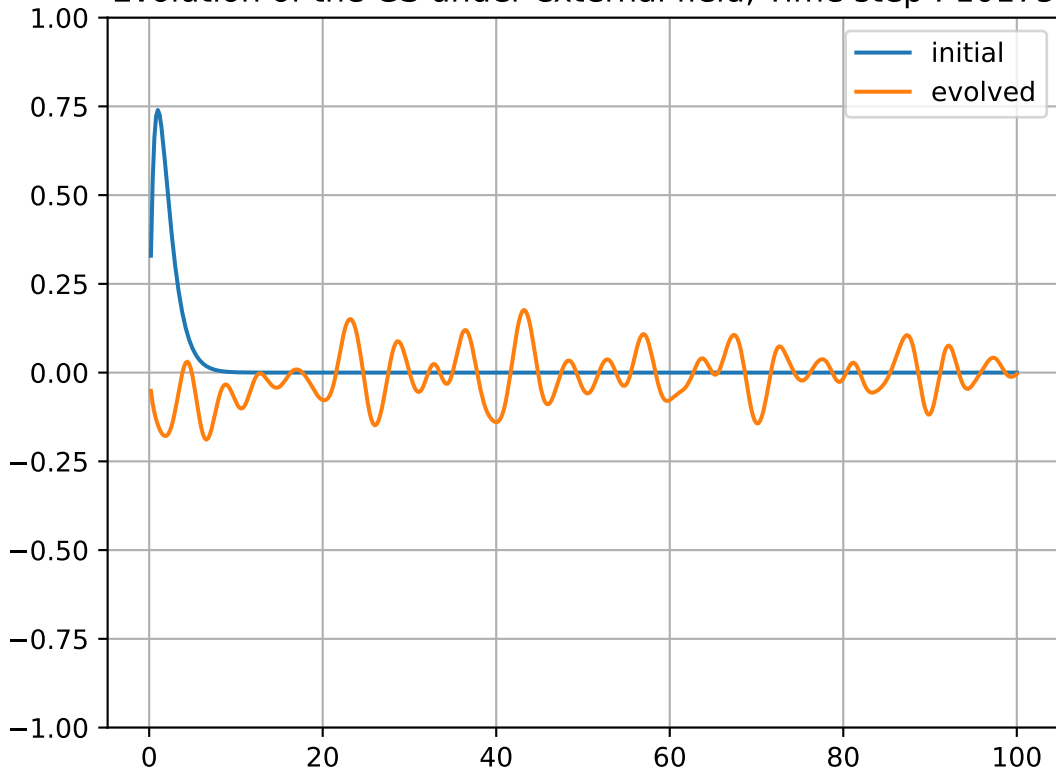

Evolution of the GS under external field, Time step : 10125

Evolution of the GS under external field, Time step : 10150

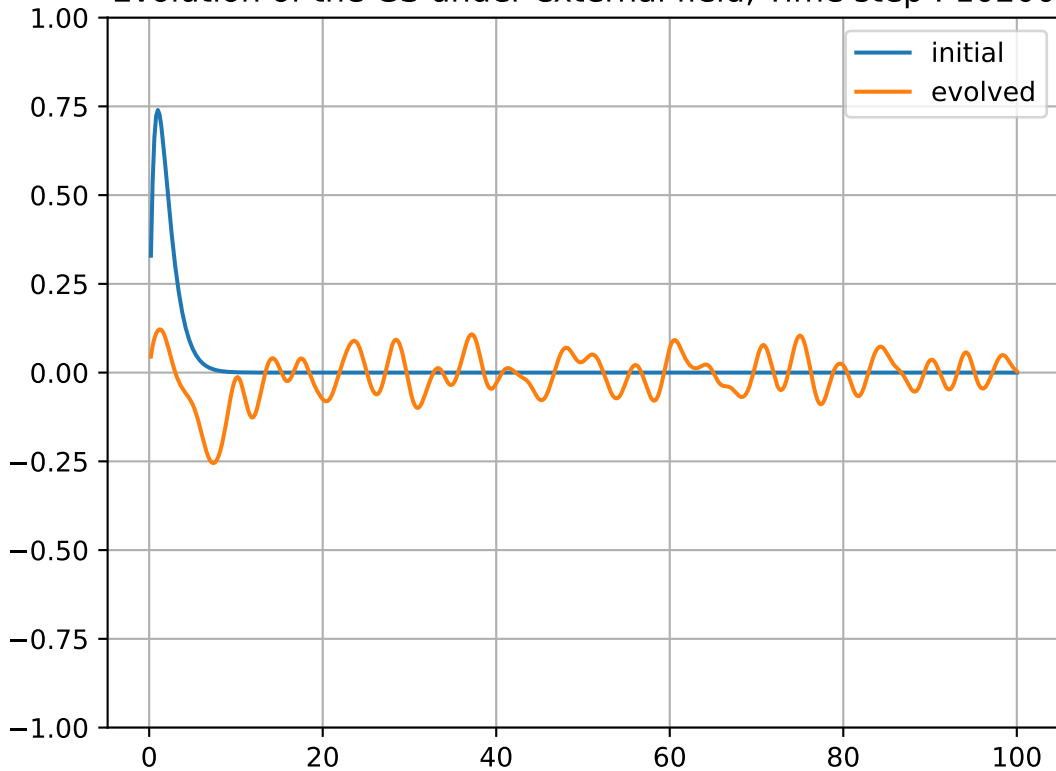

Evolution of the GS under external field, Time step : 10175

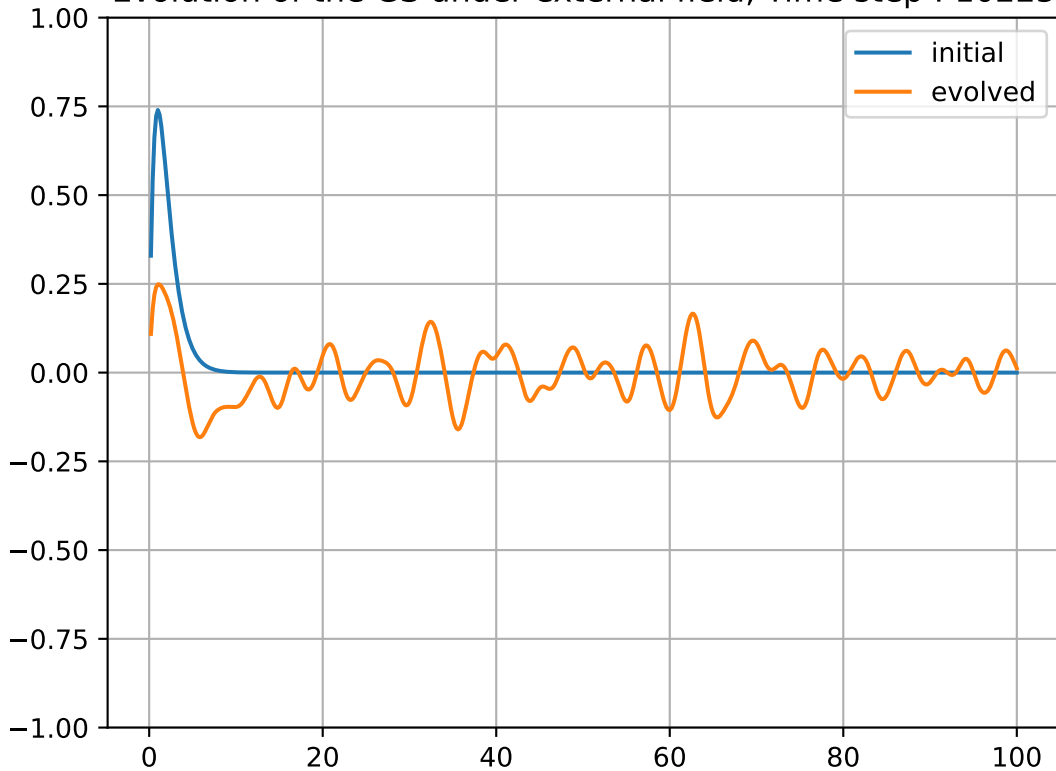

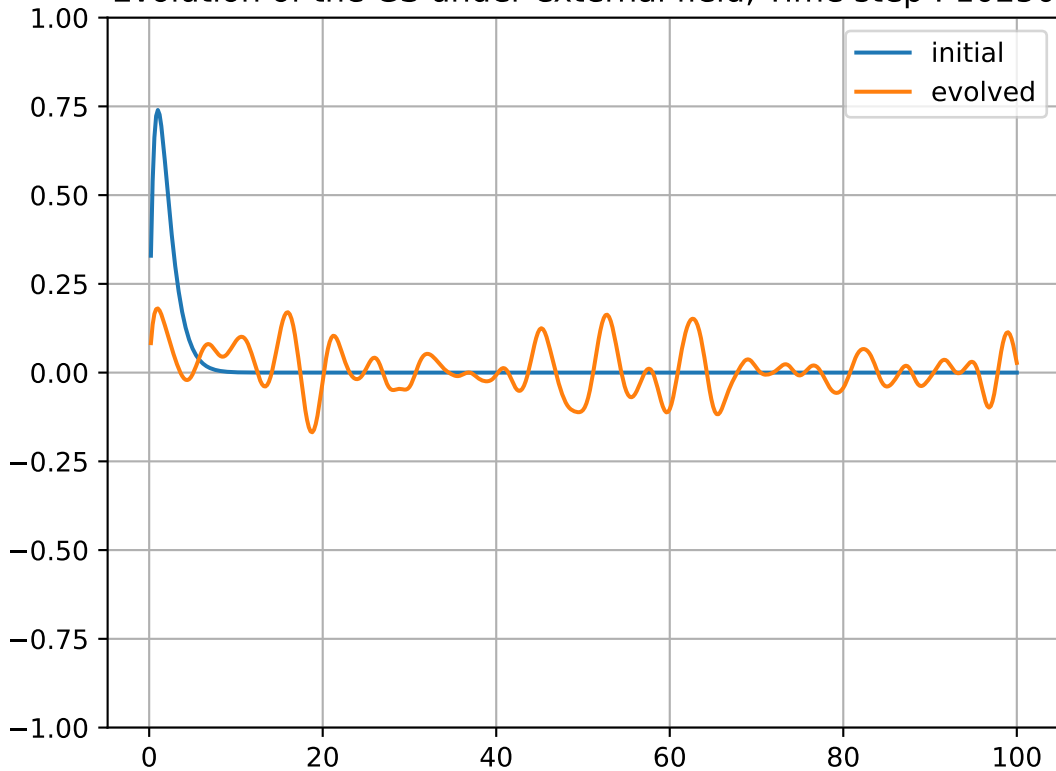

Evolution of the GS under external field, Time step : 10200

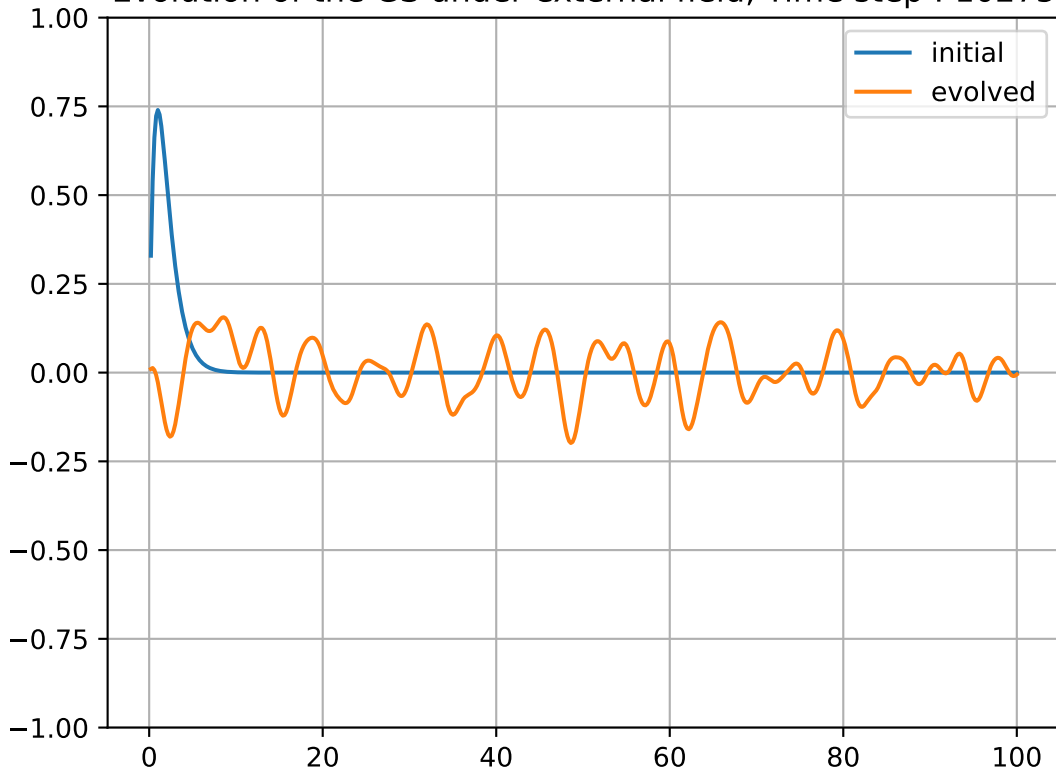

Evolution of the GS under external field, Time step : 10225

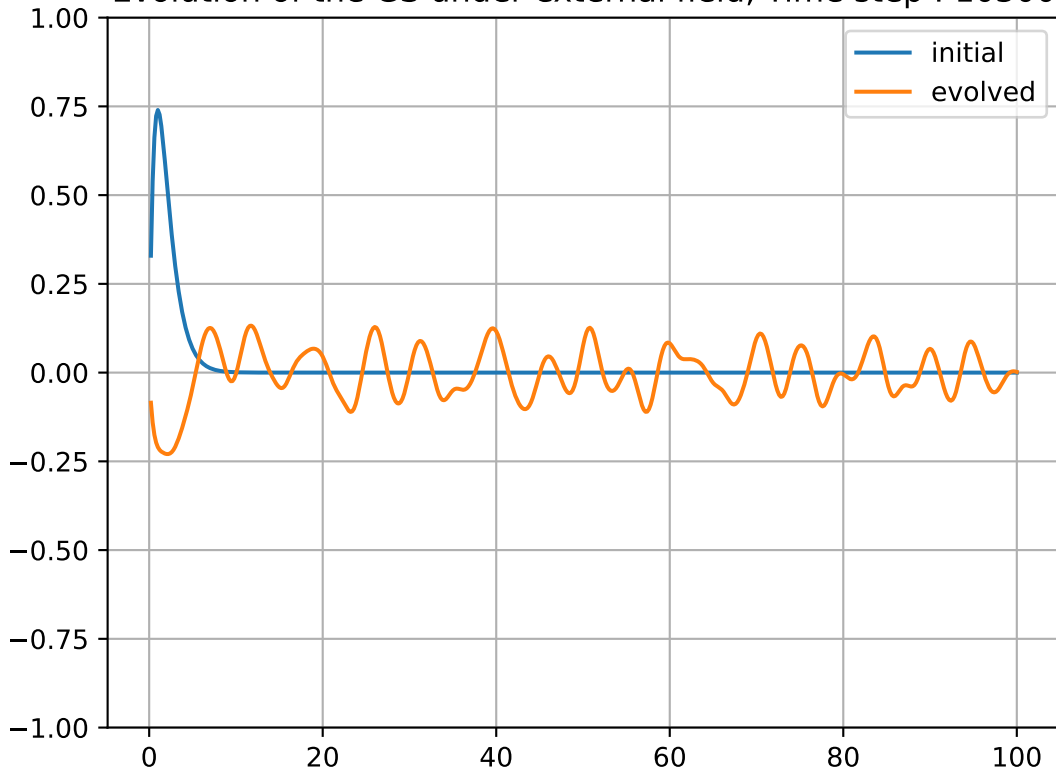

Evolution of the GS under external field, Time step : 10250

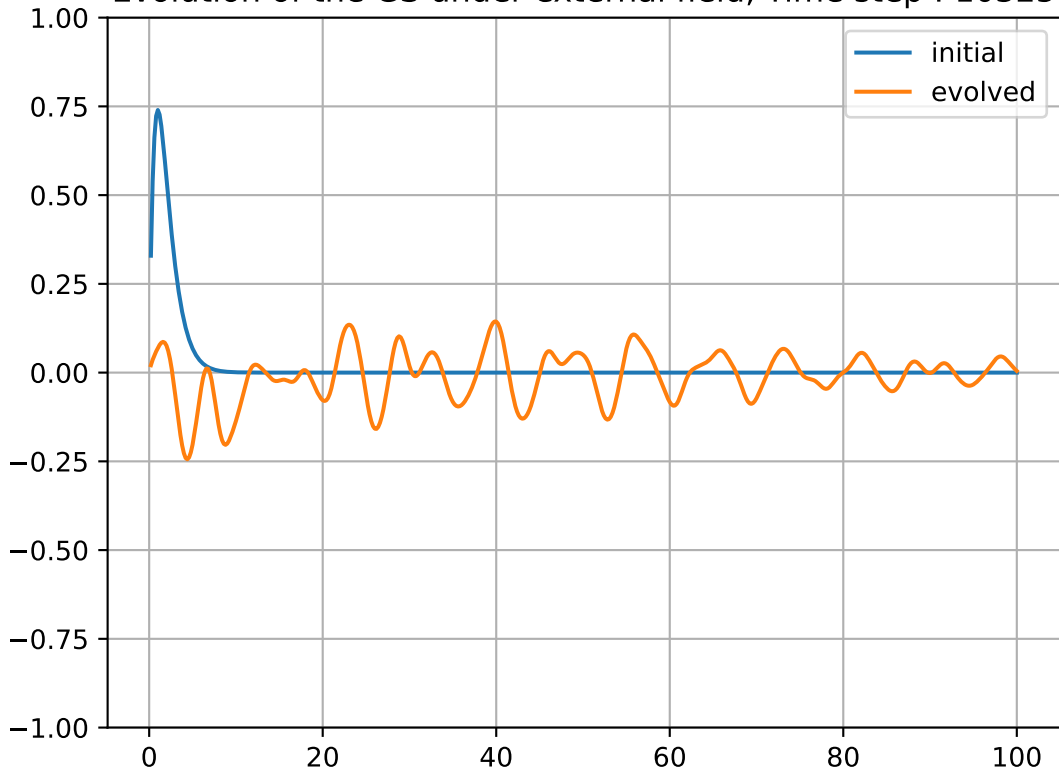

Evolution of the GS under external field, Time step : 10275

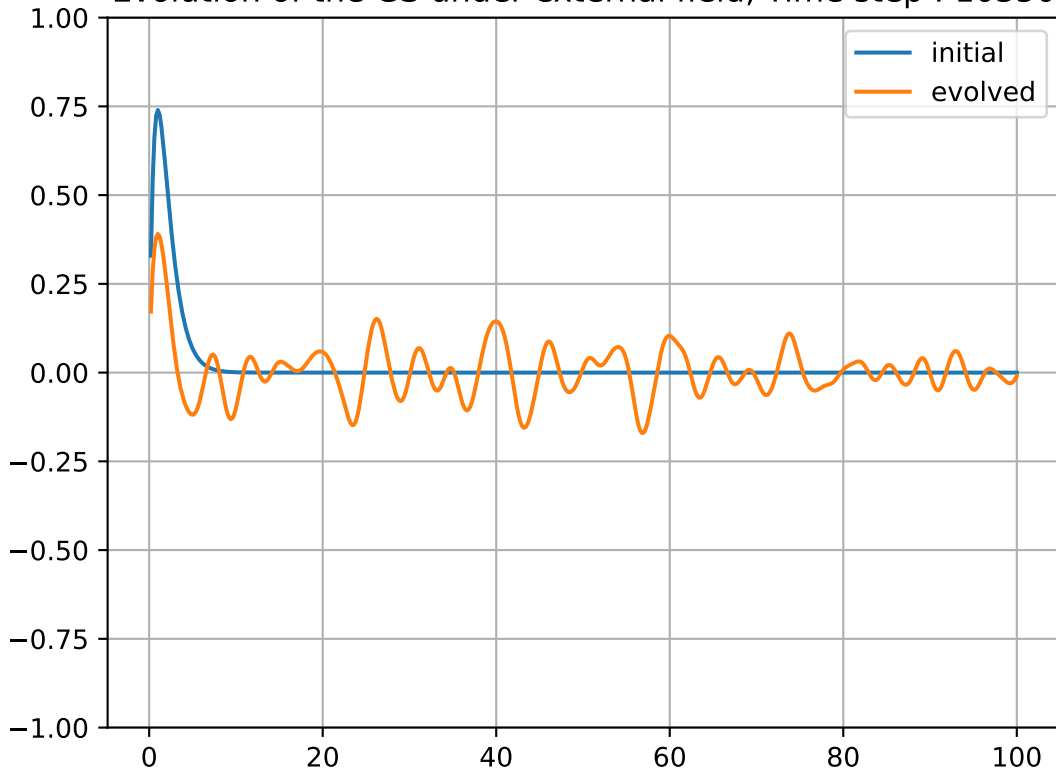

Evolution of the GS under external field, Time step : 10300

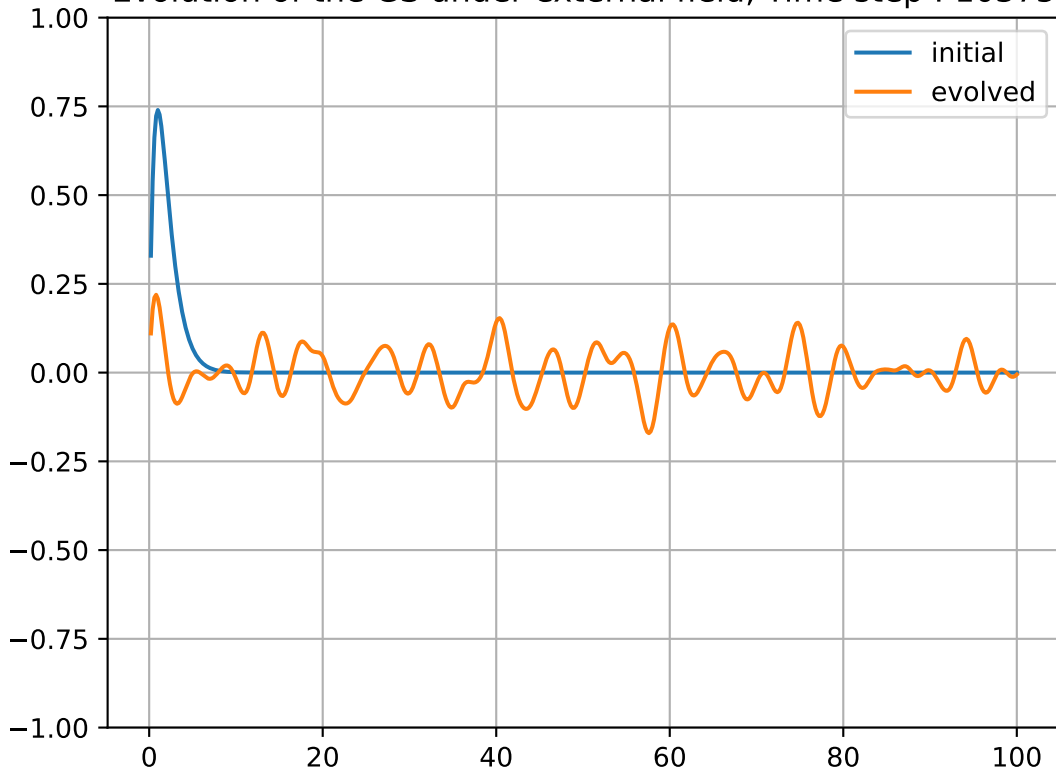

Evolution of the GS under external field, Time step : 10325

Evolution of the GS under external field, Time step : 10350

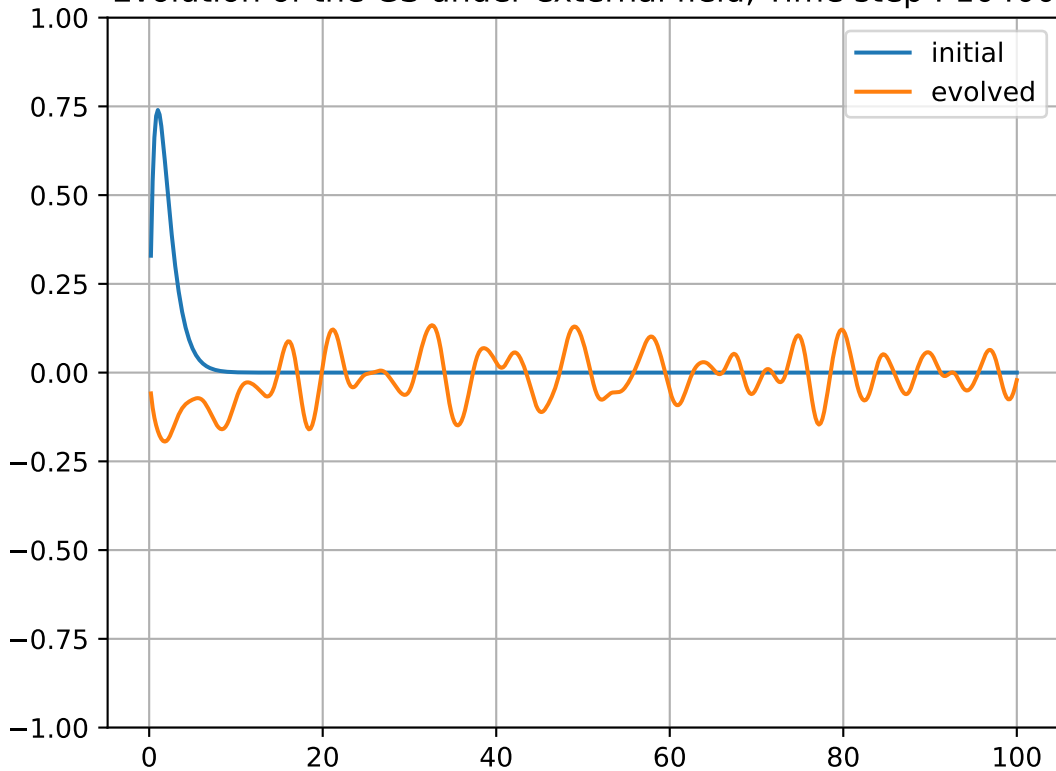

Evolution of the GS under external field, Time step : 10375

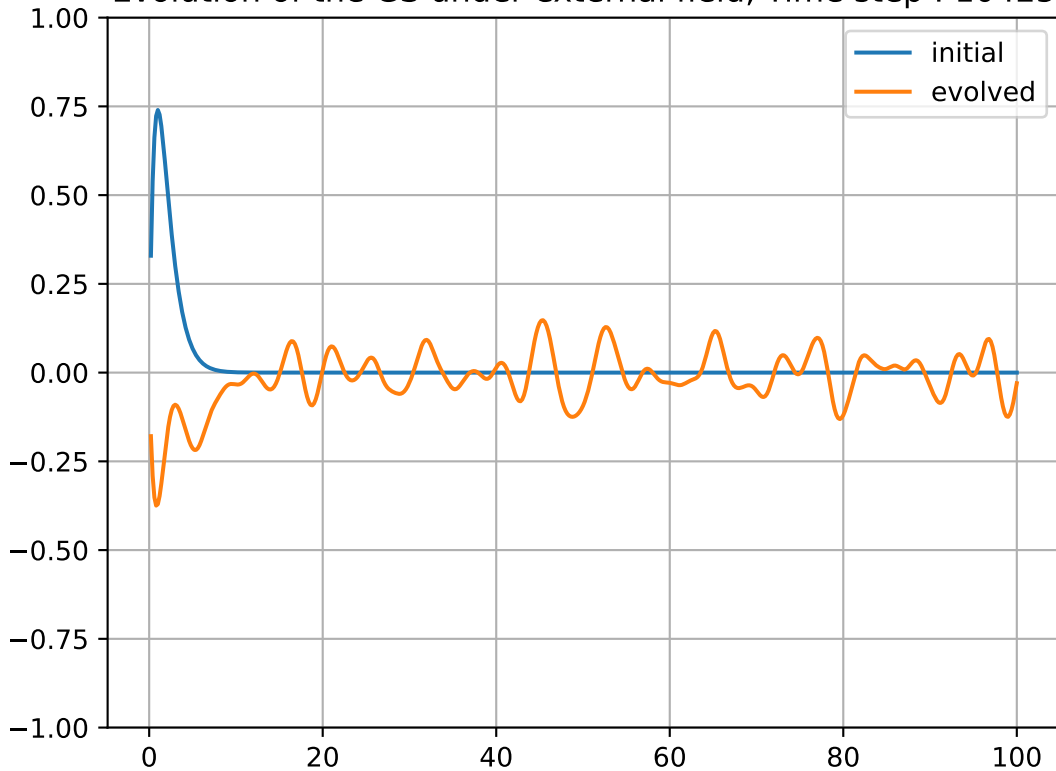

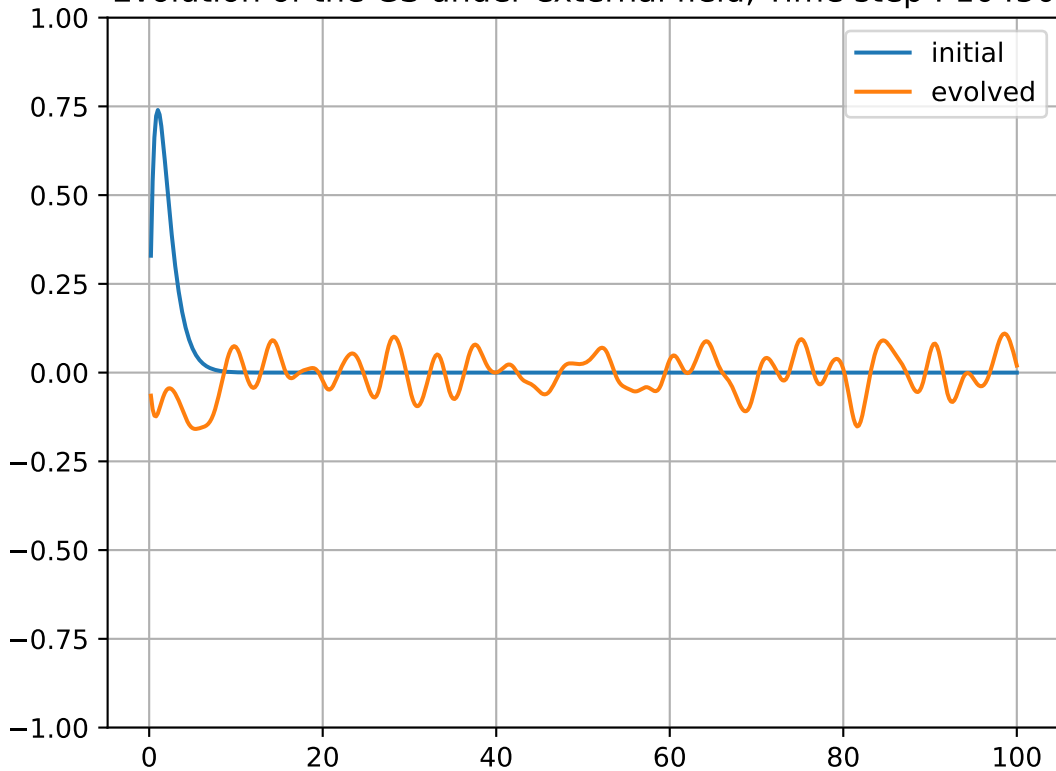

Evolution of the GS under external field, Time step : 10400

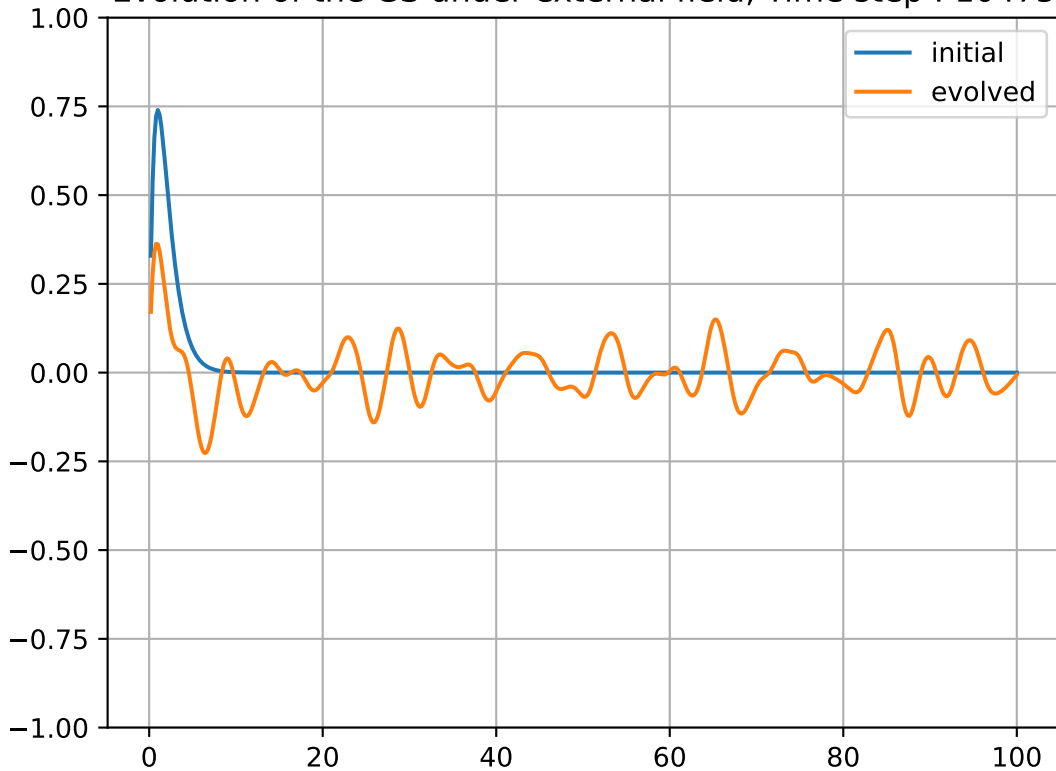

Evolution of the GS under external field, Time step : 10425

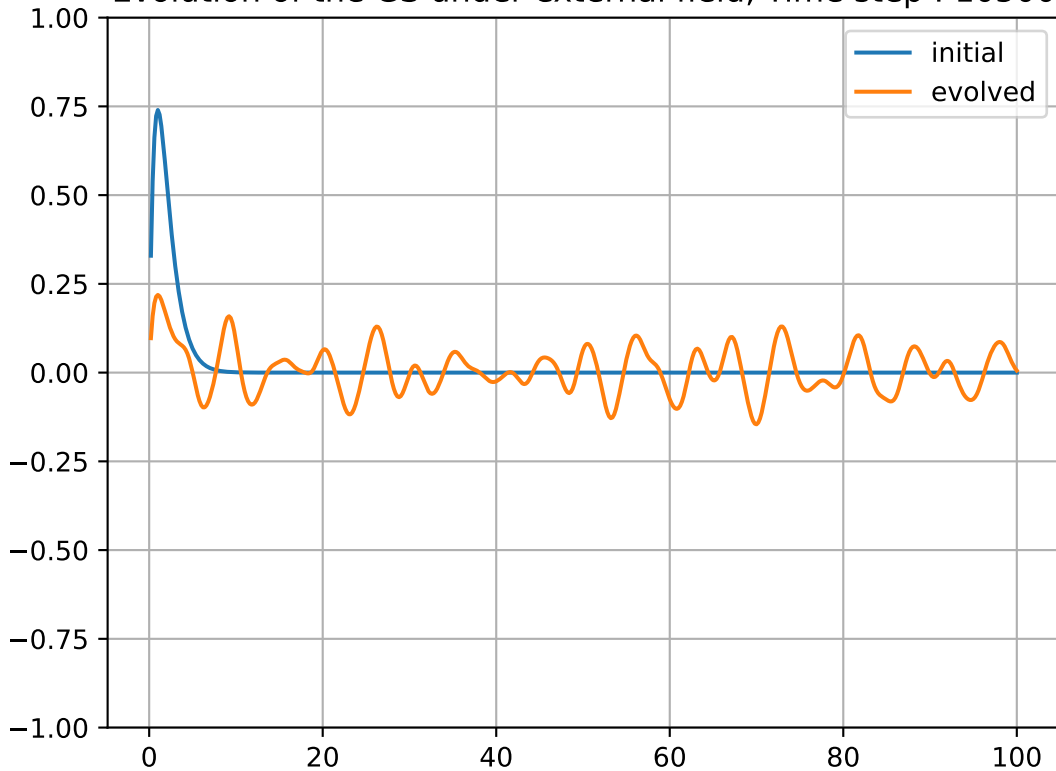

Evolution of the GS under external field, Time step : 10450

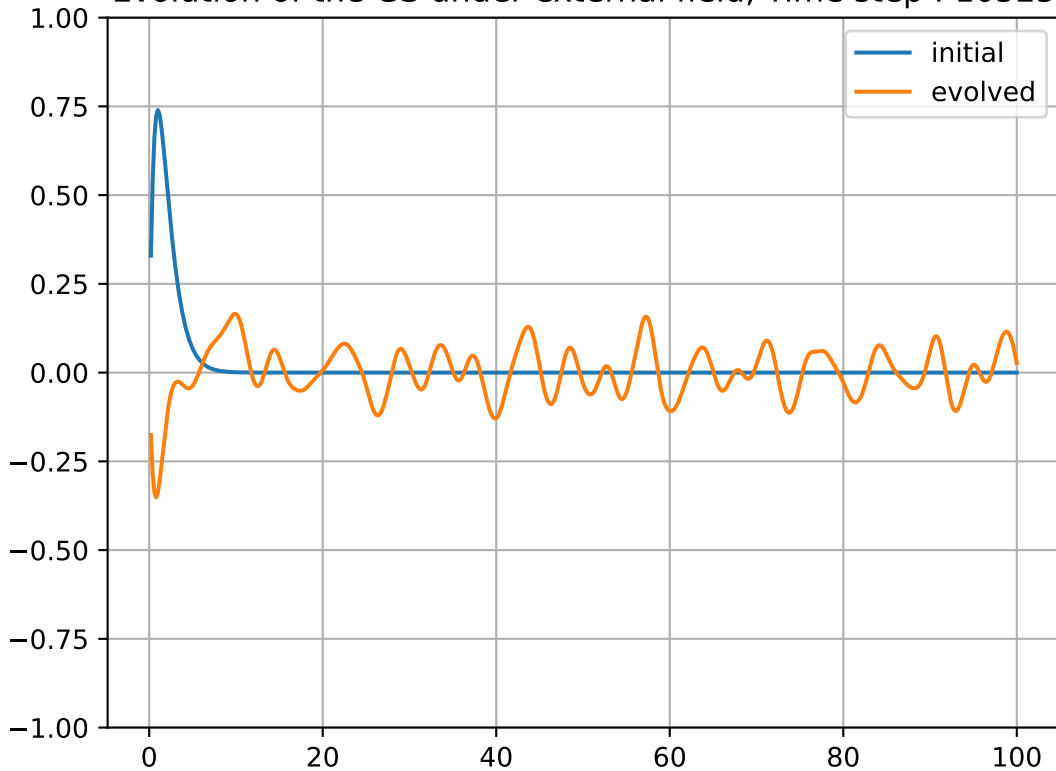

Evolution of the GS under external field, Time step : 10475

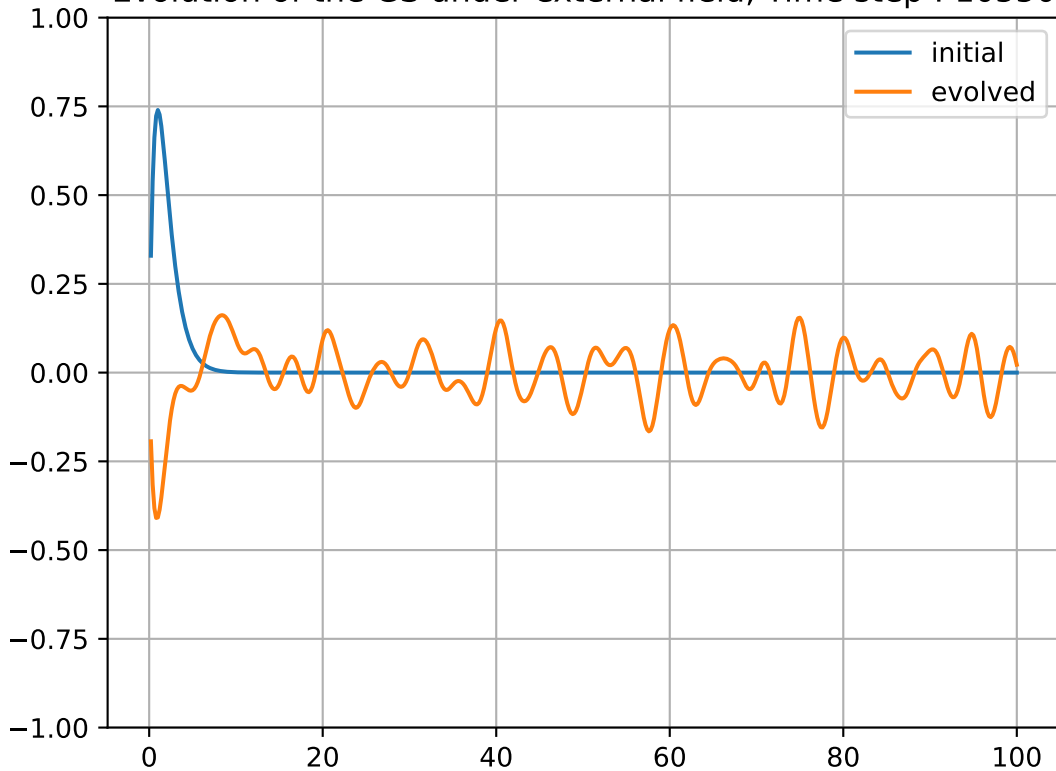

Evolution of the GS under external field, Time step : 10500

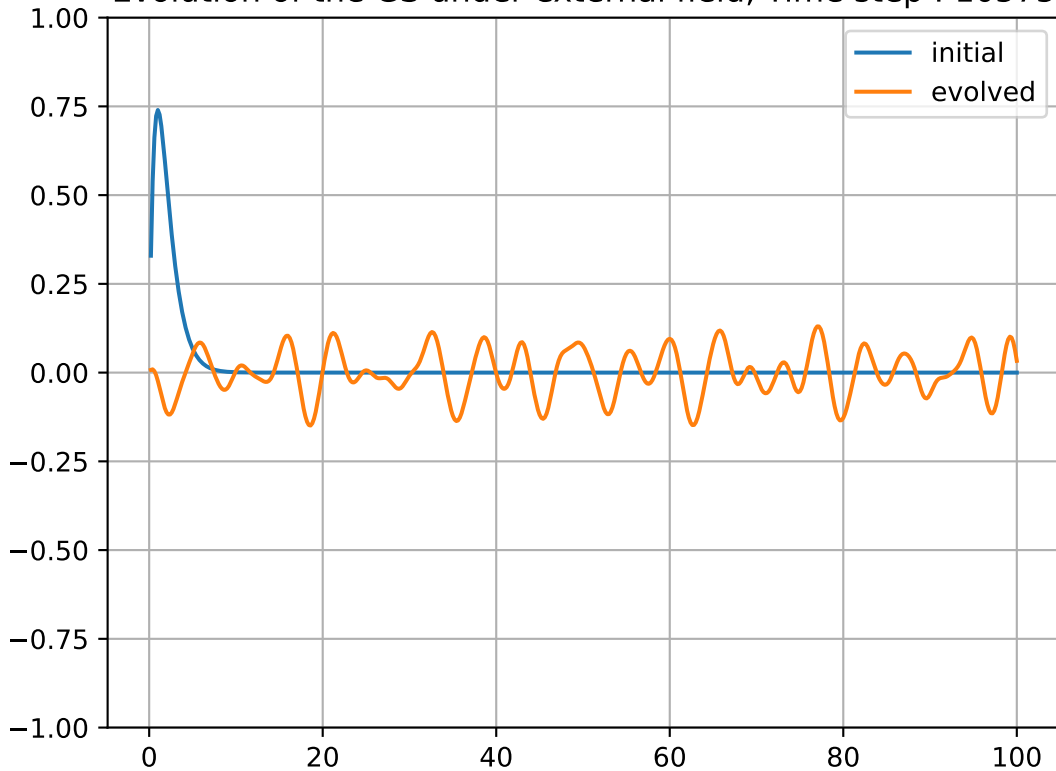

Evolution of the GS under external field, Time step : 10525

Evolution of the GS under external field, Time step : 10550

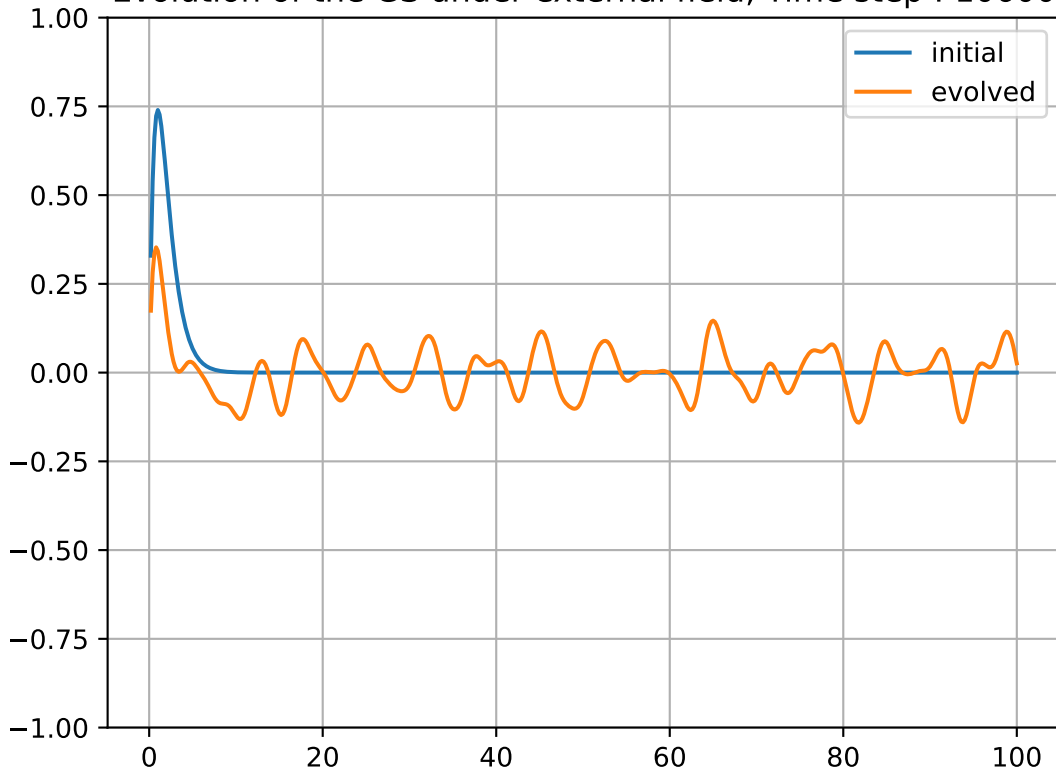

Evolution of the GS under external field, Time step : 10575

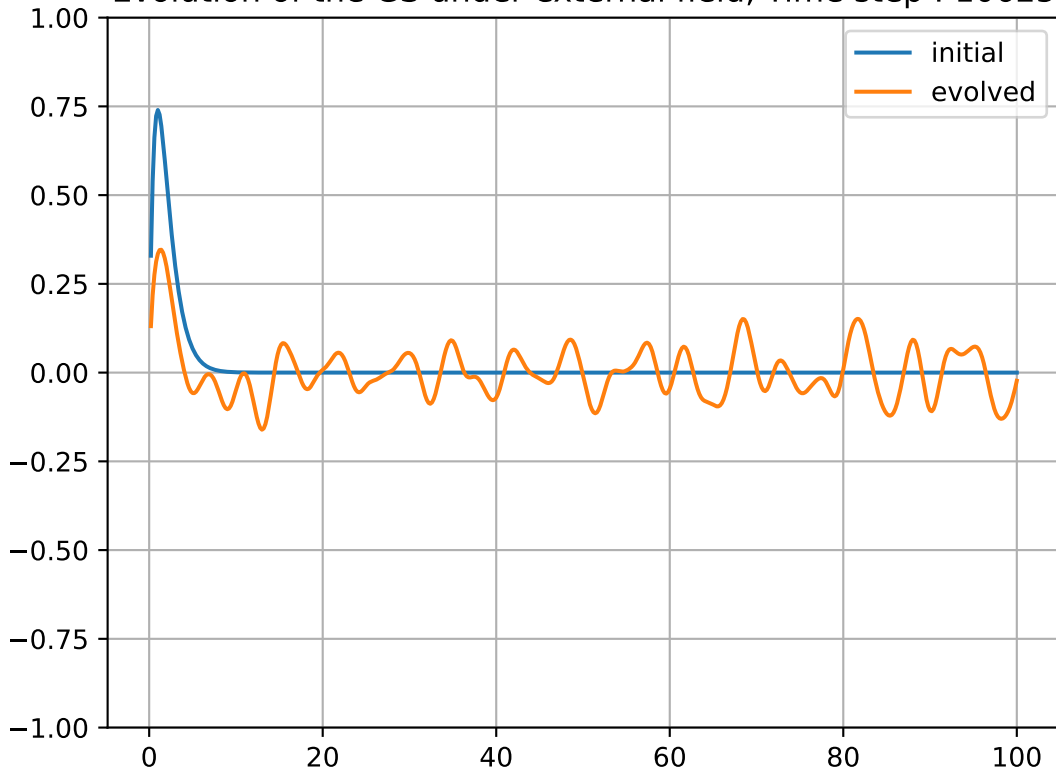

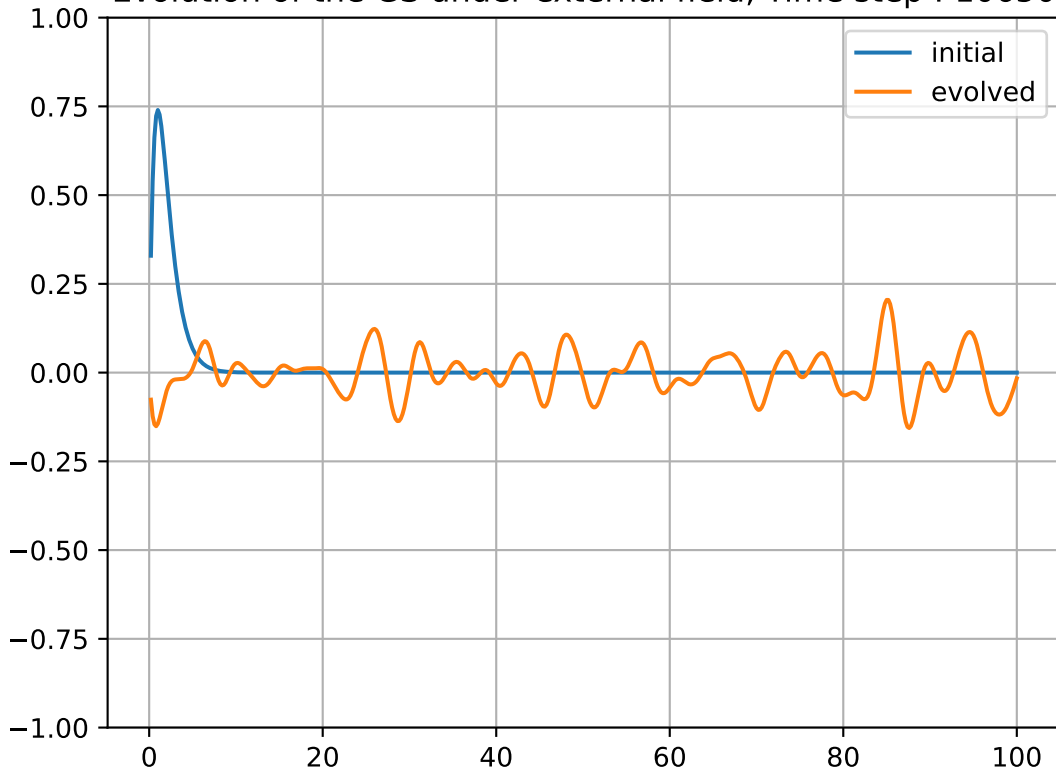

Evolution of the GS under external field, Time step : 10600

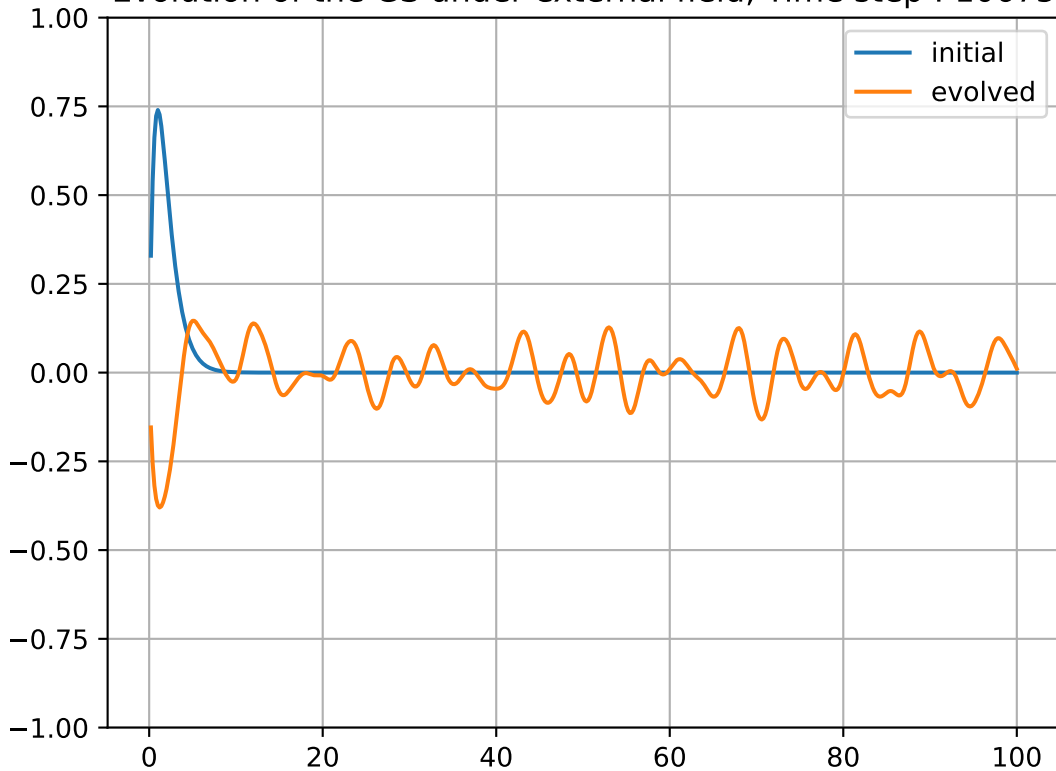

Evolution of the GS under external field, Time step : 10625

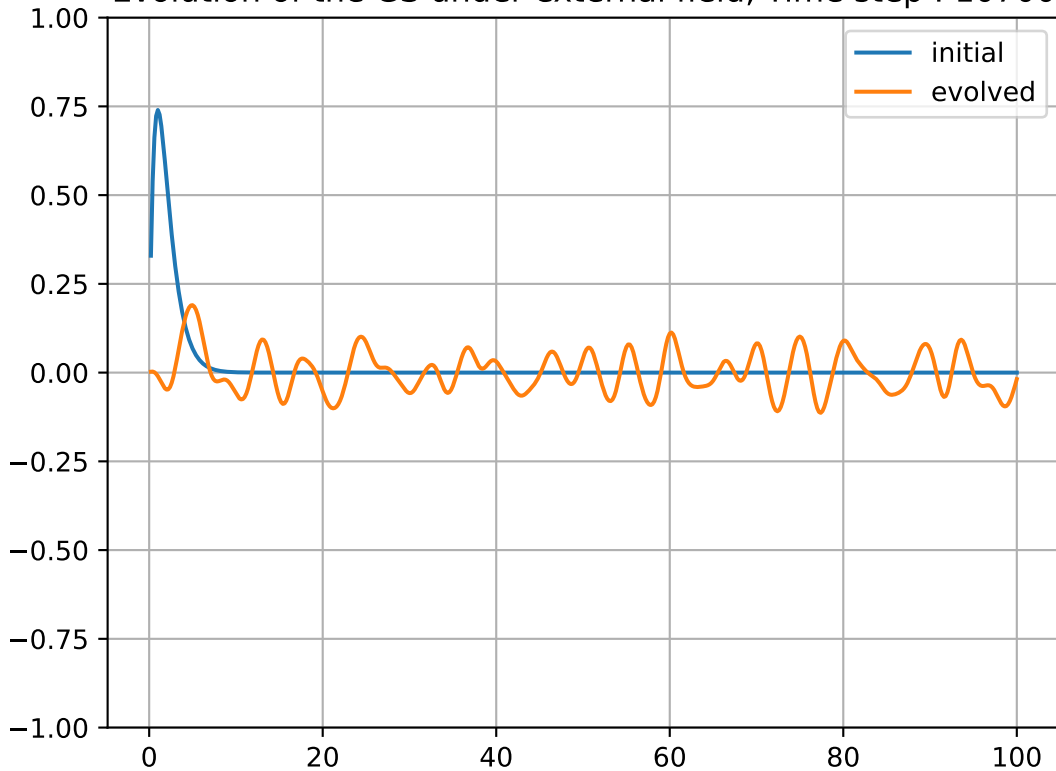

Evolution of the GS under external field, Time step : 10650

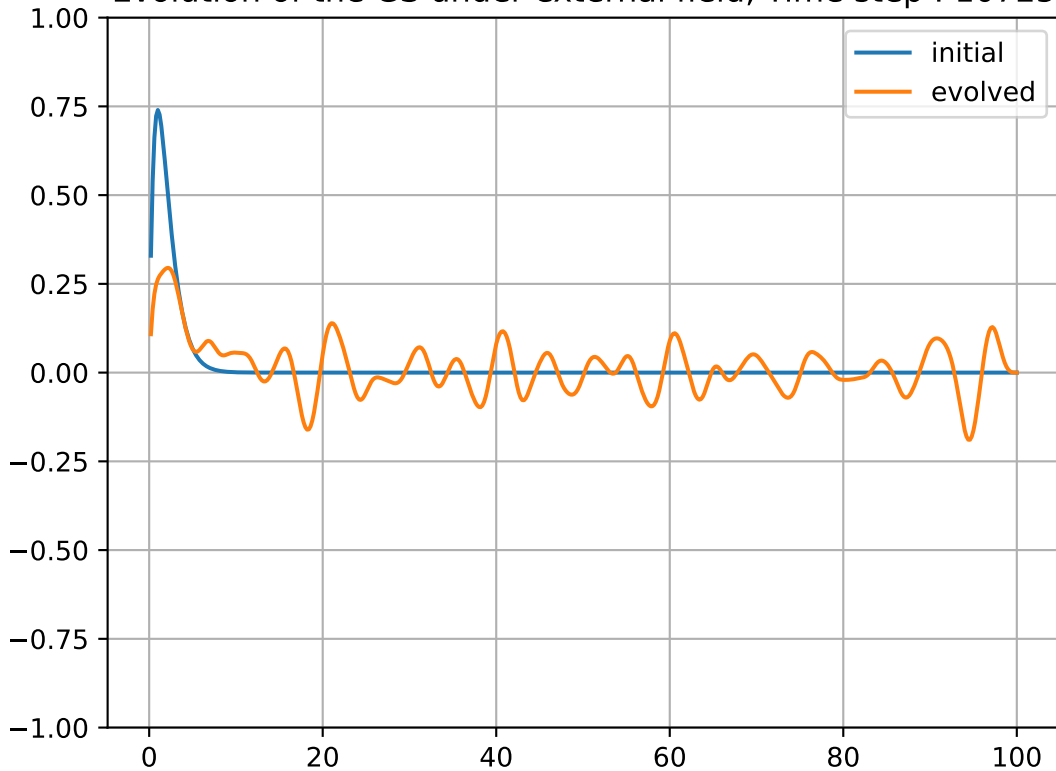

Evolution of the GS under external field, Time step : 10675

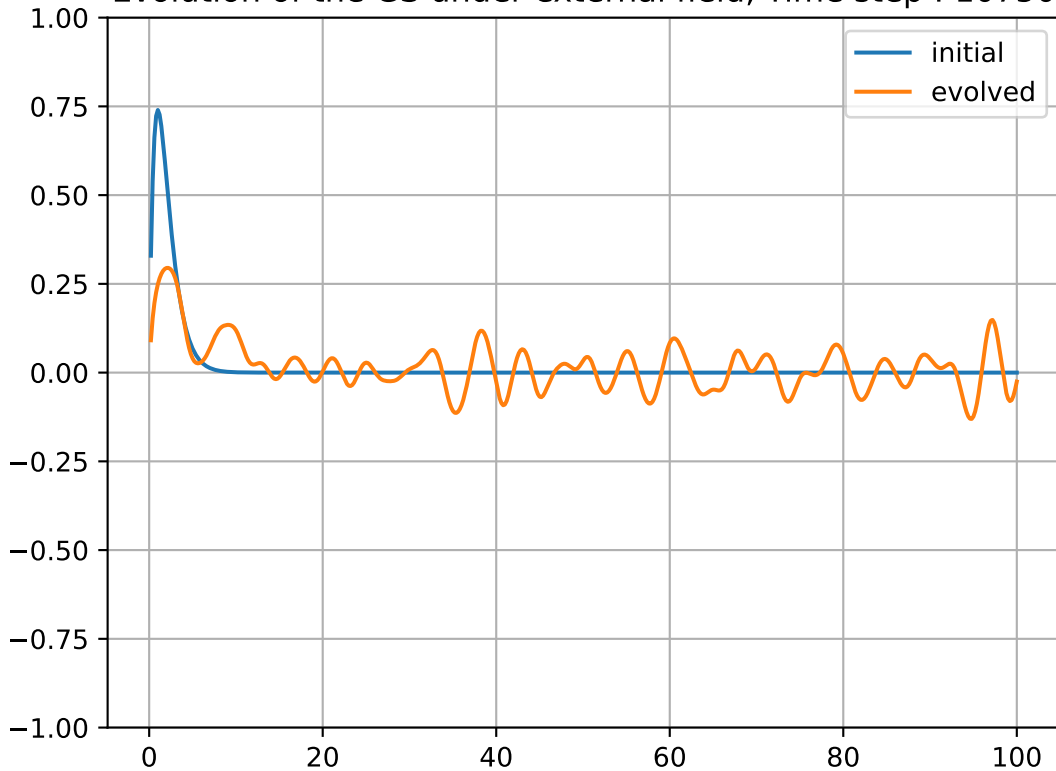

Evolution of the GS under external field, Time step : 10700

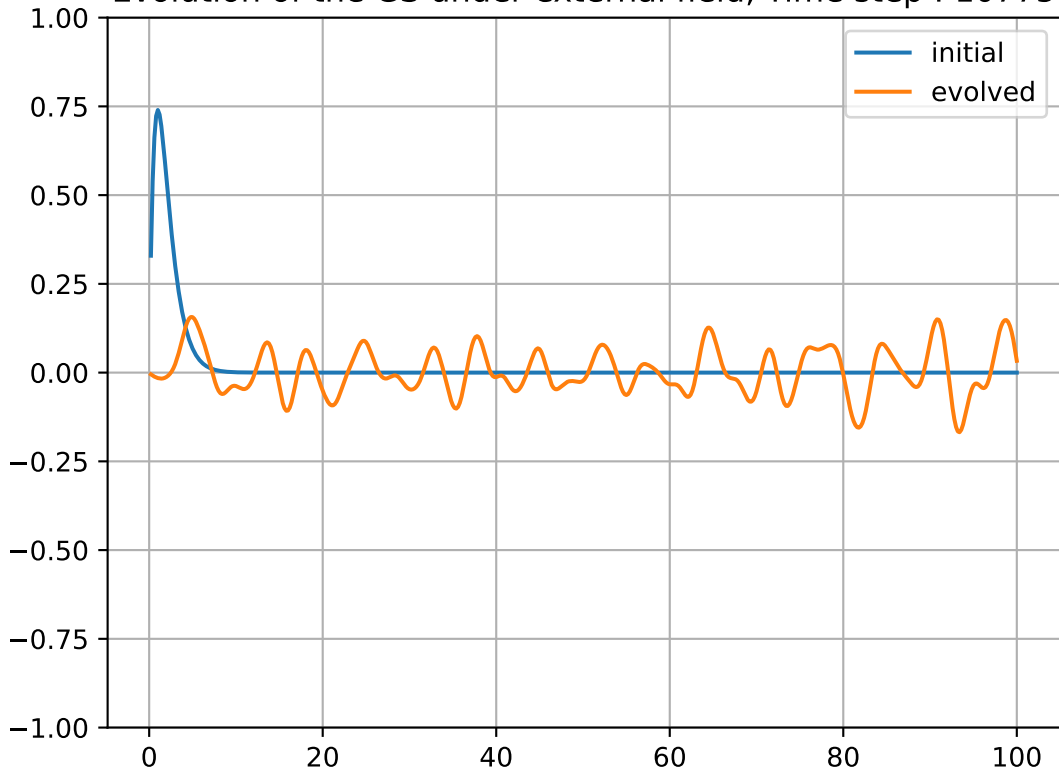

Evolution of the GS under external field, Time step : 10725

Evolution of the GS under external field, Time step : 10750

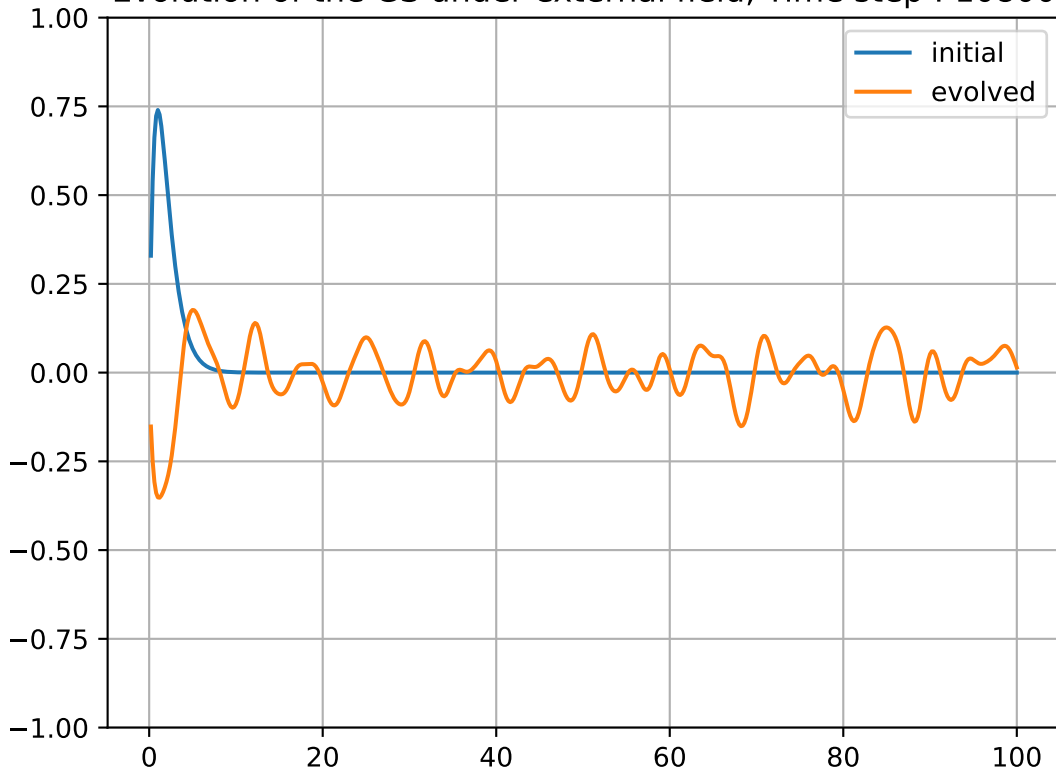

Evolution of the GS under external field, Time step : 10775

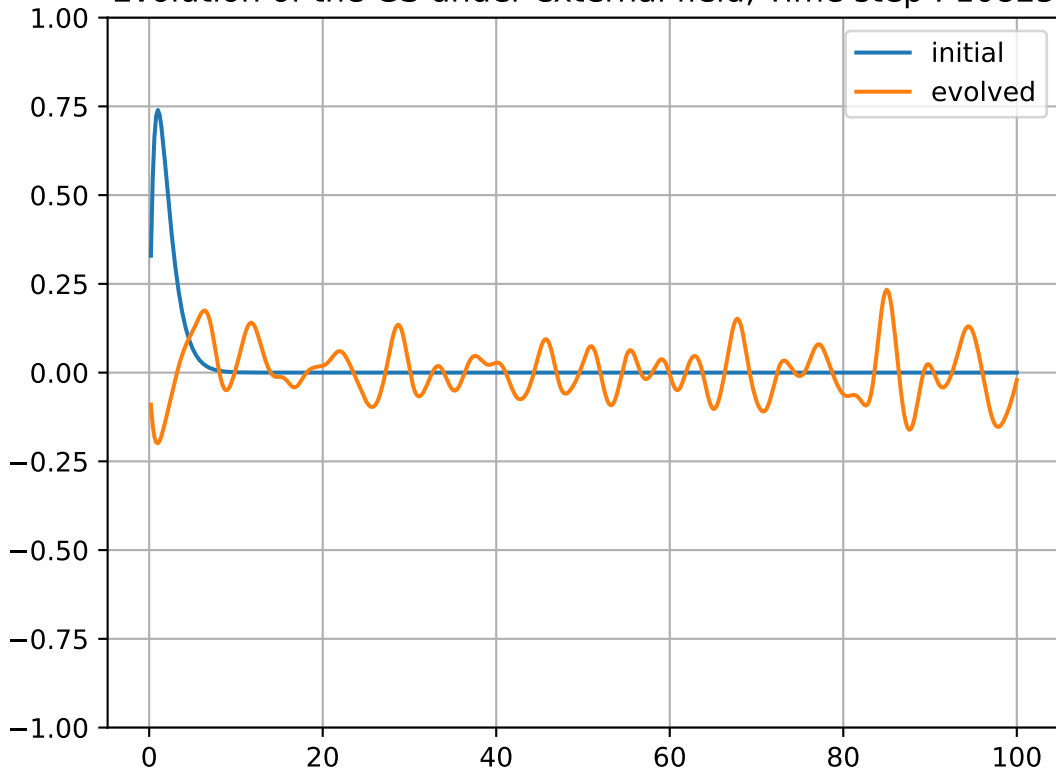

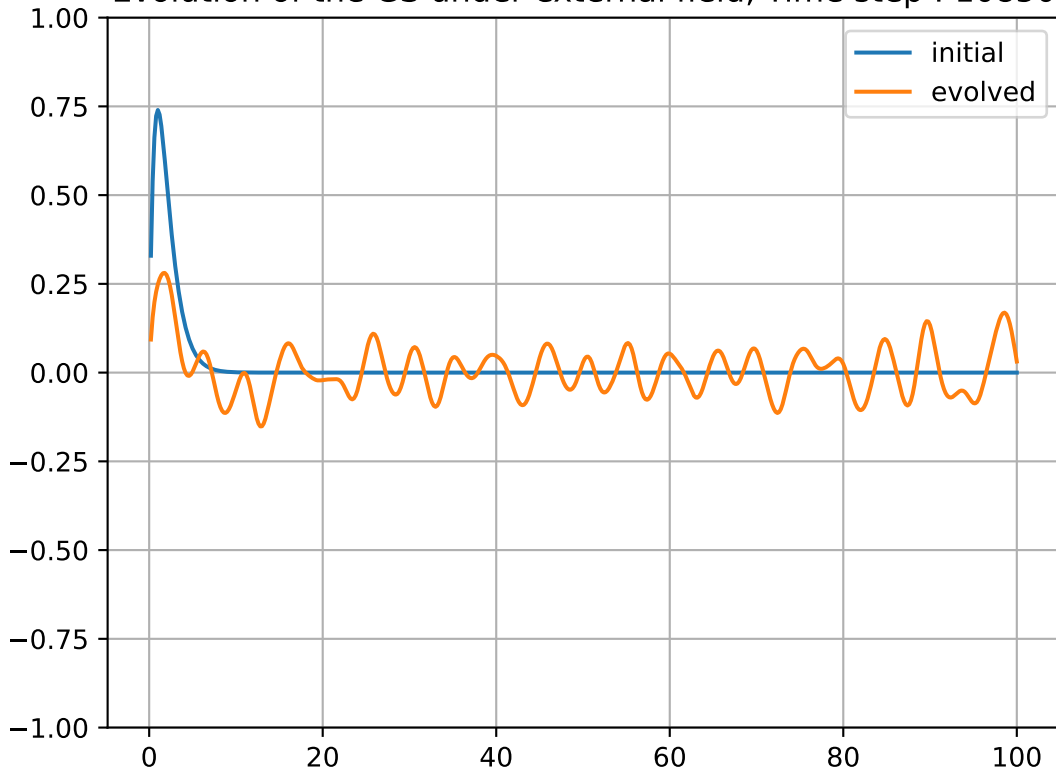

Evolution of the GS under external field, Time step : 10800

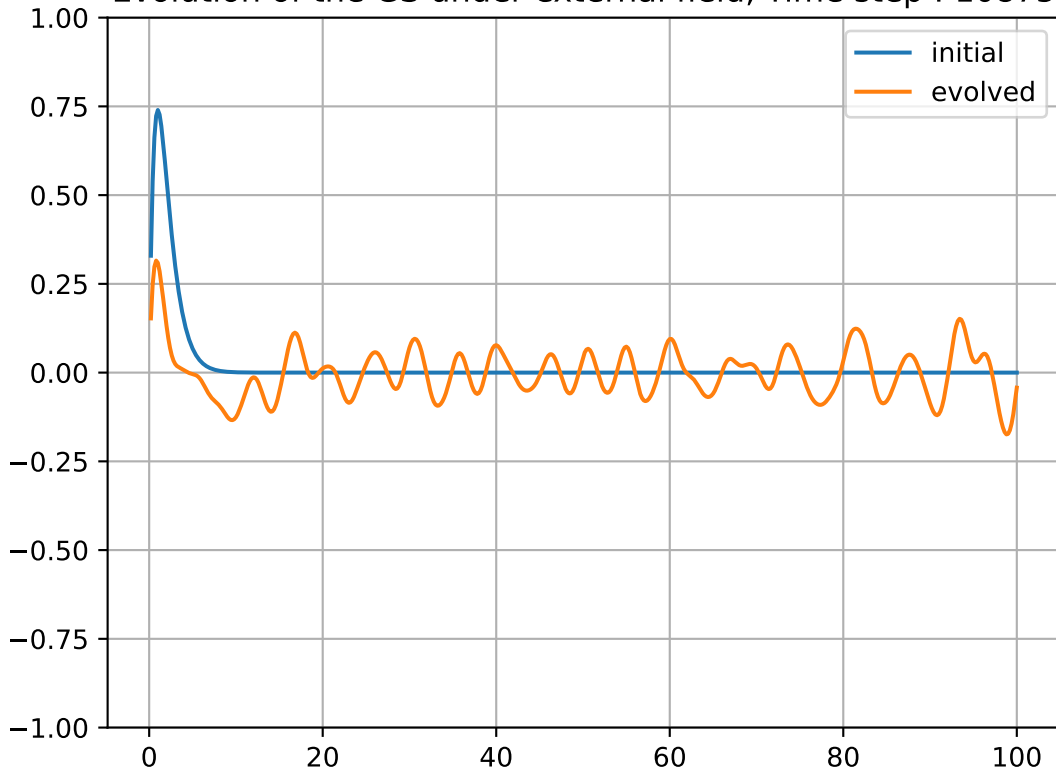

Evolution of the GS under external field, Time step : 10825

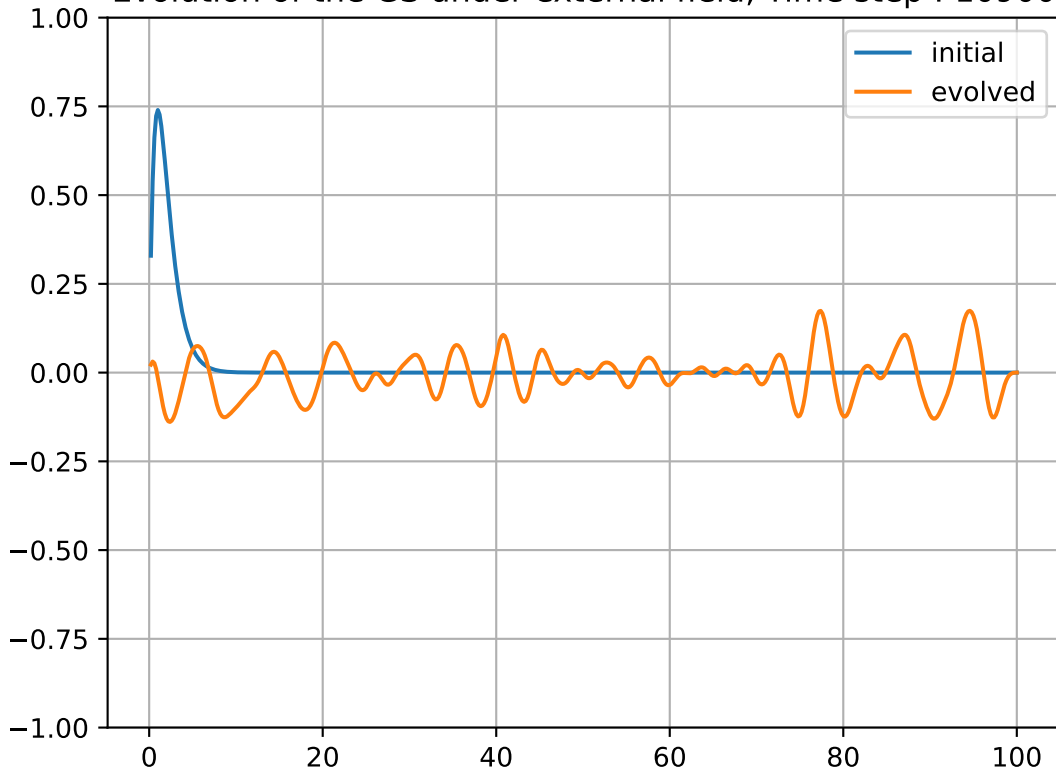

Evolution of the GS under external field, Time step : 10850

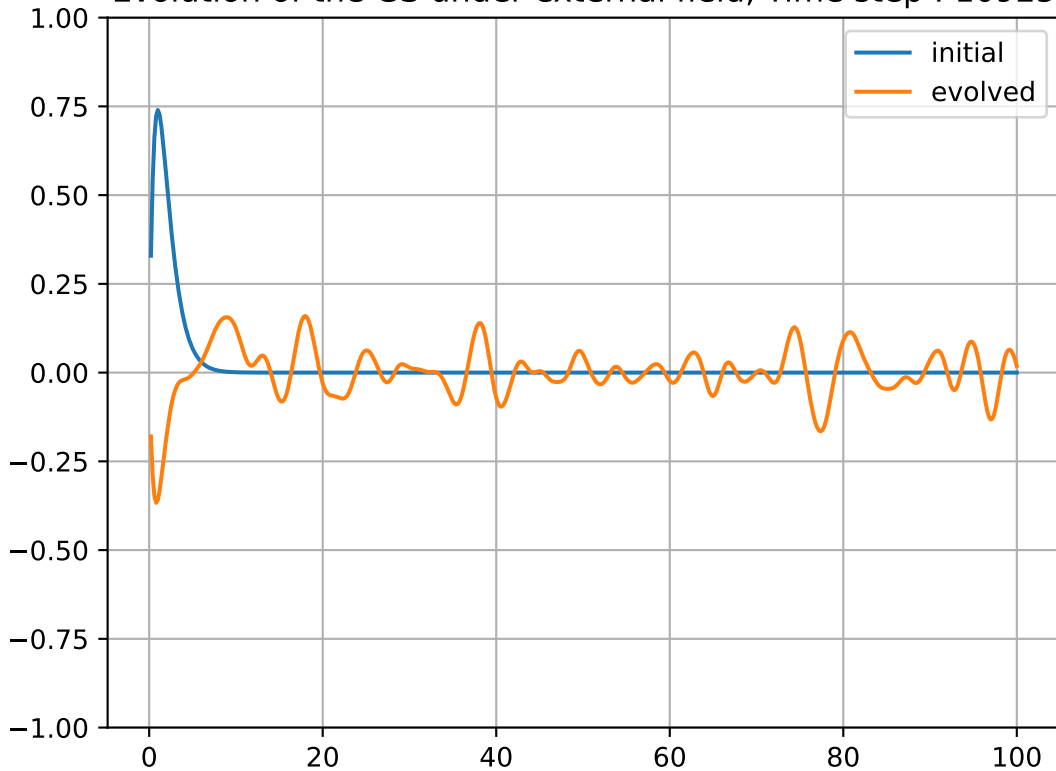

Evolution of the GS under external field, Time step : 10875

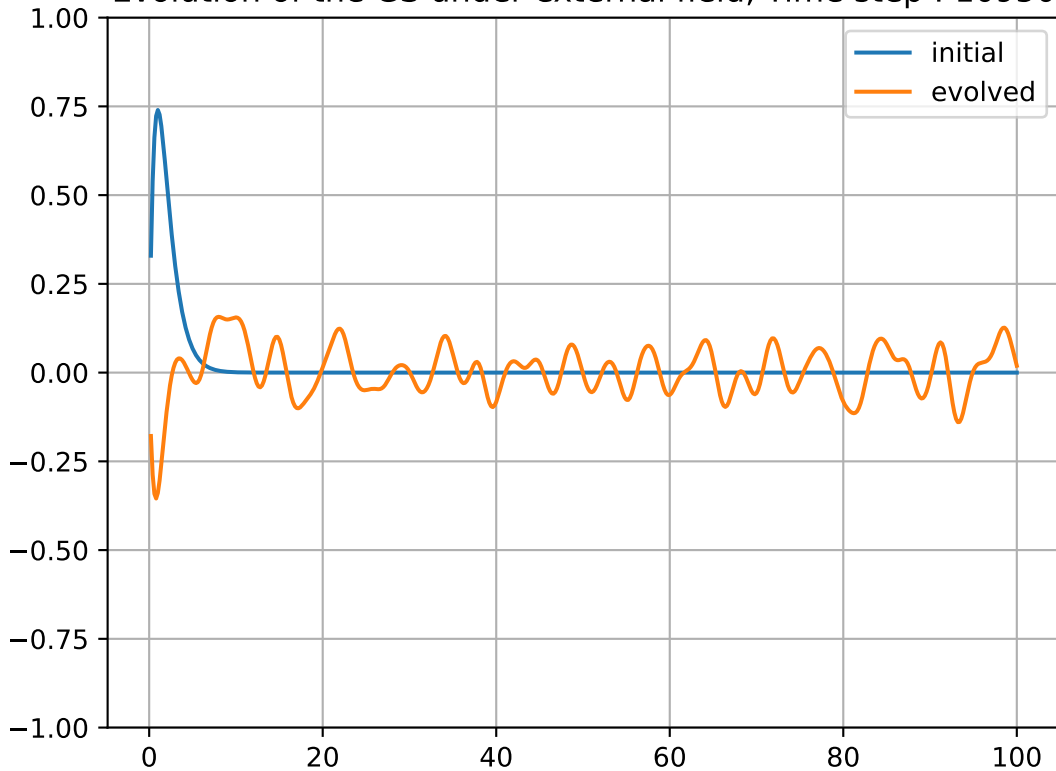

Evolution of the GS under external field, Time step : 10900

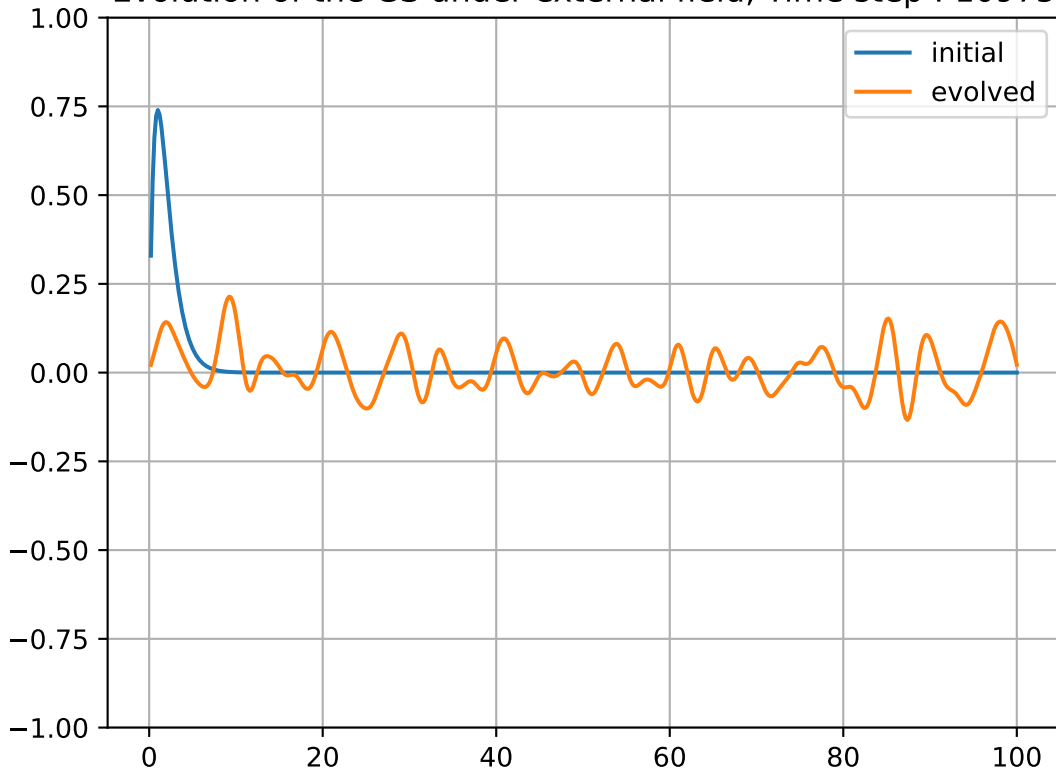

Evolution of the GS under external field, Time step : 10925

Evolution of the GS under external field, Time step : 10950

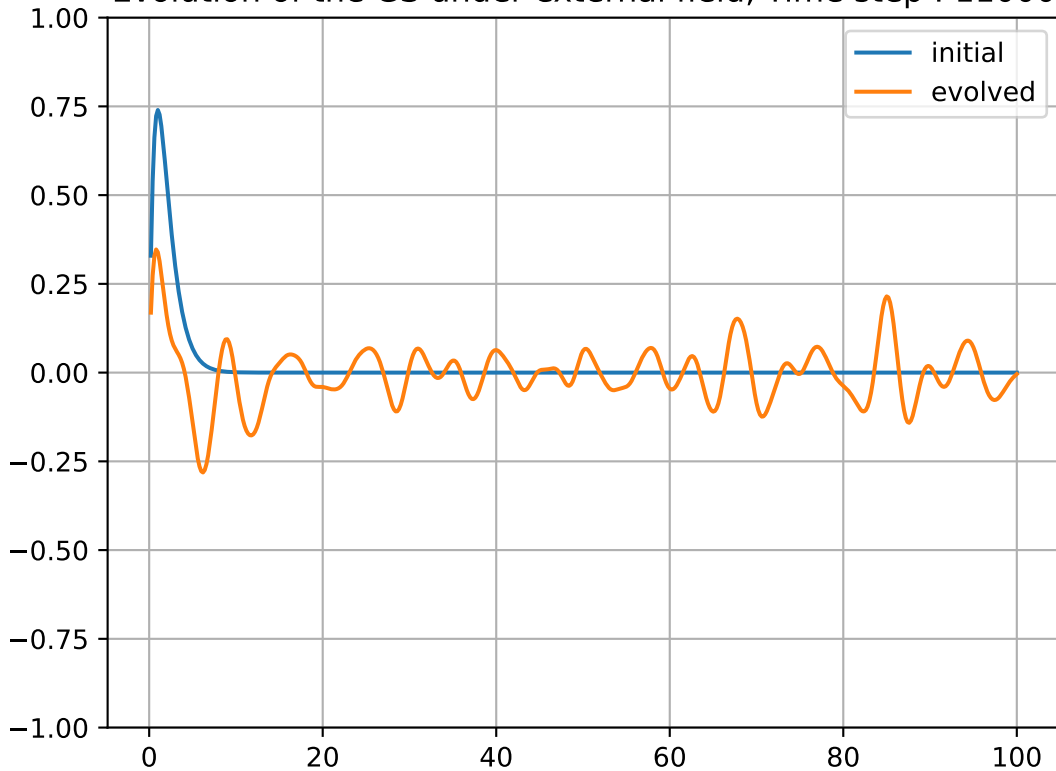

Evolution of the GS under external field, Time step : 10975

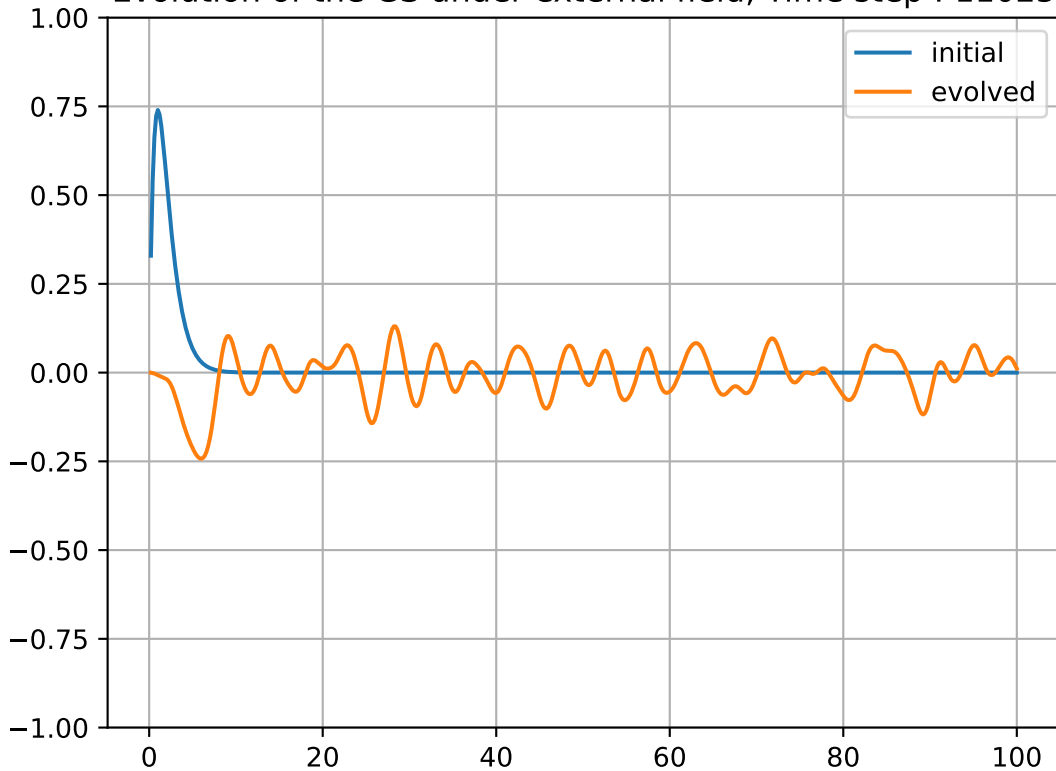

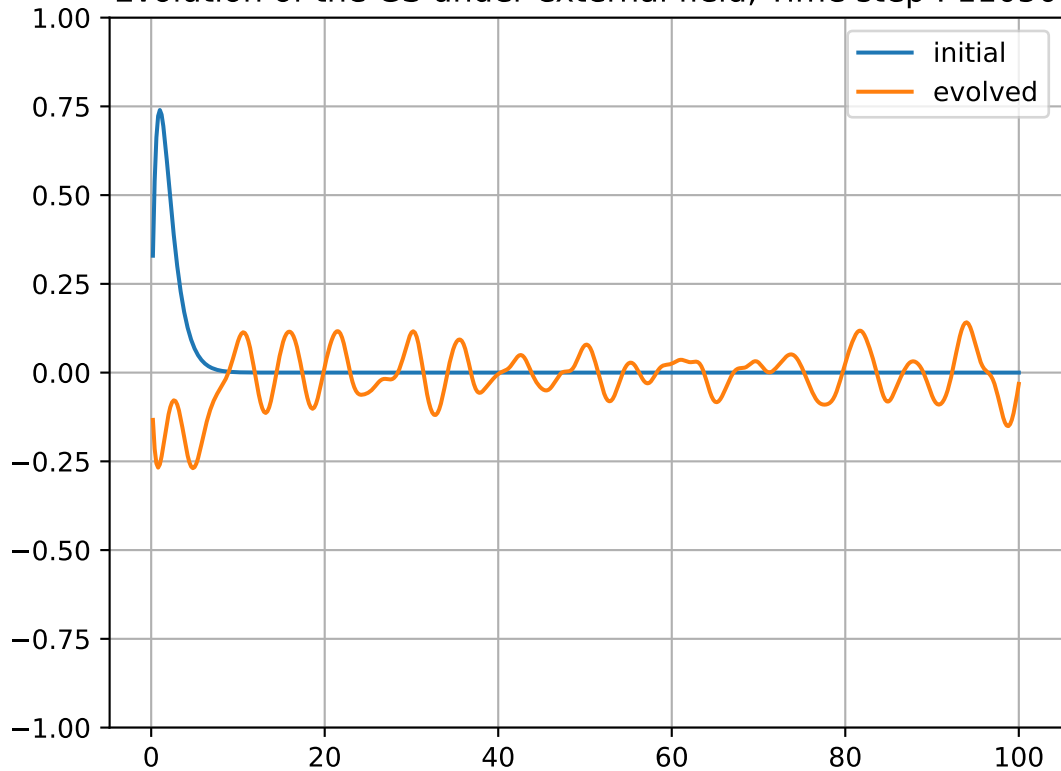

Evolution of the GS under external field, Time step : 11000

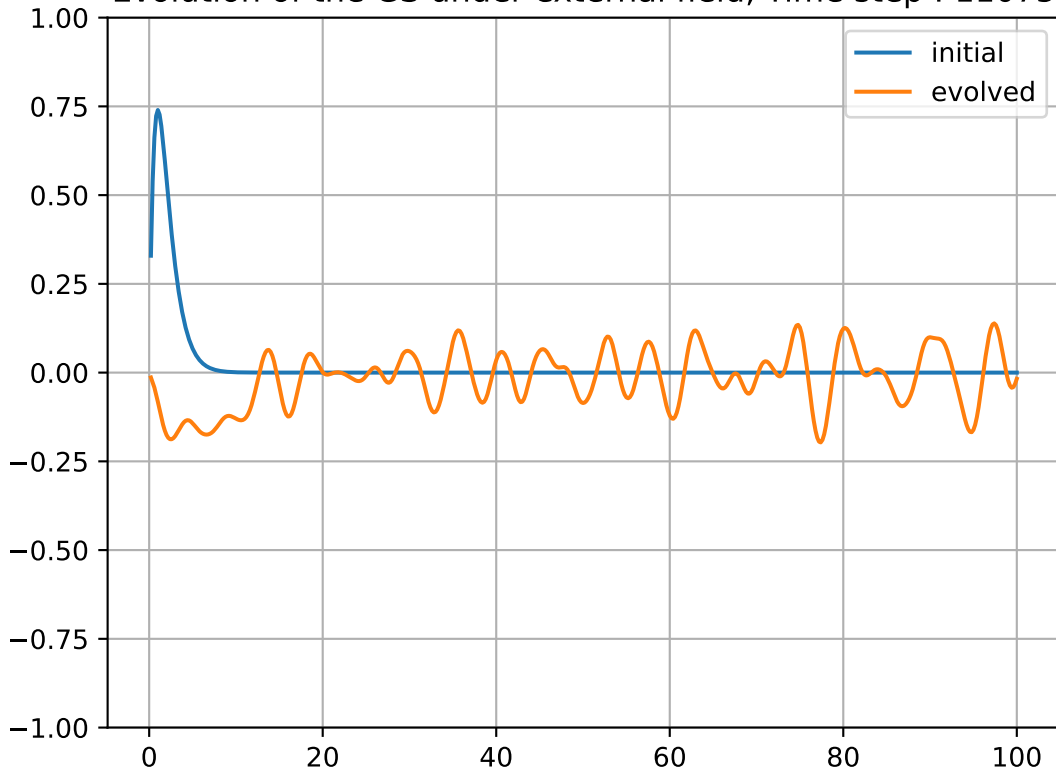

Evolution of the GS under external field, Time step : 11025

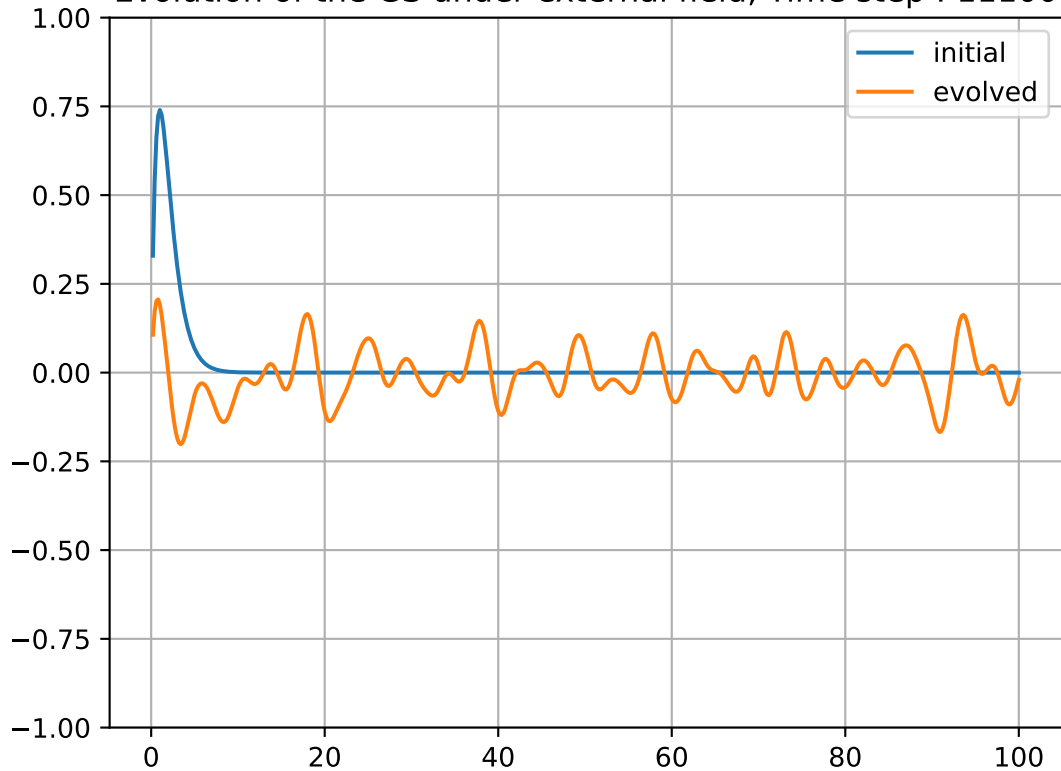

Evolution of the GS under external field, Time step : 11050

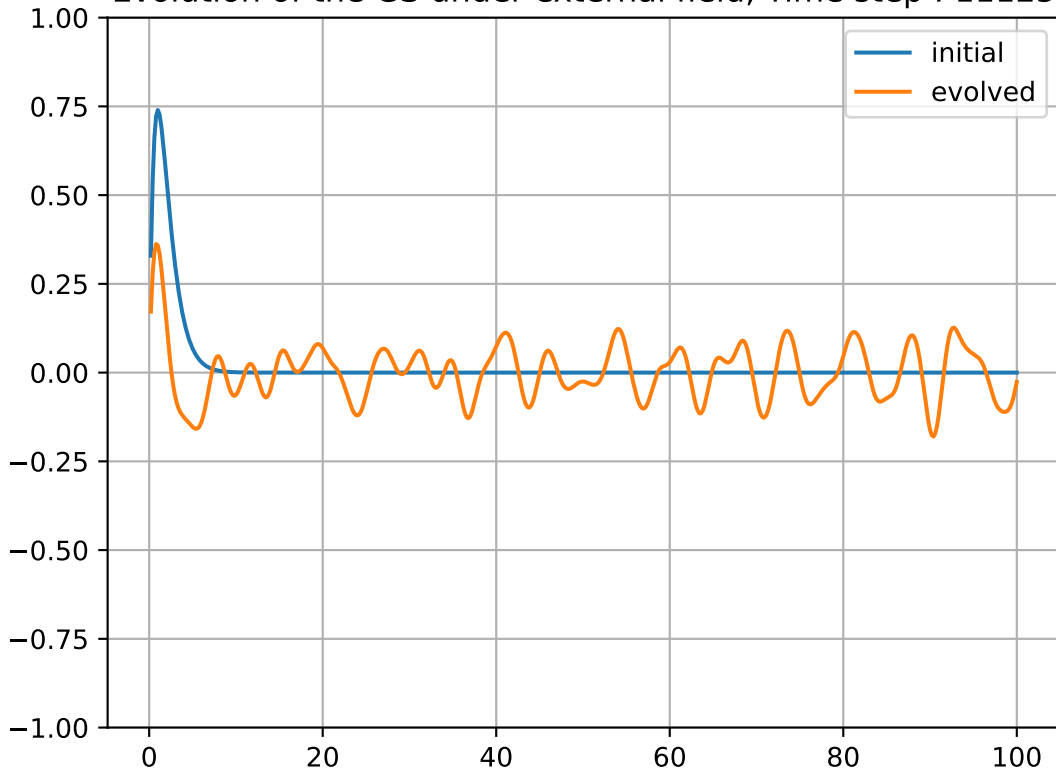

Evolution of the GS under external field, Time step : 11075

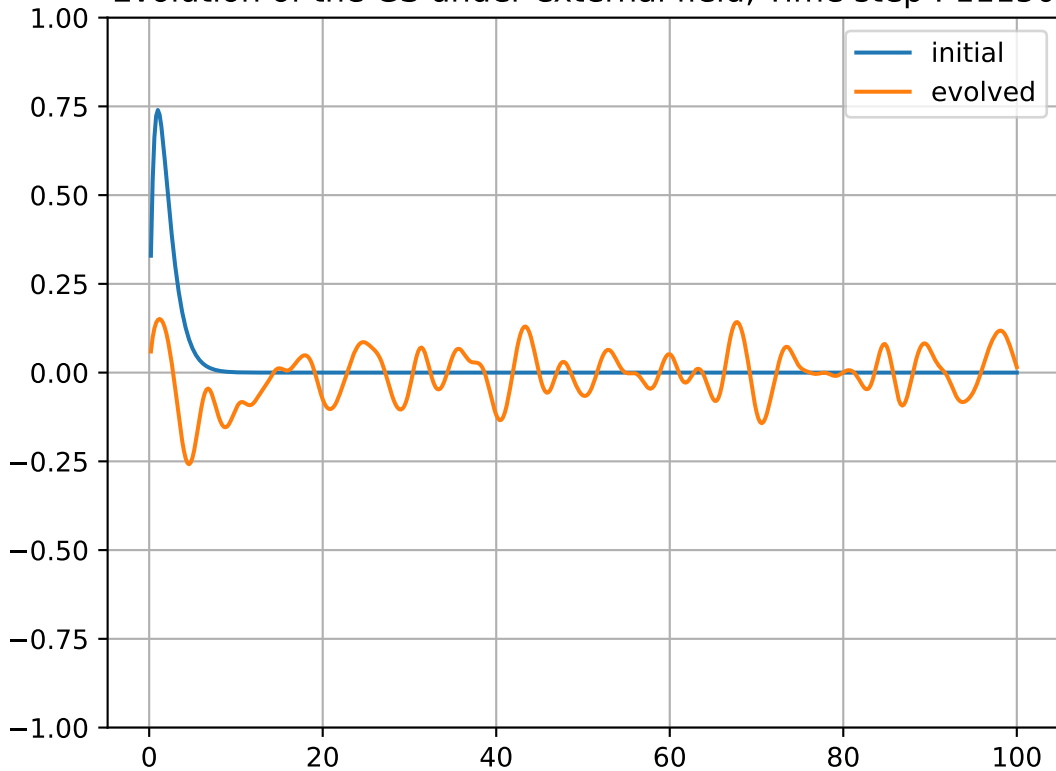

Evolution of the GS under external field, Time step : 11100

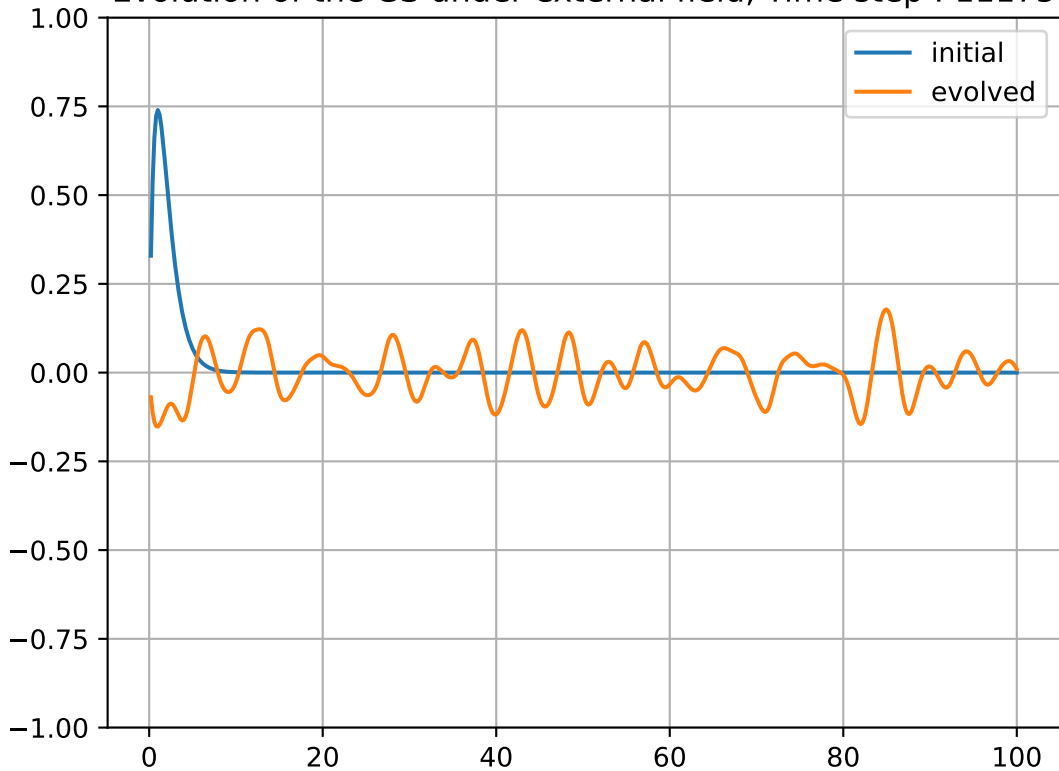

Evolution of the GS under external field, Time step : 11125

Evolution of the GS under external field, Time step : 11150

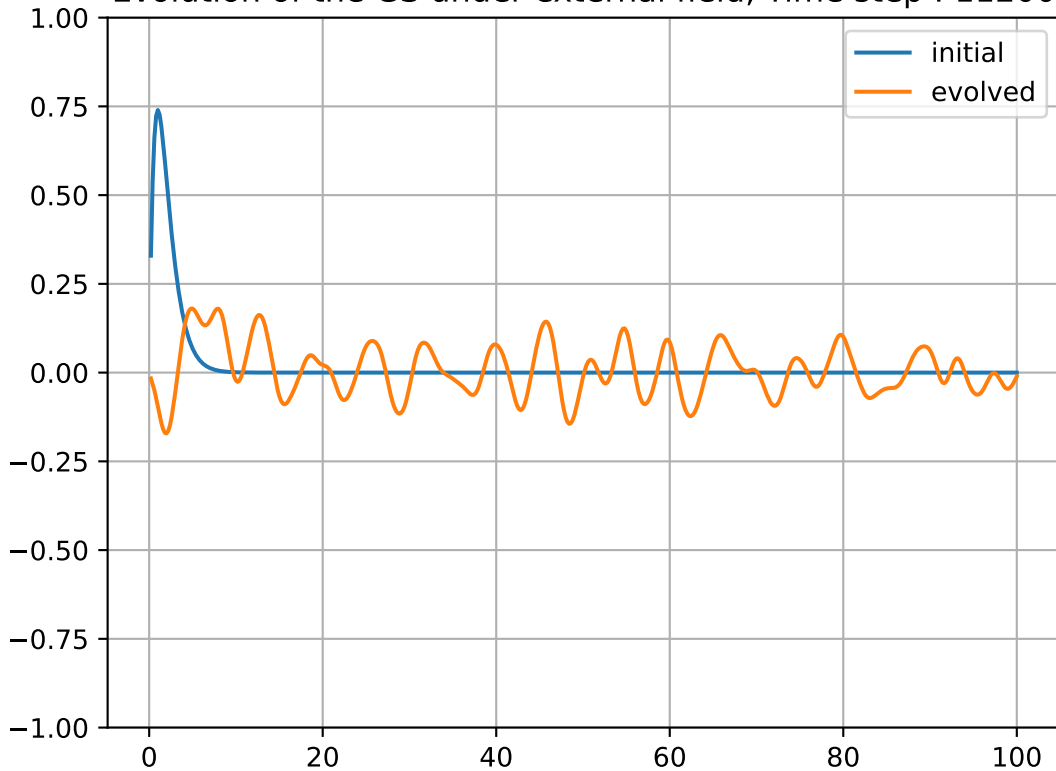

Evolution of the GS under external field, Time step : 11175

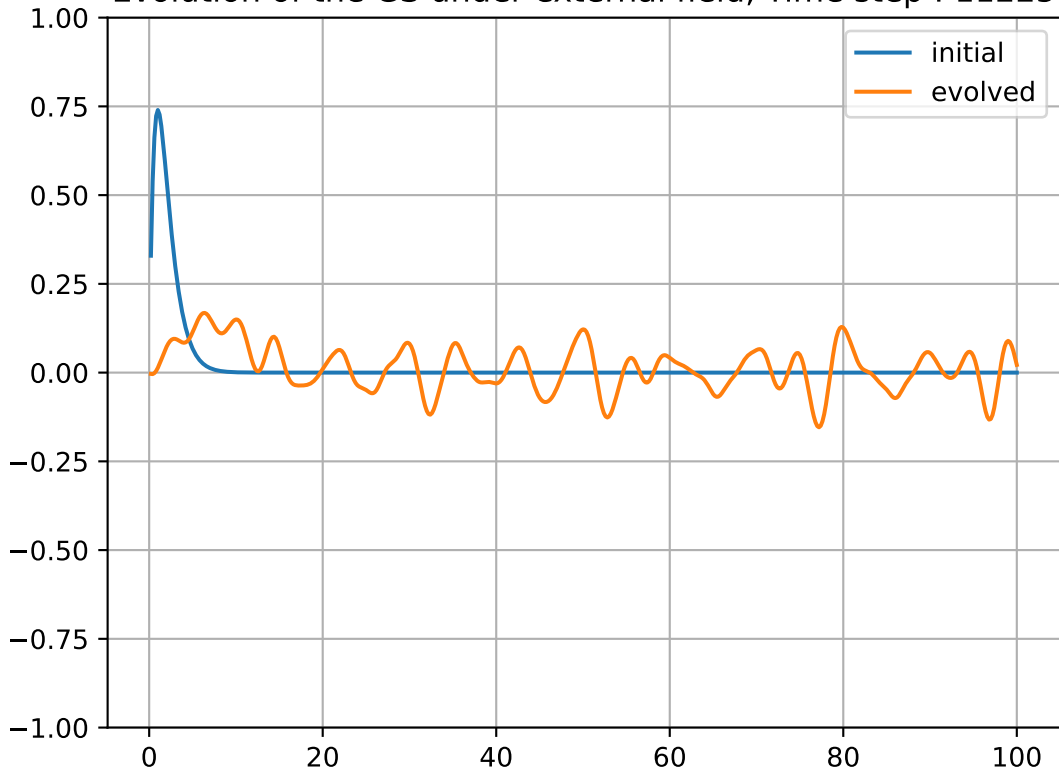

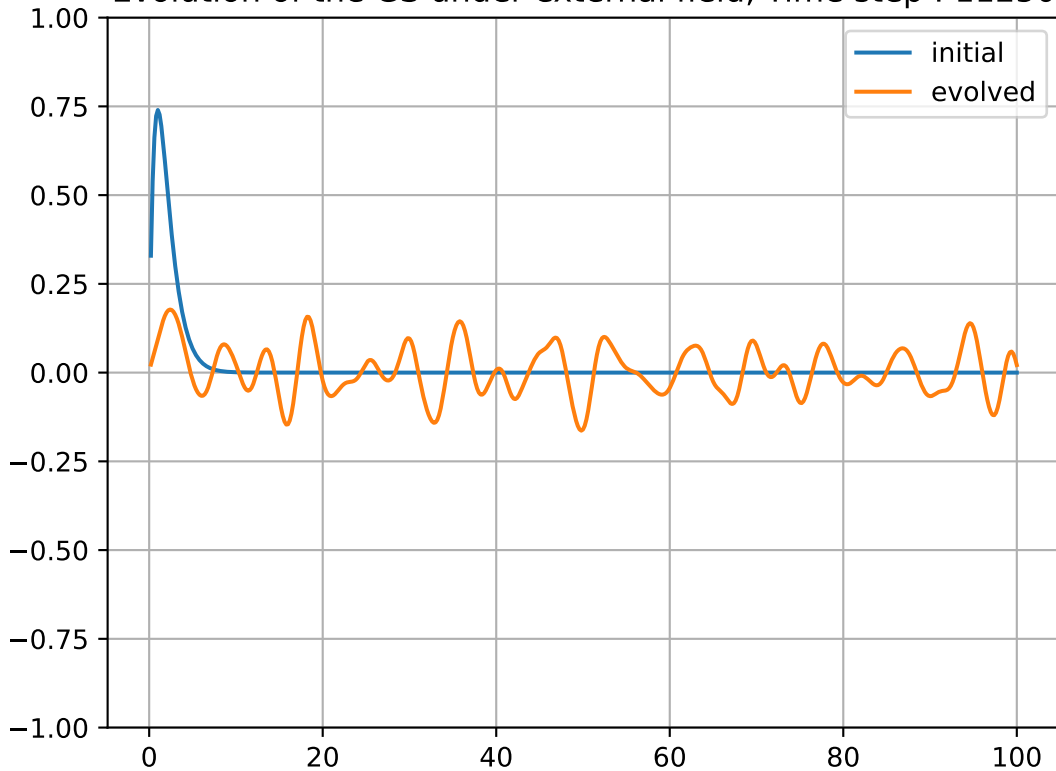

Evolution of the GS under external field, Time step : 11200

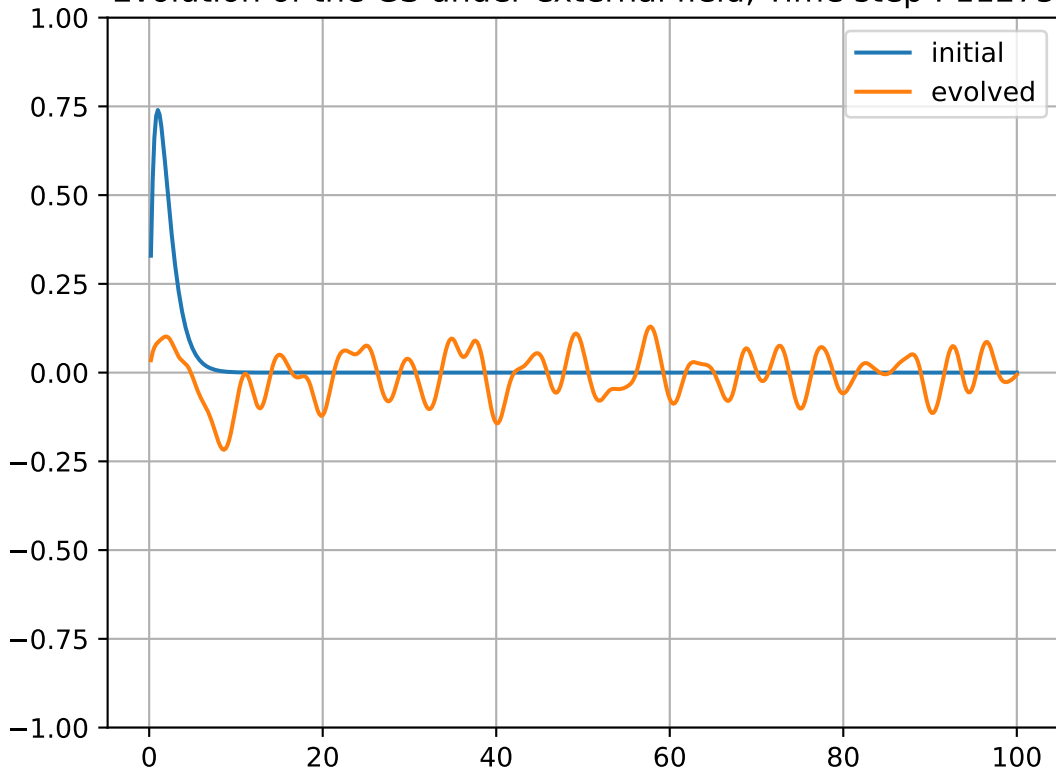

Evolution of the GS under external field, Time step : 11225

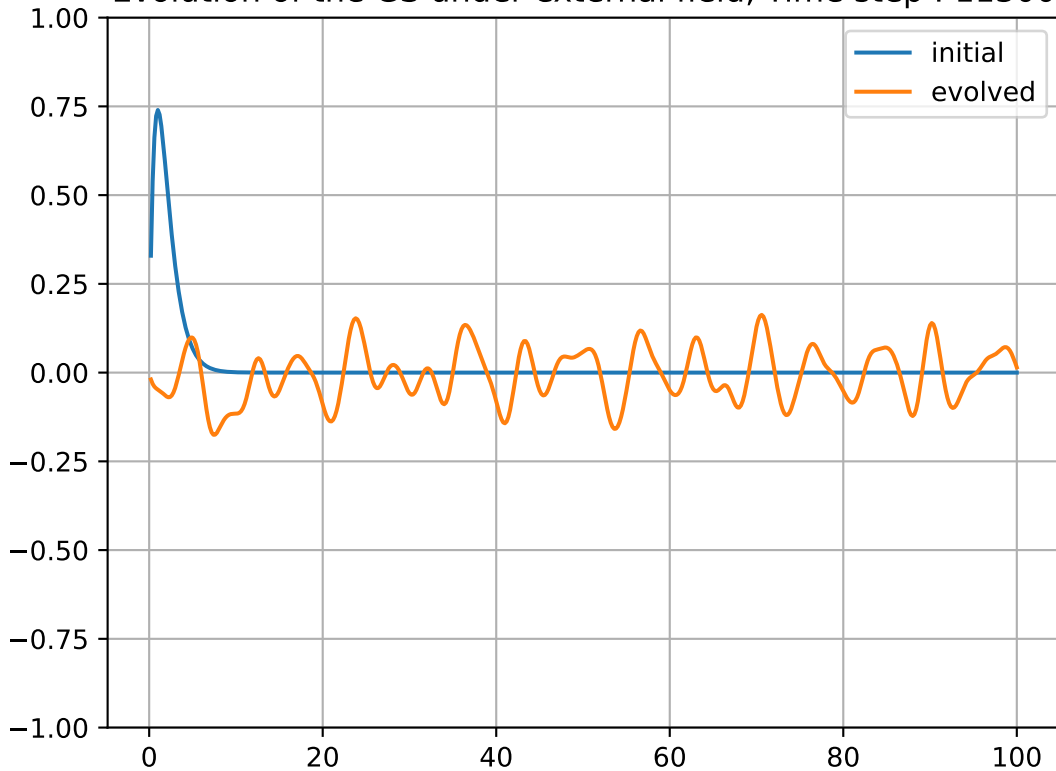

Evolution of the GS under external field, Time step : 11250

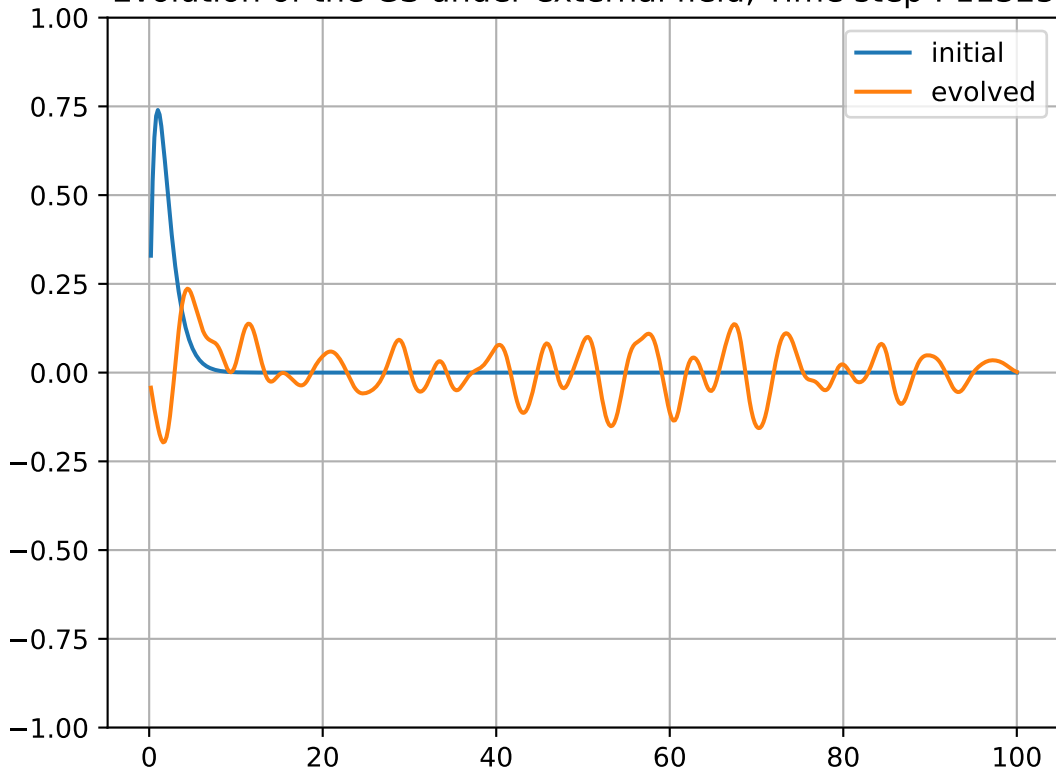

Evolution of the GS under external field, Time step : 11275

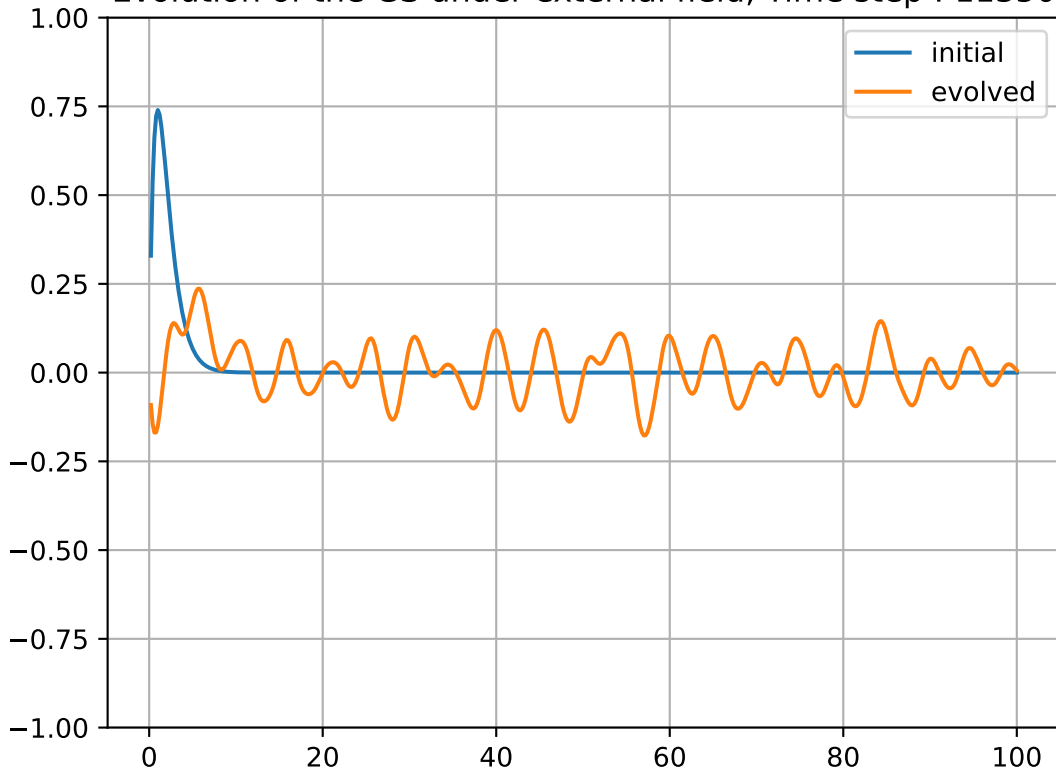

Evolution of the GS under external field, Time step : 11300

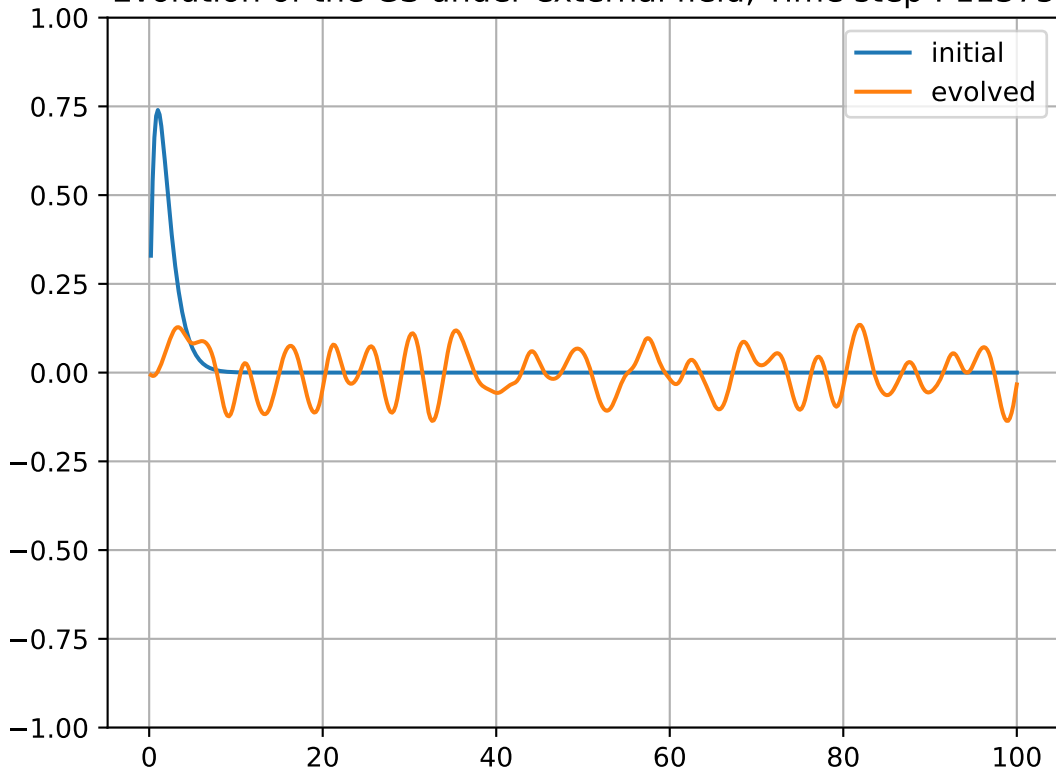

Evolution of the GS under external field, Time step : 11325

Evolution of the GS under external field, Time step : 11350

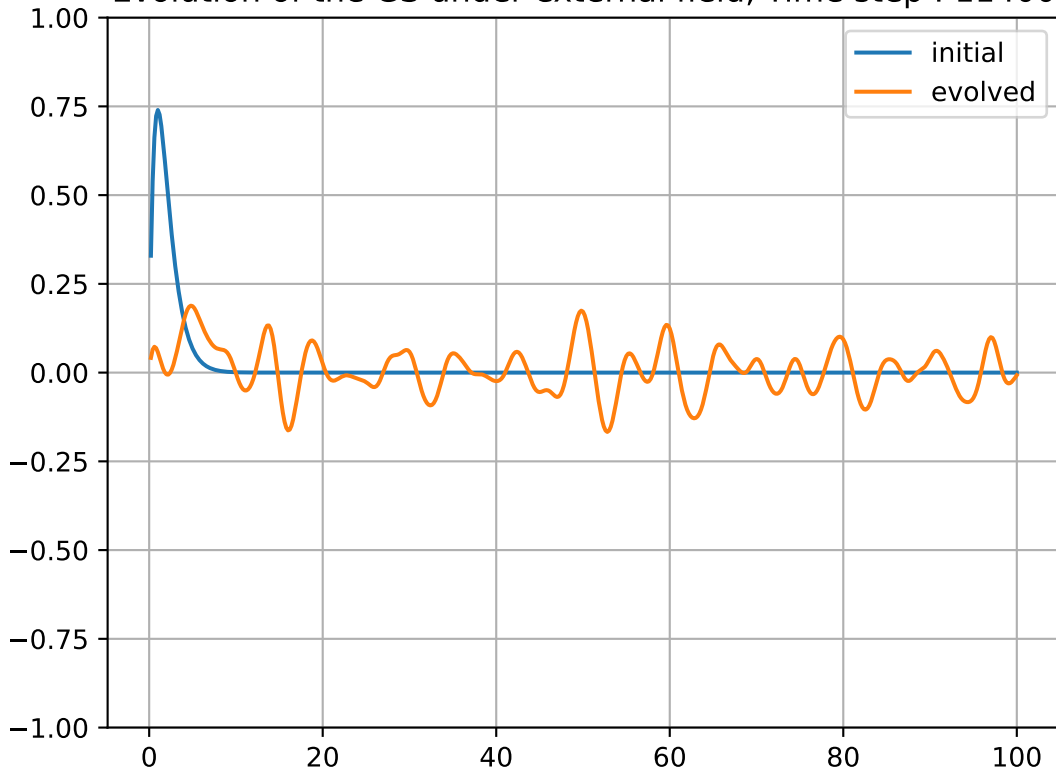

Evolution of the GS under external field, Time step : 11375

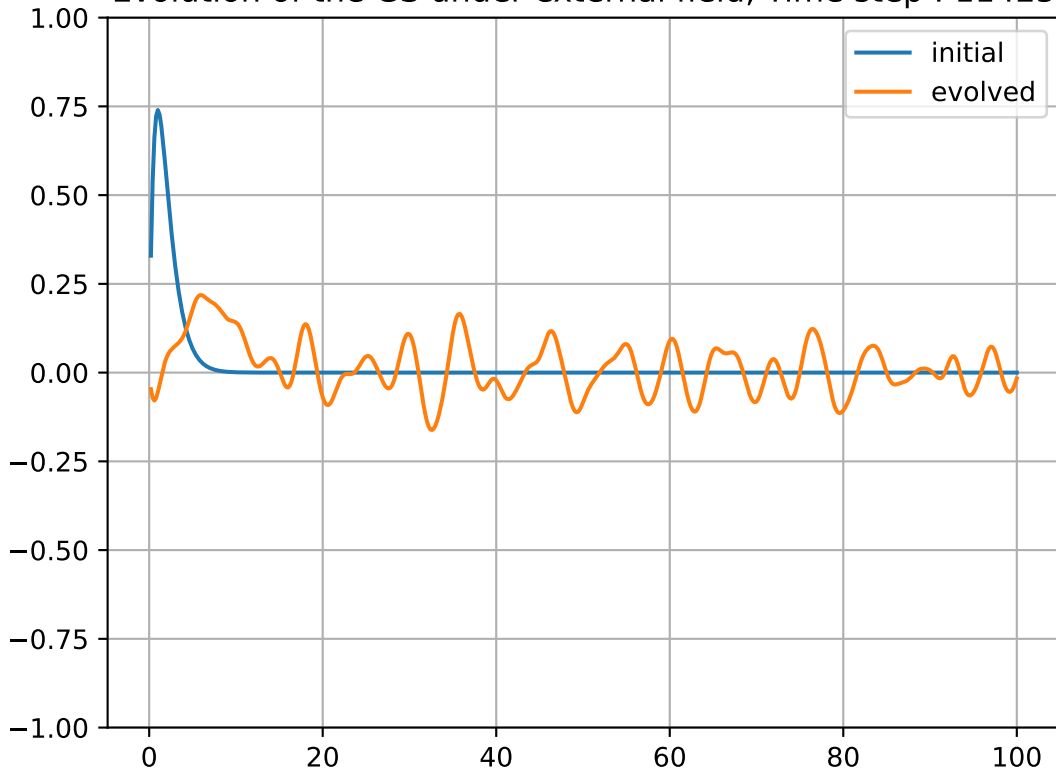

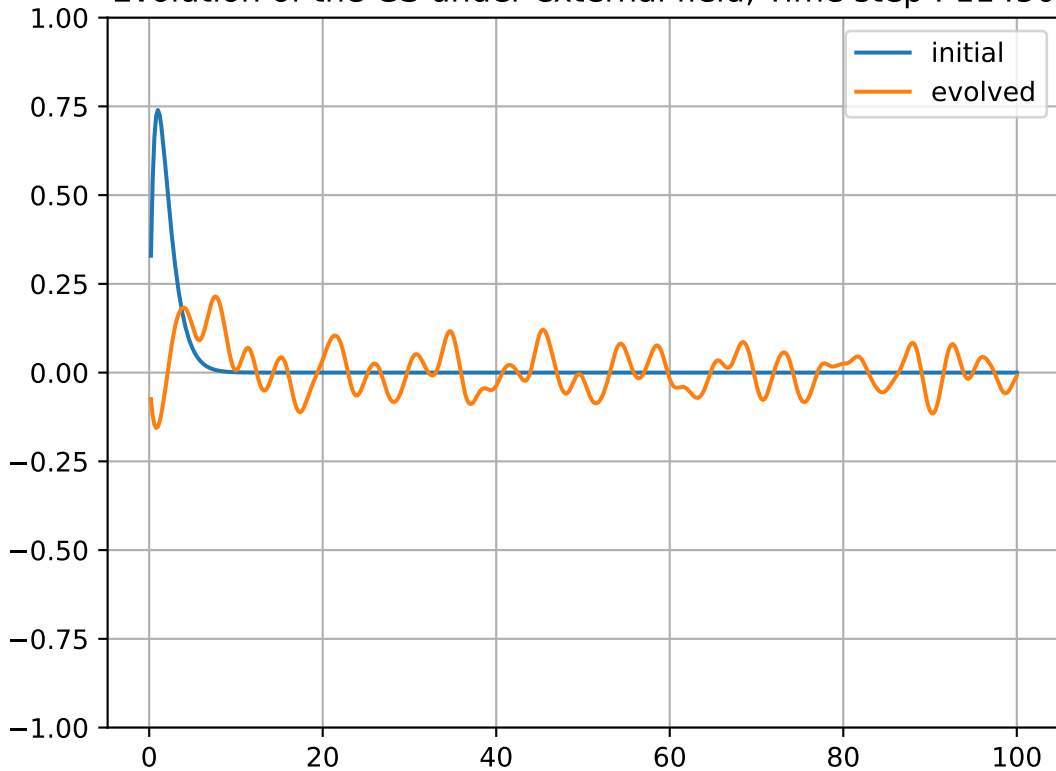

Evolution of the GS under external field, Time step : 11400

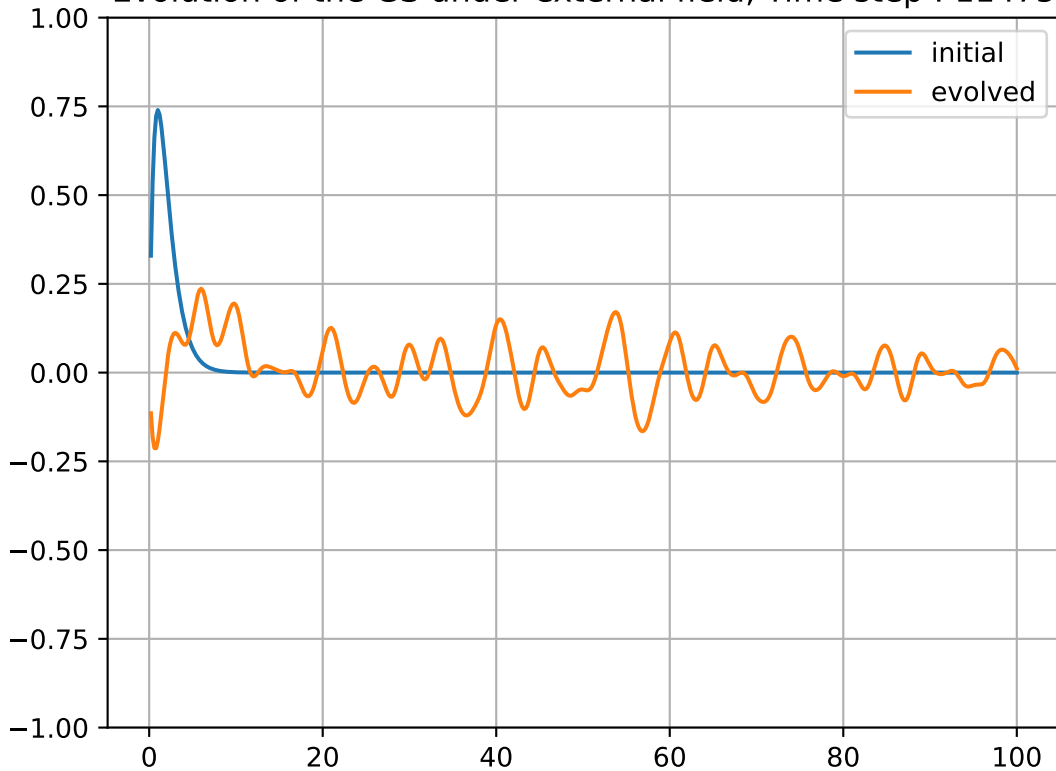

Evolution of the GS under external field, Time step : 11425

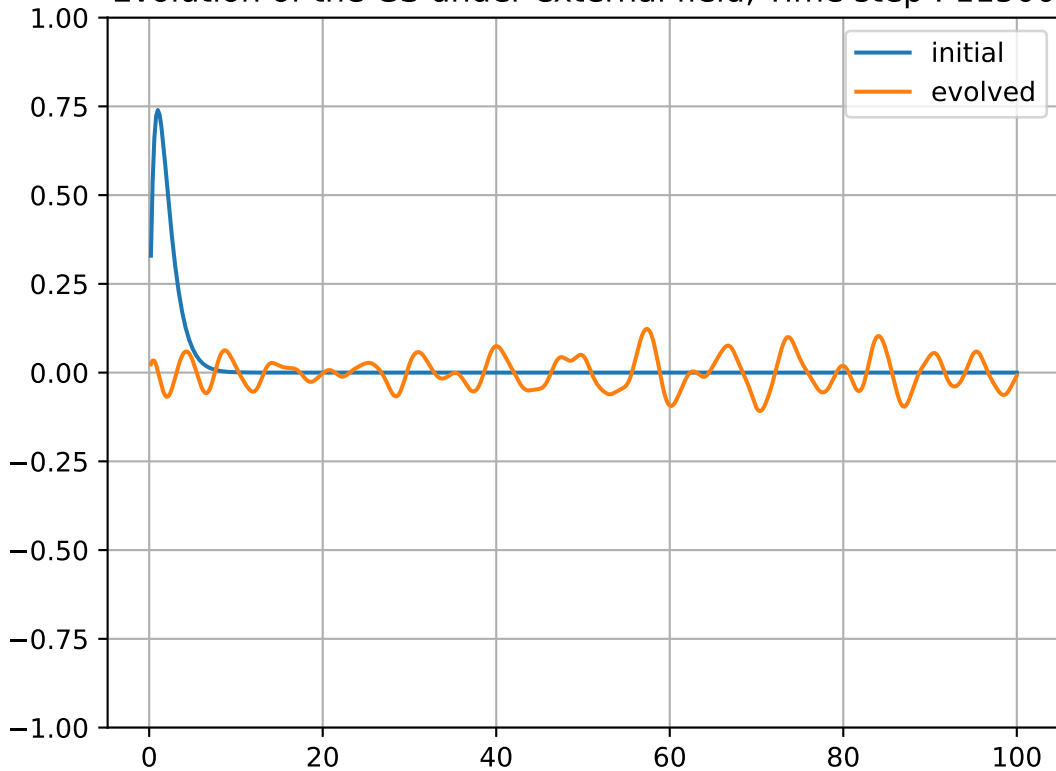

Evolution of the GS under external field, Time step : 11450

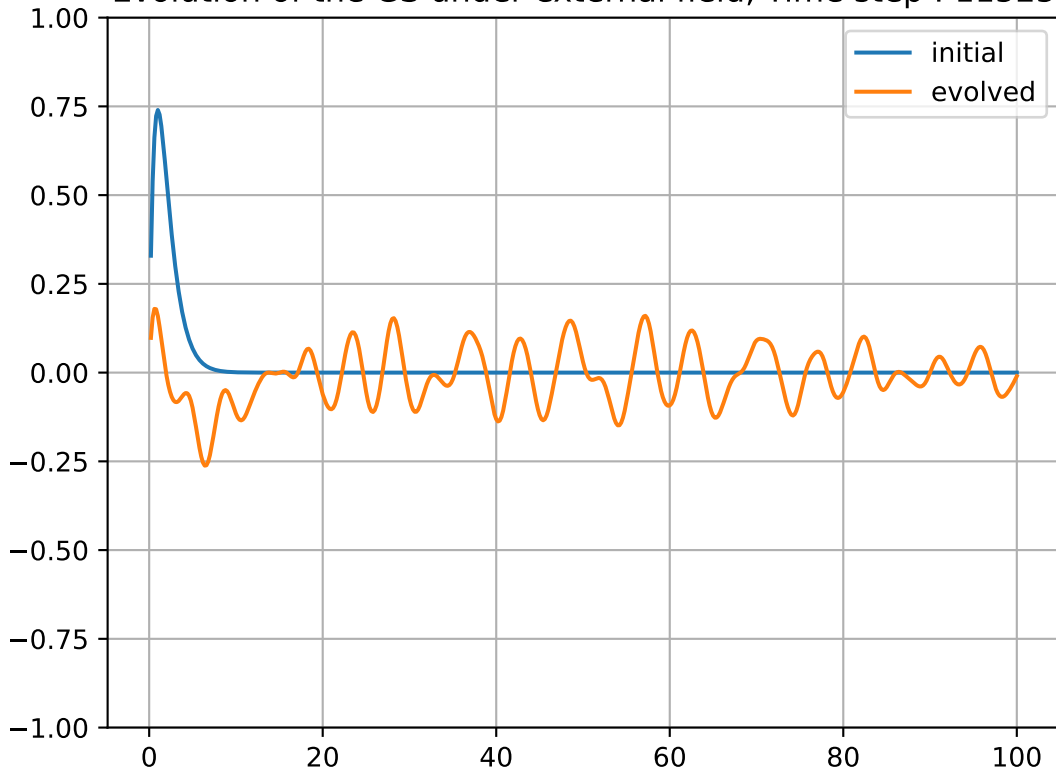

Evolution of the GS under external field, Time step : 11475

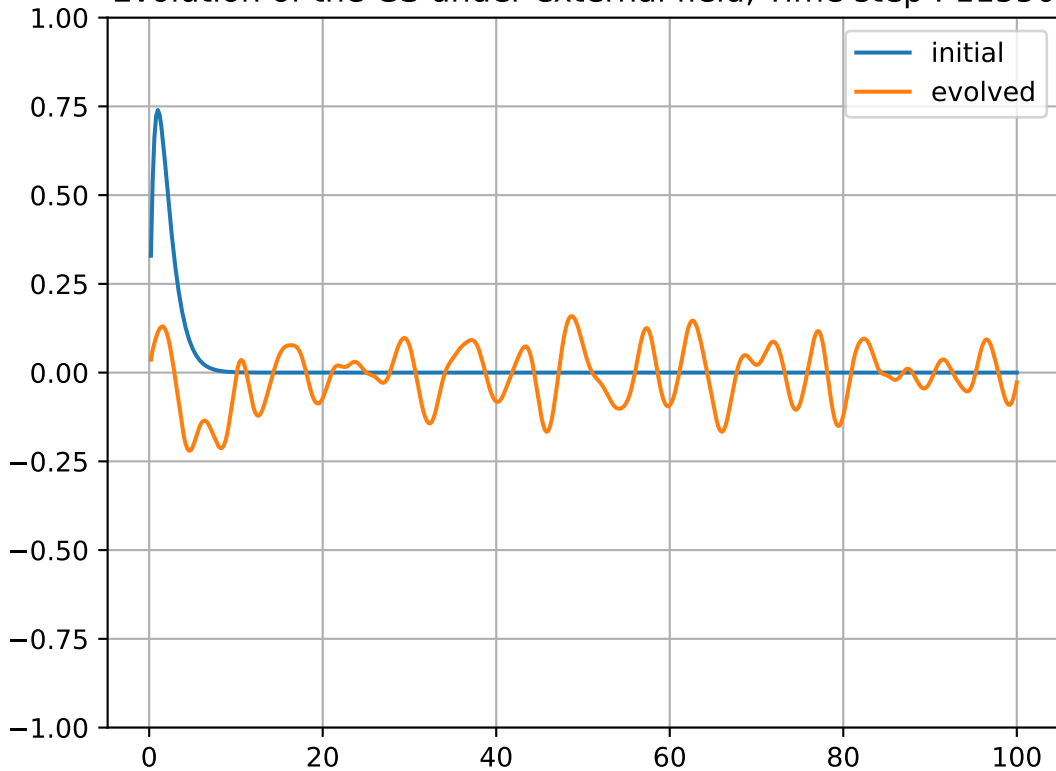

Evolution of the GS under external field, Time step : 11500

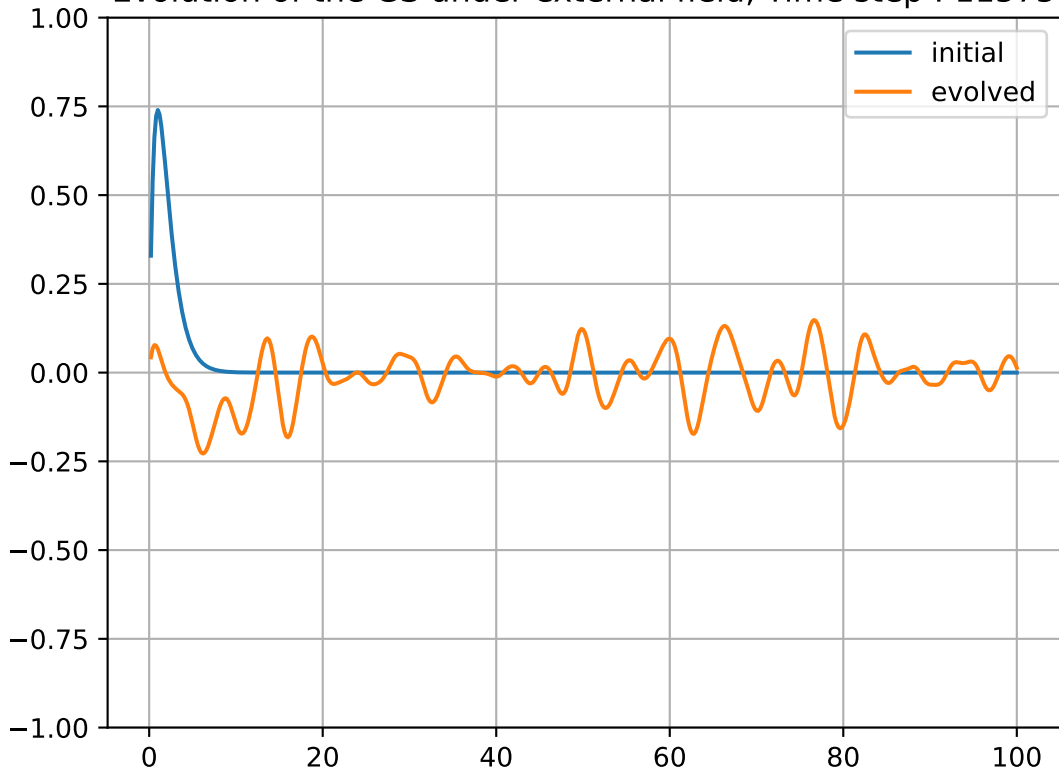

Evolution of the GS under external field, Time step : 11525

Evolution of the GS under external field, Time step : 11550

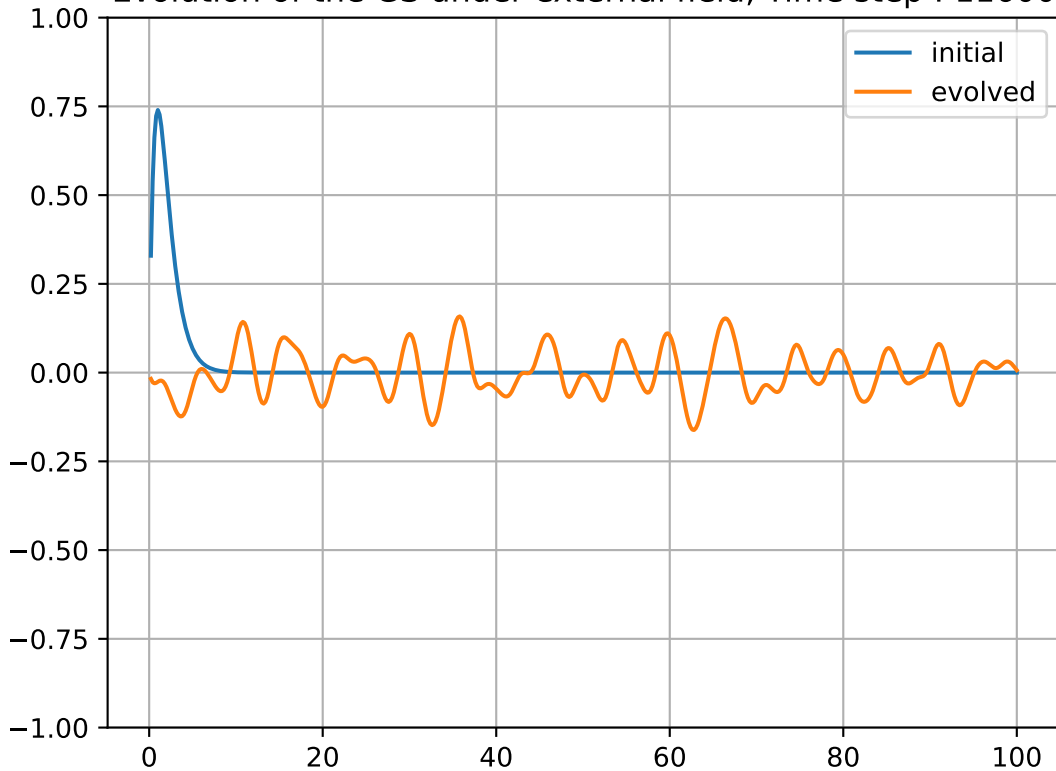

Evolution of the GS under external field, Time step : 11575

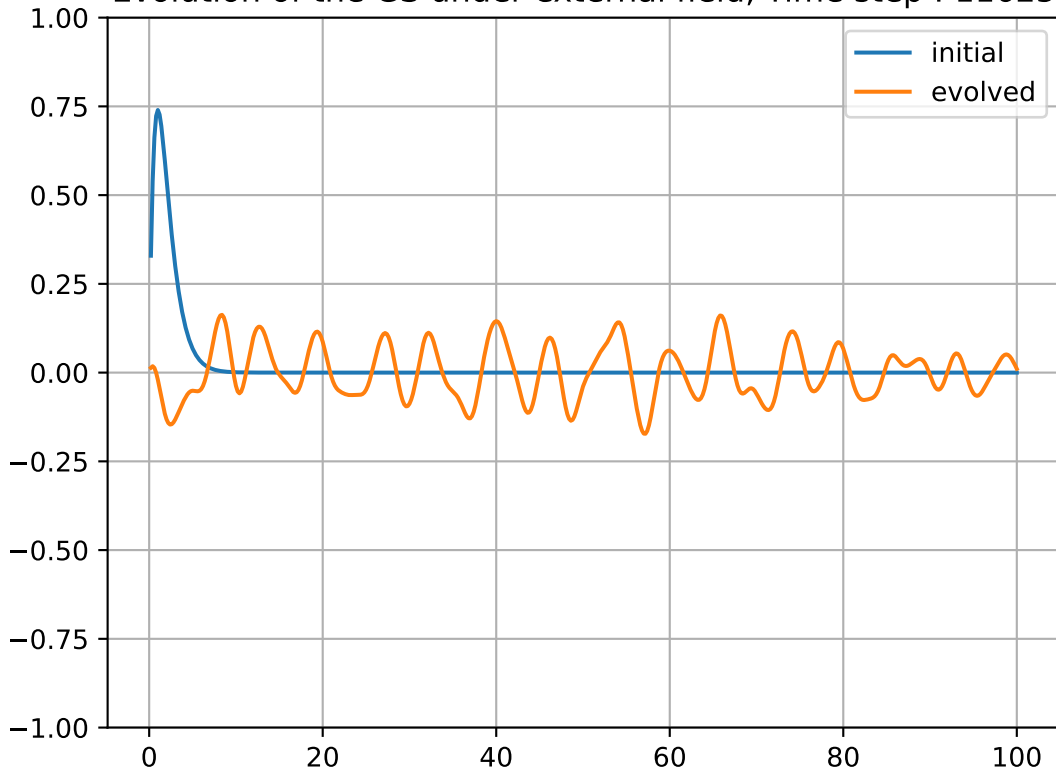

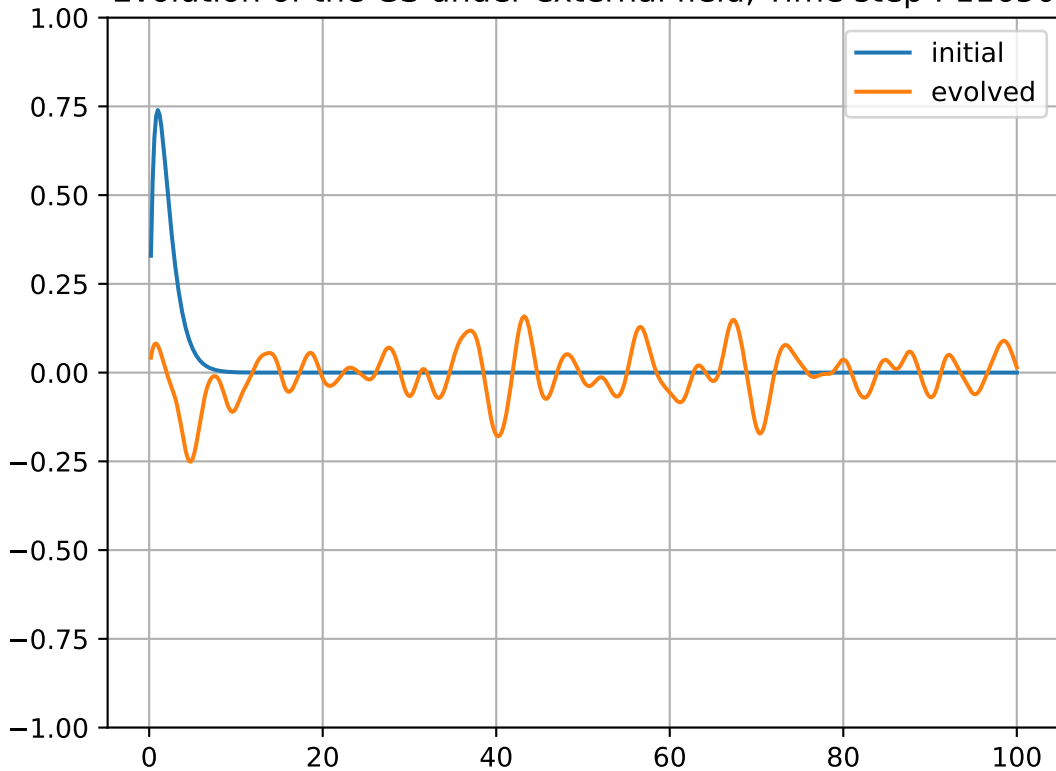

Evolution of the GS under external field, Time step : 11600

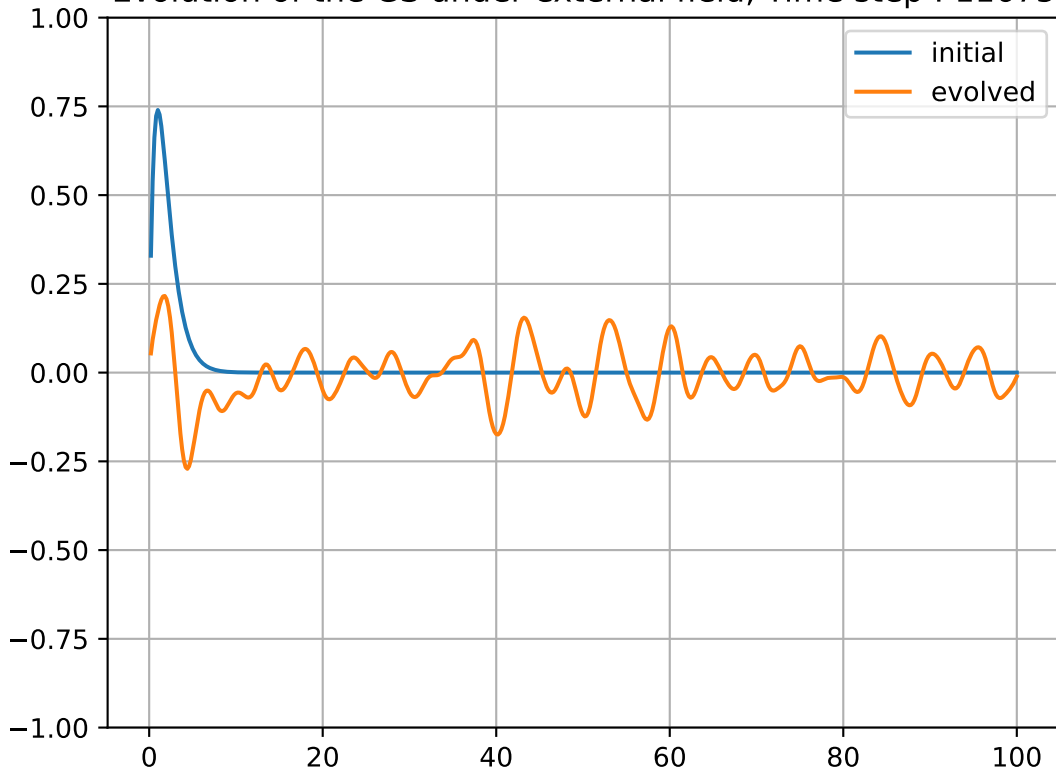

Evolution of the GS under external field, Time step : 11625

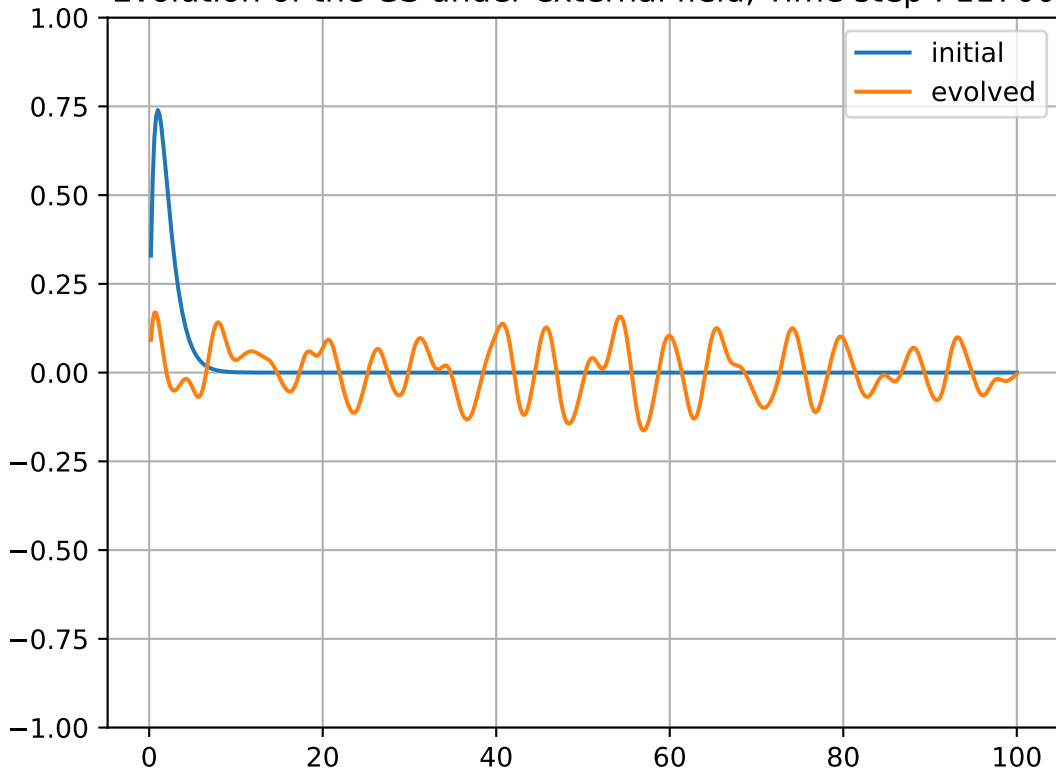

Evolution of the GS under external field, Time step : 11650

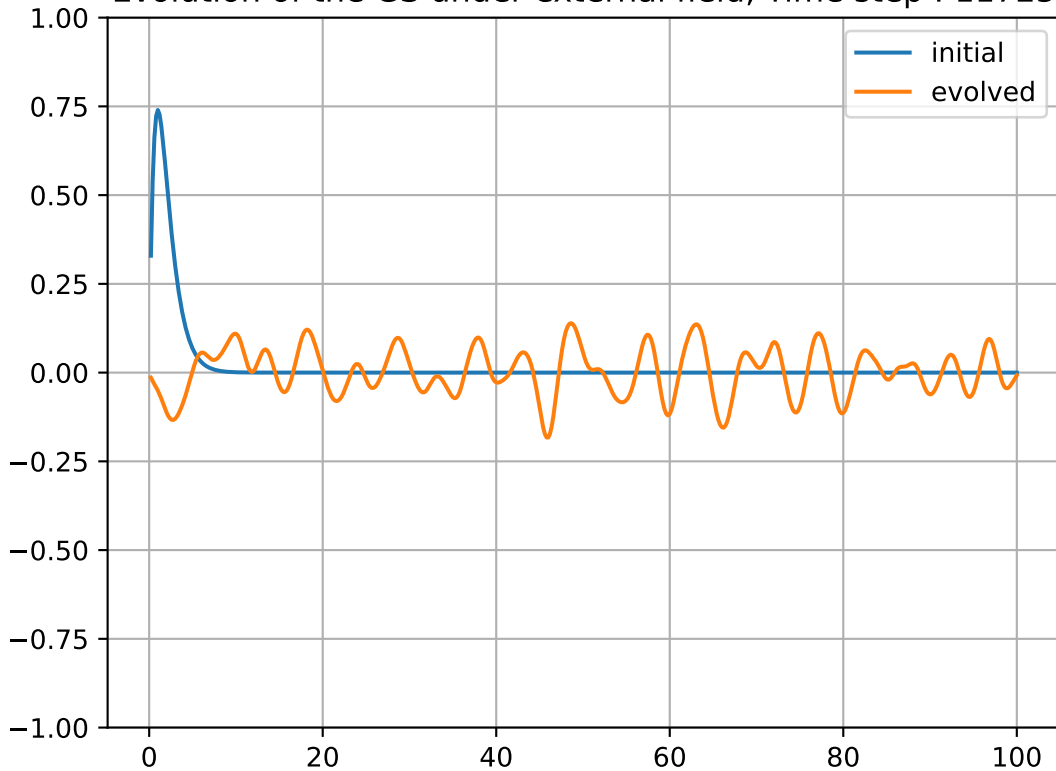

Evolution of the GS under external field, Time step : 11675

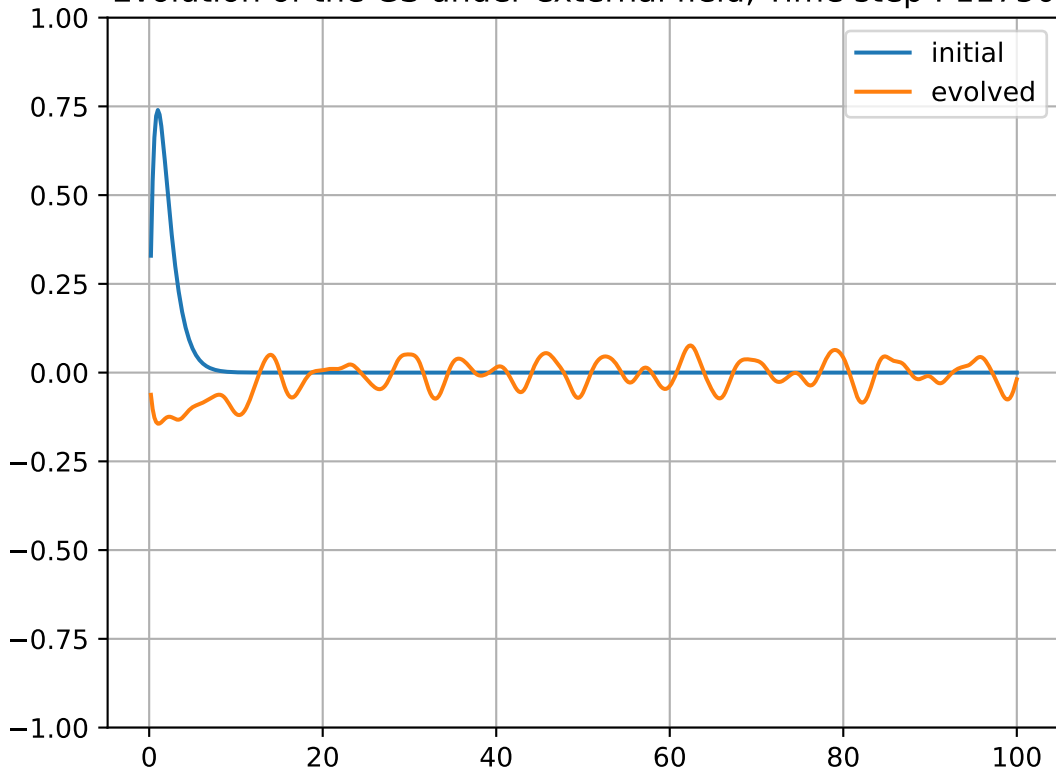

Evolution of the GS under external field, Time step : 11700

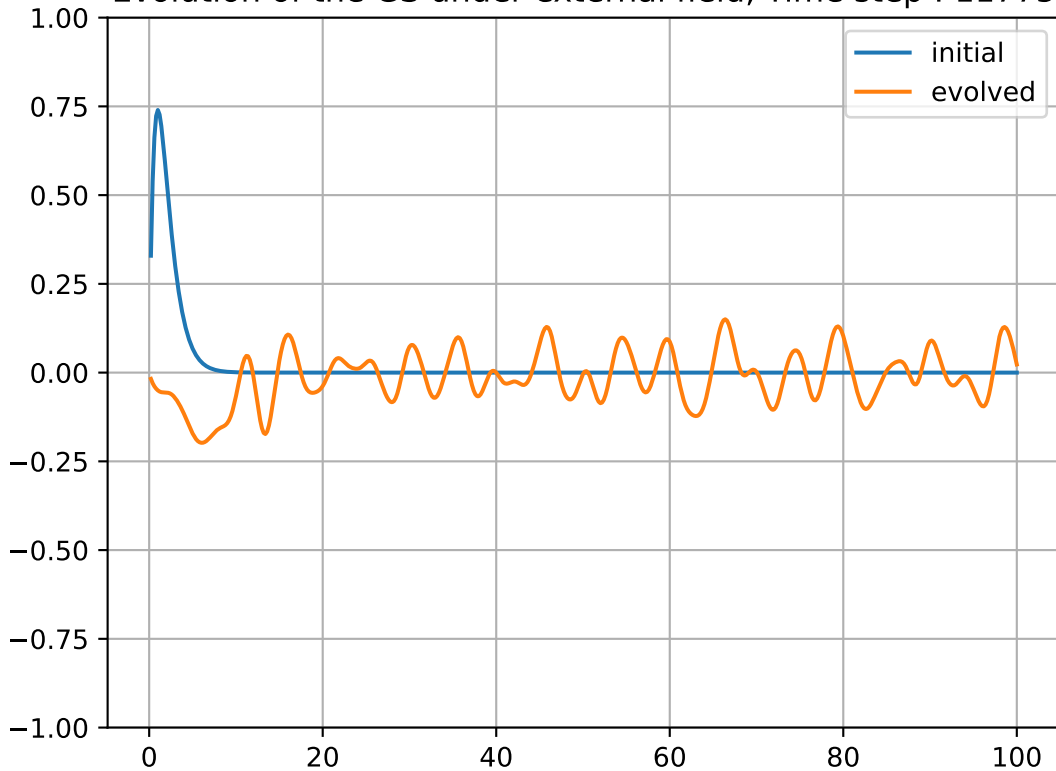

Evolution of the GS under external field, Time step : 11725

Evolution of the GS under external field, Time step : 11750

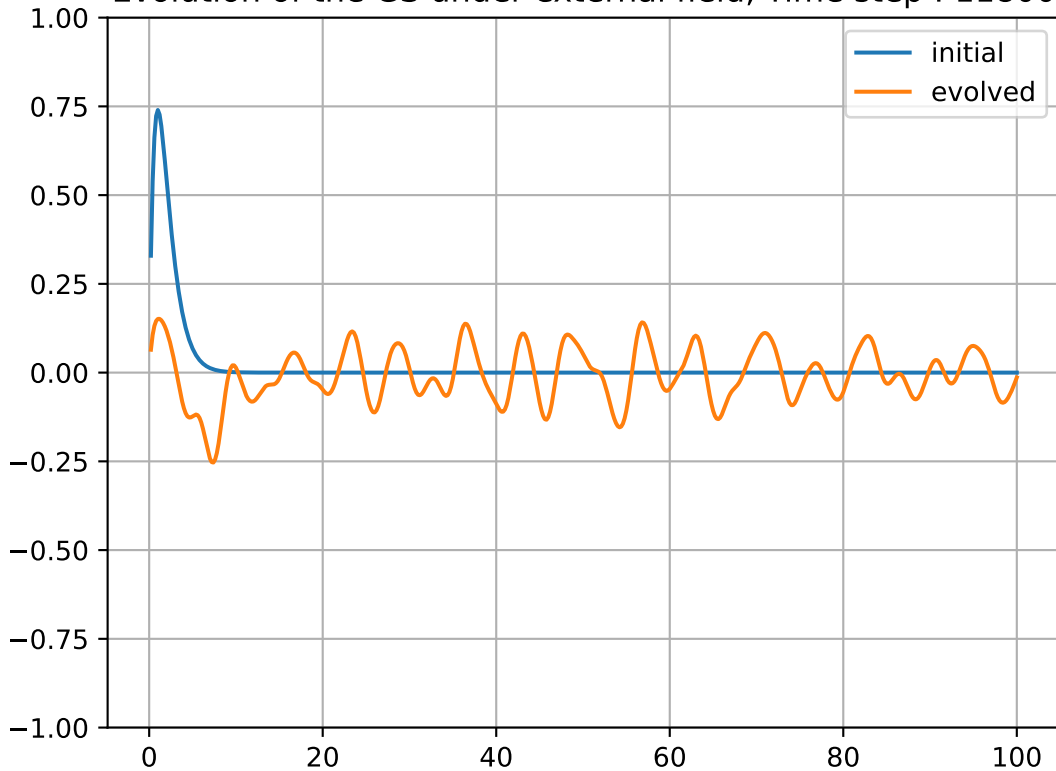

Evolution of the GS under external field, Time step : 11775

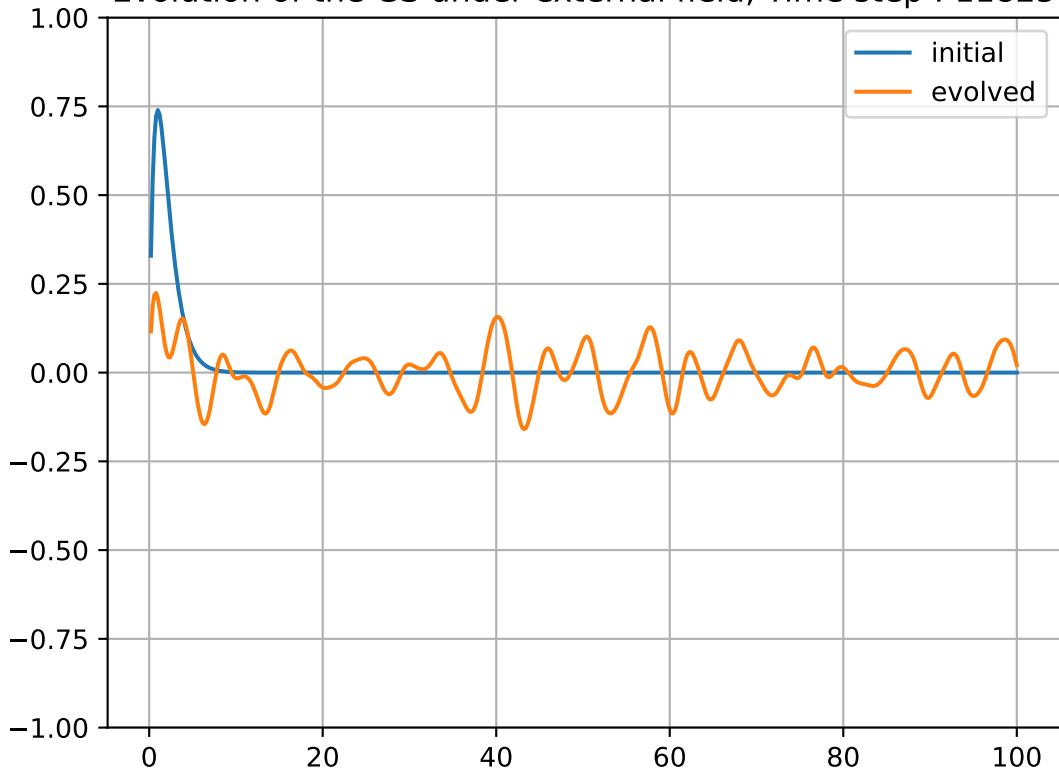

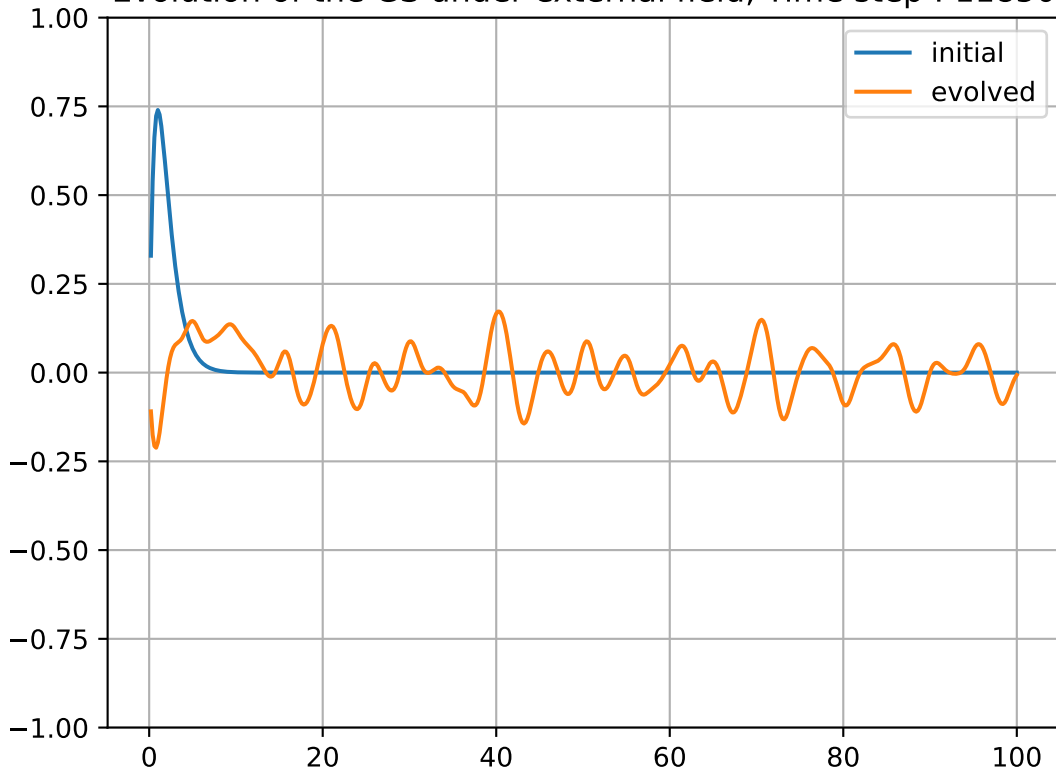

Evolution of the GS under external field, Time step : 11800

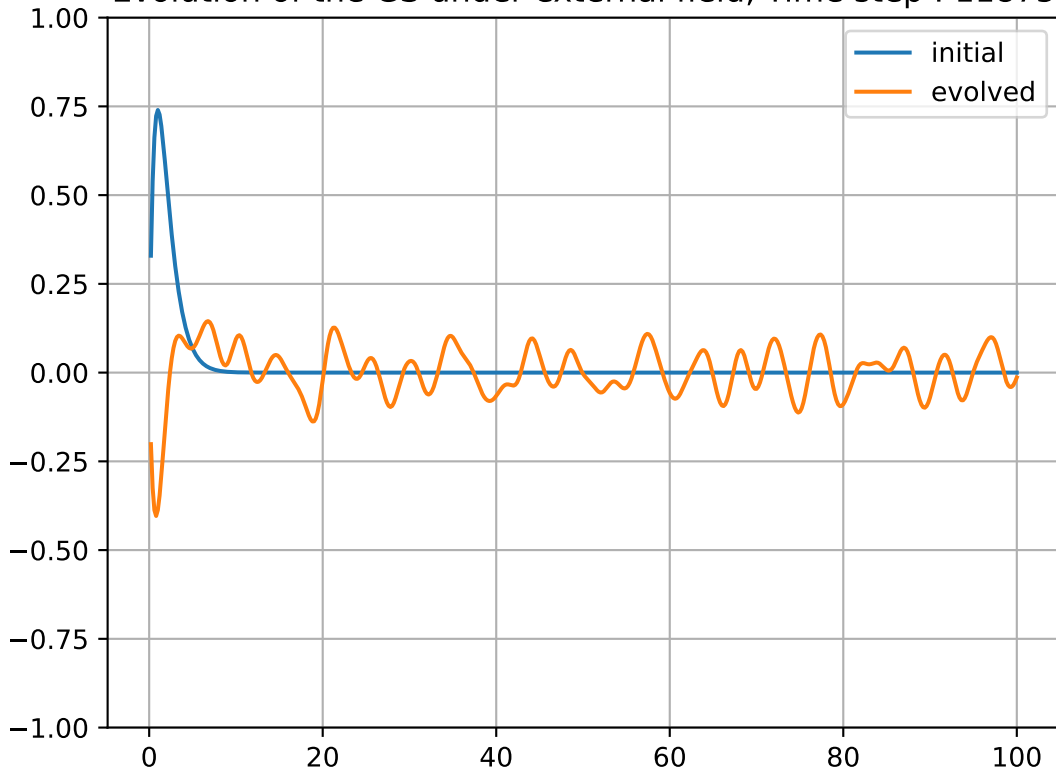

Evolution of the GS under external field, Time step : 11825

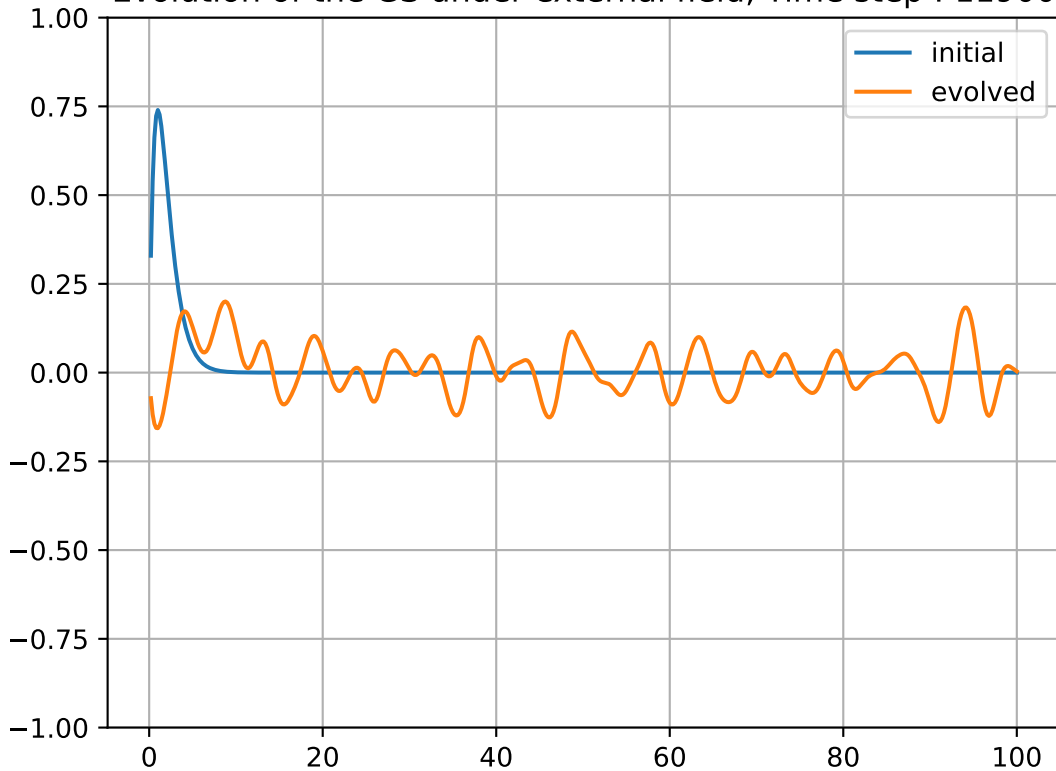

Evolution of the GS under external field, Time step : 11850

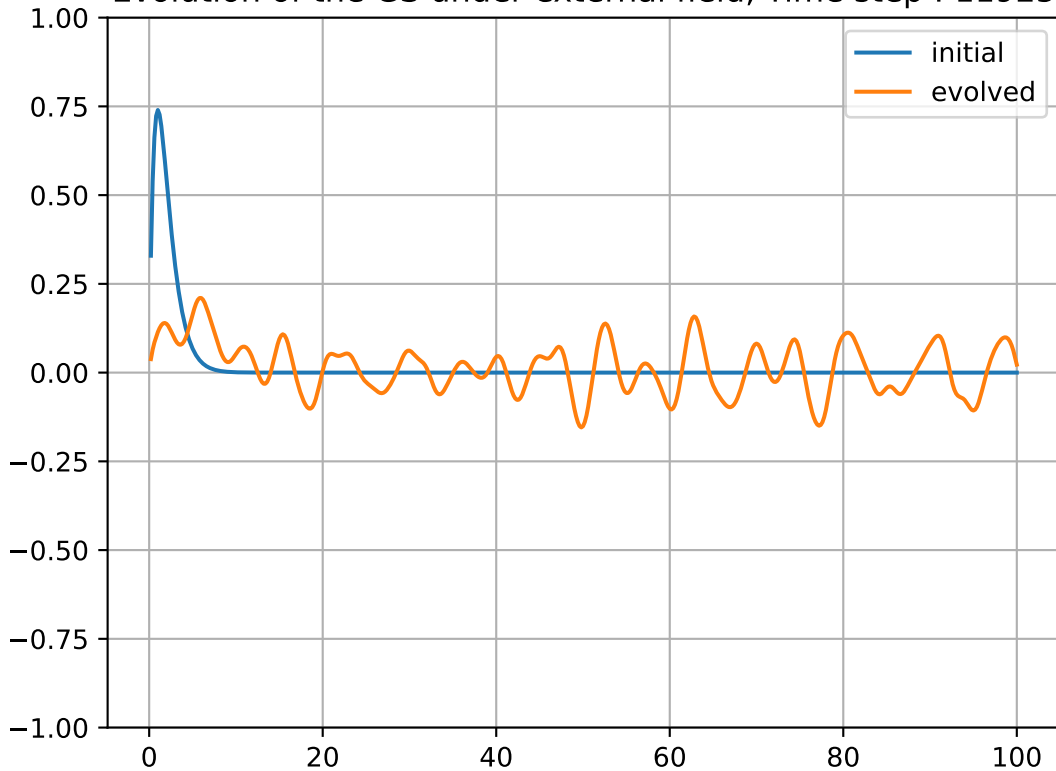

Evolution of the GS under external field, Time step : 11875

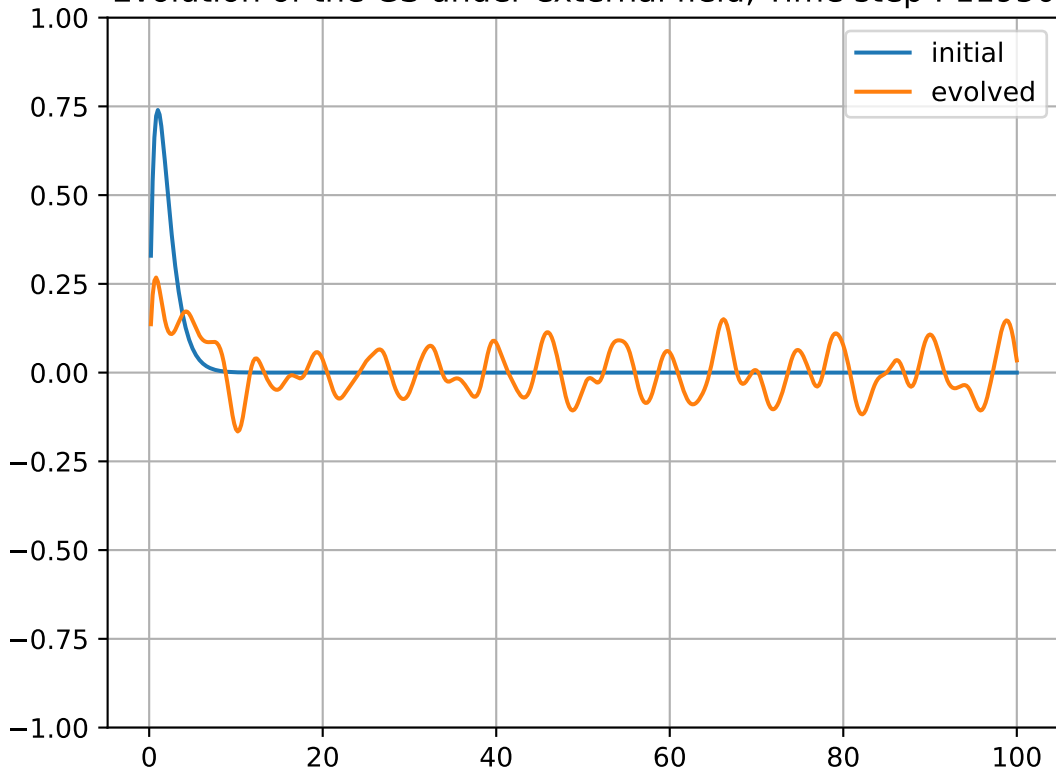

Evolution of the GS under external field, Time step : 11900

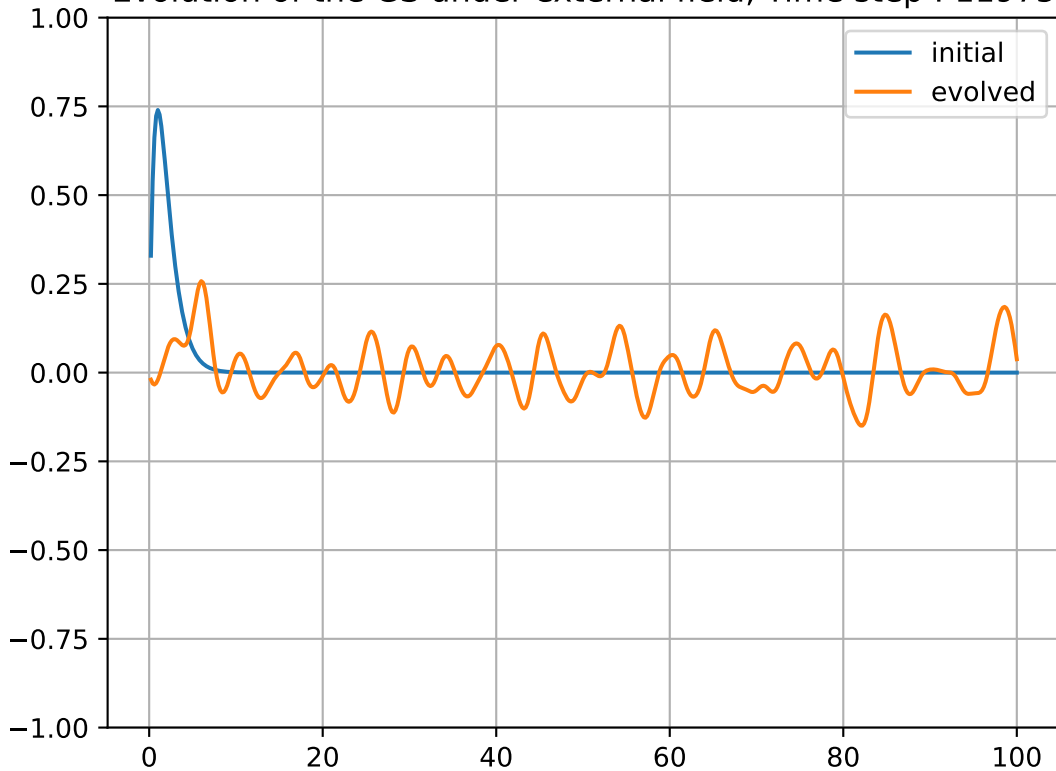

Evolution of the GS under external field, Time step : 11925

Evolution of the GS under external field, Time step : 11950

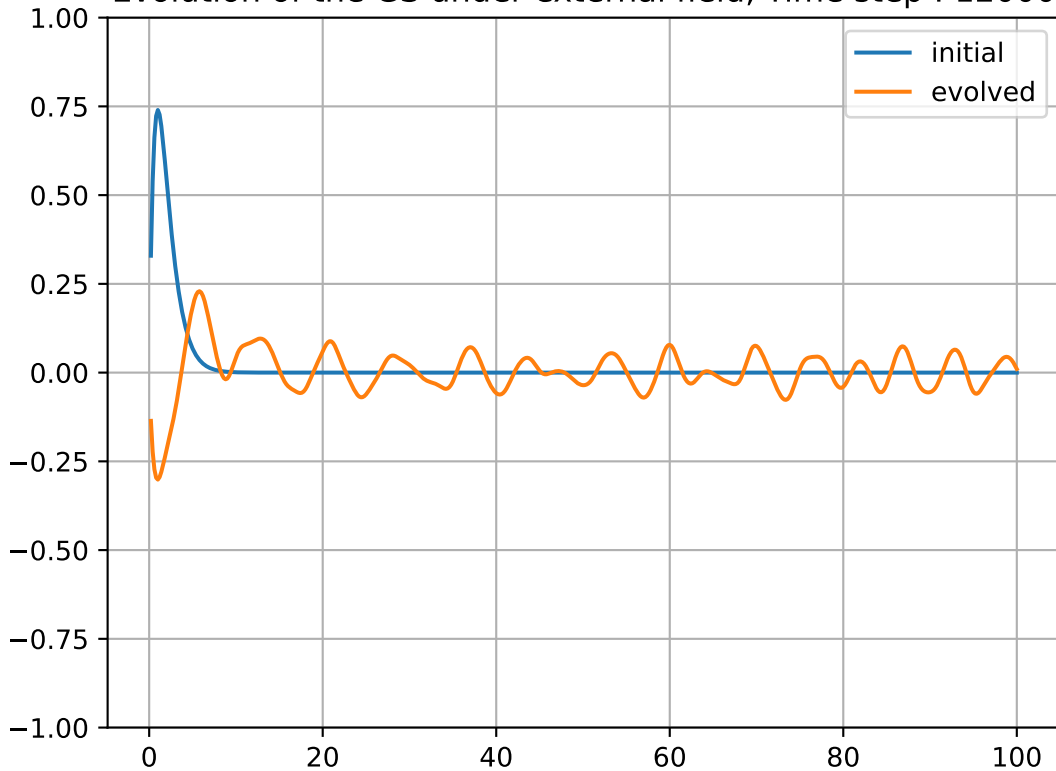

Evolution of the GS under external field, Time step : 11975

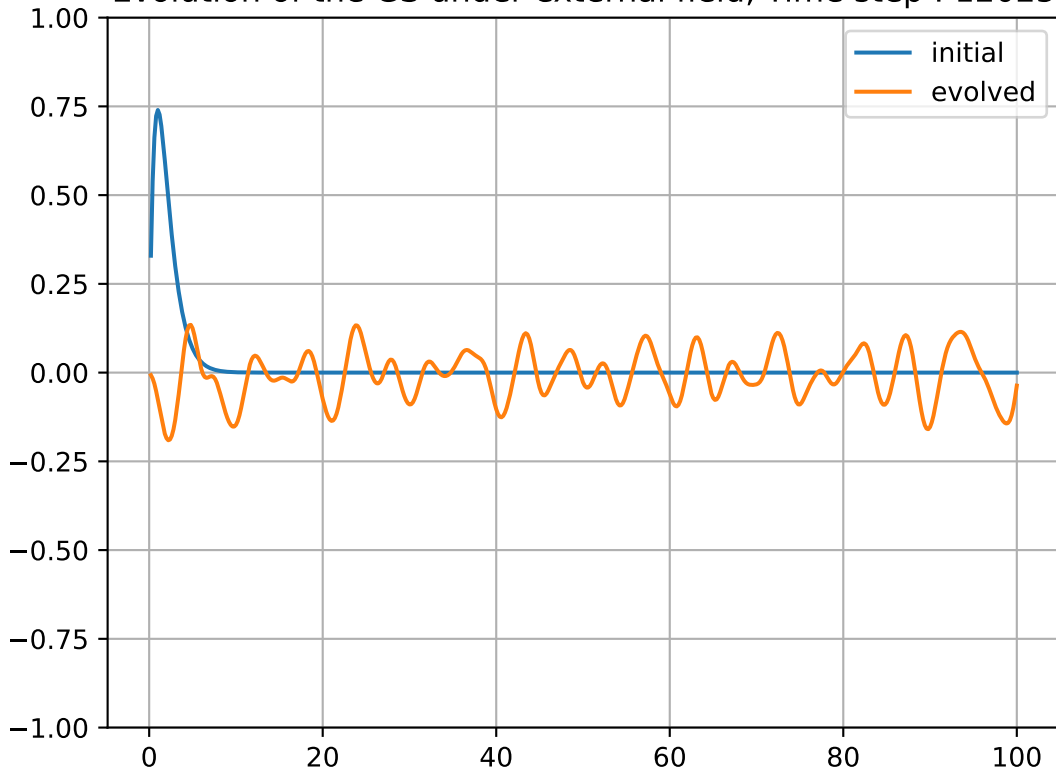

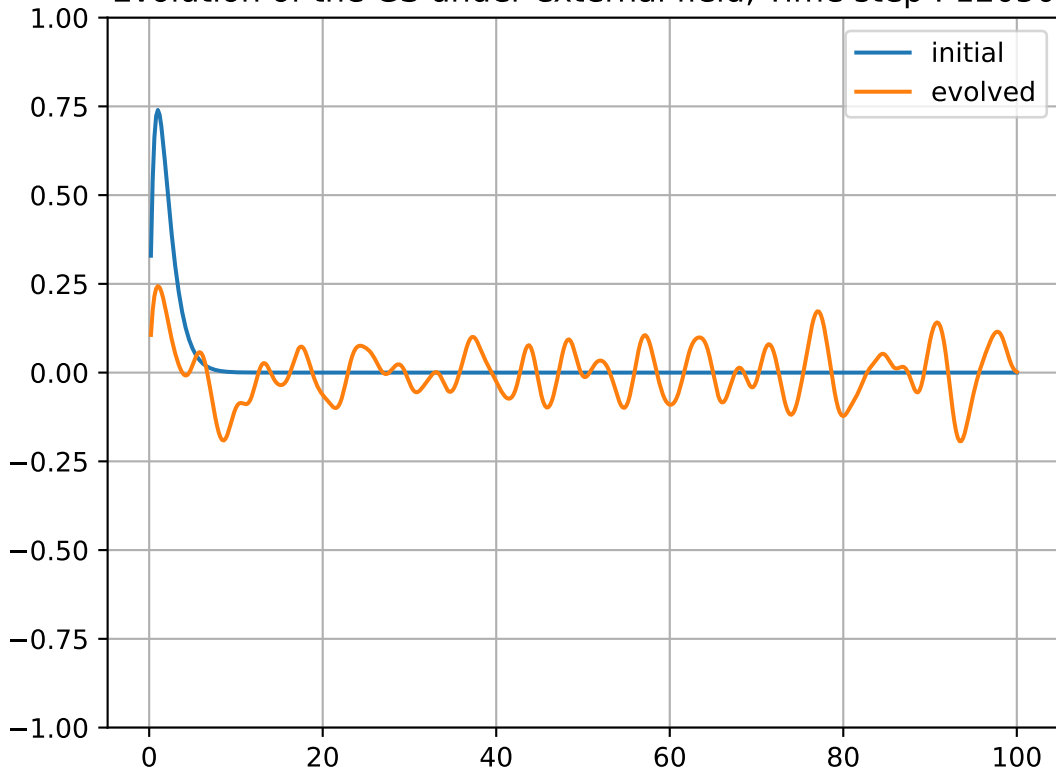

Evolution of the GS under external field, Time step : 12000

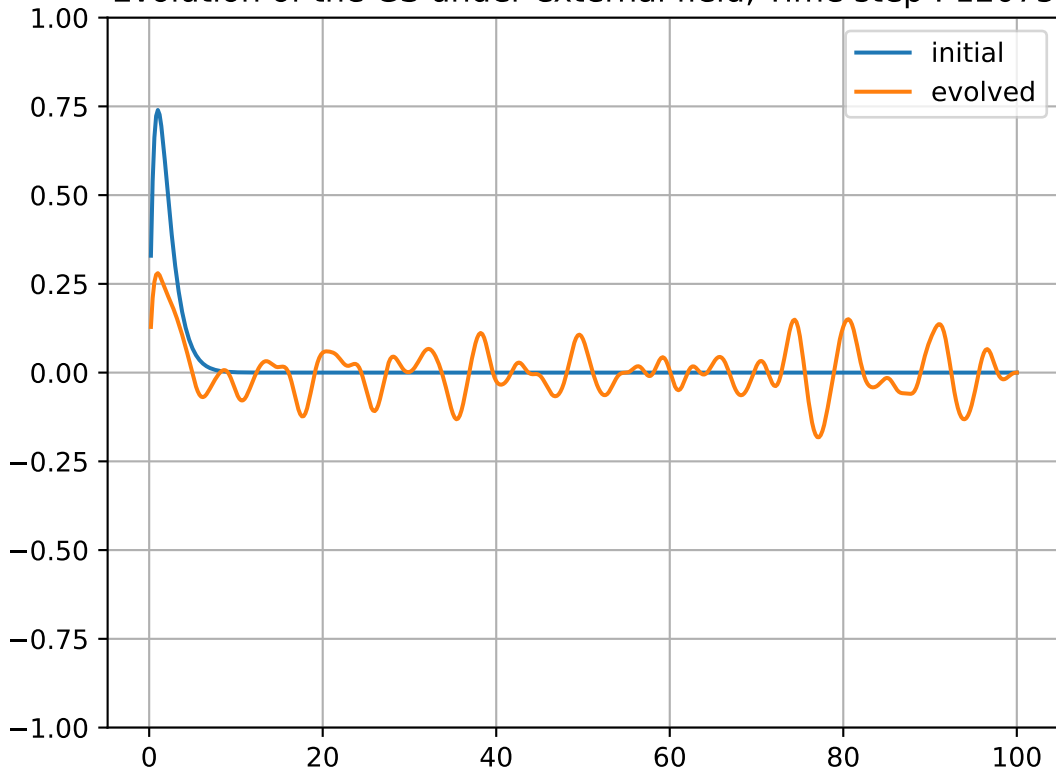

Evolution of the GS under external field, Time step : 12025

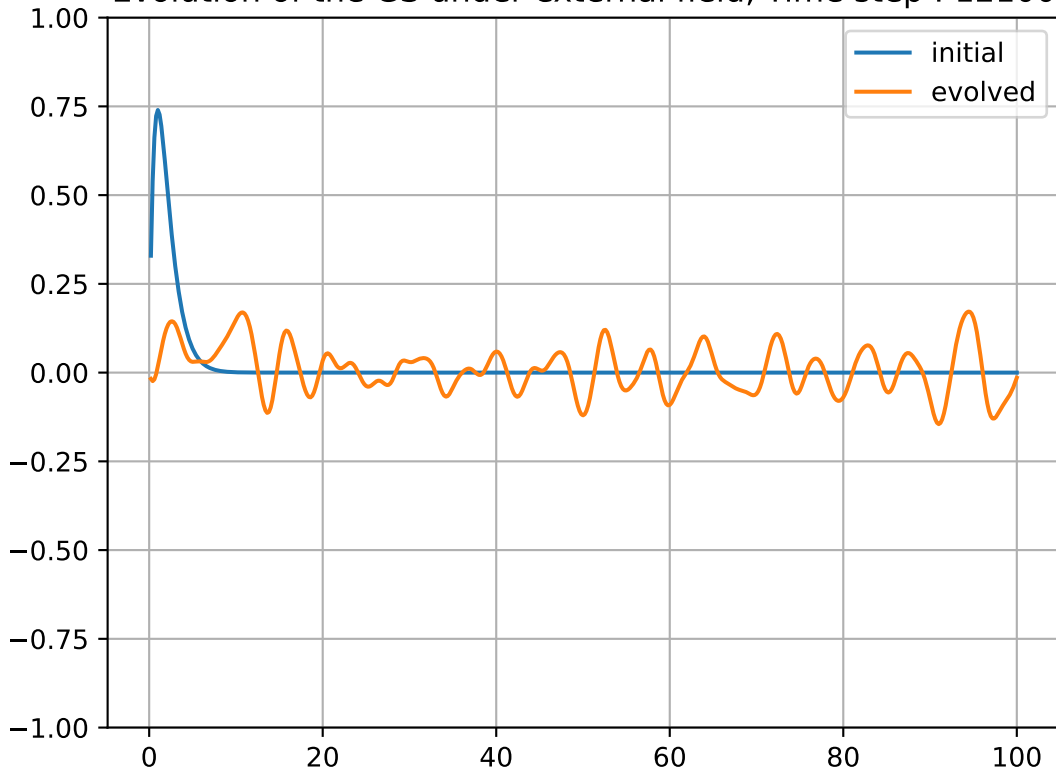

Evolution of the GS under external field, Time step : 12050

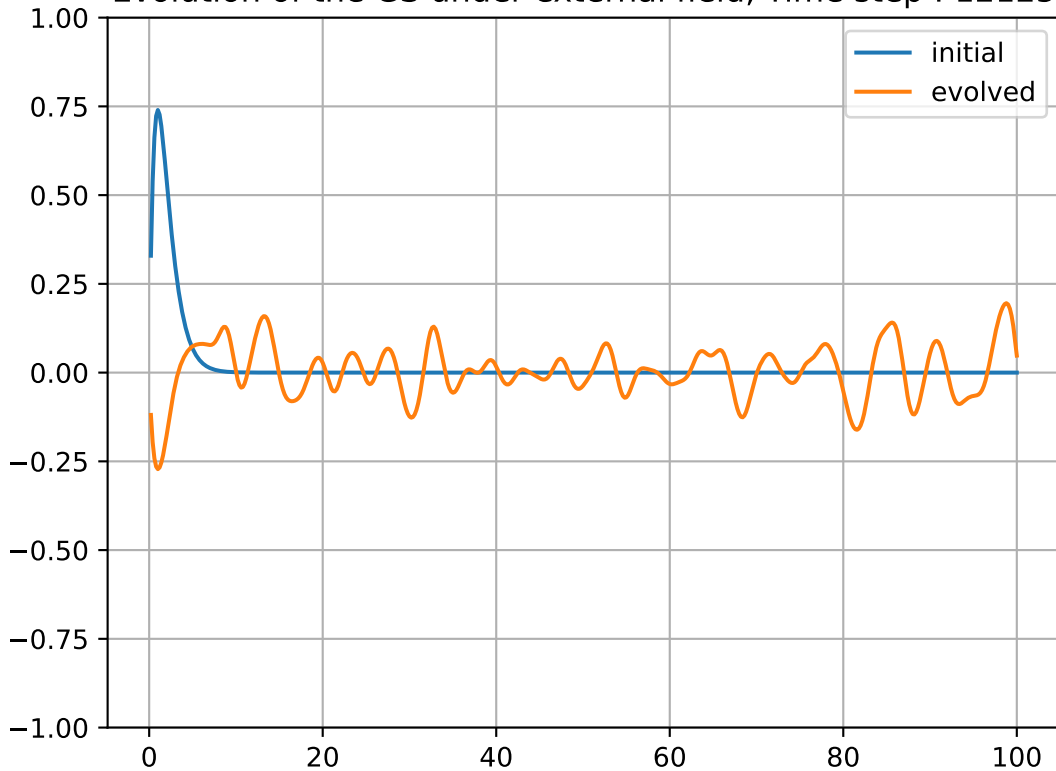

Evolution of the GS under external field, Time step : 12075

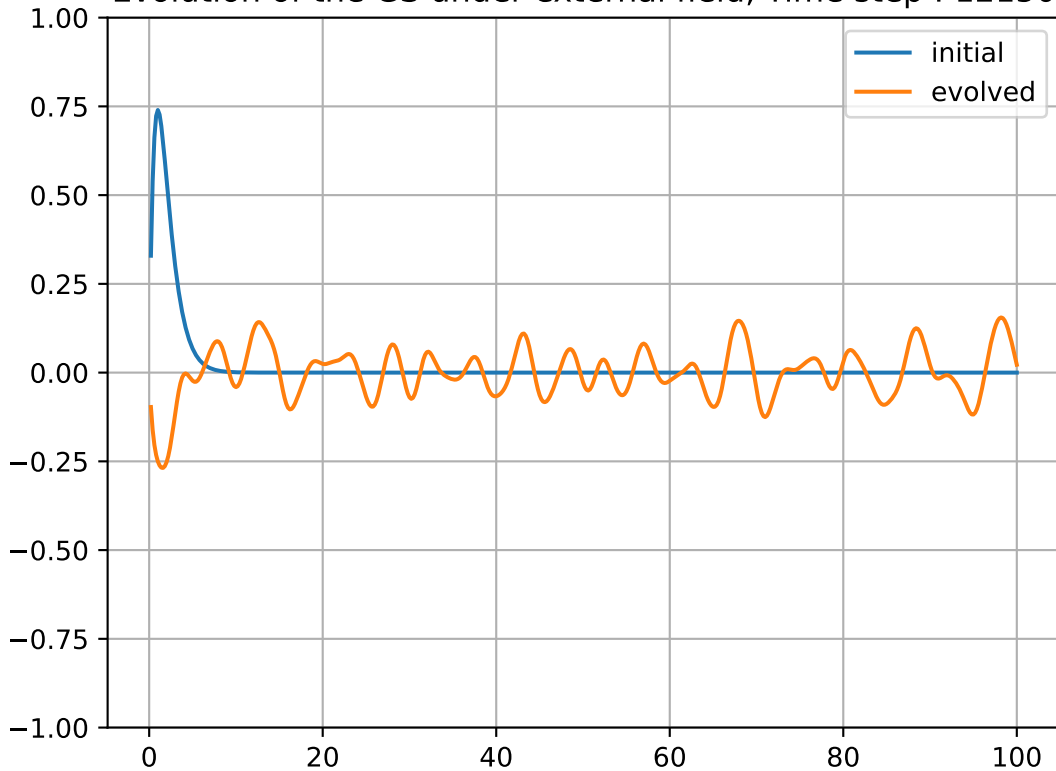

Evolution of the GS under external field, Time step : 12100

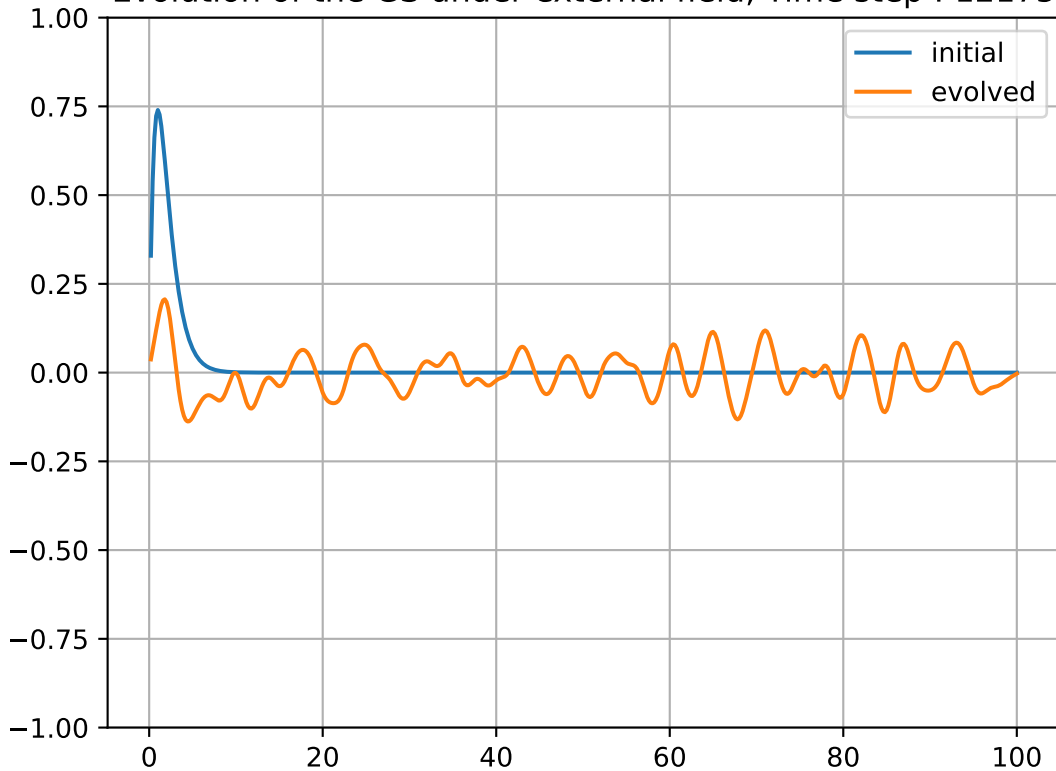

Evolution of the GS under external field, Time step : 12125

Evolution of the GS under external field, Time step : 12150

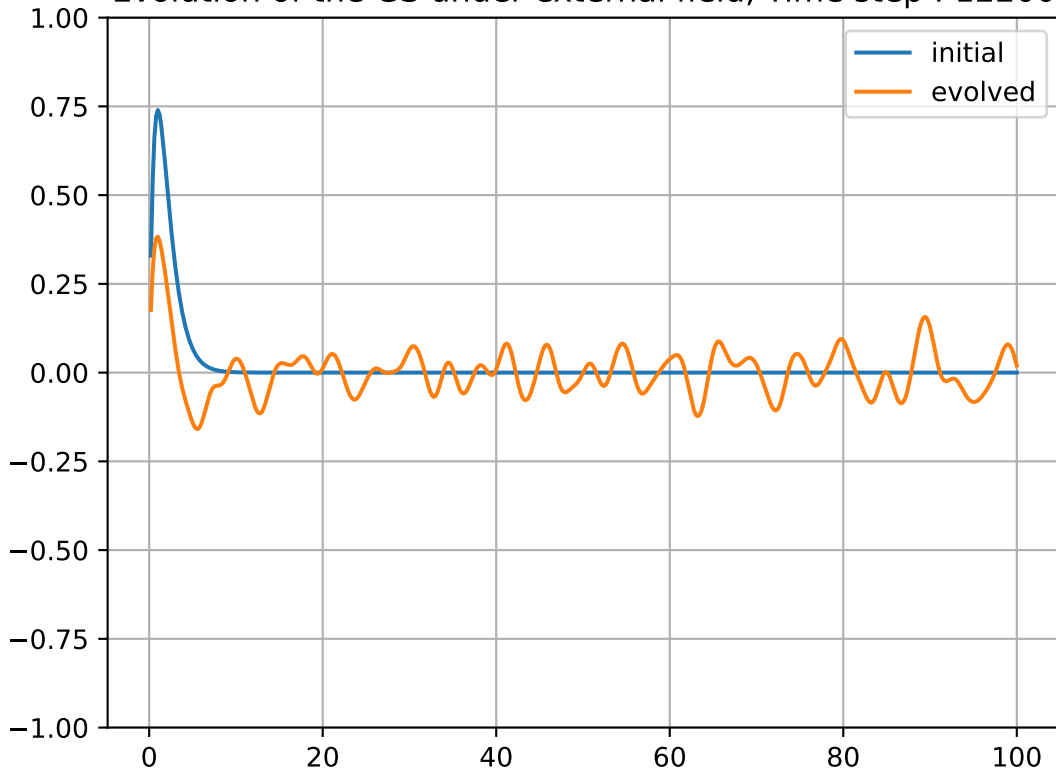

Evolution of the GS under external field, Time step : 12175

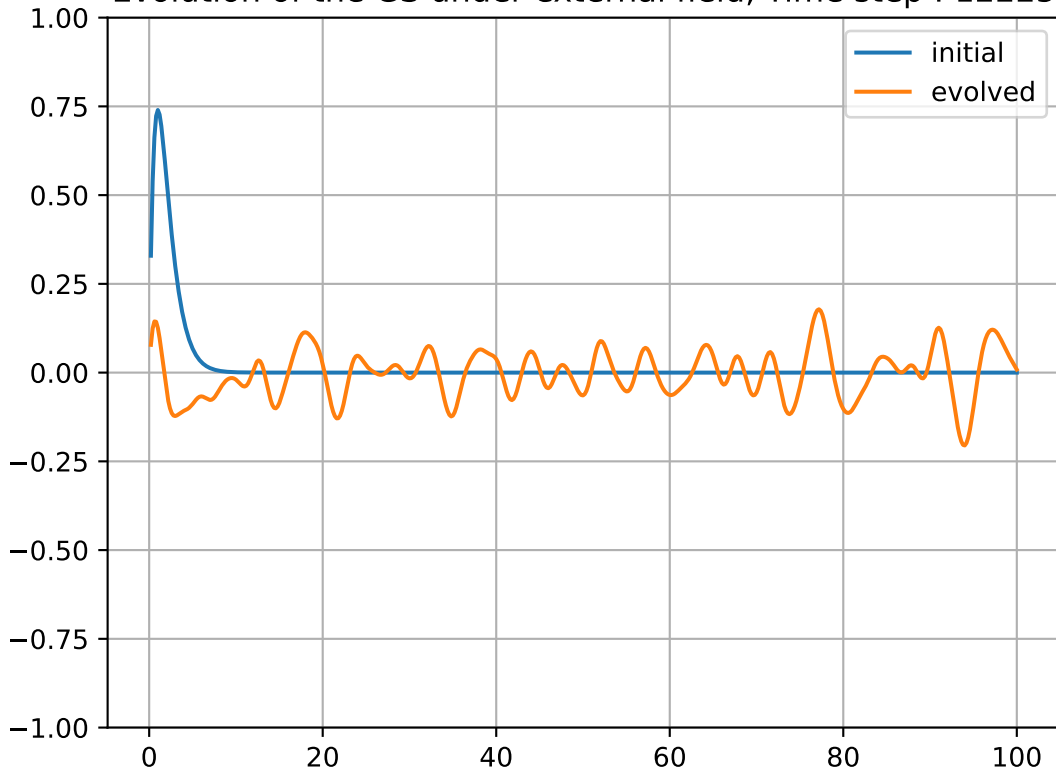

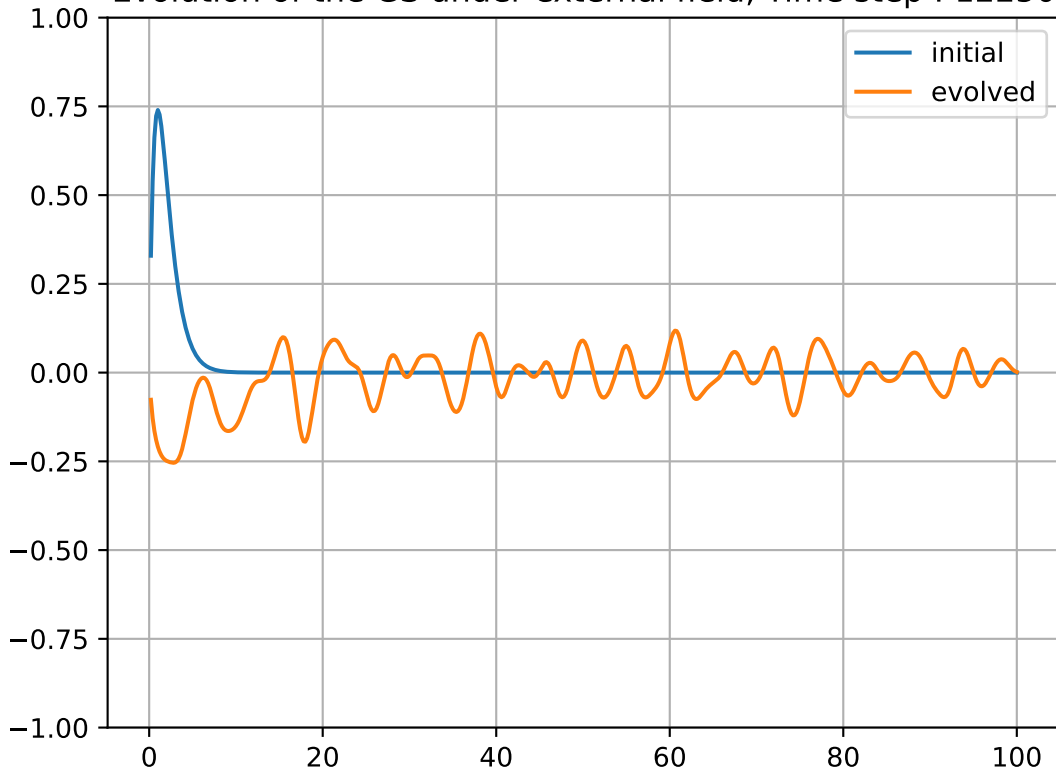

Evolution of the GS under external field, Time step : 12200

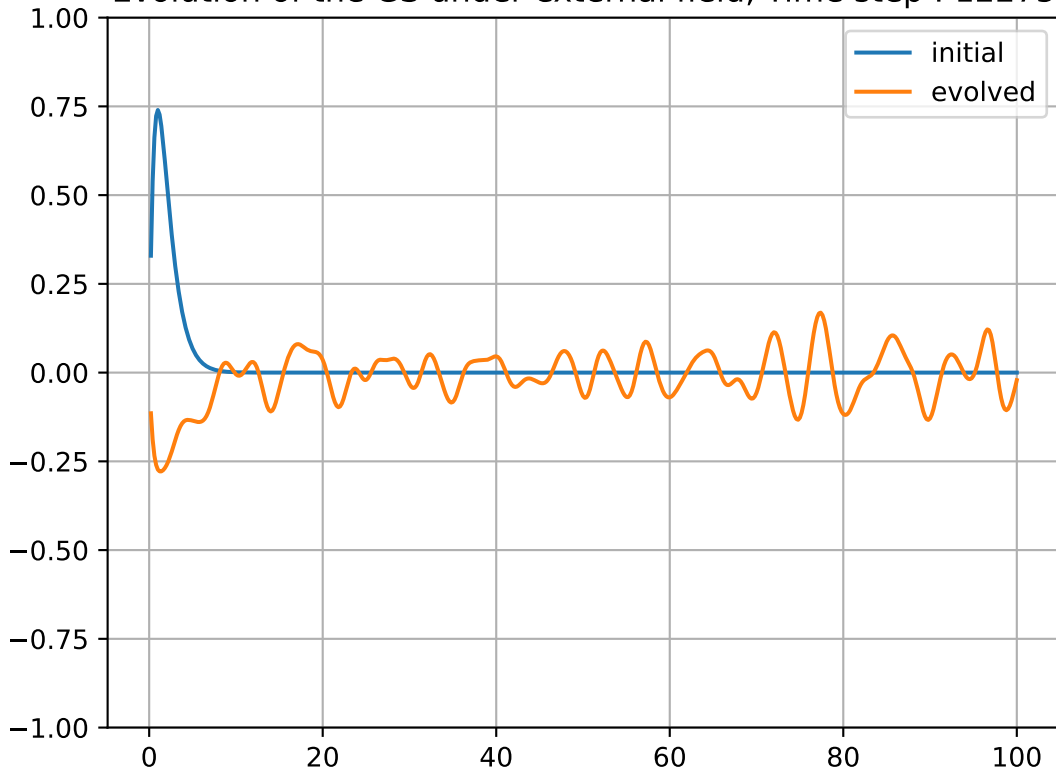

Evolution of the GS under external field, Time step : 12225

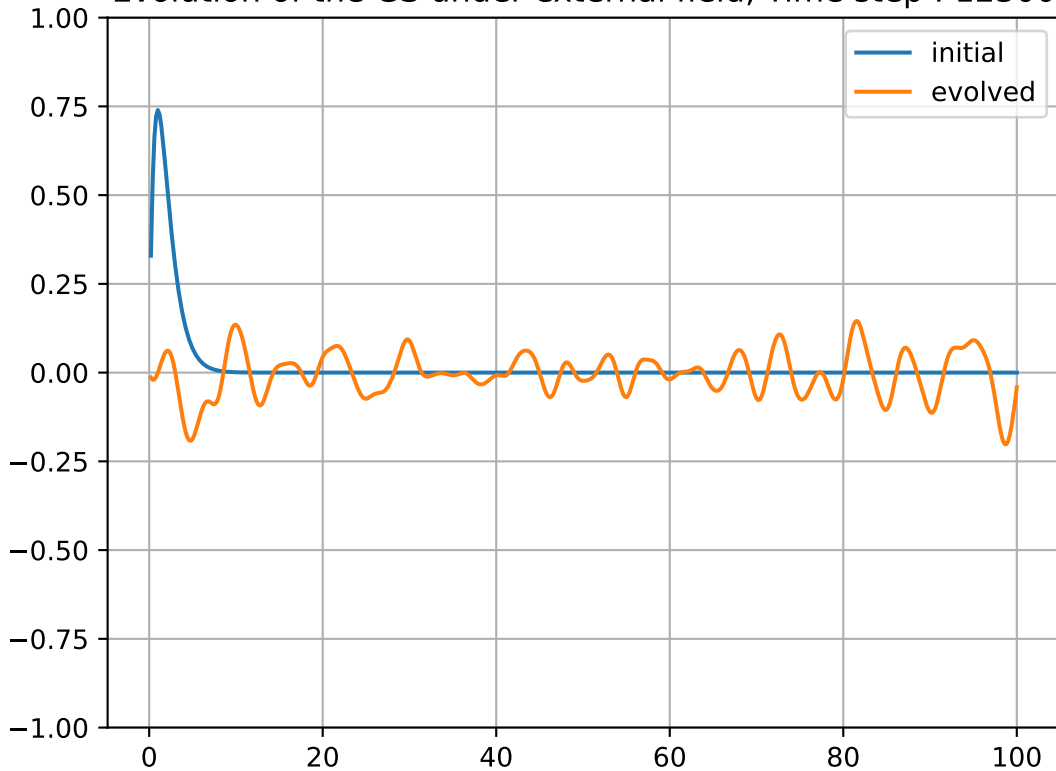

Evolution of the GS under external field, Time step : 12250

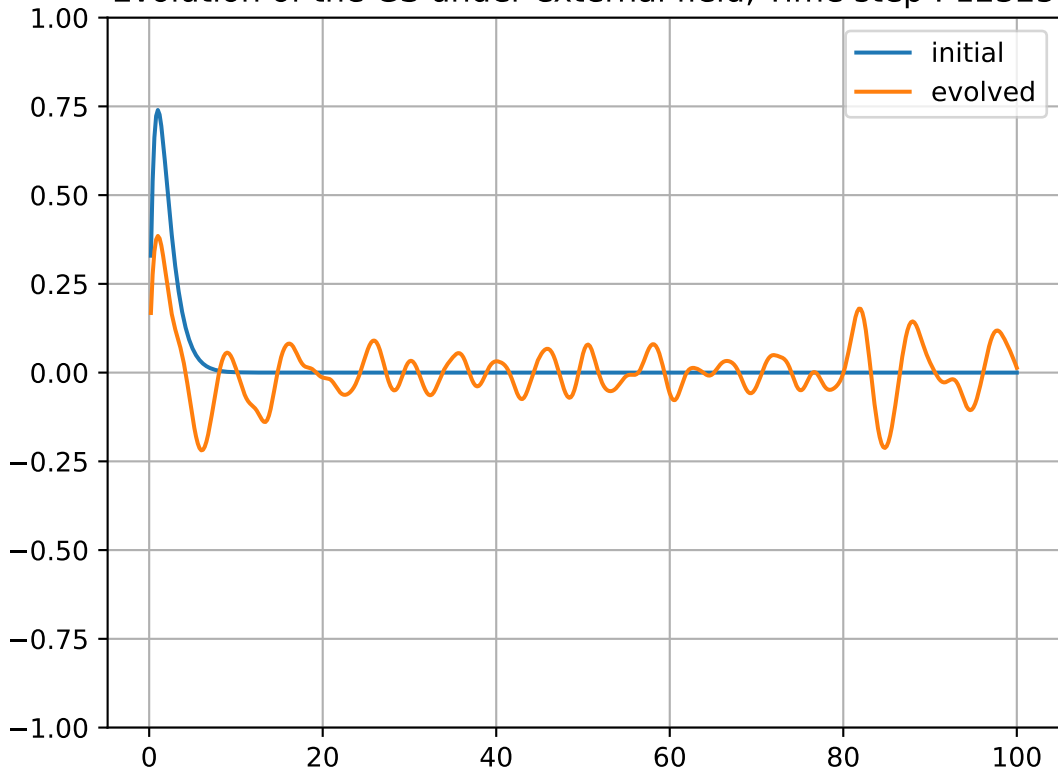

Evolution of the GS under external field, Time step : 12275

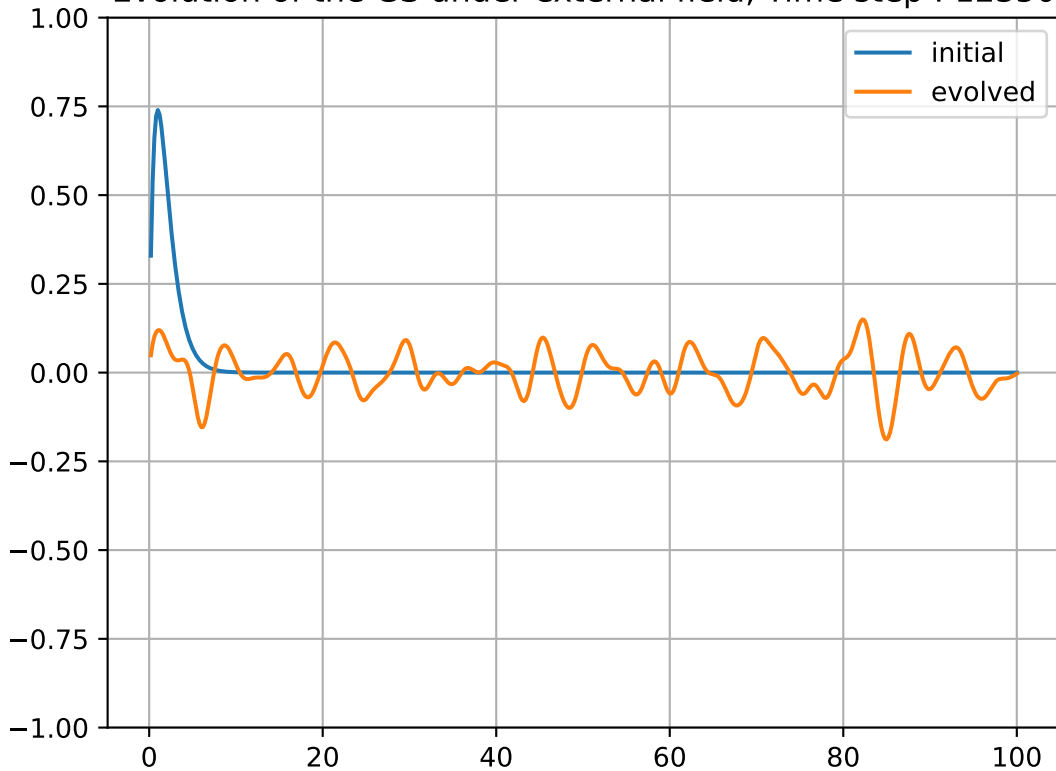

Evolution of the GS under external field, Time step : 12300

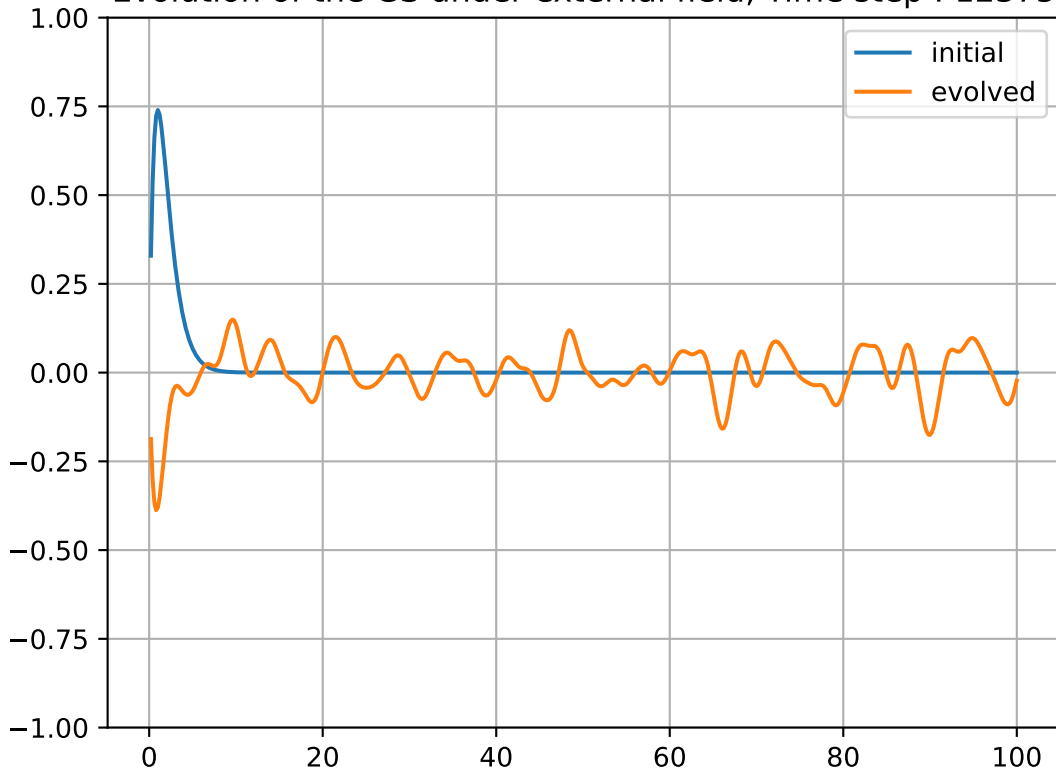

Evolution of the GS under external field, Time step : 12325

Evolution of the GS under external field, Time step : 12350

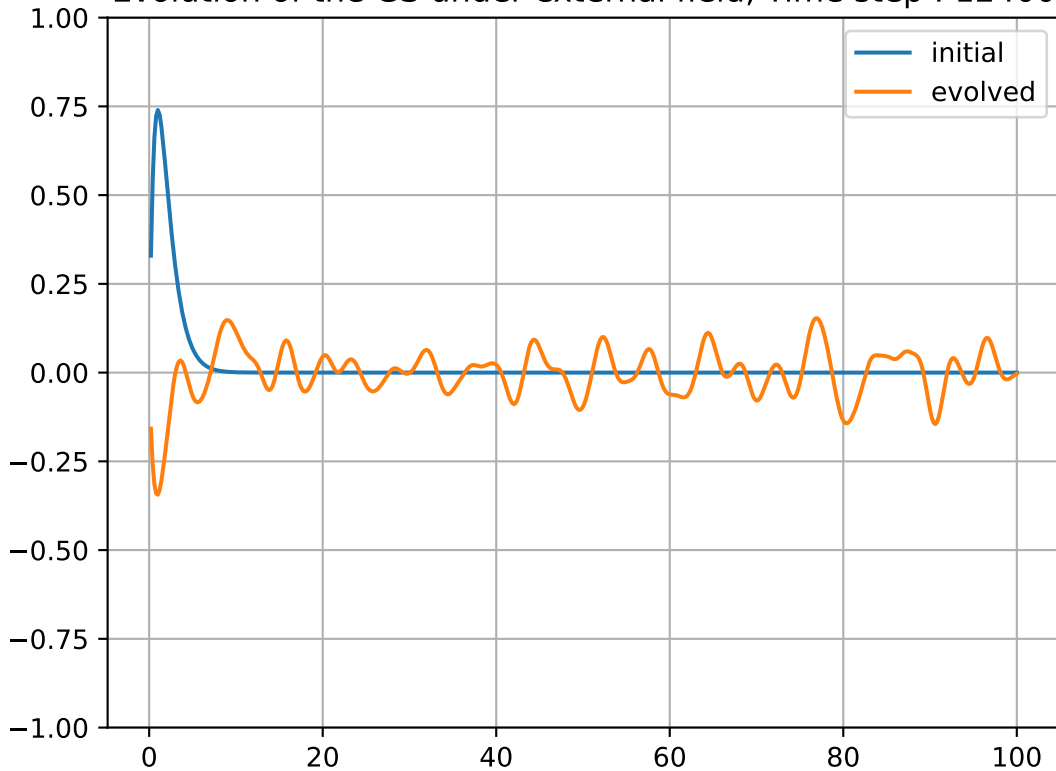

Evolution of the GS under external field, Time step : 12375

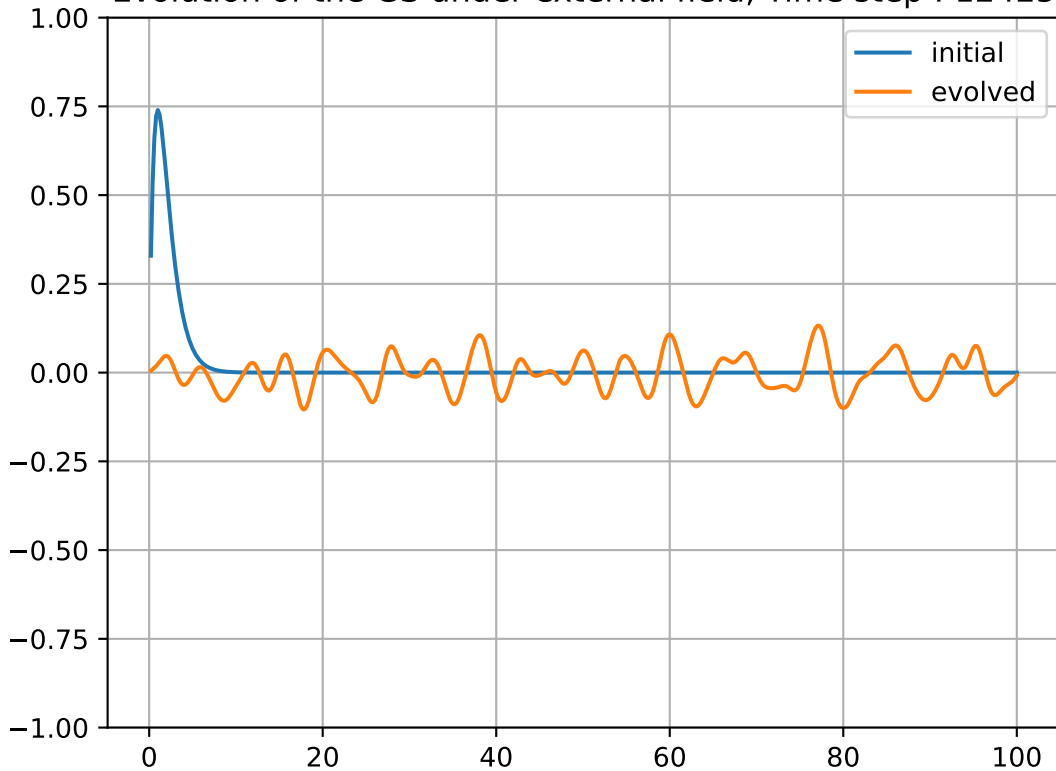

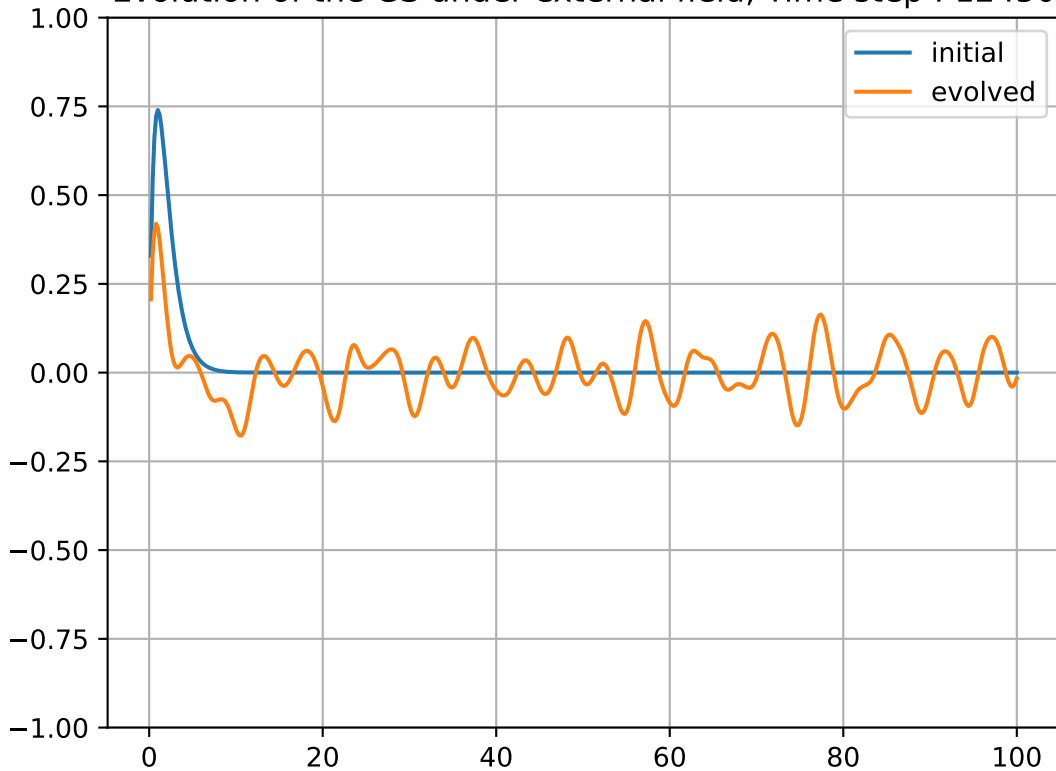

Evolution of the GS under external field, Time step : 12400

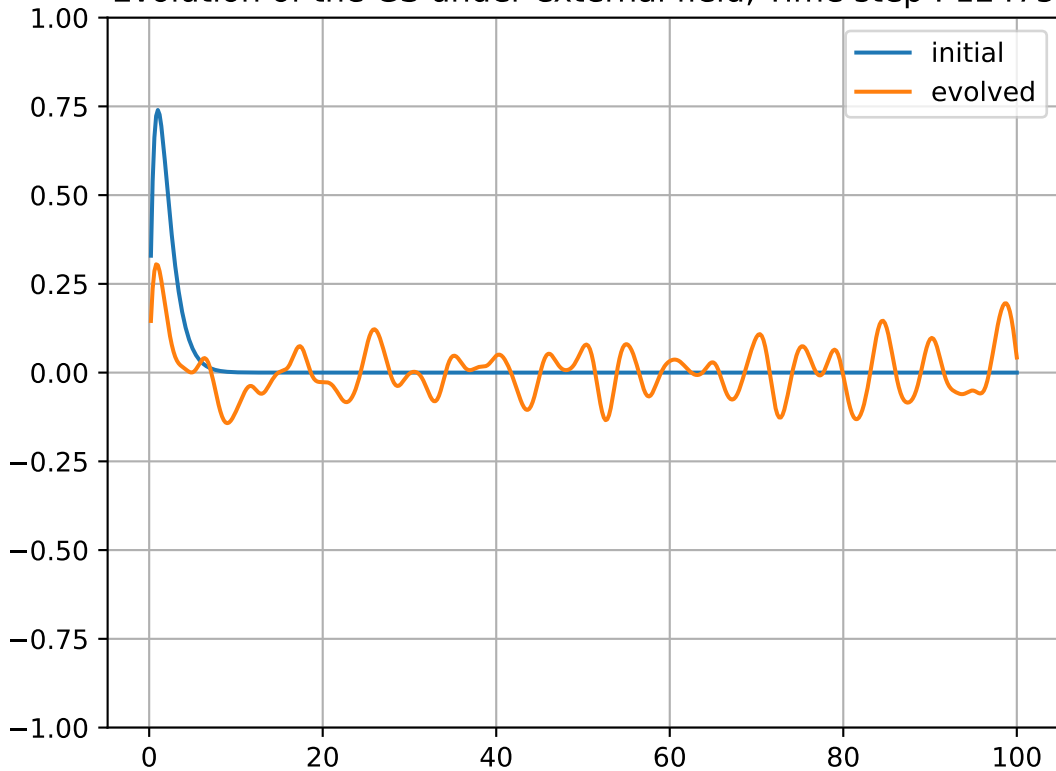

Evolution of the GS under external field, Time step : 12425

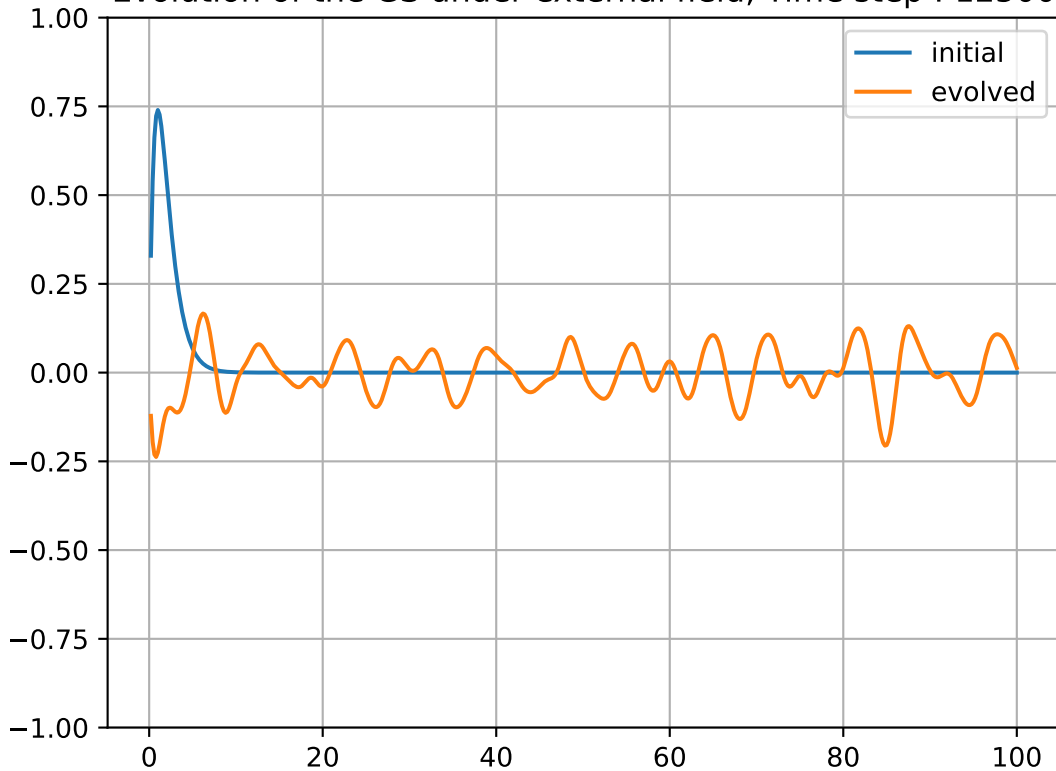

Evolution of the GS under external field, Time step : 12450

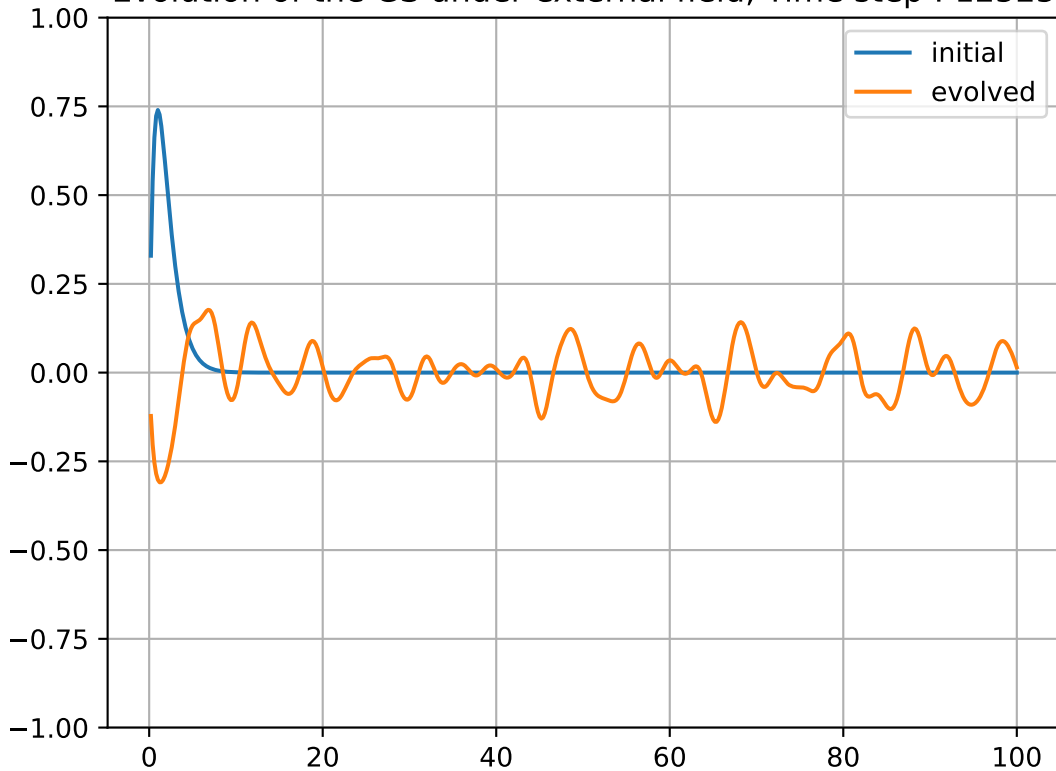

Evolution of the GS under external field, Time step : 12475

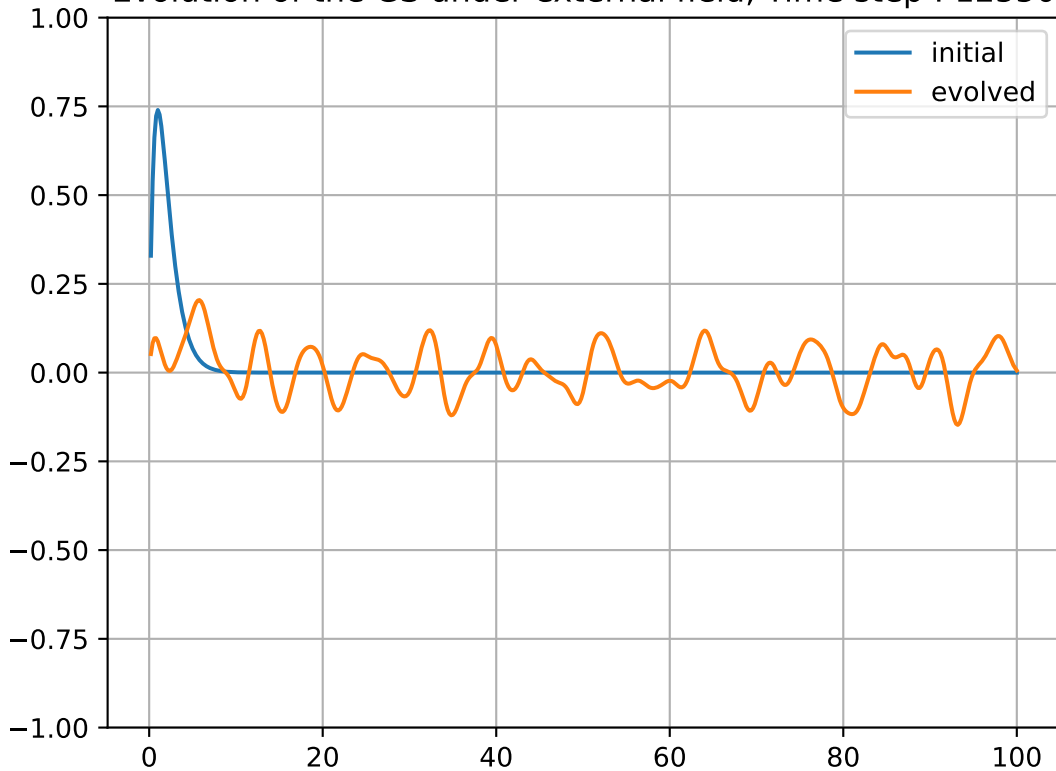

Evolution of the GS under external field, Time step : 12500

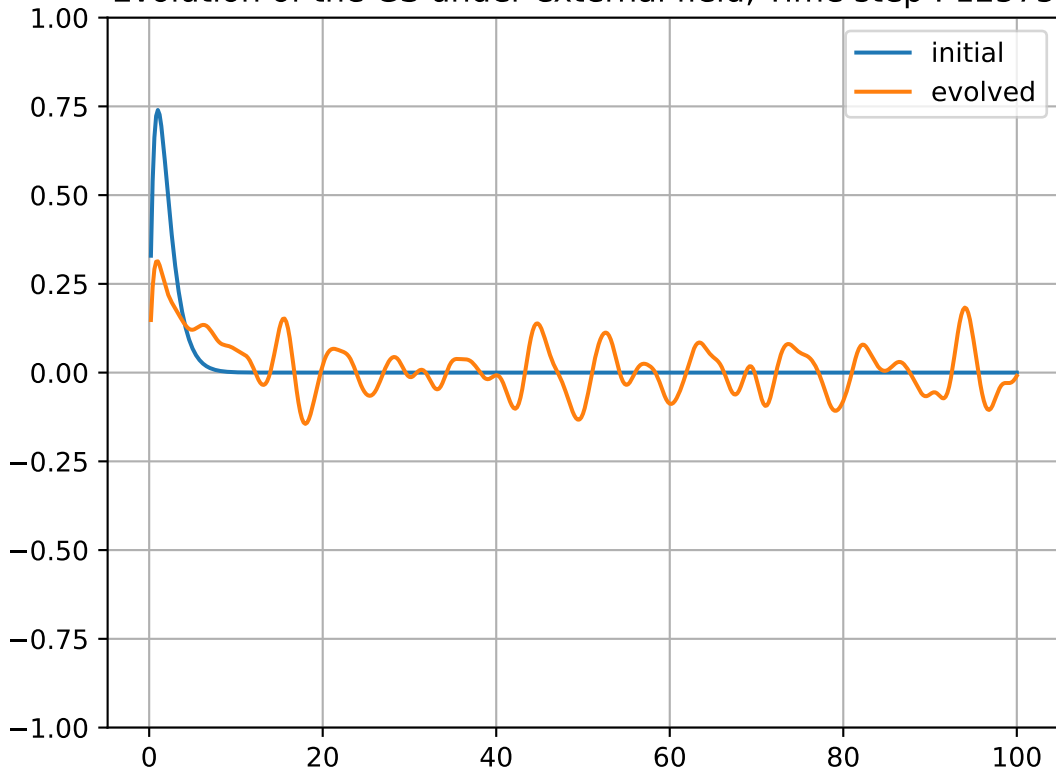

Evolution of the GS under external field, Time step : 12525

Evolution of the GS under external field, Time step : 12550

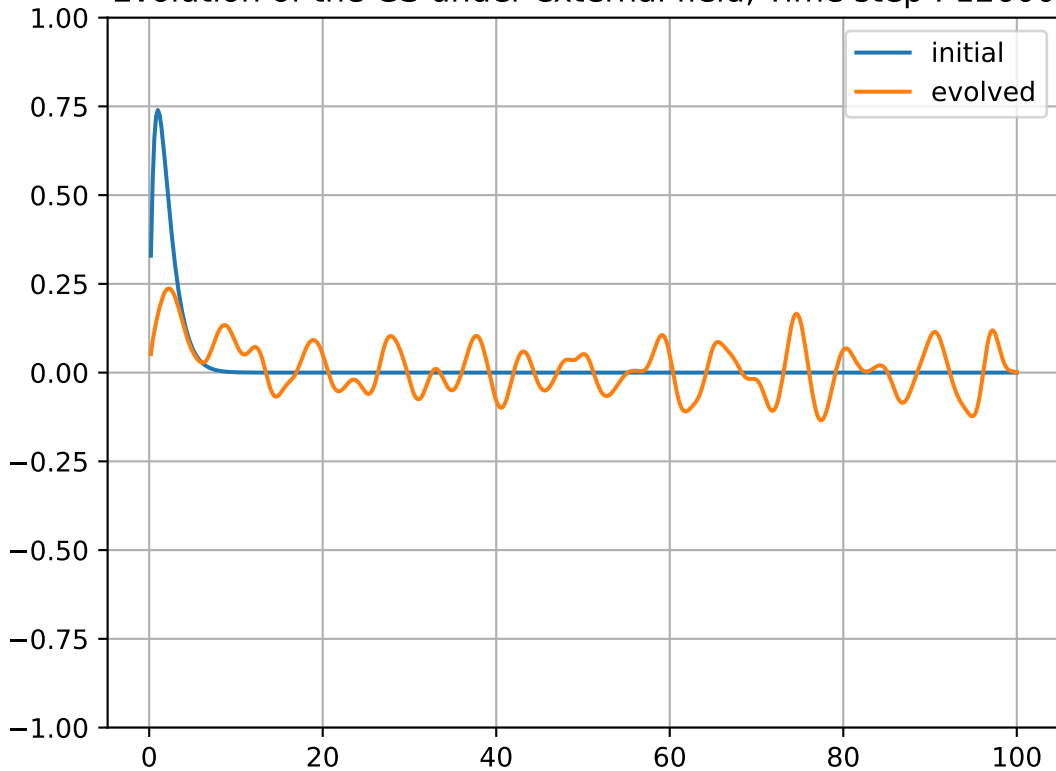

Evolution of the GS under external field, Time step : 12575

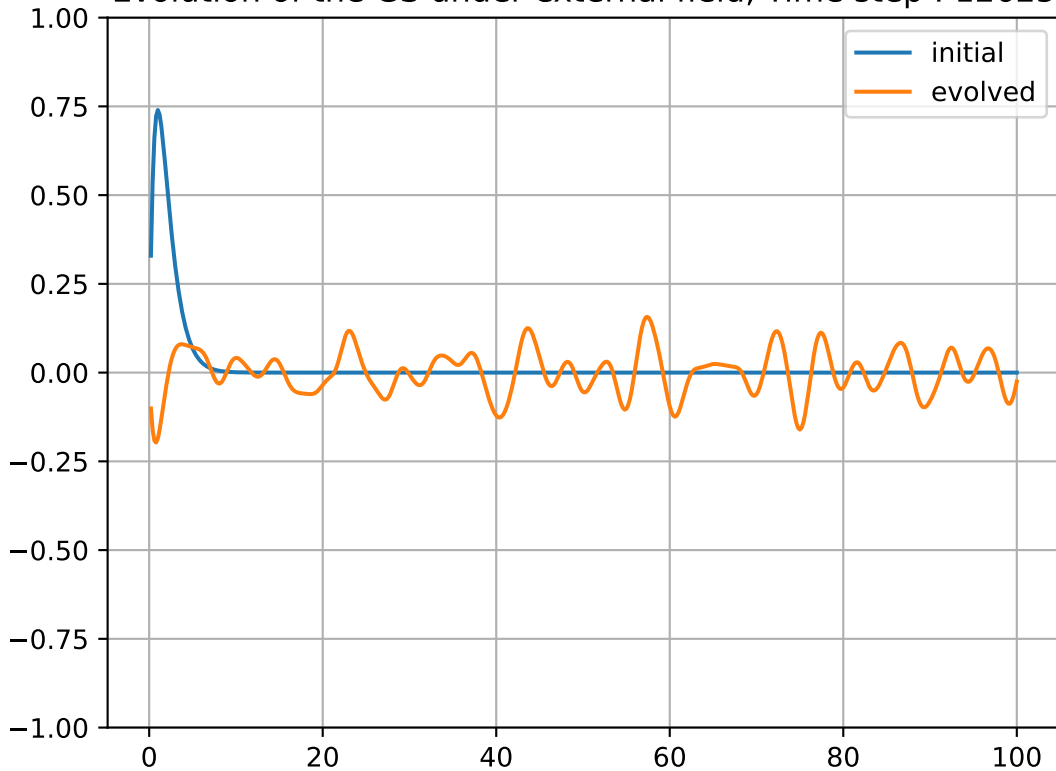

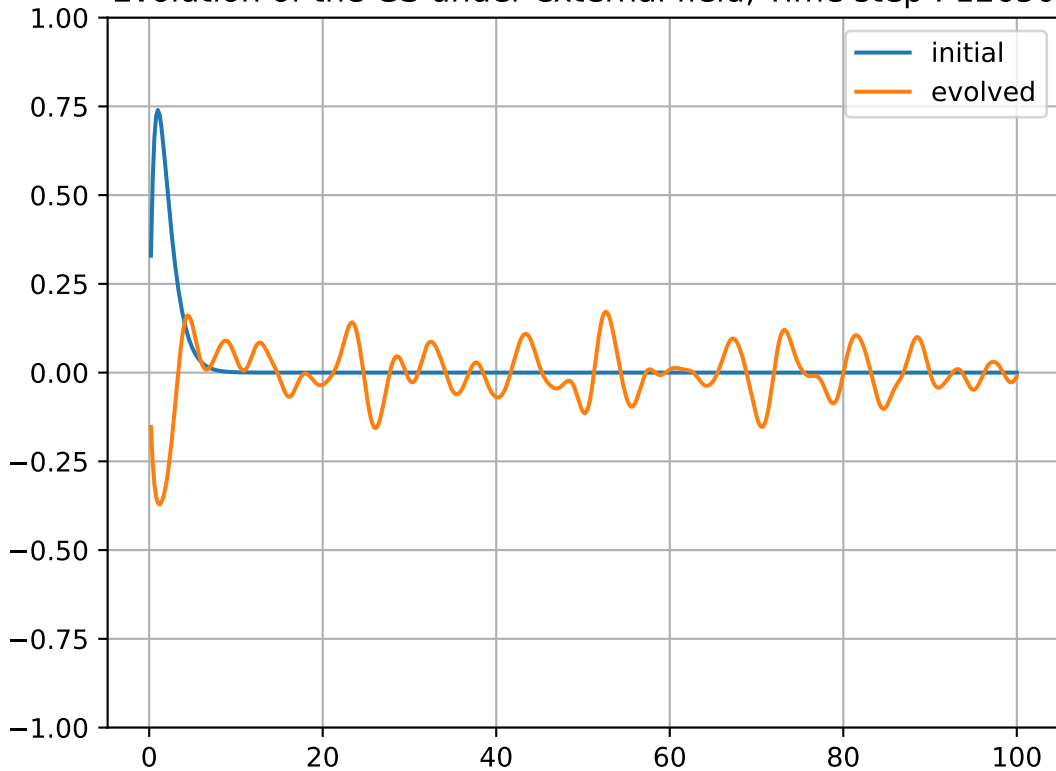

Evolution of the GS under external field, Time step : 12600

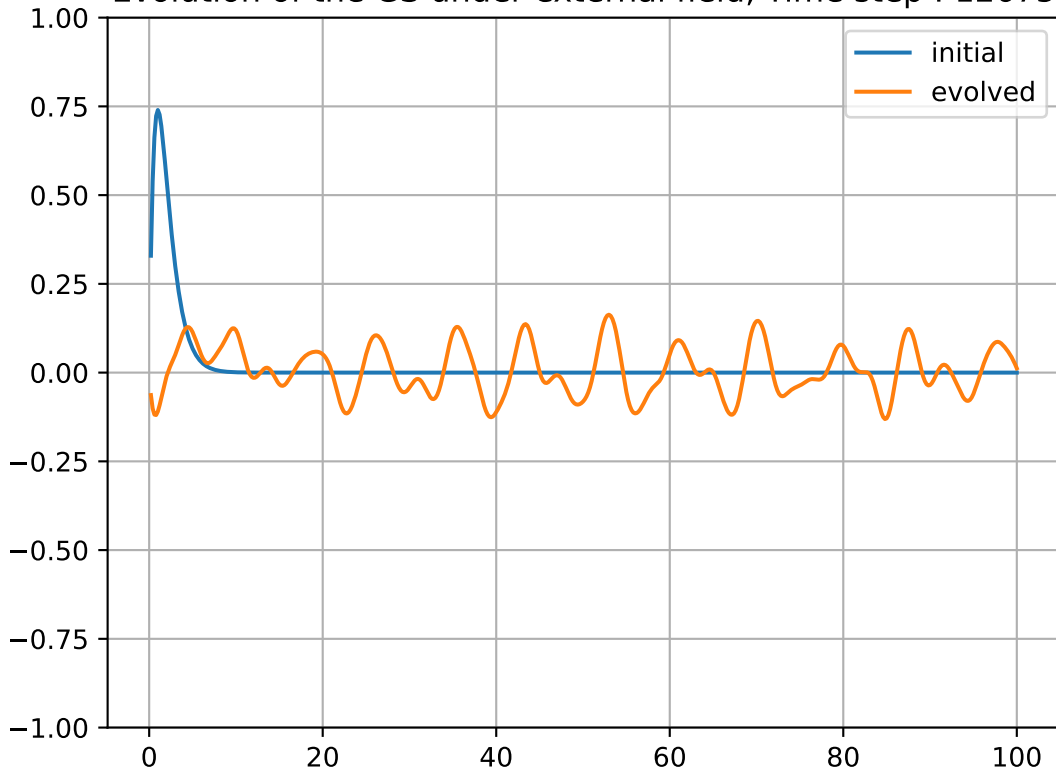

Evolution of the GS under external field, Time step : 12625

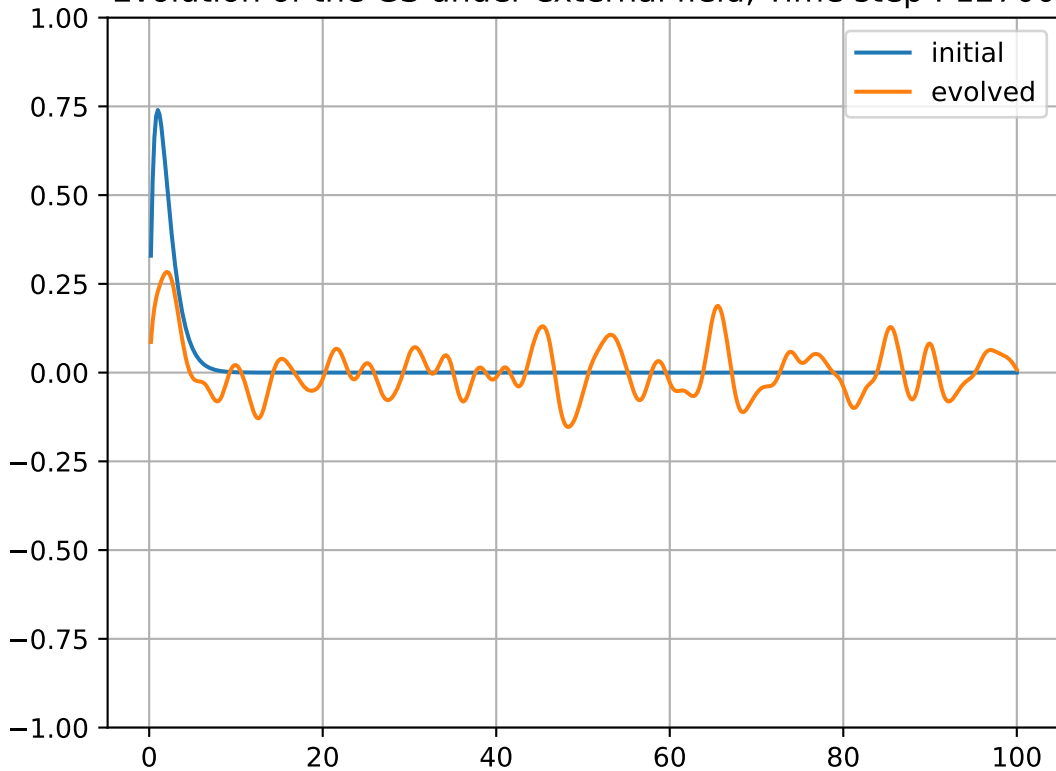

Evolution of the GS under external field, Time step : 12650

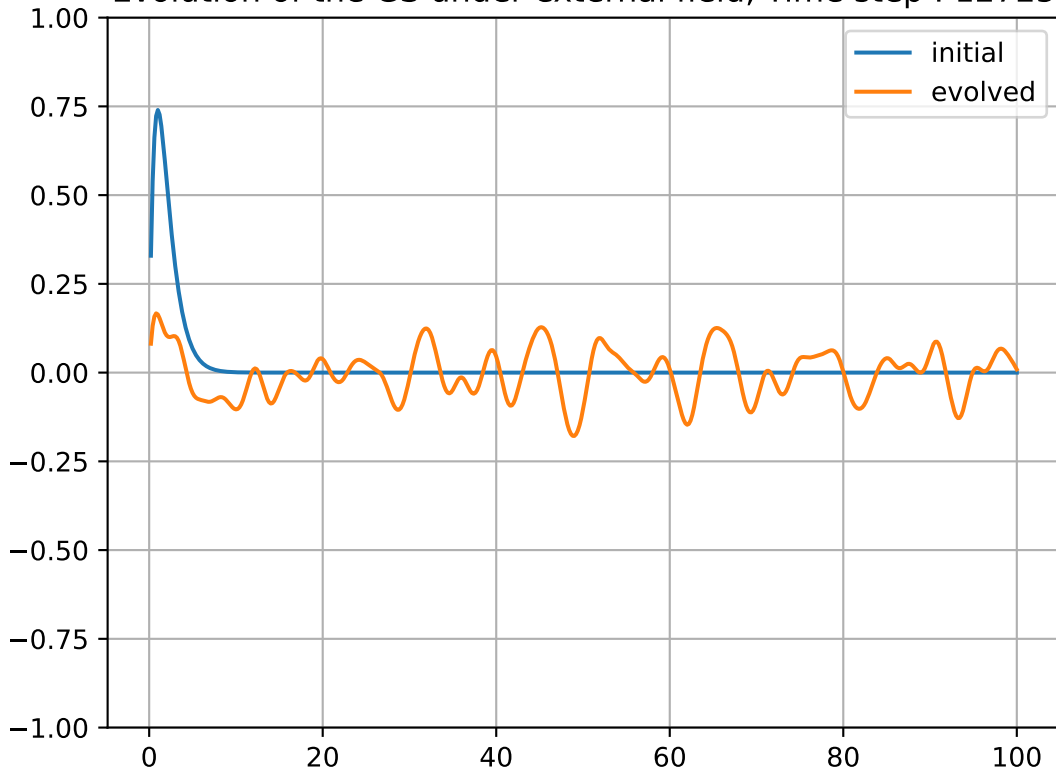

Evolution of the GS under external field, Time step : 12675

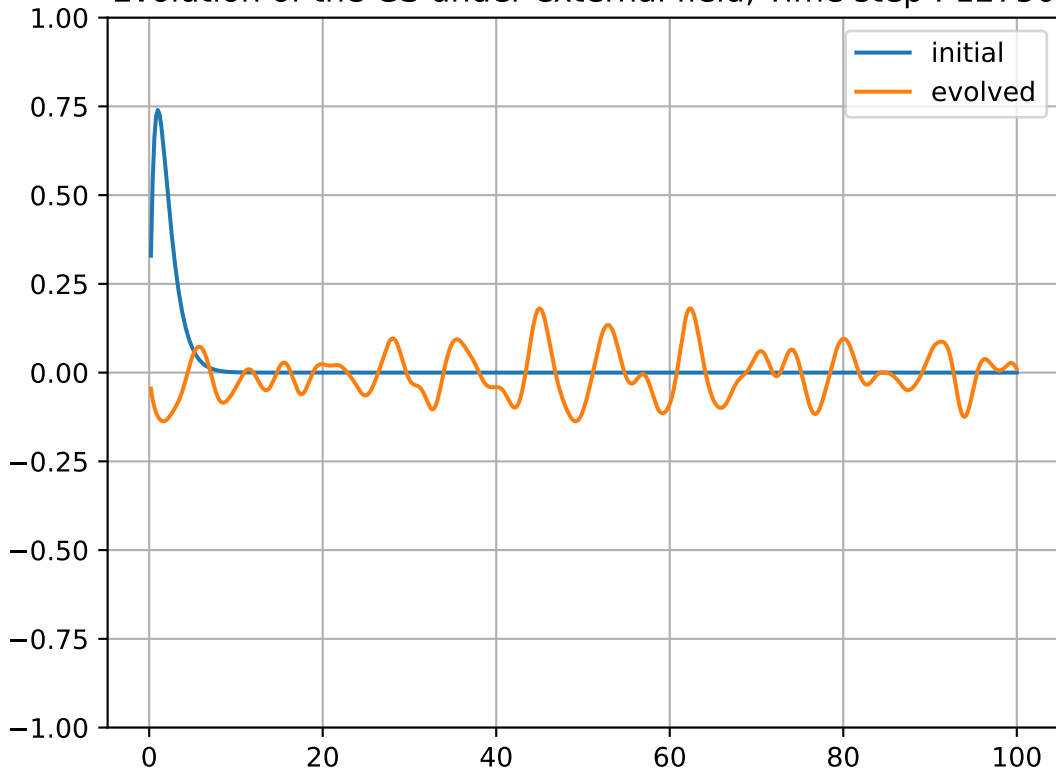

Evolution of the GS under external field, Time step : 12700

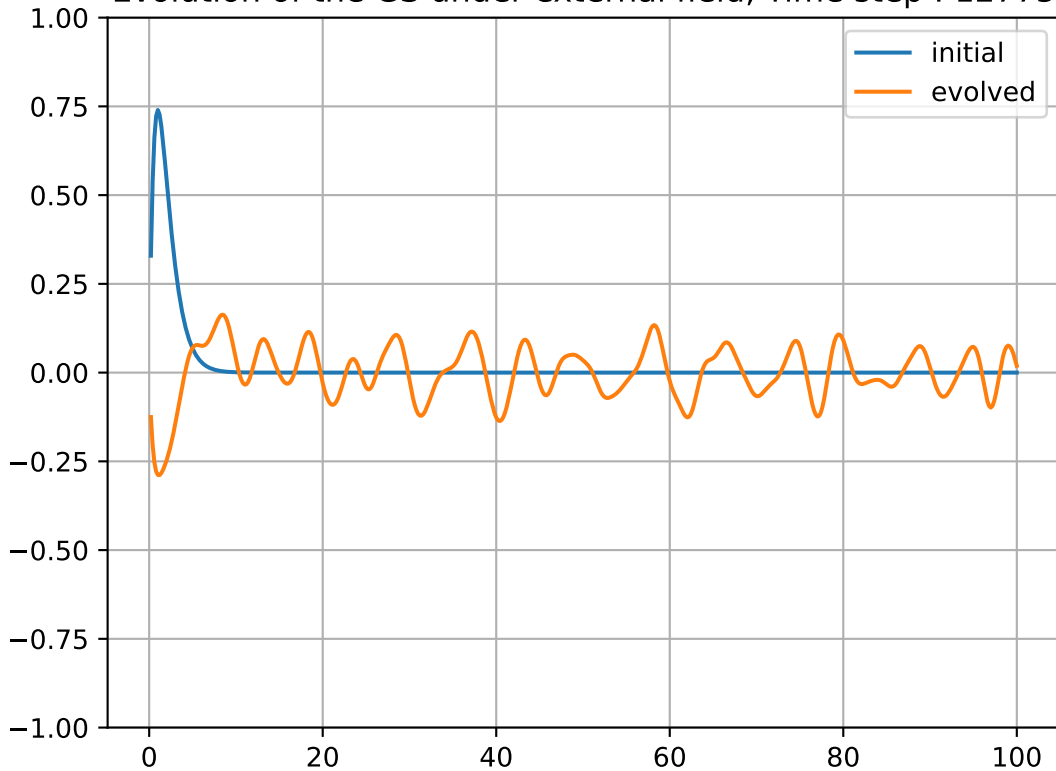

Evolution of the GS under external field, Time step : 12725

Evolution of the GS under external field, Time step : 12750

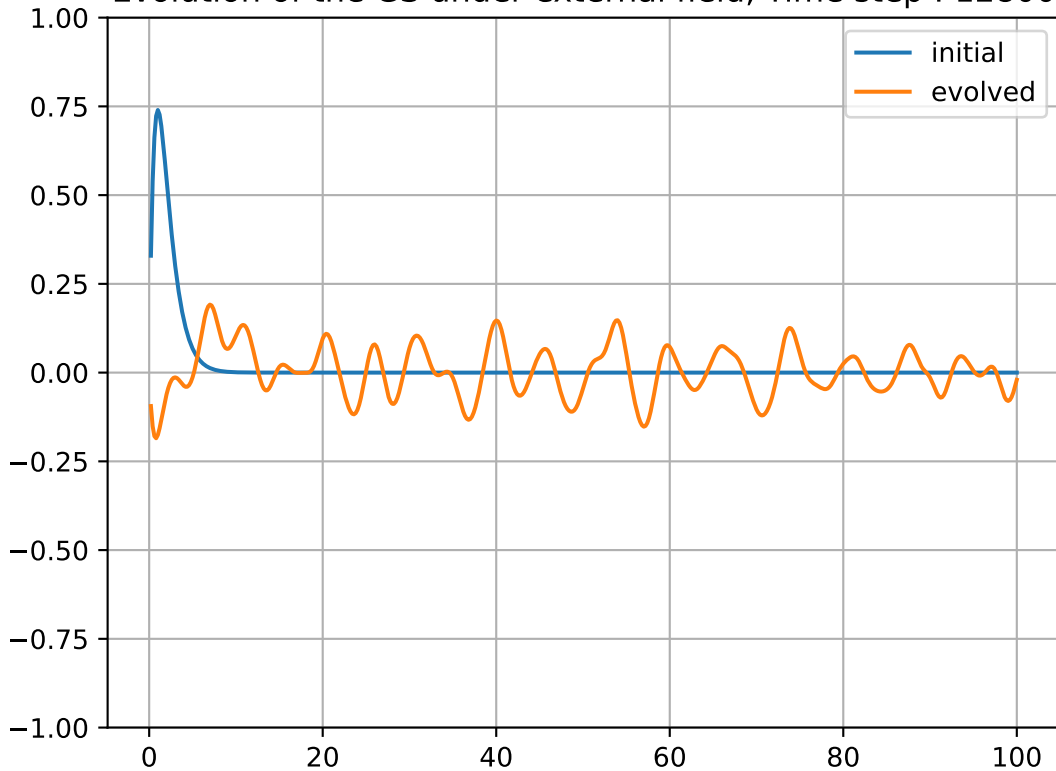

Evolution of the GS under external field, Time step : 12775

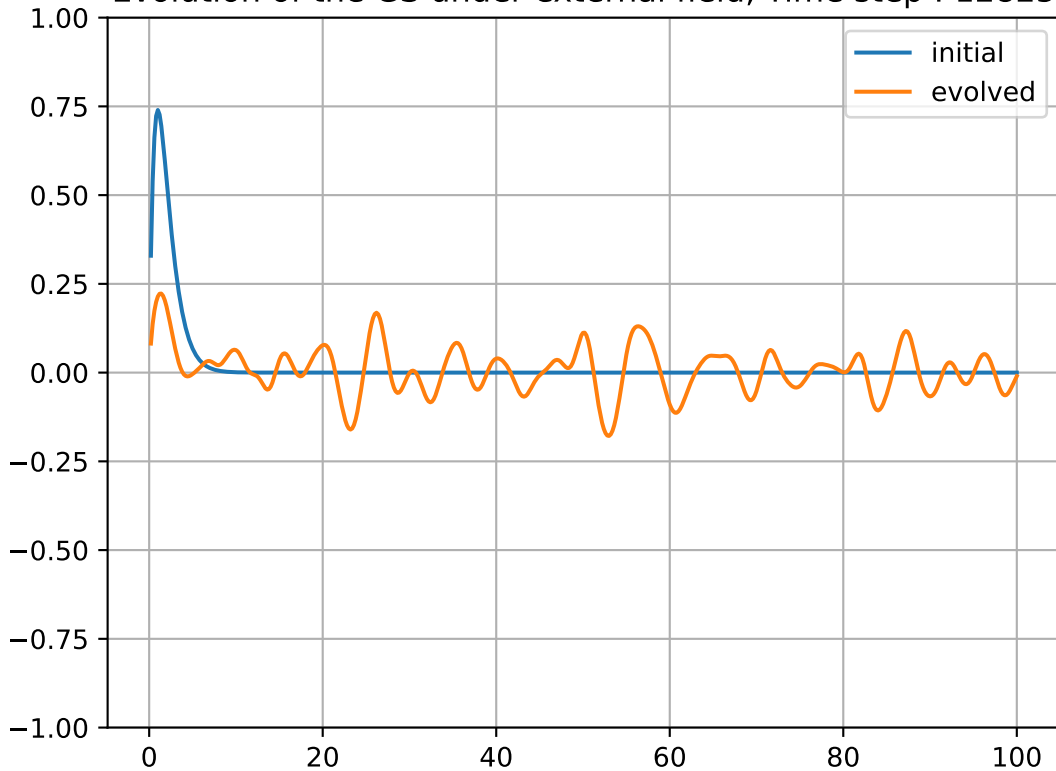

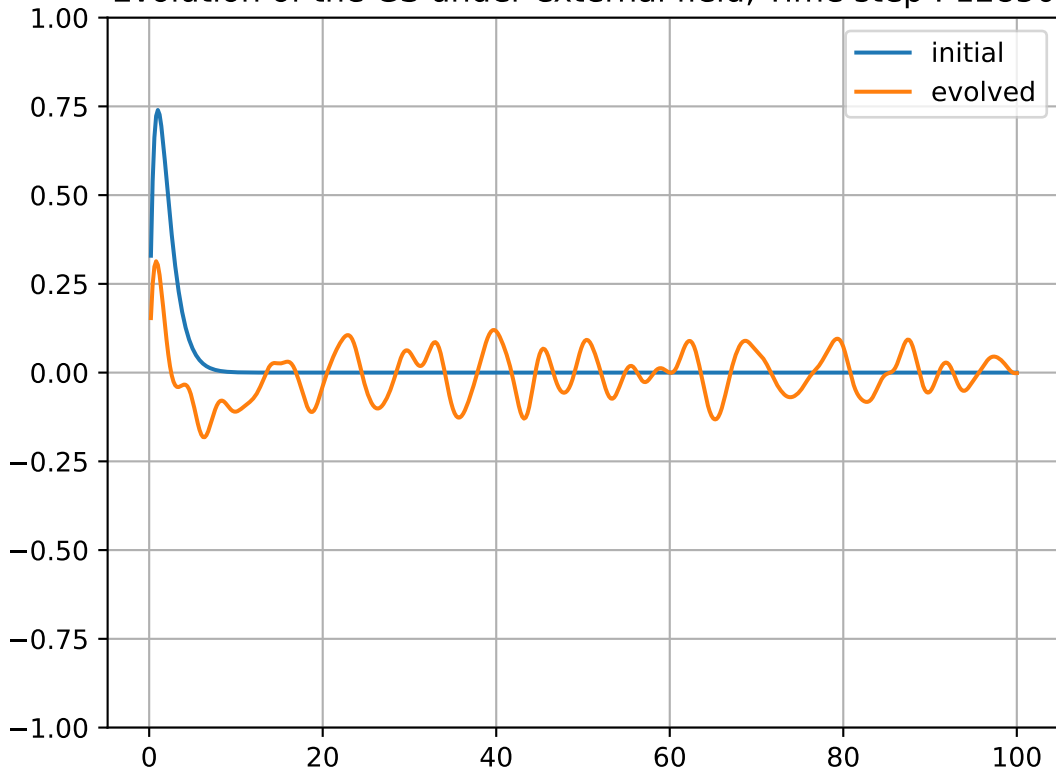

Evolution of the GS under external field, Time step : 12800

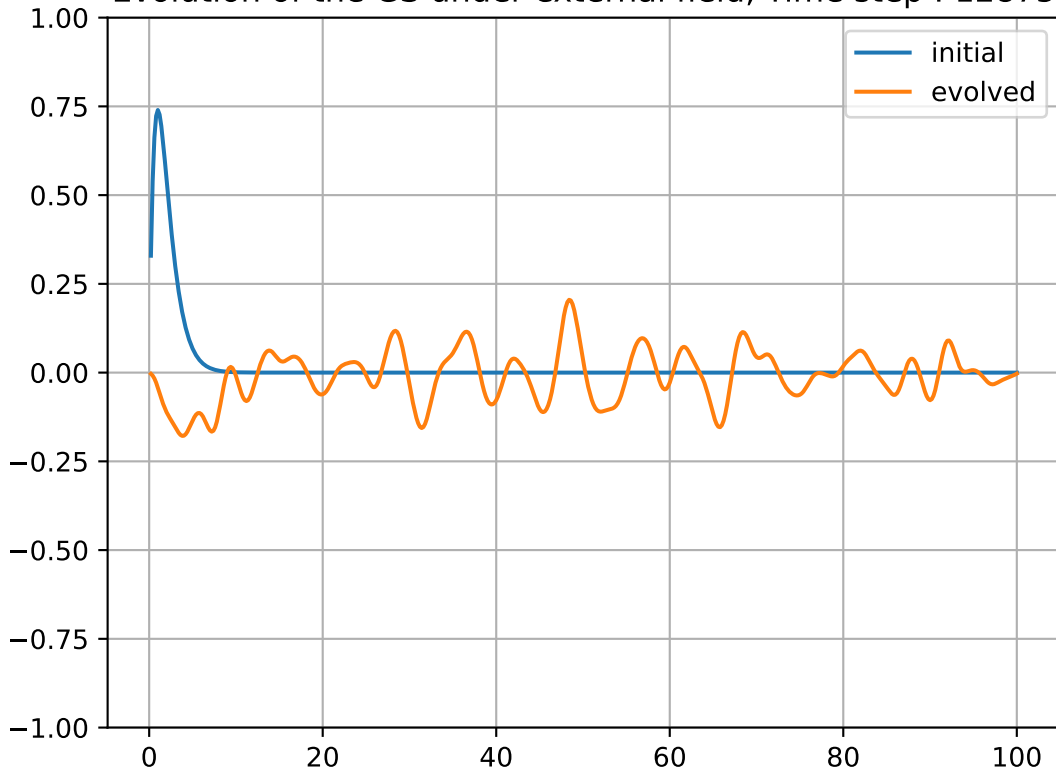

Evolution of the GS under external field, Time step : 12825

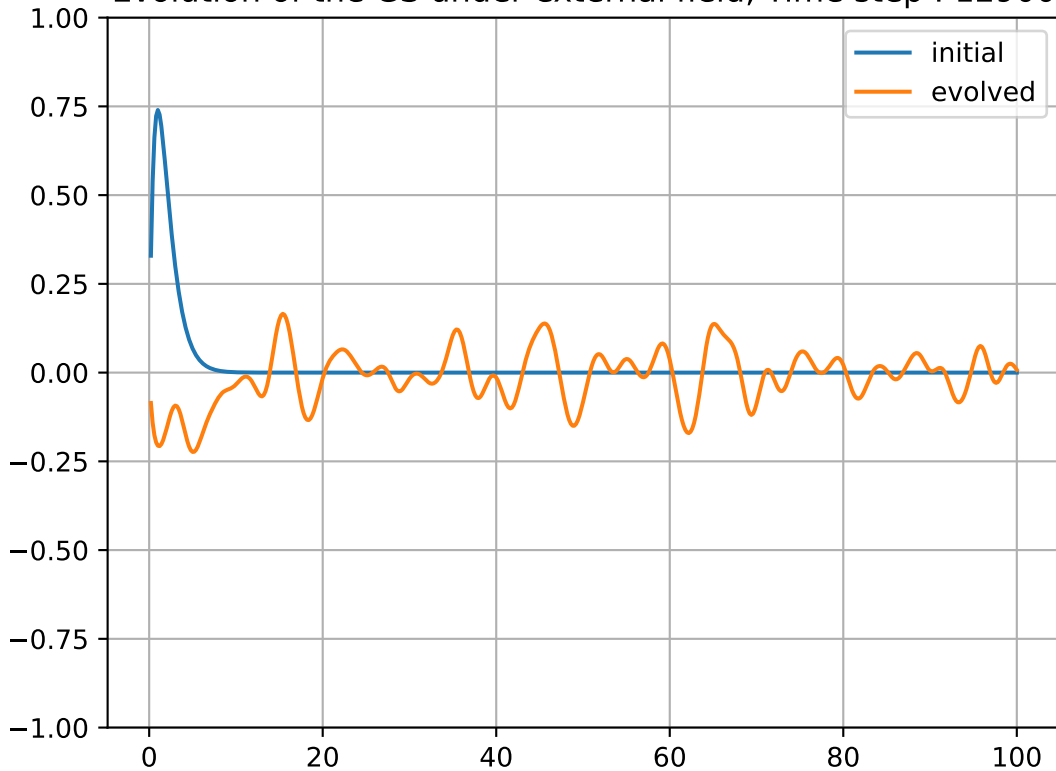

Evolution of the GS under external field, Time step : 12850

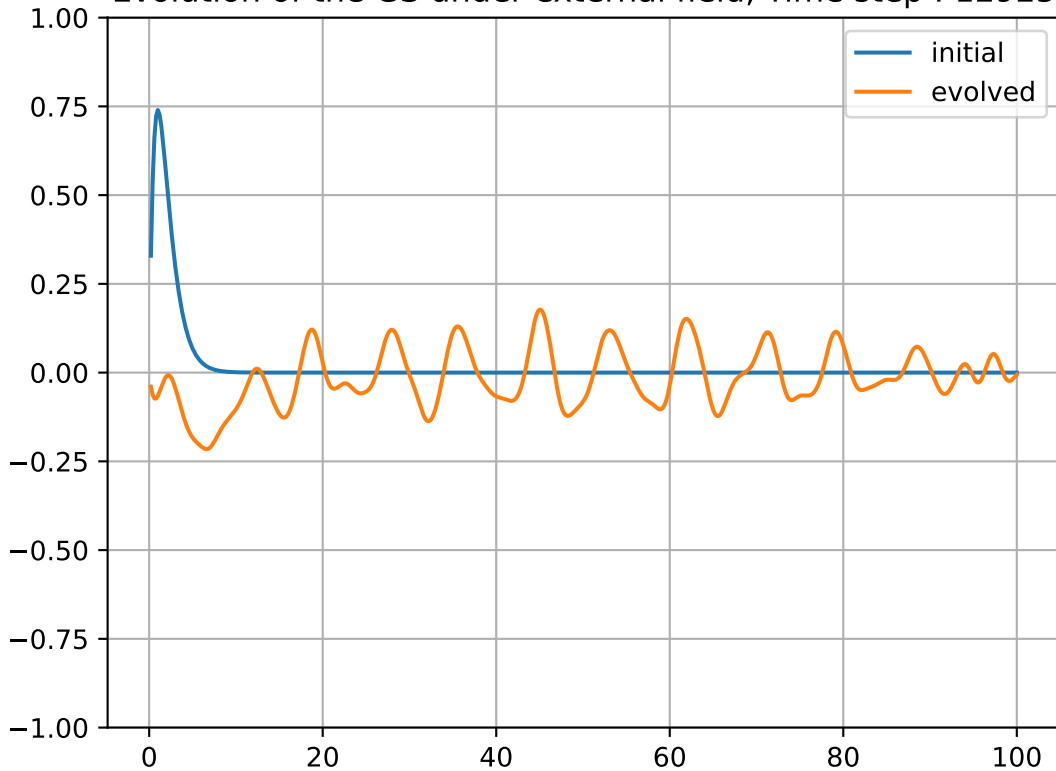

Evolution of the GS under external field, Time step : 12875

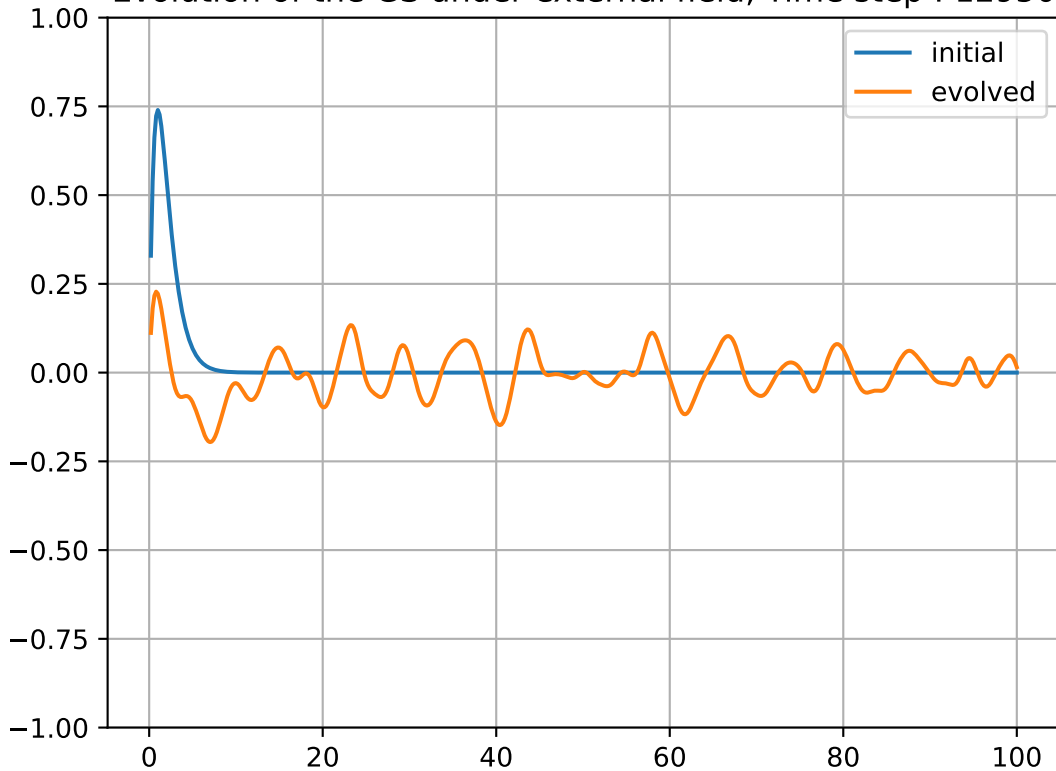

Evolution of the GS under external field, Time step : 12900

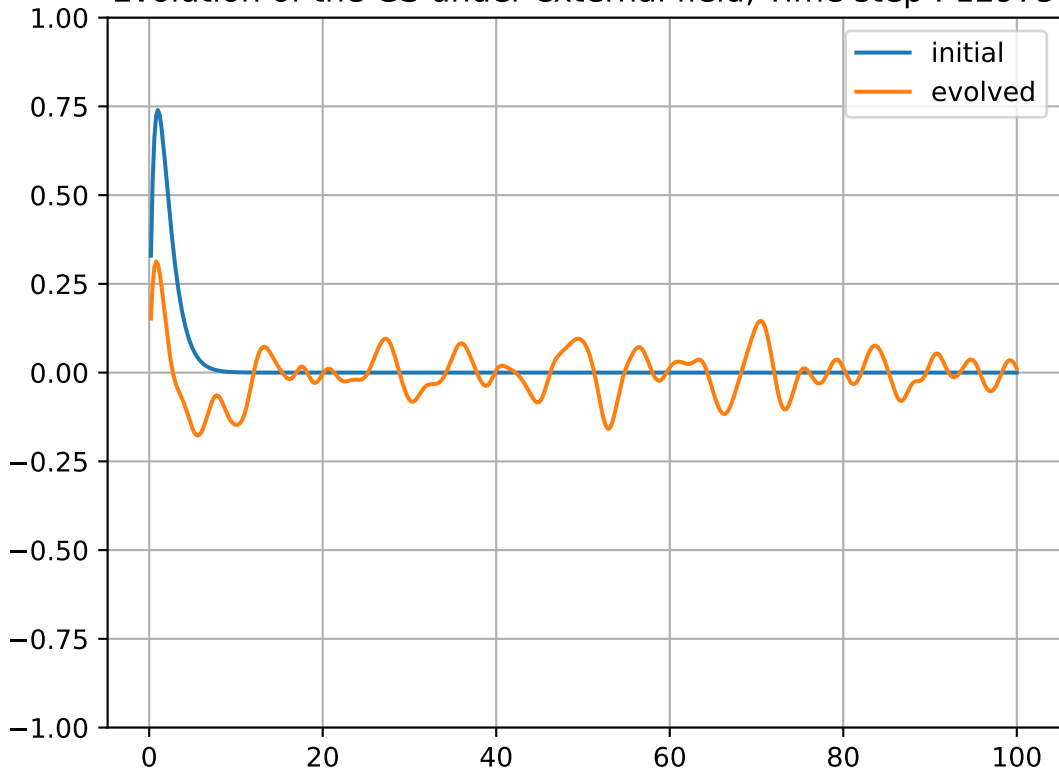

Evolution of the GS under external field, Time step : 12925

Evolution of the GS under external field, Time step : 12950

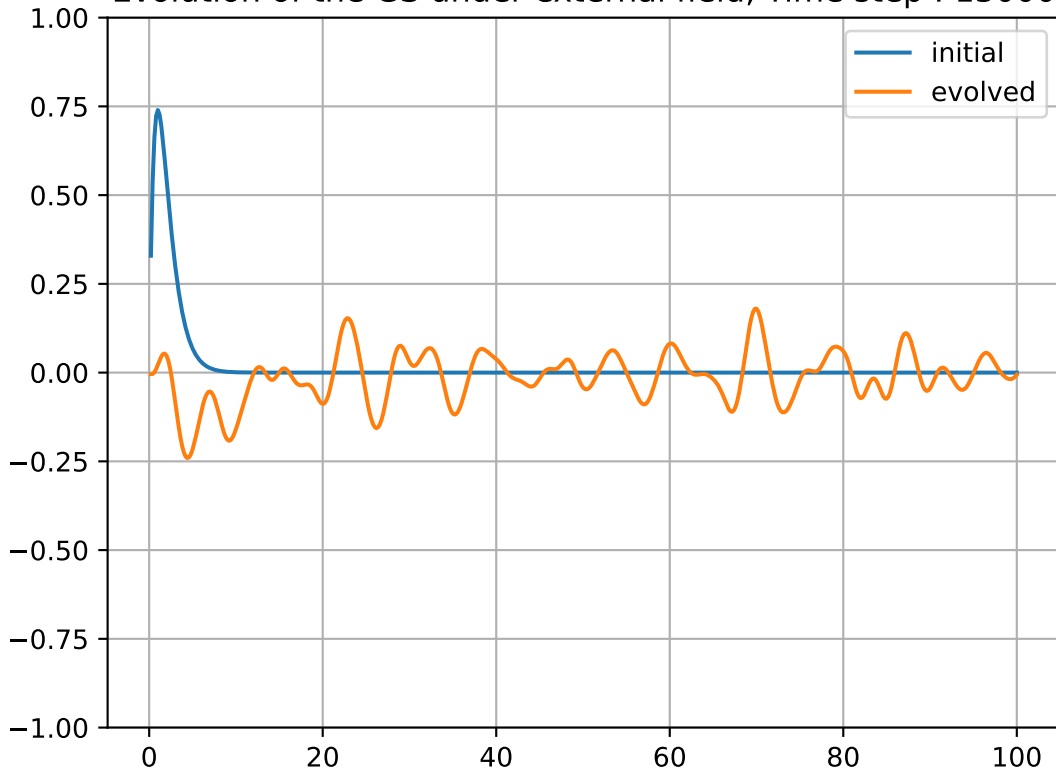

Evolution of the GS under external field, Time step : 12975

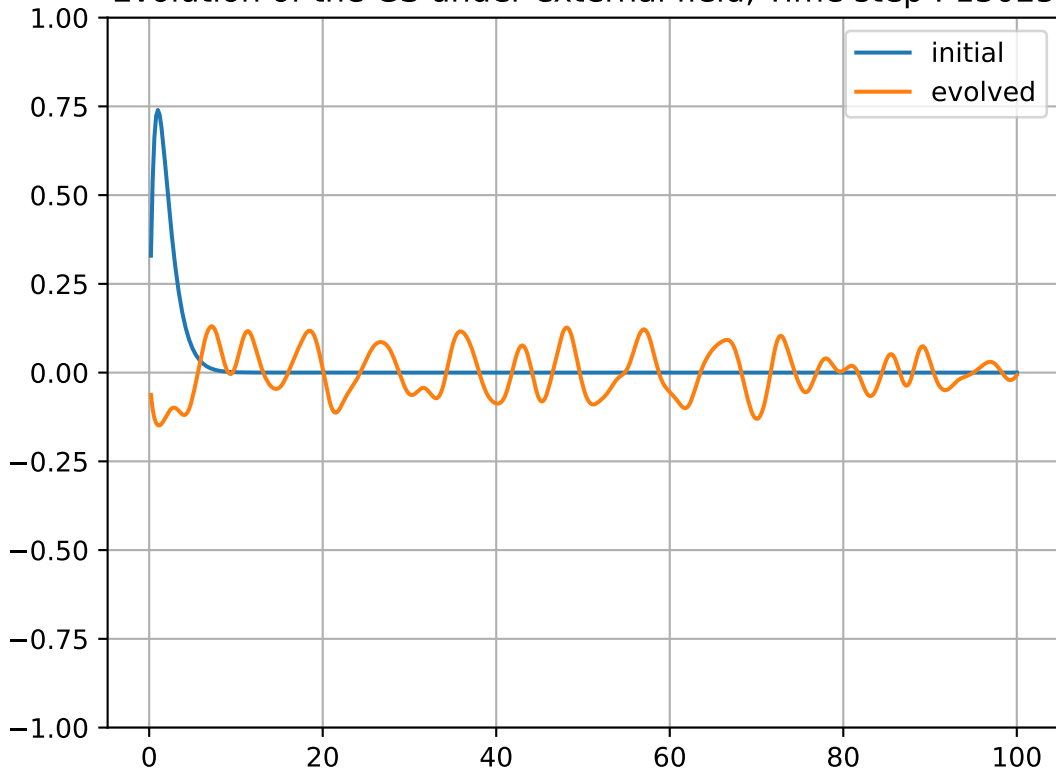

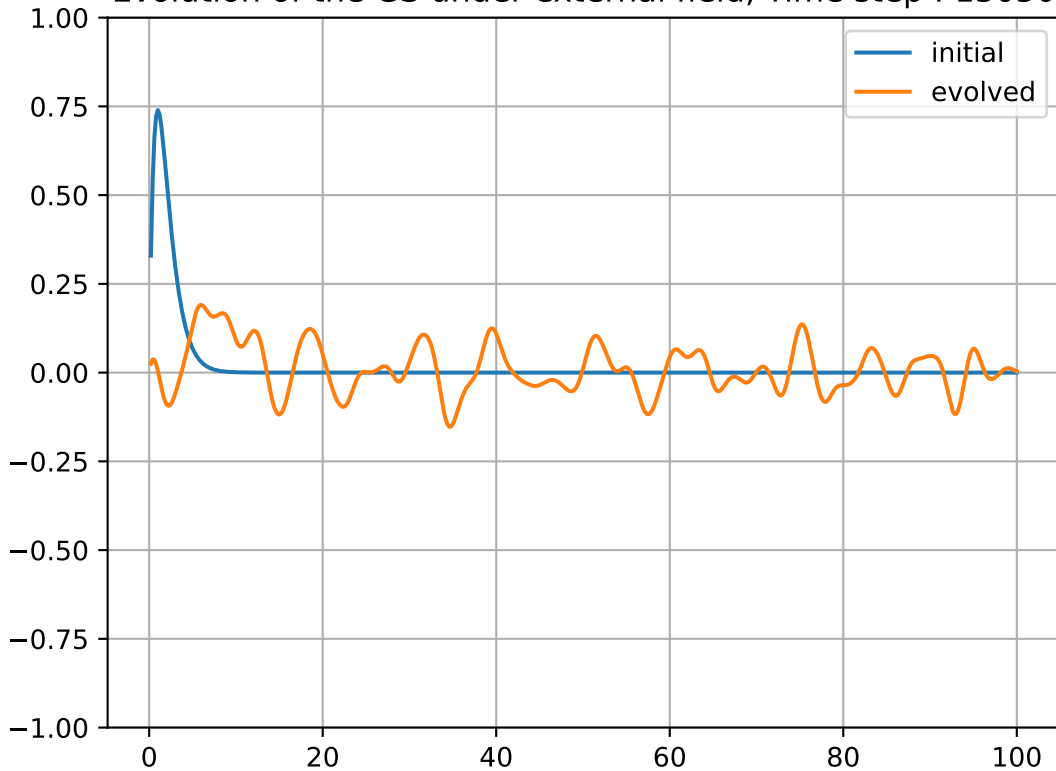

Evolution of the GS under external field, Time step : 13000

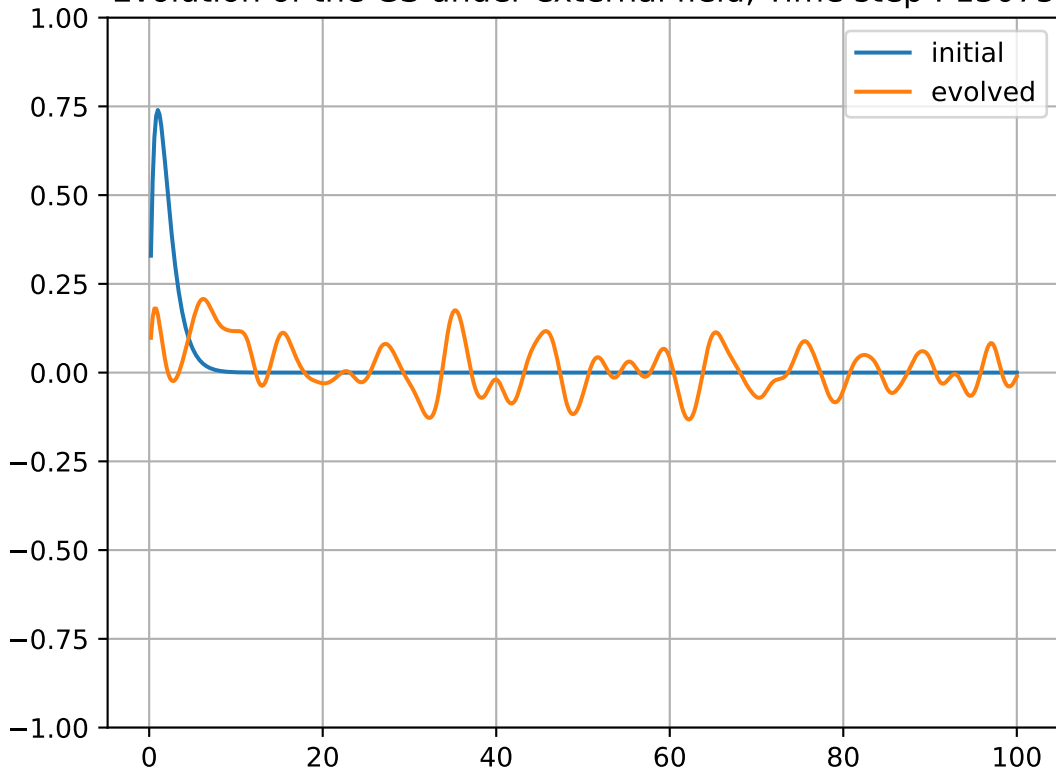

Evolution of the GS under external field, Time step : 13025

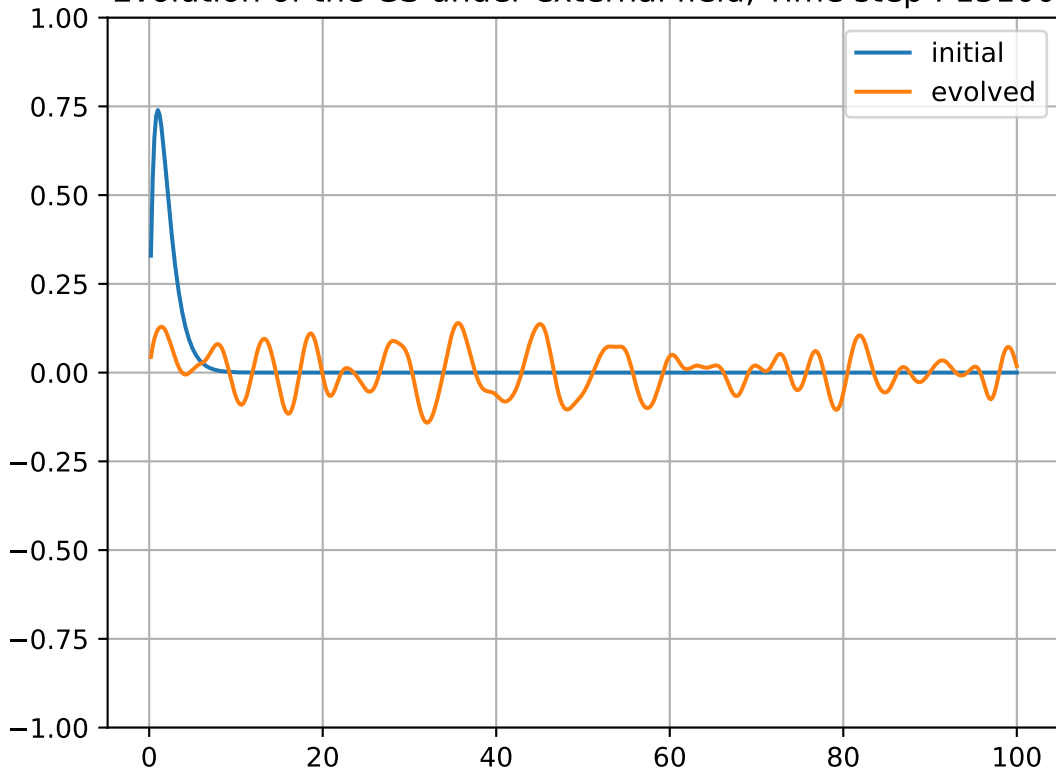

Evolution of the GS under external field, Time step : 13050

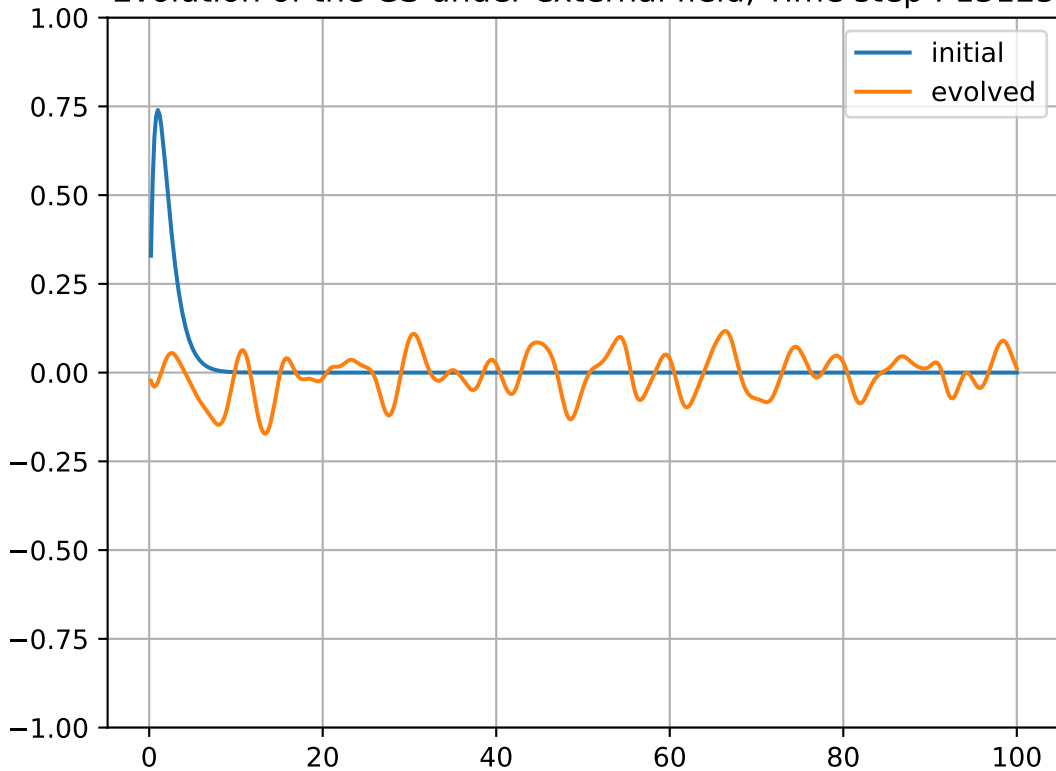

Evolution of the GS under external field, Time step : 13075

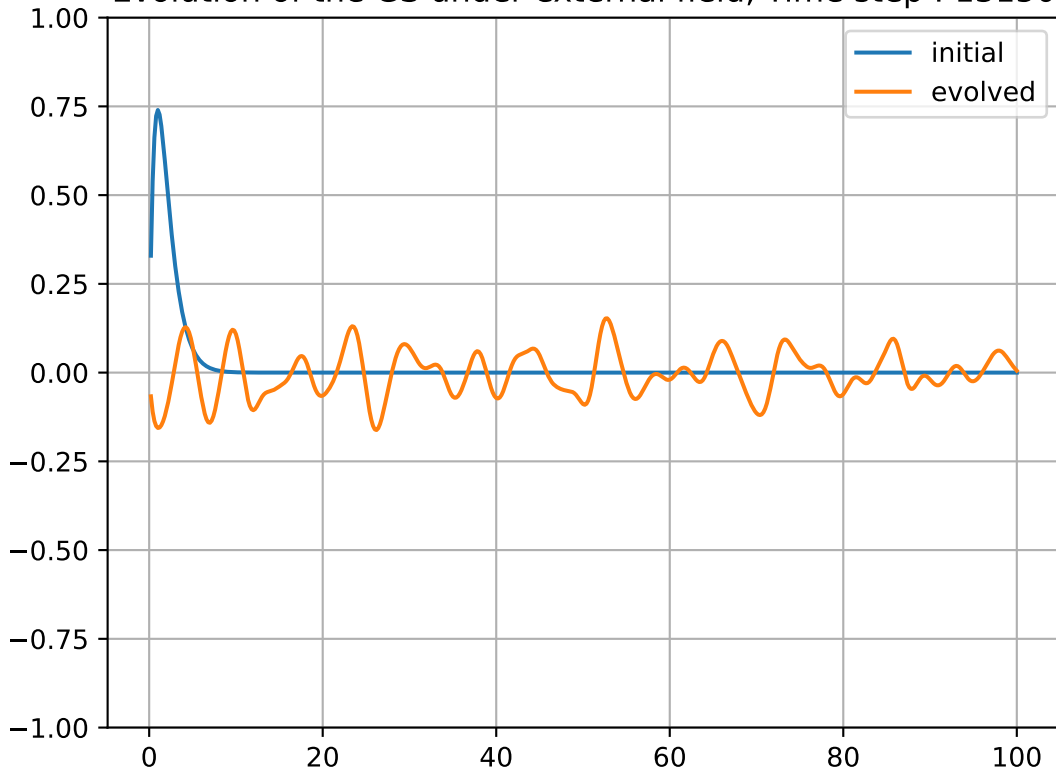

Evolution of the GS under external field, Time step : 13100

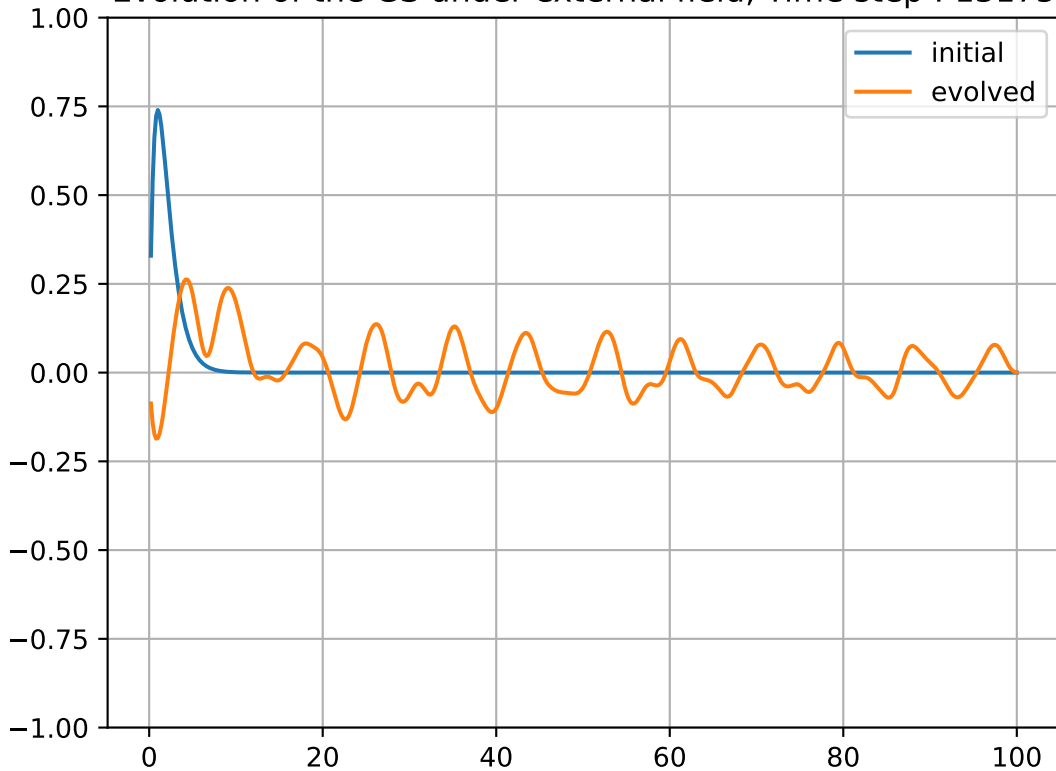

Evolution of the GS under external field, Time step : 13125

Evolution of the GS under external field, Time step : 13150

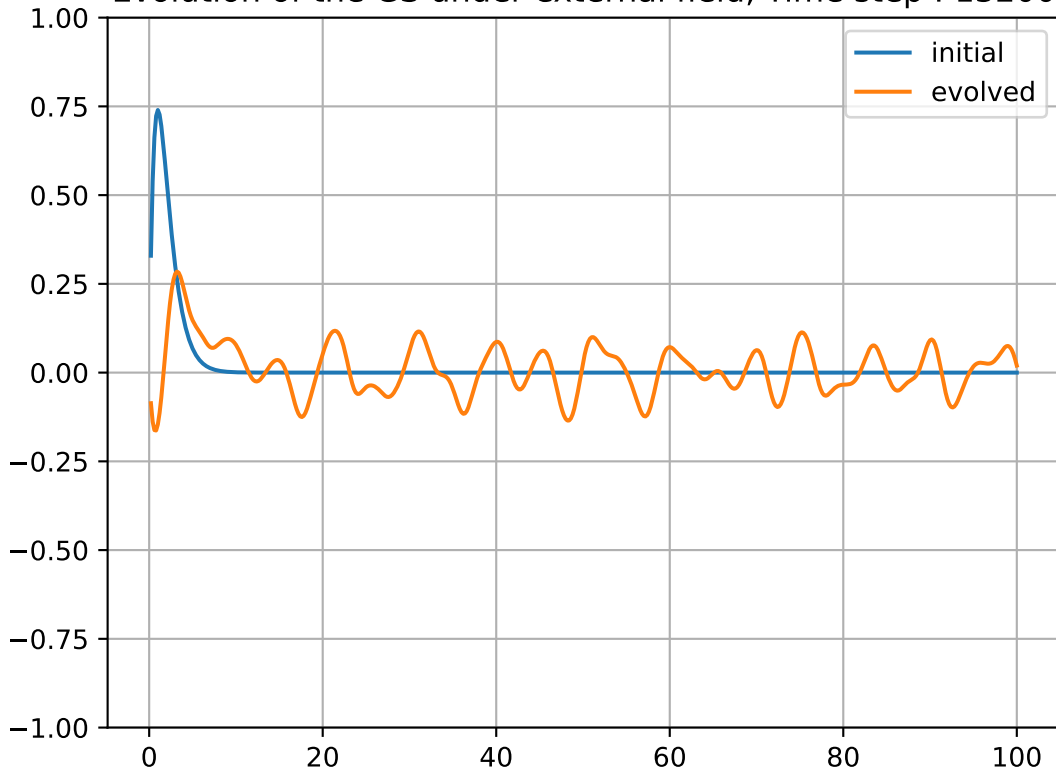

Evolution of the GS under external field, Time step : 13175

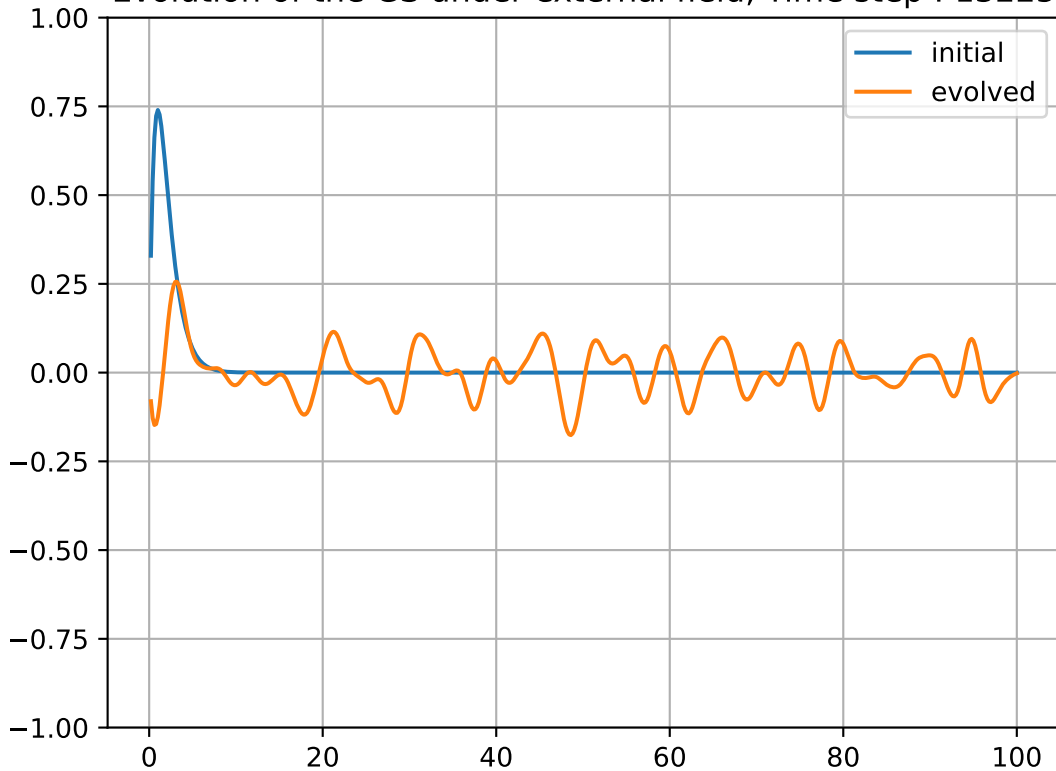

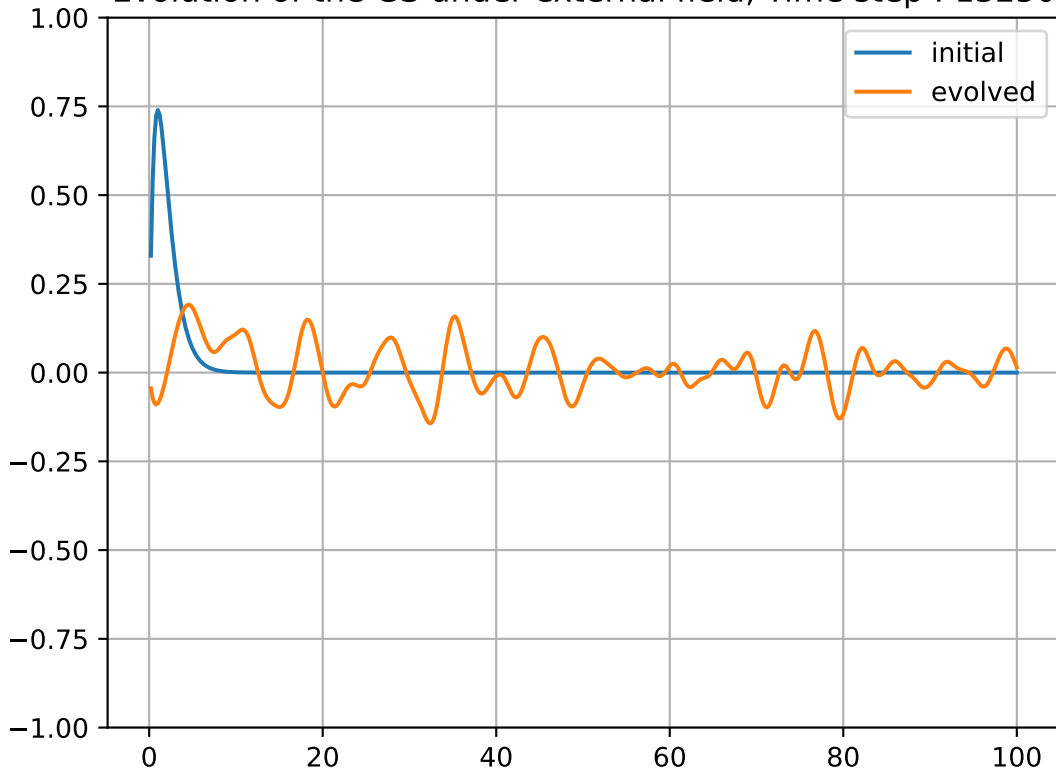

Evolution of the GS under external field, Time step : 13200

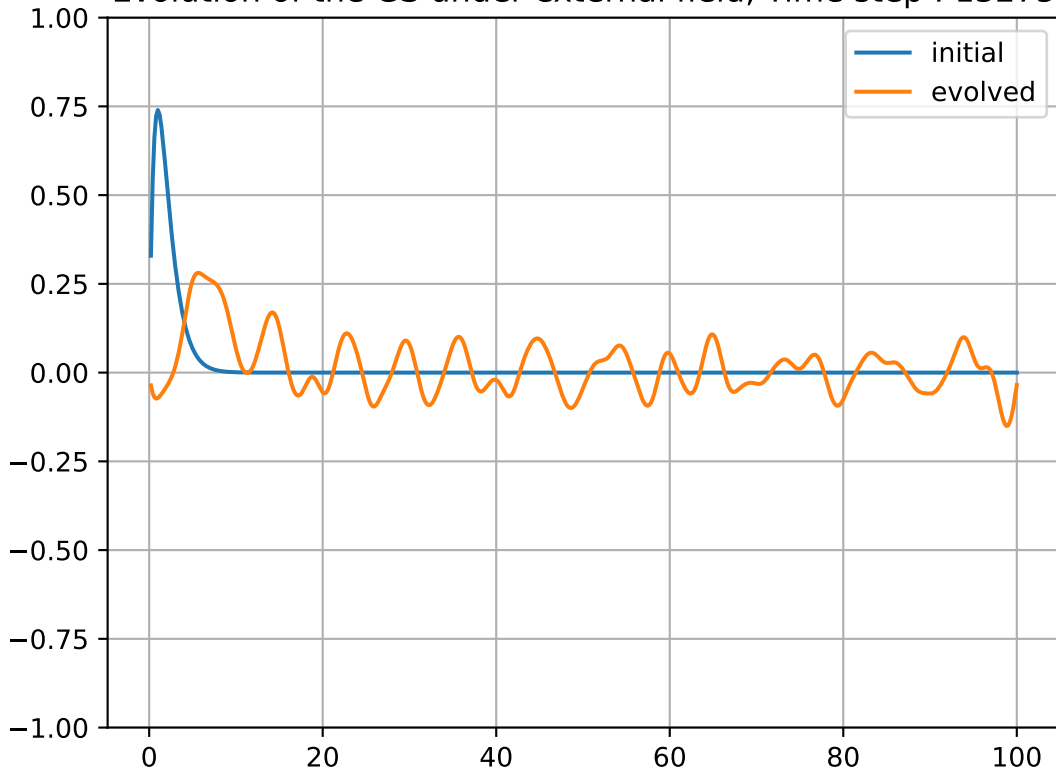

Evolution of the GS under external field, Time step : 13225

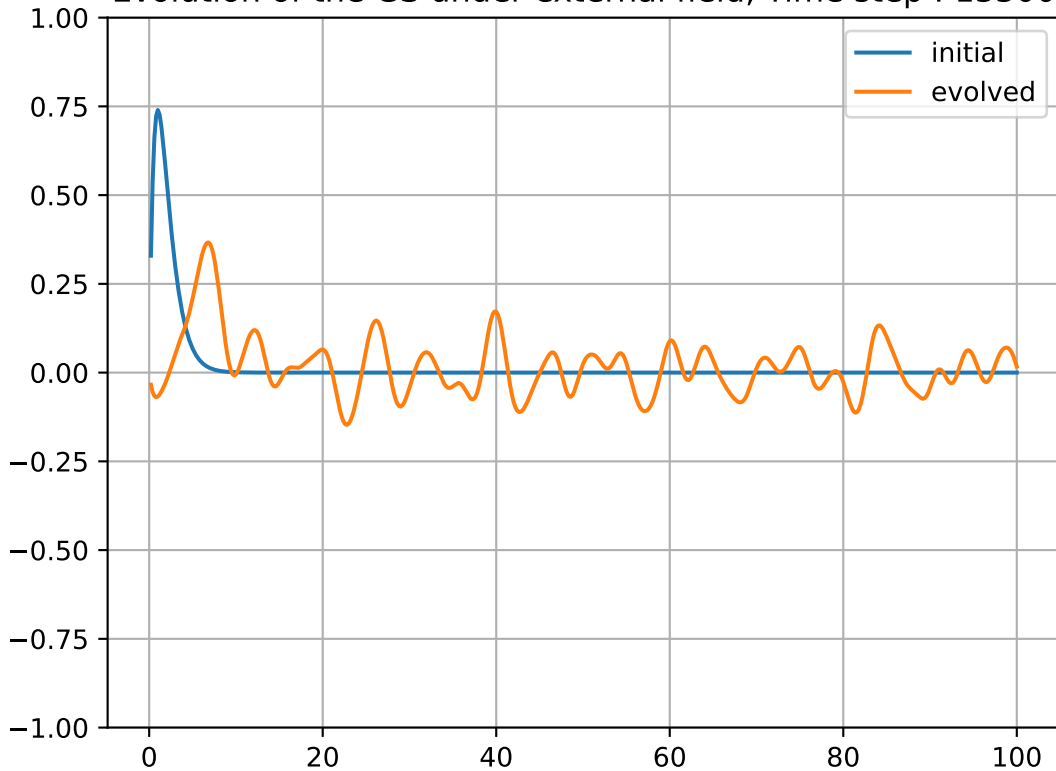

Evolution of the GS under external field, Time step : 13250

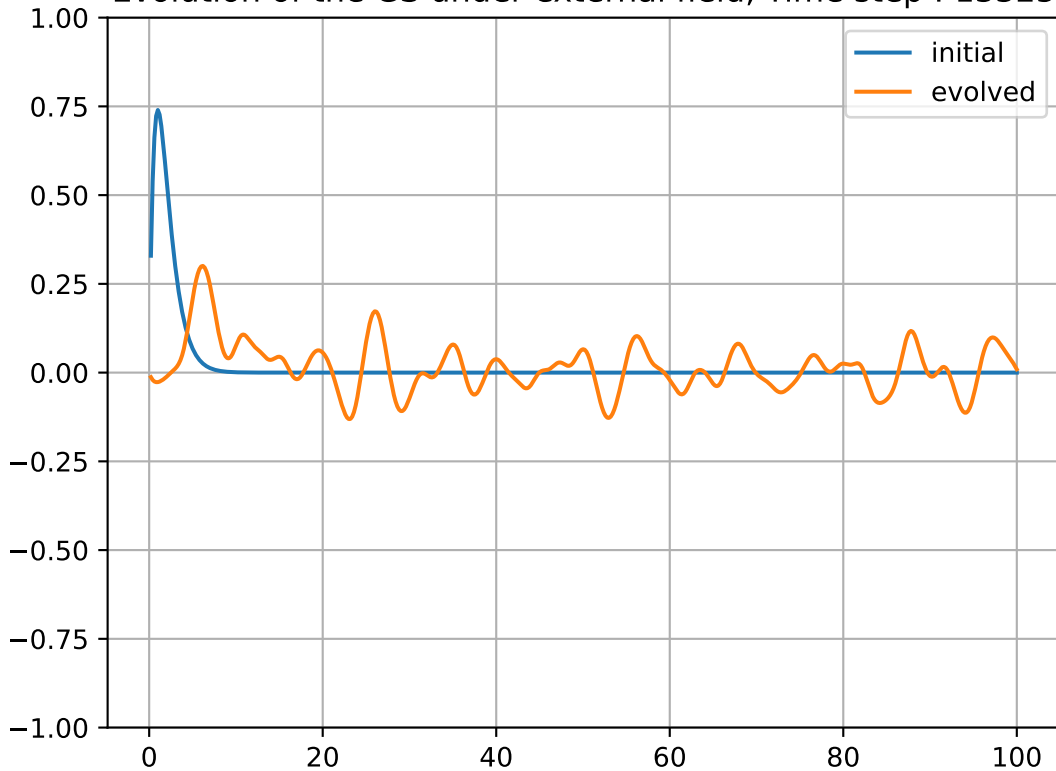

Evolution of the GS under external field, Time step : 13275

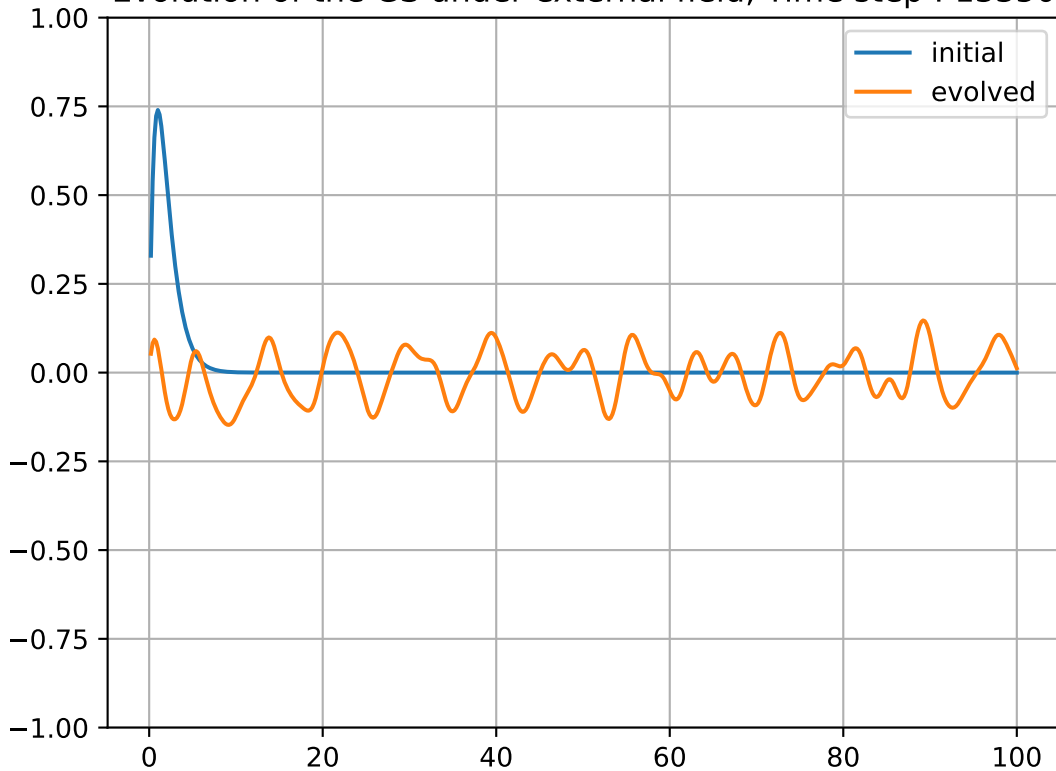

Evolution of the GS under external field, Time step : 13300

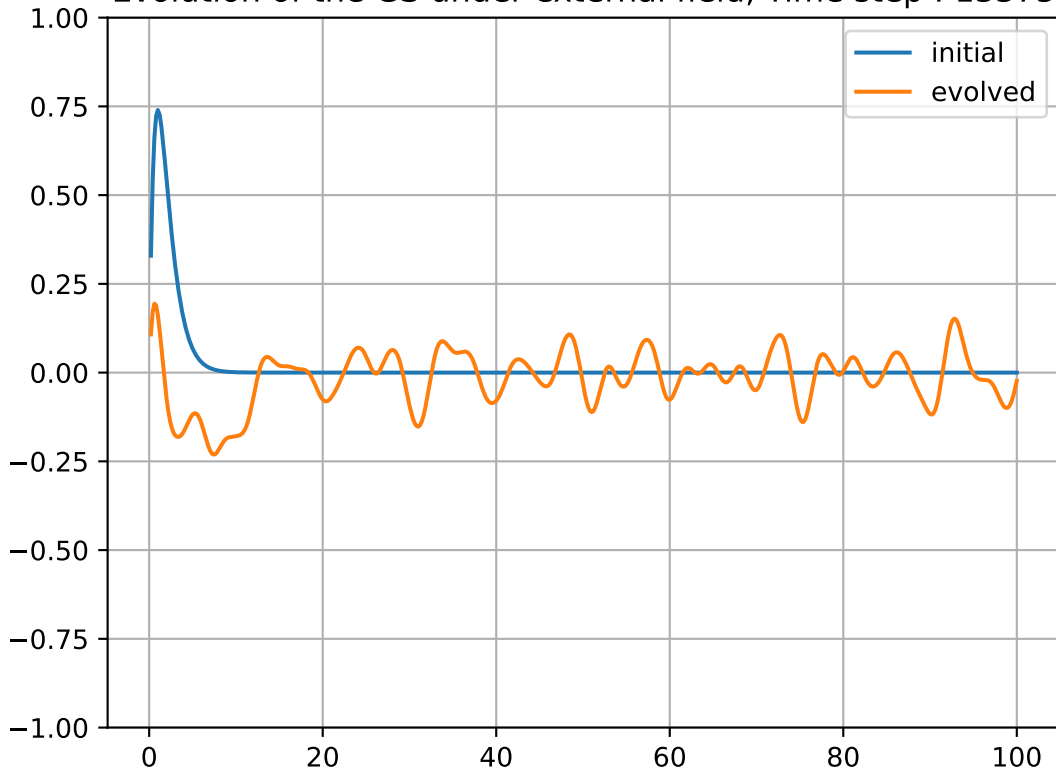

Evolution of the GS under external field, Time step : 13325

Evolution of the GS under external field, Time step : 13350

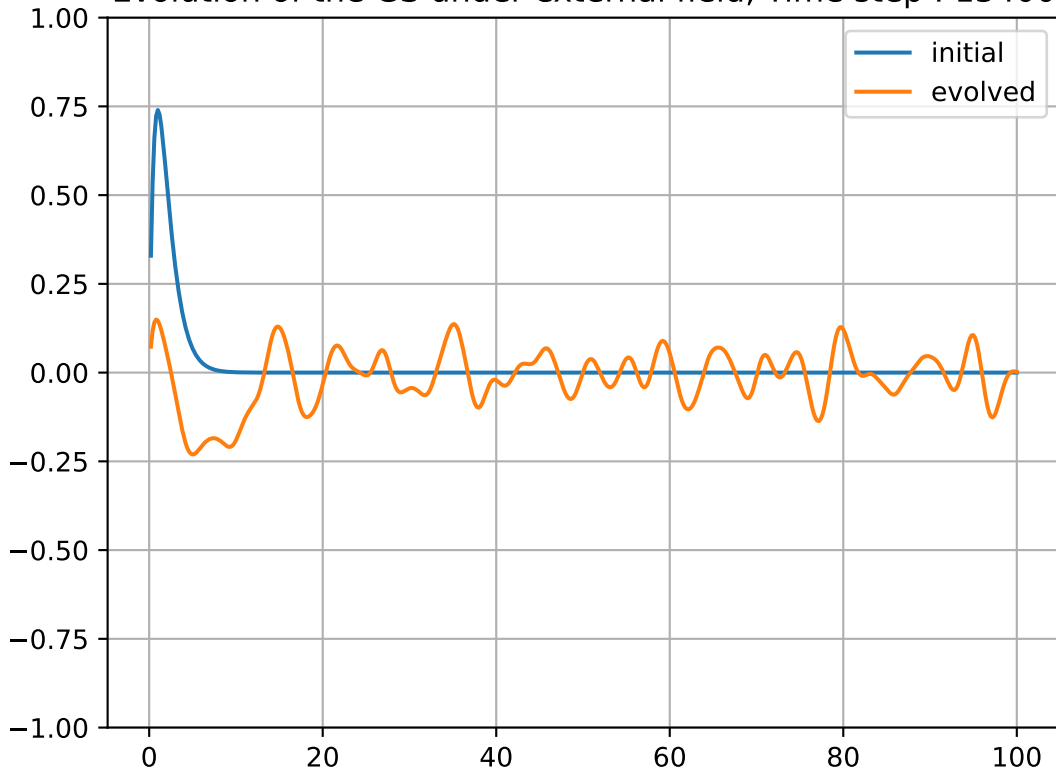

Evolution of the GS under external field, Time step : 13375

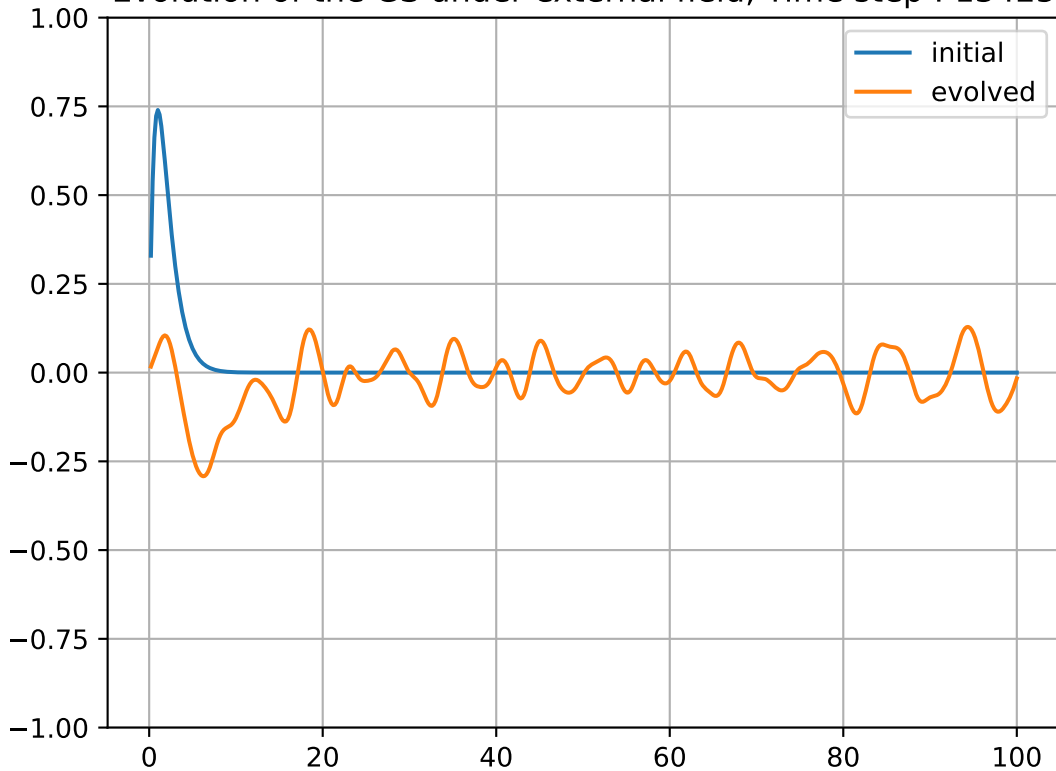

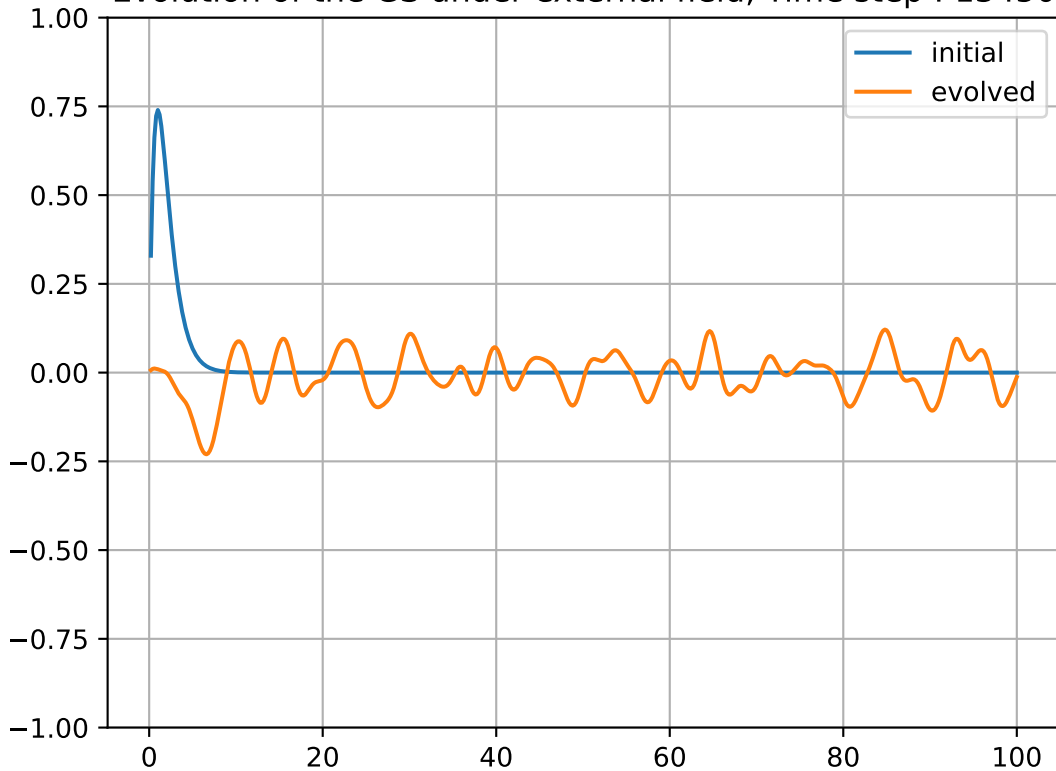

Evolution of the GS under external field, Time step : 13400

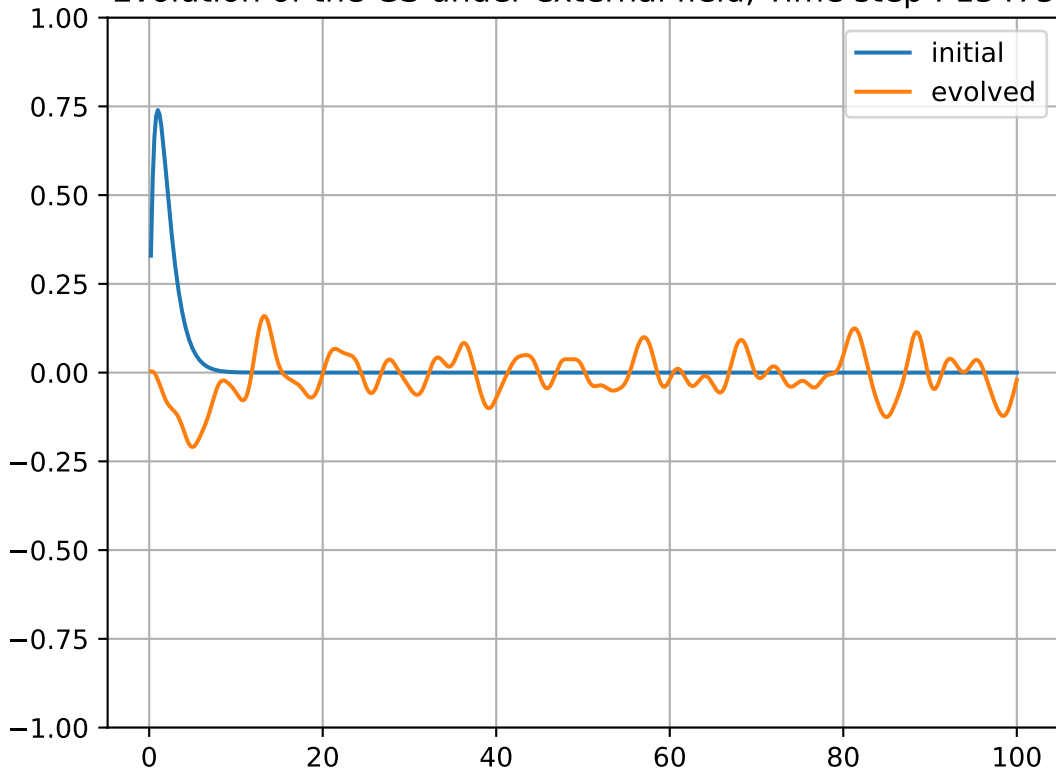

Evolution of the GS under external field, Time step : 13425

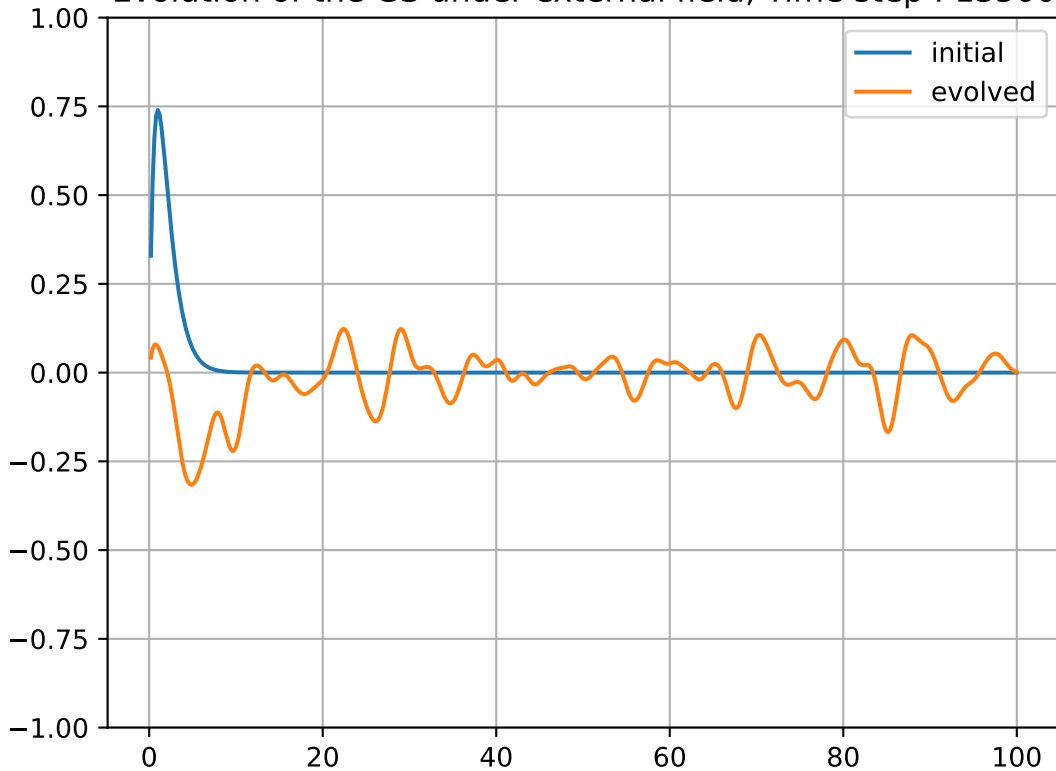

Evolution of the GS under external field, Time step : 13450

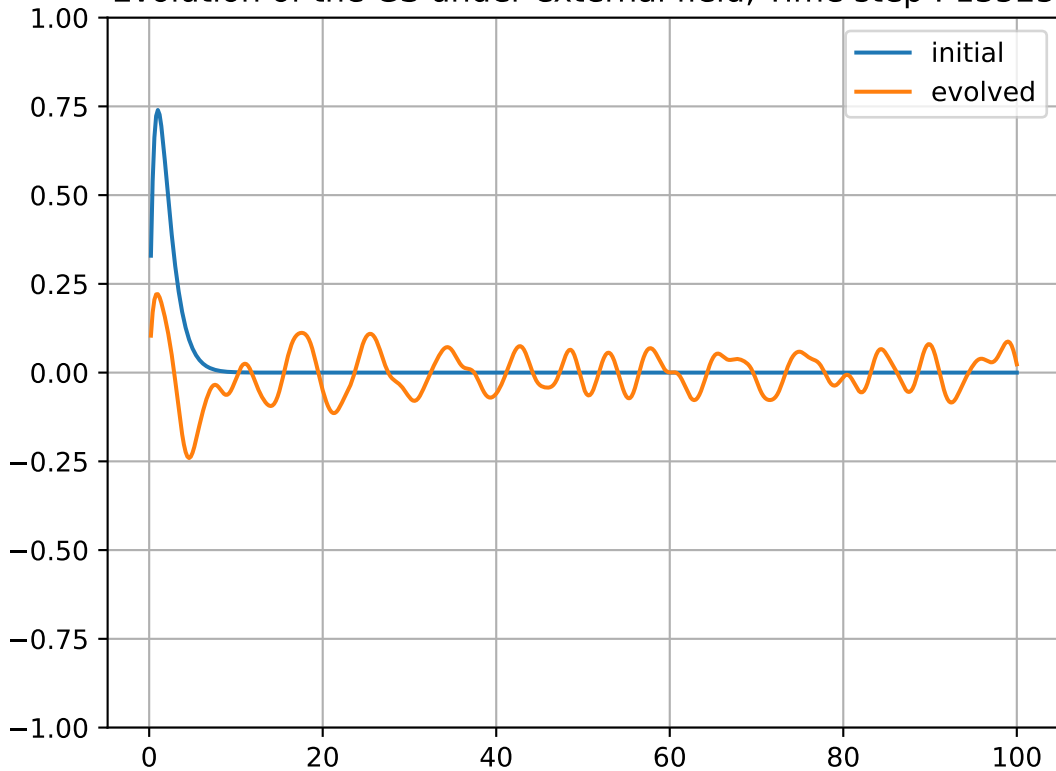

Evolution of the GS under external field, Time step : 13475

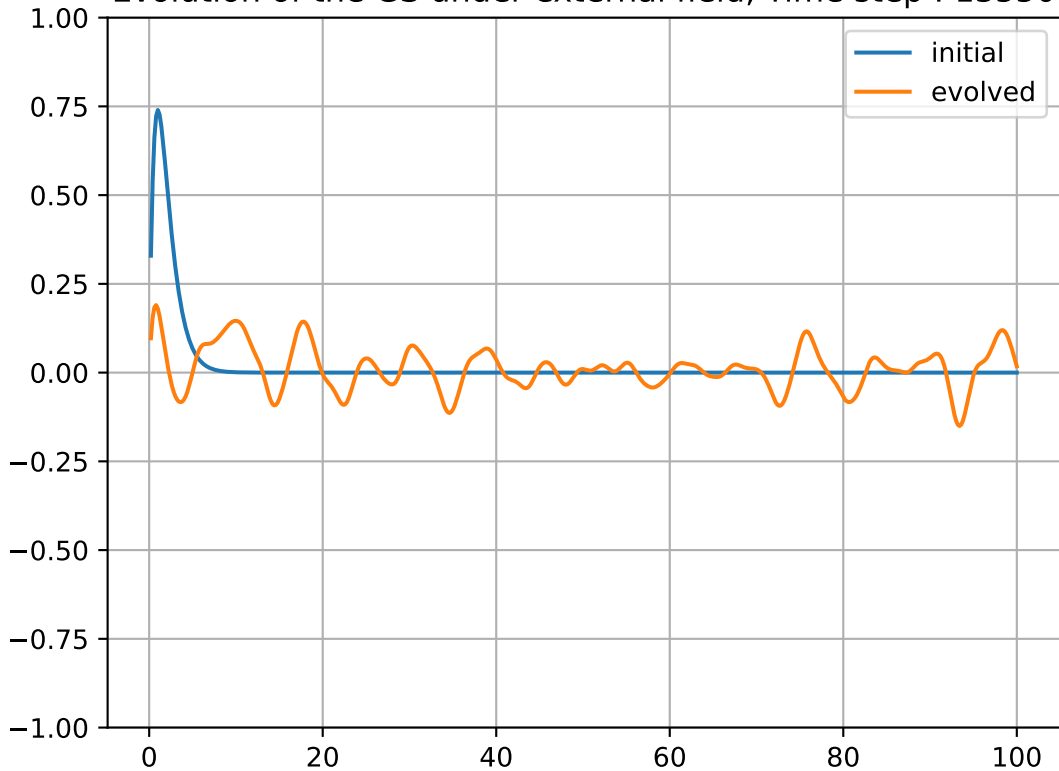

Evolution of the GS under external field, Time step : 13500

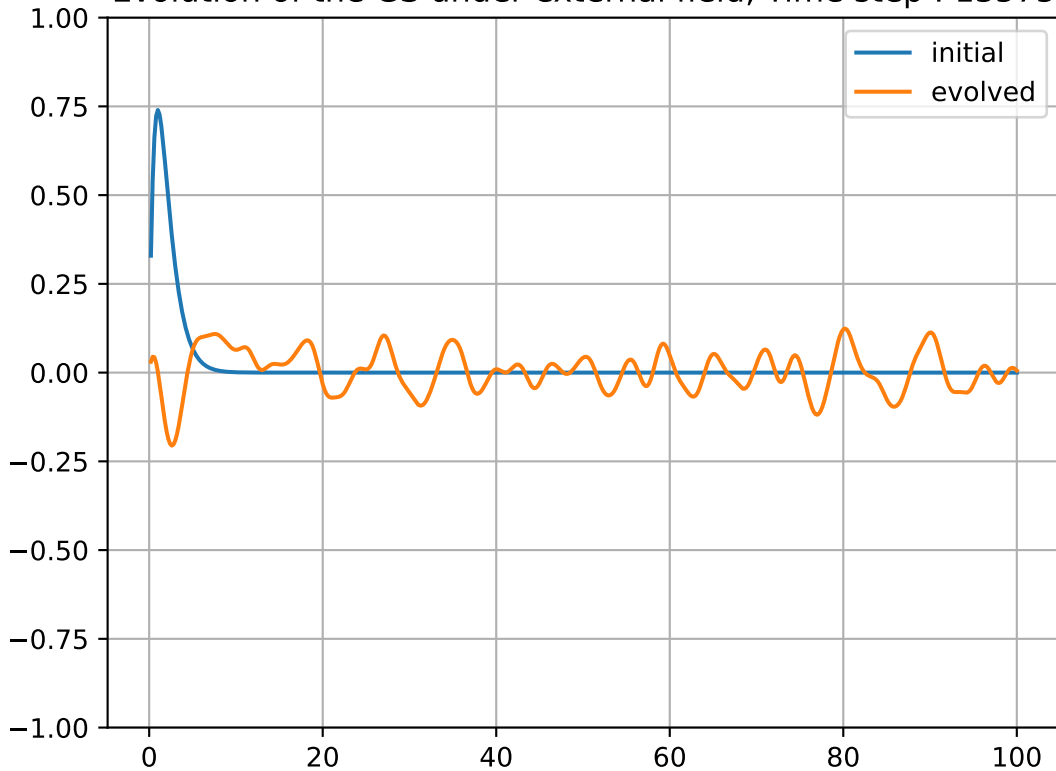

Evolution of the GS under external field, Time step : 13525

Evolution of the GS under external field, Time step : 13550

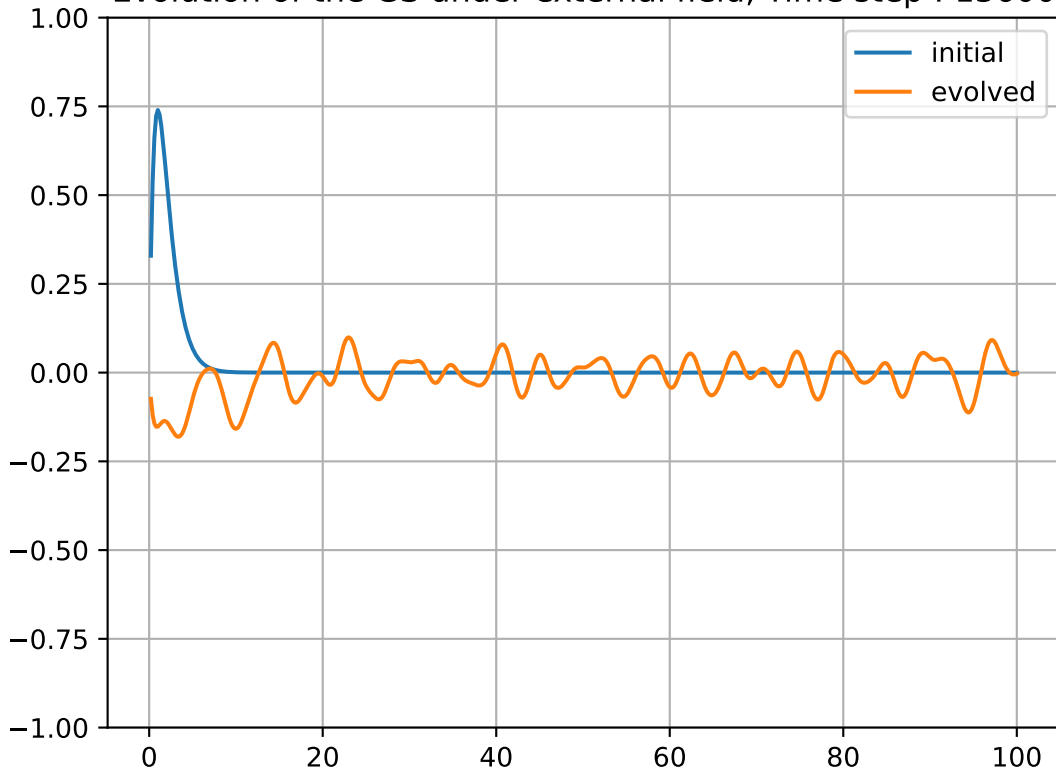

Evolution of the GS under external field, Time step : 13575

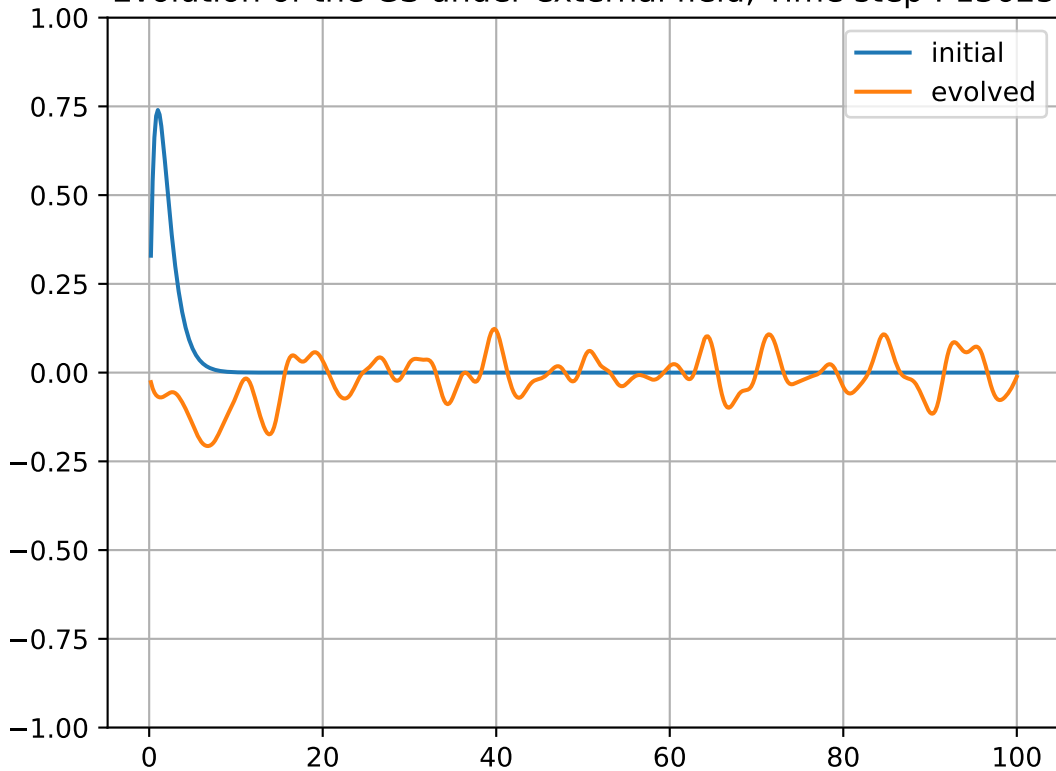

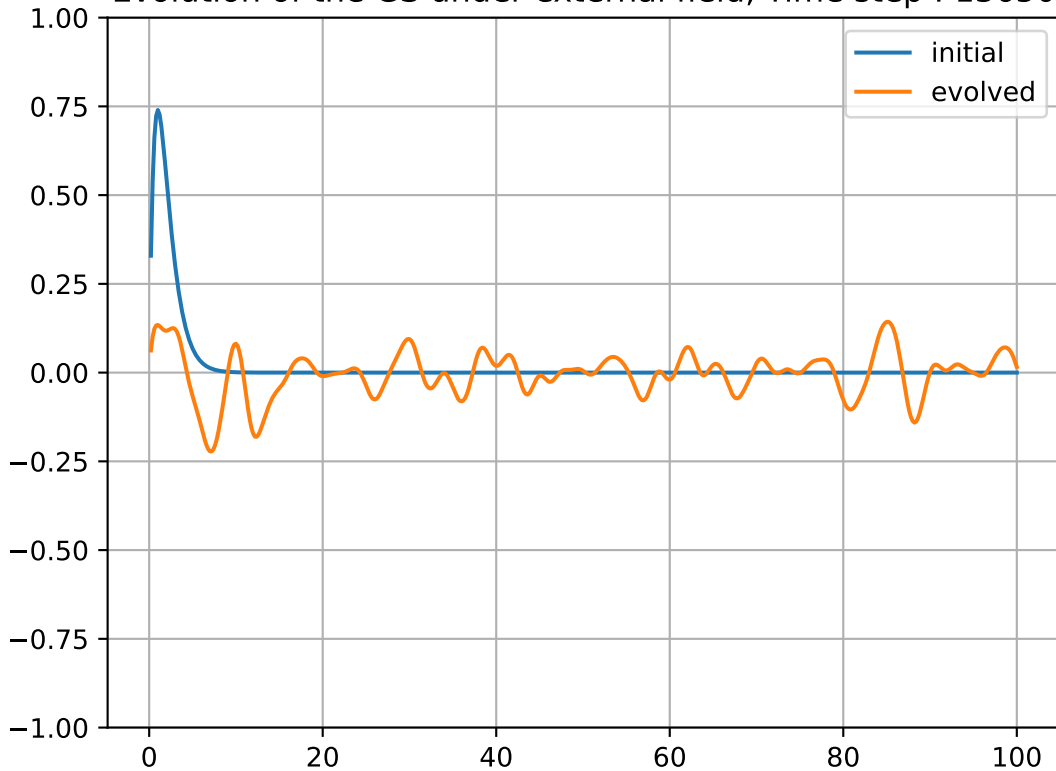

Evolution of the GS under external field, Time step : 13600

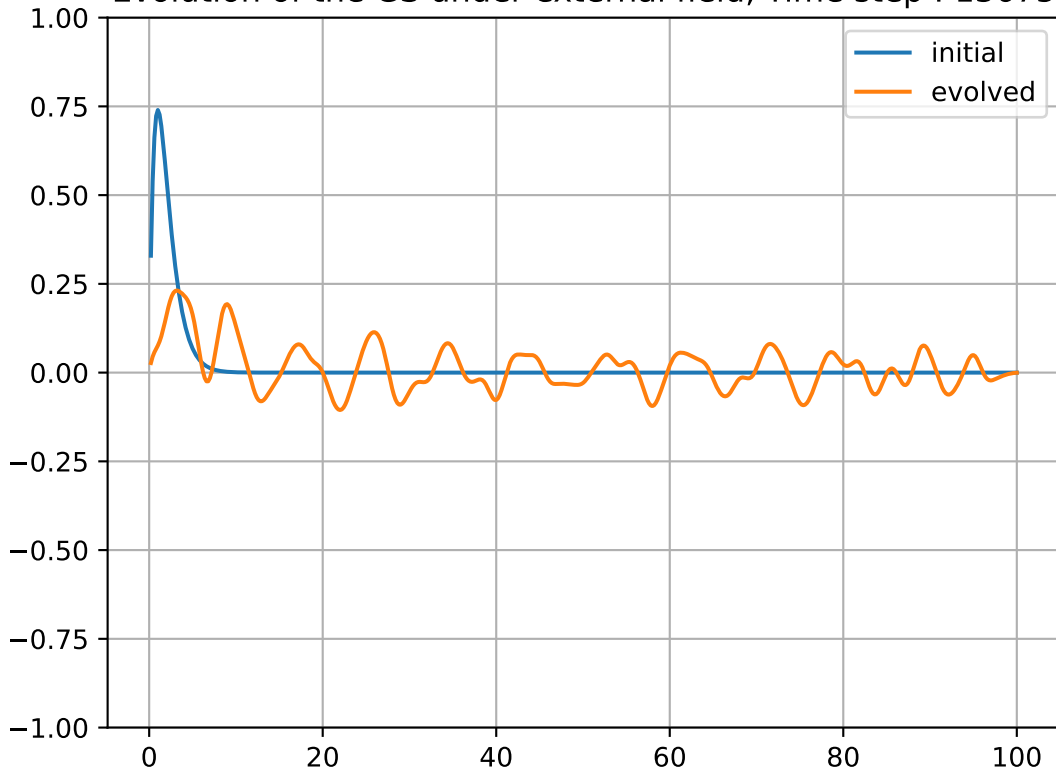

Evolution of the GS under external field, Time step : 13625

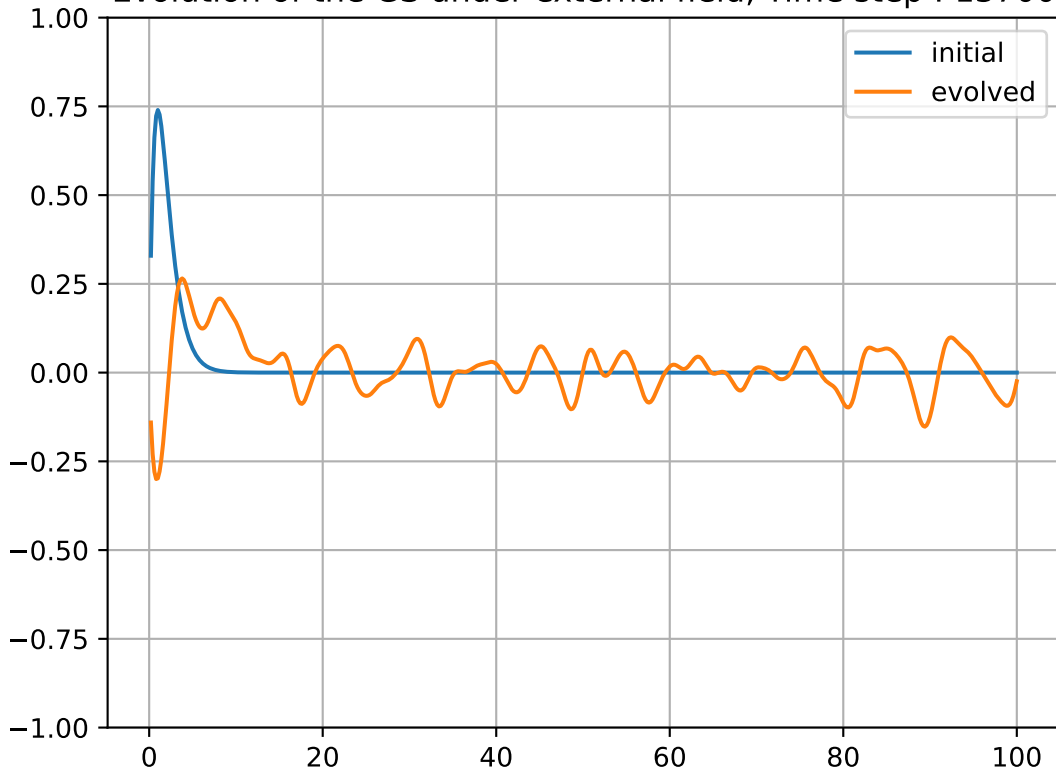

Evolution of the GS under external field, Time step : 13650

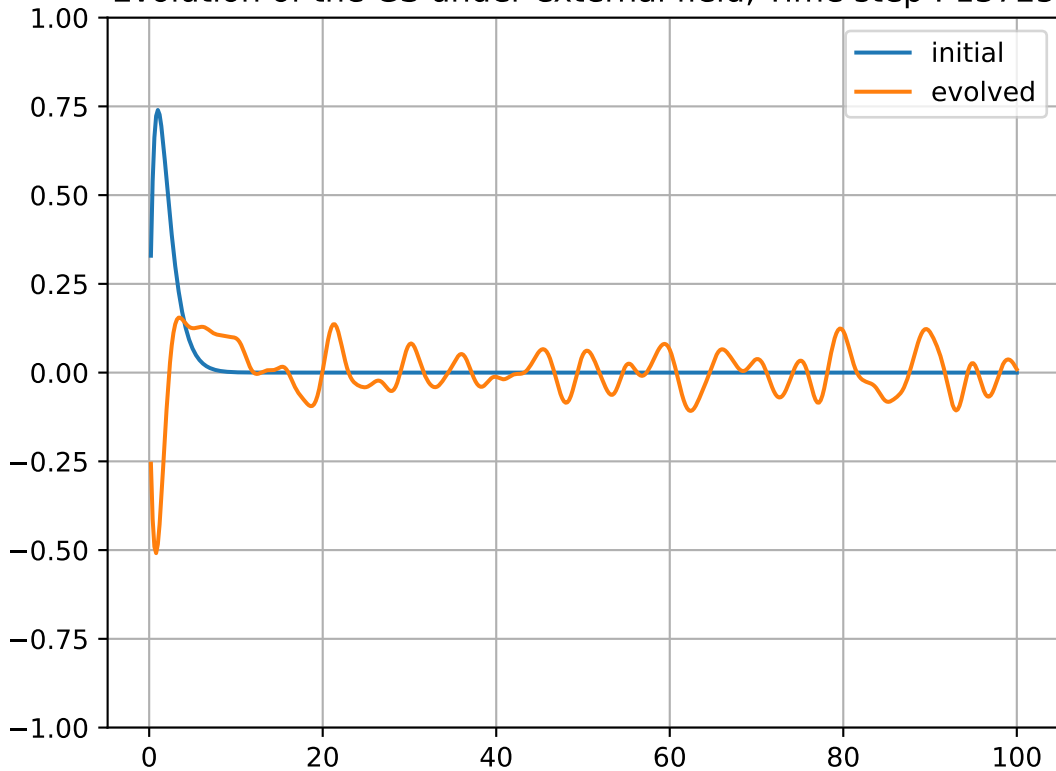

Evolution of the GS under external field, Time step : 13675

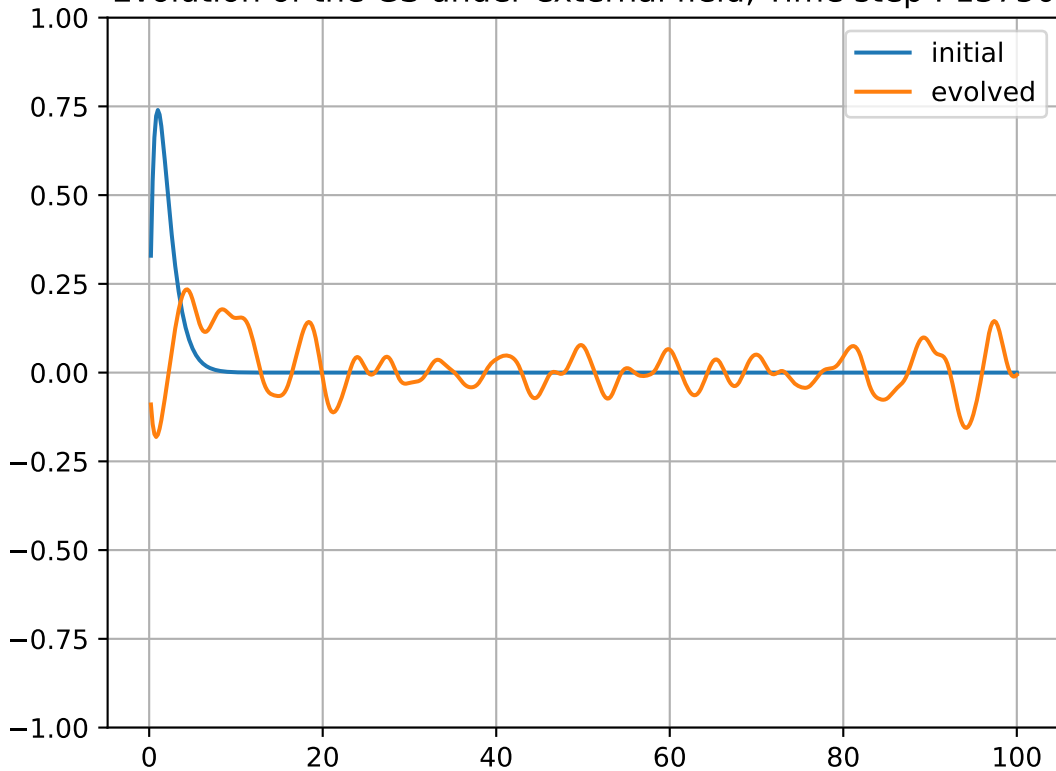

Evolution of the GS under external field, Time step : 13700

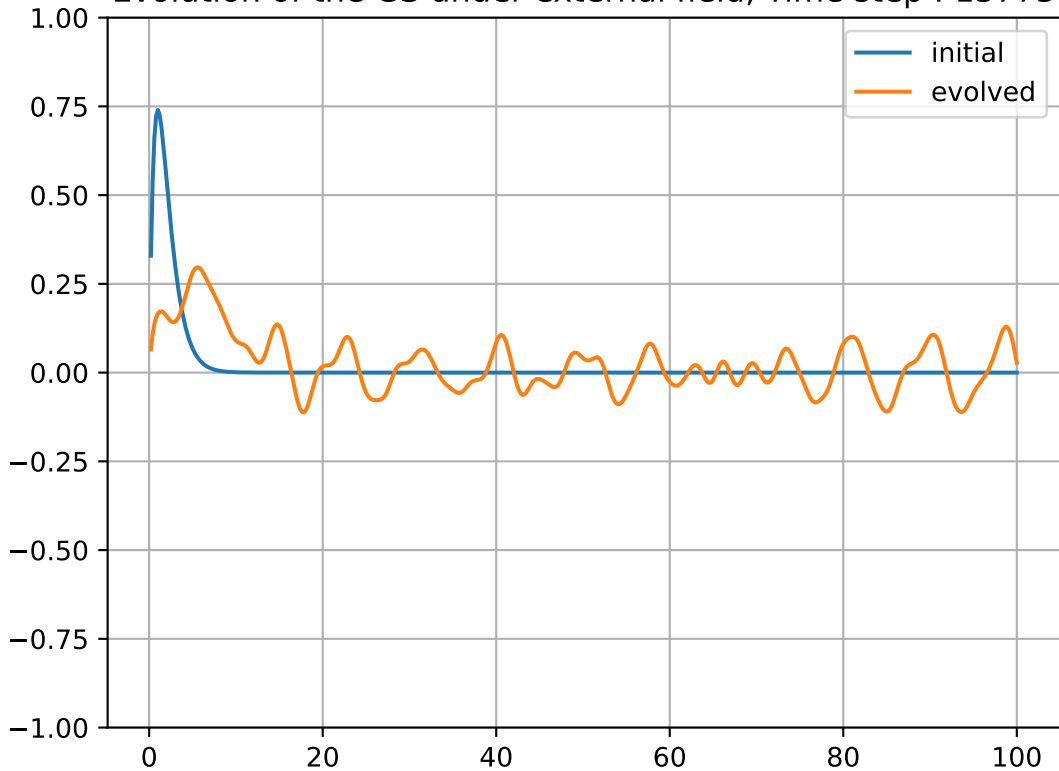

Evolution of the GS under external field, Time step : 13725

Evolution of the GS under external field, Time step : 13750

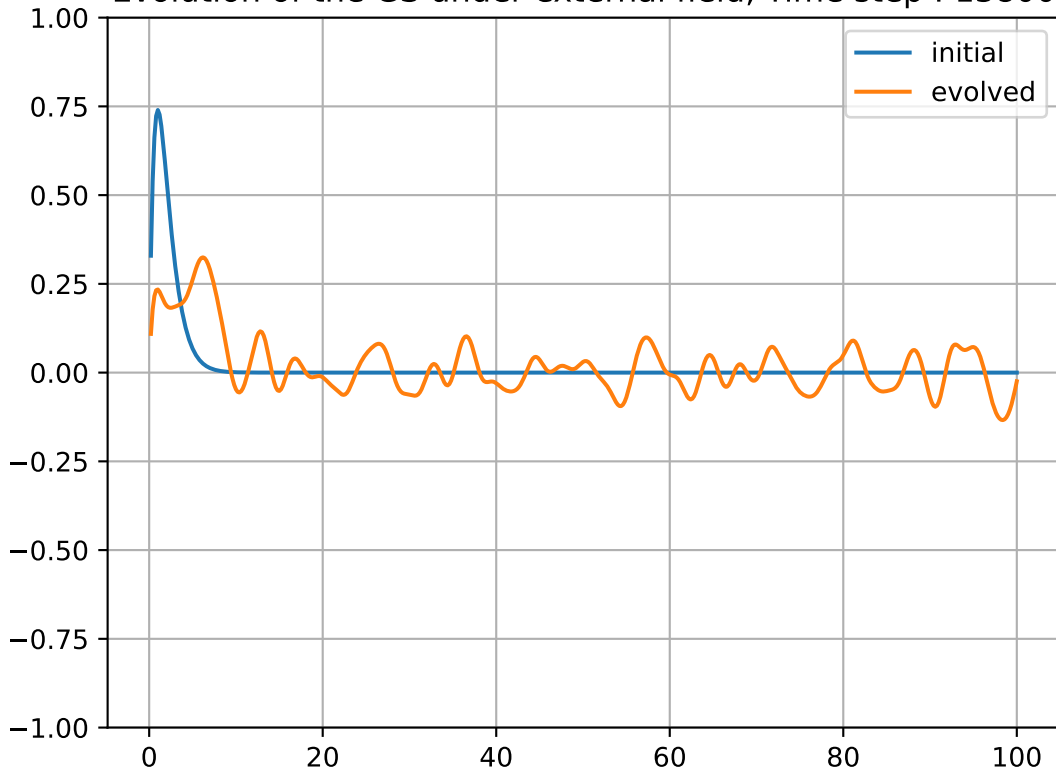

Evolution of the GS under external field, Time step : 13775

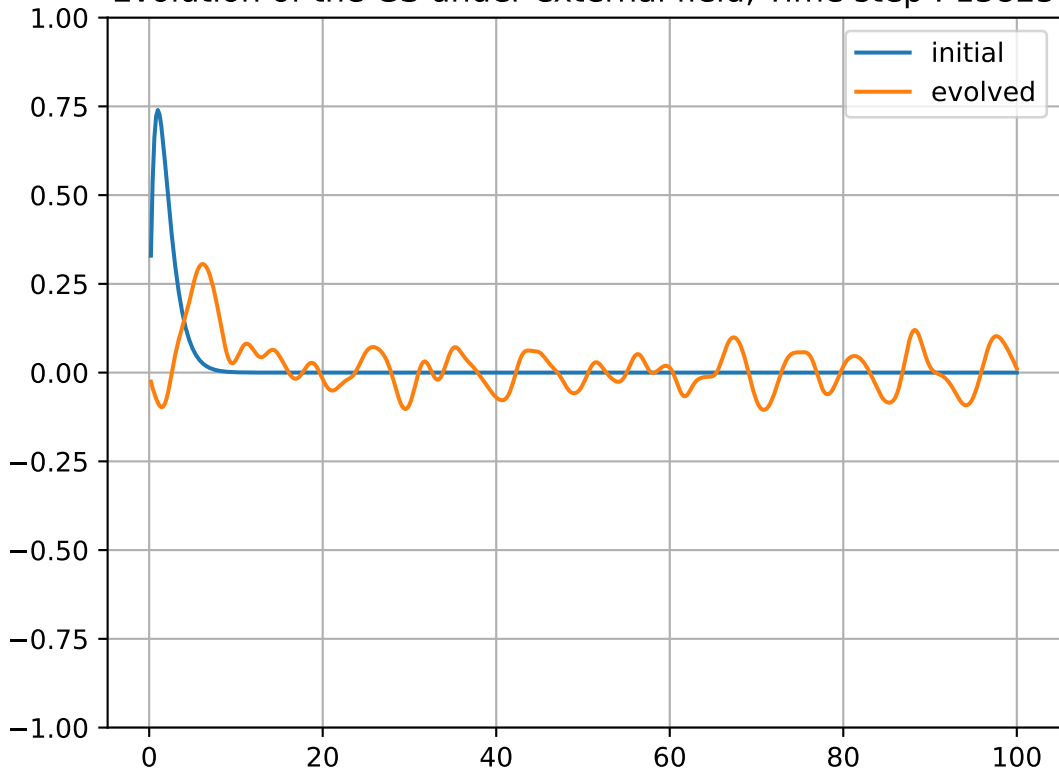

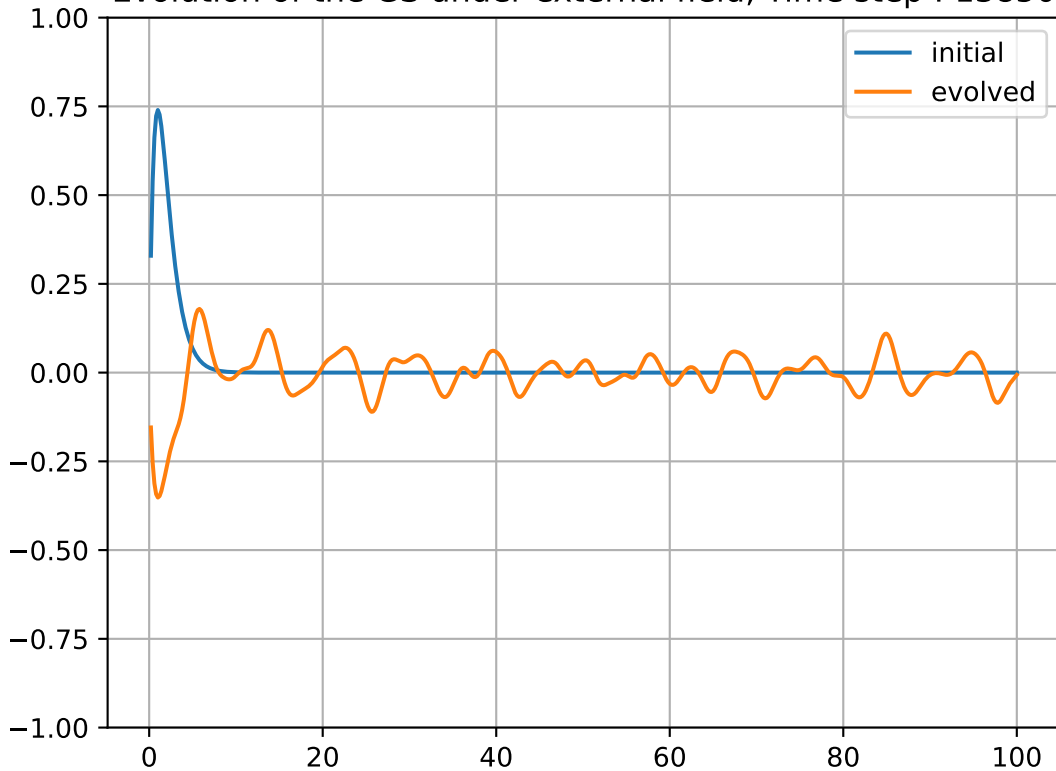

Evolution of the GS under external field, Time step : 13800

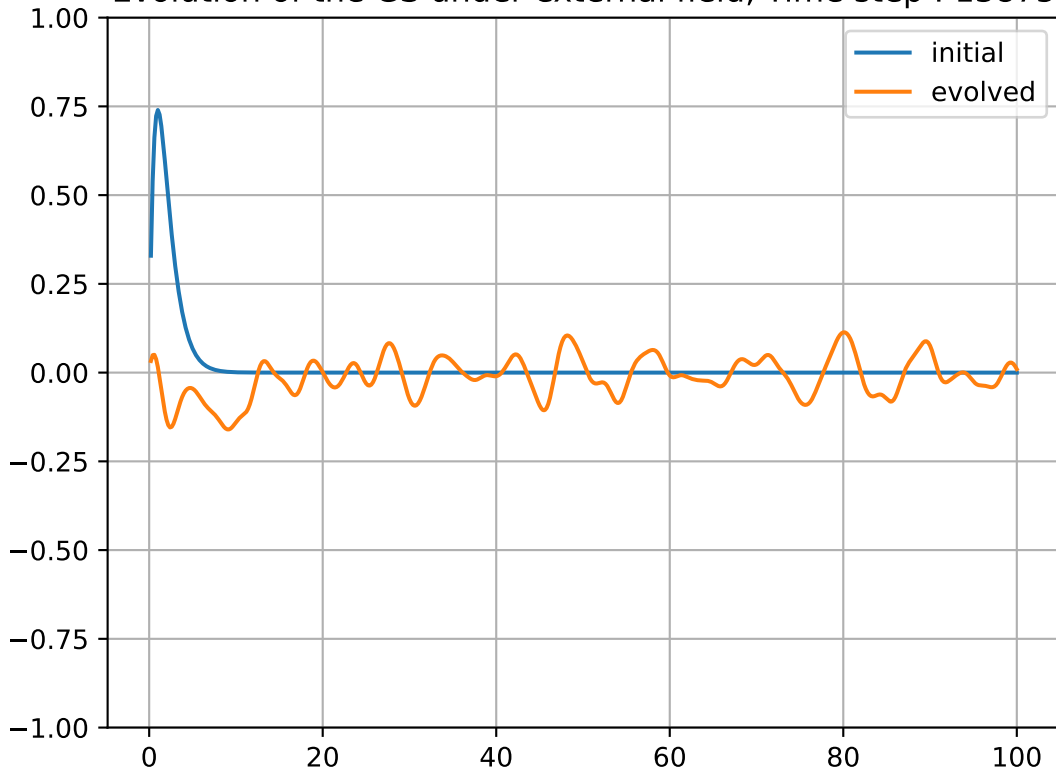

Evolution of the GS under external field, Time step : 13825

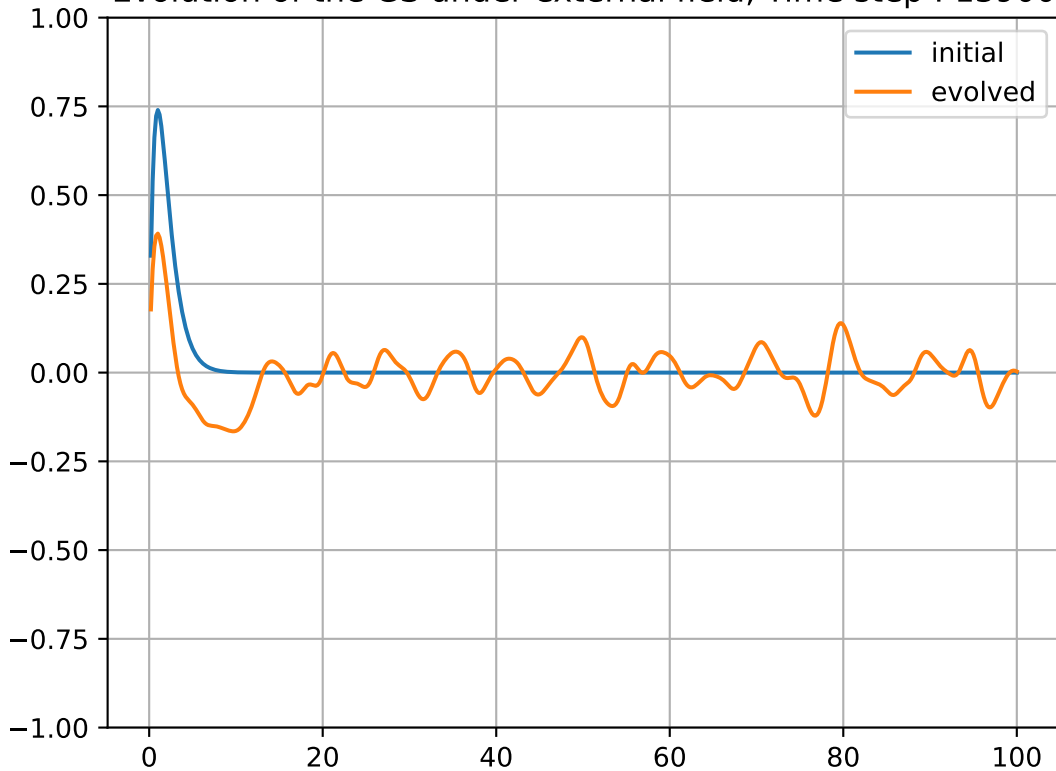

Evolution of the GS under external field, Time step : 13850

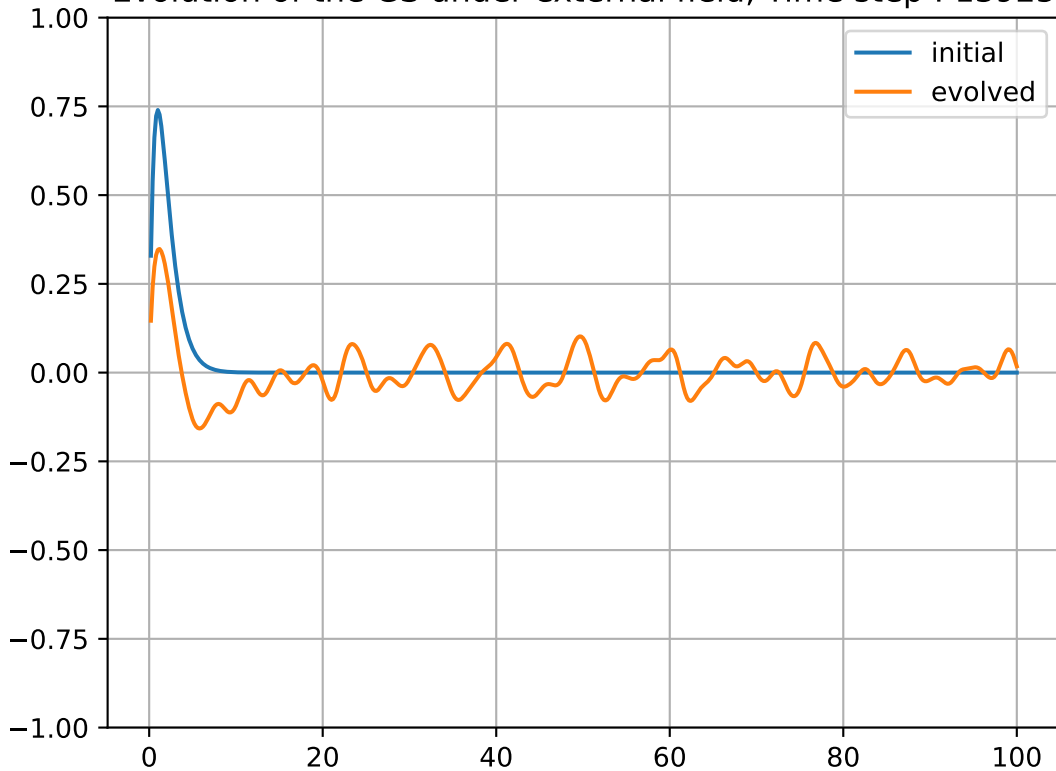

Evolution of the GS under external field, Time step : 13875

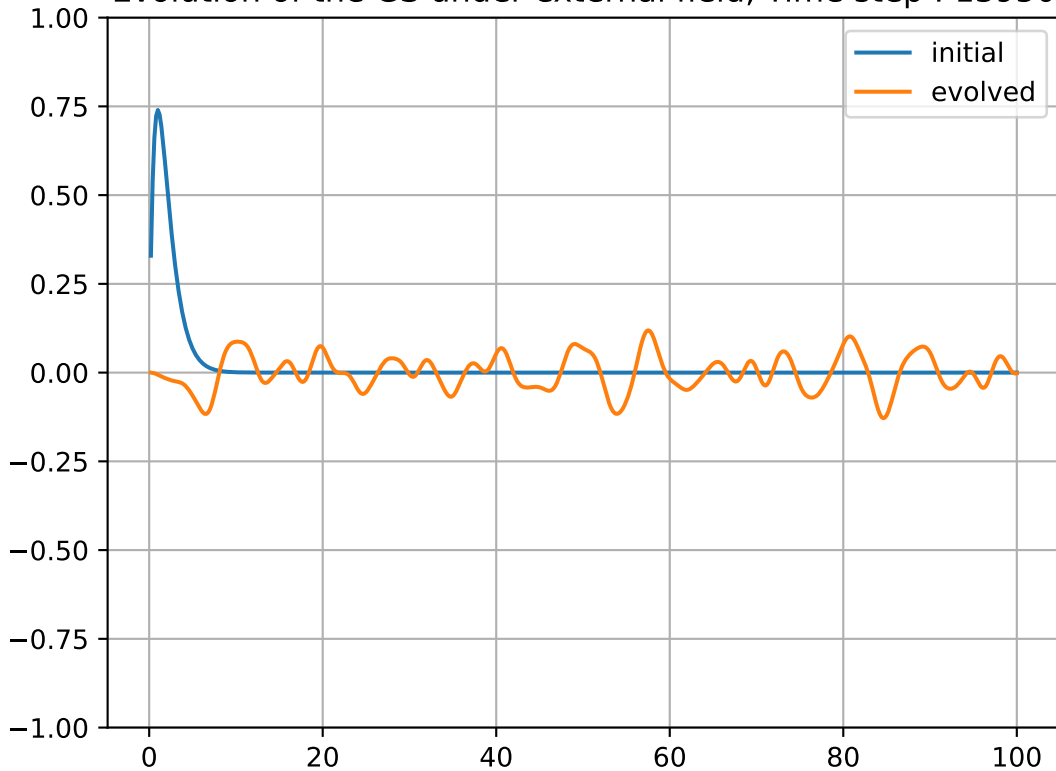

Evolution of the GS under external field, Time step : 13900

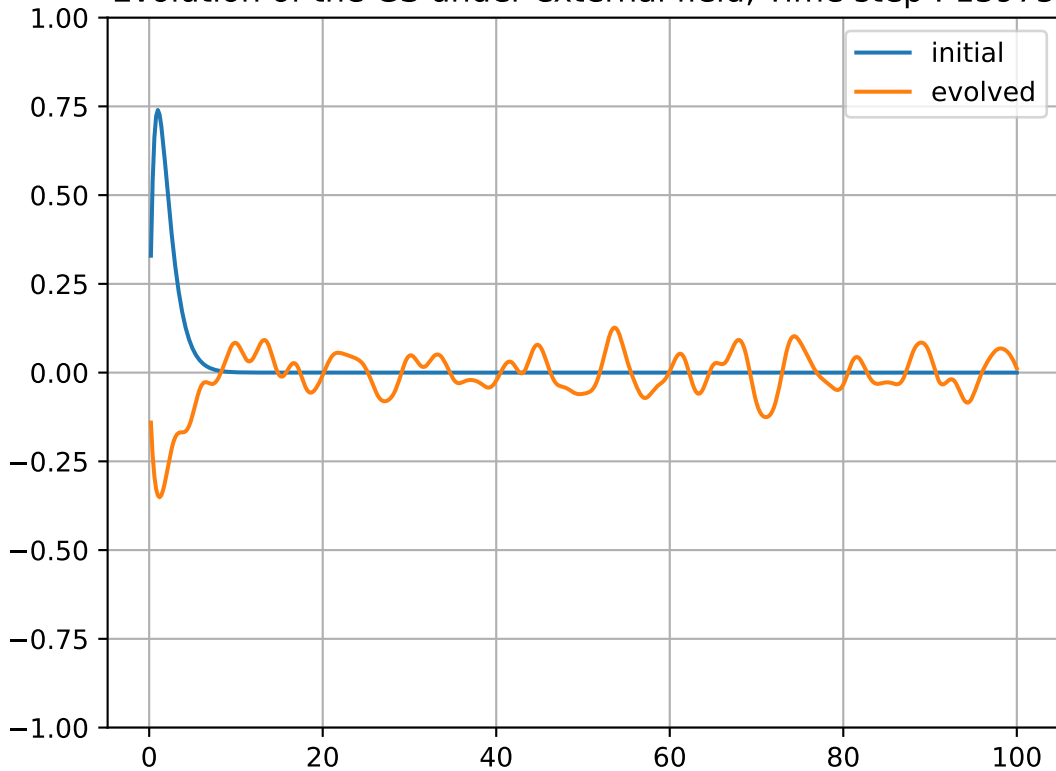

Evolution of the GS under external field, Time step : 13925

Evolution of the GS under external field, Time step : 13950

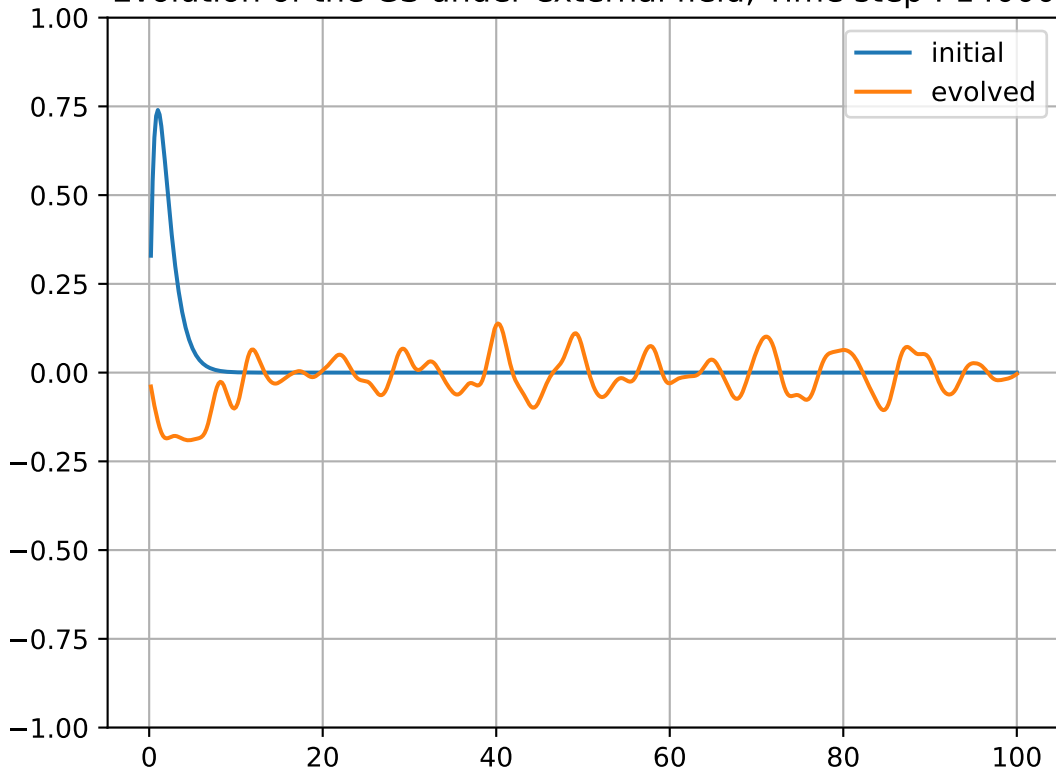

Evolution of the GS under external field, Time step : 13975

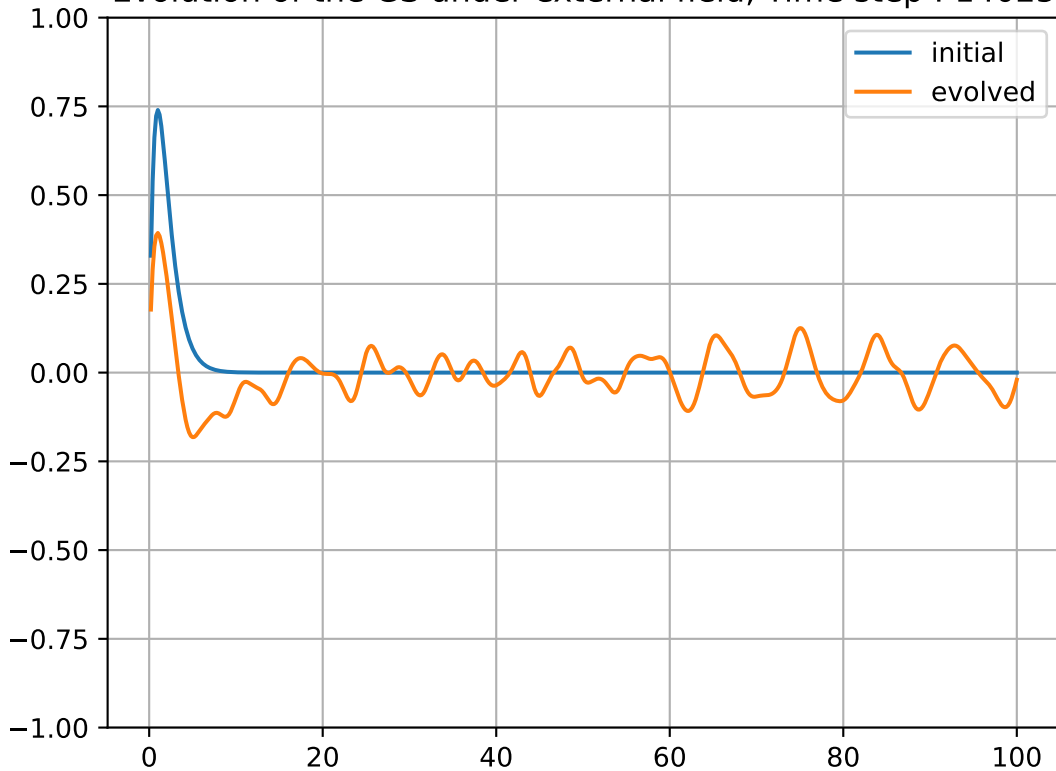

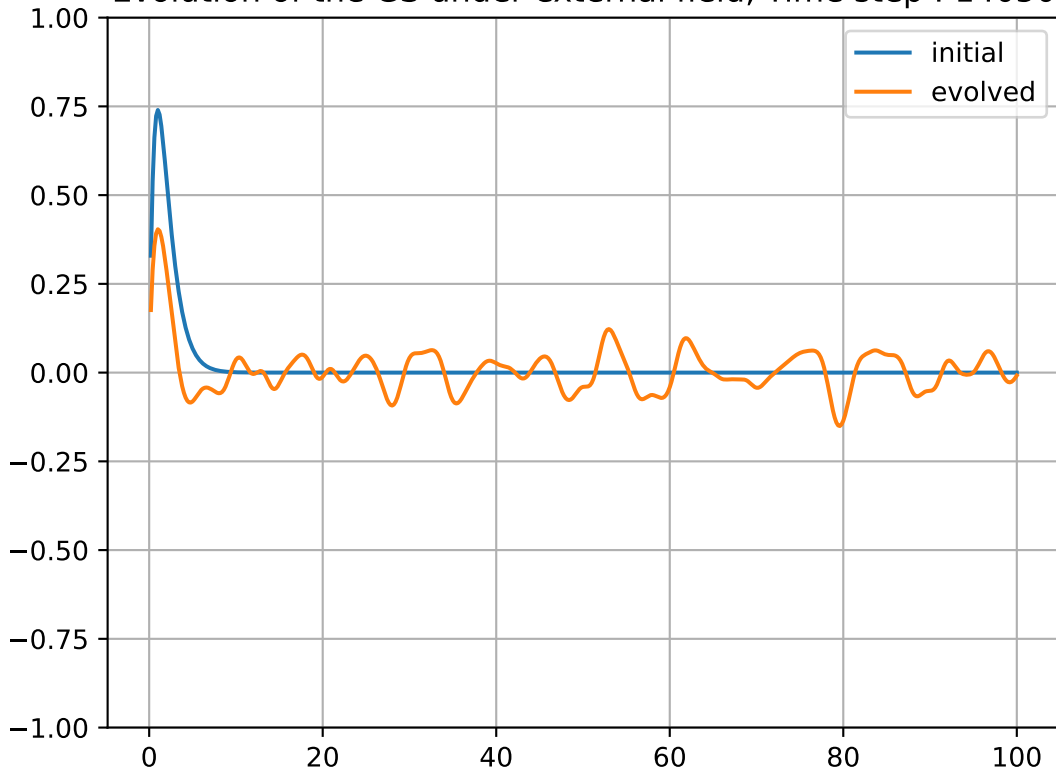

Evolution of the GS under external field, Time step : 14000

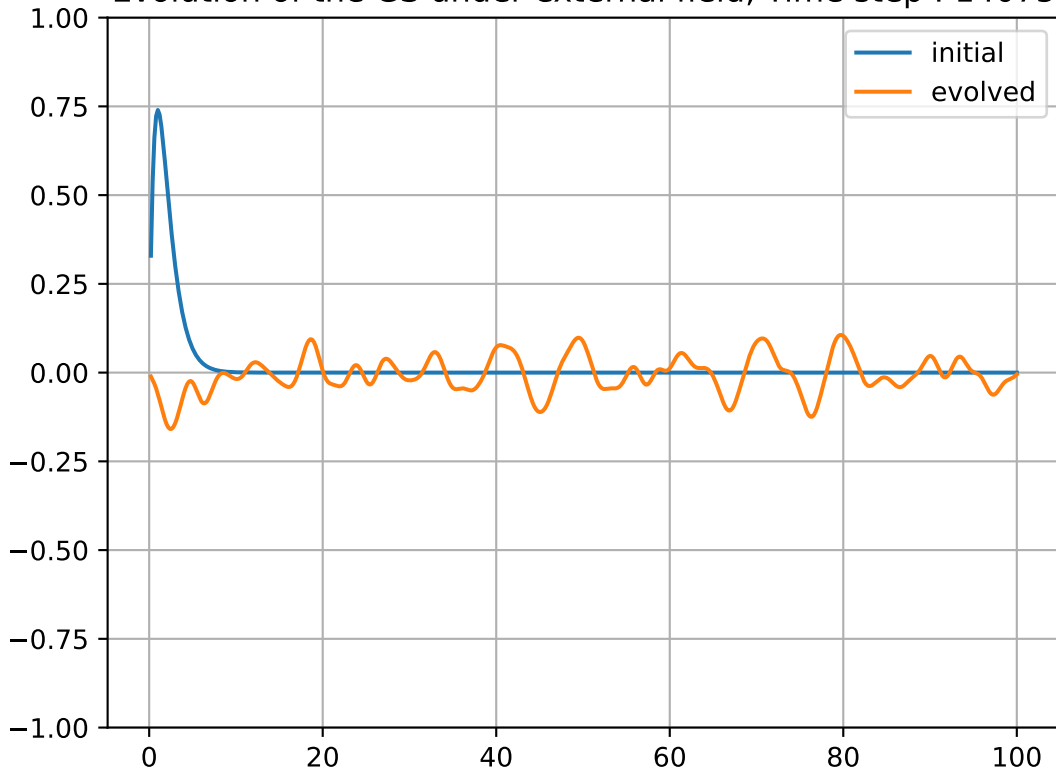

Evolution of the GS under external field, Time step : 14025

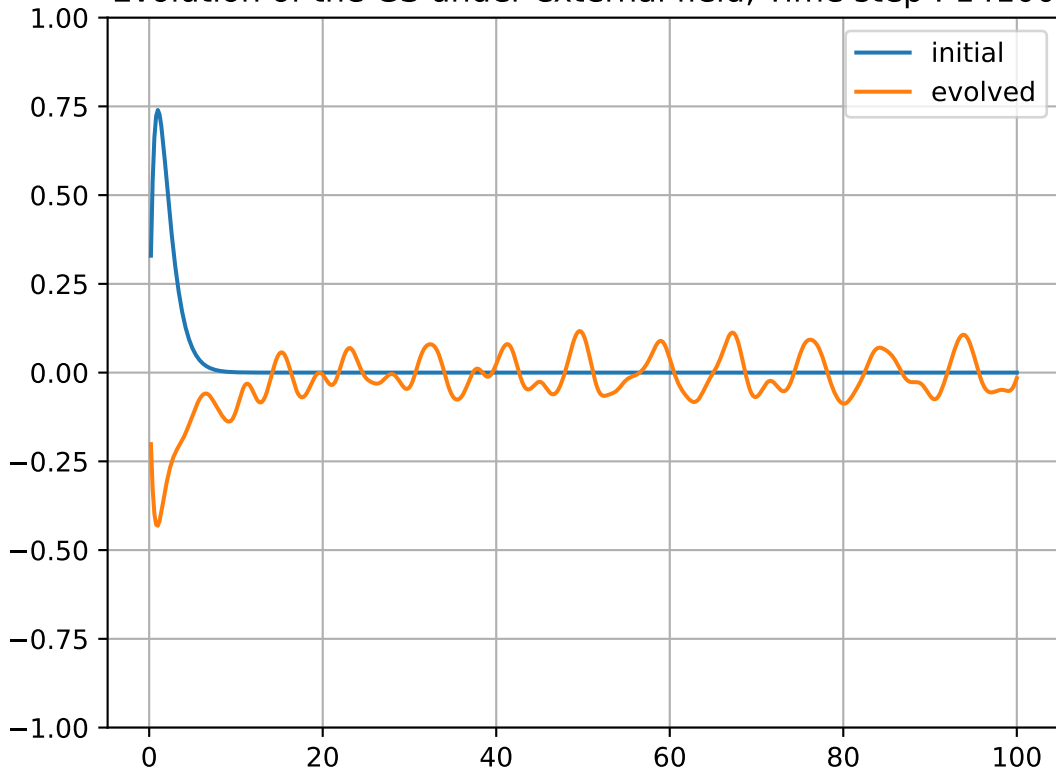

Evolution of the GS under external field, Time step : 14050

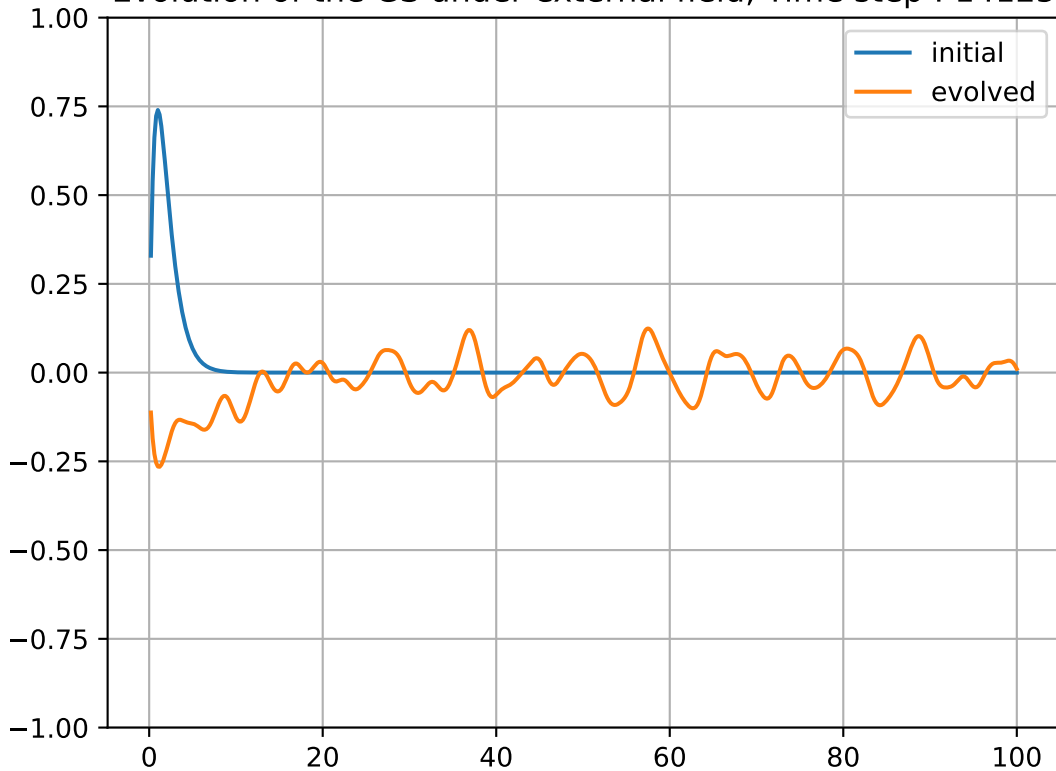

Evolution of the GS under external field, Time step : 14075

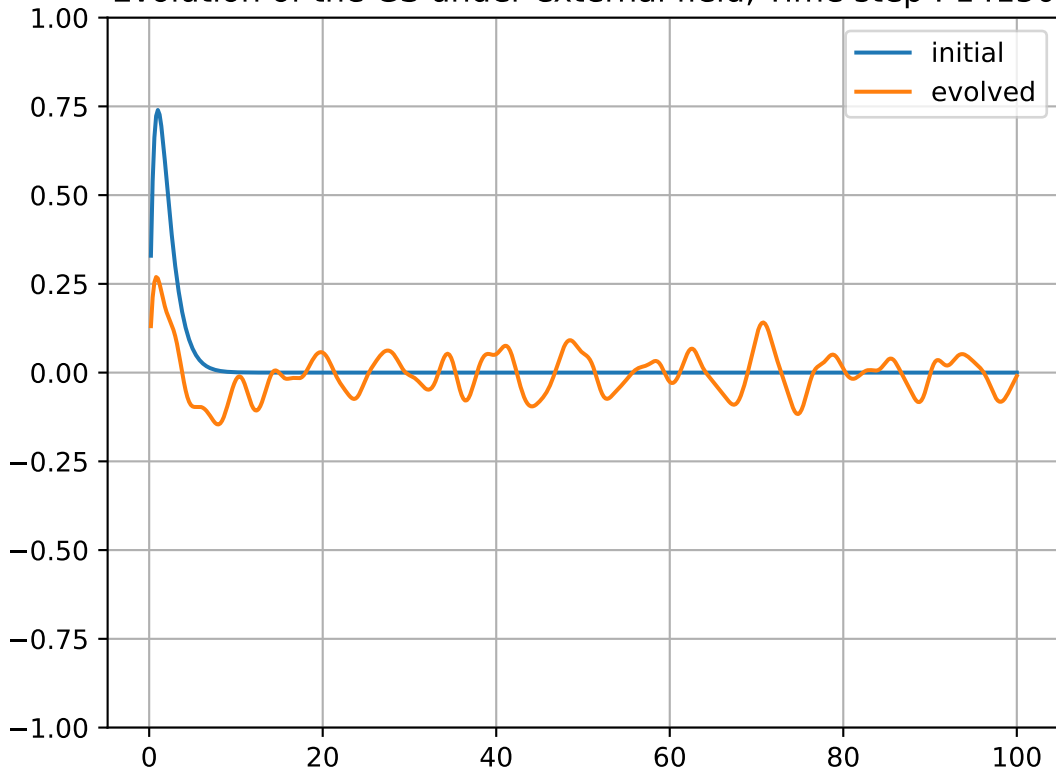

Evolution of the GS under external field, Time step : 14100

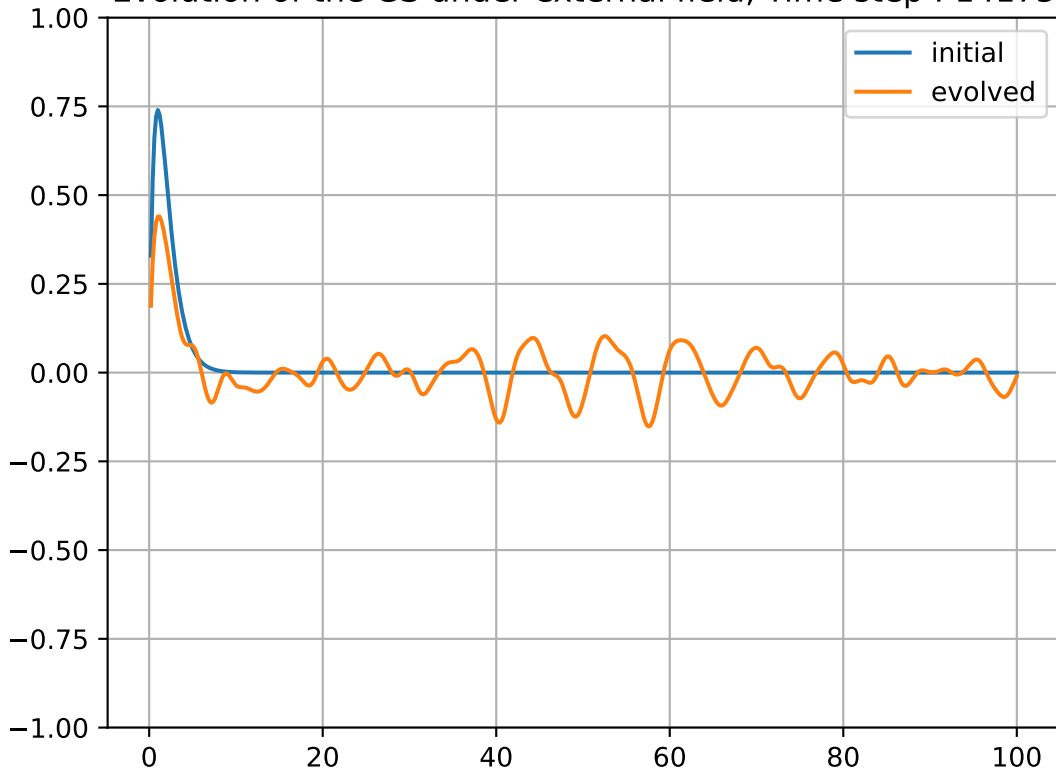

Evolution of the GS under external field, Time step : 14125

Evolution of the GS under external field, Time step : 14150

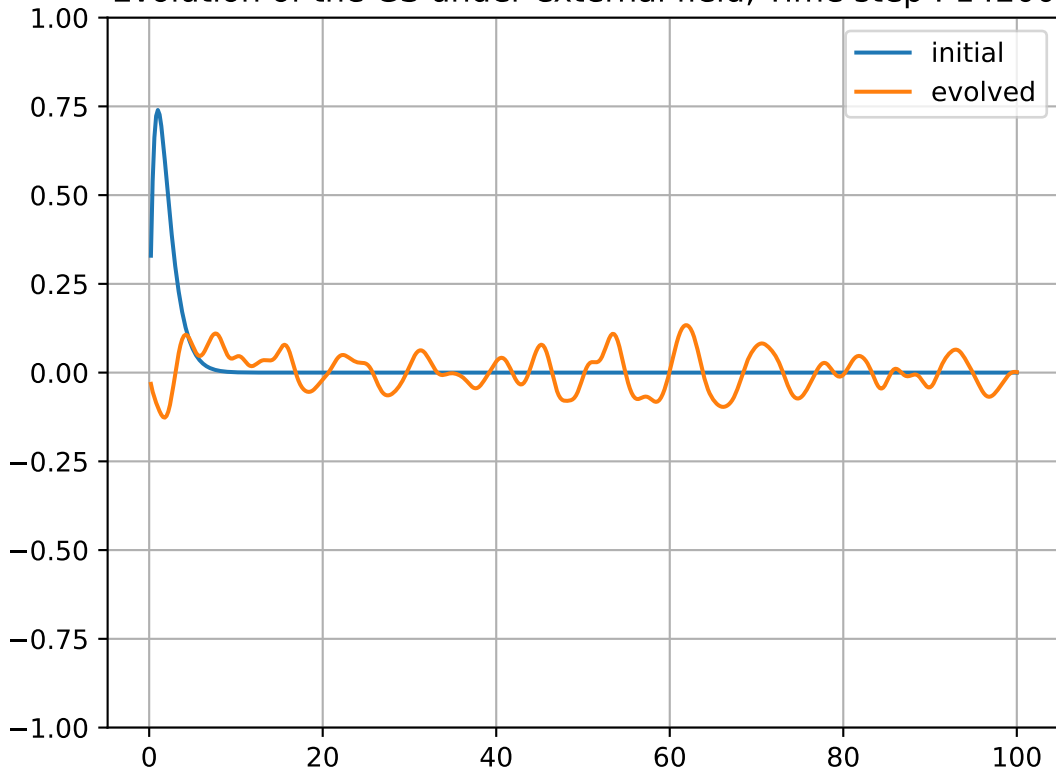

Evolution of the GS under external field, Time step : 14175

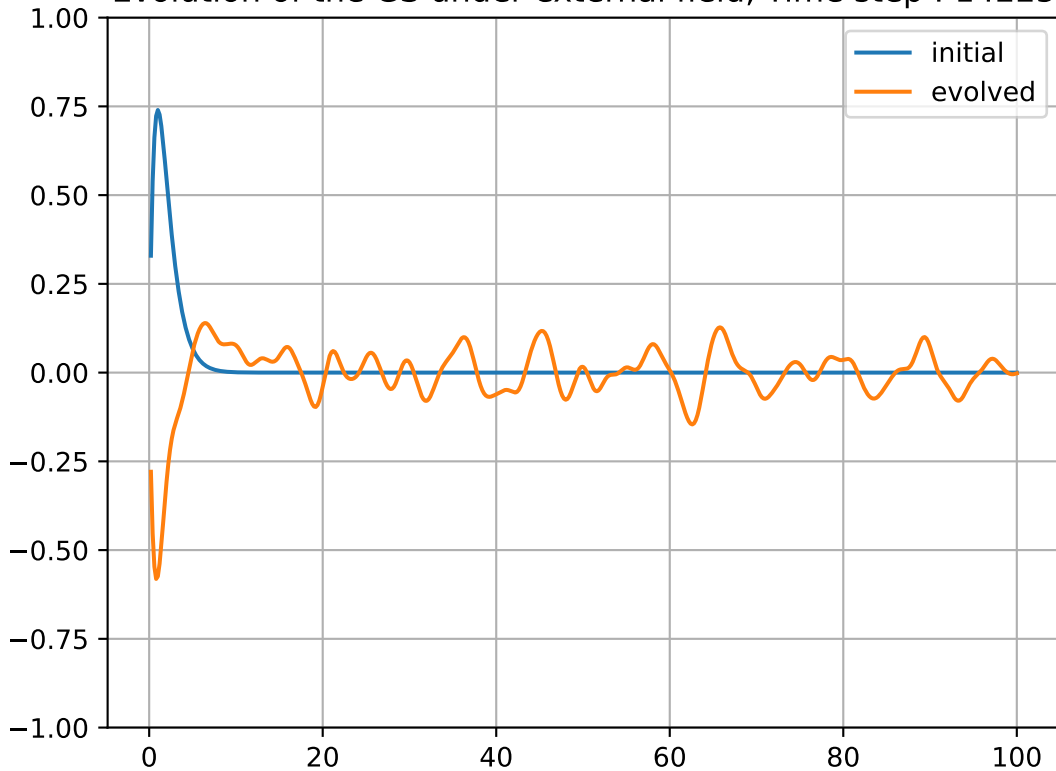

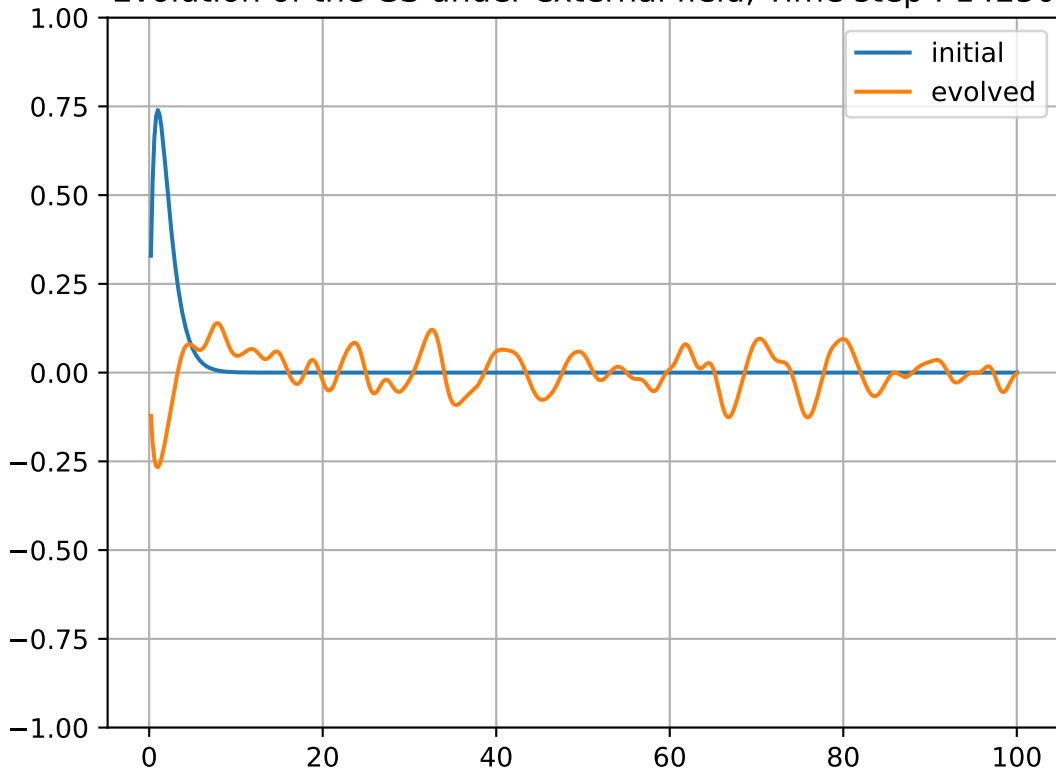

Evolution of the GS under external field, Time step : 14200

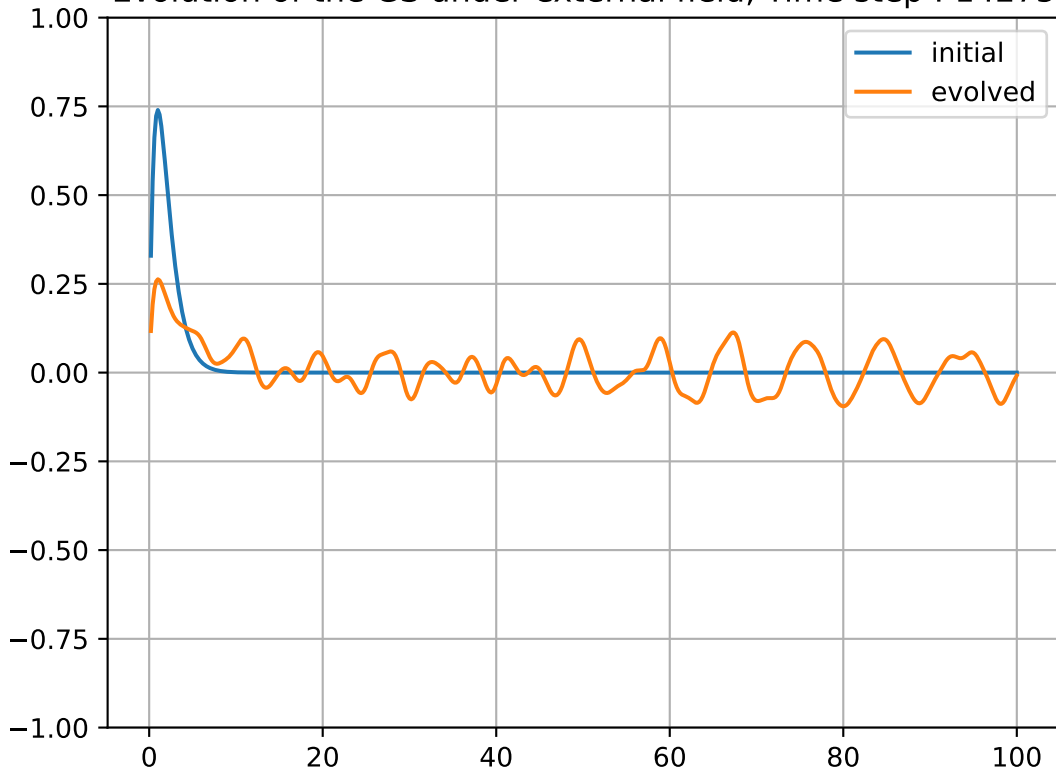

Evolution of the GS under external field, Time step : 14225

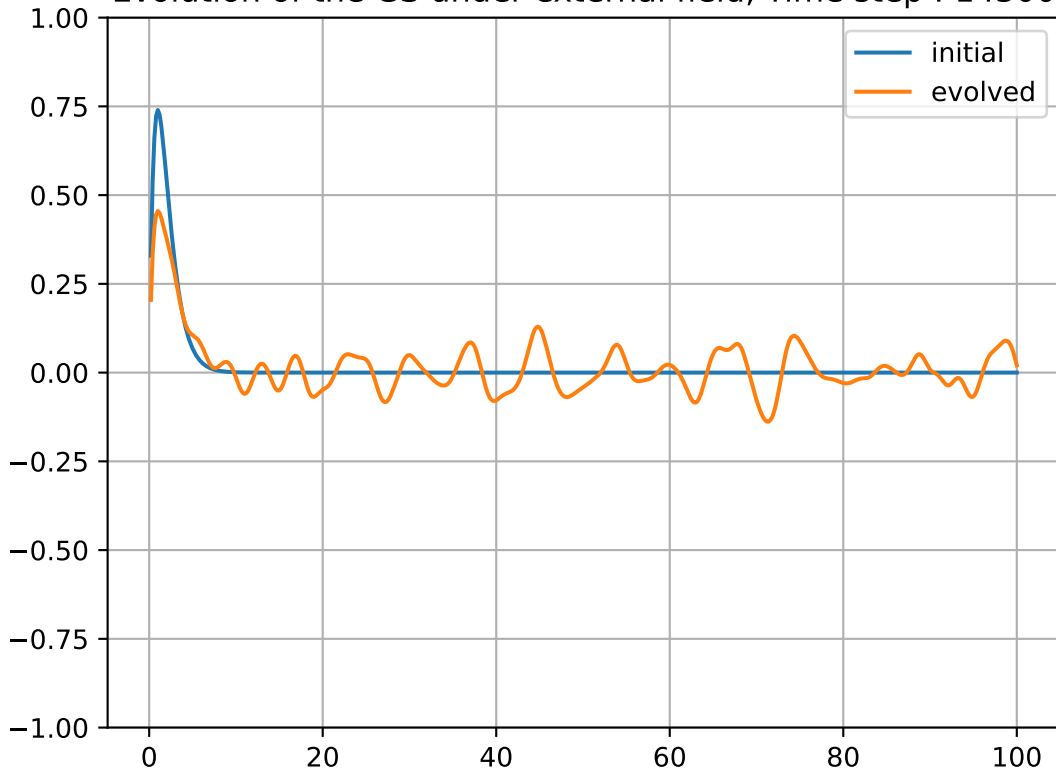

Evolution of the GS under external field, Time step : 14250

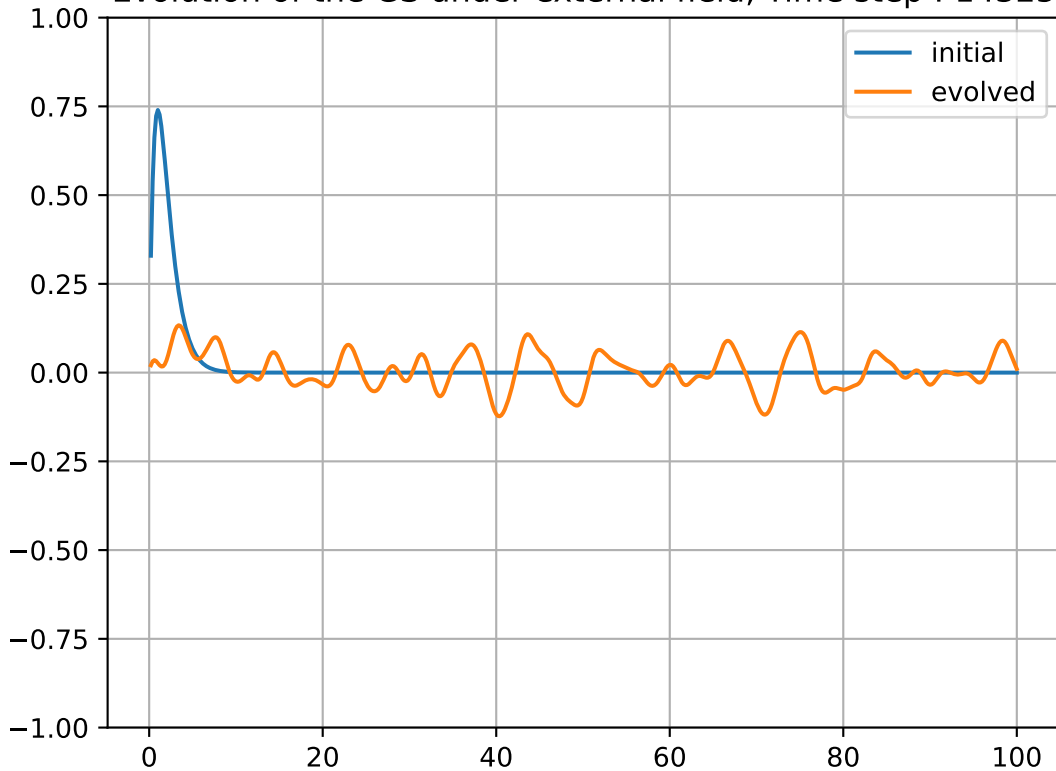

Evolution of the GS under external field, Time step : 14275

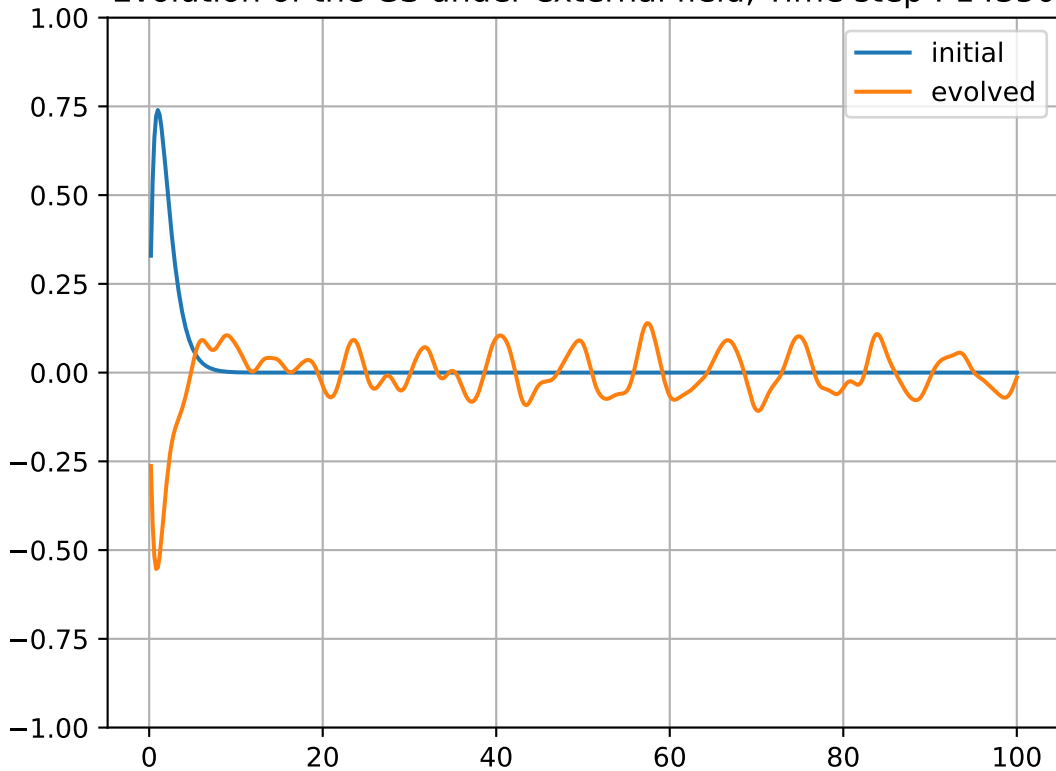

Evolution of the GS under external field, Time step : 14300

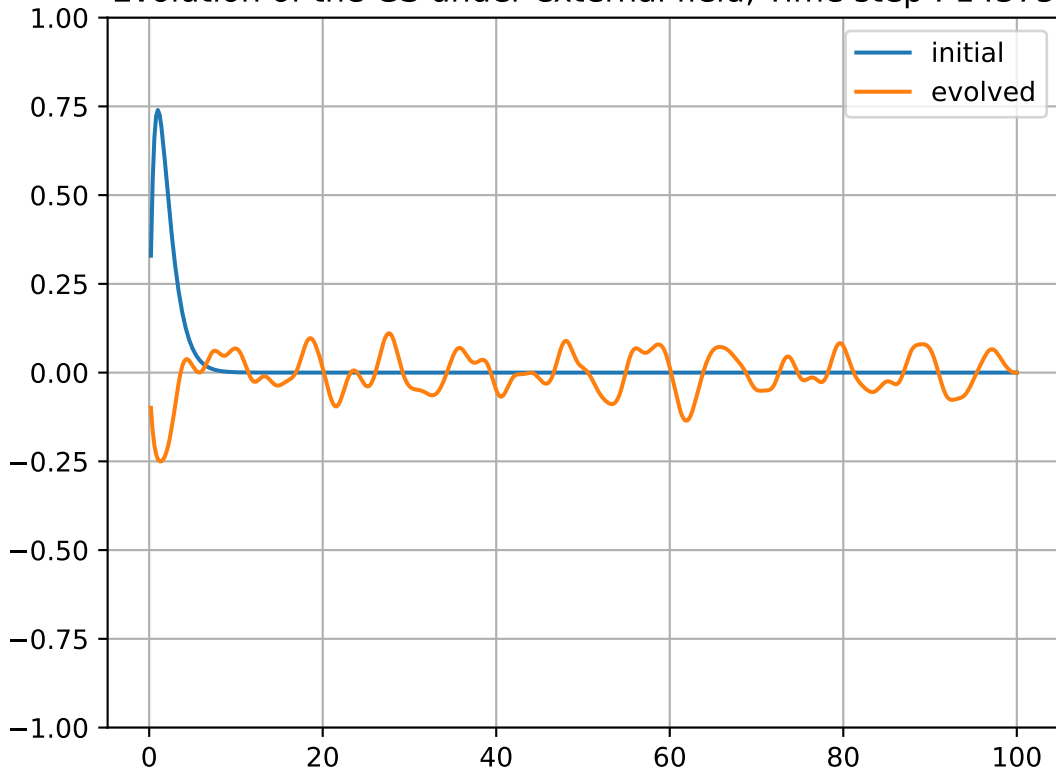

Evolution of the GS under external field, Time step : 14325

Evolution of the GS under external field, Time step : 14350

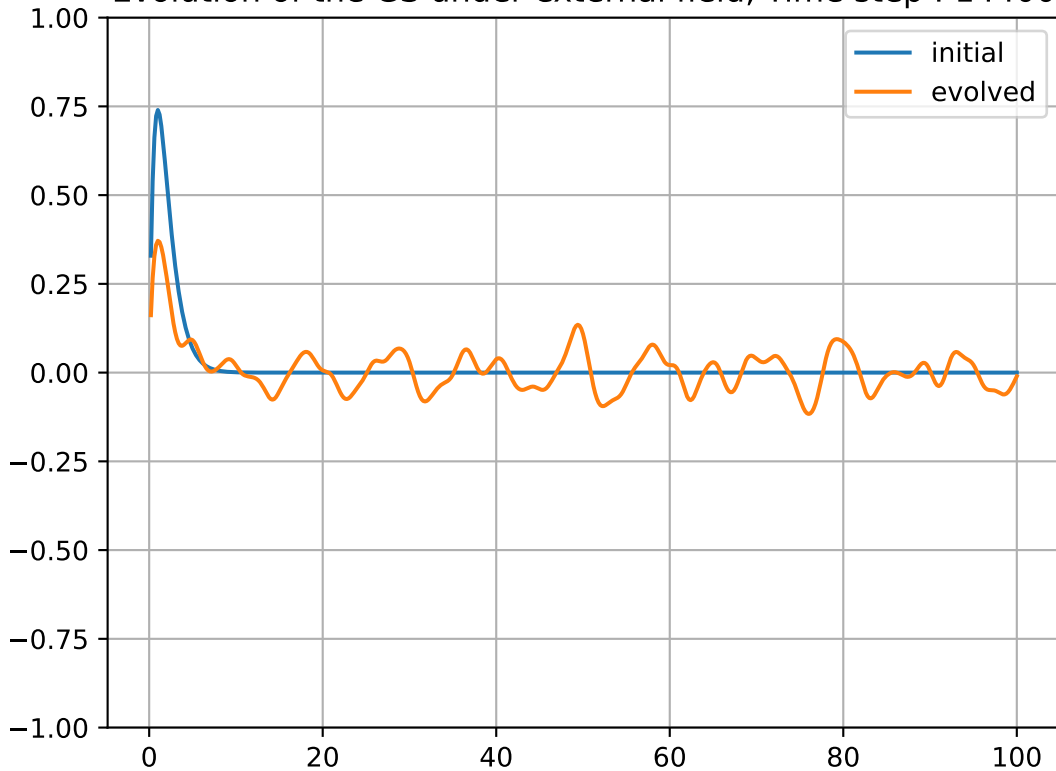

Evolution of the GS under external field, Time step : 14375

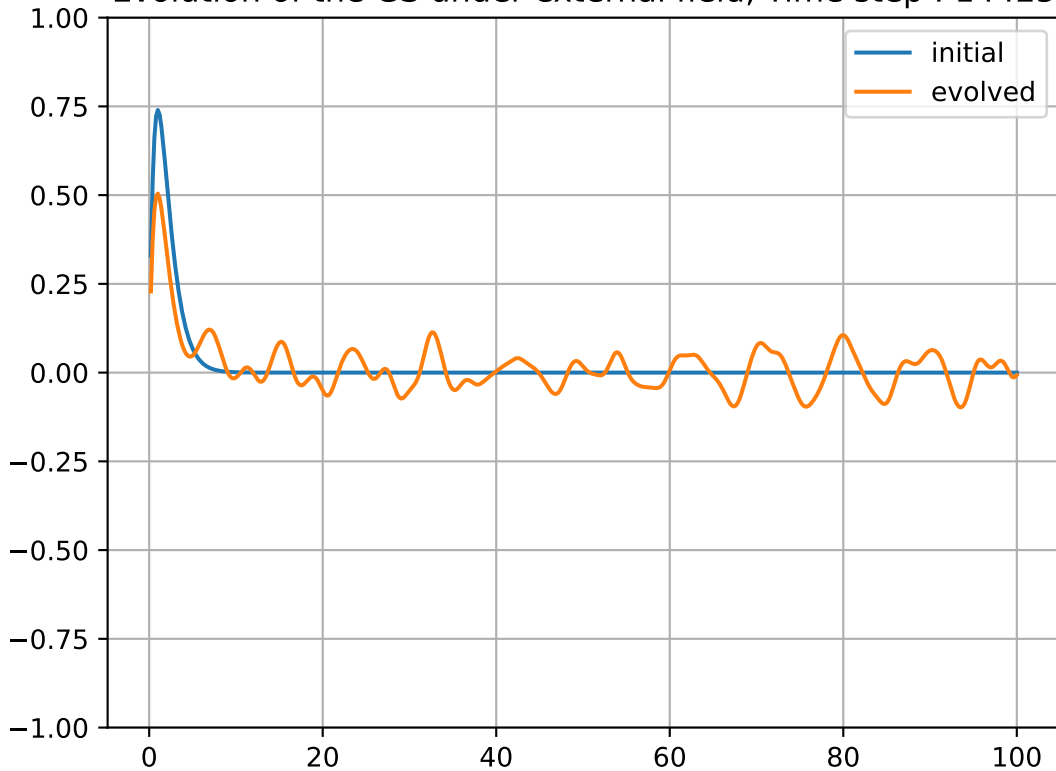

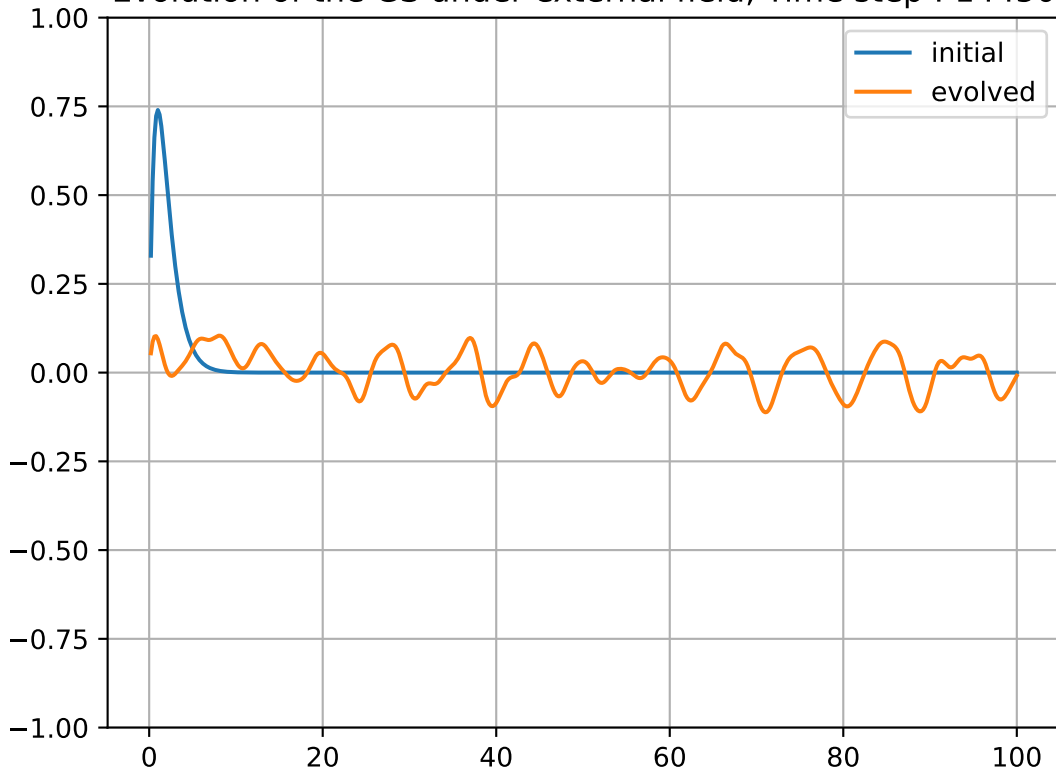

Evolution of the GS under external field, Time step : 14400

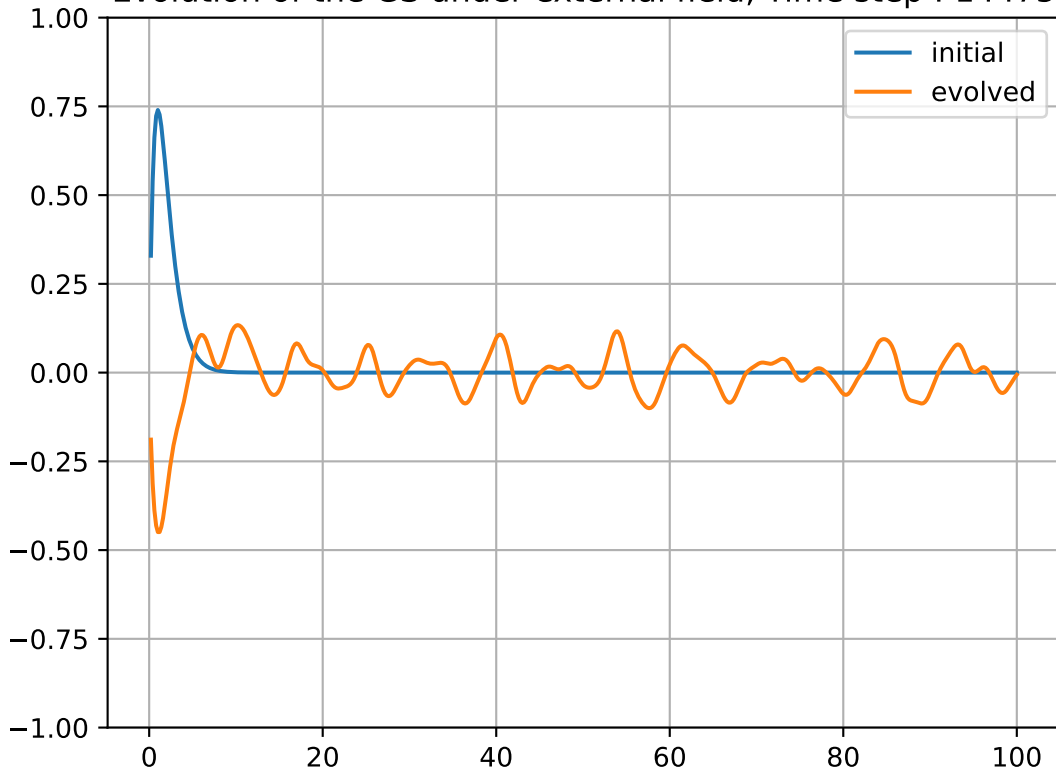

Evolution of the GS under external field, Time step : 14425

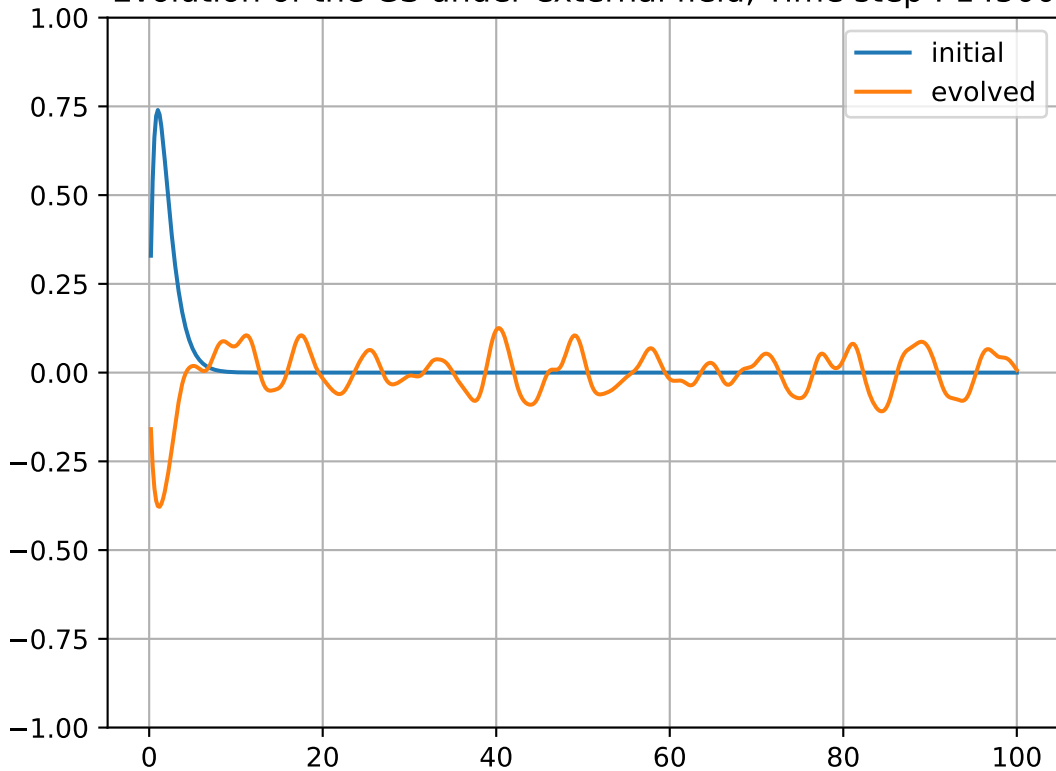

Evolution of the GS under external field, Time step : 14450

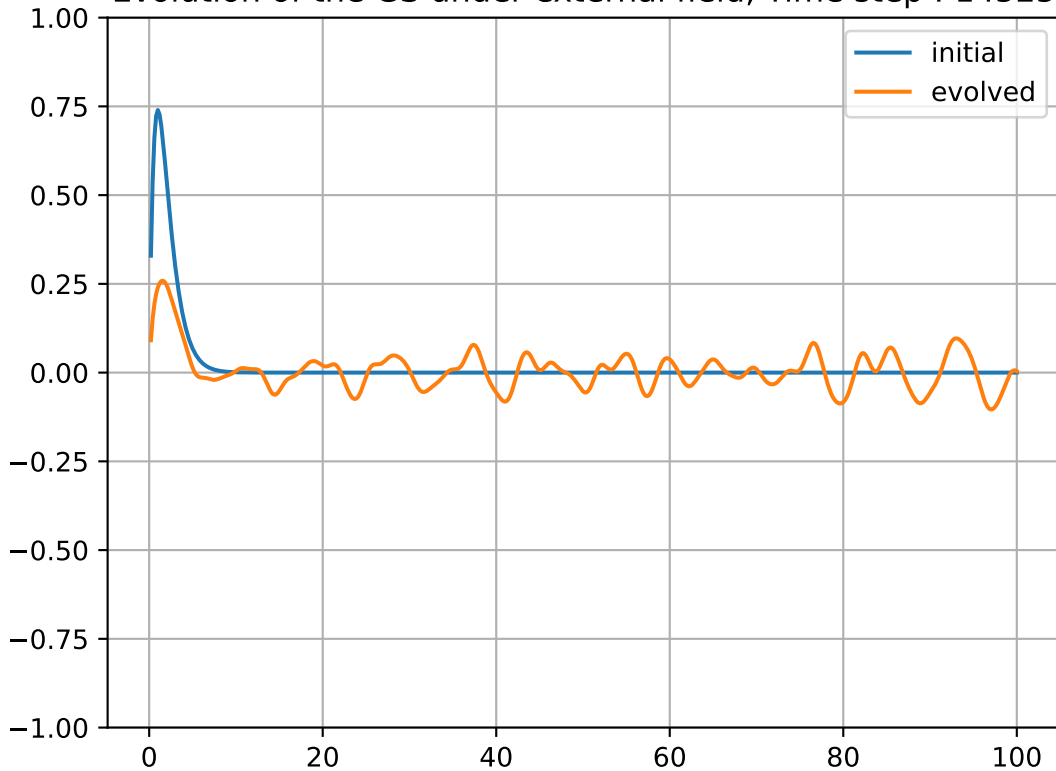

Evolution of the GS under external field, Time step : 14475

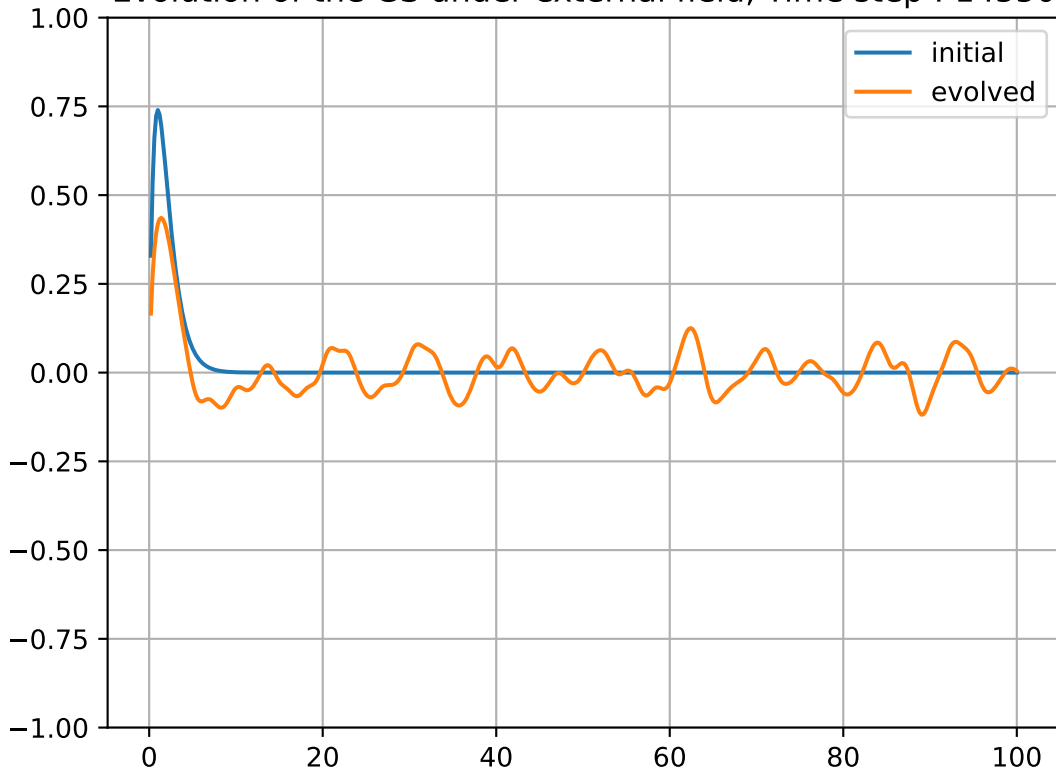

Evolution of the GS under external field, Time step : 14500

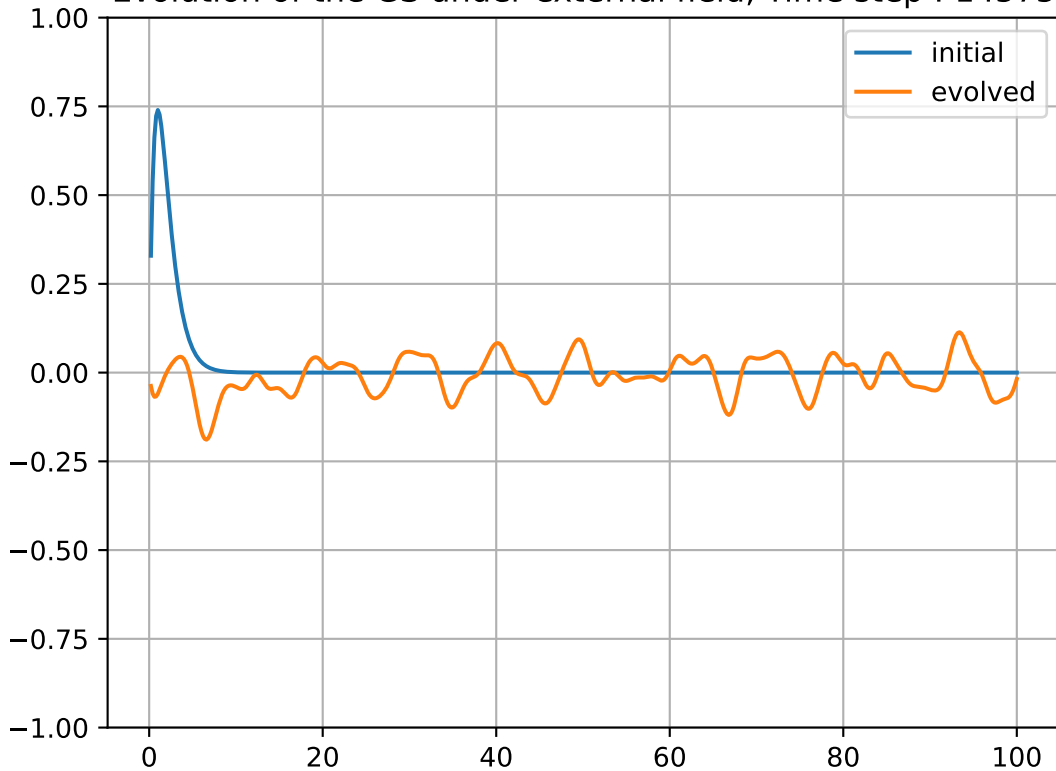

Evolution of the GS under external field, Time step : 14525

Evolution of the GS under external field, Time step : 14550

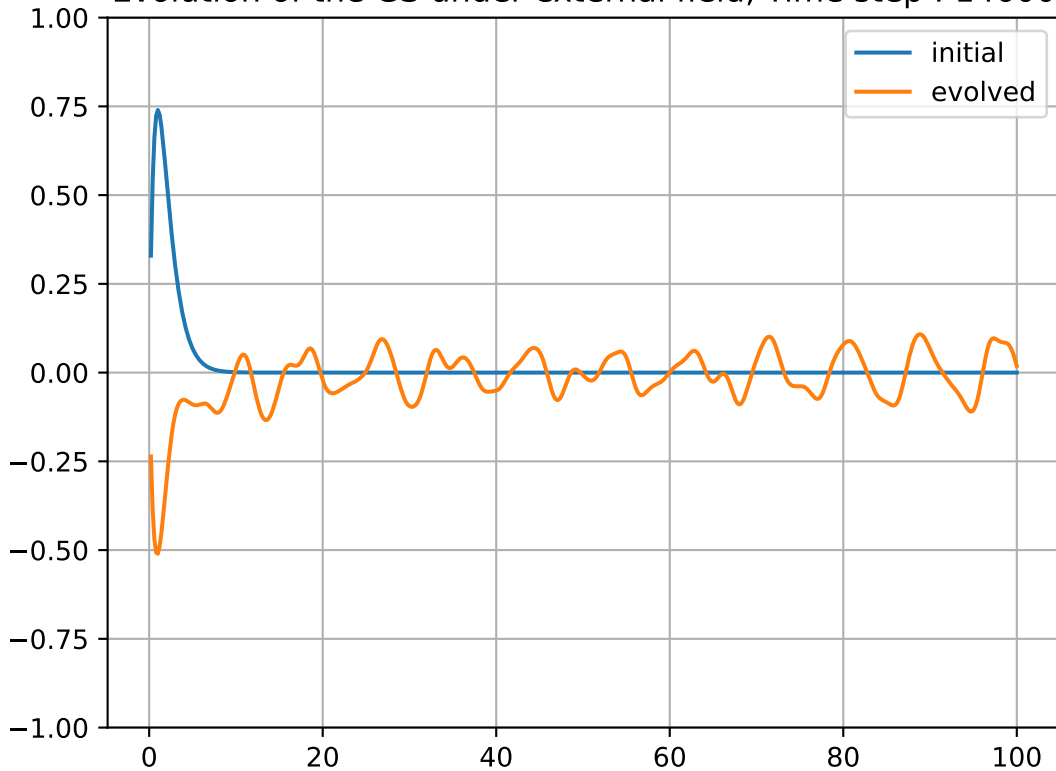

Evolution of the GS under external field, Time step : 14575

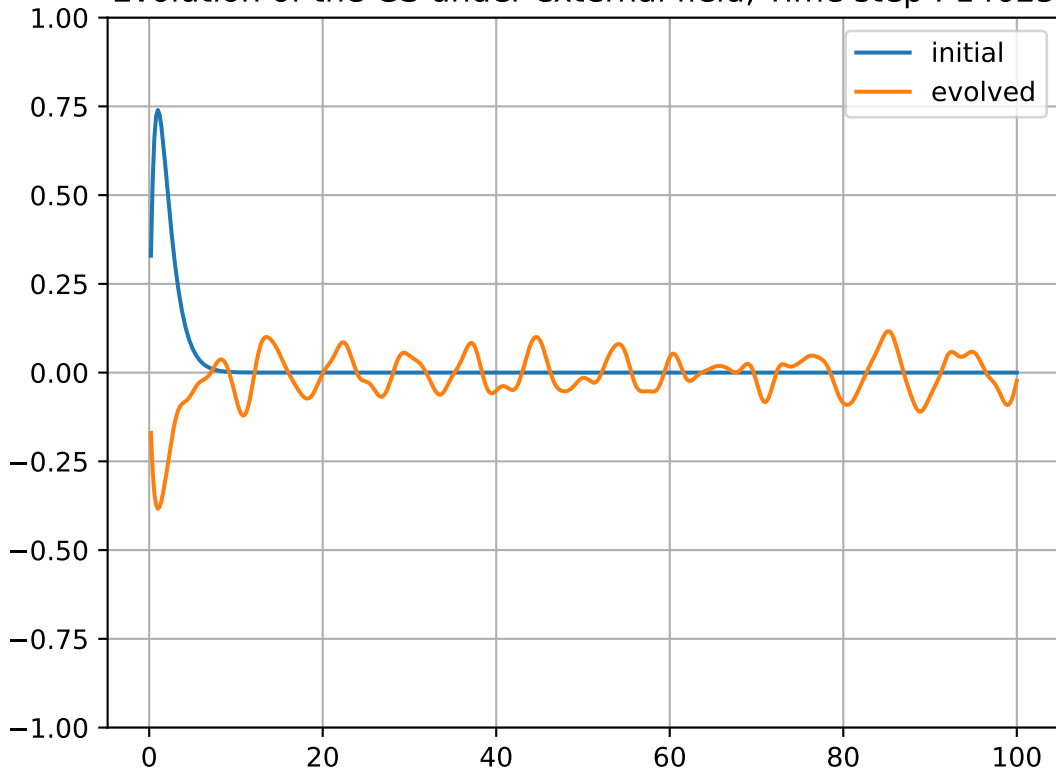

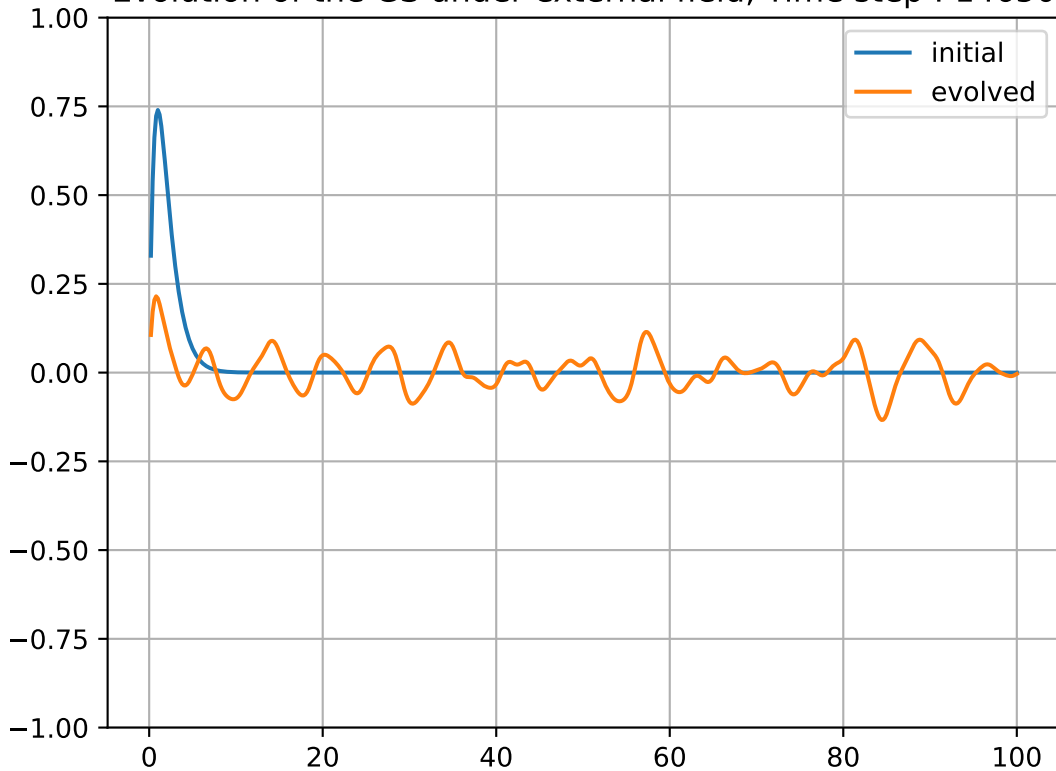

Evolution of the GS under external field, Time step : 14600

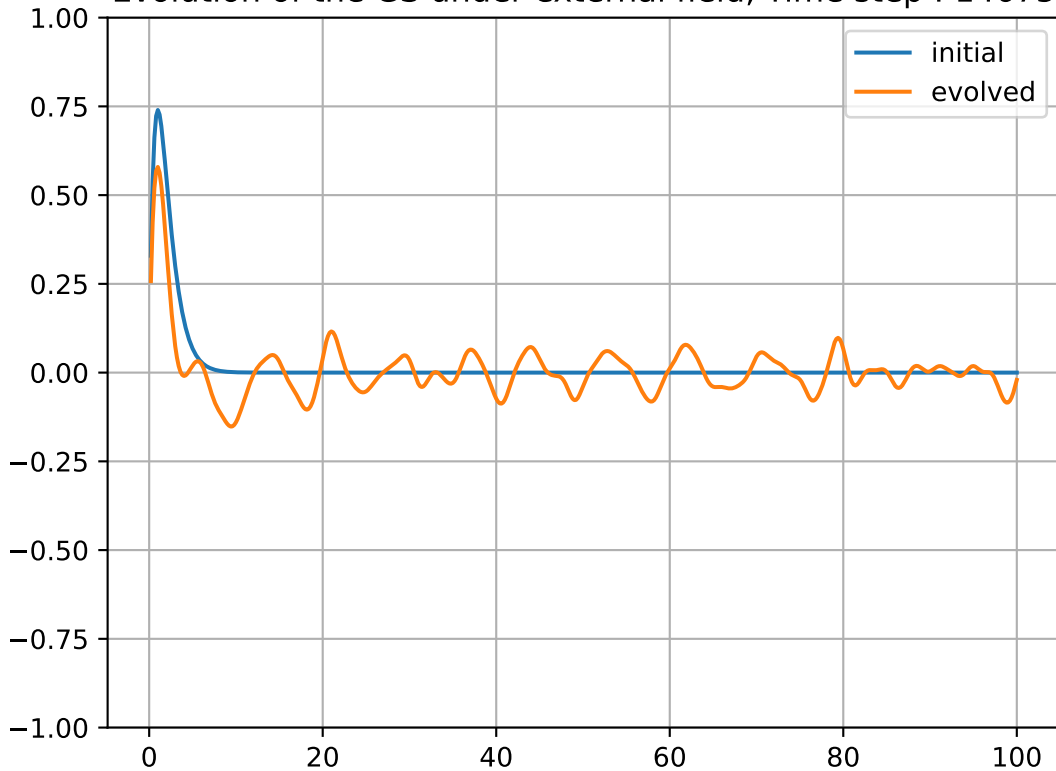

Evolution of the GS under external field, Time step : 14625

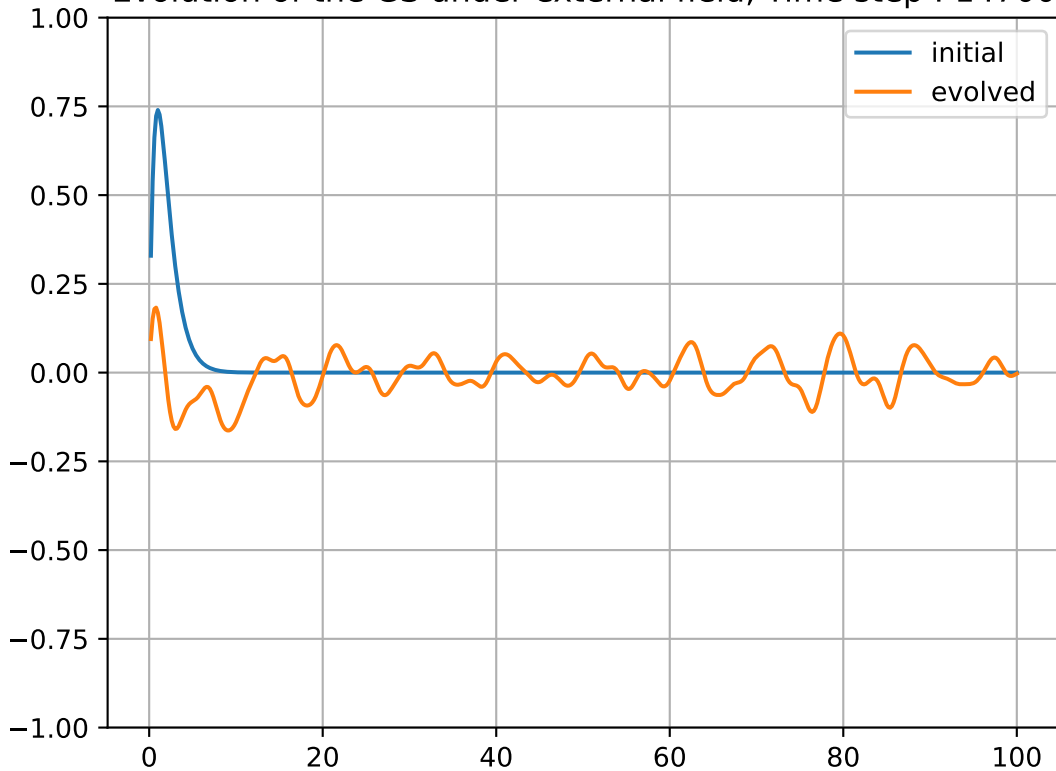

Evolution of the GS under external field, Time step : 14650

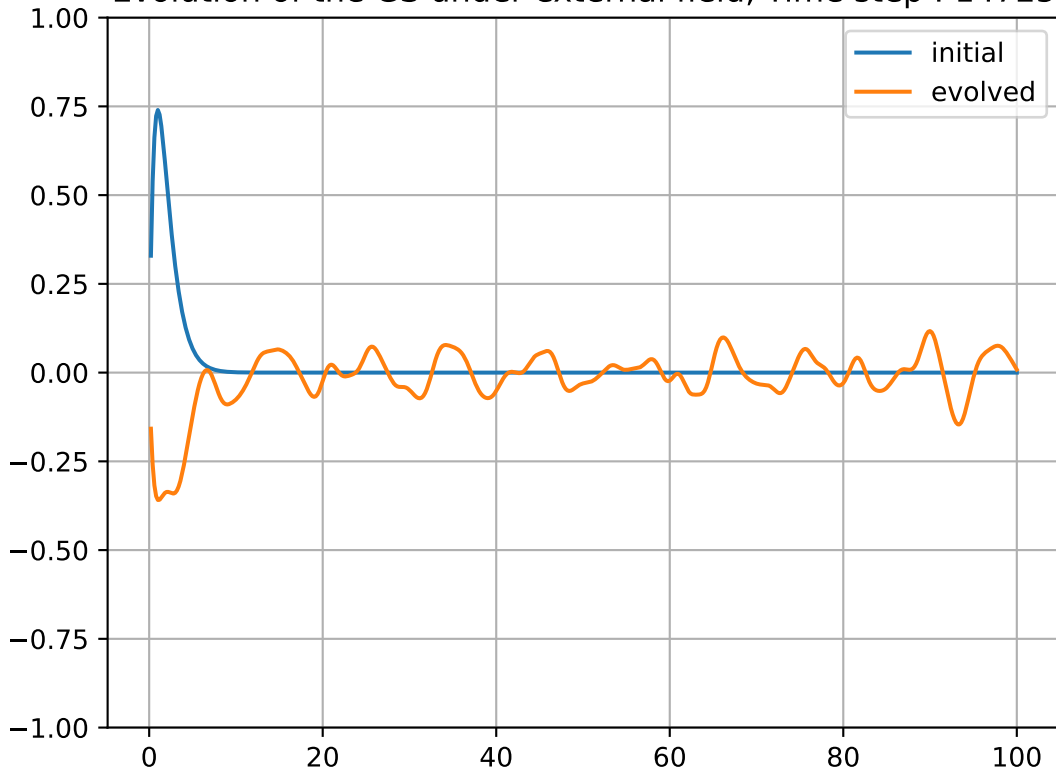

Evolution of the GS under external field, Time step : 14675

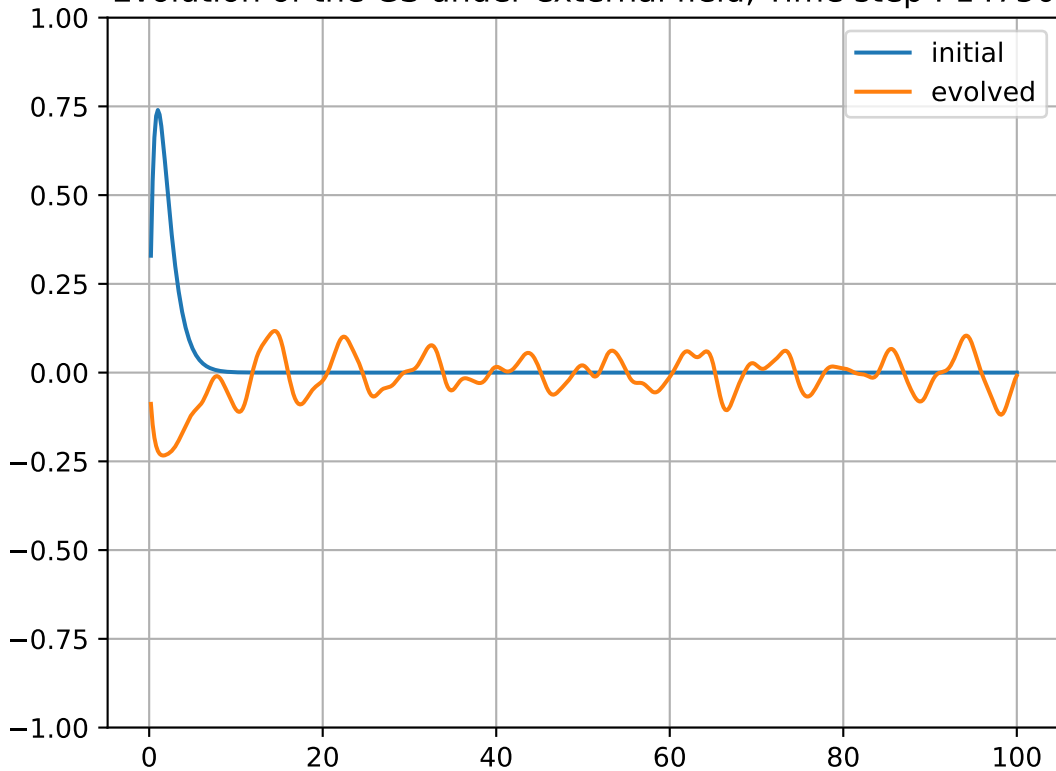

Evolution of the GS under external field, Time step : 14700

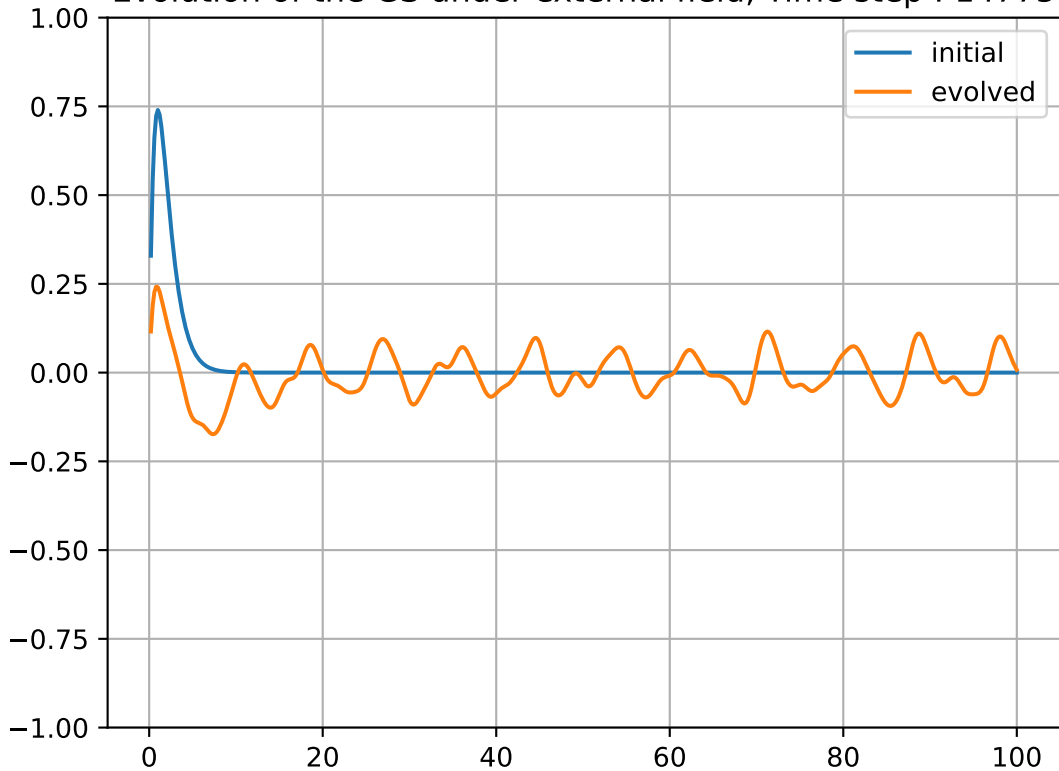

Evolution of the GS under external field, Time step : 14725

Evolution of the GS under external field, Time step : 14750

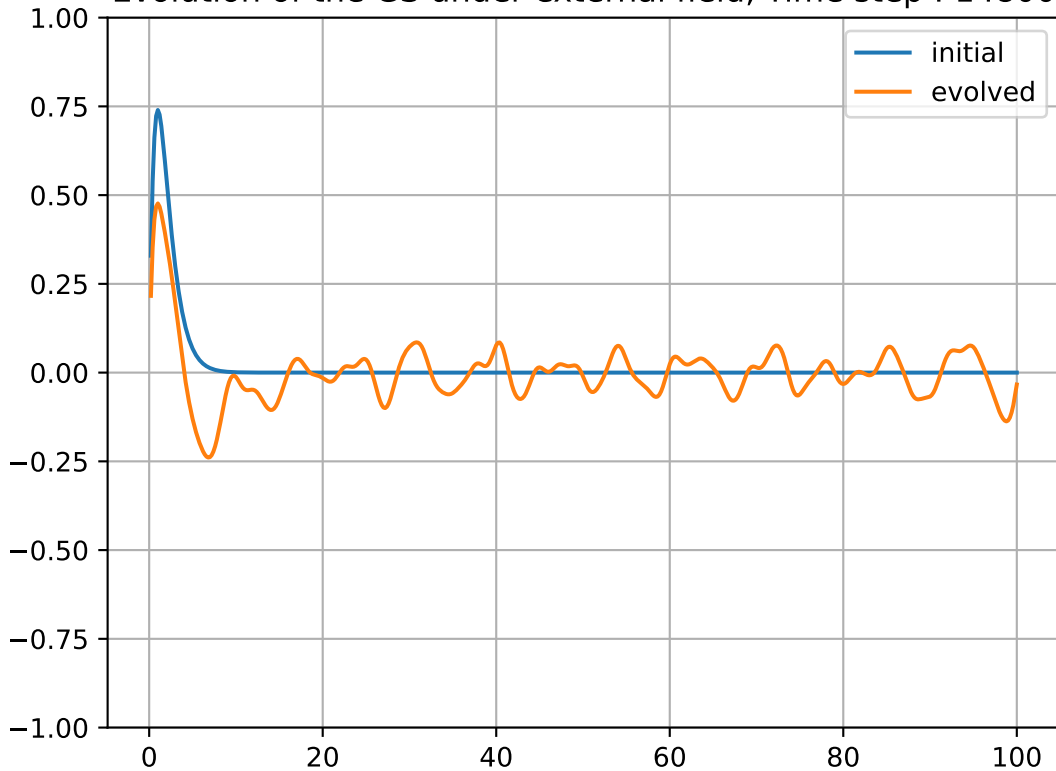

Evolution of the GS under external field, Time step : 14775

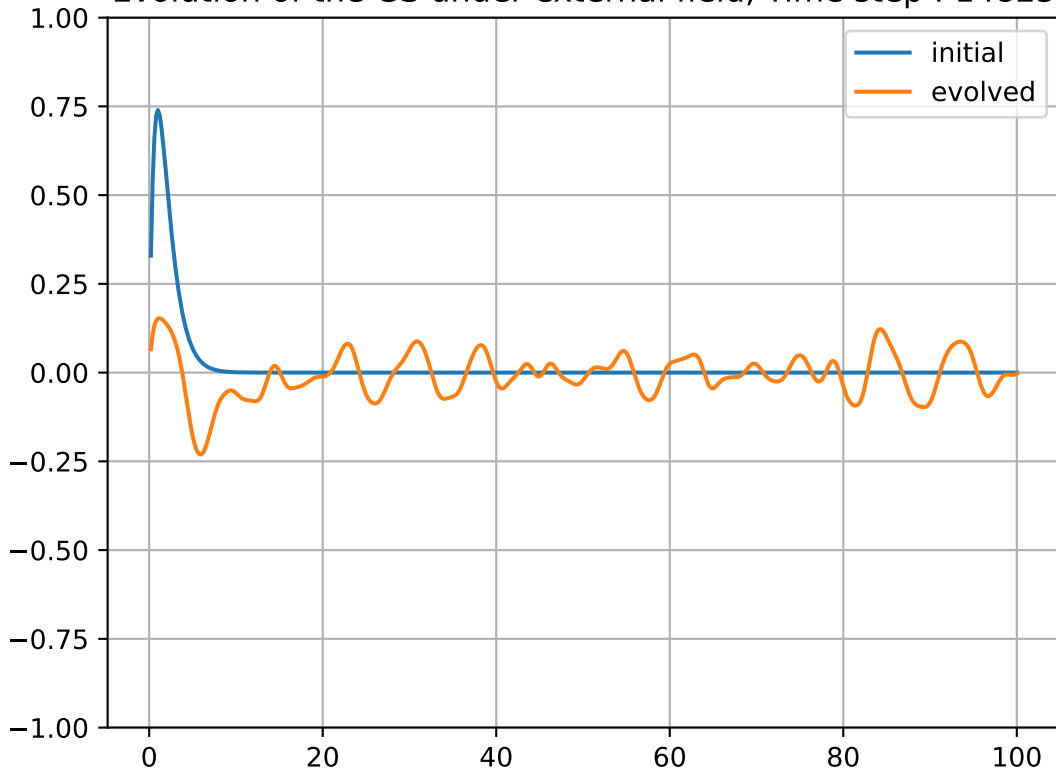

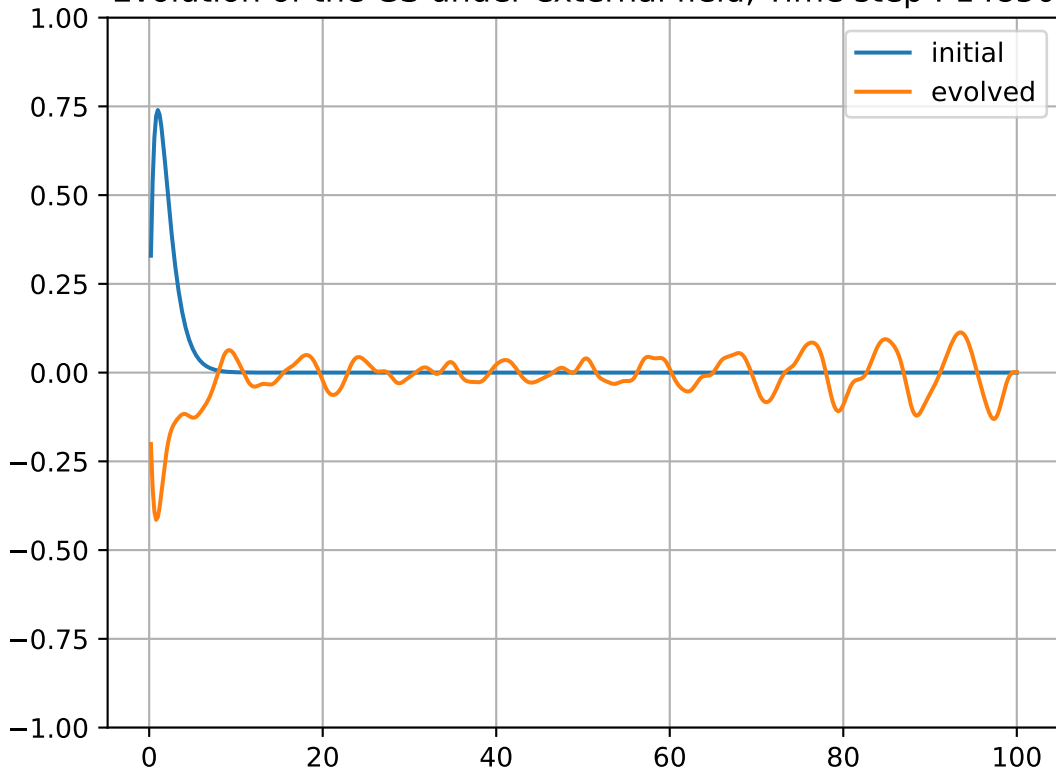

Evolution of the GS under external field, Time step : 14800

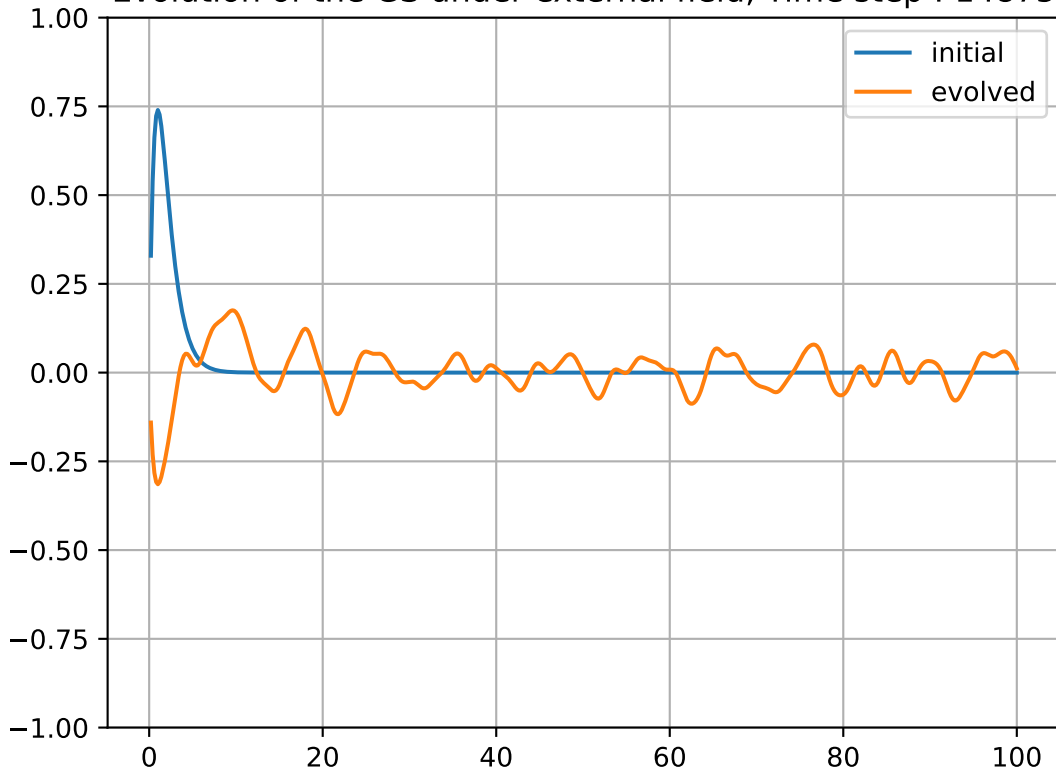

Evolution of the GS under external field, Time step : 14825

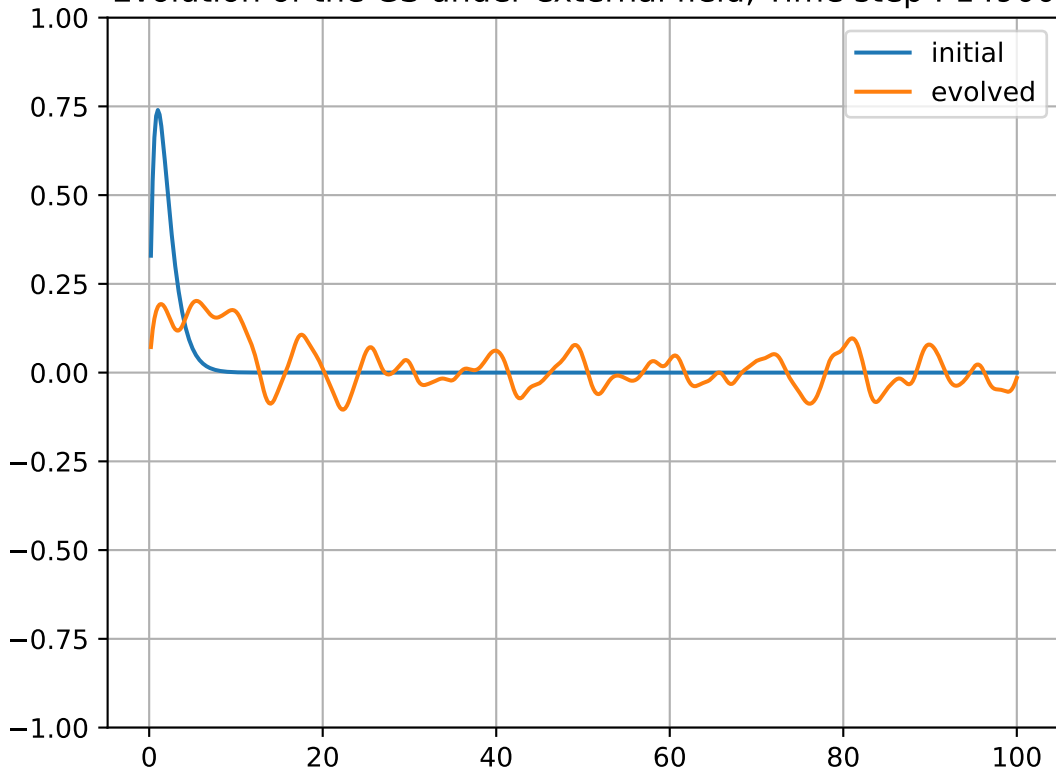

Evolution of the GS under external field, Time step : 14850

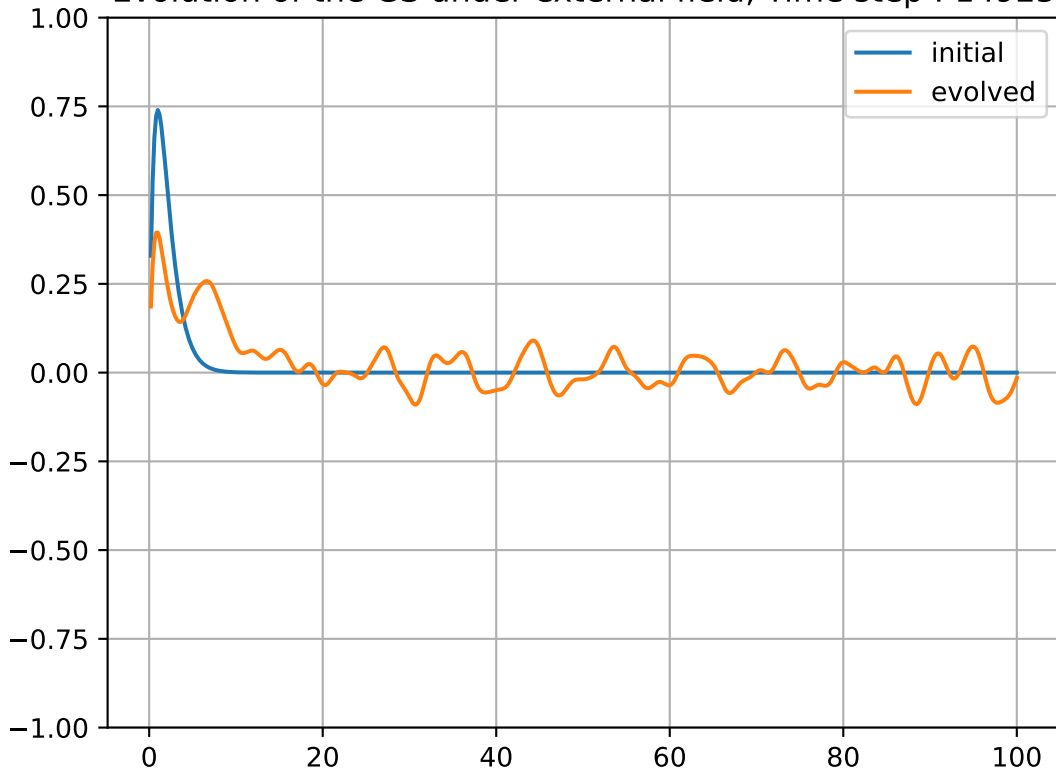

Evolution of the GS under external field, Time step : 14875

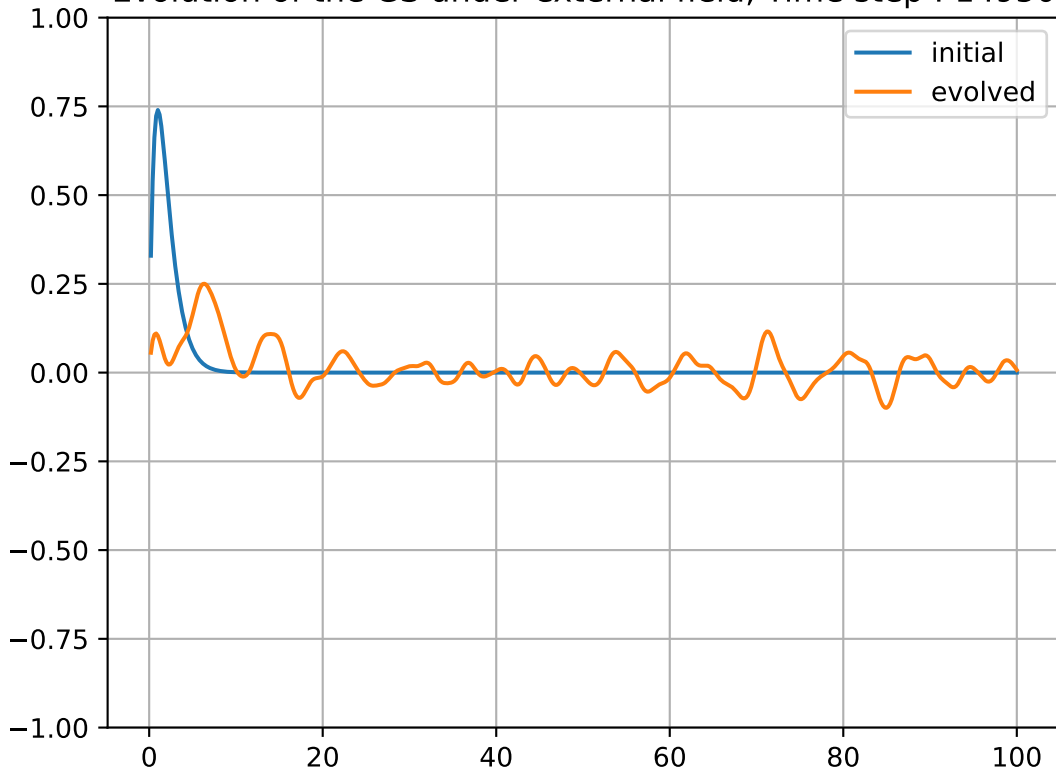

Evolution of the GS under external field, Time step : 14900

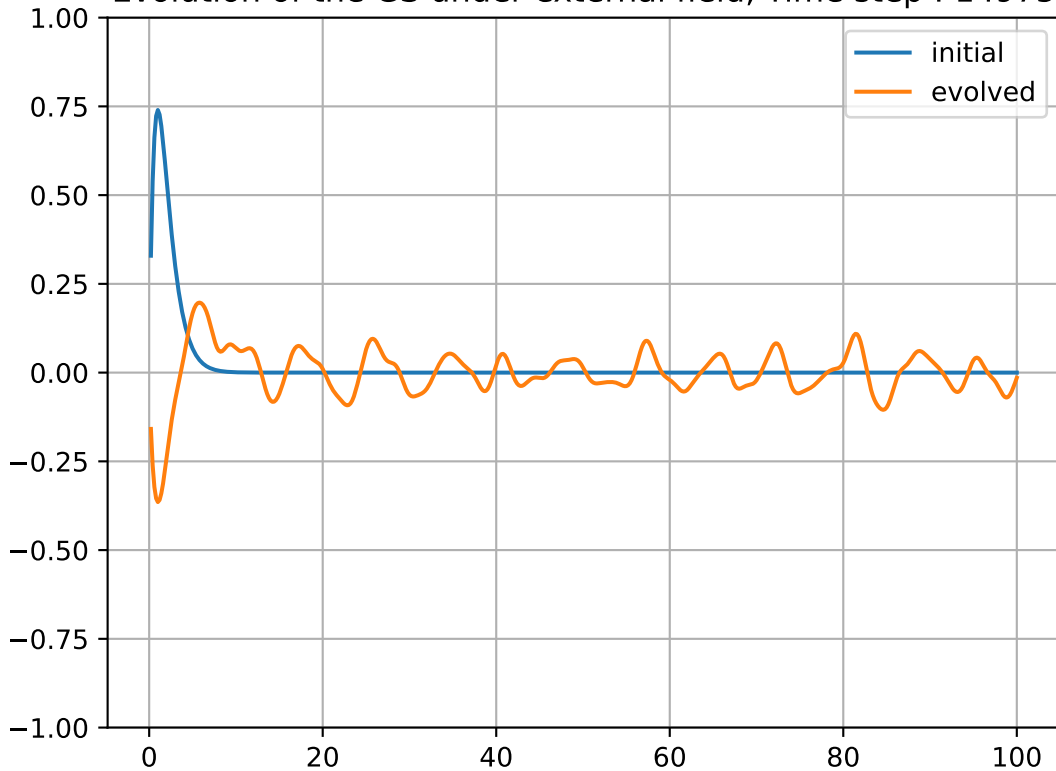

Evolution of the GS under external field, Time step : 14925

Evolution of the GS under external field, Time step : 14950

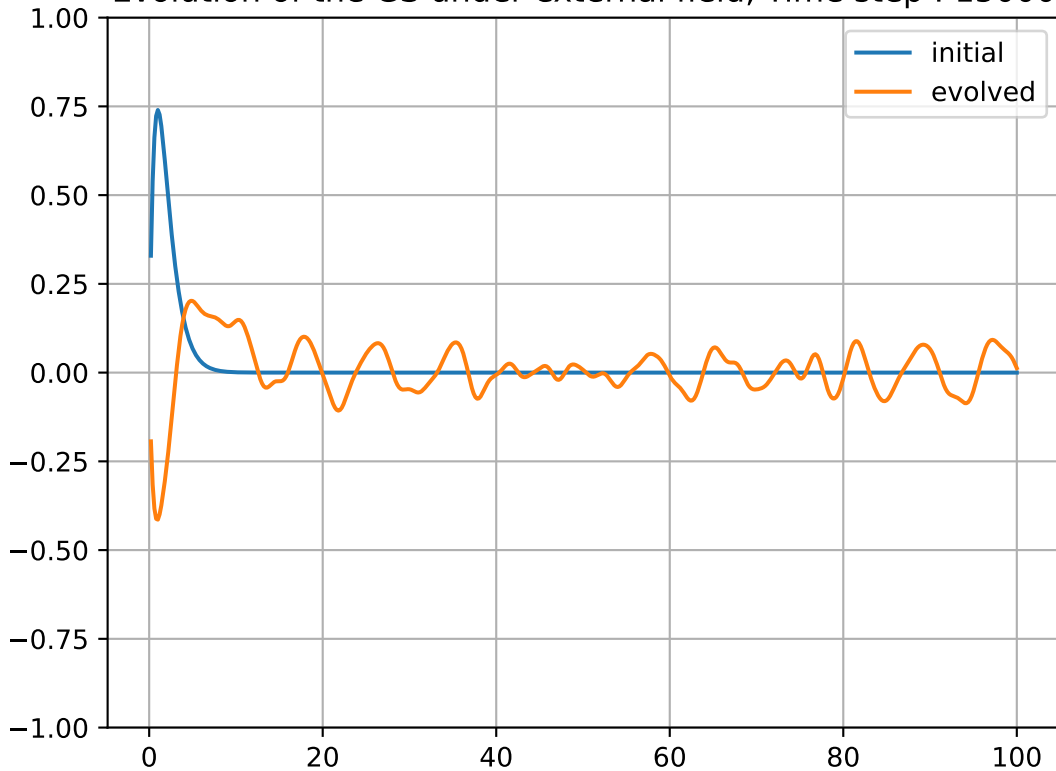

Evolution of the GS under external field, Time step : 14975

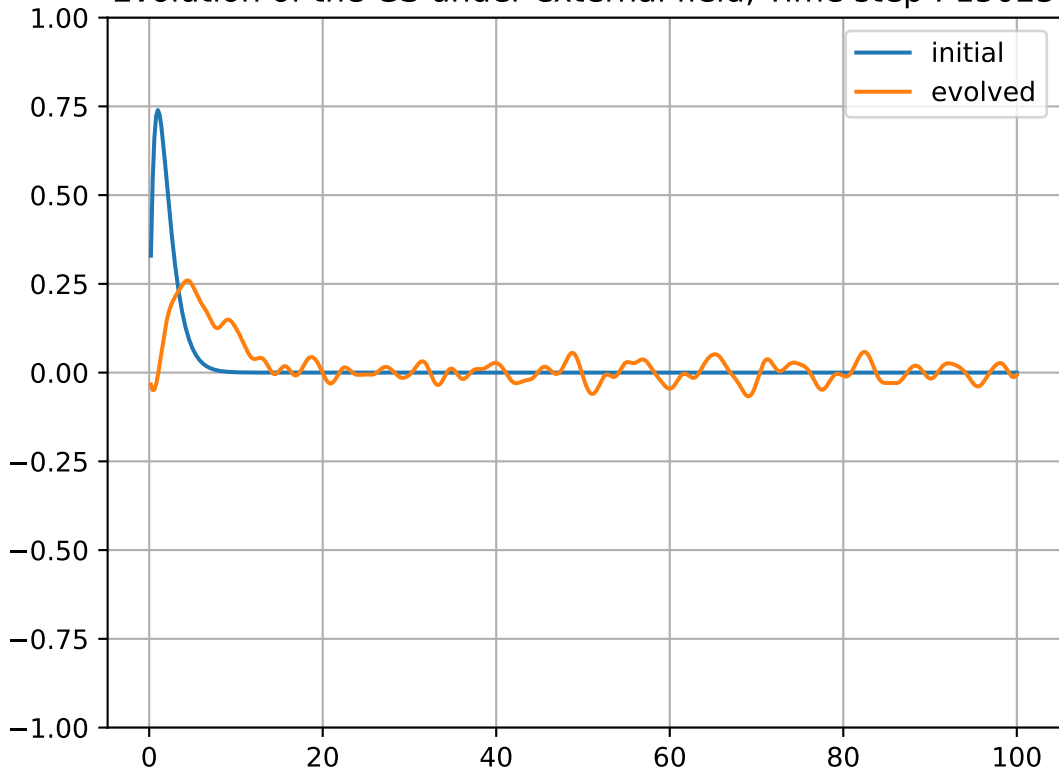

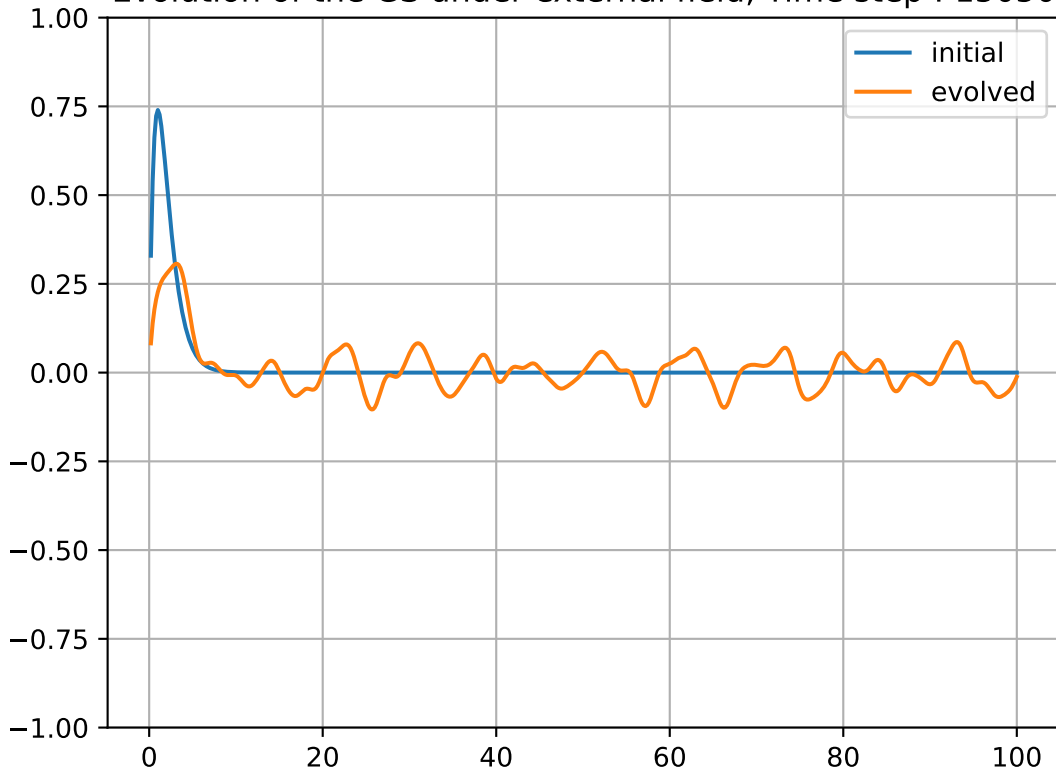

Evolution of the GS under external field, Time step : 15000

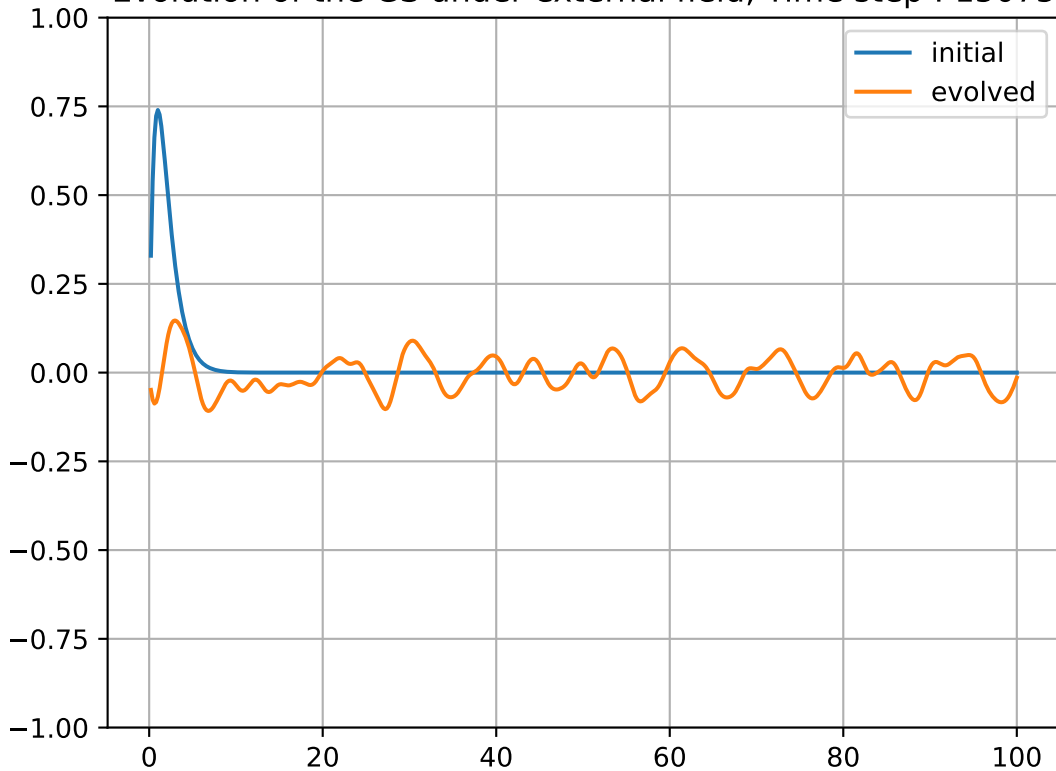

Evolution of the GS under external field, Time step : 15025

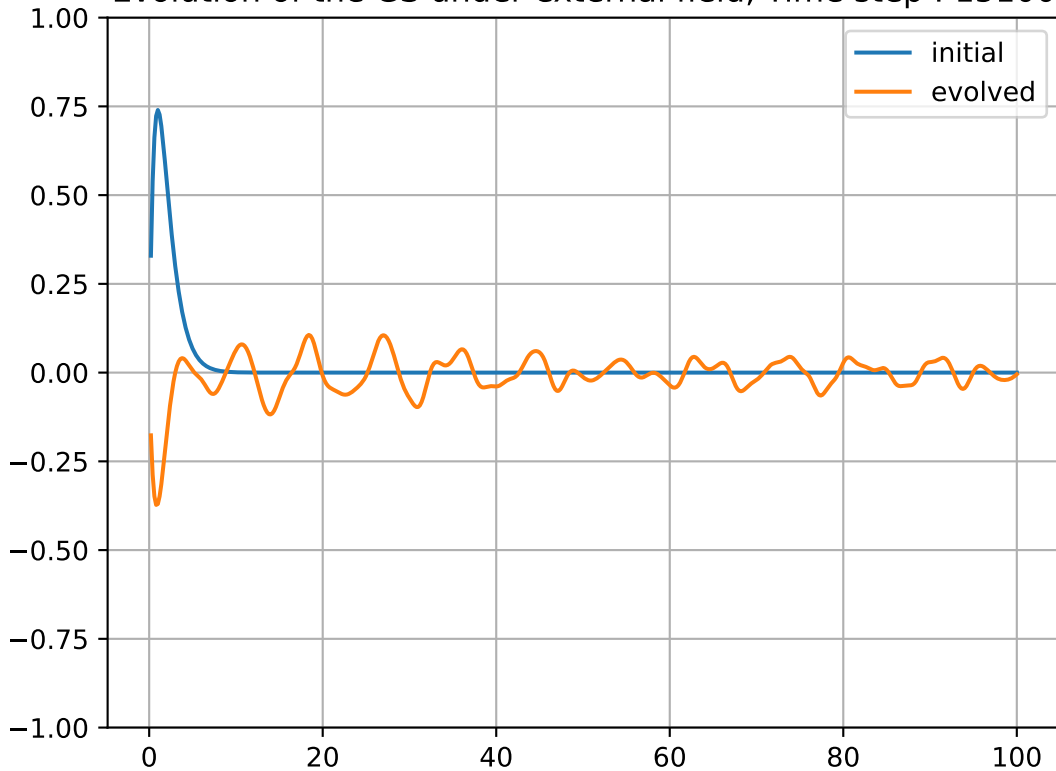

Evolution of the GS under external field, Time step : 15050

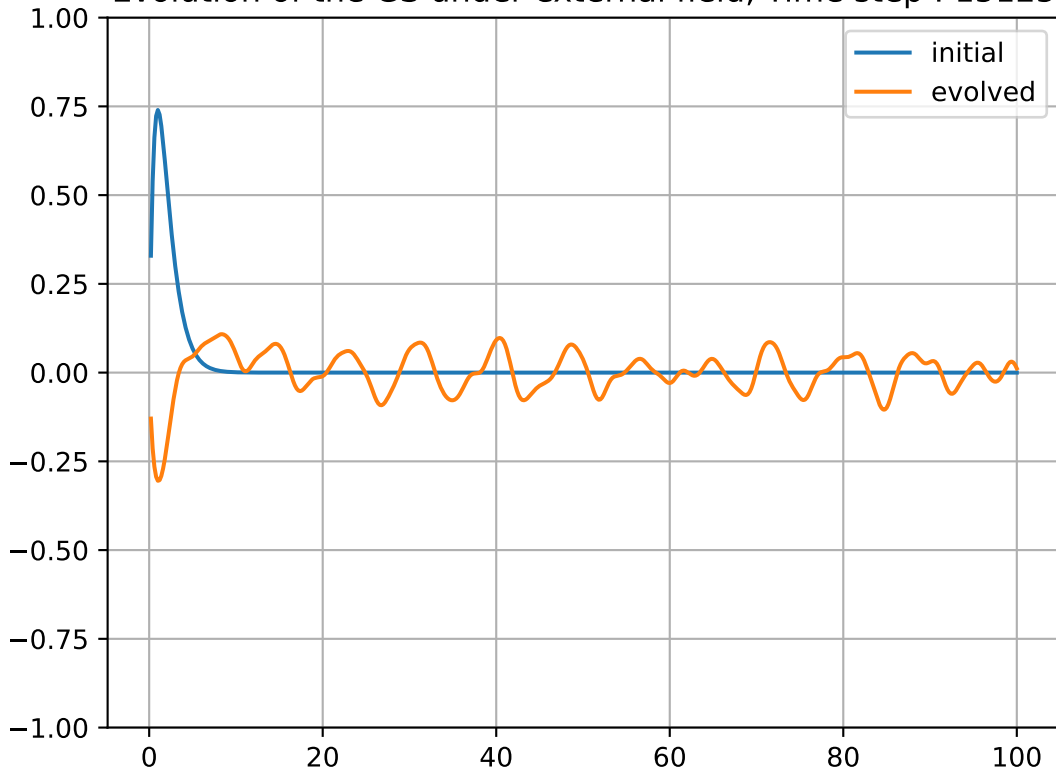

Evolution of the GS under external field, Time step : 15075

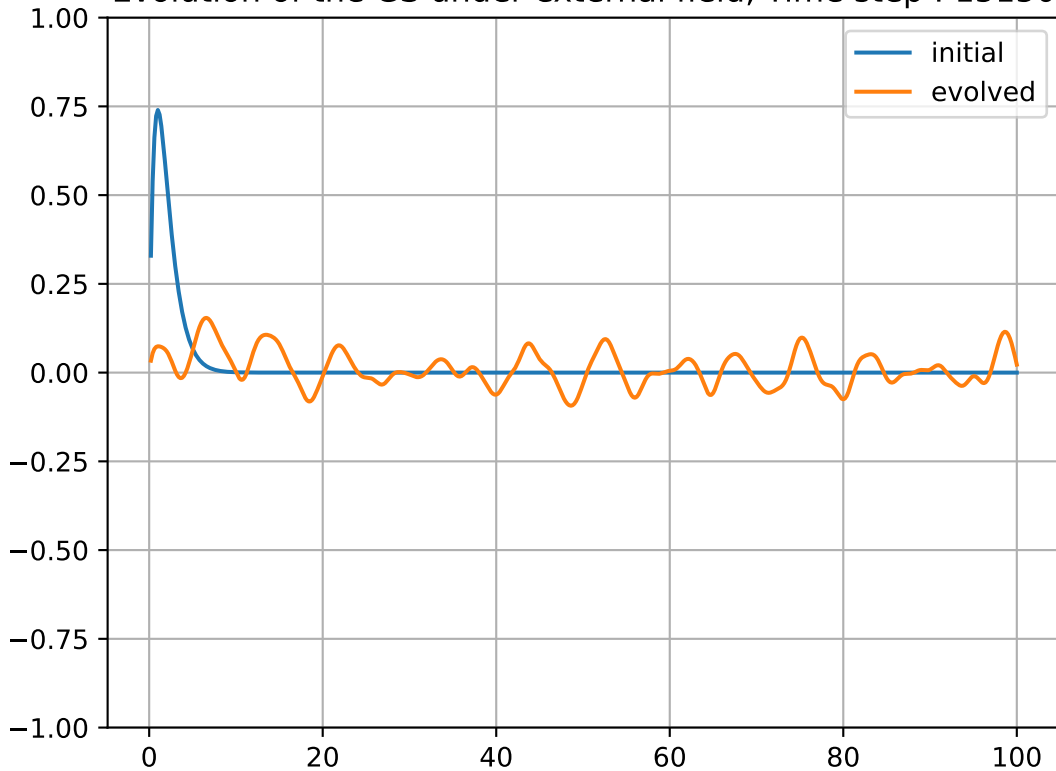

Evolution of the GS under external field, Time step : 15100

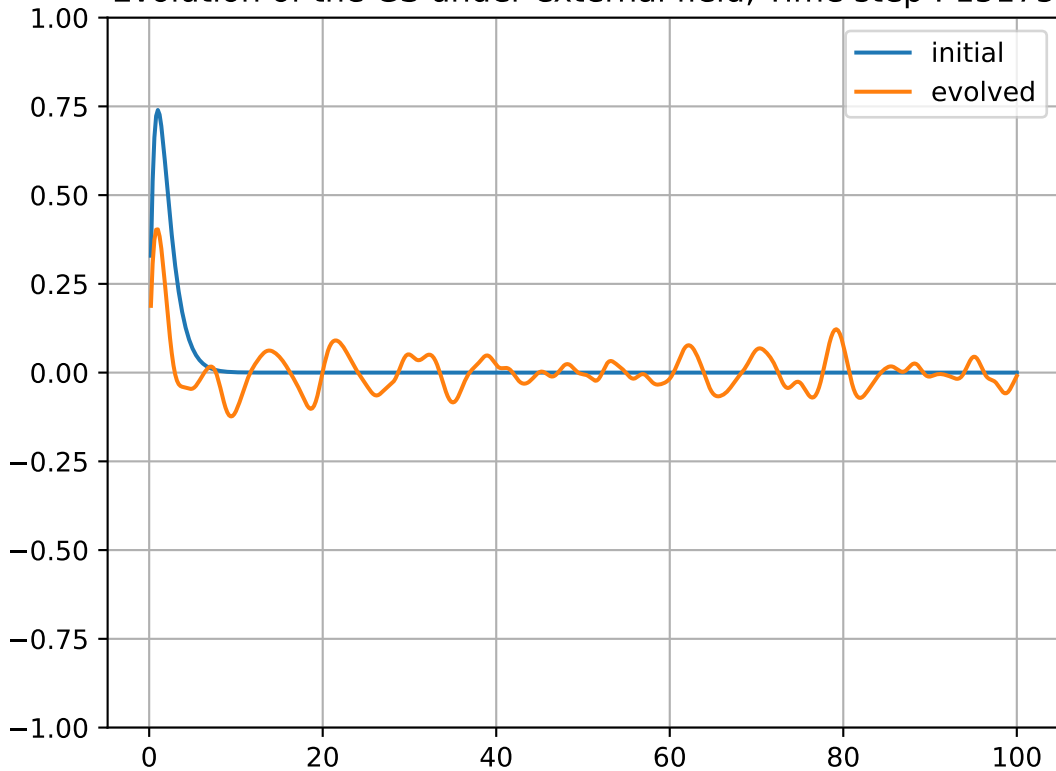

Evolution of the GS under external field, Time step : 15125

Evolution of the GS under external field, Time step : 15150

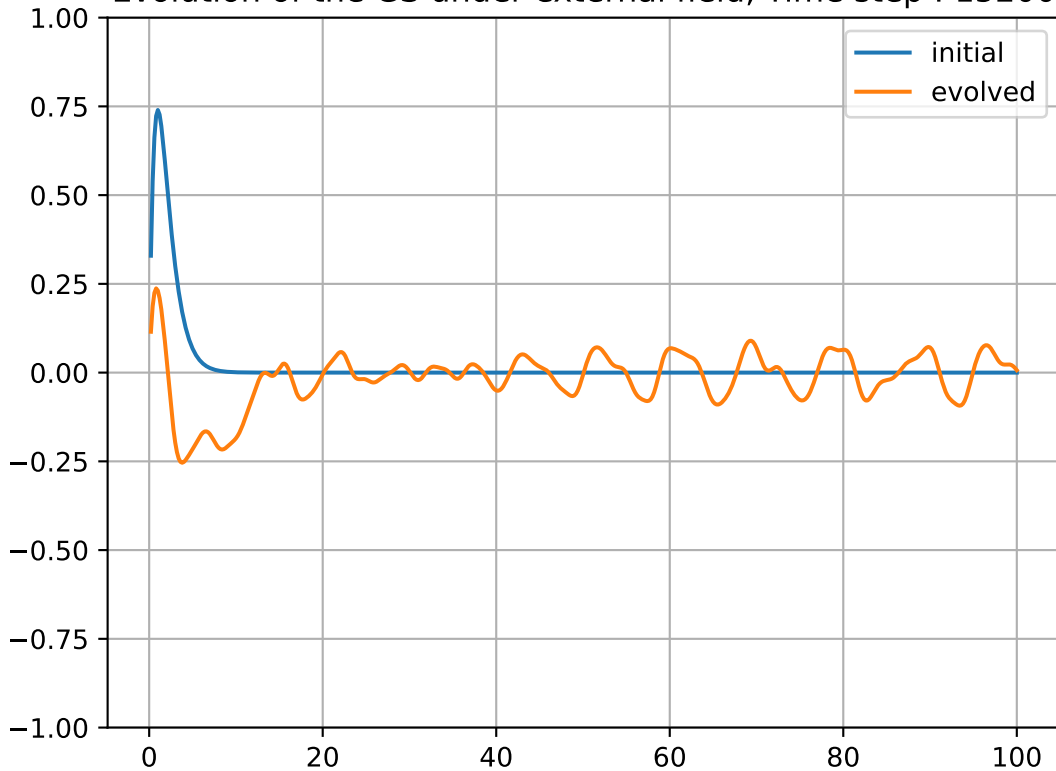

Evolution of the GS under external field, Time step : 15175

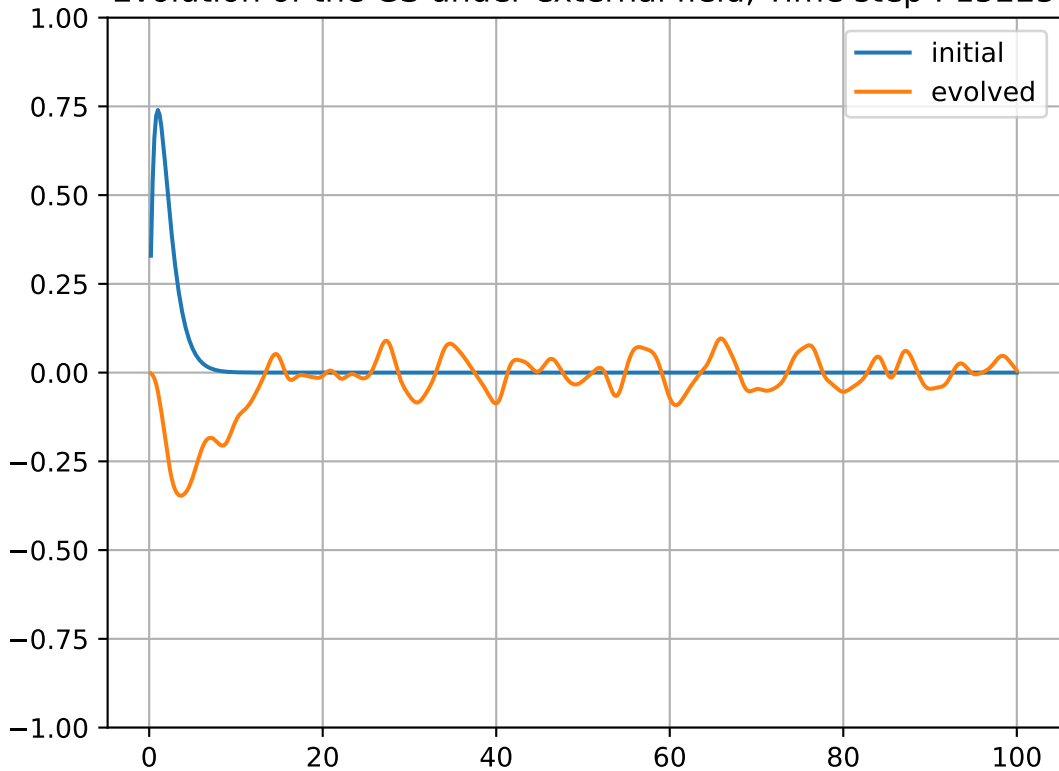

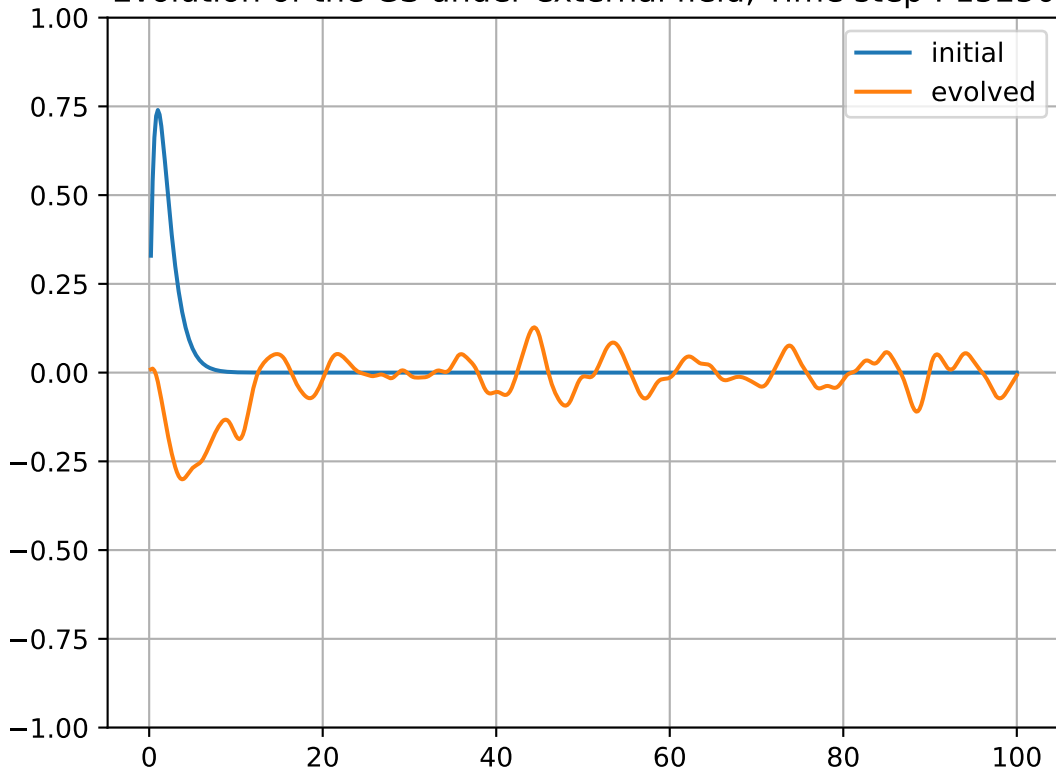

Evolution of the GS under external field, Time step : 15200

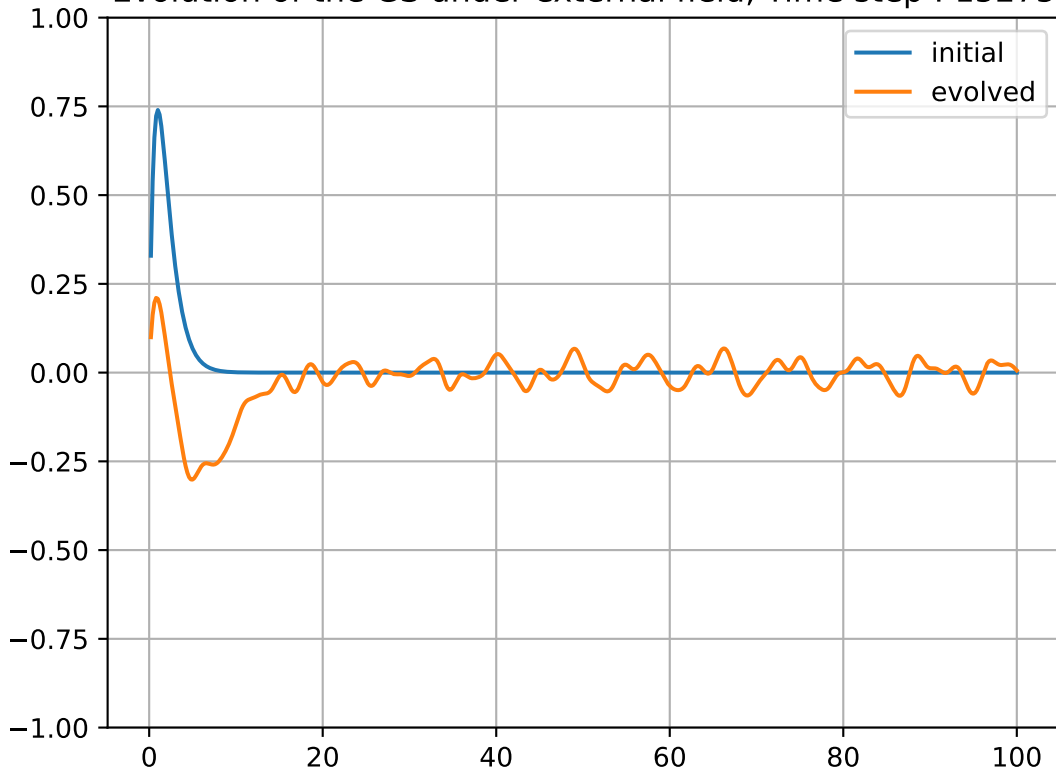

Evolution of the GS under external field, Time step : 15225

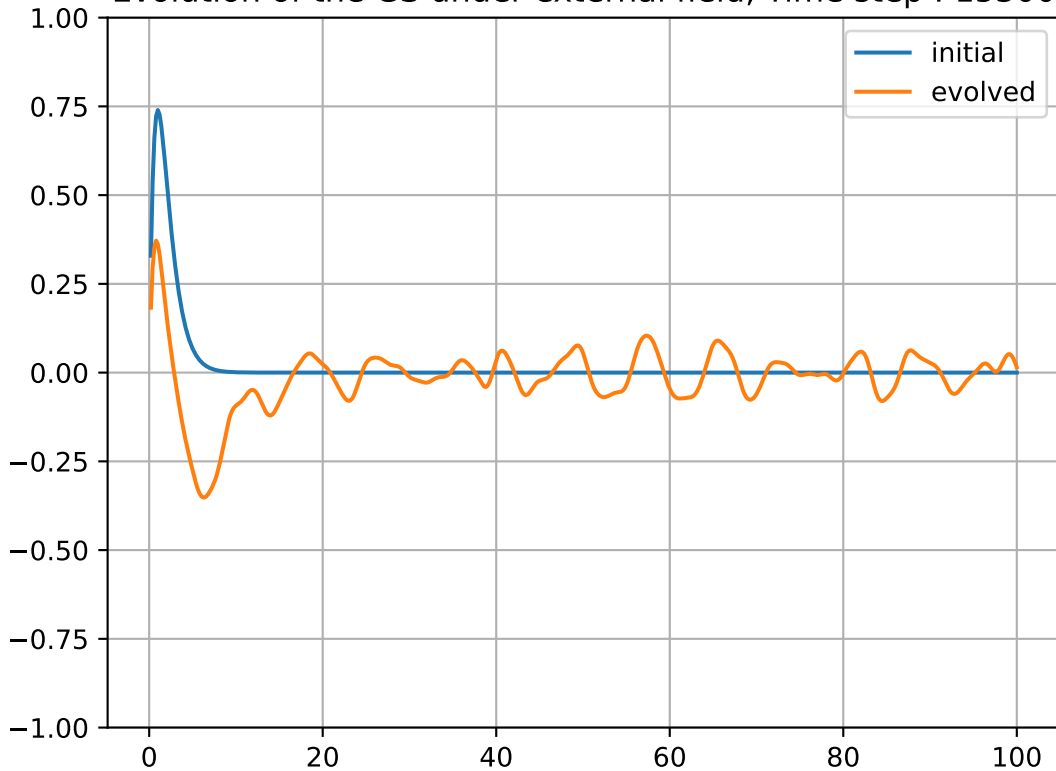

Evolution of the GS under external field, Time step : 15250

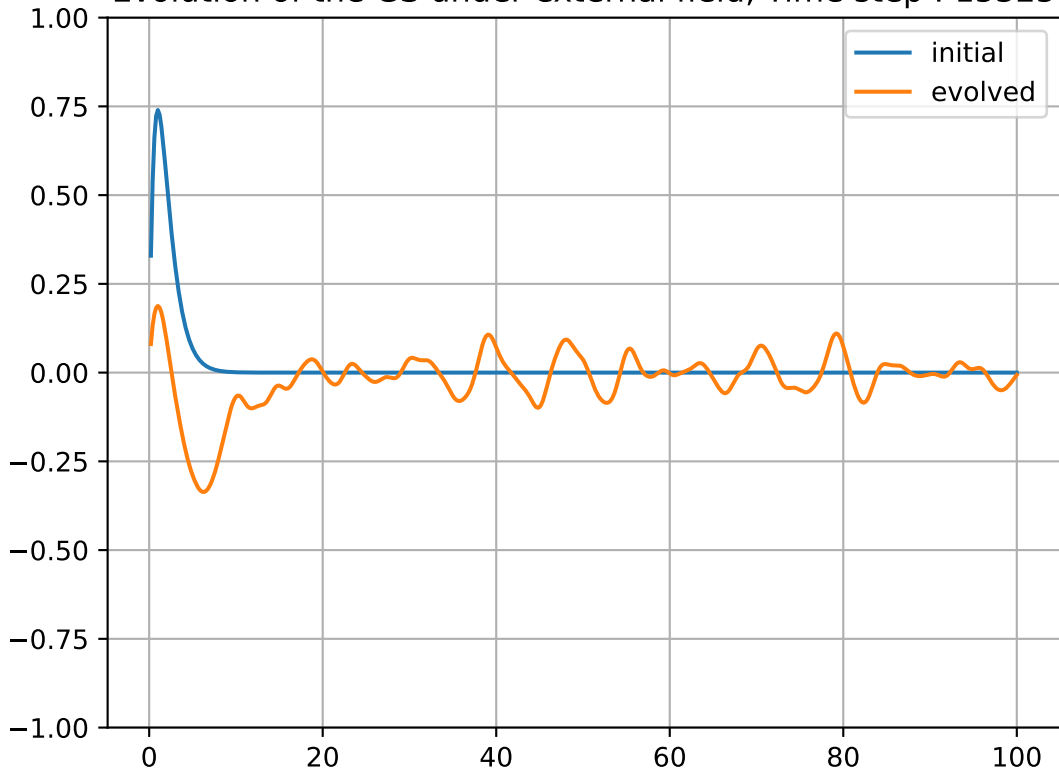

Evolution of the GS under external field, Time step : 15275

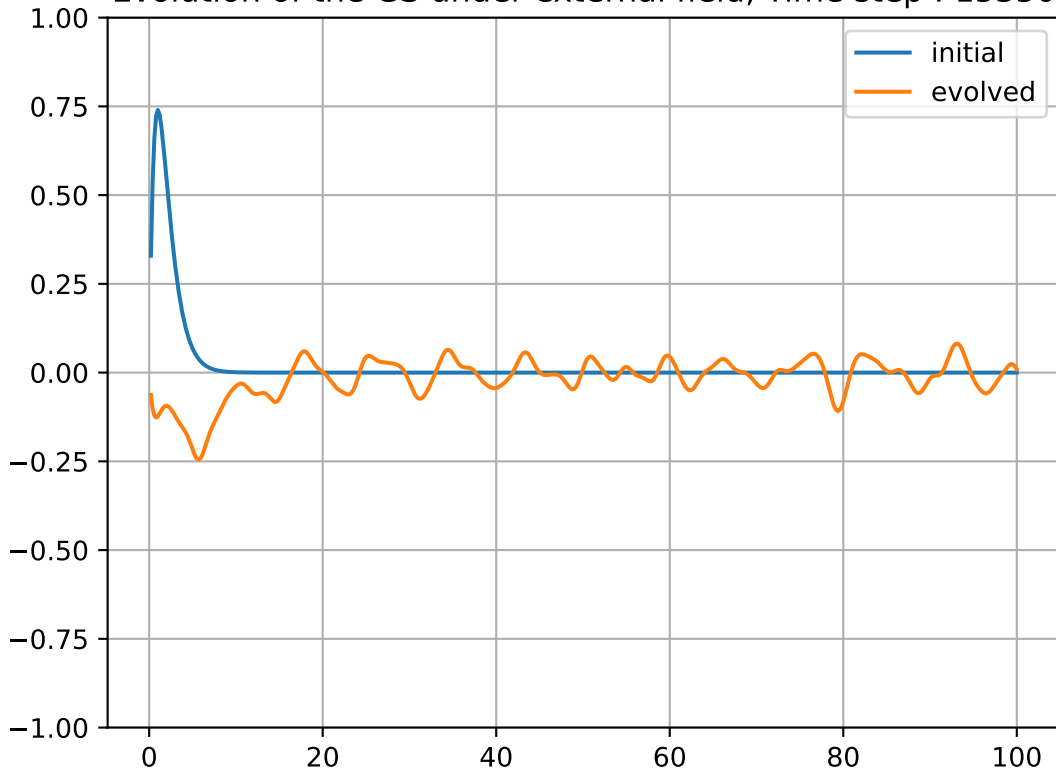

Evolution of the GS under external field, Time step : 15300

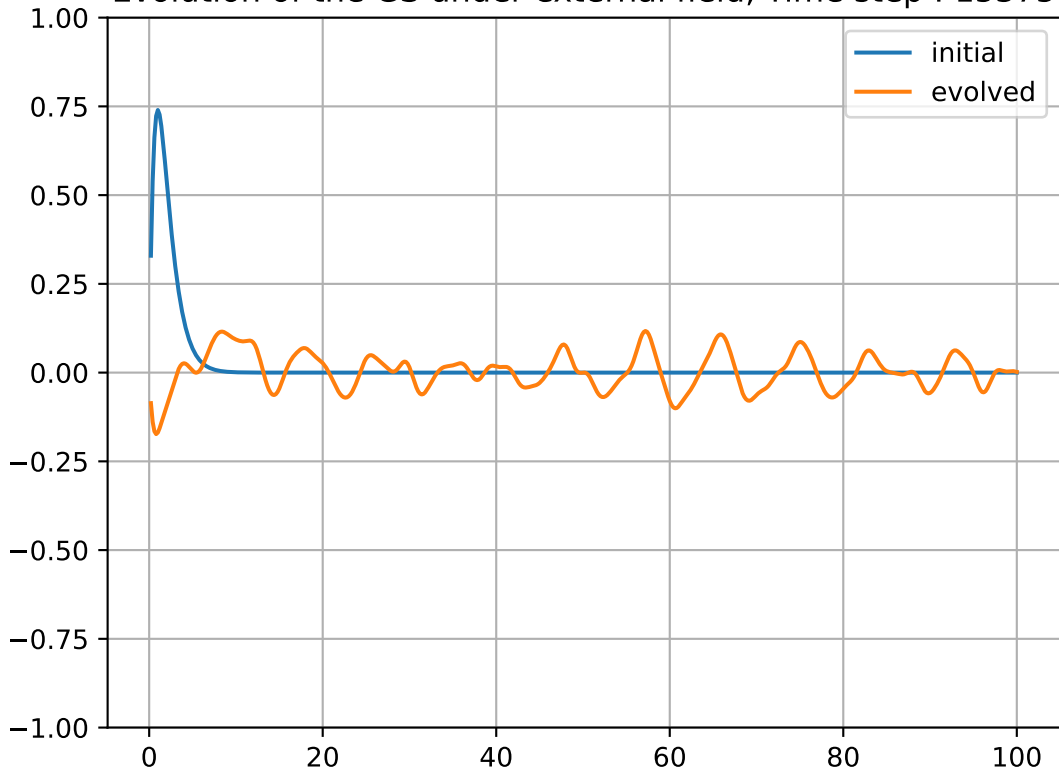

Evolution of the GS under external field, Time step : 15325

Evolution of the GS under external field, Time step : 15350

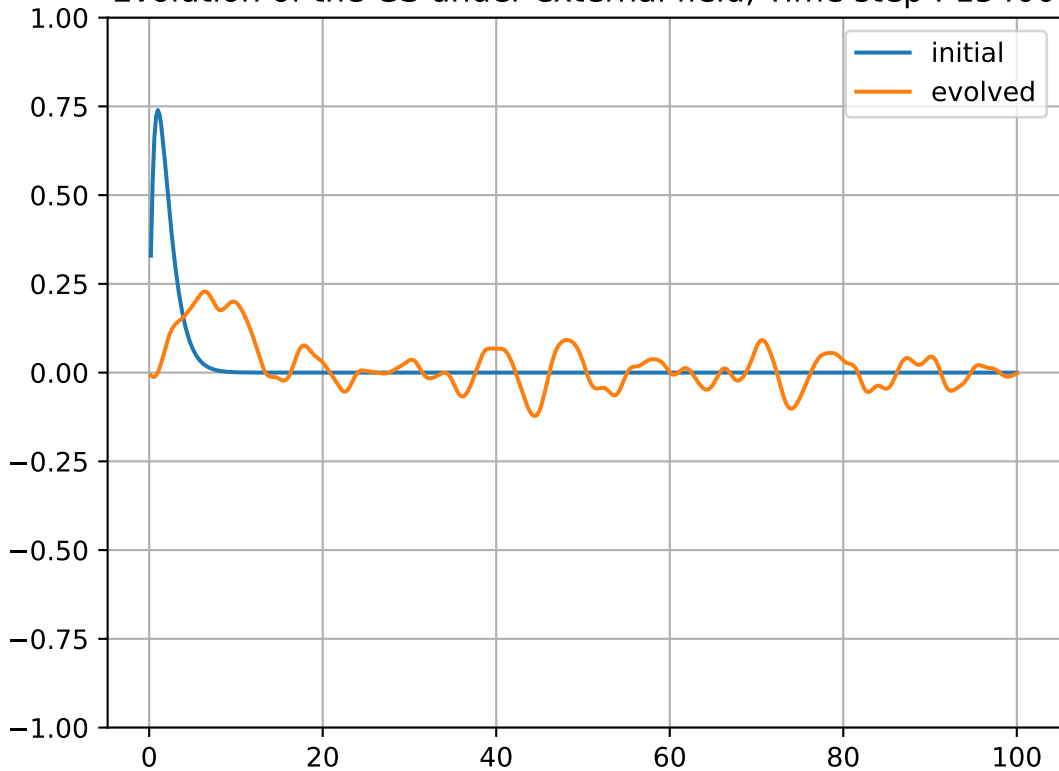

Evolution of the GS under external field, Time step : 15375

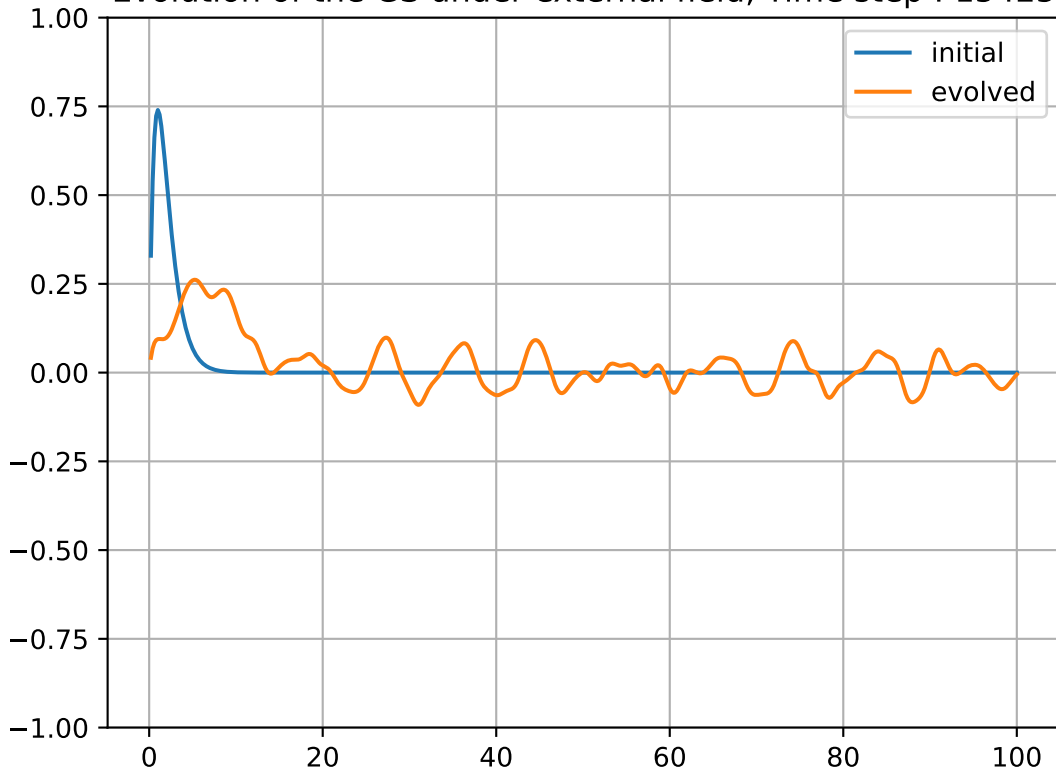

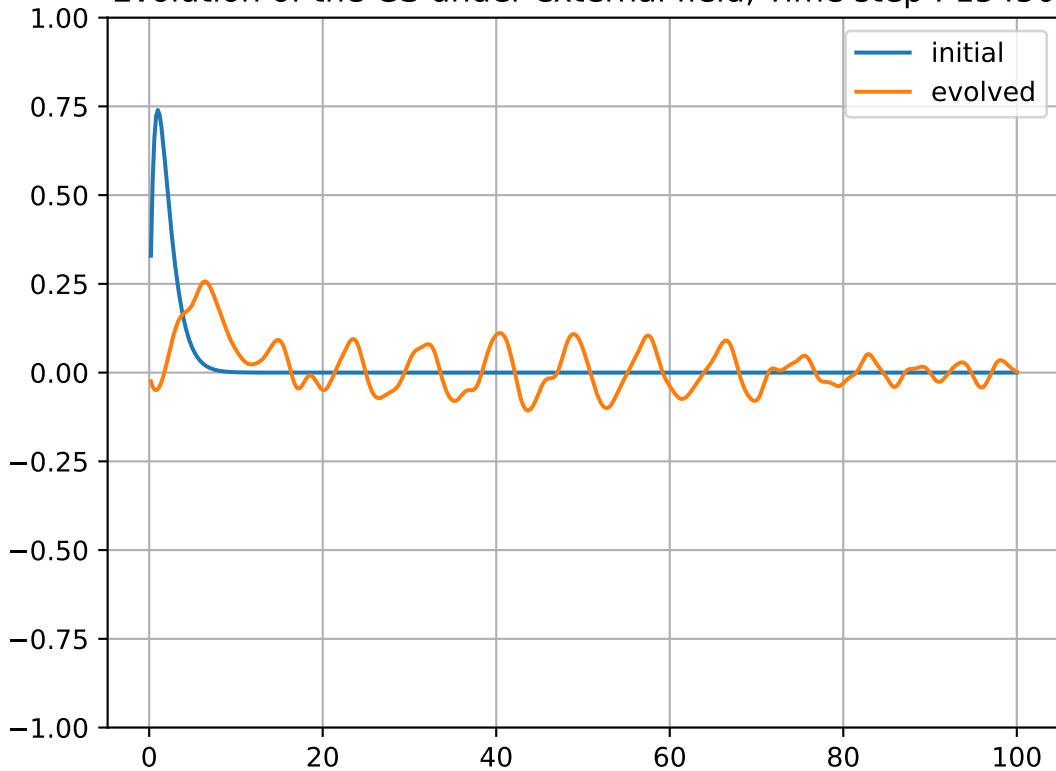

Evolution of the GS under external field, Time step : 15400

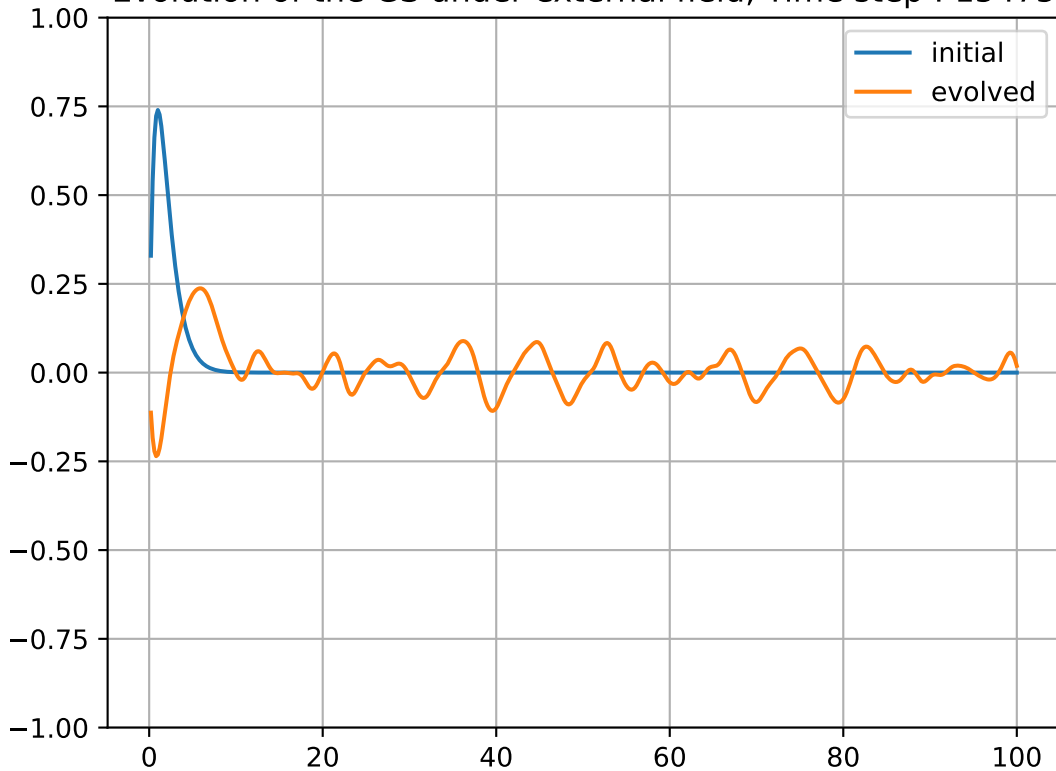

Evolution of the GS under external field, Time step : 15425

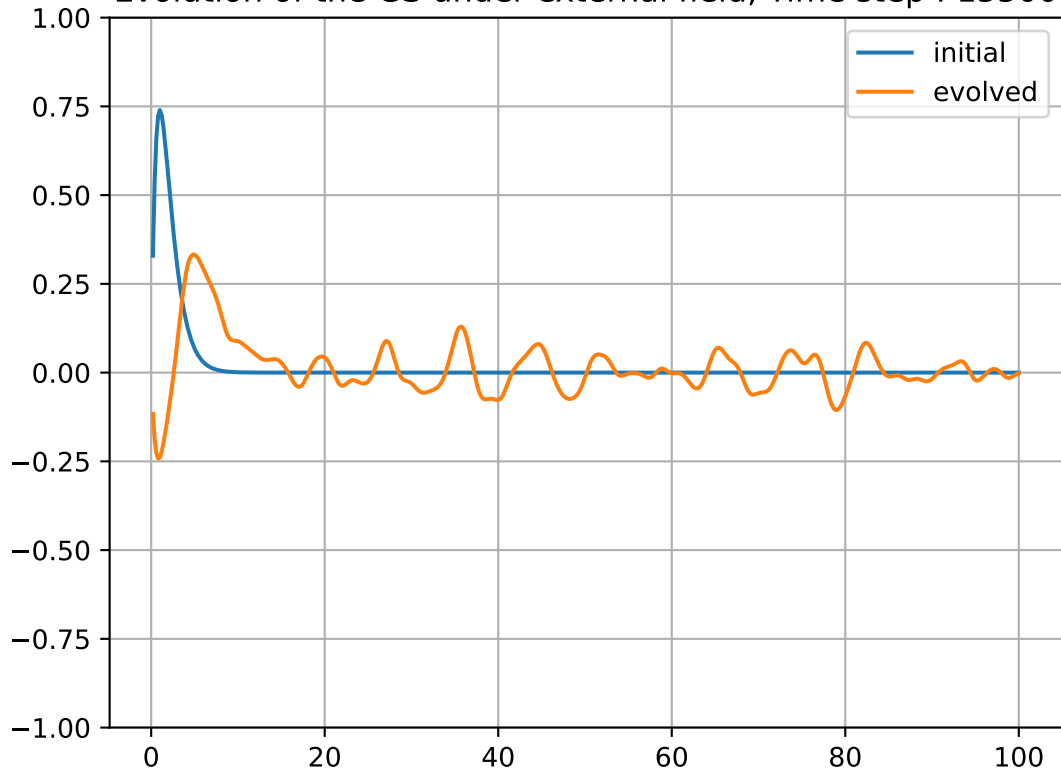

Evolution of the GS under external field, Time step : 15450

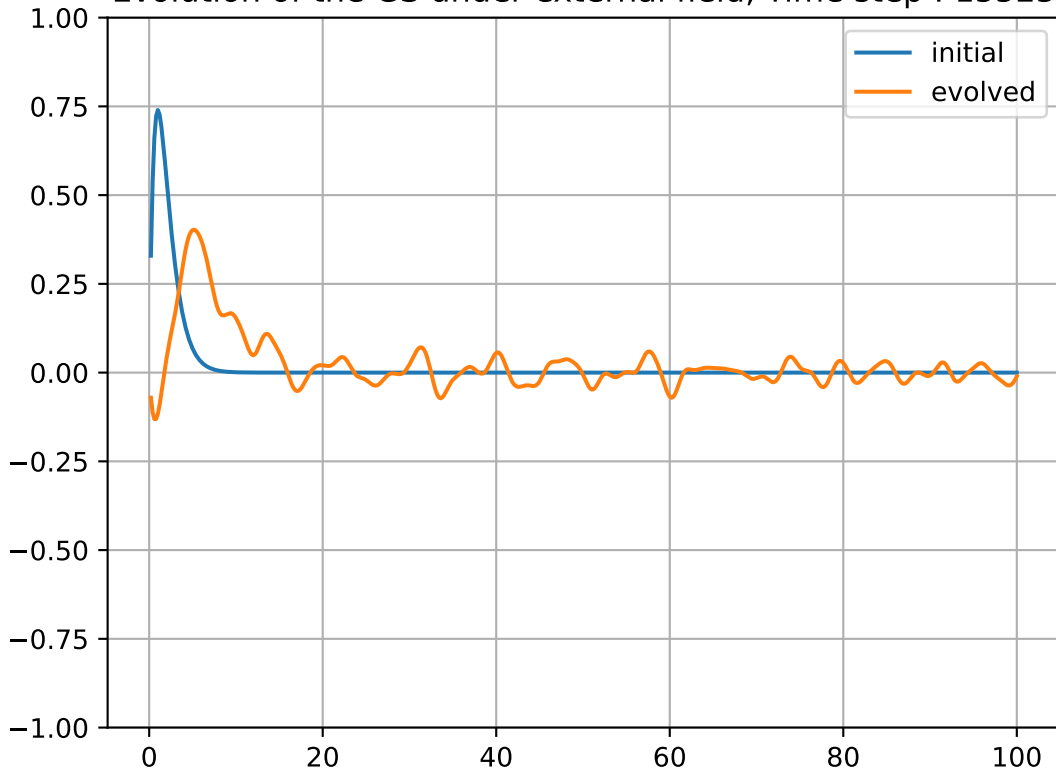

Evolution of the GS under external field, Time step : 15475

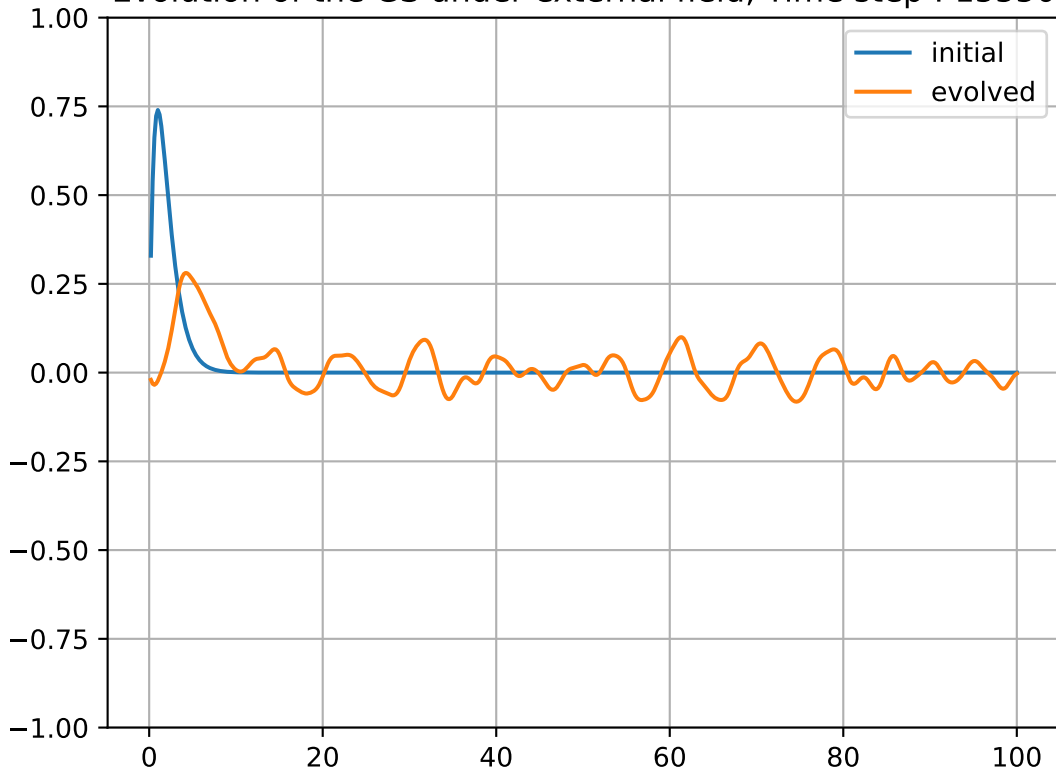

Evolution of the GS under external field, Time step : 15500

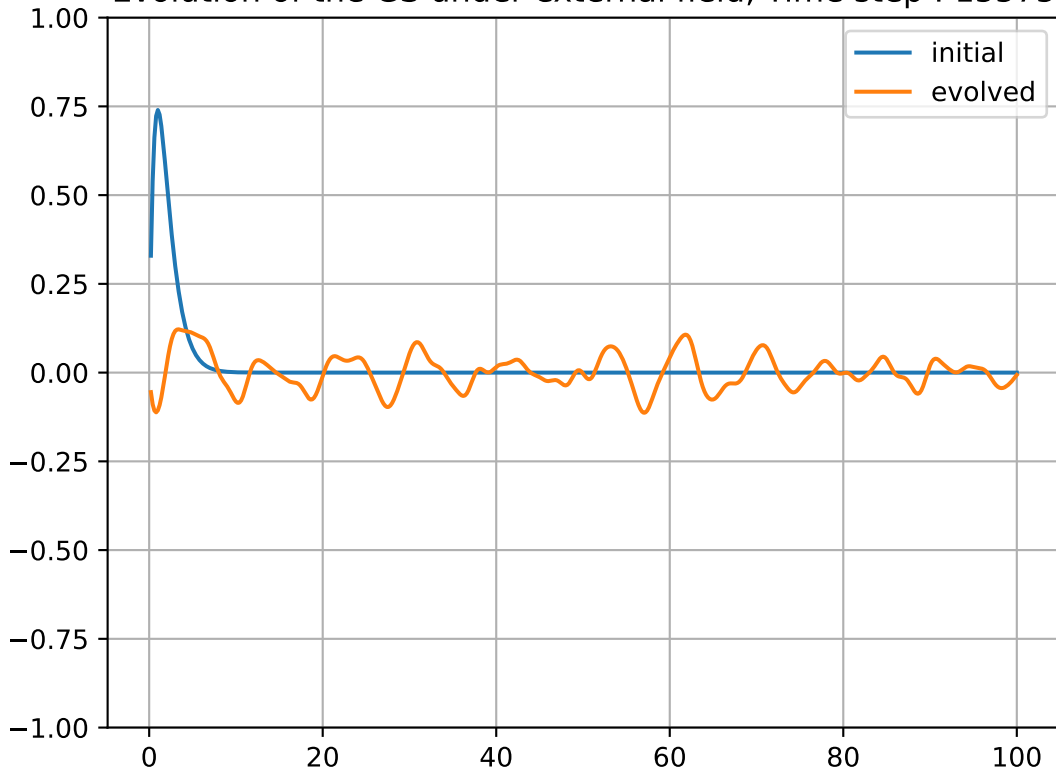

Evolution of the GS under external field, Time step : 15525

Evolution of the GS under external field, Time step : 15550

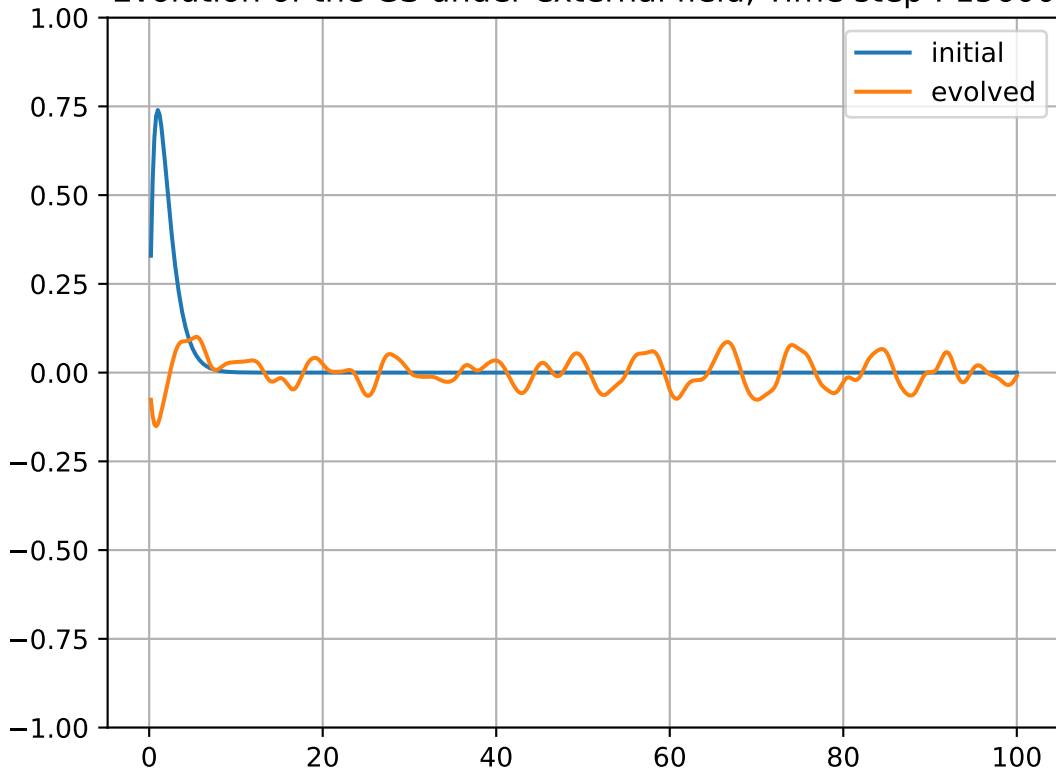

Evolution of the GS under external field, Time step : 15575

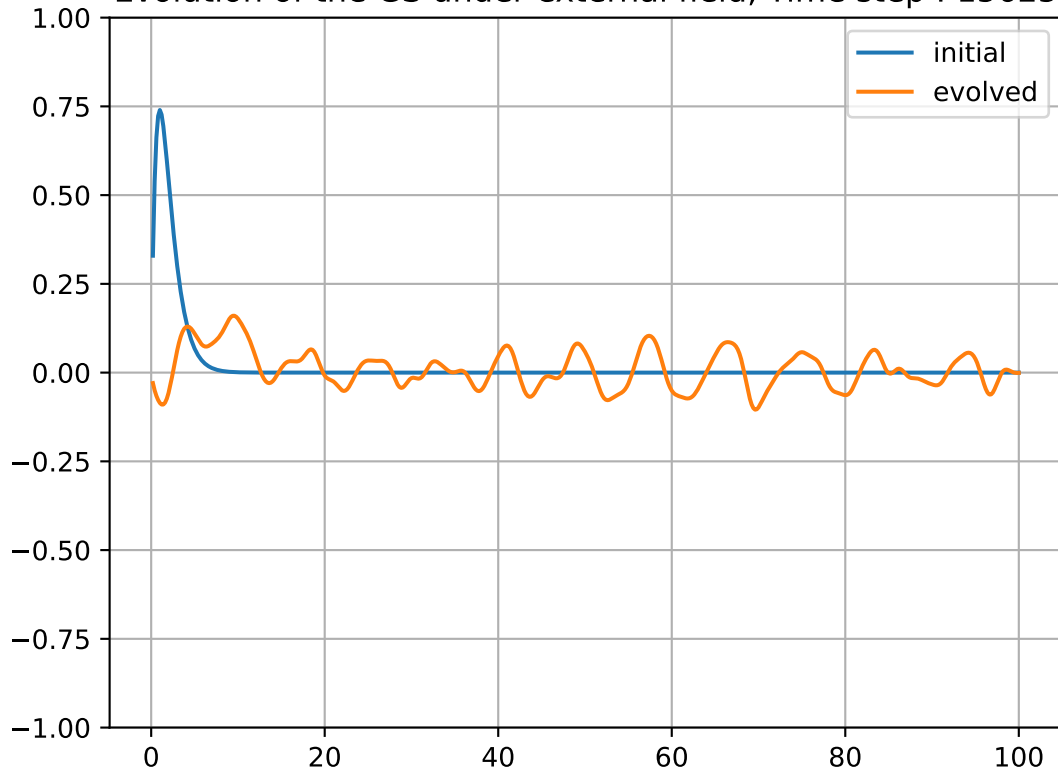

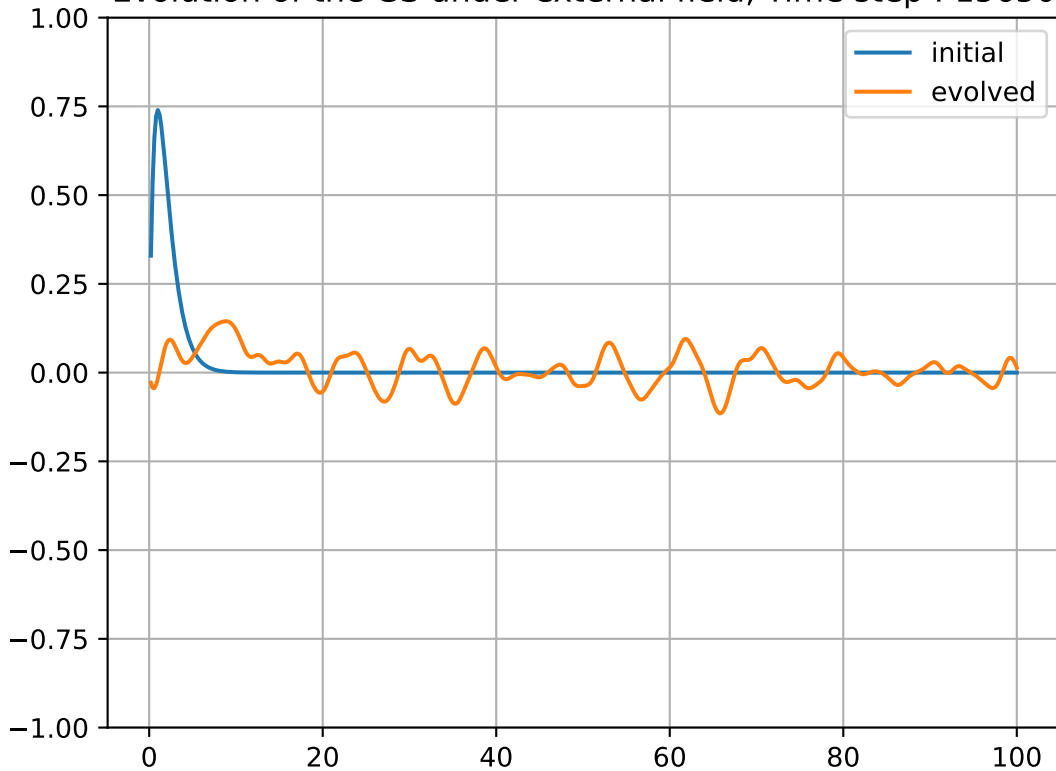

Evolution of the GS under external field, Time step : 15600

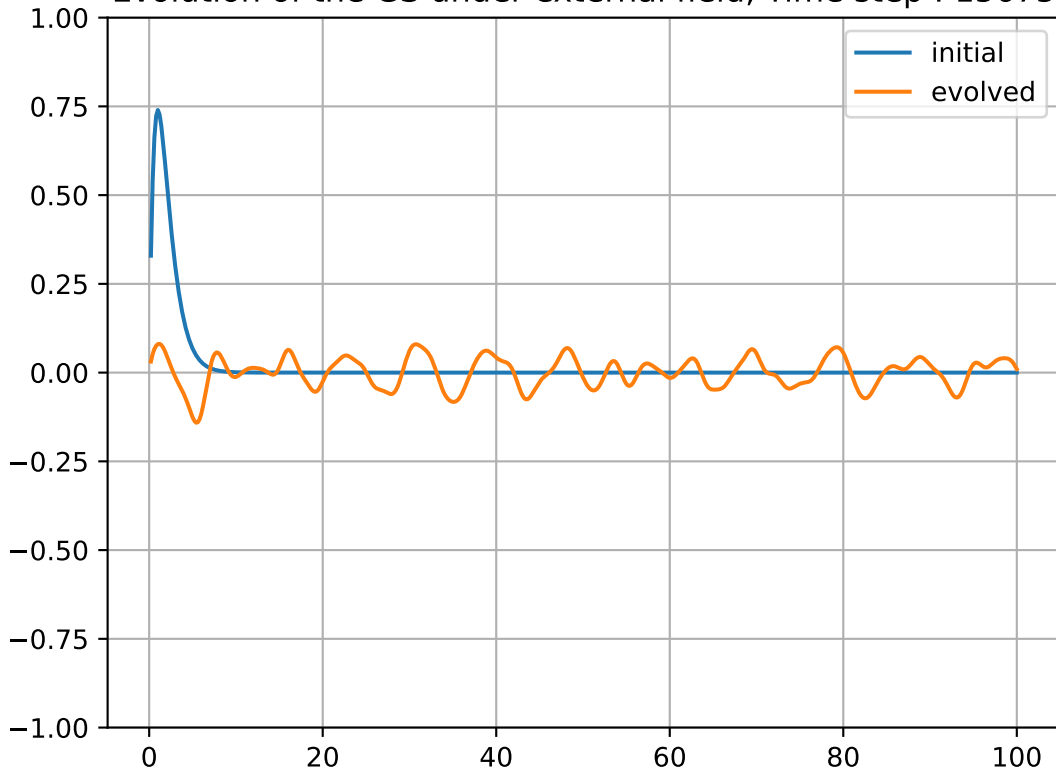

Evolution of the GS under external field, Time step : 15625

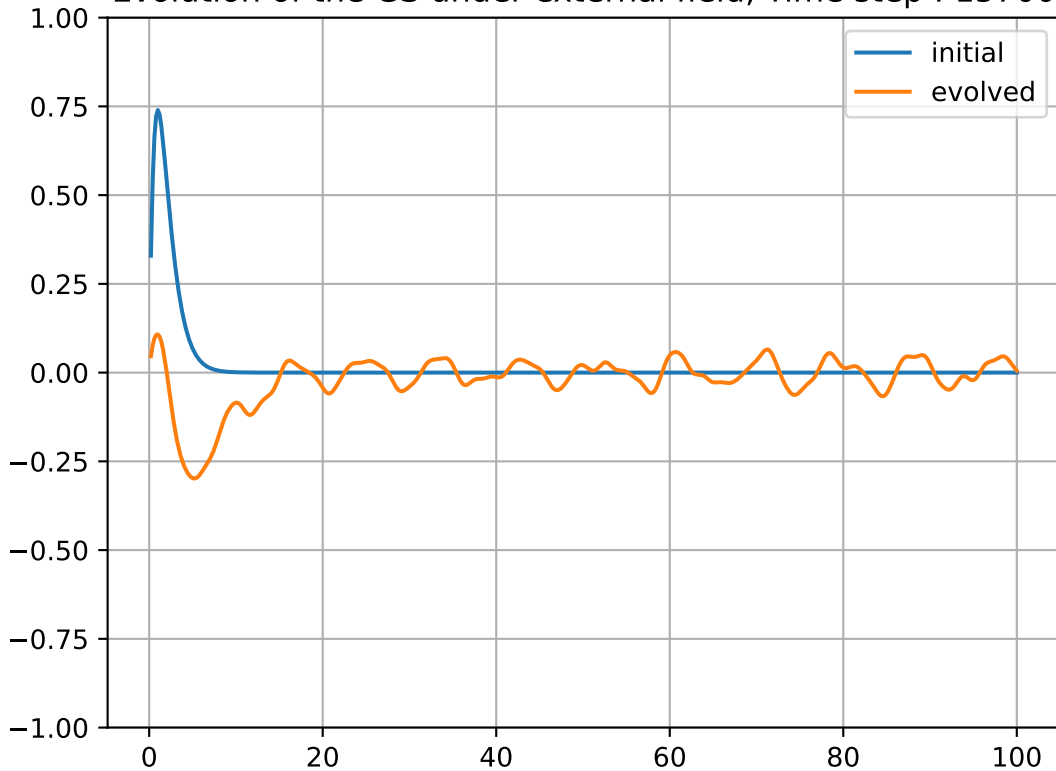

Evolution of the GS under external field, Time step : 15650

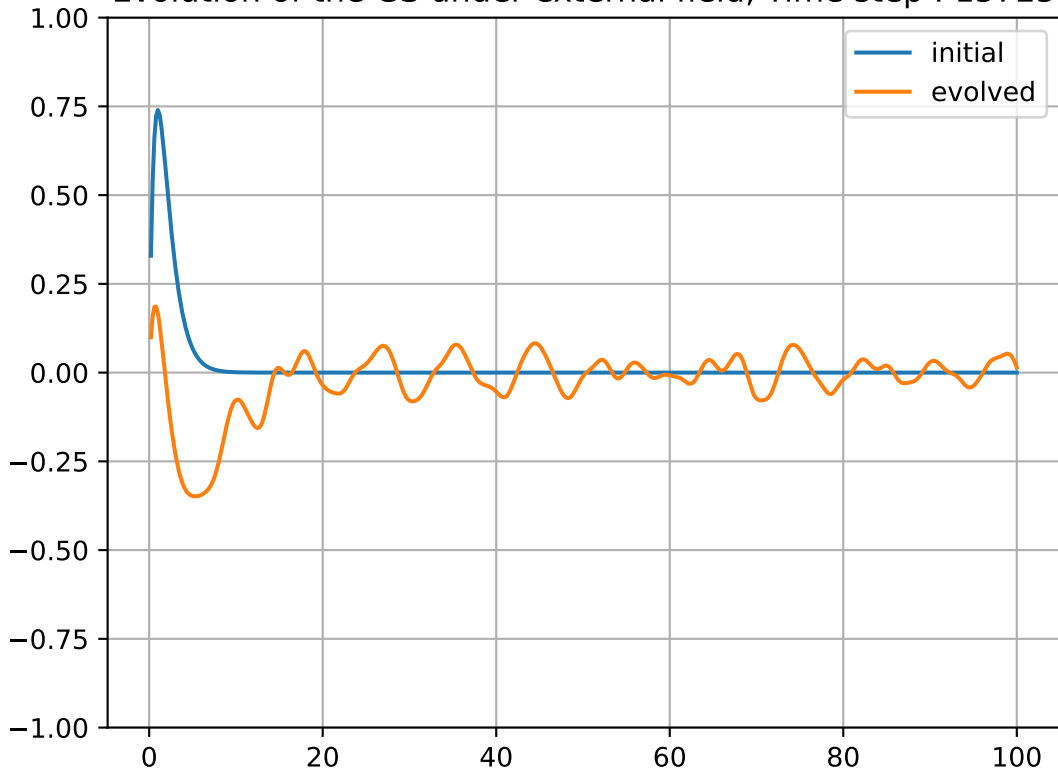

Evolution of the GS under external field, Time step : 15675

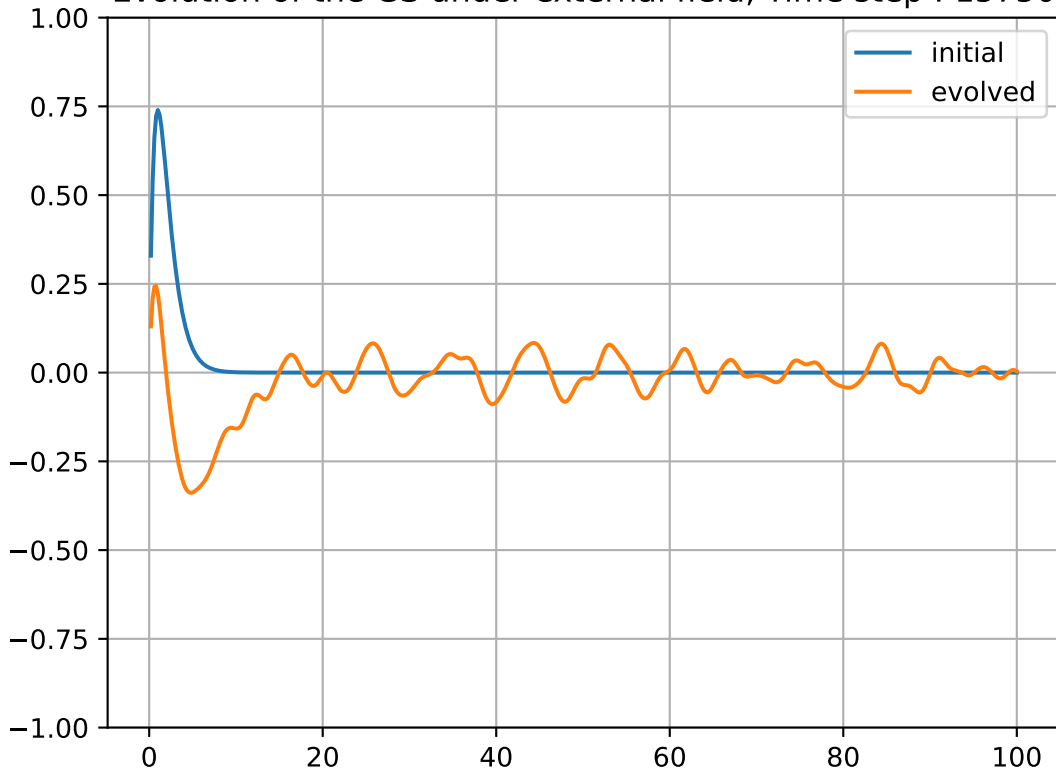

Evolution of the GS under external field, Time step : 15700

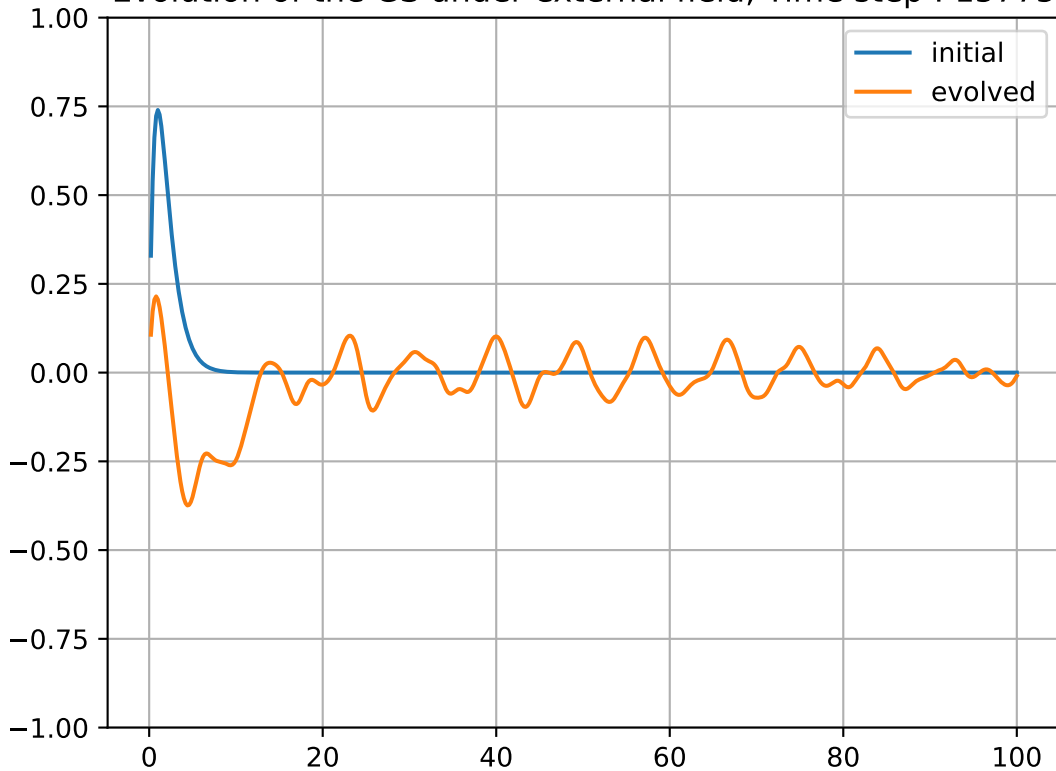

Evolution of the GS under external field, Time step : 15725

Evolution of the GS under external field, Time step : 15750

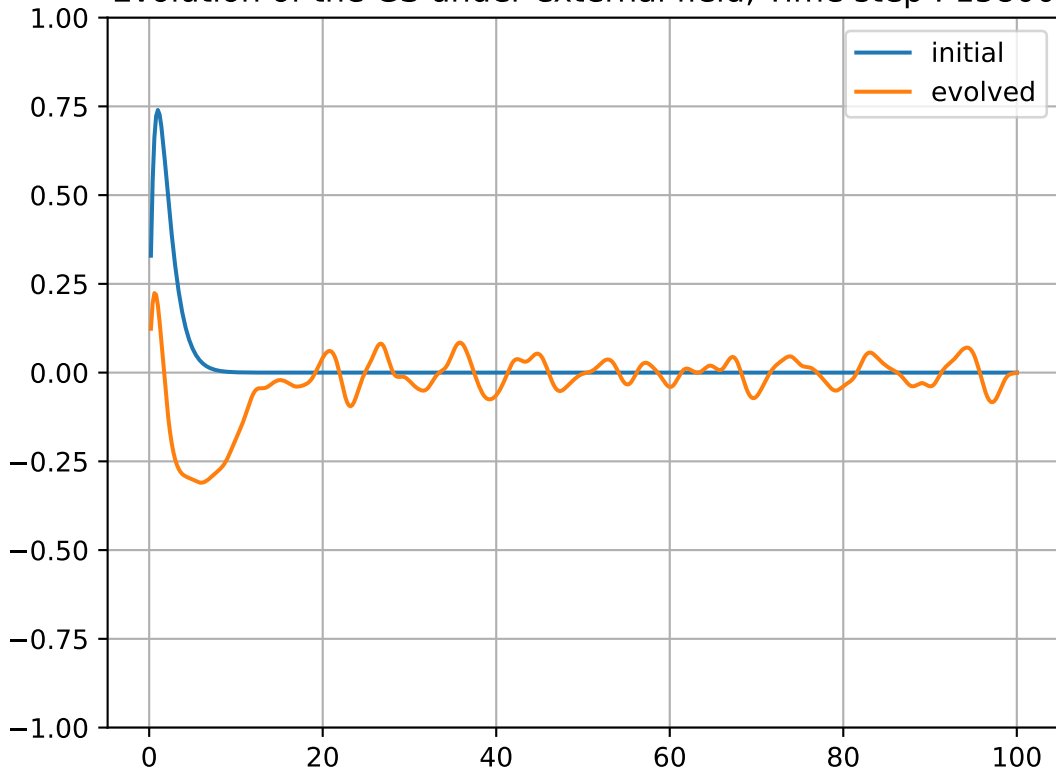

Evolution of the GS under external field, Time step : 15775

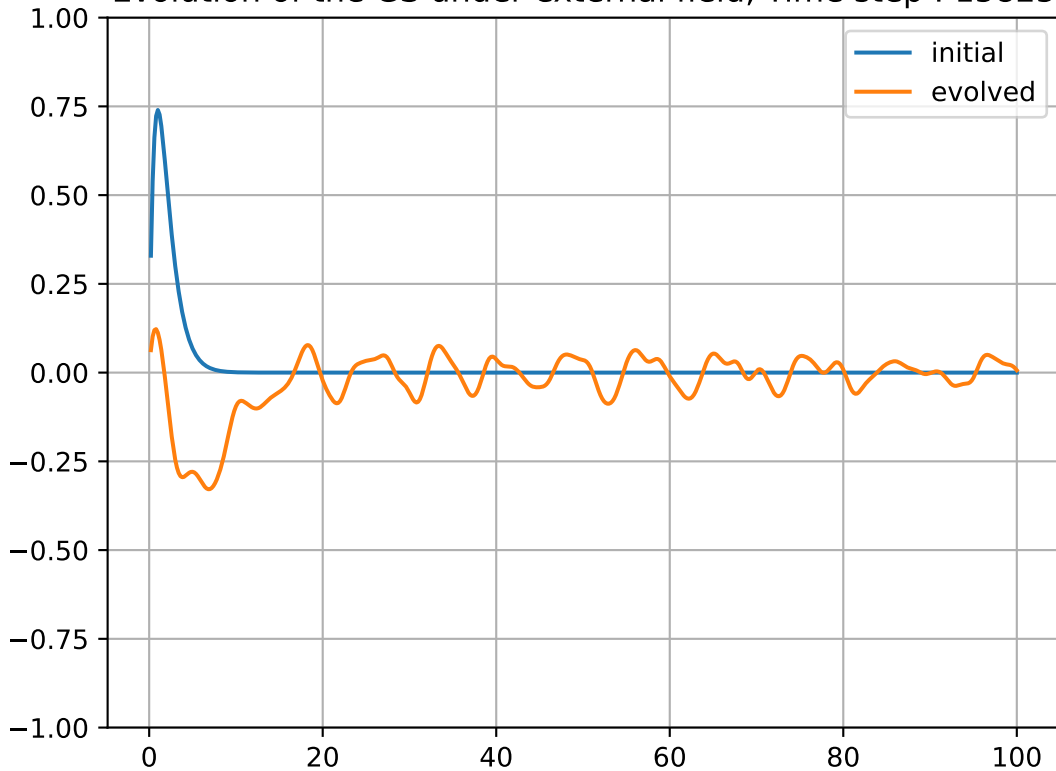

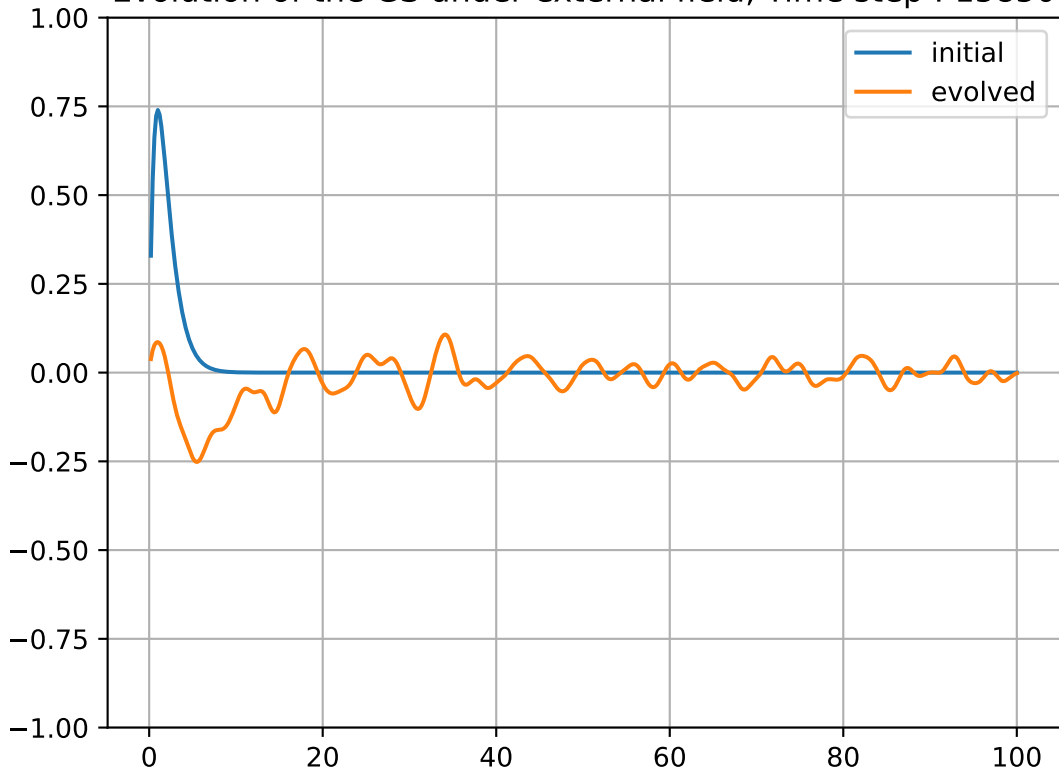

Evolution of the GS under external field, Time step : 15800

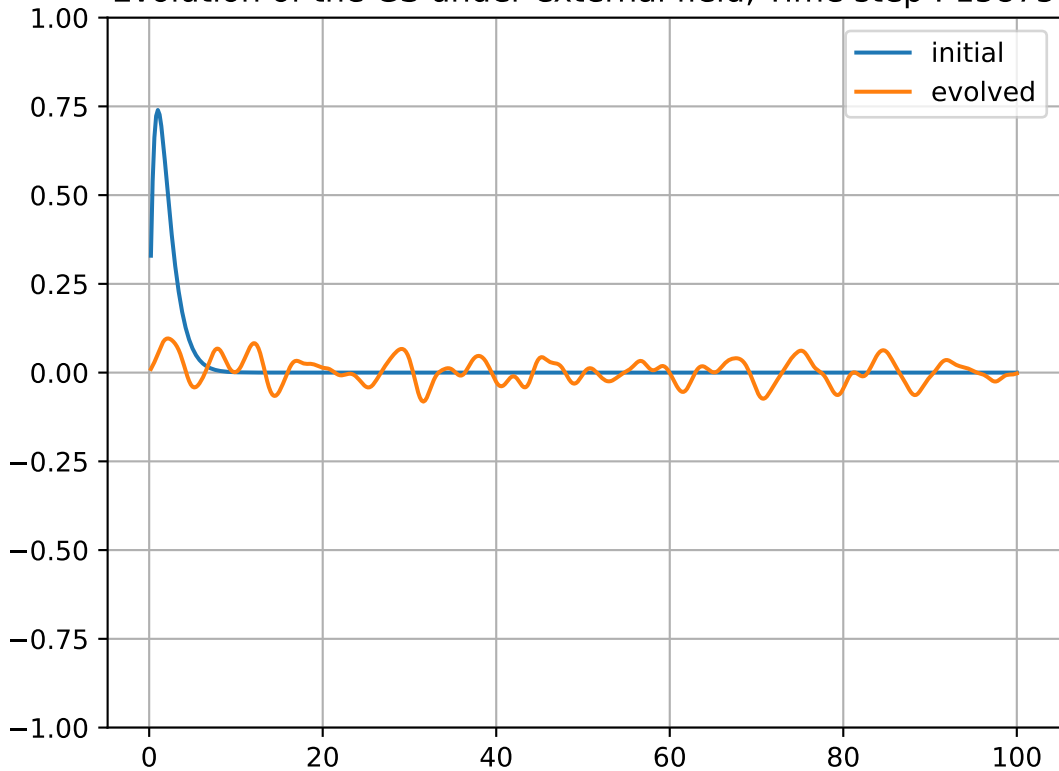

Evolution of the GS under external field, Time step : 15825

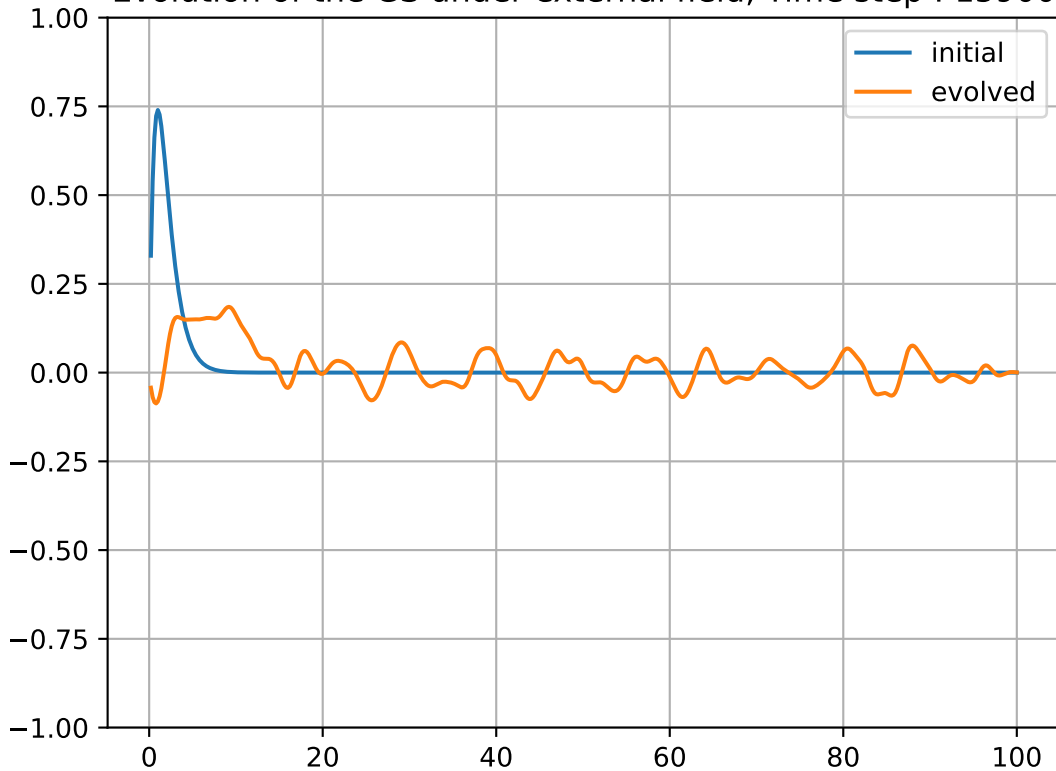

Evolution of the GS under external field, Time step : 15850

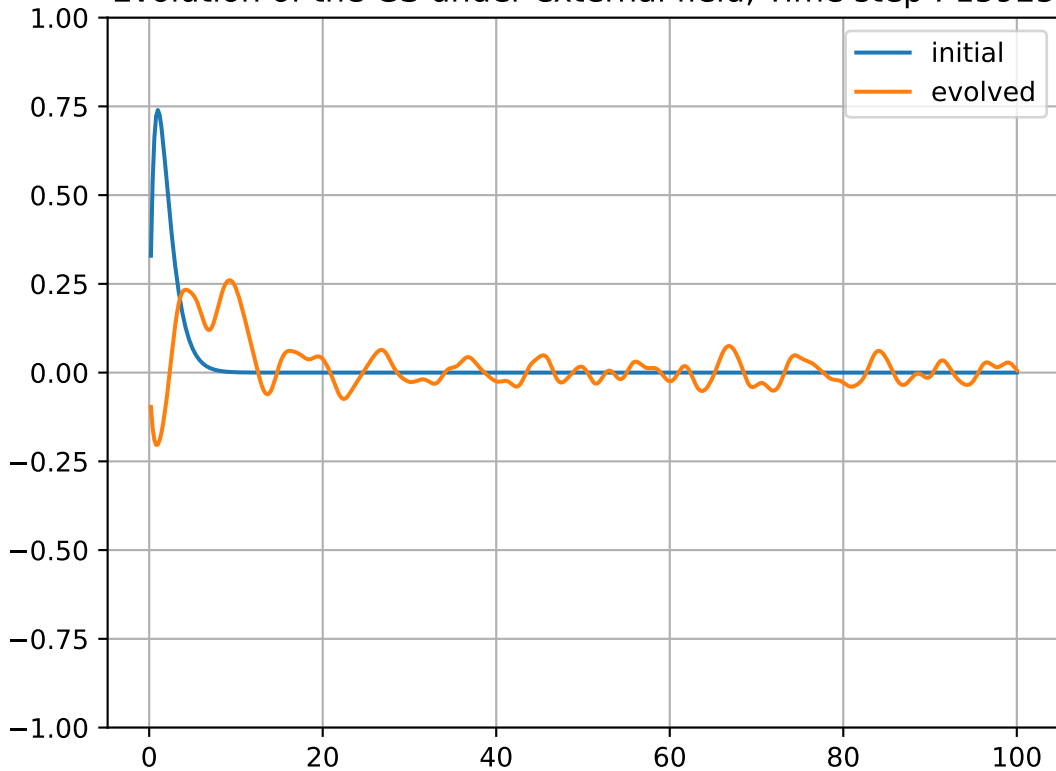

Evolution of the GS under external field, Time step : 15875

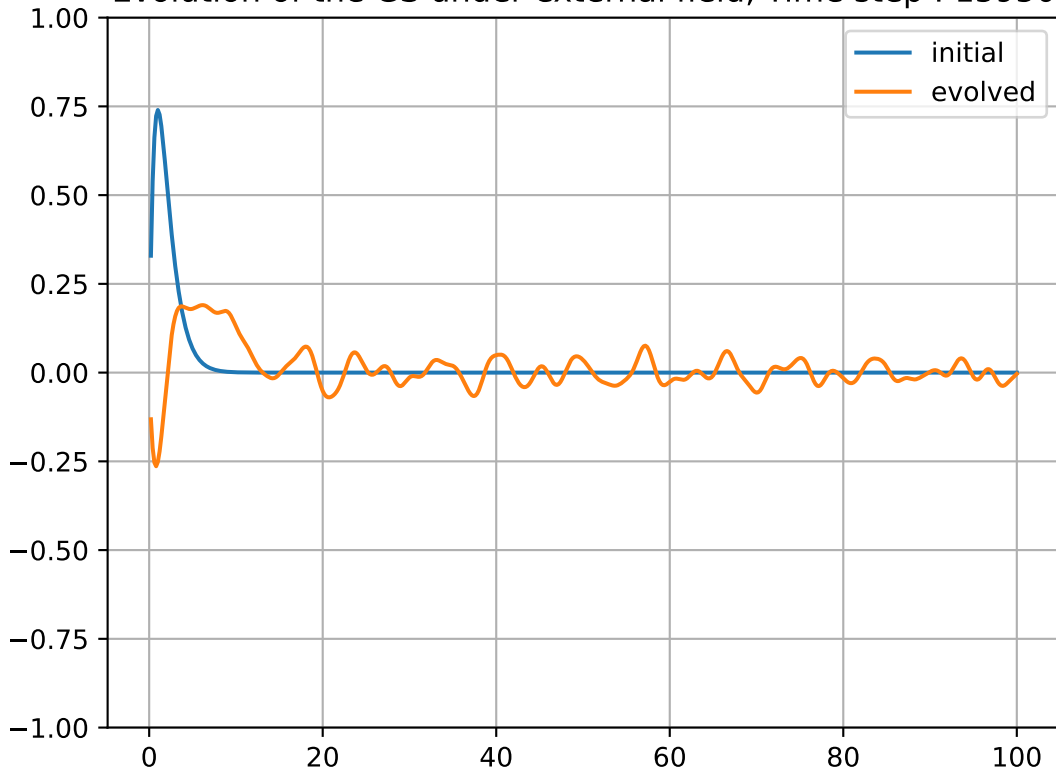

Evolution of the GS under external field, Time step : 15900

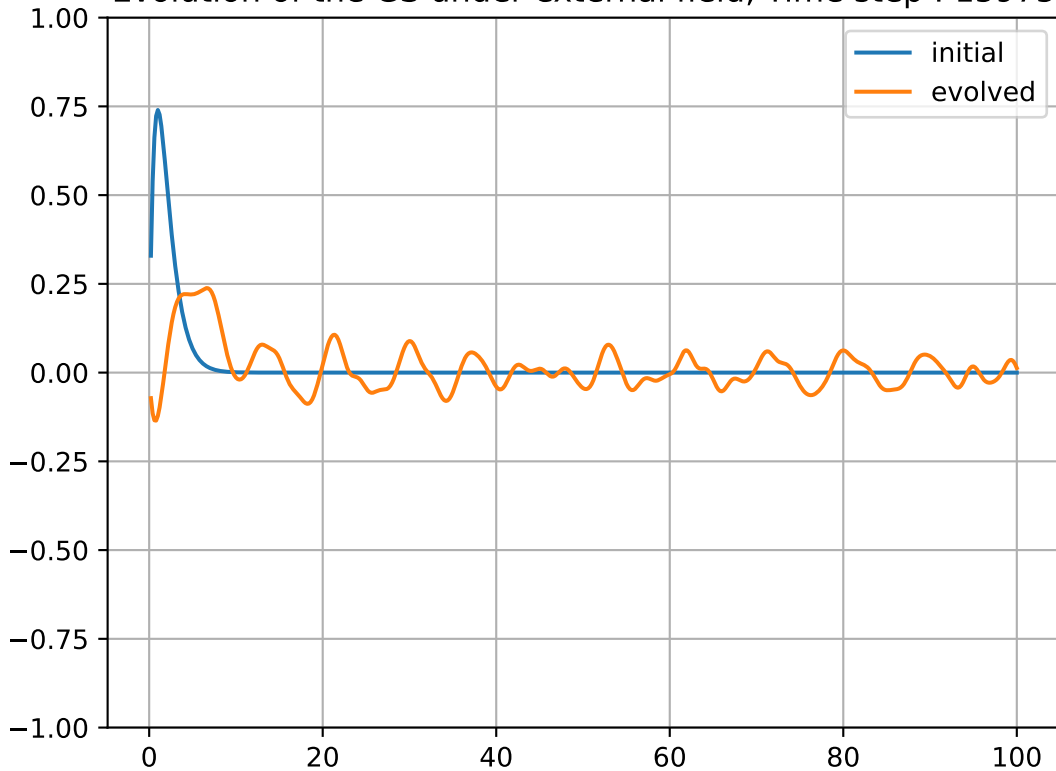

Evolution of the GS under external field, Time step : 15925

Evolution of the GS under external field, Time step : 15950

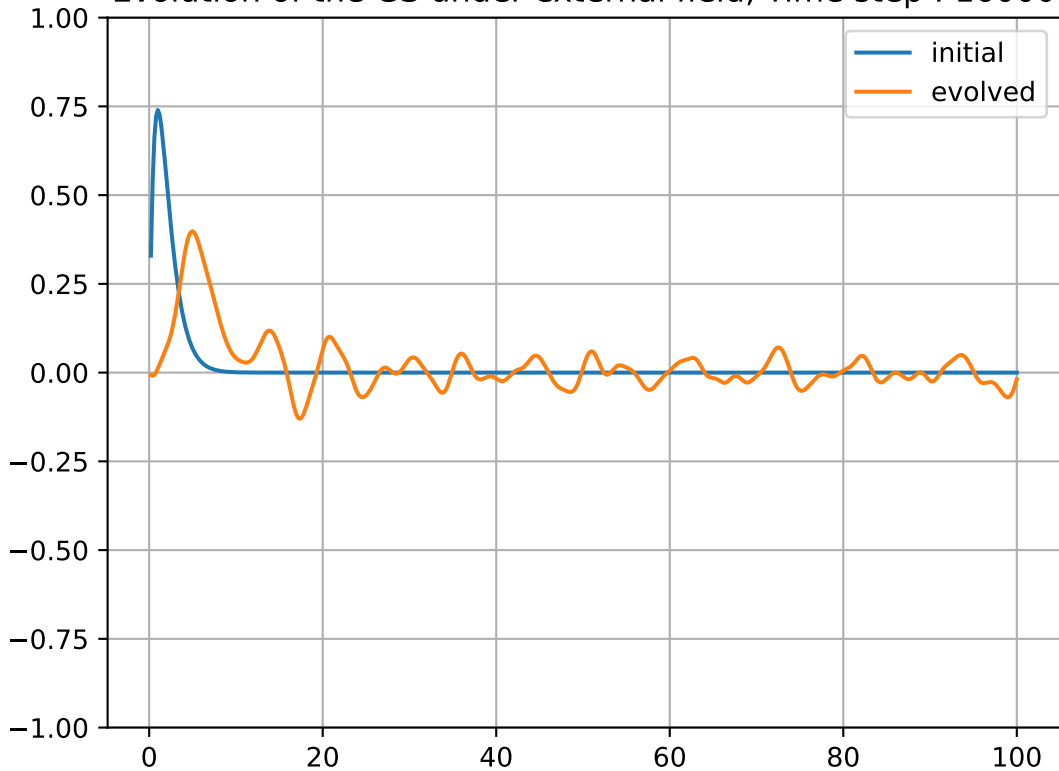

Evolution of the GS under external field, Time step : 15975

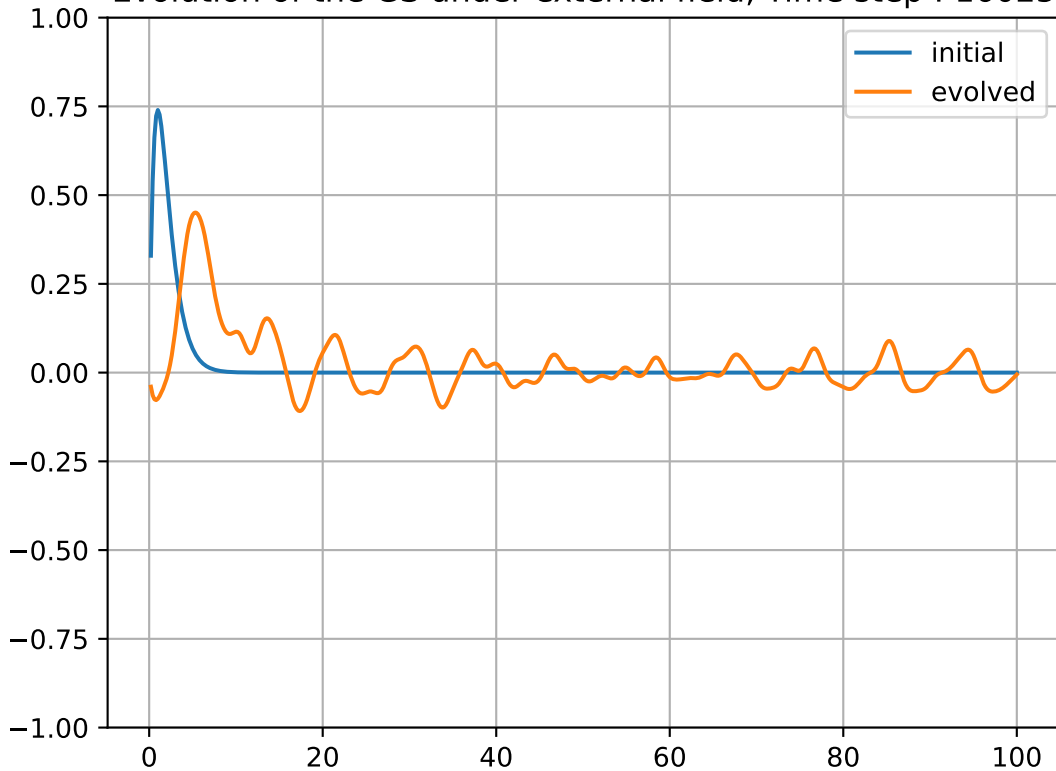

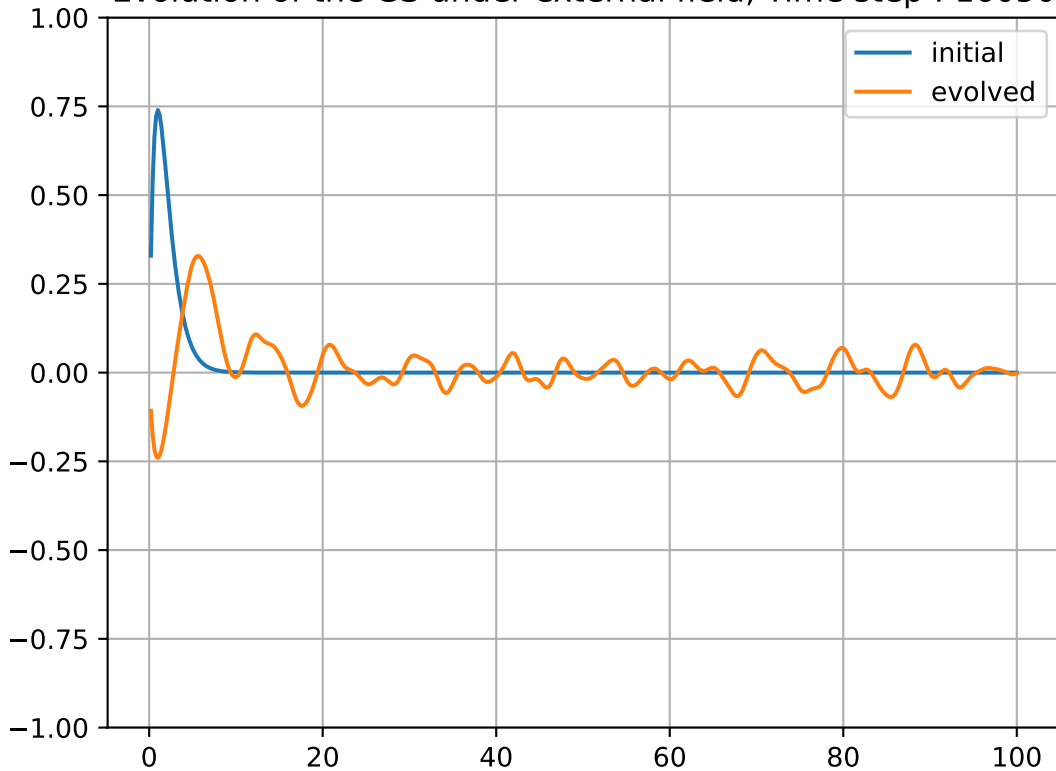

Evolution of the GS under external field, Time step : 16000

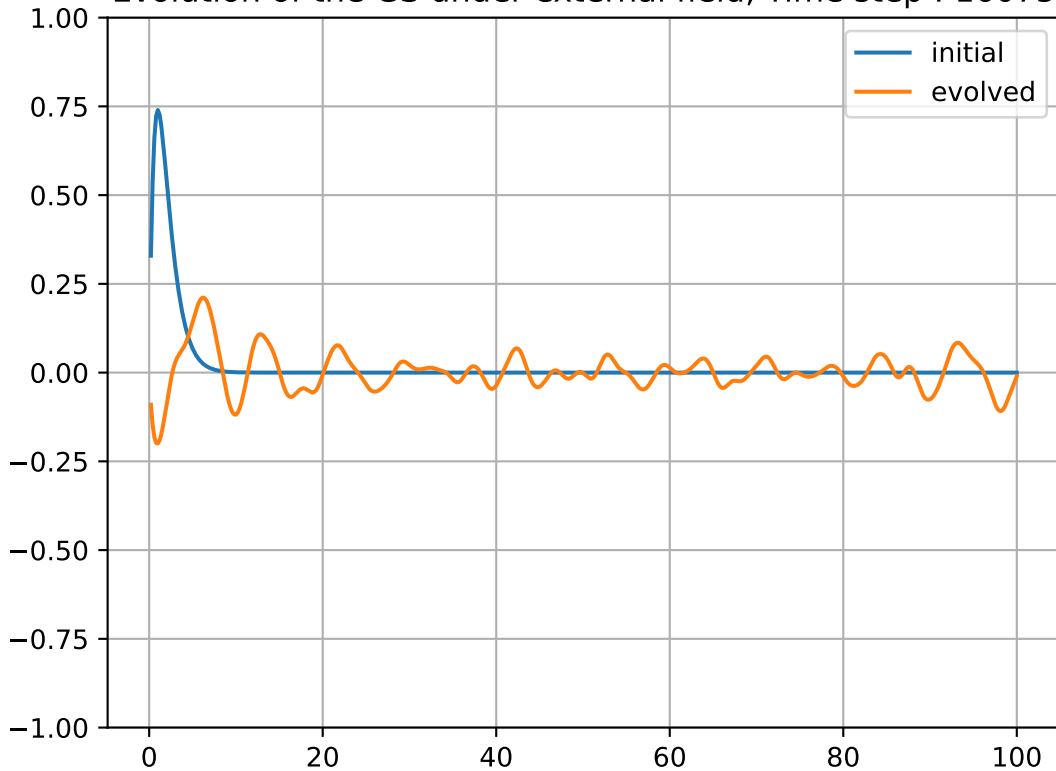

Evolution of the GS under external field, Time step : 16025

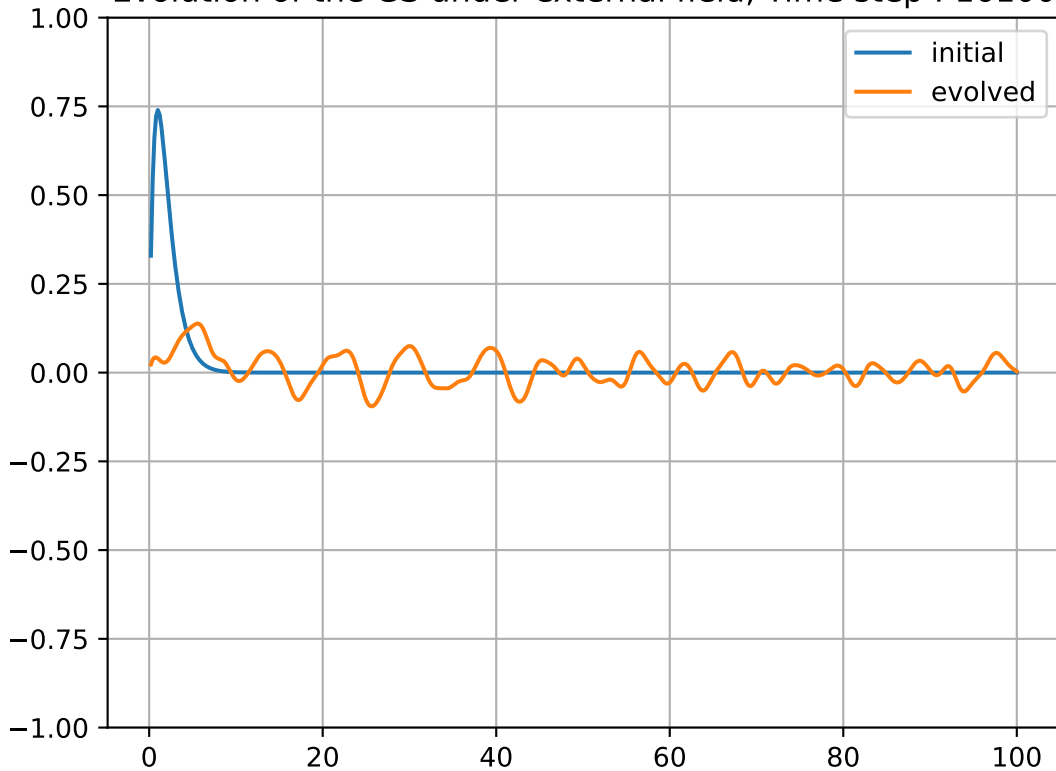

Evolution of the GS under external field, Time step : 16050

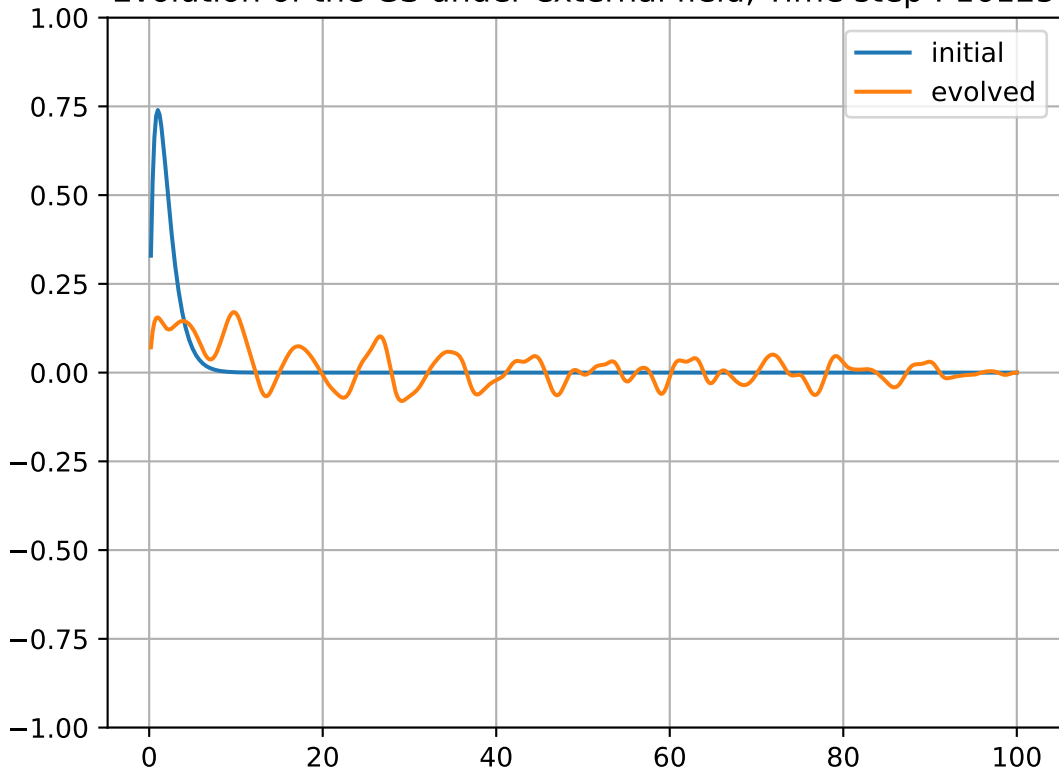

Evolution of the GS under external field, Time step : 16075

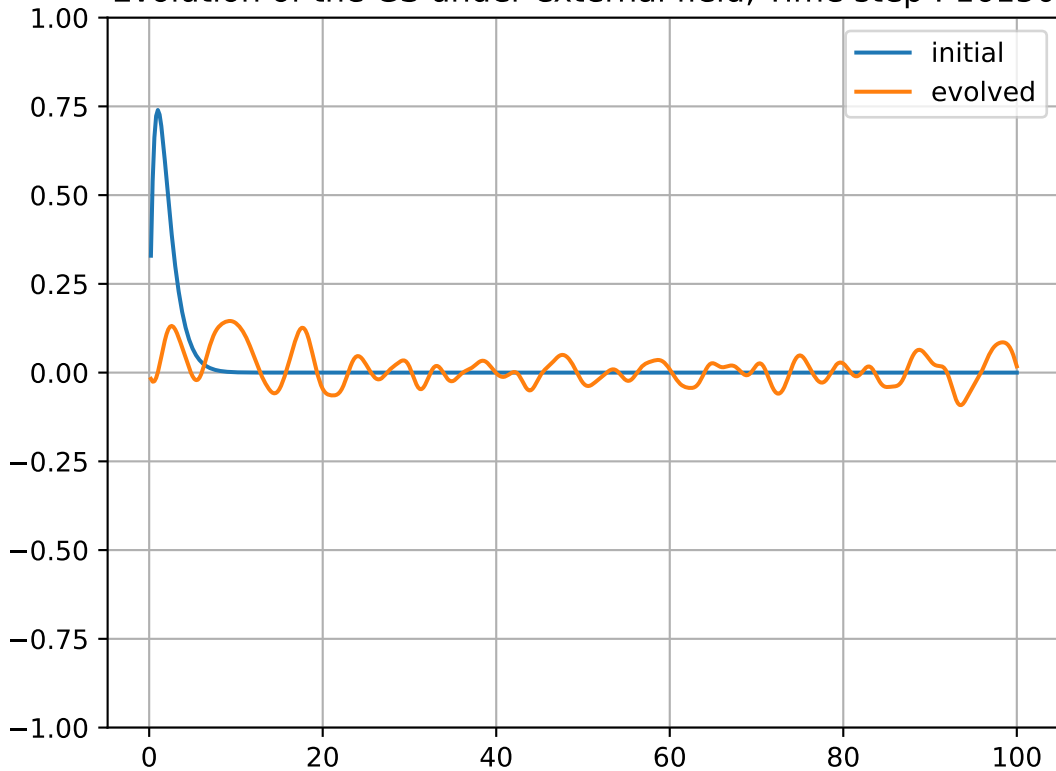

Evolution of the GS under external field, Time step : 16100

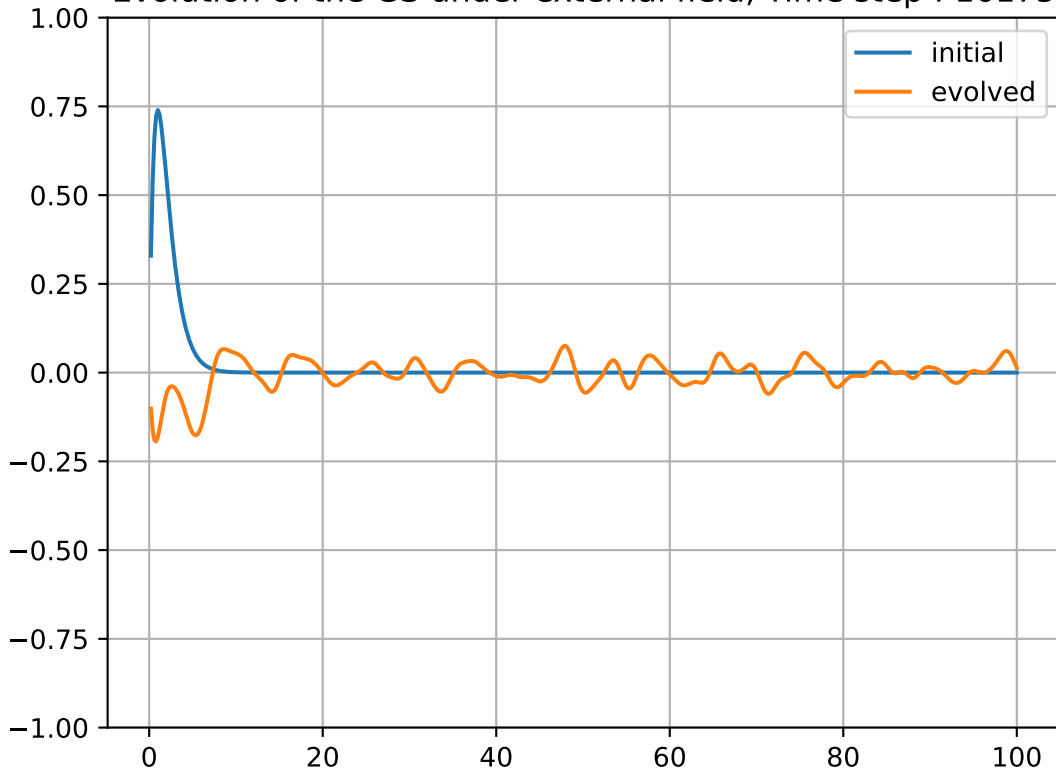

Evolution of the GS under external field, Time step : 16125

Evolution of the GS under external field, Time step : 16150

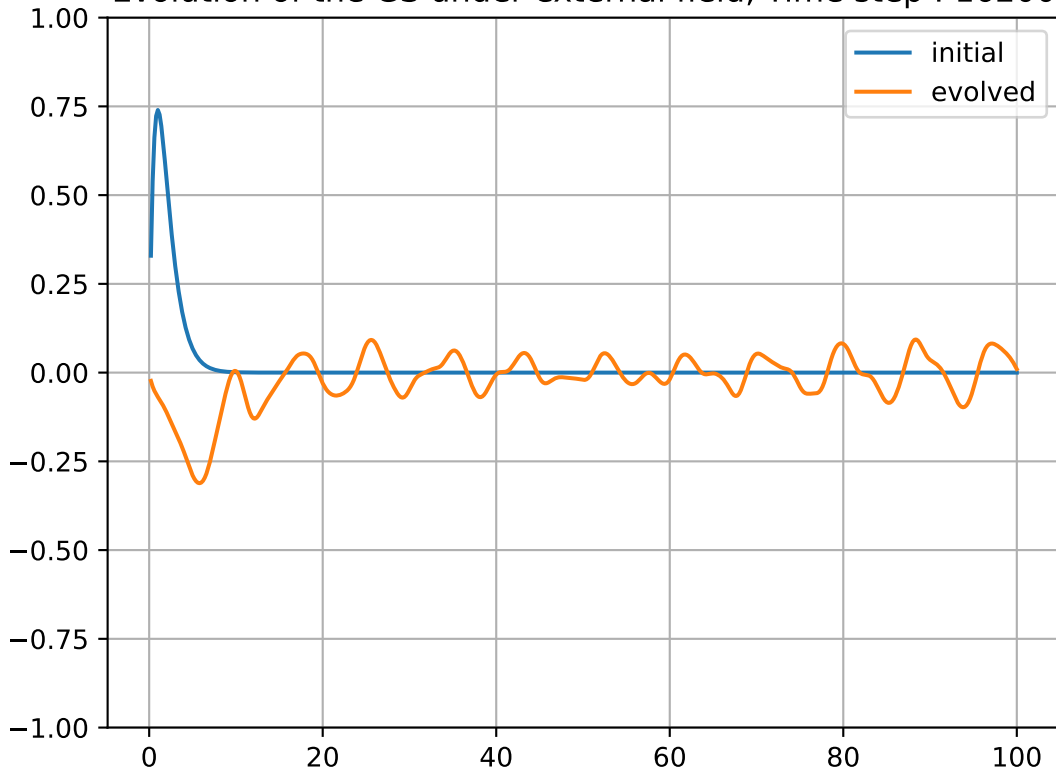

Evolution of the GS under external field, Time step : 16175

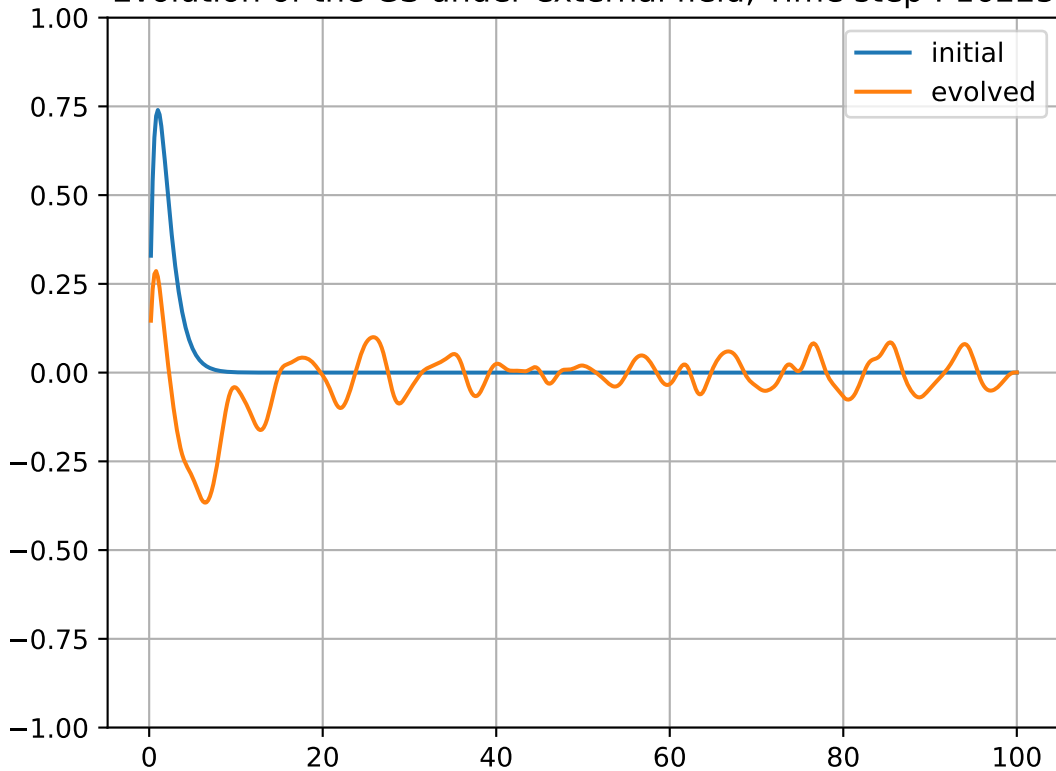

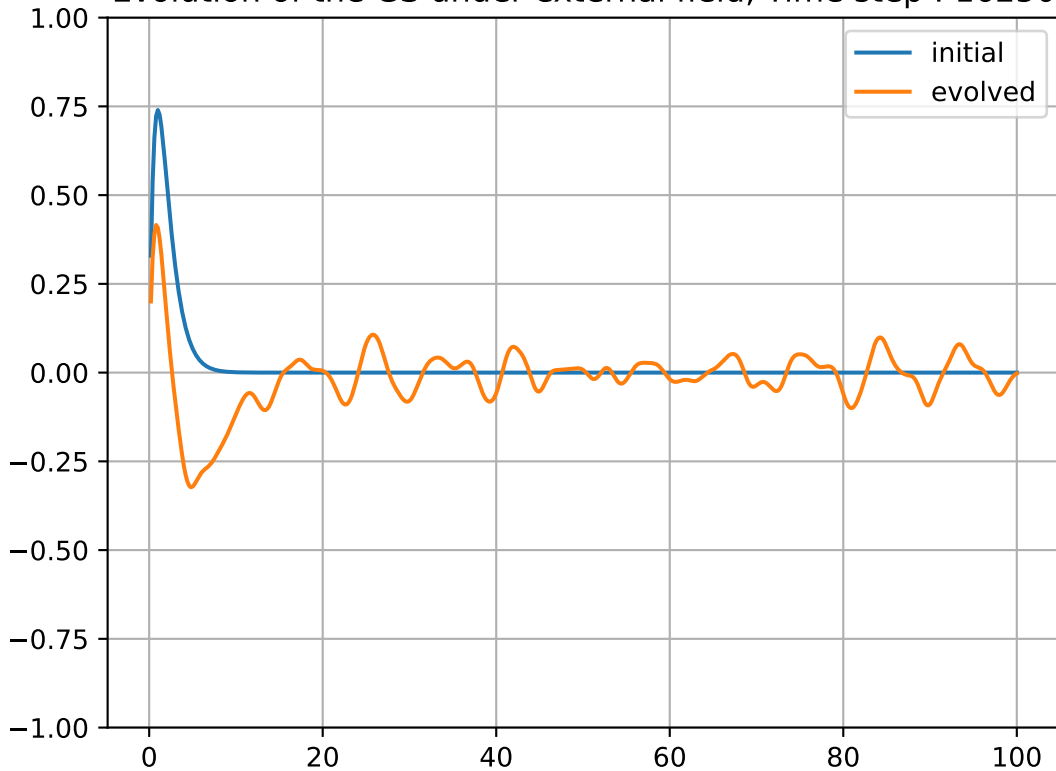

Evolution of the GS under external field, Time step : 16200

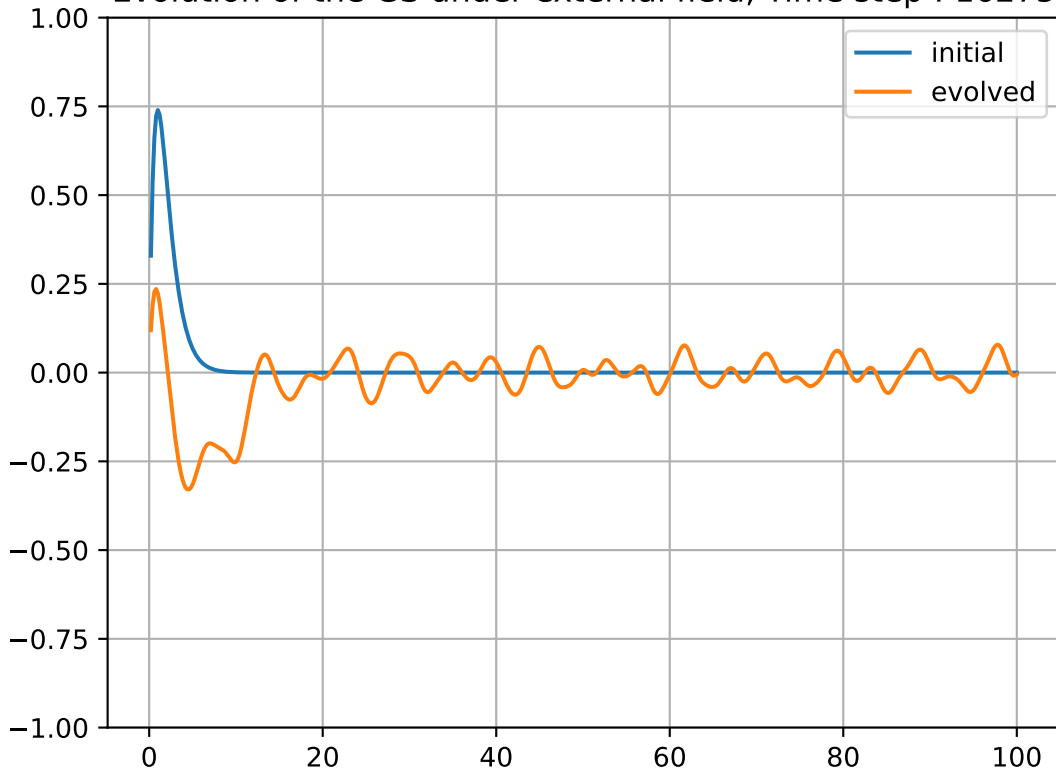

Evolution of the GS under external field, Time step : 16225

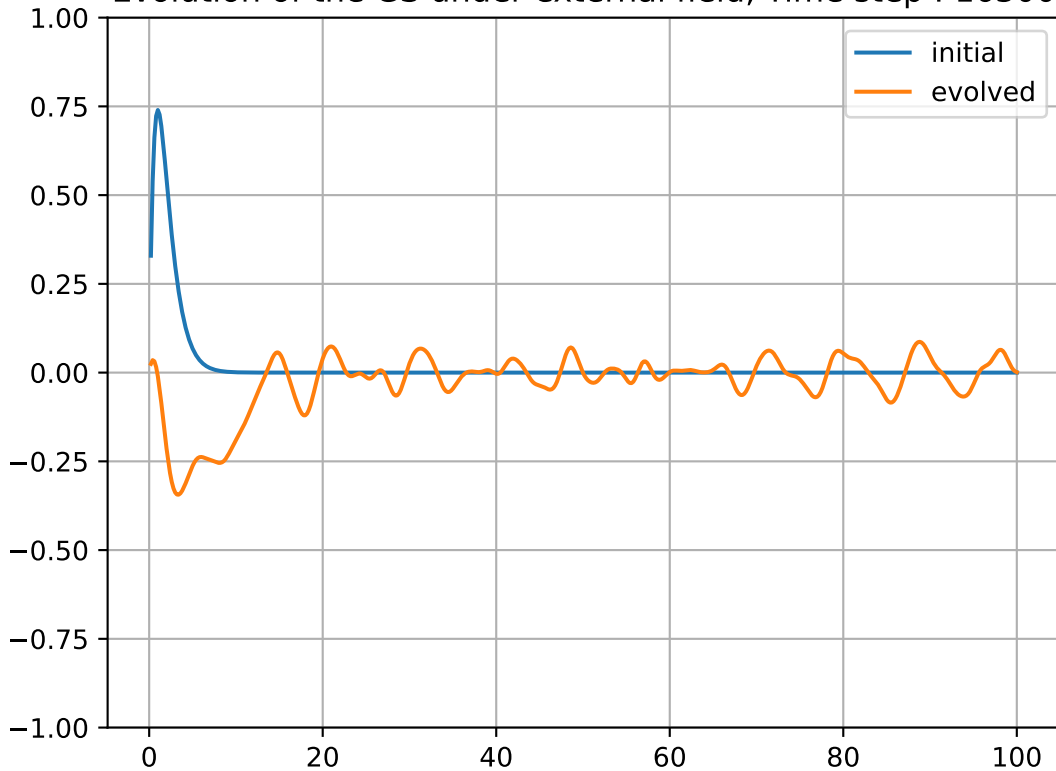

Evolution of the GS under external field, Time step : 16250

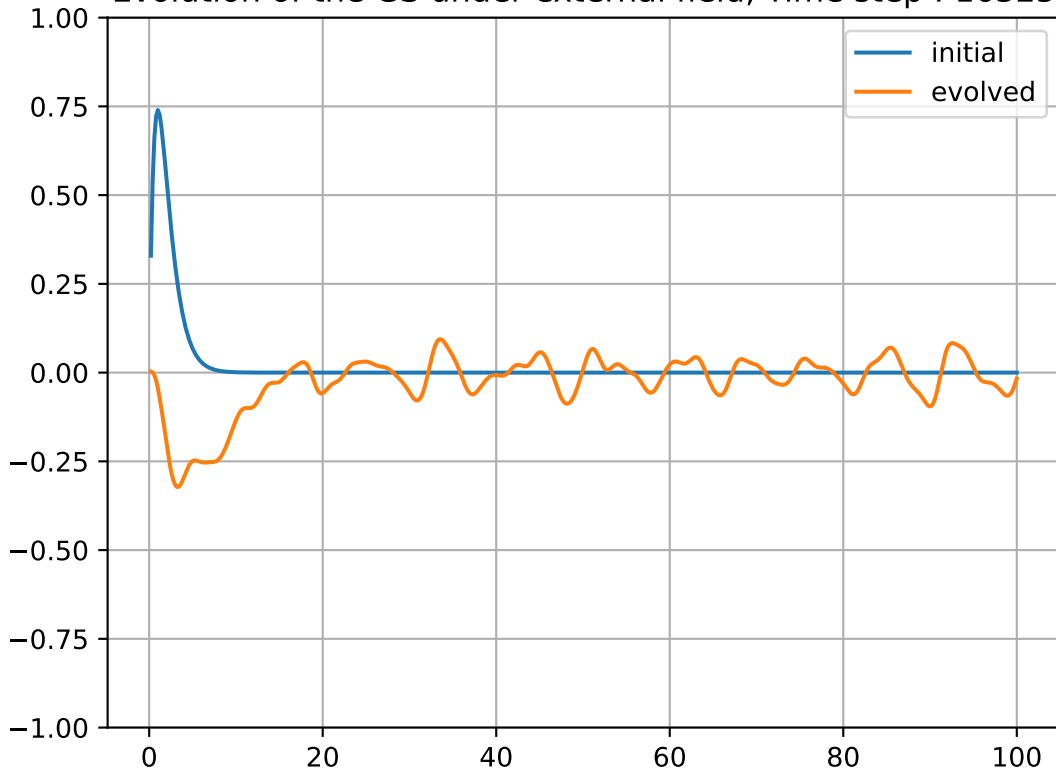

Evolution of the GS under external field, Time step : 16275

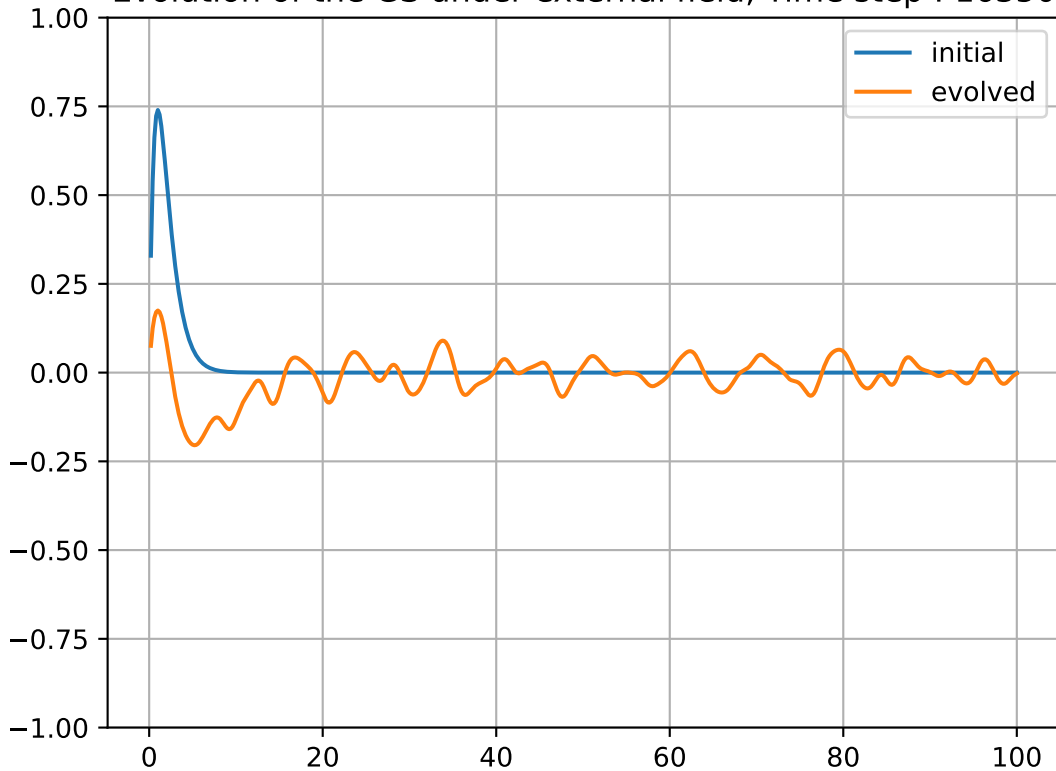

Evolution of the GS under external field, Time step : 16300

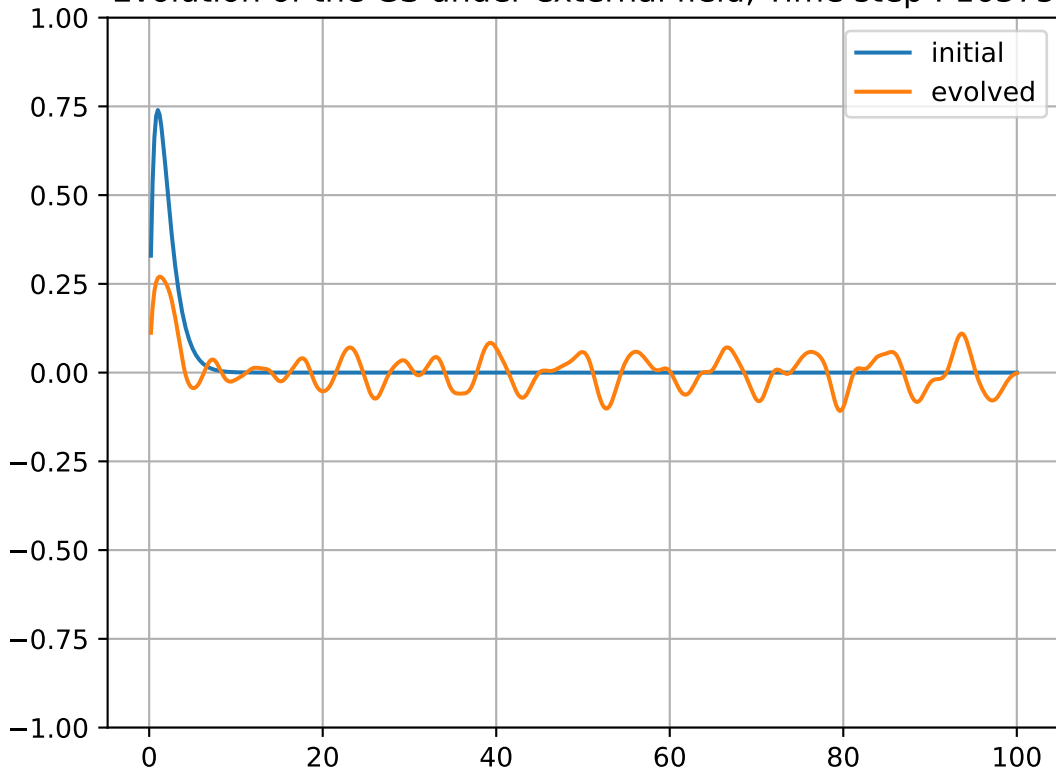

Evolution of the GS under external field, Time step : 16325

Evolution of the GS under external field, Time step : 16350

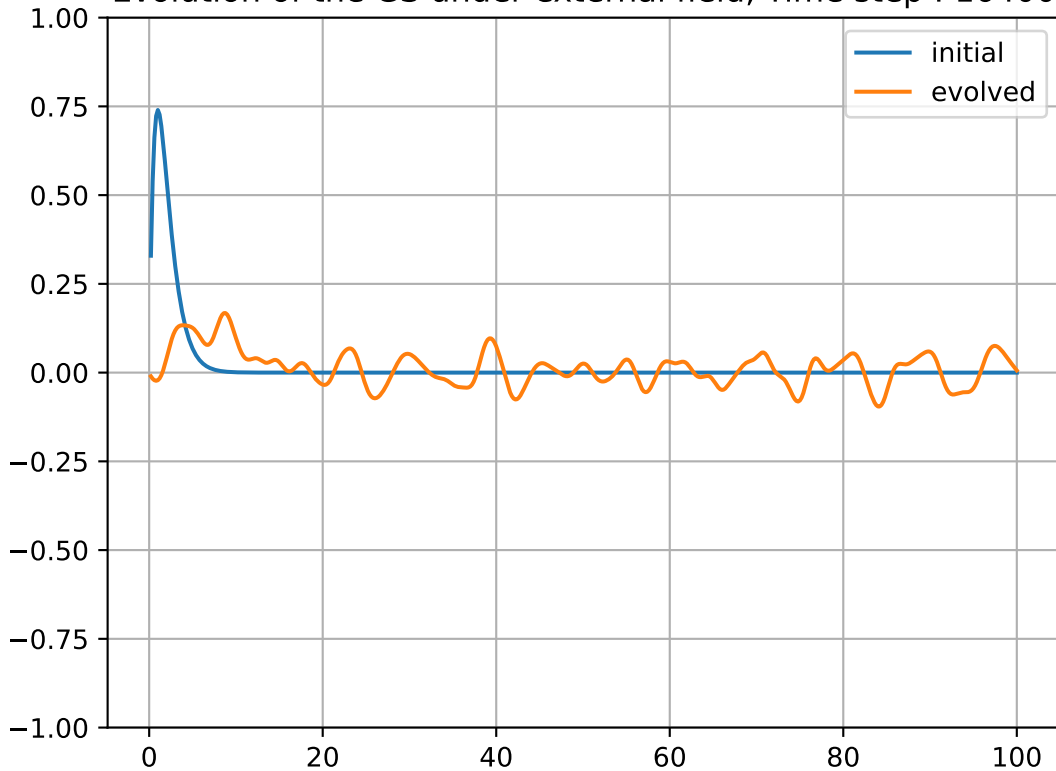

Evolution of the GS under external field, Time step : 16375

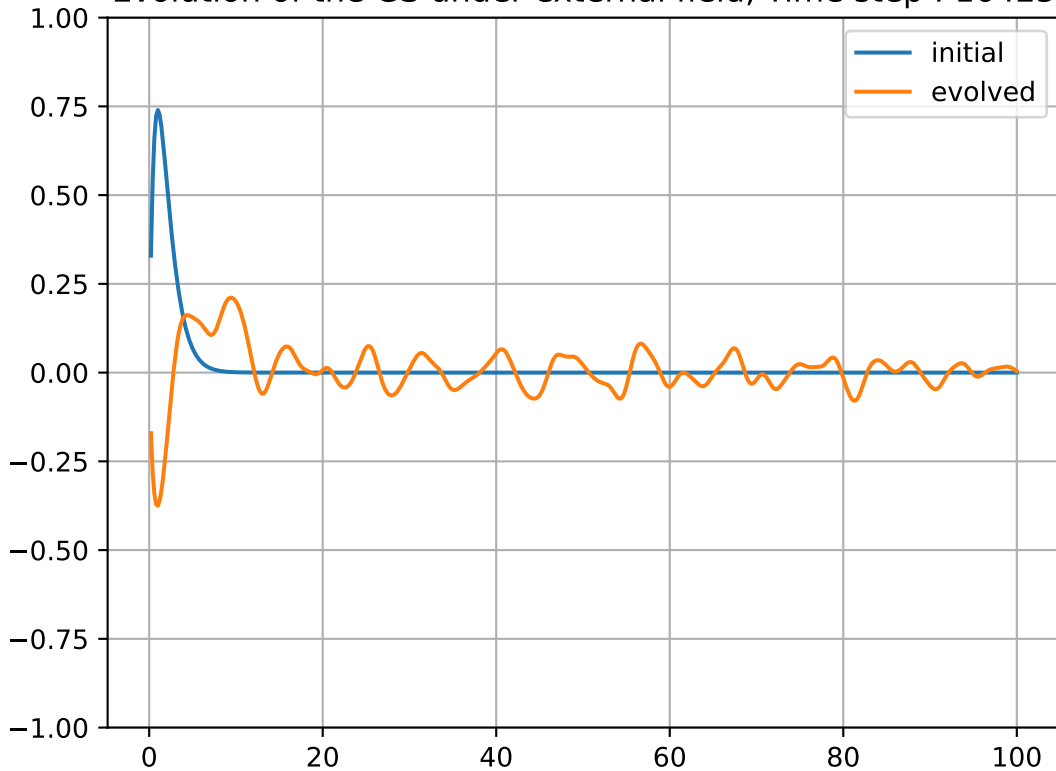

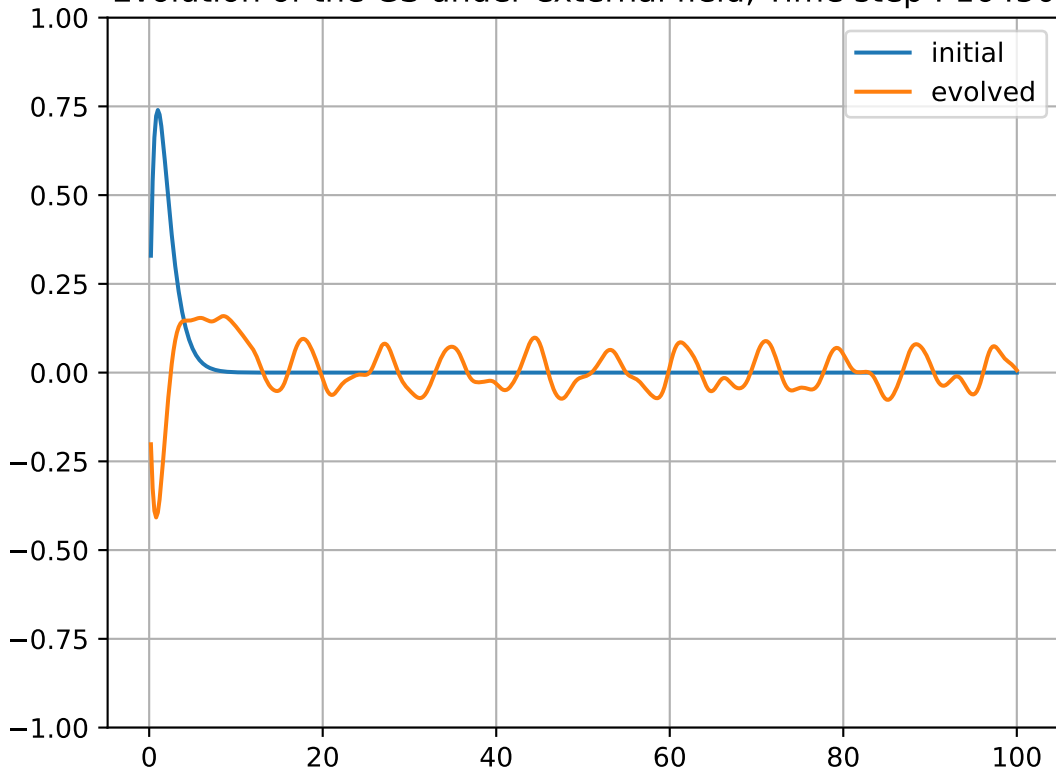

Evolution of the GS under external field, Time step : 16400

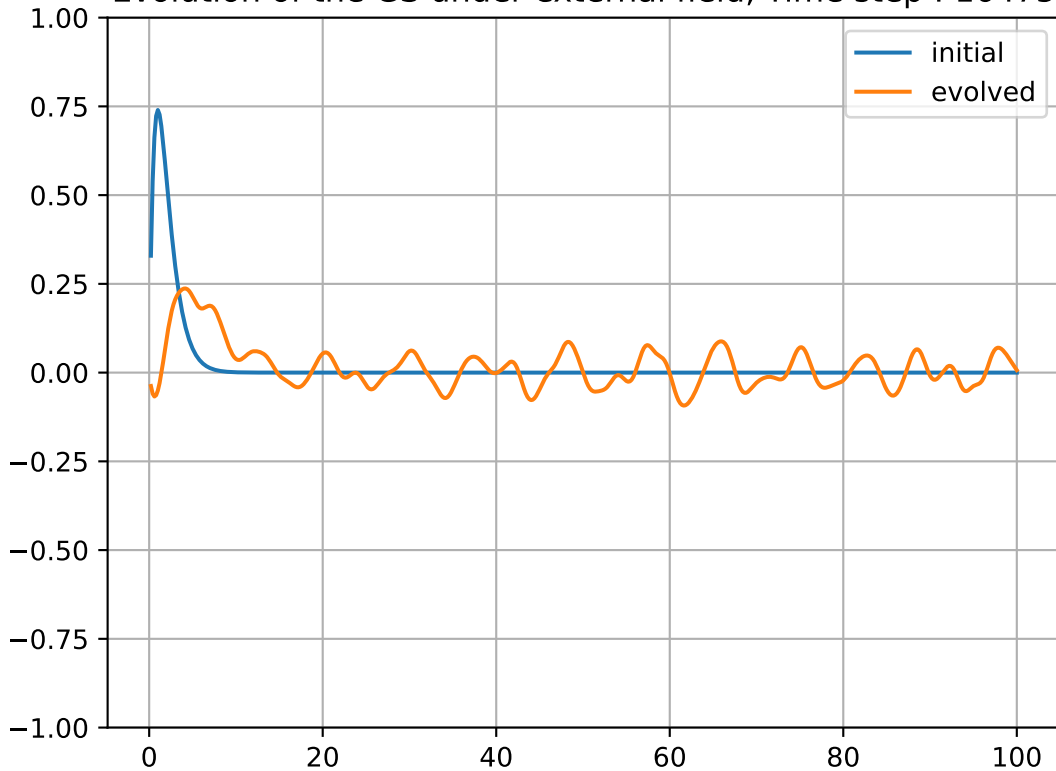

Evolution of the GS under external field, Time step : 16425

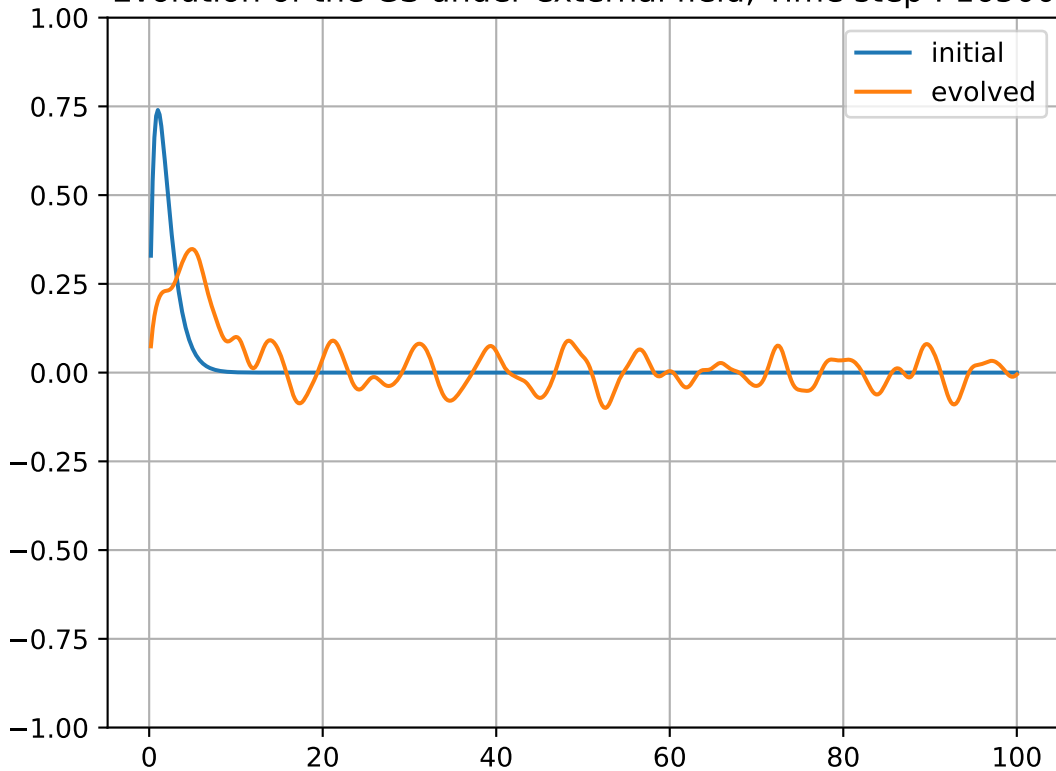

Evolution of the GS under external field, Time step : 16450

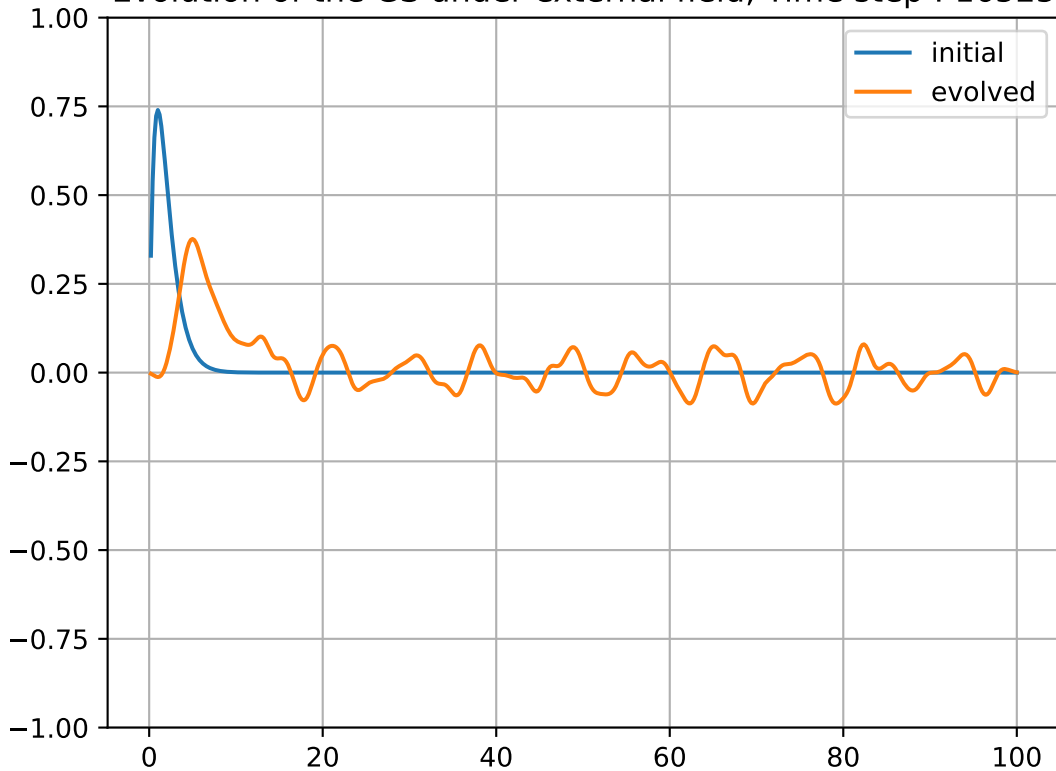

Evolution of the GS under external field, Time step : 16475

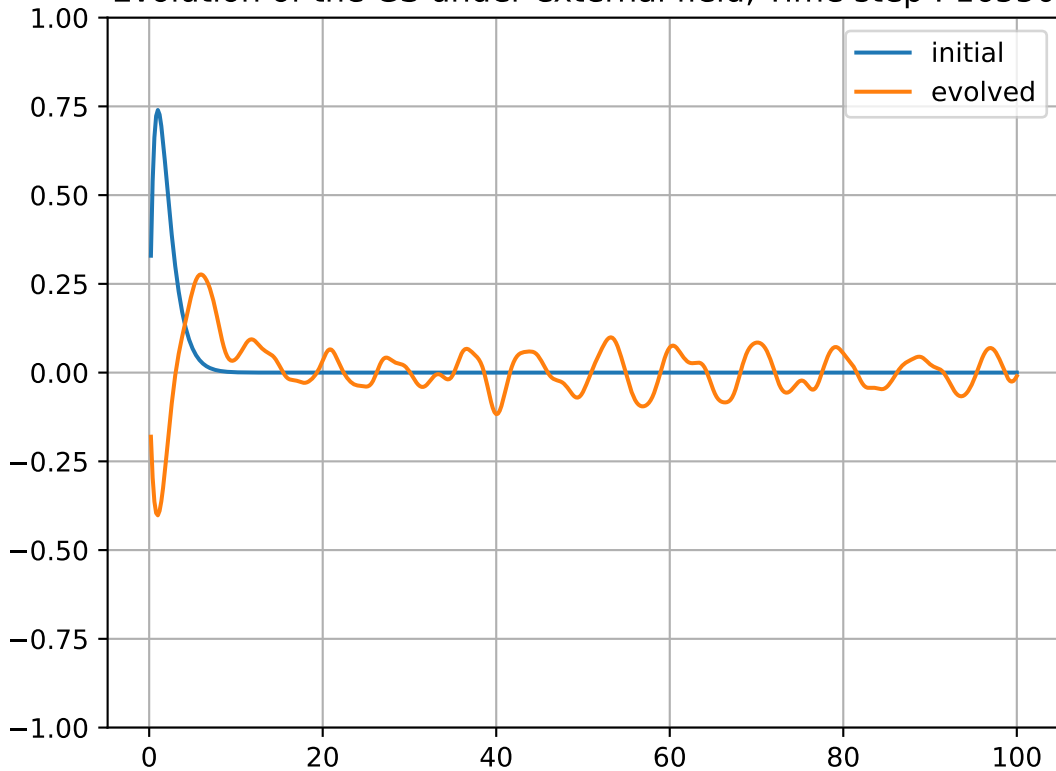

Evolution of the GS under external field, Time step : 16500

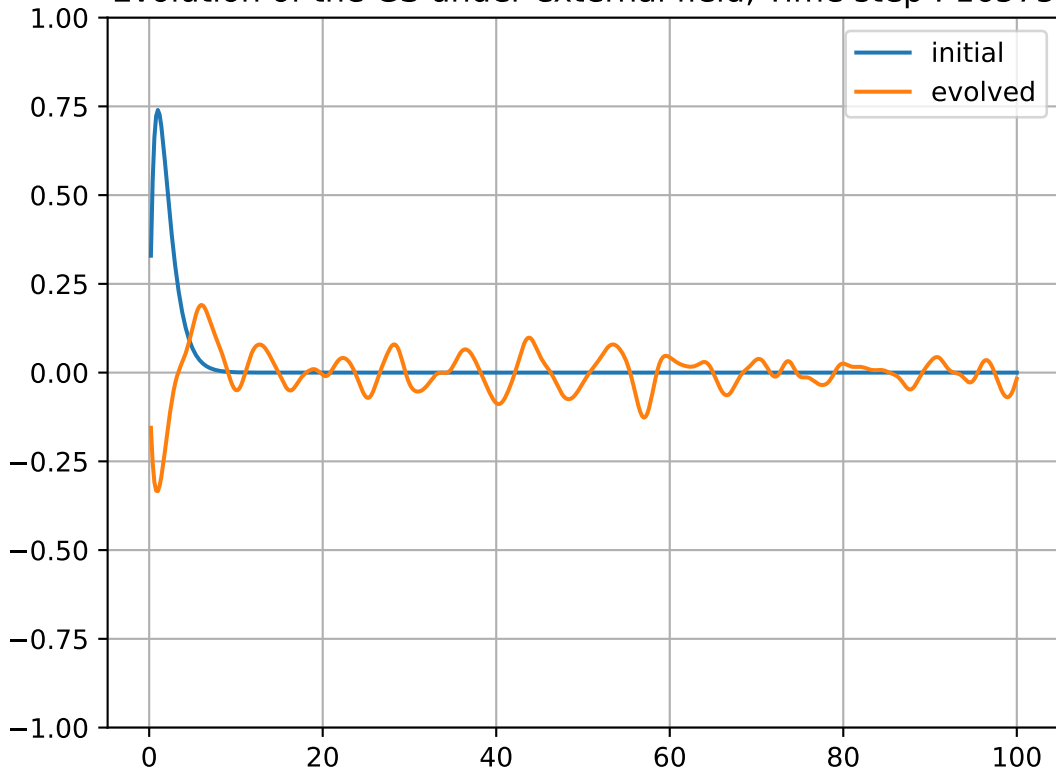

Evolution of the GS under external field, Time step : 16525

Evolution of the GS under external field, Time step : 16550

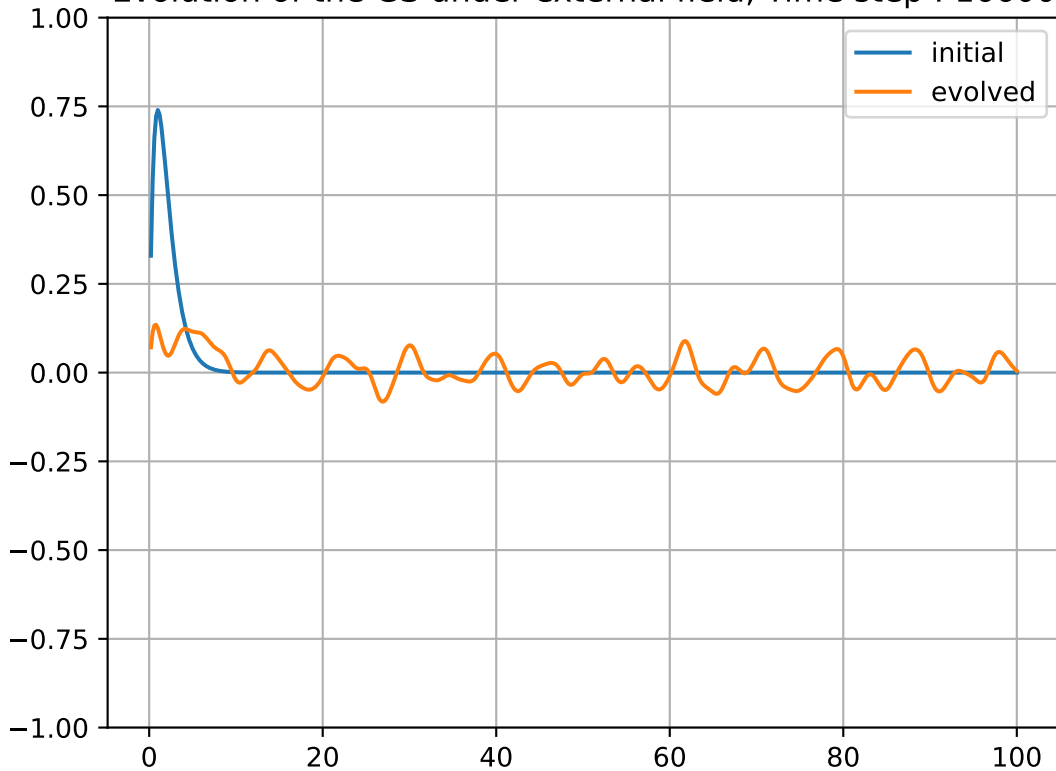

Evolution of the GS under external field, Time step : 16575

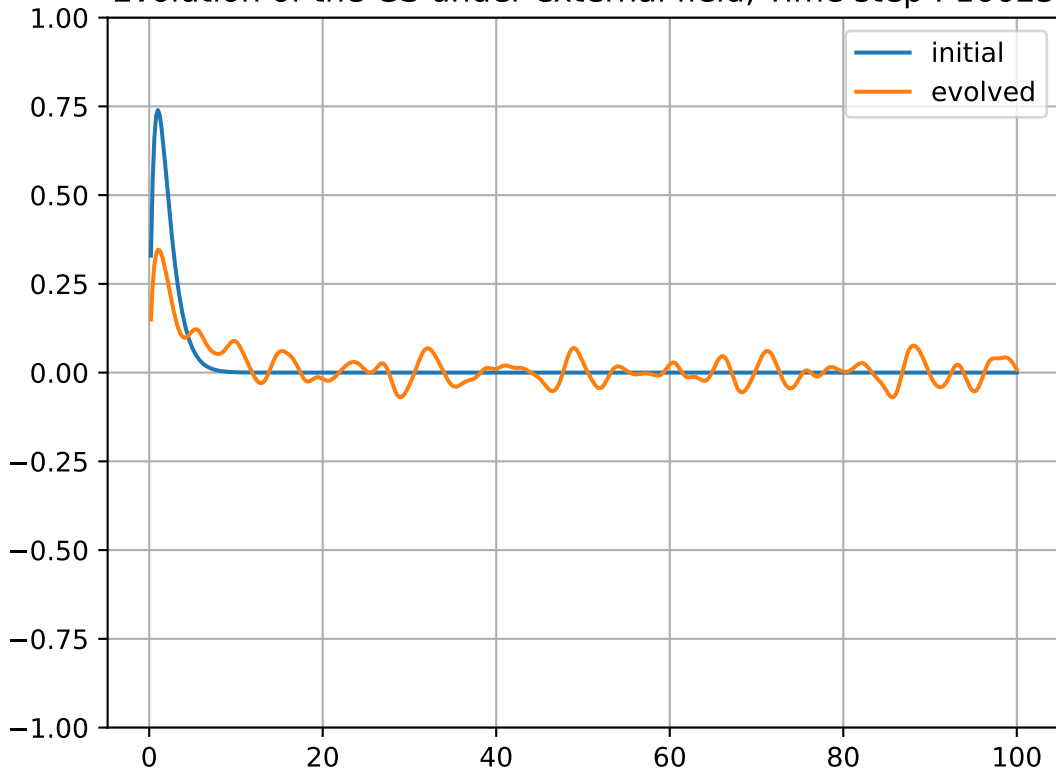

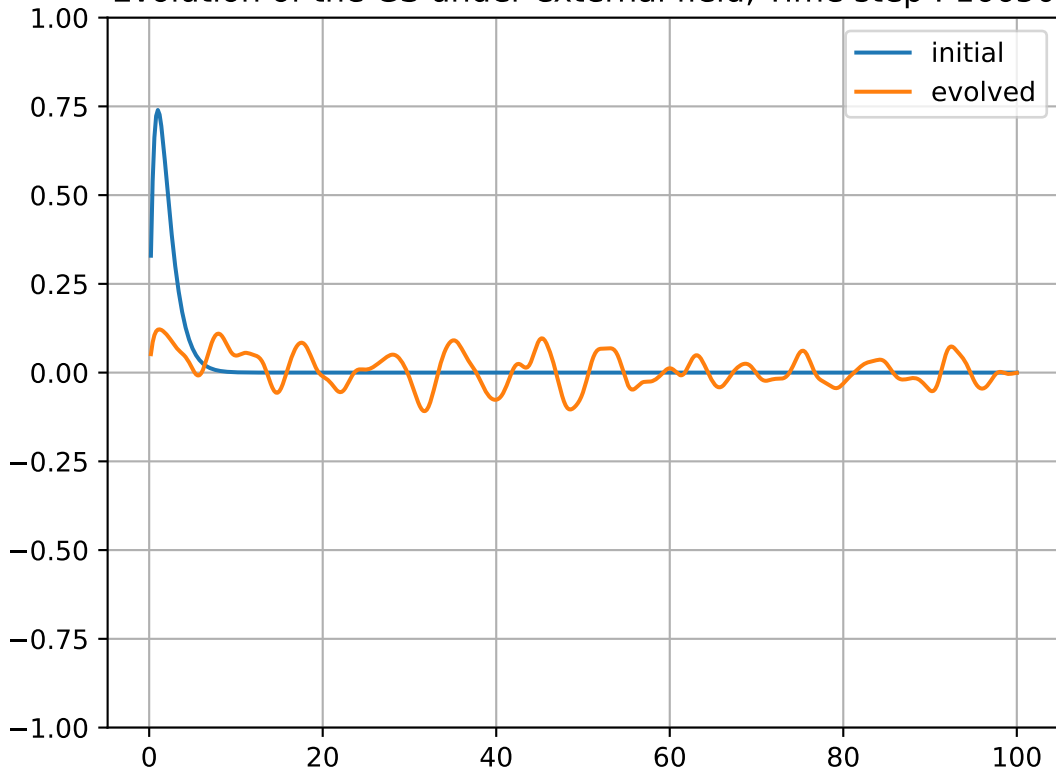

Evolution of the GS under external field, Time step : 16600

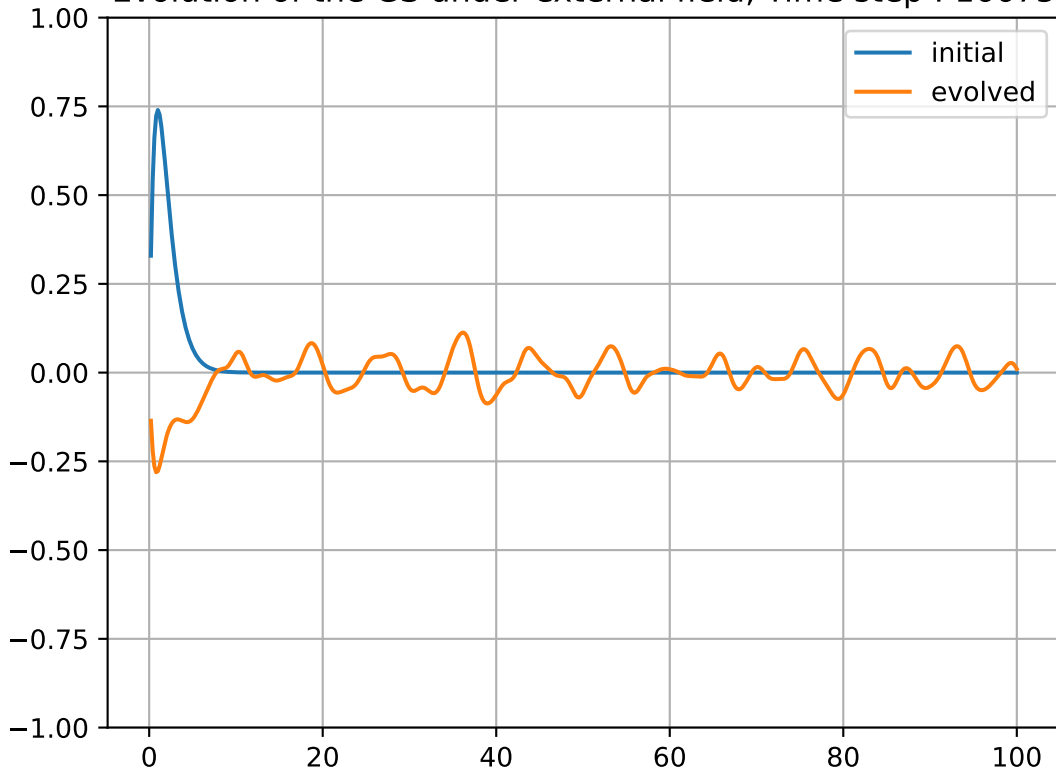

Evolution of the GS under external field, Time step : 16625

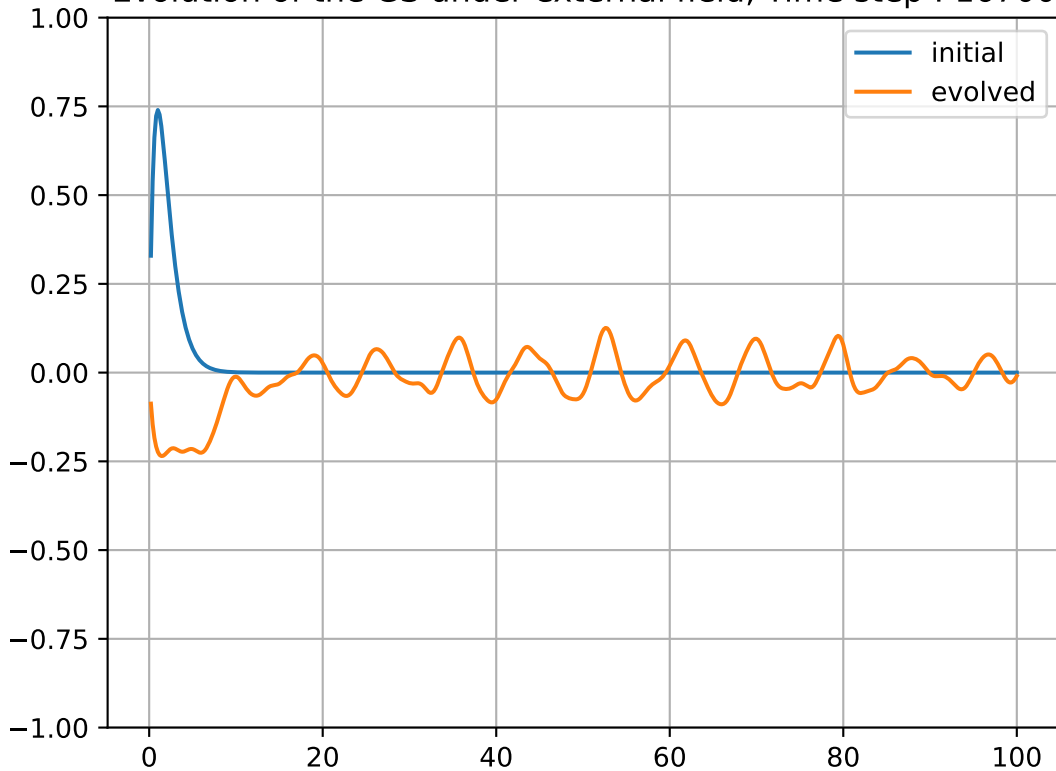

Evolution of the GS under external field, Time step : 16650

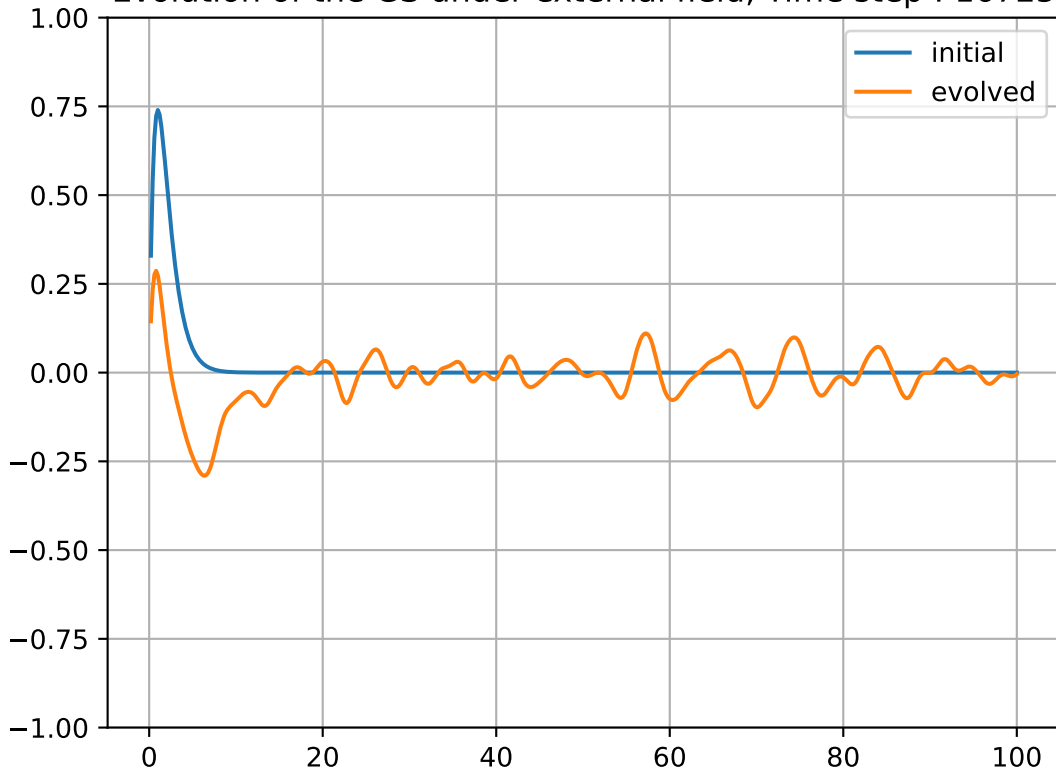

Evolution of the GS under external field, Time step : 16675

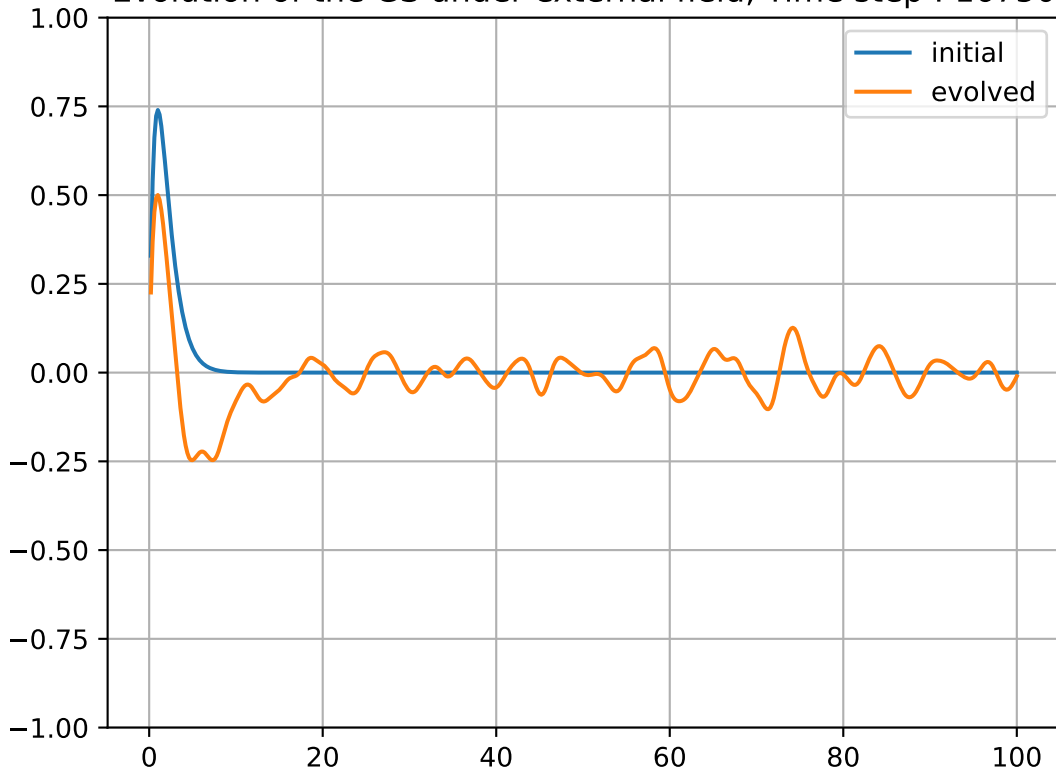

Evolution of the GS under external field, Time step : 16700

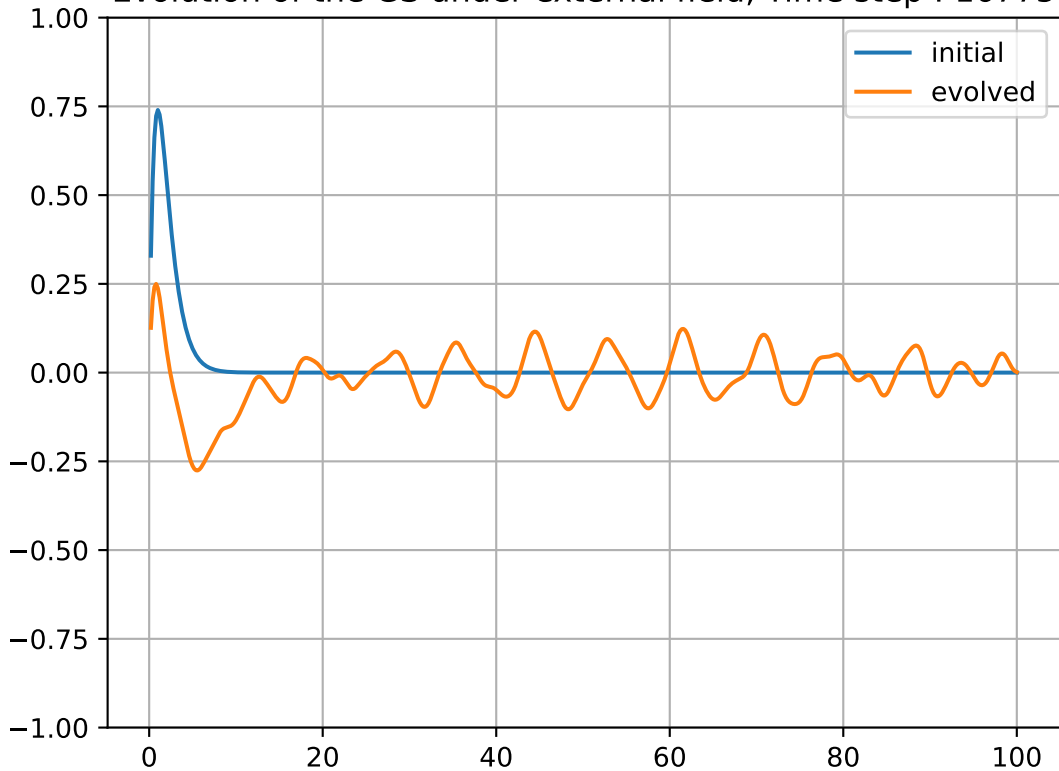

Evolution of the GS under external field, Time step : 16725

Evolution of the GS under external field, Time step : 16750

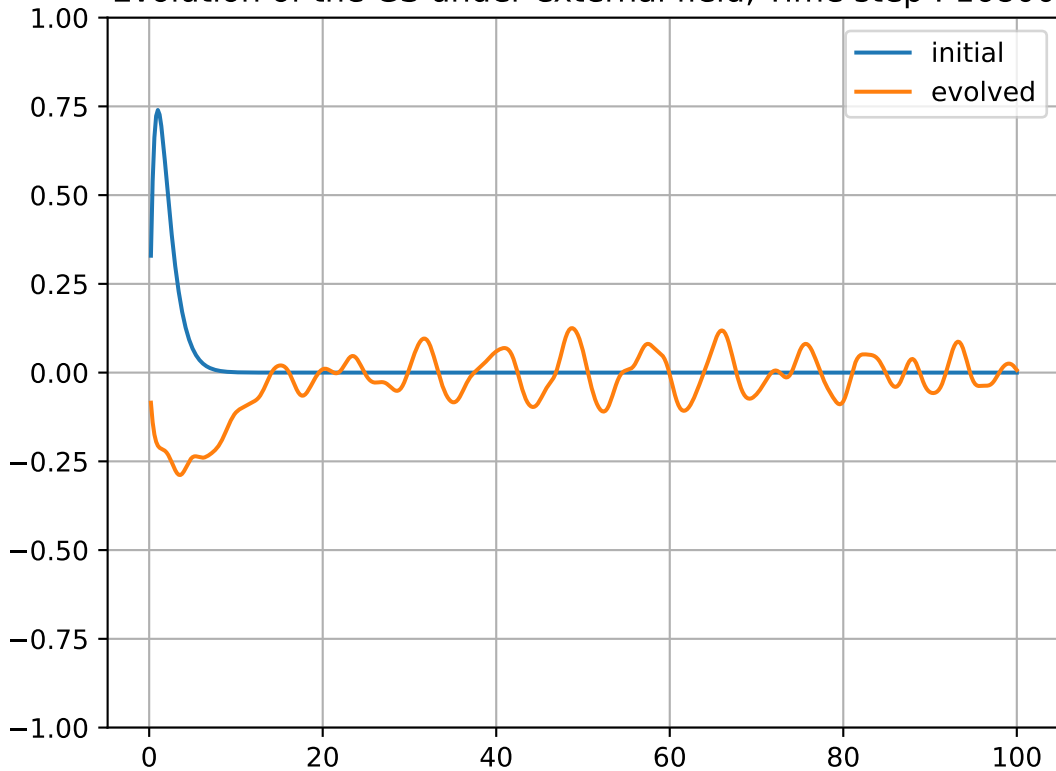

Evolution of the GS under external field, Time step : 16775

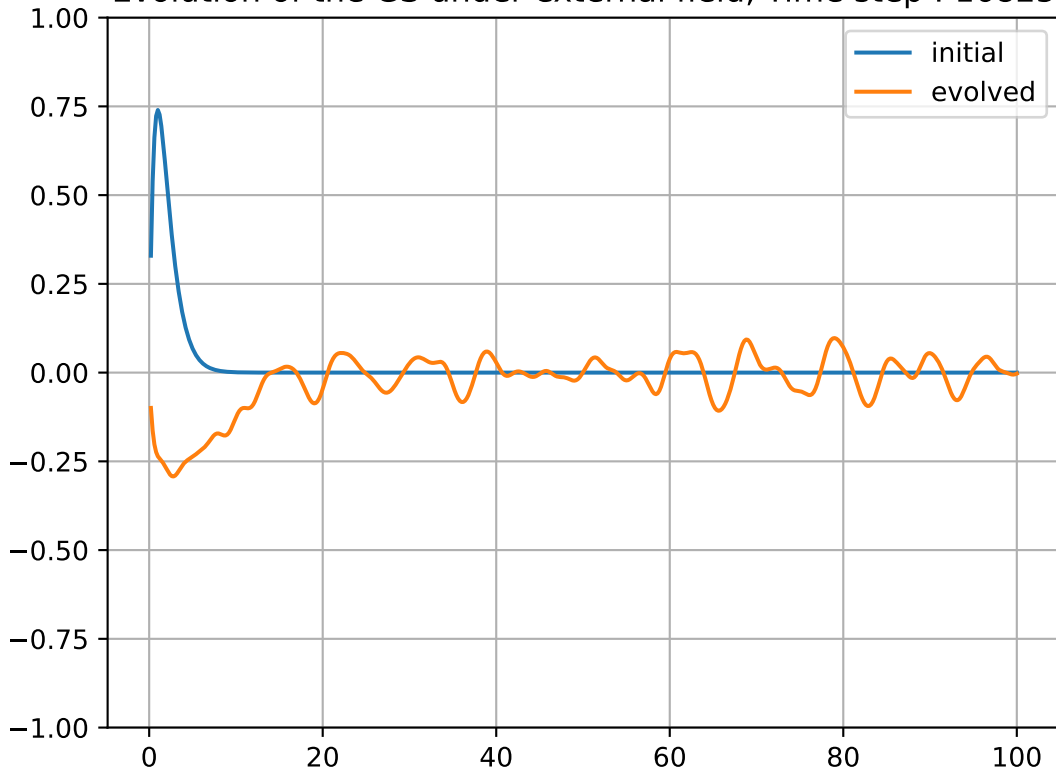

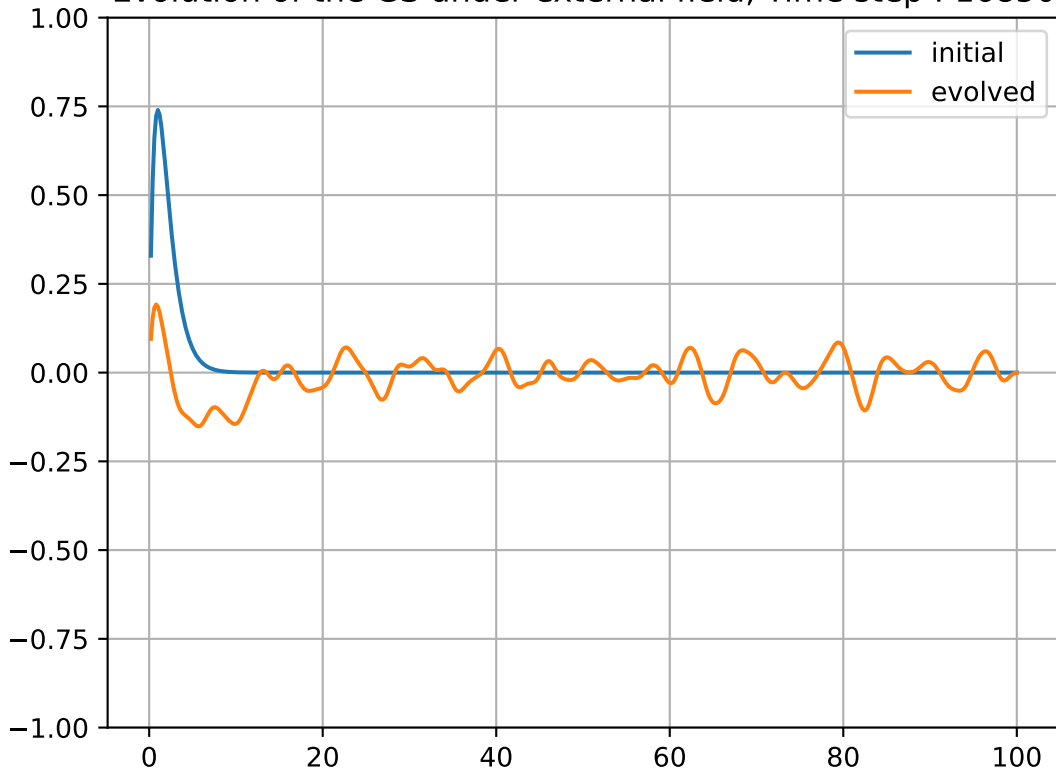

Evolution of the GS under external field, Time step : 16800

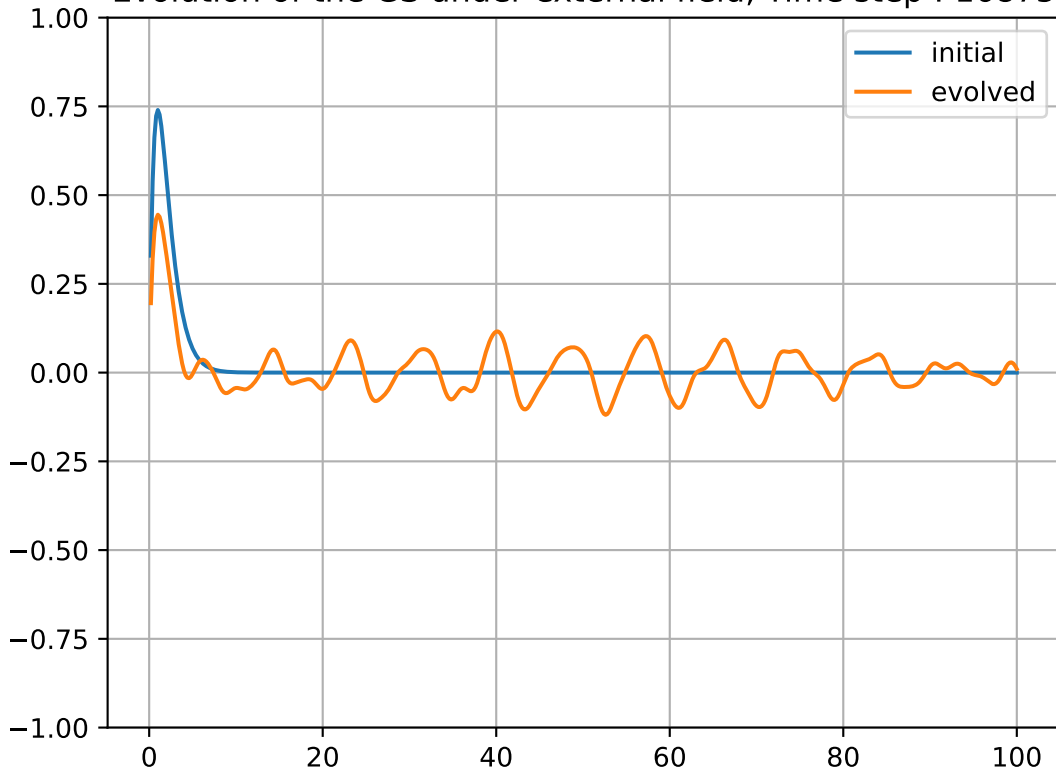

Evolution of the GS under external field, Time step : 16825

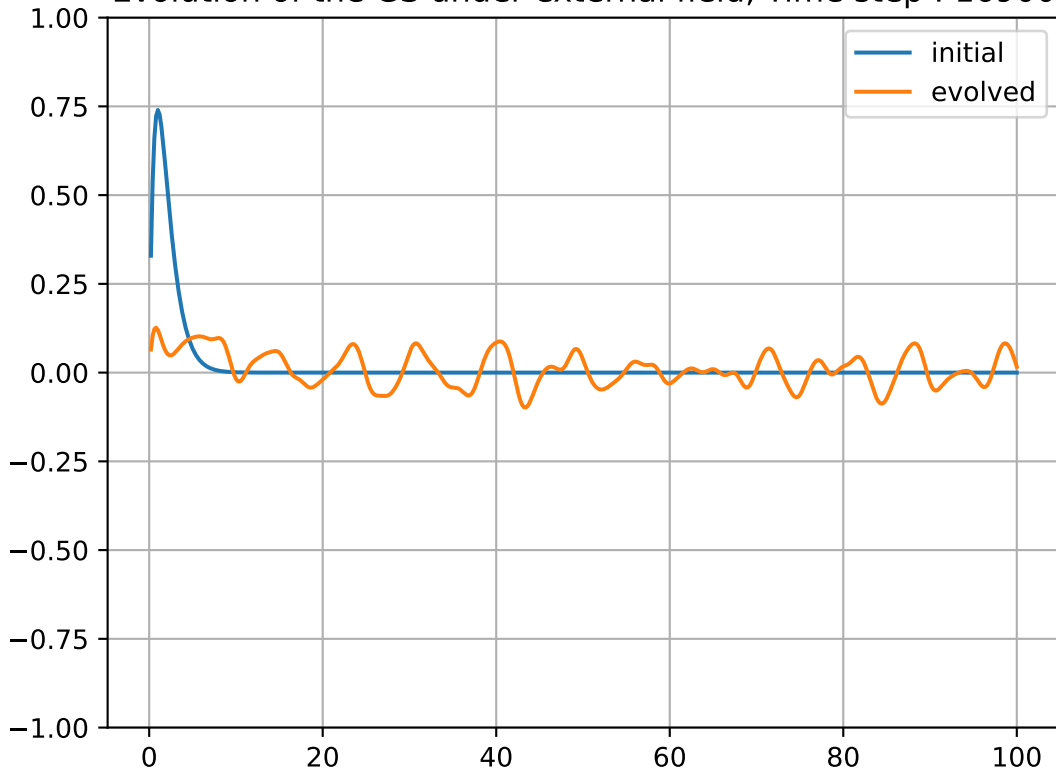

Evolution of the GS under external field, Time step : 16850

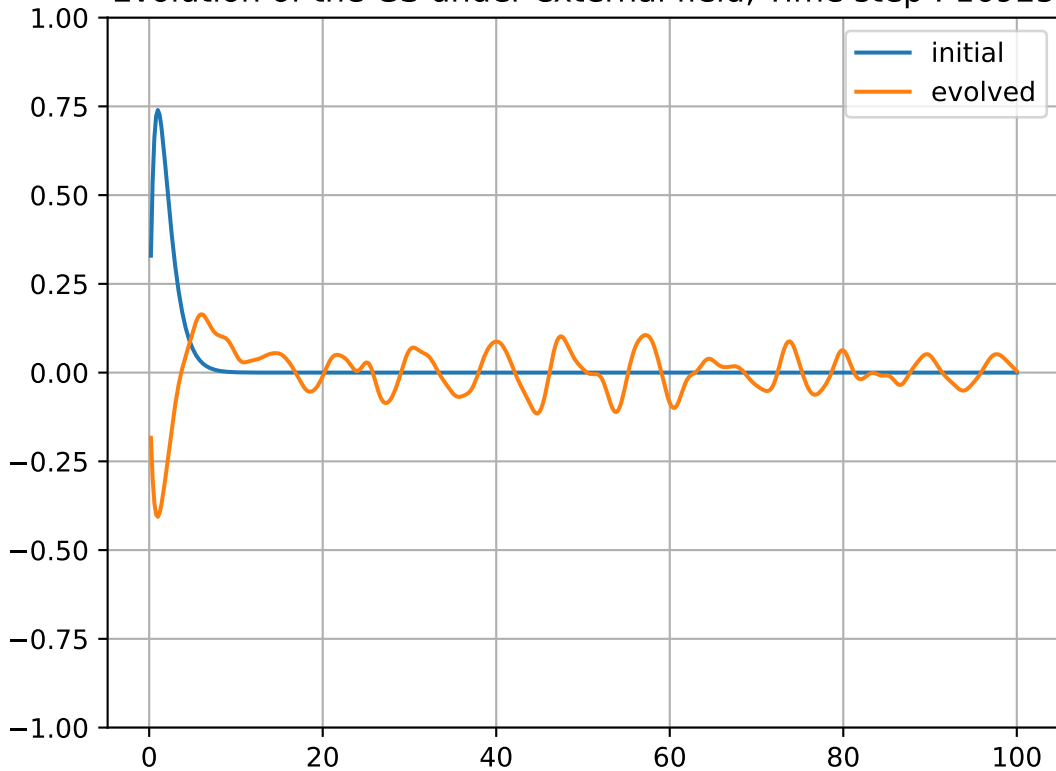

Evolution of the GS under external field, Time step : 16875

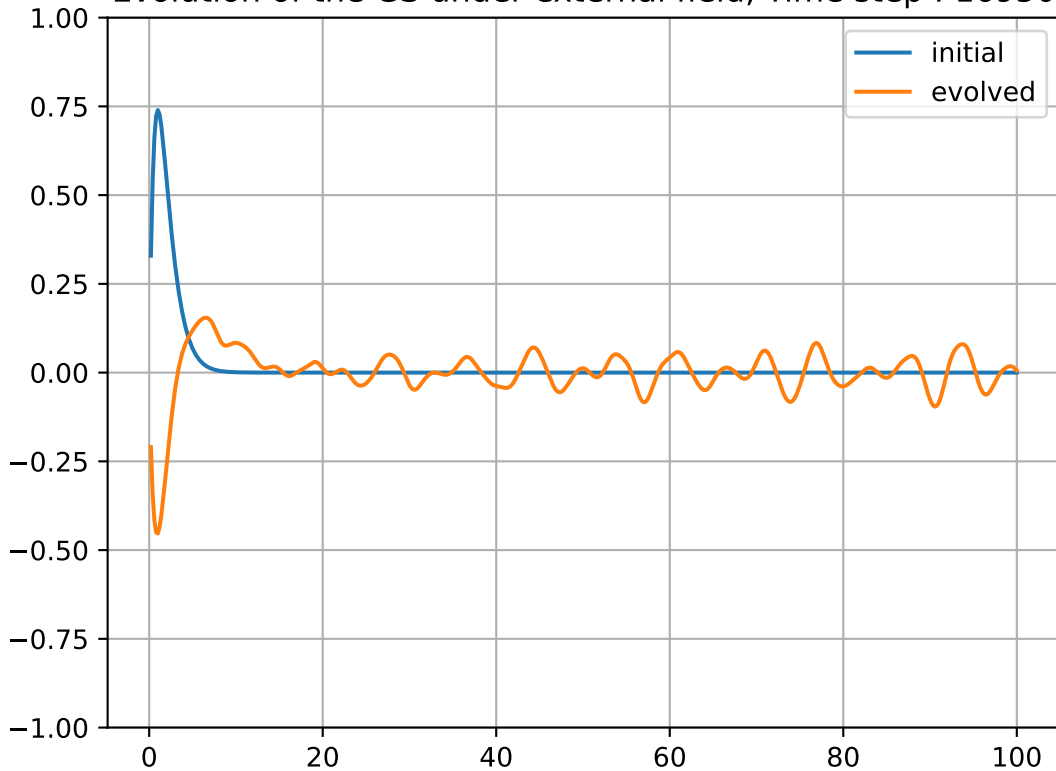

Evolution of the GS under external field, Time step : 16900

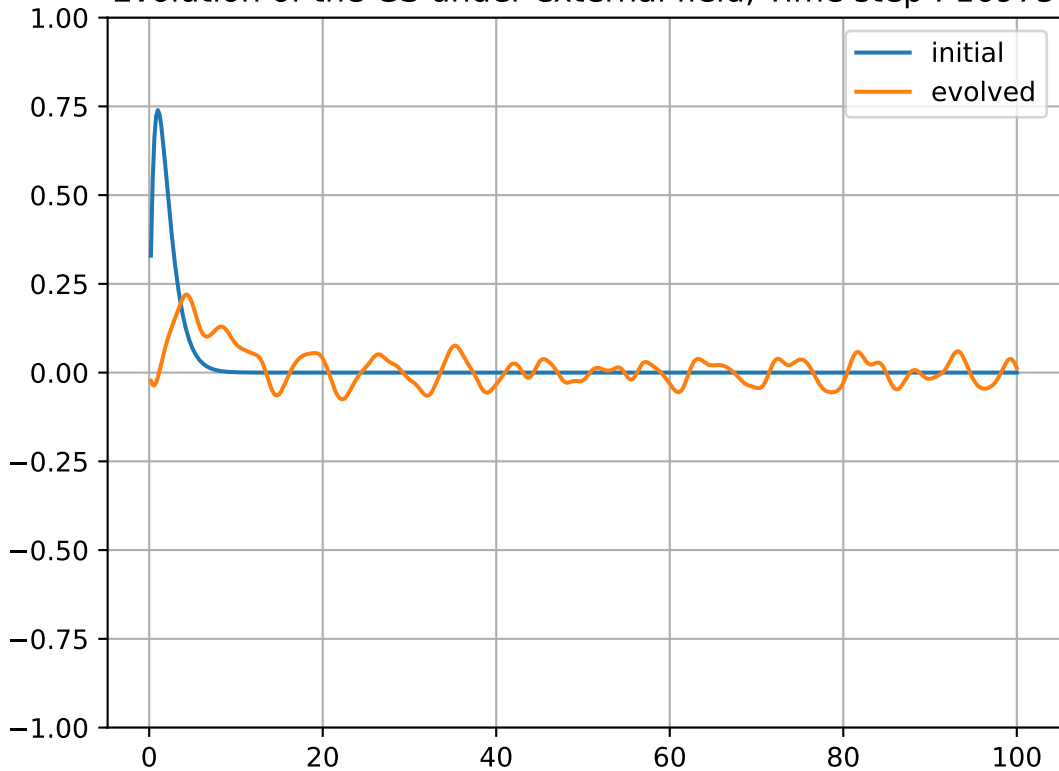

Evolution of the GS under external field, Time step : 16925

Evolution of the GS under external field, Time step : 16950

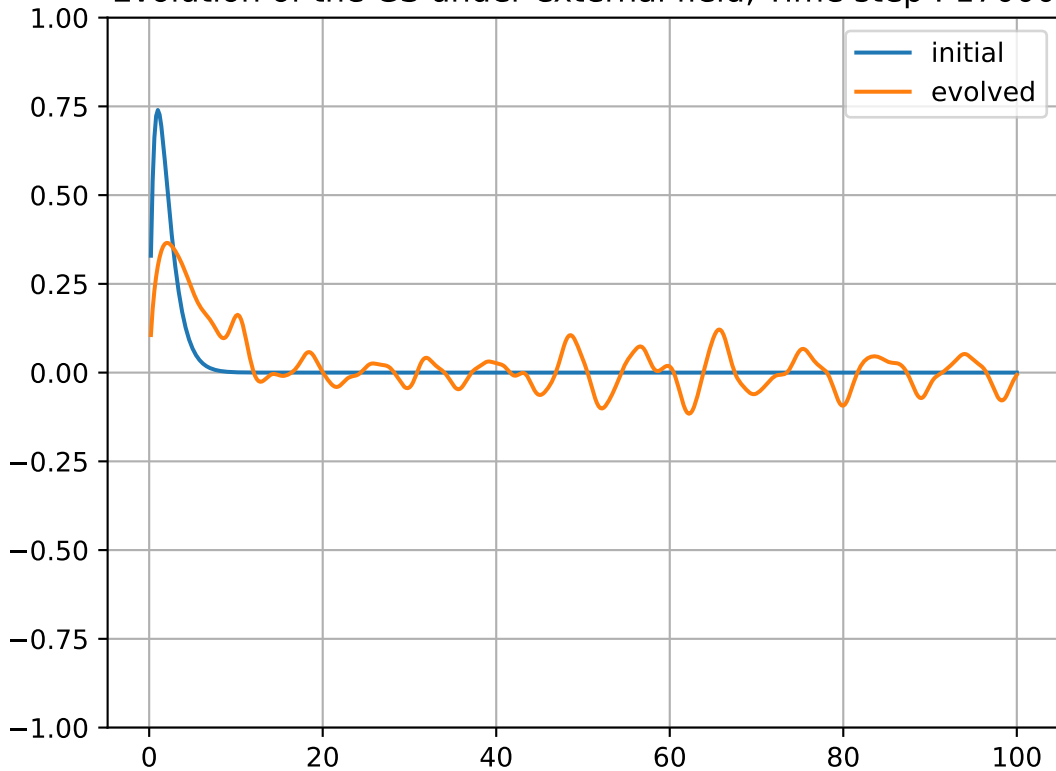

Evolution of the GS under external field, Time step : 16975

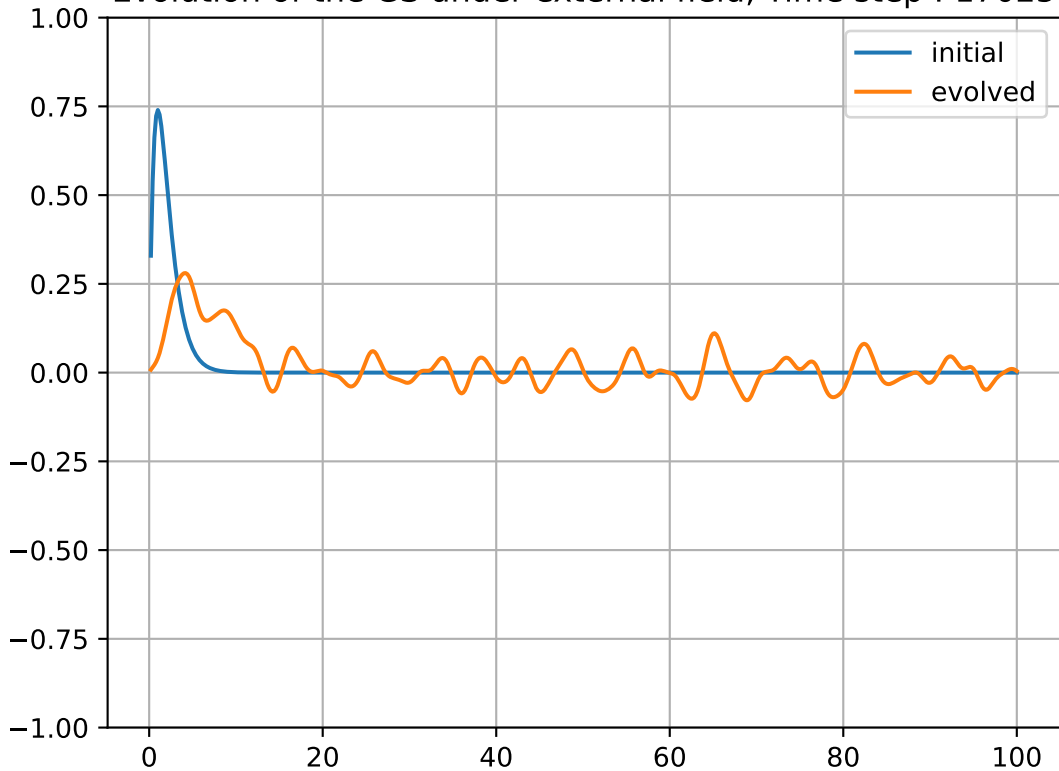

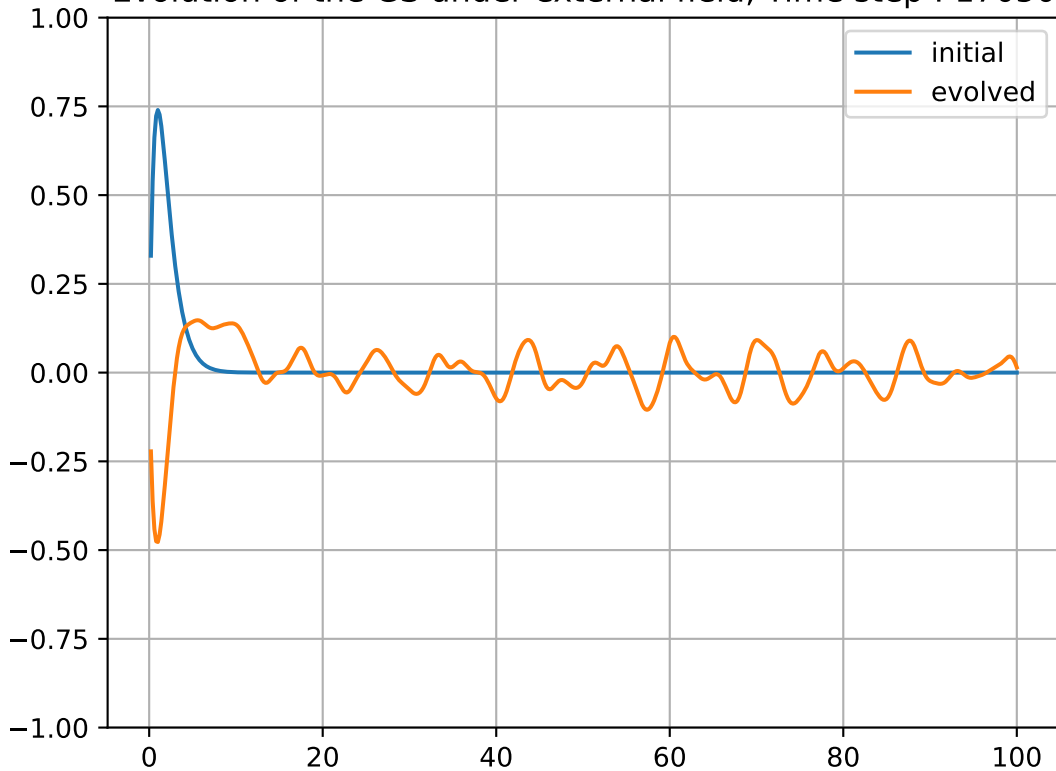

Evolution of the GS under external field, Time step : 17000

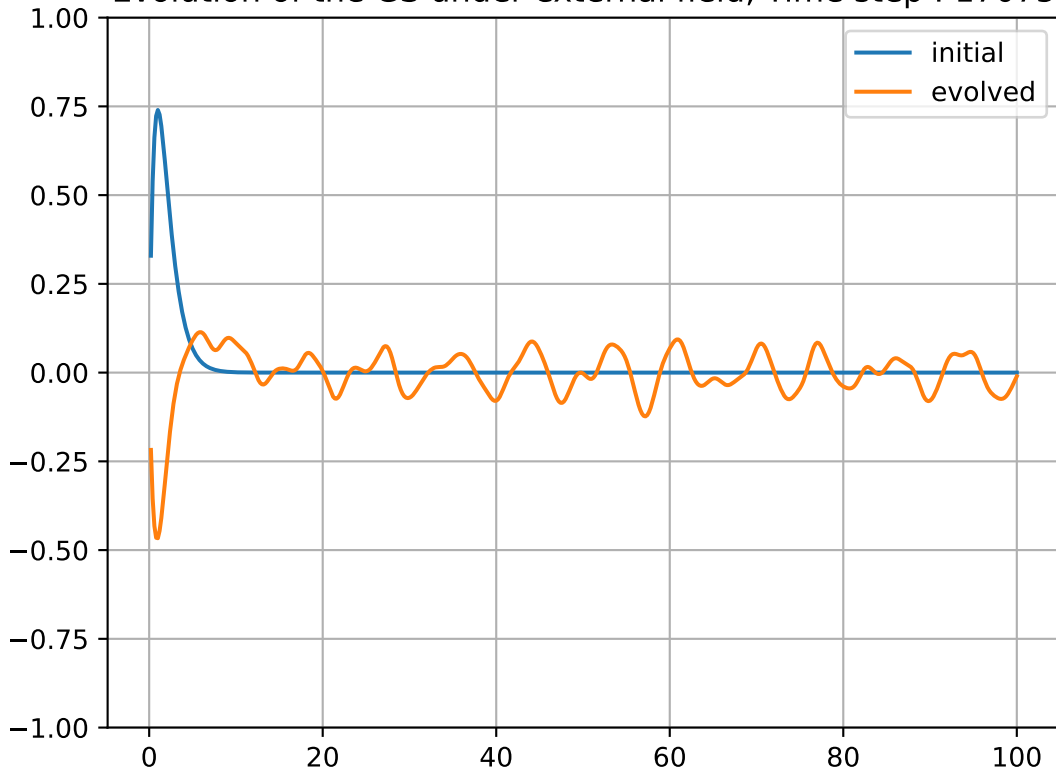

Evolution of the GS under external field, Time step : 17025

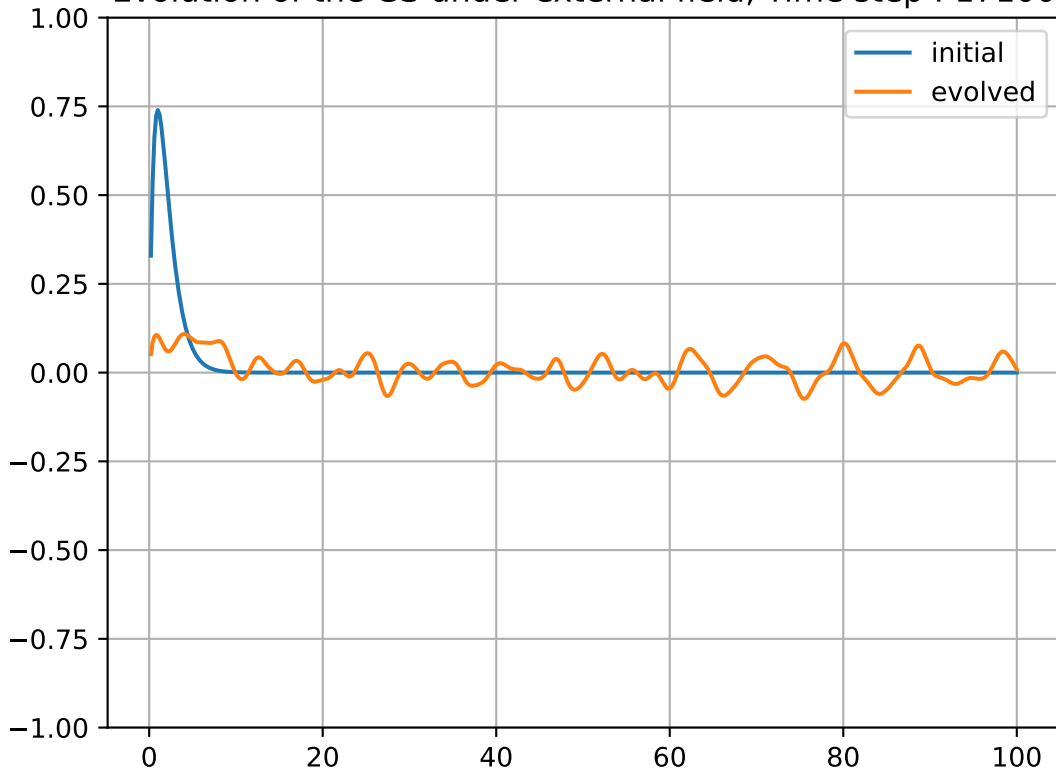

Evolution of the GS under external field, Time step : 17050

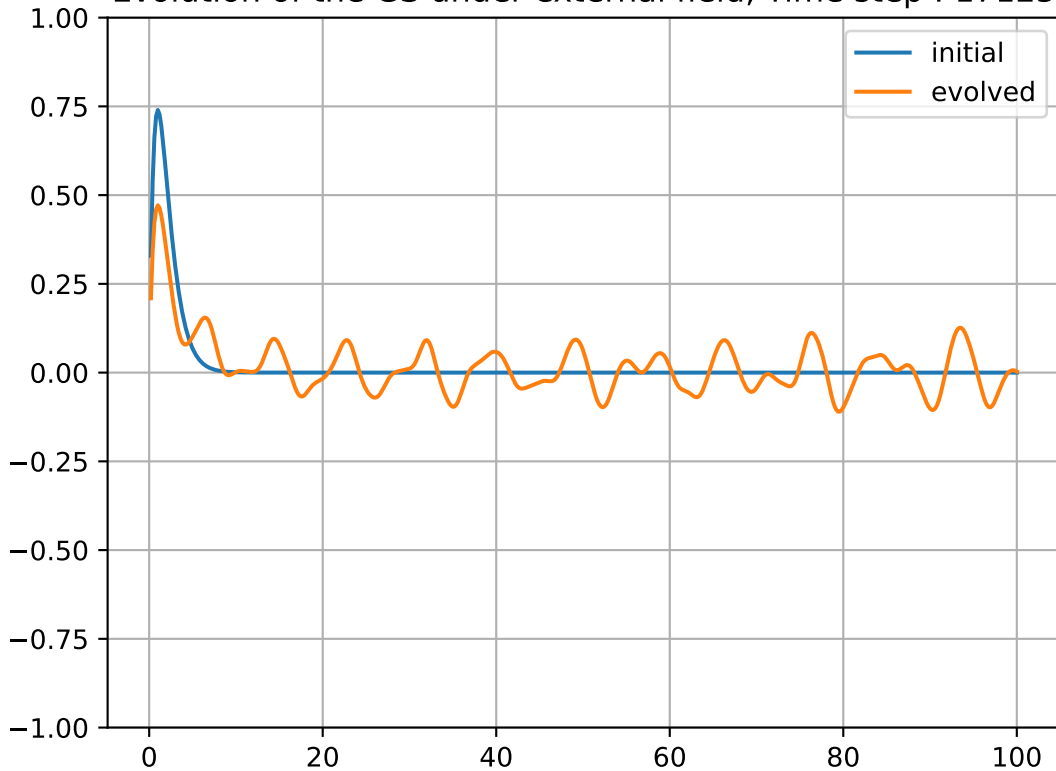

Evolution of the GS under external field, Time step : 17075

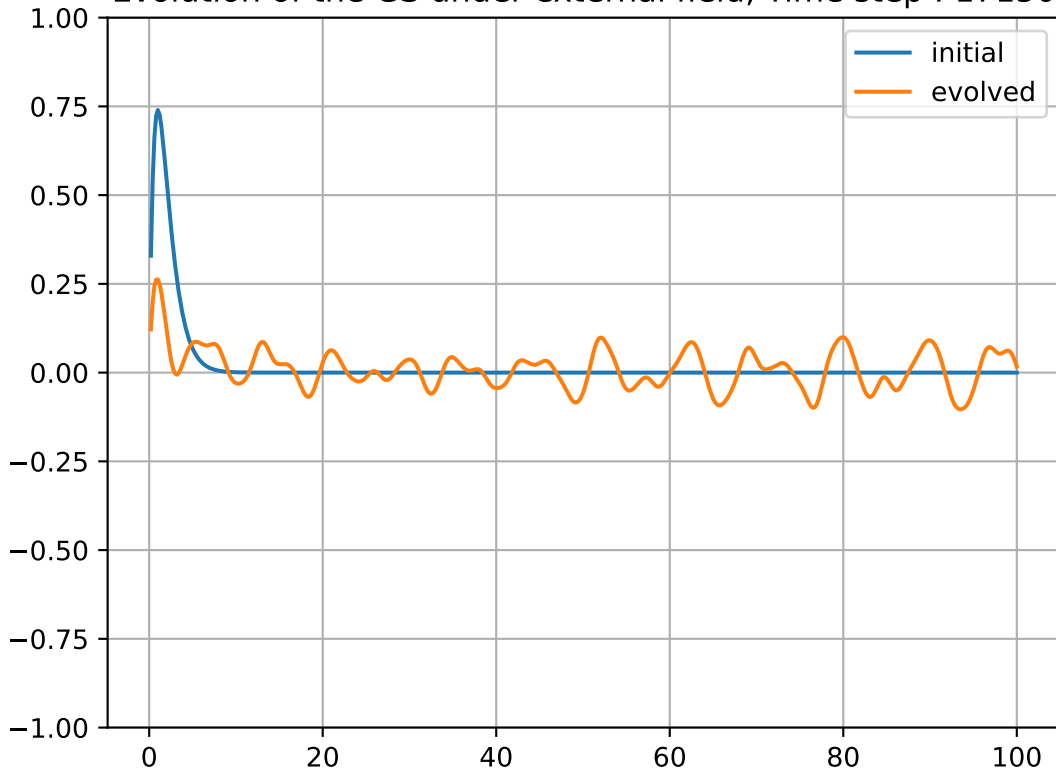

Evolution of the GS under external field, Time step : 17100

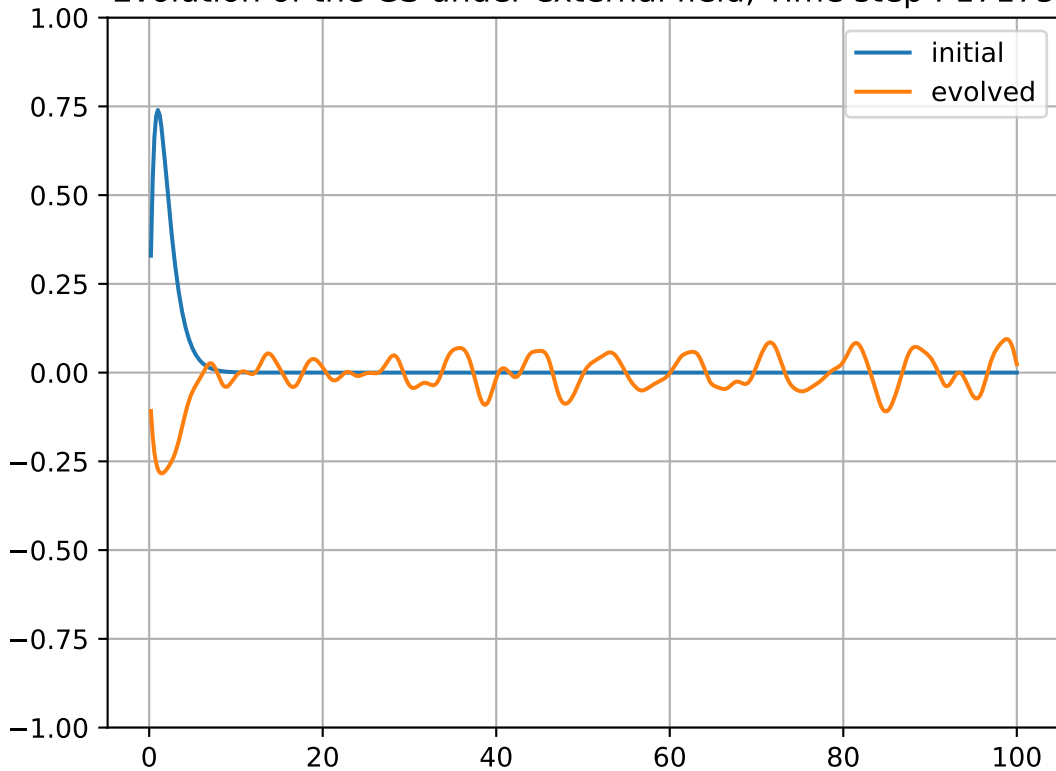

Evolution of the GS under external field, Time step : 17125

Evolution of the GS under external field, Time step : 17150

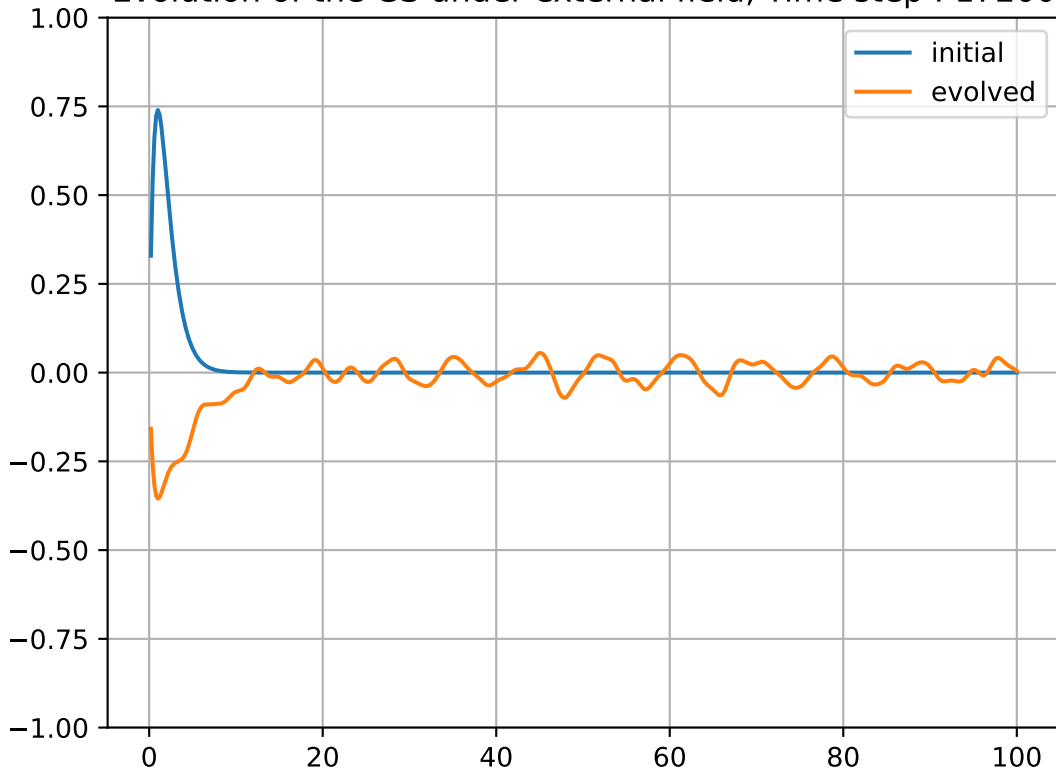

Evolution of the GS under external field, Time step : 17175

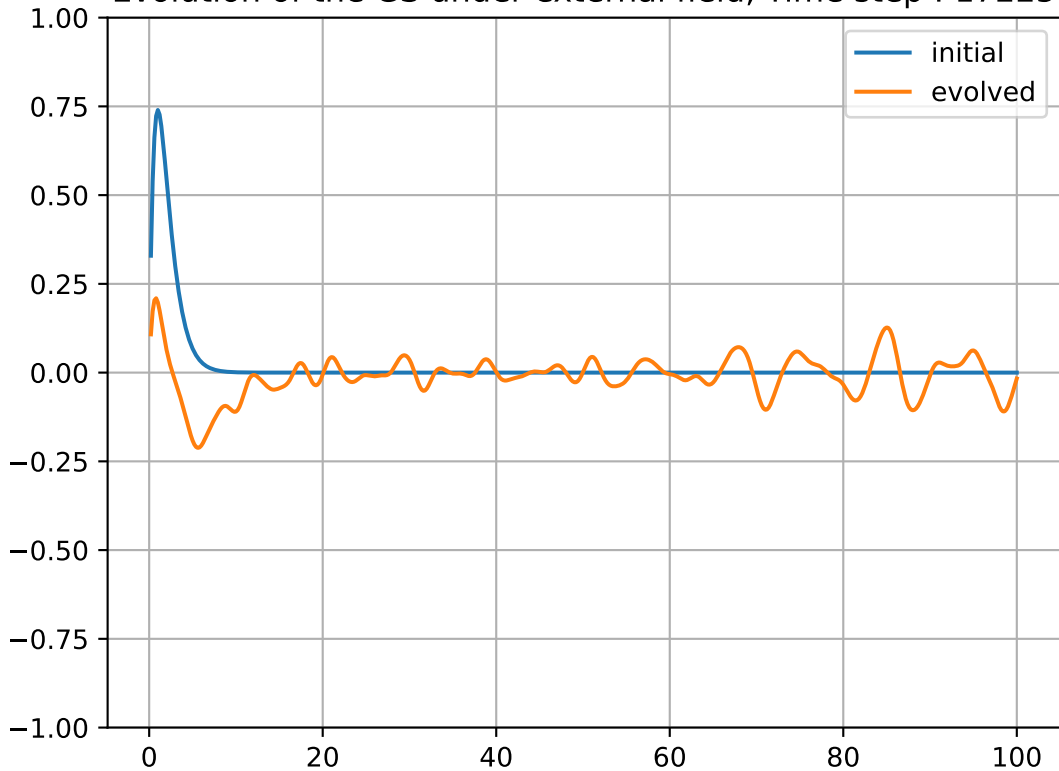

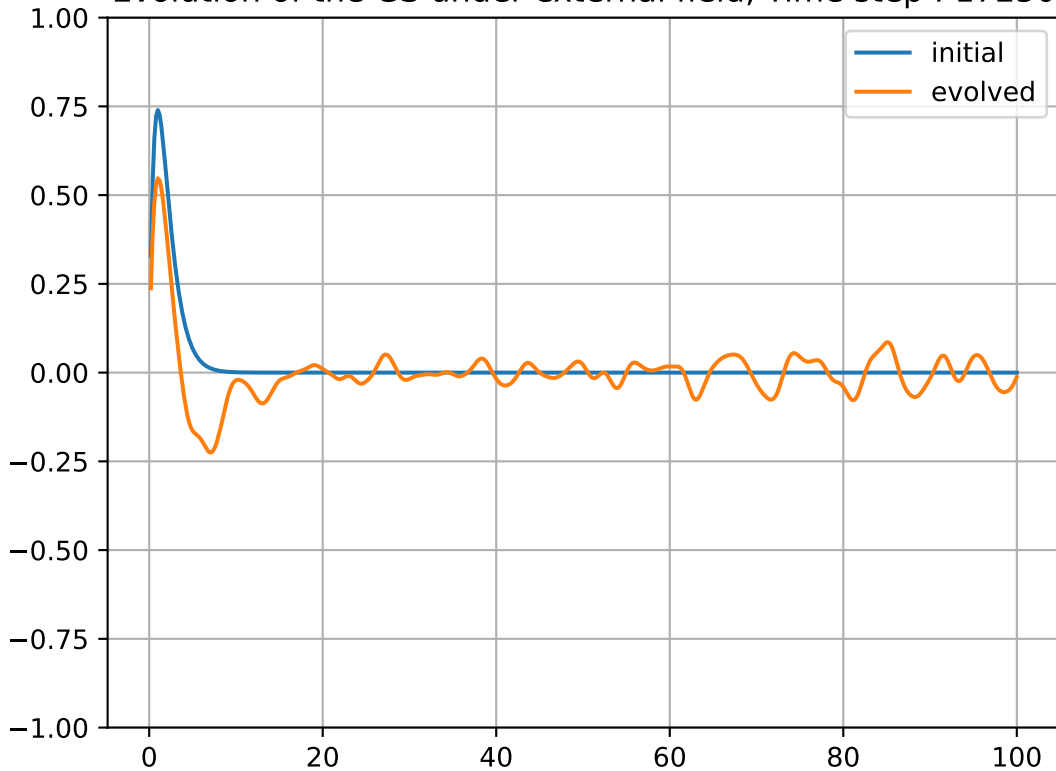

Evolution of the GS under external field, Time step : 17200

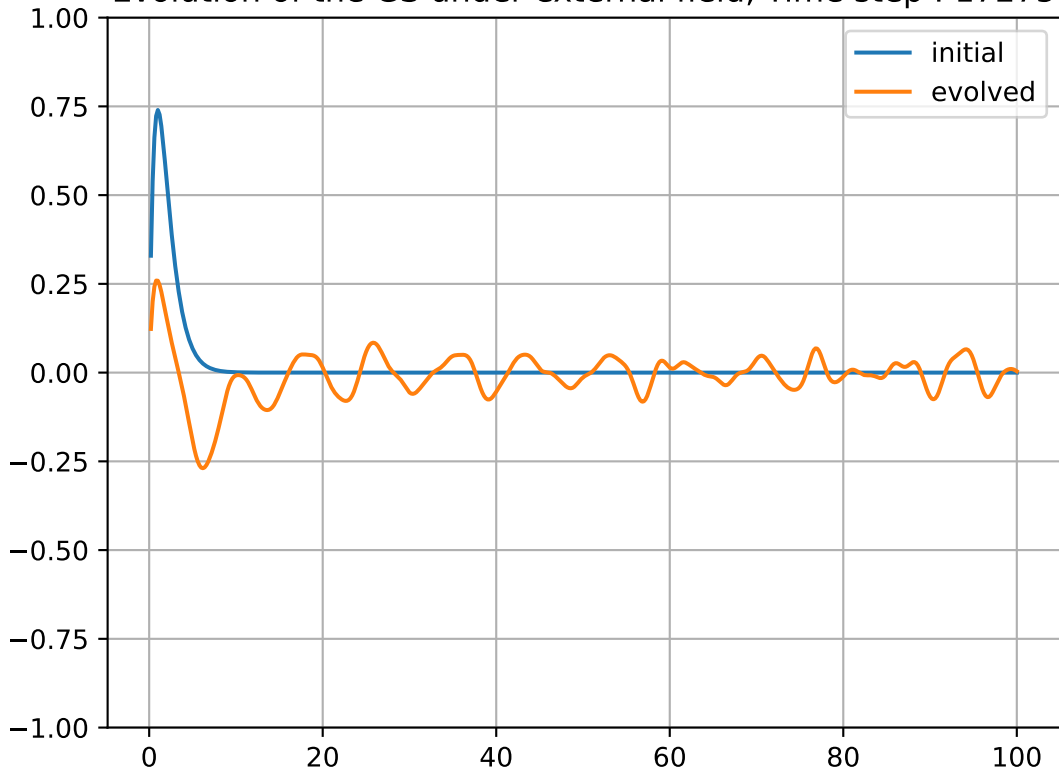

Evolution of the GS under external field, Time step : 17225

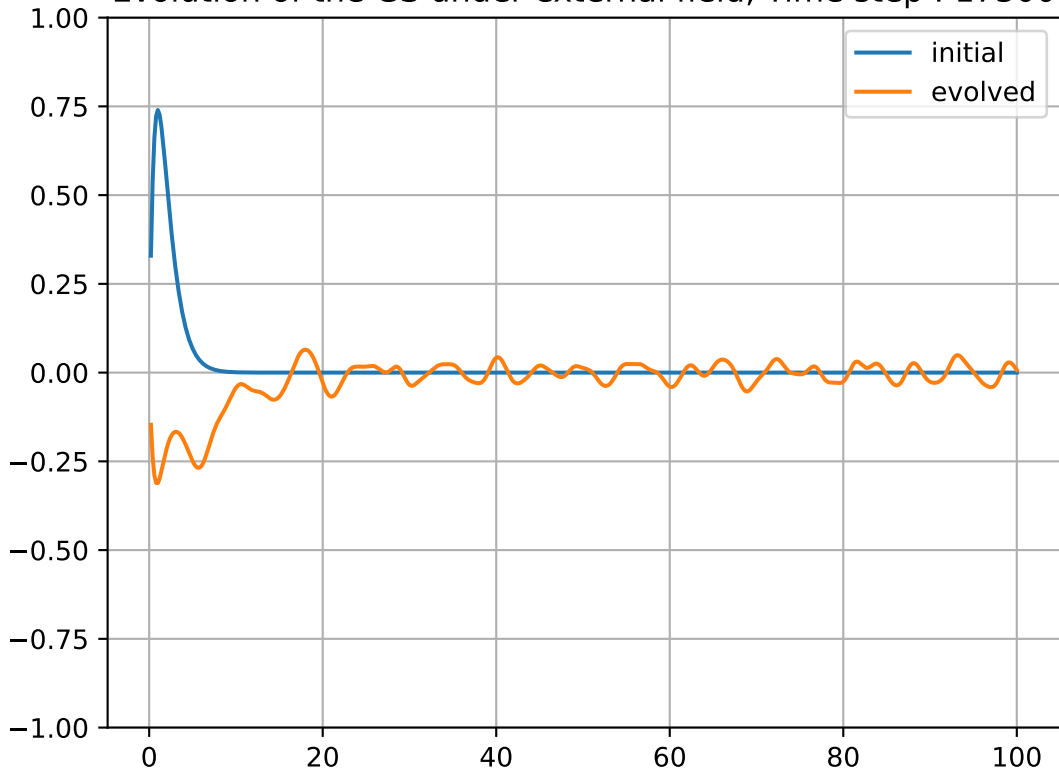

Evolution of the GS under external field, Time step : 17250

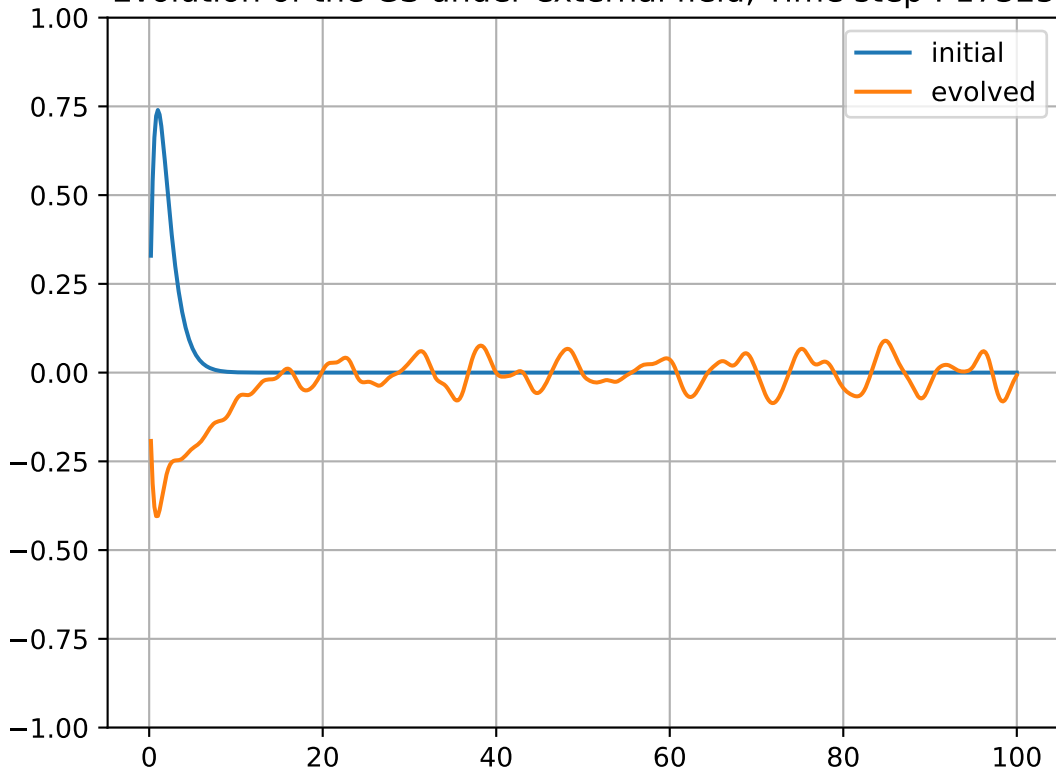

Evolution of the GS under external field, Time step : 17275

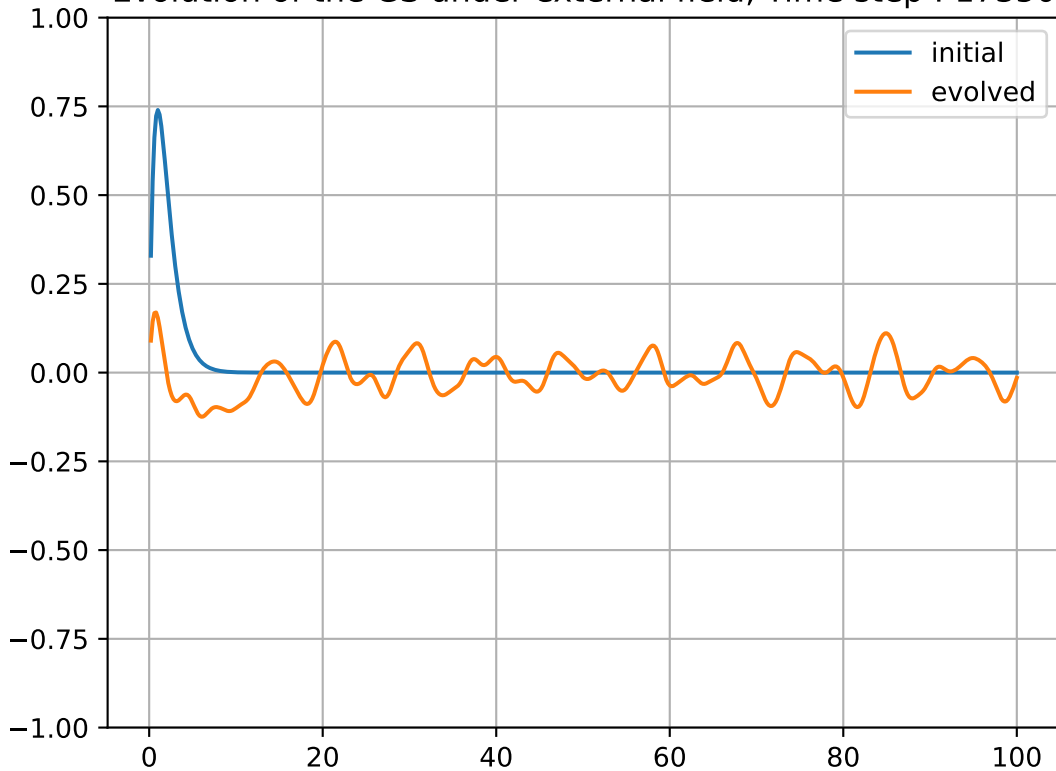

Evolution of the GS under external field, Time step : 17300

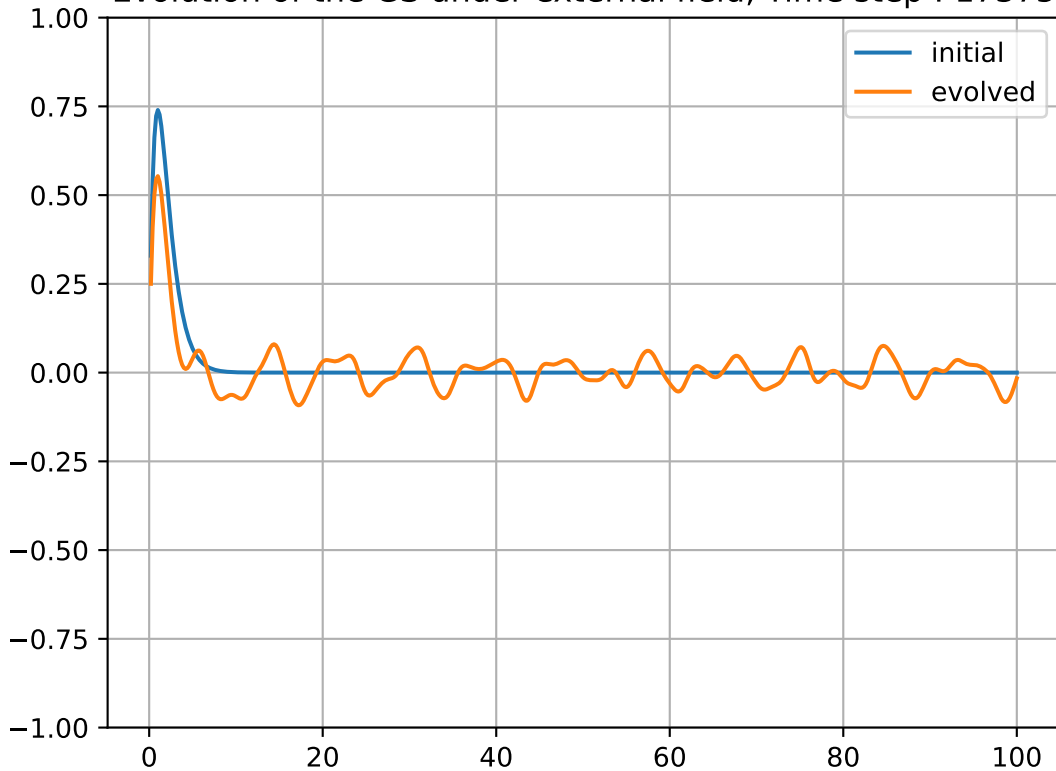

Evolution of the GS under external field, Time step : 17325

Evolution of the GS under external field, Time step : 17350

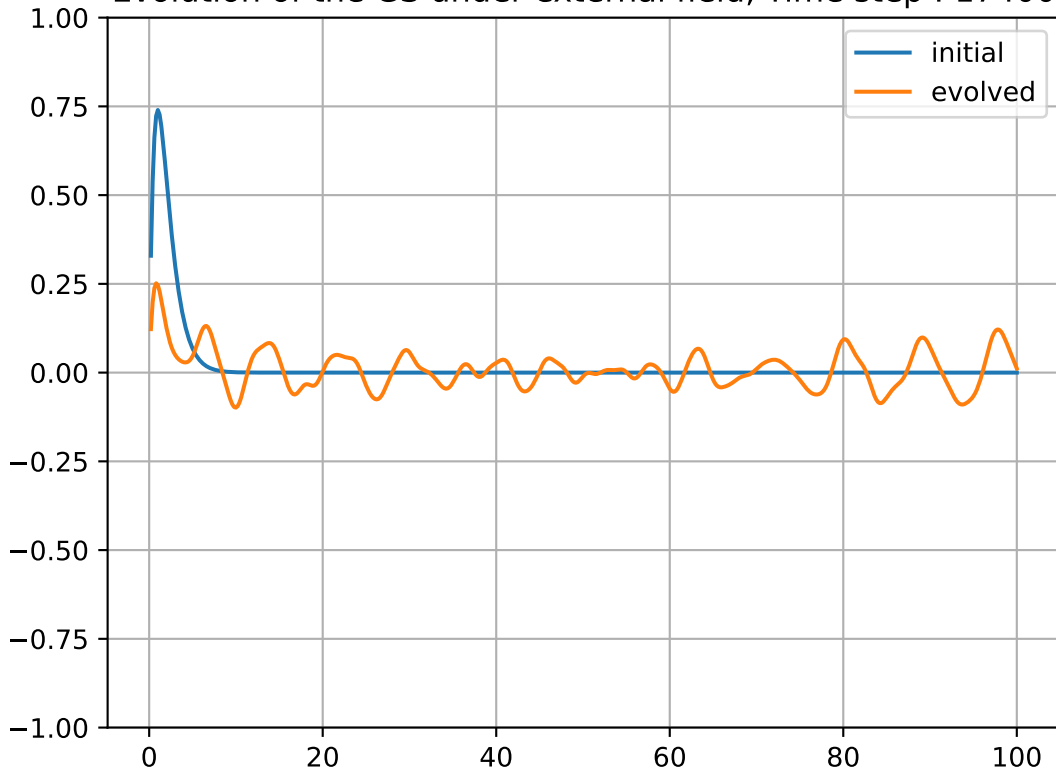

Evolution of the GS under external field, Time step : 17375

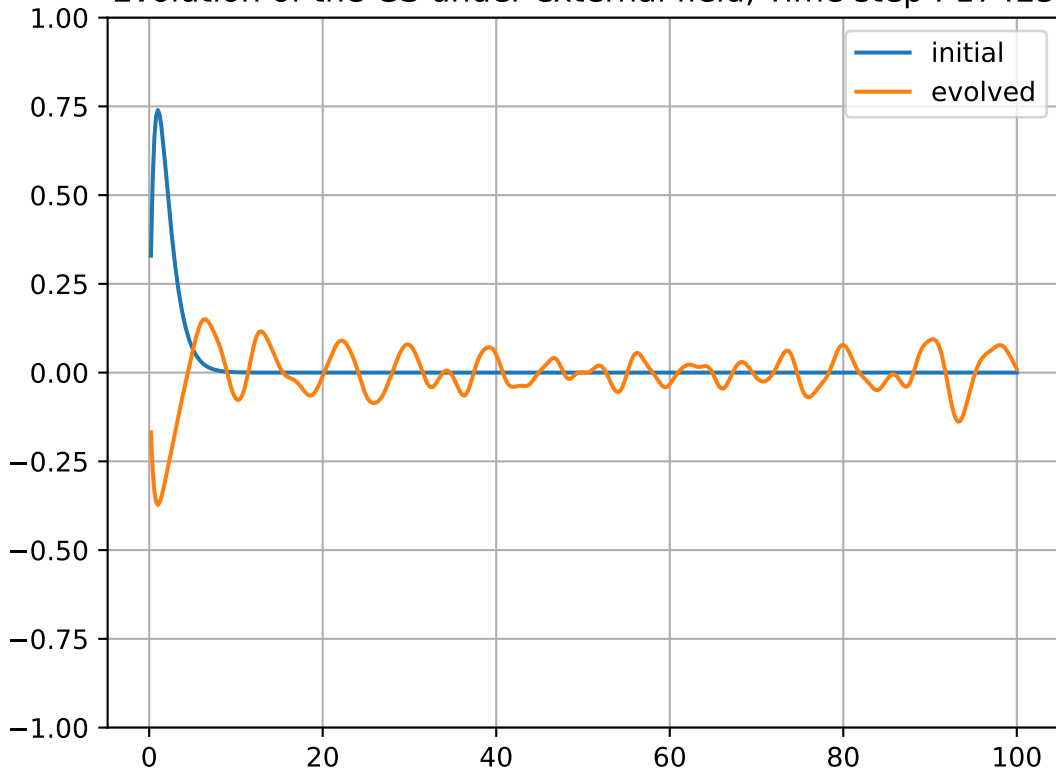

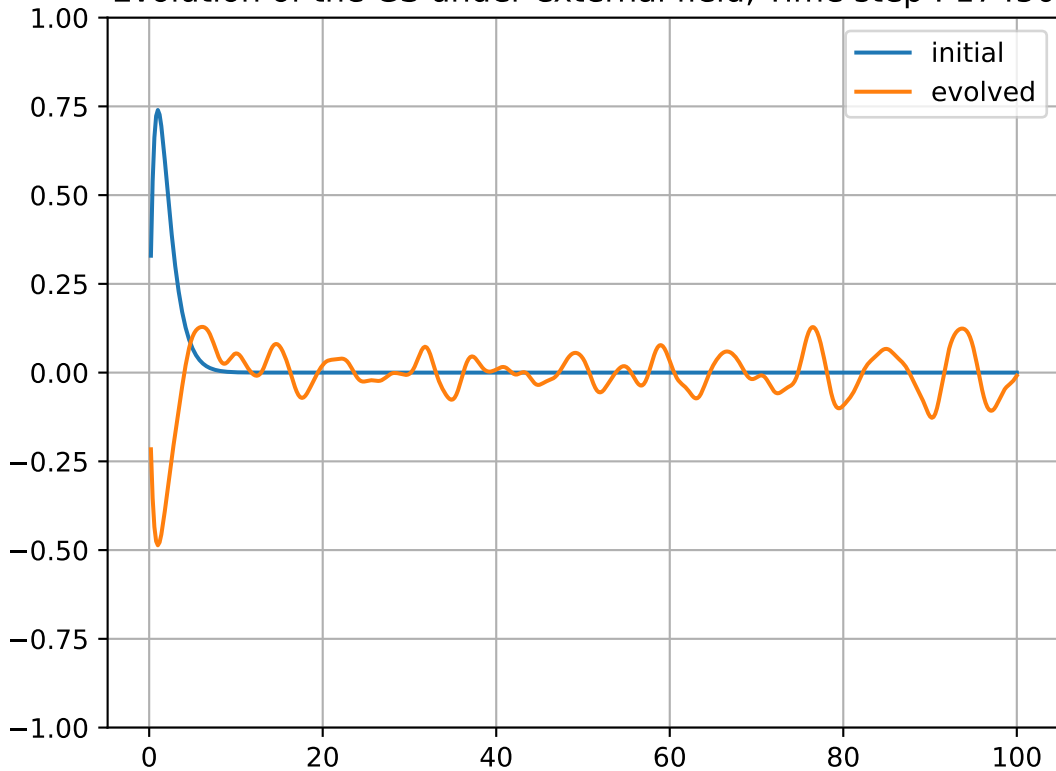

Evolution of the GS under external field, Time step : 17400

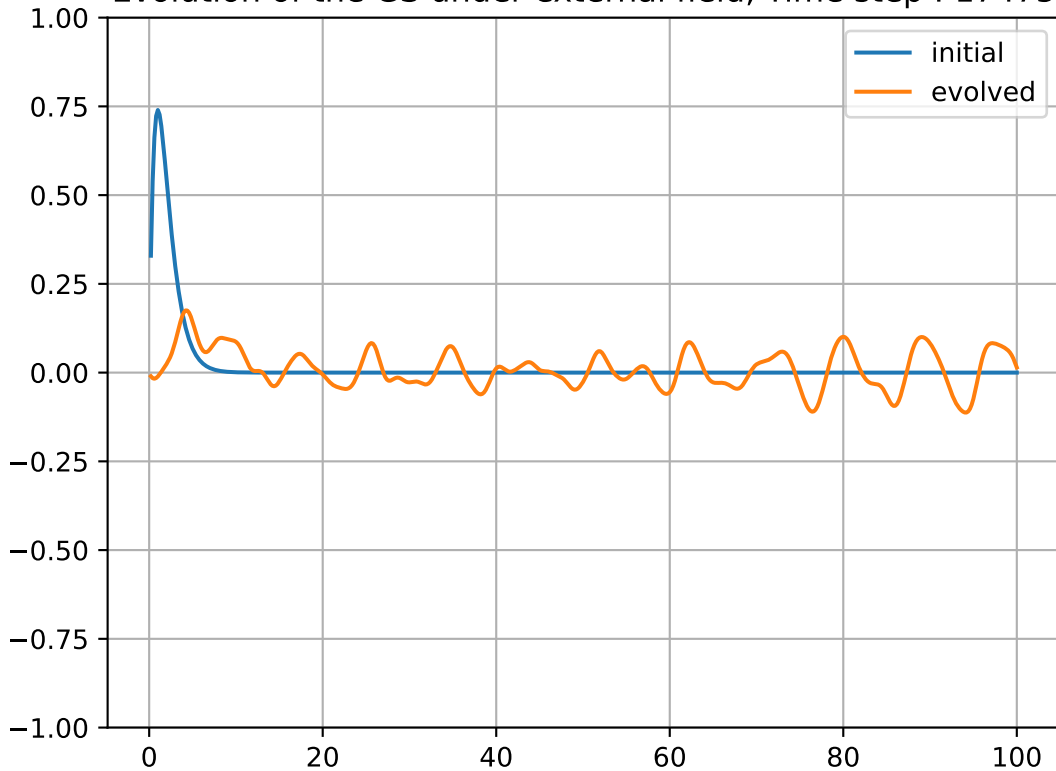

Evolution of the GS under external field, Time step : 17425

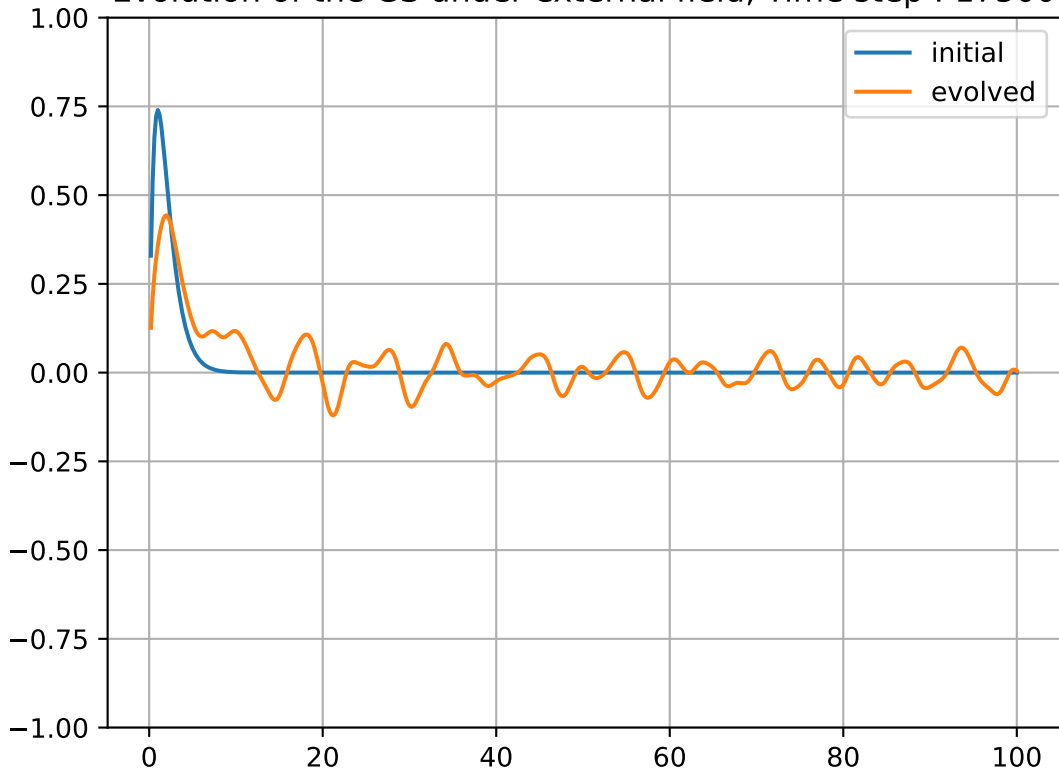

Evolution of the GS under external field, Time step : 17450

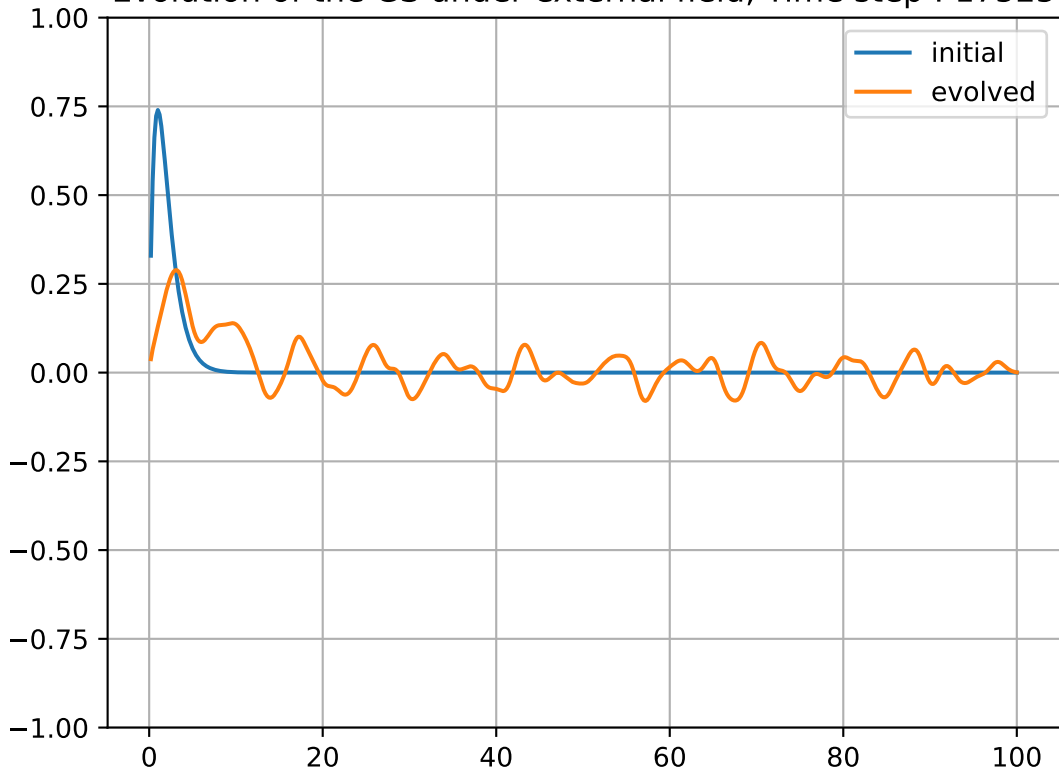

Evolution of the GS under external field, Time step : 17475

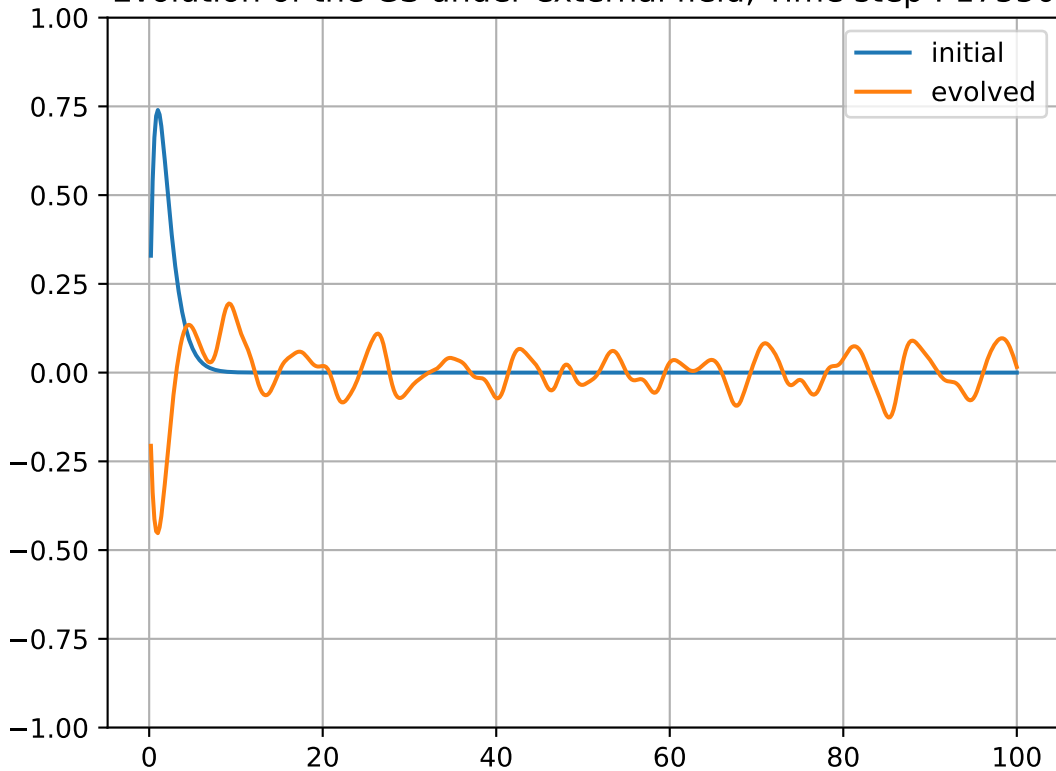

Evolution of the GS under external field, Time step : 17500

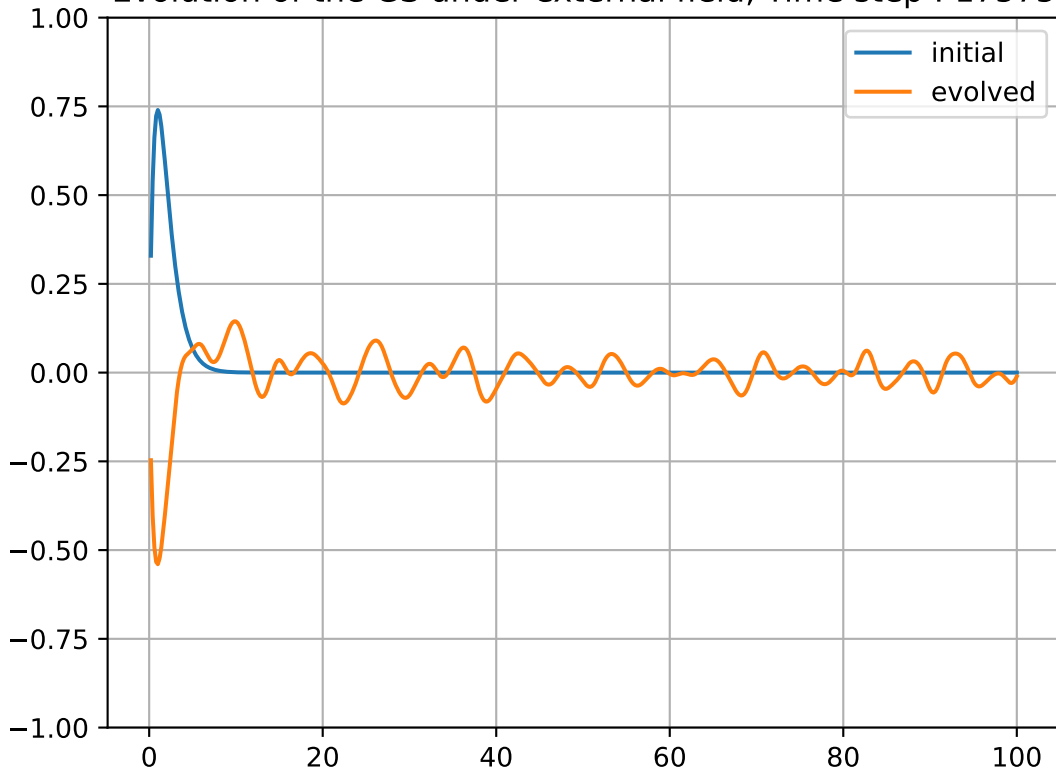

Evolution of the GS under external field, Time step : 17525

Evolution of the GS under external field, Time step : 17550

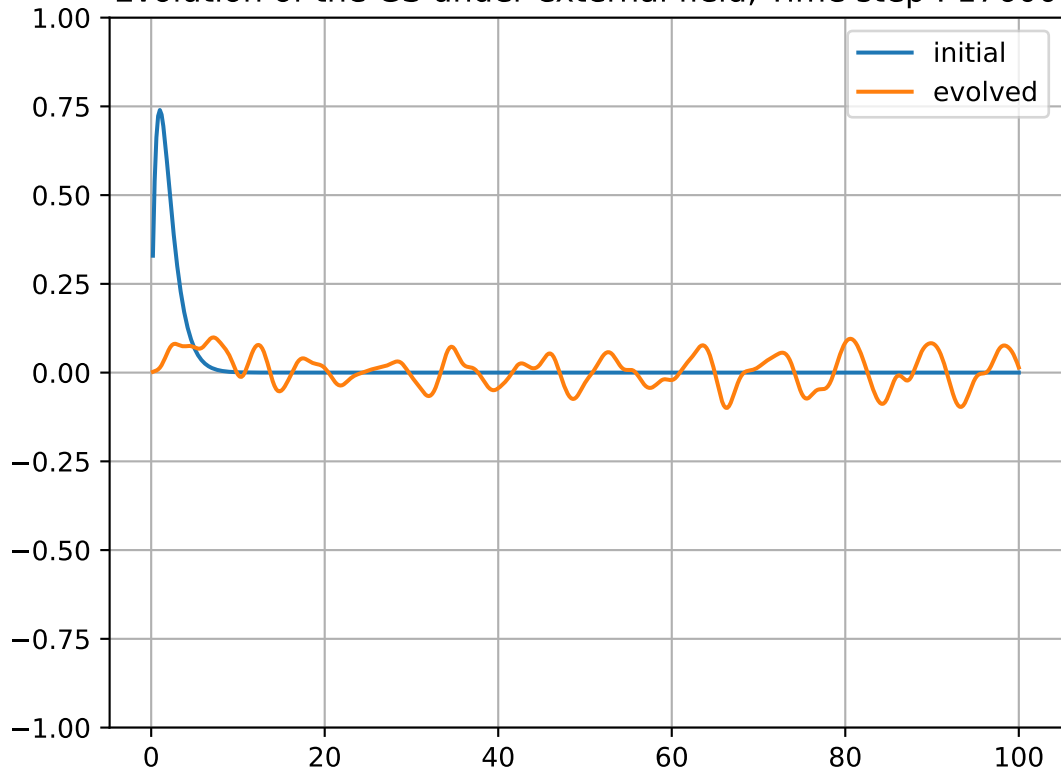

Evolution of the GS under external field, Time step : 17575

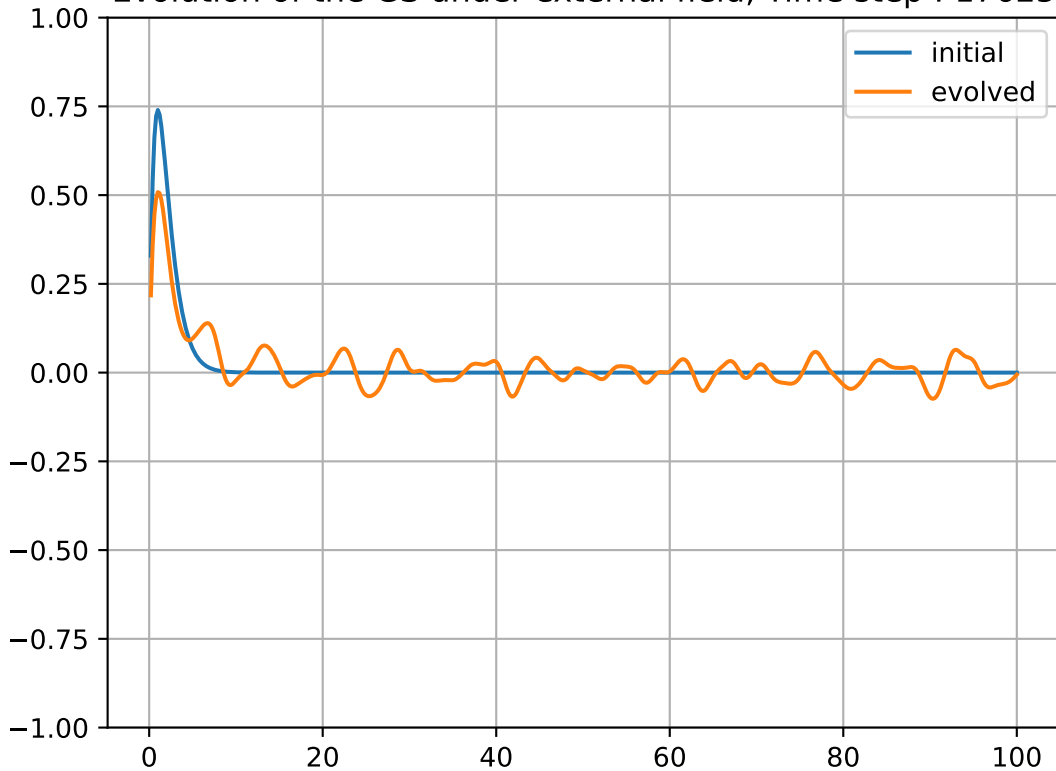

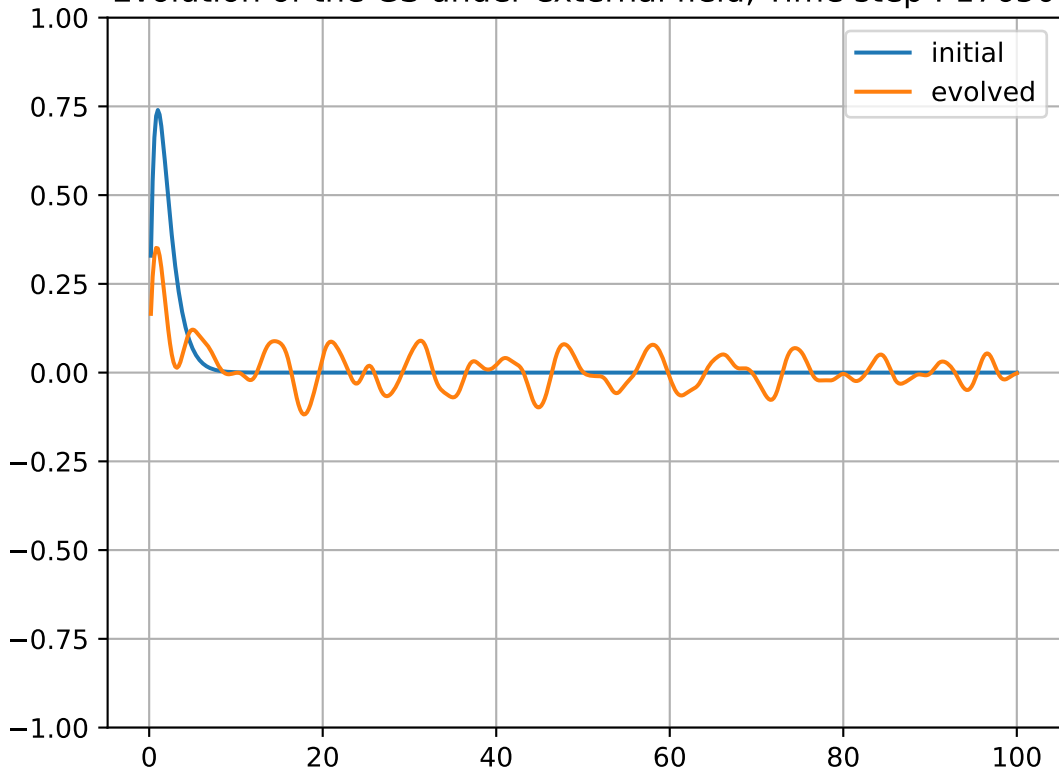

Evolution of the GS under external field, Time step : 17600

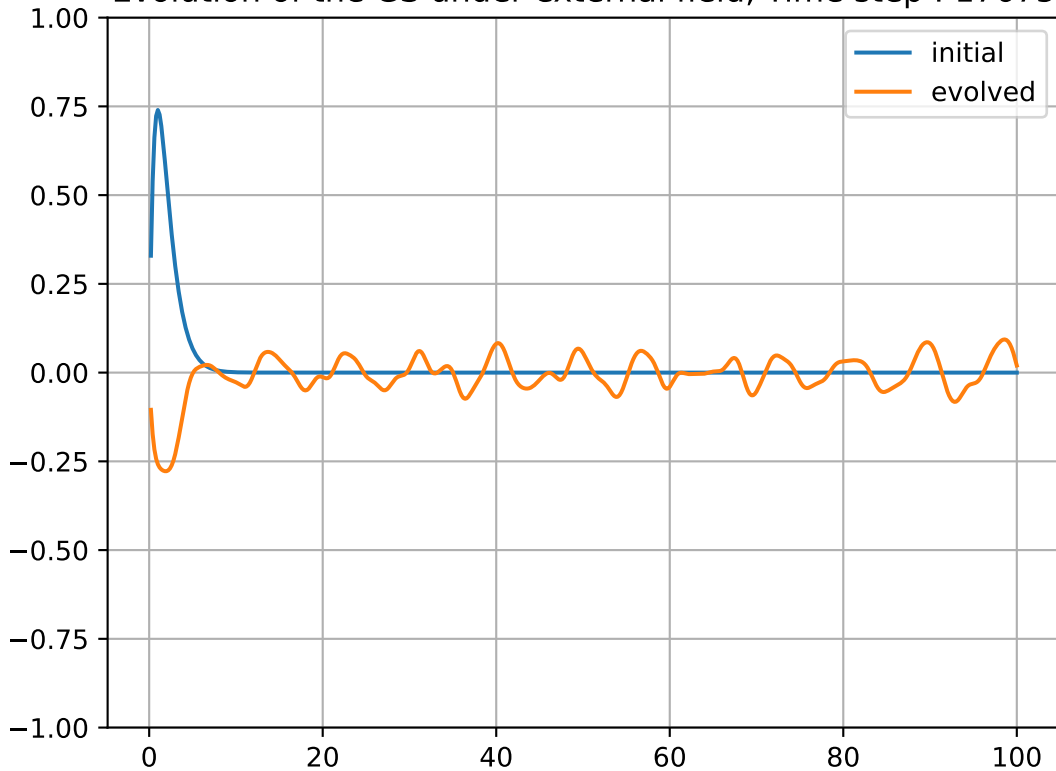

Evolution of the GS under external field, Time step : 17625

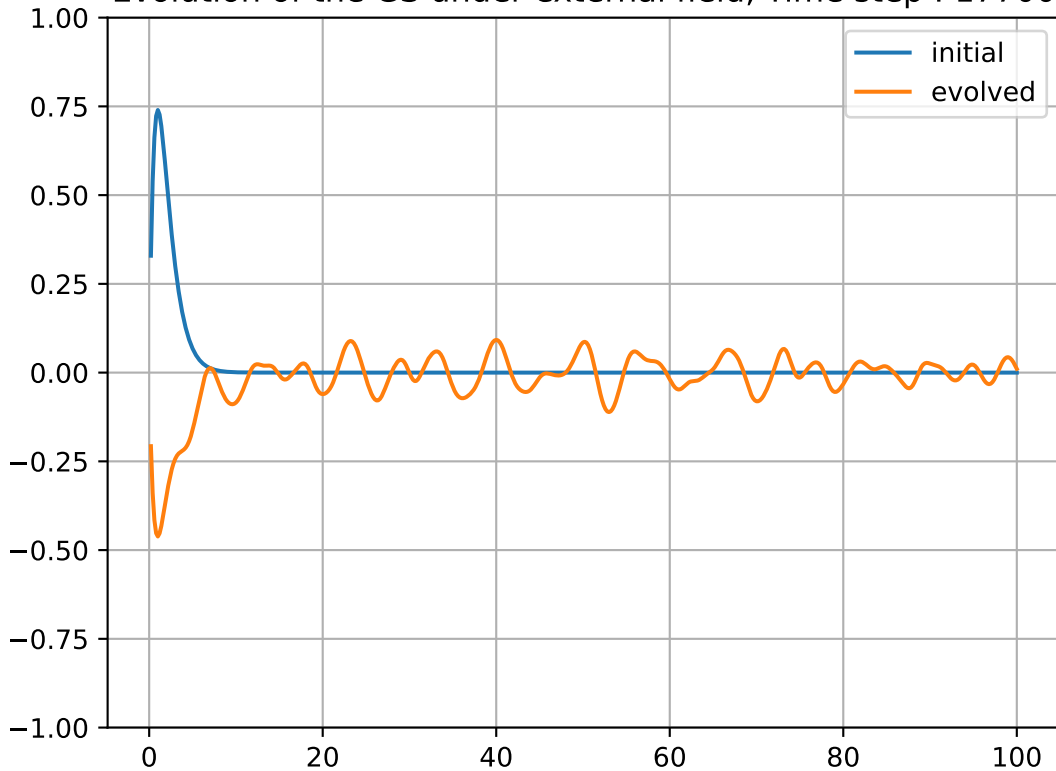

Evolution of the GS under external field, Time step : 17650

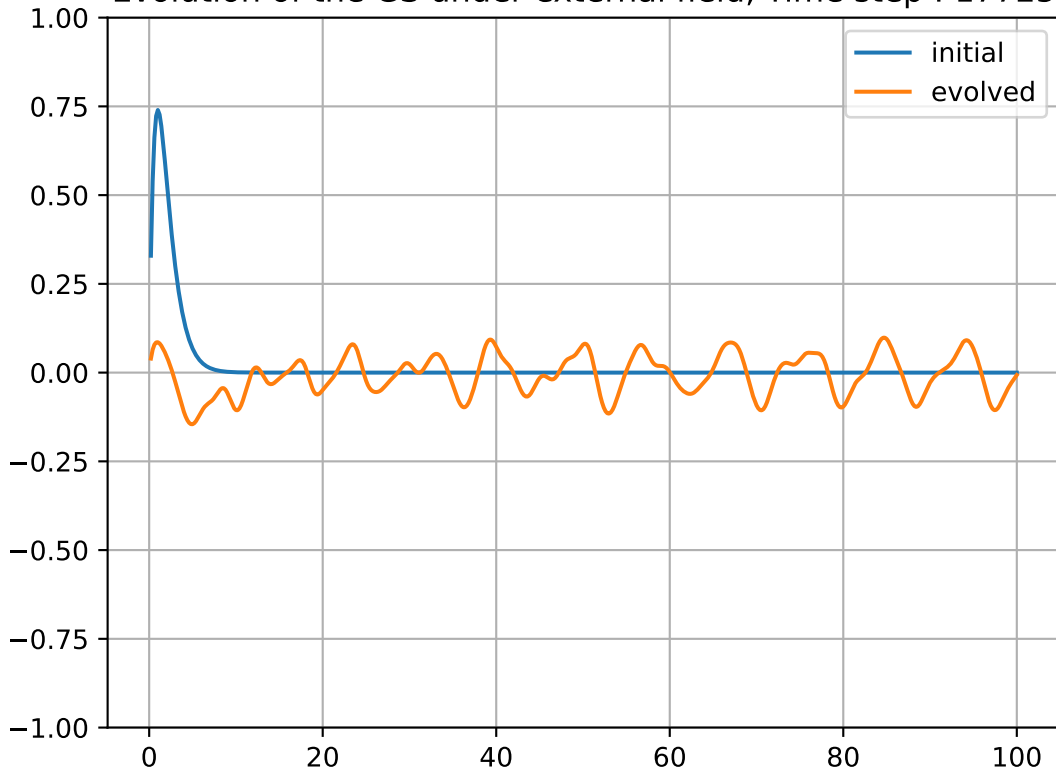

Evolution of the GS under external field, Time step : 17675

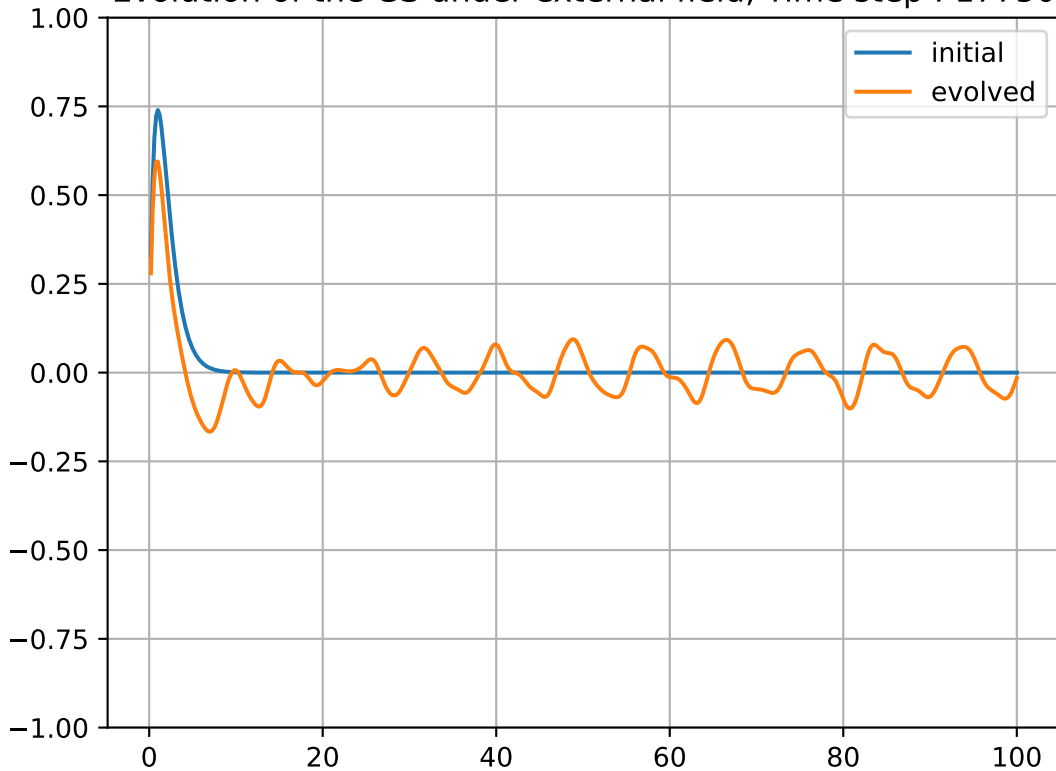

Evolution of the GS under external field, Time step : 17700

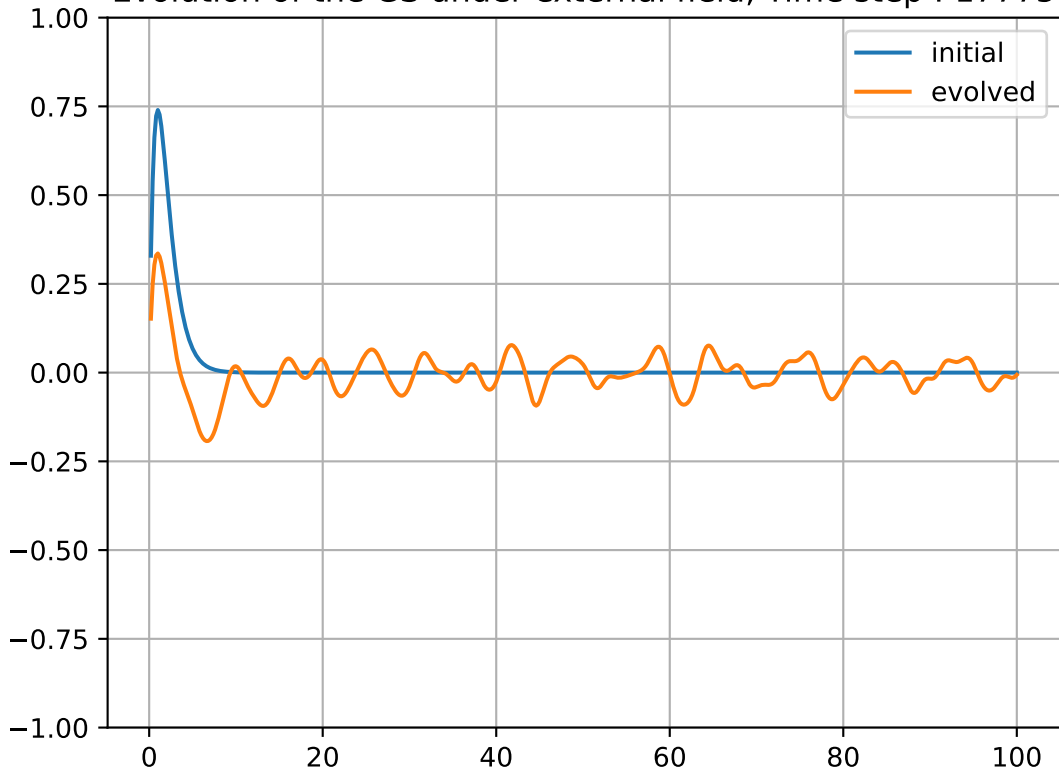

Evolution of the GS under external field, Time step : 17725

Evolution of the GS under external field, Time step : 17750

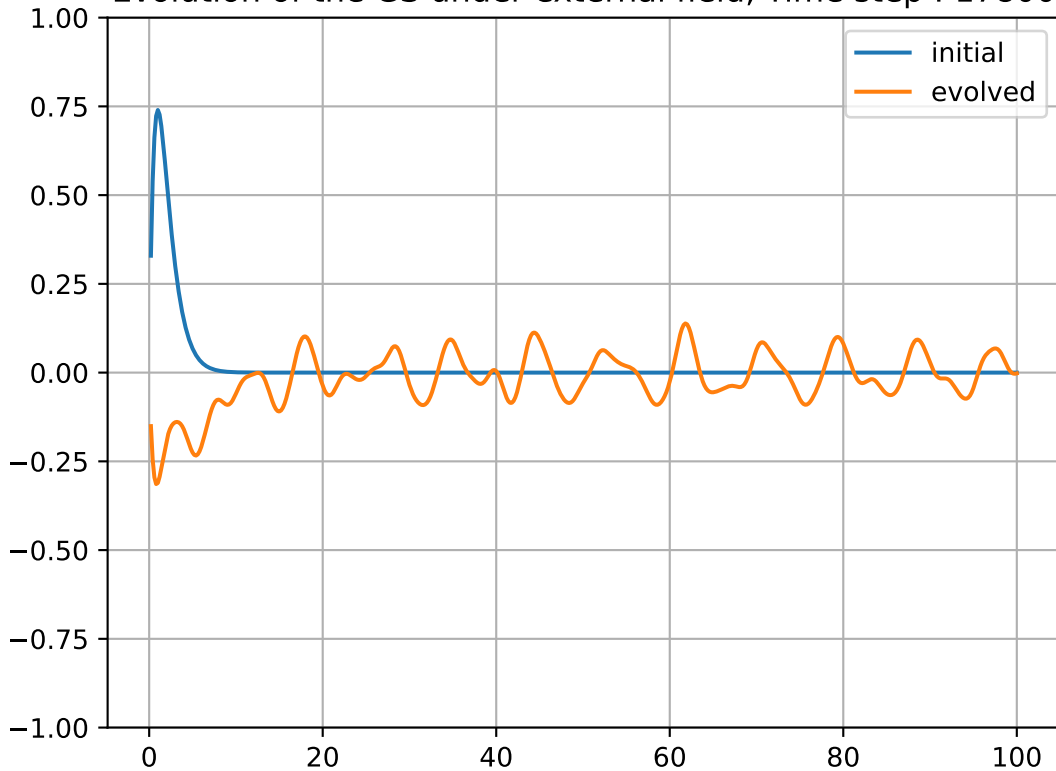

Evolution of the GS under external field, Time step : 17775

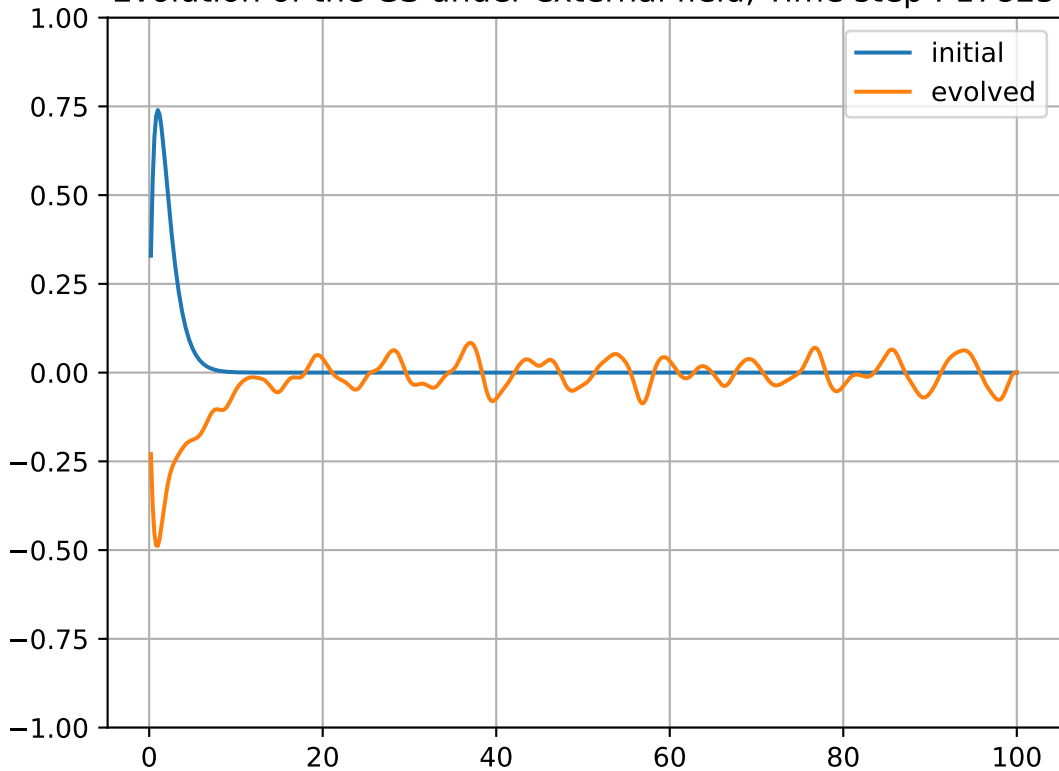

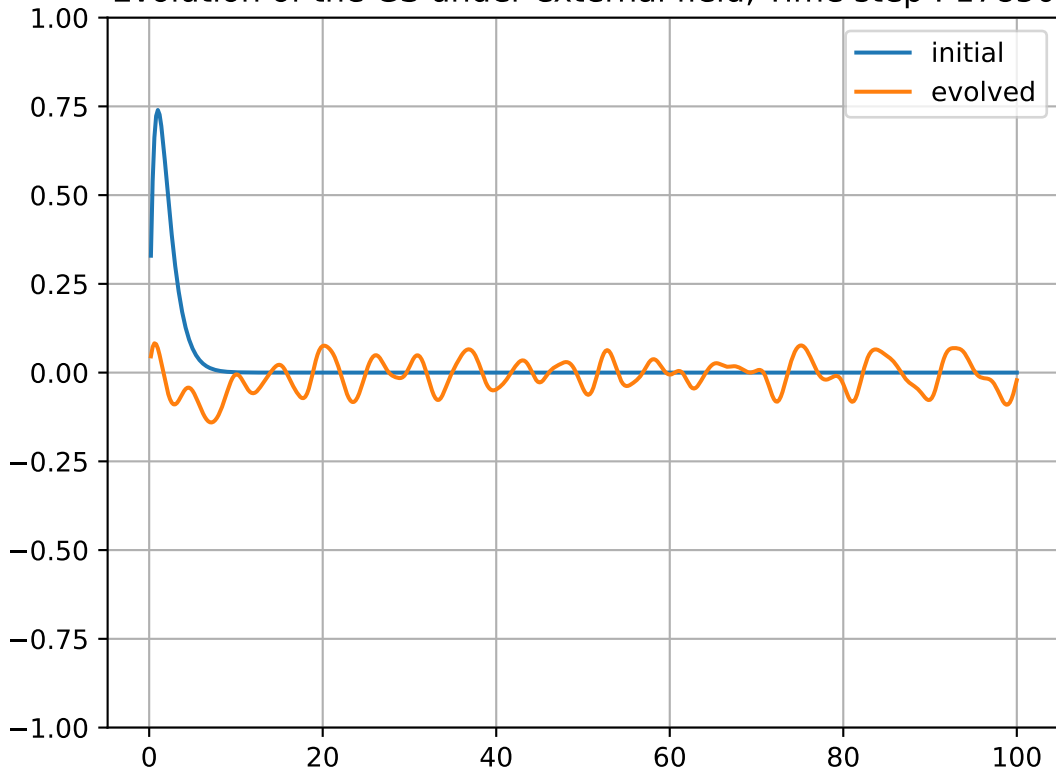

Evolution of the GS under external field, Time step : 17800

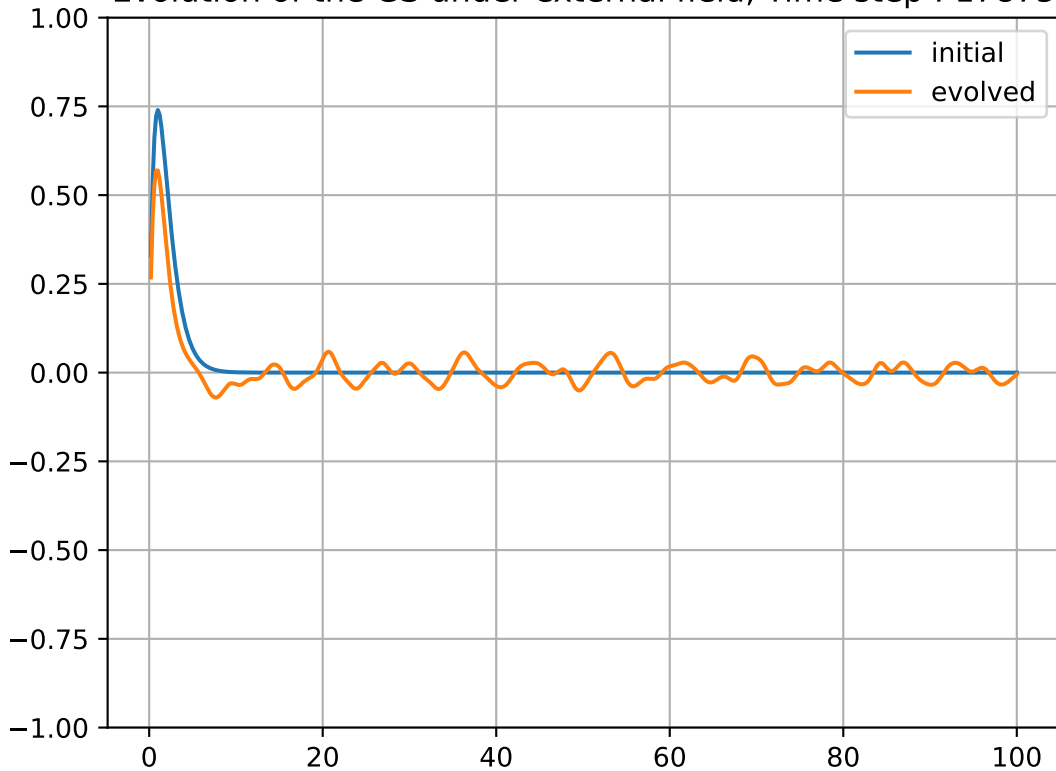

Evolution of the GS under external field, Time step : 17825

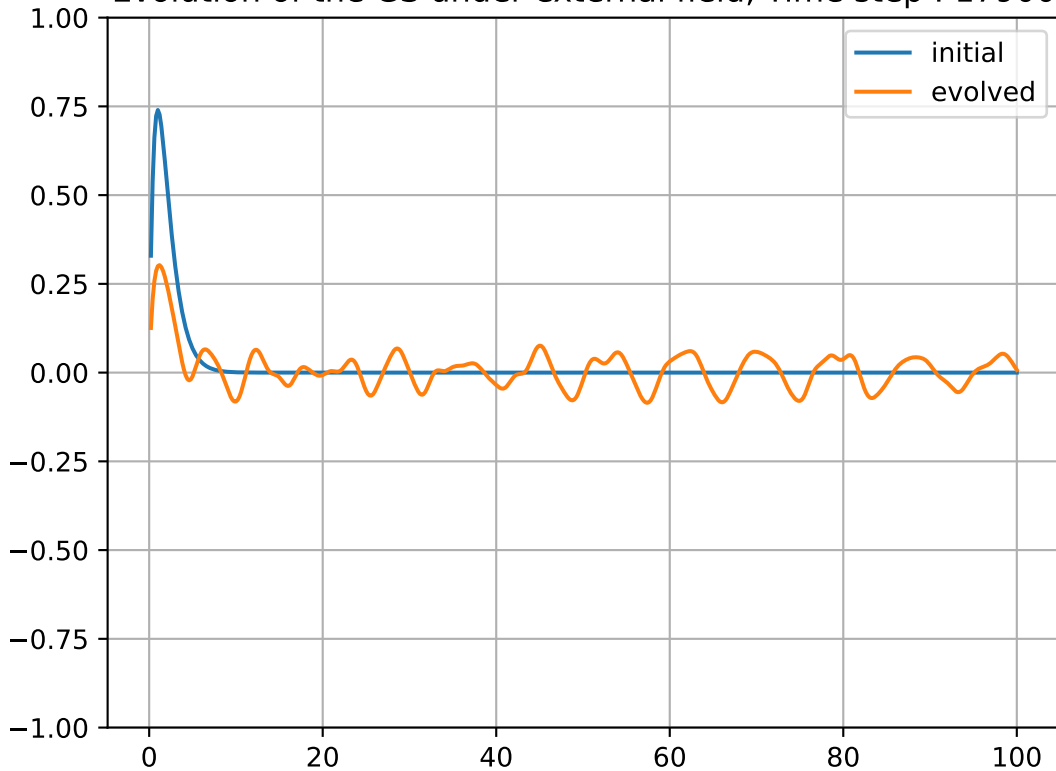

Evolution of the GS under external field, Time step : 17850

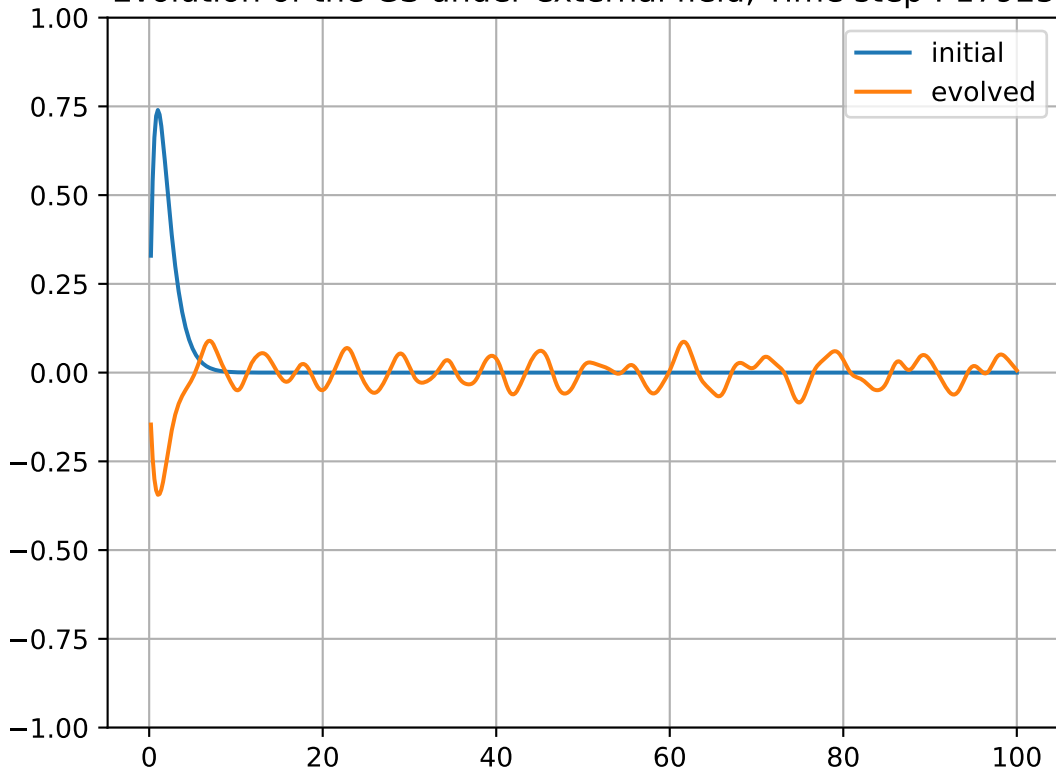

Evolution of the GS under external field, Time step : 17875

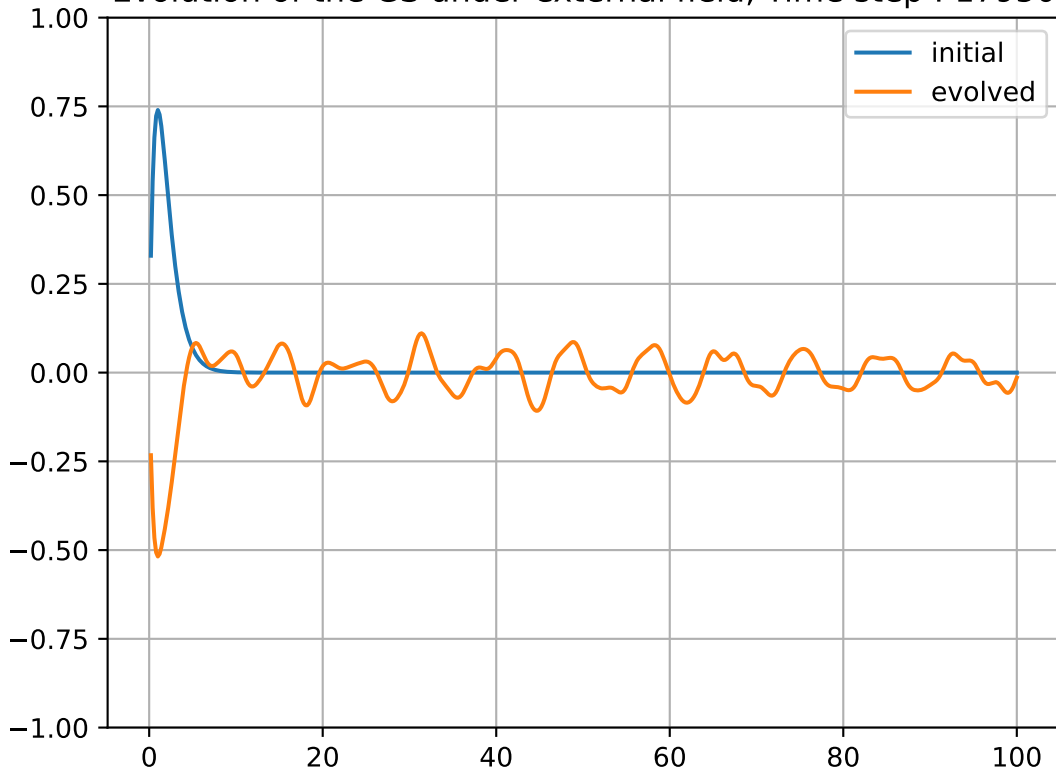

Evolution of the GS under external field, Time step : 17900

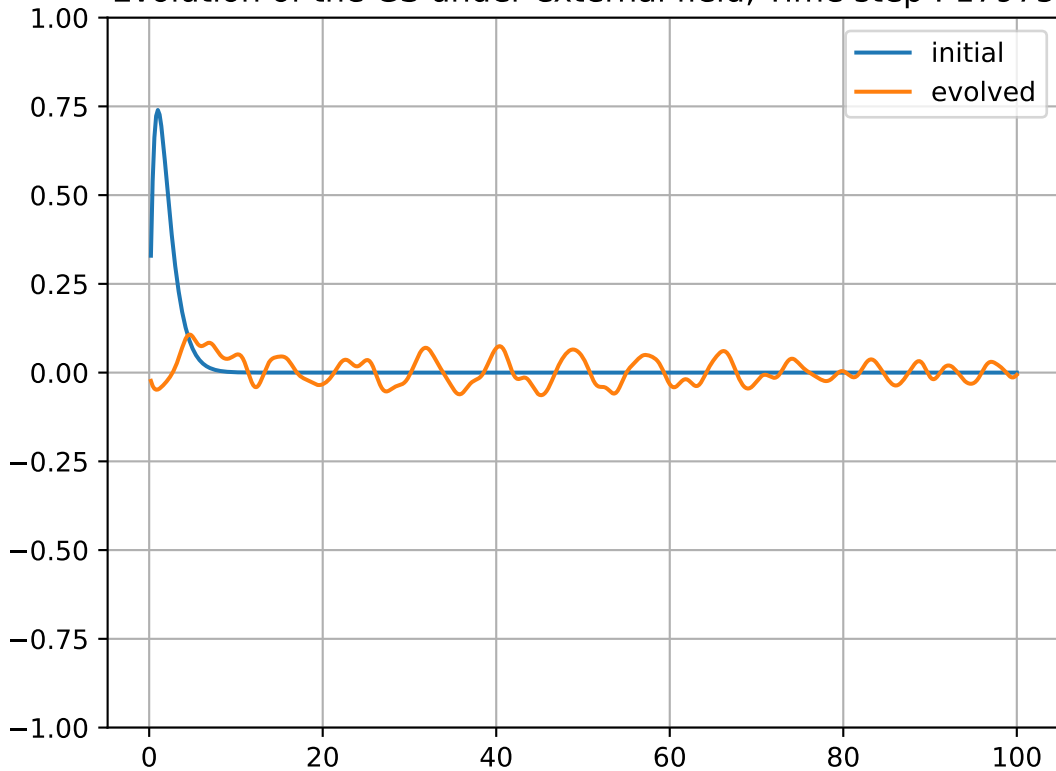

Evolution of the GS under external field, Time step : 17925

Evolution of the GS under external field, Time step : 17950

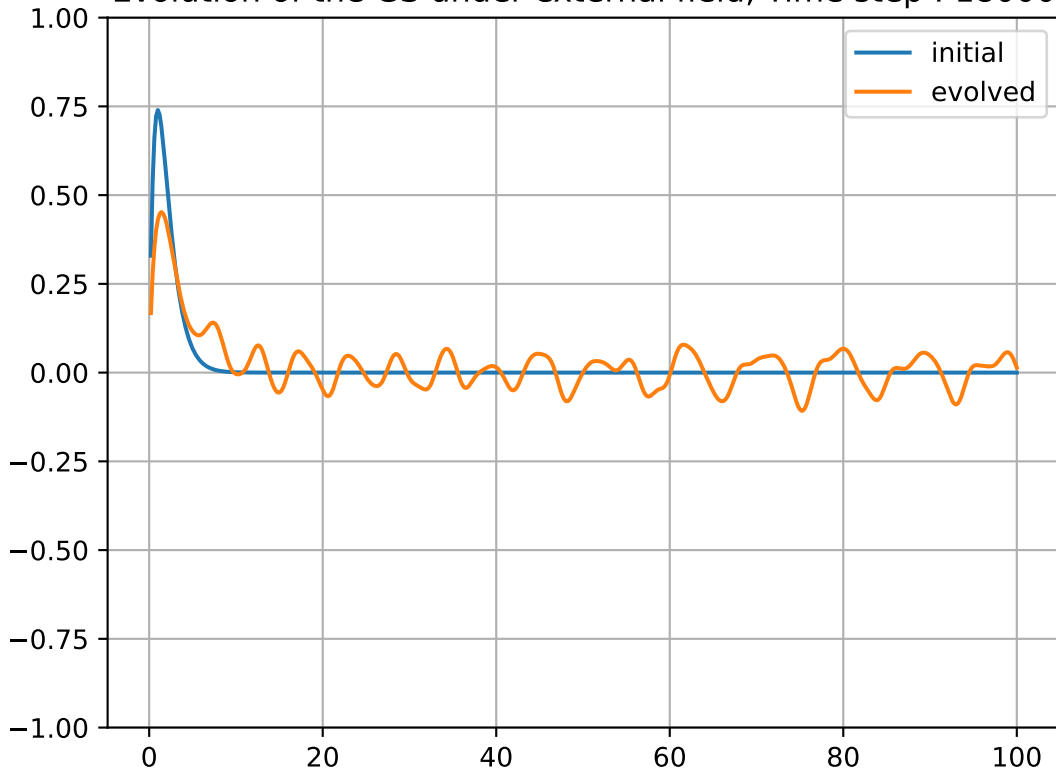

Evolution of the GS under external field, Time step : 17975

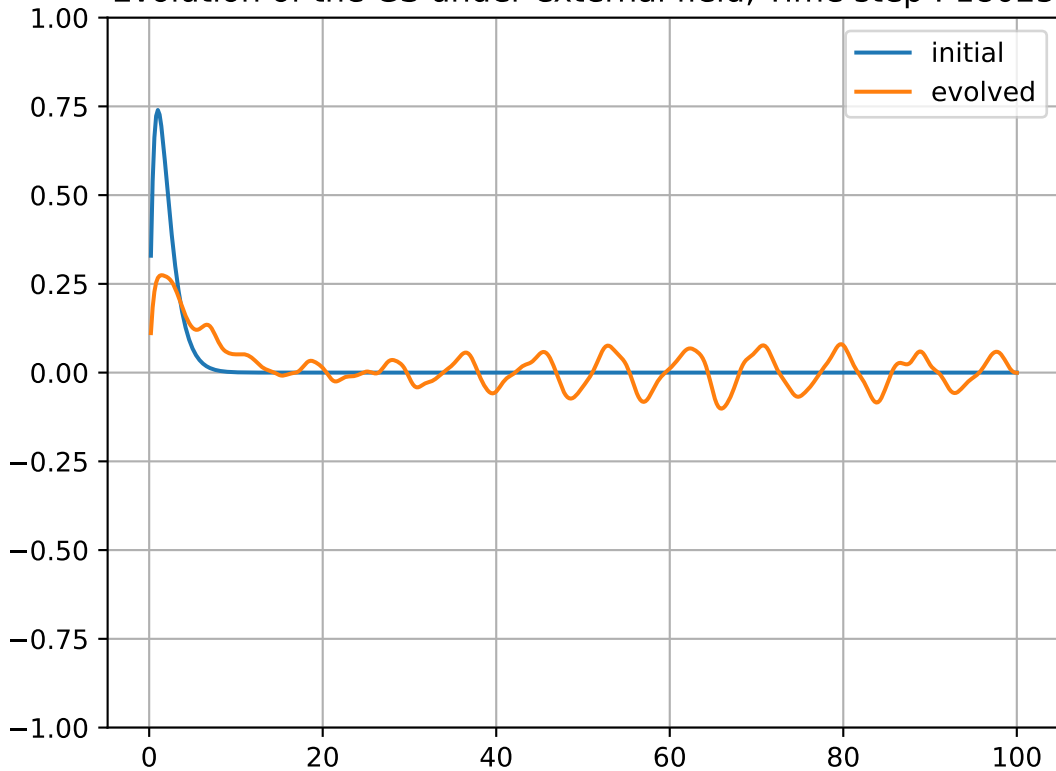

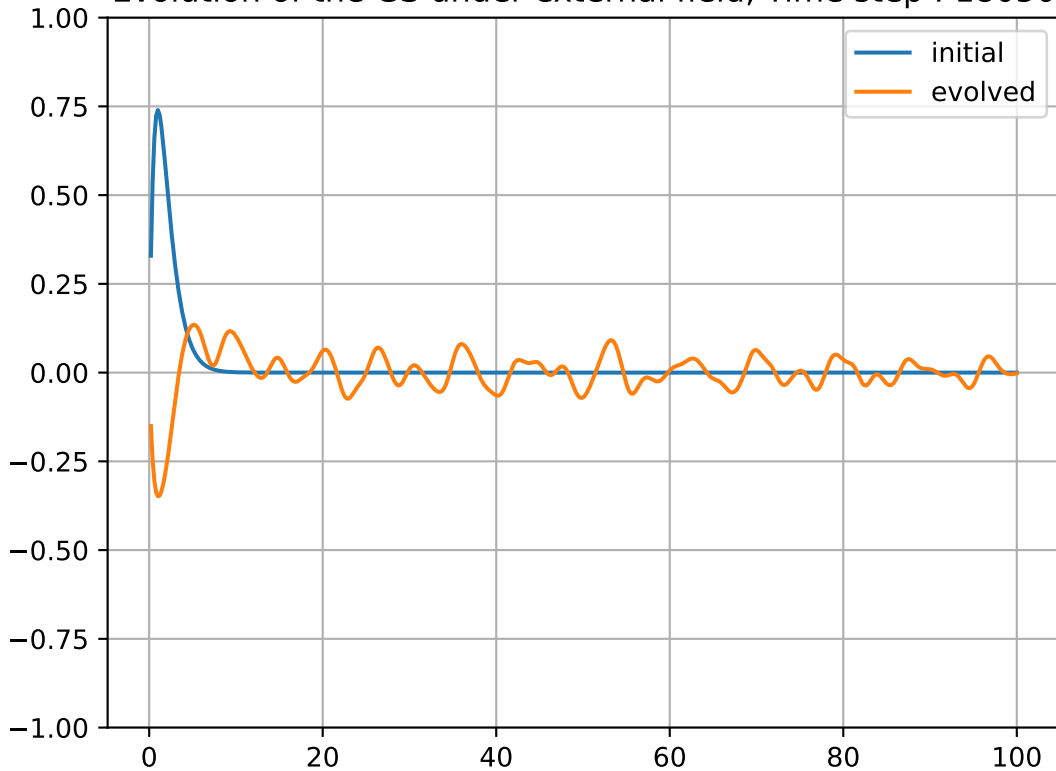

Evolution of the GS under external field, Time step : 18000

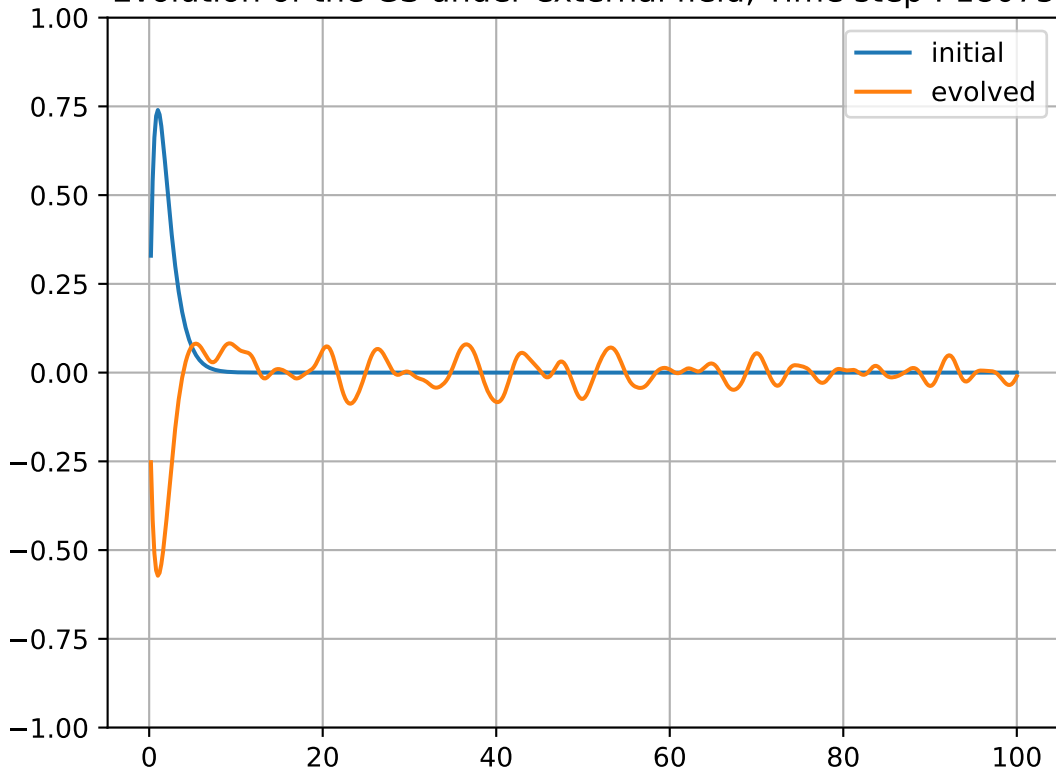

Evolution of the GS under external field, Time step : 18025

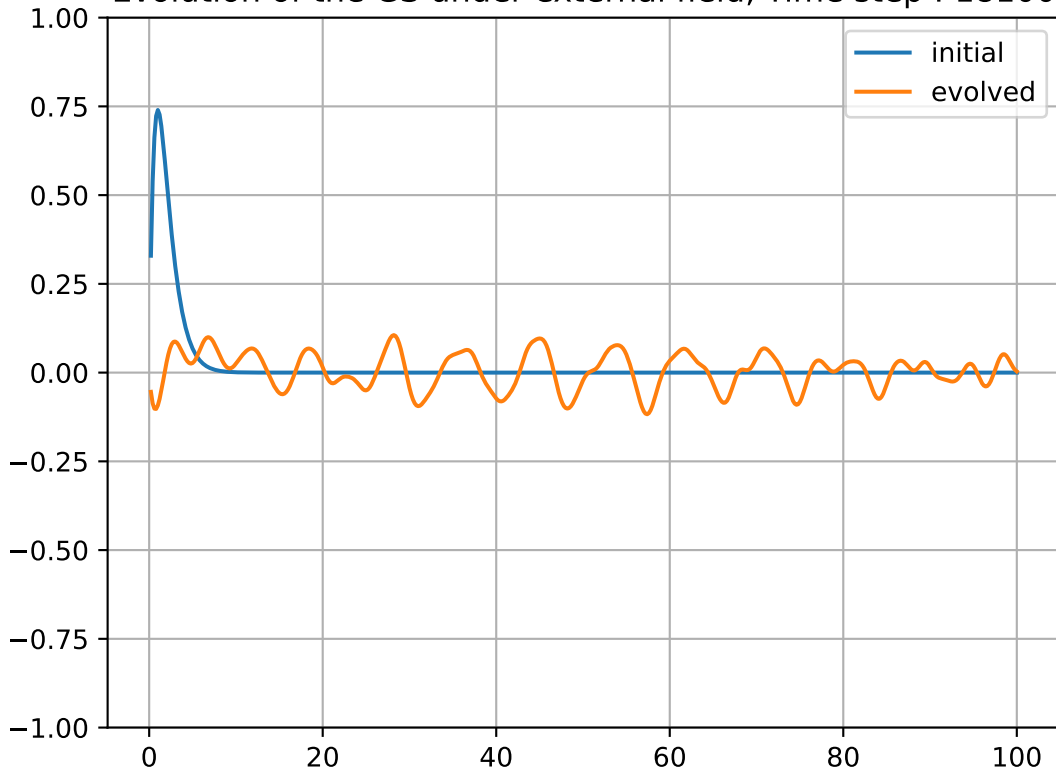

Evolution of the GS under external field, Time step : 18050

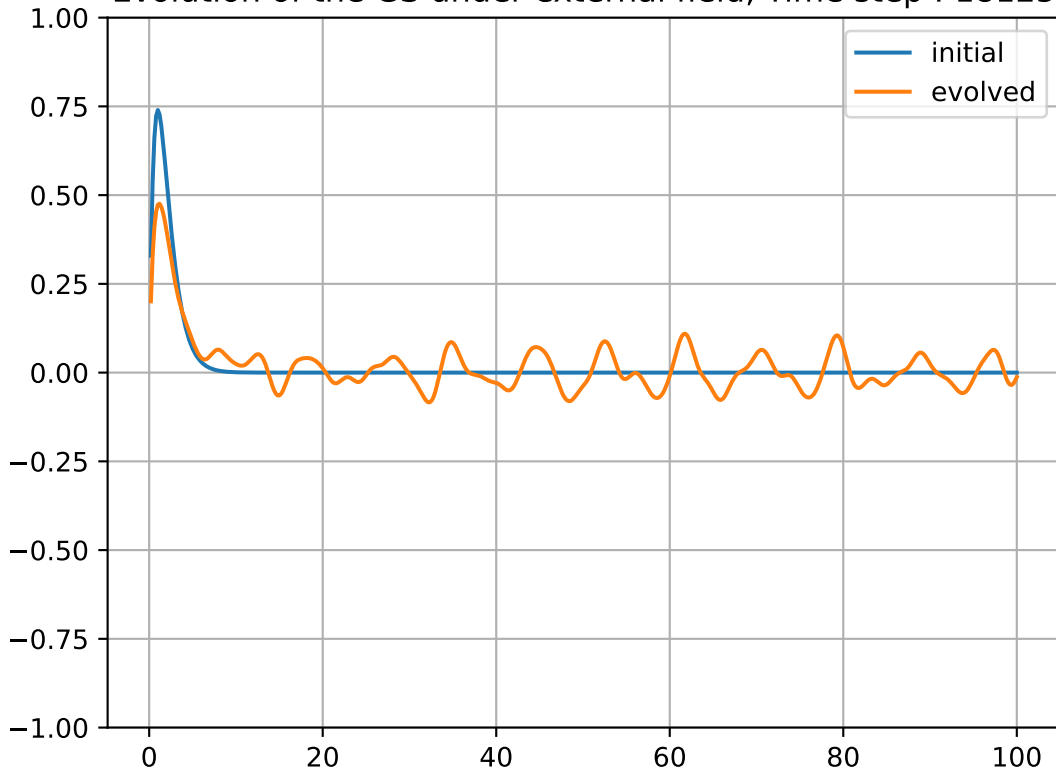

Evolution of the GS under external field, Time step : 18075

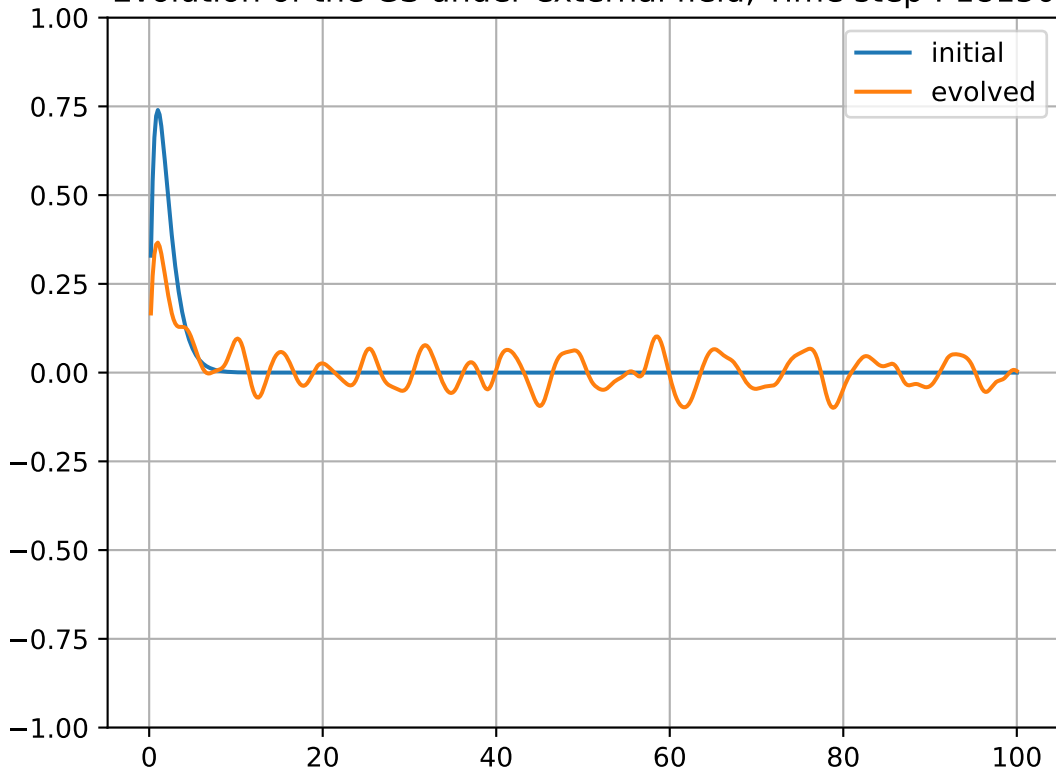

Evolution of the GS under external field, Time step : 18100

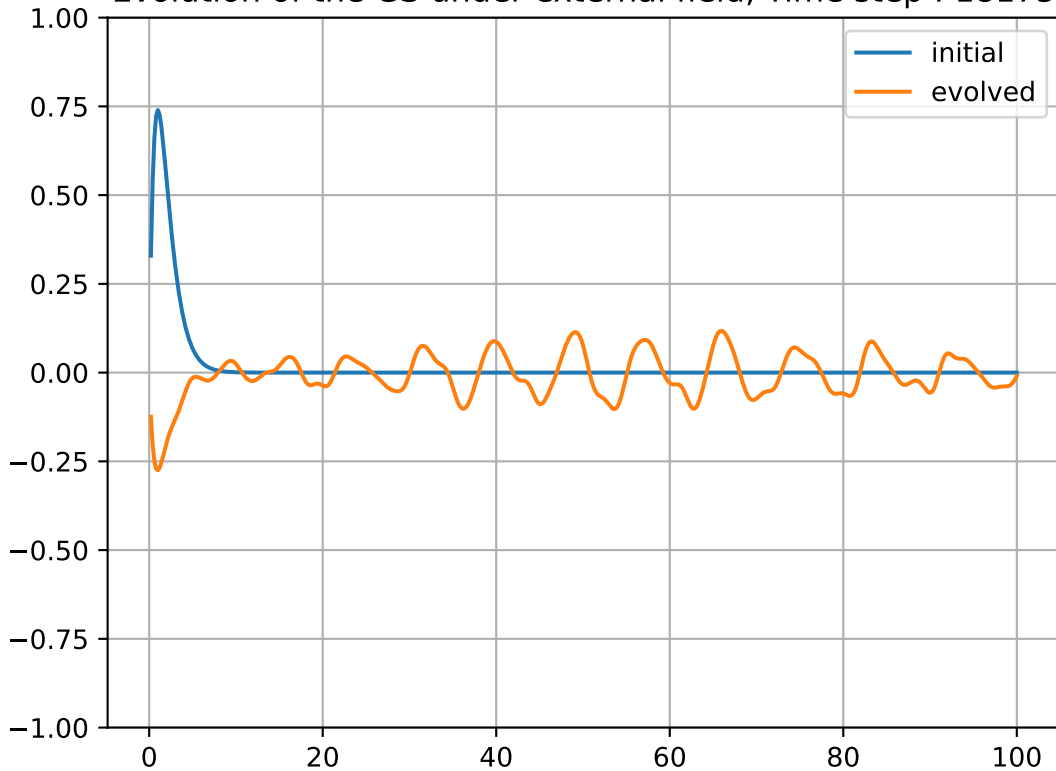

Evolution of the GS under external field, Time step : 18125

Evolution of the GS under external field, Time step : 18150

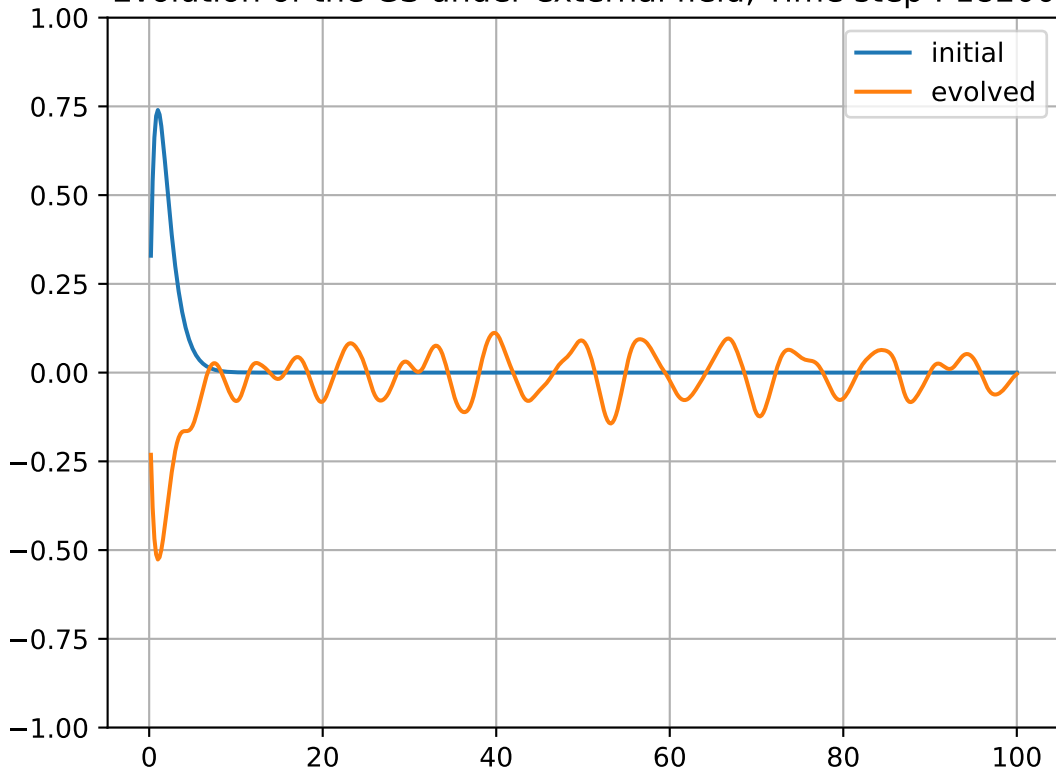

Evolution of the GS under external field, Time step : 18175

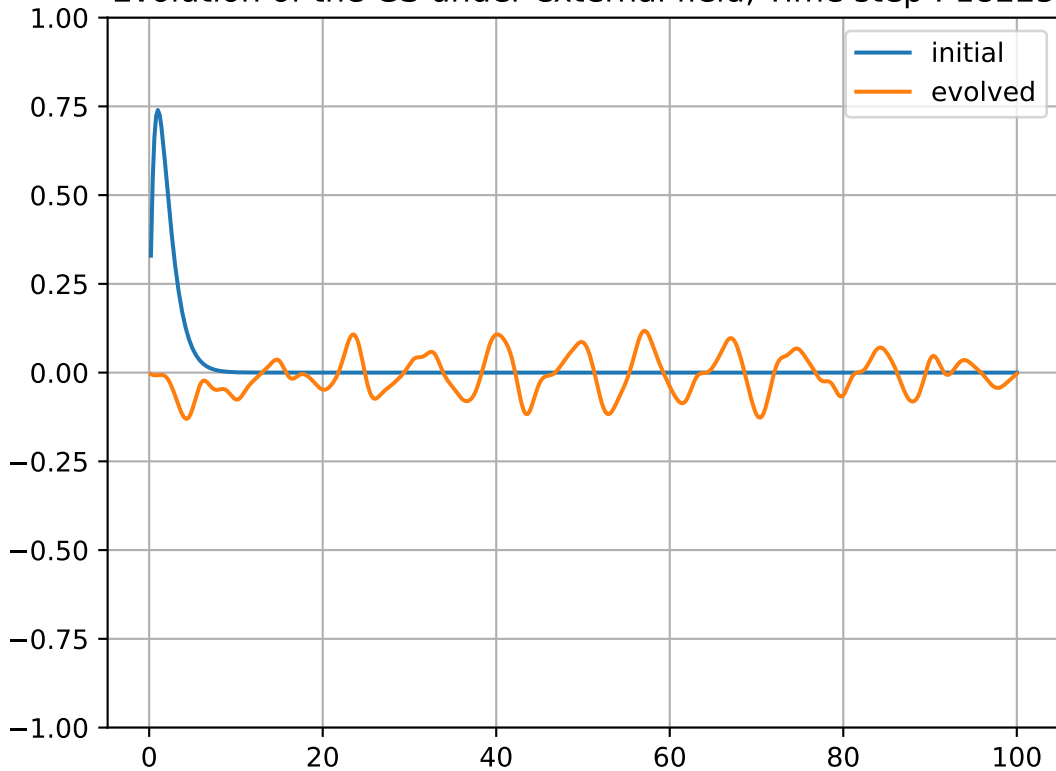

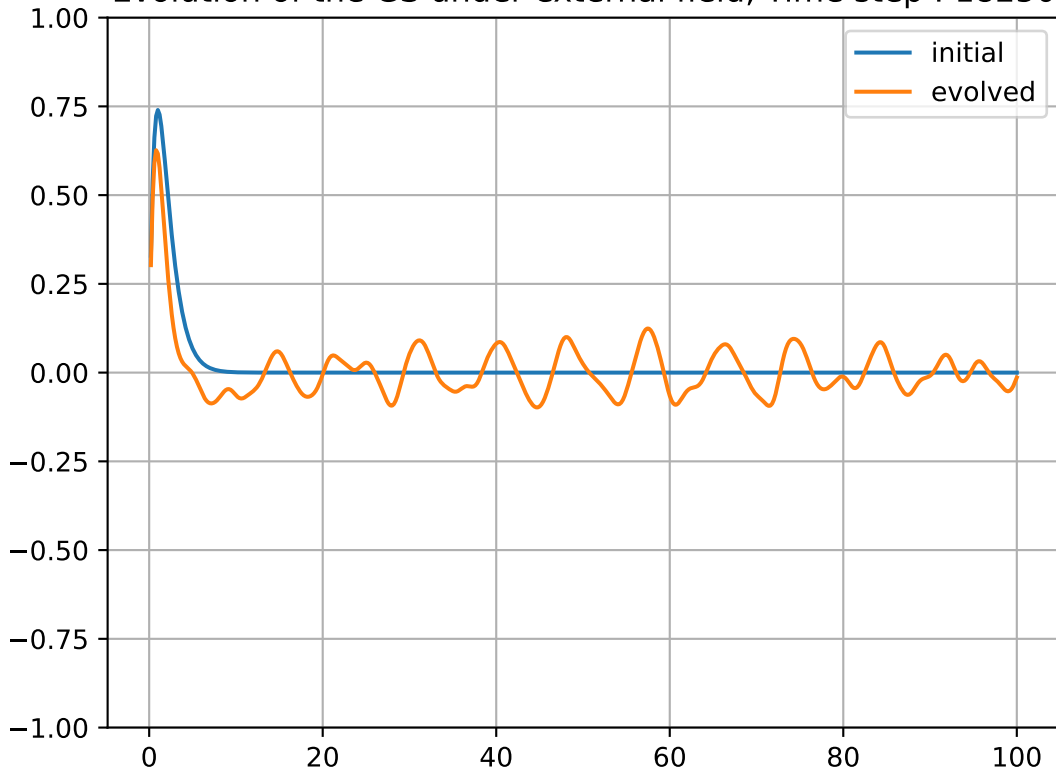

Evolution of the GS under external field, Time step : 18200

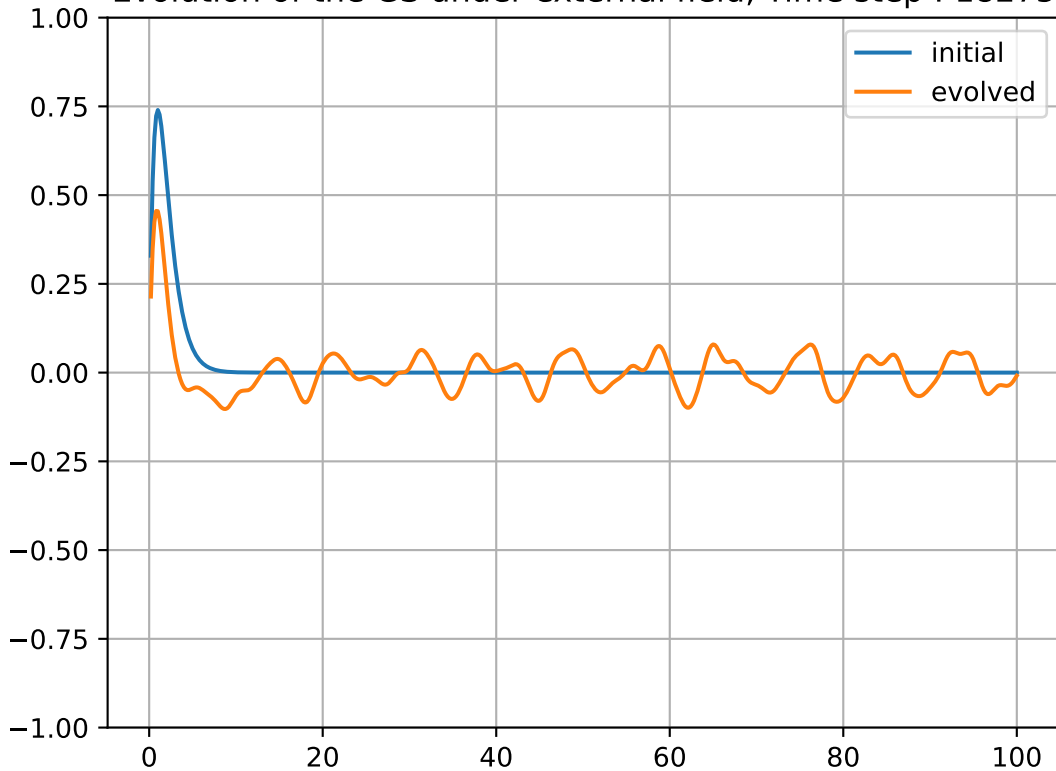

Evolution of the GS under external field, Time step : 18225

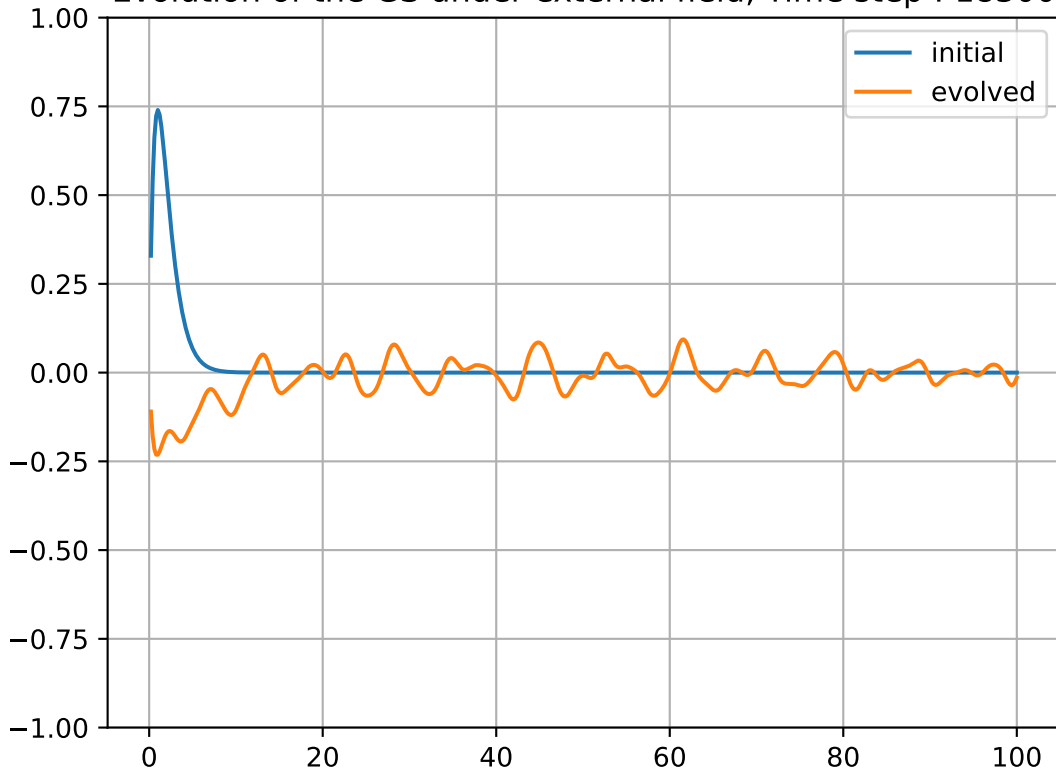

Evolution of the GS under external field, Time step : 18250

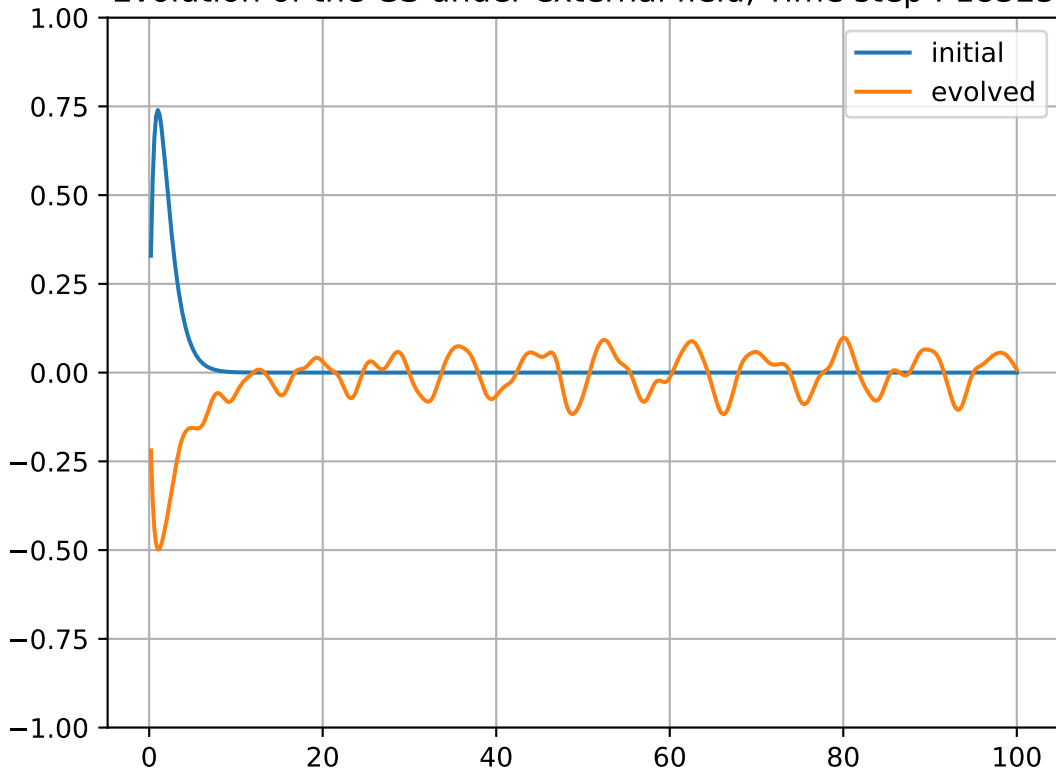

Evolution of the GS under external field, Time step : 18275

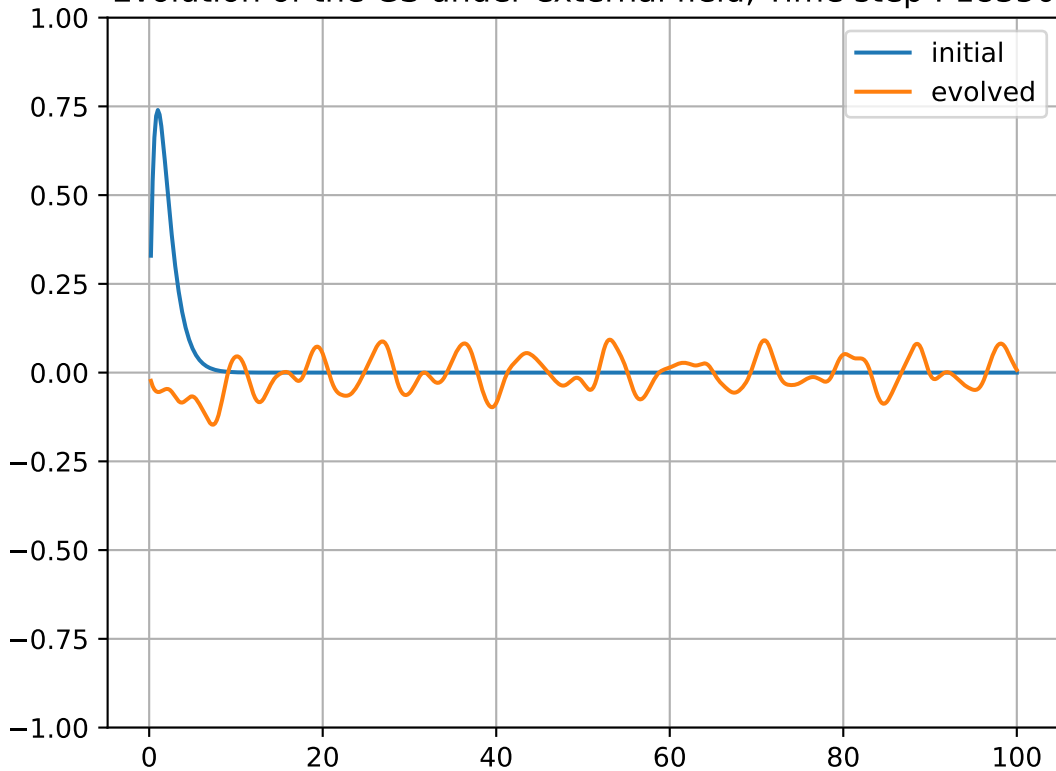

Evolution of the GS under external field, Time step : 18300

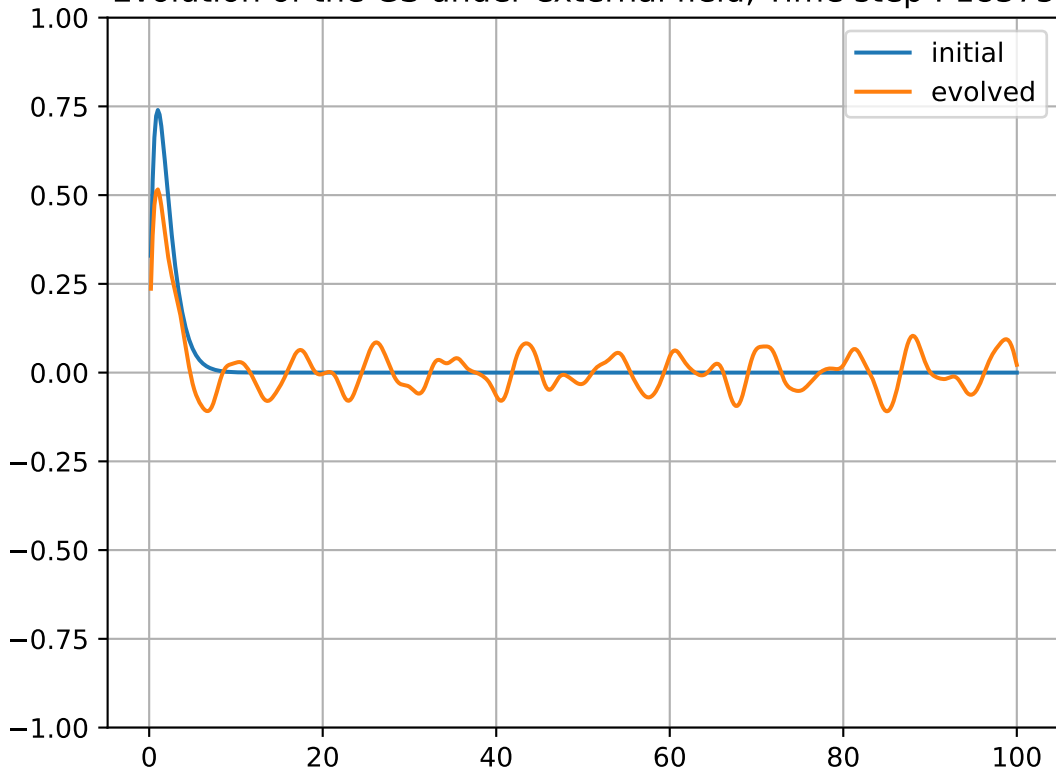

Evolution of the GS under external field, Time step : 18325

Evolution of the GS under external field, Time step : 18350

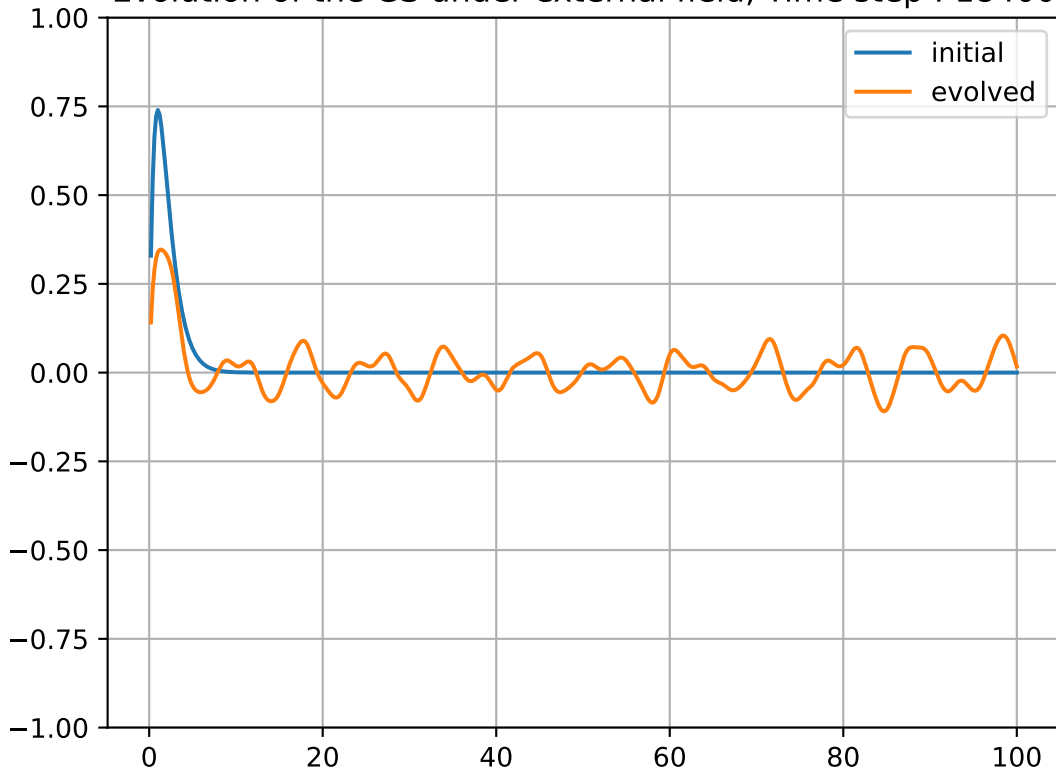

Evolution of the GS under external field, Time step : 18375

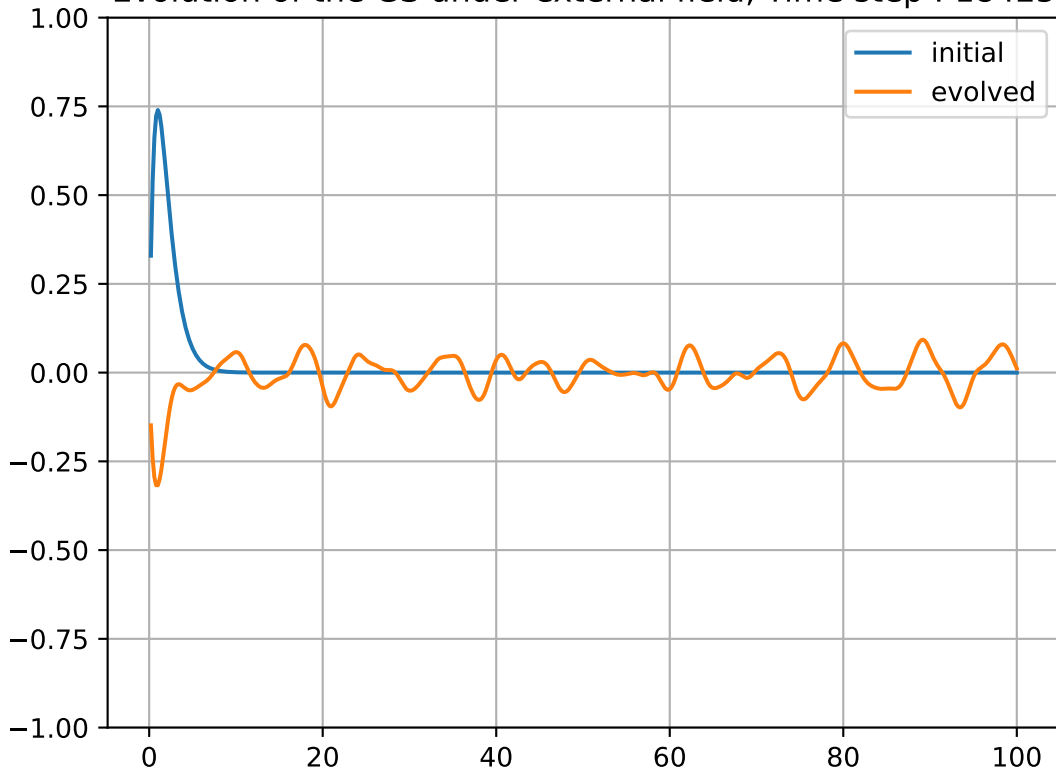

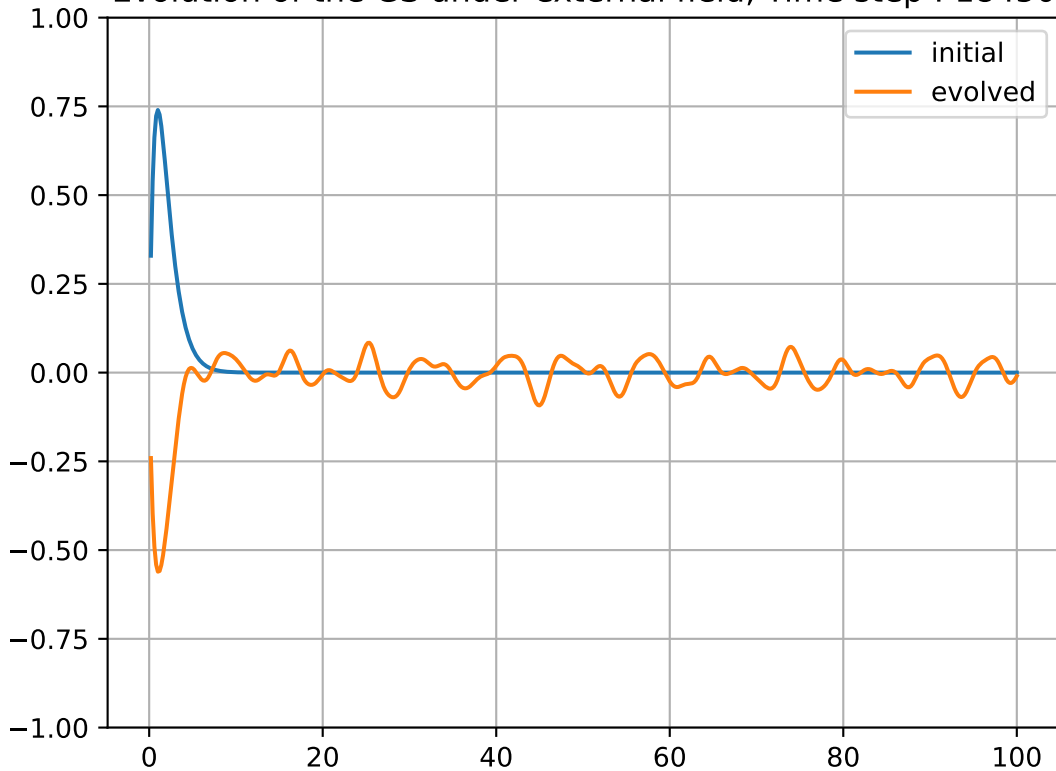

Evolution of the GS under external field, Time step : 18400

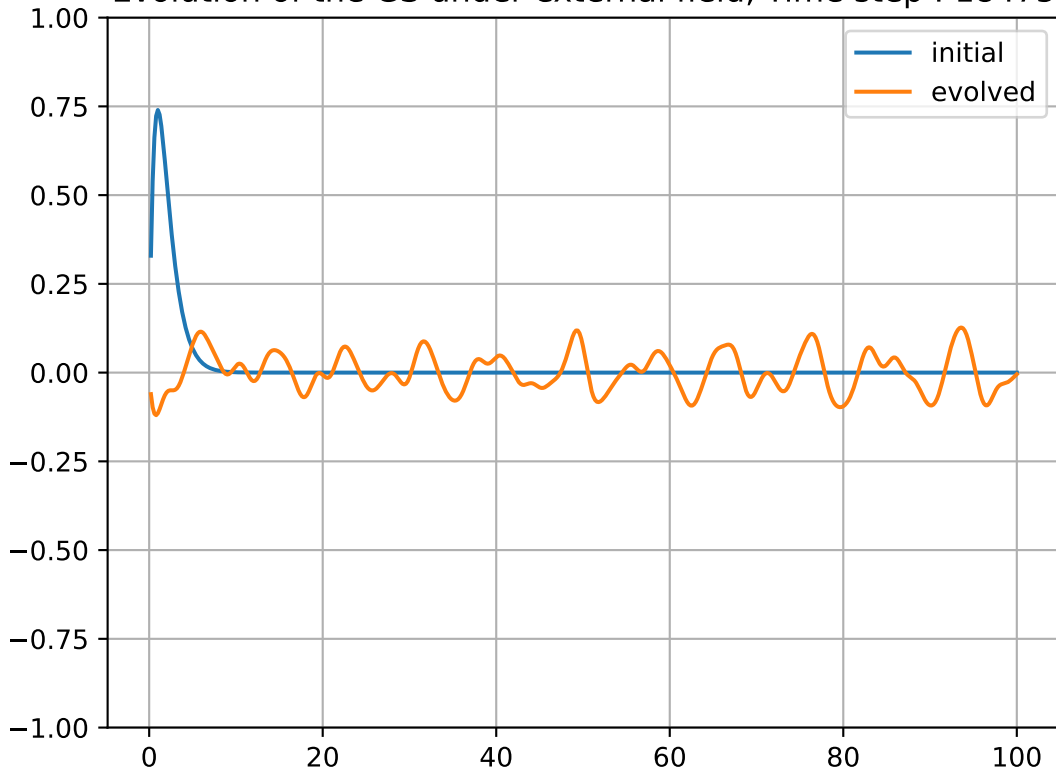

Evolution of the GS under external field, Time step : 18425

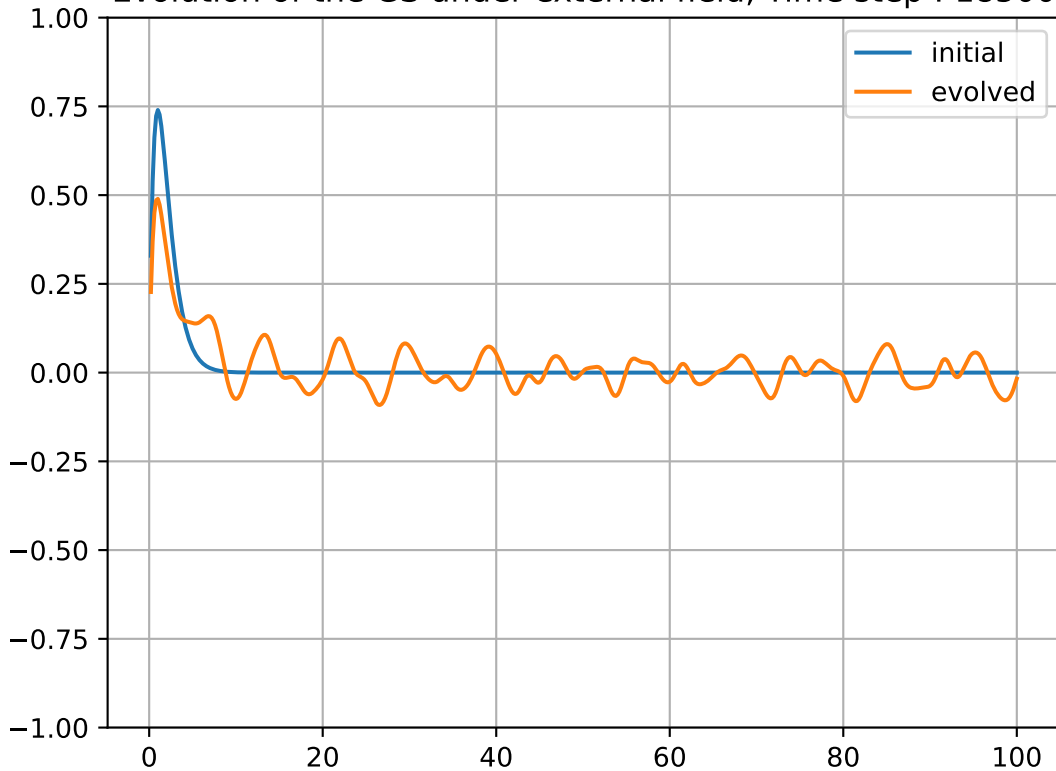

Evolution of the GS under external field, Time step : 18450

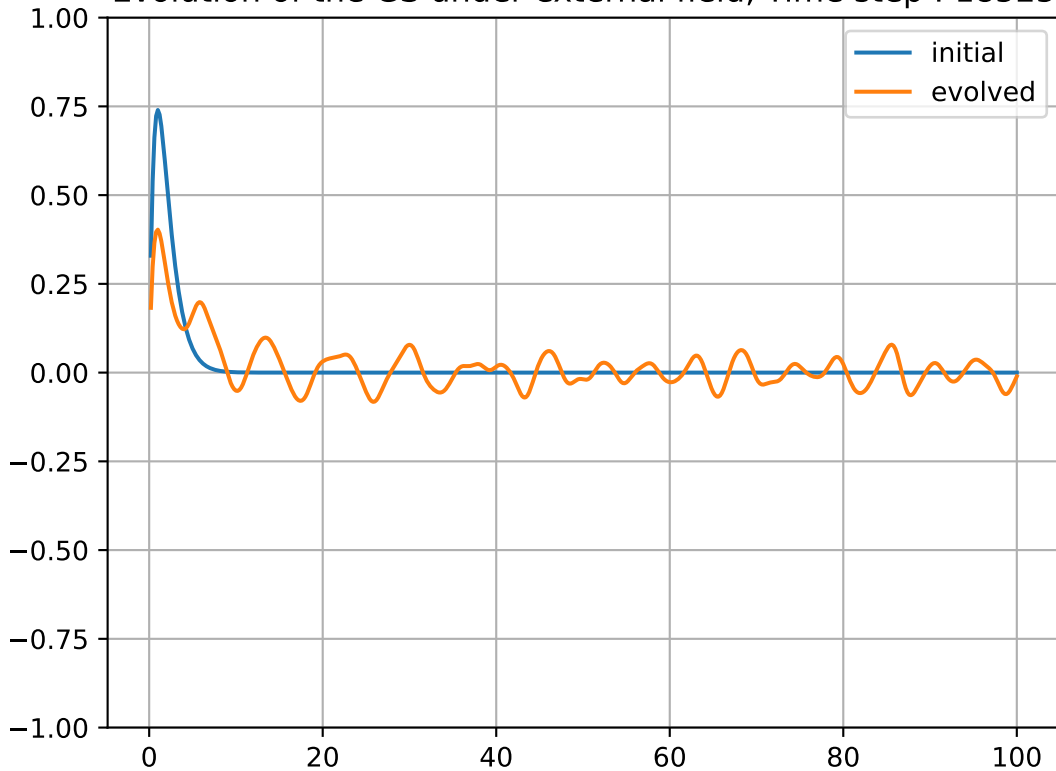

Evolution of the GS under external field, Time step : 18475

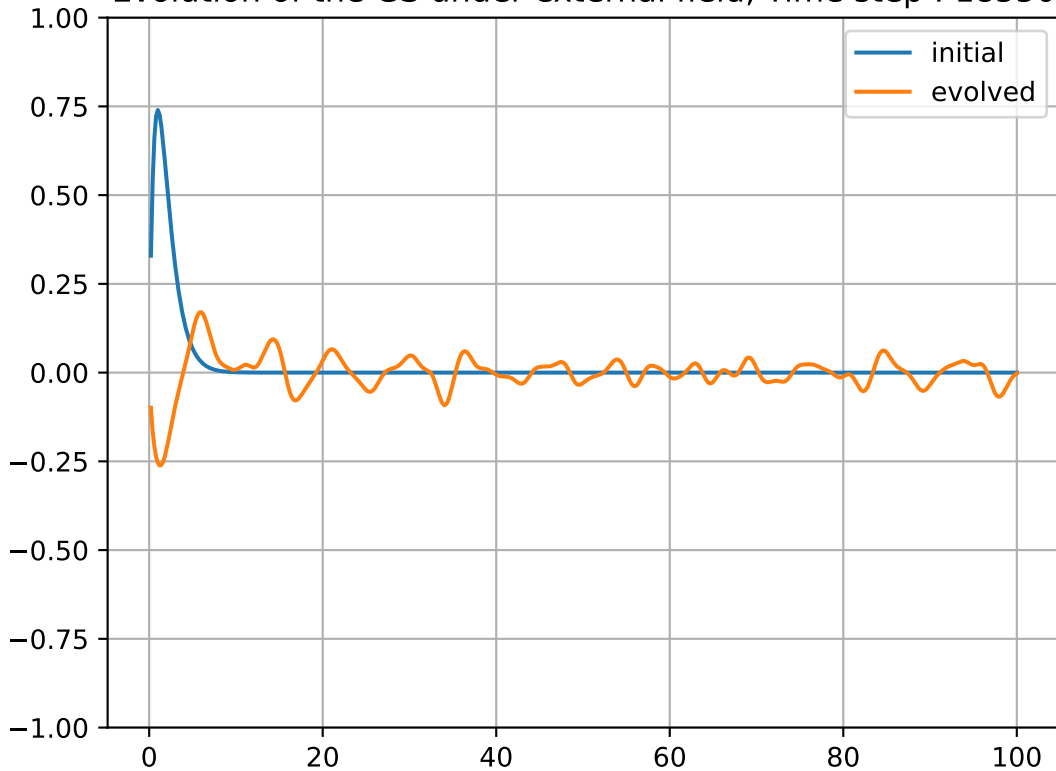

Evolution of the GS under external field, Time step : 18500

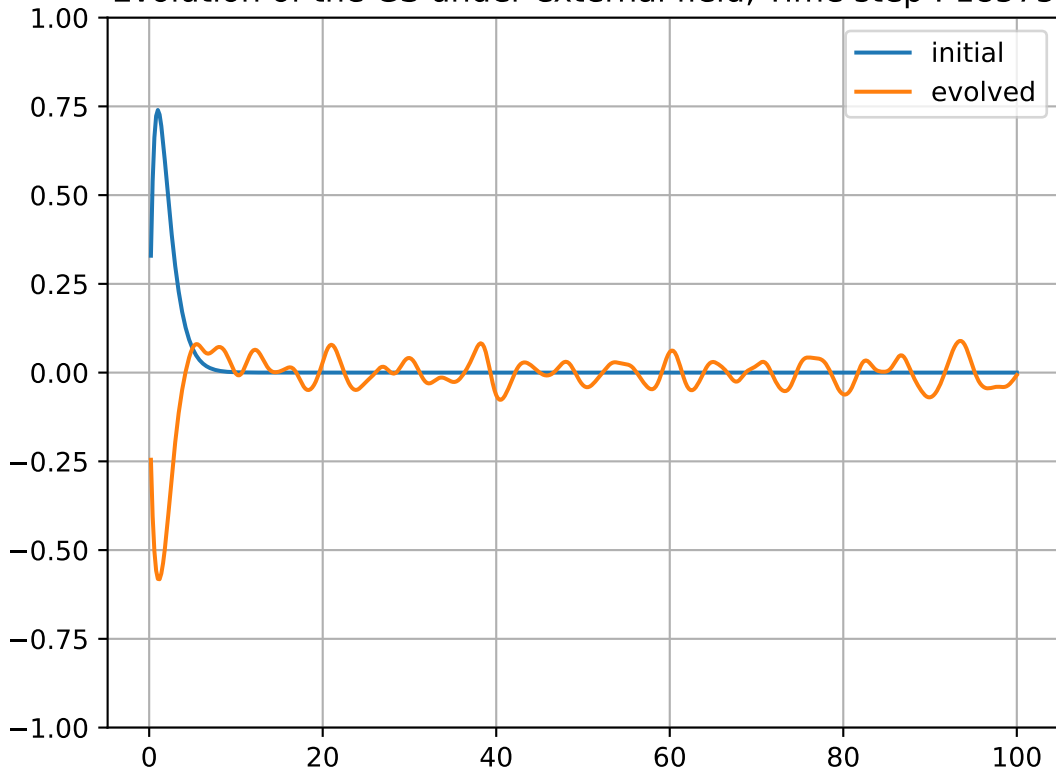

Evolution of the GS under external field, Time step : 18525

Evolution of the GS under external field, Time step : 18550

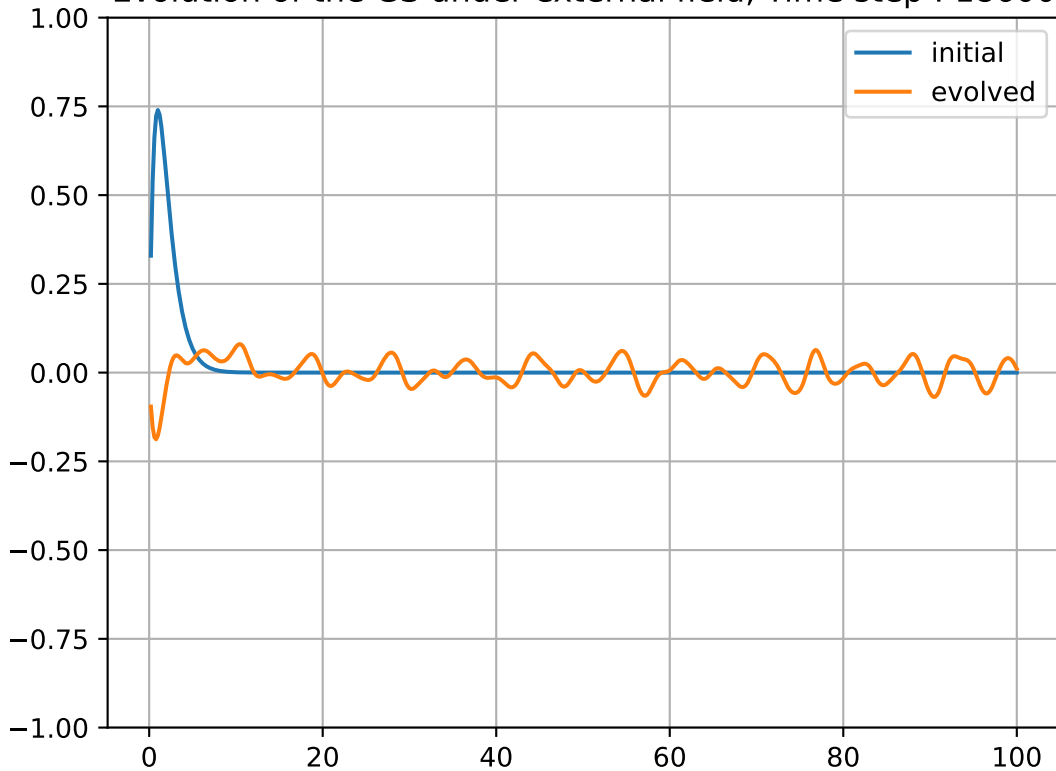

Evolution of the GS under external field, Time step : 18575

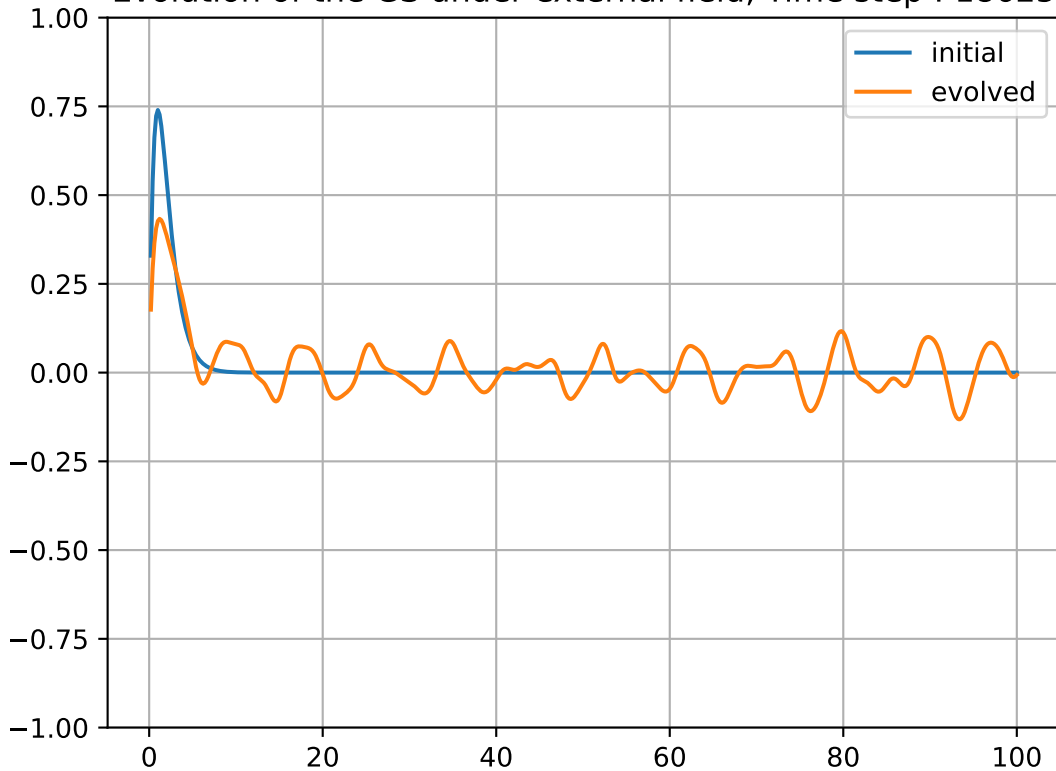

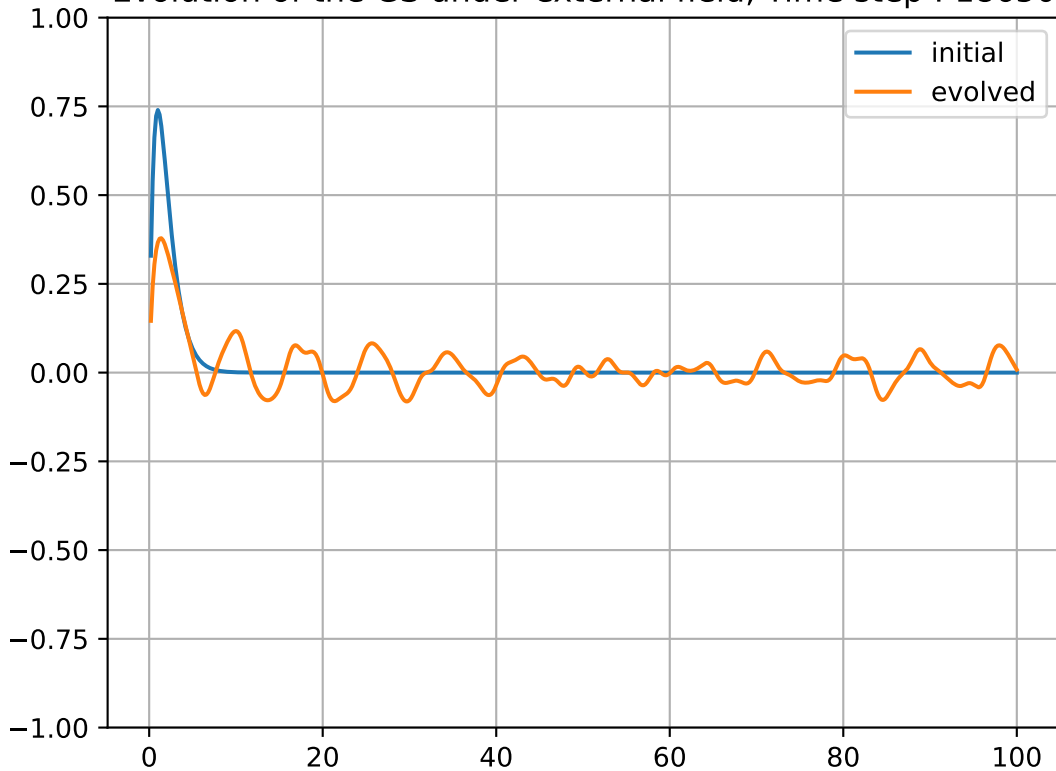

Evolution of the GS under external field, Time step : 18600

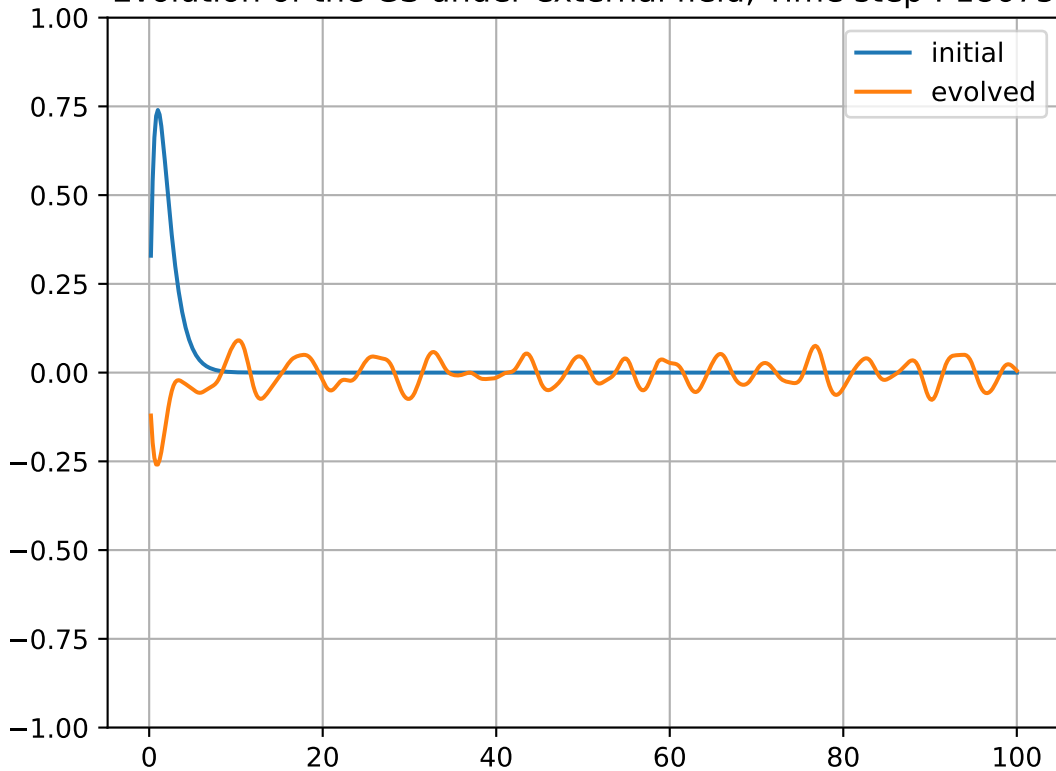

Evolution of the GS under external field, Time step : 18625

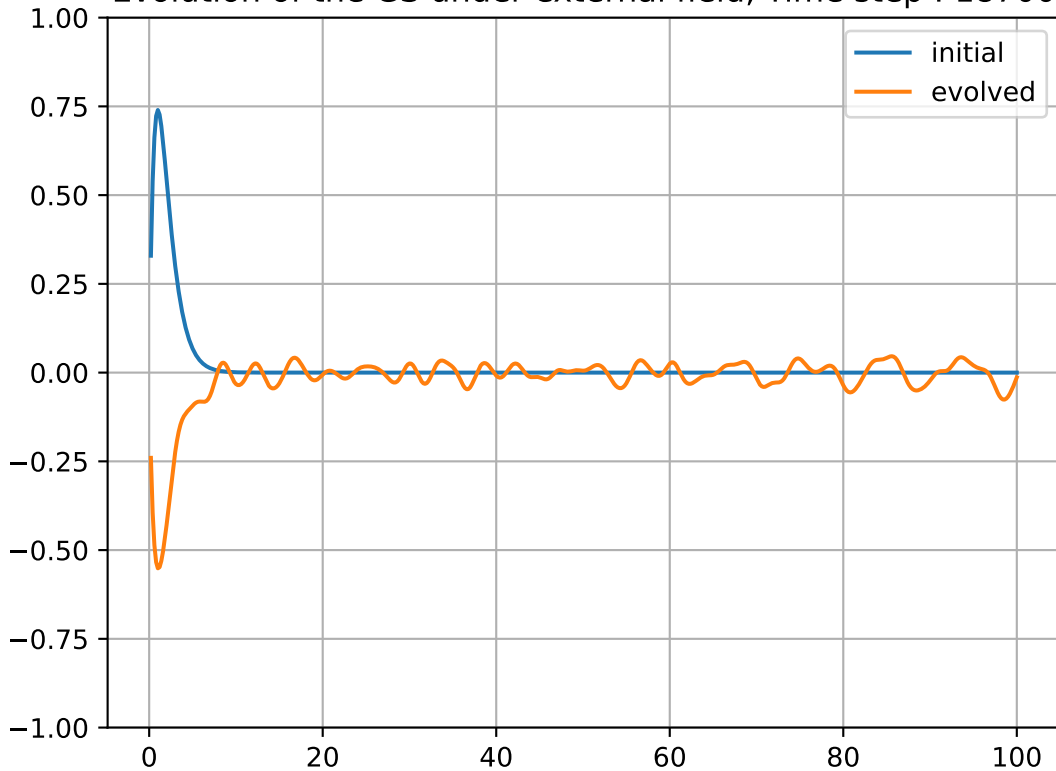

Evolution of the GS under external field, Time step : 18650

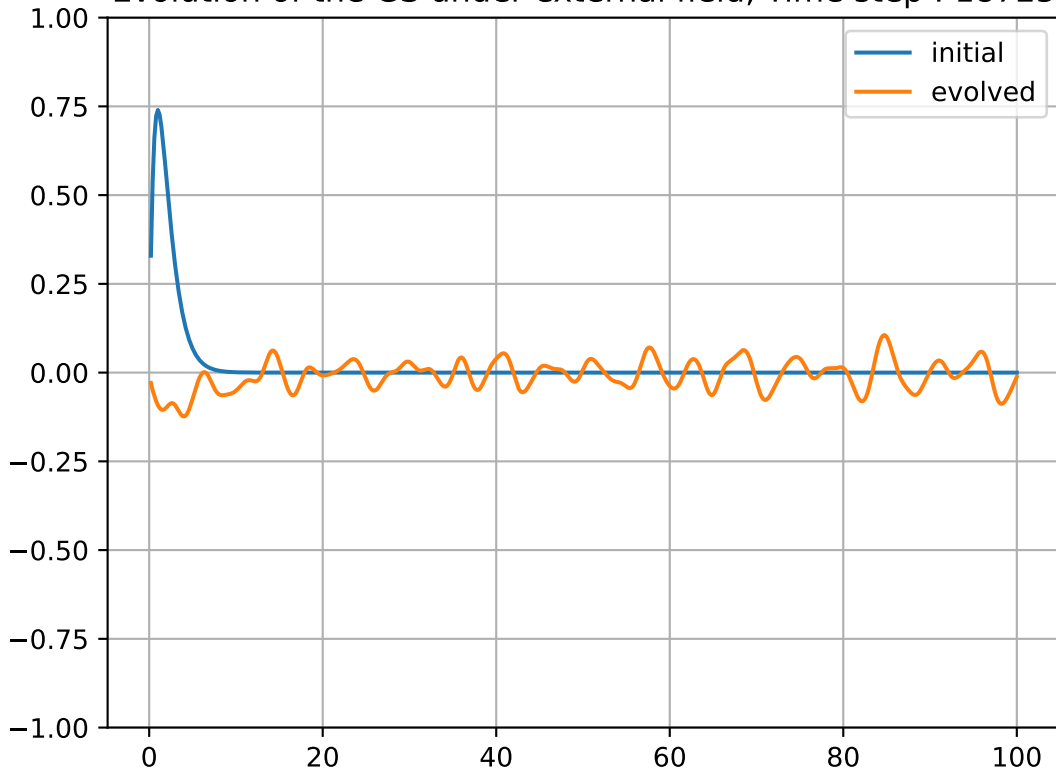

Evolution of the GS under external field, Time step : 18675

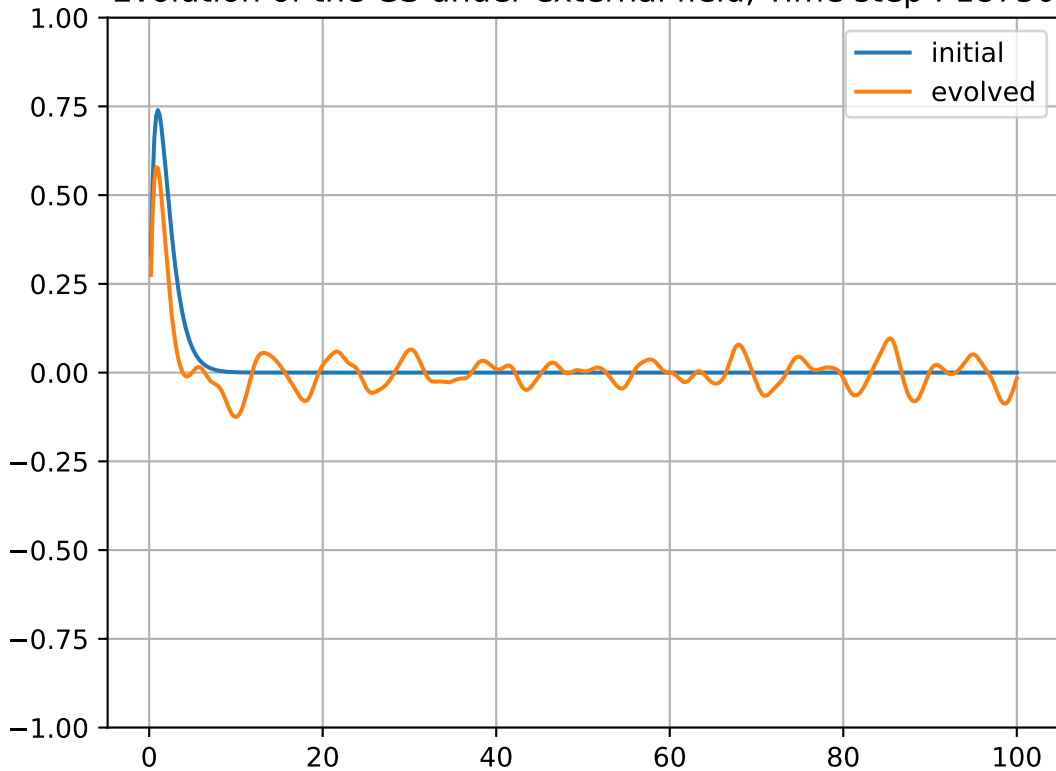

Evolution of the GS under external field, Time step : 18700

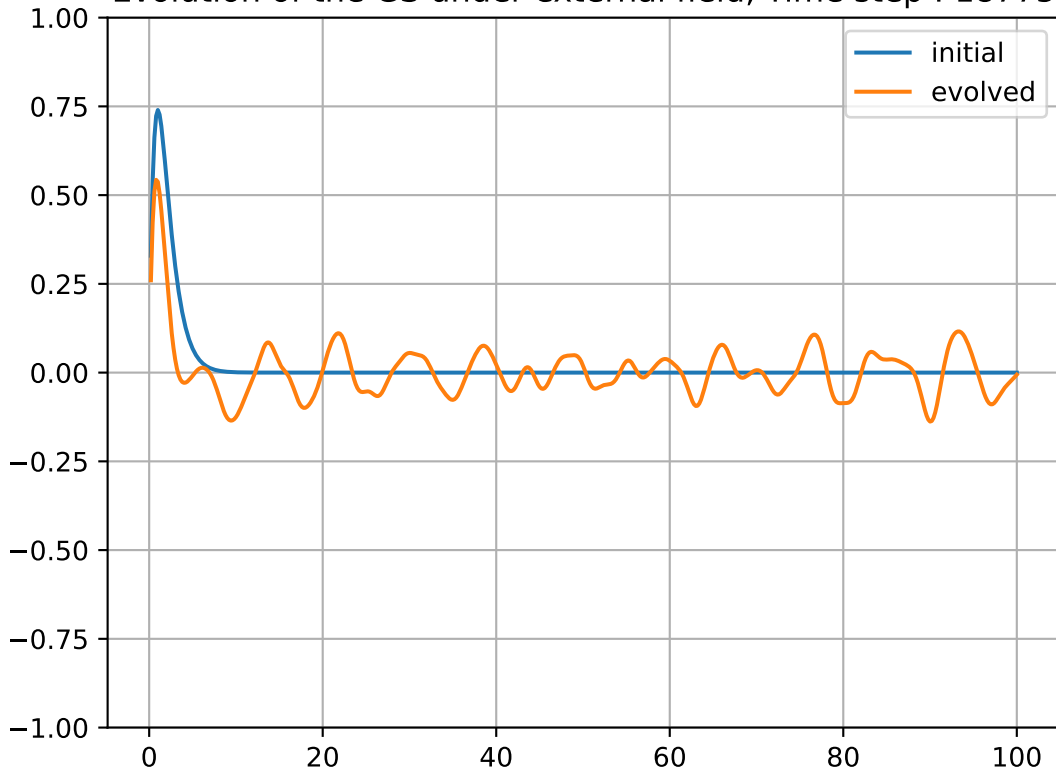

Evolution of the GS under external field, Time step : 18725

Evolution of the GS under external field, Time step : 18750

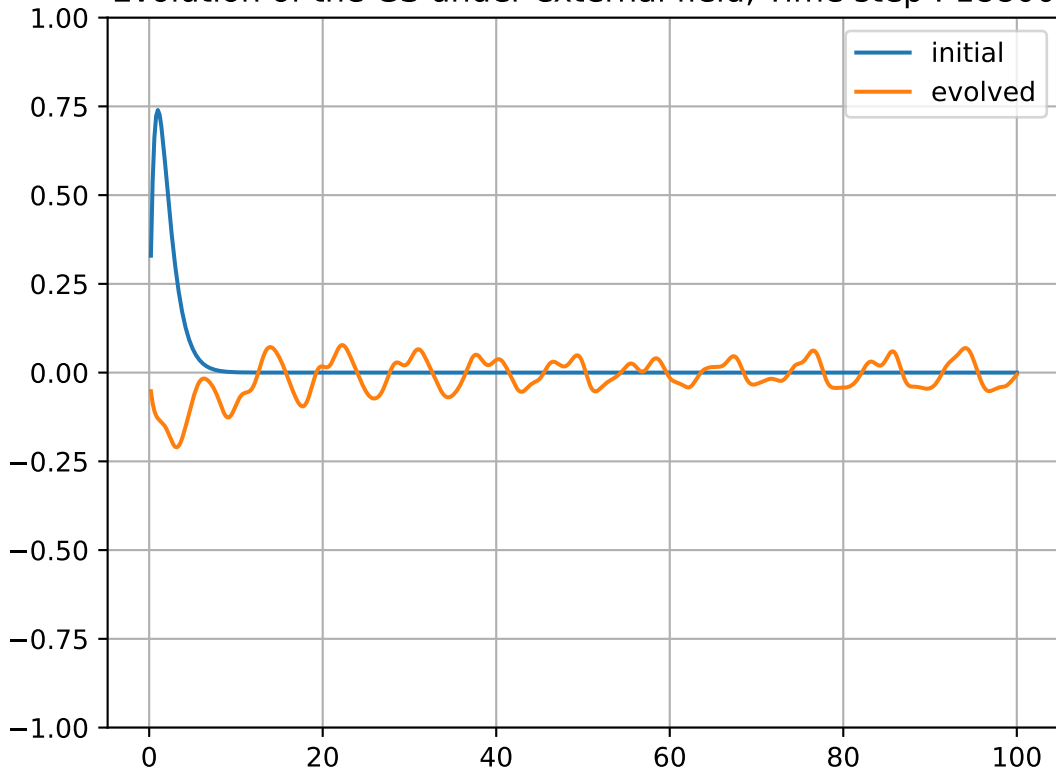

Evolution of the GS under external field, Time step : 18775

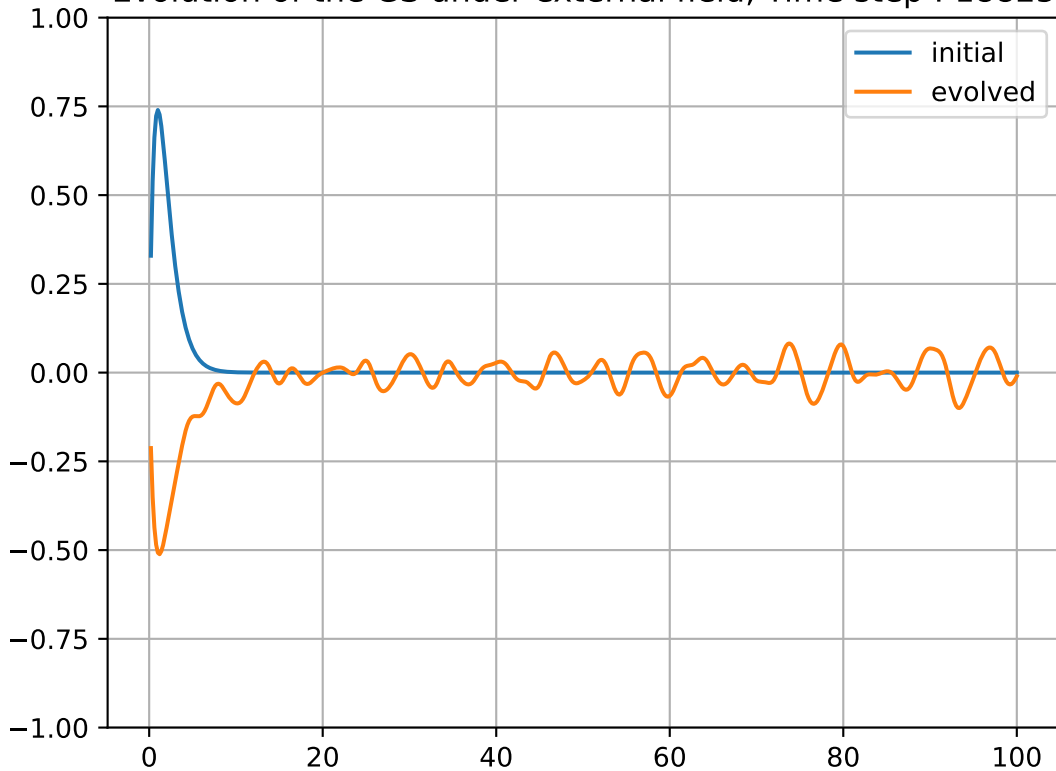

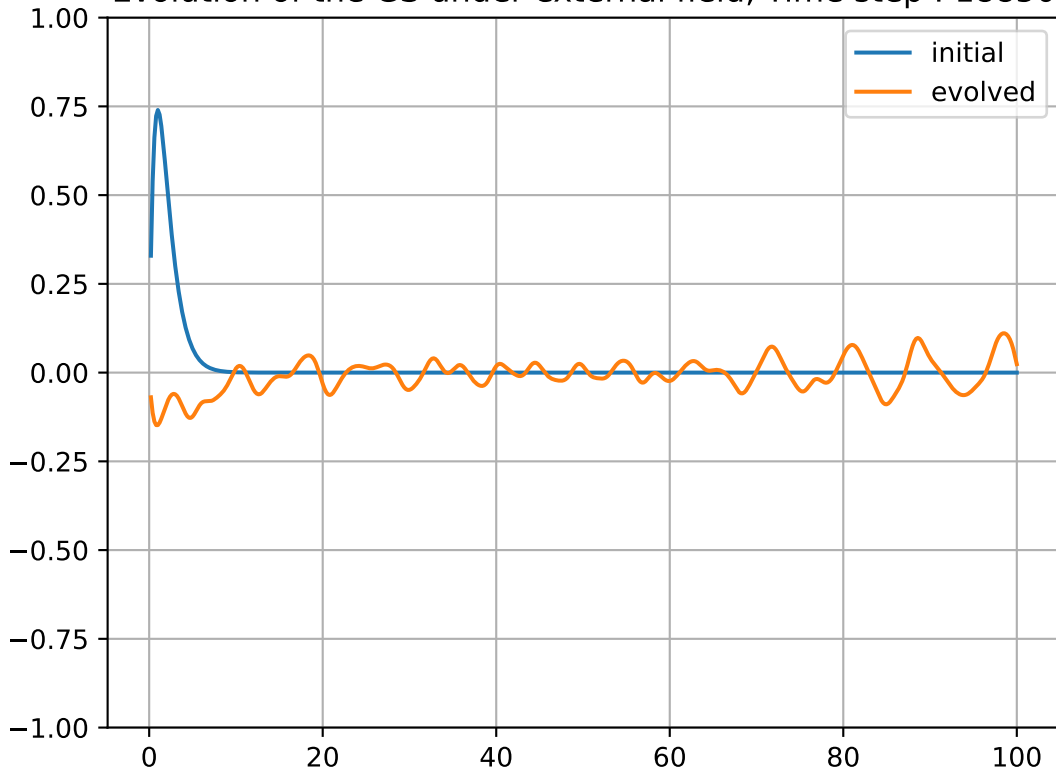

Evolution of the GS under external field, Time step : 18800

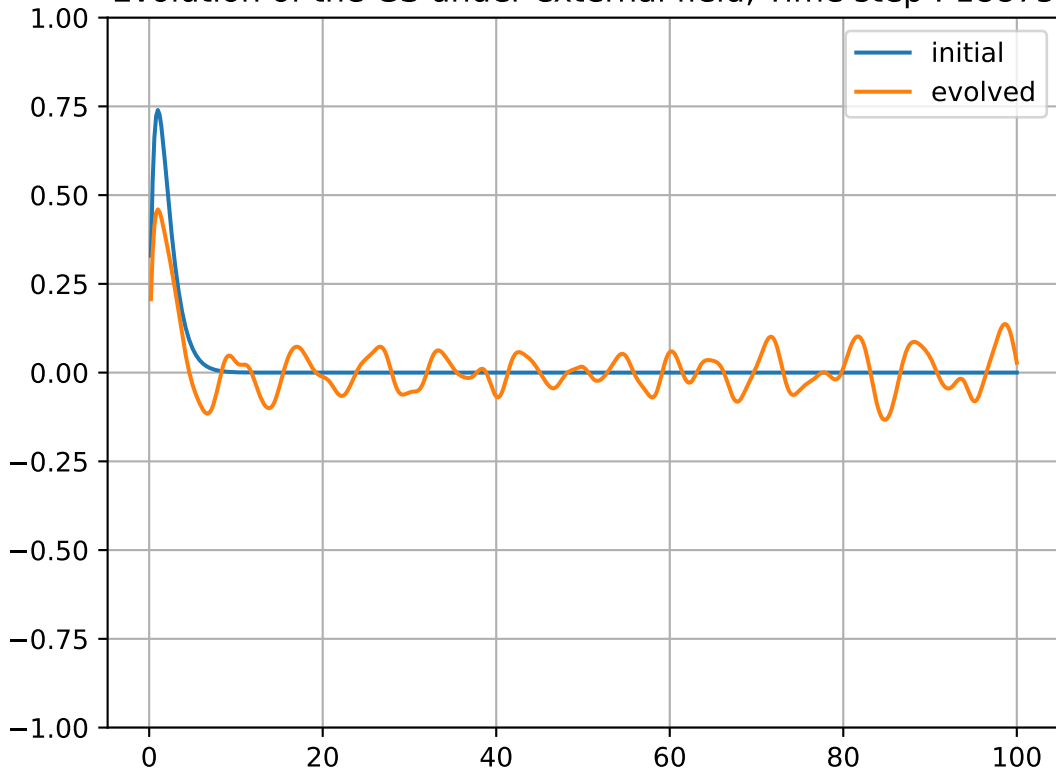

Evolution of the GS under external field, Time step : 18825

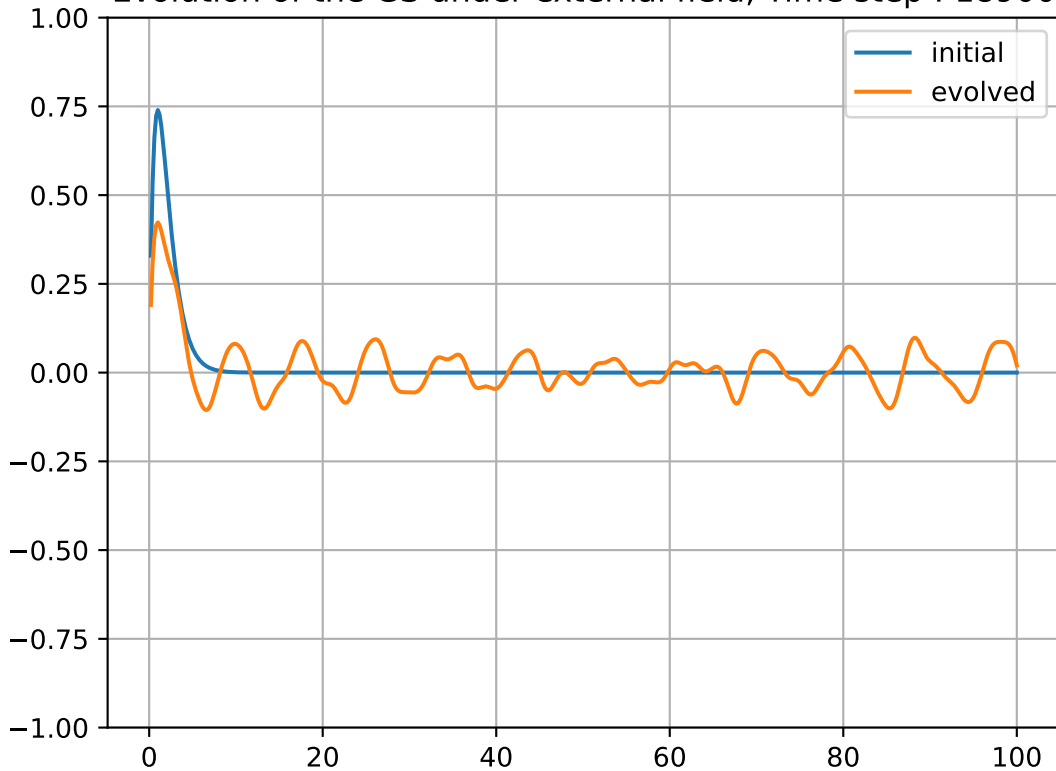

Evolution of the GS under external field, Time step : 18850

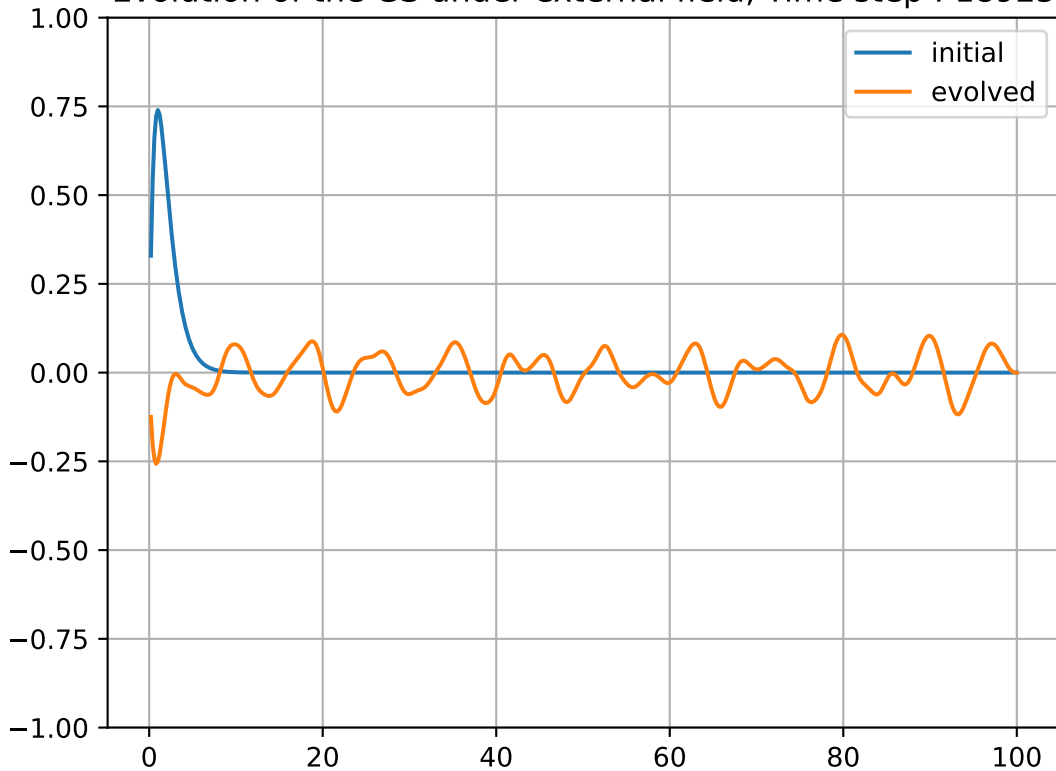

Evolution of the GS under external field, Time step : 18875

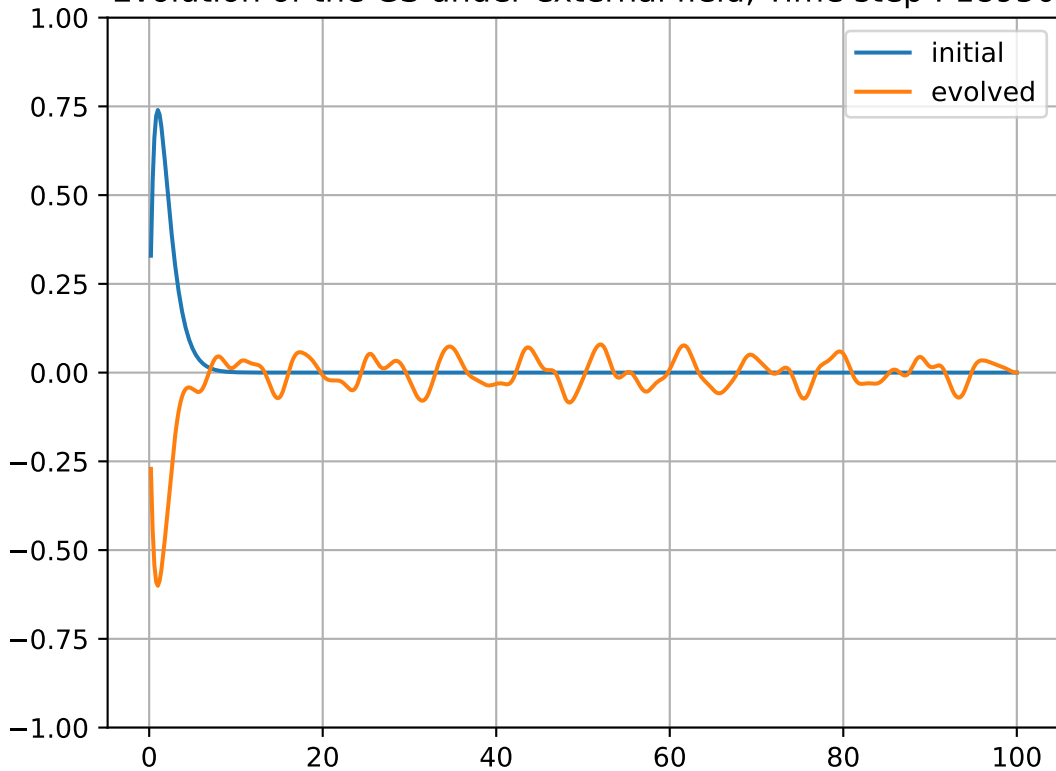

Evolution of the GS under external field, Time step : 18900

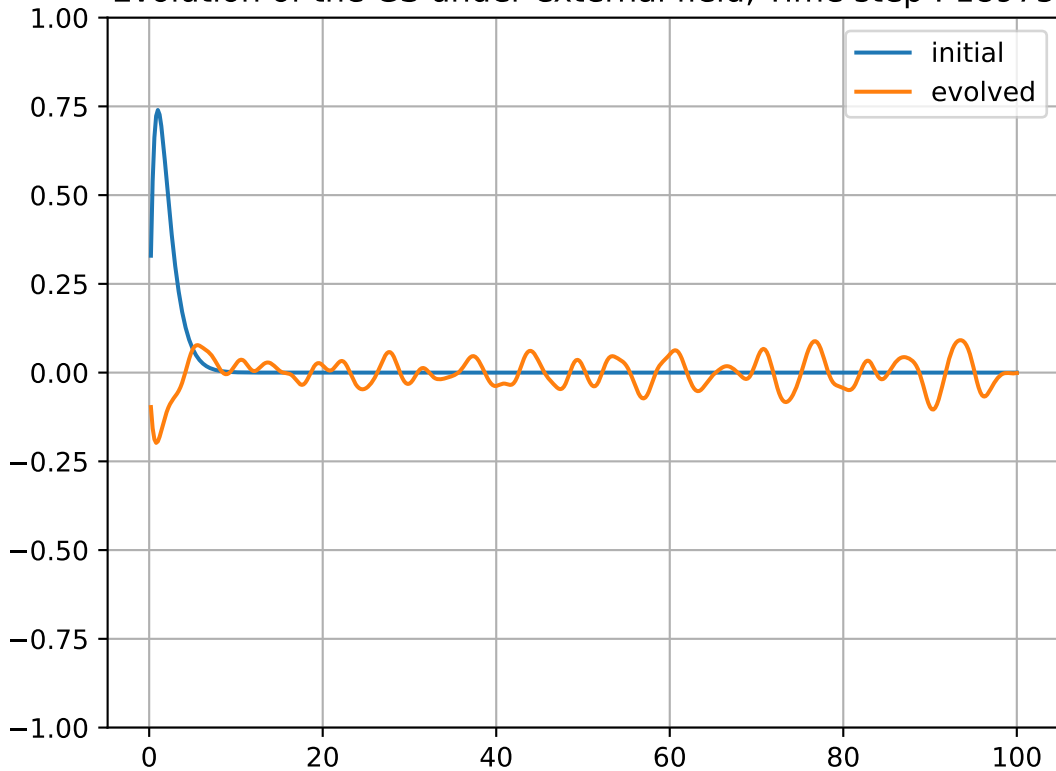

Evolution of the GS under external field, Time step : 18925

Evolution of the GS under external field, Time step : 18950

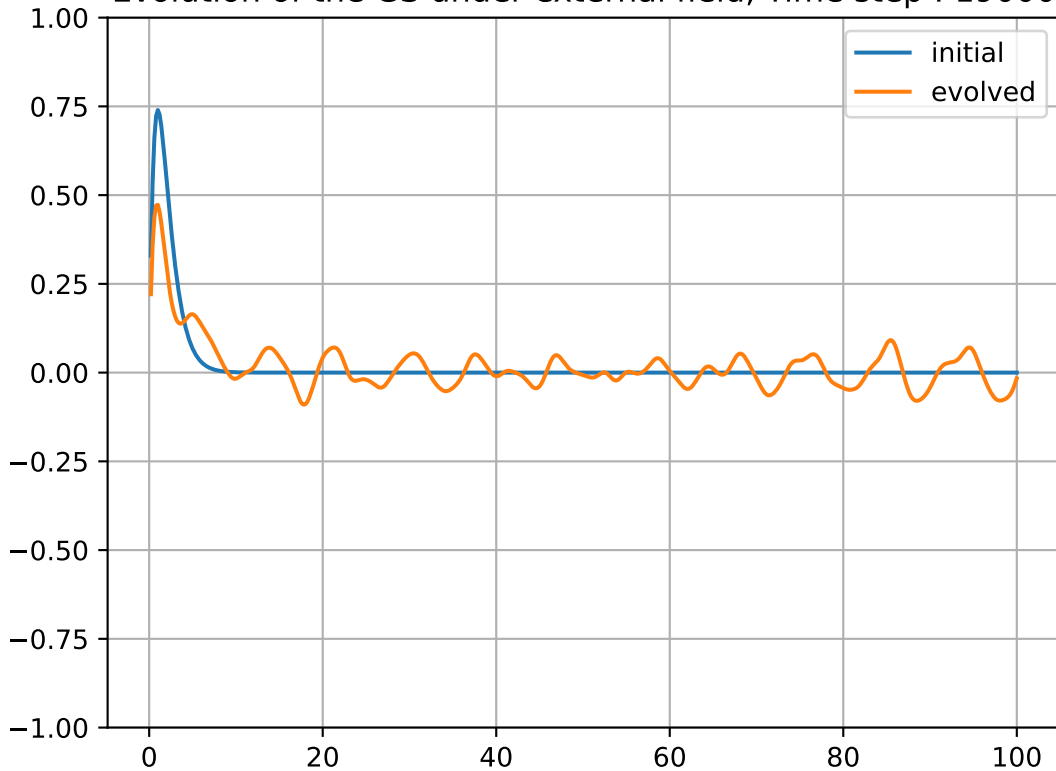

Evolution of the GS under external field, Time step : 18975

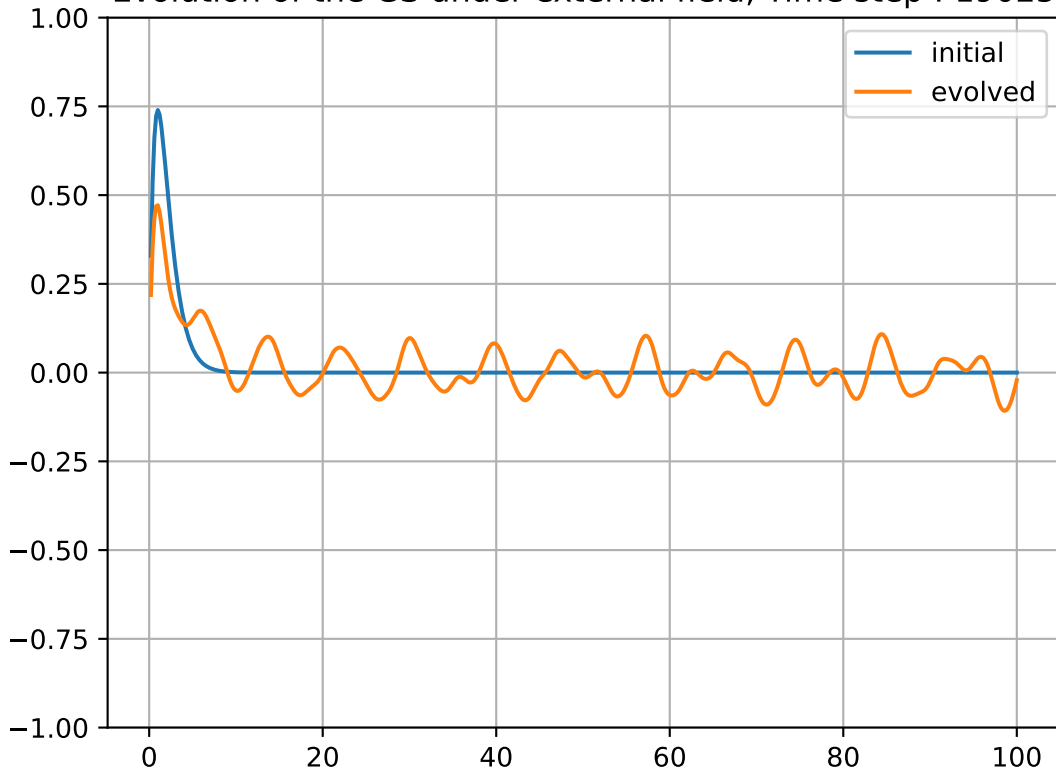

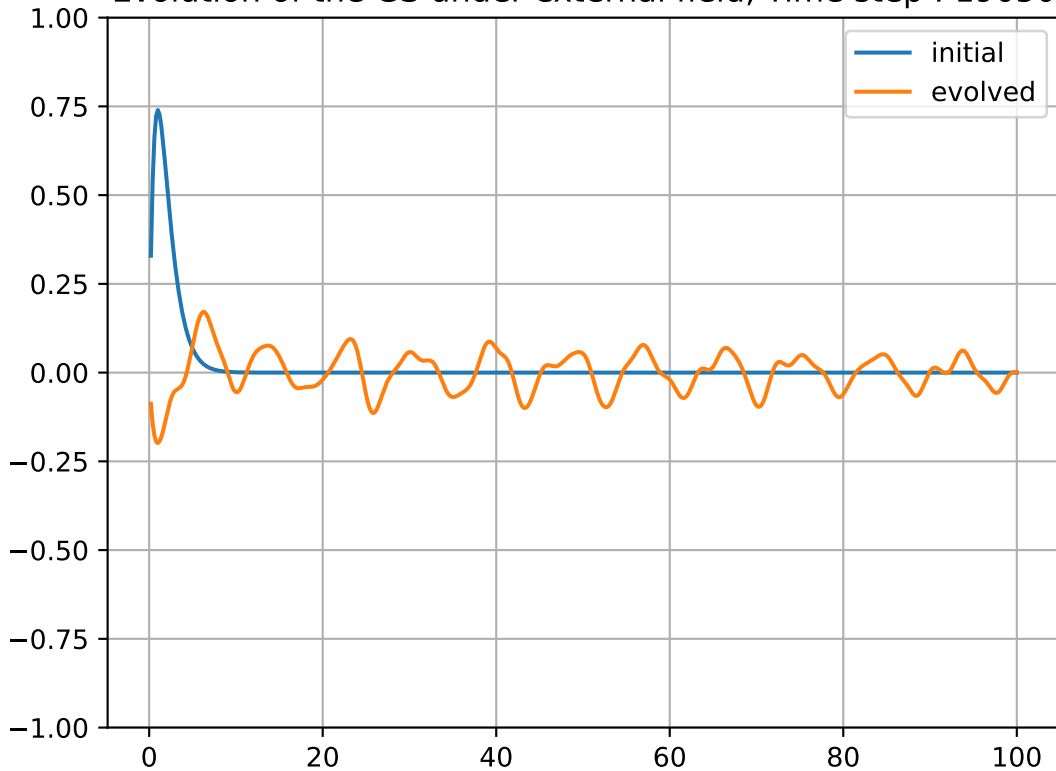

Evolution of the GS under external field, Time step : 19000

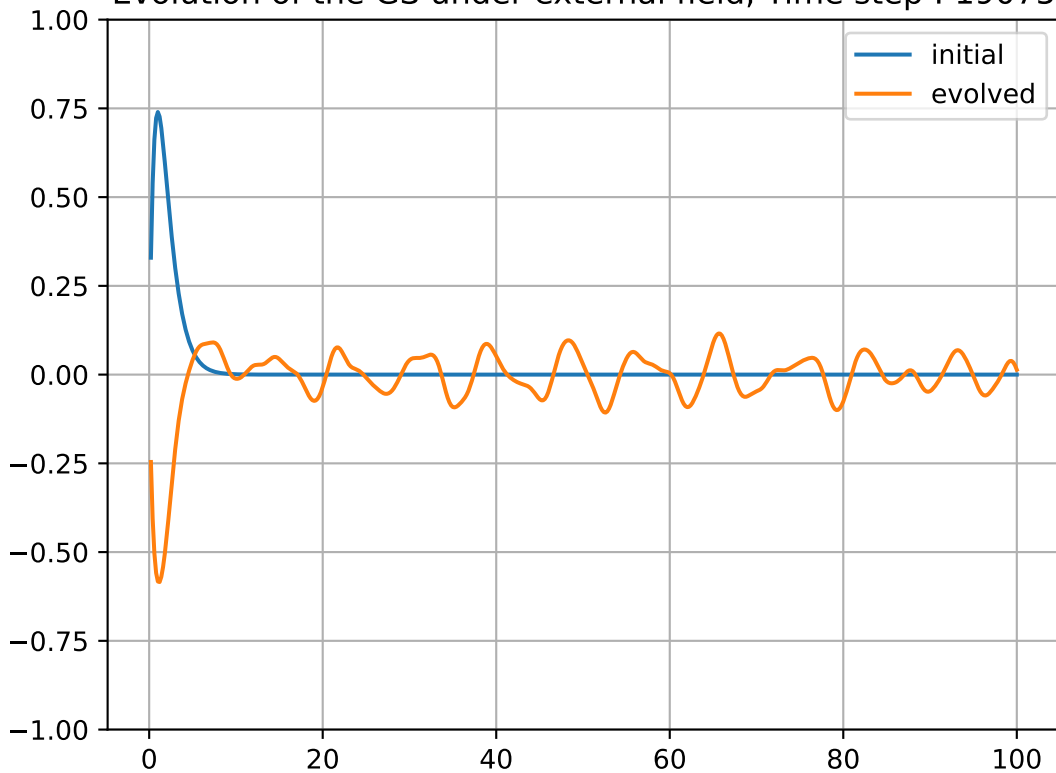

Evolution of the GS under external field, Time step : 19025

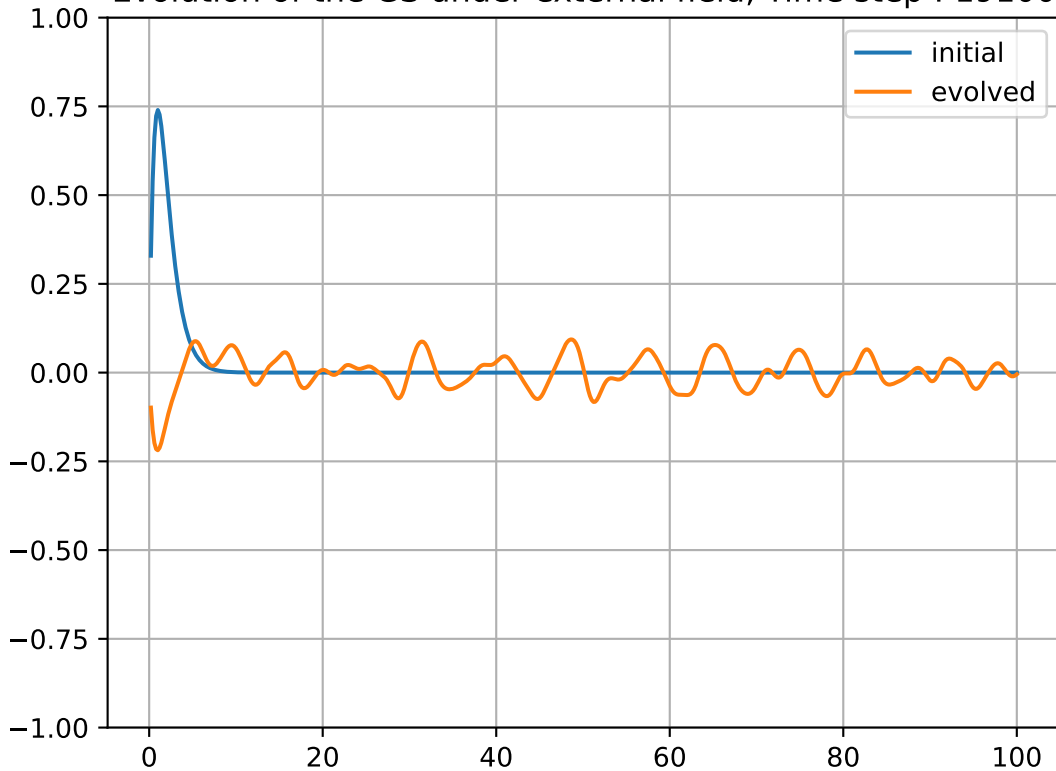

Evolution of the GS under external field, Time step : 19050

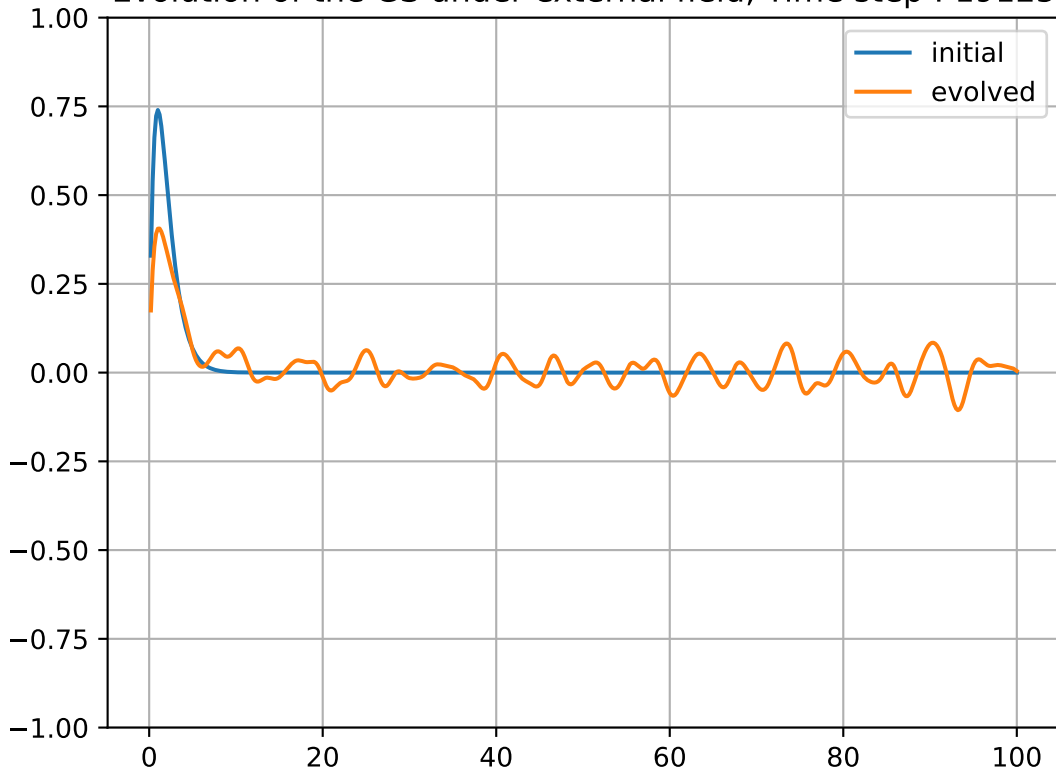

Evolution of the GS under external field, Time step : 19075

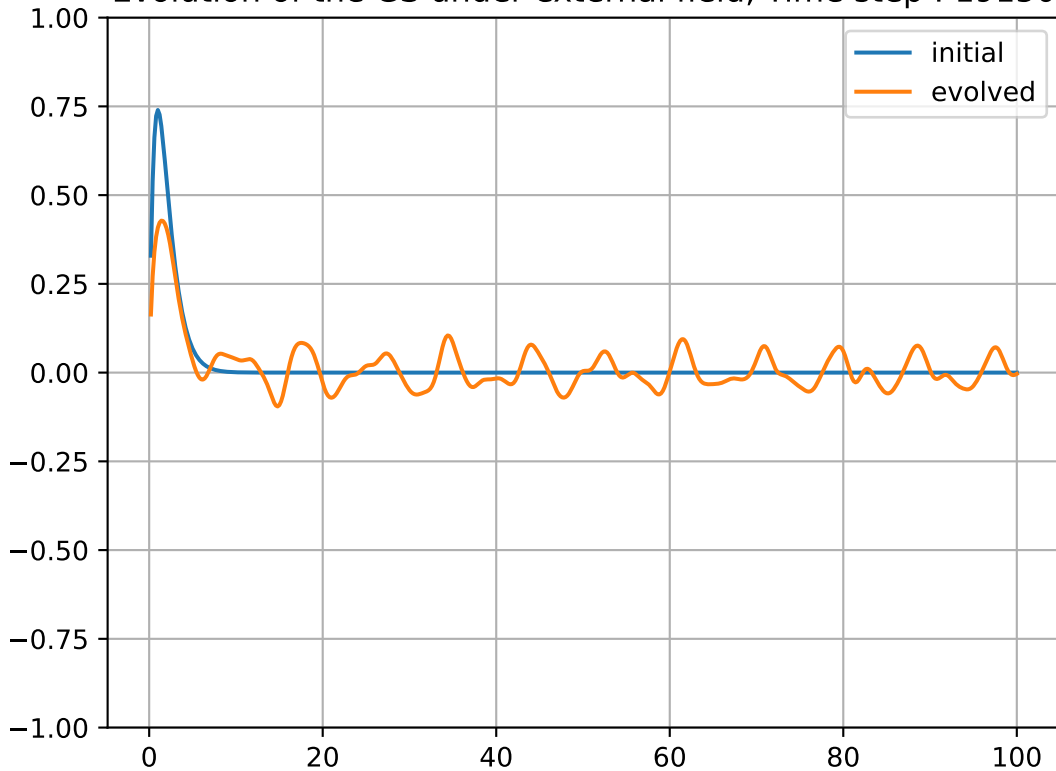

Evolution of the GS under external field, Time step : 19100

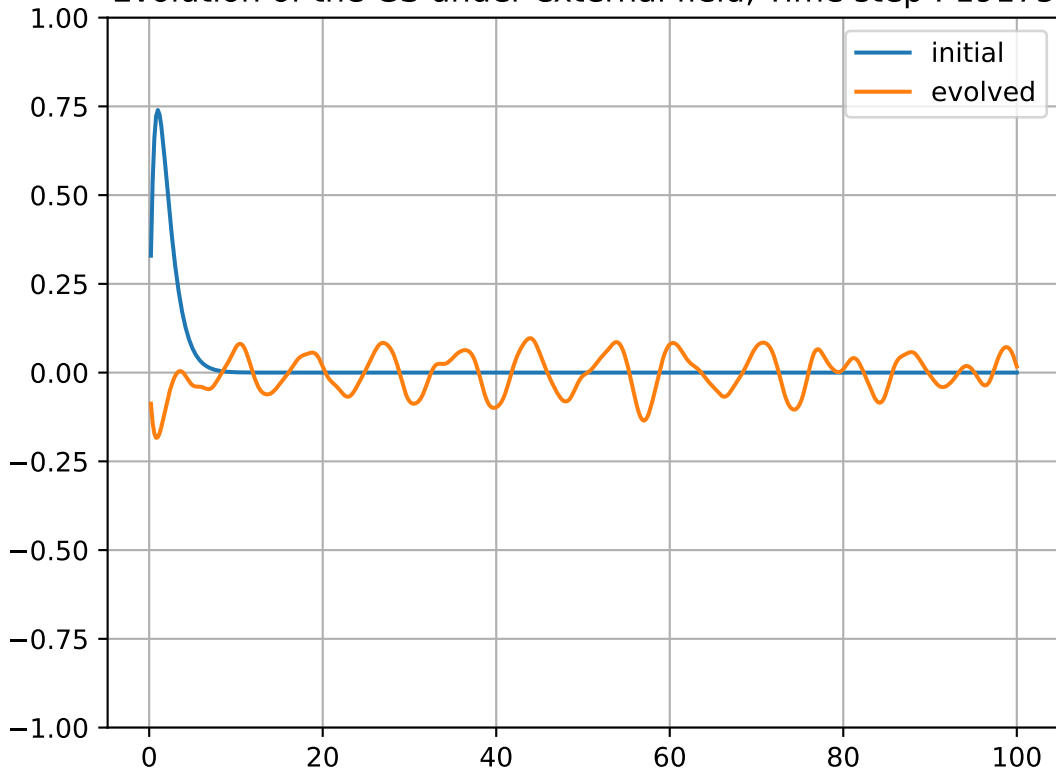

Evolution of the GS under external field, Time step : 19125

Evolution of the GS under external field, Time step : 19150

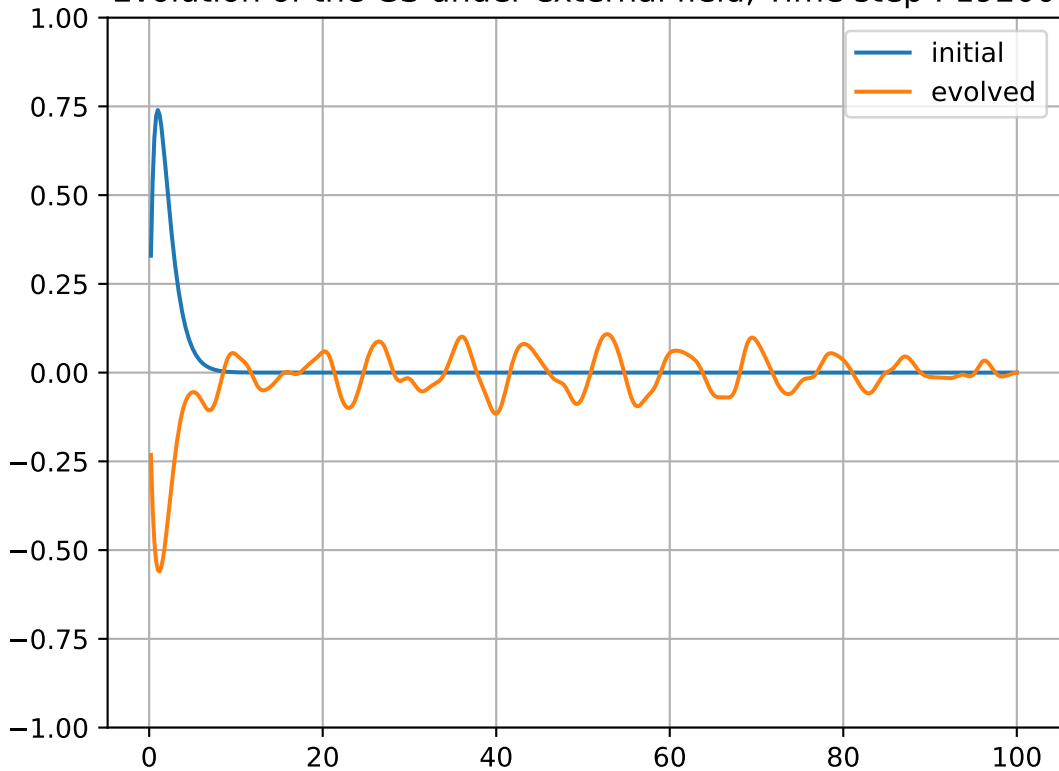

Evolution of the GS under external field, Time step : 19175

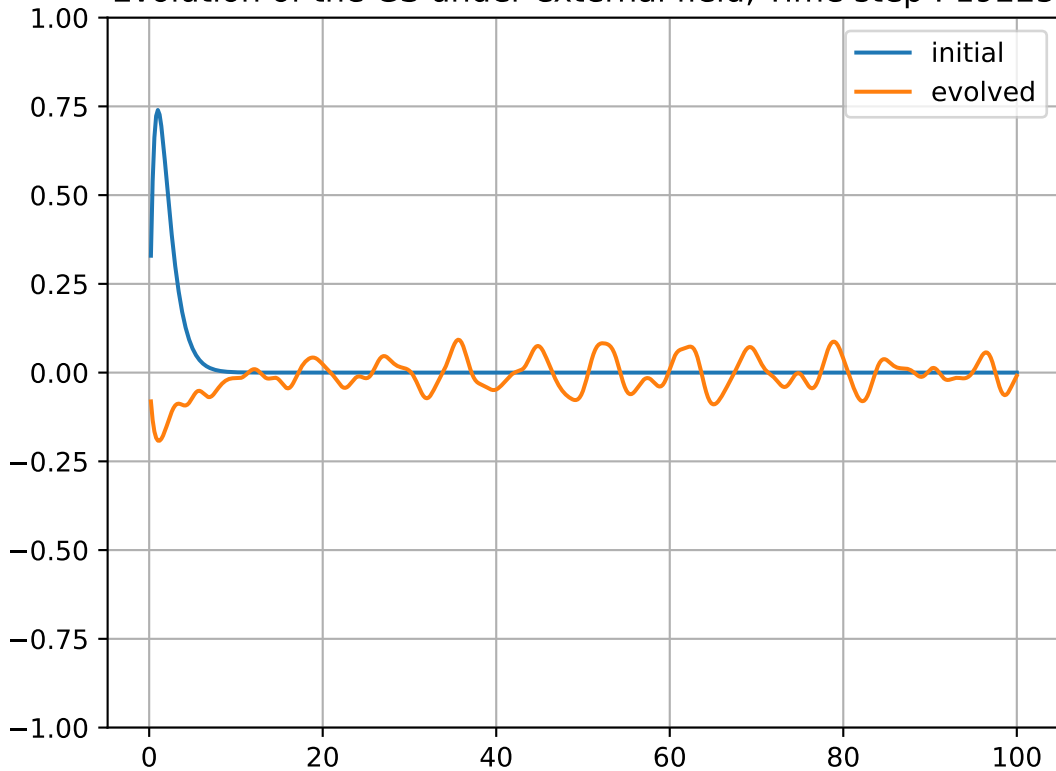

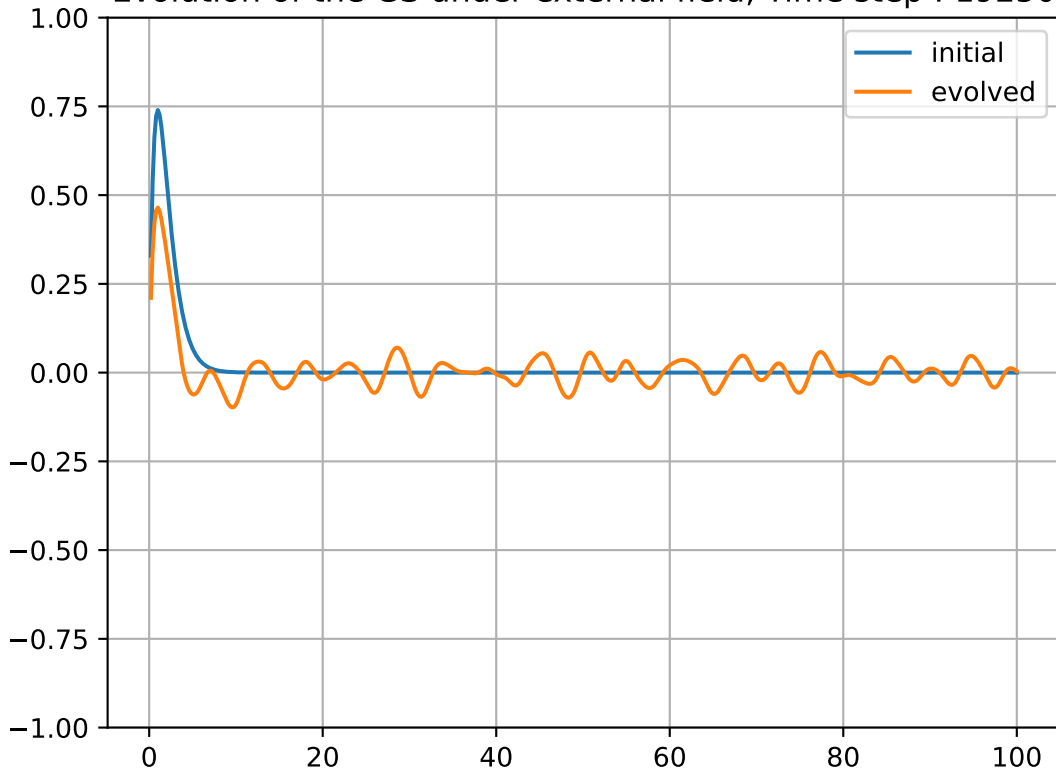

Evolution of the GS under external field, Time step : 19200

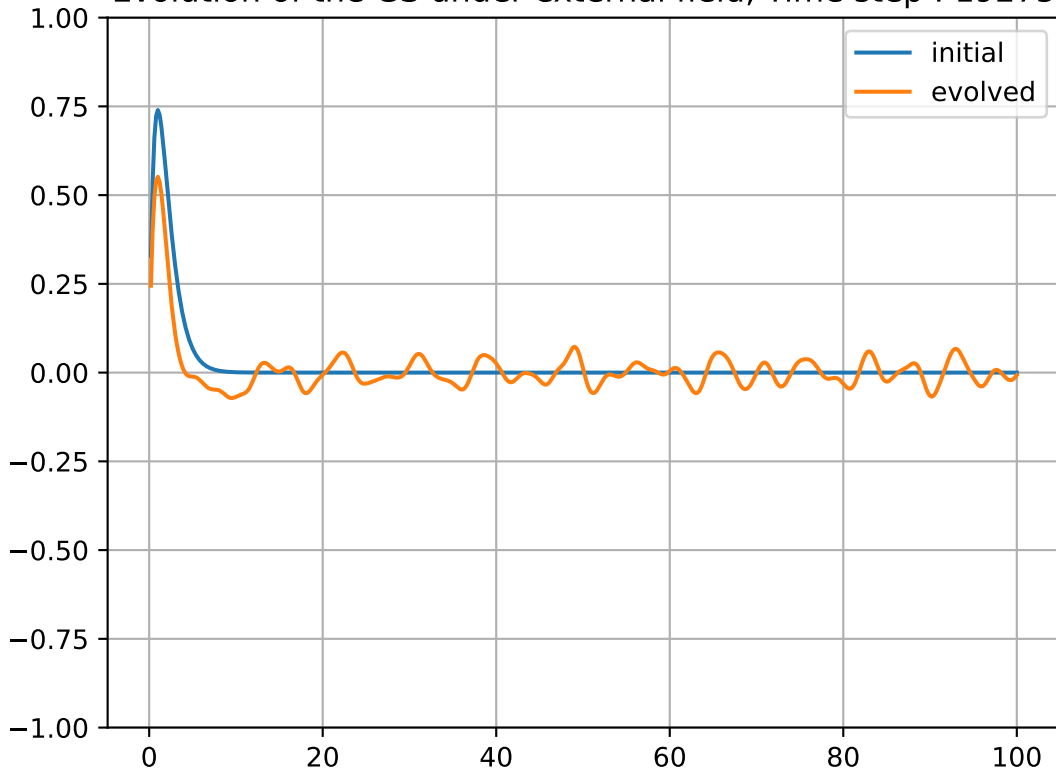

Evolution of the GS under external field, Time step : 19225

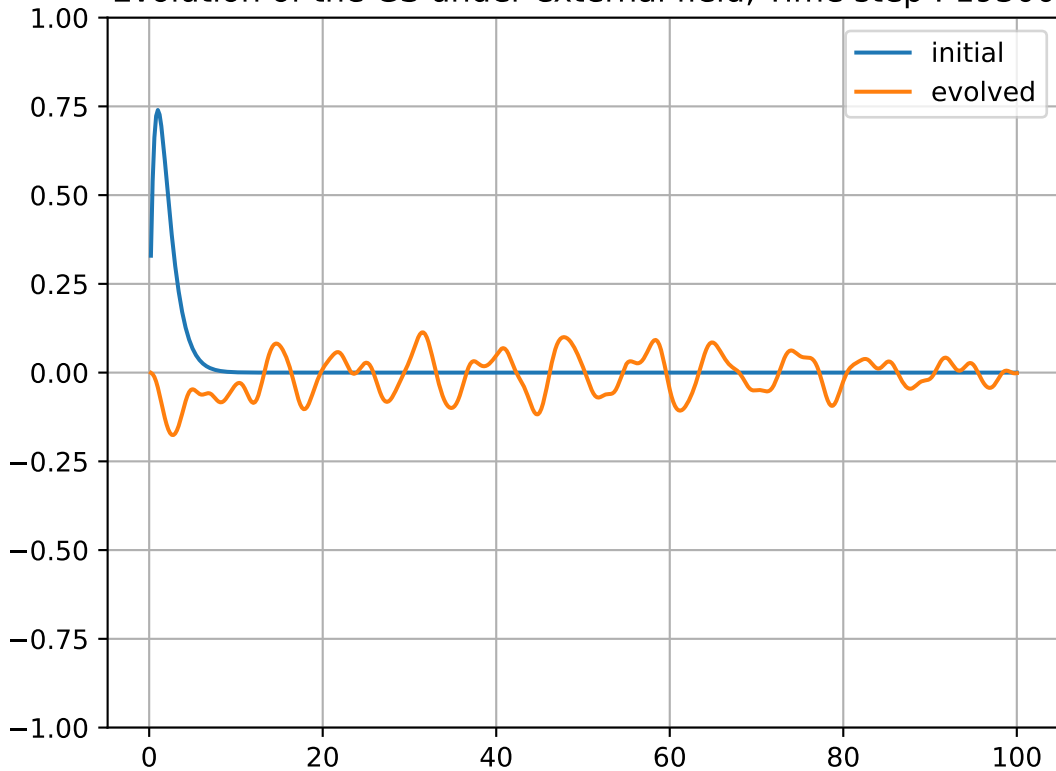

Evolution of the GS under external field, Time step : 19250

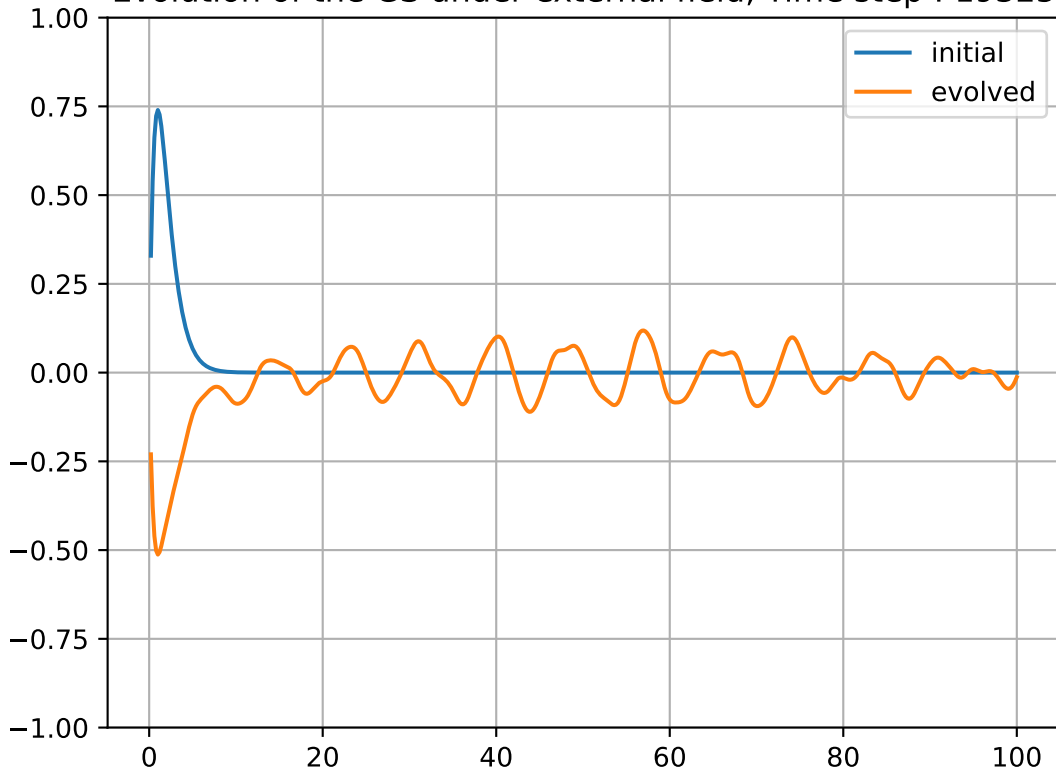

Evolution of the GS under external field, Time step : 19275

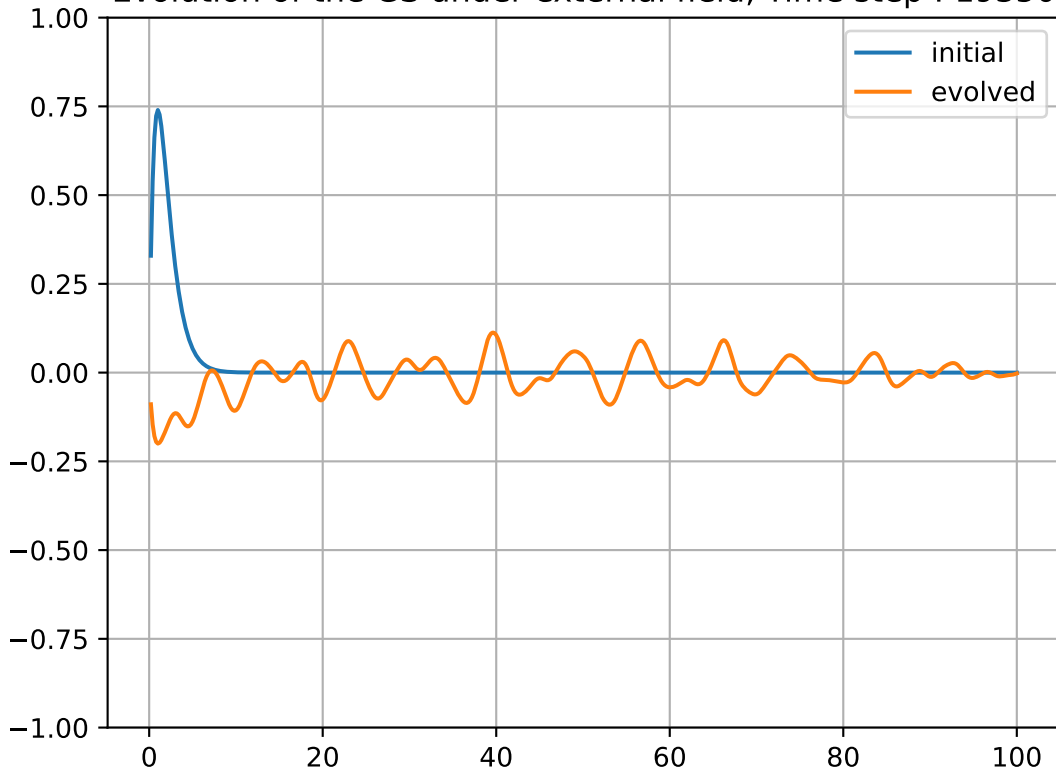

Evolution of the GS under external field, Time step : 19300

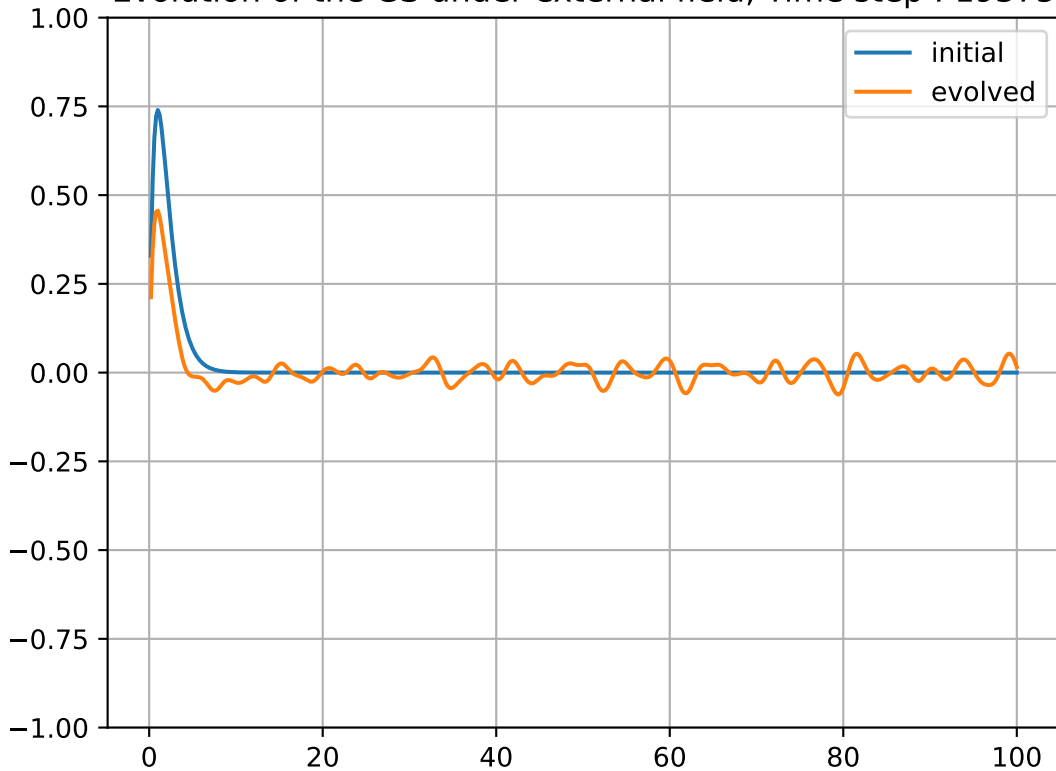

Evolution of the GS under external field, Time step : 19325

Evolution of the GS under external field, Time step : 19350

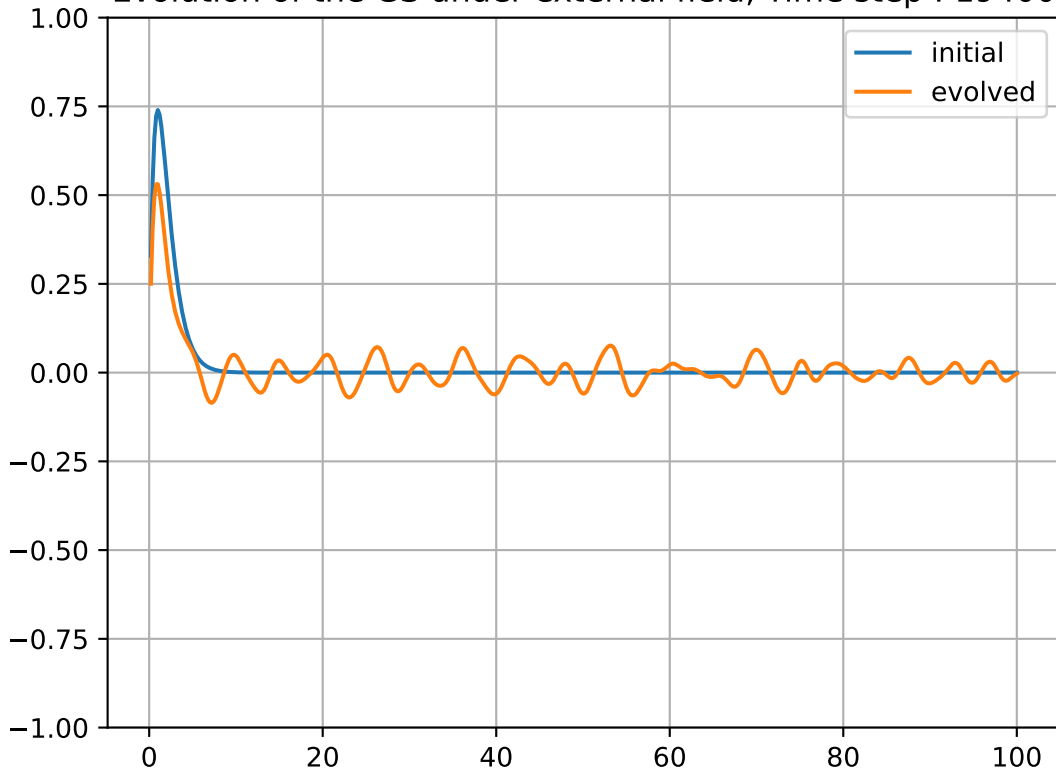

Evolution of the GS under external field, Time step : 19375

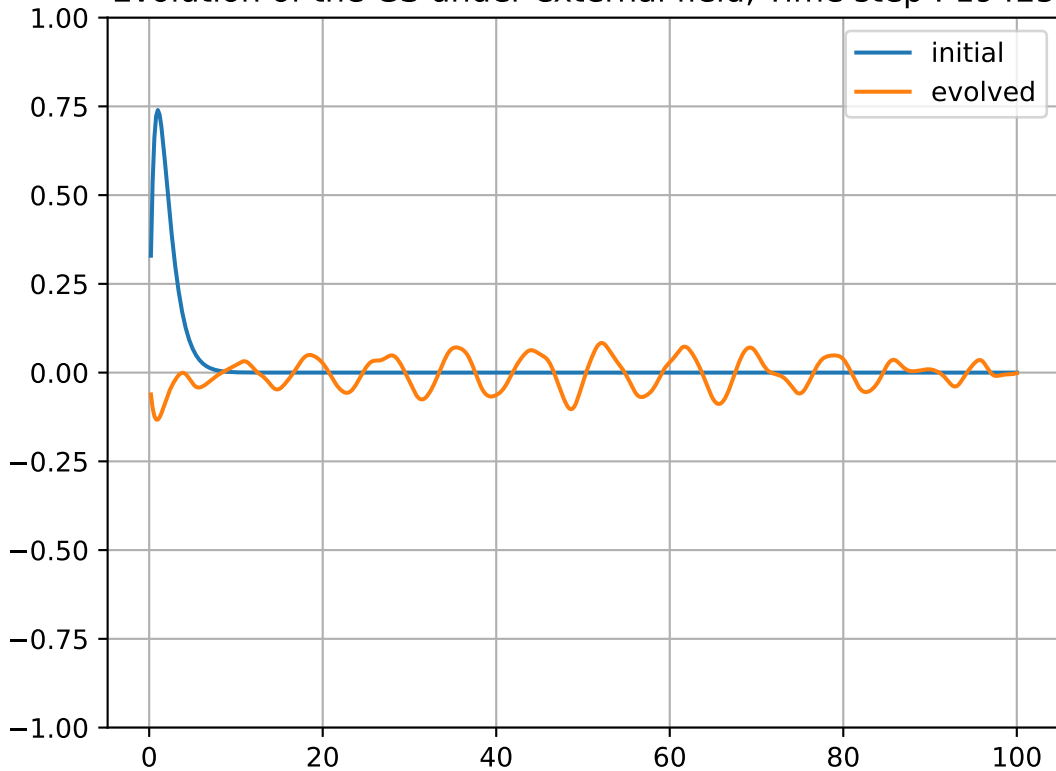

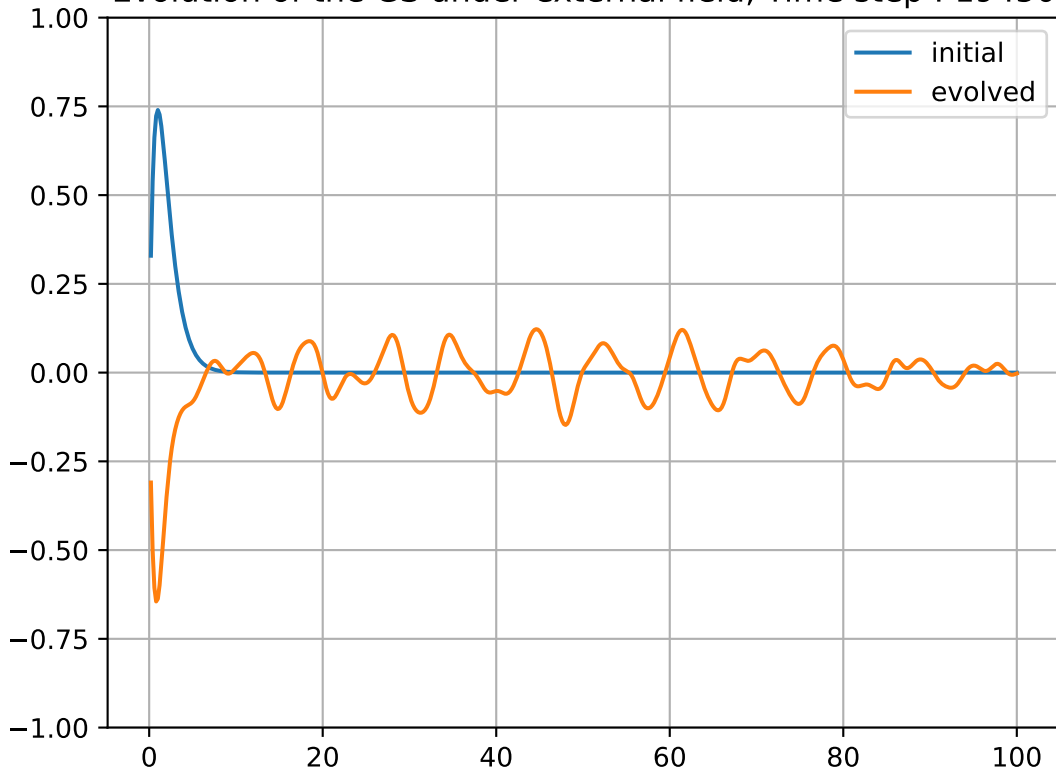

Evolution of the GS under external field, Time step : 19400

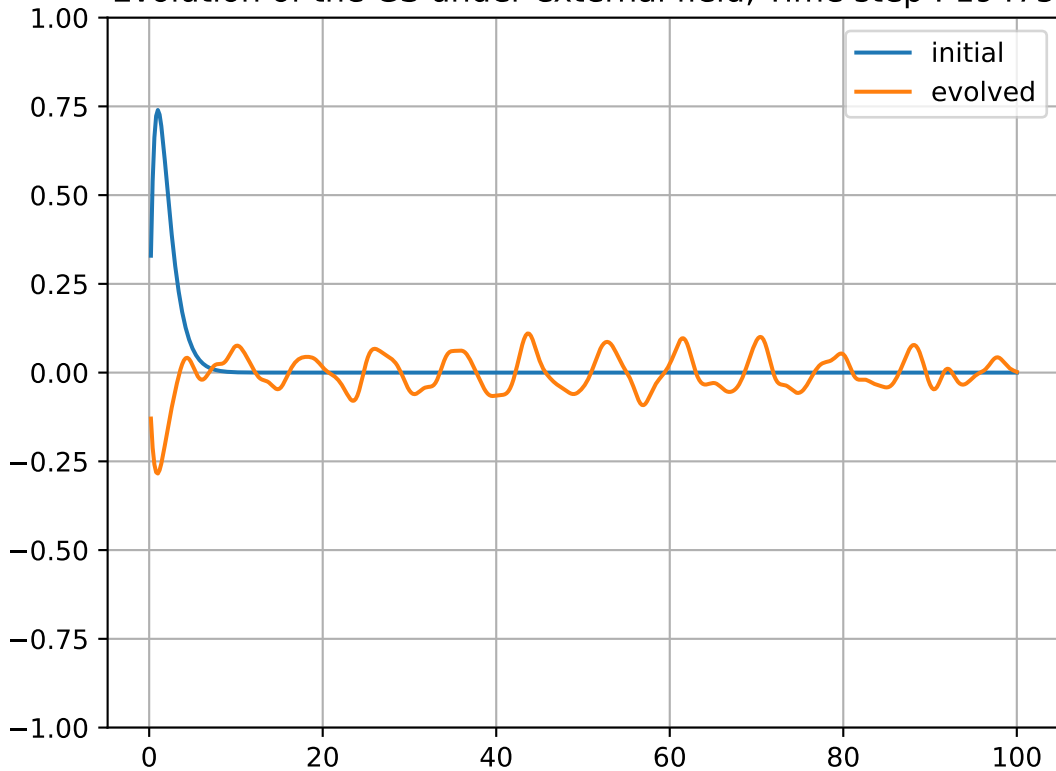

Evolution of the GS under external field, Time step : 19425

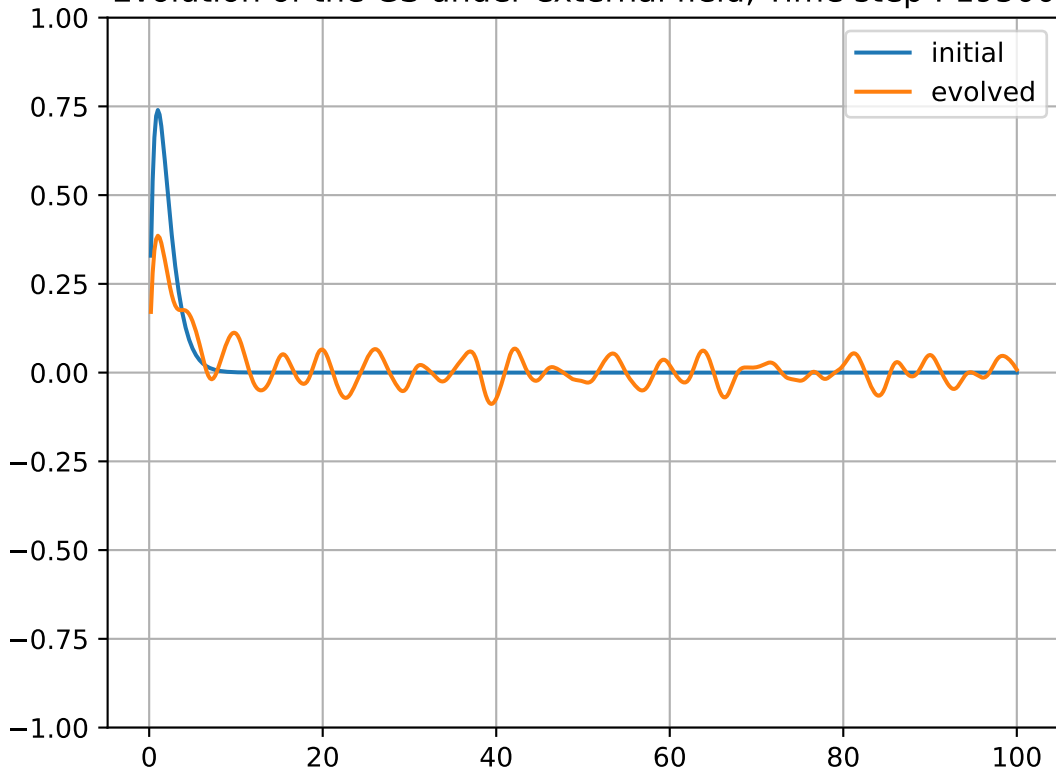

Evolution of the GS under external field, Time step : 19450

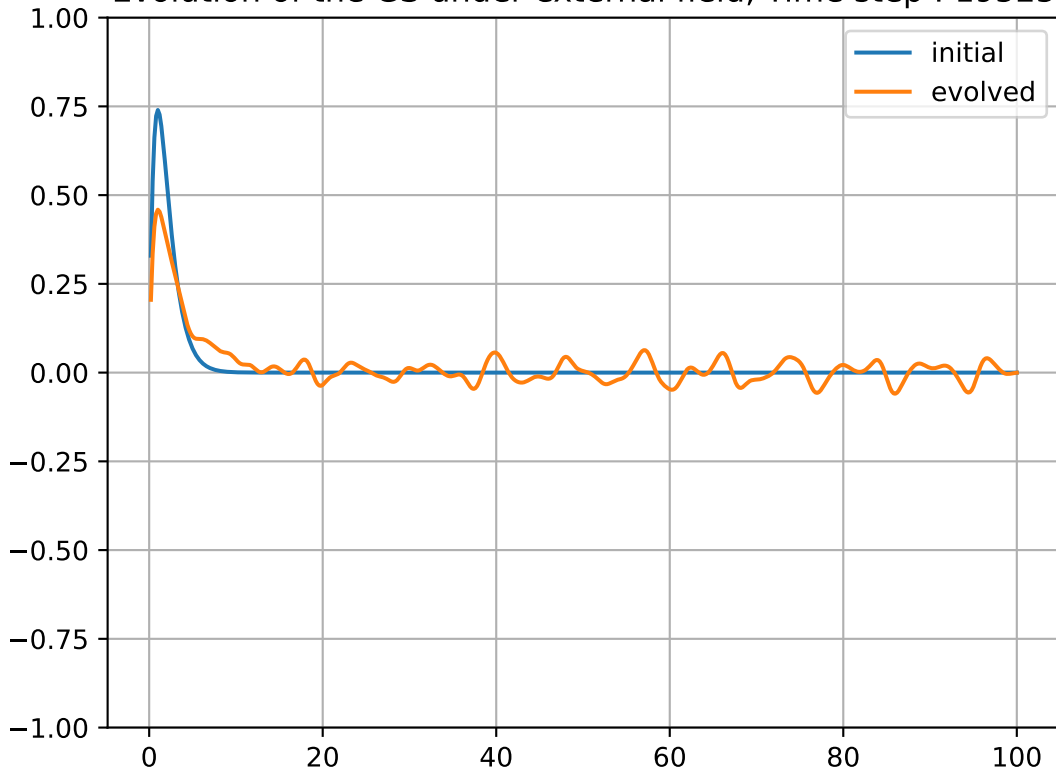

Evolution of the GS under external field, Time step : 19475

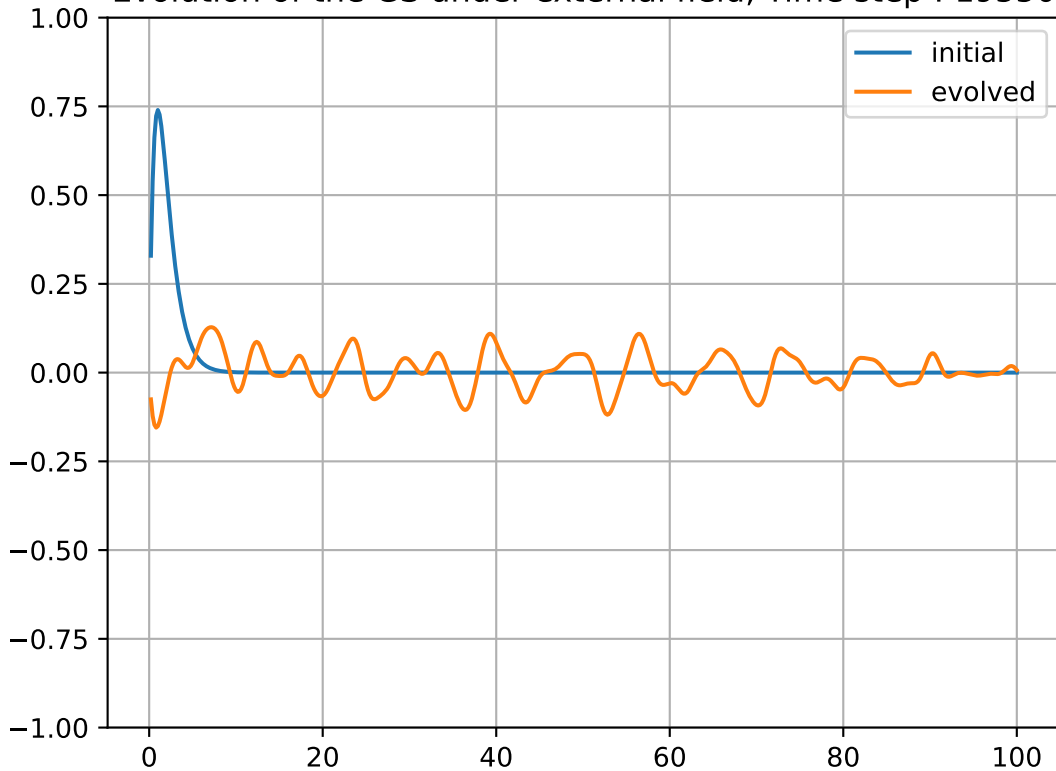

Evolution of the GS under external field, Time step : 19500

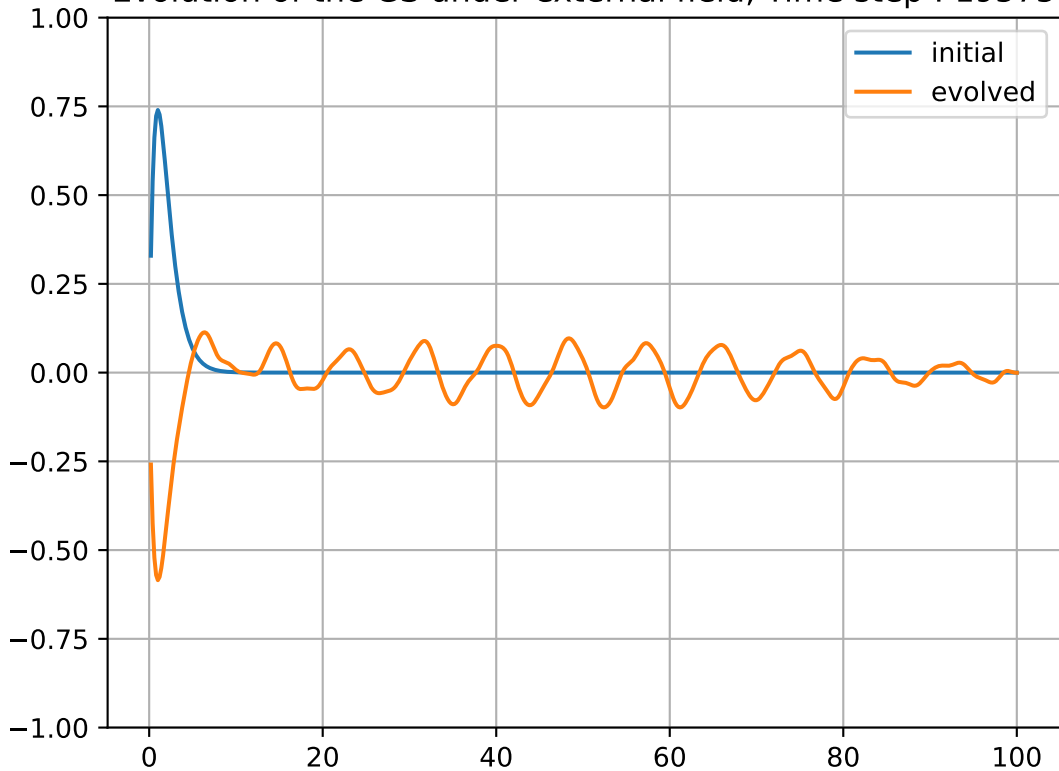

Evolution of the GS under external field, Time step : 19525

Evolution of the GS under external field, Time step : 19550

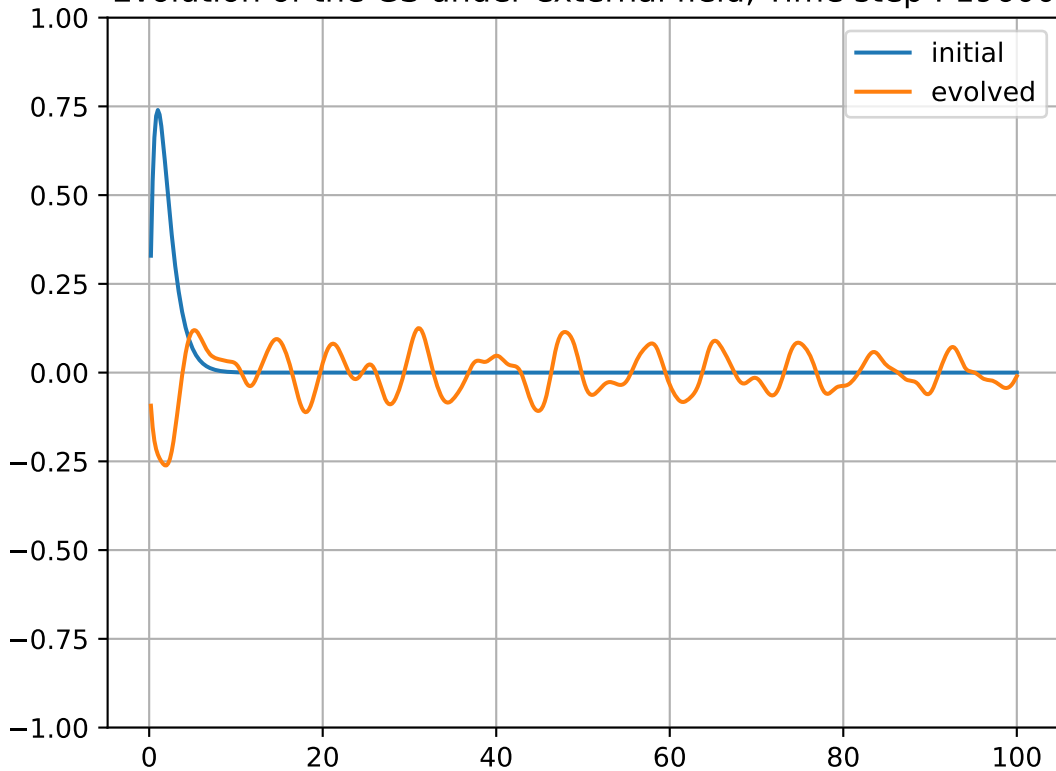

Evolution of the GS under external field, Time step : 19575

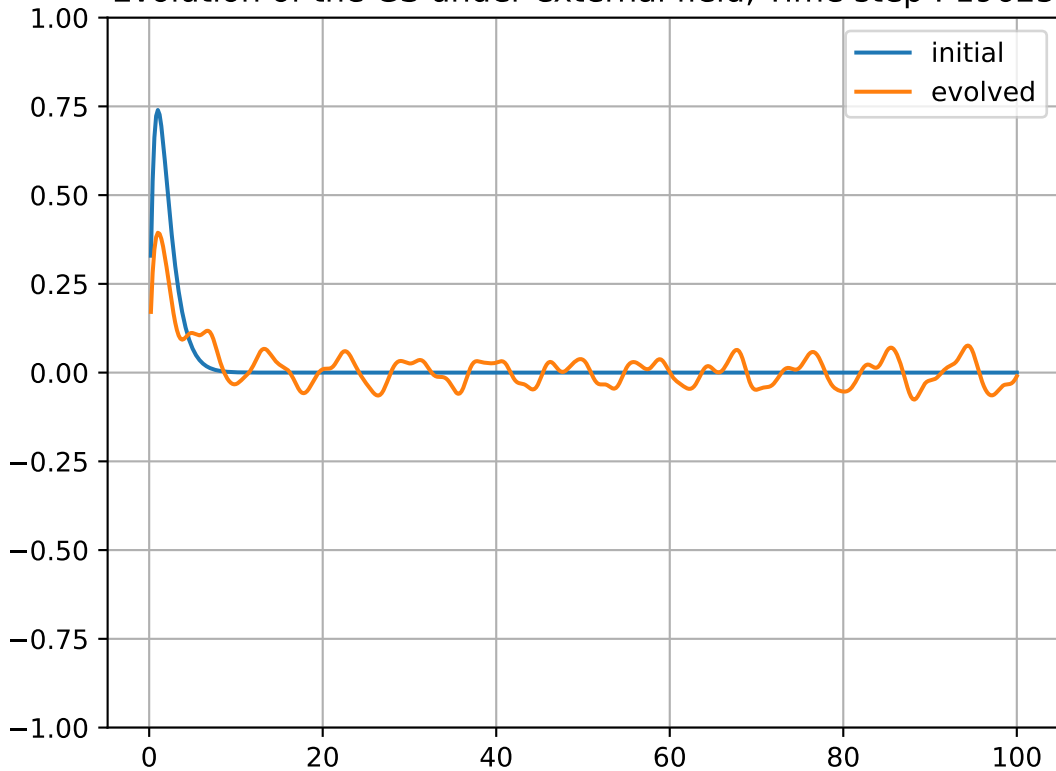

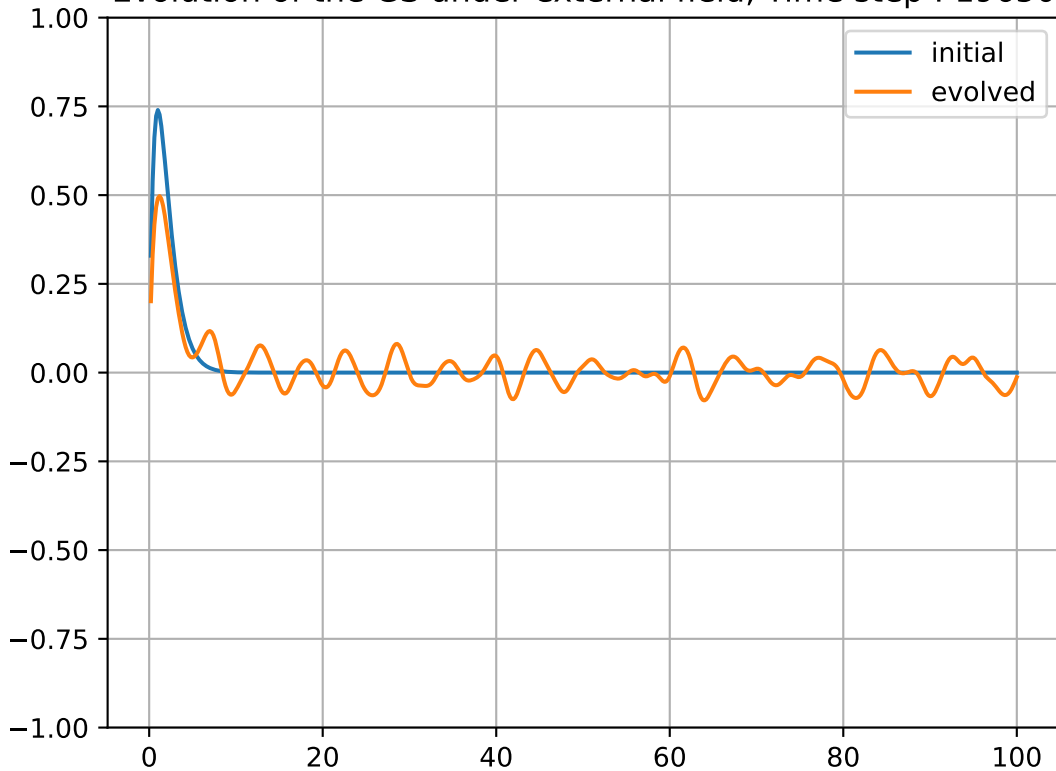

Evolution of the GS under external field, Time step : 19600

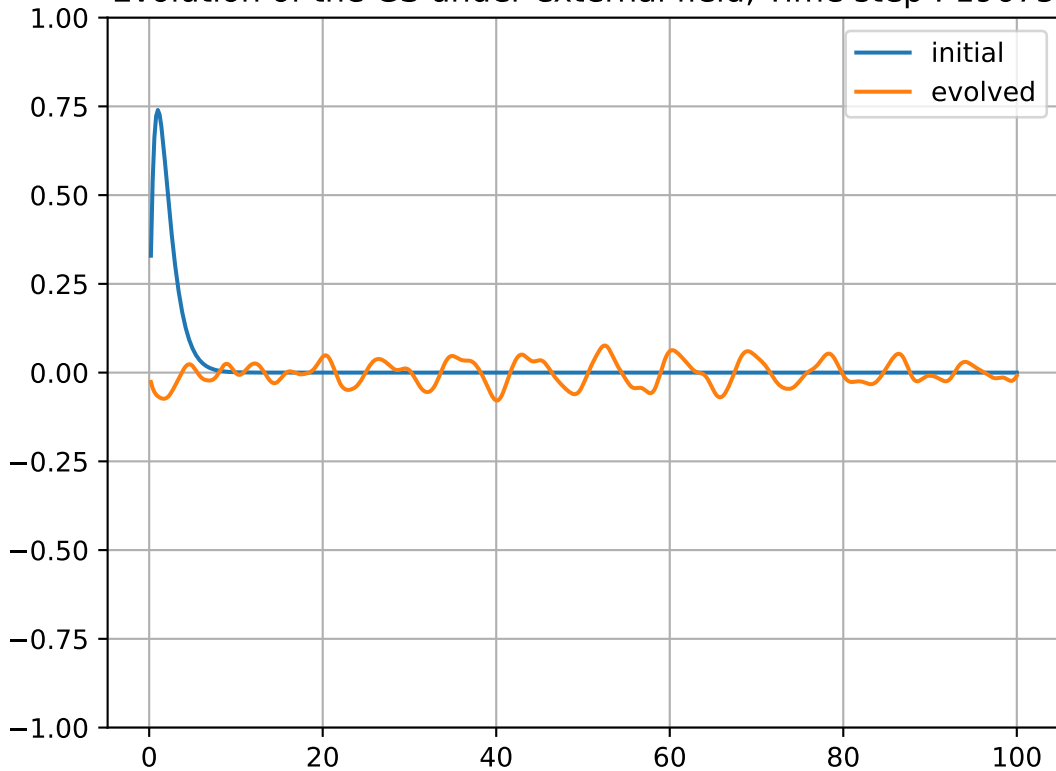

Evolution of the GS under external field, Time step : 19625

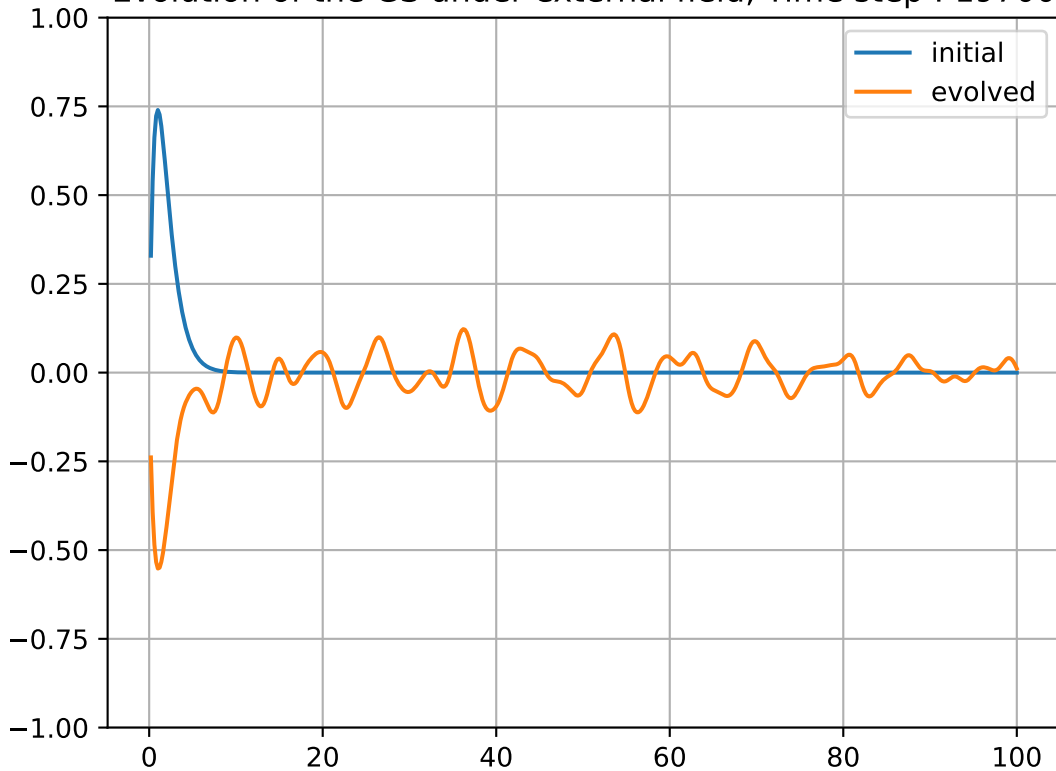

Evolution of the GS under external field, Time step : 19650

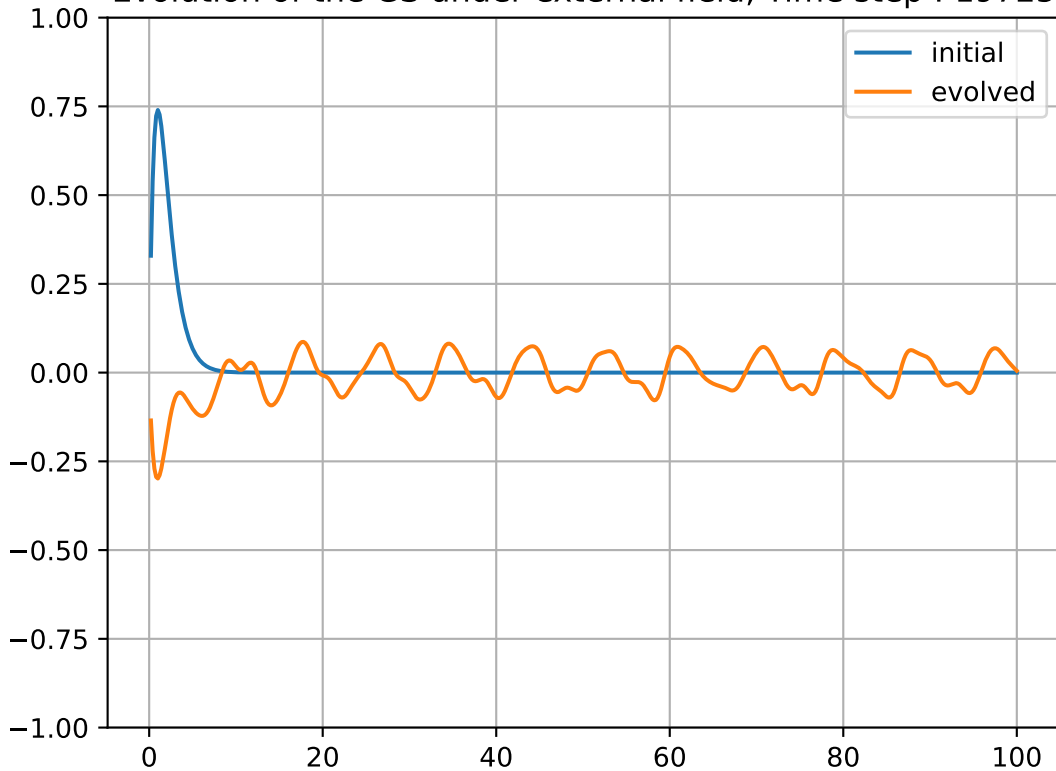

Evolution of the GS under external field, Time step : 19675

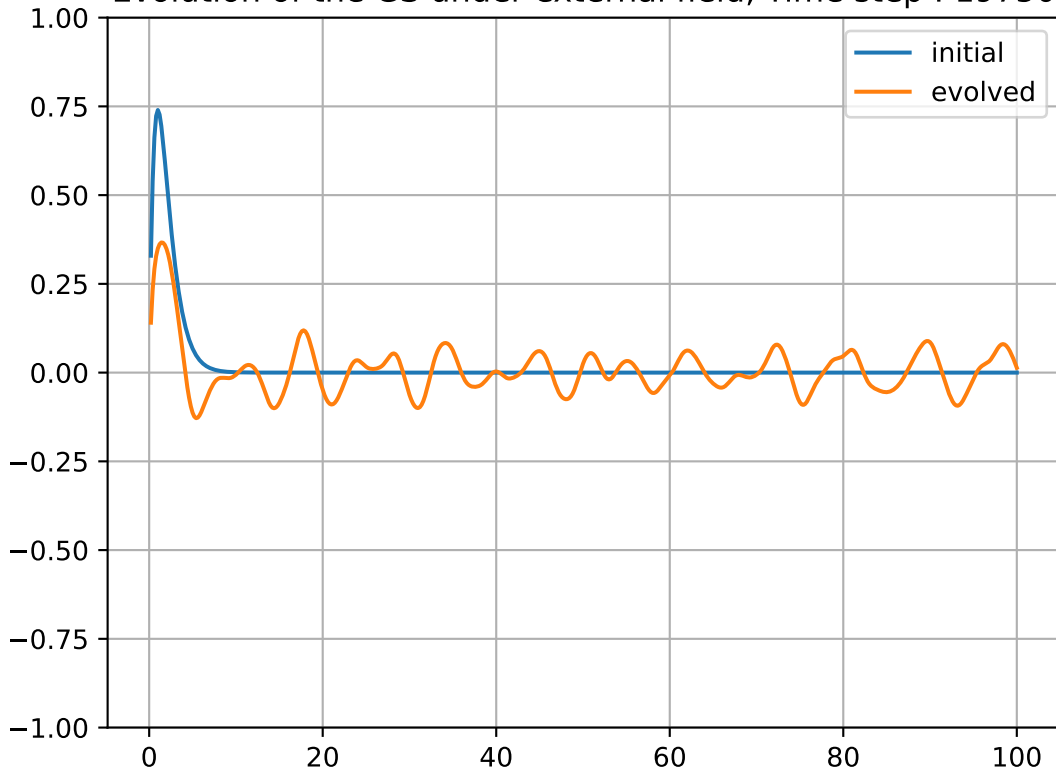

Evolution of the GS under external field, Time step : 19700

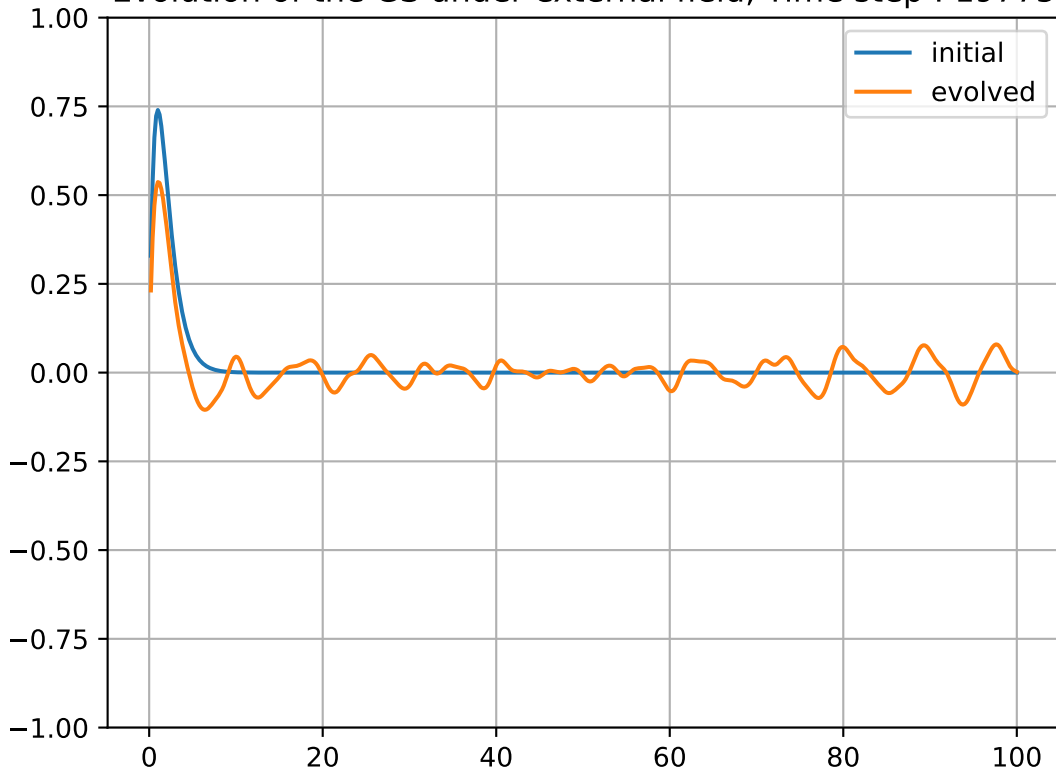

Evolution of the GS under external field, Time step : 19725

Evolution of the GS under external field, Time step : 19750

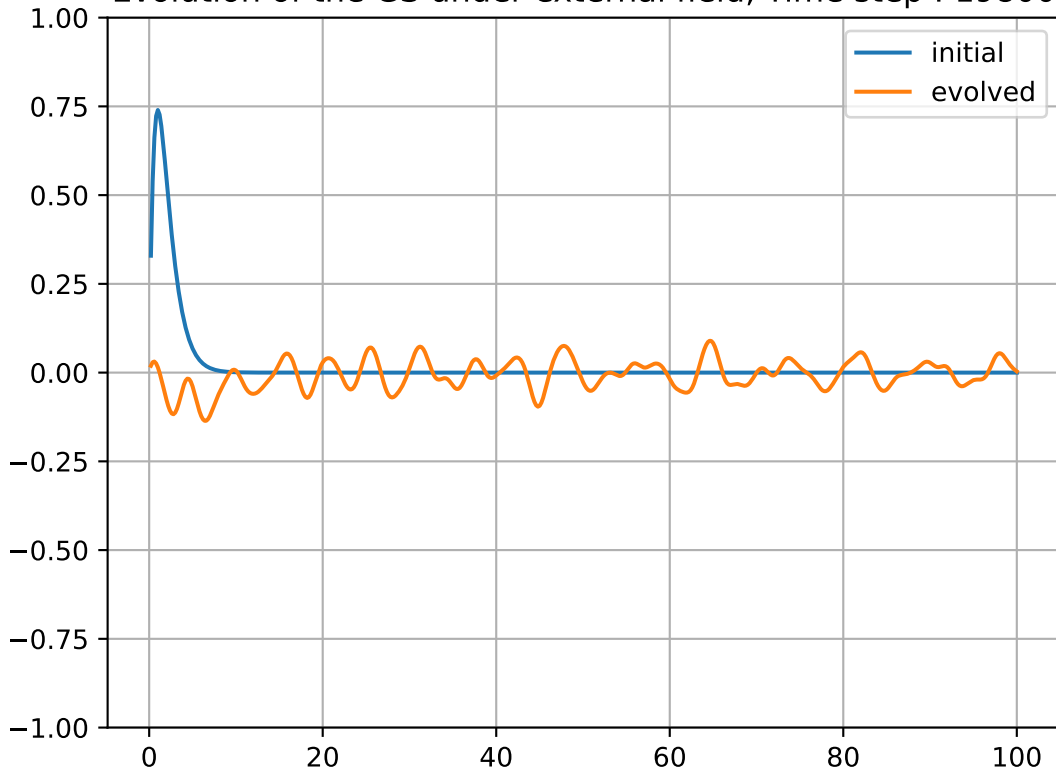

Evolution of the GS under external field, Time step : 19775

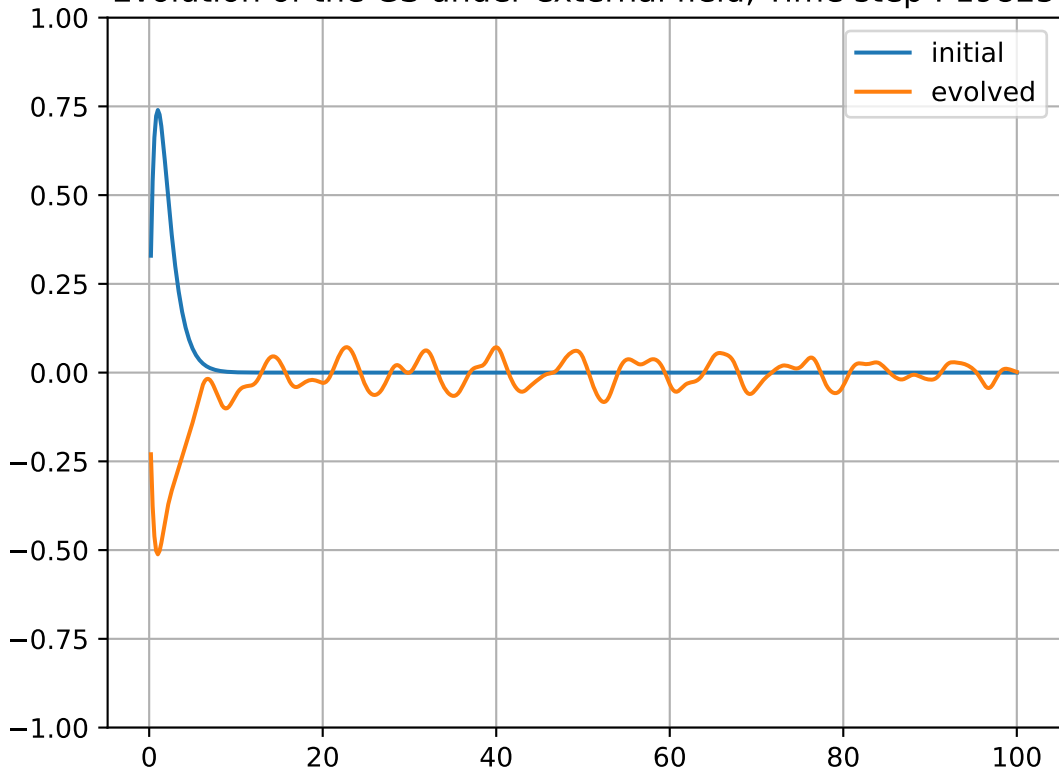

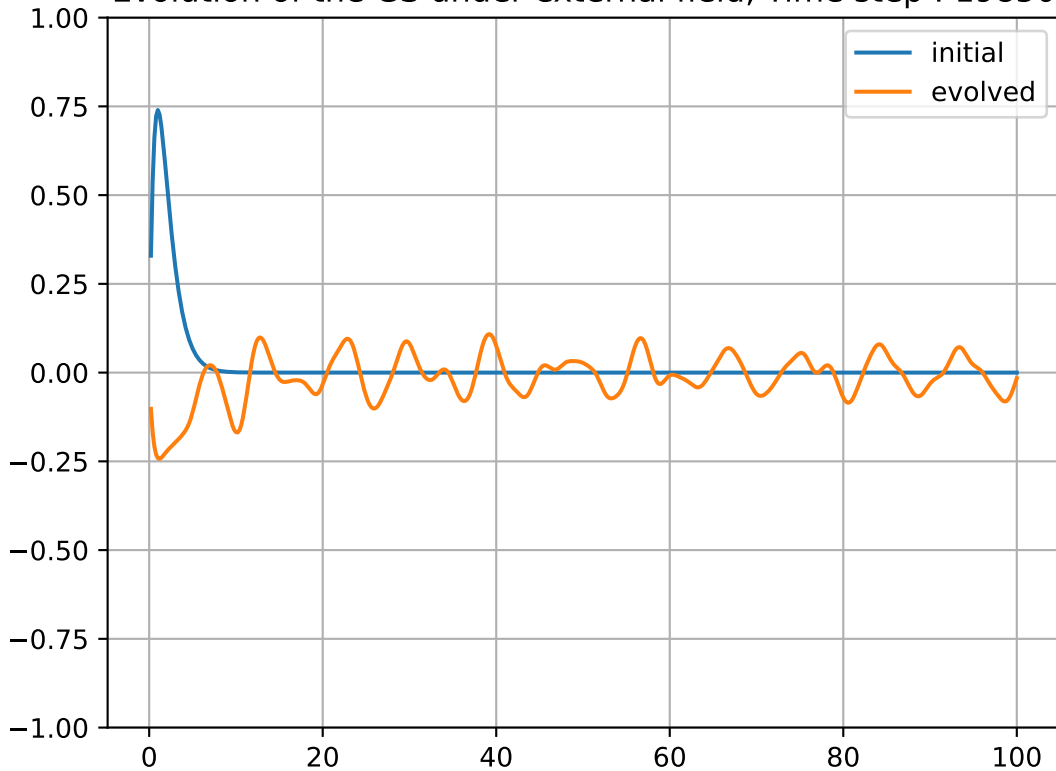

Evolution of the GS under external field, Time step : 19800

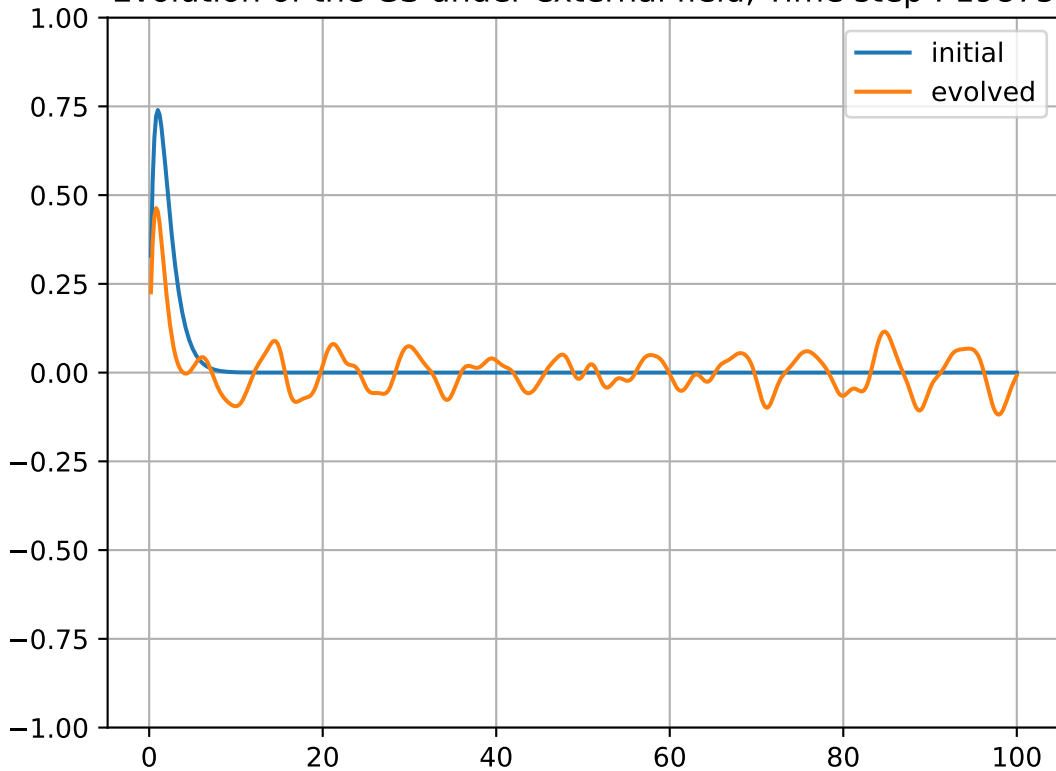

Evolution of the GS under external field, Time step : 19825

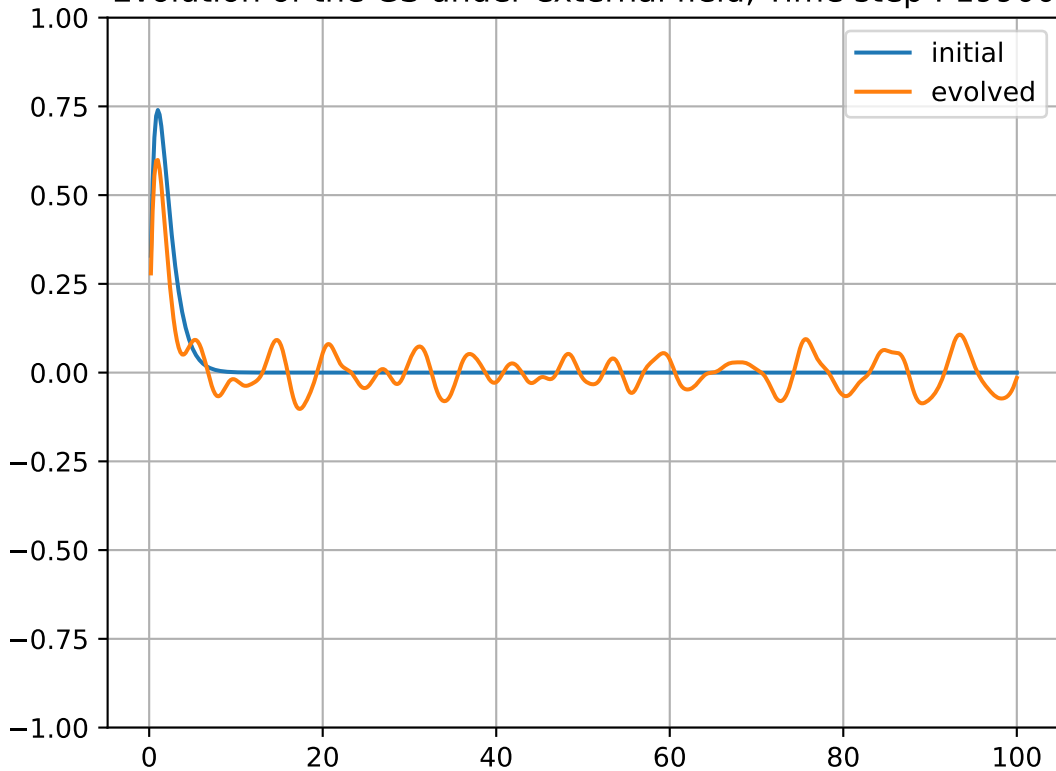

Evolution of the GS under external field, Time step : 19850

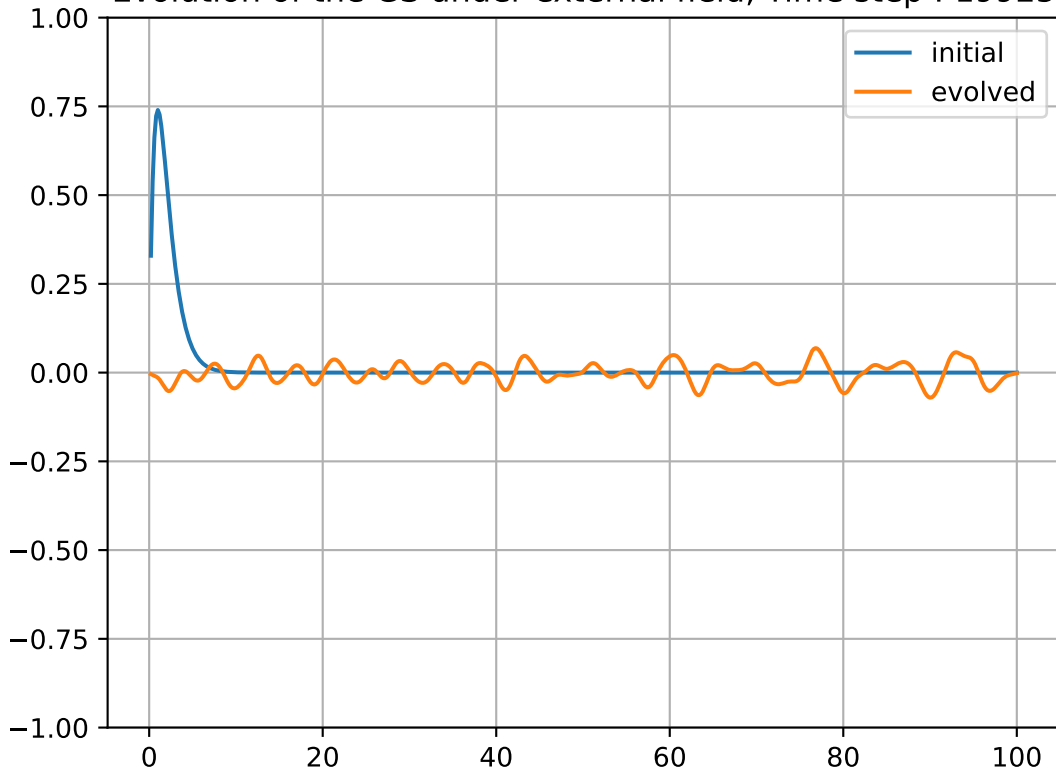

Evolution of the GS under external field, Time step : 19875

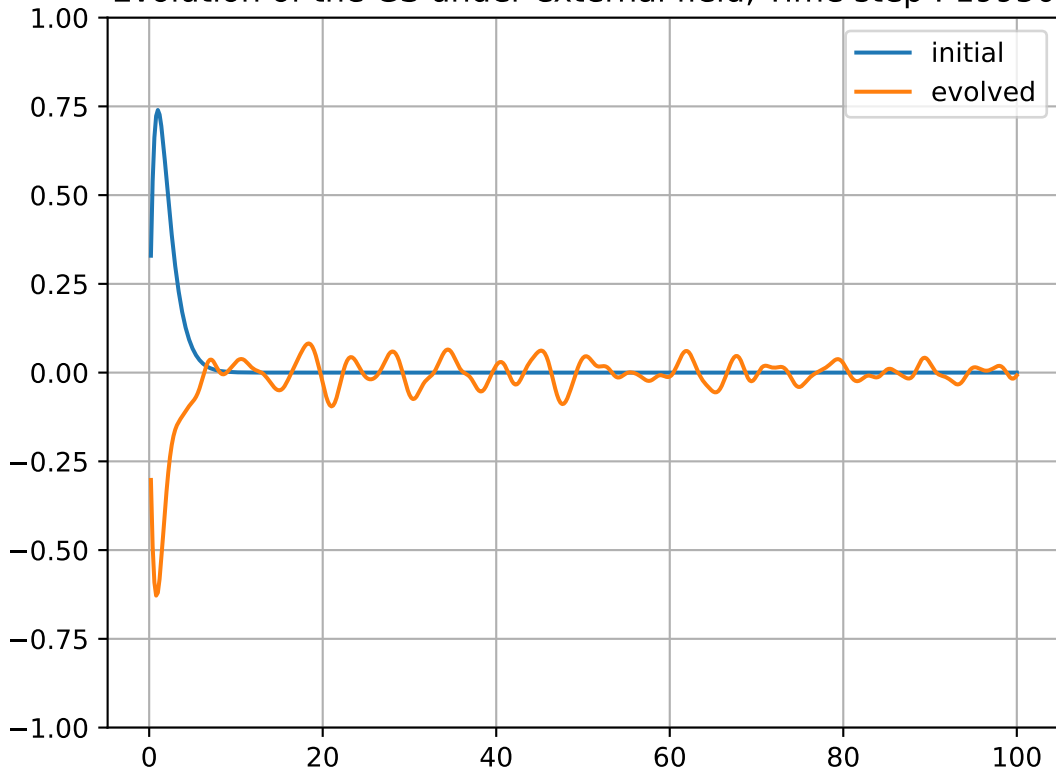

Evolution of the GS under external field, Time step : 19900

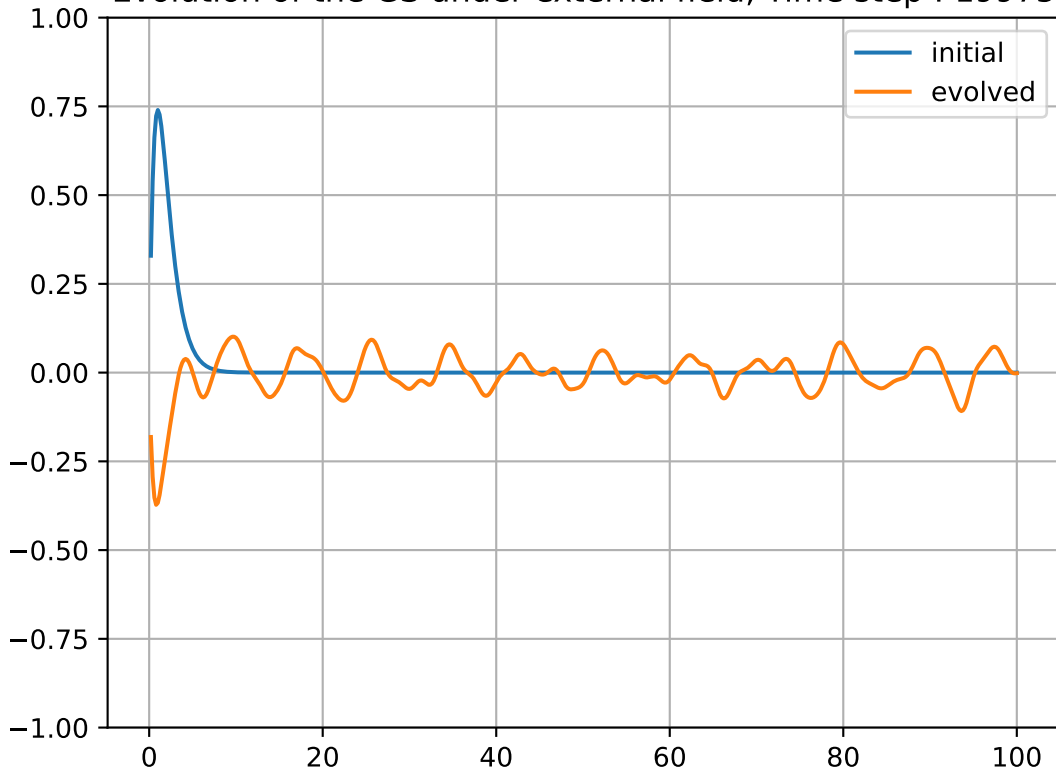

Evolution of the GS under external field, Time step : 19925

Evolution of the GS under external field, Time step : 19950

Evolution of the GS under external field, Time step : 19975

Evolution of the GS under external field, Time step : 20000
